## Tech Students Hosts In Annual Engineering Show

### EXHIBITS TO BE VISITED FOR TWO DAYS

FOUR THOUSAND MAY VIEW 2ND ANNUAL COLLEGE SHOW

Exhibits for the second annual engineering show will open this evening at 7 o'clock for the first section of visitors from the South Plains and Eastern New Mexico, and plans are made for an attendance of 4,000 before the curtain drops tomorrow night.

A force of 200 to 400 students under direction of Hayne Spencer, student manager, and Cary H. Lott, assistant manager, is working today in order to have every detail complete for the exhibition of the seven departments, which will be housed in the three engineering buildings.

High Haddock, Lubbock, student manager, and J. H. McDougall, department head, have announced that the civil engineering laboratories will offer much of interest to the general public. In this department, such demonstrations as compression tests of concrete, universal testing machine tests showing core drill, rate of tension tests on steel, on 200,000 pound tension tests on bridges, highway laboratory, impact machine tests on sand and cement exhibits of highway laboratory and equipment of highway laboratory and other exhibits and tests will be seen.

**To Offer Drawings**  
Miss Edna Houston, of Lubbock student manager, and F. A. Klein, department head, have announced that the architectural engineering department will have splendid free hand drawing classes in session during the show. Exhibitions of architectural designs, a Greek frieze, Sarcophagus and others will be found in this department.

W. E. Street, of Lubbock, student manager, will be in charge.

### LOWER RATES ON WATER UP

### CITY COMMISSION IS TO CONSIDER WATER PROBLEM

Following a session Thursday afternoon, the Lubbock City Commission will meet again tonight at 7 o'clock to consider the question of lowering water rates in this city. It was announced last night.

This meeting is a result of requests from civic clubs and citizens and marks the first step toward fulfillment of the platform of Mayor Jerry J. Clements, who presided for the first time since his election over the Commission yesterday.

**To Aid Beautification**  
The lower water rates are sought as a measure for beautification of homes and property.

Two Lubbock taxi cab companies were issued permits to operate in the city at yesterday's session after evidence of insurance of public property and passengers had been produced, in compliance with a recently created ordinance.

A resolution also was passed by the commission to send Fire Chief W. E. Twitty and one other man to the firemen's school to be held at Texas A. & M. college May 5 and 6.

### Lindsey Is Elected Director Of Bank

C. C. Lindsey, manager of the Lindsey Theater enterprises of this city, has been elected a director of the First National bank to succeed J. S. Johnson, 68, retired cattleman, who died here March 25, it was announced today.

### Agree On Duty

WASHINGTON, April 11 (AP)—The senate duty of seven cents a pound on long staple cotton, now 65 cents a pound, was agreed upon today by the congressional conference on the tariff bill.

### HUNGARIANS PREPARE FOR FLIGHT

A noted churchman and a famed aviator expect to link New York by air with another European capital—Budapest—in a trans-Atlantic flight planned for early in the summer. Pictured below, as they arrived at the Newark, N. J., airport after a hop from Buffalo are, left to right, Monsignor Elmer Eorogh and Sandor Magyar, crack Hungarian pilot, who are to make the sea flight, and Frances Prattinger, a Hungarian newspaper writer. Below is their cabin monoplane, "Justice for Hungary."

### SUCCESSFUL DAIRY SHOW ENDS WITH AUCTION SALE THURSDAY; TWO LOCAL MEN PURCHASE STOCK; PRICES GOOD

### NEWS BULLETINS

**Robber Electrocuted**  
MONTGOMERY, Ala., April 11 (AP)—Jack Jarvis, confessed slayer of a Citronelle, Ala. bank president who frustrated his plans for a robbery, was electrocuted at Kilby prison today.

Jarvis was executed for the slaying of Claude D. Hurt, president of the Citronelle bank on September 28, 1928.

**To Have Subways**  
CHICAGO, April 11 (AP)—Under a plan agreed upon yesterday, Chicago is at last to have subways, providing the people give their approval of the plan in a referendum planned for this summer.

**Bass Confesses**  
BENTONVILLE, Ark., April 11 (AP)—Sheriff Edgar Fields announced today that Dr. A. J. Bass of Columbia, Mo., had made an oral statement to him and other questioners confessing participation in a plot to collect \$250,000 insurance on the life of William Robert Pearson of Columbia, found slain near here two weeks ago.

**Select San Angelo**  
CORPUS CHRISTI, April 11 (AP)—San Angelo was chosen as the 1921 convention city of the West Texas Conference of the Woman's Missionary society of the Methodist church at the closing session of the annual meeting here last night.

Mrs. R. H. LeMaster was elected president.

**Referendum Asked**  
DALLAS, April 11 (AP)—The state democratic executive committee at its next meeting will decide whether a referendum on prohibition will be held in connection with the democratic primary election in July.

Albert Sidney Johnson, secretary, said today. Instructions to this end, he said, have been received from D. W. Wilcox, chairman.

**Probe Ordered**  
GREENVILLE, April 11 (AP)—The Hunt county grand jury was called by Judge Grover Sellers to reconvene today to investigate the shooting affray at Kingston, north of here, in which Pennington Mallow, 17, was slain and his father, A. B. Mallow, was wounded, J. H. Curtis, charged with murder in the shooting, was due to have an examining trial today.

# NINETEEN DIE IN BUS CRASH

## EIGHT ARE HURT; TRAIN STRIKES BUS

### PICKWICK STAGE IS HIT BY SANTA FE TRAIN IN NEW MEXICO

ISLETA, N. M., April 11.—Nineteen passengers of a greyhound bus were killed and eight were seriously injured when the bus was struck by a westbound Santa Fe mail train near here today.

There were twenty-seven passengers on the bus so far as officials were able to ascertain.

The accident occurred seven miles south of Albuquerque. The bus was eastbound and the train westbound, reports said.

**Ambulances Sent Out**  
Every available ambulance from surrounding towns was sent to the scene. Details of the accident were not immediately available.

The speeding train sidestepped the bus, causing its gasoline tank to explode and burning much of the wreckage. Bodies were hurled from the 200 feet along either side of the grade crossing and the right of way. Parts of the bus were carried along for a half mile, the engine traveling at such a speed that it was not brought to a stop for a mile and one half.

**Driver Killed**  
Part of the train was derailed, but none of its crew or passengers was injured. P. D. Williams, driver of the bus, was among those killed.

## Latin Tourney Is On In City

### ASKS HEART BALM

She's 53 years old and a grandmother—but Mrs. Adelaide Lean, below, wants \$250,000 for breach of promise from Charles F. Harman, 65, millionaire inventor. Suing him for that sum in New York, she charges he courted her, proposed to her, and then married another.

## MACHINE GUN BANDITS ROB BANK IN OHIO

### ONE MAN KILLED, TWO OTHERS HURT AS 7 SHOOT WAY OUT

FIQUA, Ohio, April 11.—Seven bank robbers armed with machine guns and repeating rifles killed one man and wounded two others in a running battle through city streets today after they had robbed the Citizens National Bank and Trust company of approximately \$10,000 in currency.

Henry Mathews, 40, married, proprietor of a delicatessen store, was wounded fatally, and Ray Alexander, manager of a loan company, was wounded seriously. An unidentified man was shot through the leg when the bandits turned on the Dixie highway.

While four of the robbers were looting the cages in the bank, an employee stepped on a burglar alarm and aroused the city. Alexander opened fire on the robbers as they left the bank. More than 100 rounds of shots were fired through the Loan company windows.

## MERCHANTS WILL USHER IN EASTER

Easter will be presented in Lubbock next week by an elaborate stage setting of attractive windows in which will appear all the beauty of the season's offering of merchandise.

All windows will be unveiled next Monday night at 8 o'clock, preceded by a band concert in the downtown square. The style showing will continue until Easter day, Sunday, April 20.

Definite arrangements for the program Monday night have not yet been completed, but one of the features will be a band parade.

All merchants are co-operating toward making this a community enterprise. Thousands of dollars worth of merchandise, hitherto undisplayed, will be placed in windows for public appraisal Monday night.

## Seagraves Elected

NEW YORK, April 11 (AP)—The new board of directors of the Freeport Texas company today elected O. R. Seagraves of New York to the chairmanship.

### STUDENTS FROM OVER WEST TEXAS HERE FOR CONTEST

Representatives of about twenty schools of the South Plains and Panhandle voted this morning to return to Lubbock for the 1931 district interscholastic league Latin tournament, following an invitation from the local Chamber of Commerce. Texas Tech is to be the host of the tournament in 1931.

The representatives met this morning at the Lubbock high school from 10:30 till 11:30 o'clock prior to the district Latin tournament for 1930 which opened this afternoon at 1 o'clock and which will be concluded at 4 o'clock.

**To Entertain Visitors**  
Lubbock High School Latin club will entertain the visitors with a tea from 4 till 6 o'clock, followed by a ride over the city and a visit through the textile engineering building at Texas Technological college.

Local delegates are Merle McMurry, Elva Mae Simmons, Agnes Chinn, Ruth Magee, William Luce, Arthur Gamel, Jesse Skelton, Zoie Odom, Mary Thomas, Rachel Campbell. Other delegates are as follows: Slaton, Geneva Condit, Myrtle Trane, C. E. Mitchell, DeLain, Manire, Lucile, Callihop, Merle Wilber, Wilson Iott, Helen Margaret Browning, Helen Levy Genevieve Rogers, Matador Jewel Odom, Winifred Estes, Forrest Campbell, Roberta Jameson, El Paso, Dorothy Peters, Margaret O'Neal, Winifred Penney, Donald.

(Turn to Page 5, Column 3, Please)

## PROBE MADE OF SHOOTING

### INVESTIGATION IS MADE INTO ROBBERY CASE AT FORT WORTH

FORT WORTH, April 11.—Fort Worth's most spectacular bank robbery attempt in several years, which resulted in the death of two negro hi-jackers and the serious injury of J. M. Fry, assistant cashier of the Polytechnic First State bank today was under investigation.

Fry, struck in the head by stray lead fragments yesterday when City Detective H. E. Weatherford and John Alsup, bank guard, engaged the robbers in a battle within the bank, was in a serious condition.

**Negroes Identified**  
One of the negroes was identified as Will Tate and the other as George Terrell, both of Fort Worth. One dropped dead a short distance.

## AMERICAN BUSINESS CLUB VOTES TO WAGE CAMPAIGN FOR ACTION TOWARD COMPLETION OF AIRPORT FOR CITY

Inaugurating a campaign looking toward the improvement of Lubbock's airport, \$75,000 in bonds which have been voted, the American Business club today noon unanimously voted to take the position in hand in an effort to get some action from the Lubbock city commission.

An airport committee was appointed by President Carl D. Brandt, composed of C. A. Sheffield, T. P. Bledsoe and Chas. C. Watson. This committee will meet within the next few days to consider ways and means of procedure. Discussion of the project centered around the suggestion of an editorial advanced

### EXTORTIONIST

Olga Edwards, below, actress snapped in court as her trial on a charge of extortion against Nathan L. Amster, traction millionaire, opened at New York City. Amster maintains that he kept Miss Edwards supplied with pin money over a period of ten years, but stopped when the market crashed last fall. She denies extortion, saying that he established a trust fund for her child.

## LOCAL COURT NOT TO ACT ON ROAD ROW

### MULLICAN RULES HE IS WITHOUT AUTHORITY IN DISPUTE

Judge Clark M. Mullican ruled yesterday afternoon in 99th district court that he had no jurisdiction over the suit of Mrs. W. G. Natrum et al, versus County Judge Robert H. Natrum et al, a case which involved the controversy over routing of Highway 53 between Lubbock and Idaho.

**Twenty Seek Action**  
Judge Bean, members of the Lubbock County Commissioners' court, members of the Texas highway department are named defendants in the suit, in which about 20 Lubbock county property owners are plaintiffs. The property owners along the route of the highway are seeking to:

**Still Unconscious**  
DENTON, April 11 (AP)—Mrs. J. L. Watson, Denton Teachers college student, injured in an automobile accident Wednesday in which Miss Augusta Capps, student at the same school, was injured fatally, remained unconscious here today.

(Turn to Page 5, Column 1, Please)

## DIRECTORS OF BODY VOTE TO AID IN WORK

### CITY TO BECOME CO-OP HEADQUARTERS FOR DISTRICT

BY AL HILL  
Avalanche-Journal Farm Editor  
Lubbock was assured the district headquarters office and a local branch office of the Texas Cotton Cooperative Association, when the board of directors of the chamber of commerce voted this morning to underwrite the \$27,500 guarantee asked by the cooperative.

Backing up the chamber of commerce are the signatures of more than 500 business men and farmers of Lubbock and other South Plains communities, who pledged their support to the project. Contract will be entered into with the cooperative and active work of securing members started immediately.

Lubbock is the first city in Texas and the first city in the cotton producing states of the nation to secure a district headquarters for any cotton cooperative since the creation of the American Cotton Cooperative Association by the Federal Farm Board last year.

Under terms of this contract, \$20,000 of the \$27,500 underwritten will be credited \$5 each for every one of 4,000 new members to be sought, and the \$7,500 expenses of a local branch will be credited \$2.50 for every member up to 1,500.

No funds are demanded and the chamber of commerce will have

## OIL LEASES SOLD IN LYNN

### OVER 10,000 ACRES GO UNDER CONTRACT FOR ATLANTIC

(Special to The Journal)  
TAHOKEA, April 11.—The Atlantic Oil and Producing Co. has leased over 10,000 acres of land in the immediate vicinity of Tahokea, O'Donnell and Three Lakes, paying \$25 cash per acre. No statement has been made as to when they intend to drill.

McCamey and Brandon's Edwards No. 1, also known as the Hart test, four miles west of Tahokea, is still shut down at 5,035 feet, but it is rumored that drilling will continue soon until the contract depth of 5,289 is reached. The well is located on the northwest quarter of Section 4, Block 2, L. & S. F. R. R. Co. survey.

The Midwest well, Section 33, Block E. E. L. R. R. Co. survey, twenty-five miles northwest of here and just over the line in Terry county, is reported to be down about 3,200 feet of their contract depth of 5,500. This drilling outfit is said to be the best ever used on the South Plains. All machinery and a steel derrick are new. Eight men are being used on each shift.

## Verdict Awaited

ABLENE, April 11 (AP)—Report of the jury in the case of King Reed former police chief of Midland charged last July, still was awaited today. The jury began deliberating early Wednesday, and last night appeared no nearer agreement. Holcombe was killed in a pistol duel on the streets of Midland.

## Henderson Resigns

McALLEN, April 11 (AP)—Robert Henderson, only candidate on the citizens-republican ticket seated in the November, 1928, Hidalgo county election, has sent his resignation as county commissioner to County Judge A. W. Cameron, he resigned today.

### MAJOR LEAGUE BASEBALL RECOVERED FROM WAR SLUMP, BARNARD DECLARES

BY PAUL MICKELSON  
Associated Press Sports Writer  
CHICAGO, April 11 (AP)—Major league baseball, slightly groggy since the world war depleted its ranks and interrupted its annual supply of young talent, has recovered from its shock and will boom louder than ever during the next five years, President Ernest Barnard said.

"I frankly admit that the class of major league baseball since the world war hasn't been equal to that played in the years between 1905 and 1918," President Barnard said, "but we have caught up now, and despite the attractions of golf links and football fields, sports lovers will again realize that baseball is the great national game."

**Minds Off Game**  
"So disastrous was the war and its after effects that major or minor league clubs had difficulty obtaining high class players at any price. The war took young men's minds off the game, and those with natural talent forgot about our great game, and we lost at least 100 finished players. But that's all past now. We are getting faster and better players; the game has been speeded up to its former class, and we are destined to have tighter pennant races from now on. Baseball will come into its own once more."

President Barnard is optimistic over the prospects of a tight flag race in the American league this year and expects the loop to draw over 5,000,000 spectators for the first time since 1925.

**Eight Finds Still Opposition In Play**  
PINEBURST, N. C., April 11 (AP)—George Voigt, New York, defending champion, who yesterday defeated Phillips Finlay, Redlands, Calif., 4 and 3, today found stern opposition in the 30th annual north and south amateur golf tournament.

Voigt was matched with C. Ross Tomerville, of London, Ont., co-rivalist and former Canadian amateur champion, for one of the

Brooklyn has built a new press box this year, with bullet-proof glass panels . . . which ought to cut down on the insurance rate for baseball writers, anyway.

**OLDEST RESIDENT DIES**  
TEXARKANA, April 11 (AP)—James W. Hughes, 94, said to be Texarkana's oldest resident, died today of injuries suffered several months ago when he stumbled over a rug.

Among the survivors was Joe P. Hughes, former county judge.

semi-final matches. In the other Eugene Homans, Englewood, N. J., flash clashed with J. T. Hunter, North Adams, Mass.

### REBEL GHANDI'S MARCH OF PROTEST

Through native villages and civilized towns, in torrid sunlight and drenching rain, doggedly marched India's "mighty little man," dauntless Mahatma Gandhi, in his latest demonstration of protest against British rule. You see him above (indicated by arrow) as, with head bowed, he trudged among his loyal followers on their "parade of freedom" from Ahmedabad to Jalalpur. This is the first picture to reach this country of the event which may have great significance in India's new campaign of passive resistance against Great Britain.

### Oxford-Cambridge Meet On Tomorrow

PUTNEY-ON-THAMES, England, April 11 (AP)—Oxford and Cambridge will begin their second century of rowing tomorrow when their eight oared crews meet for the eighty-second time in their classic 4 1/2 mile duel on the Thames from Putney to Mortlake.

The first race between the light blue and the dark blue took place in 1829. Since then they have rowed 81 races, each gaining 40 victories. The 1877 race was a dead heat.

### CAIRO, Egypt, April 11—The Egyptian government is asking for a credit of more than \$3,000,000 to fight the menace of locusts. The insect hordes imperiled the cotton

crop and the situation was considered grave.

The government has purchased 63 motorcars for patrol service and ordered mobilization of men to combat the insect army.

### BANDEEN TO TALK TO JUDGES' MEET

(Special To The Journal)  
TAHOKA, April 11.—D. A. Bandeen, manager of the West Texas Chamber of Commerce, will be one of the principal speakers at the West Texas County Judges and Commissioners convention to be held in Tahoka two days, Thursday and Friday, April 17 and 18. His subject will be "Equalization of Taxes."

Judge J. P. Marrs of Wichita Falls and W. R. Ely of Abilene, member of the state highway commission, have also been invited to appear on the program. Several other well-

known men will also appear on the program.

Plans for entertaining the visitors are in the charge locally of Secretary C. G. Williams and the chamber of commerce, County Judge G. C. Grider, and county Home Demonstration Agent Thelma Greenwade. Though local hotels will not be able to care for the visitors, estimated at from three to five hundred, provision is being made for caring for them in private homes.

BOMBAY, April 11 (P)—Serious rioting, unconnected, however, with the independence campaign of the Indian nationalists, broke out today at Mask, a city about 100 miles northeast of Bombay. The fight was between Caste Hindus and "untouchables" who are not allowed to enter the temples or participate in any Hindu religious ceremonies. More than a hundred suffered injuries.

During the recent annual census of homeless persons in London 41 men and 10 women were found one night in the crypt of the Church of St. Martin-in-the-Fields.

**Puzzle Fan**  
LONDON—Mrs. Henry I. Stimson is a cross-word puzzle fan. When she and the American secretary of state make week-end visits to their country home, their baggage contains data about the naval conference, a volume of puzzles and a dictionary.

### ASSESSMENTS NOT TAXES, COURT RULES

#### SUPREME COURT GIVES DECISION ON CASE IN WICHITA

(By The Associated Press)  
 AUSTIN, April 11.—Special assessments levied by cities against property for street improvements are not "taxes," within the meaning of the constitution, the Supreme Court held Wednesday in answering a certified question propounded by the Court of Civil Appeals in the case of City of Wichita Falls vs. L. M. Crunk Williams et al.

The court reasserted former decisions that such assessments could not hold as a lien against a homestead. In this case he did not pay it, the property was advertised for sheriff's sale. He obtained an injunction to stop the sale.

The court affirmed decisions of the Tarrant county district court and the Court of Civil Appeals giving judgment to the city of Fort Worth against the First Baptist Church of that city for taxes alleged due in 1925.

#### Calles, Almazan To Visit Northern Area

MEXICO CITY, April 11 (AP)—General Plutarco Elias Calles and General Juan Andres Almazan, secretary of communications, have accepted an invitation to visit Lower California next month.

Governor Tapia and members of the chamber, who came here with him on a business trip, visited General Calles at his ranch, Santa Barbara, and extended the invitation. They later invited General Almazan, who like General Calles, visited promptly.

#### Raymondville Ships 156 Cars Of Onions

RAYMONDVILLE, April 11 (AP)—One hundred and fifty-six cars of onions have been shipped from Raymondville this season. The harvest is now in full swing. Twenty more cars, representing northern and western products, were stationed here.

Onions expected by the United States market are valued at 775,000 boxes.

A regular daily attendance at the great London exhibition of all our plants was 1,000.

### LINCOLN MEMORIAL UNIVERSITY HAS STUDENTS' STRIKE; REINSTATEMENT OF FOUR PROFESSORS IS DEMANDED

(By Associated Press)  
 HARROGATE, Tenn., April 11.—Lincoln Memorial university, mountain boys and girls school financed by some of the nation's prominent business and other leaders, was confronted today by a strike of students who demanded reinstatement of four professors and reorganization of the university administration.

President H. U. Roop, now in a Battle Creek, Mich., sanitarium, resigned at a meeting of the trustees Sunday in Washington, D. C.

No Reason for Them  
 Judge J. H. S. Morrison, vice-president of the trustees board, said "a very small proportion" of the students participated in the strike and that none of the demands would be met "because there is no real reason for them." He said classes continued.

The student body president, Clay McCarroll, Knoxville, said nearly all

the students participated. He listed their demands as:  
 Discharge of Chancellor John Wesley Hill, Washington, in charge of funds and endowment "because he interferes with the faculty," investigation and reorganization "to make the school an accredited college," and renewal of the contracts of Professor Albert De Jonge of the Romance language department, Professor E. Van Diller psychology and philosophy, Miss Elizabeth Harris, English, and Mrs. Earl Smith, home economics.

"Their conduct was not satisfactory to the trustees and they will not be retained," Judge Morrison said. "Chancellor Hill certainly will not be discharged."  
 Proprietors of the famous Rand agricultural, show in South Africa expect this year's event to surpass all previous ones in size and diversity of products exhibited.

### STORY WANTS APPEALS BACK

#### CONVICTED ROBBER IS STILL SOUGHT BY OFFICERS

(By Associated Press)  
 AUSTIN, April 11.—Attorneys for Yancy Story, under five years sentence for robbery in Falls county and facing jail imprisonment of 100 days and a fine of \$200 in Denton county for turkey theft, filed motions in the Court of Criminal Appeals Wednesday, to reinstate appeals previously dismissed by the court.

Officers had sought Story since the appellate court issued its mandate in the Falls and Denton county cases, and he had not been apprehended.

Claims Agreement  
 Story claimed the appeals had been dismissed by the court under an agreement he had with Earl Street, county attorney of Denton

county, entered into January 27 last to the effect that charges against Story pending in Dallas, Bell, Collin, Denton and Tarrant counties would be dismissed if appeals in the appellate court were abated, the

sentences to run concurrently. Story alleged in his motion to reinstate the appeals that the dismissals had been made without his knowledge and consent, that he had instructed his attorneys not to use the agreement in getting the ap-

peals abated and that the motion was filed by the state against his will. He claimed he learned that County Attorney Street did not have authority to carry the agreement into effect.

Thieves in India are stealing and selling more than twice the amount of mica handled legitimately.  
 Canada's exports of automobile products in a recent month totaled \$1,402,855.

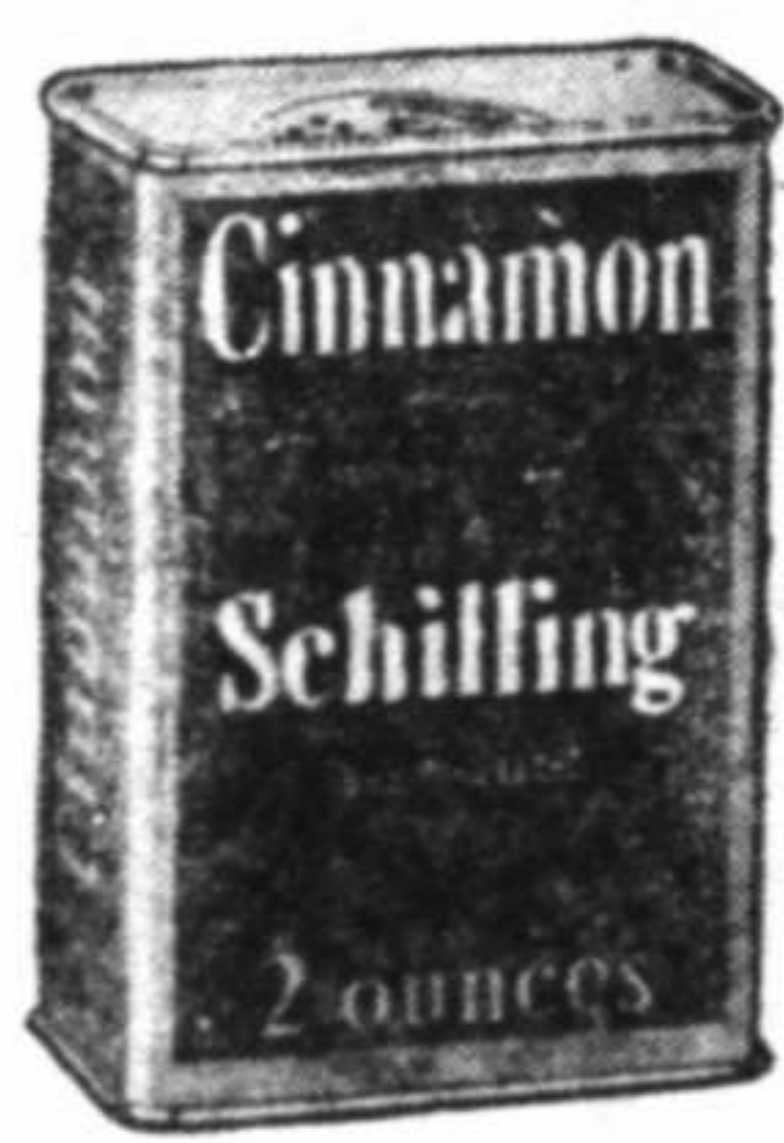

## FREE!

Saturday only at your grocer's  
 [but only as long as the supply lasts]

A regular 4-oz. jar of Schilling Prepared Mustard Sauce Free with your purchase of Schilling Coffee.

Schilling Prepared Mustard Sauce is not an ordinary prepared mustard. It is a new formula suitable for all kitchen and table uses, as called for in modern recipes.

A regular 2-oz. tin of Schilling Cinnamon Free with your purchase of Schilling Tea [Orange Pekoe or Japan].

Schilling Cinnamon is the standard of the world.

A regular 1-oz. bottle of Schilling Maple Free with your purchase of Schilling Baking Powder.

Enough to make a gallon of that delicious and famous Schilling Maple Syrup.

### Clever things you can do with

#### Prepared Mustard

Roast beef acquires a delicious flavor when coated with Schilling Prepared Mustard Sauce, before slipping it into a hot oven.

Spread slices of cold roast beef with Schilling Prepared Mustard Sauce, add a dash of Schilling Cayenne and Onion Salt. Brown in hot fat.

Schilling Prepared Mustard Sauce added to batter in which fish is dipped before frying, will greatly improve its flavor.

A thin layer of Schilling Prepared Mustard Sauce spread on an omelet before folding lends a most piquant touch.

Fish dishes put on a new dress when served with a sauce made by adding 1 tablespoon Schilling Prepared Mustard Sauce to 1 cup medium white sauce. This sauce is a delightful accompaniment for cauliflower, asparagus, and artichokes.

PEANUT SALAD DRESSING  
 Mix together:  
 2 teaspoons Schilling Prepared Mustard Sauce,  
 2 teaspoons peanut butter,  
 2 teaspoons sugar.  
 Add cream to make thin enough to pour over salad.

For savory sandwiches, blend equal parts of Schilling Prepared Mustard Sauce and butter, and spread on the bread. Meat, chicken and cheese sandwiches are ever so good this way!

#### Cinnamon

Artichokes may be baked in oil and water to which 1 teaspoon Schilling Ground Cinnamon has been added.

A sprinkle of Schilling Cinnamon over the top-of-meringue before baking gives an unusual touch to cream pies.

To vary hot chocolate, add a dash of Schilling Cinnamon to each cup. Or, if topped with whipped cream, shake the cinnamon over the cream.

Before placing muffins in the oven sprinkle the top with a mixture of 2 teaspoons of Schilling Ground Cinnamon and 4 teaspoons of sugar.

Did you ever serve cinnamon honey with waffles? Just honey blend with Schilling Cinnamon to taste.

A dash of Schilling Ground Cinnamon in cranberry sauce gives a new flavor.

Sprinkle Schilling Cinnamon on pan-fried apples.

And when you bake apples—Schilling Cinnamon dusted over each apple is a magic sprinkle.

#### Maple

To almost any plain sweet cookie dough add 1/2 teaspoon Schilling Maple Flavoring and finely chopped nuts.

When milk for the youngsters goes "a-begging," add 1/2 teaspoon Schilling Maple Flavoring to the glass.

For a sweet dessert, prunes may be baked slowly in Maple Syrup (made the Schilling way—see below). Serve with a fluff of whipped cream.

Home-made Maple Syrup is made by pouring one cup of boiling water over two cups of granulated sugar. Boil without stirring for two minutes. Remove from fire and add 1/2 teaspoonful of Schilling Maple Flavoring. A dash of salt improves the flavor. (This recipe makes one pint of delicious syrup at a cost of less than eight cents.) This easily made syrup has many uses besides the usual hot cake or waffle accompaniment. It may be used as a sauce for ice cream, pudding and cake, and for flavoring frosting and candies.

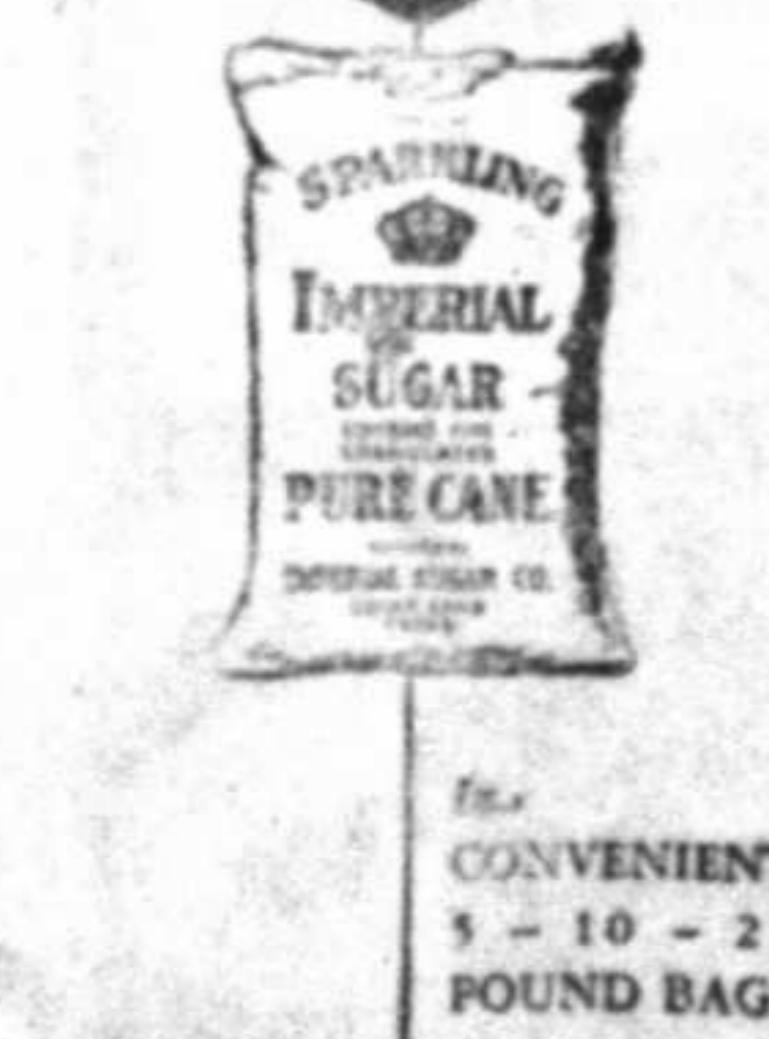

Malted milk is delicious flavored with a bit of Schilling Maple Flavoring and colored a rich brown with Schilling Caramel Coloring.

Tapoca cream is a long remembered delicacy when Schilling Maple Flavoring (1 teaspoon to a quart of milk), and cocoanut or sliced bananas are added.

A copy of the 80 page book "Flavor Secrets"

The latest thing in cookery. Thousands of new suggestions in the fine art of flavoring food

You have never seen anything quite like this book. Nothing of the sort has ever before been published. You will find it an adventure into a new realm of cookery which will delight you and those who gather around your board. It takes the monotony out of cooking. It shows how to dress up the "stand bys." You will keep it handy in the kitchen and refer to it frequently. In it you will find little tricks at your finger tips—unexpected touches that will give new zest to old favorites and add many new favorites to your kitchen reper-

toire. It will lead you into all manner of intriguing seasoning paths, the perfumed trail of spices and fragrant essences. This book has been three years in preparation. Its material has been gleaned from all over the world, and carefully tested in the kitchen. Everything in it is practical, and easy. You will find many complete recipes for new and interesting dishes. But the important part of the book is in the thousands of suggestions for adding new piquancy, new delights to your every-day recipes.

# M SYSTEM & Clarence Saunders

Courtesy, quality and service are the three words that best express the ideal each day practiced at M System stores. Those three words, plus the word economy, give you a definite idea of our policy of operation, and our goal. We practice economy ourselves, and endeavor to make it possible for you to do the same. Read carefully these values for Saturday.

# Lu Beta Delphians Meet To Conclude Study Of French Drama

## Mrs. R. S. Rodgers Is Chosen Delegate To Federated Club Meeting In Pampa

MRS. R. S. RODGERS, president of the Lu Beta Delphian chapter, has been elected delegate to the seventh district meeting, Texas Federation of Women's clubs, which will be held in Pampa April 23-25. She was chosen at a meeting of the chapter Thursday afternoon in room 214 of the administration building, Texas Technological college.

Mrs. Colvin Heuson was director of a program on "Athalia," which concluded a study of French drama.

Following a preliminary survey of the subject given by Mrs. Rodgers, Mrs. R. A. Mills discussed the introduction of the drama and Mrs. H. A. Welkner discussed the beginning of the action.

A general discussion was held as to Athalia's demand through Mattan, and Mrs. G. L. Tuve, told of Jehu's tale. The outcome of the play, told by Mrs. W. L. Stangel, was followed by a comparison of the play with a Greek tragedy by Mrs. J. W. Hanks.

Mrs. V. W. Aguel was elected as a new member, and old members present were Mesdames J. H. Hanks, N. S. McBride, W. L. Stangel, E. A. Holler, Robert Bean, J. E. Edwards, E. L. Powers, H. A. Welkner, J. W. Woodward, R. A. Mills, R. S. Rodgers, J. R. Weiss, D. N. Leaverton, G. L. Tuve, O. K. Peters, and Calvin Henson.

## Picnic Is Held By Groups Wednesday

Thirty-three young people of the First Christian church attended a picnic at Buffalo Springs Wednesday evening and had a delightful time. Members of the boys' class taught by W. H. Crunk entertained the girls' class taught by Mrs. Paul Barrier. Earl Walker was not for the occasion which was the culmination of a contest between the two classes.

Preparation of lunch over a camp fire was made by the chaperones, Mr. and Mrs. R. W. Walker, Mr. and Mrs. Walter Rogers, Mr. and Mrs. W. H. Crunk and Mrs. Paul Barrier.

Young people present were Louise Miner, Lefty Bettes, Lois Pitta, Beatrice Hendricks, Claudine Gambell, Johnnie Jo Whitley, Margaret Buckner, Mary Florence Knox, Rosemary Leaverton, Maurine Matthews, Winnell Ward, Maurine Vaughn, Dorcas Robertson, Mildred Peveto, Ruth Lee Sowell, Jean Shelley Jennings, Juanita Morrison, Charles F. O'Neill, Jr., Katie Lou Cook, Ward Garrison, Lorene Harrell, B. V. King, Jr., Betty Conlister, Carl McCarty, Frank Moore, James Breedlove, Waltrude Rogers, Valeria Wilson, Marjorie Drake, Priscilla Watson, Elaine Henry, Benton Trail, and Freda Pitt of Shalwater.

## Methodist Teachers Will Meet

Officers and teachers of the junior department of the First Methodist Sunday school are to meet this evening at 7:30 o'clock in the home of the department superintendent, Mrs. Ernest Nelson, 3006 21st street.

## Wesley Class Event Postponed

Postponement has been made of the silver tea which was to have been given by members of the Wesley class of the First Methodist church tomorrow. The function will be held Saturday, April 19, in the home of Mrs. W. O. Stevens, 1406 Avenue O, between the hours of three and six o'clock.

## MANY FINE WAYS TO EAT ALL-BRAN

All Relieve Constipation and Add Food Iron. There are literally scores of ways that Kellogg's ALL-BRAN can be eaten and enjoyed. Whatever way you eat it, ALL-BRAN is positively guaranteed to relieve both temporary and recurring constipation or your money will be refunded!

Many eat Kellogg's ALL-BRAN as a cereal. It is delicious with milk or cream. Another way is to use it in soups and salads. The practice of soaking it in fruit juice has grown very popular. Its addition to all cooked food is an appetizing and beneficial one.

When you eat Kellogg's ALL-BRAN regularly, you have the satisfaction of knowing that you are enjoying one of the most beautiful health foods on earth. It not only relieves constipation, but adds iron to the blood. In combination with milk or fruit juice, it brings important vitamins to the diet.

Every one should eat it to supply the body with the iron it needs. It helps prevent constipation and anemia.

Get a package of Kellogg's ALL-BRAN. Your grocer has it. Send for Kellogg in Little Rock.

Improved in Texture and Taste

## NEWS BRIEFS

Miss Anabel Stanfill, student of Abilene Christian college, and Mrs. L. H. Curry of Carbon are the guests of Mr. and Mrs. J. T. Stanfill, 1614 Avenue F, Mrs. Curry and Mrs. Stanfill are sisters.

Word has been received from Mrs. J. V. Conner, formerly of this city, who is now state supervisor for Epsilon Sigma Alpha, business women's sorority, in Kansas and Nebraska.

Mrs. A. L. Williams, formerly of Waxahatchie, has recently moved to Lubbock to reside and is at home at 2102 20th street. Mrs. Williams is Mrs. James H. Goodman's mother.

Misses Maxine Norris of Floydada, is the week-end guest of Misses Margaret and Elizabeth Conner, 2002 Avenue Q. Miss Norris is attending the Latin tournament at Lubbock high school today and had the leading role in a play that the Floydada girls gave this morning at the school auditorium.

Miss Martha Knight, Tech student living at 2415 13th street, is ill in the Lubbock sanitarium.

Mr. and Mrs. J. V. Morton, 3006 Avenue H, are the parents of a baby boy who was born Thursday, April 10, at a local sanitarium.

J. M. Sutherland of Petersburg is visiting here today.

M. A. Ceder of Chicago, Ill., is transacting business in Lubbock.

T. D. Atkins of Tatum, N. M., and H. C. Eldred of Snyder are business visitors to Lubbock.

## Business Women To Meet Tonight

A meeting of the Business and Professional Women's club will be held at the Hilton hotel this evening at 7:30 o'clock.

## Sorority Is To Give German Dance

The A. T. A. sorority will give a German dance at the Country club Saturday morning from 4 to 7 o'clock.

## Music Of Poland Will Comprise Program

The Lubbock Music club will meet Saturday afternoon with Miss Mary Dunn, 1807 9th street. An ensemble program composed of music of Poland will be given.

GAINESVILLE, April 11 (P)—Loss estimated at \$40,000 was caused by a fire of undetermined origin here Thursday which destroyed a corrugated iron building covering half a block on Market Square and occupied by the John Kemplin Feed Store and Mill, the Gainesville Chicken Hatchery, the Miller and Ballard produce shop, a veterinary and a blacksmith shop.

Venezuela will shortly have an internal and foreign air mail service which eventually will be extended to French Guiana, Natal, Brazil and Haiti.

Annual quarrying of jade is being started in Burma.

## Final Plans Made For Endeavor Meet Which Will Open Here This Afternoon

WITH THE rehearsing of songs and stunts Thursday evening at the First Christian church, representatives from the various Christian Endeavors of the city completed plans for the Panhandle district Christian Endeavor convention which will open here this afternoon. Arrangements have been made to entertain 300 delegates.

Those attending the meeting were Dimple Ford, Frances Barks, Eleanor Ragle, Marguerite Henson, Ouida Davis, Mary Leidigh, Catherine Robison, Katherine Leidigh, John Wherry, Mrs. Raymond George, Benton Teal, W. B. Jackson, John Kershner, H. C. Garrard, Paul Squires, Merlyn McGuire, Mrs. Lyster Armstrong, Mrs. E. L. Selhaver, J. E. Couch, Eleanor Nelson, Robert King, Lillian Nelson, Joeline Vannoy, Christava Sawyer, Mr. and Mrs. T. W. Waddill, Ruth Read, and E. B. Fincher.

## 100 Attend Dancing Club Event

One hundred persons attended a program dance given at Hotel Lubbock Thursday evening when seven couples joined in entertaining the Lubbock Dancing club.

Pastel shades were prettily combined in decorations and clusters of lilacs added a note of floral charm.

Dancing was enjoyed from 9 to 12 o'clock and punch was served throughout the evening from a table covered with a cloth in the chosen tints and lighted with four tapers.

Hosts and hostesses were Mesdames and Mesdames Paul Crouch, George Field, Lewis Price, Wylie Dallas, Byron Dickinson, J. Veiton Spikes, and Dr. and Mrs. R. T. Canon.

## City Beautification Contest Is Started

TAHOCA, April 11 (Special)—City beautification is to be urged through a campaign inaugurated by the Phebe K. Warner club, local women's study and civic organization. The club is sponsoring a movement to plant more red verbenas, larkspur and phlox and the adoption of these flowers by the county.

Rev. H. A. Shaw, pastor of the First Christian church of Memphis, will direct the music of the convention.

Miss Bertha Lea Wood of Amarillo, president of the Panhandle District Union is in charge of the program. F. W. Groce, Lubbock, is the general chairman of the convention committee and will deliver the welcome address Friday evening.

A fellowship banquet on Saturday evening at the First Presbyterian church will be one of the features of the convention. Dean J. M. Gordon, Lubbock, will be the toastmaster. A program of songs and stunts will be given.

Delegates are expected from the following towns: Dalhart, Pampa, Borger, Panhandle, Canadian, Perryton, Canyon, Hereford, Priona, Bovina, Tulla, Plainview, Memphis, Childress, Floydada, Crosbyton, Slaton, Brownfield, Olton, Littlefield, Ralls, Petersburg, and others.

## Reader's Group To Meet On Saturday

The Reader's Group of the Association of University Women is to meet Saturday evening, at 7:30 o'clock at the home of Mrs. R. S. Rodgers, 2109 17th street. Mrs. E. L. Reed will be joint hostess.

Book reports are to be made by Mesdames W. P. Clement, A. H. Leidigh and G. L. Tuve.

for yard beautification. It also seeks to have flowers planted around the court house, city hall, and in the city park, and will sponsor a flower exchange day.

More trees, shrubs, rose bushes and flowers are being set out this year in Tahoka than in several years due partly to the encouragement given by the local chamber of commerce in furnishing citizens with shade trees at wholesale cost.

James Phillips, 80, and his two sisters, 70 and 71, were passengers recently from Liverpool to Boston on their way to visit relatives in Manitoba.

# Famous College Songs

"The days may come, the da-ays may go—"

## Kuppenheimer COLLEGE CLOTHES in tune with college life

The days may come, the days may go, but it will be a long, long time before you'll see finer fabrics and more attractive colorings than shown in our new exhibit of college clothes, by Kuppenheimer.

Introducing this season—the "Curvette" shoulder, a new and exclusive feature that gives the new broad-shouldered effect without being bulky. A special showing at

—the house of Kuppenheimer College Clothes.

# Elastic! Like your body

## Pajamas

Should you ever become irritated by an unyielding pajama-cord around your middle, try a suit of these elastic-back pajamas by Coopers. Here is elasticity that doesn't get lost in the laundry. It is adequate to hold up your pajama trousers, yet never causes you to feel conscious of pressure. This is a real comfort feature you'll appreciate. As for style—Oh boy!—see the variety of models, designs and colors we are showing. Prices

\$2.50 to \$5.00

## April is CARTER HOUSTON Month

"The Daylight Corner"

## Final Rehearsal Will Be Tonight

Final rehearsal of "The Messiah" will be held this evening at 7:45 o'clock in the auditorium of the First Baptist church.

The oratorio will be presented Sunday afternoon at 3 o'clock in the Baptist auditorium under the direction of Mrs. Carl Scoggin.

## Writer Of Note To Be Guest Reader

Mary Miller Beard, who recently won first prize in the Pen Women's contest above 6,000 entries with her poem "Singing Through," will be guest reader at the seated tea to be given at the First Methodist church Saturday afternoon by members of the Delta Delphian chapter. Besides being a writer of note, Miss Beard is well known as a dramatic reader, impersonator and teacher of expression. She maintains a studio in Amarillo.

Additional entertainments will be given by Mrs. David S. Martin, pianist, and Mrs. Ed O'Sullivan, vocalist.

All active members will make up the house party, and about 200 persons are expected to attend.

The entertaining committee is composed of Mesdames C. E. Madden, H. W. Richardson, and R. I. Tubbs, while Mrs. W. S. McDonald is chairman of the program committee and Mrs. C. A. Burrus is chairman of the refreshments committee. Each member of the chapter is inviting six guests.

If you see the Arab, it's Hills Bros. Coffee, which is roasted a few pounds at a time. This accurate, continuous process—Controlled Roasting—creates a flavor no other coffee has. Every berry is roasted evenly—to a perfection no bulk-roasting process can equal. Fresh from the original vacuum pack. Easily opened with the key. HILLS BROS COFFEE

## A new reason for eating STAR HAM

Armour's "double-f" process produces FIXED\* FLAVOR... a new and finer taste

WHENEVER we spoke of improving Armour's Star Ham, friends said: "Let it alone. It's wonderful as it is." But, nevertheless, we experimented and developed the marvelous new "double-f" process. "Double-f" means Fixed\* Flavor, as changeless as the fixed stars. We have learned positively to control certain factors affecting the cure and the smoke. We have placed the smoking under thermostatic guard—no variation is possible.

This new vigilance gives each plump Star Ham the same woods-like fragrance of smouldering hickory. The Fixed\* Flavor never varies, whether in one thin slice or a whole ham. There's a finer texture to Star Ham, now... a more ravishing urge to bite into it... to have a second or perhaps a third helping.

Buy a whole Star Ham for economy. Be sure to say "Star" to your dealer. Armour and Company, Chicago.

## ARMOUR'S STAR HAM with the Fixed\* Flavor

They like the Armour Radio Program—so will you. "Armour took the honors among the chain programs last night."—Columbus (Ohio) Dispatch. "The best offering of the night was the Armour Ham from the Chicago studio of the National Broadcasting Company."—Chicago American. TUNE IN ON THE ARMOUR HOUR FRIDAY NIGHT FROM 5:30 TILL 9.

ANSWER MADE IN CHURCH AFFAIR

Denying that he had sold the entire mission, as was stated by others Thursday, Rev. R. M. Walker, former pastor of the Pentecostal church, 410 Avenue D, said today that he has no affiliation whatever with those who meet in the Pentecostal building, which was damaged by fire early yesterday morning.

HIGHWAY 53 ROW

enjoin the highway department from changing designation of Highway 53 from a route along the Santa Fe railway to a route out East Broadway.

Mr. Blair filed a plea to the jurisdiction of the court that the district court does not have jurisdiction insofar as members of the State highway department are concerned for the reason that the suit was, in effect, a suit against such members in their official capacities, and was therefore, a suit against an agency of the State.

NEW YORK HEIRESS

the woman's people knew of the wedding, she had money, although less than she expected, and they would go to Toronto, where her husband hoped to get a job in the engineering business.

COTTON CO-OP

more than 16 months time in which to secure the 4,000 members, or until August 31, 1931. If, at the end of that time there will not have been 4,000 members secured the chamber of commerce will be liable only for the difference between those signed up and the 4,000 goal.

Offered By Moser. On Monday, March 31, when C. O. Moser, of Dallas, vice president and secretary of the American Cotton Cooperative Association, was in Lubbock, the chamber of commerce was offered the district and branch offices of the Texas Cotton Cooperative Association. Following that offer the directors of the chamber of commerce decided to make a survey of this area in order to determine the sentiment existing among farmers and business men for the proposition.

Petitions Presented. Ten out of 12 petitions, which had been passed about in town since the Wednesday meeting, were before the

WANTED Another million families to eat Moore's Red Barrel Syrup. Packed in four different size cans. Get a can from your groceryman today. TEXAS SYRUP CO. FORT WORTH, TEXAS

directors this morning. These 10 petitions bore 483 names, with the two petitions out insuring more than 500 signers in all.

Covers Service. Operation of the cooperative offers to cotton growers a complete marketing service from the field to the textile mills of the world.

May Be Concentration. For this district, in the future, there remains the possibility of having a separate unit of the American association created with Lubbock as the headquarters and concentration point.

Latin Tourney. The American Cotton Cooperative Association will act as sales agency for all cotton cooperatives in the United States.

DAIRY SHOW. In this district there are now 7,000 members of the Texas Farm Bureau Cotton association, with more than 700,000 bales of cotton produced during the past season.

# FANS PROTEST RADIO BROADCAST BAN

## AMARILLO HOST TO TRACK STARS

### THOUSANDS STAY AWAY FROM OPENER

### STEEERS WIN DESPITE SHORT CROWD; SPUDS CONTINUE WINS

BY GAYLE TALBOT, JR. Associated Press Sports Writer

If the powers that be in the Texas league really were anxious to get the public reaction to the radio broadcast ban, they seem to have been accommodated in a hurry—at least by one part of their public.

The champion Dallas Steers had their official home warming yesterday before 9,100 paid admissions, the smallest crowd ever to witness an opening game in the North Texas metropolis and some 6,000 less than saw the 1929 curtain-raiser. This notwithstanding the fact the Steers were entertaining their traditional enemies, the Fort Worth Cats.

**Fans Protest Embargo**

Failure of the Steers fans to display the proper enthusiasm practically clinched the opening day attendance prize for Fort Worth, where over 16,000 turned out the previous afternoon. Houston is the only city conceded a chance of matching the figure. Thousands of Dallas fans have in recent weeks declared they would not attend a game until the league lifted the broadcast embargo.

There was something strangely familiar about the league standing today, with the Steers and Wichita Falls Spudders occupying the top right where they left off last year. Dallas was there by virtue of its second straight over the Cats, 5 to 1; Wichita by its second over Shreveport, 13 to 8. They were sharing the pinnacle, however, with a rank outsider, the Beaumont Exporters, who took another from Del Pratt's Waco Cubs, 6 to 3.

**George Antonio Injures Leg**

George Antonio Injures leg in an even break in their opening home series with Houston by grabbing a close decision, 8 to 7. They had a close scrape when the Buffs, trailing 8 to 4, jumped on Jim Chanin for three runs and chased him in the ninth. The clubs hop to Houston for a three-game series starting today.

The second day's outstanding individual performance was chalked up by young Philip Henick, a non-league right-hander, who limited the Cats to four bingles and one run. It unearned. On the previous day had gone in to stop the Panthers in the ninth frame after Dr. Danforth had gotten himself in a peck of trouble.

For a club generally picked to beat the field, the Cats have been thoroughly unimpressive so far. Ferdie Schupp and Jimmy Walkup, regarded as their two best bets, have been sent to the showers on successive days.

**Reception Received by Shreveport**

The reception received by the Shreveport nine at Wichita Falls doubtless has proved a shock to Manager Art Phelan, as well as to a number of the league's best forecasters. The Spuds are a new outfit, but they apparently have contracted the old Spudder habit of changing the ball. They knocked old Wilbur Cooper, ace of the Sport staff, right off the field with a seven-run outburst in the second inning yesterday and treated his two successors almost equally as rough.

Having disposed of two of Waco's leading choppers, Harris and Thurman, the Beaumont hopefuls were in the Cubs' home park today to continue hostilities. Del Pratt was expected to send Lefty Stein to the hill in an effort to halt the Shoppers.

**Date Changed For A. U. Field Meet**

NEW YORK, April 11 (AP)—The National Amateur Athletic union track and field championships probably will be held in Pittsburgh next August instead of in July according to Dan Ferris, secretary-treasurer, in scheduling of an international meet with a British team late in August made it advisable to have the title meet at a later date so there would be no letdown for the athletes. The Pacific coast association have objected to the change, but finally have accepted it, Ferris said.

**Athlete Drops Dead In Boxing Match**

EVERETT, Wash., April 11 (AP)—Dave Norway, Everett high school athlete, died here last night when he started to answer the bell in the third round of an amateur boxing bout with Jack Williams, another student. Investigators said Norway apparently suffered a heart attack.

**West Returns To Home; Not To Play**

DALLAS, April 11 (AP)—Claiming that Jersey City is the world's worst place to play baseball, Max West, outfielder sold by the Brooklyn Robins, returned to his home in Dallas today with the word he would not report to his new owners in the International League.

**West Returns To Home; Not To Play**

West was sold to the Dodgers two years ago by Waco of the Texas league for \$15,000. Last year he was farmed to Newark of the International League. He said he would quit baseball before he would join Jersey City.

### LOPEZ IS FINE; ROETTGER GOES TO GIANTS; MAHAFFEY 'GOOD'; RAJAH TO RETURN; GRIMES WANTED; WES IS O. K.

(By Associated Press)

NEW YORK, April 11.—In Alfonso Lopez, Spanish catcher from Tampa, Fla., the Brooklyn Robins seem to have a real find. Lopez displayed his wares to Brooklyn fans for the first time yesterday as the Robins beat the Boston Red Sox. And all he did was get a timely single, follow it with heady base running that took him to second, score one of Brooklyn's three runs and nip two attempted steals of second with fine throws.

Mike Gonzales, veteran Cuban catcher, is going to Chicago to play baseball—but not for the Sox. Gonzales, released by the Chicago Nationals last winter because of a weak arm, wants to vindicate himself and prove his arm is as strong as ever. He expects to catch on with a semi-pro team in Chicago for the summer.

Roettger Is Needed

The New York Giants may find a job without any delay for Walter Roettger, outfielder they got from the Cardinals yesterday. They were so short on players for yesterday's game at Fort Wayne that they had to draft a pair of coaches, Irish Meusel and Dave Bancroft, for active service. Meusel played left field after Andy Reese. Bancroft substituted himself for Travis Jackson at shortstop.

At last Babe Ruth really has knocked a baseball clear out of sight, but he didn't get a home run when he did it. The Babe drove one off the top of Lookout Mountain at Chattanooga yesterday, and no one saw how far it went. In the game against the Chattanooga Southern association team, the best the Babe could do on his lame leg was to get one triple.

Mahaffey 'Pretty Good'

Manager Connie Mack of the Philadelphia Athletics is convinced he has a "pretty good" pitcher in Lee Roy Mahaffey, right hander obtained from the Portland (Ore.) club.

Pitching against the Phillies yesterday, Mahaffey was the first Athletics hurler to go the regulation distance of nine innings, and he performed to the entire satisfaction of Mack, shutting out the hard-hitting National league with scattered hits.

**Pirates Get Go Back**

There is no question but that the Pirates will return to Paso Robles, Calif., next spring to train. While the team was in Mobile, Ala., yesterday, business men of the town invited the Pittsburghers to come to their city next year. Sam Dryfus, vice president of the club, thanked the Mobile folks for their invitation, but said it had been decided to return to the Almond City.

Rogers Hornsby has advised the Cubs he will report again for duty tomorrow. The soreness in his heel and right ankle has disappeared, and the "Rajah," who has been loafing on his farm near St. Louis, is eager to get back into harness.

Breadon Wants Grimes

President Sam Breadon wants Burrell Grimes as a member of the St. Louis Cardinals pitching staff and said so in no uncertain terms. "I don't know whether I can get Grimes, but I'm going after him."

With regulars for two positions still undecided, Manager Bill Killefer and his St. Louis Browns stopped at Springfield today for the final exhibition game before the annual spring series in St. Louis.

The Cincinnati Reds were back on their home lot today with nothing more than a practice session scheduled. Marvin Gudat, pitcher, secured by draft from Dayton in 1928, will be sent to Peoria, Red farm, on option.

Wes Ferrell has demonstrated to the satisfaction of the Cleveland Indians that he is ready to continue the hurling which made him one of the league's outstanding recruits last year. Ferrell had only one bad inning against the Birmingham Barons yesterday, allowing them five hits and as many runs in the fourth, and went the route for the first time this year.

**Mrs. Armstrong To Meet Miss Morgan**

EL PASO, April 11 (AP)—Mrs. O. R. Armstrong, El Paso country club champion, today was matched to play Miss Mary Morgan in the semifinals of the Women's Southwestern Golf Championship tournament. Mrs. C. H. Studley, Phoenix, Ariz., was pitted against Mrs. L. Skov, of Boston.

Yesterday Mrs. Armstrong set a new course record, shooting 76 to defeat Mrs. Frank Hedlock of El Paso, 3 and 2 and lowering her own previous mark of 79. Mrs. J. M. Williams of Phoenix, Ariz., was eliminated by Mrs. Skov, 2 in the upset of the tournament.

**Helen Wills Moody Off For Tourneys**

SAN FRANCISCO, April 11 (AP)—Mrs. Helen Wills Moody, world's tennis champion, today was on her way to New York on her annual invasion of eastern and European courts.

The noted racket star departed last night in order to attend an exhibit of her drawings in New York City. She will defend her French and all-English titles, and will return to America to seek the national championship again.

Mrs. Moody was not accompanied by her husband, Frederick Moody, jr., as he was detained here on business.

**NORTHWEST TURNS TO ROWING EVENT**

SEATTLE, Wash., April 11 (AP)—The eyes of the rowing world were turned today toward Lake Washington, at the northern edge of Seattle, where crews of the universities of California and Washington were to battle for Pacific Coast supremacy for the twenty-second time.

Nearly 100,000 persons, the greatest crowd ever to witness an athletic event in the Pacific northwest, was expected to watch one of the most dramatic spectacles in the west.

Clear skies and fair winds were forecast.

**MANDELL MUST BATTLE KING TUT**

CHICAGO, April 11 (AP)—Sammy Mandell today was given his choice between making his lightweight title against the roundhouse punches of King Tut, Minneapolis fighter, or undergoing his good standing with the National boxing association.

The Illinois State Athletic Commission last night ordered Mandell to sign for a championship match with Tut within 30 days or it would require the N. B. A. to declare his championship vacant.

Tut has posted a forfeit of \$2,500 along with his challenge at the Illinois State Commission's office.

**Athens To Fete National Champs**

ATHENS, April 11 (AP)—Basketball officials, newspapermen and sportsmen from over the state were here today to assist Athens in welcoming home its Hornets, two-time national high school champions.

Members of the Hornet team, the Sunoco Oilers of Dallas, three-time national girls' A. A. U. champs, and the Terrill school Tigers of Dallas, were invited, to be honor guests at a banquet at the Hotel Hamilton. Coach Jimmy Kitts and his backers, making their way home by automobile, were expected to arrive about 6 p. m.

**SPIT is a horrid word, but it is worse on the end of your cigar**

... the war against Spitting is a crusade of decency ... join it. Smoke CERTIFIED CREMO!

Do you remember the old, filthy cigar shop where the man in the window rolled the leaves with dirty fingers ... and spit on the ends? More than half of all cigars made in this country are still made by hand, and therefore subject to the risk of spit! The modern CREMO METHOD of manufacture protects you against this abomination — gives you the finest cigar quality plus the cleanliness of certified food!

# WILBUR'S OIL RULINGS ARE DISAPPROVED

## COURT SAYS NEITHER HE NOR HOOVER HAS POWER

(By Associated Press)  
 WASHINGTON, April 11—Secretary Wilbur's methods in carrying out President Hoover's oil conservation policies were disapproved today by the District of Columbia Supreme Court.

Likelihood that government lands closed to drilling for gas and oil by the secretary of interior, would again be open to prospectors, resulted from Justice Jennings Bailey's order directing Wilbur to reinstate two applications to search for oil and gas.

Neither Have Power  
 Justice Bailey, in granting a mandamus against the interior secretary, held, in effect, that neither the president nor the cabinet officer had power to close entirely public lands to permits to drill for oil and gas.

One case was brought by Richard

D. Vedder of California, and the other by Roy C. Barton, of New Mexico.

The government noted an appeal of the orders and the supreme court may pass upon the question before it is finally settled.

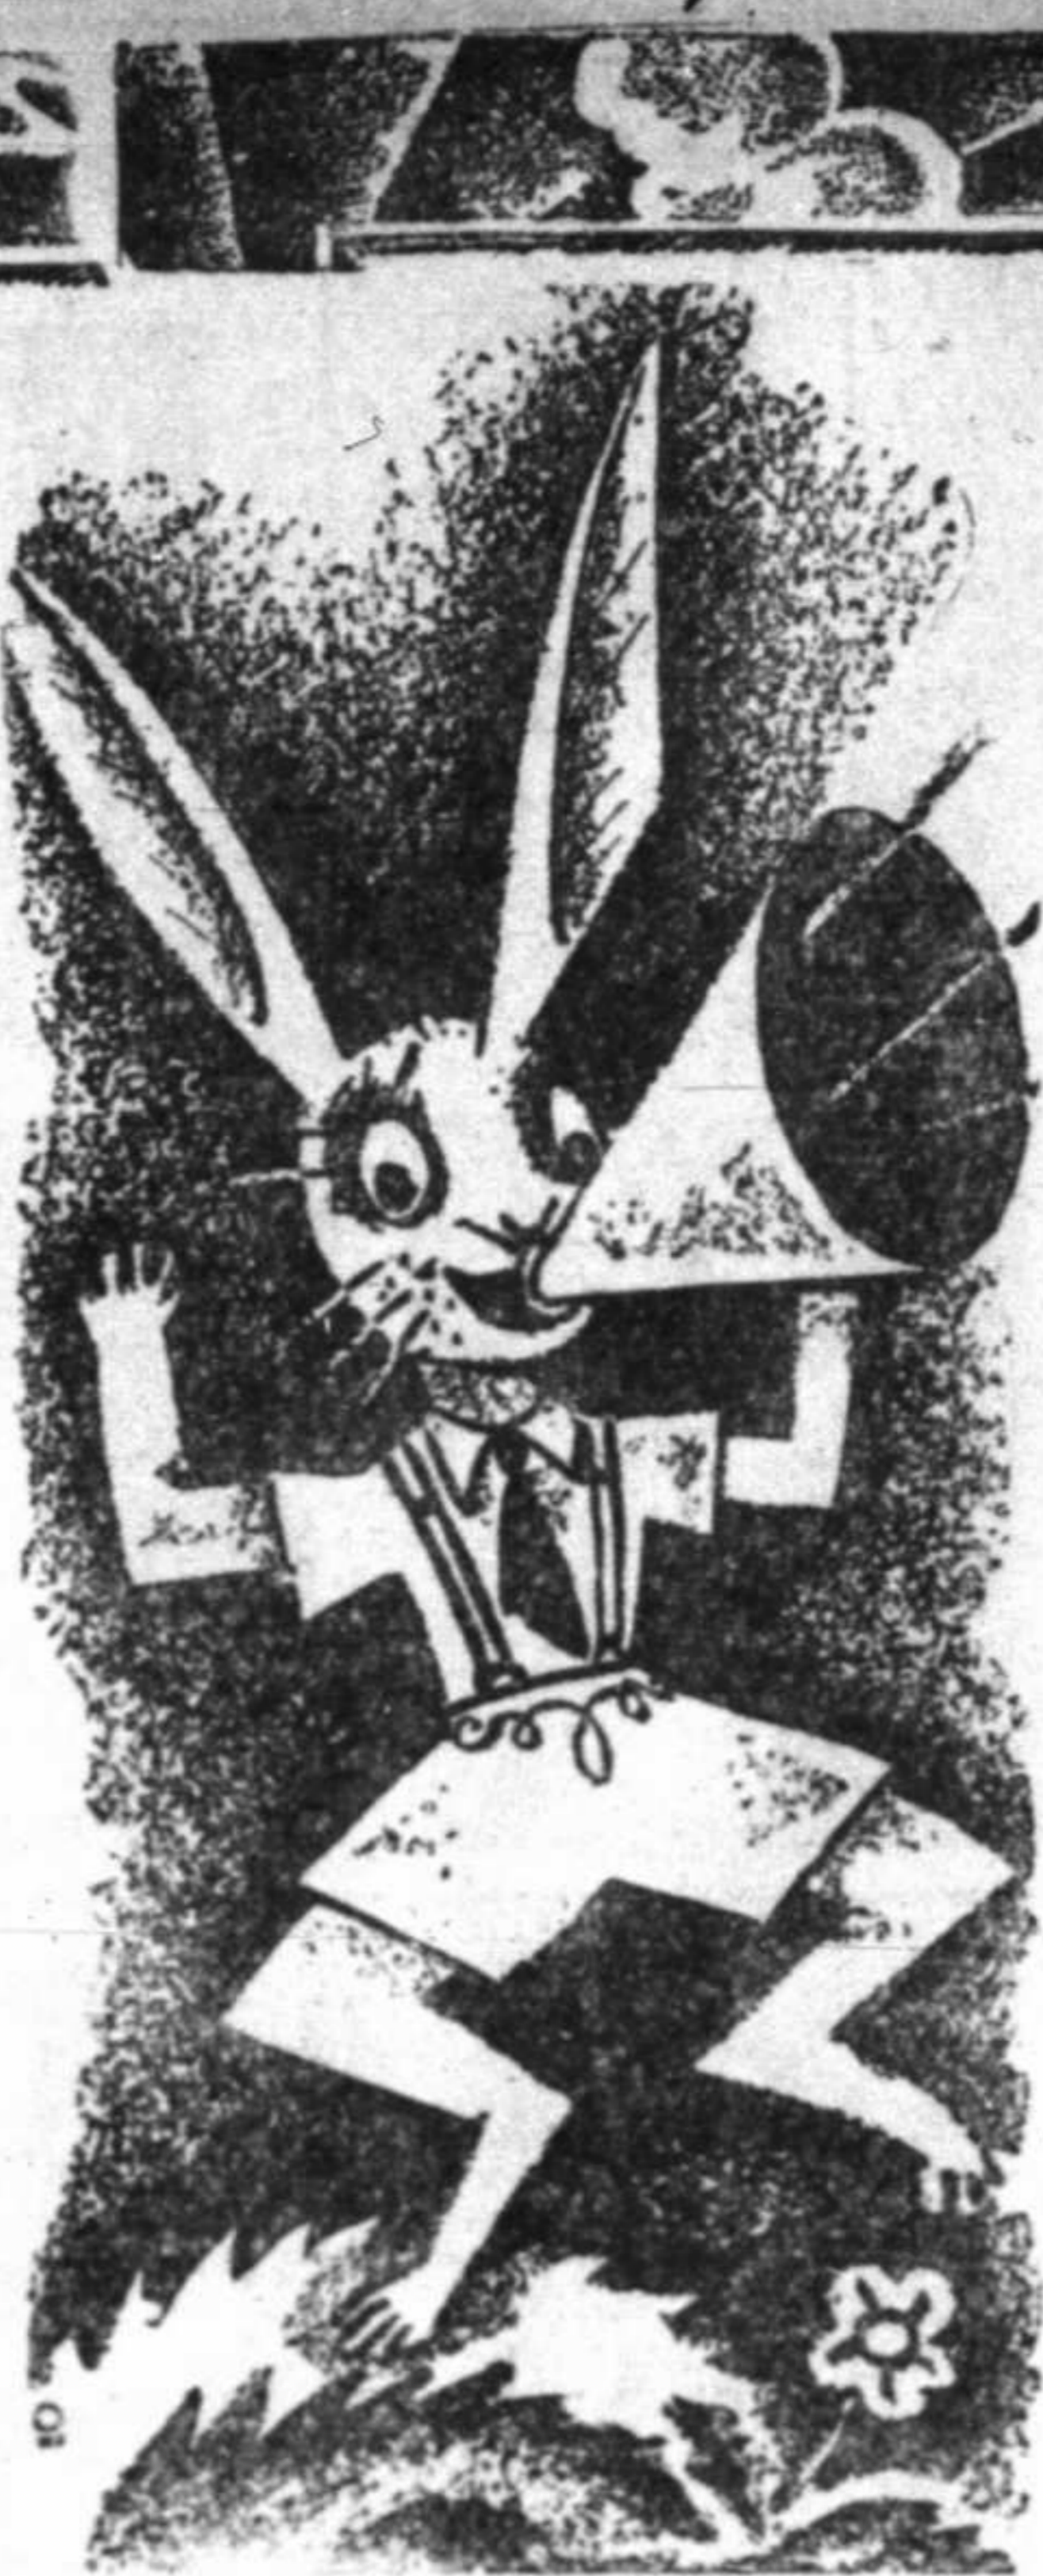

President Hoover's announcement last March that immediate steps were to be taken to conserve oil and gas on public lands was followed by a ruling by Secretary Wilbur, under which the majority of about 20,000 pending permits were revoked.

Since that time a virtual ban has been placed also on requests for the issuance of new permits.

Justice Bailey held the granting of a permit request was discretionary with the interior department but that the discretion was not absolute.

**TEXARKANA HAS FIRE**  
 TEXARKANA, April 11 (AP)—Fanned by a high wind, a fire believed to have started from a cigarette Wednesday destroyed a box factory, a storage house and two dryk lines of the State Lumber company and a residence here before brought under control. Loss was estimated at \$50,000.

As an example of sacrifice during the difficult economic period in England, Sir Francis Joseph, chairman and managing director of a colliery company, has reduced his salary from \$25,000 to \$15,000 a year.

# PRE-EASTER OPPORTUNITY

Just one more week until Easter, and our stock is just running over with new fineries and usefuls in men's and women's apparel. We are offering one big opportunity to make your Easter selection from a stock of merchandise that is just arriving from the center of the Fashion centers. Come here, look at our windows—see the wonderful values—step inside and our clerks will be more than happy to show you through and assist you with helpful ideas in assembling your Easter outfit. Don't forget the boy and girl, for they'll find what they want here, too.

# SENATOR HEFLIN DEMANDS RASKOB'S RESIGNATION AS CHAIRMAN OF DEMOCRATS

WASHINGTON, April 11.—Demanding that John J. Raskob, resign as chairman of the Democratic national committee, Senator Hefflin, Democrat, Alabama, said in the senate yesterday that the party had "come to a miserable position," when its chairman donated money to elect wet republicans to congress.

Hefflin said not more than five Democratic senators and 15 Democratic members of the house, outside of the Tammany group, could be found who could say they thought Raskob should not resign.

**Simmons Speaks**

Before Hefflin spoke, Senator Simmons, Democrat, North Carolina, said Raskob wanted a wet congress as well as a wet president. He said he had nothing to do with summoning Raskob before the senate lobby committee.

Raskob, who testified Friday, said he had contributed \$65,000 to the campaign for President Hoover, and that one of its purposes was to elect members of congress in favor of repeal or modification of the prohibition law. He is a director of the association.

**Both See Re-election**

Both Hefflin and Simmons are up for re-election this year. They refused to support their party nominee, Alfred E. Smith, for president in 1928.

Senator Simmons Monday told the senate that North Carolina Democrats "repudiate" the action of Raskob, "in contributing to the funds to be used to elect wet republicans over dry democrats while he still holds the titular position of national chairman of our party."

**Charges Raskob**

Hefflin charged yesterday that Raskob was working against him in Alabama and against Simmons in North Carolina and asserted:

"I'll defy them. I'll whip them in my state, either in a democratic primary or out of it."

The Alabama had been barred from the state democratic primary on account of his failure to support Smith. The decision has been appealed to the Alabama Supreme Court.

Raskob has gone into the state, Hefflin asserted, and has influenced some of the members of the state committee of Alabama but it would work the Democrats of my state are rebelling.

He said the Roman Catholic Tammany-Raskob influence was the plain

## Arrests Follow Ruse In Bombing

MARION, Ind., April 11 (AP)—A ruse whereby Cincinnati detectives "lured" three members of an alleged Chicago bombing ring to plant explosive in a hijacker's automobile led to the lodging of the latter in jail today charged with three bombings which took five lives in Marion labor circles in the past six months.

The trio, arrested after receiving marked money from an informant, gave their names as Peter Kimeciak, 33, Harry Danford, 29, and Joe Berket, 25, all of Chicago.

In addition, a posse in a raid at Elwood, Ind., arrested Duke Humphing, 38, and Mabon Humphing, 34, said to have arranged for the bombing of the Chicago men and with a gang at Newport, Ky.

## Lad Dies In Pot Of Boiling Water

MONETTE, Ark., April 11 (AP)—Billie Caldwell, 3, feeling from the wrath of a setting hen he had disturbed from its nest, fell into a pot of boiling water in the yard at his home yesterday and was scalded to death.

Spanish patrons of talking picture theatres in Colombia say they do not object to a reasonable amount of conversation in English, provided the thoughts expressed do not affect the theme.

## Man Runs Amuck

BOMBAY, India, April 11 (AP)—Passengers at Malhar railway station near Jubulpore were thrown into a panic today when a man, Rana Ranjit Jung, entered a compartment in a waiting train with a loaded gun and chased the occupants onto the platform. He fired, killing four persons and wounding two. He was overpowered and arrested.

## MOODY INVITES KOHLER TO TEXAS

AUSTIN, April 11. (AP)—Governor Dan Moody stated last night he had asked Governor Walter Kohler of Wisconsin to visit the citrus lands of Texas in a letter mailed Monday. He expressed the opinion the communication has not had time in which to reach the Wisconsin executive. He said he had extended the first invitation through the press.

The letter was written by Governor Moody following a visit to Texas by George F. Kull, secretary of the Wisconsin manufacturers' association, who made a tour of the citrus section in the interests of preventing boycotting of Wisconsin products as a result of action by Wisconsin real estate board in dismissing John L. Newman, secretary, because he purchased a tract of land in the Rio Grande valley.

The Texas senate previously had adopted a resolution condemning the action of the Wisconsin realtors and urging that a boycott be placed on Wisconsin products.

## Soldier Field May Be Scene Of Meet

CHICAGO, April 11. (AP)—Soldier Field, scene of nationally important football games and a heavy-weight championship fight, may be the arena for a great Britain-United States track and field meet next August.

Avery Brundage, president of the National A. A. U., has asked his group to postpone its national outdoor championships, set for July 4, to August 15. Track and field athletes of Great Britain will compete at Hamilton, Ont., the third week in August, and Brundage, with favorable action on the postponement request, hopes to bring the English stars here to meet America's best.

## Clue To Premature Old Age Is Found In The Newest Vitamin G; Special Control Over Growth Is Claimed

BY HOWARD BLAKESLEE Associated Press Science Editor

ATLANTA, Ga., April 11 (AP)—A clue to premature old age found in the newest vitamin, G, was reported to the health section of the chemical society today.

Growing of heavier, cotton that can compete with trees in supplying the world's cellulose was forecast at a general session.

Only about one year old the recognized family of diet principles, vitamin G was introduced to the chemists as possessor of special controls over growth. These newly found qualities were described by Professor H. C. Sherman of Columbia university, in whose chemistry laboratory they are coming to light upon rat subjects.

In these animals the vitamin is directly connected with growth, lack of it, said Dr. Sherman, may retard growth, stop it, or in extreme cases, cause death.

In some rats, the shortage caused premature old age. Loss of hair is one of its most commonplace danger signals. Its lack is suspected as a cause of pellagra and Dr. Sherman said it "is presumably identical with the pellagra preventive diet discovered by Goldberger."

This new factor is abundant in milk and presumably in meat. Vitamin G is abundant in milk and leaves, such as spinach, kale and cabbage. It appears moderately, Dr. Sherman said, in meat and eggs.

Forecast of cotton's future was made by Dr. H. E. Howe of Washington, editor of industrial and engineering chemistry, who told how "chemistry comes south." Many of his audience a short time previously had eaten the "meat substitute" made from cottonseed by Davis Weston of Montclair, N. J.

"Present tendencies," said Dr. Howe, "would indicate a time when cotton may be grown for weight rather than for length of fibre and its cost of production decreased with the aid of machinery to the point where it will compete successfully with cellulose from wood."

American household electrical refrigerators are becoming popular in Paris.

**Confession Made To Cullen Robbers**

CHICAGO, April 11. (AP)—Confession that he participated in the \$20,000 robbery at the country home of Arthur W. Cullen, multi-millionaire grain dealer, in 1922 was made today, Police Commissioner Russell said, by Simon Rosenberg, alias Charles Davis, Rosenberg was arrested at Cleveland last Sunday.

Rosenberg is the fifth of six men who, according to Mr. Cullen, invaded his home near suburban Downers Grove in March 1922, and after seizing \$17,000 in jewelry, \$600 in cash and several cases of St. Hubert liquor, locked the family and servants in a vault and fled. In his relentless pursuit of the robbers—one a former servant—Cullen has sent two to prison, two confessed and are on parole and only Rosenberg's brother, Casper, remains at large.

 All true work is sacred.—Carlyle.

**Aviation**

In dealing with a newspaper reporter, nobody ever lost anything by being fair, frank and candid. The primary purpose of the press is to print the news as quickly and correctly as possible, and the more assistance that is given a reporter the more chances he will have to state the facts correctly in his story.

Aviation executives, after a long period of trying to clamp down an immediate lid of censorship and secrecy whenever an airplane accident occurs are now being called to order by one of their own number.

Charles A. Rheinstrom, general manager of the Thompson Aeronautical Corporation of Cleveland and Detroit. His company is one of the biggest passenger carriers in the nation.

"We believe we are safe in saying that newspapers have done more for aviation than has the industry itself in the matter of making the public air minded," writes Mr. Rheinstrom in the current issue of Aviation.

"How else could Lindbergh's flight to Paris have focused the eyes of the nation on aviation had there not been newspapers to carry accounts of his marvelous feat?"

Turning to the newspapers' treatment of airplane accidents, Mr. Rheinstrom goes on:

"Remembering the co-operation and worthwhile publicity the newspapers have and are continuing to give aviation, are we right when we say that they are unfair to aviation?"

In our opinion we are not right in saying they are unfair to aviation. An accident story is news, just as is the story of some outstanding feat. The newspapers have always printed the facts as they found them. And if inaccuracies have crept into some of the stories it is the fault of those of us in the industry.

"We have had dealings with many newspaper men and reporters. Not one that we have ever known has been malicious or would write an intentionally derogatory statement about anyone without it being absolutely warranted. There are few professions with a stricter code of ethics. Hence, if one makes it a point to treat the reporter fairly, he is bound to do the same for you."

The same goes for newspaper cameramen, he adds.

Mr. Rheinstrom closes with this bit of advice:

"An operator is hurting himself and the aviation industry when he makes a deliberate attempt to hide the facts and to prevent publication of an account of a crack-up. To keep an airplane accident out of the papers is impossible. And the quicker all of us realize this and help the newspapermen acquire the correct information, the better it will be for all concerned."

On behalf of the newspaper fraternity, we desire to thank Mr. Rheinstrom for stating the facts clearly and fairly.

The aviation industry has no greater sympathizer, friend and supporter than the daily newspaper. Yet, the newspaper has its obligations to its readers. It must print the news—all the news. It cannot chronicle aviation's achievements and ignore its occasional misfortunes and be fair to its subscribers.

The public realizes that occasional airplane accidents are inevitable. Just as are railroad wrecks and automobile disasters. Many of them, of course, are unavoidable. But in any case, when a cloud of secrecy is thrown around an airplane accident and information is refused it raises the suspicion in the public mind that somebody has been criminally negligent. That somebody has something to hide.

Add industrial deceptions: Just at a time when a razor manufacturer introduces a \$10,000,000 camera on a new razor, a fashion magazine publishes that beads are going back into fashion.

The movie director who paid \$100,000 fine to escape punishment for dodging the income tax, now knows that money talks, too.

**THE PLAINSMAN**

That Girl on Broadway says some people think earning their daily bread means just one big, long loaf.

The Plainhand-Plains Dairy show has just completed another highly successful exhibition at Plainview and The Plainman is glad of it. This country needs to pay more attention to dairy cows and products.

As little as you may think, dairy products have an influence on the daily lives of all of us. Take The Plainman, for instance. He eats at first one beanery and then another and keeping a supply of butter on the table is one of his weightiest problems.

The local food emporiums are careful with their butter. There's no doubt about it. And to a fat, bald-headed bird butter is an essential accessory. If people in these parts take more interest in dairying there will be more cows, more milk, more butter and less trials and tribulations in the various and sundry restaurants. Cheers for bigger and better dairying and butter patties!

But enough of this prattle. The dairy show is over and folks are turning their minds (if any) to other things. Has the census man been to see you yet? If he hasn't it won't be long now.

As an exponent of staunch economy in transaction of the public's business, The Plainman, as a private citizen, resents the employing of a flock of people to take the census—going from door to door and asking a lot of questions of each household. Right here in Lubbock, and every other community under the sun, there are three or four men and women who can answer questions on the privacy of every other person in town and it isn't necessary for the census takers to bother about calling on everybody else.

The Plainman personally knows a couple of folks here who specialize in other people's business and, as a matter of fact, probably know more about your and my affairs than we know ourselves. If it's all the same to Doc Barr, The Plainman will appreciate his going to one of these persons for the latest reports on our business. They'll tell him all they know and a lot they only suspect—which should be plenty for any census.

That Man on Avenue Q says this age needs more self-starters and fewer cranks.

Here's a letter from one of our cash customers who evidently felt a hesitancy about signing his name. However, The Plainman takes the same accord and will take the blame for the whole matter.

"Dear Plainman:

"Since the Lubbock police seem to have decided to specialize on traffic ordinances, as a citizen and a driver I'd like to say a few words.

"I drive to and from town from twice to four times a day and my course leads me over two of the busiest streets in town—namely Avenue Q and 12th street. And I'm here to tell the world that if the police want to do something in the way of traffic benefits they will do well to forget their parking problems and get out and try to safeguard people's lives and property.

"You'll find speeders and reckless drivers galore but the ones that give me the biggest pain are the ones who pass a street on the wrong side of the street. They'll speak by silent you're not looking and one of these days somebody is going to get hurt badly.

"Maybe if you'll put this in the paper enough public interest will be aroused to put a stop to the worst of all traffic nuisances, the driver who doesn't care how he drives.

"Yours truly, A Reader."

AMEN, brother. Amen, as a good Methodist would say. You've hit the nail on the well known head. If there's anything this man's town needs, as this column has said before, it's some common sense drivers and traffic ordinances.

However, don't blame it all on the policemen. The ordinances are on the books and the cops are the ones to uphold the ordinances. The Plainman does think that they split hairs too much on this parking business and it gives him a pain to see a flock of policemen running around with a piece of chalk in their hands all the time, but what we need mainly is a revision of the traffic ordinances so the police will be enabled to pay attention to something else besides the down town situation.

Assistant City Attorney Jess Levins tells The Plainman that he is working right now on a blanket traffic ordinance for Lubbock and will seek to have the City commission junk all the present laws in favor of the new ones which will, he says, be less cumbersome and more practical. Let's hope he's right and the commission acts accordingly. New traffic laws may cut down the fines total of the police department but they'll be easier on the tempers of the people for whom regulations and ordinances are supposed to be modeled.

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

**Construction Programs Must Be Planned Ahead To Avert Unemployment Crises, Hoover Business Gatherings Show**

BY RODNEY DITCHER  
 N.E.A. Service Writer  
 WASHINGTON, April 11—If widespread unemployment is to be met promptly by large building and construction programs such programs must be planned ahead and held in reserve. That fact has been demonstrated in the few months since President Hoover called his business conferences.

The depression had then set in and it was too late to ameliorate conditions sound to prevail in January and February and even in March. The most beneficial effects of the construction programs announced after the Hoover conferences are only now about to be felt.

Long Range Planning  
 Expert opinion for years has been that long range planning by federal, state and municipal governments in their construction programs would be one of the best available means of avert unemployment crises. Under advance planning systems towns, cities and states would look ahead a few years and be able to do two years of scheduled public work in one year, whenever an unusual amount of unemployment developed. Adequate financial reserves would be maintained to be available for bad times when money might be hard to borrow. Such reserves would be a strong stabilization factor.

Railroad and public utilities customarily plan years in advance. Responding to the call from Hoover they were able to let 12 per cent more in construction contracts for the first quarter of 1929 than that of 1928 and to announce an increase of 85 per cent in construction for the year. Public works contracts let for February are announced to have shown a 54 per cent increase over those of February, 1929.

Cities Help Each Other  
 The direct benefit of public works to the immediate community is not important as compared with the general effect on the nation if hundreds of other communities have similar programs. These programs give some direct employment to building workers, and construction men, but their main effect is to give purchasing power to the people who make and transport materials.

These makers and transporters may be located in every section of the country. The purchasing power they receive results in demand for commodities, some of which are made and sold in the town where construction takes place. No one city can relieve its own unemployment without the help of hundreds of others. Federal post offices built in Maine and Oregon will help relieve unemployment in New Orleans. The workers who receive the wages for making the materials for buildings, no matter where located, will spend the wages for commodities made elsewhere, the increased production of which means work and wages for other workers.

It has been estimated that a fair-sized school building frequently has material in it from 40 states—perhaps looks from Connecticut, windows from Michigan, floors from Washington or the Carolinas, pipe from Ohio, steel from Pennsylvania, and so on.

Increase of factory production with no increase in the buyer's purchasing power is disastrous. But construction programs are helpful because they do not create commodities which must be bought by consumers. The wages released by construction create a demand for food, hats, furniture and whatnot. That is the theory that was be-

hind Hoover's conferences and the big mobilization of public utilities and other constructing agencies. The idea was to promote immediate purchasing power. One can only guess as to the extent to which unemployment might have been reduced had a huge private and public construction program been ready to start at the first emergency signal from the White House. Winter, when unemployment hits hardest, is not generally the best time for building and highway construction, but in recent years more and more outdoor work has been done regardless of season.

The new division of public construction in the Department of Commerce is making a study of the possibilities of advance planning for everything any bureau of the federal government constructs. It is also gathering information from the cities and towns which have found their present effort to expand construction thwarted by the absence of advance planning.

"The time to prepare for a flood is before the flood takes place," says one of its officials. The time to prepare for a flood of unemployment is during good times.

them after having a t. a. t. (which is very hard) and the diptheria antidote would be given as soon as possible. The antidote depends upon the amount and the time it is given.

It has been found recently that it is necessary to see that the child's nutrition and protein intake get extra amounts of vitamin B, the appetite-stimulating and aneuritic vitamin, as well as extra amounts of the vitamins A and D (in cod liver oil, for protein and to prevent rickets and prevent scurvy).

The best way to give this vitamin B is in the preparation which is recognized by the U. S. Food and Drug Administration as being effective. This is the "L. A. T. (Lubbock Antitoxin) and is put up in a form of capsules for children. Ask your physician about this. Persons that say what your child needs is a t. a. t. (which is very hard) and the diptheria antidote would be given as soon as possible. The antidote depends upon the amount and the time it is given.

"Toxin-antitoxin injected to a t. a. t. is not a cure for diptheria (as is diptheria antitoxin, if given in time), but is a preventive serum which causes the child's tissues to manufacture a defense against diptheria, so that should be exposed to the disease, he will not contract it. It is given in three injections, a week apart. The immunity develops in from three to six months. It is advisable for all children to have the L. A. T. treatment, especially when the susceptibility to diptheria is greatest, which is from six months to six years. The susceptibility is a little bit less from the sixth to the tenth years—not very much less—and gradually it decreases after that age.

Once the immunity is established, it is believed to last permanently in a large majority of cases. (There can be no accurate figures on this.) It is found that about 20 per cent do not develop the immunity in one series of the injections, and so have to have another series. The Schick test is used by the doctor who discovered it will determine whether this is necessary.

(This, as its name implies, is not a remedy or preventive—it is simply a test. And as so many children under six are susceptible to diptheria, there is no time to be lost before giving the first t. a. t.)

If a child should contract diptheria, the best thing to do is to get behind Hoover's conferences and the big mobilization of public utilities and other constructing agencies. The idea was to promote immediate purchasing power. One can only guess as to the extent to which unemployment might have been reduced had a huge private and public construction program been ready to start at the first emergency signal from the White House. Winter, when unemployment hits hardest, is not generally the best time for building and highway construction, but in recent years more and more outdoor work has been done regardless of season.

The new division of public construction in the Department of Commerce is making a study of the possibilities of advance planning for everything any bureau of the federal government constructs. It is also gathering information from the cities and towns which have found their present effort to expand construction thwarted by the absence of advance planning.

"The time to prepare for a flood is before the flood takes place," says one of its officials. The time to prepare for a flood of unemployment is during good times.

**In New York**  
 With Swaps  
 Gilbert Swaa

NEW YORK, April 11—The fast increasing interest displayed by the public in the personalities who address their "vast unseen audiences" from the air each evening has led to the first "broadcasting theater."

It will seat more than 2000 radio fans when completed and will be located at the new theater building which should be completed by next fall.

The site will be the present location of the Columbia burlesque theater, an institution which Longacre Square should miss sadly, if for no other reason than because it has been the camping ground for generations of actors who leaned against its venerable front.

When completed the new playhouse will be property of Radio Pictures, which, through its tie-up with the Radio Corporation, had a merged interest in broadcasting affairs.

The notion of presenting broadcasting acts to seat holders was tried out recently in the Broadway belt with excellent results. The old Ziegfeld "roof" was taken over and the broadcasting stage glassed in. No admission was charged, but spectators were admitted by invitation.

Some of the most popular of the air entertainers are thus to be given their opportunity to be seen as well as heard.

And while on the subject of tricky innovations in the radio world, Walter Fishman writes me to state that at the Hotel Victoria you can turn on your favorite station there just as you turn on the heat.

This hotel has installed an elaborate distributing station in the basement, connecting it up with the rooms even as radiators are connected. The dials and loud speakers are hidden in the walls. In appearance, the device is very much like the old hot air appliances that came before steam heat.

This story went the rounds in these earlier winter days when Broadway's horde of actors was making the rounds in search of work that didn't exist.

It concerns a performer who, arriving at an agency office, was attracted by a young woman who said she had an opportunity to interview the "big boss."

He tried to start a conversation only to be met with a hard-boiled rebuke. "Say, how'd you like to take a run around the block?" suggested the pretty maiden.

"Well," suggested the actor, "that's the best offer I've had this week and so I might consider it."

Al Crockett sends on the information that the Hotel St. Regis is the hostess of the ballroom at the Gretna Green among the hostesses. In the olden days, the Waldorf established quite a reputation for wedding breakfasts and such, since it was quite handy to the Little Church Around the Corner.

But the Louis XIV in the Regis, it would seem, holds something of a record for "hotel weddings," since it has a chapel-like appearance and permits for transients who do not care to go down to the justice of the peace or to have a church wedding.

**DAVIS OPPOSING TAX COLLECTION**

BOSTON, Mass., April 11 (AP)—Edgar B. Davis, Texas oil millionaire who backed the play "The Ladder" to a long Broadway run, resumed his testimony in Superior Court here today in a suit in which the state of Massachusetts is attempting to collect \$300,000 tax.

The money on which the state is seeking to collect taxes was paid Davis in 1926 for oil properties at Jailing, Texas. Davis contended he already had removed to Texas when the money was paid. The state contended otherwise.

A Philadelphia saxophone band of 60 pieces is planning to serenade President Hoover. There's brass for you.

Nearly 21,000,000 bushels of pears were grown in the United States last year.

**Flapper Fanny**

Sir Harry Segrave, holder of the world automobile speed record, was arrested in London for driving over 45 miles an hour. It is safe to assume Sir Harry didn't say: "Why officer, I've never been over 35 in my life."

"When you are very clever," says a writer, "you are shut out from a great number of common joys." Pity the columnist.

People who can't stay on frisky horses are better off.

**SIGNAL FLASH OF OVERTURNED PHONE LEADS TO DISCOVERY OF TWO DEATHS**

(By Associated Press)  
 NEW YORK, April 11—A signal flash caused by an overturned telephone led to the discovery today of the slain bodies of a physician and a young woman in the doctor's apartment in the fashionable Sutton Place section.

The body of the physician, Dr. Maxwell B. Allen, 35, was found on the bedroom floor. He had been shot through the right temple. A revolver lay near his side.

The young woman, tentatively identified as Miss Florence Lapelle, 25, his nurse-secretary, was lying on a bed, shot through the neck.

Finger marks on both the man and woman indicated the shots had been fired at close range. They expressed belief the physician had shot the girl and killed himself.

The body of Dr. Allen was clad in pajamas and a bathrobe, while that of the woman also was scantily clad. The only evidence of a disturbance in the room was the overturned telephone.

Police were summoned by a telephone operator when she failed to get response from the physician's office-apartment after plugging in on the signal flash.

**Victim Of Shooting Dies In Hospital**

WILMINGTON, N. C., April 11 (AP)—Roy Gurganus of Onslow county, who was shot Wednesday by federal prohibition agent S. K. Hughes, died last night in a Wilmington hospital.

Gurganus was shot as he was fleeing from a still, officers said. Hughes reported the shooting was accidental.

The average speed of a London motor bus is nine miles an hour.

 The outstanding quality of the products that are produced on the South Plains, and constant contact with the marketing centers which consume over-production, are the chief fundamental reasons for our progress. We take great pride in rendering a service of betterment for the economical welfare of the South Plains.

LOWEST PRICED USED CARS

Our prices on used cars of all makes are low. "No price padding" to make up for excessive trade-in allowances. Let the price of the Model A Ford prevent high trade-in concessions. That, and our policy of fair dealing, protects you when you buy a used car from us. Come in and look them over.

LEGAL NOTICE

CITATION BY PUBLICATION THE STATE OF TEXAS. To the Sheriff or any Constable of Lubbock County, Greeting: You are hereby commanded to cause to be published once each week for period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Lubbock County, a copy of the following notice: THE STATE OF TEXAS. To all persons interested in the Estate of Chas. F. O'Neal, deceased, Anna May O'Neal, has filed in the County Court of Lubbock County, an application for probate of her last Will and Testament of Chas. F. O'Neal, deceased, filed and admitted, and for Letters Testamentary, which said application will be heard by said County Court on the 20th day of April 1930, at the Court House of said County, Lubbock, Texas, at which time all persons who are interested in said Estate are required to appear and show cause why they should not be appointed executor of said Estate, but have you before said Court at the time aforesaid, this will, with your return, showing how you have complied with the law.

ADVANCES IN STOCKS HELD

INITIAL GAINS MADE BY NUMBER OF SHARES

NEW YORK, April 11. (AP)—The rise in stock prices was resumed at the opening of today's market, with trading in fairly heavy volume. Initial gains of 1 to nearly 2 points were registered by American Telephone, American Can, U. S. Steel common, Westinghouse Electric, Gold Dust, Vanadium Steel and General Electric. Raybestos, Public Service of New Jersey and International Hydro Electric moved into new high ground. Coppers were again heavy. Early buying centered largely in public utilities. Standard Gas & Electric jumped nearly 6 points to a new high at 127 and Consolidated Gas of New York, Public Service of New Jersey, North American and United Corporation moved into new high ground for the year on gains from a fraction to nearly 3 points. Oil stocks were in good demand. Warner Quinlan opened at 25, up 3 points and a new high for the year. Houston Oil also ran up 3 points in the first half hour. Freepoint Texas touched a new high for the year in response to announcement that the Williams fraction had obtained control of the company. Foreign exchanges opened irregularly with sterling quoted a shade lower at \$4.86 9/32.

CHICAGO GRAIN

CHICAGO, April 11. (AP)—Wheat advanced here today after downturns due largely to scattered rains in western Nebraska and western Kansas and to breaks in Liverpool quotations. Opening 1-8-1/2 3/4 off, Chicago wheat afterward ranged well above yesterday's finish for all deliveries but May.

Corn, oats and provisions were easy, with corn starting 1-4-7/8 down, but recovering slightly.

Livestock Prices

(AP)—Cotton spot quiet; barely steady; American strict middling 9.66; good middling 9.31; strict middling 8.96; middling 8.76; strict low middling 8.36; low middling 8.8; strict good ordinary 7.26; good ordinary 6.96; sales 6,900 bales, 4,900 American. Receipts 35,000, American 13,300. Futures closed quiet: May 8.27; July 8.30; October 8.22; December 8.24; January 8.24; March 8.31.

COTTON SHOWS SLIGHT DROPS

FIRST TRADES RECORD LOSSES; RALLIES, MADE LATER

NEW ORLEANS, April 11. (AP)—Cotton opened easier in sympathy with much lower cables than due and first trades showed losses of 2 to 12 points. Prices continued to ease off active positions losing 10 to 13 points from yesterday's close. Later the market rallied on renewed buying of near months by cooperatives, on bullish fertilizer statistics and on bullish advices from Texas as to reduced acreage and drought. May rallied to 16.99 and July to 16.17, or 13 to 14 points up from early lows, while October advanced to 15.42, only 7 points, up. At the end of the first hour, the market was steady.

The market ruled fairly steady all morning although trading was moderate. Prices advanced further of old crop months owing to a renewed demand for those months from the cooperatives and from the trade. May advanced to 16.13 and July to 16.22, or 15 points up from early lows and about 3 points above yesterday's close. October traded up to 15.43 or 12 points up from the

DECLINE IN NEW YORK FROM 4 TO 9 POINTS

NEW YORK, April 11. (AP)—Cotton opened steady at a decline of 4 to 9 points under small offerings probably promoted by easy cables and a favorable view of weather news. May sold off to 16.34 and new October to 16.34, or about 10 points under yesterday's close, but there was spot house buying of near months, and the market recovered before the end of the first half hour.

The rally from the early decline carried the market up to 16.45 for May and 15.42 for new October with old crop months selling about 1 to 6 points net higher, while the new crop failed to fully recover its early loss. This bulge met a little more selling, and prices sagged when sentiment may have been influenced by the rather heavy closing tone of Liverpool. At midday the market was quiet and about 3 to 10 points net lower.

NEW ORLEANS OPEN

NEW ORLEANS, April 11. (AP)—Cotton opened steady; Jan. 15.60-B; March 15.81-B; May 15.93; July 16.04; Oct. 15.36; Dec. 15.50.

Are You Successful?

From the day that a young man starts out to seek his first position to the end of his business life, his health and personal appearance have a world to do with his success. Actor Is Charged After Man's Death

DALLAS, April 11. (AP)—Dave Miller, member of a vaudeville troupe playing here, was charged with negligent homicide Thursday after Floyd Hare died from injuries suffered in an automobile accident Wednesday night.

Rev. James Atchison, who died recently in Edinburgh, Scotland, had served as minister of a Park church for 54 years.

The argument in the Massachusetts legislature over suppressing indecent books seems to be developing into a real battle of the Congress.

### SUPERVISION OF RAILROADS ASKED

WASHINGTON, April 11 (AP)—Legislation to restrict operations of railroad holding companies to such as are approved by the interstate commerce commission was recommended today by Commissioner Joseph B. Eastman before the house interstate commerce committee. On the stand for the second day in the committee's railroad ownership investigation, he said some railroads were evading governmental supervision over the issuance of securities by operating through "dummy" holding companies. The commissioner urged the committee to include that phase of the problem within its inquiry. Legislation was needed, he said, to remedy the present situation in which the commission governs the issuance of securities by railroads, but is helpless to interfere with the securities of the holding companies.

### A. B. C. CLUB

(Continued From Page 1)  
J. C. Brally, Texas Tech engineering student, was present and made announcement regarding the engineering show which is to open at the college tonight. C. A. Goffred announced the annual Peddler's Jubilee to be held in Lubbock on April 26 under auspices of the local chamber of commerce. A meeting of the board of governors of the club was called by the president for Monday evening at 8:30 o'clock in the Hilton hotel. At that time a program of work is to be outlined and complete organization of the board made.

### Six Women To Face Speeding Charges

Six women of Shallowater and Lubbock, who attended a Parent-Teacher association meeting in Crosby county yesterday afternoon have been summoned to appear today in the court of Justice of Peace G. R. Scott to answer to charges of speeding. The women were arrested near Idalou by State Patrolman Jack Reeves and the driver, a Lubbock woman, is alleged to have been driving at a rate of more than 50 miles per hour.

### Bond For Balderre Is Set At \$1,000

Bond for George Balderre, of this city who was arrested last night on charge of violation of the prohibition law, following a raid on his saloon at 1310 Avenue F, was set tonight at \$1,000 after he had given preliminary hearing. Justice of Peace G. R. Scott set the bond. The raid was staged by members of the sheriff's department who confiscated a small quantity of whiskey and beer. Balderre had failed to make bond at noon.

Nearly 300,000,000 quarts of strawberries were grown in this country in 1929.

## HAWKINS' DRY GOODS COMPANY

1705 BROADWAY

### PAGE IS BURIED IN CITY TODAY

After three days had been spent in efforts to locate his wife, funeral services were conducted this morning at 10 o'clock at Bynum Brothers chapel for Otto Page, 32, of Fairbourn, Okla., who died Wednesday morning in a local hospital, following injuries sustained last Monday night when he supposedly leaped from a speeding bus near Tahoka. Rev. C. J. McCarty, pastor of the 19th Street Baptist church, officiated. Burial was in Lubbock cemetery.

At the services were Page's cousin, Bell Shakespeare, of Aruff, and a brother-in-law, J. B. Cooper, of Pampa. Survivors are the mother, one brother, Will Page, of Wheeler, and a sister, Mrs. Cooper. Mrs. Otto Page was last known to reside at Spearman. Efforts to trace her whereabouts were futile. In the bus from which Page leaped were four passengers, one of whom testified that he saw the man open the door and jump.

### Hung Jury Results In Trial Of Woman

Trial of Catherine Webb, charged with transporting liquor, resulted in a hung jury at Levelland yesterday afternoon in 72nd district court, marking the second time this week that juries have failed to agree on a verdict in her case. Judge Homer L. Flary presided over the trial and District Attorney Durwood Bradley represented the State.

Ten stood for conviction yesterday and two for acquittal. In her trial Tuesday seven were for conviction and five for acquittal.

Business in Germany this year is expected to be below the post-inflation average for the country.

### HEALS BURNS LIKE MAGIC

Nearly everybody knows Mother's Salve—the favorite healing ointment which has been used for over a quarter century. Quickly heals burns, sores, bruises, cuts, chaps, and prevents infection. Stops irritation and pain. Mother's Salve is pleasantly scented, easy to use and quick to act. Put directions on every tin. It is for sale and recommended by all druggists. Two sizes, 5c and 25c. Vaporize "Mother's Salve" for Colds

### Ten Texans Stricken With Jake Paralysis

TEXARKANA, April 11 (AP)—Ten or more residents of Atlanta, Texas, 22 miles south of here, were recovering today from paralysis believed caused by drinking Jamaica ginger. Health authorities reported. Three victims were in hospitals, two in Hot Springs, Ark., and the third a war veteran's hospital at Little Rock, Ark. Five were stricken at one time after a party in Atlanta. They were treated by Atlanta physicians and three of them later were sent to Arkansas hospitals.

### GRAHAM GUSHER LARGEST IN STATE

WICHITA FALLS, April 11 (AP)—The Wash & Wainwright No. 1 J. R. McCloud northeast of Graham today was flowing more than 300 barrels an hour into tanks and a much greater amount on the ground.

Operators estimated the total oil put at more than 20,000 barrels daily making the well what was believed the largest light oil producer ever completed in Texas. The oil tested 41 gravity. More than 700 men were working on the lease, and 100 teams and scrapers were used to throw up a dirt embankment to stop the flood of oil, while creeks and ditches along the railroad were filled, the oil being from 5 to 11 feet deep at

points along a ravine where earth on dams were easily constructed. Complete control of the gusher appeared impossible until adequate tankage could be obtained. All unused tanks available between Wichita Falls and Breckenridge were hauled to the lease. Whether the well was a freak or dam was still undetermined, but production was coming from the line formation instead of from well.

Houston shippers trimmed with steps of output today. Dealers are
