

Arson, Accidents And Theft Cause Unrest

By Nanalee Nichols

Two arsons, two wrecks and one major theft have resulted in area law enforcement officers and volunteer firemen being extremely busy this past week.

Perhaps the most serious of the problems are the two arsons, one of which occurred in Deport last Wednesday night, October 3, and the other early Sunday morning, October 7.

In the first of the fires, a mobile home belonging to Thelma Mitchell was heavily damaged by fire. The apparent arsonist was seen running with a light or torch of some kind by

neighbors. Evidences of an accelerant throughout the mobile home were found.

Ms. Mitchell was in Blossom at the time with relatives who had had a death in the family.

The other blaze occurred around 5 a.m. on Sunday morning, when the Deport Cafe, which has been closed for business, was discovered on fire. Deport Volunteer Firemen did an excellent job of extinguishing the blaze. Again, evidences of an accelerant were found. All power and gas to the building were shut off at the time of the blaze.

Deport Fire Marshall Don Denison

stated that a \$200.00 reward was being offered to anyone with information leading to a conviction in either of the fires.

Both fires are under investigation by the Lamar County Sheriff's Department, the Deport Volunteer Fire Department and the Texas State Fire Marshall.

Samples of the accelerant and other factors have been sent to Dallas, and the State Fire Marshall has been to both sites to completely investigate.

Denison said that people need to be aware that these matters are being investigated and pursued to their

fullest.

There are suspects in both fires.

Adrian Hunold of Blossom returned to a field where he had a John Deere tractor hooked to a wagon last Friday to discover the \$30,000 machine missing. He had left the machine on Thursday afternoon.

Lamar County Sheriff's deputies have the matter under investigation.

On Friday afternoon, an accident at Rugby did not result in serious injury, but did total a 1979 Ford Ranger pickup. Reuben Thomas Frazier of Rt. 1, Talco, was attempting to pass a 1979 grain truck

which was preparing to make a left hand turn off Hwy. 271. Frazier ran into the rear of the grain truck, which suffered no damage.

Frazier was ticketed by the State Highway Patrol for failure to make a left pass safely.

Several Blossom people were injured on Saturday, October 6 in a three car accident between Paris and Blossom.

Steve Blankenship of Blossom was traveling west on Hwy. 82 when he apparently crossed over into the oncoming lane of traffic and went

into a spin. While the car was spinning, a 1980 Ford pickup apparently struck the car, and a 1981 Buick struck the pickup.

The pickup was driven by Sidney Ebbs of Paris and the Buick by Tora George, age 17 of Blossom.

Ebbs, his wife, and a passenger in the truck, Mike Crider and Ms. George were all taken to St. Joseph's Hospital.

Mr. and Mrs. Ebbs received multiple injuries. Ms. George and Crider received treatment and were released.

They move with astonishing speed for men who fifteen minutes before were sound asleep.

Awakened at the time of night (or early morning) when sleep is deepest, they scrambled out of bed to respond to the fire whistle.

They connect hoses, run lines, begin operations to extinguish the blaze with speed that comes, for many, from a lot of practice.

They are the volunteer firemen that serve almost every community around, and who respond to any fire call, no matter what kind, or what time.

From freezing, near zero cold, when the north wind whips a flame and the mist from the hoses feels like sheet, to blistering grass fires in the heat of a Texas August, the volunteer fire departments are responsible for the safety of communities, farms and rural homes.

They hose down the gasoline at accidents, search for lost children and elderly people, and crack a joke or two when they are dead tired and realize nothing else is left to be done.

When a big blaze occurs, units from all over respond to the call. Often three or four different volunteer fire departments are present at large fires. It doesn't make any difference to them, they just do what needs to be done.

Unlike the paid, full-time fireman, they have no "hero" image. No one pictures them climbing up the side of a massive hotel to rescue stranded people.

But the duties they perform are just as important, and they do them so quietly, as if it were a routine part of life, that sometimes folks just take them for granted.

The next time the fire whistle sounds, and after a moment of listening to it, you snuggle back down in the covers, give a thought to those who don't get to return to sleep...remember the volunteers who will do their best.

RUINED—The furniture in Thelma Mitchell's mobile home was melted rather than actually burned as apparent arson destroyed the home last Wednesday night. Two arsons are under investigation by various officials in Deport at the present time. (Staff Photo)

Patriots Mauled By Tigers

By Thomas Nichols

Last Friday night the Prairiland Patriots felt pretty well mauled by the Tigers that traveled from Clarksville to dish out a 27-6 defeat.

Head coach Mike Allen had little to say except, "We didn't play well at all...in fact, we played terribly, we just are getting ready for next Friday night's game."

The first quarter was an evenly played ballgame. Both teams seemed unable to move the ball against their opponents without managing to score any points.

It was in the second quarter that the action really got going in earnest.

The Tigers struck on a series of running plays from Kevin Miller and quarterback Cleveland Thomas, with Miller finding pay dirt. The extra point attempt was unsuccessful, giving the Tigers their first six points.

Fighting back, the Patriots fought

for yardage on the strength of Mike Connot and Tony Duncan, but still were unable to cross into the Tiger goal line in the first half.

The stubborn Patriot defense held the Tigers to that six point lead until half time.

It was in the third that the Tigers fired up. On the first three plays, Kevin Miller ran half the length of the field for six more, and the PAT was good.

The Patriots did a good job of mixing plays with runs, passes, a half-back pass and finally set up a scoring series on first and 10 on the Clarksville 12-yard line late in the third quarter.

Mike Connot ran for four, then Tony Duncan added a couple of more with Scott Scudder teaming up with Jon Loyd for an 8-yard pass for the Patriot TD.

An attempt for a two point conversion failed, leaving the score at 13

to 6.

The Tigers came back with a pass from Thomas to Ricky Johnston for six more almost immediately. The point after attempt was good.

Mike Connot made an excellent run on kickoff, but it was called back on a holding call at the close of the third quarter.

After three more plays, the Pats seemed to be able to control the ball. Faced with fourth down and one on their own 25-yard line, a fumble killed all hope of a TD at that moment.

Clarksville took over in excellent position on the Prairiland 24-yard line.

Patriots George Shirley and Robert Berry stood strong in the Tiger's face and forced a 4 and 12 for first when a pass interference call gave the Tigers another opportunity on the Patriot 15-yard line.

With 8 minutes and 50 seconds left in the game, time seemed to have already run out for the Patriots when Tiger Paul Taylor crossed the Prairiland goal line for the last time that night, giving the Clarksville bunch a 27-6 lead.

The Prairiland boys never quit trying. Tony Duncan returned a kickoff to the 28-yard line. Scott Scudder fired a pass to Jay Ingram for a first and 10 situation on the Prairiland 44-yard line.

Two plays later, after a holding call on the Patriots, Scudder found Mike Connot for another good gain. However, the efforts were in vain as they failed to convert a fourth down and eight on the Clarksville 49-yard line, giving the Tigers a first and 10.

Dennis Rhodes, Travis Vaughn and Paul Binion can be credited for outstanding defensive plays that denied the Tigers a higher score.

However, it appeared that the Tigers had scored again with four minutes left in the game, when Cleveland Thomas intercepted a Scudder pass and returned it all the way. A flag wiped that touchdown out, but the Tigers retained possession.

With two minutes left, Prairiland recovered a Clarksville fumble, and two plays later the Tigers intercepted the ball to end yet another Patriot drive.

With a few less mistakes, the Patriots can expect some more victories this season, and the classic homecoming event of this Friday night could well be one of them. Mt. Vernon and Prairiland will kick off at 7:30 p.m. and fans can expect a really good scrap.

HEAVY SMOKE—and an early morning fire roused the Deport Volunteer Firemen to the cafe in Deport Sunday. The fire was

apparently the second case of arson in town, and is under investigation. (Staff Photo)

Church Bazaar Saturday

The First United Presbyterian Church of Deport is holding their big bazaar at the church Saturday, October 13.

There will be ceramics, knits, clothing, wood items, canned goods, crafts, a Christmas booth, quilts and a wide variety of other things.

The bazaar will begin at 9:30 a.m., at the church, and there will be a lunch served at the school cafeteria,

just up the road, from 11 a.m. until 1 p.m., with the price of the meal being \$3.00.

A bake sale booth will also be at the bazaar.

Many people have worked for months to create the items for sale, and all funds go towards the church.

Everyone is urged to come out and help make this event a big success.

School Board Hires Teacher

The Prairiland CISD School Board met in regular session Monday night, October 7.

After approval of the minutes, financial report and payment of bills, the board agreed to take bids on the sale of a 1976, 48-passenger Dodge school bus, and to purchase a new 48-passenger school bus.

They also hired a teacher for the high school, Kathy Abbott. She will be teaching math and computer science.

The school board meets on the second Monday of each month.

Child Safety Plugs Can Help Make Your Home Safer.

Serviceman Robert Doolittle and Clerk Amy Leggett have installed Child Safety Plugs in the TNP district office in La Marque, Texas. You can easily install them in your home too!

Small children love to explore around the house — opening drawers, hiding behind the drapes, and investigating whatever catches their eye. Toddlers are like that.

Parents are always concerned about what their children might find to play with... particularly things that could harm them.

The energy professionals at Texas-New Mexico Power Company recommend that for peace-of-mind and the protection of your electrical outlets, you should

install inexpensive Child Safety Plugs in your home.

Child Safety Plugs will prevent your child from sticking objects or probing fingers into wall sockets. As a matter of fact, the lobbies of all TNP district offices have Child Safety Plugs installed in them, too.

Helping you get the most benefit possible from your electric service as well as helping you make your home safer for your family is just one more way we are...

Virginia Justice

Virginia Justice In Merit Program

Prairiland High School has been notified that one of its seniors has been designated Commended Student in the 1985 Merit Program.

Gary Ballard, principal, announced recently that Virginia Justice placed in the top five percent of over one million participants in the 30th annual competition and received a letter of commendation in honor of outstanding promise for future academic success.

An officer of National Merit Scholarship Corporation, which administers the program, stated that "The exceptionally high test performance of young people who are named Commended Students in the extremely competitive Merit Program is deserving of recognition in their communities. To acknowledge the attainments of academically talented students and to credit schools for the part they play in the development of these youth are important in a nation that values excellence. We sincerely hope

that their accomplishments thus far will motivate these students to pursue higher education and to acquire the skills they will need to become productive adults and contributing citizens in a free society."

Participants entered the National Merit Program by taking the PSAT-NMSQT in the fall of 1983, when most of them were juniors.

Virginia, daughter of Mr. and Mrs. Travis Justice of Deport, has been active in the Future Homemakers, staff reporter for the school paper, the Muskett, and has competed in UIL Feature Writing and Typing. Clarksville Hands Patriot JV Second Loss Of Season

By Jeff Morrison

The Clarksville Tigers handed the Prairiland Patriot JV their second loss of the season Thursday night in Clarksville.

The Tigers started things off early and on the second play of the game a quick Tiger back took the ball and ran 50+ yards before being caught and brought down by a Patriot defender at the two yard line. Two plays later Clarksville led 6-0.

The Patriots couldn't get any

momentum going their first series of downs. The Tigers got the ball back but their drive was broken up by a Richard Eatherly interception. The Patriots finally got some points on the board when Shawn Philpot scored on a three yard run that was set up by a nice 52-yard reverse to Jeff Morrison who raced to the four yard line before being brought down. The point after attempt failed and the score was tied at six.

The Tigers got another drive

started that was capped off with a TD. The two point conversion was good and the Patriots trailed 14-6 at the half.

The Patriots came out looking for revenge in the second half and drove down to inside the Tiger five yard line, but a fumble gave the Tigers the ball on the six inch line. The Patriot defense forced the Tigers to punt. The snap sailed out of the end zone giving the Patriots a safety but

they still were down 14-8.

The Patriot offense could never really get going good or at least not well enough to put any points on the board. In the fourth quarter, the Tigers put the Patriots into an even deeper hole when the back got around the end for an eight yard touchdown run. The two point conversion was good and Clarksville led 22-8.

With time running down on the Patriots, they resorted to their trick plays. The Patriots ran the old flea flicker that had worked so well for them in the past. Clarksville didn't fall for it, though. A Tiger defender intercepted the ball and nailed the lid shut on the Prairiland coffin as he scored. The extra point put Clarksville up 29-8.

The Patriots were still trying to score with a little time left. It looked as though they might have something going after quarterback Chris Sparks hit John Davidson and Morrison on consecutive passes, added with the hard-nosed running of Craig Burns, Mike Blackburn and Philpot. The Patriots thought they might get some more points on the board. That hope was diminished when a Tiger defender picked off a Sparks pass intended for Morrison. The Tigers controlled the ball the rest of the game and finished with a 29-8 victory.

The JV travels to Mt. Vernon to play the next week and hopes to start another winning streak on their homecoming. The freshmen start things off at 5:30 Thursday. Everyone come and support the Patriots and the homecoming.

RETURN the volleyball—Donna Vaughan, No. 8, goes up to return the ball to the Clarksville Tigerettes in a good game last week that was played at

Clarksville. The Prairiland Varsity and junior varsity both won their games. (Staff Photo by Kim Allen)

JV Takes Volleyball Win

By Kim Allen

The JV Lady Pats successfully rolled up the JV Lady Tigers on their way to a district win and a hopeful district title. The JV girls used team work and their ability to control the ball successfully to take home the hope of still winning their district as does their winning varsity teammates.

Each team member did all they

could to dastardly put away a quick Tiger team. Led by sophomores Karen Burdine and Jama Pomroy the team kept its cool when the aggressive Tigers were on the attack. With only a few more district games left, the Pat team will have to stay tough to continue on its district way.

Lady Pats Rack Up Victory

By Kim Allen

Led by Deana Watson, the Lady Pats Varsity volleyball team won against the Clarksville Lady Tigers in a tough game that went down to the final wire as both teams pounded and served until there was only one team that would come up on top.

With the experience of hard spiking Donna Vaughn, the team was able to stay alive when the pressure mounted. The Patriot team lost their first match only to successfully come

back and take a win on the second match led by the control of senior Tonya Burdine and the dinking ability of Nita Jaynes.

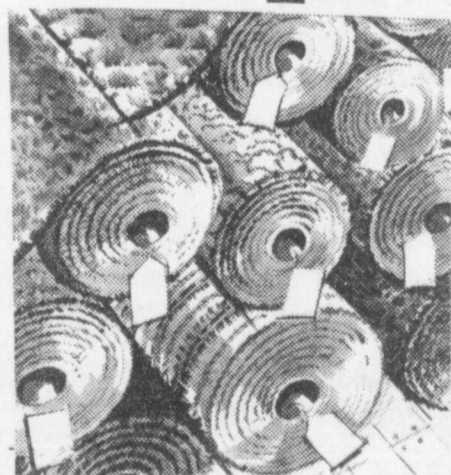

The third match began with hard hitting and serving from both teams only to end with another hard fought victory for the Lady Pats.

Weekly Agricultural Briefs

Dry weather and tight forage conditions are forcing many cattlemen to reduce herd sizes, says Dr. Randall Grooms.

Grooms says the cow herd must be critically evaluated to make sure each cow maintained is above average in productivity. Cattlemen should be doing this routinely, but the critical feed conditions are forcing superior management just for survival.

Even without performance records, the cow herd can be accurately evaluated so that only the most productive cows from the top of the herd are retained. Open or late calving cows, old cows with bad eyes, udders or feet and legs should be the first culled.

Those cows that calve earlier in the season and give the most milk justify the available feed resources and perhaps expense of supplemental feeding.

An accurate pregnancy determination can pinpoint the earliest calving cows. If they are good

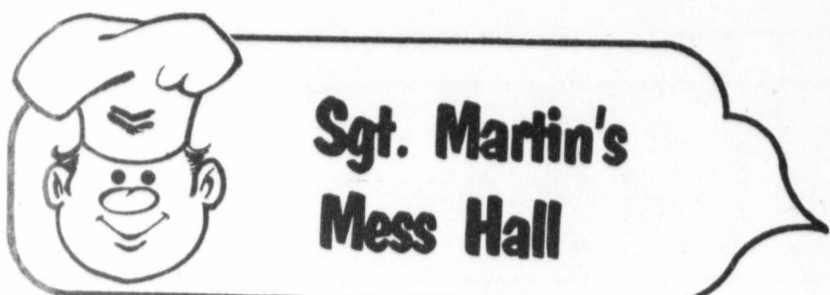

milking cows, they will wean the heavier calves next year. Profitability or survival may be difficult, Grooms says, but during

times of adversity, the superior manager has opportunities for future reward.

Know Your Deer Numbers

By Charles VanDeaver
Do you have any idea how many deer live on your place?
Charles VanDeaver, district conservationist for the USDA Soil Conservation Service at Clarksville, said October is a good month to find out.
Why should you know how many deer you have?
"If you're a livestock producer interested in growing as much high quality forage as possible, a high deer population is a liability," VanDeaver said. A deer's diet is much like a goat's and, to a slightly lesser extent, a sheep's diet. At times throughout the year, cattle eat the same plants as deer, but to a much lesser extent.
"You may view your deer as an economic, recreational or esthetic resource. Good census records can support your request for additional doe permits from the Texas Parks and Wildlife Department. If you believe in protecting your deer from hunting, their numbers may have increased to the level that your habitat is gradually declining in quality.
Warden Thomas can also tell you how to avoid breaking the law while making the count, VanDeaver said.
