Along The Waterfront

Well, at last the fish have started striking in the Yacht Basin. Saturday afternoon the breakwater was lined solid with fishermen. There were also several boats, with everyone catching some.

However, fishing really picked up Sunday morning when the redfish started hitting off the piers in the basin. After a few were caught, the skiffs, and other boats moved in and each pier held four or more hopeful fishermen. Around noon it slackened off a bit and there were only a few caught during the afternoon when the winds got up pretty high.

One of the best catches that we saw was made by Bob Winton. He had about 20 real nice redfish and one large trout.

SPORTSMAN'S CLUB TO SEE FILMS

Hunting and fishing movies will be shown to members of the Rockport Sportsman's Conservation Club at their regular meeting on Tuesday, January 23, according to President Lawrence Miller.

Miller said these films were the ones slated for earlier in the month, when the club's meeting was postponed on account of the cold weather.

Jack Francis, of Corpus Christi, will show color movies of Gulf fishing off Port Aransas, featuring a seven-hour battle with a blue marlin, and Charlie Hass, also of Corpus Christi, will show hunting films taken in British Columbia and Alaska.

Miller said that an addition to the program will be Ernest Simmons, of the Texas Game and Fish Commission laboratory, who will give a talk on the effects of the recent freeze on fishing.

Everyone interested in hunting and fishing is invited to attend, Miller said.

MRS. GREGORY DIES AT 84

Funeral services for Mrs. Bonniene Gregory, 84, wife of the late G. W. Gregory, were held at 10 a.m. today in the First Methodist Church here.

She died at 6 a.m. Wednesday in Bayview Hospital after a two week illness.

The body was at the Maxwell P. Dunne Funeral Home until 9 a.m. Thursday, at which time it was brought to the church here. Following the services the body was taken to Aberdeen Cemetery in Corpus Christi, for burial at 11:30 a.m.

She moved to Corpus Christi in 1910 with her husband. Dr. Gregory was associated professionally with Dr. Arthur Spohn, founder of Spohn Hospital.

She had resided in Rockport for 15 years at the home of her daughter, Mrs. Roy Hinton.

Also surviving are two sisters, Mrs. W. E. Yeatman and Miss LeMoine Chatfield, both of Montgomery, Ala., Mrs. Gregory's birthplace; a granddaughter, Mrs. James C. Herring of Corpus Christi, and three great-grandchildren.

LIVE OAK COTTAGES SOLD TO UVALDE COUPLE

Harry V. and Alma P. Caton, formerly of Uvalde, have purchased Live Oak Lodges from Mr. and Mrs. John Sutherland and assumed management on January 1.

Mrs. Caton formerly managed and was coowner of the Ranch House Motel in Uvalde, operating it for over fifteen years.

The Sutherlands, formerly of Acapulco, Mexico, have rented the home belonging to Willis N. Meigs for the next couple of months, while Meigs is in Cuernavaca, Mexico.

Library Has Record Year

The Aransas County Library has seen an increase in the number of books circulated each year since it was founded five years ago, Mrs. Everal West, secretary-treasurer of the Library Board told the Commissioners' Court at its regular meeting.

But, she said, the library is confronted with a number of problems which must be solved if the reading public here is to be served adequately.

One of these problems is that of space. Mrs. West said a separate building would be highly desirable, or use of a room adjacent to those now utilized would solve the problem for several years.

Another problem concerns the librarian and her working hours. The library has grown to such an extent, Mrs. West said, that a full-time librarian should be employed. Operating hours should be increased from 9 to fifteen hours a week, and the librarian should also be paid for the many additional hours that must be spent on book selection, classification and filing.

In her report, Mrs. West said that the reading public had checked out 9560 books last year, on the three-afternoon-a-week schedule. Of these, 2240 were adult fiction; 1784 were adult non-fiction; and there were 5537 books checked out to juveniles.

And, in 1961, new cards were issued to 131 adults and 173 children, bringing the total number of registered readers to 1609.

Mrs. West said the month of June was the busiest, with 80 new cards issued and 1489 books checked out. In July, circulation was 1430 books, and August with 1021 kept the librarian and her junior high assistants almost as busy.

Mrs. West said that the cooperation of the Aransas County Junior High School, which encouraged a summer reading program, greatly increased the use of the library during those months.

"Boys and girls from the elementary schools also frequented the library in large numbers. Last May, teachers brought their classes on field trips to the courthouse and the library, so they could obtain application cards and see for themselves where books for their age groups were shelved.

The library contains 6707 volumes, exclusive of a recent gift of some two hundred books from the Zachary Taylor Library in Brownsville, which have not been catalogued and put on the shelves as yet.

Papers and magazines are available in the reading room and for home use, and paper-backed books may be exchanged at the revolving rack. No library card is required for this service.

There were 496 books added to the shelves in 1961, Mrs. West pointed out in her report. The library purchased 310 of these, and patrons gave 186 books that could be used. The cost of the new books purchased by the library on which a 25% discount was allowed amounted to \$724.04.

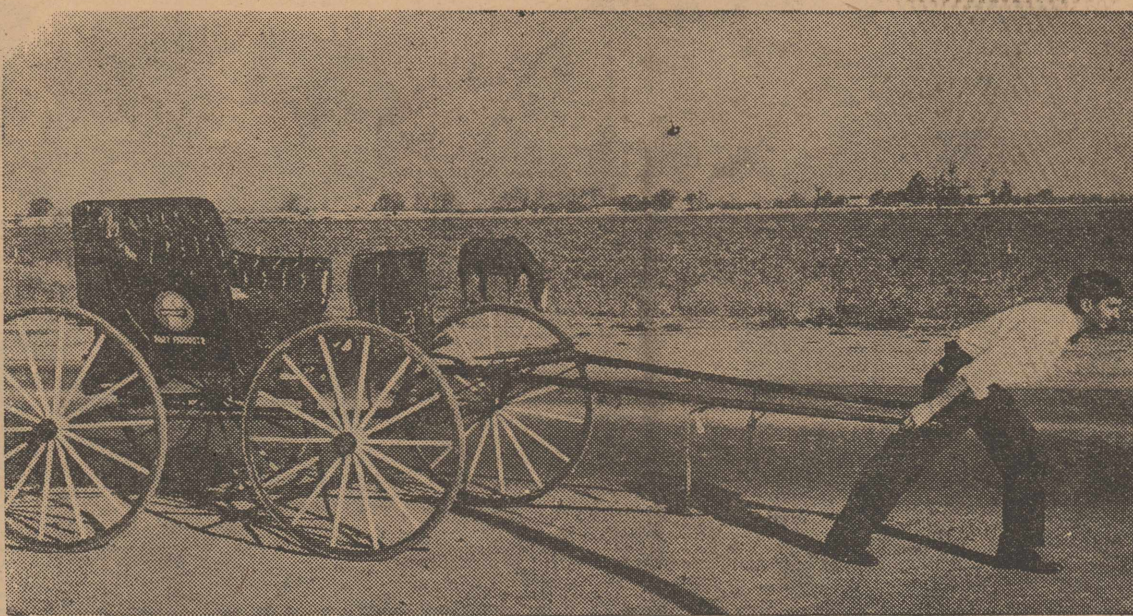

This record is a fine one, outstripping those of most other libraries in this area, and the library is to be congratulated.

TROOP 75 HAS INVENTORY

Troop 75 met Tuesday, Jan. 16 at the Girl Scout Little house, with 18 girls present. An investiture and fly up ceremony was held. Girls receiving fly-up wings, Girls Scout pins and membership stars were: Cathy Deason, Donna Sparks, Donna Kay Wright, Mary L. Sorenson, Rose Ann Elliot, Janet Townsend, Bonnie Weaver, Kitty Davenport, Debra Hopper, Pamela Willis, Patricia Willis and Nora Kae Heimbuch.

The girls said their promise, laws, motto and slogan. Mrs. Sparks and Mrs. Elliot presented the pins with the assistance of Kay Sparks and Beverly Agler.

Three new girls to join were Cheryl Lynn Lichte, Nancy Jones and Kay Livingston making a total of 21 girls now in troop 75. Refreshments of Coke and brownies were served to Mrs. H. F. Elliot, Mrs. R. P. Willis and Mrs. Jack Sparks by Mary L. Sorenson.

Fallout Survey To Be Conducted Here Judge Says

A Houston firm, Bovay Engineers, has been awarded a contract by the Corps of Engineers, U. S. Army, to conduct a fallout shelter survey in Aransas County, Judge John D. Wendell said this morning.

This survey, Judge Wendell said, will be made for the Civil Defense Agency by the Corps of Engineers, and the accuracy of the survey can be increased by cooperation from local officials.

A representative of the Houston firm is expected to be in this area some time this week, Judge Wendell said.

JAYCEE WEEK PROCLAIMED

Mayor Herman Johnson today proclaimed Jan. 21-26 as "Junior Chamber of Commerce Week" in Rockport and asked local organizations to co-operate in the observance.

He said the purpose of the week is to focus attention on young men and the work they are doing, and emphasize that the Rockport Jaycees have done an outstanding job in the fields of Americanism and Local Government.

During Jaycee Week observance here, the U. S. Jaycees will be recognizing America's Ten Outstanding Young Men of 1961 in Santa Monica, California, with national Jaycee president Bob Conger making the presentations.

The week celebrates the founding of the Junior Chamber in 1915, when Henry Giessenbier saw a need for a young men's civic group and organized the first chapter, according to local Jaycee Vice President C. N. Speer. The movement spread so fast that in 1920, the U. S. Junior Chamber of Commerce was formed with 24 cities represented.

Built on the solid foundation of creating opportunities for leadership training through community betterment projects, the Jaycees today, over 200,000 strong, are active in 4,100 communities in the United States. National headquarters is located in Tulsa, Oklahoma.

ROTARY CLUB HEARS HORTON

The Rotary Club, at its Wednesday luncheon, heard Jack Horton speak on "Democracy vs. Totalitarianism".

A new member, Thomas E. Griffith, Aransas County surveyor, was also welcomed into the club. Visitors were Wayne Pruitt, Aransas Pass; Joe E. Lacey, Sinton; Emory Brown, Aransas Pass; Dave Tandy, Fort Worth; E. B. Sherwood, Glenn Falls, New York; R. D. Hatch, Aransas Pass; and Merritt Hulet, of Saratoga Springs, New York.

RAINFALL LAST YEAR TOTALS 37.47 INCHES

Rainfall in Rockport totaled 37.47 inches, Weatherman Paul Clark Sorenson's records disclosed.

In January, 2.43 inches fell; February, 4.85 inches; March, .04 inches; April 1.49 inches; May, 1.54 inches; June, 11.42 inches; July, 3.79 inches; August, 1.48 inches; September, 6.75 inches; October, .63 inches; November, 1.78 inches; and December 1.27 inches.

City Works To Clear Up Red Water

The city of Rockport has entered into a contract with Conserva Products, Inc., in an effort to clear up the red water that has been such a nuisance in the mains, Mayor Herman Johnson said this morning.

The process, Johnson said, is strictly an electrolytic one. No chemicals will be used, he said.

The mayor stated that results from the treatment should begin to show up in about two weeks. "If anyone is troubled by red or rusty looking water after that time," he said, "we would appreciate it if they would call the city hall and let us know. We want to find out about such occurrences, so we can take samples and make efforts to correct the condition."

Youth Center's 1961 Activities Summarized

At the annual meeting of the Aransas County Youth Sponsors Association on Monday evening, January 15, the following four new directors were elected: C. C. Crabb, Jack McDavid, L. W. Tuer, and Chas. Vermillion. Retiring directors were N. F. Jackson, Curtis Atchley, Walter Stryker, and Bill Johnson.

A summary of the activities of the Association for the year 1961 was presented by Mrs. Herb Mills, secretary.

The Association has sponsored approximately 45 Senior High dances and 24 Junior High dances during the year 1961. Monthly meetings were held by the Executive Board, with student representatives from both the Junior and Senior High Schools in attendance.

The following improvements have been made to the building: The floors have been sanded and refinished, and a complete "nautical-pirate" decorating scheme has been accomplished at a total (continued on page 8)

GUILD DINNER TO BE HELD ON JAN. 27

The Wesleyan Service Guild will serve their annual dinner in the Methodist Fellowship hall on Saturday, Jan. 27 from 11 a.m. to 2 p.m. and 5 p.m. to 8 p.m.

A variety of meats, vegetables, salads, and desserts will be served. Prices will be \$1.28 per plate for adults and 77 cents for a child's plate.

PILOT NEEDS CORRECT ADDRESS

Pilot subscribers are asked to call the Pilot office and give their correct addresses, in order that there will be no delay in delivery of their paper.

Since home delivery has been inaugurated in Rockport, it is necessary to have the correct street addresses on all mail for proper delivery.

If you do not have home delivery, but are receiving your mail through general delivery or in a box at the post office, the Pilot needs to know that as well, so that the proper address may be placed on the various papers.

Your prompt attention to this may save interrupted delivery of your paper.

Auto License Plates Go On Sale February 1

The 1962 auto license plates will go on sale February 1, in the office of County Tax Assessor-Collector Mrs. Margaret Weber. The new plates are black with white numerals.

The Texas Highway Department requires that the owner of a vehicle must present his certificate of title and 1961 license receipt, to obtain his 1962 license plates, Mrs. Weber said.

She asks that everyone please check the necessary papers before coming in to get their license, to avoid delay in registrations.

Anyone desiring a certain number may receive the same at the tax office now, by presenting the title, 1961 license receipt, and the required fee, if that number has not already been reserved. Numbers are reserved on a first-come, first-served basis.

COMMISSIONERS ACCEPT CAR BID

The Commissioners Court, at their regular meeting, accepted a bid of \$1796.63 for a new car for the Aransas County Sheriffs' department.

Successful bidder was the Atzenhoffer Chevrolet Company, of Victoria.

The Bob Kaler Chevrolet Company, of Refugio was high bidder, with a tender of \$2394.53, while George Motor Sales, of Aransas Pass, bid \$1947.71.

In other action, the commissioners agreed to pro rate the county road and bridge fund, allotting 27% to each of Precincts One, Two and Three, and 19% to Precinct Four.

The commissioners also asked that the county attorney relinquish one of his offices to the county tax assessor-collector.

TOWNSEND'S CELEBRATING 12TH BIRTHDAY

Townsend's Dress Shop is celebrating its twelfth birthday this week with a sale and an open house.

The open house, with door prizes, coffee and cookies, is slated for Saturday. There will be prizes given away, every hour on the hour, and all that is necessary is registration on your visit. No purchase is necessary.

CEMETERY ASSOCIATION TO HOLD MONTHLY MEET

The Rockport Cemetery Association will hold its annual meeting Monday, January 22, at 3 p.m., at the home of Mrs. S. F. Jackson. Reports will be heard and officers elected.

GENE SCHULTS IN HOSPITAL

Gene Shults, long-time employee of the Rockport Pilot, has been confined to his bed since early Monday, when he was taken to Spohn Hospital in Corpus Christi, suffering from sudden illness. Reports on his progress are encouraging.

BANK TO CLOSE ON LEE'S BIRTHDAY

The First National Bank will be closed Friday, Jan. 19, on Robert E. Lee's birthday.

School Classroom Needs Reviewed

At a recent meeting of the Board of Trustees of Aransas County Independent School District, members reviewed and revised the school's need for classrooms.

According to a report made, superseding the one carried in the Pilot about three weeks ago, the following classrooms will be needed:

During the 1962-63 school year the Rockport Elementary School will be one classroom short of its needs. It will be necessary to house one class in the auditorium, cafeteria, hallway, or make arrangements for an "off campus classroom".

To alleviate this situation and to provide for increased enrollment in 1963-64 two classrooms will be needed. These classrooms can be made available by moving the three sixth grade classes to the junior high school campus.

Between 1964 and 1967 six more classrooms will be needed on this campus as well as an enlarged library, administrative offices and teacher workroom. These facilities can be made available by expanding the present library to include the room adjacent to it and by converting one classroom into a teacher workroom and office space. When two existing classrooms are used for these purposes it will be necessary to build eight classrooms with necessary restrooms.

Consideration should also be given to replacing the four classroom "stucco" building. If this building is replaced a total of twelve classrooms will be necessary on this campus.

Present enrollment figures indicate that facilities at the George W. Fulton Elementary School will be adequate until 1968 when four additional classrooms will be necessary. These facilities will also be available to accommodate an over-flow of elementary students from the Rockport campus.

During the 1962-63 school year the Jr.-Sr. High School building will be extremely crowded. By 1963, if the sixth grade classes are moved from the elementary schools to this campus, ten additional classrooms will be needed to alleviate crowded conditions and take care of the increased enrollment. Five more classrooms will be needed between 1964 and 1968 as the junior high school enrollment grows.

The library is inadequate in size for the present number of students and will become more inadequate as the number of students increase. This situation is also true of the band hall which was built for a 40 piece band which now houses a 60 piece band. It is anticipated that the high school band will number 80 pieces by 1963. The introduction of vocal music into the program will necessitate additional facilities.

The present cafeteria is most inadequate and with the rapidly increasing enrollment on this campus must be replaced with a larger structure. The homemaking department of the high school is in need of remodeling and the industrial arts facilities expanded to include a mechanical drawing room.

These facilities can be made available by the purchase of additional property adjacent to the high school campus and the construction of a junior high school for grades six, seven and eight. This new building would consist of 15 classrooms, administrative offices, teacher workroom, restrooms, bookroom, and janitor supply room. Physical education facilities to include an activity area, dressing room, and office space should be included on this campus.

Adjacent to this junior high school and accessible to the senior high school, should be a cafeteria which can serve both schools. This cafeteria should be designed to be used as a junior high school auditorium as well as for serving meals.

Library facilities can be made adequate by moving the stacks of books into what is now the reading room (room 17) and making the present library into a reading room for the junior high school (continued on page 8)

Water District Bill To Be Withdrawn

Sponsors of Senate Bill No. Eight, introduced by Senator William Patman, have agreed to ask for withdrawal of the bill and cancellation of the hearing before a Senate Committee on January 22. The bill provided for a county-wide water district.

The Aransas County Area Development Committee, which fathered the bill, after discussion of oil company opposition, largely due, committee members thought, to misunderstanding, decided to ask Senator Patman to take this action.

However, they also decided at their meeting that the bill would be re-submitted at the regular session of the Texas legislature in 1963, with modifications that might be decided upon.

In other action, the committee, under the leadership of Chairman James H. Sorenson, Jr., agreed to discuss contemplated improvements with the Navigation and School boards, and to look into the possibility of a county library building.

This last possibility was suggested by Judge John D. Wendell, after reading the report on the library's activities, presented earlier to the Commissioners' Court by Mrs. Everal West.

Mayor Johnson Says Urban Renewal To Be Discussed

Mayor Herman Johnson said this morning that a representative of the Urban Renewal Agency will be in Rockport on Wednesday, January 24, at 7:30 p.m. in the City Hall, to discuss this problem with all interested persons.

The discussion, which is open to the public, will deal with benefits of, and objections to, the urban renewal program, which a number of people have been urging for Rockport, Johnson said.

He pointed out that before any project of this type can be undertaken, a referendum vote must be held, and went on to emphasize that it would not affect taxes, or cost the city anything if a contract was signed with the agency.

"I sincerely hope that business men and others will attend this hearing," the mayor said, "because a good urban renewal program here might mean a great deal to Rockport."

PLUMBERS HAVE MERRY TIME AFTER FREEZE

If all the plumbers in Rockport haven't been working around the clock, it's merely because they can't, and it will still be some time next week before all the bursted water pipes are repaired.

Last week's near-record cold spell and the subsequent warm-up started plumbers working overtime during the weekend.

Some of them said they "were just putting people's name on their list" and getting around to them as fast as they could. No one would promise immediate service, and all were putting off service calls until some time next week.

"I've never seen anything like it before in my life," one of them said.

NO FATAL ACCIDENTS IN DECEMBER

There were no fatal traffic accidents in Aransas County, although there were three in which there were personal injuries, and eight in which property damage occurred. There were five people injured in the three wrecks. Property damage was estimated at \$3,410.00.

WE INVITE—

We invite Stanley Shults and guest to see "Mysterious Island" playing Sunday, Monday, Tuesday and Wednesday at the Cove Drive In Theatre.

This clipping from the Pilot, (good for persons named above only) will serve as your admission.

Mr. and Mrs. Blevins Entertain With Open House

Mr. and Mrs. William M. Blevins entertained with an Open House at their home on Tuesday evening, between the hours of five and nine, honoring their daughter, Sue, and her fiancé, James Furlong, whose engagement was announced this week. The refreshment table was laid with a white embroidered linen cloth. Its centerpiece was a silver bowl, holding white chrysanthemums, flanked by white candles in silver holders. The coffee table also held an arrangement of white chrysanthemums. Presiding at the coffee service during the first hour was Mrs. Joe Crump of Midland, while Mrs. M. W. Cochran of Fulton served

the punch. For the second hour, Mrs. Charles Alden Roe, Sr., of Rockport served the punch, and Mrs. J. H. Sutherland of Fulton the coffee. From seven to nine Mrs. I. L. Sorenson of Fulton served the punch, and Mrs. Thomas D. Picton of Rockport poured the coffee. Mrs. Jack Sanders registered the guests. Others in the house party were Mrs. James B. Jackson, Mrs. Weldon Cabaniss, Mrs. John M. McDavid, Mrs. T. J. Johnson, and Mrs. Dorothea Hugenberg. Out-of-town guests present included Mr. and Mrs. Byron Goad of Victoria; Mrs. Rob Welder and Mr. and Mrs. Dick Gerdes of Sinton; Mr. and Mrs. Joe Crump of Midland. About 100 guests called during the evening.

RETIRED CIVIL WORKER MOVES TO ROCKPORT

R. H. "Barney" Van Horn, who is retiring from one of the top positions at Kelly Air Force Base, Deputy Director of Maintenance, on Jan. 24, will reside at 1914 Johnson St. in Rockport. Prior to his retirement after 30 years of federal service, Van Horn received a number of honors, including the highest one that can be bestowed upon a Civil Service employee by the Air Force, the Exceptional Service Award. Signed by Secretary of the Air Force Eugene M. Zuckert, the award was given Van Horn by Maj. Gen. W. T. Hudnell, Commander of the San Antonio Air Materiel Area at Kelley, as a climax to a luncheon attended by more than 500 members of the Kelly Management Club on Jan. 4. General Hudnell also presented Van Horn, who has held the top civilian job in the 10,000-member Maintenance Directorate since 1949, with a scroll and a lapel pin emblematic of his 30 years of Government service. The Air Force Exceptional Service Award was given Van Horn for his outstanding work in helping cut the time needed to completely overhaul the giant B-52 jet bomber in the Kelly shops to 70 days, one-half the original time, and in setting up the T-34 and T-56 engine overhaul line, the only one of its kind.

At the Jan. 4 meeting, Van Horn was commended for outstanding leadership and organizational work in the formation of the Management Club, which now consists of more than 1,100 Kelly supervisory personnel. Ten past presidents of the club presented Van Horn with numerous honorary memberships in various organizations. Among the presentations was a scroll signed by 1,000 members of the Management Club and an Alcalde of La Villita, the honorary mayorship of the little restored Spanish village in San Antonio. Born in Webb County Mo., in 1905, and educated in Pineville, Mo., Vanhorn served and completed a machinist apprenticeship upon graduation from high school. He began his government service at Kelly in 1927 as a general machinist in the Directorate of Maintenance-Engineering, the activity he was to head in a few short years. Van Horn was regularly promoted to more responsible positions and in 1938 became general superintendent of the Kelly Maintenance Shops, which then employed approximately 800 people. He served in this position through 1944, at which time he resigned. He returned to government service in 1945 and through 1946 was consulting engineer for the War Assets Corporation, Washington, D. C. In this capacity he was a member of the Pricing Panel and Liaison Representative between War Assets, the Army, Navy and Air Force. In the latter part of 1946 he resigned this position to go with Braniff International Airways as Director of Maintenance. He was responsible for maintenance of all flight, ground and communications equipment, including airline maintenance stations throughout Latin-American countries when Braniff expanded its operations. In 1949, he returned to Kelly as the civilian Director of Maintenance-Engineering and held the top Civil Service post in the Air Force Logistic Command's largest aircraft overhaul and modernization facility until the present time. He is credited with introducing numerous innovations in the maintenance machine and aircraft shops. He was the first civilian employee to recognize the importance of the Industrial Engineering Program in the Kelly Maintenance Directorate. For his outstanding managerial capabilities during the years, Van Horn has received two decorations

for Exceptional Civilian Service, one Meritorious Civilian Service Award, the Air Force Association 1958 Management Award for the most outstanding management performance of the year within the Air Materiel Command in the field of Maintenance, and Sustained Superior Performance Awards. Formerly residents of San Antonio, Van Horn and his wife, Carolyn, have purchased their home in Rockport where they will make their new residence. The couple has two sons, Roy and Charles.

CECIL H. COLE TO RECEIVE AWARD

Cecil H. Cole of the Central Power and Light Company, will receive a ten-year award at the dinner to be held by the company at Alice on Friday night. The dinner is an annual one, honoring employees with five to 35 years service.

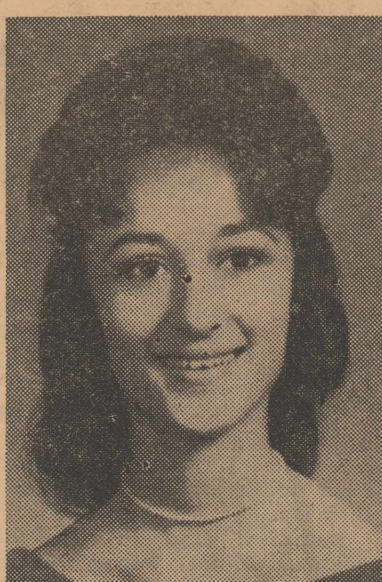

TOURIST PARTY NEWS

Hostesses for last Monday's card party were Mrs. Jones Christian of Claude, Texas and Mrs. Roy Burke of Amarillo, Texas. High score for canasta went to Mrs. A. W. Verbeckmos of Clear Lake, Iowa; second high went to Mrs. Neva Kizer of North Liberty, Indiana. Mrs. Jim Philpot of Miami, Texas was high bridge winner and Mrs. Clarence Rhodes was second high. Mrs. Terry of New York assisted with the serving.

Hostesses for next Monday's party will be Mrs. A. D. Dodson of Snyder, Texas and Mrs. E. T. Paige of Poteet, Texas. The party begins at 2 p.m. in the Woman's Club Building and all are welcome.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. C. C. Landgraf of Rockport, are proud to announce the engagement of their daughter, Pamela Ann, to Harley O. Ford, Jr., of Austin. Mr. Ford is the son of Mrs. R. R. Howard, of Beaumont. The couple plan to wed sometime in the spring. The wedding will be held in one of the Churches of Christ at Corpus Christi.

MRS. HARRY MILLS HAS TUESDAY CLUB

Mrs. Harry L. Mills was hostess for the Tuesday Bridge Club this week at her home.

High score winner wars Mrs. J. D. Griggs; Mrs. Cecil Cole was second.

Members present included Mrs. Homer V. Faber, Mrs. J. D. Griggs, Mrs. Earle Thomas, Mrs. L. G. Wood, and Mrs. James W. Hunt.

Mrs. Herbert Mills and Mrs. Cecil Cole were special guests.

George I of England was a German, and could not speak English.

DEN TWO HAS TUESDAY MEETING

Den Two held their Tuesday meeting at the Scout Hut. The Cubs elected leaders for the next three months: Denner Al Johnson; Assistant Denner, Bobby Harriet; and Keeper of the Buckskins, Bobby Jackson.

The theme to be used for the Blue and Gold Banquet on February 17 is "Parade of Presidents."

Al Johnson served refreshments to Richard Anderson; James Court, Morgan Davis, Bobby Harriet, Bobby Jackson, Billy Kelsay, Jack Suttles, Paul Lusby, and Den Mothers Mrs. Chester Johnson and Mrs. C. M. Davis, Jr.

REBEKAHS INVITED TO PORTLAND SATURDAY

Noble Grand Mrs. Marie Condeley presided at the regular meeting of Rockport Rebekah Lodge last Thursday, at which eleven members were present. Final plans were made for the seafood supper.

This supper was a success in every way, and both the IOOF and Rebekah lodges say "Thanks" to everyone who helped, either by donating food or buying.

All branches of the IOOF Order are invited to Portland on Saturday night, January 20, for a district supper. The Portland lodge will furnish the chicken; other lodges are to bring the rest of the meal.

MRS. B. C. GREGORY CELEBRATES BIRTHDAY

Mrs. B. C. Gregory celebrated her 84th birthday Jan. 10.

Mrs. Gregory and Mrs. A. L. Bracht celebrated their birthdays together at the Hinton home. The table was laid in Quaker lace, with a centerpiece of gold leaves and golden Syroco wood bird. Mrs. Bracht served the birthday cake, assorted sandwiches and nuts. Mrs. Hinton poured.

Guests were Mrs. Sam Prophet, Mrs. Leo Prophet, Mrs. W. C. Stephenson, Mrs. D. A. Bracht, Mrs. Deane Steele, Mrs. Hope Cole and Cecelia, also Mrs. Alice Silberisen and Mrs. Ruth Janacek from Corpus Christi.

COASTAL BEND COIN CLUB ELECTS NEW OFFICERS

The Coastal Bend Coin Club met on Jan. 8 and elected the following new officers: President, Doil Turner; vice president, Philip Baldwin; Sgt. at arms, Joe Earl Hunt; program chairman, Hershel Harper; membership committee, Clifford Dietrich, Cecil Cole and Mrs. T. J. Skinner; auctioneers, Jerry Anderson and Everett Perry; librarian, Gary Tuer.

The next meeting will be held next Monday night, Jan. 22 at Rockport Fire Station at 7:30.

All members are urged to attend and bring anyone under 18 years of age interested in a coin collection, as this meeting will be devoted to helping them get started. All common date coins will be on hand to help them out.

Anyone wishing to attend and does not have a way, please call Ruth Dietrich, SO 4-2473 after 6 p. m. She will pick you up and take you home after the meeting.

CIRCLE FOUR MEETS WITH MRS. CASTERLINE

Circle No. 4 met Jan. 11 at the home of Mrs. Rufus Casterline.

The hostess served a sweet course and coffee, prior to the meeting.

The meeting opened with prayer given by Mrs. Volney Cavitt, who moderated the lesson.

During the business meeting there was a discussion on Circle projects, but no action taken due to small attendance. Mrs. Ted Atwood gave the treasurer's report for the November meeting. No report was made on the joint meeting in December.

Mrs. Ted Atwood gave the emphasis on "Let's Learn About Christian Education." This was done in a table discussion with everyone taking part, after which the meeting adjourned.

CHURCH OF CHRIST HAS SEVERAL VISITORS

The local Church of Christ had a number of visitors last week. Among them were Annie E. Johnson, Bellaire; Francis McKinney, San Antonio; and Mr. and Mrs. William E. Compton, Nevis, Minn.

CARD OF THANKS
May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our bereavement. These expressions have been deeply appreciated.

TELEPHONE TALK

SAFE DRIVING

Safe driving is a year round job for all of us. We are particularly reminded of this during the school season when so many youngsters crowd the crosswalks and streets. Drivers at this time should exercise extreme caution.

Driving safety is a year-round job at the telephone company. At Southwestern Bell, 9,000 vehicles are on the move each day. We estimate that this year Bell Telephone vehicles will travel 82 million miles in our territory on their daily routines.

We are quite conscious of the need for safe driving at all times. With this thought in mind, telephone men are trained in safe driving principles. Last year in Southwestern Bell, drivers averaged only 0.88 accidents per 100,000 miles driven.

Safe driving is the responsibility of each of us and we must constantly be reminded of the need to follow the principles of good driving. With school year half over, we at the telephone company join with you in pledging to drive with caution.

FROM THE MOUTHS OF BABES

After touring one of our central offices, a second grade class was given an assignment by their teacher. They were asked to write about the things they learned that day.

One little girl entitled her composition, "You Could Never without Your Telephone." And that pretty well sums up the telephone's role in today's busy living routine, whether it's here in Rockport or in New York or Chicago.

She's right, you know. You could never without your telephone . . . you could never call a neighbor to exchange recipes or call for repairs or service, arrange get-togethers on the spur of the moment, chat with your family or friends located far from home.

Day in and day out, the telephone is a constant and faithful companion, giving you service that's useful, pleasant and necessary. Nothing else you use so often does so much. Or, to put it more simply—you could never without your telephone.

HOT ITEM

The Princess phone is a hot item. This fact is evidenced by its popularity all over Texas. But recently things got a little hot for a Princess phone in one of our neighboring towns.

A considerate young husband was leaving for work. His wife had been up with their new baby all night. He didn't want the phone to wake her.

So he tucked it efficiently into the oven. Later in the day, his lady turned on the oven to pre-heat it. When she started to put in her casserole, she found one melting Princess phone.

What the husband forgot was that he also had a Bell Chime that could be adjusted to ring in any one of three ways—with a soft bell, a loud bell, or a melodic chime.

(Editor's Note: Telephones are made to stand most bumps and tumbles. We heartily recommend that they not be cooked or baked for their most efficient use.)

Call by number. It's twice as fast.

LAURA MOODY WRITES ABOUT TRIP TO THE MARINE LABORATORY

Recently, Mrs. Steele's fifth grade science class took a trip to the marine laboratory. Her theme is an excellent sample of the class's reaction. She says:

"My classmates and I saw many kinds of fish at the Marine Laboratory. We saw two sailfish, one green turtle, three black turtles about eight months old, five little seahorses, a redfish, the stages of a catfish, the right jaw of a whale, and many others things."

"We saw a film called Salty Sands. It was about the marine laboratory and what they do there. We saw many kinds of fish in the film."

"After the film was over, we talked about the things in the laboratory. Mr. Ron Schultz, marine biologist at the lab, was very kind to answer our many questions."

GOLDEN WEDDING ANNIVERSARY OPEN HOUSE

A reception is being held by the children of Mr. and Mrs. T. C. Kelly, honoring their parents on their fiftieth wedding anniversary.

The open house will be held on Sunday afternoon, Jan. 21, from 2 until 5 o'clock at the Woman's Club building in Rockport.

All friends of the couple are invited to attend.

ENGINEER NOTICES

South Coastal States Gas Producing Company has made application to the U. S. Engineers to operate in Aransas Bay, at a location central to a point approximately one mile south of Lamar and 7 1/2 miles north of Rockport. They propose to place a 2 1/2 inch pipe line at the above location. The line would extend from an existing well in State Tract No. 78, northwesterly a distance of approximately 6,000 feet to a point near the westerly end of Goose Island and then northeasterly a distance of approximately 3,000 feet to the mean high tide shore line at Lamar. The line would be jetted to a depth of 1 1/2 feet below the bed except through shell reefs or beds where it would be one foot below the bed.

GIRL SCOUT NEWS

The Girl Scouts in Troop 77 went to Camp Copano Saturday, Jan. 6. They had a cook-out at the beach. The people there were Dora Lynn Wright, Mary Ellen McLead, Janie Martinez, Maxine Leet, Marquitta Lusby, and Nancy Heim-buch.

Items on the menu were barbecued hamburgers and Coke. Mrs. Lusby, the troop leader, supervised the making of the fire.

BROWNIE TROOP NO. 63

Our meeting was held Monday at the Little House. We first played a game, pantomiming what a Brownie does at home. Refreshments were served by Molly Gregory.

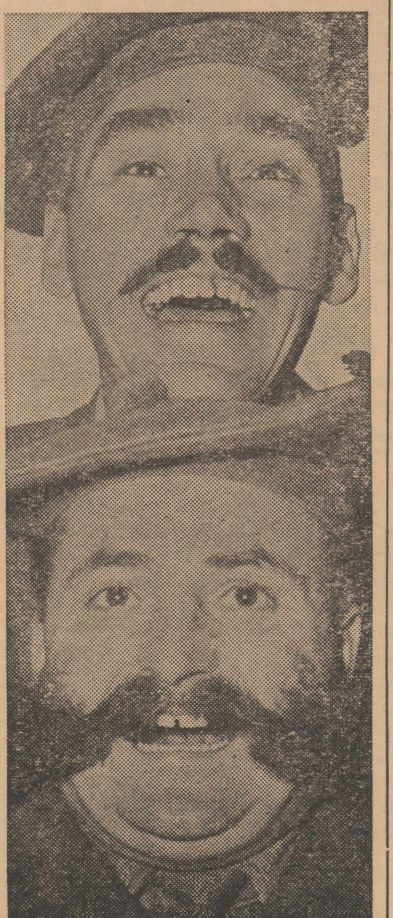

The flag ceremony was explained by our leader, Mrs. Gurley, Cynthia Gurley and Diane Hunt were flag bearers. Debra Everett and Molly Gregory were color guards.

The troops made the pledge of allegiance. This was followed by their Brownie promise, and they then sang "My Country 'Tis of Thee." The meeting then prayed.

After the flag ceremony, we had roll call and collection of dues and the money for nuts.

Mrs. Matern then gave a talk on what it means to be a Brownie.

We had clean-up time and closed our meeting with "The Magic Tunnel."—Jeanie Prophet, reporter.

SCHOOL CLASSROOM

(continued from page 1)

until such time as the junior high school is large enough to have a separate library; and by removing the wall between rooms 16 and 17 to make a reading room for the senior high school. By having the stacks in the middle room, books will be available to both junior and senior high students at the same time. The present hallway should be utilized as a checkout desk, for storage, and repair of books.

The band hall can be made adequate for the music program by converting the present room into practice rooms, storage, and office space, and constructing a rehearsal room 40x45 for the band and a rehearsal room 30x35 for the choir.

A mechanical drawing room 30x30 should be constructed adjacent to the present industrial arts building.

Mr. and Mrs. Cleo Townsend is visiting in San Marcos with Mr. and Mrs. Clyde Townsend.

NAVY ANNOUNCES NEW PROGRAM

Chief J. D. Rice, navy recruiter, announced today that the navy now has a three year enlistment program. Further information may be obtained on this program by contacting the navy recruiting office, 420 Taylor St., Corpus Christi, or by dialing TU 3-4261 in Corpus Christi.

Chief Rice also announced that prior navy personnel who were discharged in pay grades E-2, E-3 or higher may be re-enlisted for periods of 2, 3, 4, or 6 years.

KOEHLER GRADUATES FROM COURSE

Marine Lance Cpl. Henry S. Koehler, son of Mr. and Mrs. Henry S. Koehler of Rockport, was graduated, Dec. 15, from the Administrative Clerk Course at Schools Battalion, Camp Pendleton, Calif. The school covered all phases of administrative work normally performed on the company level, including personnel accounting, pay, filing, record keeping and naval correspondence.

PRUNING ORNAMENTALS INJURED FROM FREEZING WEATHER

After a freeze, the natural reaction is to do something right away. Actually, there is very little that can be done at that time, as it is impossible to determine the full extent of injury. Although frozen tops are unsightly, they are not injurious to the tree or shrub. No poison or sour sap forms in the plant that will back up into the living tissue and do further damage. Following a severe freeze, twigs and branches may continue to die for a period of several months.

It would be best to wait two or three weeks before any pruning is done to frozen shrubbery. Time will tell how far back they are frozen and to what extent they should be pruned.

Immediate pruning might stimulate growth which could be killed again by later freezes. Winter isn't over yet. The removal of dead tops is not as important with ornamentals as it is with citrus trees, but there is the possibility that weak-destroying fungi may gain entrance through weakened branches or through neglected pruning wounds or stubs. On the contrary, the removal of healthy limbs has a weakening effect and when excessive amounts of live tissue are removed, the general effect of pruning is to dwarf the trees.

Succulent tops on tropical and subtropical ornamentals were frozen but many of these will sprout from crowns below ground. Ability to recover from cold damage depends in large part on the vigor of the plant. Weak plants

showing disease, insect damage or deficiency symptoms usually are the ones most severely damaged.

The equipment used in pruning usually consists of a pair of shears and some type of saw. In some cases, powerful long-handled shears or even hedge trimming shears may be needed, but the average home owner can get by with hand shears and a saw.

Pruning wounds larger than one-half inch probably should be covered with a safe wound covering. This will sterilize the cut surface and protect the exposed wood from invasion of disease and insects. The protectant should be applied within a few days after the cuts are made. An asphaltum-carbolium type protectant is suggested.

Delay watering in hopes of delaying tender new shoots until the danger of additional freezes has passed. Watering during warm periods in the winter, following cold injury is hazardous and should be avoided it at all possible.

DUPLICATE BRIDGE NEWS

Homer Faber and A. L. Bachman were high score winners at Duplicate Bridge last Thursday night; Mrs. C. C. Atchley and Mrs. L. W. Tuer were second and Bob Winton and George Dickey were third. Duplicate Bridge is played each Thursday night at 7:30 in the Woman's Club Building; all interested players are invited. The last Thursday of each month is Master Point Night.

Mrs. Mary Thompson returned home Monday night after a weeks visit with relatives in Independence, Mo.

YOUTH CENTER

cost to the association of \$20.00 for paint (the cost being exclusive of the refinishing of the floors.)

A new method of securing chaperones for the Junior and Senior High dances has been put into effect. This method enlists the help of all parents whose children attend the dances.

Membership cards have been issued to all Junior and Senior High students. These cards will be required for admission to dances. Cards will be issued to persons not in school whose names have been submitted by a student and who have been screened by members of the Youth Sponsor's Executive Board and youth representatives. Married persons and persons over 21 are not eligible.

Permission was granted for the building to be opened on Saturday and Sunday afternoons between 2:00 p.m. and 6:00, for the use of the students.

The Executive Board accepted with regret the resignation of Mr. and Mrs. Bob Morrison as paid sponsors, but were happy to fill that vacancy with Mr. and Mrs. Norman Oliver.

Editorial

The Aransas County Library has outgrown its quarters again, with more than a fifth of the county's population holding borrowers' cards, and a circulation of close to ten thousand books last year, although open only three afternoons a week, for a total of nine hours!

And it did this on an expenditure of only \$1554.19 for the entire year.

Most of this came from the county, which allocated \$1000 last year, and again this, for operation of this facility. The now defunct United Fund contributed \$36.27 as a dying gesture; memorial gifts brought in \$200.19; donations amounted to \$10 over the year; and fines for overdue books brought in another \$100.

Of this, Mrs. Everal West said, \$724.04 was spent for purchase of 310 books; \$11.75 went for magazines; salary of the librarian took up \$720; and Social Security contributions took another \$21.60.

The finances of the library, starting with a balance of \$207.73 last January 1, showed a balance of only \$76.80 this year, and the Commissioners Court have allocated only \$1000 again.

This means that the library, which is filling a need in the community, and growing with it (as far as it can), is going to be hard-pressed to serve the many demands that will be made upon it this year.

In her report to the county commissioners, Mrs. West suggested a minimum budget of \$1853 this year. Of this, \$80 a month would go to the purchase of new books without which the library cannot grow; \$20 would go for magazines; \$40 would be expended on supplies that are needed; salaries, including a raise during the summer months, to enable the place to stay open longer, would be \$810, and social security payments would absorb another \$23.

Last year, the financial situation of the library became known to the public through articles in the Pilot, and people responded generously. The amount given for memorial books was \$200, as already mentioned; donations were \$10; and many people refused to accept change when paying small fines for overdue books. Gifts of books also increased.

Mrs. West has pointed out in her report that a full time librarian and a library building would be highly desirable, along with an increased budget. In other cities, such as Port Lavaca, a new library building has been built with county funds, and a small portion of the tax money set aside for salaries and other expenses.

Judge John Wendell, at a meeting of the Aransas County Area Development Board, held Monday night, has suggested this as worthy of their consideration, and the Board has agreed to look into the matter. It is to be hoped a new and enlarged library will result as a service to both adults and, more important, the youngsters of the community.
