

## Voters Return 3 Incumbents To School Posts

Ho Hum.  
There were two votes difference in the race for the third vacancy on Olton's school board last Saturday.  
That hardly raised eyebrows here, for Olton area voters have seen days like April 2 when things got closer.  
The results in Saturday's school trustee election returned the three incumbents-----Ed Thompson, Gilbert Roberson and Owen Jones-----to office.  
Thompson led the ticket with 267 votes and Roberson was close behind with 242.  
Jones got the third spot by the skin of his teeth, a two-vote margin over W. B. Dickenson Jr. It was 209 for Jones, 207 for Dickenson.  
Glenn H. Phillips and George Caddell trailed with 187 and 116 votes, respectively.  
The election was close enough to cause the election officials some concern.  
Their first tally on the Jones-Dickenson race was tied 208-208. A recount showed one vote had been counted inaccurately, and the final became 209-207, Jones.  
"That's one of the closest I ever saw," said election Judge H. A. Hysinger. "As we were tallying the votes, I bet those two were tied 50 times."  
Another election official, Bill Thomas, in an obvious reference to the April 2 city election, said: "What surprised me was that not a single Latin American voted in the school election."  
Thomas was a one-vote loser in the mayor's race in that election. The turnout in that one was 592, including an extremely heavy Latin American vote.  
Turnout in the school election was 413. There were no write-ins and only two mutilated ballots, both of those because the voter failed to narrow his choices down to three.

## Baseball Program Making Progress

The Olton youth baseball program made visible headway Tuesday night when 30 boys signed up for competition in Pee Wee, Little League and Pony League. Baseball Association officers were elected.  
Officials have announced that boys who did not register Tuesday should make certain to be at the Legion Hut at 8 p.m. Monday.  
Progress was made in signing coaches, umpires and managers. A committee was also assigned to find out costs of land and facilities for a new Little League park.  
Officers heading the program this year will be Carroll Cox, president; Doug Jones, vice-president; Joe Turner, secretary; Gene Trotter, treasurer; Bub Holt, player-agent for Pee Wee and Little League.  
Royce Collins, assistant player-agent; Lynn Fite head of the finance committee; Delmer Givens, chairman of the grounds committee and June Gullett and Gwen McClain, chairmen of the concessions committee.  
Boys signing up Tuesday were Lynn Campbell, Eddy Hooper, Joe Schenck, Danny Sides, Scott Jones, Charles A. McClain, Pat Trotter, Mike Trotter, Guy Ballard, James Lively, Carly Bley, Joe Dale Chitwood, Dale Parsons, Mike Par-

## Pre-Schoolers' Registration Starts Friday

Olton school officials announced this week the pre-registration of children six-years-old on or before September 1, 1963.  
First meeting will be in the school auditorium at 11 a.m., Friday, April 19.  
Registration will take place in the H. P. Webb Elementary School. Parents and children will be served lunch in the cafeteria.  
Elmer Moore, business manager, said that rides would be available for persons who do not have a way. He asked that they call the school.  
He stressed the importance of the pre-registration, saying, "Our elementary officials need to get the names and number of children so they can plan their program for next school term."  
Parents are asked to bring their child's birth certificate.  
Members of the PTA Steering Committee who will help with transportation are Mrs. Eugene Sorley, Mrs. M. C. Church and Mrs. Elmer McGill.

## League Awards Will Be Made

The awards banquet of the Men's Classic Bowling League will be staged Tuesday at 7:45 p.m. at Era Maye's Dining Room.  
Team and individual awards will be presented.

## OHS Duo Wins

Pam Hair and Diana McKnight, Olton High School sophomores, captured the doubles championship of the district tennis tournament at Dimmitt Tuesday.  
The Olton pair won, 6-0, 3-6, 8-6, over a Dimmitt twosome in the finals.  
Georganne Redinger, another OHS sophomore, placed third in singles in the tourney.

YOUNG MARK Priest climbs upon the wing of an airplane in preparation for a free ride. Mark and his father, Jim Priest, were among the 75 who took plane rides Saturday at the Olton air strip. Mark was the youngest passenger.

## Free Rides Attract 75

As many as 75 Olton residents got their air wings here Saturday when they were treated to free airplane rides at the local air strip.  
The rides came in conjunction with opening of the new strip and the beginning of flying lessons by Miller Flying Service.  
Johnny Gantt and Durward Bradshaw represent the Plainview aerial firm. Lessons are being offered every Monday, Wednesday and Saturday.  
Four pilots, including Gantt and Bradshaw, took on all comers from shortly afternoon to near 5 p.m.  
Many of the riders went up for their first time.  
Two other pilots helping with the flights were Otis Hair, Olton farmer, and Bobby Measles.  
Six planes were used during the afternoon.  
Persons interested in taking flying or ground school lessons should contact Melvin McReynolds, chamber of commerce and agriculture manager.

## ORC Members To Vote On Youth Center

A proposal to establish a youth center at the Olton Recreation Center clubhouse will be discussed Tuesday night at a general meeting of the ORC membership.  
The session is scheduled for 7:30 p.m. in the ORC clubhouse.  
Proposal for the youth center, which would be adult-supervised, was made by the civic affairs committee of the Olton Chamber of Commerce and Agriculture.

That group took its plan before the ORC board of directors, which decided to put the proposal to a vote of the membership.  
Plans for the youth center could possibly include dances for teen-age youths, under adult supervision.

## OHS Students Awarded Band Scholarships

Three Olton High School seniors were awarded part-time, four-year band scholarships last week after auditioning for the Howard Payne Yellowjacket Band.  
On the merits of their playing, Joe McKnight, Barry Prestridge and Bennett Worley were so honored.  
E. J. McKnight, junior high principal, accompanied the boys on the trip.  
While in Brownwood, the four were special guests at an American Heritage Program.  
Among outstanding speakers heard by the Olton group were John Tower, U. S. Senator; Dr. D.D. McClain, president of the University of Mississippi and Dr. Hershel Hobbs, president of the Southern Baptist Convention.

# City's Big Question Is 'Who's To Judge?'

## Council In Split

Olton's city council split itself down the middle almost from the start as it was reorganized at its meeting Tuesday night.

Shortly after new mayor Gene Wilson and councilmen Bill Kemp and Russell Rucker took office, a split vote occurred on the election of a mayor pro tem.

Bob Gullett won the honor when Mayor Wilson cast the deciding vote after a 2-2 tie.

The tie resulted from a secret ballot among G.H. Buchenau, Gullett, Kemp and Rucker. The other councilman, Dr. Basil Johns, had left the meeting to deliver a baby.

Gullett and Johns had been nominated for the pro tem post, in which Gullett will serve as mayor in the absence of Wilson.

Other items coming in for discussion at the meeting were: THE CITY DISPOSAL and dump ground---"We need to try to get something started on moving it. It will eventually come to the point of having to move it," said Wilson.  
After discussing aromatic view points, councilmen agreed to talk to city engineer Bill McMorris about the problem.

CITY PARKS---Spokesman Lester Thompson of the civic affairs committee of the Olton C-CA requested that city parks be developed at two sites, neither of which is owned by the city.  
A city map shows the parks to be two lake areas, neither of which has drainage facilities. "Water drains to and not through those areas," said Buchenau, "and I don't believe we could use land designed for a park that is three feet under water."

FUTURE WATER---Olton C-CA manager Melvin McReynolds asked: "Do you feel you need to look to the future for an available municipal water supply?" He then explained that Olton could get top priority on water rights when a large dam is constructed on Running Water Draw. Gullett expressed an interest in attending a meeting on the project, but two other councilmen opposed it.

## Mayor Says He's Automatically In

Who is Olton's city judge?

That question, ordinarily a simple one to answer, was a slippery one Wednesday, following a Tuesday night city council meeting at which a new mayor and two new councilmen took office.

There are two points of view:

"I automatically become city judge," says new mayor Gene Wilson.

"The city council has not said anything to me about retaining or replacing me. I feel that they are the ones who have this authority," says Bill Smith, who is, or was, or yet may be, city judge.

The situation came up when Councilman Bob Gullett asked a surprise question at the meeting. Turning to Wilson, he asked if the new mayor wanted the job as city judge.

"I'll serve as city judge by virtue of my office," Wilson replied.

The surprise turned to laughter as Councilman G.H. Buchenau exclaimed: "There'll be repercussions in the court house tomorrow."

New councilmen Russell Rucker and Bill Kemp questioned legality of the move.

City attorney Andy Stroebel gave this explanation: "By virtue of holding office, the mayor can execute obligations of the judge's office."

Councilman Dr. Basil Johns missed the whole procedure. He left the meeting a short time earlier to deliver a baby.

Skepticism about the surprise move remained and Wednesday efforts were being made to obtain a ruling from the Texas Municipal League.

Wilson, contacted Wednesday evening, stuck to his earlier feelings.

"I'm automatically city judge until I resign."

"If I were to take money for this work, I could not serve as judge," Wilson added. "But if I don't, then I can."

Asked if he had received legal opinion on the question, Wilson said: "The city attorney has been my legal advisor."

Wilson was questioned then about the reason behind his wanting to be city judge, as well as mayor.

"Are you trying to save the city some money by doing the job for nothing?" a reporter asked.

"Not particularly," said Wilson. "I don't feel free to express myself on the reason just now."

Told that others may seek a state ruling on the question, Wilson said: "That suits me fine. I am not trying to do anything out of order."

Advised of reports that Bill Smith considered his situation unchanged, and that "some might think Olton has two city judges now," Wilson commented:

"Well, we certainly ought to have plenty of law and order around here."

Is Bill Smith out of the city judge job?

"I really don't know what my status is," said Smith. "The city council has not said anything to me about retaining or replacing me."

He added: "If the council ever felt like any of the rulings I've made were wrong, they've never said anything to me."

"I have acted impartially, under one set of rules, for whites, Negroes and Mexicans. I have had to fine some close friends. I could not have two sets of rules to follow."

"As far as any action I've taken while city judge is concerned, I have no apologies whatsoever to make."

## Five Given Honorary Awards At Future Farmers' Banquet

Moms, dads, guests and friends crowded 250 strong, Monday night into the Olton school cafeteria to attend the annual FFA Parent-Son Banquet.

They heard Curtis Dickson, state vice-president of the Texas FFA Association, speak on the importance of agriculture.

During the banquet, honorary chapter farmers were recognized and given plaques for outstanding service to the FFA chapter.

Foundation awards for specialized FFA work were given as well as appreciation awards.

Recipients of plaques as honorary chapter farmers were D. M. "Bub" Holt, Frank Struve, Lee Simmons, W. T. Hall, Jr. and David Howton. Plaques were presented by chapter officers.

Dickson, in his talk, commended the Olton FFA organization and the parents for their support and interest.

He said, "A nation is only as strong as its agriculture."

Dickson singled out specialized branches of agriculture, encouraging boys to get a well-rounded education to qualify.

"Opportunities are available," said Dickson, "in processing, distribution, research, public relations, journalism and medicine."

He ended his speech by saying, "In order to do great things, one must learn to do small things well."

Vo-og boys given foundation awards were Martin Kuncle, electricity; Charlie Burrows, public speaking; Billy Carson, livestock production; Richard Hall, soil and water management; Keith Berry, crop production; Neal Burrows, farm safety; Steve Moss, star greenhand; and Dennis Givens, star chapter farmer.

Superintendent Johnny Clark told how persons in this area are friendlier because of their closeness to nature.

"Persons who work with soil, water and animals," said Clark, "have a closer realization of the purpose of life."

## Postmaster Has Tentative Plans For New Office

Tentative plans for the new Olton Post Office building have been received here by I. B. (Doc) Holt, postmaster.

Holt said he will compile local information needed by postal authorities before final plans can be completed.

The preliminary plans call for a 56 by 62-foot building which will be located just east of Olton Bakery. Bids on construction of the building will be taken later, after final plans are set up.

THESE HONORARY Chapter Farmers were presented plaques Monday night for outstanding service to the Olton FFA Chapter. From left to right they are D. M. "Bub" Holt,

David Howton, W. T. Hall, Jr., Lee Simmons and Frank Struve.

## Eighth And Freshmen Second At District

Olton's eighth grade and freshmen track teams both finished second last Thursday in the district track meet at Springlake.

The seventh grade, however, scored only three points to finish at the bottom.  
It was Robert's chinning to a third place that gave the seventh its points.

For the freshmen, Joe Priest was the outstanding man of the day. The young athlete won first place in the low hurdles, first in the pole vault, second in the high hurdles and anchored the winning 440-yard relay team. Friona beat out the Olton team by one-and-one-fifth points.

Jimmy Ivins was also a stand-out performer for the freshmen, placing second in the 100-yard

dash and first in the 440.

Jackie Burkhalter was second in the 50-yard dash and ran a lap on the winning sprint relay.

Other point getters were Curtis Hall, second in the discus; Burney Hooper, second in the pole vault; Jerry Smoot, third in the high hurdles and fourth in the lows:

Steve Moss, third in the 440; Jerry Winn, fourth in chinning; Don Mitchell, fourth in the shot put and fourth in the discus. The eighth grade came in second behind Muleshoe, being beaten out by nine points.

Garnering points for the young Mustangs were Dale DeBerry, first in the 50-yard dash, first in the 75-yard dash, first in the 100-yard dash and first in the broad jump; Lorenzo Ruiz, first in chinning; second in

the 75-yard dash; third in the 50-yard dash and third in the 100-yard dash.

Roger Thompson, third in the low hurdles; and Albert Keys was fourth in the high hurdles.

SCHOOL LAW--Texas has come a long way along the road to an attitude of normalcy on racial desegregation.

That's what Rep. Don Gladden of Fort Worth told the House State Affairs Committee.

Gladden's bill, co-sponsored by 49 House members, would abolish the law passed in 1957 requiring that school districts get voter approval before desegregation.

Under that law, districts which do not call elections before integrating face the loss of state funds.

Bill now is in subcommittee.

## Olton Places Fourth In

## District Track Meet

Winter kicked out of its traces last Friday and played havoc with the District 3-AA track and field meet held in Springlake.

The meet should have been declared "no contest", for the Muleshoe Mules dominated almost every event, amassing 204 points.

Morton was next closest with 108.

Olton beat out Dimmitt's Bobcats for the cellar, outpointing them 47 to 46. Friona finished third with 56 points.

Delayed for more than an hour because of rain and drizzle the meet, once it started, was run off with great "vigor".

About 30 huddled spectators saw Muleshoe place from two to three boys in the majority of events.

Morton held reign over the mile run, finishing one, two and four. A Mule was third.

Olton's "shining moment" came in the broad jump when George Jones turned back the pack with a first place leap of 20.1 1/4 feet. He accomplished the feat on his last jump.

Ronnie Parsons, who has been the Mustang's work horse this season, finished second in the 440-yard dash and third in the 220. He ran a neck-and-neck race with the Mule's Gilbreath in the quarter and was beaten at the tape by a couple of yards.

Only first and second places at district qualify for the regional "go around".

Parsons and Jones were the only Olton athletes to make the grade.

Olton had its share of hard luck with a bad baton exchange in the sprint relay and again when Jones made two false starts in the high hurdles and was scratched from the event.

The Mustangs picked up several fourth place points. Don Sopher was fourth in the discus. Ronnie Digby in the 100-yard dash, Eddie Smith in the 120-yard low hurdles and the 440-yard relay team wound up fourth.

The relay team is made up of Richard Hall, Ronnie Digby, Sam Roden and Ronnie Parsons.

## No Sugar Beet

### Restrictions

There will be no acreage restrictions (proportionate shares) on the 1964 crop of sugarbeets.

The 1963 domestic beet sugar marketing quota, is approximately 2.7 million tons.

Stocks of beet sugar on hand the first of the year amounted to 1,368,000 tons, and it is anticipated that 616,000 tons will be produced from 1962-crop beets to be harvested in 1963.

This provides a supply of 1,984,000 tons of beet sugar to meet requirements until new-crop sugar reaches the market next fall. Marketing of beet sugar in the last quarter of the year will be heavy.

The Department of Agriculture has indicated that it is too early to determine whether restrictions will be necessary on the 1965 crop. However, production would have to exceed marketings sufficiently to create safe and reasonable stocks before acreage restrictions could be reimposed.

# TORNADO Safety Rules

TO KNOW WHAT TO DO WHEN A TORNADO IS APPROACHING MAY MEAN THE DIFFERENCE BETWEEN LIFE AND DEATH!

## I If you are near a tornado cellar:

When time permits, go to a tornado cellar, cave or underground excavation which should have an air outlet to help equalize the air pressure. It should be kept fit for use, free from water, gas or debris; and preferably equipped with pick and shovel. THERE IS NO UNIVERSAL PROTECTION AGAINST TORNADOES EXCEPT UNDERGROUND EXCAVATIONS.

## II If you are in open country:

1. Move at right angles to the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles per hour.
2. If there is no time to escape, lie flat in the nearest depression such as a ditch or ravine.

## III If in a city or town.

1. Seek inside shelter, preferably in a strongly reinforced building. STAY AWAY FROM WINDOWS!
2. In homes: The corner of the basement toward the tornado usually offers greatest safety, particularly in frame houses. People in houses without basements can sometimes be protected by taking cover under heavy furniture against inside walls. Doors and windows on the sides of the house away from the tornado may be opened to help reduce damage to the building.
3. Standing against the inside wall on a lower floor of an office building offers some protection.

## IV If in schools:

1. In city areas: If school building is of strongly reinforced construction, stay inside, away from windows, remain near an inside wall on the lower floors when possible. AVOID AUDITORIUMS AND GYMNASIUMS with large, poorly-supported roofs!
2. In rural schools that do not have strongly reinforced construction, remove children and teachers to a ravine or ditch if storm shelter is not available.

## V If in factories and industrial plants:

On receiving a tornado warning, a lookout should be posted to keep safety officials advised of the tornado's approach. Advance preparation should be made for moving workers to sections of the plant offering the greatest protection.

## VI

Keep calm. It will not help to get excited. People have been killed by running out into streets and by turning back into the path of a tornado. Even though a warning is issued, chances of a tornado striking one's home or location are very slight. Tornadoes cover such a small zone, as a rule, that relatively only a few places in a warned area are directly affected. You should know about tornadoes though, "just in case."

## VII

Keep turned to your radio or television station for latest tornado advisory information. Do not call the Weather Bureau, except to report a tornado, as your individual request may tie up telephone lines urgently needed to receive special reports or to relay advisories to radio and television stations for dissemination to thousands in the critical area.

MRS. ROY NEIL JONES

## Critchfield-Jones Vows Solemnized

Wedding vows were solemnized Friday evening by Nancy Critchfield and Roy Neal Jones in the First Methodist Church of Olton.

Rev. Doyn Merriman, pastor of Valleyview Methodist Church directed the recitation of double ring vows.

The bride is the daughter of Mr. and Mrs. Tom Critchfield. The groom is the son of Mrs. Pauline Jones and the late J.C. Jones of Olton.

Marking the nuptial area were baskets of white gladioli, candles burning in branched candelabra and a profusion of greenery. Blue bows and wedding bells were used as pew

markers.

Traditional wedding music was provided by Mrs. Delmer Givens, organist, and Miss Joanna Lewis who sang "Whither Thou Goest" and "Ah Sweet Mystery of Life".

Miss Critchfield was given in marriage by her father. She was attired in a formal gown of de-lustered satin.

It was designed with a floor length sheath skirt with detachable train and a bodice overlaid with chantilly lace styled with long pointed sleeves and high madarian collar.

The waistline was accented with a bow of white satin. Her elbow length veil was attached

to a coronet of white satin that featured a pearl trim. She carried a bouquet of purple orchids surrounded by stephanotis.

Mrs. Joe Blevins of Plainview, and sister to the bride, served as honor attendant. Bridesmaids were Miss Joanna Lewis of Olton and Miss Marilyn Young of Hereford.

They wore identical sheath dresses of blue cotton-satin with organza overblouses. The dresses were styled sleeveless and had scooped necklines.

They wore blue dyed to match shoes, blue hats of the dress fabric and carried nosegays of white and blue carnations.

John Paul Jones acted as best man for his brother. Groomsmen were John Lynn Burrow and Jerry Mathis. Ronnie Smith and Jarold Simmons served as ushers.

The reception was held in the Fellowship Hall of the Church. The centerpiece was fashioned of candles and the bridesmaids bouquet.

Mrs. Tracy Critchfield served at the guest register. Misses Billie Beasley and Sammie Clark served the cake and punch.

For travel on their wedding trip to Colorado, the bride chose a gold suit and black patent accessories.

When they return, the couple will make their home at 2218 15th street, Lubbock.

Mrs. Jones graduated from Olton High School in 1961 and attended Texas Tech. The groom is also a Olton High School graduate and is a sophomore at Texas Tech.

## Bonahoom-Sluder Ceremony Held

Najla Bonahoom, daughter of Lt. and Mrs. George J. Bonahoom of Alamogordo, N.M., and Tom A. Sluder Jr., son of Mr. and Mrs. Tom A. Sluder Sr., of Olton were united in marriage February 16, at the Ledword Chapel in Schweinfurt, Germany.

Catholic Army Chaplain, Father Peter Kelly, officiated the double ring ceremony.

Given in marriage by Major Tom Dinnis, the groom's intelligence officer, the bride wore a gown of antique white satin, cut on the princess style and a rose point lace collar with a cathedral train.

Her finger tip veil illusion fell from a pearl covered coronet.

The gown was the same one worn by the bride's mother 27 years ago on her wedding.

Mrs. Lois Laudette attended the bride as matron of honor. She was attired in a royal blue, ballerina length formal designed with silk sleeves.

She wore a white pillbox hat and carried a bouquet of pink carnations.

SCF Roy W. Laudette served as best man.

Following the wedding, a reception was held at the Cafe Gabs in Niederwerrn, Germany. Herr and Frau Wolfgang Bark hosted the party.

German cake, delicacies and beverages were served from a table decorated with a bouquet of roses.

Mrs. Wayne Norcross, assisted at the reception-guest book.

For going away trip, the bride wore a three-piece green suit with matching hat and black accessories. The suit was fash-

ioned by the bride's mother. The couple will be at home in Niederwerrn, Germany until duration of present overseas tour of duty.

## Accent Is On Thoroughness As Board Talks Industry

"The mills of the gods grind slowly, but they grind exceedingly small."

So the poet wrote, and so is action developing slowly but thoroughly on getting industry to Olton.

When the Chamber of Commerce and Agriculture board met last week, they rehearsed steps of industrializing this town and community.

"We need to get an industrial development board organized," said Percy Parsons. "What we have in mind is accumulating a wealth of information and not jumping sight unseen into a bad situation," he added.

The bad situation he spoke of was the hiring of an expensive factory relocating firm when the state would possibly lend support.

"We're on the right track," said George Redinger, board president. "We need to complete forms related to Olton and what it has to offer industry and take it to Clark in Austin."

The Clark spoken of was Harry Clark, executive director of industrial relations in Texas.

Parsons said, "We should contact Bill Clayton (state representative) and have him go with us to see Clark." Clayton had already offered his assistance to the Olton committee.

Meanwhile, the commerce and agriculture board here was hearing from the industrial

Economics Research branch at Texas A&M.

The A&M organization said a team would be sent to Olton, if hired, to take an industrial survey to find what the city lacks and what it has to entice industry.

"The A&M team," said Melvin McReynolds, chamber manager, "would find out what crops have the best chance of being industrialized."

McReynolds and Parsons will be sent to Austin to talk facts and figures with Clark once the report is compiled.

Olton board members also voted to send McReynolds to the

Chamber of Commerce Institute July 21-27 in Houston.

Discussed briefly at the board meeting was clean-up, fix-up, paint-up week, an exchange banquet with the Plainview commerce board, feed lots, youth facilities at the Olton Recreation Club, highway 70 project, and a nursing home.

Board members present were Bill Walden, Owen Jones, James Cowart, Walter Lewis, Dan Gregory, Delmer Givens, Redinger, McReynolds, Parsons, George Caddell, Johnny Clark, Ed Thompson, James Hall and Basil Sherman.

### COUNCIL MEET

CONTINUED FROM PAGE 1

cilmen, Johns and Buchenau suggested the city needed more "concrete facts."

**LATIN EMPLOYE**--When the question of firing a Latin-American employed for the city came up, Gullett said, "I make a motion we get rid of him."

He had told councilmen that the laborer was not an American citizen and someone else had a better right to the job.

The vote never came off for lack of a second to Gullett's motion. The question was tabled.

Other action included:

1. Purchase of a \$65 blinking light for the street sweeper. Several persons had complained about almost getting run over by the sweeper.

2. Election of Bill Kemp as the council's representative on the Olton Recreation Center board.

3. Approval of a minute order for widening and curb and gutter on FM 168 from 9th to 14th streets.

4. Approval of an application for a license, accompanied by a \$1,000 bond, for J.M. Goodman. The council also announced that a license for Price Wrecking had been renewed.

OLTON PRESENTS Vicki Ann Hathaway, eight month old daughter of Mr. and Mrs. Mickey Hathaway of Dimmitt. Grandparents are Mr. and Mrs. Marshall Campbell of Olton, and Mr. and Mrs. Ed Hathaway of Dimmitt. Great grandparents are Mr. and Mrs. W. H. Mayes of Edmond, Oklahoma.

### HART NEWS

## Proposal Is Defeated

Hart voters Saturday turned down a \$460,000 school expansion program and named two trustees in a separate election.

In the largest turnout ever to go to the polls in Hart, voters defeated the main issue of the election by a narrow count, 156 to 142.

In the trustee election, incumbent R. G. Henderson led the ticket with 221 votes.

Deryl Clevenger got the other vacancy with 136 votes.

Verle Crick almost pulled off a write-in victory, capturing 128 such votes. Theron Morrison received 89.

Clevenger will succeed Rodney Smith, who did not seek re-election.

Supt. Paul Kennedy told the Hart Beat this week that the school board planned a meeting for Thursday night. He said he expected the board would again take up the program to expand the school system.

"Something has to be done," said Kennedy. "I feel like the board will go right back into the program to try to come up

with something the electorate can agree on."

Also planned at the board meeting was the organization of the new board, including election of a president to succeed Smith.

A total of 307 votes was cast in the school bond election.

Only one of the three propositions on the bond vote was approved. That was Senate Bill 116, the ruling which would have made it possible for the school district to finance the bond program. This proposition was approved, 151-144.

The second proposition, which was the \$375,000 bond required for the building of classrooms and gymnasium was defeated by 156-142.

The third issue, which set up \$85,000 for construction of a

600-seat auditorium, was turned down by 183-114.

### Given Blood

Little three-year-old Brew Aven was rushed to a Lubbock hospital last Tuesday after suddenly becoming ill.

He was given a blood transfusion at Methodist Hospital as a result of internal bleeding. He was reported to have lost a large amount of blood.

**ROLLING CULTIVATOR**

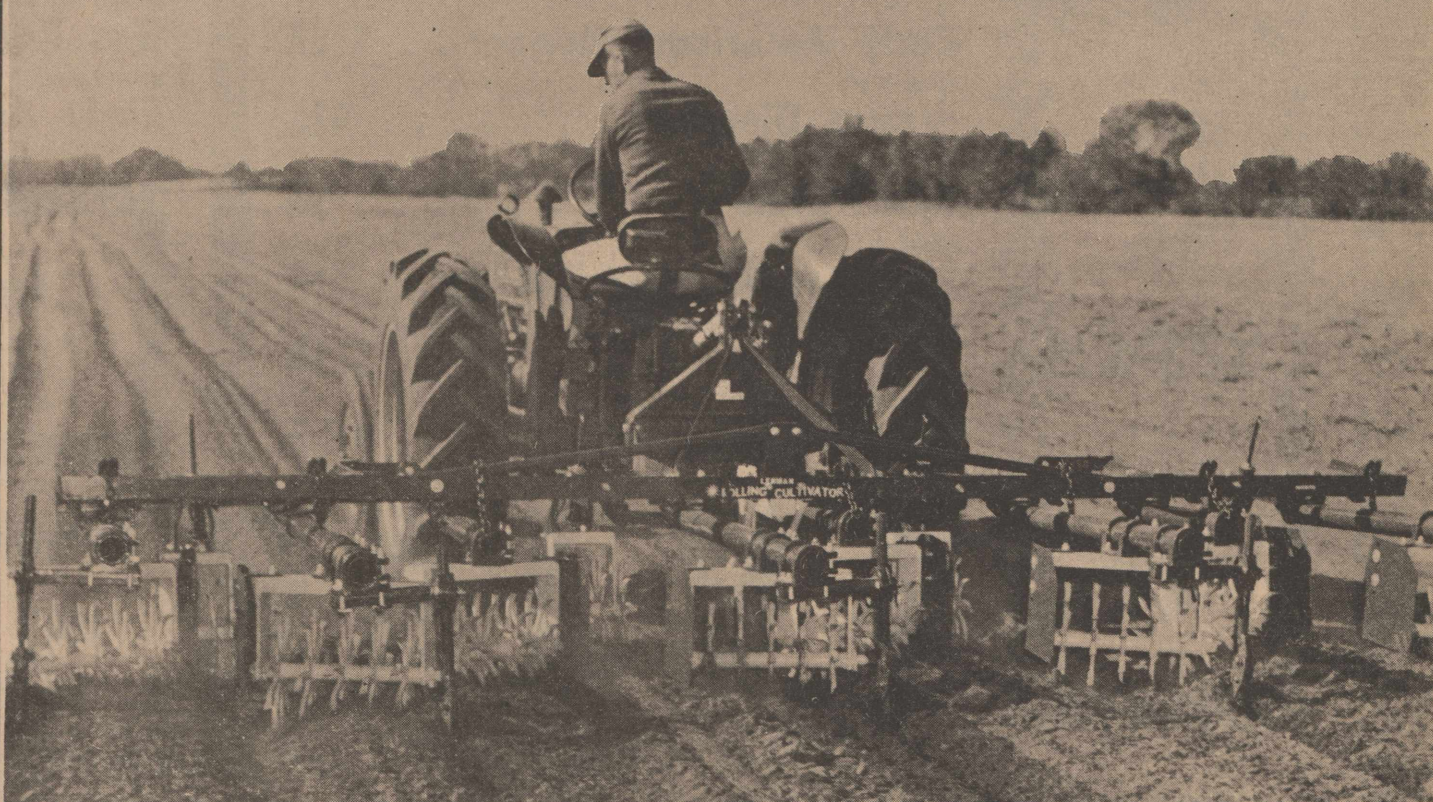

The business end of the Rolling Cultivator is the ductile iron spider. Note that it turns the opposite way from ordinary tools—instead of just picking the ground, it slices through and displaces the dirt as it rolls. Fast flying spiders work at field speeds up to 3 times faster than ordinary cultivators. Three gangs of spiders work each row, one directly over the crops, the

other two on the side of the row—each gang independently floating to insure thorough cultivation coverage no matter how uneven the ground. You can angle the gangs to throw dirt toward or away from the plants or get more or less agitation. The rear gangs can be tilted to work bedded ground or the sides of furrows. Sweeps work the middles and the cultivation is complete.

### TEXAS COTTON GROWERS REPORT:

## Entire Season Control of Thrips, Aphids and Mites...

**Di-Syston Treated Plants Are  
Stronger, Straighter ... Produce  
More Squares Earlier**

West Texas and New Mexico cotton growers now have a new way to control thrip damage and early-season stunting ... with Di-Syston granular insecticide. Di-Syston is placed in the soil with the seed or side dressed after planting. The chemical is then absorbed by the growing roots and carried to all parts of the plant through the sap stream—as soon as the plant emerges. No part of the plant is unprotected—even tender new growth as it is formed.

The result? With Di-Syston, your early cotton grows faster, has stronger, straighter stems, more vigorous foliage. Squares form earlier and the plant produces more of them. Many growers in the Lubbock area have reported full season control of thrip with just the one application. You get higher yields because of the good Di-Syston start. This year, get your crop off to a good start with Di-Syston. Complete instructions for use are printed on the label on every package. Use Di-Syston.

We've got **GAS** air conditioning at our house!

Boy, it's the MOST! It does more than just COOL, too. It circulates, ventilates, dehumidifies and cleans the air. Oh, and it HEATS in winter... I almost forgot! Mom says it's a lot easier to keep house, now, because there ain't... I mean "isn't"... as much dust around. And you should hear Dad go on about how his hay fever's let up since we bought the Arkla-Servel. An' you know what? It runs so much cheaper than our old job that the folks increased my allowance from the savings! All I know is that when I get a house, I'm gonna have an Arkla-Servel Sun Valley, too. Say, ain't I mean "isn't," that a funny name for an air conditioner!

## Recipe Of The Week

**FRENCH BREAD**  
1 tbsp. shortening  
1 tbsp. salt  
4 tbsp. sugar  
1 package yeast  
6 cups sifted flour  
corn meal

Dissolve shortening, salt and sugar in one cup boiling water in large mixing bowl. Cool to lukewarm by adding 1 cup cold water. Blend in yeast (if compressed, crumble over mixture) if granulated follow directions, subtracting that amount of water from total called for.)

Add four in thirds; mix thoroughly until dough begins to leave sides of bowl. Turn out on lightly floured board and knead until dough is smooth and elastic, adding more flour if needed.

Place in greased bowl, turning once. Let rise until double in bulk. Punch down and let rise again until almost double.

Turn out on lightly floured board and divide in half. Roll each half into a 15 by 12 rectangle. Wind up tightly toward you, beginning with wide side. Seal edges by pinching together.

Place rolls diagonally on greased baking sheet lightly sprinkled with corn meal. Let rise until doubled in bulk. Brush tops with cold water. Cut with scissors or knife to make several diagonal quarter inch cuts across tops of loaves. Set pan of hot water in oven.

Bake in hot oven 15 minutes. Remove and brush again with water and sprinkle tops with sesame seed. Reduce temperature to 350 degrees and bake until golden brown. Brush third time with cold water and bake two or three minutes longer. Makes 2 loaves.

## PTA Officers Installed At Years Final Meeting

Mrs. Ed Thompson was installed as president of the Olton Parent-Teacher Association at the organization's final meeting of the year last Thursday evening in the school cafeteria.

Conducting the ceremony was Mrs. Melvin Hines, a 14th district vice-president and former local unit and county council president.

Mrs. Owen Jones was presiding officer.

Installed were Mrs. Thompson; Mrs. Hubert Waldrop, first vice-president; Mrs. Lacy Armstrong, second vice-president; Mrs. Joe Hall, third vice-president; Bill Walden, fourth vice-president; Mrs. Johnny Clark, Jr., secretary; Mrs. Archie May, treasurer; Mrs. Owen Jones, reporter; Mrs.

Elmer Moore, parliamentarian, Mrs. Norma Kennedy, historian; and Johnny Clark, Jr., song leader.

Mrs. Archie Sorley was presented a Texas Life Membership by Fred Gordon, chairman of this year's selection committee. This honor is bestowed annually on a community citizen who has contributed time and effort to activities benefiting the P.T.A. and the school.

As the major project for the year, the association is purchasing record players for the elementary and junior high schools and a water fountain for the school gymnasium.

A sum of \$425 has been earmarked for this purpose.

# "Rome Adventure" Is Banquet Theme

A glimpse at the menu Saturday night at the junior-senior banquet was all one needed to set his thoughts reeling back the road to ancient Rome.

The juniors used imagination and hard work in naming the foods and decorating the lunch room.

Mark Anthony, Brutus, Cassius and crew would have felt right at home. The full course meal consisted of Roman delight, Caesar's crowning glory, Athen's pride, goddess greens, Gladiators' triumph and food for the gods.

Inside, juniors had constructed authentic-looking Roman columns. The Parthenon was in vogue. Theme of banquet was "Rome Adventure".

The program consisted of Superintendent, Johnny Clark, Jr. giving the invocation, Carolyn Osthus the welcome, and Larry Fancher the response.

George Jones was master of ceremonies. After entertainment by the Satins, the class prophesy was read by Clyde Gallaway.

Pat Thompson and Billy Cox crowned the king and queen. Honored were King Bennett Worley and Queen Janice Moses.

Following is the class prophesy:

Prepared and edited by the one and only fortune teller Madam Fox.

I, Madame Fox, swear that these fortunes are anything but the truth, and any similarity to them and the real future is purely coincidental. If in doubt, laugh.

R. G. Arrington, Following his great experience in Olton High School as a great speech-maker, is the speaker of the house in Congress.

Tommy and Charley finally admitted that they had been married all through High School; Their 5 children attended the graduation ceremonies.

Following the Powder Puff Football Game, Amelia "Hairy Legs" Valverde was approached by a scout from the Green Bay Packers and offered a contract and a position as line backer.

Leroy Powers, who is now the publisher of A&B Joke Magazine is now sending free samples to Mrs. Clifford Curry.

Bobby and Ronnie didn't reveal that they had been married all through High School, however, their 5 children attended the graduation ceremonies also.

Gladys Thomas' marriage to Donald worked out fine, except the best man forgot the step-ladder and he was unable to kiss the bride.

Bennett Worley now heads a huge publishing house which puts out stories of the life and loves of that distinguished old bird, the pelican.

Robert Struve is now a manufacturer of ash trays of Falcon cars; seems that Robert knows a lot about Falcons and ash trays.

Nelda Rucker is now making a lot of dough as head of Mrs. Bairds Baking company.

Carolyn Rodgers was seen at the calendar revue and is now modeling bathing suits for Sears.

Augustine Saldivar is now a great speed driver at the Indianapolis Speed Way.

Sam Roden is now the heavy-weight champion of the world at 123 pounds, Congratulations Sam.

Brenda Roberts now plays her clarinet at Carnegie Hall, while she mops the floor.

Barry Prestridge now has throat trouble; seems that he swallowed his slide while playing in the Mustang Band.

Linda Price has made her contribution to sports. She now has 3 sons playing on the Harlem Trotters.

Larry Fancher became the first man to ski down Mt. Everest, barefooted.

Phyllis Hair now uses her experience and writes a column for the lovelorn.

Johnny Moses has become first in his class of 8 vying for the privilege of being the first on the moon, the other 7 were disqualified because they could not speak English; those coming in next highest were "Rocky", the Flying Squirrel,

"Cocomo", the Chimp, "Bulwinkle" the Moose, and "Andy Panda."

Jonella Moss used her experience gained in the Calendar Girl Revue and is now Mrs. Malaria.

Tanya Bryant flunked out her first year of college and is now pumping gas in Earth.

Joyce Howard now gives voice lessons in the New York Zoo, teaching elephants a real swingy alto.

George Phillips' famous car has won the Super-Super Stock class. His famous car, the Blue Bomb, was the star attraction at the Half-Way drags.

John Johnson, the famous writer of cigarette poems, now suffers from lung cancer.

Betty Harrod is now a great searcher, she is still looking for Mrs. Campbell's FTA Scrapbook.

Elaine Averett, who is now a great outdoorswoman, was lost for two days on a hunting trip. She was later found in a ground squirrel hole.

Joe McKnight now makes

Gelatin Desserts. When people ask who makes the great desserts, Joe answers Little-ole-Jelly-maker-me.

Deanna Farrar is now the head of the complaints department at Macy's Dept. Store.

Joye Cole is now racing tricycles at the Amarillo drags.

Charlie now supports his family making jelly roles.

Sammie Clark is now the assistant truck driver for Olton Butane Co.

Raymond Hernandez now deals in antiques; he says his most prized antique is his camouflaged 1952 Chevrolet pickup.

Ruthie Howard finally got in the movies; she was cast as "Lady Godiva".

Sharon Brigance who starred in a one-act play, finally found her right family, the present ruler of Russia, Uncle Nikita.

Larry Digby conducted an experiment and found that men are more sensible after they are married, but then it is too late.

Iona Tanner is now a disc jockey at KLLL radio station.

Dana Speer is now the director of Shakesperian plays. She has the best shake technique of any of the other directors.

Janice Moses now makes a fortune as a "hurdy gurdy" woman. Her biggest factor is her 5 ft. 11 inch monkey named Johnny.

Sue Mitchell's wedding has been postponed again, she can't get Roy to dress like she wants yet.

Cheryl Poteet, after retiring as Miss Weed Seed, is now doing Ipana commercials on TV.

Lawana Long never got into the movies, but got one named after her, Gone With The Wind. I hope you liked my predictions. Call again.

Madam Fox P. S. Enclosed is the bill for my services charged to the Senior Class \$20.00.

ATTENTIVE Seniors concentrate on the "Satins", a musical group from Lubbock. Formality of dress was a feature of the Junior-Senior Banquet, held Saturday night in the school cafeteria. Selected and crowned queen and king of the banquet were Janice Moses and Bennett Worley.
