'Get-Acquainted' Coffee For P-TA Is Tuesday at 7:30

A "Get-Acquainted" Refreshment Hour, sponsored by the Parent - Teachers' Association as their opening meeting Tuesday, will give parents and teachers a chance to know each other better.

The informal reception in the Eastland Elementary School Cafetorium will begin at 7:30 p. m. P-TA officers will serve as hostesses. "All parents, fathers as well as mothers, are invited and encouraged to come Vernon Mahan, club president, emphasized.

"A nursery will be provided for the small children of those who attend," she added.

Mrs. Robert Bishop, first vice - president and program chairman, will introduce each of the school's teachers as well as club officers.

Other officers who will assist Mrs. Mahan and Mrs. Bishop as hostesses are Mrs. Shirley Frazier, second vice-president and chairman of membership; Mrs. Warren Chapman and Mrs. Henry E. Parsons, vice-presidents and co-chairmen of the budget and finance committee; Mrs. E. O. Moore, Jr., secretary; Mrs. Dale Langlitz, treasurer.

Mrs. Jeanelle Moorhead, National P-TA president, in her address to the 1966 National P-TA convention, said, "The PTA is important. It is important nationally. It is important in your state. It is important in your local community and in your local school. Never in its history has the PTA been more necessary to the well - being of children and our nation. Never have we had so rich an opportunity to move the nation to great decisions, for ideas that the P-TA has promoted for years have come into their own."

"We do not seek members for the sake of more members. We do not seek members for the sake of more money. We seek members because we know that PTA membership benefits parents and teachers and the children in whose behalf they act. Members are not statistics, abstract figures on sheets of paper. They are human beings, individual human beings with hopes and fears and aspirations for children. "The way is wide open for local initiative. The way is open for your PTA. "Never was the time more opportune to improve the quality and the quantity of home-school cooperation."

Mrs. Beth Frazier, Eastland PTA membership chairman, says, "Please come join us in our work for students. We will have a booth at the get-acquainted coffee at Elementary School at 7:30 Tuesday night. Dues are only 50 cents a year and we hope each parent will join PTA."

MRS. ROY YOUNG

MADAM PRESIDENT...

Thursday Afternoon Club and Library Almost Synonymous

The Thursday Afternoon Club will meet at 3 p.m. October 6 at the Woman's Club house, with Mrs. Roy Young presiding. Other new officers are Mrs. Joseph M. Perkins, first vice - president; Mrs. I. T. Inzer, second vice - president; Mrs. Pat Crawford, secretary; Mrs. Esco Walter, treasurer; Mrs. Frank Lovett, corresponding secretary; Mrs. Cecil Collins, chairman of library committee; Mrs. Milburn Long and Mrs. E.G. Rice, members of the Club House Board.

The club which will meet the first and third Thursdays of each month through May, has 26 active members and 2 members who have been granted leaves of absence.

The Hawthorne Club, organized in 1916, was the forerunner of the Thursday Afternoon Club, which was so named and federated in 1918.

The club is part of the Heart of Texas District of the Texas Federation of Women's Clubs.

Mrs. Frank Lovett is the only charter member still active in the club, although six charter members still live in Eastland.

The club's oldest and most important project is the Eastland Public Library, which is owned and maintained by the club. With more than 10,000 volumes, the library needs more space. This problem will be discussed and perhaps solved this club year. The club pays a regular librarian and has maintained the library continuously for 50 years.

This is the club's Golden Jubilee Year and plans are to give this theme special stress throughout the year.

The club's history and past officers will be recognized.

The following women have served as president of the club: Mmes. A. H. Johnson, J. R. Stubblefield, J. Maera, Earl Conner, John D. McRae, W. H. Taylor, Theodore Ferguson, Joseph M. Perkins, James Horton, J. E. Hickman, B. McColie, F. M. Kenny, E. R. Townsend, Dan Childress, Victor Ginn, W. B. Pickens, Ben Hamner, W. F. Davenport, Arthur Murrell, Frank Castleberry, Frank Sparks, I. C. Inzer, R. D. Burton, T. M. Collier and W.D.R. Owen.

Program theme for this year will be "Hands" and individual presentations will deal with "Useful Hands," "Loving Hands," "Praying Hands" and various others.

Mrs. B. F. Seay of Andrews, State Federation President, will speak to the club and guests at a December dinner at Lone Cedar Country Club.

The Thursday Afternoon Club always responds to local civic endeavors. The members help with Red Cross, Christmas Charities, and others.

The club organized a Junior - Thursday Club in 1933. This Junior Club was reorganized as a Senior Club, the Las Leales Club, in 1938. Both study clubs are federated and they share an object: to encourage and advance members in culture, in topics of general information, and in social concern. The Thursday Club, naturally has the object of caring and building of the Public Library.

Medicare and SS Claims Need To Be Filed Early

"Filing social security claims promptly has never been more important than it is now," R. R. Tuley, Jr., District manager of social security in Abilene, said today.

"While benefit claims may be retroactive for a year or more, the enrollment period for medical insurance is greatly restricted," he said. "Protection under the 'doctor bill' part of medicare can start on the first day of the month you attain age 65 only if you apply for it in one of the three months before the month you reach 65."

"This restriction, incidentally, does not apply to hospital insurance; it applies only to medical insurance," he added.

The first enrollment period set by law covers seven months: the three months immediately before the month of attaining age 65, that month, and the three months immediately thereafter. However, if the application is filed in the month of attainment or later, the effective date is postponed one to three months.

If application for medical insurance is not filed during the first enrollment period, protection cannot be obtained until the next general enrollment period, which will be the last three months of odd-numbered years. Premiums for these delayed enrollments will be higher, and coverage is not effective until July 1 of the following year. Even though the applicant

is still working, a claim for hospital and medical insurance can be approved whether or not any retirement benefits can be paid. Moreover, with the increase in allowable earnings, many applicants will receive some cash benefits as soon as a claim is filed.

Information and help in preparing the necessary application forms may be had from the social security office at Room 2321 Federal Building, Abilene, or check the Schedule of Visits posted at your post office to see when a representative will be near you.

Rumors Have Been Rampant About Prisoners, Sheriff's Dept.

Rumors concerning prisoners in the Eastland County Jail and the Sheriff's Department have been prevalent in the county this past week, and investigation indicates there is very little basis of facts involved in the stories being repeated.

One report had it that a prisoner was beaten to death at the jail, and another concerned another prisoner who reportedly "jumped" the jailer and was in turn shot to death by the jailer, who was reportedly later hospitalized. Story No. One apparently stemmed from an incident in which a 50-year-old white

male, being held on a drunk-and-disturbance charge, died of a heart attack.

The man, 6 feet tall and weighing 235 pounds, was arrested in Ranger by Ranger police for disturbing the peace. He was transferred to the County Jail and for the five days he was in jail, was under the care of the County Health Officer for a heart condition. On Sunday, Sept. 11, the physician ordered the man, who had become worse, sent to a hospital, and he was reported dead on arrival at Ranger General Hospital. Cause of death, listed by the investigating justice of the peace as "acute heart congestion." The body was taken to Breckenridge for burial.

The man was also wanted at Marshall for probation violation on a DWI charge. Rumor No. Two is harder to pin down — on the day the sheriff's department was questioned, the prisoner, who had reportedly been shot dead, was mowing the lawn at the jail, and the jailer, who reportedly was in the hospital as the result of having been attacked by the man, was at his desk, at work.

Sheriff L. E. Sublett suggested that persons should be aware of the seriousness of repeating idle gossip.

Out of the Bowling Bag

By RALPH SITLER

After two weeks of play, the Monday night men's teams are going strong with 12 teams participating. At this time, it looks like we have two teams running neck and neck, Tommy's Grocery of Ranger and Dodge Boys, also of Ranger, are the ones getting off to a head start with three other teams also tied and running close behind.

Look at the high scores that some of these guys are starting off the season with! Howard Langford, with 580 for 3 games! Leo Gann and J. D. Johnson tied at 577. Leo had a good high single with 234.

Don't forget the Monday

afternoon Ladies League that is being formed. They will probably start this coming Monday. So all you housewives, city wives, farm wives, working wives, or, for that matter, any wives or single girls who would like to bowl with this group — come alone or bring your group and be here at 1 p. m. Monday. Call us for more information.

Better watch some of these Tuesday night ladies as they just got started this past week. Next week, we will give you a full report on them.

The Wednesday night ladies league of six teams is in its second week with some good scores. Smith Plumbing is

tops with 12 won, 4 lost. Right behind comes those Moran girls with 10 won and 6 lost. Lou Dell Bryan had a high series of 522, also a high single of 192, Dena Huskey 183.

The Cisco College is coming along on the four new bowling lanes they are installing on the campus. Understand they plan to have it ready by November, and we hope to have a league from there to compete with a league from Ranger College. So all you college guys and gals, let's get this thing together and have some good clean bowling fun.

We finally got a wonderful couple's league together last Thursday night. There's a full complement of 12 teams, with most of the folks from Eastland and Ranger. We also have 3 teams from Moran and a real nice group of people they are! Let's all give a hand to some wonderful folks who come to our town to enjoy our recreational facilities.

PARAVISION "TECHNICOLOR" PRESENTS THE UNITED ARTISTS

When Robert S. Cohen, assistant county agent, applied to the Texas Agricultural Extension Service, he was given a choice of coming to Eastland or going somewhere else (he very tactfully refused to say where), he chose Eastland and is very happy with his decision.

"I like Eastland County and its people more each day," he says. Cohen is a native of Llano County, where his parents, Mr. and Mrs. Robert Q. Cohen, ranch cattle, hogs and goats. He has a sister presently attending Texas Tech and a brother who has just started to school.

A 1965 graduate of Texas A&M, Cohen has a major in animal science. He trained to be a refueling specialist in the Air Force, while in technical school at Amarillo Air Force Base, where he also completed basic training. He is a member of the Air Force reserve assigned to Kelly Air Force Base in San Antonio.

Cohen took his extension service training in Williamson County.

He was an outstanding 4-H member in Llano Co., winning a trip to the National 4-H Congress in Chicago under the Santa Fe Awards Program. He received a scholarship under the same program, by entering his 4-H record books.

He was a member of FA for four years in high school, played football three years, and was on the track team four years. He ran the mile in track.

His major responsibility in Eastland County is working with the 4-H Clubs. Mrs. Wanda Chilton, assistant home demonstration agent, will also be working with these clubs.

DeMarquis Gordon, county agent, says, "Mr. Cohen is well qualified for his job, and we are looking forward to working with him."

200 COUNTY YOUNGSTERS CELEBRATE 4-H CLUB WEEK

National 4-H Club Week is the week of September 24 - October 1, 1966. During this week it is the aim of 4-H Clubs in America to interest other young people in the 4-H Club Program.

The 4-H program has been marked by change since its inception more than 60 years ago. Greater variety of educational projects, more emphasis on the improvement of the boy and girl and a program with appeal for the young people everywhere are some of the changes.

A more recent but no less important change is the demand for 4-H in towns and cities across the country. Still an important educational force in rural America, more than 77 per cent of its members reside in rural areas, nearly half a million members now live in towns and cities of 2,500 or more. A decade ago, 86.5 per cent lived on farms and in rural areas and 13.5 per cent in urban areas. 4-H has truly become an organization for all youth of America.

Many of the older youth have developed the idea that 4-H is "kid-stuff." If this

is so then explain why more than half the 2,221,119 members are age 13 and above. 4-H is an organization oriented toward informal education in many subject matter fields and in character development, leadership, and citizenship. This program is designed to involve young people 9-19 years of age.

Eastland County has 200 4-H Club members enrolled in nine clubs. These young people are not roaming around trying to find something to occupy themselves. They are working collectively through their respective 4-H Clubs for the good of the United States of America. These 200 young people and the 44 adult leaders helping them are not complaining about the young people of America; they are doing something about it. Join a 4-H Club in your area.

For more information about a local 4-H Club contact the Extension agents in Eastland by telephone, the number is MA 9-2674 or MA 9-1729, or better yet, contact a local 4-H Club member, the person who stands tall and has a bright outlook on life.

Paul Norris Elected To ASC Committee

Paul Norris of Route 2, Garland Garrett, Gorman, has been elected to a three-year term and vice chairman of the Eastland County Agricultural Stabilization and Conservation Committee, replacing E. E. Blackwell of Route 1, Ranger.

Mr. Blackwell is retiring from the committee after having served continuously in various phases of the predecessor programs since 1933. Mr. Norris has been active as a community committee man for the past six years. He raises feed grains, peanuts and livestock.

Other committeemen are Guy Lylera, chairman, and

Mr. Norris and his wife Wima Jean have four children. Mrs. Larry Morrow of near Lake Leon, Mrs. Ronny Pack of Kok, Oklahoma, and James, I. and Lesa, 6, both of the home.

Responsibility of the county committee includes the overall supervision for administration of the farm programs as set up by Congress. Annual payments made through various programs in this county amount to some quarters millions dollars, it is reported.

Growers To See Results At Peanut Field Day Tour

Peanut growers and others throughout the area will have the opportunity to observe first hand some of the latest developments in peanut production. All current peanut research plots will be inspected by visitors at the West Cross Timbers Experiment Station at Stephenville during a peanut field day on Sept. 29, from 1 to 4:30 p.m.

New planting patterns that involve skip row and two rows versus one row on the bed are expected to be of particular interest, according to B. C. Langley, Station Superintendent. Other experiments to be featured will include plots that show results of the use of a wide variety of weed control chemicals. Advanced breeding lines and new foreign introductions, some of which may eventually become commercial varieties will be shown, stated Langley.

Also to be shown will be experiments on rate of seedling, bed height, seed size and

maturity, blight and leaf spot control and the technique of peanut breeding.

Guides will conduct a walking tour through the experimental plots where specialists will discuss the various ex-

periments. A brief group discussion period following the tour will give opportunity for growers to ask questions pertaining to their own production problems.

The meeting will be held at the station headquarters two miles north of Stephenville on Highway 221.

Washington's estate at Mt. Vernon comprised 2700 acres.
