Five Candidates File in City Races

★★★★★★ Burks, Williams File as School Board Candidates

Slaton School Board drew its first two candidates this week for the coming trustee election when Betty Burks and Pete Williams filed for places on the ballot.

Two places are to be filled on the school board in the April 6 election. The terms of Joe Miles and Willie Heinrich expire, and both have announced they will not seek re-election. Both Mrs. Burks and Williams filed Wednesday. Mrs. Burks may be the first woman candidate for the local board, and a quick check Wednesday failed to turn up a previous female candidate or trustee.

Mrs. Burks, 36, is a secretary for a Lubbock firm, and Williams, 37, is a car salesman for Smith Ford. Both have children in school here.

School board terms are for three years. Deadline for filing as a trustee is March 6. There are no specific "places" on the board. Regardless of the number of candidates, the two receiving the most votes are elected to the board.

MOVIE STARTS HERE FRIDAY IN HIGH SCHOOL AUDITORIUM

"For Pete's Sake", from World Wide Pictures, producers of "The Restless Ones", premieres at Slaton High School Auditorium Thursday, Friday and Saturday at 7 p.m.

Produced in wide screen and brilliant Eastman color, this comedy-drama is a life-sized look at the ups and downs of the faith of a 20th century man. The film doesn't boast any angels--just warm, funny, inspiring, real human beings.

The film is brought to Slaton through the efforts of a local steering committee composed of ministers and lay church members of various denominations. Admission charge is \$1.

"For Pete's Sake" lives day by day with a meat-and-potatoes guy who dares to take on big questions about Christianity today, and comes up with even bigger answers. See faith become a working commodity

NEW FARM ROAD READY--Farm Road 73, connecting Gentry Lane and the Forrest Ranch road, has been completed and is open to the public. This scene shows the winding road going into Yellowhouse Canyon, just a short distance from Slaton Municipal Airport. The road is expected to divert some traffic from the dangerous Horseshoe Bend road north of the golf course. (SLATONITE PHOTO)

★★★★★★ Farm Road 73 Open to Traffic

Farm Road 73 has been extended to connect Gentry Lane with the Forrest Ranch road and is now open to the public. It was announced this week by Lubbock County Commissioner Max Arrants.

The caliche-topped road is about two miles in length. Starting from a slight offset from Gentry Lane, the road goes down into the canyon and runs into the Forrest Ranch road at the bottom of Horseshoe Bend north of Slaton.

Arrants said he believed the road would serve a traffic need in the area. It provides an easy access to Slaton Municipal Airport from the east. The county commissioner said he was also concerned about the future of the Horseshoe Bend road, which is difficult to maintain and is sometimes dangerous to traffic.

Farm Road 73 now extends from Posey to the Midway road. The new portion through Yellowhouse Canyon also provides a scenic drive for motorists.

Health Clinic March 6

The Well Child Conference and Immunization Clinic will be held in Slaton next Thursday. It is held monthly on the first Thursday.

The immunization will be from 1:30 - 3 and is for those not under the care of a physician. There is no charge.

The conference will be in Triumph Baptist Church at E. Geneva and S. Johnson St. at 10 a.m. and is by invitation only.

'School Week' Program Slated

The Slaton Public Schools will observe the 19th annual Public Schools Week March 2-8. This week has been proclaimed by the Governor, Lieutenant Governor, Speaker of the House, and all city officials throughout the state of Texas. The purpose of this week is to foster a closer relation between the parents and the teachers. Throughout this week there will be special opportunities for parents to visit schools in which their children are pupils.

On Monday, March 3, from 7:30-9 p.m., there will be open house in West Ward, Stephen F. Austin, and Slaton Junior High School. On Thursday at 3 p.m. there will be a flag-raising ceremony at Stephen F. Austin. The Texas flag has been furnished by the Governor's office of Texas.

On Tuesday, March 4 the elementary Parent-Teacher Association, in cooperation with the West Ward faculty and pupils, will present a musical program at the Slaton High School Auditorium at 7:30 p.m. The theme of this program will be around a patriotic motif and will be directed by Mrs. Anita Perkins, music director of West Ward School. There will be no admission charge, but each person shall be given an opportunity to contribute to the P-TA fund with which to carry on a most helpful and worthwhile program in West Ward School.

On Friday, March 7, the public schools will be dismissed in order that the teachers may attend the annual district meeting of teachers of Texas State Teachers Association District XVII. This meeting will be held in the Coliseum at Texas Technological College.

"It is hoped that each parent will make a special effort to visit one or more schools in the Slaton school district. However, it is not necessary that a person confine his visit to Texas Public Schools Week, as it is hoped that parents may feel free to visit any time during the school year," Dr. P.L. Vardy, Superintendent of Schools, said.

Commissioner Hughes Resigns, Will Enter Race For Mayor

Dr. David Hughes, commissioner of Ward 2, resigned his post at a regular Slaton City Commission meeting Monday night, then announced Tuesday as a candidate for mayor.

In the short but eventful commission session, the city also accepted low bids on a pickup and a police car, adopted a resolution supporting the extension of Interstate 27 through Slaton, and approved a set of rules and regulations proposed by Police Chief Walter Head for the police department.

Hughes will challenge Jonas Cain, who is seeking re-election and his fourth term as mayor of Slaton. Voters were also

assured of a contest in Ward 3, where Henry Bollinger has filed for re-election. Floyd Guelker was the first Ward 3 candidate to announce last week.

Also filing last Thursday was the first candidate in Ward 1, Elford Stricklin, who operates a plumbing business here, filed as a candidate for the Ward 1 post currently held by Hugo Mosser, who has not announced if he will seek re-election.

Deadline for filing in the city election is 5 p.m. Friday. Terms are for two years. The mayor is elected on a citywide vote, while commissioners are elected by voters from their wards.

More Moisture Recorded Here

The Slaton area recorded a little more moisture the past week, with measurements close to half an inch being reported in the city last Thursday night.

The area had received its first appreciable moisture of the year Feb. 13 when about 1 inch of rain was recorded. After the past week's rain, some farmers reported about 1.5 inches of moisture for the month.

Fog blanketed the area last week, along with the rain, and temperatures ranged from a low of 30 degrees Monday morning to a high of 78 Tuesday. The mercury had climbed around the 60-degree mark each day the past week, then a spring-like day occurred Tuesday with the 78 reading.

Akin Named Booster Chief

Glen Akin was elected president of the Slaton Tiger Club for 1969-70 during a called meeting Thursday night in the Reddy Room.

Other new officers elected were Kenneth Henderson, first vice president; Skip Tunlinson, second vice president; and Bud England, secretary-treasurer. Akin succeeds Bob Kern as president of the adult booster club for athletic programs of the Slaton schools.

Club members also made plans for the annual All-Sports Athletic Banquet and discussed an auction sale. The club members will meet again March 6 to finalize plans on the projects.

DEDICATED PROFESSION--March 3-7 has been proclaimed Public School Week in Texas, and Jerry Gentry, 6th-grade geography teacher at Slaton Junior High provides a good example of the dedicated teacher. Gentry is current president of the Slaton Classroom Teachers' Association. He was a recipient of the SCTA scholarship, then returned here to teach.

On the occasion of Public School Week in Texas, Citizens State Bank is proud to salute the Classroom Teachers for their dedicated role in educating the children of this community.

We would urge parents to visit their children's schools and show your appreciation to teachers for their efforts in behalf of your youngsters. Tremendous progress has been made in teacher training, in educational ideas and methods.

Take time to review them for yourself this year by visiting a public school. Let your child know how fortunate he is, and show him you are interested.

Mrs. L.A. Reasoter and Mrs. Bill Christman of City Floral attended a "Think Session" in Ruidoso, N.M. last weekend. It was conducted by the New Mexico Florist Association of which Mrs. Reasoter is a director.

The group discussed things they might offer to members of the association that would be beneficial.

It's a woman's WHIRL

BY LAVON NIEMAN

Discipline doesn't break a child's spirit half as often as the lack of it breaks a parent's heart. . . . copied.

Four of these events will be staged in the Slaton High School auditorium. The first one scheduled actually begins the end of February. "For Pete's Sake" will be shown three nights, the first showing set for tonight at 7 p.m. The evangelistic and conversation appeal of this film is tremendous. We recommend you to bring everyone you know with you to see "For Pete's Sake", and as Billy Graham says, "discover realistic, down-to-earth answers".

Then on March 7, the popular Lions Club Queen Contest will be held with entertainment provided along with seeing all these lovely Slaton girls. A style show will also be staged at the auditorium. It might be interesting in seeing just what "is" the latest in styles for this Spring.

The next night, March 8 you can see "Virgil and Julie". Lions members tell me the show sparkles with magic, suspense, comedy and magnificent spectacles.

One of the most important events listed on the calendar is Public School Week. It will be your self-reward to visit a school or schools and special open houses have been set for Monday night at both elementary schools and junior high. Teachers will be in their rooms and parents will have the opportunity of meeting them and seeing some of the work students have done.

Parents are invited to visit the high school anytime during the week and see first hand what a good job teachers in all subjects are doing.

Visiting a school gives us a chance to see many of the newest teaching innovations in operation, as well as a chance to show, in person, an appreciation of the Texas Public Schools System. Make it a point to "Go back to school" next week. You'll be glad you did.

Clean Brushes

When working with interior or exterior latex paints, it's a good idea to wash your brush in clear water occasionally. This will prevent quick-drying latex paint from building up and hardening at the base of the brushes. When you have finished work for the day, thoroughly wash out all brushes so they will be clean and ready for the next day's use.

A LOVE-IN OR A SIT-IN...

Frankly we don't think much of the semantics but when it comes to the function, we can take care of the needs.

We have just received half a truck of brand new seating pieces and among them are sofas with matching love seats that we are very enthusiastic about.

The first person to see these bought a love seat, and that's the beauty of it. You can buy a sofa or a love seat or two matching units, and the price is very modest.

Be sure to see our east window where we have a display of some of these. We think you will be as impressed as we are.

S-Fe Names Safety Supervisor Here

An increased emphasis on safety has resulted in several appointments by Santa Fe Railway, according to an announcement by F.N. Stuppi, general manager, Amarillo.

W.E. Story, assistant superintendent of safety at Albuquerque, has been promoted to assistant to general manager at Amarillo.

At the same time, he also announced the transfer of N.F. Young, safety supervisor at Albuquerque, to the same position at Slaton. Both moves are effective March 1.

In addition to appointing three new assistants to general manager, safety supervisors have been assigned to each operating superintendent and in each of Santa Fe's five major shops. In coming to Slaton March 1 as safety supervisor, Young, who was born in Nashville, Kan., in 1904, also served as the trainmaster's chief clerk at Slaton and San Angelo prior to his promotion to chief clerk of the superintendent at Slaton in 1943. In March, 1947, he was advanced to safety supervisor at Fresno, Calif., and served in that capacity at Las Vegas and Albuquerque, N.M., Winslow, Ariz., and La Junta, Colo., prior to returning to Albuquerque in 1962.

Young and his wife, Minnie Lee, are the parents of two children—Rocher, who works for an electronics firm at San Antonio, and Mrs. Martha Nestorick of Wiesbaden, Germany. They have three grandchildren. "We have always stressed

N. F. YOUNG

safety on the Santa Fe," Stuppi declared in making the announcement of personnel changes. "We are strengthening that effort in several ways, including a 30% increase in full time safety specialists and implementation of computerized records that will enable us to isolate the situations and conditions that cause injury and accidents, and take corrective action."

As part of the invigorated safety program, an officer on the staff of Lawrence Cena, vice president-operations in Chicago, will be directly responsible for safety throughout the railroad.

To promote the program, each superintendent and general manager was presented with a miniature Santa Fe freight diesel. A freight car will be added for every month with an unblemished safety record, with a caboose coming at year-end.

"The supervisor with the longest train wins the contest—but more importantly, the people under his supervision are the big winners," Cena concluded.

TWO SLATON STUDENTS PICKED FOR ELECTRONICS TRAINING

Two Slaton High School students have passed entrance qualifications and have been accepted by United Electronics Institute for electronic training, officials of the institute announced this week.

The two students are Dale Kitchens, son of Mr. and Mrs. P. C. Kitchens of Posey, and Jimmie Jones, son of Mr. and Mrs. Willie L. Jones of H35 S. 13th St.

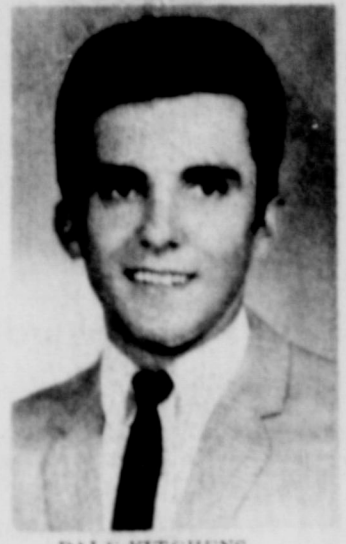

They are eligible to enter training in September 1969 at the Dallas Training Center. Students train in the laboratory under a work-and-learn-by-doing process and receive 1,900 classroom hours instruction while learning all phases of electronics.

Before graduation, students

receive many interviews and job offers by such companies as RCA, IBM, Western Electric, McDonald Aircraft, the Space Agency, and many others in the electronics field, an official stated.

DALE KITCHENS

Interest Paid Is Deductible

Taxpayers itemizing deductions on their Federal income tax returns can deduct interest paid.

As a general rule, interest must be paid before it can be deducted.

The interest must be on a debt for which the taxpayer is legally liable. Interest paid for another person—such as a parent making a mortgage payment for a child—cannot be deducted unless the parent had a legal obligation to make the payment.

To claim interest paid on a mortgage, the taxpayer should keep a record of the interest paid or obtain a statement from the lender.

Loan organization fees or "points" paid for securing a loan, such as a Veterans' Administration loan, are not interest and cannot be deducted. On the other hand, a charge for preparing a mortgage can be deducted as interest.

Condominium apartment owners and tenant-stockholders in cooperatively owned apartments can deduct their share of the interest paid on the mortgage.

Sometimes money is borrowed on a discount basis with the interest subtracted in advance. Generally, taxpayers may not deduct that interest except as proportionate amounts of payments are made.

Interest paid on money borrowed to buy tax-exempt securities or single premium life insurance, endowments, or annuity contracts where there is a systematic borrowing of the increases in cash value.

Interest paid on installment purchases presents no problem when it is separately stated, such as on a bill, or can be definitely determined and proven.

The Chamber of Commerce and YOU

BY TED WEAVER
Slaton C of C Mgr.

The Retail Trade Committee of Slaton Chamber of Commerce has initiated a resolution concerning the policy which firms will follow on out-of-town advertising programs sponsored by civic, cultural and school groups.

The resolution has met with widespread approval by Slaton firms, with some 43 businesses and firms already endorsing the proposal.

The resolution is aimed at discouraging promotions which are of little advertising benefit to the local firm, and where most of the money for the program goes to an out-of-town firm.

Following is the resolution: We, the undersigned, as members of the Slaton Chamber of Commerce and as merchants, business and professional men do hereby subscribe to the following statement in order to clarify our position on out-of-town advertising and other trade agreements sponsored by reputable civic, cultural and school groups, in the Slaton Trade Territory.

"Since there are organizations that would have a reputable civic, cultural or school group to sponsor books, leaflets, manuals and other advertising-oriented programs in which, in most instances, above 50% of the gross of the project will eventually leave the trade territory and further since, the project in most instances will in no way benefit our merchants, business and professional men with advertising of any significance whatever and in some instances the sponsors of projects, we the undersigned, do pledge that we will not support in a financial or moral way those projects mentioned without a full investigation of the projects, including the monetary goal of both the sponsor and the instigator, the purpose of the instigator's printing or production of any sort, whether or not any of the aforementioned would remain as a part of the Slaton economy, and whether or not the instigator of the project has both been approved and licensed by the City of Slaton, the Slaton Chamber of Commerce and the Retail Trade Committee of that body."

This statement, endorsed and subscribed to by the undersigned, is in no way intended to discourage our schools, civic groups and cultural organizations from attending to those projects that they feel worthy and that they further feel are presented in such a way by the instigator so as to have benefit to both their organization and the merchants, either directly or indirectly.

Two-Day Cotton Conference Set For Lubbock

Lubbock (Special) - Experimental cotton planters that may in the near future save producers time and money and increase yields will be discussed at the 1969 Western Cotton Production Conference's morning session here, March 5.

The two-day conference, scheduled for March 4-5, is open to all interested in cotton production.

Lyle M. Carter, U.S. Cotton Field Station, Shafter, Calif.; M.D. Cannon, University of Arizona Cotton Research Center, Phoenix; and Elmer B. Hudspeth, South Plains Research and Extension Center, Lubbock, all agricultural engineers, will outline results obtained from three experimental planters and hold an open discussion on the feasibility of adapting these planters to general use.

Cannon will describe three years of experimentation with a machine that combines bed-shaping, herbicide application and incorporation, systemic insecticide application and precision planting into one operation.

A vacuum planter that gives precision seed placement and spacing which results in early emergence and increased yield will be the subject of Hudspeth's report. Carter will reveal test results of a planter that senses moisture depth in the bed and places seed in moist soil to insure uniform emergence.

Why modern planting techniques require high quality seed will be explained by Robert B. Metzger, a South Plains Research center agronomist.

Eddie J. Carpenter, a Lamasa, Texas, cotton producer, will tell how he overcame the problems of directional stability, traction, flexibility, weight, and transportability in rigging 95-horsepower tractors with 12-row equipment for economical skip-row operations. He will also explain why 12-row equipment is more functional than 10-, 7-, or 6-row equipment in working two-in-one-out, two-in-two, and two-in-four-out skip row patterns.

The morning's presentations will conclude with a discussion on farm equipment management by Kenneth K. Barnes, professor and head of the University of Arizona's agricultural engineering department.

Uranium Lease Filed at Post

POST (Special)—The Getty Oil Company, named for and controlled by Paul Getty, reportedly the world's richest man, this week became the third firm to file uranium mining leases in the Garza County courthouse.

The Getty firm filed 11 leases covering a total of 3,858.3 acres.

But this is believed to be only the first portion of between 10,000 and 15,000 acres Getty Oils

believed to have under contract with Getty Oil Co., a subsidiary of Humble Oil Co., the world's second largest oil company. The firm has a long history of uranium mining leases in the Garza County area.

A fourth firm, the Natural Gas Co., also has a long history of uranium mining leases in the Garza County area.

The Getty Oil Co. is to test drill some of the leases within the next few weeks. Western Nuclear Co., which has a uranium mill and uranium mine in Washington, back "looking" in the Colorado Springs area known to have been a uranium mine.

Until thoroughly tested, the Garza-Crosby county is considered strictly "country" as far as uranium is concerned. Both counties have still to be determined such deposits are in quantity to support a where in this West.

Tigerettes Finish Season With Win

The victory evened the Tigerette district record at 3-3 and gave the girls a fine 24-8 won-lost record for the season. Canyon captured the district championship, downing Coach Gay Ivey's Tigerettes twice in league play.

Marilyn Davis took scoring honors Tuesday night with 20 points, while Linda Johnson was close behind with 17. Marilyn Meeks added 8, with 6 of them coming in the last period. Rita Payne grabbed 15 rebounds to lead the defensive game. Slaton outscored Tulla by 13-4 in the second period.

Father Of Slaton Man Dies

Thomas Alvin Weeks, 73, the father of Thomas Jr., of Slaton, died about 7 p.m. Friday in a Lamesa nursing home. Services were held at 4 p.m. Saturday in the First Methodist Church at Lamesa.

The Rev. Wayne Parminter of Welch officiated. Burial was in Lamesa Memorial Park under direction of Branon-Philips Funeral Home.

Weeks had lived in Dawson County since 1923. He was a retired farmer.

Other than his son here he is survived by his wife; two daughters, four sons, six sisters, a brother, 20 grandchildren and seven great-grandchildren.

SUNDAY'S SERMON

A SMILE

"Give me a smile, and I'll pay the price." What would you pay for a smile? When someone you know and love is blue or despondent, how much effort would you exert to put just a small measure of sunshine into their life?

You can't place a price upon a smile, no more than you can upon happiness. Yet, doesn't it make you stop and think for a moment? You can give a smile, for free. It costs you nothing. It is hardly a strenuous physical effort. You can wear a smile the entire day, without tiring.

Try it. Offer a smile to the world, every step of the way. You may find that, while it is difficult to buy a smile, it is sometimes possible to get one for free.

Name Change Now In Effect

The Board of Directors of a rapidly expanding nursing home organization with headquarters in Glenwood, Minn., has announced a change of name. The change from "Assembly Homes, Inc." to the new name "Challenge Homes, Inc." became effective Feb. 1, 1969. The Slaton Nursing Home, as part of this organization, will continue operation as a Challenge Home.

The change was necessitated because of confusion arising from the use of similar or almost identical names for nursing homes by a number of other concerns.

Another reason for the change was to help eliminate the mistaken idea that the organization is operated by or under the auspices of the Assemblies of God, a church denomination with international headquarters in Springfield, Mo.

The Rev. L.D. Kramer, an ordained Assemblies of God minister who is founder and president of the Challenge Homes pointed out, "Our homes are open to persons of all churches, races, and creeds." This policy also applies to the 1,200 employees of the homes, he added.

Challenge Homes operates 30 facilities located in Arkansas, Florida, Louisiana, Minnesota, North Dakota, South Dakota, Kansas, and Texas.

EDITORIAL

Are law and order being thrown out the window? Are they old-fashioned? The answer to both these questions should be no. For 115 years, Texas has strived to give its young the kind of education that includes much more than just "book learning." And, because this "something more" is so important, Masonic Lodges across the state banded together to implement the promotion of our public schools. But, they need help. Your help!

Only through you can the schools begin to teach our youngsters that authority and law and order are not necessarily synonymous with tyranny and dictatorship, but that only through education do they not become these things.

Law and order is a way of life. A good way of life, because all living things are born out of and live out their life patterns in an order.

Let us educate our children to the facts that they are responsible for the kind of future they and their families will enjoy. Let us help them to understand the importance that books, classrooms, and study hold for them. Let us appreciate and support our public schools in Texas.

But don't support and appreciate them silently. Speak out. Visit a public school in your community March 3rd through 7th. It will be a rewarding experience for you, and a living example for your child.

Keep law and order in the hands, hearts and minds of our children. Support your public schools so they can support you.

At Junior High

Mrs. Gamble's Relative Dies At Clovis

Mrs. M.D. Gamble attended funeral services Sunday at Clovis, N.M. for her sister-in-law, Mrs. Sarah Grau who passed away last Friday in a Clovis rest home.

The services were read at 2:30 p.m. in the Charles V. Steed Memorial Chapel with the Rev. John Stout of Grady, N.M. officiating. Burial was in Mission Garden of Memories Cemetery in Clovis.

TOP STUDENTS--Junior and senior students at Slaton High School who made it on their report cards for the first semester are pictured above. They are, left to right--Susan Cagle, Barbara Brush, Deborah Ricker and Tina Mize; second row--Heinrich, Judy Eblen, Mary Frances Browning, and Karlene Eastman; third row--Childers and Janet Williams; fourth row--Clifford Kitten, Neil Carter, Pat Ritz, Rita Payne and Jimmie Boyd; and fourth row--Lonnice Kuss, Jesse Mangham and Gaines Teague. TEL Class Meets

The TEL Class of the First Baptist Church met last Thursday in the home of Mrs. Hern Pettigrew at 3 p.m. with 13 members and a guest, Mrs. Charles Schaffner attending.

Mrs. E.M. Lott presided at the meeting and Mrs. Joe Teague Jr. read the minutes.

A comical quiz was conducted by Mrs. Pettigrew, the teacher. Mrs. Rosa Camden brought the devotional.

Refreshments were served. The next meeting will be March 20 at 3 p.m. in the home of Mrs. W. M. Rust.

"I REMEMBER"

From Velma E. Burden, Lancaster, Calif.: I remember when our American flag was something sacred and saluted by all. I remember when our schools were not patrolled by narcotic officers and riot control police. I remember when parents took their children to Sunday school and church. I remember when adults entered

the room, the children stand up. I remember when a young man was safe for a moment in a neighborhood. I remember when our policemen respected and obeyed grandchilden and their memories of years?

Once A Sinner

"Blessed is the man to whom the Lord will not impute sin."

— Psalms 32:1-2

The modern world in which we live is filled with temptation and the opportunity to sin against God.

This is not a new thing. Adam and Eve were tempted in the Garden of Eden. Temptation is as old as the history of man; even Jesus was tempted by the devil.

If we profess Christianity, we are not automatically virtuous and moral, and we are foolish to believe that we shall not be tempted. And, we are vain to think that we have never sinned, and will never give in to temptation.

We should work and pray to build the strength of grace that overcomes the weakness of the human spirit. We should build a Christian life based upon honesty with ourselves, our fellow man, and our God.

MRS. TOMMY WILKE

H'Berry Gin Patrons Fishing

Greetings from "jolly old England"! Well, not really, but it nearly seems like that since we have had so much fog and damp weather the past week. Nice, though, isn't it? We have received over two inches of rain since the wet weather started!

SYMPATHY

We extend our deepest sympathies to Mrs. Nellie Mathis whose cousin, Mrs. Bessie Evans, passed away at Lubbock Monday of last week and was buried on Wednesday. Mrs. Mathis attended the funeral along with Mr. and Mrs. Walter Kellum from Slaton and another cousin, Mrs. Eula Williams and daughter from Sulphur, Okla. May God comfort this family in their sorrow.

Mrs. Connie Mitchell and children from Fort Stockton are here visiting with her parents, Mr. and Mrs. Carl Wartes. Jack Myers spent 5 or 6 days recently in Mercy Hospital in Slaton suffering from pneumonia. He is at home now and doing very well.

Mrs. JoAnn Basinger spent several days in Mercy Hospital recently.

Willie Becker, who was a patient in Methodist Hospital in Lubbock, returned to his home here on Friday. He is able to be up and out and he attended

church on Sunday. May he continue to improve steadily.

FISHING TRIP

As has been the custom for quite a few years, once again the Hackberry Gin Company is treating their customers to a week's fishing trip at Falcon Lake and a bunch of the men left on Sunday to go down there. As usual, they wouldn't take me along, but I still hope they have a lot of good luck and catch a good mess of fish! If the weather isn't nice, I bet that they will catch up on their "domino" playing!

Mr. and Mrs. Cecil Stolle and Beth spent the week-end in Sweetwater visiting with Mrs. Irmgard Bredemeyer and other relatives.

Mr. and Mrs. Delroy Odum and children spent Sunday in Abilene visiting with their sister and family, Mr. and Mrs. Archie Redman.

Kathy Brown and Joe Neil Barnhart from Lubbock spent the week-end here in the home of Mr. and Mrs. Winston Lester and children.

MRS. DONAHOO ILL

Mrs. Dollie Donahoo, who lived here for many, many years and who now makes her home with her son, Odell, and family in Lincoln, Nebr., recently suffered a heart attack and spent

some time in the hospital. She is out of the hospital now, but still isn't feeling too good. It has snowed there all winter and she says that she sure misses good 'ole West Texas. If her health permits, she plans on moving out to California in the summer. She said to tell all her friends here, "hello". Her address is: Mrs. Dollie Donahoo, 2310 S. 8th, Lincoln, Nebraska 68528. I know she would love receiving a card from you.

Coach and Mrs. Bob Dyess, Monica and Blane, left here last Friday afternoon after school and drove to Roswell, N.M., where they spent the week-end visiting with Mr. and Mrs. Skip Wyatt and children. On their way back to Southland on Sunday, they stopped at Portales and visited with friends. On their way to Roswell on Friday, they stopped at Tokio and visited with Mr. and Mrs. Duane Gilliland and girls.

BIRTHDAY

Blane Dyess celebrated his 8th birthday on Thursday, Feb. 20, with a party after school where the game of the day was "basketball." The "players" were: Ronnie Smallwood, Todd Taylor, Curt Wheeler, Terry Smallwood and Gregg Basinger. After "the game" the boys were served a birthday cake that was decorated like a basketball court, ice cream and cold drinks. We wish you a belated "Happy Birthday", Blane.

Well, basketball season is over, and now track starts, with our first track meet in Idalou this coming Saturday. Good luck, all.

BASKETBALL?

Several men from this community have formed a team and will be playing basketball in the outsiders games to be held in Post. The team from Southland will consist of Donald Basinger, Bob Dyess, Ronnie Dunn, Jack Haire, Johnny Haire, Cecil Stolle, Robert Lee Mock and Jackie Dunn! Good luck, men!

Mr. and Mrs. Leroy Zieschang, Mr. and Mrs. Harold Voigt, and Edmund and Yours Truly went to the "Hayloft" Theatre on Saturday and saw the play "The Paisley Convertible". This is the first time that any of us had been there and we enjoyed it very much. They serve a delicious smorgasbord and the play was quite good, even though the price is a shade

Mrs. Don Harlan Pennell flew to Ft. Worth for the week-end with friends.

Thought for the day: "If you feel rage coming on and think that counting to ten is silly, say the first ten words of the Lord's Prayer: 'Our Father, Who are in Heaven, hallowed be Thy name.' Continue through this prayer. Or just repeat the words, 'With God's help, I'll skip it!'"

inee, She has also been in Who's Who for three years.

Her plans following graduation are to attend Abilene Christian College.

Wanda was born July 17, 1951 in Sonora. She now resides at Lubbock Children's Home with her houseparents, Mr. and Mrs. Bunt Lowrey.

RAY CAMPBELL

After graduation, Ray Campbell, son of Mr. and Mrs. Wesley Campbell, would like to play basketball for some college. He has been an all-district choice and is likely to again rate high in district competition.

Ray has attended Roosevelt Schools for 12 years, and while in high school he has been in the National Honor Society 1-4; has been an officer in NIS for two years; Science Club 1-4; and in Spanish Club 3-4. He was named as December "Boy of the Month" and was last year's "Boy of the Year."

Ray has also been a member of FFA, and has run track while in high school.

It's an old wives' tale that cake mix cakes don't keep well. Early in their development, cake mixes were inferior and the cakes they produced were tasty only for a few hours. Today, the cakes keep as beautifully as the home baked variety — some experts say it's impossible to tell which cake comes from a "box" and which is from grandmother's favorite recipe.
