17 Killed in Municipal Battle in Mexico City

(By Associated Press)
MEXICO CITY, Dec. 1.—Federal troops are today guarding the badly battered municipal building in this city in an effort to prevent further attacks and destruction of property and lives.

The death list resulting from a pitched battle between the police and a mob which attempted to storm the building last night numbers seventeen, with eighteen others seriously injured, some of whom will die, and thirty-three slightly hurt.

The trouble started when a crowd marched to the city hall to protest against aldermen who are held responsible for conditions leading to a water famine. The crowd numbered about two thousand. The police fired over the crowd in an attempt to disperse them, but later shots were fired into the crowd, and citizens shot down. After carrying away the casualties, the crowd returned and destroyed documents and set fire to the building.

FIERY, ITCHING SKIN IS QUICKLY SOOTHED WITH THIS SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowles Mentho-Sulphur may be had at any good drug store.

Mr. and Mrs. Fred Turner returned to their home at Santa Anna Thursday afternoon. Mrs. Turner and baby had been here visiting Mrs. Turner's parents, Mr. and Mrs. F. C. Miller for some time, and Mr. Turner came up to spend Thanksgiving and accompany them home.

PREACHER IS VICTIM OF THANKSGIVING TRICK

Dr. Alvin Swindell set the stage at his home for a wedding Thanksgiving evening, but he made a bad guess and instead of his callers being those seeking the services of a minister to tie a nuptial knot, it was a crowd of his own flock seeking to make him more thankful than really his Thanksgiving program called for.

The phone rang at the home for Dr. Swindell about seven o'clock Thanksgiving evening, and the party calling wanted to know if the preacher was at home, stating that parties who wanted to see him would be right up. "Another wedding," thought the preacher.

In a short time autos began to park in front of the parsonage, and each car was loaded with friends who came trudging with their arms filled with just the things a preacher must have in his home and especially in the kitchen every day.

It was a good old fashioned pounding and Dr. Swindell and his family will have little use for the groceryman this month.

SAYS HARDING TO HEAD TICKET 1924 CAMPAIGN

(By Associated Press)
PALO ALTO, Calif., Dec. 1.—The republican presidential candidate in the 1924 campaign "obviously" will be Warren G. Harding, Secretary of Commerce Hoover said in an interview at his home here today.

"Moreover," said Mr. Hoover, "by that time the public will be highly appreciative of the sanity of the progressive character of the policies that will have brought this country through the reconstruction period."

NEGRO ATTACKS SHERIFF'S WIFE

(By Associated Press)
CORNICANA, Dec. 1.—Posses today are scouring Freestone county for a negro whom it is reported, attempted an attack upon the wife of Sheriff H. M. Mayo, at Fairfield last night.

The negro was a trusty at the jail, and made his escape after Mrs. Mayo fired at him.

Excitement in the county is said to be high and it is feared that there will be a lynching if the posse gets possession of the negro.

SENATOR MANN OF ILLINOIS IS DEAD

(By Associated Press)
WASHINGTON, Dec. 1.—Out of respect for Representative James R. Mann, of Illinois, for many years republican leader in congress, and who died last night, both the House and the Senate adjourned today. The Senate democrats were relieved of continuing a filibuster against the Dyer anti-lynching bill by the adjournment order.

SAYS MISSION MUCH IS BETTER THAN EXPECTED

(By Associated Press)
ST. LOUIS, Dec. 1.—Georges Clemenceau arrived here this morning and expressed high enthusiasm for the success of his mission. He declared it "much better" than he expected.

The French Tiger was rushed from the train in the Western terminus of the city because of anonymous threats sent to the mayor against the French leader. While in St. Louis M. Clemenceau is the guest of Joseph Pulitzer, publisher of the St. Louis Post-Dispatch.

M. Clemenceau refused to comment on plans of the French cabinet for seizing the coal mines of the Ruhr valley and collecting from Germany its own indemnities.

PROGRESSIVES ELECT LEADER

(By Associated Press)
WASHINGTON, Dec. 1.—Senator Norris, of Nebraska, was elected chairman today of the progressive group of senators and representatives. Senator LaFollette disclaimed any intention of forming a third party. He said the purpose of the organization was for the formation of a bipartisan progressive group to work in cooperation for progressive legislation.

Resolutions were adopted declaring that the progressives would work for legislation affecting the agricultural interests

GRANDI BROS. GOODFELLOWS

When it was announced that The Ledger would open its Goodfellow Club on the first day of December, Mr. Grandi, of the Grandi Brothers Stock Company, which is playing a week's engagement here, arranged to put on one of the company's best bills for a matinee Saturday afternoon at two-thirty, and stated that the entire proceeds from the entertainment would be given to the Goodfellow fund.

This popular company of players will present for the matinee a three-act comedy drama, entitled "The Great Awakening," and the prices have been fixed at ten and twenty-five cents. The show company will not retain one cent of the proceeds—every cent taken in will be given towards making a merry Christmas for the poor children of this city, and the tent should be filled to overflow. Everyone attending the matinee will be aiding in worthy charity work, and at the same time be enjoying a good play.

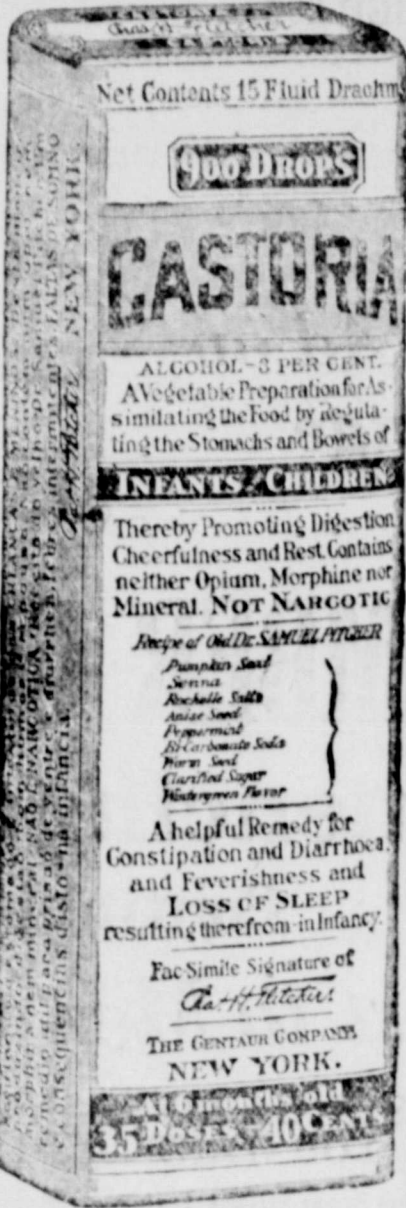

The program for providing for the children of this city, who probably would be otherwise overlooked by Santa Claus, will be carried out along the usual lines this year. The Ledger will receive, and publicly acknowledge contributions to the Goodfellow fund. The names of those and the amounts contributed will be published from day to day, and with an unusual era of prosperity there should be many Goodfellows here. No one will be solicited, and all contributions must come voluntarily.

There may not be as great demand for charity work here this year as in some years in the past, but there are families where the Christmas spirit will be lacking, if charity does not supply it, and

Ballinger people were indeed
 thankful.

We are now looking forward to
 the next great day in the world's
 history.

There will be many a switch be-
 tween bobbed hair and long tresses.

Many persons spend a lot of
 money and time finding out
 things that are of no value to
 them.

The man who falls down on the
 job usually finds that he has
 been hurt worse than the job.

No girl is expected to be so good
 that she feels comfortable in
 white cotton stockings.

The Turks' desire for the peace
 of the world is not as great as
 their desire for a piece of Europe.

The secret of reckless drivers
 seems to be that they are trying
 to save time instead of lives.

Occasionally an innocent person
 gets into jail, but that is no reason
 for laxity in law enforcement.

A New York woman stands
 charged with insanity because she
 does not care for money, and
 gives it away.

The air of some women who
 have donned the new long skirts
 suggests anything but satisfaction
 with their loss of freedom.

In Mexico bull fighters are
 forming a union. Now they will
 probably go on a strike unless the
 bulls they fight have a union
 label.

A Nevada woman thought food
 would kill her and went on a
 hunger strike for fifty days. She
 is dead now.

Yes, street paving work here
 will prevent somebody from say-
 ing that they can't find work, and
 will help to keep the home fires
 burning.

WATER AND CROPS

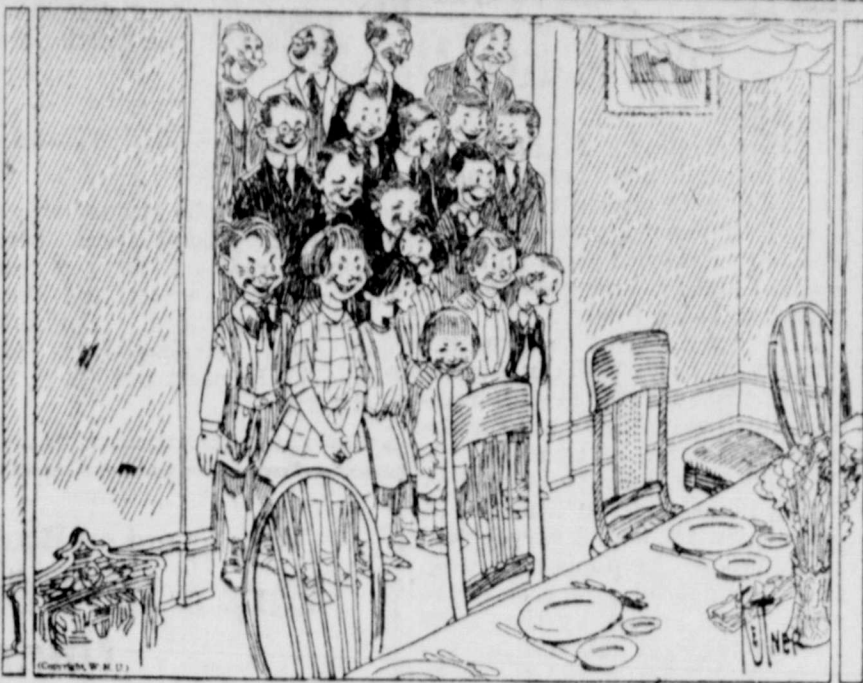

(From Abilene Reporter)
 The Ballinger Ledger whose ter-
 ritory is under the magic of the
 Colorado River Irrigation Project
 is finding some strong arguments
 in support of the theory that ir-
 rigation pays.

There are still some folks, be it
 said, who have to be convinced
 that irrigation pays. It sounds un-
 reasonable, but it is true.

The Ledger has recently discov-
 ered an exceptionally good case of
 irrigation paying. The farm of
 J. S. Neely of the Winters section of
 Runnels county furnished the
 facts. Mr. Neely it seems oper-
 ates a small irrigation plant sup-
 plied by water from a small lake
 which catches flood waters. These
 same flood waters, it is pointed
 out, devastated Mr. Neely's crops
 and eroded his land before they
 were tamed.

Mr. Neely has a fraction over

Appetites

27 acres under irrigation, and in
 addition cultivates ninety acres
 of unirrigated land. The contrast
 between the output of the two
 pieces of land is so great that, in
 view of the Ledger, every farmer
 should be firmly convinced that
 irrigation pays a big profit.

From his irrigated land Mr.
 Neely harvested the following
 crops with the accompanying in-
 come:

7 acres potatoes—\$829.39
 3 1-2 acres tomatoes—\$1421.25
 14 acres sugar cane—\$1200.00
 2 1-2 acres onions—\$420.00
 1-6 acre pepper—\$100.00
 Total—\$3,970.94.

Pretty good, eh But the full
 force of this success doesn't
 strike you until you compare it
 with the unirrigated ninety acres.

The crops from the dry land
 have not been marketed at cur-
 rent prices, but the products from
 the dry 90 acres will not amount
 to one-half as much as the prod-
 ucts from the irrigated 27 acres.
 Here's what the dry 90 acres fur-
 nished:

50 acres cotton—10 1-2 bales
 30 acres maize—20 tons
 10 acres millet—3,000 bundles.

The Ledger goes on to show
 that while the dry land produced
 in dollars and cents only about

\$20 per acre, the land which was
 irrigated turned out crops to the
 value of about \$150 per acre.

What Mr. Neely has accom-
 plished down there at Winters oth-
 er farmers elsewhere in West
 Texas can accomplish. It doesn't
 take a very large private lake to
 irrigate a few acres and a few
 acres under irrigation are worth
 a great deal more than many
 acres without irrigation.

Some day—it may be fifty
 years from now—West Texas will
 be an irrigated country, and then
 it will be one of the principal
 food producing regions of the
 earth. The folks who laugh at
 this idea today will be dead fifty
 years from now, and the new crop
 of wild-eyed theorists will be on
 top of the world, so to speak. It
 takes a lot of wild-eyed theorists
 to show the world where to head
 in, anyhow.

DEATHS

J. P. Pogue

J. P. Pogue lost in his battle against death, and his life in this world came to an end at one o'clock on Thanksgiving day.

The news of the death of this good man did not come as a surprise to his friends, for it was announced following an operation last Saturday, that he could not recover. Death was due to cancer of the stomach.

Mr. Pogue had been in bad health for some time, but was able to do his work as city plumber, and only his daily associates and close friends knew that he was not enjoying good health. He seldom complained.

He was stricken down while at work about a week before he was carried to the sanitarium and an operation performed. He held up cheerfully to the last and repeatedly told those about him that he would get well, but death was the victor.

Deceased had been a citizen of Ballinger for many years, and for quite awhile he had been in the employ of the city. He was a faithful employee and a good man, a man who attended to his work and was a friend to all who knew him.

Mr. Pogue was a member of the Church of Christ, a member of the Knights of Pythias and other secret orders. He is survived by a wife and four children, three boys and a girl, and other relatives; a sister coming from Fort Worth to attend the funeral.

At two-thirty Friday afternoon the funeral services were held at Evergreen Cemetery, Rev. Pleasant J. Taylor conducting the services. The many friends of the deceased join in extending sympathy to the bereaved family.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmothers' time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Public Sale

Notice is hereby given that on Friday, the 1st day of December, 1922, we will sell and offer for sale at the T. S. Lankford Warehouse on Seventh street in Ballinger, Texas, at ten o'clock a. m., the household goods belonging to John Hopkinson, on which C. S. Guin and T. S. Lankford have and hold warehouse men's liens as follows: C. S. Guin for storage, \$100.00; T. S. Lankford storage, \$65.00; which includes storage up to and including the 30th day of November 1922 on said household goods, together with all legal charges and expense of said sale. Signed:

T. S. LANKFORD
C. S. GUIN.

J. S. Neely was in the city Friday from Winters. Mr. Neely is a stockholder in the Farmers Gin Company at Winters, and he stated that the company had decided to build another gin at that place. The present gin operated by the company has been running day and night this season.

News was received here Thursday night to the effect that Miss Jane Scholer was very low at her home at O'Donnell, and that death was expected at any time. Miss Scholer is a sister of Mrs. Tom Routh, and the family moved from Ballinger to O'Donnell two years ago. She has been in ill health for some time.

NEW BOILER FOR LOCAL OIL WELL

A new boiler, transported by truck from Breckenridge to Ballinger, arrived here shortly after noon Friday, and was unloaded at the Safety First well three miles West of Ballinger. The boiler blew up at this well Wednesday, and the men who are putting down this well have made record time in getting a new boiler. Drilling will be resumed at once.

A new boiler is due to arrive in Ballinger Friday afternoon from Breckenridge and will be installed at the Safety First well to replace the old boiler which went to the bad Wednesday. F. W. Hunter went to Breckenridge Wednesday evening and on his return announced that the new boiler was en route here.

O. Wilson, contractor on the well, stated that the boiler would be installed at once and drilling resumed at a depth of 3390 feet in good formation, and only a few days delay caused by the break down.

Mr. Wilson stated that the work was going right ahead, and good progress made up to date, but that it would be necessary to convert some of the acreage under lease into cash to keep the work going and complete the test. It will be necessary to purchase quite a lot of casing, but Mr. Wilson states that this can be handled, if the investors will show their faith and take some of the acreage off his hands.

As stated before, to abandon this well now would be a dead loss of all money that has been put in it without development, while a few more strokes of the bit may bring in a big field. Every effort should be made to complete the test, and make it a home proposition.

Mr. Wilson, who had been in Breckenridge for a few days, also returned to Ballinger from that place Thursday night. He reports that the Breckenridge field, the formation of which is similar to the formation in the Ballinger well, had been extended eighteen miles West, and a well brought in a few days ago at a depth of 3600 feet which is flowing 3200 barrels per day. That should be encouraging to the promoters of the Ballinger well.

Mr. Wilson stated that he had arranged for the casing, and could move it as soon as finances are in sight for transporting it and setting it in the well. He estimates that it will require about \$5,000 to complete the well and it is up to men with money who want to see the well completed to come to his rescue and take acreage off his hands.

Taking Desperate Chances

It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding attack and paves the way for the more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle?

'OTHER WOMEN'S CLOTHES' AT THE MAEROY THEATRE

"Other Women's Clothes" is the title of the picture to be shown at the Maeroy Theatre, today only. Every woman on earth is interested in the clothes that other women wear. Hugo Ballin had this fact in mind when he made his latest special production, "Other Women's Clothes," featuring Mabel Ballin, Crawford Kent and Raymond Bloomer.

The story of "Other Women's Clothes" will appeal to the heart of every woman in the audience. It is a story about a girl named Jacqueline Lee, who coveted the beautiful clothes of her more fortunate sisters.

The heart of every man and woman viewing this production will go out to Jacqueline in her moments of anguish, and will follow her, slowly, steadfastly, through the succeeding developments of the story that eventually bring back the smiles of happiness to her lips.

\$20,000 AID FOR TALPA ROAD

County Highway Engineer U. Stephens returned from Austin Thursday with a good report, and it was announced that an appropriation of \$20,000 state and federal aid had been secured for the Ballinger-Talpa road.

Mr. Stephens went before the commission twice while in Austin, and furnished detailed information which secured the aid for the road work here. The money is available now, but the rules governing plans, bids, etc., must be complied with, and a survey will be made and the plans submitted as soon as possible. As soon as the plans are approved by the state and federal road authorities, the contract will be let and the work on this road started.

The amount appropriated by the highway commission represents fifty per cent of what it is expected to cost to build a dirt grade road and concrete drainage system from Ballinger to the Coleman county line. The Commissioners' Court recently passed an order appropriating fifty per cent of the cost of the project, and directed Mr. Stephens to proceed with the work.

It will probably take five or six months to get the work started, but the plans will be submitted to the highway department for its approval as soon as possible.

Being 250 acres of land out of the John Early League and Labor Survey No. 449, Abstract No. 130, described by metes and bounds as follows:

Beginning at the South line of said Early Survey 1130 varas South 60 West of its Southeast corner. Thence South 60 West 2124 varas for Southwest corner. Thence North 617 1-2 varas for Northwest corner. Thence North 60 East 2239 varas to Fish Creek in West line of Whigham tract. Thence South 45—10 East 335 varas. Thence South 4—40 West 372 varas to the place of beginning; that plaintiffs and defendants are the sole owners of said land and premises so far as known to plaintiffs, and the estimated value thereof is \$3750; that said land is not susceptible of partition among the several owners, and that the court should appoint a receiver to sell said land the proceeds divided among the said several owners according to their respective interests.

Wherefore plaintiffs pray the court that defendants be cited to appear and answer their petition, for judgment for partition of said land; that a receiver be appointed to sell said land, for costs of suit, and for general and special relief.

Herein fail not, but have you before said Court, at its afore-said next regular term, this writ with your return thereon, showing how you have executed the same.

Operation Averted by Taking
Lydia E. Pinkham's Vegetable Compound

Dayton, Ohio.—"I had such pains that I had to be turned in bed every time I wished to move. They said an operation was necessary. My mother would keep saying: 'Why don't you take Pinkham's, Henrietta?' and I'd say, 'Oh, mamma, it won't help me, I've tried too much.' One day she said, 'Let me get you one bottle of each kind. You won't be out very much if I don't help you.' I don't know if you will believe me or not, but I only took two bottles of Lydia E. Pinkham's Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine when I began to get relief and I am regular ever since without a pain or a headache."

When I lie down I can get up without help and without pain. I can't begin to tell you how I feel and look. I have begun to gain in weight and look more like I ought to. I think every day of ways I have been helped. Any one who does not believe me can write to me and I will tell them what shape I was in. LARGE CROWD AT UNION SERVICE

The union Thanksgiving services held at the Carnegie Library at ten o'clock Thursday morning brought together the largest crowd for such a service ever seen in this city, and despite the fact that most of the ministers were absent from the city, and the program somewhat interfered with, the service was a most successful one.

While the Ballinger people were gathered in a union Thanksgiving service, many other such services were being held in the rural communities of the county, and it was said that it was the first time in the history of the county that so many people assembled to take part in Thanksgiving programs.

The services in the rural communities of the county called most of the ministers from Ballinger. Only two remained in the city, and they were invited to deliver Thanksgiving messages at other places, but were in charge of the services here. Dr. Alvin Swindell and Rev. Alfred Crager were the only two pastors left in the city to conduct the local services. Rev. Pleasant J. Taylor had charge of the services at Hatchell. Rev. E. D. Messer preached the sermon at Bethel. Rev. M. C. Golden was the speaker for a Thanksgiving program at New Home. Rev. W. H. Doss conducted a Thanksgiving service at the South Ballinger school house. The new Methodist pastor, Rev. Bridges, had not arrived and Rev. Jess. Mitchell was in Texarkana on business.

The sermon for the Ballinger services was delivered by Rev. Crager, and following the sermon J. McGregor, chairman of the United Charity Board, made the annual report of the board. A committee was appointed to nominate members for the charity board for the ensuing year. Dr. W. W. Fowler, H. F. Demmer, T. J. Starkey, and O. P. Dorsey, were named as the committee. The committee's report endorsed the splendid work of the old committee and recommended that they

HARDING FAVORS ABOLITION OF 12 HOUR DAY

NEW YORK, Dec. 1.—President Harding favors the abolition of the twelve hour day, it was revealed in a statement issued by him today to the American Engineering Society.

The statement quoted Mr. Harding as saying that the twelve hour day had outlived its usefulness. He said that a better form of organization was needed that all people might enjoy proper family life. He commended the report of the engineering society which found that a twelve hour day was not an economic necessity.

"THE TROUPER" AT FOTOSHO THEATRE

There's no comedy drama about "The Trouper," the Universal attraction at the Fotosho Theatre Friday and Saturday, starring Gladys Walton.

Gladys Walton, so long seen in straight comedy dramas, stepped out of her fascinating shell of prettiness and created a real figure on the screen in "The Trouper." Her portrayal of "The Trouper" is equal to it if not greater. It is emotional, intense in its pathos and wistfulness.

And yet throughout the picture every sequence is dominated by some comedy, burlesque usually of an ancient and honorable tradition of the stage. The whole story is a satire of barn-storming road companies and penniless players in "pressing" situations.

A. P. Younger wrote the story directly for Miss Walton and H. B. Harris directed.

Jack Perrin, Kathleen O'Connor, Thomas Holding, Rose Lee Karns, Tom D. Guise, Mary Philbin, Mary True and Florence D. Lee enact principal parts.

The cast proves that top notch calibre in players is being sought for in support of Miss Walton. Perrin and Miss O'Connor have the benefit of experience as stars themselves. Holding is a likable young character man who did remarkable work in "Without Benefit of Clergy."

Hugh Latham returned from a visit to Brownwood Friday at noon.

Rev. Jess. Mitchell came in Friday at noon from Texarkana, where he went a week on business.

FOOTBALL FANS HEAR GAMES OVER RADIO

The radio report of the Texas-Aggie football game arranged by the Ballinger Electric Company and the Young Men's Business League entertained a crowd of about 75 persons yesterday afternoon, the game being diagrammed play by play on a blackboard. Mr. Teague had just completed a large set which had not been tested and was therefore unable to use the Magnavox, but the smaller machine picked up all of the messages thru the head-set, and enabled the football fans to get prompt reports on the above game, as well as the Baylor-S. M. U.; Rice-Arizona; Oklahoma-Washington; Cornell-Penn., and other games. Stuart L. Williams using a blackboard, traced the progress of the game, and local fans were enthusiastic as the game progressed showing the position of the ball, etc.

We have changed our mind about chicken. Chicken makes a delicious dish for Thanksgiving.

According to press reports some body got smacked over at Smackover, Arkansas.

It is not what we receive, but what we earn that makes us happy.

The man who is opposed to our immigration laws and wants the bars thrown down so the scum of the world can flow into our country, may be a good American but if he is, we are not.

The progressive group in congress is composed of bi-partisans, which means that the republicans and democrats are going to fight the republicans and democrats who are not "progressive."

"We are just now beginning to look a dollar in the face," says Lloyd George. George is wrong; we have been kissing them good bye for years.

Every socket in this old world does not fit exactly right, when it comes to putting into practice some of the things we are clamoring for. There are people who are in favor of exterminating Turkey, and these same people are for a reduction of the army. How are you going to do it?

Some of the European nations are referring to the American warships floating in the Near East waters as "doves of peace," but they do that because they know that the U. S. ships possess the strength of eagles.

Prohibition has not yet had the desired effect in this country. Sweden uses sixty-one gallons of milk per capita; Denmark uses sixty-eight gallons, while the United States uses only forty-three gallons. We need more Jerseys and fewer stills. But we must give prohibition credit for abolishing several hay windows.

When You Are Constipated
To insure a healthy action of the bowels and correct disorders of the liver, take two of Chamberlain's Tablets immediately after supper. They will not only cause a gentle movement of the bowels, without unpleasant effects, but banish that dull, stupid feeling, that often accompanies constipation.

HARNESSING THE WATER
While the people of this country are put to the task of harnessing the waters to prevent floods and feed arid lands, other countries are placing the waters under control for power purposes.

The natural advantages are all in favor of the people of this

country, because a three-fold purpose will be served in harnessing the waters here, while only one, or possibly two objects can be attained in other countries where millions of dollars are being spent in such projects.

In commenting on the question of harnessing the water, The Philadelphia Public Ledger says: "Surveys made by the government have divided the rivers into sections, and the amount of power each section is capable of delivering has been computed. To develop this available energy or the bulk of it, for industrial and other employment, is a gigantic job. But we are going at it. Already we have made a pretty fair start, for there are now in the United States 3,116 water power plants of 100 or more horse power with a total capacity of 7,852,948 horse power."

The construction of the Colorado dam will be nothing more nor less than harnessing waters which will convert waste into fortunes. Conserving the flood waters will prevent floods further down the stream, produce crops here, and turn wheels in generating power for all purposes.

And that's no dream either. If the human voice can be heard through the air across the continent, the waters of a little stream can be harnessed and made to do man's bidding.

KLAN ATTENDS FUNERAL IN BODY

The remains of J. P. Pogue were laid to rest in Evergreen Cemetery at three o'clock Friday afternoon, the services being conducted at the cemetery by Rev. Pleasant J. Taylor. A large crowd attended the funeral and the floral offerings signified the respect and love of the many friends of the deceased, and sympathy for the sorrowing family.

Just before the large concourse of friends had left the new made grave, twenty-two white robed Klansmen, marching two abreast, visited the grave, and placed a beautiful wreath of flowers on the grave, and gave each member of the family a flower. The Klansmen remained until Rev. Taylor had offered the closing prayer and pronounced the benediction.

The appearance of the Klan members at the funeral indicate that the deceased was a member of that order, and it was announced that the Klan is aiding the widow and children of the deceased financially, having notified her that the Klan would pay all funeral expenses, and would see that she did not want for anything.

Mr. Pogue's son had just left the sanitarium, where he underwent an operation, and the misfortune of the family in losing their husband and father, upon whom they were depending for support, makes the burden doubly heavy for them.

MRS. LULA VANN FULTON, ARK.

Suggests to Suffering Women
the Road to Health

Fulton, Arkansas.—"I used Lydia E. Pinkham's Vegetable Compound for a soreness in my side. I would suffer so badly every month from my waist down that I could not be on my feet half the time. I was not able to do my work without help. I saw your Vegetable Compound advertised in a newspaper and gave it a fair trial. Now I am able to do my work and I cannot praise your Vegetable Compound enough and highly recommend it to those who have troubles like mine. I am willing for these facts to be used as a testimonial to lead all who suffer with female troubles, as I did, to the right road to health."—Mrs. LULA VANN, Box 43, Fulton, Arkansas.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by word of mouth and by letter, one woman to another, that should cause you to consider taking this well-known medicine, if you are troubled with such symptoms as painful periods, weak, nervous feelings, miserable pains in your back, and cannot work at certain times.

Here is a woman who is so grateful and glad to be relieved from a painful and nerve racking physical condition that she wishes to tell all sick women.

Citation by Publication THE STATE OF TEXAS,

To the Sheriff or any Constable of Runnels County, Greeting:

You are hereby commanded to summon William Hurst by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the County Court of Runnels county, Texas, to be held at the Court House thereof, in Ballinger, on the First Monday in January A. D., 1923, the same being the 1st day of January A. D., 1923, then and there to answer a petition filed in said Court on the 31st day of July A. D., 1922, in a suit numbered on the docket of said Court No. 3038, wherein Flora Hurst is Plaintiff and William Hurst is Defendant, and said petition alleging:

That plaintiff and defendant were legally married on or about April 2nd, 1921, and lived together as man and wife until on or about April 21st, 1921, at which time plaintiff was forced to separate from defendant on account of his cruel and harsh treatment; that defendant was guilty of excesses, cruel treatment and outrages toward plaintiff of such nature as to render their further living together insupportable; that on or about April 21st, 1921, defendant struck plaintiff and knocked her out of the barn door, and then and there cursed and abused her; and that the said marriage relations still exist.

Plaintiff further alleges that to the marriage of plaintiff and defendant there was born one child, to wit, a girl by the name of Lorene Hurst.

Plaintiff prays the court that defendant be cited to answer this petition, that said marriage relations be dissolved, for care and custody of said child, for costs of suit and such other and further relief, special and general, as she may show her self entitled to.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this Writ with your return thereon showing how you have executed the same.

Taking Desperate Chances

It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding attack and paves the way for the more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle?

Papers Are Found to Be
Worthless.

Erich Anspach, whose activities during the war were construed as treasonable by the German republican government, may escape with a light prison sentence on a minor charge. The charge of high treason against him will be withdrawn and he will have to answer only for forging documents and attempted espionage.

Anspach sold documents to the French and Poles purporting to contain state secrets. Investigation has disclosed that the contents of the papers was in every case purely fiction. Anspach dealt with the German espionage office as well as with the French and Poles, and sold documents which were equally worthless. These governments have not asked for his prosecution upon espionage charges, so there is little left against the man whose whole sale activities netted him huge sums during and immediately after the war.

It was only a few months ago that Anspach was arrested after a long search. He had been in Berlin throughout the search. Besides "secret" war information he dealt in forged passports, licenses and even university diplomas.

TAKE HEAVY DEATH TOLL

Automobiles Killed 10,168 Persons in
34 States in 1921.

Motor vehicles, exclusive of motor cycles, caused 10,168 deaths in 1921 in the registration area of the United States, comprising 34 states, according to an announcement by the Department of Commerce. This was an increase of 1,065 deaths over 1920.

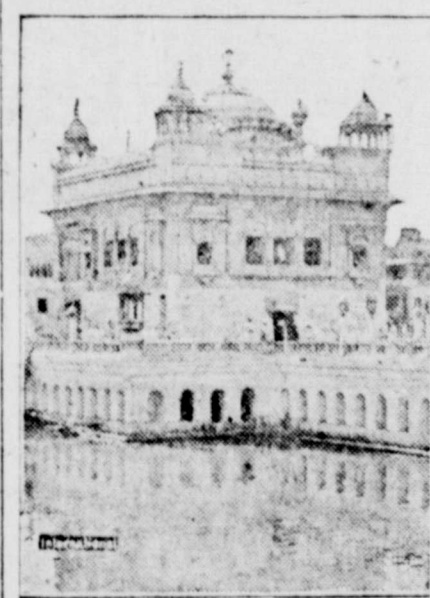

Returns compiled by the census bureau showed that in these states, embracing two per cent of the nation's population, the death rate was 11.5 per 100,000 population, as compared with 10.4 in 1920.

Among the cities of 100,000 or more population, Los Angeles, Cal., had the highest death rate, and California led all the states. New York state registered the largest number of actual deaths with 1,632, an increase of 222 over 1920.

Total deaths in the cities were 4,415 last year, an increase of 250 over 1920. New York city had the largest number of deaths, 885, an increase of 112, or more than 10 per cent. Chicago was second, with 569, an increase of 97.

The figures given out also made comparison between 1921 and 1917. In the latter year the fatalities were 6,724. In New York city, in this five-year period, the deaths from automobile accidents increased from 551 to 885.

STOLE \$3,000 TO GET RICH

Arrest Stops Financial Career of Former Berlin Bank Clerk.

Stolen dollars—three thousand of them—started a young Berlin bank clerk on the way to fortune. When his financial career came to an end with his arrest, he said he had been unable to resist the temptation to "borrow" some of the powerful coins, knowing that all he needed was capital to become a rich man.

Within a few months after he had taken the money the clerk owned a villa, two high-power cars and was making money rapidly by showing extraordinary business acumen. He offered to pay back the money, but his plea was refused.

NEW RECORD FOR BIRTHS

Five Children, Twins and Triplets Born to Texas Mother.

What is believed to be the record for births is held by Mrs. M. N. Young, of Clyde, Tex., to whom five healthy children have been born within the last ten months.

December 21, 1921, Mrs. Young became the mother of triplets. A few days ago twins, a boy and a girl, were born. Previously twins and five single children had been born.

There are 12 living children in the family and all are said to be perfectly normal and healthy. Both the father and mother are less than 35 years old.

FOR CONSTIPATION

Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.

Hatfield, Ark.—Mr. G. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. We began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach."

"My wife uses it for headache and biliousness. It sets on our shelf and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, it takes right, will correct this condition."

A NOTE FROM FATHER GOLLBACH

The city of Ballinger is witness of the splendid work which the Grandi Brothers have rendered to our community. No cleaner or more good plays have been shown under any tent, nor has more charming and harmonious music filled the ears of any audience before. They have also taught us the lesson of humanity and charity which will not be forgotten even among church members. The Grandi Brothers took great interest in the needy of this town from the very first day of their stay here, and made a handsome donation to Father Gollobach, and their liberality in giving a matinee of which the proceeds, without retaining one cent will be given toward making merry Christmas for the poor children of this city, should encourage all good fellows in being liberal this year, and support the noble work of The Ballinger Ledger.

The editor of our home paper mentioned yesterday that there may not be as great a demand for charity work here this year as in some years of the past, but he will be given plenty of opportunity before his work in behalf of the Goodfellows' Club is completed to convince himself to the contrary. The old saying is still true, "the poor we have with us always." The meaning of his assertion is probably that we have no lazy people in this city this year, and poverty is due to sickness and misfortune. We hope The Ledger will bring forth some good articles which will do just as much good and better than in past years. As to the Grandi Brothers we thank them and God will bless them.

G. GOLLBACH.

Citation by Publication THE STATE OF TEXAS.

To the Sheriff or any Constable of Runnels County—Greeting:

You are hereby commanded to summon J. H. McBride by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, to appear at the next regular term of the District Court of Runnels County, Texas, to be held at the court house thereof, in Ballinger, Texas, on the First Monday in January, A. D., 1923, the same being the 1st day of January, A. D., 1923, then and there to answer a petition filed in said court on the 2nd day of December A. D., 1922, in a suit numbered on the docket of said Court, No. 3060, wherein R. E. Lafoon is Plaintiff, and J. H. McBride, is Defendant; the nature of plaintiff's demand being as follows:

THE STATE OF TEXAS,
County of Runnels:
In the District Court, Runnels County, Texas, January Term, 1923.

TO THE HON. J. O. WOOD, JUDGE OF SAID COURT:

Now comes R. E. Lafoon, who resides in Runnels County, Texas, hereinafter called plaintiff, and makes complaint of J. H. McBride, whose place of residence is unknown to the plaintiff, hereinafter called defendant; and for cause of action plaintiff represents to the court that on or about the 13th day of May 1922, he was seized and possessed of the following described lands and premises, situate in Runnels county, Texas, holding and claiming the same in fee simple, to-wit:

Being 160 acres in the Northeast portion of Runnels County, out of the Northeast part of the Nathan Mitchell Survey No. 470, and described by metes and bounds as follows:

Beginning at the Southwest corner of the George Harrison Survey No. 318, same being the Southeast corner of the George Hancock Survey No. 437, and the Northeast corner of said Survey No. 470; Thence West 950 varas; Thence South 950 varas to stone mound; Thence East 950 varas; Thence North 950 varas to the place of beginning.

That on said day and date the defendant unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage in the sum of \$1,000.00.

Wherefore plaintiff prays that the defendant be cited to appear

and answer this petition and that upon hearing hereof he have judgment for the title and possession of the above described lands and premises and that writ of restitution issue for his damages and costs of suit, and for such other and further relief general or special, in law and in equity that he may show himself justly entitled to.

Attorney for Plaintiff.

Herein fail not, but have you before said Court, at its aforesaid next regular term, this Writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Ballinger, Texas, this 2nd day of December, A. D., 1922.

RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

PUBLIC ROAD WILL NOT CROSS DAM SITE

The Colorado Valley Irrigation Association was successful in efforts before the State Highway Commission Monday to withhold designation of the Robert Lee-San Angelo road. The highway commission decided to order work at once on the road from Blackwell to Bronte, and on the spur from Bronte to Robert Lee.

This action by the highway department recognizes the progress which has been made on the irrigation project and its importance to this section, and removes what would have been a serious obstacle to the furtherance of the work. No action will be taken on the South end of the above road until the plans of the irrigation association are complete.
