Citizens Ask County For Flood Relief

Enrollment Reaches 2,260

The Board of Trustees of the Aransas County Independent School District met in regular session on September 13. The minutes of the two previous meetings were approved. Also regular monthly bills were approved.

Superintendent J. C. Gray reported that a final ruling on the effect of the President's wage and price freeze as it affects school employees' salaries was expected within the next day or two. Quite a number of opinions have been reported by those in authority as noted by press releases.

The directive by which schools must abide will be released by the Texas Education Agency. The directive will be based on a comprehensive interpretation made to the Texas Education Agency by the Cost of Living Council.

The Board of Trustees agreed that the local school system must follow instructions from the Texas Education Agency as it affects salaries of all school personnel in the school system.

The Superintendent reported that the flashing lights to be erected on Highway 35 in the Junior-Senior High School zone should be installed soon since it has been approved by all concerned.

It was reported that the grand total enrollment in the school system as of Monday, September 13, was 2,260, which is 155 more than at this time last year.

The enrollment at Fulton and Rockport is less than last year since all sixth graders have been transferred to the Junior High School and occupy the new building.

The present enrollment at the various schools is as follows: Senior High, 576; Junior High School, 596; Rockport Elementary, 630; Fulton Elementary, 134; Live Oak Elementary, 324.

Jack McDavid, representing Glass, Sorenson and McDavid Insurance Company, was present at the meeting and outlined various proposals for renewal of building insurance. After the presentation was made by McDavid, there was a lengthy discussion of cost and coverage factors.

It was finally voted unanimously by the Trustees to purchase fire, lightning, extended coverage and vandalism and malicious mischief insurance, excluding windstorm, hurricane and hail.

This action was taken by the Trustees because of the increased cost of windstorm, hurricane and hail insurance and the increased cost of the operation of the school district.

Grand Jury Returns Seven Indictments

The grand jury summoned last week by District Judge John Miller returned seven indictments, as follows:

Oscar Lara, unlawful possession of heroin.

Charles Lybarger, Jr., Patrick Tucker and Charles Nixon, burglary.

Jimmy Marshall and Jerry Vest, burglary.

Larry Crippen, burglary.

William Kelley, burglary.

Estanislado Medrano, theft of personal property over \$50.

Leonardo Panos, theft of personal property over \$50.

Members of the grand jury were D. H. Roberts, Joe Price, William M. Brown, Jr., Vicente Corpus, Mrs. Inocencio Cruz, Joe Valdez, Jr., Erle T. Eller, J. D. Hesselstine, Milton Sparks, Robert C. Stroot, Lee Roy Young and Harry S. Allen.

Judge Miller Hands Out Sentences

District Judge John Miller returned verdicts in a number of criminal cases this week in the district courtroom at the courthouse. The verdicts included:

Terry Chiodo, theft of per-

JUDGE JOHN MILLER

sonal property valued at over \$50 and embezzlement of personal property, found guilty and sentenced to two years in the penitentiary.

Tommy Williams, tried June 29 on the same charges in connection with this case, was sentenced to two years but was placed on probation.

Charles Lybarger, Jr., Patrick Tucker and Charles Nixon, burglary of a private residence at night, found guilty, sentenced to five years in the penitentiary, were placed on probation.

Estanislado Medrano, theft of personal property over \$50 found guilty, sentenced to two years, placed on probation.

Freshmen and Jr. Varsity Lose

Last Thursday evening Aransas Pass gave a warning of things to come as both the Freshmen and JV Panther teams pounded their way to victories over the Pirates of Rockport-Fulton.

The RF Freshmen squad fell to the Panthers by a 20-6 score. Rockport-Fulton was led on defense by Terry Freeborn who was in almost every defensive tackle. Mike Davis recovered two Panther fumbles to add his part to the Pirate defense.

The Junior Varsity game saw the Pirates yield two touchdowns which came as the result of errors, and fell by a 14-6 score. Aransas Pass scored after taking over the ball in Pirate territory and marched with the aid of a 29-yard pass interference call. The second score came after the Pirates misplayed a punt inside of their own 20-yard line. The Pirate defense played an outstanding game and was led by Alvin Griffiths and Bob Gillis who led the team in assists on tackles.

Offensively the Pirates used the power running of Ricky McLester who amassed 100 yards in 23 carries.

Petit Court Jury Finds for Defendant

A case was heard before a petit jury in District Court last week in which Inco Steel Products, Inc., had brought action against Fibersteel, Inc., and Dr. Austin R. Moody.

The suit was in connection with the construction of a 60 by 102 foot building erected at Conn Arbor, Aransas Pass, by Inco. The jury found in favor of the defendants.

Members of the jury were Mrs. Walter Foster, Mrs. Roy Rogero, Sr., Mrs. J. T. Slo-cum, J. F. Rayburn, Jane M. Raney, Clarence Wilson, Thomas M. Rogers, M. A. Tidwell, Mrs. George M. Hogan, Willie Butler, Gerald W. Sanford and W. K. Thomas.

Pirates Meet Taft In Season Opener

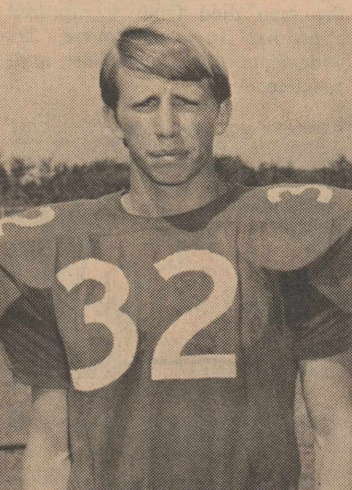

by Bob Crawford

There's an old saying -- The good Lord willing, and the creek don't rise, we'll be there. That must be on the minds of most football fans, players and coaches in South Texas since Fern visited this area. Last week the entire slate of football games in our area was cancelled, with the exception of only a few. These games will

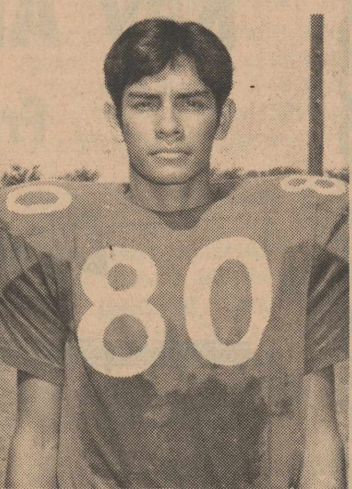

CLAY GILLIS

not be made up; they are the past. If the weather permits, the Pirates will play this week. The Rockport-Fulton Pirates will open the 1971 season with

MARK WRIGHT

Taft this Friday night at Pirate Stadium at 8:00 p.m. The Pirates will bring a stout defense into the game with three All-District picks leading the

STEVE ARISPE

way. Senior Steve Arispe was selected as the top safety man in the district a year ago. Clay Gillis and Mark Wright, both seniors, were named to the All-District teams as a linebacker and defensive halfback respectively.

The Pirate defenders, who have allowed only one touchdown in pre-season play, will be completed as a unit with probably Jerry Ploton and Dean Richard or Brad Ward at defensive ends; Abel Salazar and Clifford Mixon at defensive tackles; Charles Crusier, Travis Bailey, and Drew Carlin at linebackers; and Glyn Landrum teaming with Arispe, Wright, and Gillis in the defensive backfield.

The Pirate offense has yet to prove itself in the pre-season scrimmages, not having scored. Friday night will be the time for both units to put it all on the line, if a successful season is to be had.

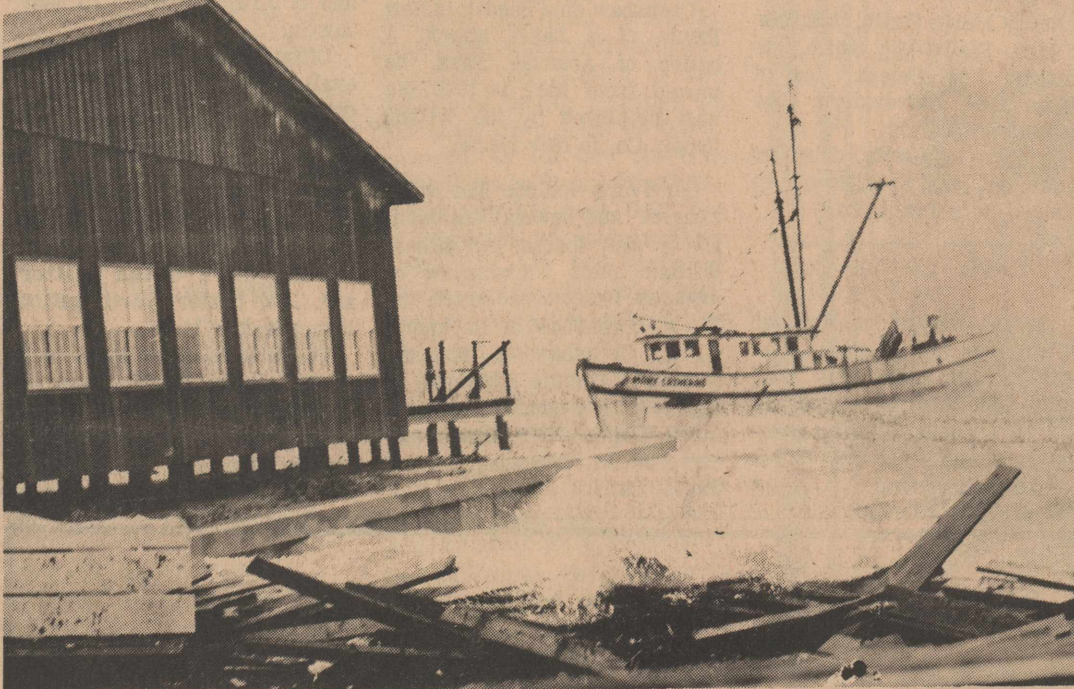

A representative of the Social Security Administration will be at the Courthouse in Rockport on Wednesday, September 15, 1971, at 9:00 a.m.

You may obtain information about your rights and duties under the Social Security Act. Eligible persons can secure assistance in applying for old-age, survivors, or disability insurance payments, and for Medicare benefits, from the representative at that time.

Aransas County Lucky In Tropical Storm Last Week

FERN DEVASTATION — Looking north along Fulton Beach Road toward the Paws and Taws Building, this photo illustrates typical damage caused in some local areas by the high tides, strong wind and lashing waves. Pilot Staff Photo.

The shrimp boat MARY CATHERINE ran aground on Fulton Beach and wound up near the paws and Taws Square Dance Building. Photo by Chief Taylor.

BOAT OWNERS TO FIND REGISTRATION CHANGES

Austin — Boat owners registering their craft this year will find some changes in the law.

For one thing, all water craft powered by any sort of machinery must now be registered with the Texas Parks and Wildlife Department. Even if the machinery is not the principal source of propulsion, the boat must still be registered.

Changes in the Texas Water Safety Act went into effect Sept. 1, 1971, and applications for renewals and original certificates of number may be awarded beginning Jan. 1, 1972.

New registrations will be good for two years from the date of issuance.

The department is also shifting to a staggered system of renewals. All renewal notices will be sent out at the same time, but different registrations will expire at different times, and the registration rates will be prorated accordingly.

The new Certificate of Num-

ber will be a plastic card which can be carried in the boat owner's wallet. Two decals in the shape of the state come with each Certificate of Number and are color coded with expiration dates marked on the face. They are to be placed on a line even with and three inches apart of the registration numbers on the boat.

An across-the-board increase of \$3 in registration fees for all boats also goes into effect Jan. 1, 1972.

New rates for registration are: Up to 16 feet, \$6; 16 to 26 feet, \$9; 26 to 40 feet, \$12; and over 40 feet, \$15.

MRS. SHIRLEE FALGOUT JOINS SECURITY

Mrs. Shirlee Falgout, former Corpus Christi Business woman, has accepted the position of office manager and receptionist at Security Real Estate.

Mrs. Falgout, daughter of Mr. and Mrs. C. C. Rivers of Rockport, was the manager of Casual Colony ladies apparel shop.

With Mrs. Falgout joining the staff at Security, Mrs. Lois Gurley becomes a full-time real estate salesman for the firm, along with Bob Stroot, Paul Johnson and Donald Bolls.

Del McLain and Frank Lenoir are part-time salesmen for Security. John Lewis is president of the company.

Mrs. Ophelia Harrell has returned from New Orleans, La., after visiting her daughter, Mrs. Robert Ayers and family.

Game Mangement Officers Assist Flood Evacuation

Area Game Management Officers of the Parks and Wildlife Department were pressed into service, as they have been so often in the past, to assist in the emergency created by tropical storm FERN.

Regional Director Tom Moore said that 16 men with radio-equipped vehicles and seven small boats were involved in rescue and evacuation work Saturday night and Sunday. Monday morning an undetermined number of men were still assisting with traffic control in some of the flooded communities.

All Saturday night and Sunday men and boats worked in Sinton while others spent all day Saturday in Alice. Several of the men with their boats were called into Driscoll on Sunday morning where they spent all day assisting with evacuation.

"When a storm approaches" Moore said, "these men get their equipment ready and stand by. They know that they will be dispatched to the hardest hit communities. We are lucky to have these well-trained, dedicated men with the proper equipment to assist when disaster strikes our area."

County's August Financial Report

The Aransas County financial report for August showed the following: start of the month: cash balance, \$147,706.76; receipts, \$21,515.18; total funds available, \$169,221.94; disbursements, \$57,266.97. End of the month: cash balance, \$111,954.97; time deposits, \$320,613.92; fund balance, \$432,568.89; securities owned, \$72,000.

It could have been much worse.

That seems to be the consensus of opinion regarding the damage the local area sustained from tropical storm Fern.

The greatest damage--as was viewed by hundreds of motorists driving around Sunday after the storm -- came from flooding. Damage running into hundreds of thousands of dollars was caused to streets, roads, homes in low areas, and washed-out piers.

Weather observer Paul Clark Sorenson reported total rainfall on Friday, Saturday and Sunday at 9.10 inches, recorded as follows: Friday, 4.31 inches; Saturday, 3.30 inches; and Sunday, 1.49 inches. He also reported wind gusts up to 50 miles per hour. Unofficial reports of rainfall from various people who have rain gauges were listed at 10.6 inches and higher in various locations.

Preparatory action began even before Fern was officially termed a hurricane. Earlier, not too much concern had been felt here after Fern was reported going inland north of here. Reports were received of heavy rains and high winds in the Freeport area.

Then Fern turned and headed in the general direction of Rockport. Authorities here--already getting ready for any eventuality--redoubled their efforts. The Sheriff's Department, City Police Department, Civil Defense officials, Aransas County Emergency Corps, Texas Parks and Wildlife Department all pitched in and got ready to protect local people and property.

Live Oak Elementary School was designated as an evacuation center scheduled to be opened if needed. Rain came down in heavy sheets, wind gusts got stronger and stronger, tides began to rise, and the barometer steadily fell.

The shrimp trawler MARY CATHERINE went aground near Fulton Harbor and was beached behind the Paws and Taws building. The crew got off safely but wet.

Parts of Fulton Beach Road were closed because of high water and debris. Two water spouts were reported by a local man but could not be confirmed.

Electric service was out for a short period, but Central Power and Light Company workers located the trouble and quickly got the power back on. On Saturday morning several roads were closed and a number of the cities in this area were reported as being under water.

The American Red Cross from Corpus Christi offered their services if needed, as did the Rockport Unit of the Salvation Army. Members of the City Police Department and the Sheriff's Department worked night and day all during the storm.

The Civil Defense Department blocked off streets that became flooded, took care of several breaks in water lines to keep water service in operation, and had six emergency generators set up at the sewage treatment plant and at lift stations in case of power failure. Fortunately, they were not needed.

The harbors at Rockport and Fulton became so full of water that the boats appeared to be sitting higher than land. Continuous checking was done by authorities and also by several fishermen in looking after the safety of boats.

The Sheriff's office was swamped with calls from visitors asking for information about the condition of roads between here and their home towns. Two radio dispatchers were pressed into service to keep up with the increased volume of radio calls coming in from area cities.

Better than words, photos tell the story of damage caused by a hurricane or tropical storm. Pictures in this issue show the flooding and other damage wrought by tropical storm Fern. Photos taken by Chief of Police E. D. Taylor are so identified. The others were shot by members of the Rockport Pilot Staff.

Deputy 'Pinky' Shivers In Law Work 9 Years

Mrs. Virginia "Pinky" Shivers, office deputy in the Aransas County Sheriff's office, has been in law enforcement work since 1962.

In pursuing this career, she is carrying on the tradition of her late husband, Arley C. Shivers, who was sheriff here from 1951 until his death in 1962.

A few weeks after Mr. Shivers' death, it was election time in Aransas County and Mrs. Shivers was elected sheriff by write-in vote, winning out over seven men who received write-in votes.

Pinky, as everyone calls the diminutive lady, served as sheriff for two years. Asked if she was called on to make arrests and handle tough assignments while sheriff, she smiles and answers honestly: "No, I had good deputies who handled all the outside work and I did my best to co-ordinate and supervise the activities and manage the office procedures."

At the end of her term as sheriff, Mrs. Shivers decided to make herself available as office deputy to her successor and she had held this job ever since.

It entails many duties, such as taking care of all the book work, keeping records, serving citations, plus being the day radio dispatcher.

Pinky is blessed with a sparkling personality and as a result, Sheriff Bob Hewes' office is a popular place every day, with people stopping in to

say hello and have a cup of coffee.

In addition to working in the sheriff's office, Mrs. Shivers finds time to be active in community and civic activities. She is a past president of the Business and Professional Women's Club and presently is chairman of the club's world affairs committee and is district public relations chairman.

She also is a member of the board of directors of the United Fund and the Aransas County Unit of the American Cancer Society.

Like any mother, she is very proud of her three children, Mrs. Thomas S. Schmitt, 6526 Cypress Point Drive, Houston; Mrs. Fred M. Butler III, Pharr, Texas; and Robert Arley Shivers, 152 Marcia Place, San Antonio; and her five grandchildren.

PLEDGE SORORITIES

Nancy Marie Smith, daughter of Mrs. Elaine May Smith, has pledged Chi Omega, one of Texas A&I University's four national sororities.

Cynthia Rouquette, daughter of Mr. and Mrs. F. M. Rouquette, pledged Zeta Tau Alpha.

CARD OF THANKS

I would like to thank all of my friends and relatives who visited and called and sent cards and flowers during my stay in Aransas Hospital. May God bless each and every one.

Linda Benavidez p26

Shower Honors Shirley Clark

Miss Shirley Clark was honored with a miscellaneous bridal shower Sept. 9 at the Sun Tan Motel.

Corsages of white carnations were worn by the hostesses, Miss Dee Ann King and Mrs. A. D. King. The hostesses also presented corsages of white carnations to Miss Clark, the honoree; Mrs. Steve Clark, mother of the bride-to-be, and Mrs. M. J. Oliver, mother of the groom-to-be.

The color theme of pink and white was carried out in the decor, using pink umbrella modifiers. The table was laid with a white cloth with pink umbrellas gracing the edges. A large pink and white umbrella served as the table centerpiece. Napkins, plates and cups followed in patterns of white with pink umbrellas.

The gift table was laid with a white cloth, pink hanging flowers centered the table with a silver candelabra with long thin white tapers on each side.

Punch and cake decorated in pink and white and mints and peanuts were served to the thirty guests attending.

The hostesses presented the bride-to-be with a tiny silver spoon with golden wedding bells on the handle.

HAROLD CRENSHAW DIES

ARANSAS PASS--Funeral services for Harold Lynn Crenshaw, 49, a former resident of Aransas Pass, were held Tuesday in New Iberia, with burial in New Iberia.

Crenshaw died Sunday in New Iberia of a heart attack. A native of Aransas Pass, he moved from here in 1940. He was employed by the Wilson Supply Co. in New Iberia.

Survivors include his wife, Charlee and several children, all of New Iberia; his father, William Jack Crenshaw of Aransas Pass; three brothers, B. W. Crenshaw of Rockport, A. J. Crenshaw of Aransas Pass; and Jimmie Brashear of Ingleside; and two sisters, Mrs. Chris Eagan of Rockport and Mrs. Joann Stewart of San Pablo, Calif.

State Dove Distribution Unusual This Season

Austin - An unusual mourning dove distribution pattern materialized last week as hunters took to the field for the start of dove season in Texas' North Zone.

Texas Parks and Wildlife Department field personnel indicated that the extreme eastern and western portions of the state have unusually good dove populations, while many of the traditionally better hunting areas in the central third of the state are slightly below par.

The piney woods area of East Texas may have its best season in years, apparently because there were fewer heavy rains to disrupt nesting. Deep East Texas is not usually considered as good for dove production as the farm and ranch land through the state's mid-section.

In the far west, where dove populations are usually sparse, field reports indicate sizable flocks where food is available. Heavy concentrations have been noted on the South Plains, Trans-Pecos, and along the Rio Grande downstream from El Paso. The Permian Basin area also has some good populations.

Hunters are advised, however, that the far western dove populations have a way of disappearing practically overnight into Mexico. Hunters are advised to get into the field early in the season, because the evacuation might be complete by the season's second week.

There is one wedge-shaped area of Central and North Central Texas which traditionally has good dove hunting -- and this season probably will be no exception. This area is roughly bounded on the north by Wichita Falls, Abilene and Fort Worth, and it stretches south to near Austin.

Officials suspect that the overall dove population may be down slightly this year, although it is practically impossible to determine at this time. Last season, hunters bagged approximately 9,000,000 birds. This was a rather low figure, but due more to bad weather and low hunter participation than a lack of birds.

There were heavy rains over much of the North Zone on opening day in 1970, and it rained over much of the South Zone on the first two weekends of that season. Hunter surveys in-

dicate that many shooters who have an unsuccessful first day decline to go out again until the next year.

The morning dove season for the North Zone is Sept. 1 through Oct. 30. South Zone is Sept. 25 through Nov. 23, except in those counties having a white-winged dove season. In these counties, the season is Sept. 4 and 5; Sept. 11 and 12, and Sept. 25 through Nov. 19. Daily bag limit is 10, possession limit 20 for both species. The shooting hours are from 12 noon to sunset.

Doctor in Doubt

"I did my best."

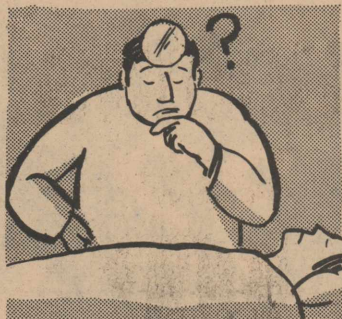

So said a doctor not long ago when a disgruntled patient sued him for malpractice. It seems that the patient had been suffering for eight years from a surgical wound that would not heal. Now, demanding damages, he told the court:

"I realize that the doctor did his best. The trouble is, his best was not good enough. After all these years, he must have realized his own limitations. What he should have done was to send me to a specialist."

The court agreed, and the doctor was held liable. The court said that when a doctor has (or ought to have) serious doubts about his ability to handle a case, he has the legal duty to send the patient to someone who is better qualified.

A similar duty rests on other practitioners of the healing arts. Take this case:

A drugless healer, treating a man who had severe abdominal pains, gave him a vigorous massage and a strong laxative. Result: the man died from a ruptured appendix. In due course, his widow sued the healer for malpractice.

At the trial, he insisted that he

This was the view down South Water Street, at Bay Street. Photo by Chief Taylor.

Again, looking down South Water Street from First Street, showing how the water almost reached the cottages. Photo by Chief Taylor.

had used the best treatment according to his own school of thought. Nevertheless, the court ordered him to pay damages. With plain signs of possible appendicitis, said the court, he should have turned the case over to a regular doctor.

Of course, the mere fact that a treatment is unsuccessful does not mean the doctor was at fault. In another case a boy's broken leg, set by the family doctor, healed with some permanent stiffness. The family, claiming damages, blamed the doctor for not calling in a specialist.

But the doctor explained: "This was not an unusual case. I have often handled similar fractures, and there was no special reason for me to expect trouble with this one."

The court decided this was a

legitimate defense, and dismissed the case. Noting that medicine is not an exact science, the judge said no one would dare to be a doctor if he had to guarantee perfect results every time.

FHA OFFICERS HOLD MEETING

The executive board of the Richardson Chapter of FHAm met Sept. 7. This was the second meeting this year.

It was decided to add four

representatives, one from each of the four Homemaking I classes, to the executive board. With this addition, the Homemaking I classes will be better informed with the organization.

The following people have received their Junior Degrees: Myrna Wilcox and Annette Demory. Debra Kelly and Diana Moore are working on their State Degrees.

Those who attended this meeting were Debra Kelly, President; Yolanda Carabajal, 3rd Vice-Pres.; Pat Garcia, 2nd Vice-Pres.; Myrna Wilcox, 4th Vice-Pres.; Annette Demory, Secretary; Josie Garcia, Historian; and Mrs. Tovar and Miss Mutchner, Sponsors.

Pastor
Bible school, 10:00; morning worship, 11:00; evening wor-ship, 7:00; prayer and Bible study, Wednesday, 7:30 p.m.

The Kinsey Report

It was Friday afternoon. The rain was blasting down so hard that visibility was almost completely obscured. Wind was gusting up to 50 miles an hour and higher.

Suddenly, a dog barked ur-gently at the front door of our home. It wasn't just a pesty bark; it seemed to in-dicate that something was ser-iously wrong.

Investigation revealed that Goldie, the household cat, had given birth to kittens in the adjoining woods, out in all the rain and wind. And at the door, Goldie was standing with a tiny kitten in her mouth, wanting in the house to save the lives of her kittens.

The door was opened, and Goldie promptly carried the first kitten to a safe place be-hind the TV set. Then she turn-ed around and hurried to the door, which was opened for her.

Into the woods she dashed to get a second kitten and carry her to safety. She did this two more times, finding safety for her four newly born.

Three more times she went out to the woods as though look-ing for a fifth kitten. She was aided by me and my dog, Shan. No fifth kitten was found. It is hoped that Goldie only gave birth to four.

The dog that sounded the alert was Poko, a big black pooch owned by neighbors, Mr. and Mrs. G. W. Sanford.

The kittens were named Fern, Edith, Stormy and Poko. I was so excited I forgot to take an action picture of Goldie carrying a kitten in her mouth.

Short Takes

Feather-Eating Birds
The grebes, aquatic birds notable for their agility in water, eat feathers. As a general rule, more than 50 per cent of the contents of a grebe's stomach consists of masses of feathers.

Armageddon
Armageddon is the name in the Apocalypse for the site of the last great battle between nations preceding the Day of Judgment. Thus, Armageddon has come to mean any great battle or place of slaughter.

Beards Banned
Beards have long been banned in world armies. Soldiers were ordered to shave since about the third century B.C. but not for hygienic reasons. Whiskers gave a handhold to an enemy in close fighting.

Caribou have large feet that help them in walking on snow.

Presby. Circle
Holds Meeting

Circle 1 of the Presbyterian Church met with Mrs. W. L. Reasor Sept. 9 with 5 members answering roll call. After delicious coffee and rolls, the meeting was opened with prayer and minutes of last meeting were read and approved.

Mrs. Mattie Bushart gave a resume of the W.O.C. meeting. One of the items was a vote to join with all the churches here to meet on the 5th Wednesday of each month, the first meeting to be at 10:30 a.m., Sept. 29 at the Episcopal Church.

The club was urged to have a good attendance at the district meeting in Corpus Christi at the El Mesias Presbyterian Church Sept. 22 and 23.

Mrs. Reasor donated a venetian blind to Mrs. Cruser's Sunday School room. She also made 6 operating masks for White Cross and Mrs. L. V. Clarke made 6 and Mrs. A. L. Bachman made a nurses uniform. Mrs. Bushart donated a

LUNCHEON MENU

The following lunchroom menus will be offered in the schools next week:

Monday, Sept. 20: Breaded steakettes, gravy, mashed potatoes, tossed green salad bread-butter, lazy daisy cake and milk.

Tuesday, Sept. 21: Beef stew, blackeyed peas, congealed orange salad, hot rolls-butter, ice cream and milk.

Wednesday, Sept. 22: Spaghetti with meat sauce, seasoned green beans, celery sticks and pickles, bread-butter, apple crisp and milk.

Thursday, Sept. 23: Hamburgers, Fritos, seasoned spinach, lettuce, pickles, onions, buns, butterscotch squares and milk.

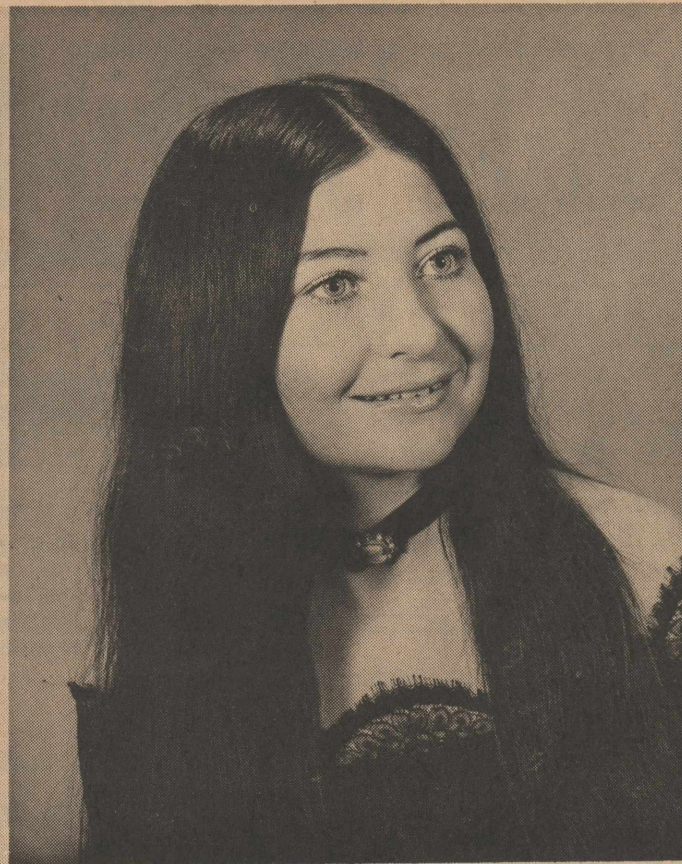

Friday, Sept. 24: Fried fish, catsup, au gratin potatoes, buttered green lima beans, bread-butter, peach cobbler and milk.

Note: These menus are subject to change without notice, depending upon availability and delivery of foods.

small planter with green ivy to the senior class Sunday School room.

It was voted to turn the remaining circle money to the roofing fund of the church. The lesson was moderated by Mrs. Reasor and the meeting closed with the Mizpah.

Elida Tamez To Marry Oscar Florez

'Double Four Bridge

Mrs. W. M. Denny entertained the Double Four Bridge Club at her home Sept. 8. Members playing were Mrs. A. L. Bachman, Mrs. Phyllis McBride, Mrs. J. V. Ferguson, Mrs. Eva Lutz, Miss Winona McFall, Mrs. Art Cox and Mrs. William Plummer. Miss McFall won high score and Mrs. Bachman was second high.

Mr. and Mrs. Encarnacion Tamez announce the engagement and approaching marriage of their daughter, Elida, to Oscar Flores, son of Mr. and Mrs. Icldro R. Flores of Sinton. An October wedding is planned.

Miss Tamez is a graduate of Rockport-Fulton High School and Del Mar College. Her fiancé is a Sinton High School graduate. They are both presently attending Texas A & I University.

The Rockport Pilot

THE WAGE-PRICE FREEZE

Questions and Answers

Internal Revenue Service

This column of questions and answers on the Wage and Price Freeze is provided by the U.S. Internal Revenue Service and is published as a public service. The column answers questions most frequently asked about the Wage and Price Freeze announced August 15 by President Nixon.

Q - How did the Internal Revenue Service get involved in answering questions about the Wage-Price Freeze?

A - The Internal Revenue Service undertook the assignment at the request of the Office of Emergency Preparedness which is the operating arm of the new Wage-Price program. Utilizing its nationwide taxpayer assistance network, the IRS receives, analyzes and investigates complaints and answers questions at 360 of its offices throughout the country.

Q - What does the IRS do after it receives a complaint of a Wage-Price Freeze violation?

A - The IRS will acknowledge the complaint and, if there is a reasonable basis for concluding that a violation may exist, it may contact the alleged offender to obtain voluntary compliance with the Presidential order or conduct further investigation. The IRS offices will report to the Office of Emergency Preparedness when further action is required. Actual prosecutions are the responsibility of the Justice Department.

Q - Do complaints of Freeze violations have to be in writing?

A - No. Although the IRS prefers that complaints be written to make referrals to the Office of Emergency Preparedness easier and to establish whether there is any pattern of problems in a particular area, all complaints are recorded, analyzed and investigated.

Q - I'm supposed to get a promotion in October. Can I still be promoted despite the Freeze?

A - Yes. Actual promotions to established positions with greater responsibilities are allowed, as well as increases in apprentice's and learner's rates under programs set up before August 15. However, merit and longevity increases

are not permitted during the Freeze.

Q - What sort of penalties will be invoked against businesses that violate the Freeze?

A - The Justice Department may seek an injunction to stop an individual or business from violating the Presidential order. Failure to comply with the injunction may place the violator in contempt of court and result in the handing down of civil penalties on an escalating daily basis.

The law also provides a \$5,000 fine which may be imposed for each violation.

Q - My landlord sent me a notice the first week of August that my rent was to be increased as of September 1. Do I have to pay the increase?

A - No. Rents on apartments and houses cannot be raised during the Freeze period. Even if an agreement had been signed before August 15 and scheduled to go into effect after the 15th, the increase would not be allowed.

Q - I'm moving into a new apartment. How can I tell if my landlord is overcharging me for rent and violating the Freeze?

A - Check the rents charged for comparable apartments in the immediate area. The rent you pay cannot be any higher.

Presby. Circle Elects Officers

Circle No. 3 of First Presbyterian Church met Monday night in the home of Mrs. Alice Morrison and elected officers.

Those elected were Mrs. Alice Morrison, chairman; Mrs. Dorothy Morrison, co-chairman; Mrs. Katherine McLester, secretary; and Mrs. Thelma Sours, treasurer.

The next meeting will be held at the home of Mrs. Dorothy Morrison.

Metal used in coins is cold at the time the coins are stamped.

Pharmacy Topics

By
SHELLEY ROATEN

A St. Louis doctor has found that local thunderstorms often contain plentiful quantities of Vitamin B-12, which acts as a catalyst in solubilizing the iron that we take into the system.

Cold cream was discovered by the Greek physician Galen around 150 A.D.

A reported increase in lice infestations in men is attributed at least in part to longer hair and more casual attitudes about personal cleanliness.

Tests on animals with certain vegetable oil extracts have turned up encouraging results in treating the muscle-wasting disease, muscular dystrophy.

"The health of the people is really the foundation upon which all their happiness and all their powers as a state depend."

When your doctor prescribes the best, we do the rest, at

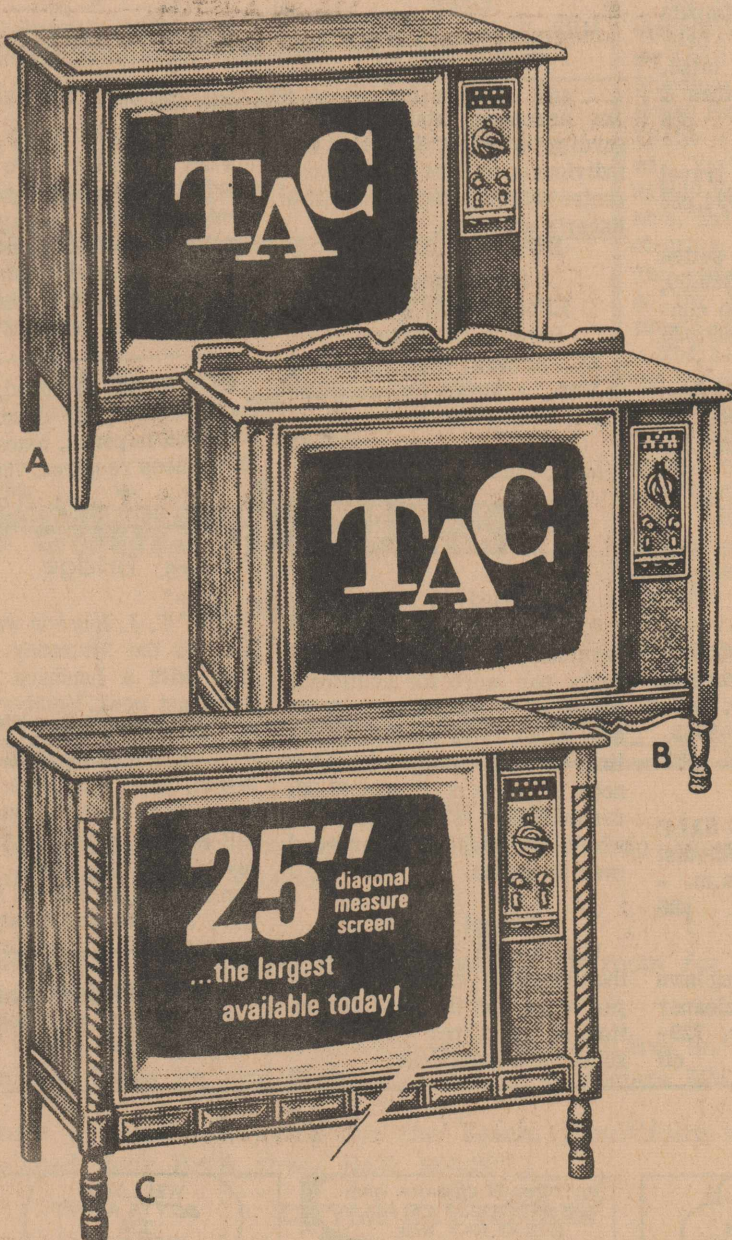

Roaten's

the pharmacy with the "bed-side manner."

Because of a higher hearing range, cats respond more readily to the call of a woman's voice.

Magnavox & Our Store fight inflation

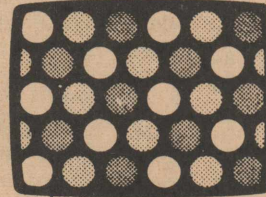

...by price-reducing this newest TAC COLOR TV CONSOLE

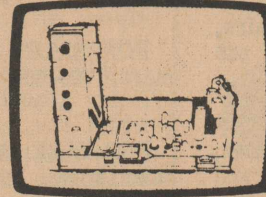

Beautifully designed, space-saving fine furniture:
A. Contemporary—model 7132. B. Early American—model 7134. C. Mediterranean styling—model 7136.

new IMPROVED TOTAL AUTOMATIC COLOR—for far greater tuning ease, better, more uniform color!

new MATRIX TUBE—for brighter, sharper, Ultra-Rectangular Pictures!

new MAGNA-POWER CHASSIS—for improved performance and greater reliability!

Magnavox Total Automatic Color is a complete electronic system! TAC lets you kick that bothersome tuning habit by automatically keeping flesh tones natural and pictures sharp. It eliminates the need for jumping up and down to adjust controls, for it remembers to give you a perfectly-tuned picture—with the right colors—*instantly and automatically*—on every channel, every time! The new ultra-rectangular and ultra-bright Matrix Tube—unlike many others—has a black, opaque substance surrounding each color dot—resulting in *far better* picture contrast, sharpness and *far more* brightness. The new Magna-Power Chassis with many solid-state components, assures better performance and greater reliability. Don't settle for anything *less* than a magnificent Magnavox with new and improved TAC!

Happy Homemaking

By BARBARA BAKER

"Everything looks appetizing but the prices!"

A doctor in a South Georgia town went on vacation. He placed a sign on his door reading: "On vacation. Eat sensibly, quit smoking and come back in a month."

The U. S. produced 1,866, - 100 short tons of cotton yarn in 1968.

Fulton Fire Dept. Auxiliary Elects

The Ladies Auxiliary of the Fulton Fire Department held their regular meeting Monday in the Fire Station. There were eleven members present.

The following officers were elected for the coming year: President, Mrs. Elbert Mundine; Vice-President, Mrs. Royce Harrell; Secretary, Mrs. Leslie Cole; Treasurer, Mrs. Al Vavra; Reporter, Mrs. Harold Koert; Parliamentarian, Mrs. Pat Loflin; and Sergeant-at-arms, Miss Hettie Weber. The officers will be installed at the next meeting by past president, Mrs. John Burke.

The need for a larger building for game nights this winter was discussed. Anyone knowing of a building that might be rented was asked to call the president.

In addition to the newly elected officers, the following members were present: Mrs. Frances McCullough, Mrs. Leroy Vavra, Mrs. John Burke and Mrs. Isabelle Gutierrez. Wanda Cole won the attendance prize.

If you have trouble getting cobwebs out of a high stair well, tie an old towel on one end of a clothespole and it will require little effort to clean the whole well.

To save time and avoid confusion while washing windows, use colored sponges to match two different-colored plastic buckets. By keeping the colors matched, you can be sure to avoid getting the soaped sponge into the rinse water and vice versa.

When washing shirt col-

lars, put shampoo on the grease stains. Shampoo is made to dissolve body oils and works wonders on collars.

To prevent squashing your hats when traveling, put a hat inside a plastic bag, blow full of air and secure with a rubber band. The hat does not get a dent.

Try coating candles (except wicks) with thick soap suds. Let dry in the holder before lighting and they will last longer and burn without smoking.

If you are interested in building your own home and feel that you can't afford it because of insufficient income or difficulty in obtaining a loan, come in and talk it over with us. We believe that we can help solve the problem.

"A BUY FROM SECURITY — IS A BUY OF SECURITY"

FIX-IT TIP

Hammering and banging noises in a waterline come with vibrations of pipes that are loose or improperly mounted. As water rushes through a pipe and around an elbow, it will cause the pipe to move and vibrate if the mountings are not secure.

Check pipes in exposed

areas of the basement. Tighten pipe straps or add more. Trouble is most likely to occur at joints, so check elbows and Ts. Straps may not be enough. If vibration is occurring at a joint (you can tell by observation), brace the pipe at these points by nailing wooden blocks against the nearby surface so that they press against the pipe.

Some \$11.3 million is owed New York City in unpaid parking tickets.

Come, on, doggie, get off that pier. This shot was made in front of a motel on Broadway.

MENTAL HEALTH MATTERS

Bertram S. Brown, M.D., Director
National Institute of Mental Health

Hypnosis Findings

Childhood imagination, strict parents, and genetics may all be keys to whether a person can be hypnotized readily.

according to a Stanford University research team world-famous for its studies of hypnosis.

They recently found that persons who are easily hypnotized usually have similar back-

grounds. As children, they frequently used their imagination to detach themselves from reality, and, although each had enjoyed a warm relationship with his mother, severe discipline was part of the childhood picture in many cases.

Many persons who are easily hypnotized also report having learned as children to tune out unpleasantness, including parental punishment or lengthy scoldings.

This suggests, the researchers say, that some children develop the ability to "tune out" reality and that this ability is sharpened by their need or desire to escape stress in their environment.

These new findings support earlier data from the research group which indicate that a major factor in hypnotizability is the capacity to become deeply involved in some activity or interest such as reading, music, religion, or dramatics.

In these pursuits, they say, "ordinary reality is temporarily set aside, as indeed it is in hypnosis."

In addition to understanding the psychological mechanisms involved, the Stanford team is also interested in the practical applications of hypnosis, such as for relief of pain in childbirth, dentistry, and burns. They are also studying hypnosis' potential usefulness in alleviating the pain of cancer patients, in treating drug addicts and alcoholics, and in changing the attitudes of elderly patients in nursing homes to improve their adjustment and prolong their life expectancy.

The use of hypnosis in psychotherapy is also being explored, as is the relationship between hypnosis and sleep and dreaming.

The Stanford research is supported by grant funds from the Department of Health, Education, and Welfare's National Institute of Mental Health, Health Services and Mental Health Administration.

"You'll find your room a little more cluttered than usual—I tossed in the broom, mop, dust cloth and vacuum cleaner!"

PAGE EIGHT

Short Takes

Football's Father

Walter Camp is sometimes called the "father of American football." In 1889, he began the practice of selecting, each year, noted football players for an All-American team.

Not Beefeaters

The cow has a special place in Hindu religion, mainly because it was the chief source of milk and bullocks for plowing when the Hindu Scriptures were

written. Killing a cow is considered a sin.

at shorter and longer distances than man.

Wonderful Star

Mira, one of the largest stars in the universe, is famous for its light changes and astronomers call it the "wonderful star." The star expands and contracts every 330 days and this causes its light to grow brighter, then dimmer.

Birds' Sight

Birds have developed powers of sight to a remarkable degree. Probably they surpass all other creatures in excellence of vision. Most birds can see clearly both

Egyptian Calendar

The Egyptians adopted the first calendar based on the solar year in 4246 B.C. A 12-month calendar with 30 days in each month, the calendar totaled 360 days for the year. To make it come out even with the sun, they added five days at the end of the year—six days every fourth year—but these were not a part of any month.

Jackie Gleason's new home in Florida has 14 rooms but only two are bedrooms.

KEY ALLEGRO ISLAND HOTEL

65 NASSAU DRIVE • A/C 512-729-2263 • ROCKPORT, TEXAS 78382 (30 MILES FROM CORPUS CHRISTI)

To all of our Friends:

Summer is gone and the kids are back in school. What are you going to do with yourselves during the long fall and winter evenings?

We want to help you, and us, to "live it up" a little, so we are going to start on September 13th, and every Monday thereafter - a "HAPPY HOUR" with a special buffet following, and Dennis Harper at the organ.

We hope to be able, with your support, to keep up not only the "Happy Hour" and buffet nights, but additional events to follow.

As you know, facilities are available for your women's clubs, sailing clubs, bridge clubs, or any other activities you might have, or want to start.

I would like to get suggestions from you for other activities we could host.

Future planned events include - "OKTOBERFEST" with famous German dishes - "COLUMBUS DAY" with Italian dishes - "VETERAN'S DAY" with a "mixed-up" buffet - "HALLOWEEN PARTY", etc.

We hope to see you at these events, plus many others.

Cordially

Frank Randt

B&PW BOARD HOLDS MEETING

The B&PW executive board met Sept. 7 in the Peninsula Oaks office, with Mrs. Penny Baldwin, president, presiding. Mrs. Dorothy Morrison pinch-hit for the secretary, who was not present.

Attending the meeting were Mrs. Baldwin, Mrs. Bernita Kinsey, Mrs. Thelma Sours, Mrs. Loyce Ogle, Mrs. Margaret Del Rocco, Mrs. Virginia Shivers, Miss Veronica Klaeser, Mrs. Gladys Gibson, Mrs. Clara Brymer, Mrs. Florence Griffith, Mrs. Louise Smith and Mrs. Morrison. The treasurer reported \$257.20 was in the treasury.

The president asked for help with a volunteer sheet which gives the club points for carrying out various actions. She reported that the club was equalized, which means it has kept the membership equal as of end of last year.

The club sold all its buttons on equal rights. The club's meeting dates will be listed again in the school calendar next year. A history of the club is to be mailed to Dr. A. Ray Stephens who will write a history of Aransas County. The district conference of B&PW clubs will be held in Corpus Christi Oct. 2 and 3. The club urges local people to write to congressmen and U.S. senators asking their support for the Equal Rights Bill No. 108, as is. Mrs. Flo Griffith and Mrs. Louise Smith have been appointed co-chairmen of the bazaar the club will hold Dec. 4. They told about several easy-to-make items and will ask each member to make something.

Members were asked to bring recipe cards and pencils to the next meeting. L. D. Nuckles of the Parks and Wildlife Department will present a program "for women."

The club expressed appreciation for the publicity in the Rockport Pilot recently about the B&PW advocacy of a county health program.

Mobile Inn Trailer News

by Esther Decker

Mr. and Mrs. Way of Fulton have purchased the Estep's mobile home and will be in resident after Sept. 20.

Mr. and Mrs. Longshire are new residents.

Mrs. Faye Johnson has arrived for the winter.

Mr. and Mrs. John Moore have gone to Hot Springs, Arkansas for the fishing.

Bill Brice has returned from a month's vacation.

The Friday night game night was postponed in deference to "Fern's" tantrums.

Hinie Gerlach is back home after a trip to the hospital. Mrs. Esther Decker has postponed the Amway party until Sept. 18.

RALEIGH MOORE DIES

Raleigh W. Moore, 66, died Sept. 8 in a Corpus Christi hospital after a long illness.

A native of Columbus, Ga., he had been a Rockport area resident since 1966 and was a retired employe of Western Electric Co. in Houston. He was a member of the Rockport Lions Club and the Telephone Pioneers of America.

Funeral services were held Sept. 10 in Marshall Funeral Home Chapel in Aransas Pass with burial in Rockport Cemetery.

He is survived by his wife, Alice, two brothers, N. S. Moore of Carmichael, Calif., and W. R. King of Fort Lauderdale, Fla., and a sister, Mrs. Margaret Murphy of Rio Linda, Calif.

Judge Roy Bean Backed Up-Decision With His Six-Shooter

LANGTRY - Judge Roy Bean, the "Law West of the Pecos," was likely to handcuff prisoners to a handy tree 'till he could get around to a trial on his front porch. He reeled off decisions with the aid of a solitary law book, and backed 'em up with a six-shooter on the table beside him. Then to make it official, he made liberal use of his prized notary seal.

The old judge is long gone, along with the frontier Southwest he so colorfully represented. But his pistol, handcuffs, book and notary seal are now on display at the Texas Highway Department's modern, air-conditioned Visitor Center. Inside the judge would find himself the star of a half dozen dioramas, each with a special recorded program.

With his eye for the ladies, he'd surely go for the pretty travel counselors who are always on duty, especially since their favorite subject is the same as his: Roy Bean. And there, rigged up like the crown jewels -- his pistol, handcuffs, law book, and notary seal.

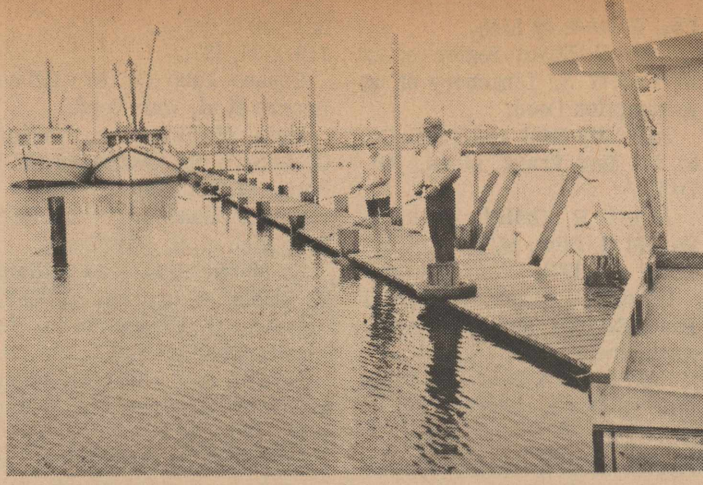

Roy Bean wouldn't believe it. The weathered old "Jersey Lilly," his saloon-courtroom-billiard hall, is just like he left it. The State Legislature,

in 1939, named it a historic site and directed the Highway Department to preserve it for tourists. Next door is the department's modern, air-conditioned Visitor Center. Inside the judge would find himself the star of a half dozen dioramas, each with a special recorded program.

With his eye for the ladies, he'd surely go for the pretty travel counselors who are always on duty, especially since their favorite subject is the same as his: Roy Bean. And there, rigged up like the crown jewels -- his pistol, handcuffs, law book, and notary seal.

The cactus garden outside

After the storm, Mr. and Mrs. Douglas Crombie of Denton lost no time going fishing from the pier at Marie's Bait Stand at the Turning Basin, and they caught some nice ones, too.

Letters to the Editor

Dear Mr. Kinsey,
As you know we have just completed a summer free of boating accidents in the Skid Basin. We might add that there were no crimes reported and only one minor automobile accident on the Beach Road this summer. We feel that the constant presence of a police car on the beach was a factor on the last two reports.

We all know that outstanding safety programs don't "just happen". We want to thank you for the great support and publicity that you gave the program.

We are also indebted to Mayor Hiller, The City Council, Chief of Police Taylor, the Navigation District Commissioners, and Mr. DeForest for their material and moral support.

Most of all we are indebted to the participants themselves. You have a wonderful group of young people here and they were most cooperative. Without their skills, vigilance, and good judgment this safety record could not have been achieved. These are all required for a good Water and Boating Safety Record and that is what it is all about.

Last but not least we should like to thank the nameless, but "forward looking" citizens who contributed the funds that made the program possible.

My best wishes for your continued success, the future of the Safety Program and the growth of the friendly City of Rockport.

Sincerely,
William F. Dickson
Lt. Col. USAF (Ret.)
Water Safety Patrolman

The town of Gulf Shores, Ala., passed an ordinance making it unlawful for a hurricane to come within the city limits.

Roy Bean says thank'ee!

Training Courses

The Coastal Bend Regional Planning Commission has scheduled four 40-hour advanced Law Enforcement Training Courses at Ingleside to be taught by the Texas A&M University Police Training Division. The courses and dates are as follows:

1. Probable Cause - September 13 through 24.
2. Report Writing - October 11 through 22.
3. Police Psychology - November 8 through 19.
4. Evidence Technology - November 22 through December 3.

Police Chief Everett D. Taylor, Sgt. Daniel F. Vargas, and Patrolman Daniel F. Sullivan will each attend all four courses.

Building Permits

The following building permits were issued at the City Hall in August:

David Garcia, residence, \$5,000.
Barbara Saski, addition, \$1,000.
Robert Aleman, addition, \$1,000.
Roy Roberson, garage, \$800.
Sigmor Builders, addition, \$4,000.
C. P. Hopkin, garage, \$750.
Port Construction Co., new construction, \$10,000.
So far in September, the following building permits have been issued:
Harold Embury, remodeling, \$1,500.
Bert Harry, town houses, 24 units, \$400,000.
Basin Auto Center, addition, \$2,800.

TIPS ON QUITTING CIGARETTES

1. Pick a Q (Quit) Day.
2. Switch to a low tar-nicotine brand, and begin to cut down BEFORE Q Day.
3. Keep a supply of substitutes handy: mints, gum, celery, carrot sticks.
4. Quit on Q Day; use substitutes when the urge to smoke is strong; keep busy; pamper yourself with special meals; drink plenty of water; exercise.
5. Renew your resolve daily. Think over the health hazards of cigarettes.
6. Plan a treat for yourself with the money you used to spend on cigarettes.

WITHOUT IT...

YOU CAN'T MAKE IT.

Electricity puts the "can do" into most things you must do. Flip a switch and you can type it, sew it, fry it, dry it, compute it, ice cube it. And that's just a sample. Every day electric energy does hundreds of jobs in industry, in business and in your home.

A week without it would put you back in the hot, uncomfortable, unproductive dark ages. Yet, for all the good things it does, CPL electricity continues to hold the line against inflation. You get good value for the money you spend living better... electrically.

FACTS CONCERNING RE-RECORDING OF BRANDS IN TEXAS

All brands and marks on Texas livestock must be re-recorded with County Clerks after August 30, 1971, according to a new law passed during the last session of the Texas Legislature. Producers will be given a six-month period (Aug. 30, 1971 through February 29, 1972) in which to register these brands and marks and the location on the animal which they are currently using, after which time any unrecorded brand will be available for use on a "first-come" basis.

The law further states that all such brands and marks must be re-recorded every 10 years. Each County Clerk records for his given county only, so many producers may need to record their brands in additional counties if their operations are extensive.

The owner shall have the right during this six-month period to file the mark and brand now recorded in his name. In the event it cannot be determined from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

It should be noted that it is illegal to brand livestock without first properly recording the brand with the County Clerk in the county in which the livestock are held.

When the brand or brands are recorded, the location on the animal on which the brand is to be applied must be designated. If the brand is to be applied to more than one location on the animal, it must be so recorded and each additional location for the brand on the animal shall constitute a separate recording of that brand.

There is no limit to the number of brands and/or marks which may be recorded in a county by a person as long as requirements of this law governing the recording and re-recording of livestock brands are met. Minors may have marks or brands separate from that of the father or guardian, which must be recorded or re-recorded as provided by the new law.

The County Clerk of each county shall have this act published in some newspaper of general circulation in the county for a period of 30 days. The act shall be published on the effective date, August 30, 1971, and thereafter for 30 days.

It is the obligation of the County Clerk to assure that no more than one brand of a kind be recorded on the same location on the animal in each county. Therefore, no two people in a county may record the same brand in the same location. It is also the responsibility of the County Clerk to make certain that in recording any brand for a person, that the part of the animal on which the brand is to be placed be designated. Failure to do so is punishable by a fineable offense of not less than \$10 or more than \$50 (Article 1486 P.C.).

The law as outlined above applies to all counties in the state of Texas and shall take precedence over any special statutes heretofore applying to individual counties pertaining to recording and re-recording of brands.

NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST THE ESTATE OF FRANK H. PRESCOTT, DECEASED:

NOTICE IS HEREBY GIVEN that original Letters Testamentary upon the estate of Frank H. Prescott, deceased, were issued to Frank H. Prescott, Jr., and Lowell E. Prescott, the undersigned, on the 1st day of September, 1971, in the proceeding indicated below our signatures hereto, which is still pending, and that we now hold such Letters. All persons having claims against said estate, which is being administered in the county below named, are hereby required to present the same to us, respectively, at the addresses given below, before suits upon same are barred by the general statutes of limitation, before such estate is closed, and within the time prescribed by law.

Our residences are as follows:

Frank H. Prescott, Jr.
228 James Circle
Avon Lake, Ohio 44012

Lowell E. Prescott
422 Davis Lake Drive
Oxford, Michigan 48051

We have appointed, in writing, the following agent to accept service of process in all actions or proceedings with respect to said estate, and have caused such appointment to be filed with the Court, to-wit:

J. M. Burnett
1030 Petroleum Tower
Corpus Christi, Texas 78401
DATED this 8th day of September, 1971.

Frank H. Prescott, Jr.
Lowell E. Prescott,
Co-Executors of the Estate of Frank H. Prescott, Deceased, No. 1200, in County Court of Aransas County, Texas.

NOTICE

This will serve as an application to the Texas Alcoholic Beverage Commission for a Package Store Permit to be known as Lamar Liquor, and to be located 7 1/2 miles north of County Courthouse North on State Hwy. 35 and 1/2 mile E. off Hwy. 35 Southeast corner Main and Cedar Building B. Delmar R. Hiller, Mayor
ATTEST: Herman C. Johnson, City Secretary. c27

CARD OF THANKS

I wish to thank everyone for the helping hands extended during Raleigh's long illness. The cards, the visits, calls, flowers and food supplied at the time of his passing were much appreciated. Kindness is hard to measure, but it was manifested abundantly, and so I simply say thank you. Raleigh would too.

Mrs. R. W. (Alice) Moore p26

No way to get to this marina just east of a motel on Fulton Beach Road, except by boat.

Do You Remember?

From The Pilot Files — 10 Years Ago

HURRICANE CARLA HITS

Hurricane Carla smashed in with winds of more than 100 miles an hour and water damage running into hundreds of thousands of dollars.

Much damage occurred along the waterfront where boats in Cove Harbor were left stranded and others were cast adrift by the wind. Deputy Sheriff Sherman Mundine reported that the backlash of winds that hit along Copano Bay caused great damage in that area.

Water and power service was knocked out but workmen got on the job quickly to restore these services. Flooding created a tremendous amount of damage and it was not uncommon for stores and other buildings to have 15 inches of water standing in their establishments.

Virtually all piers along the beach were washed out, and County Commissioner Albert Wofford said he doubted if a single pier in Aransas County was serviceable.

EARL MEANS DIES

Earl Wilbur Means, 72, died at his home following a heart attack. A resident of Fulton for 12 years, he was born in Moline, Ill., and was a retired oil operator. Surviving are his

MRS. ALLYN COLE DIES

Mrs. Allyn B. Cole, 63, died Sept. 7 in a Taft hospital after a long illness. She was a lifelong resident of Rockport.

Graveside services were held Sept. 8 at the Rockport Cemetery under the direction of Marshall Funeral Home.

PUBLIC NOTICE TO BANKS

In compliance with Article 2559, Vernon's Texas Civil Statutes, notice is hereby given that at a Regular Meeting to be held by the City Council on October 5, 1971 at 7:30 p.m., based on bids received, the City Council of the City of Rockport will select, designate and authorize the Mayor of said City to enter into a contract and/or contracts with any banking corporation, association and/or individual banker in Aransas County, Texas, for the depositing of public funds of the City of Rockport, Texas, in such bank or banks.

Delmar R. Hiller, Mayor
ATTEST: Herman C. Johnson, City Secretary. c27

ACCENT ON HEALTH

As the nation continues to debate the pros and cons of proposed health delivery systems, one health care effort which was withstood the test of time prepared to observe its 25th anniversary.

For the past quarter century, the phrase "Hill-Burton" has been part of the language of the hospital world and the public-at-large.

"In Texas, Hill-Burton has meant the construction of over \$739 million in hospitals and other health care facilities since 1946," said Dr. James E. Peavy, Texas Commissioner of Health.

Many of these facilities would probably not have been constructed without the aid provided by the Hill-Burton program. The joint federal-state program has aided 539 projects in Texas. It provided 31,493 inpatient beds in hospitals and nursing homes and added 113 other types of health facilities.

The Hill-Burton Program was initiated when President Truman signed the Hospital Survey and Construction Act on August 13, 1946. The legislation authorized federal grants to assist states and communities in constructing needed hospitals and public health centers to furnish adequate care to all their people.

On August 13 of this year, the Hill-Burton Program was a quarter-century old. Health officials in Texas and across the nation plan to commemorate the silver anniversary of this program.

"No other program," Dr. Peavy said, "has had greater impact on the availability of health care services."

While the construction of new facilities has been extremely important, state health authorities feel that efforts to upgrade the health facilities in the state have been of major concern. Of the 530 projects undertaken in Texas since 1947, funds for 176 have been for construction of new projects while 354, or two-thirds of all projects undertaken, have been for upgrading existing facilities.

The Hill-Burton legislation developed a new concept in governmental relationships in the health care field. It provided a federal-state partnership in administration. State Hill-Burton agencies were established to administer the program in each state and to advise the U. S. Public Health Service of their changing needs. The State Health Department was given this responsibility in Texas.

Maurice Nutt of Fulton has been critically ill and is in the intensive care unit at Spohn Hospital but is reported to be improving.

POLICE REPORT FOR AUGUST

Chief of Police E. D. Taylor's report for August listed the following:

Traffic Citation: No Drivers License, 14; Failure to keep vehicle under control, 1; Disobeyed Stop Sign, 33; Speeding, 17; Excessive Noise, 2; Improper Left Turn (Wrong Lane), 1; Failure to yield right of way to vehicle, 2; Wrong side of road not in passing, 1; No Safety Helmet, 1; Following too closely, 2; Driving with Expired Drivers License, 2; "U" Turn not permitted (Main Street), 1; No Motorcycle Drivers License, 4; Reckless Driving, 1; Parking Tickets, 12.
