Bristling Krush Says U. S. Plane Downed

Link Speech To Missing Plane

WASHINGTON (AP)—American officials took the stand today that Soviet Premier Nikita Khrushchev has read aggression into the flight of a U.S. weather research plane that may have wandered across the border with the pilot in trouble.

In the absence of immediate official comment on Khrushchev's fiery speech to the Supreme Soviet reporting that an American aircraft had been shot down over Red territory, that was the privately stated view.

The State Department was giving accounts of the Khrushchev speech close study.

Khrushchev called the flight part of a series of aggressive actions and speeches by American leaders which he said threaten the success of the summit meeting. He threatened rocket retaliation if what he called aggressive flights by American bombers continue.

For the record, officials would not tie the Khrushchev speech directly to the summit meeting. But the only one reported missing anywhere in the area mentioned by Khrushchev is a U-2 research craft which took off from Adana, Turkey, Sunday, with one man aboard.

The last report from the pilot of that craft was a message at 9 a.m. that day on an emergency frequency, reporting that the plane was experiencing "oxygen trouble" and planned to return. He was reported to be over the rugged mountainous area around Lake Van in southeast Turkey, not far from the borders of Iran and Soviet Armenia. A search has been going on in that vicinity.

Congress members were faster with reaction than the administration, questioning whether President Eisenhower ought to go to the May 16 summit meeting in the atmosphere created by the plane incident and the tone of Khrushchev's speech.

Sen. Styles Bridges of New Hampshire, chairman of the Senate GOP Policy Committee, said: "It certainly is not indicative of a friendly approach to a summit meeting which the Russians have been seeking for a long time."

Sen. George D. Aiken (R-Vt.), a Foreign Relations Committee member, said the events are an ill omen for any hope of a fruitful summit conference.

The U-2, described as essentially a flying laboratory, belongs to the National Aeronautics and Space Administration, and operates with Air Force supply and service support.

NASA said the plane's mission consists of high-altitude weather studies and checks on such things as radioactive contamination from nuclear tests. The Pentagon called its assignment a joint NASA-Air Force weather service mission.

It is a single-engine, one-man jet capable of extremely high altitude operation, as high as 55,000 feet. Speed was sacrificed to the high altitude mission. Officials said the craft flies unarmored.

Word of the Khrushchev speech came just after President Eisenhower had taken off by helicopter on a surprise flight to a National Security Council session, shifted out of Washington to a secret location as a feature of the Operation Alert practice for a possible emergency.

James C. Hagerty, White House press secretary, said at that time that he knew nothing of the Khrushchev speech or the plane incident. His indication was that Eisenhower also was in the dark.

Hagerty declined to comment on whether there might be any reconsideration of plans for the Paris summit conference or presidential plans to go to the Soviet Union.

Gloom Cast On Summit

By STANLEY JOHNSON
MOSCOW (AP)—Nikita Khrushchev told the Soviet Parliament in a bristling speech today that Soviet armed forces have shot down a plane he described as a U.S. military craft. He threatened to retaliate with rockets if American bombers appear over the Soviet Union.

The Soviet Premier's speech cast gloom over prospects for a summit conference opening in 11 days. He issued an unveiled threat to U.S. allies, took a hefty slap at Vice President Richard M. Nixon, and charged that President Eisenhower's freedom of movement at the summit is being restricted by "certain U. S. circles."

Khrushchev referred angrily to Eisenhower's suggestion that Nixon might sit in for him at the summit if the President's presence is required in Washington on domestic matters.

Khrushchev said he had met Nixon several times and it was difficult for him not to gain the impression Nixon was the last person to think of stopping the cold war or ending the arms race.

"I am afraid that if Nixon becomes inclined to carry on negotiations at the summit, it would be as if we were saying in Russian-like sending a goat to take care of the cabbage," the Soviet Premier said.

The Supreme Soviet Parliament session burst into a wave of applause as Khrushchev announced the drawing of an American plane May 1.

A single-engine jet U-2 research plane has been missing since May 1 after a takeoff in Turkey, Pentagon officials said. It is assumed to have come down near Lake Van, not far from the border of Soviet Armenia.

In this several area a U.S. C-130 transport was downed by Soviet forces in 1958. By U. S. reckoning the Soviets accounted for only 6 of 17 men lost then. The U-2, a

ship assigned to National Aeronautics, is a flying laboratory assigned to make weather observations and check air for radioactivity.

Khrushchev called the plane incident an aggressive act, and asked rhetorically of the United States: "If you think you can take such measures, why don't you think we can take similar measures when a plane appears over our territory and threatens the security of our country? We have the same rights as you, the same means as you."

"We have no bombers on duty, but we have rockets on duty. They are more accurate and trustworthy than your bombers."

Then, came the threat to U.S. allies. Khrushchev said it is high time for those countries which have provided the United States with bases to realize that they, too, can suffer retaliatory blows.

The Soviet leader contended the American plane was sent on a mission to impress and frighten the Soviet Union on the eve of the summit.

Khrushchev did not disclose the type of plane, the number aboard or fate of the fliers.

The deputies in the Supreme Soviet applauded Khrushchev's prediction that chances of success at the summit have been dimmed by the attitude of the Western Allies. Khrushchev said the governments of the United States, Britain and France do not seem to be looking forward to settlement of outstanding cold war issues.

"This dims the chances of success at the talks," Khrushchev said.

Describing what he presented as events leading up to the plane incident, Khrushchev said an American plane crossed into Soviet territory from the Afghan border April 9 and the Soviet Union took no action.

Blame Castro For Flight

MIAMI, Fla. (AP)—A federal grand jury charges that a flight by two American pilots to Cuba March 21—cited by the Cuban press at the time as "another example of American intervention"—was arranged by the Fidel Castro government.

An indictment made public Wednesday accused the fliers, William J. Smerals of Hollywood, Fla., and Howard L. Rundquist, of San Rafael, Calif., of having departed from the United States for Cuba without filing a flight plan required under Federal Aviation Agency regulations.

Smerals, 33, and Rundquist, 35, are understood to be in custody of the Cuban government. The Justice Department said in Washington, D. C., it said it had "no immediate plans for seeking to extradite them back to the United States."

Cuba complained in March that a light plane flown by Smerals and Rundquist flew from Miami to Cuba to pick up political foes of Castro and fly them to the United States.

Press reports out of Cuba the day of the flight said they landed their rented plane near Matanzas and were captured by Cuban soldiers.

Rev. Reaves To Del Rio Church

The Rev. John W. Reaves, pastor of the First Christian Church here, has resigned to accept a similar post at the First Christian Church in Del Rio.

Rev. Reaves, who recently began his sixth year here, submitted his resignation to the congregation last week. The resignation will become effective June 15.

During his ministry here, the local church has more than doubled in membership, church property has been improved, Sunday School attendance has doubled and new Sunday School classes have been organized and expanded.

During the same period, the local church instituted giving for missions and participation in brotherhood activities has increased.

Rev. Reaves holds three academic degrees, the bachelor of arts, master of arts from Phillips University in Enid, Okla., and the bachelor of divinity degree from the Vanderbilt School of Religion in Nashville, Tenn.

He served as chaplain in the U.S. Army for 3½ years during World War II, including 12 months overseas during which he participated in six battles.

He is a former member of the Kiwanis Club of Snyder, which he served as president in 1957, and currently serves as chaplain for the Snyder Fire Dept., a post he has held for several years.

Rev. Reaves has worked in every phase of church life during his husband's ministry here. She has been church secretary, counselor and coordinator for several church organizations. In addition she has been active in civic work and in study clubs, and has served as consultant in decorating for church and community functions.

Rev. and Mrs. Reaves have two daughters, Mrs. Sharilyn Carter of Darden, Conn., whose husband is editor of American Home Magazine, and Carolyn Jane Reaves, a senior at Sul Ross State College here.

"We have loved Snyder and have enjoyed our stay here tremendously," Rev. Reaves said in announcing his resignation.

REV. JOHN W. REAVES, going to Del Rio Church

Negro Plans To Question Police Acts

By JOE BENHAM
SAN ANTONIO (AP)—A Negro minister said Wednesday night he would appear before the City Council today with a group of Negroes to question police handling of a slapping incident during an integration demonstration at Joske's.

The Rev. C. W. Black Jr. was critical Tuesday of police action after a white man slapped a Negro demonstrator.

Negroes blocked the doors to two restaurants at Joske's in an attempt to end segregation of the eating places.

Following the slapping incident, the department store closed the two segregated restaurants and the integrated cafeteria in the basement.

Both a white man and the Negro were booked on charges of disturbing the peace and released on \$25 bond.

There were no demonstrations at the store Wednesday.

Negroes have sought service at Joske's and had picketed the store from time to time.

There were reports last night that Negroes would attempt to integrate two housing alleys but no Negroes appeared during the evening.

Joske's ran advertisements in San Antonio newspapers, explaining the closing of the restaurants to the public.

The ads said in part: "For 88 years Joske's has, as a matter of basic policy, conformed to the established and accepted customs, mores and practices of this community."

When Joske's will change with them."

Data Sought On New 1st Graders

All Snyder elementary school principals sent letters this week to parents of children who will enter the first grade in September. Estimates made by school officials showed that only about two thirds of the expected 500 first graders were reached in this manner.

Schedules for various schools are as follows: Central Elementary, May 9, 10, 11 and 12; West Elementary, May 9, 10, 11 and 12; North Elementary, May 9 and 10; Northeast Elementary, May 11 and 12; Standfield Elementary, May 16, 17, 18 and 19.

All parents are urged to meet with the school nurses on the school registration will be easier for both school and child.

For school, explain what immunization is required and what legal papers will be necessary.

Twisting Winds Romp Over Texas, Oklahoma Regions

By The Associated Press
Tornado funnels during, from the middle of a giant mass of thunderstorms bounded damagingly across a 200-mile slice of Texas and Oklahoma Wednesday night.

Forecasters warning of possible more tornadoes kept parts of East Central and North Central Texas on the alert hours later.

The twisters, too numerous for positive count, struck hardest in Texas around Lake Worth and Saginaw, just north of Fort Worth. There they smashed at least eight homes and put eight persons in the hospital.

In Oklahoma the loss was heavier at Soper, a village of 350 people 25 miles north of Tulsa, Tex. At least three persons suffered injury as a tornado crossed a path 150 yards wide through Soper. It wrecked three main business buildings and destroyed or damaged 20 homes.

Still other funnels dipped, skipped and bounced across the countryside from Dublin in West Central Texas to the McKinney area north of Dallas.

They likewise injured six people at Oil Center, a tiny community in South Central Oklahoma, and

three near Lawton, Okla. At Ada, Okla., a woman died of a heart attack while hurrying to a storm cellar.

While losses promised to run into hundreds of thousands of dollars, there was a surprising lack of any other death report.

One twister lifted the roofs of two farm houses 4 miles west of Lawton. 25 miles north of Tulsa. It moved a house trailer but caused nothing worse than minor injuries to five persons.

Cruising peace officers and volunteers reporting to the Weather Bureau told also of sighting a funnel whirling about 20 miles north of Lawton, between Dallas and McKinney, 30 miles north, and another touching about 11 miles west of McKinney. Neither appeared to have caused major damage.

Police at Benbrook, a southwest Fair Fork suburb, spotted the twister clouds cruising across the dark sky, and sounded the first alarm about 7 p.m. Wednesday. Within a few minutes Fort Worth officers sped a funnel only a few feet above Lake Worth, 6 miles northwest of the business district.

Thereafter one or more of the twisters crunched through five dwellings 4 miles northeast of Lake Worth and just southeast of Saginaw and three other houses in a mile-long strip about the same distance northwest of the town.

Sent to hospitals with injuries not as serious as first feared were Harvey Fralley 34, who lives 4½ miles west of Saginaw; his son, Bryan, 6, and his mother-in-law, Mrs. Velma Johnson, 56. Larry Allen, 21, whose home was 3½ miles north of Saginaw, his wife Thelma, 20, and their three children, Robert, 3, David, 2, and Jo Ann, 8 months.

Candidates Holding Up Well As Campaign Climax Nears

By IRWIN FRANK
Associated Press Staff Writer
Candidates in Saturday's Democratic primary showed no signs of battle fatigue as they headed into the last two days of speech making, handshaking and vote seeking.

Reports that absentee voting would be less than last year's total did nothing to slow the activities of the candidates.

Polls will be open Saturday from 7 a.m. to 7 p.m. and by Saturday night results on all races should be known.

Byron Skellon, national Democratic committeeman, issued a plea Wednesday for Democrats to vote and attend precinct conventions.

He said "support in an overwhelming majority of Texas' precincts will give Sen. Lyndon Johnson a tremendous boost nationally."

Supporters of Johnson for president plan to offer resolutions at all precinct conventions Saturday.

Atty. Gen. Will Wilson made a prediction of victory in Odessa Wednesday night. He said his ad-

ministration "will be endorsed overwhelmingly" at the polls Saturday. I am confident of a strong victory."

His opponent, House Speaker Waggoner Carr, made three television appearances in San Antonio Wednesday. He said Wilson used the State Banking Commission to throw a state bank charter to an "old political friend."

In another TV talk Carr identified the friend as Billy Goldberg, Carr described Goldberg as a lawyer and one of the finest political figures of Will Wilson in Texas.

Goldberg is a state Democratic committeeman for Houston Jack Cox, campaigning for governor against incumbent Price Daniel, said in Victoria that "we are not offering our voters much of anything except natural scenery and a highway map."

Cox said Daniel's administration had been "penny-wise and pound-foolish" in its attitude toward state parks.

Daniel campaigned in Tyler where he attacked "his former will go to Houston."

political associate former Gov. Allen Shivers who is backing Cox.

Gov. and Mrs. Daniel later went to Dallas where they were guests of former U.S. Sen. and Mrs. William A. Blakely. Blakely was a pointed senator by Shivers to fill the vacancy created when Daniel resigned to run for governor.

Land Commissioner Bill Allcorn returned to Austin after a campaign trip in the San Antonio area.

His opponent, Jerry Sadler, toured the Highland Lakes area of Travis County.

LL Gov. Ben Ramsey, campaigning in Dallas and Fort Worth, called attention to the constitutional amendment to be voted on in November giving the legislature power to control loan sharks.

Don Yarborough, campaigning against Ramsey in Victoria, accused Ramsey of not believing in majority rule.

Daniel will go to Corpus Christi Thursday for a meeting of the International Good Neighbor Council. Cox will be in Corpus Christi, Comroe, Huntsville, Navasota and Bryan Thursday and that night will go to Houston.

SUSAN COCKRELL
... candidate for Miss Snyder

SHS Senior Seeks Miss Snyder Title

Susan (Cockie) Cockrell, daughter of Dr. C. A. Cockrell and Mrs. Barbara Cockrell, is another of the nine girls vying for the title of Miss Snyder.

A senior in Snyder High School, Miss Cockrell has had special training in art, piano and speech. Her manner of easy grace attests to the creative work she has accomplished in the activities of the school.

She was district winner in poetry reading for two years, regional winner one year and has gone on the state contest.

The brown haired, blue-eyed Miss Cockrell has a list of varied accomplishments behind her. She was

art editor for the High school annual, secretary-treasurer of the Creative Writing Club for the past two years, secretary of the Science and Latin Clubs, a Who's Who runner-up, a member of the student council for two years being the historian for the past year, and was an Oil Essay Contest winner.

An enthusiastic painter, she will continue her study of art at Stephens College in Columbia, Missouri.

Census Taker Finally Reaches End Of Rays

CABOT, Ark. (AP)—The woman census taker had called at three houses where the family name was Ray.

At the next house, she introduced herself and asked the man at the door for his name.

"Guess,"

"Well," said the census taker, "I suppose if I had to guess I'd say the name was 'Ray'."

"No, no," he explained, "My name is Guess."

Race For One Court Post Is Likely To Require A Runoff

AUSTIN (AP)—Texas voters Saturday have a choice in only two races for the state's highest civil and criminal courts.

One likely will produce the only runoff in a statewide campaign.

In a race for chief justice of the State Supreme Court, Judge Robert W. Calvert, a member of the court, and Judge Robert G.

Hughes, of the Court of Civil Appeals, Austin, are competing.

The battle for a seat on the Court of Criminal Appeals is between Judge Lloyd W. Davidson, Temple attorney Jim Bowmer and Bryan Dist. Judge W. T. McDonald.

Davidson, associated with the court since 1930, is running for a second 6-year term.

Neither candidate for chief justice will sacrifice his present post if he loses. Judge Calvert's term does not expire until Jan. 1, 1963, and Judge Hughes was reelected to a third 6-year term in 1958.

Both seek the position held by Chief Justice J. E. Hickman, 76, who will retire at the end of the year.

Judge Calvert has served about 10 years on the court. He is a former state representative and House speaker from Hillsboro and served as chairman of the State Democratic Executive Committee in 1946.

In a recent State Bar poll of the 13,000 lawyers, Calvert, 54, got 62 per cent of the votes.

Judge Hughes, 60, lost in his previous bid for the State Supreme Court in 1956 when Judge Frank Norvell of San Antonio defeated him.

Hughes practiced law for 20 years in San Antonio and served as city attorney and district attorney.

Most polls give an edge to the 60-year-old Davidson, but show a second primary likely will put film against either Bowmer or McDonald.

In the State Bar poll, Davidson received 2,569 votes to 1,997 for Bowmer and 849 for McDonald.

From 1909 to 1941, Davidson served as state's attorney for the court and was appointed a commissioner until 1951. He has the backing of organized labor in this campaign.

Arab Ship Picketed

WASHINGTON (AP)—Labor's top command has turned down government requests that it help union picketing of an Arab ship in New York harbor.

But shortly after the AFL-CIO Council adopted a resolution Wednesday supporting the boycott, AFL-CIO President George Meany told reporters he was still going to try to see if he couldn't work out some solution to the problem.

The United Arab Republic ship Cleopatra has been picketed by the Seafarers International Union since April 13. The action is in protest to the closing of Arab ports to U.S. ships which call at Israeli harbors. The New York boycott has touched off counter picketing of U.S. shipping in Arab ports.

The U.S. Courts of Appeals in New York, upholding a U.S. District Court ruling, has refused to grant an injunction to halt the picketing.

Suzie Parker Will Divorce Husband

NEW YORK (AP)—Actress-model Suzie Parker will divorce Pierre de la Salle, her husband of five years. Her attorney says the split was caused by career trouble.

SO SOLLY, JOLLY CHOLLY

Grimm Uprooted By Cubs; Boudreau In

By JAN HARTNETT
CHICAGO (AP)—In an unprecedented baseball switch, former American League pilot Lou Boudreau today took over from Charlie Grimm as manager of the Chicago Cubs.

In effect, Boudreau handed a radio microphone to 62-year-old Grimm in exchange for management of the wobbly Cubs after a typically abrupt decision by Cub owner P. K. Wrigley Wednesday.

The unpredictable Wrigley, who on three separate occasions has named Grimm as Cub boss, decided he didn't want to see jolly Cholly "take a beating" and named Boudreau, 42, manager as "just plain common sense."

Boudreau, former star shortstop

and manager of the Cleveland Indians, Boston Red Sox and Kansas City As, took over direction of the Cubs shortly after the Chicagoans posted a 5-1 triumph over the Pittsburgh Pirates. Boudreau has been a commentator on Cub games for the past two seasons. He supplemented the play-by-play by Jack Quinlan on WGN.

Now, the pride of suburban Harvey, Ill.—an athletic legend on the University of Illinois campus—can translate into action some of the ideas which he said have been going through his mind in the broadcasting booth.

Boudreau, who was replaced by Harry Craft as manager of the Kansas City As in 1957, said it was a good feeling to get back

into uniform again, but in particular the uniform of the Chicago Cubs.

Boudreau was to meet with the players and Grimm today.

"It's a great thrill to be managing in your own home town," Boudreau said. "I'm hopeful that the ball will bounce right for me. I also hope that the Cub players will give me the same 100 per cent effort they gave Charlie Grimm."

Grimm, who still remains a vice-president of the Cubs, told his successor: "May the ball bounce well for you. I can shake your hand and give you last wishes with confidence that the players, Vice President John Holland and Phil Wrigley will be behind you."

Wrigley, who announced the switch jointly with Ward Quall, vice president and general manager of WGN and WGN-TV, said: "We didn't get off to a very good start. Charlie could have led the club to great heights—he has done it before—but he appeared to be getting himself down in the dumps and I didn't want to see him take a beating. I like him too much for that."

Wrigley said the choice of Boudreau to succeed Grimm was "just plain common sense, as far as I can see."

Grimm's resignation ended the shortest of his three stints as manager of the Cubs. But sports announcing is nothing new to Grimm. He had a couple of years of it between managerial jobs.

Yanks Once Again In Familiar Spot

By ED WILKS
Associated Press Sports Writer
The New York Yankees now have proof of something they've suspected for some time—it would be a lot easier to sail into first place in the American League if they could do something about shaking loose from the Detroit Tigers and Frank Lary.

They did just that Wednesday, beating Lary for only the second time in two years with a 4-2 decision that gave them a half-game lead over Chicago's White Sox. Baltimore dropped the Sox to second by beating the defending champs 6-4 Wednesday night.

Washington barred Cleveland from a second place tie with a 7-6 victory over the Indians. The Kansas City As beat Boston 5-3 and jumped free of the cellar as Detroit plunked in with an eighth straight loss.

In the National League, the Pittsburgh Pirates lost their second in a row, 5-1 to the Chicago Cubs, but retained a one-game lead over second place San Francisco. Cal McLish, a 19-game winner for Cleveland last season, won his first for Cincinnati, beating the Giants 3-2 with a four-hitter. Milwaukee defeated Los Angeles 2-1 on Del Crandall's ninth inning home run and Bob Buhl's three-hit pitching. St. Louis got past Philadelphia 5-3.

A six-hit pitching job by rookie Bill Short (2-1) and Elton Howard's two-run homer in the sixth inning made it two in a row over Detroit for the Yankees. Howard, nursing a sore hand, entered the game as catcher. Yogi Berra was tossed out by plate umpire John Flaherty for disputing a call in the fourth inning.

Lary (1-2) gave up six hits while losing for the seventh time in 28 career decisions against New York. He's won 12 of the last 37.

The Orioles rapped the White Sox with a four-run seventh inning capped by Brooks Robinson's two-run single after Al Smith's error had enabled the Birds to tie it 4-4. Frank Roumani (1-1) was the loser in relief of Early Wynn.

Hoyt Wilhelm (1-1) was the winner. Jim Lemon drove in Washington's last four runs, bringing the Senators from behind with a two-run homer in the seventh for their eighth straight one-run decision and 12th in their 14 games.

Hal Woodeshick (1-0) was the winner in relief. Hal Briggs (1-1) lost it in relief.

The As, winning on the road for the first time in eight tries, broke a shutout duel between winner Dick Hall (2-0) and Tom Brewer (0-2) with three runs in the fifth.

Floyd Chased To Defeat In Lifeless Bout

By RALPH BERNSTEIN
Associated Press Sports Writer
PHILADELPHIA (AP)—"This makes you look sick, but what can you do when you need work?"

Pat Olivieri was talking about Harold Johnson's unanimous decision over Clarence (Tiger) Floyd at Convention Hall Wednesday night.

Olivieri, manager of Johnson, was as disgusted with the 10 rounder as were the 1,603 fans who turned out for the nationally televised contest.

Johnson, No. 1 contender for Archie Moore's light heavyweight title, spent the entire fight chasing the retreating Floyd. When he caught up with the 37-year-old New Yorker, which wasn't too often, Johnson piled up enough points with solid left jabs and hooks to win an easy verdict.

All of the action came in the last two rounds when Johnson cornered the clowning Floyd in a neutral corner and pounded him right and left hand shots that stung the loser into fighting back.

The 50-41, 49-41, 50-40 scoring of the referee and two judges was generous to Floyd to say the least. The Associated Press carded Johnson a 50-32 winner.

Floyd, who fought his way into light heavyweight prominence with an upset here last March over then unbeaten Von Clay, now has a 10-8 record.

The 31-year-old Johnson earned his 12th straight victory boosting his career record to 63-8.

Cuban Story Discounted

WASHINGTON (AP)—Testimony by a former Cuban official that Soviet technicians were building a giant airstrip or missile launching pad in Cuba has been discounted by reliable sources in Havana.

The State Department also said it had heard nothing to back up such a report.

Col. Manuel Antonio Ugalde Carrillo, chief of military intelligence for Cuban exiles in the Batista regime, Wednesday gave the report of the construction work to the Senate Internal Security subcommittee. The Senate group has been examining possible Communist dangers to the United States from the Caribbean.

Carrillo said the strip could support any type of plane and could be used as a launching pad for guided missiles. He said the strip in the swamps of south central Cuba was 12 miles long and about 200 yards wide.

Wilson, Dean Event Of The Day Winners

Tuesday's Ladies Day golfing activity honors at the Snyder Country Club were shared by Isabel Wilson and Abby Dean, who deadlocked for the top spot in the event of the day.

Boots Shaw turned in the low gross score, while she and Barbara Dyer tied for low net laurels.

Sunland Park SET FOR MILE-HIGH CITY

Jockeys To Ride In Derby

ANAPRA, N. Mex.—Four of the country's outstanding jockeys who rode at Sunland Park last year will be in action in the 86th annual Kentucky Derby at Churchill Downs, May 7. Willie Shoemaker is slated to ride the favorite Tompon, Angel Valenzuela has the mount on Henrijan, Isael Valenzuela will be aboard Eagle Admiral and Bob Yeager is slated to pilot E Zag whom he rode to several victories at Sunland last year.

The Valenzuela brothers and "The Shoe" are native El Pasoans and will have large rooting sections in the Juarez and El Paso area.

National Volleyball Tournament Slated

DALLAS (AP)—The U.S. Volleyball Assn. national tournament will be held here next week, with 65 teams, including two from Hawaii and one from Mexico, competing.

SET FOR MILE-HIGH CITY

National Open To Be Biggest Ever

By WILL GRIMSLEY
Associated Press Sports Writer

NEW YORK (AP)—Eleven past winners and titleholders from four other nations are in the record field of 2,480 seeking the 60th U. S. Open golf championship this year.

Arnold Palmer, Masters champion and king of the rugged pro tour, also is in the list which includes British Open champion Gary Player of South Africa, International Trophy winner Stan Leonard of Canada, South African champion Dennis Hutchinson, and the Canada Cup titleholders, Peter Thomson and Kel Nagle of Australia.

The U.S. Golf Assn., announcing the close of the entry list Wednesday night, said the field includes virtually every top name in the sport.

A double round of 36-hole trials will reduce the record entry to a compact 150, who will go to the

tee at the Cherry Hills Country Club in Denver, Colo., June 16-18.

Most of the top contenders will be allowed to skip the first of these eliminations—local qualifying tests in 59 cities May 23 and 24. All except a select 21 must take their chances in the sectional trials slated in four centers June 6 and in eight others June 7.

Topping the exempt list is Bill Casper Jr. from Happy Valley, Calif., who won the title last year at Winged Foot in Mamaroneck, N.Y. He gets free entry into the tournament proper along with three of the five past champions—Tommy Bolt, Cary Middlecott and

The Snyder (Texas) Daily News, Thurs., May 5, 1959

Jack Fleck—plus invited outside champions and players who finished in the top ten or tie for at least tenth in the 1958 event.

Exempt champions include Jack Nicklaus of Columbus, Ohio, U.S. Amateur; Deane Beman of Bethesda, Md., British Amateur; Bob Rosburg, PGA, and Player, British Open; Ralph Arnold, the Cherry Hills home pro, also is exempt.

Ben Hogan, who has won four opens, is free from qualifying because he tied for tenth in last year's open. Ex-champs who must qualify sectionally are Ed Furgol, Julius Boros, Lew Worsham, Lloyd Mangrum, Gene Sarazen, and Tony Manera.

Besides Hogan, players who qualify automatically for their 1959 finish are Palmer, who was fifth; Sam Snead, Claude Harmon, Mike Souchak, Doug Ford, Ernie Vosler, Ted Kroll, Gene Littler, Fred Hawkins, Dow Finsterwald and Dick Knight.

Colonels And Buffs Lead In Association

By The Associated Press
The Louisville Colonels and the Houston Buffs scored to the front in the American Assn. baseball chase Wednesday night.

The Colonels tripped Denver 4-4 for the Bears' third straight loss to the defending champions. Houston went 11 innings to defeat Indianapolis also 5-4.

Minneapolis showed Charleston deeper in the cellar 6-2 and Dallas-Fort Worth nailed St. Paul 7-6 in other games.

Louisville now leads by nine percentage points over Houston, with Denver one game back.

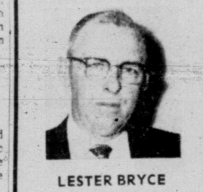

Lamar Tech Gridders To Open With NPI

BEAUMONT (AP)—Lamar Tech has received approval of the National Collegiate Athletic Assn. to play National Polytechnic Institute of Mexico City in a football game Sept. 10.

The game, 1960 season opener for both teams, will be played in Indian Stadium at Port Neches-Groves.

Outfielder Johnny Groth, 34 in July, is the oldest player on the Detroit Tiger roster.

A PERSONAL MESSAGE FROM

LESTER BRYCE

BIG SPRING HIGHWAY

Between You And Me

By Jerry Jackson

Coach Dutch Stehley had a cool and casual look about him as he leaned up against the Tiger's cream-colored field house, as hot little spasmodic blasts of wind whipped up the fine and silted dust which surrounded Tiger Stadium's chlorophyll oval.

He was bareheaded and attired in tropical walking shorts and a tee-shirt.

"Don't look so hot," he explained apologetically, motioning to the shorts. "But they're just right for this kind of weather."

The "feeler" went out as to his probable chances in the state meet coming up this weekend.

"We lost our chances of beating anybody when Maroney (Jimmy Maroney) had to drop out of the 220 at Odessa," he stated. Maroney, who had run a leg of the 440 yard relay earlier in the regional meet, sustained a leg muscle in the process and was unable to enter the 220 yard dash.

"Has the leg come around okay since then?" I queried.

"Was up 'till today," Stehley retorted. "But it started bothering him again this afternoon. So you just can't tell. He'll run in the 440 relay, but the leg may give out like that," he continued, snapping his fingers as he "thatted."

"If that happens, then that'll just about be it," he went on remorsefully. (An injury to Maroney in the relay would knock him out of the 100 yard dash, in which he would be expected to finish high should he be able to run it.)

He (Maroney) was working on his starts and handoffs while ago, and the leg started acting up on him again. So we'll just have to wait and see," he theorized.

So who does that leave in the state meet driver's seat, I plodded?

Mustangs, Bay City Top Poll

"ANDREWS," he matter-of-factly said, "Bay City'll probably take second. They've got just about all of their boys back from last year and they'll be hard to beat." Bay City finished third in last year's meet, beating out the Tigers for the "show" slot by a single point.

Thus, the picture may not be quite so bright as previously painted here on the eve of the deciding circus, based on Stehley's undertone of pessimism. However, the local cindermen have been making it a practice to deliver the goods when the chips are on the table, regardless of their physical condition.

CROWD WOWED

Kirkwood Baffles With Golfing Act

Unbelievable and hilarious would come closest to summing up the performance as staged by Joe Kirkwood yesterday at the Snyder Country Club course, as a sparse but appreciative crowd applauded him through his hour and a half show of golfing gimmicks.

Kirkwood, reigning clown prince of the links, could—and did—do it all. When crazier, more ridiculous, more unorthodox shots are made, he will no doubt be the one to make them.

A stiff west crosswind cramped his style but little, although it served to make the task at hand harder but even more commendable. So it was that to hit a straight ball he was forced to slice to some degree, while straight shots

Teenage Tee Terror Sends Out Warning

NEW ORLEANS (AP) — A 19-year-old golfer had a warning for veteran Polly Riley to be on her guard today in the quarter-finals of the Women's Southern Amateur Tournament.

The warning concerned Mary Crawford of Americus, Ga., Miss Riley's opponent today. It came from Barbara Fay White of Shreveport, La., who was Miss Crawford's second round victim.

"Polly will have to be at her best to win," Miss White said after Miss Crawford edged her 1 up Wednesday. It was something of an upset since Miss White, a long-hitting student from Centenary College, is regarded as a future star while Miss Crawford is an unknown quantity.

Miss Riley, the Fort Worth, Tex. veteran who has won five Southern titles, edged Mrs. Harry Webb of Huntsville, Ala., 1 up in 18 holes Wednesday.

Defending champion Judy Eller of Old Hickory, Tenn., a 19-year-old member of the U. S. Curtis Cup team, overwhelmed Mrs. Mark McGarry of St. Petersburg, Fla., 7 and 6.

A PERSONAL MESSAGE FROM

JAY ROGERS

We're having a great meeting at the 37th St. Church of Christ with Wesley, Mickey doing the preaching. I would like to invite all my friends to attend. A hearty welcome awaits you.

In trying to contact everyone personally I want to thank you for the courtesies shown me at your homes. I sincerely solicit your vote of confidence this coming Saturday.

TL FLOURISHING

Players Needed In Continental

Following a meeting of Teenage League heads last night, an urgent call has gone out to all baseball-aspiring boys in the 16 through 18 year age group, along with the announcement that the deadline for signing of contracts has been extended until Tuesday, May 10.

A sparse turnout of boys in this late teen age group, resulted in only 36 contracts being submitted, with a minimum of 60 needed for operation of the four-team league.

In contrast to the comparatively small number of boys who signed up for play in the Continental, 16, 17, 18 years' League, a large influx of prospects in the Texas (13, 14, 15) League has brought about the addition of two more teams in that loop in order to accommodate the group. The Texas League will now field six rather than the previously planned four teams.

Sponsors for the two new teams have not as yet been attained, however.

It is emphasized that any boy who is desirous of playing in the Continental League acquire, fill out

Palmer Holds Large Money Winning Bulge

DUNEDIN, Fla. (AP) — Arnold Palmer, golf's big man this year, has garnered \$47,700 in 14 tournaments entered this season.

The weekly standings released by the Professional Golfers Assn. show Palmer, who plays out of Ligonier, Pa., winning five of the tournaments and placing in the top five in nine others.

Dow Finsterwald of Tequesta was second with \$23,300 from 11 tournaments. Ken Venturi of Palo Alto, Calif., was third with \$23,500 from nine events.

Andre Martin, rookie defenseman with Cleveland's hockey team, is one of 29 children of a Quebec family.

A PERSONAL MESSAGE FROM

DARRELL PACE

"The we or any Angel from Heaven preach any other gospel unto you than that which we have preached unto you, let him be accursed." — Gal. 1:8.

This gospel that the great apostle preached will be preached at the 37th St. Church of Christ through May 11.

An invitation is extended to all my friends and acquaintances to hear this gospel preached in its truth and simplicity.

ELECT CHARLIE SMITH CONSTABLE

Charlie Smith deserves your vote for a second term as Constable. He has rendered a valuable service to the community in his work with Mexican Nationals, as officer and interpreter, during the harvest season. This has been an important and needed service for the farmers of the County.

Charlie Smith has a background of many years experience as a law enforcement officer, and he is able and capable of handling the job.

DOLLARS FOR MARCH OF DIMES—These Shriners have just finished counting over \$600 they collected last Saturday in the local Shrine Club's annual March of Dimes drive. From left standing are J. B. Turner, Bill Love, Kenneth Babcock, R. B. Sears, Lenoir Clark, Clarence Wade, J. U. Van Norman and L. A. McClanahan, president of the Snyder Shrine Club. Seated from left are clown, Gene Williamson; M. L. Andress, Suez Temple Potentate; clown, Woodrow Newton, all of Snyder, while the clown on the right is Dr. Marvin Majors of Colorado City. (Photo by Craft).

Redevelopment Bill Moves Closer To Expected Veto

By WILLIAM F. ARBOGAST
WASHINGTON (AP) — House passage moved a \$251 million dollar area redevelopment bill back to the Senate today and put it a step closer to an expected veto.

Its fate could become a major political issue in the presidential campaign.

Designed to give an economic lift to urban and rural areas depressed by chronic unemployment and loss of industry, the bill provides for 196 million dollars more than President Eisenhower had proposed. Its total is only slightly

less than was provided in a similar bill vetoed by the President as too costly two years ago.

The decisive House vote came after nine hours of argument and maneuvering during which the bill's opponents resorted to various maneuvers to block consideration. Less than three hours of the session was used for actual debate on the bill's merits.

The House passed the bill 201-184 over the opposition of most Republicans and Southern Democrats.

Voting for the measure were 178 Democrats and 23 Republicans. Against it were 69 Democrats and 115 Republicans.

The final vote was far short of the two-thirds necessary to override a veto which GOP Leader Charles A. Halleck of Indiana hinted broadly would be forthcoming.

One of the bill's principal supporters, Rep. Wright Patman (D-Tex.), predicted that the Senate would accept the House version rather than run the risk of sending the measure to a conference committee. The Senate has voted for a \$201 million dollar measure.

Should the measure go to conference, it would face another threat from the House Rules Committee which previously had refused to clear it and forced its consideration Wednesday under a seldom-used rule bypassing the committee.

Before passing the bill, the House:

1. Defeated 220-171, a motion to prevent its consideration.

2. Rejected by voice vote a compromise 158 million dollar proposal.

turned down by voice vote a 200 million dollar loan substitute.

3. Turned down by voice vote a 150 million dollar program.

4. Turned back by standing vote of 155-67 an amendment to cut out 35 million dollars in grants for public facilities.

5. Shouted down a compromise 150 million dollar program.

6. Defeated by a 152-77 standing vote President Eisenhower's plan for a \$3 billion dollar program for public facilities.

As it cleared the House, the bill provided for 75 million dollars in loans for urban industrial development, 75 million in loans for rural development, 50 million in loans for construction of public facilities, 35 million in grants for public facilities, 4 1/2 million for technical assistance grants, 1 1/2 million for vocational training grants, and 10 million in grants to retrain workers for new jobs.

An estimated 32 major industrial areas, more than 100 smaller areas and several hundred rural counties would be eligible for assistance in one form or another.

Annual TIL Meet Begins

AUSTIN (AP) — Two thousand Texas high school students today began the final stage in a struggle for top ratings in a variety of sports and academic activities.

The 30th annual Interscholastic League State Meet got under way at the University of Texas with one-day play instructions and rehearsals.

Literary and athletic contests begin Friday and end Saturday. The Interscholastic League press conference of high school journalists will meet Friday and Saturday.

Featured speakers at ILPC sessions will be Turner Catledge, managing editor of The New York Times, William F. Matthews of Rubicon, Inc., advertising, New York, and Joe Pickle, managing editor of The Big Spring Herald.

Ft. Worth Man Fined

Ralph Burt Morgeson of Fort Worth pleaded guilty in county court Wednesday to a charge of DWI and was fined \$100 and costs and given three days in jail.

Scouters Slate Session Tonight

The district Boy Scout committee will meet tonight at 7:30 o'clock at the First Methodist Church, E. H. Williamson, district chairman, has announced.

The camping and activities committee, under direction of J. C. Woodbridge, chairman, will develop plans of troop Parent Night meetings for the purpose of promoting participation of troops in summer camp.

George Stewart, chairman of the health and safety committee, will conclude his report on the recent Boy Scout Circus. Stewart was the circus program director.

Jack Patchell, chairman of the advancement committee, will continue his committee projects of assisting Boy Scout troops in holding boards of review and courts of honor.

D. V. Merritt Jr., chairman of the leadership training committee, will complete his report and preparation of training certificates for those who attended the junior leaders' conference held recently at Camp Ed Murphy.

Bill Wilson, finance chairman, will hold a meeting of his committee, plus others, in discussing the financial problems of the council.

Virgil Mott, chairman of the organization and extension committee, has urged all committee members to attend, since a concerted effort will be made to register

infected and due units during the next two or three weeks.

Bill Brown and the publicity committee will develop plans for publicizing summer camp, according to Woodbridge.

R. C. Patton, district commissioner of the Lone Buffalo District, has urged all assistant district commissioners and neighborhood commissioners to attend the committee

meeting to be held at the same site and same time as the district committee meeting.

The project of the commissioners staff is to visit every scouting unit in the district at least once a month. While visiting Boy Scout troops, they are to urge the troop committee to meet monthly with the troop and assist the scoutmaster in helping boys to advance in missions to attend the committee

meeting.

Gasoline Is Flowing Into Excavations

NEW YORK (AP) — A mysterious underground flow of gasoline going on for the past 15 days at the rate of 500 gallons daily may have work on a big Manhattan project. To make it more mysterious, no one has reported losing the volatile liquid.

The gasoline pours into two 18-foot-deep excavations on West 40th street near Ninth avenue at the site of the \$19,000,000 addition to the Port of New York Authority Bus Terminal. The excavations, part of the foundation, eventually must reach 30 feet.

"We're stymied if this continues," Francis G. Carey, the terminal's resident engineer, said Wednesday. "We can't sink the foundation any deeper with gasoline still underground. It's much too dangerous."

The automotive-type fuel sometimes is pure and at other times is brownish in color or mixed with water. Geologists, technicians and engineers are puzzling over the source.

"I've never seen anything like it in the construction business," says William Baumbach, the project manager.

One geologist said the source could be miles away and coming in via an underground stream. It might be coming from a sewer leak. Gasoline stations in the area report no loss from their tanks.

The fire hazard is acute. Firemen have been posted on duty around the clock. An eight-foot high fence has been erected to prevent anyone flipping a lighted cigarette. Workmen use spark-proof shovels made of wood and bronze.

Just getting rid of the gas is a headache. It must be pumped into trucks and carted to a remote area near Idlewild Airport and burned.

The Fire Department, however, is gaining some advantage from the strange situation. At the dumping spot, firemen are getting additional training on how to handle gasoline fires.

They Generally Have A Little Alcohol

GREENSBORO, N. C. (AP) — Arriving early for a luncheon in connection with alcoholism education week here, a Guilford County official got lost at the War Memorial Building.

Chairman Lloyd Amos of the county commission asked a janitor: "Do you know where this meeting on alcohol is going to be held?"

"Well," the janitor replied "they generally has a little in the next room."

SNYDER, TEXAS, THURSDAY, MAY 5, 1960

SECTION B

NEW VICAR HONORED—Rev. Custis Fletcher Jr. and his wife were honored Tuesday with a luncheon at the Martha Ann Clubhouse by Women of The St. John's Episcopal

Episcopal Vicar Honored With Luncheon Tuesday

The Martha Ann Women's Club was the setting for a luncheon given by the Women of St. John's Episcopal Church honoring Rev. and Mrs. Custis Fletcher Jr., new vicar of the church Tuesday.

The women invited guests for the luncheon, and all remarked of the interesting talk given by the vicar.

Rev. Fletcher was born in Temple, Texas, where his father was rector of Christ Episcopal Church. His family moved to Kentucky soon thereafter where he completed high school and was graduated from the University of Kentucky. He graduated from Va. Theology Seminary in 1939 and was ordained to the Episcopal ministry. In 1946 he returned to the seminary to receive his masters degree.

He is married to the former Frances Taylor of Lexington, Ky. Mr. Fletcher began his ministry in Porto Alegre, Brazil, where he was a missionary priest, teaching at the Southern Cross Episcopal School and the Episcopal Seminary there. During the latter part of his 16 years in Brazil he moved to Rio where he became executive secretary of the Brazilian Episcopal Church and chaplain to the Bishop.

While in Brazil the couple's first three children were born.

In 1955 the family returned to Gainesville, Fla. where Mr. Fletcher was in charge of Holy Trinity Episcopal Church and in March of this year he accepted appointment as vicar of St. John's Church here.

In his most inspiring talk of the life in Brazil he touched on just a few points that were impressive in his stay there. He said "In the days when we went to Brazil we went by boat, although we traveled on a large steamer, it took us two weeks to make the trip. The coastline on the last day was very welcome sight. Although each day as we sailed along we were studying Portuguese, I finally learned to count to 10 and say 'good morning' but as you would know, we arrived in the afternoon so my studying did not help in the least. As we neared Rio de Janeiro, the

coast line was a welcome sight, but atop a huge granite mountain is a statue of Christ with outstretched arms that really makes one feel welcome.

"The Brazilian people are a humorous people. As the U.S. receives many northern Europeans, Brazil has many people from Southern Europe."

Mr. Fletcher told of the plains section of Brazil, agriculture methods, transportation, and such. One outstanding point he gave was "When I was in Brazil they had only 800 miles of improved roads, you either ruined your tires in the dry season or bogged down in the mud in rainy seasons. An interesting point too is that if Brazilians applied the proper method of producing food they would produce more than the U.S. although they are only about one-third the size."

"Art has become one of the outstanding things in Brazil, with people from the U. S. traveling there to see the beautiful works, and even some offering to send their paintings for display there. Their library is another item they have much respect for. They put books from the library out in the gardens for people to select during lunch time, thereby promoting interest and more use of their libraries."

"One of the most amazing thing is that all the churches there use the same hymn books. At present they have come up with a new version of the Bible, although it is not exactly the same as we have here, all the churches there have accepted it and the Roman Catholics have given their approval of it also. It is remarkable the harmony and goodwill between the churches there."

Following the talk Mrs. Bill Lee and Mrs. Ben Moore were introduced and recognized for the beautiful floral arrangements on the tables and in other parts of the auditorium. They were hostesses for the occasion.

Mrs. Bob McAllister was mistress of ceremonies and recognized guests present.

High School Girls To Be Honored By Nurses With Tea

The Scurry County Registered Nurses Club in cooperation with the Texas Graduate Nurses Association and assisted by the Medical Auxiliary and the Cogdell Memorial Hospital Auxiliary, will host a tea honoring high school students interested in professional nursing.

Girls from 13 high schools including Fisher, Scurry, Noland and Mitchell Counties (District 15) are invited to attend the affair. All graduate nurses in the area are also urged to attend.

The tea is to be held between the hours of 3 and 5 p.m. at Cogdell Memorial Nurses home, Saturday afternoon.

Our young women of today are growing up in a world of modern living, speed of travel and communications and the revelations of the power of our atomic research. They are facing a period of world tension which automatically presents for them new problems and new responsibilities. Yet, never before has there been such new opportunities and such challenges for youth. New and varied careers are open and awaiting the young ladies.

The graduate nurses of the community desire to direct and assist high school girls in making nursing a career. It is a career she will choose because of her desire to be of service to humanity, rather than to seek fame and fortune. She can specialize in many fields and find opportunities in any field she might select.

There are positions in administrative work and teaching, operating room, anesthesia, obstetrics, pediatrics, orthopedics, psychiatry and physiotherapy.

Perhaps she would choose the armed services, public health or civil service. The role of a nurse can take young ladies to a large hospital, to a rural health center or to a doctor's office. Centers such as cerebral palsy, polio or cancer can open a new horizon for the nurses of tomorrow.

Noted recently by Miss Faye Pannell of Denton, president of Texas League of Nursing—The declining ratio of graduate nurses to population will steadily deteriorate the quantity and quality of patient care. Texas needs 24,000 graduate nurses, yet, it now has 12,000. It is a growing critical situation.

The thoughtful high school girl knows she is at a crossroad and that she can plan and prepare for

Betty Brunken Hostess To Local Sorority

The Lambda Kappa Chapter met Tuesday evening in the home of Betty Brunken, 311 Thirty-sixth Place.

Miss Myrtle Harrell, guest speaker, presented a program on "Nature of Landscape." Mary Lou Scott told of the art of music.

The chapter voted Betty Brunken and Tommy Conner delegates to the state convention in Austin, June 17, 18 and 19.

President Mike Taylor read a letter from Beta Sigma Phi council urging support of TABC (mentally retarded) for the coming year. The group voted to do so.

Betty Brunken appointed Tommy Conner, Kay Butler, Mary Lou Scott and Pat Allen to work as a committee on the forthcoming year book.

The group will hold their Ritual of Jewels and installation of new officers on May 17, with Vela Shifflett as hostess.

JUST AN OLD FASHIONED HOPE CHEST—That is what this cedar chest resembles. It was made by 9th grade student, Mike Mays, and displayed at the Industrial Arts Exhibit at the Snyder high school industrial arts building Tuesday night. Giving the chest the once over are Paula and David Redwine, children of Dr. and Mrs. H. J. Redwine.

PROUD CREATOR—Tommy Cooper, front center, stands beaming proudly as praise for the couch he made pours in from all sides at the Industrial Arts Exhibit Tuesday. People just wouldn't believe that he made it from the ground up. Fellow students are Lannie Hall, Weldon Duke, and Karen Robinson.

No Fireworks Develops In Kennedy-Humphrey Debate

By The Associated Press
Sens. Hubert H. Humphrey (D-Minn.) and John F. Kennedy (D-Mass.) met head-on in a television debate last Wednesday night at Charleston, W. Va.

The two rivals for the Democratic presidential nomination produced no sparks, no fireworks. The tone was mild and unbiting. Humphrey did take issue with a constant Kennedy refrain—that Humphrey has no chance to be nominated and a vote for him in West Virginia's May 10 primary is wasted.

Asked if he thought he had a chance, Humphrey said:

"I most surely do." He added "No Democrat has this nomination tied up. If you have 200 (convention) votes, you're just as much alive politically as the man with 500 votes."

The debate was televised over a state network, but was seen in some out-of-state cities.

Vice President Richard M. Nixon, unopposed for the Republican presidential nomination, had kind words in New York Wednesday for the man who bowed out of the race against him—Gov. Nelson A. Rockefeller.

Nixon told a news conference Rockefeller has "tremendous support throughout the country for national office among the Republicans." But he begged off on any direct expression that he wants Rockefeller for his running mate and put it up to the governor. In Albany, Rockefeller repeated that he won't accept the second place spot.

There have been reports that Nixon would like to have Rockefeller on the ticket. Nixon's statement Wednesday was viewed in some quarters as an attempt to make sure no one would put the blame at his door if Rockefeller continues adamant about refusing the vice presidential nomination.

Footnotes on Tuesday's primaries:

District of Columbia: Complete unofficial returns in the presidential popularity poll: Humphrey 7,831; Sen. Wayne Morse (D-Ore.) 5,866. The only non-Humphrey delegate candidate to win a convention seat was a Morse delegate. Humphrey is assured of all nine D.C. convention votes because of a unit rule.

Indiana: On nearly complete returns, Nixon's plurality over Kennedy in the respective GOP and

Democratic primaries was more than 50,000 votes. Nixon had 400,291 to Kennedy's 350,190, but the Democratic party outpolled the Republican total 433,957 to 418,039. Leaders of both parties claimed sustenance and cheer from the results.

Alabama: States Rights candidates for presidential elector, pledged to bolt the Democratic party if it picks a nominee they disapprove, apparently held firm control over a portion of the

Says Caryl Protected His Daughter

SAN FRANCISCO (AP)—Caryl Chessman's attorney claims the convicted sex bandit chose death in San Quentin's gas chamber rather than jeopardize his 17-year-old daughter's safety by naming the real red light bandit.

George T. Davis said Wednesday Chessman feared "underworld reprisals" against the girl, his sole survivor.

Chessman was executed Monday. To the last he maintained his innocence, but steadfastly refused to name the man he said he knew committed the 1948 kidnap-robbery-sex abuse crimes in Los Angeles' "lovers' lanes."

"Caryl was afraid the governor and the attorney general would brush off any claims about someone else being guilty," said Davis. "He said if he knew he would get a real hearing, then he would trust himself to protect his family. But he was afraid that if he was brushed off, then his daughter would be in danger and he wouldn't be in any better position himself."

The attorney said Chessman was married in 1940 and the couple had a daughter before being divorced. Chessman subsequently remarried and divorced again.

As far as is known, the existence of his first wife and a daughter never was revealed publicly before. Davis refused to identify either the girl or her mother, who he said had remarried. Chessman's second wife also has remarried and is living at Victorville, Calif.

Carole, Dr. Finch Hold Rendezvous

LOS ANGELES (AP)—Carole Tregoff and her lover, Dr. R. Bernard Finch, held an hour-long rendezvous in an attorney's visiting room in the county jail.

The physician and his former receptionist, accused of murdering the doctor's wife, had terse "no comments" Wednesday when reporters asked what they talked about.

Carole is free on bail and Finch remains in jail. A retrial of their murder trial is set for May 23. The first trial ended in a deadlocked jury.

They are accused of the ambush slaying of Barbara Jean Finch last summer to prevent her from getting a large divorce settlement.

Ike Sends A Gift

LONDON (AP)—President Eisenhower's personal wedding gift to Princess Margaret and Anthony Armstrong-Jones arrived by diplomatic pouch today but the U.S. Embassy refused to say what it was.

Scientists Still Fear Radiation

WASHINGTON (AP)—The National Academy of Sciences has made it clear that its concern about potential radiation hazards has not lessened in the past four years.

In a report issued Wednesday night, the nation's top scientific organization cautioned that the expanded use of nuclear energy means increased radiation hazards.

The need for conservative management of all radiation sources is obvious, it said, since "radiation exposure can adversely affect many future generations."

The scientists' views were described as an up-dating of their initial report on the biological effects of radiation made almost four years ago.

The report said that in some respects the estimation of human genetic hazards from radiation is more difficult than it appeared to be in 1956.

Findings listed in the new report included:

1. "No completely satisfactory treatment has been developed for

radiation injury treatment.

2. "No new evidence has appeared to show that nuclear tests have affected the weather."

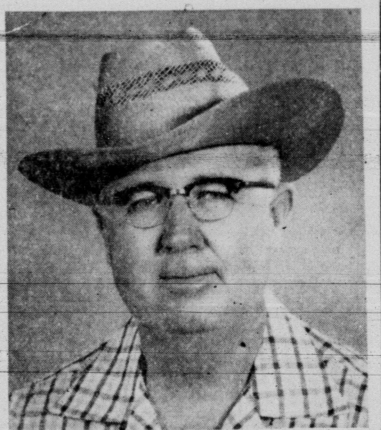

3. "Disposal of radioactive wastes has not resulted in any significant hazards and present indications are that limited amounts of radioactive materials can be safely released in the oceans."

Jerry Livingston, composer of "Swing Bells" and "Swing Songs," was born in Denver.

If we made Gladiola Flour for Porcupine, S. D. . .

we could lower the quality a little . . .

...but we make it for you

Gladiola Land (that's Texas and a little bit more) could give the rest of the country lessons in home baking. Nobody makes biscuits, pies and cakes the way the ladies make 'em here.

Nobody's so fussy about flour, either—and that's fine with us. We're fussy, too. That's why Gladiola Flour is like no other flour made. Naturally, it outsells every other brand.

As for the folks in Porcupine, S.D., what they don't know won't hurt 'em. Snow-white Gladiola Flour isn't for them—it's for you. And it costs only about 1/2¢ a day more than the cheapest brand at your store.

Bake and be Glad—with
GLADIOLA FLOUR
The best-selling flour in the Southwest

(Porcupine is in Shannon County on Porcupine Creek near Porcupine Butte)

ELECTRICITY

Adds confidence to cooking
...because it's ACCURATE

You can measure cooking temperatures as accurately as you measure recipe ingredients when you cook electrically. Whether you're cooking on surface units or in the oven, you just set the controls for the heat you want and you get the same even heat every time. There's no guesswork . . . no variation of heats to confuse you. You can expect recipe-right results every time. See your electric range dealer soon. Accurate electric cooking is another of the many ways in which your dependable, low-cost electric service helps you live better . . . electrically!

Accurate electric cooking is a feature of all "Live Better Electrically" Medallion Homes

Rains Still Needed In Texas Areas

AUSTIN (AP) — Field work slowed in East Texas last week because of downpours but other sections of the state need rain. The U. S. Department of Agriculture reports.

Showers washed out some crops in South Central counties but much of the Plains area needs rain.

The weekly report said scattered showers aided wheat in the Northwest but more moisture is needed to maintain the present bright prospects. Surface moisture continues short over much of the Plains.

Besides taken a heavy toll of North Central and North Texas crops.

Rain slowed planting in the blacklands but early cotton is coming up to uniform stands. Over one third of Texas cotton acreage is planted. High Plains farmers made good progress during the past week.

Rain stopped planting of sorghum in the Cross Timbers. Blacklands and South Central areas in the Coastal and South Central areas, the crop made good progress.

Corn is off to a good start in Central and South Central Texas, the USDA reported.

Vegetables and melons in East Texas benefited from showers. Watermelons in the South Texas area made good growth. Crops in South Central Texas are making runners, the report said.

Gigante Tax Revenue Gains

AUSTIN (AP) — Collections from the recent cigarette tax totaled \$2,114,571 more in April this year than in 1959 when the tax was only a nickel a pack.

The April smoking tax to the state was \$6,350,791, the State Treasurer's office reported today. March collections amounted to \$6,378,365.

Liquor tax revenues in April rose to \$55,000 above March to \$1,200,980.

Political Announcement

The Snyder Daily News is authorized to announce the following candidates for office, election to be subject to action of the Democratic Primary.

ACCUSED SLAYER VISITS WITH FAMILY—Just before the second day of Dennis Whitney's murder trial in West Palm Beach, Fla., Whitney chatted with members of his family. Seated left to right Dennis Whitney, handcuffed; Juanito Trevino, a sister; Darlene Cleary, a sister and standing, John Whitney, a brother. Dennis is on trial for the slaying of Mrs. Virginia Selby of Hialeah. (AP Wirephoto).

Spring Vegetables Are Abundant Now

By THE ASSOCIATED PRESS

More fresh spring vegetables are available this week and Texas food markets present the heavy output of Southern gardens.

Abundant at reasonable prices are carrots, celery, sweetcorn, greens of all kinds, lettuce, onions, green onions, radishes, spinach, yellow crookneck squash, turnips and tops, sweet potatoes, and potatoes, especially round reds, reports the fruit and vegetable market news branch of Agricultural Marketing Service, Dallas.

Taking the spotlight as "best buys" at fruit counters are fresh strawberries, bananas, lemons, grapefruit and oranges.

Carrying lower wholesale prices than a week ago are bananas, corn, radishes and squash. It definitely is strawberry shortcake time, as huge shipments from Texas, Louisiana and California arrive.

Higher priced than last week are asparagus, snap beans, cabbage, cucumbers, lettuce, peppers and tomatoes. Shipments of squash, peppers, cucumbers and purple hull peas from South Texas are increasing. Volume of Mexican pineapples is noticeably greater.

Remaining large stocks of some processed foods like canned blackberries from East Texas, freeze-dried peaches, cranberry products and frozen scallops enable food merchants to run specials on these items.

Milk production is increasing toward its June high so all dairy products are in abundance. And look for bargain buys on broilers and eggs, as output continues heavy. Pork and some cuts of beef also are priced for economy.

Beta Club Formed At Gail School

GAIL—A local chapter of the National Beta Club, a leadership service organization for high school students of America, has been established at the Borden County High School, according to Paul E. Swett, principal.

The National Beta Club, with over 2,500 local chapters and approximately 85,000 members in high schools of 21 states, is now in its 28th year.

Objectives of the non-secret-

leadership service organization are to encourage effort, to promote character, to stimulate achievement among its members, and to encourage and assist students to continue their education after high school graduation.

Swett was appointed faculty sponsor for the local chapter.

Permanent officers for this year are Nancy Beal, president; James Telchik, vice president; Susan Davis, secretary; Patti Harrell, treasurer.

The local organization is composed of the following students who have fulfilled the requirement for membership in the National Beta Club: Nancy Beal, Junior Brewer, Bobby Burrus, Susan Davis, Patti Harrell and James Telchik.

Cross Currents Are Keeping Business Moving Cautiously

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP)—Strong cross currents are keeping the stream of business ebullient this spring. But business sentiment remains calm if cautious.

The official view in Washington continues to hold that the year as a whole will be a good one. The view in some industries now on the downgrade is that an upturn can come in the fall. Other industries still on the upgrade look for a year topping all others.

Rarely has the bystander had a wider choice of trends on which to base an opinion.

The stock market has chosen the gloomier one. Prices have fallen from a peak at the start of the year to a sharply lower level today. The drop in stock prices has had an effect on the thinking of many businessmen on short-term prospects. There has been little noticeable effect so far on the total of consumer spending.

The industrial downturn has been largely in those industries that were putting on the most upward speed at the start of the year.

Steel output has slipped from

near capacity to around 80 per cent and is expected to go still lower. Iron Age, trade publication, says the rate of new steel orders continues to be disappointing. It looks for the output rate to average around 70 per cent during the summer months, but to be well below that at its lowest point.

Auto production in 1960 is well ahead of last year but it has been falling — April seeing the fewest cars turned out in any month this year. But spring sales of new cars have perked up and offer hope of a good year as a whole.

Home building, too, has been disappointing. This has led to a little relaxing by federal agencies of financing rules. Private builders also look with hope toward the apparent easing of the money market in general. Prospects are for more money available for mortgages, although interest rates on them haven't softened yet.

There are plenty of strong points in the economy.

The Department of Commerce reports that demand in the chemical, paper and food industries has been high and output is being maintained or is expanding.

The Agriculture Department

thinks farm income should perk up a little this year.

Experts have put on a convincing spurt in the early months of the year, helped by large overseas sales of cotton and other farm products held by the government.

Retail sales have had their ups and downs with the weather. But for the year as a whole they're ahead of 1959.

The total of personal income is still rising, if slowly, offering merchants a market to tap—if the price is right and the demand can be stimulated.

Optimists are putting their greatest stress, however, on the long term confidence of businessmen. This has found expression in their announced plans to increase spending for capital goods, such as machinery, and for new or enlarged business office and other commercial buildings and utility installations.

Increased orders have been reported for structural steel, machine tools and nonelectrical machinery.

The cross currents are many, but calm and caution make good skippers.

YOUR VOTE FOR...

R. B.

SEARS

FOR

SHERIFF

OF

Scurry County

Will Be

Sincerely Appreciated

We feel that a vote for R. B. SEARS will be a vote for just and impartial law enforcement for all the citizens of Scurry County.

We think his honesty and integrity as a long time citizen has never been questioned.

We know that he will carry this quality into office with him if elected your Sheriff.

LET'S ELECT

R. B. SEARS — SHERIFF

(Pol. Adv. — Paid For By Friends Of R. B. Sears)

Your Vote For

Robert R.

Patterson
