High School Renovation, Hutchinson Expansion Get Contractor's Priority

\$439,857 Includes All Six Contracts

Colorado City school officials Thursday geared for a May 1 starting date for a new school building program after letting construction contracts totaling \$439,857.

Contracts were awarded Tuesday afternoon at a special meeting of Colorado Independent School District board of trustees in City Hall.

Fine planning by the district's architect and consulting engineer plus highly competitive bidding by construction firms was credited by school officials for keeping the combined contracts well within the \$500,000 financing provided by bonds.

FOR QUESTIONS

Police Stop Silver Man 22 Times

Glenn Hodges of Silver was a victim of circumstances Saturday.

While the search for the two Wingate bank burglars was going on, Hodges was trying to drive to San Angelo.

But he thought he would never make it.

Hodges was driving his red and white 1956 Buick which responded fairly well with the description of the getaway car involved in the burglary.

And law enforcement officers made certain that he wasn't the burglar.

He was stopped 22 times by county police, city police, highway patrolmen and Texas Rangers on the short 50-mile trip to San Angelo.

Each time he had to be cleared, giving his name, address, place of employment, how long he had worked there, etc.

Hodges, who is office manager for Texas Natural Gasoline Corporation at the Silver plant, said the trip was really a lengthy affair.

No. 2-B Strain will drill to 1,800 feet at a site 330 feet from south and 1,358 feet from east lines, Subdivision 9, O'Keefe Subdivision, Reiger Survey 1 & 2.

No. 1 Edmondson, scheduled for 1,750 feet, will spot 330 feet from north and 990 feet from west lines, 7-31-6, Kirkland & Fields Survey.

But Hodges commended the police on their efficient service.

One man involved in the Saturday morning burglary—C. F. Adlington of Lubbock—was captured three miles south of Colorado City Saturday morning.

The arrest was made by City Policeman Dave Shackelford following a fast car chase.

Arrest of the other Lubbock man involved—T. E. Dyer—took place Saturday afternoon at Southland, about eight miles south of Lubbock.

Eight firms submitted bids here Tuesday on the overall construction job and a ninth offered proposals for the additions at Hutchinson and high school.

Next low to Cooper's bid was Rose Construction Company with a \$362,000 proposal. Other bids for the prime contract were B. F. Horn Construction Company of Abilene, \$355,000; Balfanz Construction of Abilene, \$359,000; Suggs Construction of Big Spring, \$362,000; Jones Construction Company of Big Spring, \$377,261; A. P. Cash of Big Spring, \$392,000; K. A. Sparks of Hamilton, \$406,000.

Awarded contract for the overall plumbing and heating was Lucian Webb Plumbing of Abilene with a low bid of \$64,990.

Webb's proposal was approximately \$3,000 lower than the bid of \$67,997 submitted by Bowen Plumbing and Heating of San Angelo and almost \$15,000 lower than the high bid of \$79,700 submitted by David Vickers Company of Sweetwater.

Others bidding on the plumbing and heating contract were Carson Plumbing and Heating of Stamford, Anthony Company of Lubbock.

Al-Conditioning of the Colorado High auditorium and the new administrative offices to be built in the high school's west wing are included in the heating job.

Phillips Electric Company of Midland received two electrical wiring contracts with low bids of \$17,748 for the Hutchinson project and \$24,310 for rewiring of high school—a major project in the high school renovation.

Howell Electric Company of Snyder was low bidder and contractor for the physical education plant and the high school's west wing addition. Howell's bids were \$3,897 for the addition and \$3,592 for the plant.

Also bidding with Phillips and Howell was the regular election of officers at the annual meeting June 26.

Fuller moved to Ropesville in January.

Sharon Ridge Field Extended, New Oil Discovery Indicated

A wildcat oil discovery was indicated Thursday on the Leslie Hamilton acreage 10 miles northwest of Colorado City.

The potential producer is Hamilton, Jordan & Blackwell of Lubbock No. 1 Hamilton, which has reported oil shows in the San Andres pay zone between 1,552 and 1,577 feet.

In other Mitchell County oil operations the Sharon Ridge-1700 (San Andres) Field was extended 1,500 feet, one new drilling site was spotted in Westbrook Field, Sharon Ridge Field gained two new drilling locations.

The Hamilton, Jordan & Blackwell No. 1 Hamilton, a cable tool project 1.25 miles southwest of Sharon Ridge Field, developed free oil. Operator was preparing a completion attempt with fracturing.

Site of the prospective discovery is 330 feet from north and east lines of the south 120 acres, Section 9, Block 27, T&P Survey.

Extending Sharon Ridge-1700 south 1,500 feet was Tamawa Oil Company of Midland No. 1 L. A. Strain, nine miles northwest of Colorado City.

The well was completed for a daily potential of 45.25 barrels of 29 gravity oil plus 20 per cent

water perforations between 1,515 and 1,525 feet, 1,532 and 1,542 feet.

Pay area was fractured with 10,000 gallons of sand oil. Total depth was 1,530 feet.

Location of the extender is 870 feet from south and 1,648 feet from east lines of Lot 17, Section 3, W. W. Stith Subdivision, Block 27, T&P Survey.

Staked as new drilling sites in the Sharon Ridge are R. B. Stall-

worth of Abilene No. 2-B Strain and No. 1 Edmondson, both cable tool projects between 10 and 11 miles northwest of Colorado City.

No. 2-B Strain will drill to 1,800 feet at a site 330 feet from south and 1,358 feet from east lines, Subdivision 9, O'Keefe Subdivision, Reiger Survey 1 & 2.

FOR APRIL 27 STAGING

Juniors Preparing Annual Class Play

Final details for the annual junior class play of Colorado High School were being worked out this week.

The play, "Million Dollar Butler", a farce in three acts, will be presented April 27 at 8 p.m. in the school auditorium.

The play depicts the story of Beaumont Spencer, who not only inherited seven million dollars, but a law suit.

As a rule one always has friends to help when in a jam and, Spencer was no exception. His friend, Herman Manley persuades Spencer to change places with him. Spencer gives in and finds himself as the butler, Botts.

Elaine St. Clair, who is suing Spencer for a breach of promise, shows up with letters that Spencer wrote her.

Since the letters were not dated, they are important evidence although they had been written three years before.

Cast includes Beaumont Spencer, portrayed by Dru Vowell; Herman Manley, the dashing African explorer, Pody Gunning; Mazy Louise Jones, Elaine St. Clair.

Bob Carpenter plays the part of Botts, who joins a Lonely Hearts Club and wins a wife; Mrs. Hawkes, Spencer's housekeeper, will be portrayed by Bertie Lou Dorn; Don Peck plays the part of the lawyer.

Momma, the woman engaged to act as Elaine's mother, is played by Danella Porter; Boo-Boo, a native boy brought to America by Manley and who solves the whole problem, will be acted by Bennie Ray Hodges.

Janet Yost portrays the role of Ruth, who impersonates Botts' sweetheart in order to meet Spencer.

Sophie Klatzman, the girl Botts met through the Lonely Hearts Club, is played by Juanel Bynum; Mrs. Hawkes' son, Bobby, is portrayed by Randy Austin; son of Rev. and Mrs. Bill Austin.

Directors of the play are Mrs. Gerald Gordon and Miss Jane Merrill.

Propters will be Diane Pate and Ann Padgett.

Moore's Entry Places Four in Sheriff's Race

A fourth candidate threw his hat into the ring Thursday for the office of sheriff.

He is H. M. Moore, 55-year-old farmer in the Buford Community.

Moore, a resident of the county for the past 26 years, operated cotton gins here for 17 years. He is married and the father of five sons and two daughters.

Already in the race for Mitchell County sheriff were the incumbent, R. E. (Dick) Gregory Jr., now seeking his fourth term; Lawrence Powell, former city police sergeant and S. K. (Kyle) Hardegree, city grocer.

The four candidate campaign for sheriff is the only major political race to shape up so far this year in the county.

Deadline for candidates to enter county-and-precinct political races and be placed on the July primary ballot is May 7.

Hardegree, who operates the Ideal Grocery here, was Gregory's opponent in 1954, polling 1,239 votes compared to Gregory's 1,749.

Powell, who resigned from the city police force to become local agent for Abilene Reporter-News, was the first to announce his candidacy for sheriff. That was in January.

Gregory announced his bid for reelection five days later, and Hardegree announced in February.

WEDNESDAY AND THURSDAY

Slow Soaking Rains Average Almost One Inch Over County

County Wednesday and Thursday gave new hope to farmers and ranchers.

Rainfall measured almost one inch over the county with the heaviest moisture reported in the Dorn Community southwest of Colorado City.

Rainfall gauge on the Court-house lawn here measured .84 of an inch for the 24-hour period beginning Wednesday morning.

Heaviest rain came in a down-pour between 3 and 5 p.m. Wednesday. Total moisture for Wednesday was .64 with an additional .20 falling Wednesday night.

Rain was falling at a slow, steady pace Thursday afternoon. The moisture will mean much

to farmers who should begin planting cotton around mid-May.

Moisture in the Dorn community measured 1.2 inches up to 11:15 a.m. Thursday, according to Mrs. Billy S. Cooper.

Still further in the southwest part of the county, at Spade Community, the rainfall was measured at .90, according to Robert Bolin.

Mrs. Hulet Williams of Payne Community, south of Colorado City, reported 60 inches of moisture had fallen there before 11 a.m. Thursday.

Landers—in the southeast part of the county—reported .80 inches of rain with showers continuing to fall Thursday afternoon.

Mrs. Travis Turner in the Shepherd Community, east of the city, said the rainfall gauge there measured .80 inches.

In the northwest part of the county—around Cuthbert—rainfall registered only about one-half inch, according to Mrs. Waddell Strain.

Westbrook area received at least one inch of moisture said Mrs. Otha Conaway. And showers were still falling Thursday morning.

Herbert Mearse at the First State Bank in Loraine said rainfall in Loraine through early Thursday morning totaled .75 inches.

And he said rainfall in the surrounding area of Loraine totaled almost one inch.

Light showers were reported in Loraine Thursday afternoon.

BEGINNING APRIL 22

Mayor Sets Cancer Control Week Here

Week beginning April 22 has been designated as Cancer Control Week in Colorado City.

Mayor Trevor Crawford issued the proclamation Thursday.

At the same time, the newly organized Mitchell County Cancer Society announced a fund-raising campaign in the near future.

Chairman for the drive is to be named this week.

In the meantime, contributions may be sent to Cancer, care of Mrs. J. L. Jones of the City National Bank.

In Mayor Crawford's proclamation, he pointed out that cancer is one of the most critical public health problems of our times. It has been estimated from scientific research that some 250,000 Americans, many of them in Texas, will die of cancer in 1956, if present rates continue.

"I have been further estimated that at present rates, one American in every four now living will some day be stricken by cancer," the proclamation said.

He continues:

"One cancer in four is now be-

ing cured, but two out of four patients could be saved if they could be treated early enough.

"The American Cancer Society is the only voluntary national health agency which fights cancer through a three-front program of research, education and service to patients.

"As a voluntary organization, it depends entirely on public contributions obtained through its annual Cancer Crusade.

"As mayor of the city of Colorado City, I, Trevor Crawford, do hereby proclaim the week beginning April 22, 1956, as Cancer Control Week, and urge generous financial support to the Cancer Society's fund-raising campaign.

The Cancer Society here, headed by chairman Frank Kelley, urges "fight cancer with a checkup and a check."

They say that a physical checkup is the best way to find out whether anything — including cancer — is wrong with you.

And your contribution is the only way the fight against cancer can continue.

Roach Named To Lone Wolf

Ed Roach Sr. of the Payne Community has been elected to the board of directors of Lone Wolf Electric Cooperative, filling the unexpired term of Odell Fuller.

Roach, farmer and dairyman, was elected to the board Tuesday night.

He will serve until the regular election of officers at the annual meeting June 26.

Fuller moved to Ropesville in January.

LONE STAR FARMER

Hoppers Appear As Worse Threat

By JOHN C. WHITE, Agriculture Commissioner

Texas farmers are warned to keep an eye out this spring for an old enemy — the grasshopper.

Early season surveys show the grasshopper threat is more serious this year than in 1955. The Texas Panhandle can expect the biggest threat, but Central Texas is likely to have infestations also.

This threat is a warning to start early in planning a hopper control program. Early control means less work at less cost while a "wait-and-see" attitude can result in heavy losses with more acres to treat later in the year.

One dollar spent for early control can save as much as \$38 in crops and grazing later on.

Early season methods work best just after the grasshoppers finish hatching. This can be anytime from April 1 to late June, depending on the weather. Cold wet seasons delay hatching while warm and moderately dry weather favor it.

Idle land, field margins, fence rows, ditch banks and roadsides are good places to start. These are favorable habitats for the hopper to lay eggs. And they lay 200 to 400 eggs a season if the female is a migratory hopper.

To show what you can be up against, if all eggs hatch and young hoppers are permitted to develop into adults, they can average 24 to 32 hoppers to the square yard. Then you're in the middle of a serious outbreak.

A control program which provides federal assistance is available only in range land areas. In cultivated land, you're on your own. And controlling grasshoppers that originate on your own land is only part of the job. Your place can be overrun by hoppers from nearby areas.

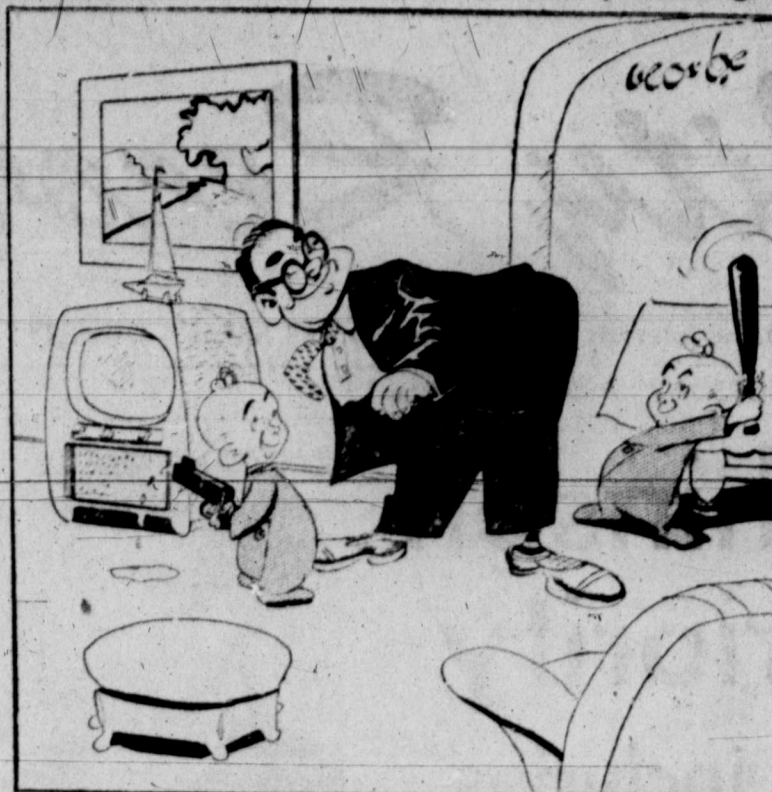

Cooperative community action is the best way to solve the problem. Literature and further information is available from Agriculture Commissioner John White, Texas Department of Agriculture, Austin.

BIBLE COMMENT

Paul's Philosophy Shown in Letters

We have no formal biographies of the great apostles and leaders in the first generation of the Christian church.

It is interesting that, on the whole, we know more about Paul than we do about any of the original 12 apostles. We are fortunate in having the letters. They tell us more about Paul than the formal acts of his life and career as they are recorded in the Book of Acts.

In the passages by Paul, we have an indication of the intimate relationship he maintained with the churches and with the disciples.

Apparently there were two attitudes on the part of these disciples. Some there were whose loyalty to Paul was so intense that there was a danger of their religion making them disciples of Paul rather than disciples of Christ.

Others were inclined to be critical of Paul and to adhere more closely to other preachers or leaders who had come into the church.

Paul found it necessary to remind both these classes of disciples that their primary allegiance was to Jesus Christ, that their faith should not stand in Paul or in any other man, but in their Master.

He was insistent upon maintaining his integrity as a preacher of the Gospel. He had received his commission, not from man but from the Lord Jesus.

His counsel to Timothy is advice that any young man who might well take to heart.

Mmes. Roach, Warner To Host Payne Club

Recently the club enjoyed a picnic supper at the school building.

Races Taking Shape

A rapid-fire series of announcements is fast bringing the summer political campaign into focus.

James P. Hart will not run for governor. The former Supreme Court Justice said he did not find enough financial support. Barring the unexpected, Austin attorney Ralph W. Yarborough will be the only Liberal candidate for governor.

Will Wilson, Associate Justice of the Supreme Court, announced for attorney general. John Ben

Favorite Son Campaign Moves into All-Out Effort to Elect Lyndon Johnson President

By VERN SANFORD, Texas Press Association

An all-out campaign to elect Texas' Senior Senator, Lyndon Johnson, to the presidency of the United States, is under way.

It isn't just a drive to name him chairman of the Texas delegation. It isn't just a "favorite son" compliment. It definitely is an all-out effort to elect a Texan as President, on the Democratic ticket.

Held high as proof that it can be done is the 1952 election to the Presidency of Texas-born Dwight D. Eisenhower on the Republican ticket.

Popular Tom Miller, Austin's mayor, has been chosen to co-chairman the campaign, with Austin philanthropist and realtor E. H. Perry Sr.

Endorsements already received from out-of-state national figures indicate that the "favorite son" movement, which had been gaining momentum, has outgrown its Texas boundaries.

Johnson also is being boosted as chairman of the Texas delegation to the Democratic national convention in Chicago. Selection of a chairman will be made at the May 22 state Democratic convention in Dallas.

Gov. Allan Shivers, who also has been recommended to lead the delegation, pointed out Johnson as presidential timber as far back as 1954. However the two have clashed over the chairman ship.

Johnson has said he would accept both the designation as chairman of the delegation, and as Texas' favorite son candidate for President.

Shivers said he would serve as chairman, but is not interested in the favorite son role.

Over the state both sides are working to get their supporters to the May 5 precinct conventions.

Shepherd is vacating that job. Judge James R. Norvell of San Antonio promptly announced for Wilson's post.

Now campaigning for Congressman-at-Large is W. F. "Bill" Elkins, formerly of Killean, and now a Dallas real estate man.

In the Lt. Governor's race for the first time, and with a strong organization, is Sen. A. M. Aiken of Paris, one of the sponsors of the Gilmer-Aiken school bill.

Busy campaigning for reelection are Judge W. A. Morrison of the Court of Criminal Appeals; and Supreme Court Justice Meade F. Griffin.

Actively seeking Jesse James' post as State Treasurer is Warren G. Harding of Dallas.

High Polio Feared

Texas may be headed for a major polio epidemic in 1956 unless vaccinations speed up, say State Health Department officials.

Doctors have been urged to use all available supplies of Salk vaccine, immediately.

Number of cases already has hit 181 as compared to 114 for this time in 1955. Only four of the victims had received shots. Of the 1956 cases, 96 were paralytic.

Some 90,000 new polio shots have been earmarked for shipment to Texas. Less than one-third of Texas children under 20 have received shots, says the Health Department. An estimated 962,415 children and pregnant women have had at least one shot, but there are 3,542,200 who are eligible.

Work Law Action

Atty. Gen. John Ben Shepherd had moved to keep Texas' "right to work" law.

He asked the U. S. Supreme Court to postpone ruling on a similar Nebraska case until fall. By then he hopes the Texas law, now involved in a suit in the State Supreme Court, can be considered jointly. He also filed a "friend of the court" brief supporting the Nebraska law.

In the Texas suit unions contend the National Railway Labor Act authorizes closed shop con-

Plainview Club Schedules Family Picnic

Plans for a family picnic were made last Thursday by members of the Plainview Home Demonstration Club in the home of Mrs. Eldon Smith.

Date for the outing was set for next Thursday.

The meeting in the Morgan Creek Village home was opened with the club prayer led by Mrs. Robert Chambers. Roll call was answered by each member telling a house cleaning hint.

Mrs. Smith presented a demonstration on the care of the living room, cleaning equipment, the use of cleaning solutions and waxes.

Refreshments were served to Mrs. Sam Thompson, Mrs. Bill Cooper, Mrs. G. M. Howell, Mrs. Chambers, Mrs. R. P. Bates, Mrs. Bill Thompson, Mrs. Swan Taylor, Mrs. W. B. Head, Mrs. S. F. Keathley and the hostess.

Mrs. Matthews Returns

Mrs. Martha Matthews, mother of Mrs. R. M. Reed, Mrs. Wilford Fox and Mrs. A. A. Herrington, has returned from Odessa and is now staying in the Fox home.

TO SELF CULTURE CLUB

Mmes. Broadwell, Grant Present Studies of Mexico and Sweden

Reports of Sweden and Mexico were presented to the Self Culture Club Friday by Mrs. Tom

L. Grant and Mrs. A. T. Broadwell.

Mrs. D. H. Davis was leader for the afternoon program in the home of Mrs. Willie Whitmore.

In speaking of "Our Swedish Neighbors", Mrs. Grant explicated that Sweden was once a warlike nation but it has been at peace longer than any nation except Switzerland.

"Their peace is the result of moderation and middle-of-the-road common sense," she said.

The speaker reported that the nation has a limited monarchy which consists of a council of state and two council chambers.

"Their principal religion is Lutheran," Mrs. Grant continued.

In closing she said that their great many lakes and water falls provide the country's hydro-electric power.

"Colorful Mexico" was topic of Mrs. Broadwell's talk.

She reported that their major resource is oil.

"It is a mining country," Mrs. Broadwell said, "and produces one-third of the world's silver. Fruits and vegetables are raised by natives."

"Mexico and the United States are more than neighbors," the speaker continued. "They are close, personal friends."

"Most convincing proof of this was in 1953 when President Eisen-

hower, and Mexico's President Cortines met at the Falcon Dam on the Rio Grande," Mrs. Broadwell concluded.

Mrs. A. A. Herrington, club president and delegate to the recent district convention in San Angelo, reported that the club won first place recognition for the best outlined program on international affairs; second place for the most complete report on international affairs, and second place for the best report of United Nations and specialized agencies.

Mrs. Whitmore reported on a skit about mental health, which was presented at the district meet, and also told her experiences of becoming Mitchell County's first woman deputy sheriff.

Mrs. C. P. Gary told the local Negro nursery had been moved into the old D. W. Wallace school building and sponsors were asking for baby beds, mattresses and children's books.

Those attending were Mrs. Broadwell, Mrs. John Brown, Mrs. Roy Davis Coles, Mrs. Davis, Mrs. Gary, Mrs. Herrington, Mrs. J. L. Jones, Mrs. R. M. Reed, Mrs. L. J. Taylor, Mrs. Charles Wakefield, Mrs. L. A. Keith, Mrs. Tom L. Grant, Mrs. Earl Brown, Mrs. L. A. Strain and Mrs. Whitmore.

AT COL-TEX CLUB

Supper Fetes Clubs

A supper at Col-Tex Club Friday evening honored Cub Scouts in Pack 8, Den 3 and their families.

After supper games were played by the group.

At a weekly den meeting Monday afternoon in the home of Mrs. Taylor, Cub Scouts continued a study of birds.

Mrs. Sorrells served refreshments to Perry Chastain, Freddie Fox, Cal Girvin, Ronnie Moseley, Jimmy Ritchey, Ronnie Stevens, Randy Taylor, Bill Sorrells and Steve Taylor.

HD Club to Host Family Night Social

Plans for a family night social were made Friday by members of the Buford-China Grove Home Demonstration Club in the home of Mrs. W. W. Cooper.

Setting for the fete, beginning at 7:30 p.m., will be the Buford school building.

Games of "42" and "canasta" will serve as recreation during the evening. Punch, coffee and cake are to be served.

Afternoon program was about care of living room furniture and the equipment to use. Each member demonstrated a piece of her personal cleaning equipment.

Proceeds from an auction sale of pillow cases went into the club treasury.

Mrs. Artie Grant reported on the recent THDA meeting in Lamesa. Club members attending the district meet were Mrs. Artie Grant, Mrs. Cooper and Mrs. A. K. McCauley Jr.

Mrs. Charles Goodlett was welcomed as a new club member.

Cake and punch were served to Mrs. Goodlett, Mrs. Artie Grant, Mrs. Murrell Blasingame, Mrs. Don Blasingame, Mrs. Weldon Wiggins, Mrs. Ervin Grant, Mrs. McCauley and Mrs. Cooper.

Next regularly scheduled meeting will be April 27 in the home of Mrs. Ervin Grant.

To scrape the bottom of a pot, use the sharp end of a wooden clothespin for less damage to the pot.

IN REGULAR MEETING

Club Members Study Story of Prophecy

The story of prophecy was discussed Friday by three members of the 1921 Study Club in the home of Mrs. R. P. Price.

Mrs. V. R. Trulock discussed "What Is Prophecy?" Mrs. U. G. Hardison reviewed the life of Michael Nostradamus, the most celebrated prophet who has appeared in Europe. "America in Prophecy" was topic of Mrs. W. W. Rhode's talk.

"Prophecy has always existed," Mrs. Trulock began. "Today we laugh at prophecies though many of us secretly believe them."

Today quite serious students are giving serious, scientific attention to psychical research, telepathy, and clairvoyance, she explained.

Mrs. Hardison reported that

many notable people consulted Nostradamus, possibly the most celebrated man outside the Bible.

His tomb is in the church of Franciscans in the thick wall between the main door and the chapel of St. Martha, the speaker said.

"He was entombed upright in the masonry so that none should walk over his bones," she concluded.

"A number of prophets have designated America as the scene of the next Golden Age," Mrs. Rhode began.

Among these were Helen Blavatsky, a strange Russian woman who came out of the East with a mission to found a society devoted to the brotherhood of man, and Andrew Jackson Davis.

Davis foresaw, not only spirit-

ualization of America, the speaker said, but that this would come about as the result of the invention of numerous mechanical and labor-saving devices.

Members attending the meeting were Mrs. H. B. Broadbush, Mrs. J. S. Craddock Sr., Mrs. M. J. Dawson, Mrs. Hardison, Mrs. A. O. Hickman, Mrs. W. C. Hooks, Mrs. P. K. Mackey, Mrs. W. R. Martin, Mrs. Lee Lavender, Mrs. Pritchett, Mrs. R. H. Ratliff Sr., Mrs. Rhode, Mrs. C. L. Root Sr., Mrs. Trulock and Mrs. Price.

Remodeled Homes to be Shown in Pilgrimage of Homes May 10

Fourth annual Pilgrimage of Homes May 10, sponsored by the 1949 Study Club, will feature four of Colorado City's finer homes—all of which have been remodeled.

Residences to be toured during visiting hours from 7 p.m. until 9 p.m. will include homes of Mr. and Mrs. R. J. Wallace of 422 East 9th St., Dr. and Mrs. W. S. (Bill) Rhode of 713 East 10th St., Mr. and Mrs. J. H. Chastain of 1621 Watson St., Mr. and Mrs. Frank Kelley of 644 East 6th St.

Names of the homes to be shown were revealed Thursday by Mrs. Jimmy Harrison, pilgrimage chairman.

Tickets for the affair went on sale Thursday. Tickets may be purchased from any club member or bought at the door, according to Mrs. Harrison. Admission will be 50 cents.

Refreshments will be served at the Kelley home.

The Rhode home with its central heating and air-conditioning was built in 1949 and remodeled in the summer of '54.

Recessed lighting is featured throughout the house which includes a living room-dining room combination, three bedrooms, two baths, kitchen with an eating area, a large basement and double car port.

Colors in the living room are predominately green, brown and gold. The north wall, accented by a fire place and built-in wood box, is hand-made Mexican bricks from Old Mexico. Other walls are light cocoa brown. Floor of the dining area is covered with quarry tile.

A picture window, covered with bamboo shades, faces a spacious back yard which is landscaped on two levels. Windows on the east wall open into the car port and a patio.

Dining area features a Drexel President dining room suit and a traditional buffet.

Lower half of kitchen walls and cabinets, which have black hardware, are made from natural knotty pine. The modern kitchen

Mrs. Selcraig Presents Book Review

A book review by Mrs. J. F. Selcraig Friday highlighted a regular meeting of the Hesperian Daughters Study Club in the home of Mrs. Charlie Owen.

Book reviewed was "The Plums Hang High" by Gertrude E. Finney.

The story depicted the life of a young English couple who sailed to the new land where for tunes like plums were for the taking.

In the introduction Mrs. Selcraig explained that the book had a sense of the drama of life itself—of generation succeeding generation.

Guest for the program was Mrs. H. Jenie Steakley, president of the Mitchell County Federation of Women's Clubs.

Members present for the afternoon meeting were Mrs. Curtis L. Baker, Mrs. R. P. Bates, Mrs. J. Orville Bobo, Mrs. Carl Echols, Mrs. Frank Ginzle, Mrs. E. V. Grantland, Mrs. Willis A. Jones, Mrs. Frank Massad, Mrs. W. D. McClure, Mrs. Ace McShan.

Also, Mrs. A. L. McSpadden, Mrs. Richard Montgomery, Mrs. Laurence Rudd, Mrs. Selcraig, Mrs. C. B. Underwood and the hostess, Mrs. Owen.

Dear Friends

As a part of their work in Humble's Refining Research Laboratory, Humble scientists bombard petroleum hydrocarbons with electrons in a 2-million volt Van de Graaff Accelerator.

But if you ask one of these scientists what he expects to find, he'll answer, who knows!

For this is fundamental research. Results may be quick or they may be a long time developing. Who knows?

... Perhaps the scientists will find a way to increase the yield of useful products from a barrel of crude oil.

... Perhaps they'll be able to make improvements in the fine products already supplied you.

... Perhaps they'll develop an entirely new group of petroleum products.

Who knows!

This much, however, is certain: Humble research scientists at Baytown use every device of physics, chemistry, mathematics and mechanics to provide you with more and better petroleum products.

Two quick examples: The specifications for Esso Extra gasoline, the formula for Humble Uniflo motor oil. These, without question, are the finest products you can use in your car.

Sincerely

H. M. Moore

Announces

For Sheriff

The Record was authorized Thursday to announce the candidacy of H. M. Moore for the office of Mitchell County sheriff, subject to July Democratic primary.

Moore, 55, has been a resident of Mitchell County since 1930. He has spent 17 years in the mining business here, in addition to two years in the business at Crosbyton. The past three years he has been engaged in farming.

The candidate for sheriff was born in Hylton in Nolan County and began his long career in the mining business at the age of 20.

He has been engaged in the cafe, service station and grocery business in addition to his agricultural interests.

"I've been dealing with the public all my life and I feel I am qualified to serve this county as sheriff," Moore said.

Moore is married and the father of five sons and two daughters. Only one child is at home now—a 15-year-old junior high student.

One daughter, Mrs. Ned Smith, is employed at a Root Memorial Hospital. The other daughter, Mrs. J. R. Judd, lives in Fort Worth.

Two sons, Billy Ray and D. A., reside in Fort Worth.

Another son, Bobby Joe, is manager of a lumber yard in Lueders.

H. M. Jr. is employed by the Southwestern Cattle Raisers Assn. in Abilene.

Three brothers live in Colorado City. H. A. (Shorty) Moore owns a feed store. Thurman Moore is employed at Col-Tex Refinery and Garland (Pete) Moore works on the Almsworth Ranch.

Howell on the wiring jobs was C&B Electric.

William R. Lane, architect, and R. S. Smith, engineer, both of Fort Worth, were here for the bid opening and letting of contract. They have planned the entire construction project.

Both were pleased with the competitive bidding and the favorable contract total below the \$400,000 amount available in bond funds.

J. W. Watson, school district business manager and former school board official, said the bid opening here Tuesday was the first time he had seen local school construction bids within the limit of bond funds and still cover all building items in original plans.

"Usually in the past," he said, "the board has had to eliminate some construction items to stay within the limits of its finances."

In addition to the \$439,857 contract level, the building program also has the expense of \$1,975 for preparation of the bond program and an additional five per cent of the contract total — the fee for architect and engineering services.

But the combined total — contracts, bond fee and construction planning and supervision — still leaves a hefty amount of money for purchase of new furniture in the schools.

"We know now that we will be able to purchase some furniture," Supt. J. Ed. Williams said, "but before the bid opening we were not sure."

The superintendent Thursday was compiling data and recommendations for the board to consider in regard to furniture purchases for the buildings.

SATURDAY AT BROWNWOOD

Wolves to Battle Brady For Region Track Crown

Brady High is favored to win the Region II-A meet Saturday at Brownwood but Colorado High is expected to furnish plenty of opposition.

Wolf Coach Bob Rely will be trying especially hard to qualify his relay team in both the sprint and mile relay events for the state track carnival May 4-5.

It's the relays that count 16 big points for first in the state meet.

Districts 5-A, 6-A, 7-A and 8-A will be represented at Brownwood, all battling for the right to make the trip to the state meet at Austin.

First and second places qualify for state.

From all outward appearances, Brady will take the regional crown easily, possibly scoring 30 to 35 points.

Colorado City could possibly score 25 points for runner-up position.

Graham and Stamford are two other top contenders.

It will probably be a repeat of last year when Brady tallied 33½ points for first place and Colorado City took second with 22.

It's the great depth of the Brady squad that assures them so many points.

They have the greatest corps of weightmen in the state, bar none.

In Tracy Byrd they have the top shot putter. He has thrown 57 feet this spring and is followed closely by Winston Boeker and Fletcher Fields, both with throws over 53 feet.

Bobby Weise is Brady's top discus man with a throw of 165 feet 1½ inches, followed closely by Fields.

Brady also has the top hurdler in the region in Charles Bode. He has a 14.4 in the 120-yard high hurdles, fastest time in the state, and one of the best low hurdle marks in the state, also.

Leslie Fischer of Brady is probably the best pole vaulter with a 12-foot effort. Bill Anderson of the Bulldog squad is one of the top broad jumpers with a 21 feet 5 inch mark.

Colorado High on the other hand relies more on the running events for points.

They have the best time in the region in both the sprint and mile relays.

Last Saturday they ran a 44.2 in the sprint relay for their best mark of the year.

And their best mile relay time came in the District 5-A meet when they outran Stamford with a 3:30.3.

The same four boys run both

relays — Don Fite, Doyle Herring, Frank Mackey and Bancker Cade.

Herring has the best 440-yard run time with a 59.7 this year.

Fite will probably place in the 100-yard dash behind Mike McClellan of Stamford. The Colorado City speedster will be trying for that second place, at least, so he can run in the event at state.

Cade will also enter the 100. Mackey is a good bet to win points in the 220-yard dash and possibly the high jump.

McClellan is also favored in the 220 and could possibly break C-City's Hollis Gainey's record of 21.6 set last year.

Gainey's regional record in the 100 is 9.8, set as a junior. McClellan has run 9.7 consistently this year.

C-City's Delbert Lewis will probably find the going tough in the mile run, despite the fact he won the race in district.

Dale Byerly of Coleman will be favored but Lewis might duplicate his feat of last year when he won third place.

Finding the going equally rough will be the Wolves' Jim Windham and Dru Vowell in the weights.

Windham last year won third in regional in the shot and he'll have to squeeze out one of the Brady tossers to win himself a trip to the state meet this year. Windham's top throw — this spring is 52 feet 3½ inches and his top discus throw was made Saturday at Amarillo with a distance of 144 feet 8 inches.

Windham, a junior, may have to wait another year for his trip to state.

This season the Wolves have racked up an outstanding record. They finished second at the Comanche Relays at Fort Stockton, third at the Canyon Reef Relays in Snyder, first at Permian Basin Relays in Kermit, third at the West Texas Relays in Odessa, first in the District 5-A meet and first at Amarillo Relays.

Rely's seven-man team that qualified for regional consists of three seniors—Fite, Mackey and Herring—three juniors—Windham, Vowell and Lewis—and one sophomore—Cade.

RELAY QUARTET—These four Colorado High School track sprinters will run both the 440 and mile relays in regional at Brownwood, Saturday. They run in the following order on the mile relay (bottom to top) Don Fite, Bancker Cade, Frank Mackey and Doyle Herring. (Record Staff Photo).

IN CLASS A-B CINDER DIVISION

Wolves Win 3-foot High Trophy With Championship at Amarillo

Colorado High easily won the team championship of the Amarillo Relays Saturday, scoring 29 points to runner-up Canyon's 23.

Wolves' championship came in the Class A-B division while Amarillo walked off with the Class AA division with 37 points.

Colorado High could have added to their point total by entering the mile relay but they passed up the race.

Winning time in the relay event was 3:36 by Dumas, a time which the Wolves have beat consistently all season.

The first place trophy awarded the Wolves stands almost three feet high, the largest in the school trophy case. This brings to 13 the number of trophies won by the team this season.

Jim Windham led the Wolves with 10 points scored on two first places. He took first in the shot

put with a heave of 50 feet 2½ inches.

And he got off his best discus throw of the year with a winning toss of 144 feet 8 inches.

Doyle Herring captured first in the 440-yard dash with a time of 51.7.

Frank Mackey grabbed a second in the 220-yard dash while Don Fite took the runner-up spot in the 100-yard dash.

Mackey, Fite, Herring and Bancker Cade combined to speed around the oval in 44.2 seconds in the 440-yard relay.

This represented the four-some's best time in that event this year with a 44.4 the best previous time.

Fite's time in the 100-yard dash was his best of the season, a time of 9.9. Winning time was 9.7 by a Hereford sprinter.

Mackey grabbed fourth in the

high jump to complete the Wolves' scoring.

Other team scores in the Class A-B division were Hereford third with 19; Dumas 17; Phillips 11; Seminole 8; Happy 7; Littlefield 6; Cotton Center 5; Sundown 5; Matador 5; Olton 4; Bovina 4; Springlake 2; Sudan 2; Groom 1 and Friona 1.

BILLY SIMMONS, selects Rice.

Billy Simmons To Enroll at Rice Institute

Billy Simmons, all-around athlete for Colorado High, has signed a letter of intent to attend Rice Institute in Houston.

Simmons has been sought by practically every Southwest Conference school.

The two-time all-district football end was captain of the team the past season. He lettered three years at Colorado High, the first two years at a tackle position.

The 6-3, 190-pound athlete was named the most valuable player on the basketball team and averaged 21.6 points per game over the season.

Simmons said Thursday that he will participate only in football at the Houston school which has an enrollment of only 1200 pupils.

Jim Windham Nominated for All-Star Game

Jim Windham, Colorado High's star football lineman, has been nominated to play in the eighth annual National High School All-American football game.

But Windham will have to decline if he is selected since he has one more year of high school eligibility remaining.

Only graduating seniors are eligible to play.

Billy Simmons, star end on the Colorado High team last season,

has also been nominated for the honor.

Windham, 220-pound tackle, was all-district last year and is an outstanding shotputter on the track team.

The All-American game, to be played in Memphis, Tenn., Aug. 15, is sponsored by the Wigwam Wisemen of America.

Only 44 boys are selected from the entire United States to play in the game.

IT'S AN ECONOMY CHAMPION, TOO!
Jetaway-equipped Oldsmobiles rocketed to double victory in 1956 Mobilgas Economy Run!

OLDSMOBILE

A QUALITY PRODUCT brought to you by AN OLDSMOBILE QUALITY DEALER!

HARVEY CHEVROLET • 877 E. SECOND • DIAL RA 8-3422

GET OUT OF THE ORDINARY... INTO AN OLDS! GET TOP VALUE TODAY... TOP RESALE TOMORROW!

HERE'S A CANDIDATE for the most talked-about "secret" of all time! It's the secret of the smoothness—the revolutionary second coupling—in Oldsmobile's new Jetaway Hydra-Matic! Oldsmobile first used a fluid coupling to cushion automatic gear transitions in the original Hydra-Matic Drive. And it was this famous transmission that opened the door to the whole era of automatic driving.

Now, in Oldsmobile's new Jetaway, not one, but two fluid couplings harness the go-power of the mighty Rocket Engine—soften the surge of Rocket action!

Fluid in the second coupling fills and spills with jetlike speed—cushions gear transitions so they're almost imperceptible! In other words, Jetaway seconds the motion—gives you all the flow of fluid, yet retains all the solid, thrilling go of gears!

NEW DUAL DOWNSHIFTING FOR EXTRA SAFETY!

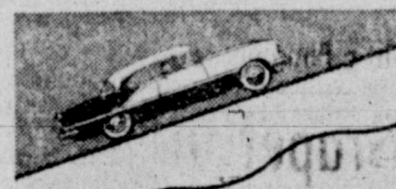

What's more, Jetaway features new dual downshift action—at traffic and cruising speeds —to split-second the motion, too. Just wait till you try it, teamed with Oldsmobile's new Rocket Engine—240 horsepower strong, charged with a 9.25-to-1 compression ratio—delivering a breath-taking 350 lb.-ft. of torque!

JETAWAY SMOOTHNESS... BEAUTY TO MATCH!

You'll go for the glamor of Oldsmobile, too! There's massive magnificence and solid assurance in the advance-design "Intagril Bumper." It's two front bumpers in one for protection high and low—an Oldsmobile first, an Oldsmobile exclusive—more unmistakable evidence of Oldsmobile's styling leadership! And it's all underscored by Oldsmobile's ruggedly-built, quality-built chassis featuring sturdy Six-Point Suspension to increase riding comfort and roadability.

Sum it all up—performance, power and appearance—you've got to go some to equal it! Yet Oldsmobile prices start right down with many models in the low-price field—and value is right up with the highest at resale time! Stop at our showroom for a demonstration, now!

The Good Earth

The wealth of a nation stems from the natural resources of the good earth.

But natural resources are of little value as they lay buried beneath the earth's surface... or rest upon it. They become useful to mankind only when transformed into products and services.

Many nations of the world are rich in natural resources. But only in America have they been transformed into such a variety and volume of the good things of life.

No industry has contributed more to America's material well-being than the railroads. From the rugged pioneer days up to the present time, the railroads have participated actively in the process of changing the form, the condition and the place of our natural resources.

It would take volumes to trace the activities necessary to transport and transform agricultural products into the food you

eat. Yet you'd find the railroads in every chapter and verse. Seed and fertilizer, plows and planters, tractors and harvesters... to name a few items... constantly are on the move by rail.

Moving goods from farm to factory to market efficiently and economically is our business.

But we recognize other responsibilities to our neighbors, also. For example, T&P has employed agricultural representatives for more than 50 years to assist farmers in the diversification, production and marketing of their crops. By cooperating with county agents, agricultural teachers of schools and colleges... with others interested in the area's economy... T&P's agricultural representatives have not only contributed to the welfare of farmers, but to the well-being of consumers as well.

Of the various modes of transportation only the railroads provide this kind of special service to the farmers.

No other industry can match the railroads in length of loyal and faithful service to the farmers of the nation.

Ex-Missionary Speaks to Loraine WSCS

LORAIN — Members of the Women's Society of Christian Service conducted their weekly program Monday afternoon at Loraine Methodist Church.

Meeting opened with Mrs. Jack Walker playing for meditation. The theme song, "I've A Story To Tell To The Nation" was sung by group, led by Mrs. Frank Crowner.

Mrs. Harold Martin brought the devotion, reading from 8th and 9th chapters of Luke. Her subject was "The Great Commission".

Mrs. Harold Morris led the opening prayer and Mrs. Crowner sang a solo, "Open Mine Eyes That I Might See". Mrs. J. G. Bruce, program leader, directed the program.

Miss Blanche Parker, visiting here with Mrs. C. T. Beights, from St. Paul, Minn., reported on the domestic life of the Chinese women and the work in China's hospitals.

Miss Parker, a former missionary to China, told of many interesting things which happened in the early 1920's when she was in Hucloufu, now called Hafei. She also was business manager of the hospital there and told of many experiences while in her work there.

Mrs. Jim Johnson dismissed the meeting with prayer. Twenty-five persons were present.

A daily newspaper was televised and acted out in Schenectady, N. Y. in 1943.

100 Persons Attend PTA Talent Show in Westbrook Cafeteria

By MRS. ALDIS CLEMMER, Record Correspondent.

WESTBROOK — More than 100 persons attended the talent show and Parent-Teacher Association meeting last Thursday night in Westbrook School cafeteria.

Staging the show under sponsorship of the PTA were students of first, second, third, fourth, fifth and sixth grades.

Members of the Westbrook first grade presented "Three Billy Goats Gruff." In the cast were Karen Lee, Peggie Fox, Ronnie Walker, Vee Iglehart, Sally Luera and Betty Carpenter. Janella Williamson, first place winner in Interscholastic League story telling, presented "Hen Who Lost Her Cackle" for the third grade.

Presenting third accordion solo numbers as a guest of the second grade was Joretta Hall, second grade pupil at Loraine and daughter of Mr. and Mrs. Price Hall.

Fifth grade students sang three songs about Texas, "Texas Our Texas," "Have You Ever Been to Texas in the Spring," and "The Eyes of Texas."

Students of the sixth grade presented a choral reading, "The Mighty Casey at the Bat." In the group were LaVeri Sullivan, Robert Rees, Judy Rahn, Jessie Watson, Glenda Morris, Shuggie Dorn, Pete Luera and Linda Putnam.

Janie Putnam, representing the fourth grade, told the story of "The Seven Dancing Stars."

The meeting and program was concluded with instrumental numbers by Troy Lankford, Hoyt Roberts, Alvin Byrd and Mrs. George Sweatt.

Punch and cookies were served to the entire group attending. During the business session

Mrs. Ralph Dye was elected PTA president for the next year, succeeding Mrs. R. E. Basham Jr. Others elected were Mrs. Anson Henderson, vice president; Mrs. George Sweatt, secretary; Mrs. Gwan Strange, treasurer.

The officer slate was elected after being presented to the PTA as nominees by Mrs. W. A. Bell, chairman of the nominating committee.

Mrs. Dye and Mrs. Basham will attend the District PTA Conference Friday in Sweetwater.

Mrs. Minnie Sanders has returned to her home in Westbrook after an extended visit in Mexico.

Joyce Ann Baxter of Snyder was a week end guest here of her grandmother, Mrs. Velma Donelson.

Mrs. Lahti, Sons Arrive in Japan

By MRS. C. N. STUBBLEFIELD, Record Correspondent.

LANDERS — Mrs. Arnold Lahti, accompanied by her sons, has arrived in Japan to join her husband on military assignment there.

Mrs. Lahti, the daughter of Mr. and Mrs. C. L. Boyd of Landers, and her sons left Seattle, Wash., March 15.

Notice of the group's arrival in Tokyo was received last week by Mr. and Mrs. Boyd.

Mr. and Mrs. Jerry (Pep) Ray visited Sunday in the home of Mr. and Mrs. J. W. Boyd.

Mrs. Sidney Compton was in Bronte last Thursday to be with her sister, Mrs. A. V. Denmah, who underwent surgery Thursday morning.

Mr. and Mrs. Sidney Compton and family, accompanied by Mr. and Mrs. Willis Boyd and Douglas from Clifton, were in Roby last Friday for the funeral of Frank Maberry.

Mr. Maberry was the brother-in-law of Mr. Compton and Mrs. Boyd.

The Boyd family returned here with the Comptons for a visit of several days.

PTA Appoints Curtain Fund Committees

By MRS. C. C. HAMPTON, Record Correspondent.

LORAIN — Two committees have been named by Loraine Parent-Teacher Association to head fund-raising projects for the school's stage curtain.

Mrs. Earl Phillips, PTA president, appointed the committees at a PTA meeting last Thursday in the school music hall.

Named to plan a minstrel were Mrs. Wilmon Tarr, Mrs. Bruce Johnson, Mrs. Doris Martin and Miss Pat Brandt.

Appointed to a committee for collecting empty soft drink bottles were Mrs. Joe Terry, Mrs. Lynn Hamilton, Mrs. Earl Phillips, Supt. Don Robbins and Raymond Holt.

Proceeds from the minstrel will go into the curtain fund as well as money from the resale of bottles. The bottle committee is urging

that citizens donate empty soft drink bottles to the curtain project.

Principal speaker for the PTA meeting was District Attorney Eldon Mahon, who discussed the opportunity for public service by women on juries.

The meeting was opened with singing of "God Bless America," led by Mrs. D. W. Harason and accompanied by Mrs. Rex McDaniel at the piano.

Opening prayer was by Mrs. Willie Taylor, "Christian Education" was the subject of the devotion by Mrs. Bobby Rine. Introducing the district attorney was

Mrs. E. J. Schroeder. Receiving the award for the most parents present was the eighth grade.

In looks, too, Ford's out front—with styling that only the Thunderbird could inspire

Ford goes First!

In Performance

At NASCAR's Speed and Safety Event at Daytona, Ford won the Manufacturer's Trophy for best all-around performance. And Ford's 225-h.p. Thunderbird Special V-8, in one day, smashed 30 world speed records at Kingman, Arizona. No wonder Ford is the world's largest-selling eight.

In Safety

When the editors of "Motor Trend" unanimously voted Ford's safety program "the top car advance" of 1956, they had in mind Ford's Lifeguard Design. . . a whole family of safety features, including a deep-center steering wheel and double-grip door latches, to help protect you in case of accident.

In Economy

In this year's Mobilgas Economy Run, a Ford Customline V-8 with Fordomatic won over all cars in its class. The sturdier, heavier Ford carried more weight with greater gasoline economy per pound than any competitive car. "Sixes" as well as "eights" Ford proved itself a regular gas miser.

Which Oil is Right for Spring?

PART OF THE TIME a winter oil would be right, but only while the engine is cold. On unseasonably warm days or on long, hard trips, winter oil becomes too thin.

PART OF THE TIME you'd be all right with summer oil, but only on warm days or after your engine has run long enough to warm up. On chilly mornings, or on short trips, summer oil will be too thick.

ALL OF THE TIME TROP-ARTIC® All-Weather Motor Oil is right, because it's a year-around oil. It flows freely when it's cold. It doesn't get too thin when it's hot. Compared to older types of oils modern TROP-ARTIC can even double engine life.

GUARANTEED PERFORMANCE!

Change to TROP-ARTIC Motor Oil and use it for ten days or up to 1,000 miles. If you aren't completely satisfied go to any Phillips 66 Dealer and he will refill your crankcase with any other available oil you prefer at no additional expense to you. That's how sure we are that you'll be delighted with TROP-ARTIC All-Weather Motor Oil. We guarantee it!

LORAINA JUNIOR-SENIOR EVENT

Banquet Speaker Urges Youths To Make 'Umbrella' With Smile

By MRS. C. G. HAMILTON, Record Correspondent.

LORAINA — Loraine High's annual junior-senior banquet was held Friday night in the banquet room of the Highlander in Snyder.

Dr. P. D. O'Brien, pastor of First Baptist Church in Big Spring, was principal speaker for the event which had as its theme "April Showers."

Ceiling of the banquet room was decorated with pink, blue and aqua streamers with blue and white paper clouds.

A spotlight flashed red, yellow, green and white colors into a spray of water at a water fountain on center stage. Background for the fountain was a rainbow with traditional pot of gold. Grass and crepe paper flowers were combined for an "after spring rain" effect.

Banquet tables were covered with white cloths and centered with silver sprinkling cans and light green angel hair. Pink, yellow and orchid candles marked the candles. "Nutcrackers" were tiny pink sprinkling cans. Favors were miniature white, yellow and pink umbrellas.

Invocation was by Mayor Vance Dickinson of Loraine, principal of Loraine High and assistant coach. Welcome was by Barbara Combs and response was by Billy Ray.

Willie Spurgin, speech teacher and senior class sponsor, read the senior class prophecy.

Dr. O'Brien, former Colorado

City pastor, told the students to "let a smile be your umbrella."

Master of ceremonies for the banquet was Clyde Parnell. Benediction was by Bill Everett, Loraine High coach.

Sixty-four persons attended the event.

Miss Blanche Parker of St. Paul, Minn., has been a visitor in the home of Mrs. C. T. Beights. Miss Parker and Mrs. Beights were girlhood chums and the visit was the first to Loraine for Miss Parker.

Attending the concert by St. Louis Little Symphony, which was presented in Sweetwater and

Snyder, were Mrs. Henri Gay Ison, Mrs. H. E. Thomas, Mrs. Glen Cook, Mrs. Doyle Hester, Mrs. Nell Smith, Mrs. Lily Bennett, Mrs. Bruce Johnson, Mrs. Doris Martin, Mrs. Elvora Bauman, Mrs. Clyde Smith, Beverly Johnson, Virginia Templeton, Stanley Martin.

Richey Cary and Carl Blonk, students at Texas Tech in Lubbock, were week end guests in the home of Cary's parents, Mr. and Mrs. Garland Cary.

Golda Cary and Dora Griffin visited in Coleman over the week end with Golda's aunt and uncle, Mr. and Mrs. C. A. McCay.

Fat calves were priced from \$17 to \$20 for good and choice grades. Prices for utility and commercials were \$13.50 to \$16.50 with culls down to \$10.50.

Buyers paid \$17.50 to \$20 for good stocker steer calves and some light weights were priced higher. Plain and mixed kinds were \$14 to \$16.

Good heifer calves sold for \$15 to \$17. Plain and mixed kinds were \$13 to \$14.50.

Market for feeder cattle was steady with good steers \$16 to \$18. Mixed and plain kinds brought \$14 to \$16. Good feeder heifers were priced from \$15.50 to \$16.50 with plain and mixed kinds from \$12.50 to \$14.50.

Good heavy bulls were \$14.50 to \$15 while light cutter and feeder bulls were \$12 to \$14. Demand was good, too, for breeding bulls.

Fat cows were priced from \$11.50 to \$12.50. Canners and cutters were from \$9.50 to \$11.50. Stocker cows were \$9.50 to \$12.50. Good cows and calves were

\$130 to \$140 in pairs while plain and mixed aged pairs were \$100 to \$125 with demand good on all classes.

Top price for hogs was \$14.75 and sows brought \$10 to \$12.50.

A total of 982 head of cattle were consigned in the Saturday sale.

Harvey to Give Kids' Corvette

A Kiddie Corvette, toy car built to scale from the Chevrolet Corvette, will be given away at Harvey Chevrolet.

John Harvey, company owner, said Thursday that anyone may register for the car. There's nothing to buy and you don't have to be present to win.

Drawing for the car will be held soon.

The car stands 24 inches high and will seat two children.

It's constructed of sturdy plexiglas and comes equipped with tubeless tires.

A gear shift is located on the floorboard with high, low and neutral speeds.

It's driven by pedals with chain drive.

Week End Guest — Miss Mollie Davis of Loraine was a week end guest in the home of her brother-in-law and sister, Mr. and Mrs. Fate Hart, in Midland.

Postoffice to Take Bids for Vehicle's Use

The local postoffice is accepting bids for use of motor vehicle to deliver parcel post.

Contract allowing the postoffice use of the vehicle will be made for a period of one year, according to Sims Palmer, postmaster.

However, it will be renewable without additional bidding for two additional years. If satisfactory to the postoffice and to the person supplying the vehicle.

"The vehicle will be used for both the delivery of parcel post and special delivery mail," Palmer said, "and will be used about four hours daily."

"We are paying 75 cents per hour for the panel truck that the postoffice is using at the present time."

Palmer said the contractor will be required to keep the vehicle in good condition, supply it with gas and oil. He also will deliver the vehicle to the postoffice and then remove it each day.

In India and China others are trained for fishing.

HERE'S A COMPLETELY NEW IDEA IN PAINT!

DU PONT Vinyl MASONRY PAINT

... another product of Du Pont Paint Chemistry

EASY TO APPLY TO ROUGH TEXTURES ... Inside or out, new Du Pont Vinyl Masonry Paint covers all rough textures—concrete and stucco, brick, stone, asbestos shingle siding, new plaster, and wallboard. It resists weather, gives the smoothest-looking, toughest surface ever. Excellent for masonry where alkali is a problem.

DRIES IN 1 TO 2 HOURS ... This masonry paint dries almost before you know it. Because it's so extra high-hiding, it covers most surfaces in one quick, easy coat. Odorless, too! Brush or roller washes clean in just soap and water.

Special this week \$5.69 gal.
