

Seniors Will Get Free Ad In The Eastland Telegram

High school graduates know the value of a good job and those in this

area are going to get a special opportunity to put it to work for them.

Every member of the Eastland, Carbon and Olden graduating classes will be given a free classified ad in this newspaper to use as each sees fit.

It's a congratulatory gesture on the part of this newspaper to assist the seniors during this special time for them.

To find a job, to sell a saxophone, or buy a set of reference books — whatever.

Each senior is welcome to use as many as 20 words to write his or her ad. All ads will be run in next Thursday's paper along with the regular listings so you'll want to watch for the Senior Specials in the Classifieds.

The newspaper asks that the Senior ads be delivered to the Telegram office in person or by mail (Box 29) by 2 p. m. Tuesday for inclusion.

All must be written, preferably typewritten, and signed by the senior.

Remember, seniors in Eastland, Olden and Carbon, use the ad for what you need, and congratulations!

Fullen Appliance Re-Institutes 'Box-Car' Buying

A practice that at one time was an Eastland innovation is being started again by Fullen Appliance Co.

Milton Fullen is once again buying Frigidaire appliances by the "car load", and his employees unloaded the first freight-car load of the year this past week.

The unusual practice was begun back in 1949 and the sight of truck-load after truck-load of appliances being unloaded became a common sight here until the early part of 1962.

Fullen said late this week that the demand for the Frigidaire Frost-Free refrigerators was so great last year, that it was decided that another "car load" should be needed this year to fill the requests of Eastland County residents.

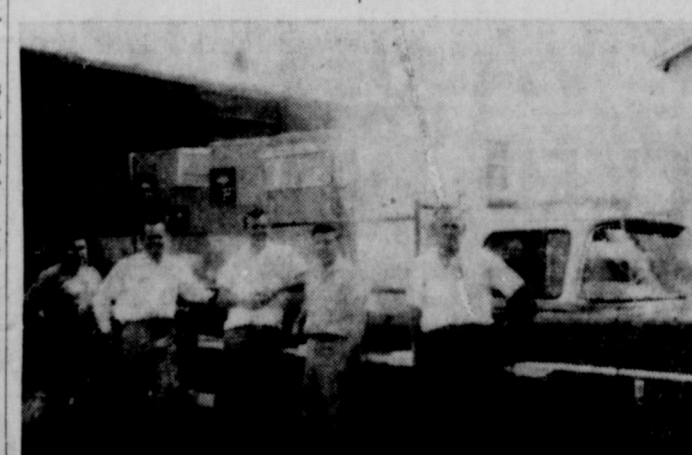

The firm also was expanded this week, with the addition of the Frigidaire dealership in Ranger, Fullen said. A complete stock of that brand appliance is on display at Texas Electric Service Co. in Ranger.

Fullen, who also has the Chevrolet dealership in Eastland, began as an appliance dealer in Eastland in 1940, and joined Theo Lamb in 1949 in a partnership, offering Frigidaire appliances and General Motors auto products.

His firm has one of the most complete appliance service departments in this area, and maintains a complete stock of parts as well as a factory-trained repairman at all times.

A gigantic "car-load" sale begins at the East Main St. firm Monday and will continue throughout the week.

Buying in such quantity permits the firm to offer individual units at savings.

'BOX-CAR FULL' — Employees of Fullen Motor Co. unloaded a box-car full of appliances this week, as part of the firm's re-instituted car-load lot purchasing. From left to right the men are Serviceman Ruben Gaeta, John Graham, Roger McCurdy, Al Gaeta and Morris Jones.

FIRE DESTROYS HOME — The home of Mr. and Mrs. Jack Tyrone of Olden was completely destroyed along with all furniture and belongings inside as the result of a mid-morning fire Friday. The Tyrone family and their five children were not at home when the fire began. Cause of the fire was unknown, according to firemen from Eastland and Ranger, who answered the call. Tyrone is a barber in Ranger and his wife is a nurse at Sunrise Manor Nursing Home in Eastland. (A&C Photo)

Local Musical Memories

By MRS. JOSEPH PERKINS

The Eastland Bands gave great pleasure to the community Thursday night. When the "Sound of Music" selections were being played it recalled the evening many years ago when the TRAPP FAMILY SINGERS came to Eastland and sang on the same platform.

They were the famous family who lives in Austria were the basis for the musical comedy in which Mary Martin played the leading role on Broadway.

Mrs. Charles G. Norton, wife of the then editor of the local newspaper, was a fine musician and believed that a concert grand piano was a MUST for the new High School auditorium.

She organized the concert series and with the help of the EASTLAND MUSIC STUDY CLUB had a successful season. MOJICA from Mexico was one of the finest concert singers ever to tour this country.

The other artists were well received and after each concert a little reception for the artists and a good supper would be arranged by Mrs. Norton.

We well remember the day she drove her model T Ford to Fort Worth with Virginia (who, with Joe Martin won the State Tennis Championship that year). On that jaunt they carried a cooked goose and all the accompanying goodies to take to Madame Schumann-Heineke who was a personal friend of Mrs. Norton's.

And the dear Madame said to Virginia "And you have a car? And would you take me

BB guns), track and field and others, as well as group singing and citizenship sessions.

Cost per pupil for the entire Day Camp program including the "graduation trip" will again be \$10. Cost for the tennis program will be \$5 per girl.

Terry Treadwell will be assistant to Price for the Day Camp and there will be about eight assistant counselors.

A pre-sign-up day will be held at the City Park Monday June 3, Price has announced.

Complete tennis instruction as well as balls for play will be furnished in Mrs. Day's program. The trip to Six Flags will replace the usual annual visit to the Fort Worth Zoo.

Insurance is provided on each participant by the YMCA.

The tennis school will feature a tournament during its last week and trophies and awards will be made. Plans are to be announced later for a party and-or picnic for the girls participating in the Y tennis program.

Prices Steady Tuesday At Auction Sale

Receipts were steady at the Tuesday sale of the Eastland Auction Company when 82 buyers purchased 914 cattle, 144 hogs and 186 sheep and goats from 201 sellers.

Butcher bulls brought from \$15 to \$17.80 and butcher cows brought prices ranging from \$14 to \$16.75. Butcher calves sold for from \$22 to \$23.70. Canners and cutters brought from \$8 to \$14.

Prices on stocker calves, light choice, were from \$28 to \$33.50 while heavy choice stockers sold for from \$23 to \$25.80.

Pairs of cows and calves ranged in prices from \$140 to \$230.

Butcher hogs sold for from \$13 to \$14.50 while sows brought from \$12 to \$13.

to ride in your fine city?" and in the Model T sedan with the windows down the famous star rode and thrilled at the experience and only a lack of time kept her from coming a hundred miles west to see Eastland.

The cash raised by the concerts helped pay for the grand piano — a fine instrument.

Mrs. Norton also helped the enthusiasm to obtain a concert grand for the Methodist Church and played for the choir, directed by Wilda Dragoo.

Few cities boast possession of three concert grand pianos. In boom days the Music Club and the PTA group bought the very fine piano in the club house at present. It was in the City Hall auditorium originally and was once the property of the great concert pianist Harold Bauer. It accompanied the beautiful Anna Case Metropolitan star, who sang here.

Other series of Community concerts have been here and supported by the neighboring towns. The Connellee theatre seated more people than there were in town when it was planned. On its full sized stage appeared great stage shows "The Green Goddess", the famous "Follies" and many others.

Few in town know of the old dressing rooms for the stars, the great orchestra pit, the boxes. The Majestic is on of the finest show houses in west Texas and is the renamed old Connellee which gave such pleasure to the Oil Belt towns.

It was significant last night that the President of the Eastland Music Club presented the John Philip Sousa award to Mr. Sargent. She is the daughter of a former popular band director, Mr. Cullum, thus carrying on band history!

Ranger 'Wet' Election Contest Set Thursday

The question of the legal sale of liquor and beer in Ranger goes to the Courthouse Thursday at 9:30 a. m.

On March 23, this year, a record number of voters turned out for the what was the fourth "wet" vote in that city in 12 months.

With only a 11-vote margin, the wets carried, 643 to 632.

Eight Ranger men filed a notice of contest on April 23rd in 91st District Court.

In the meantime, five retail, off-premise stores have opened and are selling beer and liquor in Ranger. Judge T. M. Collie will decide this week if their sales are legal, based on the election, and whether they'll be able to continue to sell intoxicants.

County officials, including the county judge, county clerk, county attorney and each of the four county commissioners, were named in the original petition.

These officials, except one filed an answer to the original notice declaring that they were nominal defendants only and further denied that any irregularity existed such as would change the results of the March election.

In the original notice, the dry forces alleged irregularities on the part of Election Judge Calvin Brown. David L. Hooper, Abilene attorney, represents the dries, and the original notice was filed by W. R. Leonard, Lloyd L. Bruce, J. C. Carter, Alvin H. Woody, Arthur Deffebach, Lee C. Russell, Frank H. Brooks Jr. and Avery J. Sullivan.

Brown and Raymon Bryan had filed by Eastland Attorney Frank Sparks, a notice of intervention, and Judge Collie has ruled that the two are intervenor-contestants in the case.

In the original notice of election contest, names of persons connected with the alleged irregularities were named, but in the amended petition asking that the election be declared null and void, the names of those persons were not given.

Brown and Bryan have filed a petition of exceptions in which they state that since the persons are not named, they cannot "meet such indefinite and incomplete allegation either by pleading or proof, and

pray judgment of the court."

Brown and Bryan further ask the court "not to unseal and open the ballot boxes containing the ballots cast at election for the reason that there has not been alleged any grounds or reason for so doing and there has not been alleged sufficient reasons and grounds to authorize the court to invade the secrecy of the ballot and expose to the world how the voters in said election voted who cast their ballots, personally and in their respective business and avocation."

Charles Garrett, J. C. Carter, W. M. Ross and William R. Ballinger were observers at the March election.

Government Class Tours Court House

The government class of Ranger Junior College under the sponsorship of Mrs. J. P. Morris, made a trip to the county Courthouse Tuesday, May 14. The trip was for the purpose of viewing local control since the class had previously made a trip to the state capital in Austin to observe operation of business at the state level.

The class was met by County Judge Scott Bailey of the County Court, who explained the purpose of that court. Judge Turner Collie of the 91st District Court then told the duties of his court. In the course of the tour the class heard the duties of the following people: Mrs. J. D. Barker, Deputy District Clerk; Johnson Smith, County Clerk; Ott Hearn, Assistant Tax Collector; Edgar Altom, Assistant Tax Assessor, and O. R. Ervin, Deputy Sheriff.

Among those visiting over the weekend in the homes of Mrs. Eunice Clements of Morton Valley and Mr. and Mrs. W. S. Willoughby were Mr. and Mrs. J. D. Clements and family of New Braunfels. Mrs. Willie Maud Hughes and family, Burl Hughes and Mr. and Mrs. Virgil Hitch, all of Andrews, and Kenneth Hughes of Roswell, N. M.

Letters TO THE EDITOR

Editor:

In my 34 years with our railroad I have been to scores of annual Chamber of Commerce dinners, but I have never attended one more impressive or vibrant with enthusiasm than Eastland's "Progress Banquet" last Friday evening.

It was wonderful. It also marked the first time that I ever heard a newspaperman officiate on one of these occasions as Master of Ceremonies. Your Telegram is the Voice of Eastland and I think it only fitting that its Editor should have this integral part in its Progress Banquet.

Both Tom Farmer and I were impressed particularly with the youthful, vigorous leadership in Eastland. This strong, aggressive drive by leaders such as you, Don Pieron, Virgil Seaberry, Tom Wilson, A. D. Taylor, Lee Ellis and others cannot help but result in a greater Eastland.

Eastland, I'd say, like old Rip, is enjoying a re-awakening, an alertness to the opportunities of today and the challenges of the future.

Sincerely,
Al Malone

Ranger Man Is Slugged, Robbed

Roy McCleskey, operator of a Mobil Service station near the Highway 80 traffic light, was robbed of between \$50 and \$60 by an assailant who slugged him into unconsciousness about 8 p. m. Friday at the station.

Mr. McCleskey, 60, was in good condition at Ranger General Hospital Saturday morning.

The assailant surprised Mr. McCleskey and struck him with a blunt instrument. He recalled that a car with two or three men pulled in but he did not think he could identify them. They took his bill fold but did not rob the cash register. Mr. McCleskey was unconscious when found.

Asparagus

Bev

Agriculture's Research Service

Select young, tender stalks with compact tips.

Wash asparagus thoroughly and cut or break off and discard the tough parts. Leave spears in lengths to fit the package or cut them into two-inch lengths.

Heat stalks in boiling water according to thickness of stalk: two minutes for small stalks; three minutes for medium stalks; or four minutes for large stalks.

Cool promptly in cold water and drain. Pack in containers. Seal and freeze.

One to one and one-half pounds of fresh asparagus will

yield one pint frozen.

To get all the nutrients from rice, do not wash it before or after cooking. If you do, you will lose valuable vitamins and minerals.

Modern processing methods make rice clean and ready to cook. By using the correct amounts of water and rice in cooking, you will not have to drain it. The rice will absorb the water.

Also, much rice on the market today is enriched with thiamine, niacin and iron, the nutrients that are lost in the milling process. Vitamin D and calcium, too, are sometimes added. One way this may be done is by adding vitamins and minerals in a powdered form. So, if you wash or drain enriched rice, these added nutrients may go down the drain.

People eligible to receive foods donated by the U. S. Department of Agriculture now get enriched white rice or enriched parboiled rice. Since enriched rice is a new donated food, in the past they received milled white rice, it is important that these persons, in particular, understand how the rice is different and why it shouldn't be washed or drained.

In preparing enriched rice for family size servings, use one cup of enriched white rice and two cups of boiling salt-

ed water. Cover and cook slowly about 20 minutes. After removing from heat, let rice stand covered for 10 to 15 minutes.

Or, place the boiling salted water and rice in a baking pan, cover tightly and bake in a 350 degree oven for 30 to 35 minutes.

When cooking enriched parboiled rice, use one-half cup more water and cook five minutes longer than for enriched white rice.

Urgent Appeal Made To Check Area Animals

Livestock men around Ranger are urged to check their animals as often as possible for maggots from wounds, according to Oscar Schaefer, Rising Star, chairman of the county Animal Health Committee.

A supply of mailing tubes for sending in samples of identification by the Screwworm Eradication office at Mission Texas, has been left at the C. P. Cloud Wool and Mohair Warehouse in Ranger. Bill Rippey, manager, will keep a supply of these mailing tubes on hand, Schaefer said. The information sheet to be sent along with the maggot samples should be completely filled out. This was deemed important by both county and state officials.

A crew from the Texas Animal Health Commission is at work in the Gorman area at the present time inspecting and spraying animals, following the finding of a positive case of screwworms in a two weeks old calf on the Davis Smith ranch there recently.

As Mrs. Stamey so meaningfully presented the purposes and symbols of the organization, in turn Mrs. Grantham lighted a candle for each of the founders, a white one in memory or a red one in honor as the occasion might be. Initiated into the chapter was Mrs. Cleora Nichols of Putnam. She is an outstanding teacher of the primary grades there. Miss Isadore Grimes, president, presided. Member were reminded to

Urgent Appeal Made To Check Area Animals

Livestock men around Ranger are urged to check their animals as often as possible for maggots from wounds for screwworm wounds, according to Oscar Schaefer, Rising Star, chairman of the county Animal Health Committee.

A supply of mailing tubes for sending in samples of identification by the Screwworm Eradication office at Mission Texas, has been left at the C. P. Cloud Wool and Mohair Warehouse in Ranger. Bill Rippy, manager, will keep a supply of these mailing tubes on hand, Schaefer said.

The information sheet to be sent along with the maggot samples should be completely filled out. This was deemed important by both county and state officials.

A crew from the Texas Animal Health Commission is at work in the Gorman area at the present time inspecting and spraying animals, follow-

ing the finding of a positive case of screwworms in a two weeks old calf on the Davis Smith ranch there recently.

A flameless ELECTRIC water heater installs almost anywhere

Because an electric water heater is flameless and needs no flue or ventilation, it can be installed almost anywhere in the house, close to the point of greatest use. This flexibility of location makes a flameless electric water heater easy to install. And there's no need for long heat-wasting pipe runs. An electric water heater with its immersed heating elements heats the water and not the tank. Its quick recovery operation assures plenty of hot water for every household need. You get flameless safety, cleanliness and completely silent operation, too. See the quick recovery electric water heaters now on display. Your appliance dealer or plumbing contractor will gladly help you choose the model that best fits your family's needs.

Sunday Open House Planned To Honor Dr. N. A. Browns

Dr. and Mrs. N. A. Brown, residents of Cisco most of their five decades of married life, will be honored Sunday afternoon at an open house at their home 706 West 6th Street, on the occasion of their 50th wedding anniversary.

Hosts for the occasion will be the children of the couple, Dr. and Mrs. H. C. Brown of Cisco and Dr. and Mrs. Alan Withee of Irving; and Mrs. Brown's sister, Miss Orlena Milling of Fort Worth. The house party will include other sisters of Mrs. Brown and close friends of the couple.

All friends of the family have been invited to call during the open house from 2 to 5 p. m. No invitations were mailed to residents of Cisco.

It was on May 18, 1913, that Dr. and Mrs. Brown were married. The ceremony was performed at the Methodist Church in Putnam by the pastor, the late J. W. Cadwell. For some nine years, the Browns lived in Putnam, Abilene, Sweetwater, Mineral Wells and Glen Rose before moving to Cisco in 1921.

In 1927, the present Brown Sanatorium was built and it has been enlarged several times. The Browns are members of the First Presbyterian Church and have always been interested in public affairs. Mrs. Brown served for 12 years as a member of the Cisco Public School board. She was a member of the board when the present Junior College was acquired and opened. She is a member of the Industrial Arts Club, the Cisco Garden Club, and the Order of Eastern Star, the DAR. Dr. Brown is a Mason and an Oddfellow.

Mrs. Brown was born May 17, 1891, near Warm Springs, Ga. She came to Cisco at age six with her parents, Dr. and Mrs. R. G. Milling. She attended the Cisco Public Schools and Hankins Normal College at Gorman. Besides Cisco, her parents lived for a time at Gunsight and at Putnam. They were substantial property owners here. Dr. Milling died in the 1930s, and Mrs. Milling passed away five years ago.

Magnified a Thousand Times —

. . . is the common conception that it makes no difference, so why worry? The fact that a loaf of bread is taxed about 70 times has little outward criticism from the masses as we resolve ourselves into the complacent attitude that we can do nothing about it. But we should! It isn't Communism, nor Cuba, nor unpredictable Russia that are our greatest threats to survival, but taxes. If you happen to be a common laborer or one of thousands of small business men, better wake up!
