## WETS TO MAKE FIGHT FOR 'BEER PLANK' IN PLATFORM

SAN FRANCISCO, June 22.—While hotel lobbies today began to take on the appearance of a national political convention, only a few Democratic chieftains are here.

Much discussion is in progress as to the elements to be involved in shaping the party platform, and there is strikingly little talk today about candidates.

Out of the talk between the leaders today came the increas-

ing rumble of the wet and dry movements. It is clearly indicated that the leaders look for a fight on the floor of the convention over the efforts to make the Democratic platform advocate a modification of the prohibition law through the insertion of a "beer plank."

The league of nations plank is not prominent in today's discussion, but it is possible there will be a struggle over the exclusion of the Japanese, as suggested by California's contention that the situation in that state is becoming serious.

### TEXAS HAS NEW GOVERNOR

W. A. Johnson, of Memphis, Texas, is in the governor's chair. Gov. and Mrs. Hobby left for California Tuesday, where the governor goes as a delegate to the Democratic national convention. Texas will be in the hands of the new governor for about two weeks.

Hard work acts unfavorably on the body that is bilious or constipated; producing low spirits, weakness and loss of energy. Prickly Ash Bitters is the remedy that men use as a system cleanser and invigorator. It creates energy, good appetite and cheerfulness. Price \$1.25 per bottle. Jno. A. Weeks, special agent.

### BLIND MEN'S LUCK PLAYS THEM FALSE

ALEXANDRIA, Ind., June 22.—Three blind men came to Alexandria recently, and unknown to each other, set up their organs on three different street corners. Each was unaware of the presence of the others until the organs started playing.

As the tunes carried to the ears of the blind men the three silently folder their chairs, packed away their music and departed for the interurban depot. They got on the same car, each unaware of the presence of the others, and left the city.

Mrs. Cicero Smith is spending a few weeks on her ranch, coming out from her home at Dallas. She is accompanied by her daughter.

### THOMASON MEN CALL MEETING

A number of local supporters of R. E. Thomason, candidate for Governor, were busy Tuesday arranging for the coming of Mr. Thomason Thursday. A caucus was held and committees appointed to look after the speaking arrangements and to receive Mr. Thomason.

Mr. Thomason will speak in Ballinger Thursday afternoon of this week at two o'clock, coming here from San Angelo, where he will speak Wednesday night.

Immediately following the speaking here Mr. Thomason will leave for Coleman, where he is billed to speak Thursday night.

Mr. Thomason is the present Speaker of the House, and is one of the ablest men in public life in Texas. He has rapidly gained strength since his challenge to Joe Bailey to submit their cause to a preferential primary in Cooke county, where they both at one time lived, and which Bailey declined to do. It is expected that a large crowd will hear him here Thursday.

## BURLESON IS AGAINST PRO. LAW

WASHINGTON, June 22.—Postmaster General A. S. Burleson today declared for a modification of the "drastic and absurd provisions" of the Volstead prohibition act. Mr. Burleson asserted that it would be impossible to repeal the act itself.

The Postmaster General expressed himself as against government ownership, except the telephone and telegraph lines, which he thinks the government should own and operate.

## EARTHQUAKE SHOCK FELT IN CALIFORNIA

LOS ANGELES, Calif., June 22.—Another slight earth shock was felt at Inglewood today, but no damage resulted.

LOS ANGELES, June 22.—A survey today of the damage done by the earthquake last night indicated that Inglewood, ten miles from here, suffered the loss of 21 business houses. The light and gas supply was destroyed and scores of dwellings damaged, some seriously. Many buildings were damaged and persons struck by falling brick in Los Angeles.

Only one death is attributed to the quake which was confined to Los Angeles county.

### TEXAS NEEDS FARM HANDS

DALLAS, June 22.—Farmers of Texas are going back to the one-man method of cultivating their land because of the scarcity of labor, according to Schuyler Marshall, who has 1,252 acres in cotton near Mesquite.

Mr. Marshall said that he and many other farmers in the vicinity of Dallas are motoring into the city every morning to gather hands to chop their cotton. He said he is now paying \$4 a day for any kind of help he can find, white, black, crippled or robust. He gets the workmen, and women, to the field about eight o'clock in the morning, allows them an hour for lunch, and has to leave the field at 6:00 p. m. to get his hands back to the city by the time the bright lights begin to shine.

## McADOO WILL BE PLACED IN NOMINATION

KANSAS CITY, June 22.—Burriss A. Jenkins, a clergyman, and publisher of the Kansas City Post, issued a positive statement today stating that the name of W. G. McAdoo will be placed in nomination at the Democratic convention whether McAdoo consents to accept the nomination or not. Mr. Jenkins had been selected to place McAdoo in nomination at San Francisco.

## HOUSTON SWITCHMEN ARE TAKING VACATION

HOUSTON, June 22.—Less than one hundred switchmen, mostly from the Southern Pacific railroad, are on a "vacation" today as the result of activities of the switchmen's and yardmen's association.

The walk-out has crippled train movement to a considerable extent, but all regular freight and passenger trains are moving with full crews in charge, the railroad officials declared late today.

BALTIMORE, Md., June 22.—The railroad strike situation in Baltimore and Philadelphia districts is virtually unchanged today. About sixty per cent of the switchmen are out in the Baltimore district.

### GUS NOYES AND FAMILY HERE

Mr. and Mrs. Gus Noyes are in Ballinger after an absence of more than a year. They arrived this week from Florida, where they are now making home. Mr. Noyes owns much property here and he stopped off here to look after his property interests.

### TERRELL HAS 8,349 PEOPLE

WASHINGTON, June 22.—The population of Terrell, Texas, was given out by the department of census today at 8,349, an increase of 18.4 per cent over ten years ago.

Jim McKown left Tuesday for Amarillo, where he has accepted a position.

## NEW CAMPAIGN ON TO DRIVE REDS OUT U. S.

### A RELIGIOUS EXCUSE FAILED TO HELP CASE

AUSTIN, June 22.—When a young man of this city was brought into police court on Sunday morning under a charge of speeding, he explained to the judge that he had discovered that he was about to be late for church, had stepped on his accelerator to make up the lost time, and for that reason he pleaded not guilty.

"Five dollars and costs," was the judge's answer.

The defendant gave notice of appeal.

Ira Sims came in from Houston Tuesday, and will spend a few days here on business.

Jas. E. Brewer returned home Tuesday from Galveston, where he spent several days.

G. S. Walker was here from the Norton country, Monday.

Miss Neil Guion left Monday afternoon for Chicago, where she will spend the summer months in special study and better preparation for her educational work.

J. R. Turner was in the city from the Wingate country Monday accompanied by his son Joe, who is here from the Rio Grande country on a visit.

### TEXAS HOGS GO TO CUBA

FORT WORTH, June 22.—A shipment of thirteen carloads of hogs from the Panhandle, was recently assembled at Ft. Worth and dispatched thru Galveston to Havana, Cuba. There were 960 hogs in the lot and they averaged 200 pounds. The price was \$15.

## U. S. GAINS BIG TRADE BALANCE

WASHINGTON, June 22.—Since the beginning of the world war in 1914 the United States has rolled up a trade balance of approximately seventeen billion dollars against the world.

This exceeds by several billion dollars the total balance in favor of the United States from 1875 to 1914, according to the department of commerce figures which were made public today.

### WASHINGTON, June 22.—

Armed with broadened powers provided for in the recently enacted alien exclusion act, the department of justice officials today announced a new drive against radicalism in America.

Orders have been issued, the officers said, for a strict watch on the activities of those preaching radicalism or assisting in spreading theories while they refrain from actual anarchist activities themselves. Those working in the background will be handled on the same basis as those who boldly put into action what others are preaching.

The "theoretical red" or "parlor bolshevik" is the special object of the campaign just launched. The advocacy of sabotage or opposition to organized government will be sufficient to bring aliens within reach of this new law, the authorities said.

### WILL NOT ENFORCE MINIMUM WAGE LAW

AUSTIN, June 22.—The Industrial Welfare Commission decided today not to enforce the section of the minimum wage law which can be amended. This action was taken in compliance with the request in resolution adopted by the legislature.

## CIVIL WAR IN IRELAND CONTINUES

LONDON, Ireland, June 22.—Civil war continued here throughout the day with one more death added, bringing the total deaths up to eight.

Troops are protecting some of the principal streets, but enough firing is going on to terrify the citizens and stop the usual activities.

The department of agriculture has figured the cost of production of the present wheat crop at \$2.15 per bushel, and the stuff is only bringing \$2.25. The farmer can not be accused of profiteering.

"Come and bring your pies and cakes and we will furnish you the meat for your picnic dinner," said a prominent Paint Rock citizen who is boosting the big barbecue at that place on July 2nd. That is a mighty pressing invitation and we know somebody who is going to accept it.

Taft has been shoved off the G. O. P. band wagon and will not be permitted to ride unless he disinherits the league of nations child. Taft made a good president, if he was a Republican, and if he wants to ride on the Democratic wagon we feel that a place will also be provided for his child.

Only one man voted against the re-election of Gompers as head of the American Federation

of Labor, which indicates that Gompers has been running things to suit the labor unions. The delegate who voted against Mr. Gompers perhaps has not familiarized himself with all the principles of the unions.

It is said that Senator Harding, the Republican candidate for president, owns three shares of stock in a brewery. Brewery stock is not worth as much as it was in the days of John Barleycorn and beer garden days, and perhaps the Republican candidate can square himself on this charge with the dry Republicans by transferring the stock to some Democratic friend.

An analysis of Ballinger water shows that the water is contaminated by Bacillus Coli. We don't know what that is, but if the city authorities would stop the boys from bathing in the source of supply perhaps the Bacillus Coli would die a natural death and we would have pure water. At any rate the thought of having to drink bath water is sufficient to create a little Bacillus Coli in the minds of the drinkers.

**From Three Years' Suffering. Says Cardui Made Her Well.**

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

**SERIOUS BLUNDER IN REPORTING SPEECH**

In publishing an account of Hon. R. E. Thomason's speech at Austin, last week, the printer in setting the head to the article made it read "Thomason Approves Graduated Land Tax," when it should have read "Thomason Opposes Graduated Land Tax."

Mr. Thomason declared himself as being bitterly opposed to this plank which his opponent Pat Neff is standing on. Neff favors a tax which will prevent a man from owning over a certain amount of land, while Thomason says that he is not in favor of putting a limit on the amount of land or any other property that had been honestly and justly acquired by any man. He said that he preferred to put a premium and not a penalty on the thrift and enterprise of our citizens, and encourage those who wish to honestly build up an independence.

The head on the article made it appear that Mr. Thomason favored just what he really opposed, and the reader who read the heading only and did not have time to read Mr. Thomason's speech got the wrong impression, and we hasten to correct the error. Remember that Mr. Thomason is opposed to penalizing a man just because he owned over a certain amount of land.

**BOOZE CEMETERY FOUND IN ANGELO**

(San Angelo Standard)

Officers who had reason to believe that there was liquor cached on the premises of William A. Manies following his arrest Friday on a charge of violating the national prohibition amendment, had their efforts rewarded Sunday afternoon.

Sheriff Hawley C. Allen and Ben Cornelson, deputy United States marshal, went to Manies' residence at the corner of South Oakes street and Avenue K. The family did not object to a search being made but refused to divulge information as to whether or not there was whiskey about the place.

The officers spied a withered gourd vine in one corner of the yard and removing it they found freshly torn earth with footprints in the soil. Digging with a shovel then revealed the twenty-one quarts of whiskey.

The United States District attorney at Dallas has been notified of the discovery and officers here were awaiting instructions Monday. It was stated that another complaint will likely be filed against Manies for having unlawfully had liquor in his possession.

Manies was still in the county jail at noon, being unable to furnish bond in the sum of \$1,500 which was fixed Saturday by Jesse T. Couch, Federal commissioner.

If you cannot eat heartily without an attack of indigestion, your stomach is weak. You need Priekly Ash Bitters. It is a fine digestive tonic. Besides, it rids the stomach and bowels of the impurities which bring on sickness. Price \$1.25 per bottle. Jno. A. Weeks, special agent.
