ASB earns top awards

FLOYDADA--American State Bank has once again earned the Exceptional Performance Award, by Bauer Financial Reports, for the bank's high level of bank performance.

The bank earned this award for continuously earning five star superior ratings in all of the 30 reporting periods analyzed by Bauer.

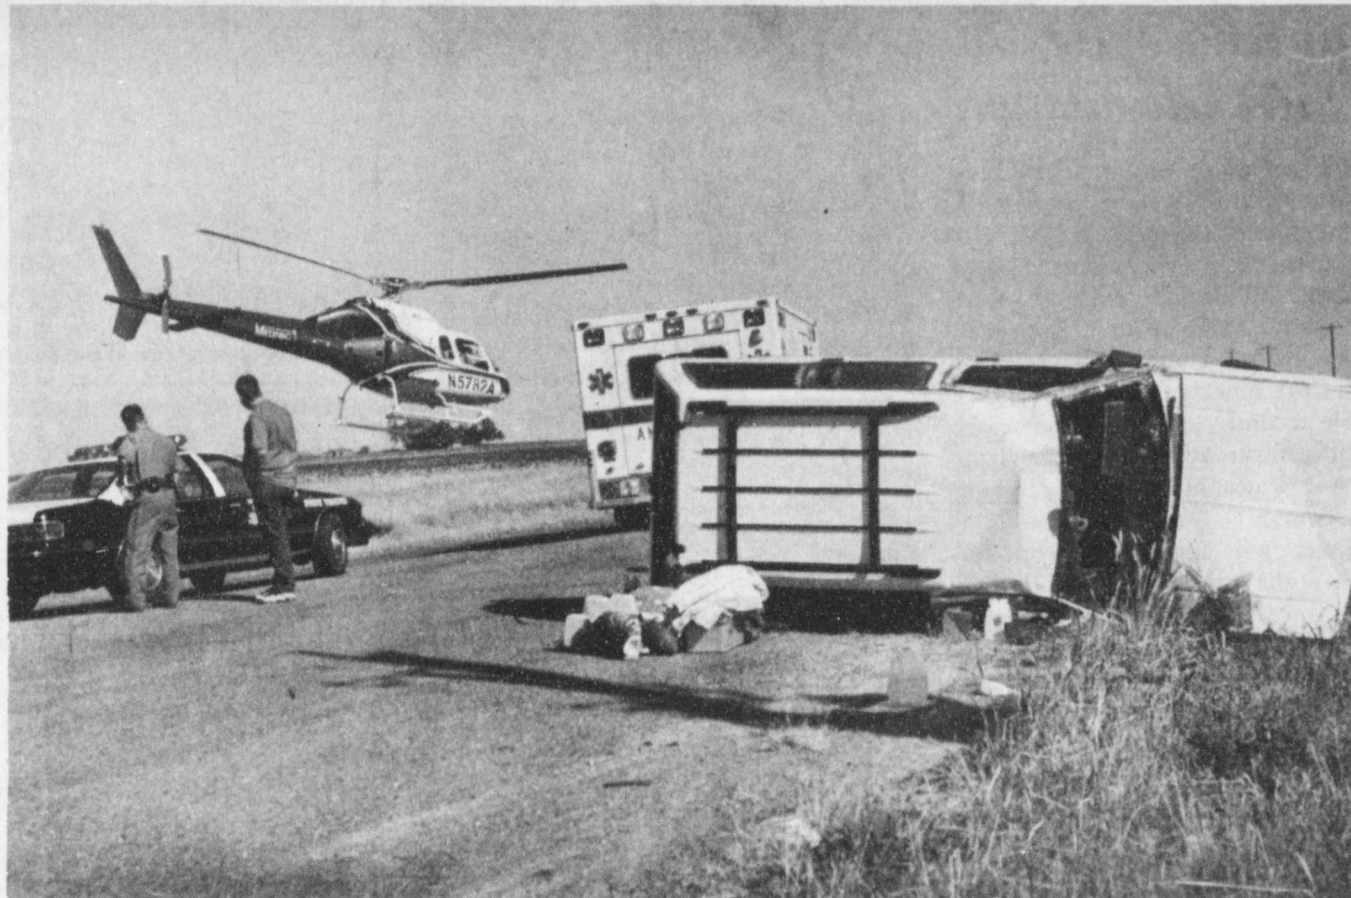

American State Bank was been rated 5-stars since June 1989.

"We were also identified as a Blue Ribbon Bank by Veribanc Inc.," said local branch manager Wayne Parkman. "Money Magazine has recognized ASB as being among the strongest banks in Texas."

ASB's statement of condition, as of September 30, 1996, showed \$591,775,800 in deposits. Total assets were \$769,227,639, which includes loans of \$191,357,987.

"We welcome any financial needs in the community," said Parkman. "We want to become aggressive in Floyd County in serving our farmers and ranchers and to be your bank of choice."

ASB will also be offering a new ATM machine which will be open at the latter part of November.

ACCIDENT INJURES FIVE--Two ambulances and a helicopter were called to this accident scene on Hwy. 62, Saturday, October 26, in which five people were injured when the Blazer they were in rolled over.

Five injured in one vehicle roll-over

Five people were injured, Saturday, in a one-vehicle accident on U.S. 62, 16.3 miles east of Floydada.

The Highway Patrol and other emergency personnel were called to the scene of the accident at 1:35 p.m.

According to DPS Trooper Jesse Valdez, "The driver's lack of attention caused the eastbound Chevrolet Blazer to leave the roadway striking the north ditch of County Road 258. The car continued east on 258 and rolled 2 1/2 times, coming to rest lying on its right side facing south."

There were six occupants in the vehicle. Five of the six were injured.

A 43 year old female, Maria Mejia, of Millsap, was transported to UMC Hospital by helicopter. "She was in critical but stable condition when she left the scene," said Valdez. Mejia reportedly suffered head injuries, a broken arm and possible abdominal injuries.

"DR. H.P. Olay, of Childress, stopped at the accident and assisted

the injured," said Valdez. "Two ambulances and a helicopter responded to the accident."

Ambulances transported the 21 year old driver, Alejandro DeLarosa, and a 23 year old female passenger, Anna Mejia, both of Midlothian, to UMC Hospital.

Also transported to Lubbock were a 3 year old boy and a 12 year old girl, also of Millsap.

"Everyone, except the woman transported by ambulance, had non-incapacitating injuries," said Valdez.

"A 13-year old boy sitting in the front passenger seat, and wearing his seat belt, was not injured. The driver, also wearing a seat belt, suffered a broken nose," said Valdez.

"There were a lot of injuries because the people in the back of the Blazer were not wearing seat belts. They had laid the seats down and were stretched out on them. They were thrown around a lot inside the car. They were lucky they weren't thrown out," said Valdez.

Lockney welcomes Miss Texas

LOCKNEY--Lockney Junior High Students welcomed a special guest, Miss Texas Michelle Martinez, to their school Wednesday, October 23.

Miss Texas gave a motivational speech to the Junior High Assembly and performed a piano concerto in their gymnasium. She also visited several classrooms in the school encouraging students to set their goals high and to never quit.

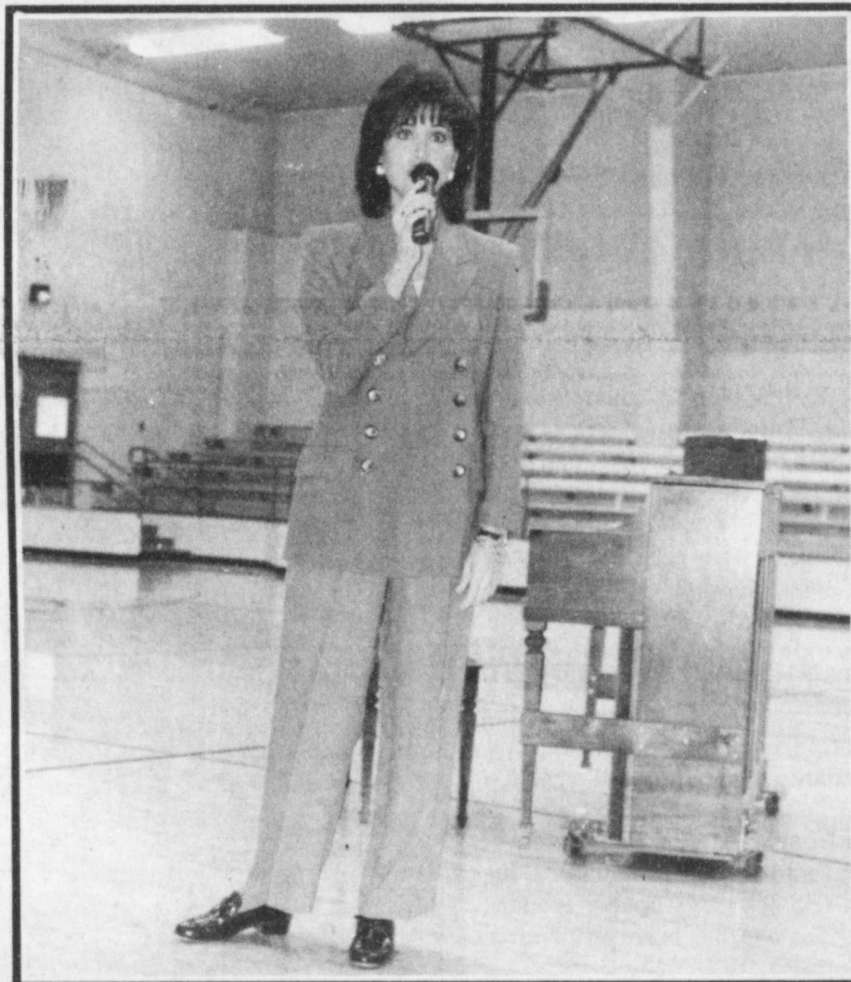

"I was in 21 pageants before winning a local title," said Martinez. "I was in the Miss Texas Pageant three times before winning."

Martinez is 23 years old and attends the University of Texas in Arlington. She is taking a year off from school, during her reign as Miss Texas and has future plans of attending medical school.

"You should never give up if you lose," said Martinez. "Treat it as a learning experience."

"A loser sees a problem in every answer and a winner sees an answer in every problem."

Martinez also spoke on the importance of students being drug free. She closed by saying, "Yesterday is history--today is a gift--tomorrow is a mystery."

Sunshine brings large crowds to Punkin Day celebration

FLOYDADA--The cooperation of Mother Nature and the hard work of the Punkin Day Committee resulted in a very successful Punkin Day celebration in Floydada on Saturday.

Thanks to pre-promotional publicity given to Floydada by local TV stations, radio stations and newspapers, thousands of visitors flocked to Floydada's courthouse square to enjoy the games, sample the food and get in some early Christmas shopping.

Games for all ages kept the visitors happy and the warmth of beautiful sunshine and calm winds kept the arts and crafts vendors very busy.

Downtown businesses in Floydada also reported brisk sales. One merchant reported over 90% of the purchases were made by out-of-town shoppers.

Roaming announcers Tim Assiter and Larry Ogden stayed busy keeping the crowds participating in the

days activities by their on the spot interviews and promotion of the various games. At one time Assiter was heard to exclaim over his loudspeaker, "There are more people playing these games from Lubbock and out of town than there are from Floydada."

As Assiter continued to ask people where they were from, cheers would finally erupt among the good-natured crowd whenever he would find a visitor from Floydada or a smaller town nearby.

Arts and crafts vendors left happy with their sales and promising to return. Those who were interviewed expressed a particular fondness for the festival and the friendliness of the host city. They also expressed gratitude for the well organized event and the particular care shown toward them by the Punkin Day Committee and the Floydada Chamber of Commerce.

"We wouldn't miss this," said one vendor. "We come every year and we intend to come back!"

Although the extended weather forecast was one of cold rain and winds the front stayed away long enough for everyone to enjoy the full slate of activities.

A record turn-out was seen at the Trunk-or-Treating at the High School walking path. The first Punkin Day Street dance was held from 9:00 p.m. - 12:00 p.m. and Tony St. James, owner and station manager of KFLP, promises to bring the street dance back next year.

Ribbons and trophies were given to winners of the various races, pumpkin drawing, pumpkin carving, pumpkin decorating, pumpkin bowling, pumpkin rolling, pumpkin tossing, pumpkin pie relay races and the famous wheelbarrow race. A list of winners can be found on page 1B inside this edition.

MAKING YOUR MARK--Punkin Days is designed for children and their families. These youngsters competed in the pumpkin drawing contest, which was cre-

ated for smaller hands. Other pumpkin games throughout the day were enjoyed by all ages.

BY THE WAY

By
Alice Gilroy

This was by far my favorite Punkin Days ever!

The weather was absolutely perfect and the event was so well organized everything went off without a hitch--well almost everything!

The important thing to remember was that whatever did go wrong was not noticed by anyone else!

I kept marveling all day at the hard work done by the Punkin Day Committee. Marlon Pritchard was chairman this year and he did a wonderful job! So did all of his helpers!

The inmates in Plainview really help out by putting up the tents and taking them down at the end of the day. That job was also dreaded by the Punkin Day Committee. By the time the day was over the last thing anyone ever wanted to do was mess with the tents--but thanks to Cargill's supervision and the hard work of the inmates, the committee has been spared that job. Still--the Punkin Day Committee had to clean up the square after the event and they kept right on working long after everyone else had gone home.

I was thrilled with the turnout of the crowd but disappointed that many of our local folks don't see fit to lend their support to the event.

The Lubbock folks keep coming back and they are so appreciative of the fun, laughter and friendly folks. Too bad some of the locals aren't as appreciative of what they have under their noses.

I can't tell you how many times I've heard the comment, "We've got to do something to promote this town! What is the chamber doing anyway?"

If some of you would open your eyes and look at what many in your

community, and the Floydada Chamber of Commerce is doing, you would see a lot of very hard workers trying their very best (on a very limited budget) to promote Floydada. They are doing a very good job at it too!

So the next time you open your mouth to complain about "nobody doing anything" stop and think. When was the last time you offered to help the Punkin Day Committee, the Pioneer Reunion Committee, the Fair Board or the Floyd County Friends. Do you support the chambers with your dues so they can promote the city?

If you haven't helped--put your money where your mouth is.

I for one want to thank our local merchants, our chamber of commerce, our civic minded folks and this week a special thanks to the Punkin Day Committee for their enthusiasm!

Here are more actual courtroom question and answers:

Q. And lastly, Gary, all your responses must be oral. OK? What school do you go to?

A. Oral.

Q. How old are you?

A. Oral.

Q. What is your relationship with the plaintiff?

A. She is my daughter.

Q. Was she your daughter on February 13, 1979?

Q. ...any suggestions as to what prevented this from being a murder trial instead of an attempted murder trial?

A. The victim lived.

Letter to the Editor

Dear Editor,

So that no confusion exists concerning the upcoming election, the Floyd County Republican Party wholeheartedly endorses each and every candidate on the Republican ticket. Let there be no doubt that we support Hollis Cain with as much fervor as we have for Dole, Gramm, Thornberry and others on our ticket.

As our Republican platform states, we believe in excellence and prefer

the opportunity of high achievement to the guarantee of a meaningless mediocrity. I encourage all West Texans to obtain copies of both the Democratic and Republican platforms and read them carefully. The choice then becomes very clear. Vote Republican!

Sincerely,
Kerry D. Pratt

Thornberry unhappy with CRP changes

While on the campaign trail, Congressman "Mac" Thornberry made a stop in Floydada, October 23, to speak to constituents about his record and the successes of the Republican majority Congress.

"We've made a good start at cleaning up Congress and making them live by the same laws they set up for everyone else," said Thornberry. "But we've still got a lot of work to do."

Thornberry pointed toward welfare reform and immigration reform, re-

cently passed by Congress

"The welfare reform will be a huge change in society," said Thornberry. "There will be more local control over that money," said the congressman. "We need to carry this idea in to other areas as well."

Thornberry said there was some good things that came out of the immigration reform but he was unhappy with the "sillier stuff."

"For instance--if the immigrant seeking entrance into the U.S. has AIDS we can't refuse them. We have to give them medical care. Congress had to agree with this to get the President to sign the immigration reform legislation."

Thornberry also expressed frustration at not being able to pass more reform in the areas of taxes, regulations and private property issues.

"The new CRP regulations were written by environmentalists without any thought given to the effect on agriculture. We need to look at who is driving the train," said Thornberry.

"No one expected it (CRP) to continue like it was, but no one expected it to change as much as it did. One third of the acreage in my district (500,000) will be taken out of the program."

"It is such a radical degree of

change and now we will have to try and pass something to change it. That is always harder than preventing the changes in the first place."

Thornberry encouraged farmers to write the USDA with their thoughts on the CRP issue.

Thornberry said, "President Clinton is going to have to deal with the issue that we now spend more on taxes than we do on food, clothing and shelter. Our teenage drug problem has also doubled and there is an immediate

crisis in Medicare.

"Something has to be done about Medicare. If there are no changes it will be bankrupt. It is losing 22 million dollars each day from the trust fund. If the President's scare tactics succeed--how will we ever fix anything else."

"It is going to be a big deal to prove that entitlements can be reformed. Congress is just trying to do the same thing that the President said he wanted to do," said Thornberry.

Edell Moore honored for work

FLOYDADA--Working in funeral homes for 58 years, Edell Moore is well known for always being there to comfort and help families and friends through their grief.

On Tuesday, October 22, Don Everett and his wife Billie White Everett, honored Moore at a banquet in the Knipping Center of Methodist Hospital.

The Everetts own 6 funeral homes, including Moore-Rose-White in Floydada and Lockney. Employees and their spouses were invited to the banquet to pay their respects to a surprised Moore.

Moore was born April 22, 1919 in Ferris, Texas. At the age of eight his family moved to Abilene. After graduation from high school, Moore's father arranged a summer job at the Elliot Funeral Home in Abilene.

The owner, Pete Elliot, agreed to let Edell live in an apartment. "When I first started in 1938 I was making \$40.00 a month," said Edell. "For that \$40 I would help with about 175 funerals a year. If we were busy we worked 7 days a week."

In the fall Edell enrolled at Hardin Simmons University. He continued to work for Elliot Funeral Home but took a cut in pay to \$30.00 a month. In 1939 he received his Funeral Directors license.

Edell met his first wife in Abilene and has his first child, Janet Kay, before entering the Air Force. He spent most of his 3 year stint in Florida.

After the war Edell went to the Dallas School of Embalming. He graduated with his embalming license in 1948 and moved back to Abilene to work for North Funeral Home and his second daughter, Jenis, was born.

Edell later heard from a traveling salesman that there was a man in Floydada that needed a helper. Edell says he didn't know where Floydada was but he decided to check it out.

In 1951, at the promised salary of \$300.00 a month Edell came to Floydada to work for Mr. Harmon at Harmon Funeral Home.

EDELL MOORE

Because of ill health Harmon was forced to retire from the business which he had run since 1921. Harmon sold to Edell and Moore Funeral Home was established in 1964. Later on, in 1966, Edell helped out a friend, Alton Rose, and brought him in as a partner. The name of the funeral home then changed to Moore-Rose.

Edell married Lovene April 5, 1975, and added Lovene's daughters, Sharon and Charlotte Decker, to the family.

In January 1982 the funeral homes in Lockney, Quitaque and Silvertown were also acquired. In 1987 Edell and Alton made the decision to sell Quitaque and Silvertown Funeral Homes.

Edell and Alton sold both the Floydada and Lockney Moore-Rose Funeral Homes to Don Everett and Billie White Everett in January of 1989. The funeral homes were renamed again,

to The Moore-Rose-White Funeral Home.

Although the Floydada funeral home is now managed by Kevin and Tonya Combest, Edell is still active in the business and takes pleasure in lending his experience and advice to help out at Moore-Rose-White.

"He still loves this business," said Tonya. "He didn't ever get tired of his job. His philosophy is, 'we are here to serve people.'"

Moore admits that it is hard to bury people you've known but says it is his way to give something to the people.

"You can't do anything for the person who has died," said Moore, "but you can help the family get through the situation. You just give them the best you've got."

"If you're just in this business for the money--you better get out and do something else," said Edell. "You've got to have a heart."

It was so warm and with the snow falling it was like a Christmas card. Thanks to Robert Daniels for the pumpkins for the facility.

The residents have made Jack-O-Lanterns for the lobby. We are looking forward to the Pre-K coming for Halloween.

We'll be having "Open House" November 10 from 2:00 to 4:00 p.m., so come on in. The residents and staff will be glad to see you and we can show off the facility.

We are getting ready for our \$5 brisket dinner, Nov. 22. You can purchase tickets from Donna, Anna, Bonita, Janice, Gordon or Wanda. The proceeds go to the resident's Christmas this year. There will not be an auction this year. The dinner will be served from 11:30 til 1:30. We will have carry-out if you would like, or there will be plenty of room for you to join us to eat. Mark Nov. 22 on your calendar and make plans to come and eat with us.

Until next time, take care.

We have been missing some of our regulars on Thursday nights. Speaking of regulars, we didn't have any fruit salad Thursday night, wonder where Mrs. Jack was?

We send out our concern and

Recipe of the Week

For the recipe of the week we decided to select some creative Halloween recipes. Hope you can find time to try them!
Happy Halloween!

Halloween Pumpkin-Shaped Cake

Double the batter for any cake recipe (or 2 boxes cake mix, prepared)
Double any white frosting recipe (or 2 cans white frosting)
Food coloring
(1) Hostess Ho-Ho (or similar cake-roll snack item)

1. Prepare two cakes in bundt pans, cool completely.

2. Color most of the frosting a deep orange, reserving about 1/2 cup, which should be colored black (you may also use dark chocolate fudge frosting)

3. Place one bundt cake upside down (rounded side on the bottom) on cake plate; frost top only.

4. Place second bundt cake flat-side down on top of first cake.

5. Frost entire cake with orange frosting, making up and down motions with spatula to simulate pumpkin.

6. Insert Ho-Ho in the middle of the top of the bundt cake to make the stem.

7. Use black frosting to make eyes, nose, mouth, etc.

Black rope licorice may also be used.

Hobby Club enjoys visit to apple orchard

By Peggy Roberts

The South Plains Hobby Club enjoyed a fall outing Wednesday, October 9 with a trip to the Apple Country orchard near Idalou.

Dot Cummings, Carolyn Marble, Bessie Bradford, Wanda Lane and Peggy Roberts enjoyed the fellowship and buffet lunch, did some shopping and stopped at the Assiter's Pumpkin Patch on the way home.

Some of our members were unable to attend because of illnesses, but we thought of them and hope they will be able to be at the next meeting.

The program for the next meeting will be a Christmas decoration demonstration on November 13 in the home of Connie Sanders. DeAnn of Roberts' Tree House will bring the program.

Whirlwind Sams enjoy 1996 Texas Fall Samboree

By Darlynn Hambricht

FLOYDADA - Thursday, October 24, the Whirlwind Sams departed from the MAC to attend the 1996 Texas Fall Samboree at the MPEC and Bridwell Ag Complex in Wichita Falls, Texas. Wagonmaster and Trail Bosses, John and Christine Lyles led five rigs consisting of Boone Adams, Gordon Hambricht, Mac McElyea, Harold Norrell and Herb Wallace.

A coffee break was enjoyed by the group at a roadside park close to Vernon. Christine Lyles and Darlynn Hambricht provided cookies.

Wild West Rendezvous at the Falls was the theme for the Texas Fall Samboree. Approximately 700 rigs registered from Texas and surrounding states.

After our evening meal at Luby's Cafeteria, the group attended the opening ceremony, consisting of the invocation, posting of colors, national anthem and parade of flags. Entertainment was the North Texas Men's Chorus.

Friday, the group ate lunch at Picadilly and then went shopping. That afternoon some of the ladies attended the ladies tea. A very enjoyable presentation from a lady giving excerpts from Erma Bombeck's last book was the highlight. That evening we attended a program by Fisher and Bell on "Calamity Jane".

Saturday morning we ate breakfast at IHOP. We returned to the campsite at Bridwell Ag building and enjoyed the arts and crafts exhibit. Ice cream was given to everyone that afternoon. Bingo was also played later. Entertainment that evening was "Prairie Fire". The closing ceremony, grand prize, and prize drawing concluded the activities.

Sunday a memorial service, a non-denominational Christian devotional, and closing comments were conducted.

Everyone enjoyed the camp out. Our next trip will be in November to Oklahoma.

Floydada Care Center News

By Jo Wilbanks

FLOYDADA - Hi, once again it's time to share with you from the Center. We have been enjoying the beautiful fall days. This weekend ended cold and raining. Pumpkin Day turned out real well.

We want to welcome a new resident, Ruby Thompson.

Dave and Frances Willis went back home for a few days to Paducah after being here many days with his mother, Mrs. Lennie Willis.

This Thursday, we will have a Ghost and Goblin Halloween party for the residents at 2:00. Come bring your children and dress up in your costumes. The residents love seeing the small children, as they miss their grandchildren and great-grandchildren. This could be a good opportunity for them.

Jenelle Evans gave a wonderful devotion Friday on "what you do to the best of my brothers, that you do unto me." Freida Simpson played the piano. Other ladies from the First Baptist Church came and sang. On Monday, Irene Wexler plays the piano for us and members of Calvary Baptist come and sing. The Rev. Clark Williams from First United Methodist Church gives the devotional. On Wednesday, Roberta Hardin plays the piano and gives the devotion. This Sunday, the City Park Church of Christ came for the Sunday worship service. We thank all of you.

The Care Center will be selling pies, pecans, pumpkins, etc. for the holidays, and what a way to save time, not having to bake them. It sure would help you at the Thanksgiving and Christmas holidays coming up. The funds will be used to help purchase gifts for the residents for Christmas.

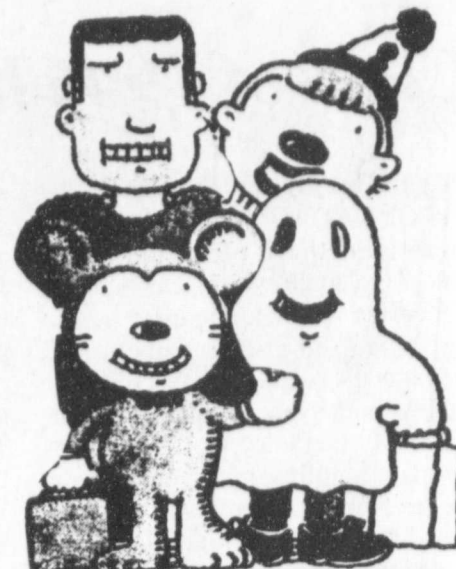

May you have a safe, happy Halloween, eve of all Saints Day, Nov. 1st.

Thought: Holiness is not something from doing good, we do good because we are holy.

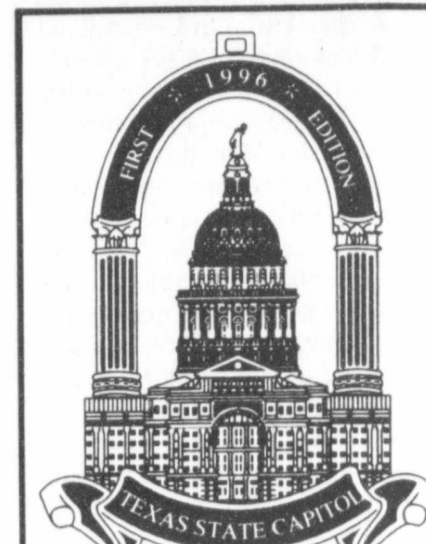

Holiness is not something that follows prayer, we pray because we are holy.

Holiness is not the result of kindness, we are kind because we are holy. Holiness is not a gift we obtain after a lifetime of service, we give service, because we are holy.

Lockney Community Center is site of Lockney 4-H meeting

By Kaci Mathis

The October meeting of the Lockney 4-H Club was held on October 21, 1996 at 7:30 p.m. at the Lockney Community Center. The meeting was called to order by President Tim Mitchell. Tasha Powell and Julie Dietrich led the Pledge of Allegiance and 4-H Motto and Pledge respectively. The inspiration was given

by Lindi Miller. Secretary Leslieanne Hickerson called roll and read the minutes from the September meeting.

Kaci Mathis gave a project report on the Food and Nutrition project. Remember that all Food Show entries are due in the county office by Friday, October 25. The County Food Show will be held on November 2 in Floydada. Sarah Martin and Lacey

Aston gave a mini-demonstration on the do's and don'ts for asking for donations.

Those who entered an item in the South Plains Fair were recognized. New business discussed was as follows: Friends of the Floyd County Library asked us to make posters advertising their upcoming book sale;

the PTA Harvest Carnival is on November 2 and 4-H will have the basketball shoot-off; the 4-H Family Auction will be held December 5 at the Massie Activity Center in Floydada. This is a major fundraiser for the county, so all are invited to attend.

There will be a hamburger supper which Lockney is in charge of the

hamburger fixin's. Keith Phillips distributed the business cards to get the donations for the auction. Sarah Martin introduced Pat Frizzell who presented a program on decorating pumpkins.

After the meeting was adjourned, refreshments were served and recreation was enjoyed by all. New mem-

bers attending the meeting were Trevor Morris and Becky Gonzales.

Club managers are Marcia Phillips and Renee Hrbacek, assistant. If you are interested in joining 4-H, contact either club manager or the county extension office at 983-4912.

Arrellano deployed to Pacific duty

Navy Chief Petty Officer Mario P. Arellano, son of Maria E. and Margarito Arellano Sr. of 111 N.W. 5th St., Lockney, Texas, recently departed on a six-month deployment to the western Pacific aboard the attack submarine USS Sante Fe.

Arellano is one of more than 100 Sailors aboard the submarine, which departed its home port of Pearl Harbor, Hawaii, as part of the USS Kitty Hawk Battle Group. The battle group includes nine tactical aircraft squadrons, five surface combatants and two submarines, and is replacing the USS Carl Vinson Battle Group, which has been deployed for the past five months to the western Pacific and Indian oceans, and Persian Gulf.

Arellano's submarine is one of the most sophisticated submarines in the world. Equipped with torpedoes, Harpoon and Tomahawk cruise missiles and mines, the powerful warship can provide surveillance, intelligence, support special operations and launch missiles at enemy ships or land targets.

Arellano and fellow crew members prepared for the deployment by participating in a Pacific Joint Task Force Exercise off the coast of southern California. The exercise involved more than 15,000 U.S., Canadian, Australian and Chilean participants and tested Arellano's ability to respond to situations he might encounter during the deployment.

The graduate of Lockney High School joined the Navy in June 1983. His wife, Melissa, is the daughter of Irma G. Saucedo of 415 E. College St., also of Lockney.

Floydada Scout Troop works on new nature trail

Floydada Troop 357 spent last Saturday, Oct. 26, working on a nature trail at the Doucette Ranch at Quitaque. Three scouts, Dustin Jones, Patrick Odom, Chad Turner, and two leaders, Bob Gilliland and Curtis Emert worked on the trail as part of a weekend project.

The group rebuilt one bridge which had been washed away by the last big rains in the area and built another at a different location.

In the next six to eight months, plans call for installing some steps and posting signs indicating types of trees and plants along the trail. Plans also will employ some erosion control practices along the sides of the canyon.

7th grade Horns lose first district ball game

By The Lockney Coaching Staff

LOCKNEY—After their second consecutive long road trip the 7th grade team loses to Highland Park by a score of 20 to 14.

The Shorthorns started out slow as they allowed the Hornets on the board first and then fumbled deep in Lockney territory setting up a second Hornet touchdown. As the score stood with the Hornets holding a 14-0 lead early in the first quarter the Shorthorns offense fought back with a 16 play 79 yard drive. The Lockney team's long drive ended on the one yard line with the Horns coming up on the short side. On the following possession the Hornets ran out the time in the first half holding on to a fourteen point lead.

After regrouping the Longhorn offense took back control as they marched 53 yards to pay dirt. The drive ended with Mo Collins finding Brandon Alvis wide open on the 10

yard line for the touchdown. Collins also did the honors with the two point conversion cutting the Hornets lead to 6. Once they got back out on the field the Lockney defense seemed to be gaining momentum when Highland Park took advantage of a misdirection play and finds the endzone once again. As the pressure mounted on the young Lockney offense, they responded with Mo Collins carrying in a 10 yard touchdown with key blocks by Hector Morales and Jared Lambert. The two point conversion failed and Highland Park's lead stood at 20 to 14 before time ran out on the Shorthorns.

"If we could have caught the ball in critical situations and not fumbled early in the game, I think we might have won this ball game. The offensive line did a great job and I am very proud of this teams effort," said Coach Dowell.

Floydada earns 13-12 victory

By Bill Gray

FLOYDADA - The Floydada Whirlwinds rallied for a 13-12 victory at Lubbock Roosevelt last week to end their 3-game losing streak in District 2-3A action. The win improved Floydada's overall mark to 2-6 and district record to 2-3. The Eagles fell to 2-6 for the year and 1-4 in 2-3A play.

The Eagles capitalized on a Whirlwind mistake to take a 6-0 lead in the final moments of the opening quarter. Following a bad snap on a Whirlwind punt attempt, it took Roosevelt only 7 plays to move from the Floydada 31-yard line. Jason Flowers cashed in from 10 yards out as the first quarter came to a close. The conversion attempt failed, which turned out to be the difference in the final outcome.

Disaster struck again for the Whirlwinds barely three minutes into the second period. A 2-yard punt from deep in Floydada territory put the Eagles in excellent field position at the visitors' 21-yard line. Gilbert Salinas carried the final four yards to cap the 4-play drive, but the 2-point pass attempt failed.

Following an exchange of punts, the Whirlwinds mounted a 9-play, 59-

yard drive in the closing minutes of the first half. Cy Cowart connected with Angel Aleman on a 20-yard pass off a "flea-flicker" and Michael Black covered the final 11 yards on an option pitch from Cowart.

Black crossed the double stripe with no time showing on the second quarter clock. Andy Young's all-important PAT kick brought the Whirlwinds to within five points at intermission.

The Eagles worked out of a deep hole early in the third period as the Whirlwinds were unable to capitalize on good field position following a short Roosevelt punt. Both defenses tightened throughout the remainder of the third period to set the stage for Floydada's deciding fourth quarter comeback. Three Roosevelt penalties helped pave the way for the Whirlwinds' winning drive at the midway point of the period.

Andy Young broke for a 20-yard gainer down to Roosevelt's 7-yard line. Cowart's quarterback sneak from a yard out with 6:45 remaining in the game was the clincher, but it was up to the Whirlwind defense to protect the slim one-point lead. Roosevelt turned over the ball on the Floydada 35-yard line to end the Eagles' hopes for a comeback.

The Whirlwinds return to Wester

Field tomorrow night and will be decided underdogs against Brownfield. The Cubs gave Littlefield all it could handle last week before falling 21-14 to the district leaders. The Wildcats broke a 14-all tie on a 2-yard touchdown by Ruben Martinez in the final period to end the Cubs' bid for a major upset.

Roosevelt travels to Denver City this week in what will more than likely be a mismatch. The powerful Mustangs, losers only to Littlefield in District 2-3A play, scored three times in the second quarter to overcome Slaton 28-10 last Friday.

Bill's Notes

A special thank you to Nick Long this week for furnishing the information and statistics on the Roosevelt game...I was out of town and unable to attend the game. Sorry I missed seeing the Whirlwinds' victory. But, I did have one particularly enjoyable experience during the trip. I was able to catch the entire final quarter of Tech's victory over A. & M. on a big-screen TV...right in the midst of several Aggie supporters. It was fun!

Floydada and Brownfield have played on pretty even terms the past few years in non-district tilts. It could be kind of interesting this year as league match up. The "Winds have found a way to come back for a win...they just might find that way again this week when they make their final 1996 appearance at Wester Field. Lockney will continue its undefeated sea-

son by pounding Hale Center 37-14.

Hollis Cain on Education:

Hollis Cain believes providing a quality education for our children is the most important issue in Texas. Hollis is an advocate for public education. As a former school board member, Hollis understands the needs and problems of rural schools. He understands the impact of legislative action on local school districts and taxpayers. Hollis is proud that two of his daughters are certified teachers. He understands the difficulties faced by classroom teachers in complying with bureaucratic paperwork and mandates. Hollis is committed to working to make the schools in District 85 the best in the state.

Hollis Cain with five reasons he cares about quality education - his grandchildren.

HOLLIS CAIN WILL WORK FOR:

- cutting centralized bureaucracy and bloated administrative costs
- putting savings from cuts into classroom resources and teacher pay
- curriculum standards that are objective, measurable and achievable
- back-to-basics academics and meaningful vocational programs for students
- less decision-making in Austin and more at the local level
- a school funding plan that benefits all schools without passing the burden on to property owners
- the fundamental right of parents to direct the education and upbringing of their children
- ensuring retired teachers have adequate pensions
- continuing the downsizing of the Texas Education Agency

Hollis Cain's opponent, James E. "Pete" Laney, voted for Robin Hood against the wishes of 70% of District 85 voters. Mr. Laney last month received another \$25,000, his largest single contribution, from the liberal Texas NEA. Maybe that's why, as speaker, Mr. Laney has instructed his House Education Committee to consider giving incentive pay to inner-city (Houston, Dallas, Austin, San Antonio) teachers. Hollis Cain wants to cut bureaucracy and waste and give more pay to ALL teachers.

SWCD taking orders for windbreak trees

Trees are nature's outdoor air conditioners. The Floyd County Soil and Water Conservation District is currently taking orders for windbreak trees and seedlings.

If hot summer winds, raw wintry blasts, or crop damage due to the wind are problems to you, windbreaks can help.

Windbreaks can protect you, your home, and your yard from high winds, airborne dust, and drifting snow. They can beautify your home and its surroundings and make it a more pleasant place to live.

Cold winds cause more discomfort to man than any other climate factor; therefore, windbreaks can help you live more comfortably, work more easily, and improve your quality of living. Windbreaks reduce health hazards due to pollution from dusty air and help reduce noise from highways or other sources. Add to this the beauty trees add to a home, the returns in comfort and economy far outweigh the cost of the trees.

Evergreens available this year include Afghanistan Pine, Austrian Pine, Arizona Cypress, Pinyon Pine, Ponderosa Pine, Rocky Mountain Juniper, Redcedar, Spruce, Japanese Black Pine, Keteleer Juniper, Pfitzer Juniper, and White Pine. Some species are available in 1 gallon and 5 gallon containers.

Hardwood available this year in-

clude Aromatic sumac, Bur oak, Catalpa, Desert willow, Flameleaf sumac, Green ash, Honey locust, Little walnut, Mulberry, Nanking cherry, Osage orange, Russian olive, Sandcherry, Cottonwood, Honey-suckle, Lilac, Native plum and Shumard oak.

For more information or to place an order, please come by or call the Natural Resources Conservation Service Office in Floydada, USDA Building, Highway 70 East, 983-2352. The SWCD will continue to sell trees and seedlings upon their availability until March 1997.

"FOCUS ON THE FAMILY" with Dr. James Dobson

QUESTION: Describe in greater detail the mood fluctuations that are associated with the menstrual cycle each month. Is it true that this chemical influence is evident not only during or before a period, but at other times also?

Dr. Dobson: It has been said, quite accurately, that the four weeks of the menstrual cycle can be characterized by the four seasons of the year. The first week after a period can be termed the springtime of the physiological calendar. New estrogens (female hormones) are released each day and a woman's body begins to rebound from the recent winter.

The second week represents the summertime of the cycle, when the living is easy. A woman during this phase has more self-confidence than during any other phase of the month. It is a time of maximum energy, enthusiasm, amiability and self-esteem. Estrogen levels account for much of this optimism, reaching a peak during mid-cycle when ovulation occurs. The relationship between husband and wife is typically at its best during these days of summer, when sexual drive (and the potential for pregnancy) are paramount.

But alas, fall must surely follow summer. Estrogen levels steadily dwindle as the woman's body prepares for another period of menstruation. A second hormone called progesterone is released, which reduces the effect of estrogen and initiates the symptoms of premenstrual tension.

DR. DOBSON

Self-esteem deteriorates day by day, bringing depression and pessimism with it. A bloated and sluggish feeling often produces not only discomfort but also the belief that "I am ugly." Irritability and aggression become increasingly evident as the week progresses, reaching a climax immediately prior to menstruation. Then comes the winter period of the menstrual flow.

Women differ remarkably in intensity of these symptoms, but most experience some discomfort. Those most vulnerable even find it necessary to spend a day or two in bed during the "winter" season, suffering from cramping and generalized misery. Gradually the siege passes and the refreshing newness of springtime returns.

Dr. James Dobson is a psychologist, author and president of Focus on the Family, a nonprofit organization dedicated to the preservation of the home. Correspondence to Dr. Dobson should be addressed to: Focus on the Family, P.O. Box 444, Colorado Springs, CO 80903.

PCG developes support system

By Shawn Wade

Issues come and issues go and Lubbock-based Plains Cotton Growers (PCG) has little time to reflect on the battles won and lost over its 40 years of service to High Plains cotton producers and the allied industries they support.

Through the years, representing some 20,000 cotton producers and landlords, PCG has developed a strong, wide-ranging support structure. This structure allows PCG to rapidly address situations that threaten area cotton producers. It also provides an efficient mechanism for the advancement of beneficial ideas and programs on behalf of the High Plains cotton producer.

An excellent example of how this system is utilized is the current effort to reform proposed regulations that will govern how Conservation Reserve Program (CRP) is carried out in the future.

"Without adjustment the proposed CRP rules have the potential to eliminate a large number of existing High Plains CRP contracts," warns PCG

Executive Vice President Donald Johnson. "If adopted without some consideration for the beneficial effects this program has had on air and water quality and wildlife we could, as a result, erase much of the progress that has already been made and throw away a significant environmental investment."

Johnson notes that PCG staff members have been working with a number of groups, including the High Plains Underground Water Conservation District No. 1 and the National Cotton Council, to convey these concerns, along with recommendations for change, to the Natural Resource Conservation Service and Secretary of Agriculture Dan Glickman.

In comments being prepared at this time, the Secretary is being asked to consider carefully not only the adverse effects that might result on the High Plains, but also the effects in areas adjacent to the High Plains.

"The Conservation Reserve Program has been one of the most successful and beneficial programs ever carried out in the High Plains," con-

cludes Johnson. "It would be a shame to allow ten years of progress to be wiped out unnecessarily."

In another area PCG representatives have been working once-again to fix problems that exist in the current Federal Crop Insurance Program.

PCG officials note that primary areas of focus at this time center on the introduction of a Revenue Assurance-type program for cotton similar to the type currently being evaluated for wheat, updating the mechanism by which quality adjustments are made as well as the on going issue of coverage cost and price elections.

"The federal government has been steadily moving away from the ad hoc disaster programs that have provided producers with a safety net in the past," explains Johnson. "At this time it is important that every effort be made, by both USDA and producers, to develop a dependable crop insurance program that does what it is supposed to do, protect producers from the often harsh economic after-effects of losing a crop."

Glickman announces series of initiatives to expand coverage

Livestock producers need better price information to market their livestock, and hopefully, USDA efforts to expand price reporting will help, according to Monty Teeter, president of the Floyd County Farm Bureau.

Agriculture Secretary Dan Glickman has announced a series of initiatives that will expand the coverage of reported livestock market transactions. The reporting will depend on the voluntary cooperation of producers, feeders and packers.

"Every transaction has two parties," Glickman said. "If producers, feeders and packers are willing to participate, our Market News reporters will have more and better information to report, benefiting everyone in the market."

Glickman added, however, that USDA would need discretionary authority to mandate price reporting if the voluntary method does not work.

Teeter said livestock producers are frustrated about the impact of captive supplies and the loss of price and yield information. The frustrations led Farm Bureau to call for a mandatory requirement that large livestock packers report all cash and contract prices and terms of sales.

"Producers are hoping the USDA actions will help," said Teeter. "Right now, there simply is not enough information on the forces that affect the prices they get for their livestock."

"In loving memory of Koleta LaVella Roberts"

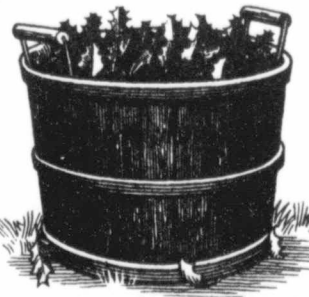

Mom

God saw that she was getting tired
And a cure was not to be,
So he put his arms around her
And whispered, "Come with me."

With pain-filled hearts
And tearful eyes
We watched her fade away,
Although we love her dearly
We could not make her stay.

Lord, keep your arms around her
And in your loving care,
Make up for all she suffered
And all that seemed unfair.

A golden heart
Has stopped beating
Hard working hands are at rest,
God broke our hearts
To prove to us
He only takes the best.

FLOYD COUNTY FARM BUREAU
101 S. Wall, Floydada 983-3777

BOY SCOUT FLAG CEREMONY

The Boy Scouts of Troop 259 in Lockney would like to invite all citizens of Floyd and surrounding counties to see a ceremony in which the American flag will be laid to rest by fire. This type of ceremony is not done very often and is rarely ever watched by the general public. This also gives everyone the chance to bring an American flag that is worn out, torn, or that needs to be retired, and see these Boy Scouts perform a great community service. The event will take place on November 11, Veterans Day, at 7 p.m. at the Wall of Pride in Lockney. Each and every flag that is brought will be retired, no matter how large or small. There will be limited seating for anyone who needs it. In the event of bad weather, this ceremony will be rescheduled for another day. If you have any questions or comments, please call Chuck Afill at 652-3532 or Bill Hunter at 652-2370.

ELECTION RETURN PARTY

An election return party will be held in Randy Hollum's old law office at the N.W. corner of Main and Missouri starting at 7 p.m.

Residents of Precinct I:

I know that I have failed to meet and talk to some residents in Precinct I. This is unintentional. I want you to know that I can, and will, make a good, conservative commissioner if you elect me.

Thanks,

Is Your Name On This List? Is Your Neighbor's Name On This List?

Why Not?

Maybe you are so heavily taxed you have no money for political contributions?

Could it be that politicians stay in office so long they forget who they represent?

Or, it could be that we are just the means to power, and when the big decisions are made that affect all our lives, we just don't count!

From January to June, 1994, when he had no opponent, Pete Laney collected \$278,750.00 from these out-of-district Special Interests. \$500.00 and above.

THE BETTER MEN

"Our country must again have leaders who believe
in our people and are proud of our values.

We need leaders who will summon from each of us the
best of our character, who will call us as nation to
our full potential. I want to be president so I can do this for America.

My mandate as President would be to rein in the federal government
in order to set free the spirit of the American people;
to reconnect our government in Washington with the
common sense values of our citizens; and to reassert American
interests wherever and whenever they are challenged around the world...

"In the last election, the American people sent an unmistakable message to
Washington. With rare clarity, they reaffirmed their faith in themselves and a
healthy amount of skepticism about government...

"I have the experience. I've been tested--tested in many ways.
I am not afraid to lead, and I know the way."

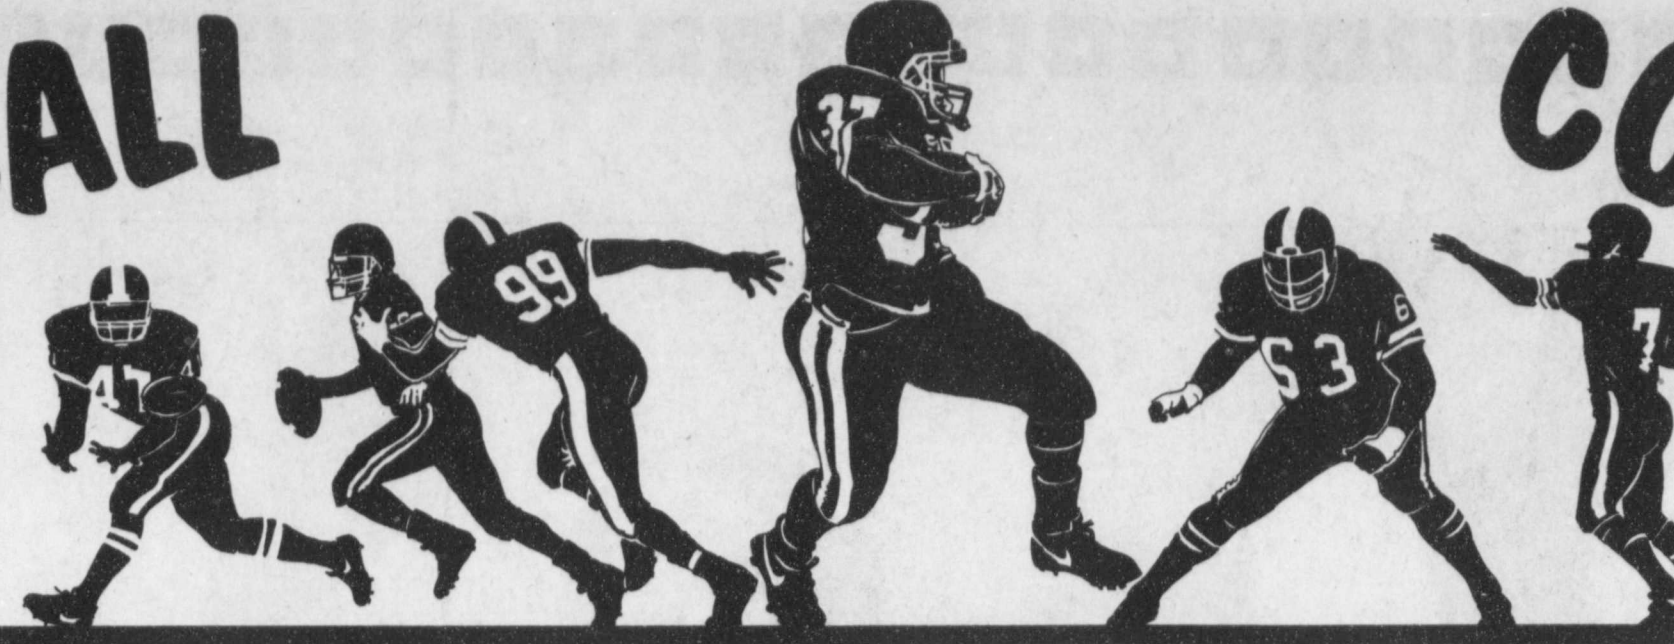

Bob Dole--April 10, 1995
