Massive Hurricane Heads For North Carolina Coast

FIRE DESTROYS BUILDING

A fire about 8 o'clock last night destroyed a former school building which had been moved to the intersection of Avenue R and Gilmore Street in north Snyder for remodeling and use as living quarters. Valued at more than $2,000, the building was unoccupied and uninsured. It was owned by the Evans Estate, firemen said. Cause of the fire was unknown. The picture above shows the burning building soon after the roof and walls had caved in. Firemen returned to the scene about 2 o'clock this morning, and again about 10 o'clock this morning to put out smoldering embers which threatened to start burning again. (Lee Watson photograph)

Over 1,000 To Attend Oil Progress Program

More than 1,000 persons are expected to attend the free oil show to be held at the rodeo grounds at 7 o'clock tonight in connection with Oil Progress Week.

Tonight's activities will get underway at 6 o'clock at the rodeo pavillion with a barbecue. Several hundred tickets for that event had been sold before today.

All except the barbecue is free. The rodeo grounds are west of Snyder, about one and one-half miles on a road which extends west from Thirtieth Street.

Displays will be set up outside the rodeo arena, with some 20 firms showing their equipment and facilities used in oil development.

The show inside the arena will be highlighted by a speech by U. S. Senator Price Daniel. Daniel will be introduced by French M. Robertson, Abilene oil operator and member of the state board of pardons and paroles. During the night's show, C. T. McLaughlin will present $25 savings bond awards to five high school seniors who won an essay contest sponsored by the Oil Industry Information Committee. These awards are being made by the Diamond M Foundation. The students are Myrlene Markham, Patsy Williams, Thomas Rigsby, P. W. Cloud, Jr., and Myrtle Scott.

A big truck rodeo and several demonstrations relating to oilfield work will be presented. Included will be pulling units, acidizing trucks, cement trucks, logging trucks, and perforating units; a first aid demonstration, well connecting contest against time, and other features.

The show was arranged by the Chamber of Commerce oil and gas committee, headed by Bob Wilson.

Sen. Daniel was to arrive at the Diamond M Ranch at 3:30 p.m. There he was to be honored at a reception planned by McLaughlin to permit the senator to meet friends and constituents from the surrounding area. Guests were expected from Midland, Lubbock, Abilene, San Angelo, Sweetwater, Big Spring, Colorado City and other points in this area.

Daniel left Odessa this morning in McLaughlin's private plane. During the day he was to make appearances in San Angelo and Abilene before arriving in Snyder.

New Producer Is Completed In Stonewall

S. C. Herring Drilling Co. of Abilene and Southern Minerals Corp. of Midland No. 1 J. M. Sedberry and others, Southeast Stonewall County wildcat, has been completed as a pumping discovery from the Jud sand.

Operators reported a 24-hour potential of 115.68 barrels of 40.1-gravity oil plus 25 per cent water from perforations opposite the pay at 5,224-244 feet. The total depth is 6,594 feet, with casing cemented at 5,403 feet.

Location for the new producer is 467 feet from north and 660 feet from east lines of Arnold & Barrett survey No. 223. That is one and one-half mile northwest of the Alexander-Lower Canyon field and seven miles southeast of Aspermont.

WILDCATS STAKED

Irion and Schleicher Counties have each drawn location for a new wildcat.

Lynn D. Durham and A. A. (Jack) Bradford of Midland are to drill the No. 1 Van Kueren five miles northwest of Mertzon in Irion County. Drillsite has been set 394.4 feet from south and 2,036.1 feet from east lines of section 24-1-H&TC. Contract depth is 950 feet.

United States Smelting, Refining & Mining Co. of Midland No. 1 T. C. Meador is to be a 7,000-foot Ellenburger wildcat six miles northeast of Eldorado in North Schleicher County. Location is 467 feet from south and east lines of section 59-LL-TC.

GARZA LOCATIONS

O'Quinn & Elkins, Inc., of Midland have announced location for a new 2,650-foot test in the Justiceburg field of Garza County.

It will be drilled as the No. 1

Soviet Okays Trieste Pack

UNITED NATIONS, N.Y. (AP)—The Russians surprised the West again last night by giving an approving nod to the Western-sponsored Trieste settlement. The Soviets had been expected to blast the agreement.

Soviet recognition of the Oct. 5 London Accord dividing the Trieste territory between Italy and Yugoslavia was conveyed in a letter from Deputy Foreign Minister Andrei Y. Vishinsky to the 11-member Security Council.

Noting the agreement was reached as a result of an understanding between Italy and Yugoslavia, Vishinsky said it would Promote the establishment of normal relations between them and thus contribute toward a relaxation of tension in that part of Europe."

In view of this, he continued, "the Soviet government takes cognizance of the above-mentioned agreement."

The Russian acquiesence—apparently part of the Kremlin drive to win new friends and influence more people—was unexpected despite recent Soviet moves to better relations with Yugoslavia's independent Communist regime.

In the past, the Russians have demanded a full say, as signatories of the 1947 Italian Peace Treaty, in any final disposition of Trieste.

Demos Widen Alaska Lead

JUNEAU, Alaska (AP)—Democratic margins over Republican candidates widened steadily today in Alaska's weathervane election and the one Democrat who had trailed in a bid for a territorywide office moved ahead of his GOP opponent.

Late Anchorage returns which gave heavy boosts to all Democrats moved H. J. Lannen ahead of the Republican incumbent, Henry Benson, in the race for labor commissioner. Lannen had trailed through most of the early vote counting.

Lannen's new total from approximately 180 of the territory's 263 precincts was 10,258, compared to 10,006 for Benson. Lannen had been eating steadily away at a lead of 450 votes once held by Benson.

Meanwhile, E. L. Bartlett, incumbent delegate to Congress, stretched his lead to nearly 3-1 over his Republican opponent, Mrs. Barbara Dimock.

Democratic candidates for the Legislature strengthened their hold on 26 out of 28 seats at stake in three of the four divisions, which correspond to congressional districts in the states.

In the remaining far northern area, returns for five legislative seats were not conclusive.

Democrats, relying heavily on the theory that "as Alaska goes, so goes the nation," claimed the landslide win—a direct reversal of the 1952 election — indicated the party would sweep into control of the nation's Congress next month.

Wilson Waves Olive Branch To Critics

By The Associated Press

Secretary of Defense Wilson held out the olive branch last night to those who took offense at his allusion to dogs in a discussion of unemployment earlier this week.

"I am sorry I made inept remarks," Wilson said during an address at a $100-a-plate Republican dinner in Chicago. "I admit that I made a mistake—an unfortunate mistake—bringing up those bird dogs at the same time I was talking about people."

However, he said his remarks at a Detroit news conference Monday were "distorted by our left-wing opponents."

During questioning at that news conference, Wilson talked abut the unemployment problem at some length and said at one point:

"... I've got a lot of sympathy for people where a sudden change catches 'em—but I've always liked bird dogs better than kennel-fed dogs. You know, one who'll get out and hunt for food rather than sit on his fanny and yell."

A hue and cry of protest went up immediately afterward from some Democrats and labor union leaders — and some Republicans as well.

Among those who at first reacted against Wilson was Republican Gov. William G. Stratton of Illinois, who suggested early yesterday that Wilson's scheduled speech to the GOP fund-raising dinner be called off.

However, Stratton decided later to go along with the decision of the dinner sponsors to carry out the program as planned. And as planned, he introduced Wilson, referring to him as "a man big enough to fight against odds of misunderstanding and partisan attack when he believes himself doing his best for his country."

In Denver, the vacation White House termed "100 per cent wrong" a published report that President Eisenhower had persuaded Stratton to go through with his appearance at the Chicago dinner. After Wilson spoke, Eisenhower's Denver headquarters had no comment.

While this was going on, the political pot kept bubbling elsewhere.

Vice President Nixon, speaking in Van Nuys, Calif., said Democratic party leaders offer the voters little but "a thin diet of quips and criticism, fear and smear." He labeled Democratic chieftains "Doom-o-crats."

In Houston, Rep. Sam Rayburn of Texas told a news conference he cannot see where Secretary of State Dulles has changed any of the fundamentals of the Truman-Acheson foreign policy. But, added the House Democratic leader:

"It is being administered in such a way that we have fewer friends in the world than we've ever had."

Front Sweeps Across State

By The Associated Press

A rapidly-moving cool front, harbinger of winter, swept through Texas Thursday and dropped temperatures as much as 10 degrees as it made its fast march.

The Weather Bureau said many Texas points still would have summery temperatures despite the mild cool front. No rain or other precipitation accompanied the change in temperature.

The front was bearing down on the Dallas-Fort Worth area as day dawned and was due to hit the Texas Gulf Coast by nightfall, the Weather Bureau said.

Childress, which had roasted in 100-degree weather Wednesday, had a 59-degree reading at 4:30 a.m. after the front moved through.

The cool front followed record-breaking October heat that occurred at some points in the state Wednesday when Dallas recorded 94 degrees and Wichita Falls reported 98.

Racketeers Ask For Negotiated Terms

By REX THOMAS

PHENIX CITY, Ala. (AP)—Phenix City racketeers have started bargaining for negotiated prison terms rather than face trial before vice cleanup juries which have yet to acquit a defendant.

Seven indicted gamblers, including retired slot machine kings Hoyt Shepherd and Jimmy Matthews, pleaded guilty yesterday and drew penalties ranging from two months in prison and a $300 fine to 30 months imprisonment.

Others still awaiting trial were reported to have sounded out state prosecutors for possible settlements today, including perhaps Godwin Davis Sr. and his tough-guy son Godwin Jr., who once masterminded a $15,000-a-day lottery syndicate.

The panic took seed a week ago after gambler E. L. Cook, who had gone unprosecuted for more than three years, was given life imprisonment for murder. Eleven of the 12 jurors reportedly voted for the death penalty on the first ballot.

Yesterday, the negotiations quickly gained momentum.

Safecracker John Benefield, who has spent 18 of his 44 years under prison sentences and who has been tagged by the National Guard as a "professor of burglary" teaching others his trade, was convicted of possessing burglary tools.

He was fined $100 and sentenced to 12 months, the maximum imprisonment under Alabama law for that offense.

Twenty-four hours earlier, gambler H. C. Harden Jr. entered the first guilty plea of the vice trials and drew a $300 fine and a nine-month prison term.

Harden's abrupt withdrawal of his plea of innocent came after defense attorneys had failed in repeated attempts to get a new jury list for the antirackets trials or get them postponed or transferred to another county.

Two more pleas of guilty came while the Benefield jury was deliberating. J. B. Chancellor admitted guilt in two gambling indictments and put himself at the mercy of the court. His sentencing was delayed until Nov. 22.

Then came honky-tonk operator C. W. Franklin with a plea of guilty on two charges of lottery operation and one indictment charging possession of gambling equipment. He was sentenced to 2½ years and fined $25. Twenty-three remaining lottery counts were dismissed by agreement.

Franklin, ironically, was foreman of a grand jurt last spring which reported no evidence of gambling in wide-open Phenix City.

The climax in the rush to plead guilty came when the reputedly wealthy Shepherd and Matthews tossed in the sponge. They pleaded guilty on two charges of leasing property for gambling and each defendant drew a 90-day prison sentence and $1,000 fine.

Three other pleas of guilty followed in succession.

UF Sets Up Committees

The forming of three major committees of the Scurry County United Fund was started at a meeting yesterday of the organization's board of directors.

The committees are campaign, which must have at least 25 members; publicity, which will have a minimum of five members; and budget, which will have at least 15 members. Those appointed to the committees are now being contacted by officials to see whether they will serve. Hicks Allen, first vice-president of the fund, presided at the meeting.

The committees will start work immediately. The publicity committee will begin a program of public education on the united fund as a central agency for gathering donations for all welfare organizations here. The group will use all news media, as well as many gatherings of other organizations, for the program. The budget committee will begin work with fund organizations here, receive their budget requests, and consider them for the over-all budget. The campaign committee will begin to plan the first annual drive, which will start in November. No definite kickoff date has been set.

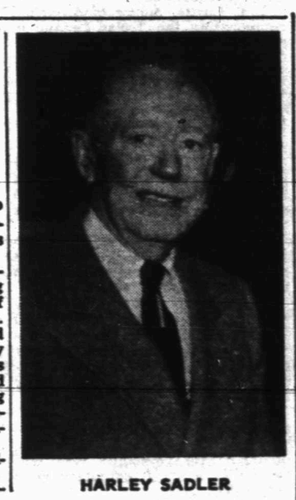

The board will meet again at 4:30 o'clock next Wednesday afternoon. Individual committees will call their own meetings. These are not all the committees which will serve in the united fund. The organization will have several hundred workers each year. The committees now being formed are the nucleus of the fund's major workers.

Four Persons Apply For Absentee Ballots

Four persons have made application for ballots at the county clerk's office here for voting absentee in the general election of Nov. 2.

One of these ballots was cast this morning, and the other three remained out at noon. Two were issued yesterday, and two were issued this morning, including the one cast.

Deadline for honoring applications for absentee ballots is midnight Oct. 29, and ballots for absentee voting must be returned to the clerk's office by 1 o'clock the afternoon of the election day.

HARLEY SADLER

Harley Sadler Dies After Heart Attack

ABILENE (AP)—State Sen. Harley Sadler, 62, of Abilene, died today in a Stamford hospital following a heart attack.

Sadler, an old-time tent show owner and actor, was stricken Tuesday night while judging a talent show in Avoca, near Stamford.

Funeral services will be held at 10 a.m. Friday in the First Baptist Church at Abilene and burial will be at Cameron.

Survivors include his widow, a brother, F. W. Sadler of Dexter, N.M., and a sister, Mrs. W. A. Holt of Haskell.

One of the state senate's most colorful personalities, Sadler served several years in the state house before being elected to the senate from Taylor County in 1952.

He was born Sept. 1, 1892 in Arkansas and came to Jones County in West Texas in 1905. His father was a farmer and grocer.

As a boy, Sadler lived in Avoca and Stamford.

When he was 16, he ran away and traveled with a carnival for several years. He came home and in 1911 entered Reynolds Military Academy at Albany where he studied law for a year and a half.

Then he went back in show business, traveling with various stock companies in the Midwest and Southwest. For a time he played on a showboat on the Mississippi.

His most famous character was "Toby", a country-bumpkin complete with wig and heavy makeup.

In 1919 he and Glen Brunk formed their own company and performed as a comedy team. From 1920 to 1947 he owned his own company and often had many shows on the road at the same time. World War II curtailed the traveling shows and Sadler went into the oil business as an independent operator. He left show business for good in 1947.

In 1942, Sadler entered politics and served three terms as state representative from the 117th district, composed of Mitchell, Fisher and Nolan counties.

In 1948 he moved to Abilene and served one term as state representative from Taylor County before running unopposed for a state senate seat in 1952. He was re-nominated without opposition in 1954.

Navy Invites McLaughlin To Make Cruise

C. T. McLaughlin, Snyder rancher and oilman, has been invited by the Department of The Navy to make a special cruise in the Pacific in November.

The invitation came for Navy Sec. Charles S. Thomas.

McLaughlin will be one of 25 persons who will leave San Francisco on Nov. 3 aboard the USS Essex, an aircraft carrier. The party is scheduled to arrive in Honolulu on Nov. 9.

They will make their headquarters at the Diamond Head Navy Base while inspecting Naval installations in that area.

The return trip to the United States is scheduled for Nov. 16 on the Navy Seaplane Mars.

In his letter of invitation, Sec. Thomas said the cruise had been planned to permit representative citizens from over the country to make first-hand observations of the Navy's role in the nation's defense.

Boys Charged In Truck Theft

A pickup truck was stolen last night from the home of A. E. Smith, 705 Twenty-eighth Street, and wrecked in Abilene, where two military jail escapees were arrested. A joint charge against them was filed here this morning.

The men arrested were Russell Osborn, 18, and Don Ray Chatel, 18, both listed by military authorities in Denver as escapees of a Marine stockade.

A blue 1949 Ford coach stolen at Denver about the time of the escape was found abandoned this morning 20 miles north of here in Garza County.

The Ford-bore Colorado registration plates when stolen but had an Oklahoma license plate numbered 41-4688 when found, officers here said.

Smith said he parked his red 1949 Studebaker pickup in his yard and near his house early last night and that it was still there when he went to bed about 8 or 8:30 o'clock. He said a member of the household missed the vehicle at about 9:30.

Officers at Abilene reported the pickup was driven off a 20-foot cliff there during the night.

Officers of the sheriff's department here planned to go to Abilene this afternoon to return the youths to Snyder.

Robertson Visit Sets Formosans To Buzzing

TAIPEH, Formosa (AP)—Asst. Secretary of State Walter S. Robertson flew back to the United States today, leaving this Nationalist China capital buzzing with speculation on the reason for his brief visit.

In a prepared statement handed to newsmen at the airport, Robertson said he had "examined the situation throughout the Far Eastern area and exchanged views as to means of coping with various problems in the region."

Shivers Pays Sadler Tribute

AUSTIN (AP)—Gov. Allan Shivers said today that the late State Senator Harley Sadler was a "great public servant" whose services will be sorely missed.

Shivers said he would call a special election but all legal aspects of it, such as when, had not yet been determined.

"Harley Sadler was not only a great public servant. He was also a man whose fine Christian influence contributed greatly to the progress of his state," the governor said. "His character and his devotion marked him as a warm personal friend of thousands who will miss him sorely."

Sadler was a master showman who balked at using those talents in the area of serious government.

Known to tent-show fans over the state as an actor who could wring a tear from a turnip, Sadler served several terms in the house quietly and efficiently before being promoted to the senate.

He was especially interested in oil and gas legislation, kept a close watch on water conservation and other measures of special interest to his West Texas constituency.

Sadler's senatorial district took in Borden, Dickens, Fisher, Garza, Howard, Jones, Kent, Mitchell, Nolan, Scurry, Shackelford, Stonewall and Taylor counties.

He was chairman of the Senate Committee on Internal Improvements and a member of aeronautics; agriculture; manufacturing and commerce; finance; insurance; governor's nominations; oil, gas and conservation; public buildings; stock and stock raising.

In 1947, Sadler was urged to run for governor by a combined group of West Texans and a bloc from Southeast Texas who were then unhappy with the late Gov. Beauford H. Jester. Sadler turned it down, saying he wasn't able financially and adding "I am not deceived at the ruthlessness of politicians."

Sadler didn't often make a speech in either the house or senate, but when he did, it was a good one. He worked most efficiently in behind-the-scenes legislative operations, and was considered to be a valuable man on a conference committee when house and senate failed to agree on legislation.

Sadler was renominated for a new four-year term in the Democratic primary last summer.

Velocity Of Wind Reaches 130 MPH

MIAMI, Fla. (AP)—The Weather Bureau raised hurricane warnings in the North Carolina Capes area today and predicted Hurricane Hazel would pass near there late tonight.

The massive storm's top winds have built up to 130 miles an hour, and its forward movement in a north - northwest direction, increased to 23 miles an hour.

Northeast storm warnings were ordered up from the Virginia Capes to Charleston, S. C.

The Bureau said the hurricane was centered about 300 miles east of West Palm Beach, Fla., at 11 a. m.

Walter R. Davis, acting chief storm forecaster, said Hazel would move "very close" to Cape Hatteras but the center probably would pass to the west or landward side.

He said hurricane warnings "possibly would be ordered up over the Virginia Capes by the Washington Bureau later on."

Davis said there must be a "wait and see" attitude at the moment concerning possible threats to the mid-Atlantic and New England coastal areas.

Forward movement of the violent storm is expected to accelerate to 30 to 35 m.p.h. the next 24 hours, the forecaster added.

The Weather Bureau's advisory said the 130-mile top winds were found in a "small area near the center" but hurricane winds extended outward 80 miles to the north and 40 miles to the south. Gale winds (39 to 75 m.p.h.) extended approximately 175 miles to the north and east, and 75 miles to the south and west.

Winds are expected to start building up force on the Carolina and Virginia coasts today and tonight as the storm approaches.

Davis gave this explanation of the hurricane's increased speed and power, as well as its course:

A deep low pressure area inland, moving rapidly eastward, has opened a trough along the Atlantic seaboard which tends to pull the big circular storm irresistably northward toward the threatened Capes area. This suction effect is the basis for the forecast that forward movement will step up possibly to 35 miles an hour later today or tonight.

This situation, Davis said, is somewhat similar to the weather pattern which, in August, pulled hurricane Carol northward to deal a crippling blow to parts of New England. And it was similar too to the general situation which, in mid-September, sent hurricane Edna dangerously close to the same coastal areas.

Today Hazel's 130-mile top winds made it the most powerful storm among the eight Atlantic hurricanes reported this year.

Meanwhile, relief operations began in the storm-stricken Caribbean island republic of Haiti, to which hurricane Hazel dealt a mighty blow early Tuesday in its course from the Caribbean northward to Atlantic waters.

First reports from the U.S. aircraft carrier Saipan, whose helicopters were landing doctors and medical supplies at the ravaged town of Jeremie, indicated the loss of life in Haiti's hard-hit southwest peninsula might be much lighter than was first feared.

The Saipan messaged that hurricane Hazel had destroyed 50 per cent of Jeremie, a town of 11,000.

"Grave digging observed in cemeteries near Moron and Dam Marie," the first fragmentary reports from the carrier said.

A doctor and interpreter who landed by airplane at Jeremie this morning sent back word that no deaths or injuries were reported in the vicinity of Jeremie. The town's hospital was reported damaged but was still functioning with adequate supplies.

Capt. George Holley, Naval public information officer at Guantanamo Bay, Cuba, told the Associated Press by telephone that six helicopter sorties had been flown from the Saipan to the Jeremie area.

Meanwhile hurricane Hazel, which last night veered to a north-northwest course which might threaten the American mainland, passed through the outer Bahama Islands 360 miles east of Miami. The strength it lost in its land passage over Haiti had been regenerated and latest reports showed its top winds were back at an estimated 115 miles an hour.

The big storm's forward movement had stepped up to 17 miles an hour during the early morning hours.

There was no land in its immediate path, and it was more than 500 miles from the Carolina coast. At the moment, it is following roughly the course of hurricane Carol, which dealt a savage blow to New England in August, and hurricane Edna, which sideswiped a long stretch of North Atlantic coast in mid-September.

The Miami Weather Bureau cautioned against unwarranted guesses on Hazel's path during the next several hours. Walter R. Davis, acting chief storm forecaster, said the storm "is in a ticklish position and we are keeping the closest possible watch."

"If present conditions hold good for a while longer," Davis said, the Florida coast stands an excellent chance of being missed by the storm.

AF To Build Fast Bombers

WASHINGTON (AP) — The Air Force has ordered "initial production" of its first faster-than-sound bomber—and possibly the world's first—the Convair B58.

Some experts say the B58, a medium-weight successor to the medium Boeing B47 and the heavy B52, may be the last of the piloted bombers before long-range strategy turns to the intercontinental guided missle.

The first B58 is still under construction behind a high wall in a closely guarded section of the mile-long Convair hanger at Fort Worth, Tex., where the giant B36 heavy bomber was produced. B36 production ended there last summer.

Norther Cuts Reading

A blustery norther brought blowing dust to Snyder this morning and had kept the temperature down to 57 degrees at 7:30 this morning. The overnight low was also 57 degrees, Mrs. D. P. Strayhorn, weather observer said. Yesterday's maximum was 97 degrees.

WEATHER

NORTH CENTRAL TEXAS: Generally fair through tomorrow, cooler this afternoon and tonight, continued cool tomorrow. Lowest tonight 45 to 55.

WEST TEXAS: Generally fair through tomorrow, cooler this afternoon and cooler tonight with lowest 38 to 32 Upper Panhandle and 32 to 43 Lower Panhandle and Upper South Plains.

EAST TEXAS: Partly cloudy through tomorrow, widely scattered thundershowers extreme south portion this afternoon. Cooler tonight and tomorrow. Moderate southerly winds on the coast, shifting to fresh to strong northerly this afternoon.

SOUTH CENTRAL TEXAS: Partly cloudy tomorrow, widely scattered thundershowers extreme south portion this afternoon. Cooler tonight and tomorrow. Moderate southerly winds on the coast, shifting to fresh to strong northerly this afternoon.

Strike Threatens London Bus Service

By HAL COOPER

LONDON (AP)—Bus service in vast, sprawling London neared complete disruption today as the number of drivers and conductors out on a wildcat strike shot over the 12,000 mark.

The normally bustling Thames dock area came to a standstill, meanwhile, under the impact of the continuing three-sided walkout of stevedores and ship repairmen. More than 29,000 of the dock force were idle and 132 ships could not move.

The ever-growing bus walkout by dawn had halted all double-deckers and trolleys on 83 of the approximately 200 routes in the metropolitan area.

On another 54 routes the few available buses whizzed fully loaded past stop after stop while long queues of workers waited hopefully.

Subway trains were jammed with extra riders. Additional automobiles and bicycles swelled the usual downtown traffic jam.

Officials of the state-owned system estimated 2,500 of the city's 7,100 buses did not leave their garages.

Strike leaders called further meetings during the day in an attempt to persuade more of the 43,000 unionied bus operators to join the stoppage, which stems from a long-standing demand for higher pay and better working conditions. Union officials oppose the walkout.

There were signs the dock strike might spread to other British ports, further imperiling the nation's badly needed food and coal supplies and holding up the shipment of vital export goods.

There were three separate strikes in the dock area:

1. A walkout, approved by union leaders, of 7,000 members of the National Amalgamated Stevedores and Dockers, disputing overtime and working conditions.

2. A sympathy stoppage by more than 14,000 members of the rival Transport and General Workers Union, whose leaders have urged them in vain to return to work.

3. Another unofficial strike by 8,000 ship repairmen protesting dismissal of five electricians which they contended breached the seniority rule in layoffs.

School Drama Class Schedules Projects

Several projects are already planned by the high school drama club, which has recently organized with 50 members.

The club will work with the new high school drama class in several presentations during this school year.

Wayne Pevey, speech and drama teacher, said there are 13 students in the drama class. Those students this year must direct at least one one-act play each and act in several of those plays. The one-act presentations will be before the student body, while several will possibly be before the public, Pevey said.

The club's first big project is a play to be presented on the nights of Oct. 25 and 26, "Gold In The Hills." The melodrama will be sponsored by the high school Parent-Teacher Association, and proceeds will go into the PTA budget for this year. Tickets, which will cost 50 cents for adults and 25 cents for students, will go on sale within the next few days.

Pevey's drama class will have 12 students acting in that play.

The drama club has as its president Fred Williams, while Margie Smith is vice-president and Kay Birdsall secretary.

The drama course is offered in the high school for the first time this year, although there have been drama clubs in the school previously.

Pevey, in addition to directing drama work, will have several speech students in declamation, extemporaneous speech, poetry reading, and debate. He plans to organize a debate team in the near future, as well as team students in the other speech arts. Outside the drama class members, there are 24 speech students.

All these arts will be practiced throughout the year, and next spring the students will enter Texas Interscholastic League competition. Between now and then, they may attend one or two high school speech and drama tournaments, which include the same competition as does any district TIL meet.

Pevey said other major plays scheduled for this year at the school are the junior play in December and senior play in March. Those acting in these plays will come from those classes and not necessarily from the drama class.

Quiz Suspect In Slaying

FORT WORTH (AP)—David F. Hagler admitted early today after hours of questioning by officers that he was in Oklahoma over the weekend, near the spot of the bizarre slaying with which he is charged.

The 36-year-old Fort Worth asphalt firm executive was accused in a murder charge filed in Sulphur, Okla., yesterday of killing "John Doe," since the charred corpse found in his ex-wife's station wagon has not been identified.

Agent Steele Westbrook of the Oklahoma Bureau of Investigation disclosed here today that Hagler finally admitted being in the area.

"He admits he was in Oklahoma over the weekend and tells a confused story about driving up there Friday," Westbrook said.

"He said he left his car at a tourist court, came back to Fort Worth by bus, got the station wagon and started drinking.

"He said he picked up two men he didn't know and they drove back to Oklahoma."

Westbrook said Hagler's story was mixed up on details but that he said he was robbed when he returned to Oklahoma and later got the car at the tourist court and drove to Texas.

For hours after he showed up at police headquarters yesterday Hagler insisted that he had not been to Oklahoma recently.

He said he had been drunk the last few days and had been driving around Texas with two men he knew only as "John" and "Joe," whom he met in a bar in Fort Worth Saturday.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Clyde Garrison, 601 Thirty-fourth Street; James W. Beckham, Snyder; Carl W. Smith, route 2; Mrs. Leta Cauble, 612 Eighteenth Street; Jose Cardenas, Hermleigh; Connie Clark, Snyder; D. R. Kight, Hermleigh.

Dismissals: Mrs. John Ashley, Snyder; Mrs. Mary Ruth Oaks and baby girl, 3033 Avenue M; A. B. Cargile, Dermott.

COGDELL MEMORIAL

Admissions: Mrs. Vera Roberts, Las Cruces, N.M.; A. B. Cargile, Dermott.

Dismissals: Walter Dixon, Knapp.

Cuba Charges Seven Following Uprising

HAVANA, Cuba (AP)—Seven persons have been charged with plotting a terrorist attempt to disrupt Cuba's scheduled Nov. 1 presidential elections.

The seven, accused yesterday, were among hundreds rounded up by police following the discovery of bombs and other explosives in the medical dispensary of a public school building. Police said the nationwide arrests were continuing.

Police officials named Rafael Garcia Barcena, a University of Havana professor, as leader of the plot. They said Barcena left Cuba Monday for the United States.

Trial Of Suit Begins

Trial by jury began this morning in the civil district court damage suit of W. J. Ramsey vs. I. A. Sapp, involving collision of their automobiles at the intersection of Avenue V and Thirty - seventh Street.

More than seven million dollars in parking meter fees were collected in New York State communities in 1953.

Highway Need Is Discussed

AUSTIN (AP)—A highway conference that met here yesterday to study Texas highway needs and ways to finance them tentatively set another meeting for early December to try to formulate a workable plan.

The group, called by State Highway Commission Chairman E. H. Thornton Jr., listened throughout the day to numerous proposals for getting started toward a proposed $2,200,000,000 expansion program.

Talked as possibilities were an increased levy on gasoline sales, a weight-distance tax on heavy trucks, and a bond issue.

The gasoline tax proposal appeared headed into rough winds on several fronts.

S. T. Curtis, mayor of Amarillo, representing the Texas League of Municipalities, said a proposed resolution will go before the league next week calling for league opposition to any gasoline tax increase that does not allocate part of the revenue to cities.

Thornton urged Curtis to hold up action on the resolution until a plan can be worked out by the conference.

League adoption of the resolution before then would put a major stumbling block in the path of the conference, Thornton said.

The weight-distance tax was proposed by numerous groups. It attracted no immediate opposition but has been opposed in the past by trucking interests.

Thornton expressed personal opposition to a bond issue, declaring he preferred to spend on the highways the [illegible] that would have to be paid in interest on bonds. He said, however, he would go along with any plan a majority of the conference proposed.

High Court Gets To Work

WASHINGTON (AP)—The Supreme Court buckles down to the work of its new term today, delayed and saddened by the death of Justice Robert H. Jackson.

Jackson's chair and the place where he sat at the bench in the court chamber were shrouded in black.

The court's first real business session was originally scheduled for last Monday, but the court adjourned until after the Jackson's funeral service and burial. Jackson, 62, died of a heart attack last Saturday.

Yesterday, at Frewsburg, N.Y., the eight justices stood by as honorary pallbearers while the body of their late colleague was laid to rest in a small cemetery near his home.

As its first business today the court arranged to admit lawyers to practice and then make public a long list of orders. In its orders it announces whether it has granted or denied hearings on the many appeals filed since the last term ended last June.

Cases which are granted hearings will be scheduled later for oral arguments.

After disposing of orders, the court starts listening to the first arguments of its new term—cases in which the justices last spring granted hearings. The argument sessions will continue this week and all of next week.

Gas Rule Hit By API Head

NEW YORK (AP)—Consumers face a shortage of natural gas because of government regulation of field gas prices, Frank M. Porter, president of the American Petroleum Institute, declared today.

"An evil day is brewing" for the natural gas consumer as a result of the U.S. Supreme Court's decision in the Phillips Petroleum Co. case giving the government authority to control wellhead prices, Porter asserted.

In a talk prepared for delivery at an oil progress week luncheon here, the head of the petroleum industry's biggest trade association said:

"Can you imagine the thousands of gas producers who do nothing but drill for, and sell gas in the field, being subjected to all the controls of a utility company?

"I can think of no better means of drying up the gas supply in this country than attempting to subject the gas producer to federal utility controls."

Porter said people who applaud federal regulation of the producer "do so under the mistaken idea that they will get a regulated low rate for gas. Nothing could be further from the truth. It is immaterial how cheap any commodity may be if the commodity is not available for sale."

Gas producers, he went on, cannot exist on a six per cent return on the investment in their producing properties. The average chance of drilling a well that produces any quantity of oil or gas is about one in nine, he added, and hunting new sources of supply is an expensive and risky business.

OIL

Continued From Page 1

W. L. Cantrell, 330 feet from north and 1,318.81 feet from west lines of section 135-5-H&GN. That is three and one-half miles northeast of Justiceburg and on a 99.88-acre lease. Operations are to begin at once.

In the Post field 10 miles east of Post, Alamo Corp. of Lubbock has staked its No. 1 I. N. McCrary. Location is 330 feet from south and west lines of section 98-5-GH&H on a 80-acre lease. Contract depth is 3,500 feet, with drilling to start immediately.

KENT COUNTY

Stanolind Oil & Gas Co. of Fort Worth has filed application to drill the No. 1-D S. M. Swenson & Sons in the SMS-Canyon sand field 19 miles northwest of Clairemont.

Location is 660 feet from south and west lines of the southeast quarter of section 22-2-H&GN. The drillsite is on a lease of 168.04 acres. Rotary tools are to be used to drill to 6,300 feet.

Sunray Oil No. 2 Reed, also in Northwest Kent County, is drilling in shale below 5,911 feet. Hancock No. 1 Mays is drilling in shale, lime and chert below 6,936 feet.

RUNNELS EXTENSION

The second producer and a one-mile southwest extender to the Service-Crosscut sand field of East Runnels County has been completed at Service Drilling Co. of Tulsa No. 1 W. L. Allcorn.

Operator reported a 24-hour flowing potential of 132.80 barrels of 45-gravity oil, flowing through a 20-64th-inch choke from open hole at 3,277-288 feet.

Location is 330 feet from north and west lines of Richard Brady survey No. 314, six miles southeast of Crews.

SHARON RIDGE

Paul DeCleva of Fort Worth has announced plans to drill the No. 3-A E. T. Strain in the Sharon Ridge 1700 field of Mitchell County. The location is 1,650 feet from north and 330 feet from east lines of section 82-97-H&TC. That is 10 miles northwest of Colorado City. Cable tools are to be used to drill to 2,000 feet.

Ellis Brothers Drilling Co. No. 1 Ellis Brothers has been completed as a new producer in the Scurry County portion of the Sharon Ridge 1700 field.

The well was pumped 24 hours to make 89 barrels of 28-gravity oil with no water. Total depth is 1,771 feet, with casing cemented at 1,730 feet. The open hole was treated with 500 gallons of acid. Location is in section 142-3-H&GN.

DRILLING REPORT

Superior Oil No. 1-537 Mathis, Northwest Scurry project, is preparing to drill the cement out of casing and begin production tests. Union Oil No. 1 Simmons in Northeast Scurry County is drilling in lime and shale below 4,982 feet.

General Crude Oil No. 1 Wolff, North Fisher County wildcat which has indicated as a discovery, is preparing to squeeze off perforations and re-perforate in the Ellenburger to seek oil production with no water.

Ada Oil No. 1 Wright, Howard County wildcat, is drilling in sand and shale below 4,425 feet.

Felony Complaints Go Before Grand Jury

The grand jury began its first day of session this morning in consideration of several felony complaints. The body was impaneled Monday morning and recessed until this morning.

Among cases to be investigated are charges of forgery, theft, swindling, and one charge of murder.

INTERNATIONAL DESIGNERS PATTERN

S-239

by FABIANI of Italy

Italy's Fabiani comes from a family famous for distinctive tailoring for at least two generations. His design today illustrates several points of craftsmanship—the jacket darted and seamed for fashion-conscious fit, the new, slightly lower sleeve with an inserted piece from the cardigan neck to the sleeve edge, and the cut of the jacket sides to make the most of the bosom line. Make it in faille or heavy silk with brilliant buttons, or make it of wool, linen or pique. Size 12 requires three and five-eighths yards of 39th-inch material for the suit and one yard of 39-inch material for lining. To order the pattern, No. S-239, send $1.00 to International Designers Patterns, P.O. Box 993, G.P.O., Dept. SX-13, New York 1, N.Y. Add four cents for handling if paid by check or money order. Be sure to state your hip, waist and bust measurements to receive your proper size.

Mrs. Gene D. Skeen is shown putting mail in one of the 52 rented boxes in the Gail Post Office. She is serving her fourteenth year as postmaster there. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Post Office, Postmaster Have Big Roles In Gail

By ANITA HALL

Mrs. GENE D. SKEEN is the postmaster at Gail and is serving her fourteenth year in that capacity. Prior to becoming postmaster, she taught school for 14½ years. She taught in the Gail school six years of that time. She came to Gail from Morton after her marriage to Mr. Skeen. He was reared in Borden county and is employed by an oil company there.

When Mrs. Skeen took over the post office duties 14 years ago, there were 20 boxes rented. Now 52 boxes have renters. The charge for a quarter year is 50 cents per box.

Fall is the busiest season of the year for her and quite a volume of mail is handled then, she said. She added that the volume of mail has practically doubled since the Gail High School was opened three years ago and that postal receipts for the year 1953 showed a 30 per cent increase over those of 1952.

Mail is delivered to Gail by Star route from Big Spring. It is brought there daily except Sundays and holidays. Some of the people who get their mail there live on ranches 20 to 25 miles from the post office. A round-trip to town to pick up the mail involves driving some 40 to 50 miles for those people.

The post office serves as a gathering spot each morning when Mrs. Skeen is putting up the mail. People waiting to get their mail exchange news, discuss the weather, the drought and various other things, she said. She performs some duties that her job does not require but are important in a community where there are so few telephones. If some resident is wanted for a long-distance phone call, word is passed on to Mrs. Skeen so that she may notify that person if he comes in for his mail. In fact, she said, messages of all kinds and descriptions are left with her to be delivered to specific persons on their appearance at the post office.

QUICK RICH CHEESE SAUCE
. . . made with powdered cream

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5488.

Readers who keep powdered cream on a pantry shelf for use in coffee have asked whether this new product can be used in cooking. Here are two recipes calling for use of powdered cream that are enjoyable.

CREAMY CHEESE SAUCE
4 tablespoons powdered cream
3 tablespoons flour
1 cup water
¼ pound sharp cheddar cheese, grated
1 tablespoon butter or margarine
Salt.

Stir powdered cream and flour together thoroughly in 1 - quart saucepan. Gradually stir in water; use a small whisk, if necessary to mix smoothly. Cook and stir constantly over low heat until bubbly and thickened. Add cheese and stir until melted. Remove from heat; stir in butter and salt to taste.

PIQUANT CHEESE SPREAD
4 tablespoons powdered cream
3 tablespoons flour
⅛ teaspoon sugar
⅛ teaspoon curry powder
1 cup water
½ teaspoon Worcestershire sauce
¼ pound sharp cheddar cheese, grated
1 tablespoon butter or margarine
Salt.

Stir powdered cream, flour, sugar and curry powder together thoroughly in 1-quart saucepan. Gradually stir in water and mix until smooth. Add Worcestershire sauce. Cook and stir constantly over low heat until bubbly and thickened. Add cheese and stir until melted. Remove from heat; stir in butter and salt to taste. Pour into attractive small container; cover and chill.

Party - pretty appetizers are easily made. Put a large spoonful of cottage cheese (the creamstyle kind) on a slice of bologna. Roll the edges of the bologna over to make a cornucopia and fasten with a cocktail pick. Insert a couple of matchstick pieces of pickle in the center of the cornucopia.

Remove seedless grapes from stems and pile in a glass serving bowl. Top with sweetened whipped cream sprinkled with freshly-grated nutmeg or curls of unsweetened chocolate. To make the chocolate curls use a swivel-blade vegetable peeler and have the chocolate slightly soft.

PERSONALS

Mr. and Mrs. Roy Armstrong, 501 Twenty-ninth Street, spent the week end in Dallas visiting Mr. and Mrs. V. C. Rogers.

Cpl. and Mrs. Hays Prince and daughter, formerly stationed at Fort Bliss in El Paso, will arrive here tomorrow to visit Mr. and Mrs. H. D. Yarborough, route 2, and Mr. and Mrs. Romie Prince of Union. Mr. Prince has received his discharge and the family will live here.

Mr. and Mrs. K. W. Keyser, Clairemont road, have recently returned from a visit in Bryson with Mr. and Mrs. Luther Dennings and Mrs. M. L. Keyser.

Mr. and Mrs. John Cothran, Clairemont route, have recently returned from visiting Mr. and Mrs. R. L. Gabbard in Tyler and Mr. and Mrs. A. F. Lyons in Arp. The Cothran's niece, Ona Hill, of Tyler, returned home with them for a visit.

Mrs. Ethel Irvine of Roswell, N. M. is visiting her sisters, Mrs. Clara Morrow, 1303 Twenty-third Street, Mrs. Earl Henry, 3910 Muriel Drive, and her brother, Wraymond Sims, route 2.

Elementary 4-H Club Is New Organization

Ruby Butts, home demonstration agent, demonstrated a one-dish meal, beef noodles, to members of the newly organized Elementary 4-H Club at their meeting Tuesday. Tennie Eades, Junior leader, led the recreation.

Members of the new club are Pat Dunn, Barbara June Floyd, Linda Storrs and Carolyn Ivison. Mrs. C. E. Moore was a visitor.

Quick dessert: Bake a can of ready-prepared refrigerated biscuits according to package directions. As soon as you remove them from the oven split and spread them with butter. Fill them with thawed frozen strawberries or raspberries, spoon a little of the fruit over the top, add big dollops of sweetened whipped cream and serve at once.

ALL IN ONE PATTERN!

Both you and your little girl will be thrilled with this easy-to-make jumper and long sleeved jacket. Dainty blouse in easy slip-on style.

No. 2512 is cut insizes 2, 4, 6, 8. Size 4: Jumper and jacket take only 1½ yds. 54-in. Blouse, 1⅛ yds. 35-in.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra five cents per pattern.

Mr. and Mrs. L. M. Braley, 105 Thirty-fourth Street, have recently returned from Sarepta, La., where they visited friends and relatives. Mrs. Braley's mother and brother, Mrs. Overton Martin and Thomas Martin, returned home with them for a week's visit.

Party Is Given Honoring Rushees

Beta Omega chapter of Epsilon Sigma Alpha sorority of Sweetwater honored its rushees with a Tacky Party Tuesday night at Ballards'.

Mary Pitner won first prize for wearing the best costume. Jo Ann Baker and Norma McArthur won the game prizes.

There was an open discussion on the aims and purposes of the sorority and the organization of a local chapter.

Those attending were Mrs. Ray Armstrong, Mrs. Charles Baker, Mrs. Harland Birdwell, Mrs. Robert J. Boren, Mrs. Raymond Boydston, Mrs. Henry G. Burchett, Mrs. Glen Cox, Mrs. Bill Davis, Mrs. M. Z. Gilbert, Mrs. Hershel Hinshaw, Mrs. Charles Hooser, Mrs. D. L. Horn, Mrs. S. C. Lipscomb, Jr., Mrs. Derl Lovell, Mrs. Bill McArthur, Mrs. C. U. McDaniel, Mrs. Wayne Pitner, Mrs. Charles Swan, Mrs. R. C. Scott, Mrs. Charles Wolfe, Mrs. R. C. Wood, Helen Anita Carr, Mary Lou Davenport and Bobbie Kerley.

Sweetwater members and their guests were Mrs. [illegible] Baker, Mrs. Hugh Cameron, Mrs. Virgil Curry, Mrs. Paul Chesmer, Mrs. Billy Hale, Mrs. Tom Porter, Mrs. Vernon Severtson, Mrs. Bob Wickman, Anita Kennamer and Billie Tittle.

Ira 4-H Club Meets

Officers were elected at a meeting of the Ira 4-H Club Monday at the Ira school. Those elected were Barbara Martin, president; Darla Bryant, vice-president; Lorita Stirling, secretary-treasurer; Eadrea House, Peggy Brown, reporters; Donna Sue Shearer, Lena Faye Farmer, Karren White, recreation leaders.

Mrs. Jim Stirling, Mrs. Sam Martin and Bernice Shearer were elected to serve as local leaders.

Mr. and Mrs. H. D. Yarborough and son, Lyndon, spent the week-end in Brownwood where they attended a reunion of the Myrick family.

Camp-Out Is Planned

Plans were made for an overnight camp-out at a meeting of Girl Scout Troop No. 18 Tuesday afternoon at the Little House.

Troop members decided to hold the camp-out Friday night at the Humble Recreation Hall in Knapp.

Party Is Given

Kathy Ann Masters celebrated her second birthday with a party given for her by her mother, Mrs. Ted Masters, at their home, 207 Thirty-third Street.

Decorations and favors followed the Halloween theme.

Those attending were Valorey Valentine, Benny Garrett, Margurette Holt, Anita Holt, Dorenda Arnold, Steve Holt, Mike Stevens, Kieth Masters, Sandy Mayo, Janet Mayo, Janeal Bassham, Lea Bassham, Mrs. Bill Valentine, Mrs. Erich Arnold, Jr. and Mrs. Bradford Holt.

Mr. and Mrs. Orvil Gill and children of Abilene spent Sunday with Mr. and Mrs. G. W. Allmand and [illegible], 731 Tobin's Street, and Mr. and Mrs. W. F. Allmand and daughter, 2904 Muriel Drive.

Scrimmage And Dummy Drills Highlight SW Loop Practice

By JOE BENHAM
Associated Press Staff

The proverbial dollar won't be any sounder than Rice Institute's Owls this Saturday, Coach Jess Neely says, in spite of the fact that their football field looked like a recovery ward when they worked out Wednesday.

Neely called a halt to the rough work when he found the Owls still shaky from the pounding given them last week by the rugged Wisconsin Badgers. Dicky Moegle and a host of others turned up still bruised and bandaged from the clash.

But there'll be few if any, traces of the aches and pains left when the Owls open their Southwest Conference season against Southern Methodist Saturday at Houston, Neely said. Reserve end John Held, who missed last week's game also, is expected to be the only player not available.

Rice held a dummy scrimmage featuring goal-line stands Wednesday.

Drills at other conference camps ranged from brief contact work at Arkansas and pass defense drills at SMU to a full-scale scrimmage at Texas A&M.

Unbeaten Arkansas worked at half speed in a dummy drill run against a Texas-type offense. Brief offensive contact work closed out the drill as the Porkers prepared to meet the University of Texas Saturday in what Coach Bowden Wyatt called "the toughest contest of the year."

The SMU first team looked sharp to Coach Woody Woodard as he stressed defenses against the pass plays expected to be used by Rice. Quarterback Duane Nutt drew Woodard's praise with three interceptions. Woodard's smile faded when the Mustangs switched to offense, however, and he said improvement was needed in SMU's downfield play.

Pass offense was the key to the Baylor workout as the Bears worked on aerial plays which they hope will score the first passed-for touchdown of the season against Washington. Coach George Sauer had all three Bear quarterbacks filling the air with passes Wednesday in the drill that finished Baylor's heavy work for the week.

Freshman Coach Don Ellis ran copies of Texas Christian plays against the Texas A&M varsity in a scrimmage that pleased Coach Paul (Bear) Bryant. Bryant said his first team looked better than in earlier preparation for the unpredictable Frogs.

TCU's workout brightened when three injured players were reported improved enough that they'll probably play against the Aggies at College Station. Center Hugh Pitts will start and tackle Norman Hamilton and Guard Jay McCullough will probably see action for the Frogs, Coach Abe Martin said. Wednesday work for TCU was split equally between offensive and defensive play.

Texas had two halfbacks out as the Longhorns readied their Split-T attack for single-wing specialist Arkansas. Charley Fowler and Chester Simcik missed the dummy scrimmage which took up most of the afternoon. Scout Marshall Hughes told the Texans to be ready to stop George Walker, the Porkers' sophomore tailback that Hughes says will make Arkansas fans forget Lamar McHan, 1953 all-conference player, by the time he's a senior.

Top Players In Tourney

CORPUS CHRISTI (AP) — Seven former champions, 58 other professionals and a fair number of the state's top amateurs open play here today in the 34th annual Texas Professional Golfers Assn. Tournament.

Tournament trail regulars Fred Hawkins and Jimmy Demaret and former national champion Byron Nelson head the entry list for the 72-hole tourney.

Demaret is seeking his sixth title and Nelson seeks his fourth in the tournament.

Demaret, of Houston, is ranked among the favorites, along with newcomer Shelley Mayfield of Seguin. Both fired 66's yesterday in a pro-amateur event which preceded the main tourney. Mayfield nipped par by five strokes Tuesday with a practice-round 65.

Boyd Huff of Midland matched Mayfield's 65 yesterday.

Jack Clark of Marlin fired 66, along with Demaret and Mayfield, and Jack Bradley of Houston had a 67. Nelson shot a 78.

Hawkins, of El Paso, is defending champion. He had a 69 yesterday.

Clark won a share both in the pro-am and in a pro-pro event yesterday, joining Peter Dunne for a best-ball score of 61 in the pro-am and teaming with Chuck Klein for another best-ball 61 in the pro-pro.

Southwest Conference Attendance Is Same

DALLAS (AP) — Attendance in Southwest Conference football is virtually the same as last year. The difference is a bare 105, meaning 1953 drew only eight more per game.

A survey of the conference schools showed 12 home games drew 368,299 last year and the same number of games have pulled in 368,194 this year. Rice, Texas, Southern Methodist and Baylor had gains. Rice has 9,500 more, Texas 8,700, Southern Methodist 500 and Baylor 100.

With 25 more home games to play this season, the conference is almost certain to draw more than 1,000,000 fans again.

Jinx Hits Molter

SAN MATEO, Calif. (AP)—The jinx that has been pursuing Kentucky Derby winner determine caught up with the little grey colt yesterday to knock him out of the International Turf Race at Laurel, Md., Nov. 3.

Trainer Willie Molter announced his champion had popped a splint in the shin bone in training this week.

Wisconsin Gets Nod, Texas, Duke To Win

By HAROLD CLAASSEN

NEW YORK (AP) — Bob Zuppke, onetime Illinois coach, once described a football as a prolate spheroid filled with crazy bounces. And a Cornell president once described the game as employing 22 healthy athletes to agitate a bag of wind.

After studying last week's predictions and results, there is general agreement with both definitions. There were 36 correct picks hidden in last week's list of 51 games. That's an average of only .706.

The season's figures are 135 right, 46 wrong for a .746 average.

This week's picks:

Oklahoma over Kansas: The Sooners have completed the rugged part of their schedule and now have overconfidence and Colorado to fear.

Wisconsin over Purdue: Probably the day's most violent struggle. The Badgers are picked because they have Ameche, Miller and the hometown crowd on their side. Purdue counters with Len Dawson.

Oregon over Southern California: George Shaw, the country's busiest back, plays for Oregon. Trojans generally have trouble in the Northwest. The day's TV feature.

Duke over Army: The Cadets saved their 1953 victory in spectacular fashion. This time the Dukes get the duke.

Texas over Arkansas: Arkansas has won three in a row but the honeymoon ends abruptly.

Notre Dame over Michigan State: Too much of everything at Notre Dame. The Rose Bowl champions have lost most of their thorns.

Navy over Pittsburgh: Coach Red Dawson's illness may inspire the Panthers but the Sailors appear too good.

The others—without comment:

FRIDAY:

Boston College over Fordham, Detroit over Villanova, Miami over Mississippi State.

SATURDAY:

East: Penn State over West Virginia, Rutgers over William & Mary, Temple over Bucknell, Yale over Cornell, Princeton over Brown, Harvard over Columbia, Boston University over Syracuse, Colage over Dartmouth, Holy Cross over Marquette, Penn over George Washington.

South: Virginia Tech over Richmond, Kentucky over Florida, Mississippi over Tulane, Vanderbilt over Gerogia, Furman over the Citadel, Texas Tech over Louisiana State, Maryland over North Caolina, Florida Stata over North Carolina State, Alabama over Tennessee, Virginia over Virginia Military, Georgia Tech over Auburn.

Midwest: Minnesota over Illinois, Ohio State over Iowa, Colorado over Kansas State, Indiana over Missouri, Nebraska over Oregon State, Michigan over Northwestern, Oklahoma A & M over Houston, Kansas State over Tulsa.

Southwest: Baylor over Washington, Rice over Southern Methodist, Texas Christian over Texas A&M.

FAR WEST: UCLA over Stanford, Wyoming over New Mexico, Utah over Denver, Culifornia over Washington State, Montana over Utah State, Arizona over Idaho.

ABOVE THE BLEACHERS

By DALE WALTON

The average of our staff of winner-pickers in high school and college football games isn't getting any better.

After the fifth week of picking, the eight pickers weekly have a combined total of 369 picks right out of a total of 568. That gives us a .649 batting average.

The most right answers any of the eight pickers had last week was 11 out of 18. The upsets of the week included Hobbs over Robert Lee, TCU over USC, and Midland over San Angelo.

Guest picker this week is Wayland Holt, county attorney. Last week's guest was Charles Duran. Others have been Bob Crowell, Clyde Godwin, Bill Morgan, and Malven Stevenson.

For the season, percentage figures on guessing are: Walton 70.4, McNair and guests 69.0, Feather and Eckstadt 64.7, Watson 63.3, Gregg 60.5, and Pope 57.7.

* * *

Kenny Ford, freshman quarterback at Hardin-Simmons and former leader of the Breckenridge Buckaroos, shows up well in game statistics so far this year.

Ford ranks sixth in the nation with 29 completions out of 54 passes. Three of those passes have scored. All his passes have gained 316 yards. He has intercepted one pass this season.

Ford's team goes to Cincinnati this week to meet the team which is undefeated in four games. Its wins were over Detroit, Dayton, Tulsa, and Marquette.

* * *

Vernon's passing attack was what beat plainview last week, according to the Bulldog coach, Don Mouser. Mouser points out that the Plainview line held Vernon to 80 yards rushing but that pass defense was weak. Plainview has a passer, too, but the Vernon pass defense was clicking and held the Bulldogs to only two completions.

The Lions may use the same thing in Vernon against Big Spring tomorrow night. Big Spring probably can't fight back much except on the ground, and the Steers are noted for their ground attack. Passing might get the best of them, though. Vernon made 180 yards passing against Plainview. Big Spring tried four passes against Lamesa but didn't complete a one.

* * *

Quarterback Club members this week set the first Tuesday after Thanksgiving, the night of Nov. 30, for their big barbecue for members of all five school football teams. Those teams are the varsity, B team, freshman, eighth grade, and seventh grade.

More definite plans for this event will be made in future meetings of the club. The group meets each Tuesday night.

Buckies Have Easy First

DALLAS (AP) — Breckenridge seems to have less trouble every week in holding the Dallas Morning News rating of the state's best Class AAA schoolboy football team.

Texas writers made the Bucks unanimous choice for first place in this week's poll, which saw Lufkin take over second place and defending champion Port Neches drop to third. Nederland, a Class AA power, beat Port Neches last week.

The top ten:

1. Breckenridge
2. Lufkin
3. Port Neches
4. McAllen
5. Garland
6. Big Spring
7. Texarkana
8. Palestine and Austin McCallum (tie)
10. Nacogdoches

The second ten includes Kilgore; Corsicana; Sweetwater and Victoria (tie); Grand Prairie and Sherman (tie); Vernon; San Antonio Alamo Heights; Lamesa, and Alice.

Houston Meets Free China In Cage Event

HOUSTON (AP)—Houston faces Nationalist China and Winnipeg, Canada, plays Manila, P.I., tonight in the opening games of a two-day international basketball tournament.

Winners of tonight's double-header will play tomorrow night.

The foreign squads are en route to Brazil to play in a world championship tournament Oct.23-Nov.4.

Basketball Clinic

DENTON (AP)—Coaches and players from 163 high schools are expected here Saturday for a girls basketball clinic at North Texas Texas State College.

Michigan State has a whiz of a pitcher in sophomore Eddie Hobaugh, of Fort City, Pa. He has five no-hitters to his credit.

Sugar Ray Robinson To Announce Plans

NEW YORK (AP)—Sugar Ray Robinson, former welter and middleweight champion, who has been talking about making a comeback, will announce his plans at a press conference tomorrow and the rumor is that he'll be back fighting before long.

Less than a week ago, his manager George Gainford said Sugar Ray might come back to earn enough money to sponsor an around-the-world song and dance show. Robinson has spent the last 28 months in show business.

Texarkana May Get Back Into Pro Ball

TEXARKANA, Tex. (AP)—Texarkana may return to professional baseball next season.

This city has been invited to join the Cotton States League at its meeting Sunday at El Dorado, Ark.

8th Grade, Frosh Play Here Tonight

Two Snyder football teams will be hosting teams from Stamford at 6:30 and 8 o'clock tonight in the Tiger Stadium.

Playing in the 6:30 game will be the eighth grade, while the freshman team will meet its opponent at 8 o'clock.

The eighth grade now holds a 4-0 record for the season and has not been defeated in two years. It had scored 137 points to opponents' 18, an average of 34-4 per game. The squad has downed Coahoma 43-0, Big Spring 35-0, Sweetwater 26-6, and Lamesa 33-12.

Jimmy Allen is still leading scorer for the team with 58 points, with Roger Hensley following with 24, Mickey McGrew, 18, Richard Mahan 18, Jerry Procter seven, Gale Courtney six, and Johnny Drake six. Defensively, leaders are Wendell Norris, Gene Williamson, Billy Rinehart, and Larry Dodson.

The frosh have won one game and tied one. The win was over Sweetwater 31-6, while the tie was 27-27 with Lamesa. The team has scored 58 points to opponents' 33.

Leading scorer for the team is Bud Morgan with 19 points, followed by Bobby Staton with 14, Israel Hinojos with 12, Arnold Dorman with seven, and Dean Staton with six. Defensive standouts for that team have been James Patterson, Maxey Carey, Bill Jennings, and Dorman.

North Texas Faced With Toughest Game

DENTON (AP)—North Texas State will play Chattanooga for the fourth time Friday night in Chattanooga, Tenn., and prospects for an Eagle victory aren't so bright.

The Moccasins last week played strong Tennessee even for 55 minutes before losing 20-14.

The performance of Dick Young in scoring all of the Chattanooga points brought him Little All-America mention.

North Texas State wrapped up Hardin-Simmons 20-7 last week but suffered the third serious injury in as many games. George Veit, starting guard, suffered an ankle sprain and may not be able to play against Chattanooga.

Fullback Gene Bahnsen also is still on the injury list.

Mustangs Figure On Rough Game Friday

The Sweetwater Mustangs are figuring on having a rough game with the Snyder Tigers in Sweetwater tomorrow night and are now in the midst of gruelling preparation drills for the game.

Scouts for Sweetwater who have been watching the Tigers this year reported that they had seen a "fine, well-balanced ball club." An assistant coach watched one game the Tigers had, while Pat Gerald, head coach, made one game.

Reports back at Sweetwater after those games were that the Tigers had a backfield of power and speed and that the line could be tough.

Since watching the Tigers the Mustangs have taken plays seen used by the Snyder team and gave them to the B team, as is the custom. They have been drilling against that team and those plays all week.

The Mustangs are not yet ready to take the Tigers for granted this time, as they did last year when they were defeated on the Snyder field.

Back at Snyder, coach John Conley is readying the Tigers to give Sweetwater's eleven the rough game it has expected, if not a rougher one. The favorites do not always win, so that leaves plenty of room for the Tigers to work.

The Snyder team fell to Levelland 13-6 last week but gave the Lobos a rougher time than many persons in the district expected. Three times besides the time they scored the Tigers got good drives started. A fumble, a pass interception, and time running out at the half stopped those drives.

Here's what the Tigers have done in their four games so far this season.

Rushing — Gerald Crawford, 365 yards in 36 carries, average 10.1 per carry; Joe Baxter, 306 in 51 carries, average five yards; Jack Spikes, 280 in 46 carries, average 6.1; Jimmy Bennett, 126 in 18 carries, average seven yards; Bernie Hagins, 34 yards in 12 carries, average 2.8; Carl McDaniel, 12 yards in four carries, average three yards; Powell Berry, 11 yards in two carries, average 5.5.

Passing — Berry, nine out of 17 passes, 52.9 per cent, for 172 yards, average 19.1 yards per pass, and for two touchdowns, two intercepted; Hagins, five out of 17, 29.4 per cent, for 152 yards, average 30.4 yards per pass, and for one touchdown, two intercepted.

Pass receiving — Alan Snead, three for 117 yards and one touchdown, average 39 yards per catch; Bennett, three for 78 yards and one touchdown, average 27 yards per catch; Don McNew, three for 36 yards, average 12 yards per catch; Milton Ham, two for 55 yards and one touchdown, average 27.5 yards per catch; Crawford, two for 24 yards, average 12; Baxter, one for 14 yards.

Passes intercepted by — Berry two, Baxter two.

Scoring — Crawford six touchdowns, Spikes three, Bennett two, Baxter, Snead, Berry, and Ham one each. Extra points, Frankie Minton four out of 11 for 36.3 per cent, Steve Blair one out of four for 25 per cent.

Punts — Snead, 16 for 31.5 yards average; Baxter two for 30 yards average.

Punt returns — Spikes, four for 21 yards average; Baxter, six for seven yards average; Berry, two for 14 yards average; Snead, one for five yards.

Kickoffs — Spikes, 12 for 43.3 yards average; Minton, four for 46.2 yards average; Snead, two for 55 yards average; John Partain, two for 47.5 yards average.

Kickoff returns — McNew, three for 13.6 yards average; Crawford, one for 29; Baxter, one for 16; Snead, one for six; Berry, one for one.

Fumbles — Hagins five, Spikes three, Baxter three, Crawford three, McNew one, Bennett one, Berry one.

Fumbles recovered — Hagins four, Bennett four, Minton three, Blair three, Shorty Grimmett two, Doug James one, Baxter one, Ham one.

Athletics Won't Get Manager For Awhile

By BEN PHLEGAR

NEW YORK (AP)—Arnold Johnson is going to defer naming a general manager and field manager for his new Kansas City Athletics until he officially gains possession of the franchise.

The formal shift in ownership from the Mack family to the Chicago financier is supposed to take place sometime before 10:30 a.m. Monday. The deadline was set by the American League owners Tuesday when they approved the move from Philadelphia to Kansas City.

"I don't know just what the procedure will be," Johnson admitted in an interview late last night in a suite atop a midtown Manhattan hotel which he owns.

"I assume the Macks will get in touch with the league and that the league will get in touch with me so that I can give somebody the money," he said. "I notice someone said they'd never seen anybody have so much trouble spending three million dollars. It's been just as hard to spend the $375,000 that goes with it."

Even today rumblings continued in Washington, where Calvin Griffith, vice president of the Senators, claimed the franchise shift was still not official.

Discussing the Chicago meeting, Griffith said:

"A vote was taken, but the Washington club and others do not consider it final. No mention was made of specific provisos we entered and any announcement that we favored Kansas City is full of misunderstandings."

Griffith said the Washington, Boston and Detroit votes are enough to stop the move "and that may still be done."

In Chicago, League President Will Harridge had no comment on Griffith's statement.

Johnson flew to New York from his Chicago home last night with two other executives of the Automatic Canteen Co. of America, of which he is vice chairman.

In discussing the club, he said his first move is to get work started on doubledecking Blues Stadium in Kansas City.

SPORTS

Unbeaten Teams In 3 Schoolboy Games

By HAROLD V. RATLIFF
Associated Press Sports Writer

Texas schoolboy football hits the high spot of the campaign this week with important conference games dotting the schedule from top to bottom. In three instances unbeaten teams clash.

Most of the 82 undefeated elevens have tough games and prospects are that the list will be trimmed to about 60 when the firing ceases Saturday night.

There are no battles between undefeated, untied teams in the upper echelons but these classes—AAAA and AAA—card some of the most important clashes of the year.

District 1 has Abilene at Odessa and Amarillo at Midland as the headliners, these games matching teams unbeaten in conference play. In the Dallas distrcit Adamson and Forest get together and in District 8 Baytown meets Galena Park. These four teams are in the same category.

Class AAA features Big Spring at Vernon in District 1 and Victoria at Alamo Heights in District 7, while the major game of Class AA sends Edcouch-Elsa against Mission.

Class A has leaders battling it out in nine districts. Panhandle is at McLean in District 1, Happy at Springlake in District 2, Hale Center at Petersburg in District 3, Seagraves at Stanton in District 4, Holliday at Crowell in District 9, Kaufman at Rockwall in District 12, Hughes Springs at Taleo in District 14, Quitman at Edgewood in District 15 and Deer Park at Santa Fe in District 26.

The only game matching undefeated, untied teams is in District 19 of Class A where Groveton meets Corrigan. However, in the same district, unbeaten, untied Trinity plays undefeated but once tied Woodville.

In Class AA LaMarque, undefeated and untied, meets Alvin, unbeaten but tied, in a District 27 conference game of much interest.

None of the top favorites appears in danger. Port Arthur, rated at the head of Class AAAA, plays weak Orange. Breckenridge, the No. 1 team of Class AAA, gets winless Plainview.

Nederland, the acknowledged front-runner of Class AA, has an open date. Paducah, probably the outstanding team of Class A, plays lightly regarded Lockett.

Trabert To Meet Champ

MEXICO CITY (AP) — Davis Cup netter Tony Trabert of Cincinnati today meets Mexican national champion Mario Llamas to fight it out for the men's singles championship of the 13th Pan American Tennis Tournament.

Two other finals matches also are scheduled.

Trabert pairs off with U.S. national champion Vic Seixas of Philadelphia against Sweden's Sven Davidson and Lennart Bergelin for the men's doubles championship.

Darlene Hard of Montebello, Calif., and Dorothy B. Chaney of Santa Monica, Calif., tangle with Mexicans Maria Roldan and Martha Hernandez for the women's doubles trophy.

Yesterday, Trabert beat Davidson 9-7, 3-6, 6-3, 6-4 to enter the finals against Llamas, who earlier had defeated Art Larsen of San Francisco.

The Cincinnati Redlegs turn over about 1,500 used baseballs a season to youngsters in amateur baseball leagues.

Wilson Now In A Position To Learn Good Lesson In Politics

By JAMES MARLOW

WASHINGTON (AP)—Although he acknowledged this week he has not learned anything about the "arts and science" of politics after 20 months in Washington, Charles E. Wilson has now put himself in politics up to his neck.

A political fumble earlier this week didn't put him long on the defensive. Last night he frankly conceded he had been "inept" but followed this with a blazing attack on the Democrats, who, in the middle of an election campaign, are hardly likely to ignore his remarks.

Wilson, 63-year-old millionaire and former president of General Motors, never ran for public office. He got his present job—secretary of defense—through appointment by Eisenhower.

Merely by accepting such a job Wilson involved himself in politics to a certain extent.

It would seem then that Wilson could make his own decision — whether merely to reply to the criticism or jump actively into politics by lashing back at the Democrats—unless the administration asked him to jump in.

How Wilson arrived at his decision is not publicly known. But in he jumped, and with a memorable splash. This was Monday night at Detroit, where Michigan's Republican senator, Homer Ferguson, is battling for re-election.

Ferguson and Wilson are old friends. Wilson, in a public speech, plugged for Ferguson and all the Michigan Republicans running for Congress.

Detroit, of all cities in the United States, would seem to be the one where Wilson's words might be expected to have the most influence. There he had worked for years in the headquarters of General Motors. The workers knew him well, if not personally, at least through their union.

Since there is unemployment among Detroit auto workers, Wilson was questioned about it at a news conference there. Offhand, he said:

He had sympathy for people caught in a sudden change but always liked bird dogs, "which get out and hunt for their food," better than kennel-fed dogs which "sit on their fanny and yell."

Democrats and some Republicans hopped him at once for talking about dogs and people in the same breath. He explained he had meant no harm. Eisenhower and some other Republicans said they were sure he hadn't.

As the storm got worse, Wilson began to look like a liability for the Republicans. Another man might have offered an explanation and retired from politics. Not Wilson. He jumped back in last night in Chicago.

He said his reference to dogs and people at the same time was "inept" but quickly said his remarks had been distorted "by our left-wing opponents" and then tore into the Democrats.

Since one word leads to another in politics, and the Democrats have no lack of words, before this campaign is over Wilson may know more about politics than he thought he could ever learn.

County, School Taxes Begin To Trickle In

Slightly less than one-twentieth of the total assessments of state, county, and Snyder school district taxes for the current season have been collected this month.

Since the collection period began Oct. 1, the county tax assessor-collector, Jim Ikard, has received payments totaling $59,037. This figure is 3.4 per cent of the total assessment of $1,717,555 for both county and state taxes. The tax rate is $1.50 per each $100 valuation of property. The county's part of this rate is $1.08, and 42 cents of the combined rate is that of the state.

Both county and state taxes are assessed on all real property except homesteads, which are exempt from state assessment. The total valuation set by the county government is $114,984,179.

Last year, the county tax assessor-collector's office collected about 96 per cent of the total assessment. Governmental budgets are usually based on expectancy of 90 per cent collections.

The school district has collected about $90,000 of its assessment of $1,454,018, based on a tax rate of $1. The total valuation of taxable property in the district is $145,401,813. The total of collections so far this season represent about six per cent of the assessment. H. W. Scarborough, assessor-collector, collected about 98 per cent of last year's assessment.

Marilyn Is Now Used For Target Practice

LOS ANGELES (AP) — Two men were sued yesterday for $92,500 damages as a result of rifle practice in which, incidentally, they used a picture of Marilyn Monroe as a target.

Sheldon Burman and Herbert Levy explained that they considered the movie beauty's curves a more interesting target than the conventional bull's-eye.

The plaintiffs, Fred and Peter Kassler and Alfred Rich, allege they suffered shock and bruises getting out of the way of shots they said came through the wall of their refrigerator shop.

Because the complaint failed to state the nature of their injuries, they were given additional time to amend it.

Sally Rand Files Bankruptcy Petition

LAS VEGAS, Nev. (AP)—Fan dancer Sally Rand filed a petition in bankruptcy yesterday listing among her $950 assets four used fans valued at $25 each. She reported liabilities totaling $2,047,380.15.

Her lawyer, Dave Zenoff, said most of the liabilities involved a two-million-dollar- suit against her growing out of a corporation dispute.

Italian Actress Says She Won't Change

HOLLYWOOD (AP)—Italian actress Anna Magnani, here for her first American movie, says Hollywood can dispense with any idea of glamorizing her.

Miss Magnani, one of Europe's top film attractions, said yesterday she has no interest in clothes, and as for romances: "Alas, I have none."

Won't Budge Without Kids

BURBANK, Calif. (AP) — Susan Hayward, denied court permission yesterday to take her twin sons on a movie location trip to Hong Kong, says she won't go without them.

The actress had said from the witness stand: "I don't think a mother should be away from her children for long, and the trip would help broaden the boys' education." She won custody of 10-year-old Timothy and Gregory in a bitterly contested divorce trial last May.

Superior Judge Herbert Walker sustained the contention of her former husband, actor Jess Barker, that Hong Kong is not a safe place for the children. Barker's lawyer, S. S. Hahn, argued that Hong Kong is "a dangerous place infested with Communists and disease."

Studio officials, who testified the boys would be given first-class accommodations if allowed to go, had no comment on Miss Hayward's assertion she wouldn't leave without them.

City Tax Payments Off To Slow Start

City tax collections for the first 12 days of the pay period which began Oct. 1 are lagging behind the collections for the same period of last year, J. D. Scott, tax assessor-collector, said.

A total of $11,279.20 had been collected through Tuesday Scott said.

For the same period last year collections totaled $15,407.85.

The city, prior to last year, allowed discounts as enticement for early payment, but that practice was discontinued last year. No discount is allowed this year.

Although for this year may be paid now, there is no penalty for late payment until February 1, 1955.

Mrs. Astaire Left Most To Her Son

LOS ANGELES (AP) — The late Phyllis Astaire, wife of dancer Fred Astaire, left most of her estate in trust to Fred Jr., 18, and Phyllis, 12, with the income to go to the dancer for the children's benefit.

Left to Astaire were his wife's personal effects and her share of their Beverly Hills home and Chatsworth ranch.

Mrs. Astaire, 46, died of cancer last Sept. 13.

Month's Fines In City Court Total $1,147

Fines collected in corporation court last month from a total of 401 persons fined totaled $1,147.75, the report of Walter C. Suttle, police chief, shows.

Of the 401 fines assessed in corporation court, 375 were for traffic violations on a total of 421 violation tickets issued by traffic officers. Forty-six traffic violation [illegible] were dismissed, and a total of 123 traffic cases are now pending. Some of the cases now pending were held over from previous months.

Twenty-six non-traffic fines were assessed by the court from a total of 49 arrests made by policemen during the month. Eight of the non-traffic cases were dismissed, and one is pending hearing by the court at the present.

There were 10 automobile accidents in which no injuries were received during the month.

Traffic violation fines totaled $29.75, and non-traffic violation fines totaled $618.00, of which $40 was served by the offenders in the city jail.

A break down of the various traffic offenses charged in the court last month shows that there were: 11 stop sign violations on which fines totaling $14 were assessed; nine red light violations with fines of $36; nine speeding violations with fines of $50; one negligent collison with fine of $5; 20 cases of unlicensed drivers with fines of $40; eight contests for speed with fines of $85; three cases of miscellaneous hazards to traffic with fines of $30; two cases of miscellaneous non - hazardous violations with fines of $2; 354 parking violations with fines totaling $200.50; two excessive noise violations with no fines assessed; $67.25 collected as fines for the first hour penalty for over parking; two cases of double parking of which one was dismissed and the other was not filed in the court.

Intoxication led the list of non-traffic violation charges in the court with a total of eight intoxication charges on which there were $58 in fines assessed.

Other non - traffic offenses and the fines were: four disturbance, fines totaling $30; two soliciting, fines totaling $2; two intoxication and disturbance, fines totaling $49; nine intoxication in automobile, fines $429; one intoxication in public place, fine $42; three dog pound fee violations with fines totaling $8; and six persons released to the sheriff's custody on charges of driving while intoxicated, and swindling by worthless checks.

City Water Consumption Eases Back From Peak

Water consumption in Snyder continued high through last month when a total of 46,322,400 gallons of water was used here, Charles Duckworth, city secretary, said.

Although last month's consumption was far above the average monthly consumption for the year, it was considerably below the peak consumption month this year when 62,274,700 gallons of water was used in July.

The consumption for summer months this year was: May 29,013,011; June 54,590,300; July 62,274,700; August 54,344,600; and September 46,322,400.

Briton Kills Himself Over House Problem

LONDON (AP)—Edward Alexander Pilgrim hanged himself in his garden shed two weeks ago—and touched off a storm inside Prime Minister Churchill's Conservative party.

Pilgrim, a 49-year-old engineer, killed himself in despair because he was running into debt paying for a plot of land condemned for municipal housing.

He paid 450 pounds for the site adjoining his bungalow four years ago. Then the local Council stepped in and took over. They paid Pilgrim 65 pounds for the site—but he had to go on paying 55 pounds a year to the land loan society on his mortgage. Pilgrim was earning 10 pounds a week. (The pound is officially worth $2.80.)

After battling with the Council for increased compensation for more than six months, Pilgrim gave up.

"It was a kind of gesture," his widow said at the inquest. "Getting payment for the land became an obsession with him."

The story exploded in the British press as an example of the worst kind of government action. Thousands of letters were written to newspapers asking, "Is an Englishman's home no longer his castle?" Lord Beaverbrook's mass circulation Daily Express made "the Pilgrim case" a front page issue and engaged a lawyer to seek a review.

Other newspapers cited the case in demands for reforms in the government's condemnation powers.

At last week's Conservative party conference, speaker after speaker lambasted the government for "state brutality."

Housing Minister Harold Macmillan explained it was liable to a "development charge" instituted by the Labor government, under which the state collected revenue on land improved by building.

"The tragedy of this man," he said, "is that by bad advice, or through being misled, he bought something at a value far above what it stood in the market under the law as the law then stood."

The development charge scheme was later dropped by Churchill's government.

Macmillan said he is making certain such a case could not occur in the future. He has introduced legislation revising the state's take-over powers and providing compensation clauses for special cases.

Nixon Highlights Series Of Speeches

By CLAYTON HICKERSON
Associated Press Staff

A series of speeches and public appearances in Texas this week by office holders was highlighted Thursday by Vice President Richard M. Nixon's 14-hour stint in Houston.

Nixon was a speaker Thursday afternoon before the convention of the National Assn. of Retail Druggists, held two press conferences, attended two receptions, and then addressed a $100-a-plate dinner attended by some 1,000 Republicans.

The vice president has been on a tour of the nation in the interest of another Republican Congress. He followed by a few hours Rep. Wright Patman of Texarkana on the druggists' rostrum and by a day Rep. Sam Rayburn, the House Democratic Leader from Bonham.

Rep. Albert Thomas, veteran Houston Democrat often backed by labor in his re-election campaigns, is opposed in the general election next month by Republican Bill Butler. GOP National Committeeman H. J. (Jack) Porter has said that the Houston district is one in Texas where Republicans have a "good chance" of winning a seat.

Others making appearances in Texas this week include junior U.S. Senator Price Daniel of Liberty, Texas Atty. Gen. John Ben Shepperd of Gladewater and Gov. Allan Shivers.

At the Permian Oil Show in Odessa Wednesday night, Daniel told Texas oilmen they should organize better public relations "so that people away from Texas will understand and appreciate the truth about this vital industry."

"The trouble," he said, "is that the Northern and Eastern writers and commentators play up and exaggerate every foolish and excessive act of a Texas oil millionaire, while nothing is ever said of the thousands who contribute their time and money to humanitarian causes and the betterment of their state and nation."

Rayburn told Houston reporters Wednesday that the Eisenhower administration was cutting the throat of small business with inadequate loans. He told a press conference he did not see how the "present situation" could change enough between now and the general election to prevent the Democrats from winning House control by from 20 to 40 seats.

Later, Rayburn told the druggists: "The Republicans have only apportioned one million dollars of the 97 million we asked to prime business and only one hundred thousand of that million has drifted through to small business."

Atty. Gen. Shepperd, speaking in Edna, Tex., at the dedication of Jackson County's new courthouse, attacked a recent U.S. Supreme Court decision in the Phillips case. The case brought a ruling from the court that the Federal Power Commission has power to fix prices and regulate natural gas sold by independent producers for later movement in interstate commerce.

Indian Unimpressed By Top Metropolis

By HAL BOYLE

NEW YORK (AP)—Louis Tewanima, a wrinkled Hopi tribesman who in his youth was one of America's greatest distance runners, has decided he doesn't want to live in New York.

"Too many no-Indians here," explained the octogenarian racer, after two days of sightseeing amid Manhattan's tall stone tepees.

Tewanima prefers the mighty mesas of Arizona, where his people have dwelt as peacefully as the outside world would let them for more than 1,000 years.

This was his first visit here in 42 years, since he returned to the reservation after placing second in the 10,000-meter race in the 1912 Olympics at Stockholm—at about the age of 40. It was one of only three races in his career he failed to win.

Recently he was named a member of the all-time U. S. Olympic track and field team in a poll conducted by the Helms Athletic Foundation. He came here to attend a fund-raising dinner for the 1956 Olympic team, and the old fellow was quite touched to be remembered after all these years.

Running is natural to him, as it is to all Hopi Indians. Through an interpeter—he speaks halting English—82-year-old Tewanima explained:

"It is part of our religion. The body is our temple, and we must keep it well."

As a boy Louis, who is now a high-ranking Hopi priest, trained by running to earth jackrabbits, wild horses and antelope. He ran them down on foot.

Here is his reaction to some of the tourist meccas of the world's greatest city:

Broadway—"Not enough grass for sheep. Just for pigeons."

Times Square at night—"Never no dark?"

The subway—"Ugh!"

The view from the Empire State building—"Make other houses look little."

After climbing the steps inside the Statue of Liberty—"It's a big woman."

Asked what he thought about the atom bomb, Tewanima looked puzzled, then asked with complete dignity:

"What that mean?"

The Hopis have always believed in peace and brotherhood. Tewanima brought with him a handwritten message "from my people" as moving as it is ungrammatical:

"—We shall not be ashamed of ourself as being who we are, but to stand firm on our own foundation, to walk along together as brothers and sisters, holding fast to our identity to receive grand and glory at the end."

CC Loyalty Report To Be Ready Soon

WORCESTER, Mass. (AP)—Phillip Young, chairman of the Civil Service Commission, says his "white paper" report on loyalty investigations will be ready for the House Civil Service Committee by Oct. 20.

Young told newsmen last night that Oct. 20 was the deadline suggested by the House committee chairman, Rep. Rees (R-Kan). Young is in Massachusetts for a series of speeches.

He said the report will set forth, as requested, "what constitutes subversive actions which are the basis for separation of federal employes under a security program."

Senator Is Really Mudslinging Victim

CLEVELAND (AP)—Sen. Thomas A. Burke yesterday became a victim of mudslinging—literally.

The Ohio Democrat was discussing agriculture problems with a farmer in Geauga County while movie cameras recorded the scene.

At a cameraman's suggestion, several cows were lured into the background with stalks of corn to add authenticity.

Then one cow departed unexpectedly from the script. She tried for a new grip on a particularly bothersome stalk and swished it over the ground, splattering Burke from head to toe with gooey, barnyard mud.

FORD KENNER

Kiwanis Elect New Officers

Ford Kenner was elected yesterday to serve as president of the Snyder Kiwanis Club during the coming year.

He will succeed M. H. Johnson as head of the local club.

Bob Crowell was elected first vice president, while Don Hire was named second vice president.

New directors will be Norris Creath, H. D. Moreland, Willard Paine and Wendell Shifflett. As retiring president, Johnson automatically becomes a member of the board of directors for next year. Present directors who still have a year remaining on their respective terms include Bill King, L. A. McClanahan and Bob Weeter.

McClanahan was in charge of the program at Wednesday's luncheon session at the Hilander. A motion picture film on oil exploration was shown.

Wink Lewis was introduced as a new member of the club.

Leaves Bag On Walk

DALLAS, Tex. (AP)—Robert Schananski, co-owner of a Dallas tavern, told police he set a sack with $350 down on the sidewalk while he unlocked his car yesterday morning, then drove off and forgot the sack.

When he came back around the block a few minutes later the sack was gone.

The Mayas were genuises at astronomy and temple building but produced no practical inventions.

Nixon Denies He Committed TV Faux Pas

VAN NUYS, Calif. (AP) — Thousands of television viewers watching Vice President Richard M. Nixon deliver a political speech last night heard at its conclusion the words: "Who the hell did that?"

Immediately, telephone switchboards at station KTTV and Los Angeles newspapers were swamped by persons demanding to know if Nixon uttered the sentence.

"It wasn't me. I used no such language," the vice president told newsmen later.

Bob Aiton, a petroleum products dealer here, and Patrick J. Hillings, Republican congressman of Arcadia, Calif., said they were certain Nixon made no such remark.

James E. Bassett, director of public relations for the Republican National Committee, said Aiton put the blame on a member of the TV technical crew.

"This fellow said: 'Who the hell did that?' when someone in the audience knocked over a monitor microphone," Bassett quoted Aiton.

But a KTTV spokesman denied this. "This was an experienced crew," he said. "These fellows do 20 and 30 of these remote telecasts a week and they know their stuff. They were startled to hear the words "who the hell" and immediately faded out the audio. Apparently someone in Nixon's party was giving him the time lapse and he wound up his prepared speech well in advance of the time limit. He began speaking extemporaneously and apparently didn't know when he was off camera.

"The station doesn't know who made the remark, but it was not a member of the KTTV crew. The remark could have come from one of three spots—the speakers' platform, the area immediately adjacent to the speakers' platform, and the first row audience."

It was a local telecast only of a meeting at Valley Junior College.

In his speech Nixon termed Democratic party leaders "Doom - o - crats" and said they offer voters little beyond "a thin diet of quips and criticism, fear and smear."

Six New England churches have steeples designed by the famous architect, Christopher Wren.

Among U.S. wearers of eyeglasses about 56 per cent are women and about 44 per cent men.

Russia Stops Radio War With Yugoslavia

BELGRADE, Yugoslavia (AP) — Yugoslavia's Communist organ says the Russians have halted their six-year radio war against President Tito. The action is part of the Soviet bloc's current campaign for better relations with its former partner.

The Yugoslav party newspaper Borba said last night Moscow had stopped jamming Radio Belgrade's broadcasts in Russian and the Kremlin's anti-Tito Radio Free Yugoslavia stopped its broadcasts from Moscow two weeks ago.

Marie McDonald Gets Custody Of Children

SANTA MONICA, Calif. (AP) — Actress Marie (The Body) McDonald has been awarded custody of her two children by wealthy shoe store owner Harry Karl, who will pay $500 monthly for their support. Court approval was granted yesterday.

The 4-year-old children, Danice and Harrison, were adopted by the couple, who separated two months ago. The youngsters will share in a trust fund set up by Karl's father and receive equal rights with any children Karl himself may father in the future.

Eisenhower, At 64, Is In Good Health

By MARVIN L. ARROWSMITH

DENVER, (AP)—President Eisenhower is 64 today and is "enjoying excellent health" in the midst of a tough political battle which could help determine whether he seeks a second term.

Colorado golfing companions arranged a birthday luncheon for the President at Denver's Cherry Hills Country Club, and his wife invited a small group of close friends to a quiet celebration dinner tonight at a downtown hotel.

On the menu was one of the chief executive's favorite dishes—charcoal broiled steak.

Scores of gifts have been arriving at the Denver White House from all over the nation. Mrs. Eisenhower has one for him too, but she kept it a secret.

Today's luncheon is an old friends' farewell as well as a birthday party. Eisenhower will end an eight-week Colorado work-and-play vacation tomorrow and head back to Washington by plane, stopping in Indianapolis for a major address in the evening on the administration's controversial farm program.

Aides said Eisenhower is more relaxed than he has been at any time since taking office 20 months ago—and that he is going back to the nation's capital full of pep.

Just six weeks ago the President had his annual physical checkup at the Army hospital here, and the White House said the outcome indicated he was in excellent health.

The campaign has been occupying more and more of his time during the last month and he is planning at least three more major political speeches between now and Nov. 2, election day.

The outcome of the election may be a big factor in whether he bids for a second term in 1956.

The President's chief assistant, Sherman Adams, said in Washington several weeks ago that loss of control of Congress to the Democrats might contribute to a decision by Eisenhower not to run again.

The President told a news conference a few days later he had not even given any thought to the possibility of seeking another term.

Baby Grand Piano Is Cause Of Divorce

CLEVELAND (AP) — Mrs. Charlotte S. Prescott yesterday named a baby grand piano as the "No. 1 co-respondent" and was granted a divorce from J. Carter Prescott, 39.

Mrs. Prescott, 40, told Judge Samuel H. Silbert that her husband's "first love was that baby grand. He neglected his work to play it and was up at all hours of the night with it."

Recovers Stolen Car Each Coffee Break

DALLAS, Tex. (AP)—Detective L. W. Rucker of the Police Department's auto theft division took two coffee breaks early yesterday and recovered a stolen car with each cup of coffee.

He drove past a downtown corner at 4:10 a.m. and spotted a stolen car in a parking lot. It belonged to a Dallas resident.

Three hours later, he left his desk in care of another policeman and went for another cup. This time he found a parked car stolen from a dealer.

THE SNYDER DAILY NEWS

VOL. 5, No. 143 — SNYDER, TEXAS, THURSDAY, OCTOBER 14, 1954 — SECTION B

TART APRICOTS ENCIRCLED BY CRUST MAKE A SCONE
. . . good with meal or for snack-time special

ed. Fill muffin pans (greased) 2-3 full of dough. Top poppins with ½ cup of cherry pieces. Mix ½ cup flour, ¼ teaspoon cinnamon, and 1-3 cup brown sugar. Add ¼ cup melted butter or margarine and blend. Sprinkle this mixture over the poppins. Bake in a moderate oven (375 degrees F.) for 30 minutes. Yields 18 poppins.

The very name scone sounds wonderful and will send many a cook scurrying into the kitchen. A scone is a flaky, light crust encircling a tart fruit filling and sprinkled with sugar, so that it fairly sparkles on the plate.

APRICOT SONCES

Apricot filling:
1 cup chopped dried apricots
¼ cup sugar
½ cup water

Combine all ingredients in saucepan and cover. Simmer until apricots are tender; stir to make a paste.

Dough:
1½ cups sifted enriched folur
4 teaspoons baking powder
1 teaspoon salt
3 tablespoons sugar
½ cup shortening
1½ cups rolled oats, uncooked
2-3 cup milk

Sift together flour, baking powder, salt and sugar. Cut in shortening until mixture resembles coarse crumbs. Add rolled oats and mix lightly. Add milk gradually, mixing until dough can be formed in a ball (add a little more milk if necessary to make a soft dough).

Turn out on lightly floured board and knead gently a few seconds. Roll out to ¼ inch thickeness. Cut into 5-inch circles (using a coffee can lid as cutter). Cut each circle in half. Place a small amount of apricot filling on one end of each half circle. Make a slash in other end. Fold cut end over filling and seal by pressing the edges together with a fork. Brush tops with melted butter and sprinkle with a little sugar. Place on an ungreased cooky sheet. Bake in a hot oven (425 degrees F.) for 15 to 18 minutes.

If your family is especially fond of orange flavoring, you might try these orange muffins, flavored by grated orange rind and topped by it as well.

ORANGE MUFFINS

2 cups sifted flour
3 teaspoons baking powder
1 teaspoon salt
1-3 cup sugar
2 tablespoons grated orange rind
1 egg, well beaten
½ cup evaporated milk
½ cup water
¼ cup melted shortening, slightly cooled

Sift together flour, baking powder and salt. Combine sugar and orange rind, blending well. Add half to flour mixture, saving remainder for topping. Combine egg, evaporated milk, water and slightly cooled shortening. Pour into flour mixture; stir just enough to wet dry ingredients. Fill greased muffin pans 2-3 full. Sprinkle tops with remaining orange-sugar mixture. Bake in moderately hot oven (400 degrees F.) 20 to 25 minutes.

A muffin, to an Englishman, is flat and chewy, rather than flaky or fluffy, as is the American version. To go along with a cup of their famous piping hot tea, they might serve toasted homemade English muffins with a tart marmalade or jam.

HOMEMADE TOASTED ENGLISH MUFFINS

½ cup milk
1 cup water
1 tablespoons salt
1 tablespoons sugar
1 package dehydrated yeast
1 tablespoons water
3 tablespoons shortening
4 cups bread flour

Combine milk, water, salt, and sugar in top of double boiler. Heat to lukewarm. Add yeast which has been dissolved in warm (not hot) water. Add 2 cups of flour and blend well until smooth. Return to top part of double boiler and let rise until double in bulk over warm (not hot) water. Add shortening (slightly softened) and remaining flour. Beat and knead thoroughly for fine texture. Let rise until double in bulk. Place dough on lightly floured board. Flatten with rolling pin to about ¾-inch thickeness. Let stand until light. Cut with cutter 3½-inch in diameter. Bake 15 minutes on hot buttered griddle, turning several times during cooking. When cool, muffins should be split and toasted. Makes 12.

Quick Hot Breads Are Good, No Matter By What Name

Hot, hot muffins are a tempting thought for any meal of the day, but there are times when a muffin really can't be called a muffin.

Made extra sweet with fruit, you have a grand combination of coffee cake and muffin, known as a popping. Or make a crust rather than dough, fill it with fruit, and you have a scone. If you beat the muffin dough well until it is completely free from lumps and quite fluffy, your oven will likely yield a popover.

But no matter what it is called, these delicious hotbreads are all you need to dress up a meal or tell your family that you really enjoy cooking for them and "here's proof."

The lightest, fluffiest muffins are the result of a minimum of mixing — stirring liquid ingredients into flour mixture only until flour is moistened. This takes only about 20 seconds, and the muffin batter is ready to bake.

If you serve muffins for dinner, make plenty so there will be some left over for re-warming at breakfast time. Sprinkle the muffins with a little water, put in a paper bag, and heat in the oven for about 10 minutes. Or split and toast them.

There are many ways to vary the quick, hot bread — with fruits (and not just the blueberry), cooked meats, vegetable juices, and sweetenings.

A party version of a favorite, honey-walnut muffins, adds extra zip to the basic bran muffin. There is also a faint flavor of orange.

HONEY—WALNUT MUFFINS

2 cups sifted all purpose flour
4 teaspoons baking powder
¾ teaspoon salt
2 cups whole bran
¾ cup chopped walnuts
1 tablespoon grated orange rind
1 egg, well beaten
½ cup honey
1¼ cups milk
1 tablespoon cooking oil or melted fat

Sift together flour, baking powder, and salt; stir in bran, nuts and orange rind. Combine egg, honey, milk and oil or melted fat and add to first mixture. Stir only enough to moisten dry ingredients. Batter should not be smooth. Fill greased muffin pans 2-3 full and bake in hot oven (400 degrees F.) 25 to 35 minutes. Yields 16 large muffins.

Bran is probably the most popular cereal cooking ingredient, contributing a nutty-like flavor to hot breads. Additionally, it retains part of the liquid and helps keep the muffins moist. Another variation of the bran muffin is topped with shredded coconut.

COCONUT BRAN MUFFINS

2 cups ready-to-eat bran
½ cup light molasses
1¼ cups milk
1 cup sifted flour
1 teaspoon soda
½ teaspoon salt
1 cup shredded coconut
1 egg, slightly beaten

Combine bran, molasses and milk; let stand until most of moisture is taken up. Sift together flour, soda, and salt; add to bran mixture together with 2-3 cup coconut, stirring only until combined. Fill greased muffin pans two-thirds full; sprinkle with remaining coconut. Bake in moderately hot oven (400 degrees F.) about 25 minutes. Let stand about 5 minutes before removing from pans. Yields 16 medium muffins.

If you're looking for a new way to serve leftover chicken and turkey, why not vary the bread instead of the sauce? Such as serving cramberry muffins under creamed chicken or turkey.

CRANBERRY MUFFINS

1 cup coarsely ground cranberries
½ cup sugar
2 cups sifted enriched flour
3 teaspoons baking powder
1 teaspoon salt
1 egg, beaten
¾ cup milk
3 tablespoons melted shortening

Combine cranberries and sugar. Sift together flour, baking powder and salt. Combine egg, milk and shortening. Add sweetened cranberries to milk mixture. Pour into flour mixture, stirring only until flour is moistened. Fill 4 greased 2½-inch muffin pans or 8 greased 1¾-inch muffin pans 2-3 full. Bake in hot oven (425 degrees F.) 20 to 25 minutes. While breads are baking, make sauce. Cut cranberry square into 4 pieces and top with sauce. Serve hot with additional muffins.

Another variety trick is to add the meat to the muffins, making them a main dish all by themselves. Cooked ground ham in a basic muffin batter, spooned over with creamed egg sauce, can't be beat. The ham squares are also tasty when served with creamed vegetables.

HAM SQUARES

2 cups sifted enriched flour
3 teaspoons baking powder
1 teaspoon salt
2 tablespoons sugar
1 cup ground cooked ham
2 tablespoons finely chopped onion
1 egg, beaten
¾ cup milk
2 tablespoons melted shortening
Creamed egg sauce

Sift together flour, baking powder, salt and sugar. Add ham and onion and mix well. Combine egg, milk and shortening and add to flour mixture, stirring only until flour is moistened. Pour into greased 8-inch square pan. Bake in hot oven (425 degrees F.) 25 minutes. Cut into 4 squares. Arrange on plates and top with creamed egg sauce. Makes 4 servings.

Muffins containing meat are highly nutritive as well as differently delicious. Here are two, using breakfast meats, which are guaranteed to bring everyone to the table in the morning, wide-eyed and eager to start the day.

SAUSAGE MUFFINS

½ pound fresh pork sausage meat
2 cups sifted flour
3 teaspoons baking powder
½ teaspoon salt
1 egg, slightly beaten
½ cup evaporated milk
½ cup water
2 tablespoons butter, melted

Heat skillet over moderate heat; add sausage meat, spreading it over bottom of pan. Cook meat until browned, stirring to brown evenly. Pour off fat as it accumulates in the pan. When sausage is done, drain on absorbent paper. Sift together flour, baking powder and salt. Combine egg, evaporated milk, water, crumbled susage meat and slightly cooled butter. Pour into flour mixture and stir just enough to wet dry ingredients. Do not beat. Fill greased, 2½-inch muffin pans two-thirds full. Bake in moderately hot oven (400 degrees F.) until golden brown, about 25 minutes.

BACON AND TOMATO MUFFINS

1 cup whole wheat flakes
2-3 cup tomato juice
1 cup sifted flour
2½ teaspoons baking powder
½ teaspoon salt
2 tablespoons sugar
1 egg
2 tablespoons soft shortening
4 slices cooked bacon, crumbled

Combine whole wheat flakes and tomato juice in mixing bowl Sift together flour, baking powder and salt into same bowl. Add sugar, egg, shortening and ½ of the bacon. Stir only until combined. Fill greased muffin pans two-thirds full and sprinkle tops with remaining bacon. Bake in preheated moderately hot oven (400 degrees F.) about 25 minutes. Yields 8 muffins.

A muffin becomes a fruit poppin when it features fruit tidbits and a sweet, crumbly topping. Poppins are wonderful snack-time eating, and you can think up many delightful variations such as pineapple, blueberry, or cherry poppins. If you make these poppins ahead of time, they can be wrapped in foil and reheated in the oven before serving. This is a basic poppin recipe using cherries for the fruit.

CHERRY POPPINS

¼ cup margarine or butter, melted
3 teaspoons baking powder
½ teaspoon salt
½ cup sugar
2 cups sifted all purpose flour
1 egg, beaten
¾ cup milk
¼ cup cherry juice
1¼ cups canned pie cherries or maraschino cherries, cut in fourths

Sift together baking powder, salt, sugar and 2 cups flour. Add 1 cup cherries. Combine ¼ cup melted butter or margarine, egg, milk, and cherry juice. Add to dry ingredients and mix until just blend-

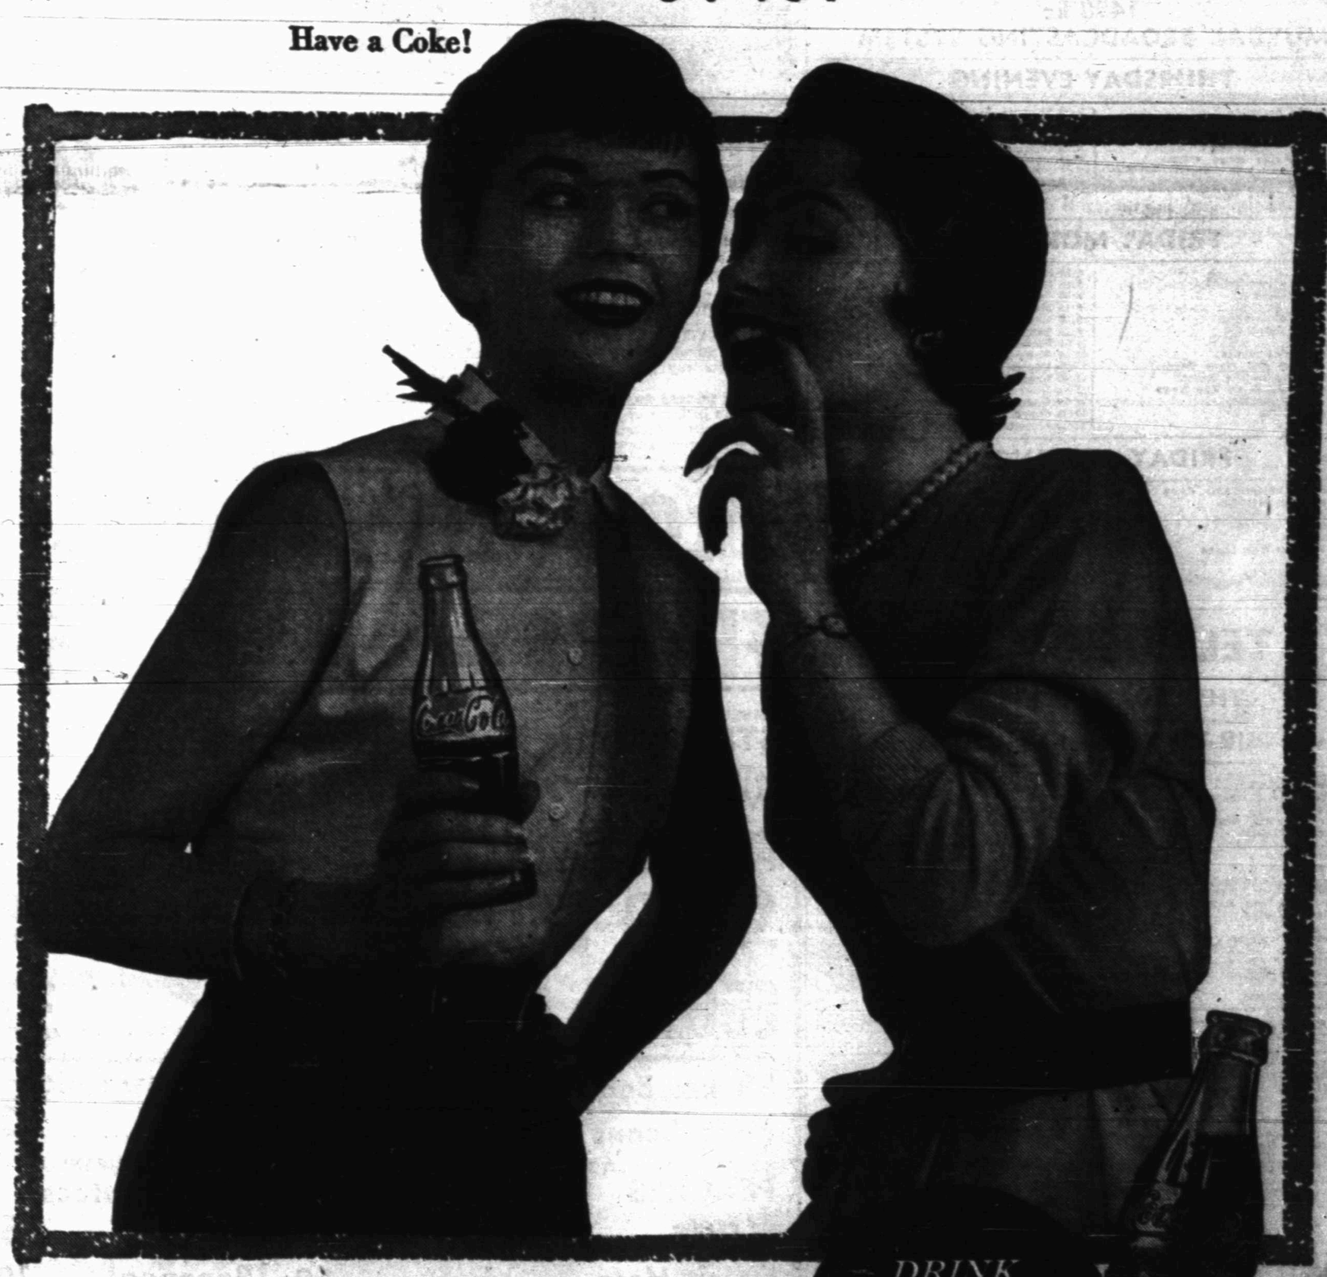

HONEY-WALNUT MUFFINS WITH TASTE OF ORANGE
. . . variation of basic bran muffin

Refreshing Secret

What a wonderful drink Coca-Cola is...

with a rare, delicious flavor all its own. And how refreshing the bit of quick energy it gives you. How nice, then, to know that Coke has as few calories as half an average, juicy grapefruit.

Have a Coke!

DRINK Coca-Cola

Four generations have made Coca-Cola by far the most asked-for soft drink in the world.

"Coke" is a registered trade-mark.

Coffee On Center Of Business Stage

By SAM DAWSON

NEW YORK (AP)—Coffee prices—after a year of fireworks that burned the fingers of America's household budget keepers—are being investigated today by a subcommittee of the Senate Banking and Currency Committee. The Senate sleuths are trying to find out whodunit.

At issue is not only the Federal Trade Commission's charge that the trading on the New York Coffee and Sugar Exchange played a villian's role, but also the larger issue of whether this and other commodity exchanges should be regulated by the federal government, much as stock trading has been brought under the eye of the Securities and Exchange Commission.

Here is a fabulous year of coffee:

Last October green coffee beans of a commonly used grade could be bought here for 60 cents a pound. Roasted, packed in a vacuum tin and distributed to the grocer, a pound cost around $1 retail.

But traders on the exchange already had bid up the price of coffee beans for future delivery here. They cited reports from Brazil of heavy crop damage there from frost, and they reasoned that when the new crop reached here by the end of the year prices would be soaring.

With the beginning of the new year, prices of green coffee here began to rise, reaching a peak of 95 cents April 1, and holding near that level until June. At that time the Brazilian government again raised the price of coffee for export.

But the scheme didn't work. Retail prices of roasted coffee in the United States had climbed as high as $1.45 a pound. Housewives cut back sharply on their buying.

Coffee traders here stopped buying from Brazil. They had two reasons: the price resistance on the part of the American housewife; and word from South America that coffee supplies there were larger than had been predicted.

The U.S. Department of Agriculture came out with a report that the supply pinch was about over, that world coffee production actually was slightly in excess of consumption.

The Brazilian government, unable to sell its coffee, cut prices in August. Future prices dropped fast on the coffee exchange. Retail prices have come down here too. Green beans are down to around 68 cents a pound and prices for future delivery are as low as 52 cents.

Pleads For Death Penalty

PHILADELPHIA (AP)—A 28-year-old World War II hero, who had pleaded guilty to murder of his half-sister, asked a panel of judges for mercy yesterday—"the mercy of oblivion."

Andre L. Paschedag stood before the three-member panel in Quarter Sessions Court and said that "against the advice" of his counsel "I would like to ask for mercy. That is, the mercy of oblivion, by awarding the death penalty. That is the only thing."

But Judge Peter F. Hagan leaned forward and told the defendant:

"You will be confined to the Eastern State Penitentiary for the rest of your life."

The defendant, who received the Bronze Star in World War II, was tried by the three-man court as required by state law since he had pleaded guilty to the April 8 strangulation of Sonia Niehorster, 22. In the one-day trial he offered no defense nor explanation of the crime.

The jurists found him guilty of first-degree murder.

Tennessee Political Leader Is Very Ill

MEMPHIS, Tenn. (AP) E. H. Crump, whose political power has been felt in Tennessee for almost 50 years, was in extremely critical condition today and his physician said "anything can happen now."

The 80-year-old head of the Memphis-Shelby County Democratic organization, suffering severe heart disease, entered his ninth day in critical condition. His physician said he was "much, much weaker than at any time in the past three days."

SEVENTIETH BIRTHDAY

Mrs. Franklin D. Roosevelt applies a knife to this huge tiered birthday cake at a dinner in observance of her seventieth birthday anniversary at Hotel Roosevelt in New York. Mrs. Roosevelt was honored at the dinner sponsored by a committee of the American Association for the United Nations. Members of her family and U.N. officials attended.

Secretary of Defense C. E. Wilson is shown as he told newsmen in Detroit, Mich., that he has always "liked bird dogs better than kennel-fed dogs," in reference to questions on jobless in labor surplus areas. The remark brought a storm of protests.

Makes Use Of Alarm

CINCINNATI (AP)—Police say a man accused of turning in a false alarm yesterday gave this explanation:

"I just wanted to get the kids away from in front of my house."

The officers arrested 28-year-old William Farmer anyway.

John Roosevelt To Campaign For GOP

TAMPA, Fla. (AP) — John Roosevelt, son of the late Franklin D. Roosevelt, will campaign for Republican candidates for Congress in the 1st and 7th districts.

Roosevelt was scheduled to arrive here by plane then go to Lakeland with GOP candidate E. B. Sutton of the 7th District. Tonight he will speak at a Republican rally in Sarasota.

Tomorrow, he speaks at St. Petersburg and Tampa for William C. Cramer, running in the 1st district.

Attempt To Block Debate On Israel

UNITED NATIONS, N.Y. (AP) — A strong move was reported afoot today to block Security Council debate on Israel's latest charge of Egyptian interference with Suez Canal shipping until the U.N. Mixed Armistice Commission completes an on-the-spot check.

Chief Israel Delegate Abba Eban planned to submit to the council today a lengthy claim of Suez violations by Egypt—with emphasis on what he termed the "illegal arrest and detention" of the 500-ton freighter Bat Galim Sept. 28.

But informed sources said Lebanon, sole Arab member of the 11-nation council, would spearhead a West-supported move to postpone discussion of the case until the armistice commission turns in its report on the Bat Galim incident.

Egypt asked the commission to investigate the case last week after Israel had called for a Security Council meeting to air her complaint. Israeli officials labeled this a maneuver to pigeonhole the issue and urged the commission to take quick action.

Some observers speculated that Britain particularly might welcome a chance to hold off debate on the touchy issue because of her current delicate negotiations with Egypt over the Suez Canal zone.

Sources close to the American delegation said the United States also feels little could be gained by debating the issue before the armistice commission reports.

Two Churches Will Merge

CLEVELAND (AP)—Top executive groups of the Congregational Christian Churches and the Evangelical and Reformed Church yesterday approved merging the two denominations into the United Church of Christ.

The joint session yesterday set 1957 as the date for forming the new body, expected to have a membership of more than two million.

No further legislative action is required, a spokesman for the two groups said.

The Congregational Christian group has 1¼ million members in 5,573 churches and the Evangelical and Reformed has 760,850 in 2,735 churches.

Originally approved a number of years ago, the merger plans were blocked by court action. Then the New York Court of Appeals last March overruled lower courts and gave approval to the union.

Airline Victim Of Hit-And-Run Driver

ATLANTA (AP) — A police radio dispatcher sent out this call last night:

"Late model sedan wanted for hit and run with an airplane."

Patrolman Mallory Mann said half a dozen persons saw a Negro maneuver his automobile onto the field at Municipal Airport.

Before anybody could stop him he put the car in reverse and backed into a Civil Air Patrol plane. Then he drove rapidly away.

Mann said the tail assembly on the plane was damaged.

Wrong Body Causes Wrong Arrangements

BOSTON (AP) — Mrs. Margaret Svendsen has had to cancel the funeral arrangements she made for her brother, George F. Aldus, 26.

Aldus was lost when the ore-laden freighter Mormackite capsized last month.

Mrs. Svendsen said she received word a few days ago that her brother's body was being shipped home from a Norfolk, Va., funeral home.

She engaged the services of a funeral director and arranged for her brother's burial.

When the body failed to arrive yesterday she inquired and learned that her brother's body had not yet been recovered. The body in the Norfolk funeral home was somebody else's, mistakenly identified.

Escapees Caught In Wrong Search

MONTGOMERY, Ala. (AP)—Three convicts trying to escape from a work detail ran smack into the Kilby Prison dog trainer, who had his bloodhounds out searching for a prisoner who made off in a previous break.

Clyde Carpenter and his bloodhounds had been hunting for a Negro who escaped Tuesday when a radio alarm went out for three white convicts who had just taken off in a state truck from a work detail.

A few minutes later, Carpenter spotted the stolen truck and gave chase in his truck. The convicts abandoned their vehicle, and Carpenter soon rounded all three up with his bloodhounds.

A Pound of Proof Is Worth a Ton of Promises

This 1-lb. Can of Mrs. Tucker's Pure-Vegetable Shortening FREE with every 3-lb. can you buy!

You Can't Lose...

Look for the most beautiful can in the store... buy one of the new 3-lb. cans of Mrs. Tucker's pure, creamy Shortening, and get a 1-lb. can FREE. Use the 1-lb. can in ANY way; and if you don't think it BETTER than ANY shortening you have ever used, take the 3-lb. can back and your Dealer will give you 3 lbs. of any brand you prefer or he'll give your money back. You can't lose with a Mrs. Tucker's can in your kitchen!

Free Recipes

On the back of Mrs. Tucker's can labels are color photographs of Cakes, Pies and Fried Foods developed by Mrs. Tucker's Homemakers Department. Inside the labels are the recipes for these GUARANTEED foods.

The Amazing TRIPLE GUARANTEE

1. FOR CAKES
If you don't say your Cake made with Mrs. Tucker's CREAMIER shortening is HIGHER, RICHER, MORE MOIST and TENDER than the same cake made with ANY other shortening, send the recipe to Mrs. Tucker, telling what you don't like about the cake, and she will mail you a check for ALL the ingredients used, PLUS $1. for your time!

2. FOR PIES
If you don't say your Pie Crust made with ALL-Vegetable, ALL-Digestible Mrs. Tucker's is LIGHTER, FLAKIER and BETTER than the same Pastry made with ANY other shortening, send the recipe to Mrs. Tucker, telling what you don't like abut the results, and she will pay for ALL the ingredients PLUS $1. for your time!

3. FOR FRYING
If you don't say Mrs. Tucker's FRIES your Chicken (or any other food) BROWNER, CRISPIER, TASTIER and MORE DIGESTIBLE than ANY other shortening, write Mrs. Tucker what you fried, telling why you don't like the results, and she will pay you for the chicken or other food fried PLUS $1. for your time!

RIOTING CONVICTS

Two rioting convicts at the South Dakota State Penitentiary in Sioux Falls, S.D., brandish a razor and a blackjack out of a barred window in the east wing of the building where the rioters were confined.

Solons Favor Keeping Some Data Secret

By TEX EASLEY

WASHINGTON (AP) — Panhandle Congressman Walter Rogers, writing constituents, expresses the conviction that much more information has been made public than should have been for the best interests of the nation.

The Texan referred to a recent official report listing 77 raw materials declared by the secretary of defense as essential and indispensible in waging modern warfare. It pointed out that most of these have come from abroad, but that we are developing more and more sources for the materials within the continental United States and the western hemisphere.

"I doubt the advisability of giving information of this sort to those enemies of this country who are so anxious to get information of this kind," Rogers added.

"I want the stockpiles of critical materials to be wholly sufficient to meet our needs whatever they might be. I would also prefer that information concerning them be so confined that the best interest of this country would be served."

Rep. Brady Gentry of Tyler agrees with his colleague.

Gentry observed that all a potential enemy has to do to obtain a wealth of information without trouble is to subscribe to the Congressional Record which carries the daily debate on the Senate and House floors, and obtain copies of the proceedings of appropriation committees where admirals, generals and others are testifying.

Much vital information is given to the legislators, however, which presumably never gets beyond the specific committees dealing with the matters.

This is particularly true of the appropriations committees, for unless the members of that group in both the Senate and House are convinced that the request is justified they may refuse to recommend passage of multi-billion dollar bill.

Around the capital:

Navarro County's school superintendent, J. C. Watson, here with his wife for the 9th annual national meeting of county and rural school leaders, must be a real Democrat.

The Watsons were conducted about the Capitol by pretty Miss June McBrierty, a secretary to Congressman Olin Teague. She took them in the House chamber and on the floor. When Watson sat down to rest in one of the lawmaker's handsome tan leather chairs, Miss McBrierty remarked that he was in the Republican section.

"Oh, oh, this won't do," he said, leaping up with a grin.

Squirrels Are Not Vermin, Says Court

ATLANTA (AP)—There is nothing noxious, mischievous or disgusting about a squirrel, says the Georgia Supreme Court.

The justices ruled in effect yesterday that squirrels are not vermin. The dictionary defines vermin as noxious, mischievous or disgusting animals.

Bessie W. Mercer of Savannah sued the North British and Mercantile Insurance Co. for damages done to furniture by a squirrel.

The company maintained it was not liable because of a clause in the policy which excluded vermin.

A trial jury said squirrels were not vermin and awarded Mrs. Mercer $179.50 damages and $50 attorneys fees.

The company appealed. The Supreme Court agreed with the lower court in its unanimous decision.

Even Pretzel Gets A New Twist Today

By HAL BOYLE

NEW YORK (AP)—Everything has to have a new twist today, and the pretzel is no exception.

Since this is national pretzel week, I went to a national convention of the industry and found that pretzels are flourishing like crabgrass.

The hand-twisted pretzel is a slowly vanishing art form. Lady pretzel twisters are crowding out the men from the field, and new pretzel-tying machines are replacing them both.

"Only about 20 per cent of our pretzels are now made by hand," said Alex V. Tisdale, executive secretary of the National Pretzel Bakers Institute.

A real expert can still twist pretzels as fast as a machine can tie them—about 60 to a minute. But the machines seem to like the work better. Human pretzel twisters sometimes gets knots in their stomach after a few years. The best pretzel twisters are usually nervous people, and the more pretzels they twist the more nervous they often become. They get the bends.

The industry had a 6 million dollar output. This year's America's 90 pretzel manufacturers expert a 60 million dollar business, next year 70 million.

"That means about 18 billion pretzels, or a pound and a half for every person in the United States," said Tisdale happily.

"People sometimes get the idea that pretzels are only for beer drinkers. That isn't true at all. Housewives and children are a big market.

"Pretzels are fine for stuffing poultry, making crumb pie and pretzel bread, and they go well with raw oysters.

"They have a relatively low calorie content—only about 16 calories to a pretzel."

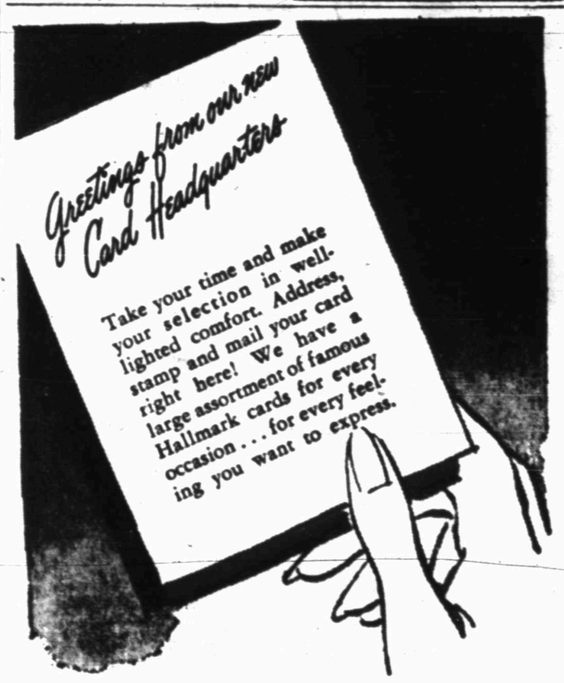

In Philadelphia they even have a pretzel Sunday—made of ice cream, thick chocolate sauce, and crumbled pretzels.

West Texas Drilling Activity Up During 39th Week Of '54

A slight increase in drilling activity was noted in West Texas during the 39th week of 1954. A total of 94 applications to drill, including 21 wildcats, were filed in Railroad Commission Districts 7-C and 8.

The number compares to 88 applications, including 10 wildcats, the preceding week.

Totals for the year now stand at 2,757 field tests and 755 wildcats, for a grand total of 3,512 tests for oil and a weekly average of 90.5.

Six counties in District 7-C shared 27 applications, including 10 wildcats, while 19 counties in District 8 shared 67 applications, including 11 wildcats.

District 7-C wildcats were: Runnels, four; Crockett, three; Schleicher, two; and Coke, one.

District 7-C field tests were: Coke, Crockett, and Runnels, four each; Reagan and Schleicher, two each; and Tom Green, one.

District 8 wildcats were: Yoakum, three; Hockley, Pecos, and Sterling, two each; and Garza and Terry, one each.

District 8 field tests were: Andrews, 10; Ward, nine; Pecos, six; Kent and Yoakum, four each; Gaines and Midland, three each; Cochran, Crane, Ector, Mitchell, Scurry, Terry, and Upton, two each; and Graza, Glasscock, and Reeves, one each.

Inventor Still Going At 85

BRECKENRIDGE, Tex. (AP) — Robert Grant of Breckenridge began inventing things 50 years ago and at 85 he's still at it in his spare time.

During the day, Grant puts in an eight-hour shift in a Breckenridge machine shop. When evening comes, he works in his modern, completely equipped home workshop.

Grant has patented about 20 of his inventions.

Right now he's working on an electric chopper that grinds fallen leaves for processing into fertilizer.

He also is working on what he says will be a fuelless motor, but he won't do much talking about that—doesn't want his secret principle to get around.

Grant still does his close lathe work without having to wear glasses.

He says his first patent was for a gasoline engine starter that saw much use in Pennsylvania oil fields.

He also has patents for double-action water pumps, accessories for electric and gasoline engines and other machinery.

He has a personal success formula: "I never tackle anything that I don't finish."

The first free school in the New World was probably established in Dorchester, Mass. in 1639, says the National Georgraphic Society.

America Looks Good Following Extended Tour Across Europe

Editor's Note—After a grand tour of Europe in a car purchased overseas, the Becker family of five—Bill, an Associated Press staffer, his wife Rae and their three daughters—completed a vacation Odyssey by driving from New York to their home in California. Here is a report on the final leg of their 11,000-mile adventure.

By BILL BECKER

LOS ANGELES (AP)—To an American family returning from a year abroad, the United States is overwhelming.

Skyscrapers, supermarkets, watermelon, pie a la mode, the endless cavalcade of huge, powerful automobiles, the general bustle of things being done by people who apparently delight in getting things—all these fit into a kaleidoscope, dazzling, bewildering, sometimes banal, hardly ever dull.

After junketing by auto around Europe, the Becker tribe came back the easy way, in a 19-hour flight from Copenhagen to New York. From there we returned to California in the doughty little Hillman which had taken us 7,000 miles through 12 foreign countries. We had shipped it across two weeks before.

Driving down 5th Avenue and Broadway as a major treat for all the Beckers during a three-day stay in New York. But tourists should be advised that parking problems make taxis a better bet, especially when five can ride as cheaply as one.

Incidentally, our $20-a-day budget was knocked into a cocked chapeau in New York and Washington. You can't see much in those towns unless you get right downtown, which costs money. Elsewhere in the United States a family of five still can stay under or close to $20 per diem, we found, especially in the Midwest.

The Washington agenda included visits to the Capitol, Lincoln Memorial and the White House. The family voted the Blue Room most impressive, although the White House rooms generally seemed tiny after some of the immense, ornate reception halls in European castles. The ordered beauty of Washington's parks, boulevards and monuments was reminiscent of Paris.

Heading west, we began to feel we were almost home when near Nappanee, Ind., up popped a sign as indigenous to Western highways as the Burma Shave legends. "Take the route," it said, "that leads to Harold's Club in Reno." That was the route we took, all right, but only because California lay at the other end of it.

At Lake Geneva, Wis., shopping for luncheon supplies in a supermarket, we were staggered by row upon gleaming row of canned foods, the solidly packed frozen food displays, the towering stacks of soap flakes and detergents. Here was probably a year's supply for an average European neighborhood.

Coming south through Minnesota reminded us of Europe, if only for place names like New Ulm and New Prague. While the plumbing in these places indubitably is better than in their old world counterparts, their charm is considerably more elusive.

Hotels in the corn belt are making their last stand against motels by offering free lodging for all kids under 14. Except in the large cities, though, we stayed at motels all the way across the country. The average was $9 a night for the five of us.

We knew we were West once we reached the hills of Wyoming and got a good Cheyenne breakfast under our belts. The grades began rising steadily, the air became thinner and the skies were almost as azure as those of southern France.

As we rolled across the California line west of Reno, our backseat rooting section—Karen, Christine and Marilyn—let go with a full-steam chorus of "California, Here We Come." Rae shed a tear or two, and suddenly a little mist appeared on my windshield.

The red earth of Grass Valley, our first stop in California, looked good enough to kiss.

Comparisons, of course, are dangerous and a matter of personal taste, but, putting 7,000 miles of travel in Europe against 4,000 and past experience in the United States, Rae and I think only Paris and the south of France have a shade on California, synthetic though some parts may be.

The kids? You'd have a tough time convincing them there's a better place like the home of the double-malted and the land of the deep freeze.

Navy Man From Snyder Gets Commendation

Navy fireman Tony J. Dekowskie, Jr., of Snyder recently received a letter of commendation from the commanding officer of the escort destroyer USS Jenkins, an anti-submarine warefare vessel on which he has been serving.

Dekowski, whose parents live at 3301 Avenue K, was cited for excellent performance of duty. The vessel was with the Seventh Fleet in the Far East during the period covered by the commendation.

The next total eclipse of the sun which will be visible in the United States will be seen in Maine July 20, 1963.
