

3-Nation Panel In Laos To Seek End Of Strife Say Fighting Has Subsidied

VIENTIANE, Laos (AP)—The three-national International Control Commission flew to the Plaines des Jarres today in an effort to bring peace between neutralist and pro-Communist forces which have been fighting there for the past 10 days.

The commission's trip was part of a diplomatic campaign to restore peace in the area which the United States regards as a prime testing ground of the oft-voiced Soviet policy of peaceful coexistence.

A Southeast Asia Treaty Organization show of force also was scheduled as a warning to the pro-Communist Pathet Lao faction that is threatening to fan the flames of civil war against the neutralist and royalist forces.

The neutralist and royalist forces planned to stay only a few hours at the trouble scene 130 miles northeast of Vientiane since the Pathet Lao refused to permit establishment of a permanent base there.

The commission plans to send a representative to the Plaines daily in an effort to prevent further outbreaks.

Repeated Pathet Lao attacks in the past 10 days forced neutralist troops of Gen. Kong Le to withdraw from the Plaines and retreat to the Plaines of Jarres, 130 miles north of Vientiane.

The Pathet Lao already controls most of northern Laos, and neutralist and royalist forces fear they may be getting ready to expand their hold.

A full-scale campaign by the Pathet Lao probably would mean a break with the United States and a move toward the Viet Nam pattern under the United States.

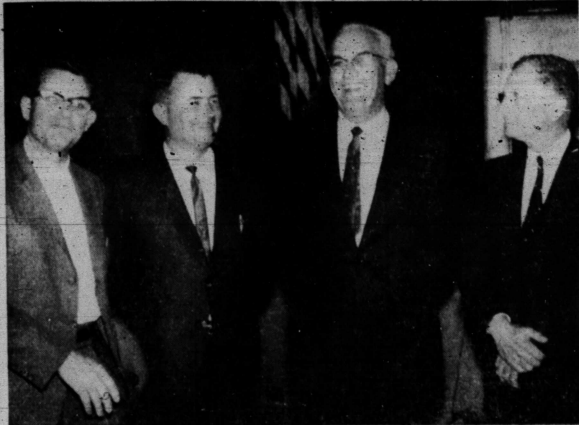

SEATO allies intervene with large numbers of their own troops. The news, which reached last night, demonstrated that the right-wing army of Gen. Phoumi Savan is no match for the Pathet Lao Resistance by Kong Le's forces.

Meeting in Paris, the eight SEATO allies made plans for a massive show of force on Tuesday, Thursday and Friday, April 10, 11 and 12.

SEATO allies also scheduled a massive air and sea landing of troops in the Plaines des Jarres on Tuesday, April 10.

The board also voted to accept the budget and set July 21 as the date for the Board of Equalization meeting.

DISCUSSING JUNIOR COLLEGES — Junior colleges were the topic of conversation for this group last night at a public meeting here. From left are J. G. Stacy, Levelland businessman; Dr. Marvin Baker, president of South Plains College in Levelland; Bill Evans of Lubbock, member of the state board of education; and B. W. Musgrave, assistant commissioner for junior college education, Texas Education Agency. Stacy and Baker spoke briefly at the session here.

Petitions Circulated On College Proposal

Petitions were in circulation today calling for creation of a public junior college district composed of Scurry and Fisher Counties. Scores of residents of the two counties started the petitions last night at the conclusion of a public meeting in the Snyder High School auditorium.

Approximately 500 persons filed out for the meeting to hear a brief resume of the work performed by a survey committee named by the Chamber of Commerce Long Range Planning Committee nearly a year ago.

Dr. Marvin Baker, president of South Plains College in Levelland, said the strong academic junior college is Texas' major contribution to education.

Dr. Stacy, Levelland furniture dealer, told the group here that South Plains College is a source of pride to the entire district.

"Except for our churches, we would part with any other facility before we would give up our junior college," Stacy declared.

He urged the Fisher and Scurry County group to regard the college proposal as an opportunity to provide for youth of the district.

The state board usually conducts its own surveys and then holds a hearing in Austin before taking action on such petitions, Robertson said.

Among requirements are that proposed districts must have at least 7,000 scholastics enumerated in school censuses, and that property tax valuations must total at least \$9.5 million.

Robertson said the proposed district here has 7,026 scholastics and tax valuations totaling \$124 million.

Among others from outside the proposed district attending the meeting last night were W. W. Musgrave, assistant commissioner of junior college education for the Texas Education Agency, and Bill Evans of Lubbock, member of the state board of education.

SIGNING PETITIONS — Scores of area residents signed petitions calling for creation of a public junior college district in Scurry and Fisher Counties at the conclusion of an information meeting last night in the Snyder High School auditorium. Backers of the proposal hope to have petitions ready for presentation to the state board of education at its meeting in May.

Debate Is Near On Spending Bill

AUSTIN (AP)—State senators gave hurried study today to provisions of a \$3.1 billion appropriations bill before taking the measure up for debate this afternoon or Thursday.

Sen. Gray Hallwood of Amarillo, chairman of the Senate Finance Committee, asked his colleagues to examine the 150-page appropriations measure speedily so that action can be taken.

The spending bill, reported out of the committee Monday, substitutes for a House version. Traditionally, the Senate offers its draft for that passed by the House and the final bill is written by a conference committee.

Hallwood told the senators Tuesday if they were not ready to act on the bill today, he would ask for a postponement to Thursday.

It provides for an outlay of \$344 million in general revenue funds over the next two years, \$66 million in general revenue funds over the next two years, \$66 million more than for the current biennium.

A \$47 million hike for state colleges, including \$15 million for the University of Houston, accounts for the bulk of the increase in spending.

The House scheduled debate on a \$32 million tax bill for Thursday, postponing a scheduled debate on a constitutional amendment.

Proposals On Women's Rights Aired R. L. Von Roeder Killed In Mishap

AUSTIN (AP)—Rep. James Cotten of Weatherford said today he will name a substitute to a bill of tomorrow to study two women's rights proposals which were aired in a 4 1/2 hours hearing Tuesday night.

Members of the House Constitutional Amendments Committee called a session at 10:30 a. m. today after Cotten recessed the hearing on a voice vote and announced he was going home.

Mr. Von Roeder had been an employee of TESCO for 15 years, and had been employed in Scurry County for the past 12 years. He was married June 1, 1942.

His father, Dr. Von Roeder, a former college educator, is now an instructor in languages at Scurry County's Air Force Base in Scurry, Texas.

Funeral services will be conducted at First Christian Church of Snyder where Mr. Von Roeder served as a deacon.

The services in Snyder will be held at 2 p. m. Thursday. There will also be graveside services at 5 p. m. with the Rev. Earl Sherman, pastor of the Southwest Park Funeral Home.

The board then voted to accept the budget and set July 21 as the date for the Board of Equalization meeting.

Cooler Air In Panhandle

Cooler air moving into the Panhandle promised to take the edge off a late spring heat wave in northern areas of Texas but no relief was in sight farther south Wednesday.

The mercury shot up to an official 207 degrees Tuesday afternoon at Laredo, one of numerous points posting record highs for the state.

Unofficial marks in shimmering South Texas included Abilene and McAllen 104, Cotulla 103, Beeville 102 and Kingsville 101.

DeGaulle Holds Door Open For Strategic Cooperation

WASHINGTON (AP)—French President Charles de Gaulle is reported holding the door open for eventual strategic cooperation between France's proposed nuclear striking force and the forces of the other North Atlantic Treaty Organization allies.

Qualified sources in Paris report French atomic bombs and supersonic atomic bombers will begin rolling along production lines this fall.

De Gaulle's attitude on an Allied nuclear force and on other issues has resulted during the past few days in easing somewhat the crisis in NATO and has raised hopes in the Kennedy administration of avoiding a worsening split.

maintaining the work level of their classes who would benefit from the special instruction.

The board also held informal discussions on the sick leave policy, the free lunch policy, and the need for teachers and administrators to attend college or special classes. The board also remains current with modern methods and theories of education. No action was taken, and further study in these areas will be continued.

A somewhat heated discussion arose at the close of the meeting. Retiring board member Gene Dineley, asked for his own information, whether any action had been taken regarding a teacher who had been criticized for outside business activities.

It was reported by the board president that board member Albert Ray Martin had contacted the teacher, and Martin reported on their conversation. Board member Dr. H. H. Hargrove then questioned board president Schiebel whether one board member had the authority to commit the entire board to a line of action without the entire board's knowledge.

Hargrove said he never had, and never would, speak for the board as a whole, and felt no one else should.

Martin then made the motion that the meeting adjourn. The motion was seconded by board member Lee Dan Stone, but Dr. Hargrove did not relinquish the floor.

A restatement of policy by the board president that the action of the board would always be open and public concluded the meeting.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: My mother is my problem. She saves junk. She filled up two rooms of our house with junk and now she is starting to fill up a third. She saves old Christmas trees, burned out light bulbs, old clothes, shoes, boxes, bottles, rags, newspapers, and even broken toys. I go to school and don't have time to clean up the house. I am ashamed to ask anyone over because I'm afraid they might open the wrong door. How can a 12-year-old boy get his mother to throw out all that junk? She is okay in every other way.

DEAR ABBY: I'm READY TO LEAVE FOR FIRE PREVENTION WEEK to dig into those junk-filled rooms. Get up early one Saturday morning and go to it. Separate the worthless junk (old Christmas trees, burned out bulbs, rags, etc.) from items that could be restored (old clothes, broken toys) and give your Salvation Army a ring. Ask your mother to approve your sorting job and let the trash man haul the junk away. And stay home. Mothers need sons like you.

DEAR ABBY: Another girl and I share a four-room apartment for which we split all the expenses. We both work days and have to get our laundry and house-cleaning done in the evenings. Do you think it is fair that I do all the work while she sits on her 160 pounds and watches TV all evening? I am getting fed up with her. She is so lazy you wouldn't believe it. She is 34 so don't tell me she's too young to know better. Can you help me?

DEAR HORSE: The only person who can get her off her 160 pounds is YOU—and the method is so simple YOU wouldn't believe it. Tell her if she doesn't pick it, you'll pick her out.

DEAR ABBY: Being one of the vast army of working wives and mothers, I offer this to you: I believe because I am sure there are others who feel as I do. Every business has a peak period, and during this time, any conscientious worker gives her "all" and knows her boss is grateful. WHY then, when the husband or child of this worthy employee is ill at home—and the boss knows it—doesn't he tell her to take off early because he knows she's needed at home?

Union Suit Tossed Out

WASHINGTON (AP) — A suit filed by the Texas AFL-CIO to stop the daily commuting of Mexicans across the Rio Grande to jobs in Texas border cities has been dismissed in federal district court here.

Judge Burnita Shelton Matthews in ruling Tuesday in favor of a government motion to toss the suit out of court, made no comment on the case.

In filing the suit in 1961, the labor organization said some 20,000 to 30,000 Mexicans cross the border each day to work in Texas and thus cause unemployment and depressed wages for U.S. citizens.

THREE INJURED—This 1956 Chevrolet, driven by James L. Sellers, 215 Thirtieth Pl., struck the rear of a 1961 Continental Geophysical pickup truck at 7:09 this morning at Avenue F and the East Highway. Taken to the hospital by Bell Ambulance Service and admitted were Sellers and his sister, Shirley. Parents of the Sellers youths are Mr. and Mrs. Alvis Sellers. Also taken to the hospital for treatment was Felipe Rivera, a passenger in the truck. Joseph W. Jungman, Midland, driver of the truck, was not injured. Miss Sellers suffered cuts of the head, and James Sellers was being treated for possible leg injuries as well as cuts. Neither however, was believed seriously injured.

Governor, Carr Confer On Probe

AUSTIN (AP)—Gov. John Connally and Atty. Gen. Waggoner plan to confer again today on Railroad Commissioner William J. Murray's involvement in a West Texas oil lease deal.

After the two top officials discussed the matter Tuesday, Carr issued a statement saying that Connally wanted a thorough investigation.

Connally's office said the governor authorized Carr to issue the statement. Carr said he hoped to release more information on his investigation today.

The attorney general's statement said:

"Gov. Connally desires a thorough investigation of this matter so that the people of Texas will continue to have confidence in the integrity of their state government. I have been personally involved in the investigation all day and we are continuing to push this investigation as thoroughly and as rapidly as possible."

Murray, a member of the Railroad Commission for 16 years, confirmed Monday that he helped three other men in a Threefork County oil venture in 1958-60. Estimates of the cost of acquiring leases on several thousand acres and cost of drilling 25 wells have ranged from \$200,000 to more than \$1 million.

Murray said he made "several thousand dollars" but did not reveal the net profit. He said published reports that he grossed \$285,000 did not take into consideration the cost of acquiring and developing the leases, which accounted most of the proceeds of the sale.

Murray said he has no intention of resigning because he does not think he has done anything wrong. He said he never met there is any conflict of interest between the lease deal and his job with the oil regulatory body.

Rep. Bob Eckhardt of Houston obtained permission of the House by a 122-14 vote Tuesday to introduce a bill that would stiffen the code of ethics act passed in 1957.

Eckhardt said his measure would prohibit "personal investments" by state officials serving on agencies which regulate the investment.

He said it also would prohibit members of the legislature from appearing before state boards, agencies and commissions while the legislature is considering any proposals that would affect the legislators' clients.

LBJ Speaks At Banquet

AUSTIN (AP)—Vice President Lyndon Johnson spoke at the University of Texas Tuesday night at an initiation banquet for the Alpha Lambda Delta and Phi Eta Sigma, freshman honorary fraternities.

His daughter, Lynda Bird, was among the newly initiated Alpha Lambda Deltas. Also present was Mrs. Johnson.

The capacities and capabilities of people outrun those of government, Johnson said. While people adapt readily to change, the government is slow and reluctant to do so, he said.

"We are far ahead in terms of practical application," Johnson said of outer space. "But we cannot hope to win the space race if we rely solely on material resources. There is one field in which we cannot hope to be matched—in the appeal of form of government makes to men and women everywhere."

The vice president and Mrs. Johnson were made honorary members of the two freshman organizations.

Top Young Farmers Are Announced

TULSA, Okla. (AP)—Young farmers from Wyoming, Minnesota, North Carolina and Illinois were honored Tuesday night by the U.S. Junior Chamber of Commerce as "outstanding young farmers" of 1962.

They were chosen on the basis of progress in agricultural careers, extent of conservation practices, and significance of their contributions to the community, state and nation.

Wayne Brown, 33, Hastings, Minn., who once rented the 200-acre farm he now owns.

The awards were presented at a dinner at which the principal speaker ripped President Kennedy's proposed wheat program.

'Sunny Jim' Is Retiring

By BOB GREEN
Associated Press Sports Writer
NEW YORK (AP)—The doctor looked at the skinny exercise boy and told him: "Young man, you'd better give up racing. Stay away from that excitement or you won't last with that heart."
That was in 1887. Grover Cleveland was President. Now, 13 presidents and 76 years later, Sunny Jim Fitzsimmons is going to take the doctor's advice. He is getting away from racing.
The famed, 68-year-old trainer will retire in June, ending a 78-year association with thoroughbred racing. He was the leading money winning trainer five times, saddled more than 2,000 winners—including two Triple Crown winners—and at one time or another his horses won almost every major race in America.
His mind is as keen and active as ever, but his bent old body has found "the work increasingly burdensome."
The announcement of his retirement was made Tuesday by Ogden Phipps, one of three generations of the Phipps family, for whom Sunny Jim trains. He also handles the horses of Mrs. Henry Carnegie Phipps' Wheatley Stable and those of her grandson, Ogden Mills Phipps.
He will be succeeded by Bill Winfrey, for many years the trainer for Alfred G. Vanderbilt and now with the Gallinella Breeders Association.
James E. Fitzsimmons was born July 23, 1874 in a house in Brooklyn, later in life was razed to make way for a horse race track, the old Sheepshead Bay track.
He first became associated with racing as a hot walker, stableboy and exercise boy in 1884. Three years later he contracted malaria at Long Beach, N.J., suffering from palpitations of the heart, he visited a doctor and came away with the basis for one of his favorite stories.
He started as a jockey Aug. 17, 1889 and rode his first winner Crispin, at the Gloucester track Sept. 20, 1890. He rode until 1891, and in his later years as a jockey doubled as a trainer.
He saddled his first winner, Agnes D. at Brighton Beach Aug. 7, 1900. Since then have come such notable runners as Nashua, Bold Ruler, Misty Morn, High Voltage, Johnstown, Granville, Isolator, Fencelon, Bunsand, Vagrancy, Diavolo, Fighting Fox, Omaha and Gallant Fox.
He won the Triple Crown—the Kentucky Derby, Preakness and the Belmont Stakes—with Gallant Fox in 1930 and Omaha in 1935.
He was the leading money-winning trainer in 1930, 1932, 1936, 1938 and 1955. Mr. Fitz was elected to the National Museum of Racing in Saratoga, N.Y. in 1958.
The record speaks for his skill as a trainer. "Phipps said, but what has been even more important for a man of great character whose outlook on life and concerns for his fellow man endeared him to all fortunate enough to know him."
"He plans to be at our stable often and we certainly hope so."

NBA Division Titles Pending

BOSTON (AP)—The world champion Boston Celtics—again, tired and 10-point favorites—battled it out with the Cincinnati Royals tonight for the Eastern Division playoff crown in the National Basketball Association.
The Celtics must win the final game in the best-of-seven series to earn a chance for their fifth straight NBA crown. The Royals must take it to continue their surprising march toward their first title, since the franchise moved to the Ohio city from Rochester, N.Y.
Both teams are at full strength for the Boston Garden clash and the game has been a sellout for several days. The odds makers rate Boston 10-11 points better than the Royals in Sunday night's sixth game 10:45 Sunday night in Cincinnati to square the series at 3-3.
ST. LOUIS (AP)—The Los Angeles Lakers will try again Tuesday night to wrap up the Western Division playoff title which eluded them Tuesday against the St. Louis Hawks.
However, this time Elgin Baylor, Jerry West and Co. will have the home court advantage that seems to have made the difference in the National Basketball Association best-of-seven series. The Lakers and Hawks have won three each at home.
The charm worked again Tuesday night as the Hawks spotted early and late for a 121-113 triumph.
Baylor scored 39 points and West 28 but they were wasted as the Hawks' bench came out to help veterans Bob Pettit and Cliff Hagan.
The Lakers nearly overcame a 16-point deficit in the final moments to pull within three before Pettit and substitutes John Barnhill and Bill Bridges teamed up in a closing spree that clinched the contest. Barnhill hit 6 points and Bridges 7, and another sub, Mike Farmer, added 5.
Texas, Rice Close
AUSTIN (AP)—Texas climbed within one point of leading Rice Tuesday as the Longhorns defeated the Owls 63-60 in a basketball game. Texas leads the series 11-1 for the season and Rice 12-0.

Tigers Nudge Horses, 11-9

SWEETWATER — The Snyder Tigers cashed in on their second District 3-AAA two-run decision in as many days here Tuesday, slipping past Sweetwater's pesky Mustangs, 11-9, to run their record to 2-0 in the championship race.
The Ponies, a 15-14 Monday victim of Lamesa, now stand 0-3 in the annual scramble.
The Bengals saw an 8-4 lead wither away on the vine in Tuesday's contest, as the Red Horses came roaring back to knot the count at 8-8 as seventh inning play got underway. Snyder raced to three runs after two were out, though, when he survived another scary comeback attempt in the bottom of the inning to preserve the win.
A solemn procession of four Tiger hurriers trudged to the mound during the afternoon's firing. Dalton Walton started for the Bengals, but wideness led to his demise during a two-run fifth-inning uprising. He was relieved of duty and shuffled to the outfield after issuing passes to three batters that frame Jerry Owen was called in and walked the two hitters he faced, after which J. Snyder got the nod and forced pitcher Ronald Dement — who had homered in the third — to ground out the end of the inning.
Raymond Matthews look over to finish out the final two innings and received credit for the win. He was also the victor Monday against Colorado City, going the distance as the Tigers emerged on the long end of a 6-4 slug.
Snyder got the scoring ball rolling in the second when Rob Hall and Jay Williamson walked one way and were driven home on consecutive singles by Drew Ballard and Kenny Gay. The Ponies knotted it up in the third when Dement's solo homer and a freak triple off the bat of Benny Pace combined to score two runs.
Pace's shot to right had "single" written on it, but the ball hopped high over the shoulder of Eddy Kirby and went for three bases, pushing home Don Huey, who had walked, ahead of him.
The Tigers picked up three more in the fourth, helped along by Ballard's double and a run-producing single through the box by first sacker Kenny Wellborn. Wellborn ended the game as the leading stick-wielder with a double and two singles landed in five trips to the plate.
After Sweetwater had retaliated with two tallies of their own in their half of the fourth, the Tigers swept in three additional markers in the fifth.
Jim Marcum touched off the rally with a bunt single down the third-base line and later came home on an error. Bob Hays accounted for the other safety of the inning, a one-baser-pitch.

Lamesa was crowned champion of the 8th grade division, while the two Big Spring entrants—Rummels and Goliad—came in second and third.
Travis 9th lost its first-rounder to Lamesa, 4-11, then bounced back to defeat Goliad B by 5-2 behind the 17-point effort of Sue Brooks. They were nipped in the consolation finals against Goliad 9th, 4-3-3, however, as Diane Pharris served for 12 points during the narrow defeat.
Brenda Dyess was the top Travis server for the three-game set with a total of 26 points and she Brooks the leading spiker in each. Miss Dyess was named to the all-tournament team at conclusion of the meet.

Butler succeeds Ed Chapman.

Only 43 persons voted in the city election unanimously returning three incumbents to seats on the city council yesterday.

Eugene E. Harper, motel owner, was re-elected to place No. 1 on the city council; G. N. von Roeder, rental property owner was elected to place 3, and Malven K. Stevenson, grocer, was re-elected to place No. 5.

Deep Creek probably will not qualify for a flood control project under Public Law 566.

That is the consensus of an engineer and economist who completed a preliminary field examination here yesterday. (They made an informal report on their findings at a meeting last night in the district courtroom.)

Directors of the Snyder Civic Music Association, in a meeting last night, voted to withdraw from Civic Concert Service, Inc., with which it has been affiliated for five years, and elected new officers for the coming year.

New officers are Bob Clinton, president who succeeds Art Nicholas; Mrs. Tom Hartley, first vice president; Ralph Giesenhorn, second vice president; and Mrs. Frank LeFevre, secretary.

Mystery Of Wayward Bus Is Solved

YOUNG, Ariz. (AP)—The great face over the wayward bus is over.

A two-state search for a busload of 10 high school students and five adults from Young ended in a Harbor City, Calif., motel Tuesday night.

All hands were reported safe. The bus driver, W. H. Merchant, the bus wasn't missing at all.

The bus left this tiny central Arizona community Saturday for an Easter vacation trip to Disneyland, Marineland and the San Diego Zoo.

Arizona authorities began a two-state search after members of the group failed to telephone their families Saturday night. The parents understood they were to be nightly phone calls, authorities said.

Merchant told police there was no such agreement. Besides, he explained, there were only a couple of telephones in Young, and it was often impossible to reach the town.

Adding to the confusion, police said, was the group's decision not to check in at the Long Beach, Calif., hotel, where they had reservations. Merchant said they decided to stay at a motel in nearby Harbor City because the Long Beach Hotel was perilously close to an amusement area and sailors out on the town.

Police said they found the missing Arizonans after getting a phone tip from someone who had heard about the missing bus and spotted it in Harbor City.

Merchant told officers they plan to go to San Diego Thursday, then return home Friday or Saturday.

The management at the motel refused to let newsmen talk to the Arizonans. "There's been too much commotion already," a spokesman said.

Cargo Must Have Had Some Influence

NEW ROCHELLE, N.Y. (AP)—You might say that truck driver Salvatore M. Augliera was in a predicament Tuesday.

His 14-foot, 6-inch trailer was too tall for the New England Thruway toll gates and he was turned back. But a bridge underpass he had cleared on the approach had only a 13-foot clearance over the return lanes.

So Augliera, who wound up with a summons, had to wait for police to jockey traffic for him to use the lanes he could clear. And then he had to find another route.

No Raise Due For British Legislators

LONDON (AP)—Britain's legislators, who claim they are among the lowest paid in the world, groaned and cheered triumphantly Tuesday as Prime Minister Harold Macmillan told them they can't expect a raise.

Macmillan said he realized there were cases of individual difficulty but he did not think it right that the government should

propose any increase at this time. Harold Wilson, leader of the opposition, called the prime minister's statement dimly unsatisfactory.

Resignation Of Miro Is Turned Down

MIAMI, Fla. (AP)—The Cuban Revolutionary Council rejected today the resignation of its president, Jose Miro Cardona, and said Miro would continue to head the anti-Castro exile organization.

A decision to refuse the resignation was reached in a 14-hour all night meeting.

The council then issued a statement declaring a "state of grave crisis exists, caused by the present policy of the government of this country." President Kennedy's clampdown on anti-Castro raids prompted the declaration.

Cuban exiles were urged to close ranks to produce the necessary national unity to accelerate the fight to overthrow Castro.

The U.S. State Department, through a representative who flew to Miami, had added its voice to those who wanted Miro to continue heading the coalition of major anti-Castro fronts.

The grave-faced, heavy-set former Havana law professor was prompted to offer his resignation as a token of a clash with the Kennedy administration over its Cuban policy.

Panel Studies Tuition Bill

AUSTIN (AP)—A House subcommittee began study today on two bills to increase tuition at Texas' 20 state-supported colleges.

The Revenue and Taxation Committee heard the measures Tuesday and kept them for more study.

One bill, by Rep. Dick Morgan of Dallas, would increase resident tuition to \$75 a semester. Another, by Rep. Ben Atwell of Dallas, would double tuition to \$100 a semester.

Morgan said both bills would have lower tuition rates than Texas. "This is not primarily a revenue measure. It is designed to keep in line the part students pay for their education."

During 1961-63 the average cost to Texas for educating a student was \$677, Morgan said.

Following torrential rains, the flood also caused severe property damage and disrupted telephone communications inside Syria for eight hours.

It was reported by the board president that board member Albert Ray Martin had contacted the teachers and Martin reported on their conversation.

LBJ Speaks At Banquet

AUSTIN (AP)—Vice President Lyndon Johnson spoke at the Univ. City of Texas Tuesday night at an initiation banquet for the Alpha Lambda Delta and Phi Eta Sigma, freshman honorary fraternities.

His daughter, Lynda Bird, was among the newly initiated Alpha Lambda Deltas. Also present was Mrs. Johnson.

The capacities and capabilities of people outrun those of government, Johnson said. While people adapt readily to change, the government is slow and reluctant to do so, he said.

"We are far ahead in terms of practical applications," Johnson said of outer space. "But we cannot hope to win the space race if we rely solely on material resources. There is one field in which we cannot hope to be matched—in the appeal our form of government makes to men and women everywhere."

The vice president and Mrs. Johnson were made honorary members of the two freshman organizations.

Murray said he made "several thousand dollars" but did not reveal the net profit. He said published reports that he grossed \$285,000 did not take into consideration the cost of acquiring and developing the leases, which absorbed most of the proceeds of the sale.

Murray said he has no intention of resigning because he does not think he has done anything wrong. He said he does not think there is any conflict of interest between the lease deal and his job with the oil regulatory body.

Echaviz said his measure would prohibit "personal investments" by state officials serving on agencies which regulate the investment.

He said it also would prohibit members of the legislature from appearing before state boards, agencies and commissions while the legislature is considering any proposals that would affect the legislators' offices.

Charles H. Patterson, who has been vice president of Ford's basic manufacturing group, was named to the long vacant post of executive vice president.

Miller, 47, was one of Ford's original white-knucklers, a group of 16 Air Force statistical officers who whupped the automaker in a body during its postwar reorganization.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: My mother is my problem. She saves junk. She filled up two trunks of our house with junk and now she is starting to fill up a third. She says old Christmas trees, burned-out light bulbs, old clothes, shoes, boxes, bottles, rags, newspapers, and even broken toys.

READY TO LEAVE: DEAR READY: Don't wait for Fire-Prevention Week to dig into those junk-filled rooms. Get up early one Saturday morning and go to it. Separate the worthless junk (old Christmas trees, burned-out bulbs, rags, etc.) from items that could be restored (old

clothes, broken toys) and give your Salvation Army a ring. Ask your mother to approve your sorting job and let the trash man haul the junk away. And stay home. Mothers need sons like you.

DEAR ABBY: Another girl and I share a four-room apartment for which we split all the expenses. We both work days and have to get our laundry and housecleaning done in the evenings. Do you think it is fair that I do all the work while she sits on her 150 pounds and watches TV all evening? I am getting fed up with her! She is so lazy you wouldn't believe it. She is 34 so don't tell me she's too young to know better. Can you help me?

DEAR HORSE: The only person who can get her off her 150 pounds is YOU—and the method is so simple YOU wouldn't believe it. Tell her if she doesn't pitch in you'll pitch her out.

DEAR ABBY: Being one of the fast army of working wives and mothers, I am getting fed up with you because I am sure there are others who feel as I do. Every business has a peak period, and during the time, any conscientious worker gives her "all" and knows her boss is grateful. WHY then, when the husband or child of this worthy employee is ill at home and the boss knows it—doesn't he tell her to take off early because he knows she's needed at home?

Union Suit Tossed Out

WASHINGTON (AP)—A suit filed by the Texas AFL-CIO to stop the daily commuting of Mexicans across the Rio Grande to jobs in Texas border cities has been dismissed in federal district court here.

Judge Burnita Shelton Matthews, in ruling Tuesday in favor of a government motion to toss the suit out of court, made no comment on the case.

In filing the suit in 1961, the labor organization said some 50,000 to 80,000 Mexicans cross the border each day to work in Texas and thus cause unemployment and depress wages for U.S. citizens.

Governor, Carr Confer On Probe

AUSTIN (AP)—Gov. John Connally and Atty. Gen. Waggoner Carr planned to confer again today on Railroad Commissioner William J. Murray's involvement in a West Texas oil lease deal.

After the two top officials discussed the matter Tuesday, Carr issued a statement saying that Connally wanted "a thorough investigation."

Connally's office said the governor authorized Carr to issue the statement.

Carr said he hoped to release more information on his investigation today.

The attorney general's statement said Carr "thoroughly investigated" this matter so that the people of Texas would have confidence in the integrity of their state government.

"I have been personally involved in the investigation all day and we are continuing to push this investigation as thoroughly and as rapidly as possible."

Murray, a member of the Railroad Commission for 16 years, confirmed Monday that he joined three other men in a Throckmorton County oil venture in 1958-60. Estimates of the cost of acquiring leases on several thousand acres and cost of drilling 25 wells have ranged from \$500,000 to more than \$1 million.

Murray said he made "several thousand dollars" but did not reveal the net profit. He said published reports that he grossed \$285,000 did not take into consideration the cost of acquiring and developing the leases, which absorbed most of the proceeds of the sale.

Murray said he has no intention of resigning because he does not think he has done anything wrong. He said he does not think there is any conflict of interest between the lease deal and his job with the oil regulatory body.

Echaviz said his measure would prohibit "personal investments" by state officials serving on agencies which regulate the investment.

He said it also would prohibit members of the legislature from appearing before state boards, agencies and commissions while the legislature is considering any proposals that would affect the legislators' offices.

Castro Manages To Turn All Events To Own Advantage

By JAMES MARLOW
 WASHINGTON (AP)—It is almost two years since the United States got mixed up in one of the worst farces in its history. If it had been planned for his benefit, it couldn't have helped Fidel Castro more.

He looked like a soft touch but wasn't. Now, since the Soviets moved in to protect him, he looks unshakable. The United States, which sought to destroy him, now tiptoes around him.

About 1,500 Cuban refugees with American backing, invaded their homeland April 17, 1961, to get rid of Castro. He smashed them, jailed about 200, and finally released them last year for a handsome ransom.

From all of this it might seem he could consider himself safe now. He probably doesn't.

There is a bit of the Caribbean witchdoctor about him. All who touch him get hit with a curse, friend or foe. Both the United States and Russia suffered humiliation from getting tangled with him.

The events flowing from that disastrous act of invasion took strange turns.

This country — but principally President Kennedy, who took responsibility for the invasion — has

been rendered self-conscious not only by the invasion failure but the dismal nature of it.

It shocked some people around the world to see the United States take part, even though in the background, in an attack on a neighbor. Some were shocked because it failed, others because it was handled so wretchedly.

Russia suffered an embarrassment from which it probably has not yet recovered when, after sliding missiles into Cuba, it crawled out of a showdown with Kennedy by pulling its missiles out.

But Russia wasn't all loser. It showed about 22,000 Soviet troops into Cuba with the missiles and perhaps 14,000 are still there. Since any attack on Cuba now would involve them, and Russia, their presence discourages invasion.

In this sense they're a blessing for Castro. He may feel the blessing is mixed. He can't help feeling that if he ever stops toeing the Russian line, the Russians in Cuba will dispose of him.

There is the possibility that Russia had two reasons, not connected with any real threat to the United States, for putting the missiles in Cuba.

1. It was a good excuse to put troops in, too, for while they're there a discouragement to any kind of

American invasion they are also a control on Castro.

2. Strictly for bargaining to agree to pull its missiles out of Cuba if this country agreed to do the same with its missiles in Turkey and Italy.

The Kennedy administration denies any such deal, or any deal, was made.

Nevertheless, not long after the Russian missiles were hauled away from Cuba, this government announced it was pulling its missiles out of Italy and Turkey.

The reason given was that they are no longer needed now that the Polaris submarines moving around under the Mediterranean with their missiles are better bases than the stationary ones in Italy and Turkey.

'Out of all this one thing is sure: the United States is a lot further from getting Castro out of Cuba than it was before the invasion began. There is no evidence this country now has any plans for getting rid of Castro.

And the American government, which backed the refugees two years ago has come so cautious about getting into trouble with the Russians in Cuba that it has cracked down on refugees in this country to make sure they don't try any anti-Castro capers from American territory.

Who Wants To Be Young Once Again?

By HAL BOYLE
 NEW YORK (AP)—Who, being middle-aged, would ever want to be young again?

When you're young you wait impatiently at life's second table to be served. When you're middle-aged you point impatiently at the roast beef as it comes hot from the oven and say, "I'll have a slice there."

That's the big advantage of being middle-aged. You know better how to pick and choose among life's various possibilities. You learn to prefer durable contentments to present dissaims.

It is the dream of youth to gallop toward every goal. It is a satisfaction of middle age to appreciate any distance you no longer have to march.

Youth eagerly tries to lift itself up by its bootstraps. Middle age would rather take its shoes off and rest on the ground.

Youth believes you can mail away a box top with a quarter and you'll get something back that will make life greater, happier or better. Middle age prefers to hold on to the quarter.

When the sap flows freely in the ambitious sapling, it tries desperately to climb the sun. When the sap flows slower, the older tree is glad enough to be able to hold up its arms and take the climate as it comes.

The young dog wines and cries in the throes of puppy love. His elder watches the pretty ones go by, sighs reminiscently, and is grateful that a gay old dog can't be taught new tricks.

In youth one chases the horizon from dawn to dusk. In middle age one goes to bed before midnight comfortably sure that by morning the horizon will still be safely there to admire, no more perilously near than before.

When young, one feels the urge to write long and passionate love letters. As age takes its toll, one takes a nostalgic delight in reading someone else's foolish letters in the tabloids while munching a sandwich.

Youth is a desperate struggle in uncertainty; middle age is a thoughtful yawn of knowledge.

Youth doubts; age knows.

There is no place that youth feels it can't go to. There is no place that middle age would rather be than here.

Youth argues with the wife; age just turns off the hearing aid and sits back and listens.

The young man wonders if he can ever pile up enough money. The older man feels pretty sure he can't.

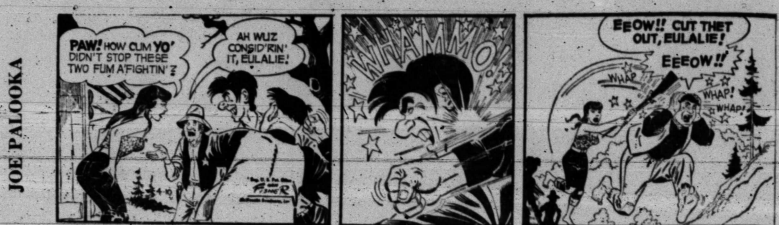

The young man forgets his health. The older man is always reminded of it by his diseases.

Youth can't wait to be hurt; age recoils from pain by remembering days of gladness.

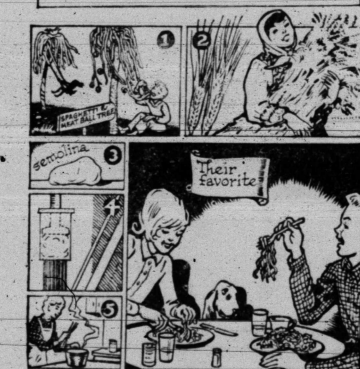

To the young the day is swift and the years seem long. To those older, each day is a forever but the years fleet by on invisible wings—so that afterward he never is quite sure where they flew.

Who, being middle-aged, would ever want to be young again?

Only the one who was young before.

Junior Editors Quiz on SPAGHETTI

QUESTION: Does spaghetti grow on trees?

ANSWER: No, and neither do meatballs; so we will have to admit that picture (1) is a pure piece of imagination on the part of our artist. Spaghetti, and the similar product, macaroni, are made from a special kind of wheat called durum, which has large hard kernels. For a long time durum wheat has been grown around the Mediterranean Sea, especially in Italy, and it was here that macaroni and spaghetti were developed as a favorite food (2). The durum wheat flour, mixed with water, produces a dough called semolina. This is packed in containers which have pistons inside which can be squeezed down. At the bottom of the container are many small holes and the semolina is squeezed out of them to make long sticks of spaghetti which are then cut off. Macaroni is squeezed through a larger hole (4) and steel pins are stuck through the macaroni sticks to make them hollow. Nowadays, semolina products are made by large machines in factories. These products are nutritious, keep very well and seem nearly as popular here as they are in their native Italy. (Durum wheat is also grown in our Northwest.)

FOR YOU TO DO: Semolina is made into other shapes besides spaghetti and macaroni, such as tiny strings (vermicelli) and curved tubes (elbow macaroni). Especially inviting is shell macaroni, made like little sea shells. Ask your mother to serve you some.

(Lynn Howard of Hamilton, Ont., wins \$10 for this question. Next week's question is: How many states does this newspaper and you may win \$10, or the weekly grand prize of a set of Britannica Junior Encyclopedias.)

Travis Girls In Tourney

Travis Junior High's 8th and 9th grade girls were entered in the Big Spring Invitational Volleyball Tournament recently where the 8th graders came in fourth in a field of 7 teams.

Lamesa was crowned champion of the 8th grade division, while the two Big Spring entrants—Runnels and Goliad—came in second and third.

Travis 9th lost its first rounder to Lamesa, 4-11, then bounced back to defeat Goliad B by 54-29 behind the 17-point effort of Sue Brooks. They were nipped in the consolation finals against Goliad 9th, 44-30, however, as Diane Pharis served for 12 points during the narrow defeat.

Brenda Dyess was the top Travis server for the three-game set with a total of 26 points and Sue Brooks the leading spiker in each. Miss Dyess was named to the all-tournament team at conclusion of the meet.

Travis 8th lost to Goliad in its opener, 50-20 with Sharlot Rose pacing the losing effort with 77 points. Travis was eliminated by Lamesa in the second round, 46-18, as Donna Stinnett scored half of her team's points while suffering the loss.

Kenneth won the 8th grade division; Runnels was second; and Lamesa shared consolation honors.

National Loop Takes Up Where It Left Off

By JIM BECKER
Associated Press Sports Writer

You can be pardoned for feeling that this is where you came in.

The National League baseball pennant chase got under way in earnest Tuesday, and these were some of the results on the first full day of action.

Don Drysdale, a 25-year-old winner last year, won for the Los Angeles Dodgers.

Jack Sanford, 24, wins got the victory for the San Francisco Giants, as Willie Mays (49 last season), Orlando Cepeda (35), Felipe Alou (25) and Willie McCovey (20) homered.

Art Mahaffey, 19, wins, set down the hard-hitting Cincinnati Reds on four hits, for the Philadelphia Phillies.

And the New York Mets, 120 losses last year, fell on their faces.

The scores were Los Angeles 5, Chicago Cubs 1; San Francisco 9, Houston 2; Philadelphia 2, Cincinnati 1, and the St. Louis Cardinals 7, New York Mets 0.

The Pittsburgh Pirates, who dropped the annual day-ahead opener Monday at Cincinnati to the Reds, evened their record at 1-1 with a 3-2 victory over the Milwaukee Braves.

In the American League, the world champion New York Yankees dumped Kansas City 8-2; Cleveland beat Minnesota 5-4; the Chicago White Sox topped Detroit 7-5 and the Los Angeles Angels overcame the Boston Red Sox 4-1. Baltimore and Washington, who opened Monday in the Presidential game, were idle.

The Dodgers victory may have been costly. Shortstop Maury Wills, the league's Most Valuable Player last year, left after the sixth inning with a jammed left ankle and was doubtful for today's game with the Cubs.

Wills, who stole 104 bases last season, revealed before the game that he had become worried about his valuable legs, and had gone to a hypnotist during the winter to try to get the worries off his mind. Wills apparently hurt the ankle in the third inning when he was thrown out at the plate on a double play.

Drysdale gave up 11 hits but was helped by three double plays, as he won his sixth straight over the Cubs. The Dodgers broke a 1-1 tie in the sixth when Willie Davis tripled and scored on a balk by pitcher Larry Jackson, obtained in a winter trade from the Cards. Rookie Ken McMullen led the game with a two-run double in the ninth.

The Giants jumped off to a 6-0 lead at Houston Cepeda's homer in the second opened the scoring and Sanford tripled home two runs in the same frame. Sanford weakened in the 90-degree heat and left in the sixth after giving up three straight singles. Jack Fisher picked up in a trade with the Orioles, pitched hitless relief.

Mahaffey, the 24-year-old hard-throwing right-hander, had a two-hit shutout going into the ninth. Frank Robinson opened that inning for the Reds with a single and moved to second on a ground out. Robinson scored when catcher John Edwards smashed a line double. Mahaffey then struck out Gene Freese and rookie Tom Hunter to end the game, but only after Freese had missed a home run by a few feet.

Joe Judge, the veteran season, also pitched well, giving up only five hits in the seven innings he

'Sunny Jim' Is Retiring

By BOB GREEN
Associated Press Sports Writer

NEW YORK (AP)—The doctor looked at the skinny exercise boy and told him: "Young man, you'd better give up racing. Stay away from that excitement or you won't last with that heart."

That was in 1937. Grover Cleveland was President. Now, 13 presidents and 76 years later, Sunny Jim Fitzsimmons is going to take the doctor's advice. He is getting away from racing.

The famed, 86-year-old trainer will retire in June, ending a 78-year association with thoroughbred racing. He was the leading money winning trainer five times, saddled more than 2,000 winners—including two Triple Crown winners—and at one time or another his horses won almost every major race in America.

His mind is as keen and active as ever, but his best old body has found "the work increasingly burdensome."

The announcement of his retirement was made Tuesday by Ogden Phipps, one of three generations of the Phipps family for whom Sunny Jim trains. He also handles the horses of Mrs. Henry Carnegie Phipps' Wheatley Stable and those of her grandson, Ogden Mills Phipps.

He will be succeeded by Bill Winfrey, for many years the trainer for Alfred G. Vanderbilt and now with the California Breeders Association.

Jim first became associated with racing as a trainer in 1884. Three years later he contracted malaria at Long Beach, N.J., suffering from palpitations of the heart. He visited a doctor and came away with the basis for one of his favorite stories.

He started as a jockey Aug. 17, 1889 and rode his first winner, Crispin, at the Gloucester track Sept. 30, 1890. He rode until 1921, and in his later years as a jockey doubled as a trainer.

He saddled his first winner, Agnes-D, at Brighton Beach Aug. 7, 1900. Since then there have come such notable runners as Nashua, Bold Ruler, Misty Morn, High Voltage, Johnstown, Granville, Isolator, Fenelon, Busanda, Vagrancy, Diavolo, Fighting Fox, Omaha and Gallant Fox.

He won the Triple Crown—the Kentucky Derby, Preakness and the Belmont Stakes—with Gallant Fox in 1930 and Omaha in 1935.

He was the leading money winning trainer in 1930, 1932, 1936, 1939 and 1955. Mr. Fitz was elected to the National Museum of Racing in Saratoga, N.Y. in 1958.

"The record speaks for his skill as a trainer," Phipps said, "but what has been even more important for us has been Mr. Fitz the man—a man of great character whose outlook on life and concern for his fellow man endeared him to all fortunate enough to know him."

"He plans to be at our stable often and we certainly hope so."

Doris Rollins, the latter of whom rolled the league's high line, high series, and high average. Faye Bond of the Casual Shop team was the most improved bowler in the Tuesday morning league.

Tigers Nudge Horses, 11-9

SWEETWATER — The Snyder Tigers cashed-in on their second District 3-AAA two-run decision in as many days here Tuesday, shipping past Sweetwater's pesky Mustangs, 11-9 to run their record to 2-0 in the championship race.

James E. Fitzsimmons was born July 23, 1874 in a house in Brooklyn which later was razed to make way for a horse race track, the Shespehead Bay track.

The Bengals saw an 8-4 lead wither away on the vine in Tuesday's contest, as the Red Horses came roaring back to knot the count at 8-8 as seventh inning play got underway. Snyder raced to three runs after two were out, though, the n surviving another scary comeback attempt in the bottom of the inning to preserve the win.

A solemn procession of four Tiger riders trudged to the mound during the afternoon's firing. Dalton Walton started for the Bengals, but widdish led to his demigod during a two-run fifth-inning uprising. He was relieved of duty and shuffled to the field after issuing passes to three batters that frame. Jerry Owen was called in and walked the two hitters he faced, after which N. Wall got the nod and forced pitcher Ronald Dement — who had homered in the third — to ground out to end the inning.

Raymond Matthews took over to finish out the final two innings and received credit for his win. He was also the victor Monday against Colorado City, going the distance as the Tigers emerged on the long end of a 6-4 stick.

Snyder got the scoring ball rolling in the second when Rob Hall and Jay Williamson walked with one away and were driven home on consecutive singles by Drew Bullard and Kenny Gray. The Poms knotted it up in the third when Dement's solo homer and a freak triple of the bat of Benny Pace combined to score two runs.

Pace's shot to right had "single" written on it, but the ball hopped high over the shoulder of Eddy Kirby and went for three bases, pushing home Don Huey, who had walked, ahead of him.

The Tigers picked up three more in the fourth, helped along by Bullard's double and a run — producing single through the box by first sacker, Kenny Wellborn. Wellborn ended the game at the leading stick — wielder, with a double and two singles landed in five trips to the plate.

After Sweetwater had retaliated with two tallies of their own in their half of the fourth, the Tigers swept to three additional markers in the fifth.

Jim Marcus touched off the rally with a bunt single down the third — base line and later came home on an error. Rob Hall accounted for the other safety of the inning, a one — baser stop.

NBA Division Titles Pending

BOSTON (AP)—The world champion Boston Celtics—aging, tired and 10-point favorites—battled it out with the Cincinnati Royals tonight for the Eastern Division playoff crown in the National Basketball Association.

The Celtics must win the final game in the best-of-seven series to earn a chance for their fifth straight NBA crown. The Royals must take it to continue the surprising march toward their first title since the franchise moved to the Ohio city from Rochester, N.Y.

Both teams are at full strength for the Boston Garden clash and the game has been a sellout for several days. The oddsmakers rate Boston 10-11 points better than the Royals, who won the sixth game 106-97 Sunday night in Cincinnati to square the series at 3-3.

ST. LOUIS (AP)—The Los Angeles Lakers will try again Thursday night to wrap-up the Western Division playoff title which eluded them Tuesday against the St. Louis Hawks.

However, this time Elgin Baylor, Jerry West and Co. will have the home court advantage that seems to have made the difference thus far in the National Basketball Association best-of-seven series. The Lakers and Hawks have won three each at home.

The charm worked again Tuesday night as the Hawks sprung early and late for a 121-113 triumph.

Baylor scored 39 points and West 28 but they were wasted as the Hawks' bench came out to help veterans Bob Pettit and Cliff Hagan.

The Lakers nearly overcame a 16-point deficit in the final moments to pull within three before Pettit and substitutes John Barnhill and Bill Bridges teamed up in a closing spree that clinched the contest. Barnhill hit 6 points and Bridges 7, and another sub, Mike Farmer, added 5.

Blue Devil 7th Victor

The Travis Blue Devils—7th grade vintage—rolled to victory here at Tiger Stadium Tuesday afternoon in a dual track and field meet staged against their Lamar counterparts.

Travis rang up 153 1-3 points for top billing to Lamar's 124 2-3.

Travis' leading money winner, Sherdley Pinkerton, Noble (10-1) 1-2, whose outlook on life and concern for his fellow man endeared him to all fortunate enough to know him.

From The Snyder Daily News - April 10, 1953

Billy Butler, employee of the Snyder Gasoline Plant, was installed as commander of the Veterans of Foreign Wars last night by Justice Morrow of Rotan, senior vice commander of the VFW Department of Texas.

Butler succeeds Ed Chapman. Only 43 persons voted in the city election unanimously returned three incumbents to seats on the city council yesterday.

Eugene E. Harper, motel owner, was re-elected to place No. 1 on the city council; C. N. van Rooder, rental property owner, was elected to place 3, and Malvin K. Stevenson, grocer, was re-elected to place No. 5.

Deep Creek probably will not qualify for a flood control project under Public Law 566.

That is the consensus of an engineer and economist who completed a preliminary field examination yesterday.

They made an informal report on their findings at a meeting last night in the district courtroom. Directors of the Snyder Civic Music Association, in a meeting last night, voted to withdraw from Civic Concert Service, Inc., with which it has been affiliated for five years, and elected new officers for the coming year.

New officers are Bob Clinton, president who succeeds Art Nicholas; Mrs. Tom Hartley, first vice; president Ralph Geisenhoner, secretary; and Mrs. Frank LeFevre, secretary.

Mystery Of Wayward Bus Is Solved

By BUD EVANS

YOUNG, Ariz. (AP)—The great mystery over the wayward bus is over.

A two-state search for a busload of 10 high school students and five adults from Young ended in a Harbor City, Calif., motel Tuesday night.

All hands were reported safe. The bus driver, W. H. Merchant, principal of the high school, said the bus wasn't missing at all.

The bus left this city central Arizona community Saturday for an Easter vacation trip to Disneyland, Marseilles and the San Diego Zoo.

Arizona authorities began a two-state search after members of the group failed to telephone their families Saturday night. The parents understood they were to get nightly phone calls, authorities said.

Merchant told police there was no such agreement. Besides, he explained, there were only a couple of telephones in Young, and it was often impossible to reach the town.

Adding to the confusion, police said, was the group's decision not to check in at the Long Beach, Calif., hotel where they had reservations. Merchant said they decided to stay at a motel in nearby Harbor City because the Long Beach hotel was perilously close to an amusement area and sailors out on the town.

Police said they found the missing Arizona after getting a phone tip from someone who had heard about the missing bus and spotted it in Harbor City.

Merchant told officers they plan to go to San Diego Thursday, then return home Friday or Saturday.

The management at the motel refused to let newsmen talk to the Arizona. There's been too much commotion already, a spokesman said.

Cargo Must Have Had Some Influence
NEW ROCHELLE, N.Y. (AP)—You might say that truck driver Salvatore M. Augiera was in a predicament Tuesday.

His 14-foot, 9-inch trailer was too tall for the New England Turnpike toll gates, and he was turned back. But a bridge underpass he had cleared on the approach had only a 13-foot clearance over the return lanes.

So Augiera, who wound up with a summons, had to wait for police to jockey traffic for him to use the lanes he could clear.

And then he had to find another route to Stratford, Conn., with the load of scenery for the American Shakespeare Festival opening of "Comedy of Errors."

THE WINNER—Little Norma Kay Fraley, 4, was named winner of the Scurry County Boys' Club Little Sister Contest as a highlight of national Boys' Club Week. She is pictured at center with her escort, Donald Ray Fraley. At right are Jerry Lynn Mae Heath, 7, and escort Larry Tatum, (second), while to the left is Sylvia Puente, 8, (third) and escort Arthur Puente. Awards to the entries were donated by the Ben Franklin Store, with Mrs. Collette Butler being in charge of the program. The Acacia Study Club was responsible for decorations, and judging the contest were Mrs. Ray Devers, Russell Jones, and Bill Butler.

No Raise Due For British Legislators

LONDON (AP)—Britain's legislators, who claim they are among the lowest paid in the world, groaned and cheered ironically Tuesday as Prime Minister Harold Macmillan told them they can't expect a raise.

Macmillan said he realized there were cases of individual inequity but he did not think it right that the government should

propose any increase at this time. Harold Wilson, leader of the opposition, called the prime minister's statement dismally unsatisfactory.

Resignation Of Miro Is Turned Down

By BUD EVANS

MIAMI, Fla. (AP)—The Cuban Revolutionary Council rejected today the resignation of its president, Jose Miró Cardona, and said Miró would continue to head the anti-Castro exile organization.

A decision to refuse the resignation was reached in a 13-hour, all-night meeting.

The council then issued a statement declaring a "state of grave crisis exists, caused by the resignation of the government of this country." President Kennedy's clampdown on anti-Castro raids prompted the declaration.

Cuban exiles were urged to close ranks to produce the necessary national unity to accelerate the fight to overthrow Castro.

The U.S. State Department, through a representative who flew to Miami, had added its voice to those who wanted Miró to continue heading the coalition of major anti-Castro fronts.

The grave-faced, heavy-set former Havana law professor was prompted to offer his resignation as a token of a clash with the Kennedy administration over its Cuban policy.

Panel Studies Tuition Bill

By BUD EVANS

AUSTIN (AP)—A House subcommittee began study today on two bills to increase tuition at Texas' 20 state-supported colleges.

The Revenue and Taxation Committee heard the measure Tuesday and kept them for more study.

One bill, by Rep. Dick Morgan of Dallas, would increase resident tuition to \$75 a semester. Another, by Rep. Ben Atwell of Dallas, would raise tuition to \$100 a semester.

Morgan said only two states have lower tuition rates than Texas. This is not primarily a revenue measure. It is designed to keep in line the part students pay for their education.

During 1961-62 the average cost to Texas for educating a student was \$677, Morgan said.

During 1961-62 the average cost to Texas for educating a student was \$677, Morgan said.

Flash Floods Kill Six In Damascus

DAMASCUS, Syria (AP)—A government spokesman said Tuesday that six persons, including two women and a child, perished in flash floods in Damascus in the past 24 hours.

Following torrential rains, the flood also caused severe property damage and disrupted telephone communications inside Syria for eight hours.
