County Hires Kids' Advocate

Mitchell County will have an official Juvenile Probation Officer by the end of September.

Steve Lawhon, Sweetwater Juvenile Probation Officer, appeared before members of the Mitchell County Commissioners' Court Monday during their regular session and requested permission to extend his juvenile program to this county.

Lawhon explained that Mitchell County is one of 36 out of 254 counties in Texas that does not currently have a juvenile probation officer.

Lawhon is currently operating several juve-

nile probation offices including offices in Fisher and Nolan Counties in the 32nd Judicial District.

The offices operate under a continuing grant from the Texas Youth Council. These funds include operating expenses for each officer who heads the county office, fuel allowance and operating expenses.

The county will furnish a secretary and office equipment. Office space is being considered in the Boys' Club building and the Dale Mathis Frontier Cable TV office building.

The function of the officer is to be the advocate for the child, to work with the police, courts, school system and parents who have problems with children or children who are having problems living with their parents.

The officer will make himself available for all type juvenile problems and consultation.

"We are not here to take over anything. We are here to work with organizations and persons who request and need our assistance," Lawhon said.

In Fisher County, there were 235 referrals.

MAXIE LEE AND CHARLES ROOT were honored Sunday during a reception attended by a large number of people. Hospital District Board President Tom Moore, right, is pictured with the Roots and the plaques the Roots were presented for their many years of service to the hospital. The Roots retired effective Sunday.

Commissioners Could View Jailhouse From Inside Out

Mitchell County Commissioners could find themselves in their own jail, according to Sheriff Bill McGuire and County Attorney Pat Barber who appeared before the court during regular session Monday afternoon.

McGuire and Barber made a joint appeal to the court to hire two full time jailers to alleviate the situation.

Barber indicated he could see some liability for himself, the court members and sheriff because of the lack of night supervision at the jail.

Barber explained that the county is liable under a federal civil rights violation suit if any prisoner is injured in the jail because there is no jailer on duty at night.

McGuire explained having a jailer would cut down on vandalism and food expense and noted he would be personally liable for any injury occurring, as would each commissioner.

The Highway Patrol and City Police bring

prisoners to the jail and book them and lock them up during the evening, McGuire explained.

If any prisoner is in need of health care prior to being placed in jail, McGuire said, it is the responsibility of the officer to obtain that help before placing the prisoner in the jail.

However, if this is not done, the county is liable.

"This is the one point the jail standards com-

mission will not give a variance on. There must be a full time jailer on the floor where 10 or more prisoners are located," McGuire explained.

"The jail standards commission is trying to get along with us and they will go along with us as far as they can, but they keep harping on jailers," McGuire said.

Barber pointed out that if a prisoner is injured in the jail and files

a violation of civil rights suit, the jail standards commission testimony would indicate they had repeatedly advised the county of the requirement and need for jailers.

"I want to go on record requesting the county employ two full time jailers," Barber said.

Opening Night Tickets Scarce

Tickets are going fast for the upcoming Colorado City Playhouse production of "Never Too Late."

First night (tonight) is a near sellout and tickets sales are going hot and fast for the remaining five evening's performances.

Tickets are on sale at the box office from 1-5 p.m. Monday through Wednesday and from 1-8

p.m. Thursday through Saturday.

Admission is \$3.50 and the play will be presented today, Friday and Saturday, then again August 21, 22 and 23.

"Never Too Late" is an uproarious comedy about a happily married couple, Harry and Edith Lambert, in their early 40's, who have a 20-year-old daughter.

The daughter and her husband, Kate and Charlie, live with the middle-aged couple and the mother-in-law tends to all the household chores and family needs.

The son-in-law works in his father-in-law's lumber yard. They disagree on almost everything including the time of day.

This typical idealistic lifestyle comes to an end when Edith discovers she is pregnant and decides to tell the family.

No longer a quiet little housewife who acts like a drudge, Edith becomes a dynamic, demanding, emancipated woman.

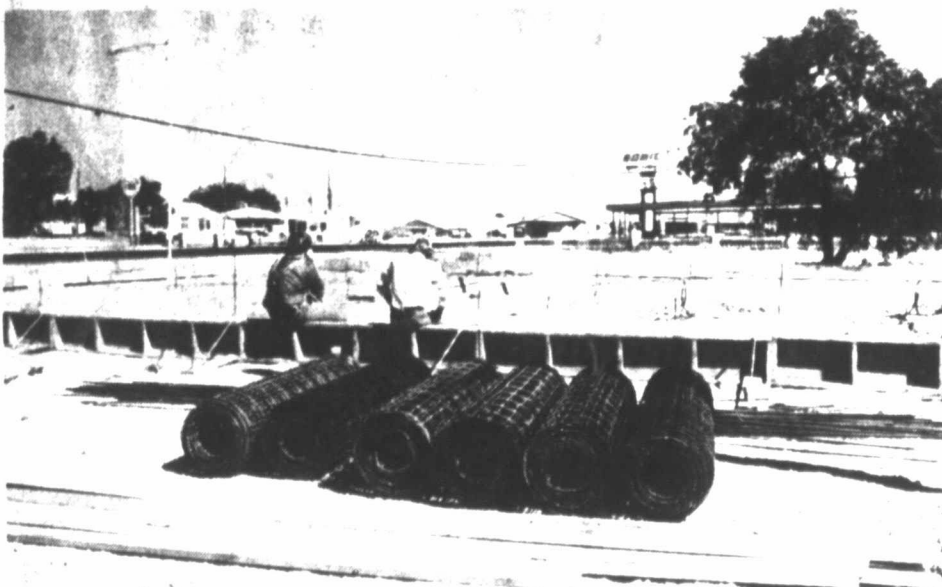

The chaos and fun that results makes this comedy a delightful evening's entertainment for any family.

Kent Womack portrays the lead role of Harry Lambert and Ce- cile Hubbard makes her debut as Edith Lambert.

Elaine Fugate is Kate and Mike Brooks characterizes Charlie.

Jon Millington portrays a family friend and physician, Dr. Kimbrough, and Lena Wilkinson acts out the part of his wife, Grace.

Local TV Station Formed For Cable

Mitchell County is to have a new media of entertainment, a local television station.

Joe Kirschbaum and Chris Hubbard appeared before the Colorado City Independent School District Board of Trustees Monday evening during regular monthly session and requested exclusive rights to broadcast the Wolves football games locally.

Hubbard outlined a six point broadcasting program planned by the company which includes broadcasting 24 hours a day. He described the programming as family network viewing.

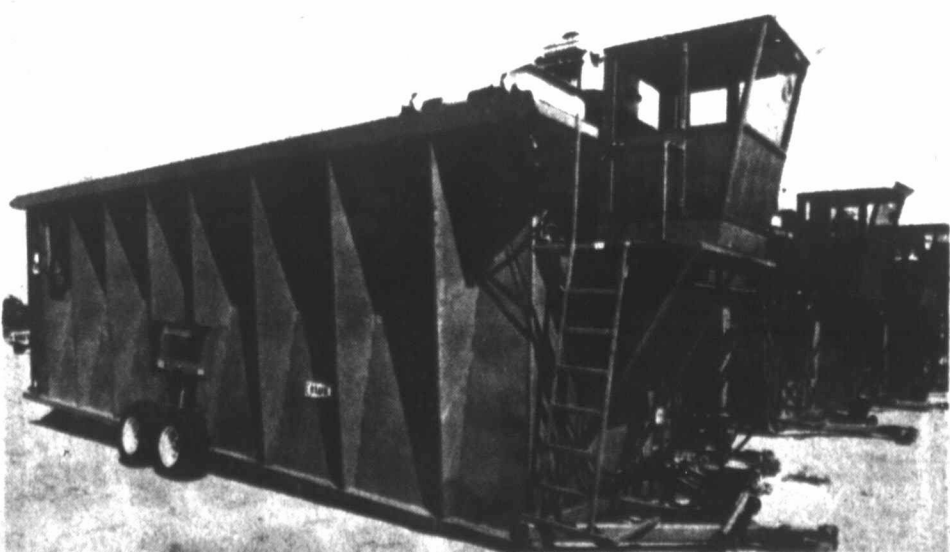

School board members granted the rights to the football games after interviewing both the broadcasting company and KVMC representatives. Other school activities will be covered by KVMC and the

newly formed company.

These activities include coaches' reports, pep rallies and other athletic events.

City Dump Dilemma Nears Desperation State

The City of Colorado City is in desperate need of a site for a sanitary landfill.

Two officials of the state department of public health met with the City Council of Colorado City during the council's regular monthly meeting and noted that the city has until Sept. 15 to submit tentative sites for a new landfill.

The city has been aware of the problem for the past year and efforts have been made to see if the situation at the existing landfill could be resolved and new sites have been sought but both efforts have been fruitless.

The reason for the need to move to a site for a new landfill is that the state says that tests have shown soil at the existing landfill is not suitable as there is not

enough clay to stop contamination from the landfill from going into the underground water supply.

In recent months, city officials, including City Council member Nina Crout, have located several possible locations but several have also proved not to be of the suitable type soil and another that had possibilities was not for sale

Cities Dispute Census Count

The Cities of Loraine and Colorado City will contest the official census count taken by the United States Census Bureau, it was announced Tuesday.

"We have contacted the main census office in Lubbock and have already begun proceedings to dispute the count," Loraine City Brenda Lee said.

She noted the census count indicated the population of Loraine was up slightly, however, city officials, including Mayor Vance Dickenson, believe the county should be even higher.

The unofficial count, according to Mitchell County Judge Bill Carter, is 854 persons as compared to the last official count 10 years ago of 725.

Colorado City acting City Manager Brenda Tarter reported Colorado City will also contest the census count which indicated that the city's population has de-

creased substantially. Each person not counted represents about \$220 loss in funding under government programs, Mrs. Tarter said.

It is extremely important that every single person be counted for that reason, she noted.

Judge Carter indicated he had been in contact with the census officials in Lubbock and they noted there were 95

"JUST RELAX WHILE I TAKE your blood pressure," Dr. James Kimbrough (portrayed by Jon Millington) tells a nervous Harry Lambert (played by Kent Womack) in this scene from the comedy "Never Too Late," which is currently on stage at the Colorado City Playhouse and runs Thursday through Saturday and again August 21, 22 and 23. Curtain time is 8 p.m. nightly and tickets are on sale at the box office between 1-5 p.m. Monday through Wednesday and 1-8 p.m. Thursday through Saturday for \$3.50 each.

...I wish to state that the time has passed when we can let this thing slide," Barber said.

Commissioners took no action on the request.

Marsha Krenck, Retired Senior Volunteer Program director in Snyder, appeared before the court to request permission to extend the program to Mitchell County.

She previously addressed the court during the last regular session and was asked to reappear this month.

In order to establish a branch of the RSVP

here, the county has been requested to furnish about \$1,750 annually. Most of the funds for the program are furnished through a continuing federal and state matching grant.

The object of the program is to involve the senior citizen, who is not currently involved, in community activities.

The total budget amounts to about \$7,039.

Commissioners declined to begin the program due to lack of funds.

In other business, Barber requested permission to travel at county expense to a conference for juvenile justice in Reno at the University of Nevada. Total cost to the county was estimated at \$535.80.

Commissioners approved the trip.

Commissioners cancelled a meeting scheduled for Friday at 10 a.m. and rescheduled it for Monday at 10 a.m.

At that time, they will establish the tax rate for 1980-81.

Commissioners reconvened Tuesday evening in a public hearing and voted to propose a tax rate for 1980-81 of \$1.25 per \$100 valuation. A public meeting will be held Monday at 10 a.m. in the County Courthouse to officially set the tax rate. The budget for 1980-81 will be set during that meeting.

After the hearing, commissioners adjourned and reconvened to hold a special meeting and complete business unfinished during the regular session Monday.

Permission was given for West Texas Co-Op, Inc., Telephone Company to lay cables in the bar ditch right-of-way on county roads in the Hyman area.

A bond was purchased for \$1,000 for Reserve Deputy Robert J. Bullock.

A report was given by Judge Carter from the State Highway Department of Public Transportation.

The report indicated bridges throughout the county which had recently been inspected and are too weak to support over a five ton capacity. Commissioners will place signs on the bridges designating the safe weight.

Carter reported tentative census figures have been received and he noted he has had no indication from any area residents that they were not counted, although the census bureau indicated there are about 95 units in the county they were unable to contact. These are estimated to have 2.66 persons residing in each unit.

Commissioners approved a \$100 raise per month for Martha Smith, assistant county auditor, which was requested by District Judge Weldon Kirk who appoints the auditor and staff.

Discussion was held on the purchase of right-of-way for the new proposed lake road.

Commissioners will discuss the purchase of property in depth and then send out form letters required by the state to the property owners.

Discussion of a low water crossing on the Colorado River and Interstate 20 took place during the meeting. Commissioners will send a letter requesting the crossing to the Highway Department in Abilene.

Commissioners accepted the resignation of Justice of the Peace S.H. Hart of Loraine. Hart is retiring effective December 31 after 34 years of service.

academic activities such as plays, musical presentations, student body productions and will employ D.E. students to help run the station.

Hubbard estimated the broadcasts would reach about 3,300 persons in the local viewing audience.

Final budget figures were presented to the board during Monday night's session. The total 1980-81 budget of \$3,595,530.12, an increase of \$626,643.02 over last year, includes a \$500 base pay increase to all professional certified employees.

Revenue for the school's operations will be derived in part from the new tax rate of \$1.65 per \$100 valuation set during the meeting. This is a \$0.06 decrease per \$100 valuation from the \$1.71 used last year.

This decrease was possible due to increased total revenue, primarily from additional oil valuation.

Several policy changes were made by board members during the meeting. Two of these concerned passing grade level and student exemption from final examinations.

Under the new policy, a grade below 70 is failing. The old policy set 60 as the pass-fail mark.

Students failing will be retained.

"I believe this step

will not solve all our problems but it is a step toward correcting the situation," High School Principal Jerry Reynolds said.

Student exemption from final exams was changed to allow students with up to three absences and a grade of 100-95; or with two absences and a grade of 94-90; or with one absence and a grade of 89-85 to be exempt. In all cases a student must have a satisfactory grade on conduct to be exempt.

Board members tabled a new policy on what subjects must be passed in order to be promoted. A decision will be made at the next regular meeting on this policy.

The board appointed ten new teachers and accepted the resignation of four others.

David Redwine, biology teacher and tennis coach, resigned to teach in Andrews. Karrie Jane O'Reilly, Third Grade teacher, resigned to move to Oklahoma with her husband.

Teresa Wright, Fifth Grade teacher, resigned to teach in New Mexico and Mickie Norris, Fourth Grade teacher, resigned due to health reasons.

Martha Anderson, Fifth Grade teacher, was granted a maternity leave of absence for one year.

New custodial sche-

dules were presented to the board in an effort to cut down on overtime and cut down on overtime and better perform custodial duties.

A second shift will be worked by custodians from 1 p.m.-9 p.m.

Progress on air conditioning at Kelley Elementary School was reported to the board.

raids made to the juvenile probation officer last year. In Nolan County, there were 353 referrals and 30 juveniles report on a regular basis, Lawhon told the court.

Several instances were detailed by Lawhon as to the type cases his office handles. One case involved a seven-year-old child who was repeatedly reported for throwing rocks at a neighboring house.

The rock throwing stopped, according to Lawhon, after a visit from the juvenile probation officer who indicated to the parents of the child that if the rock throwing did not stop, a social worker would investigate the child's home.

Another incident involved a 13-year-old girl who was the victim of a rape. The juvenile probation officer worked with the girl to prepare her for the events which take place in court.

Juan Medrano was indicted for burglary of the Jim Hearin home on August 2, 1980.

Clarence Gilbert Massey, Jr., was indicted for driving while intoxicated (DWI) on July 2, 1980 with a subsequent offense on August 18, 1980.

James E. Frazier, Jr., was indicted for DWI on June 25, 1980 with a subsequent offense on August 14, 1980.

ted to be accomplished prior to beginning of school, according to a representative of Huckabee and Donham Architectural Firm reported contractor John Drummond, who is doing the work, is behind and having difficulty.

The board suggested an additional supervisor may be hired to assist.

County, who sits on the board of directors for the Juvenile Probation Office, appeared before the court and explained he had been very skeptical in the beginning. He had not believed the juvenile problems existed in such number and extremity until he became involved with the board.

He expressed deep admiration for the work of the juvenile probation office.

Lawhon reported a great number of the cases with which he deals involve alcohol violations. He said the first offense usually is handled within the family, however, the second offense is taken to court.

Commissioners voted unanimously to support the new office and Lawhon said he would begin advertising locally for a qualified person to fill the position of juvenile probation officer.

Commissioners appointed Commissioner Billy Preston to sit on the board of directors for the Juvenile Probation office.

England moved to Colorado City from Snyder several months ago. He was at one time associated with the radio station there.

units (residences) they had not been able to contact. They will continue to attempt contact with the persons who live in these units but if they are unable to make contact, they will estimate that 2.06 persons reside in each unit.

This, Carter noted, would increase the county population count by another 240 or so persons.

The county does not plan, at this time, to contest the official figures.

PLAY, From Page 1

Playhouse favorite Porter Richardson has been enlisted to perform in the cameo role of Mr. Foley, a carpenter hired by Edith to remodel the bathroom.

Greg Chaney portrays the mayor of the small town of Calverton in which the family lives.

Tommy Baker characterizes a policeman who is called in to keep the lid on the situation.

Opening night audiences will find a special treat awaiting them in the "Red Dog Saloon" during intermission.

"Never Too Late" was written by Sumner Arthur Long and is being directed by Tandy Curlee.

Bobbie Steakley is in charge of productions and sets were designed by Carl Beery Moore. Lovess Curlee is in charge of costumes and Terry Revis is handling the sound. Sue Womack is in charge of lighting and Nina Crout is furnishing props.

"I have not been contacted by any person stating he or she was not contacted or counted," Carter said.

The official census was concluded July 1, however, government officials are currently requesting any person who was not counted to

notify the U.S. Census Office.

A form for contacting the office is published in this edition of the RECORD on page 4.

All information taken by the Census Bureau is held in strict confidence under a federal law.

Persons residing in Mitchell County on April 1 who have not previously completed a census form or who have not been contacted by the bureau are requested to complete the form and mail it to 1220 Broadway, Suite 405, Lubbock, TX 79408.

Scrimmage Is Set For Saturday

The Colorado High School Wolves' varsity and junior varsity will have an intersquad scrimmage beginning at 9 a.m. Saturday at Wolf Stadium, Coach Tom Ramsey announced Tuesday.

The public is invited to come out and watch the Wolves prepare for the opening game of the season against Slaton Sept. 5. The Wolves will scrimmage Stanton here next week.

A total of 72 high school boys are out for football this year, Ramsey reported with 15 seniors, 16 juniors, 24 freshmen and 17 sophomores.

Two-a-day workouts got underway Monday in shorts and pads and contact will start Friday, in accordance with UIL rules. Freshmen will go in pads starting Monday.

Ramsey reported that members of the team reported in good condition and are already ahead of where they were at the end of last season, primarily due to conditioning and the off-season program. In addition, the team is now familiar with the veer formation and there is a lot of experience back on the offense, Ramsey noted.

The team will line up with a good size and strong offensive line and a quick and fast backfield. The technique and execution being shown is good, Ramsey reported, and the team is now familiar enough with the system to improvise.

First assistant to Ramsey is Mel Gierhart with Rick Robinson as defensive coordinator.

CITY, From Page 1

as the owner said his neighbors objected to the land being used for a landfill.

Health Official Stanley Thompson said something must be done.

"No one will deal with us," said Mayor Elmer Martin. He appointed Mrs. Crout and himself to a committee to work on the problem every day until a suitable site is found.

Thompson, who appeared before the council with Chuck LaSalle, said they would be glad to offer their assistance in any way and would help take initial steps to see if the soil at a proposed site is acceptable.

However, before a site can be licensed, core borings must be done to test soil at different depths and it is estimated that those borings could cost nearly \$4,000.

In other matters before the council, Martin split the council into two screening committees to look over the 19 applicants for the position of city manager. Deadline for applying for city manager is Aug. 15 (Friday) and the council will meet again at 7 p.m. Aug. 28 to hear the reports of the screening committees and then interviews will be set up.

In regards to city manager, the council voted to pay Acting City Manager Brenda Tarter \$250 additional per month while she is serving in that position.

The council also, by consensus, decided to pay Police Sgt. Jimmy Roundtree \$150 for the three weeks he has been acting police chief. The new police chief, Robert Bailey, is in town and has had meetings with the police department and Mrs. Tarter and assumes his duties Monday. He has named Roundtree as assistant chief and Patrolman Don Hamilton as sergeant of the department.

In other action, the council approved an audit report given by Certified Public Accountant Joe Morren which showed that the city's financial condition as of April 30 was vastly improved over the condition of a year before that when the city had to borrow money to finish the year in the black.

The city was in the black as of this past April 30 and in good condition, Morren reported.

Forbes Found Dead

Sammy Joe (Bodie) Forbes, 52, was found dead at his home Wednesday morning when his wife returned home from work at the hospital. He had apparently been dead for several hours of an apparent heart attack.

Funeral arrangements are incomplete at Kiker-Seale Funeral Home.

Born Feb. 15, 1928 in Colorado City, Forbes was an automobile mechanic. He married Dorothy Roberts June 30, 1944 in Colorado City.

He is survived by his wife; one daughter, Sherry Spivey of Colorado City; two sons, Jimmy of Colorado City and Johnny of Dallas; six sisters, Mrs. H.P. Lee, Mrs. Carol Hutto, Mrs. Melvin Bearden, Doris Ann Coleman, of Colorado City, Mrs. Loren Keuter of Olathe, Kan., Mrs. R.C. Prescott of Chickasha, Okla., and two brothers, Ferron and Donald of Colorado City and by six grandchildren.

had placed a value of \$700,000 on the city's new airport north of the city. The value was arrived at by getting estimates on what it would cost to replace the facilities there.

In other business, the council opened bids for 11,500 feet of 5-inch PVC pipe for major water system improvements. Three bids were received with a bid of \$17,499.05 from Rohan Company of Waco; a bid of \$17,405.17 from Trans-Tex Supply Co., of Midland-Odessa and a bid of \$20,470 from Colorado Pump and Supply.

On the recommendation of Water Superintendent Buzz Rich, it was decided to accept the bid of Rohan as they will accept payment in three installments at low interest and it was noted that the city would

have to borrow money to pay for it all at once. The council also adopted an ordinance updating retirement benefits for city employees which had been approved in a previous meeting.

In the financial report, Mrs. Tarter noted that the city's finances are in good shape and that the city can remain in the black until tax revenues start coming in the first of October.

Mayor Pro-Tem Jesse Munoz pointed out a number of buildings that are a health and safety hazard and asked that something be done about them. This also needs to be done in conjunction with "Project 100," especially as these are downtown, Munoz said.

Mrs. Crout pointed out that she had been asked

by D.M. Merritt, president of the museum board, to see about getting two board members appointed to the museum board as there are two vacancies. Mayor Martin asked council members to bring their recommendations to the next meeting.

Councilman Mac McKinnon asked that trees and bushes be trimmed away from stop signs and corners before school starts as it is a traffic hazard. He also noted that something needs to be done about packs of dogs roaming the Sands area as he noted that there are a number of small children in the area and it is dangerous and there have been several confirmed cases of rabies in the city recently.

Sgt. Hamilton reported that there has

been a rash of dog and cat bites in the city.

The council also heard a request for funds for the Retired Senior Volunteer Program (RSVP) from Marsha

Krenek of Snyder and Mayor Martin appointed a committee of Mrs. Crout and Ray Dillard to look further into the matter and report back to the council.

Green Tried For Assault

Jamie Lee Green was tried here in 32nd District Court Thursday on charges of aggravated assault.

Green pled guilty and was given a five-year probation sentence. Green was fined \$250 and must pay \$421 in court costs. He must also pay restitution to Colonial Food Store in the amount of \$305.89.

Hospital bills for the victim, Ricky Hogue, in the amount of \$1,474, must also be paid by Green.

Green will report to the probation officer monthly and pay an additional probation fee of \$15.

Charges of aggravated assault stemmed from an incident which occurred on May 22 in Colonial Food Store.

Hogue and his wife were reportedly in the store when Green entered, carrying an aluminum baseball bat and allegedly beat Hogue about the head and body with the bat.

Dairy Queen Burglarized

Sergeant Jimmy Roundtree officially became Assistant Chief of Police in Colorado City Tuesday.

Officer Don Hamilton was promoted to the rank of Sergeant, filling the vacancy left by Roundtree.

The new Chief of Police Robert Bailey will assume duties Monday.

Sergeant Hamilton reported two incidents of crime which occurred in the past week.

The Whiteway Motel, located on East Highway 80, was the scene of a burglary sometime after midnight Thursday when thieves broke

down the door on room 11 and removed part of the room's contents.

The total loss in the burglary, including damage to the door, is estimated to be about \$135.

Hamilton is investigating the incident.

The second incident occurred at the Dairy Queen, located on the Snyder Highway, at about 2:40 a.m. Monday. According to Hamilton, one large window and a sliding drive-in window were broken to gain entry and about \$500 in change was stolen.

Officer Richard Johnson is investigating the incident.

Mr. And Mrs. Walter Stirl Host Family From Hamburg, Germany

Mr. and Mrs. Walter Stirl have had for a three week visit in their home, Mr. and Mrs. Roland Seim and their son, Andrew, from Hamburg, Germany.

While the Stirls were visiting and touring in Germany last year, they talked with Seim, but their plans to get together never materialized. But, on leaving, the Seims said they would like to visit in the States and the Stirls invited them to visit in their home. The Seims began making their plans for the trip to America and a visit with the Stirls. The visit proved to be a very enjoyable one for

both the hosts and visitors.

While here, they visited Stirl's sisters and their families, Mr. and Mrs. Alred Leister and Mr. and Mrs. Willie Buesing in South Texas. They went to see "Texas" in the Palo Duro Canyon and attended the Stamford Rodeo.

The Stirls carried them to their plane Friday for their return trip home.

The Stirls have also had a daughter, Wilma, a teacher in Crane, and friend, Pam Parker, from Crane and a grandson, Tom Byrns, from Dallas here for a two week visit. Mrs. John Byrns and son, Chris, spent the week-

end and Tom returned with them.

Everybody's looking good, Wiley said, as the team has good quickness and better than average size.

The Bulldogs will travel to New Home next Thursday for a controlled scrimmage.

J.O. DOCKREY, right, Friday was presented a plaque for his year of service as president of the Colorado City Noon Lions Club. Presenting the plaque was Club President Mac McKinnon. Dockrey was club president for 1979-1980.

Missionary Story Told

The meeting opened by the group singing "Let the Lower Lights be Burning" when the First United Methodist Women of Lorraine met for their business meeting in the home of Mrs. J.M. Templeton recently.

Mrs. Bennett Blair brought the devotional talking on "Missions and Seeking God" using Luke 19:1-10. She told the story of Zaccheus and read a poem written by a former member, now deceased, Mrs. Cora Johnson, entitled "The Master's Story."

Mrs. Wiley Walker told a story of a missionary couple in Rhodesia and Mrs. Roy Wells read from the Texas Methodist that 75 missionaries were going into service this year from this conference.

The president, Mrs. Raymond Wheeler, was in charge of the business. The two treasurers gave reports and Mrs. K.L. Taylor read a letter from the district treasurer. The treasurer reported an engraved Bible was given to Joe Pharis, former lay leader of the church, when he moved away.

Mrs. Blair read a letter from Foundation of Evangelism for Youth from Nashville and it was voted to give this foundation a contribution.

Mrs. Percy Bond led the closing prayer.

Attending were Mesas. Bond, Wells, C.H. Martin, Walker, Meadows, Taylor, Matthea Nooley, Blair and Wheeler.
