New Political Party Pledges Security For All

La Follette Presents Program For Liberals

MADISON, Wis., April 29 (AP)—A new party pledged to the goals of ensuring freedom and security for the people stood forth today upon the national political scene.

American people recapture their heritage. This heritage was defined as a man's right "to earn his living by the sweat of his brow," security "founded on a definite, decent annual income for all," and freedom of conscience and control.

To attain these ends, La Follette declared for public, and not private, control and ownership of money and credit, "without qualification or reservation," a staunch defense of the "basic concepts of American government," and, in particular, that grants of power should always be safeguarded against abuse.

Move Viewed As A Threat To Demo Solidarity

WASHINGTON, April 29 (AP)—LaFollette demands for party realignment behind a new banner of progressivism raised a threat of serious schism today in the political arena which President Roosevelt welded into a huge democratic majority.

Will the American labor party heed the LaFollette call to abandon "reactionaries in both old parties?" On answers to such questions hinged the success of the new progressive party, democratic chances to retain the White House in 1940, republican opportunities to build upon slender congressional minorities toward capturing the national administration two years hence.

Norris has supported democratic presidential tickets since that time. He had no immediate comment on Gov. Philip F. LaFollette's announcement in Madison, Wis., last night that a national progressive party had been formed.

Chalk H.D. Club Given Pointers In Furniture Painting

Instructions for refinishing woodwork or furniture were given to members of the Chalk Home Demonstration club this week by Miss Lora Farnsworth, home demonstration agent, when the group met with Mrs. Howard Jones on the Hyer lease.

She said one method of refinishing woodwork to bring out the natural grain or color is to apply one part denatured alcohol to one part shellac. Natural finishes are suitable for oak, walnut or mahogany. In applying the aforementioned finish, the old surface should be removed with commercial cleaner, rinsed with gasoline and two tablespoons of lye to one quart starch followed by a vinegar rinse. After thoroughly cleaning, allow to dry for 24 hours after which fill cracks and nail holes with filler and sand paper the surface. Stain or enamel several times, allowing plenty of time to dry and lightly sandpaper between applications.

'American Mother' Writes Verse While Raising Children

NEW YORK, April 29 (AP)—Mrs. Grace Nell Crowell of Dallas, Tex., who found time to write 2,000 published poems while raising three children, is "the American Mother of 1938."

Her selection was announced last night by the Mother's day committee of the Golden Rule foundation. J. Paul Maynard, editor of the Christian Herald who seconded Mrs. Crowell's nomination, said she "expresses the spirit of motherhood in her breadth of human sympathy, and in the fact that literally thousands of people write to her every year because she draws from them a desire to confide, as a child to its mother."

Mrs. Crowell was chosen after close voting, over a field of finalists that included Mrs. Eddie Cantor, wife of the screen and radio comedian; Mrs. Charles B. Knox, Johnstown, N. Y.; and Mrs. Catherine L. Dougherty, Wilkes-Barre, Pa.

The new "American Mother" is post laureate of Texas and has been writing verse for 30 years.

READING AND WRITING

"IN PRAISE OF LIFE," by Walter Schoenstedt (Farrar & Rinehart; \$2.50).

Walter Schoenstedt is a young German writer of 29, now living in the United States. His new novel, "In Praise Of Life," is a selection of "The Discoverers," that mysterious little group which is an adjunct of Farrar & Rinehart, one of the brighter publishing houses. "The Discoverers"—as an outsider might picture them—are a select fraternity lying in wait to pounce on a manuscript; having pounced, they read; having read, they become excited (of course, not always); having become excited, they start beating the drum and blowing loud trumpets. Like all such groups, titled and untitled, their "discoveries" have ranged from good to bad; "In Praise Of Life" fits somewhere in between, although because of its story, with its lesson for America, we are inclined to the good side, particularly if we discount the writing which performs a translation. The author grew up in Berlin during the war; his father was at the front. In telling the story of Peter Volkers, and his friends, Bernhard, Eugen, Winchewsky and Gottlieb, he tells the story of youth caught in the engulfing despair that followed defeat of the German armies and the ill-fated attempts after the Armistice to rebuild anew from the bottom.

The day came when a week's wages bought only one loaf of bread. One can imagine the impact of this kind of real economics on simple people; Schoenstedt tells of the reactions of Peter and his friends—the breaking up of old circles, suicide, despair. Then came the Nazis. Peter goes to America. But even in New York he could not shake off the old ties, the old enmities. The Nazi message had gone forth to the world, and Schoenstedt introduces his readers to a German group that is not pro-Hitler.

"No," he writes, "it is not good to be sorrowful. Now there must be hate, pitiless hatred, in order that our love for Germany shall become even stronger." Relieving the sociological and political cast of the book are Schoenstedt's lyrical re-creations of young love.

CALLS FOR ACTION ON WAGE AND HOUR LEGISLATION

WASHINGTON, April 29 (AP)—Representative Welch (R-Calif) told the house rules committee today delay in enactment of wages and hours legislation was "making radicals" in this country.

Welch, ranking republican on the labor committee, appeared as a proponent of the revamped wage-hour regulatory bill on which the rules committee is expected to act today. The labor committee is asking the rules committee to permit the house to vote on the bill at this session.

"This is going to be a national issue," Welch declared, "and if it could be put to a referendum, every state in the Union would ratify it."

Water Main Is Cleaned

Work To Be Continued During Night Hours

Program of reaming out sediment in city water mains was started Thursday night under the direction of R. J. McDaniel, superintendent of city operation.

The work, which moves along at the rate of about 1,000 feet of line in every eight hours, is to be done at night when demands on the water system are lowest.

City Manager E. V. Spence, commenting on the work, said that patrons may notice a slightly lower pressure for a few days. This, however, will be overcome as rapidly as the work is finished.

audience he had "prayed for God to stop this execution."

It was "an act of God," he said, that he was spared.

Straw Hat

(Continued from Page 1)

There are lightweights and featherweights. Some counters may be displaying bantams and walters. And if you want to be a downright dandy, you can find some of the fanciest colors in ribbons on those hats that ever came out of a dye vat.

And one thing about these '33 straws—they fit the head. The long-knobbed citizen, the square-headed fellow and the guy with the common or garden variety of oval head can find a lid that will rest where it's supposed to, without coming down over the eyebrows and letting in the draft above the ears.

As long as you can get a fit, and find a model that suits your personality and pocketbook, there's no use hanging back any longer. Sunday's the day to go straw-hat.

Big Jim

radio station KBST. Shick, Dr. P. W. Malone, chamber of commerce president, and Bob Schermerhorn, chairman of the chamber's aviation committee, said a "few words of welcome" and gave national air-mail week a plug.

His Trip Covers A few remaining formalities were quickly dispatched. "Big Jim" was photographed with the 15 covers which carried him to as many points on the nation's airmail map.

Shortly afterwards, Shick began rejecting offers for the covers, one of them amounting to \$250 for each of the cancelled stamps and envelopes.

Log of "Big Jim's" trip showed that he arrived in Dallas on April 19, the same evening he left here. Next morning he was in New Orleans and that evening in Memphis. On April 21 he was received at Miami, Fla., and on the 22nd he made stops at Charlotte, Washington and New York. Detroit reported him on the 23rd as did St. Louis. St. Paul had him the next day but Salt Lake City did not receive the toad until April 26, as did Seattle, Wash. On Wednesday the Postmaster at San Francisco sent him to Phoenix, Ariz., where he arrived early Thursday morning.

A few hours later he was back home—an 8,250 mile jaunt behind him. It was a record hop for toads.

Bishop John N. Moore, chairman of the commission on church union, submitted the proposal and informed the hushed crowd that the Methodist Episcopal (northern) and Methodist Protestant churches already have approved the program which would create a Methodist church of some 8,000,000 members.

Bishop Moore told the delegates that the commission "unanimously approves" the plan which would bring some 3,000,000 southerners into the single church.

Praises Work Of City's Delegation At WTCC Meet

(Continued from Page 1)

J. H. Greene, chamber of commerce manager, had highest praise for the "fine work of the Big Spring delegation at Wichita Falls" this week when next convention of the regional chamber of commerce was invited here for next year.

While Big Spring entertained no serious hopes for the convention in 1934, a fine prediction for the campaign for the 1940 convention was laid by the local representative, said Greene.

"The way they worked and contacted delegations," said Greene, "didn't leave much time for other activities. The men made valuable contacts. The men made valuable contacts. The men made valuable contacts."

"Miss Big Spring," pushed out cause before the regional directors, and Gerald Anderson got a vote for first place in the speaking contest, although being eliminated."

So pleased with the trio was Herb Southard, associated with WBAP at Fort Worth, that he invited Greene to send the delegation to that city at a later date for a program.

GERMAN NEWSPAPER ACCUSES CZECHS

BERLIN, April 29 (AP)—Tension in German-Czechoslovak relations was increased today by publication in Der Angriff, organ of Propaganda Minister Paul Joseph Goebbels, of a charge that Czechoslovak army officers had plotted a "monstrous attempt" on the peace of Europe.

Over a dispatch from Liberec, Czechoslovakia, Der Angriff printed these headlines: "Frischvolk Officers' Plot in Praha; German Putsch Planned for May First; Criminal Attempt on European Peace."

The newspaper asserted that a group of officers of the Czechoslovak army belonging to the so-called war party had been preparing a plot which failed to materialize at the last minute only because of the watchfulness of a member of Konrad Henlein's Sudeten German party.

Chairman Aitmyer said later the board had been working on plans for liberalizing the old age insurance system and would continue to work on them. The board, he added, would have "something to submit" to the president before next January.

Mr. Roosevelt said he requested the board to consider the question of commencing old age benefit payments earlier than January 1, 1942, as now provided. The president also asked a study of larger benefits for those retiring within the next few years under the pension system also of large benefits for widows and children.

The president said successful operation of the act showed it was "soundly conceived."

With his son, Junius, the elder Morgan boarded an amphibian at 4 p. m. and flew to the airport at New Haven. He returned by the same plane just before midnight, accompanied by his son.

THE SPORTS PARADE

By HANK HART

Reawakening Due

Some of the old fans who have dropped away from baseball due to inactivity of the game here during the past ten years haven't gotten into the swing of things yet and as a result the stands at the local park haven't been as populated as they might be, but with another victory or two, those followers of the pastime are expected to undergo a real reawakening.

Big Spring's representatives will be away from home for three days, will return here Monday for a week and will see Hobbs and Lubbock come to town.

Jack Hutchinson, franchise holder, is confidently predicting better attendance for those games.

If Johnny Soden's curves are what they should be today, the Barons will sack up another victory despite the fact that the Midlanders' ace, Cliff Neighbors, is scheduled to ride herd.

The Cards simply are not the club that the locals are at the present time. Only Jake Suytar can meet the requirements in hitting and their fielding isn't shaping up to par.

Manager Fincher Withers may have a pitching staff that will improve and measure up to the other clubs of the league but the gardeners look pitiful at the bat and just so-so at field.

The locals need but one victory to clinch their first series of the year. Frankie Jesoff will go out tomorrow to do his part.

Cowley Tries Out For Card Outfit

Congrats to Red Cowley who tried out in the local camp during spring training. Withers is giving him a try in the Cardinal infield and the odds are in his favor. Red was the best fielder in the Big Spring camp, with the possible exception of Hank Henderson, and can make the Card team if that will only give him a fair chance.

The Barons had to play both their games here sans uniformed locals. That part of the togethery didn't arrive with the other equipment and the locals were forced to make the field with a many hued assortment.

Kalisk, who started on the hill for the Lubbock club in the losing encounter with Clovis Wednesday, walked four nears in less than two innings and had to give way to Ransly who was charged with the defeat.

Incidentally, H. Mize, brother to the St. Louis Cardinals' Johnny Mize, is hitting in the cleanup spot for the Hubbers. He closed out two for five Wednesday.

That Mann is here again. Having worked himself up quite a golfing class in Colorado, Jack "Tex" Mann is setting about to teach the game in the fertile field here. Shirley Robbins, manager of the Big Spring country club, is co-operating with the young Fort Worth pro in arranging for several pupils and "Tex" expects to be busy until he leaves for the national qualifying of the National Open next month.

Mann is in Colorado today where he is instructing a class of seven or eight pupils. He will return here this evening to take over the local group.

BOURNEMOUTH, Eng., April 28 (AP)—Kuo Sin Kie, Chinese Davis cup player, whipped Nigel Sharpe, veteran Briton, 7-5, 6-3, 6-4 in the semi-final round of the British hard court tennis championship today. Peggy Scriven eliminated Kay Stammers in an all-British women's semi-final, 6-2, 6-3.

Midland Cards Fail To Solve Stasey's Offerings

Pat Gives Up Two Hits, Wins 6-0 Decision

Wins Own Ball Game With Home Run In Fifth Frame

That "local boy makes good" success story had a new version Thursday afternoon at Baron park with rendition in this instance by Mr. Pat Stasey.

Patrick, mopping up in even better fashion than did Clarence Trantham the day before, bowled the Midland Cardinals over in a 6-0 shutout performance, giving them just two hits. A lad who is claimed as Big Spring's own since he worked here more than a year before going into professional baseball, Stasey was the complete master of the puncheon Black Shirts. He allowed only two runners as far as second base all afternoon and was never in danger. He whiffed eight batters and walked only four.

Wins Own Game

Then, to add insult to injury, he stroled to the platter in the fifth and clouted out a mighty home run over the right field wall with runners on first and second to give the Barons their first three runs. He was a troublesome thorn in the visitors' side all afternoon and really showed that the home run wasn't a fluke in the seventh stanza and rocketing a ball high over the left fielder's head to the left field barrier, a hit that could easily have gone for three bases, but he neglected to touch second and was waved out, getting credit for but a single.

Stasey wasn't the entire show. There was Richard Hobson, for instance, who sounded out Nelson for a two run homer in the seventh and Buck Quigley, a .750 hitter for the day. The stocky right fielder rattled out two singles and a double for his afternoon's work and was on base when Hobson came through with his four base play.

Go To Work

Nelson was just as "hot" as Stasey for the first four innings, giving up only two hits, but Harry Siegbert, who took over for really to begin the fifth, Joe Saportio promptly sent him to second on a sacrifice bunt and Al Berndt took four balls for a stroll. Stasey, swinging from the first base side, connected with Nelson's fast one before the crowd's ovation had died down and lost it to change the outlook completely. The locals weren't through after that, however. Hobson was safe at first base when Doodoorian threw wild to Suytar and Bobby Decker clouted solidly as a followup for a hit into left field that easily scored the front runner. The second sacker, however, tried to stretch the blow into a triple and was out at third base.

Only 15 men faced Stasey during the last four innings.

Johnny Soden was "up" for the Barnabemen in the opener in Midland today while Cliff Neighbors was scheduled to throw for the Cardinals.

TYLER EXTENDS WINNING STREAK

By The Associated Press

Seven pitchers toiled in an East Texas league game last night in which Tyler defeated Palestine, 9-6. The Trojans retaining their unbroken string of victories, Palestine used four pitchers in the 11-inning tussle; Tyler called three to the mound.

The second-place Marshall Tigers took an 1-10 victory from Jacksonville.

The Longview Cannibals ran their winning streak to three by defeating the Kilgore Rangers, 4-3. Ed Hall, Henderson manager, knocked two homers, two doubles, a triple and a single to pace his club to a 19-8 victory over Texarkana.

Betty Jameson, Aneila Move In Houston Meet

Santone Girl To Play Mrs. Winger; Mrs. Hury Vs. F.Worthian

HOUSTON, April 28 (AP)—Defending champion Betty Jameson and Mrs. Frank Goldthwaite of Fort Worth—the latter tying her own course record today—went into the finals of the Texas Women's Golf association tournament for the second successive year.

By FELIX R. MCKNIGHT

HOUSTON, April 29 (AP)—Jinxed by a complex that has kept her from full women's golf fame, blonde Mrs. E. R. Hury set out today in the Texas Women's Golf association tournament with a prime chance to overhaul honors that have been passing her by.

A comparative newcomer at tournament golf, the San Antonio distance hitter with a bag full of championship shots found herself in the semi-finals with her game at its peak.

To reach the finals Mrs. Hury—one of those "always a threat but never a winner" players—had to hurdle one of the stiffest barriers in American women's golf in Mrs. Frank Goldthwaite of Fort Worth, for Texas and Southern champion and member of the United States Curtis cup team.

Tulsa Oilers New Texas Leaders, Defeat Cats

By The Associated Press

The Tulsa Oilers led the Texas baseball league today, the erstwhile leaders, the Beaumont Exporters, having dropped to third place with the San Antonio Missions easing into second place.

The Fort Worth Cats dropped the third game of their series with Tulsa, 6-2, after having won the first two.

The San Antonio Missions scored four runs in their half of the seventh inning to break up a 2-2 tie with the Exporters, emerging with a 6-3 victory. A home run by Sig Gryzka, with two men on, featured the contest.

The Houston Buffaloes took the final of the three-game series with the Shreveport Sports, 7-6. Each team used three hurlers, the Sports making one change for a pinch-hitter.

The Dallas Steers returned home today for a 11-day stand after defeating the Oklahoma City Indians, 10-3, last night. The Steers made 15 hits and the Indians 10.

Clovis, Hobbs Repeat Wins

HOBBES, N. M., April 29—Manager Jodie Tate sent four pitchers to the mound in an attempt to halt the Hobbs outfit but the champions dropped their second game in a row to the New Mexicans, 10-3.

Miller, on the hill for Hobbs, scattered five Wink hits.

Score by innings:

 Hobbs—301 022 123—10 12 2
 Batteries—Christie, Marcy, Ferguson and Holbrook; G. Miller and Pepper.

CLOVIS, N. M., April 29—Clovis came from behind with a rousing five-run rally in the ninth frame to defeat the Lubbock Hubbers, 9-8, and take a two up lead in their current series.

The Hubbs sent their ace pitcher, Jerry Blanchard, to the hill in the ninth in an effort to ward off the late rally but it was useless.

RICE LOSES, 9-0

By The Associated Press

The University of Texas baseball team, with their seventh straight victory safely tucked away, played the Rice Institute Ovals again today. The Ovals went down in defeat yesterday, 9-0.

The game was played at Austin. At College Station, the Texas Aggies defeated the Baylor University Bears 3-1. Aggie hurler Aggie Cohen of Dallas hung up his fourth straight Southwest Conference victory.

The game left the Aggies in second place, near the league-leading Texas University club.

Texans To Run In 2 Relays

Eagle Twins Entered In Penn Meet, Fred Wolcott At Drake

PHILADELPHIA, April 29 (AP)—Bigger, better and maybe faster than ever, the 44th renewal of that great intercollegiate relay carnival, the Penn relays, opened today at Franklin field.

Headed by the invitation 120-yard high hurdles, 29 events were scheduled to be run off this afternoon, with the remainder of the special events and relays set for Saturday afternoon. Attendance was expected to surpass the 30,000 of last year.

The North Texas Teachers, led by the Brown and Rideout twins, hope to repeat their feat of last year in winning the 440-yard relay and the Class B mile. The Brown twins, Elmer and Delmer, and the Rideouts, Wayne and Blaine, have been working out since their arrival here early in the week and are in good shape.

Robert Moses Grove is getting gray around the temple and he no longer can rear back and fog his fast ball past the batters for inning after inning, but the tall southpaw at 38 still is one of baseball's master craftsmen.

It's a treat to watch him work now, particularly if you happen to have been away from the big league ball yards for five years. The last time you saw him he was with the Athletics, blinding the batters with his speed. Now he is with the Boston Red Sox, his phenomenal smoke ball all but a thing of the past, yet he is in some ways a greater figure on the mound.

Watching him throttle the Yankees yesterday, 6 to 1, with five hits, it occurred that he had been forced to learn to pitch all over again. Only a half-dozen times did he cut loose with the remnant of his fast one. The rest of the time Lefty was baffling the Yanks with a sweeping curve, immaculate control and a change of pace he would have spurned in the days when he was blowing men down.

Still In Slump

He held Lou Gehrig hitless in three official times at bat, running the highest-salaried player's total to three hits in 34 times at the plate. Lou perhaps for the first time in his life is getting a chorus of Bronx cheers (the authentic variety) every time he shows at the rubber.

While the veteran Grove was doing all this to the Yanks and knocking them out of the first division, his teammates piled into Lefty Gomez for all their runs in the first four innings.

Hank Leiber, the season's outstanding comeback, propelled the Giants into undisputed possession of the National league lead with a first inning home run at Boston that scored two ahead of him. The Giants won by 4 to 2. Hal Schumacher, who barely missed a no-hitter his last time out, limited the Bees to five hits.

Medwick Helps

Ducky Medwick returned to the St. Louis Cardinals' lineup, after having missed a stinging vocal blast at his former teammate, Dixie Dean, and drove across two runs with a triple to help give the Pittsburgh Pirates their second setback, 5 to 2.

THE CZECHOSLOVAK CRISIS

The Czech government is absolutely incompatible with the sovereignty of that state. They amount to asking the world to solve itself in the interests of disparate national minorities.

That these minority groups in all countries take their orders directly from Germany and are in the service of Germany is now certain.

Konrad Henlein's demands that Czechoslovakia renounce its protective alliances with France and Russia are from any point of view unacceptable.

But there is not the slightest reason to think that the Nazis would have acted differently had the German minorities been given from the beginning everything that they could legitimately demand.

It is, therefore, complete blindness on the part of certain liberals, particularly English liberals, to see in the present policy of the Sudeten Germans anything else than a cynical and sinister attempt to destroy the Czechoslovak republic for the benefit of a powerful neighbor.

The welfare of her minorities is only a slogan that Germany is using for imperialistic expansion. First of all, if she had any tender-heartedness about minorities, she would stop exercising the most ruthless policy of extermination against her own Jews...

First: by the present method of creating internal unrest, to the point of chaos. Second: to bring Hungary completely into the German orbit and thus isolate Czechoslovakia on three sides with the possible collaboration of a fourth, Poland...

HOLLYWOOD—For a long time now Hollywood's air pictures have been alighting at the thrills and excitement of "Wings," a silent film of eleven years ago.

The story revolves itself (after what seemed to me an off-key beginning with Miss Loy a bit on the "Thin Man" side of glibness) into a conflict between the tester's wife and the fatal fascination of the sky—and this, aided by passages of superb dialogue, is splendidly and movingly presented.

The acting department Gable romps away with first place but he did not argue about it with this new, darkly frowning Gary.

The week's other major offering was Paramount's annual campus musical, "College Swing." Pleasant, bright and tuneful, it has Gracie Allen in the role of "dean of men" of the college she inherits as a reward for graduation—200 years after entering it.

Reuben would be home tonight! What would they say to each other? Gary did not notice Judith's silence. Scowlingly he kicked a loose stone from the path, sent it whirling down the hill.

"Oliver's orders." Rage shook Gary's usually well modulated voice. "Reuben's? Was he left in charge?"

"Gary—aren't you sure?" "Of course, I'm sure!" Gary's usually fine, clipped English was blurred and harsh.

"Gary, panic stricken, 'you're not going away!'" "Just to square myself with the people who bought those pines, she said no words. She who vented her wrath about Oliver putting up a fight, he's as crazy to be free to marry Classy as you are to marry me."

High School Seniors To Be Entertained At Hardin-Simmons

ABILENE, April 29 (UP)—The stage was all set today for the fifth annual Senior Day on the Hardin-Simmons University campus, to be held Saturday. High school seniors from throughout West Texas will converge on the H-SU campus for a "dawn to dusk" program, that officials today estimated would attract representatives of more schools than a year ago. Last year's total was 85 schools, and the attendance was estimated at 3000. At noon, at the barbecue pits on the campus, dinner will be served, West Texas barbecue style, as the university entertains its Senior Day visitors. To open the program at 10 o'clock, the H-SU famed Cowboy band will give a jamboree in the university auditorium. Introduction of the high school groups will follow, in the Cowboy stadium. In the afternoon, an intra-squad football game, at 3:30 o'clock, between the Golds and Reds, will feature the entertainment. Other entertainment will include skating, in the Corral, tumbling, badminton and ping pong, in Marston gymnasium. A continuous series of one-act plays will be given in the auditorium. Art and museum displays, in Caldwell Fine Arts building. Chemistry and physics shows, and a dictaphone demonstration, are scheduled for Science Hall. Journalism, band and demonstration school laboratories will be open to visitors to Abilene Hall.

War Department Wants Funds For Pacific Bases

WASHINGTON, April 29 (UP)—Congressional leaders disclosed today the war department wants to use part of President Roosevelt's "pump-priming" fund to construct giant army air bases for Alaska and American coasts. Chairman May (D-Ky) of the house military committee said he would ask the house appropriations committee tomorrow to set aside \$120,000,000 for this purpose and for improvement of existing air bases and army posts. Representative Woodrum (D-Va.), an influential member of the appropriations committee, said the "pump-priming" bill probably would be worded to permit use of the funds for the aviation program. May said one base would be located in Alaska, probably close to Fairbanks. Army officials have recommended that it be equipped to accommodate between 500 and 1,000 planes. Earlier this week the navy department asked congress for more than \$5,000,000 to establish a naval air base on Kodiak Island in Alaska bay.

Assemblies Of God Close Council

Ordination of Ministers Marks End Of Convention

Ordination services at the municipal auditorium Thursday evening marked the conclusion of the annual district gathering here for Assemblies of God churches throughout West Texas and New Mexico. Eleven ministers were ordained, following an ordination sermon by Rev. H. E. Comstock of Amarillo, one of the district presbyters.

The ministers were W. M. Bozeman of Ackerly; Buck Powell, Buena Vista; A. A. Daly, San Jon, N. M.; Mrs. Viola Hines, Farmington, N. M.; Irvin V. Jackson, Corona, N. M.; J. R. Goodwin, Wellington; Mrs. Carl D. Walker and Carl Walker of Cliff, N. M.; H. Paul Holdridge, McCamey; Leslie C. Hodges, El Paso; and George Brister, Alamogordo, N. M.

At Thursday afternoon's business session, district presbyters were elected. They include H. E. Comstock, Pampa, North Plains section; Mont M. Walker, Roswell, Southeast New Mexico section; Homer Sheats, Big Spring, South Plains section; B. H. Caudle, Las Cruces, Southern New Mexico; H. M. Reeves, Plainview, Central Plains; Ira Brice, Crane, Pecos section; W. A. Gilbert, Capulin, N. M.; North-eastern New Mexico; and H. M. Fulfer, Mountainair, N. M., Northwestern New Mexico.

Election of officers of the Christ's Ambassadors, young peoples unit of the district council, also featured Thursday afternoon's meeting. Rev. H. H. Stewart was re-elected president and Mrs. Stewart recording secretary. Both were recipients of an offering. Named as C. A. representatives were J. D. Bell, Canadian; Charles Wilson, Plainview; H. C. Brown; H. P. Holdridge, McCamey; A. A. Daley, San Jon, N. M.; Earl Vanzant, Belin, N. M.; Oral Bolter, Artesia, N. M.; and W. M. Rich, Silver City, N. M.

All officers of the church district, including A. C. Bates of Amarillo as district superintendent, were re-elected Thursday morning. Superintendent Bates expressed appreciation for Big Spring's hospitality and lauded especially the municipal auditorium, saying it was the best such hall in which district meeting had ever been held. The convention universally was termed a success. There were more than 650 registered delegates and visitors.

Arabian Nights Adventure Ahead For New Queen In Albania, A Primitively Charming Place

By DEWITT MACKENZIE
AP Foreign Affairs Writer

NEW YORK, April 29—Young Countess Geraldine Apponyi, the lovely American-Hungarian, has walked straight into an Arabian nights adventure in becoming the queen of King Zog of Albania.

This little mountain kingdom is one of the primitive spots of the earth—a bit of wild beauty dropped down beside the Adriatic and forgotten by the passing world.

It is a land of thrills and dangers and strange customs. Many of its people still tread the paths beaten out by their ancestors centuries ago.

Blood feuds are many and the mountain fastnesses have rung often from the crack of rifles. King Zog himself has been shot at so many times (and he has been wounded) that he must bear a charmed life to have survived.

When he first came into power he used to be guarded by two cordons of troops when he crossed the street to visit his mother. Things are a bit easier now, but he still doesn't advertise his whereabouts by lighting cigarettes on his palace balcony at night.

Oriental Customs

Albania is largely Moslem in religion, and used to be under Turkish rule. Many oriental customs prevail. Queen Geraldine escapes the harem, however, for Zog has abolished polygamy. Being western in his ideas he has even got away from the eastern penchant for plump girls, and picked himself as a queen as ever graded a throne.

Geraldine will find no Hungarian goulash in Tirana for the cooking is Turkish. One favorite dish is sikhkubut—bits of mutton grilled and served on a stick. So far as breakfast is concerned, the queen will be able to see her leaping from crag to crag in the morning sun as she looks from her bedroom window that is, if she likes the goats' milk and cheese of her adopted country.

Tirana is one of the smallest capitals in the world—a nice little town of 30,000 people, nesting under the wing of a mountain. The population of the entire country is only about a million, but they are hard and hardy.

Near the Adriatic

The royal palace is a long, low building in beautiful gardens. If Queen Geraldine tires of the wonderful scenery about her, she can be beside the Adriatic in forty-five minutes. She uses a motor-car for that speed, and not the horse and buggy which is the chief transport of the capital. They have modernized the carriages by putting auto horns on them.

Albania isn't a rich country, but that is compensated for by the fact that its needs are simple. The state income has been close to 10,000,000 gold francs, and the budget more than balances.

Somewhere there may be a man who can say what the value of a gold franc is, but the writer never heard of him. However, in the good old days, when francs were francs, we used to figure on about five to the dollar. That would make Albania's income about \$3,800,000.

King Zog is slim, dapper, quiet and shy. His tiny moustache has a hard struggle for existence.

A He-Man

But don't let these characteristics fool you. Queen Geraldine has picked a he-man from the wide open spaces. His majesty is a leader of men, and arrived at his present position by the sword. It is not for nothing that his name sounds like Joe Louis' glove hitting an opponent's jaw—"so!!" can Zog was born 43 years ago at Burgavet castle in the mountainous province of Mati, over which his father was governor. The latter died when the boy was ten years old, and his mother assumed the rule. She saw to it that he had
