

Indonesia To Join New Confederation

By CARL ZIMMERMAN

MANILA (AP)—Neutral Indonesia agreed today to join a loose confederation with strongly pro-Western Malaysia and the Philippines for peace and security in the South Pacific.

The chief threat to this peace and security was seen as Communist China.

The foreign ministers of the three countries, after a conference here, also agreed to ask Secretary General U Thant of the United Nations to find out whether people in the territories scheduled to join Malaysia in the new Federation of Malaysia really want to join.

The ministers also decided that the Philippine claim to British North Borneo will be respected and entertained when the federation is formed.

The union of Malaya, Singapore and British territories in North Borneo, to be known as the Federation of Malaysia, is not the confederation of the three countries agreed to form among themselves today.

Although the confederation binds none of the countries to any specific policies or actions, officials here are hoping it will lead to some major changes in crisis-ridden Southeast Asia.

The confederation will mean a link-up of sorts of Indonesia with two anti-Communist countries—Malaya and the Philippines—on the basis of their common racial and cultural heritage.

There has been no clear public indication as to how the three countries can resolve the dispute over the projected Federation of Malaysia, the question that brought them together in this conference.

There still seems to be a possibility that no compromise will be reached between Malaya, which would lead the federation, and Indonesia and the Philippines, which have opposed it.

Tension In Saigon Rises

SAIGON, Viet Nam (AP)—Tension rose in Saigon today as an aged Buddhist monk burned himself to death before thousands of onlookers.

The Rev. Quang Duc calmly put a match to his gasoline-soaked yellow robes at a main Saigon street intersection to protest alleged persecution of Buddhists by President Ngo Dinh Diem's government.

The 300 monks surrounding him let out a wail. The burning man did not cry out. He remained sitting upright for several minutes before dying.

Monks lay in front of the wheels of nearby fire trucks to prevent them from moving.

The sacrifice caused a wave of Buddhist demonstrations against the government demanding religious freedom and social justice.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: On Mother's Day my brother and his wife came to visit us. Maxine was telling us how much she liked the china set her husband had given her. Then she asked what Phil had given me. He broke into the conversation with, "She's no mother, what do I have to give her a present for?" Abby, I have four children. But they are all adopted because I can't have children. This made me feel terrible. Have you any advice?

NO-MOTHER: DEAR MOTHER: In my opinion, any woman who is unable to bear children, but wants so desperately to be a mother that she will adopt them, deserves the title of mother with a capital "M". She is more Mother than the female who accidentally conceives and then resigns herself to her fate.

DEAR ABBY: Tell "Wed Pillow," who cried because her husband gave her \$20 and told her to go out and buy herself a Mother's Day gift, she doesn't know how lucky she is. Mother's Day happens to fall on my birthday this year. I've been married eleven years and we have three lovely children. My husband didn't even wish me a Happy Mother's Day or a Happy Birthday. Instead he gave me a big lecture on how "commercial" Mother's Day and all the other holidays have become.

DEAR ABBY: We recently had a discussion about whether or not to bury pets with a little ceremony, and mark their graves. Someone said that you had written that it was "childish" and grown people should "put away childish things." How can anyone who has

Queen Ingrid Of Denmark Is Ill: COPENHAGEN, Denmark (AP)—Queen Ingrid of Denmark is ill with stomach ulcers.

The Swedish-born queen, who is 52, has not been hospitalized. Court sources estimated that her treatment may last at least six weeks and said her condition is "rather uncomplicated."

Tide Allows Tanker To Be Pulled Free: BROWNSVILLE (AP)—A high tide allowed a tug to pull the Mexican tanker Presidente Caranza from the beach about 30 miles south of here today.

The Perez Jovita Steamship Line, agents for the vessel, said the ship suffered no damage and the crew was safe, with no injuries.

Heading the appeals committee is R. C. Jeffries of Sam Houston. Also on the committee are Raymond Priests of Tarrant and Robert H. Hann of Dryden.

SENIOR TRIPPERS—Hereleigh High School's seniors returned earlier in the month from their senior trip to Washington, D. C. The group, along with their sponsors and room mothers, are pictured in front of the capitol building. From left front are Sonny Darden, Jimmy Ganaway, Neil Beeks, Mike Garcia, Fred Gifford, J. B. Robertson, Tom Winkler, Bill Giesinger, Rodney Mayo, Joe Jackson, Billy Ray Kubena, and Diane Hudnall. Standing are

Wanda Hudgins, Linda Cajanek, Alma Collier, Linda Vest, Virginia Hansen, Mrs. Jack Hudgins, Mrs. Roxie Soules (sponsor), Mrs. Gathier Mayo, Mrs. O. C. Darden, Doug Chitsey (sponsor), Mrs. Milton Winter, Mrs. Orville Beeks, Mrs. O. B. Jackson, Mrs. G. A. Hudnall, Dorothy Taylor, Cindy Mason, Marvis Hansen, and Maria Herrera. Their week-long trip, by both bus and train, also included a stop at Six Flags over Texas.

FILED IN CIVIL DISTRICT COURT, DALLAS COUNTY, TEXAS, THIS 11th DAY OF JUNE, 1963.

Texas Areas Hit By Storms Again

Turbulent summer weather brought a fresh assortment of tornadoes and menacing thunderstorms at Texas during the night. It tapered off into a few showers by early Tuesday.

One twister hit in the southwest edge of Ponder in North Central Texas and another struck in a rural area close to Eagle Pass on the Mexican border in Southwest Texas.

At Ponder, the apparently small tornado took the roof off a school gymnasium, smashed windows, snapped power lines and uprooted trees.

The threatening weather developed as a cool front moved across the state toward the southeast.

The destructive winds whipped through Denton along with a quick flurry of rain, shattering about eight plate glass windows in the business district, telling utility lines and toppling trees.

Hail up to the size of marbles accompanied heavy rains in the Seymour and Abilene areas.

For several hours the Weather Bureau placed Eastland, Comanche and Stephens counties under a special alert as thunderstorms packed with rain and hail-trundled eastward from West Central Texas. No severe damage was reported.

Government To Press Its Pecos Claim

PECOS (AP)—The government indicated today it will press its claim that American Grain Co. has no right to appeal certain oil

The indication came as an appeal hearing on the contested acreage began.

American Grain Co. purchased the assets of Estes, whose West Texas agricultural complex collapsed a little more than a year ago.

One asset was cotton acreage allotments which the government claims Estes obtained illegally by a sale-leaseback agreement with farmers who had lost their allotments because of such public works as lakes and highways.

In an earlier hearing at Odessa, a farmer committee upheld some of the allotments and confirmed cancellation of others. American grain is appealing the cancellations.

Heading the appeals committee is R. C. Jeffries of Sam Houston. Also on the committee are Raymond Priests of Tarrant and Robert H. Hann of Dryden.

The government position is that its action in cancelling the cotton allotments was against Estes and that American Grain should have no part in the hearing.

Negro Denied Membership

HOUSTON (AP)—A young Negro has been denied membership here in the First Baptist Church, whose pastor is president of the Southern Baptist Convention.

The Negro was denied membership "in the best interests of the Lord's work."

Rev. William Jr., minister of education for the 3,600-member church, said denials against the Negro's application last Sunday.

The Negro asked membership at the morning services May 19 after Dr. Owen White, pastor of the church and president of the Southern Baptist Convention, preached.

Dr. White was out of town. Williams said Dr. White left this statement.

INSTALLING OFFICERS from as far away as Fort Worth and Meridian, Tex., were present for the installation of new officers at the Eastern Star ceremonies Saturday evening. Margaret Wood, left, was installed as Worthy Matron, and Don Keller, right, was installed as Worthy Patron. Others, from left to right are Pat James, installing organist; Helen Thornburg, installing chaplain; Pauline Boyd, installing secretary; Irene Harris, installing marshal from Fort Worth; and Margaret Woolley, installing officer from Meridian.

LOOKING AHEAD—These three girls are planning for when their sessions of camp at Pruffie Ranch near Fort Davis begin. Nancy Kimbrough, left, will attend the third session; Jodi Snyder, center, will serve as junior counselor during the fifth session, and Patty Smyth, right, will be attending the fourth session.

Auxiliary Has Business Meet

The Ladies Auxiliary of the Snyder Fire Department met Thursday evening at the Central Fire Station with Truly Woods, vice president, in charge of the meeting.

The reading of the minutes was followed by roll call by Cles Keller. Twenty members were present.

During the business session, Loyce Allmand gave a report on the Auxiliary booth for the Fourth of July and told of committee plans. All firemen and their families will be invited to participate in a picnic prior to the fire works display.

Leona Benitez gave a report on the business session which was the presentation of two card tables and some small games for the game room.

Dr. Jimmy Nelson was introduced by Loyce Allmand. Dr. Nelson showed slides and gave a talk on his trip to Japan.

Following the program, Myra Benitez presented a report on needs of the auxiliary emergency trailer and the supplies will be provided for.

Several Snyder firemen and wives plan to attend the state convention in San Antonio June 10-13. During the fellowship hour, Other Boyd and Rosa Bigham served refreshments. Loyce Allmand and Leona Benitez directed the program. Door prize for the evening was won by Jan Martin.

The post office at the 1964-65 New York World's Fair is expected to process an estimated 200,000 pieces of mail daily. It will offer twice a day delivery seven days a week for thousands of exhibitors.

WOMEN

The Snyder (Texas) Daily News, Tues., June 11, 1963

WOMEN'S CALENDAR

TUESDAY

Snyder Rejuvenation Unit No. 77 will meet at 7 p.m. for a supper roast at the Towle Park Pavilion. Jayceettes meet with Bette Harman at 3702 Rose Circle at 7:30 p.m.

WEDNESDAY

Snyder Duplicate Club meets at 1:30 p.m. at 3702 Rose Circle. Open. Second Wednesday is master point day.

Ladies Golf Association meets with tea-off time at 9 a.m. at Snyder Country Club.

THURSDAY

The Dunn Eastern Star meets at 8 p.m. with hostesses J. P. Lulline and Frances Billingsley.

FRIDAY

Duplicate Bridge at Country Club begins at 9:30 a.m. Open.

SATURDAY

Presbyterian women's meeting at the church with program on Hawaii presented by Jan Roberts. Guests welcome. Mrs. H. P. Redwine, hostess.

Dr. English Honored On Birthday

Dr. R. D. English of 2302 Thirtieth Street, old time resident of Snyder, was honored Sunday on his 88th birthday.

Five generations were represented among the 45 family members attending the celebration.

Dr. English retired chiropractor.

Meat Entrees

You'll find a multitude of plentiful foods at your market these days. Incorporate them into your main course meat entrees for variety as well as economy.

Included are onions, potatoes, sweet potatoes, rice, carrots, canned corn and red tart cherries.

Dance Club Meets In Armory

Approximately 100 persons attended the Country Cousin square dance Saturday night at the Snyder National Guard Armory.

An exhibition square dance of the Mates 'N' Dates, teenage club from Big Spring, was presented as entertainment for the group.

During the regular square dancing hour, seven squares participated.

Out of town guests and members were served coffee, cakes and cookies at intermission.

New members of the club were introduced.

Regular dancing nights will be conducted on the first and third Saturdays of each month during the summer. At the last meeting, August 17-18, plans are for a Square Dance Jamboree in Rudson, N.M. Dusty Randall and Melton Luttrell will call for the event.

Persons desiring information concerning membership for the square dance club are asked to call HI 3-7158 or HI 3-3706.

INSURE

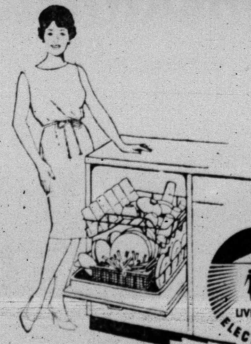

WHAT YOU HAVE

An average of 114,000 veterans daily receive hospital care from the Veterans Administration.

with an automatic ELECTRIC DISHWASHER

Does the end of a meal mean the beginning of a tiresome dishwashing chore at your house? With an Electric Dishwasher you can be out of the kitchen in minutes, ready to relax and enjoy TV with the rest of the family. Instead of soaking, washing, rinsing and drying dishes by hand, you simply load and start your dishwasher and your dishwashing job is done. You not only save time and work, but your kitchen stays tidier, your hands lovelier. And your dishes come hygienically clean, because an Electric Dishwasher uses water hotter than hands can stand. See your electric appliance dealer!

What Every Woman Should Know About a Man's Suit

(an exposé on the kind of thing a man gets into)

Before your initiation into the mysteries of that male garment, known simply as The Suit, we give you two warnings. One, our reasons for imparting this knowledge are completely commercial. And two, be discreet with what you're about to learn. Because if you suddenly get know-it-all about your husband's clothes, there's sure to be a row about who really wears the pants. So, just remember, a well-dressed man is a woman's most important accessory, and concentrate on keeping both the man and the peace.

Sizing Him Up

When shopping for a man it is not enough to tell us, "He's about your size, only a little taller and a little heavier." Basically, the size of a man's suit is the same as his normal chest measurement. But his height determines whether he wears short, regular, long or extra long.

For example:
5'3" to 5'7" —Short;
5'8" to 5'10" —Regular;
5'11" to 6'3" —Long;
Over 6'3" —Extra Long.

One other consideration is the difference between his waist and chest measurements. If his waist is larger than his chest, for instance, he needs a specially proportioned suit (and maybe a diet too).

When The Suit Fits

1. Trousers cuffs should just touch the shoe laces; trouser legs should hang in a straight, unbroken line.
2. The shoulders should fit loosely enough for the man to move his arms in any direction without strain. But not so loose that the coat hangs in folds across the back.
3. Your man's hind end is to be sat on, not seen; so the jacket skirt should

4. Sleeves should show about a half-inch of shirt cuff when his arms are at his sides.
5. The coat collar should sit low enough to show about a half-inch of his shirt collar.
6. The waistband of the pants should be tested for comfort by sitting down. If it's too loose or too tight it's usually a simple matter to alter.

You're Invited

We'd be happy for you and your husband to drop in any time to look around and ask us questions. And when you do, we'd like to show you our fine selection of "BOTANY" 500 tailored by Daroff suits. They're our idea of the kind of suit every woman would like her husband to wear, at a price both you and your husband will approve. These fine "BOTANY" 500 suits are priced from

Popular Averages Of Stocks Often Point Different Ways

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Most stock traders follow at least one price index as a guide to the market—and even the economy's general trend. Many follow more than one. Yet the popular averages don't always point the same way. How and why do they differ? Why are their figures and their swings so far apart in size? Why did one index a few days ago hit a new high while two others got close but didn't make it?

The three seen by most newspaper readers are The Associated Press 40-stock price average, the Dow-Jones 30-stock industrial index, part of its 63-stock average and oldest of the three; and Standard & Poor's index of 300 stocks of them industrial.

At the close of trading Friday the AP index stood at 273.3; the Dow-Jones industrials at 722.41; and Standard & Poor's at 70.41. Their age accounts even more for the variation in the figures than does the choice of stocks on their lists. The older they are the more they've been changed and weighted to show stock splits and substitutions.

The AP's new peak was set May 31 at 273.9. Standard &

Poor's high of 76.66 was set in December 1961. Dow-Jones recently was only about 4 points below its high of 749.91, set Dec. 13, 1961. Yet only five stocks on the Dow-Jones average hit their own record prices in 1963—Chrysler, General Motors, International Harvester, California Standard Oil and Texaco. Ten others haven't sold at their peak since the 1950s. And an 11th—Anaconda—hit its postwar peak in 1956, but its high of 196.01 was in 1927.

The stocks currently on the Dow-Jones industrial index, started in 1897 are: Allied Chemical, Alcoa, American Can, Anaconda, AT&T, American Tobacco, Bethlehem Steel, Chrysler, Du Pont, Eastman-Kodak, General Electric, General Foods, General Motors, Goodrich, International Harvester, International Nickel, International Paper, Johns-Manville, Owens-Illinois Glass, Procter & Gamble, Sears Roebuck, California Standard Oil, Jersey, Standard Oil, Swift, Texas, Union Carbide, United Aircraft, U.S. Steel, Westinghouse Electric and Woolworth.

Of them 21 also are on the AP 40-stock industrial index. The nine on the AP but not the Dow-Jones list are: Air Reduction, American Smelting, CIT Financial, Corn Products, Kennecott, Kruger, Liggett & Myers, National Biscuit and Pullman. The nine on the Dow-Jones but not the AP list are: Alcoa, AT&T, ZAP, carries line one, on its utility index, American Tobacco, Anaconda, International Nickel, International Paper, Owens-Illinois, Procter & Gamble, and Swift.

The AP index of 30 industrials, 18 rails and 15 utilities was started in 1928. Since then there have been five substitutions in the industrial, three in the rails and nine in the utility list.

These—and particularly the many stock splits since 1935—mean that in compiling the average, the total price each day of one share of the 30 industrials is now divided by 3.28 instead of 30 as at the start of the index, 28 years ago; the rails by 4.10 instead of 15; and the industrials by 3.38 instead of 15. The total of the 60 stocks, originally divisible by 60, is now divided by 12.48.

That is why the index peak May 31 was 273.93 rather than the

Texas Wheat Yield Down

WASHINGTON (AP)—The drought-buried Texas wheat crop, still being harvested, was estimated by the Agriculture Department Monday at 49,840,000 bushels, the same as a month ago.

This was a drop of nearly 3.8 million bushels from the forecast two months ago before the dry weather did its work. The production is about 3 million bushels short of the 1962 harvest.

The department estimated Texas' orange production at 80,000 boxes and grapefruit at 200,000 boxes unchanged.

Nationally the wheat forecast took a radical drop—40,424,000 bushels below last month's prediction—on June 10.

The report gave few other crop production forecasts. It said planting of corn, soybeans and other row and grain crops progressed during May. But hay and pasture crops were below average on June 1, reflecting cool, dry weather during May in some areas.

GI loans administered by the Veterans Administration have financed one of every five homes built in the United States since the end of World War II.

SCANNING THE WORLD

21 Missing On Burmese Airliner

World News

RANGOON, Burma (AP)—A Burmese airliner with 21 persons aboard was reported missing today in northern Burma.

The twin-engine Dakota left Rangoon Monday for Pagan, a border town 700 miles to the north. A radio message from the airliner reported difficulties in landing at Pagan airport because of bad weather.

The government denies the convicts involved are political prisoners.

MOSCOW (AP)—The Soviet Union has accused the first secretary of the Australian Embassy of spying and ordered him to leave the country.

The Foreign Ministry also charged the Australian diplomat, W. L. Morrison, with selling Western clothing to Soviet citizens.

Australian diplomatic sources in Canberra called the charges a result of the explosion of Ivan Skripov, from Australia, in February for spying. Skripov was first secretary of the Soviet Embassy in Canberra.

REKJAVIK, Iceland (AP)—Premier Olafur Thors' coalition government of independents and Social Democrats was assured today of continued rule in this island member of the North Atlantic Treaty Organization.

Final results from Sunday's elections gave the government coalition 32 seats and the opposition 28 in the Althing, founded in 930 A.D. Communists took nine seats. They won 10 in 1959.

ATHENS, Greece (AP)—Premier Constantine Caramanlis has threatened to resign if King Paul and Queen Frederika don't cancel their state visit to Britain starting July 9, government sources said today.

The Queen is reported insisting on the trip although she was harassed in London April 20 by pickets demanding the release of 1,000 Greek prisoners taken during the Communist-civil war of 1947-49.

The government denies the convicts involved are political prisoners.

Camp Plans Made By Snyderites

Several Snyder youngsters, age 10 to 14, are planning to spend the summer months at Prude Ranch near Fort Davis, during the summer months.

Special highlight of the camp will be a rodeo at the end of each two-week session with the campers competing in all phases of rodeo performances.

An award is given for the best-around cowboy and cowgirl and for the best-all-around camper. In past years several Snyder campers have won the honors.

Other activities for the camp include swimming, leather craft, horseback riding, ballet and tap dancing, hiking, riflery, baton twirling, archery and overnight camps.

Among those attending are Jody and Drake Snyder, children of Mr. and Mrs. Charles Snyder; Dennis Herman, son of Mrs. Bette Herman; Tommy and John Hartley, sons of Dr. and Mrs. Thomas Hartley; Pam Mahood, daughter of Mr. and Mrs. Bob Mahood; Nancy Kimbrough, daughter of Mr. and Mrs. H.C. Kimbrough; Patty Smith, daughter of Mr. and Mrs. Lee Smyth; and Mike Line, son of Mr. and Mrs. Sig Line.

Demo Leaders Plan To Push Legislation On Civil Rights

WASHINGTON (AP)—President Kennedy went over the outlook for a new civil rights program with Democratic congressional leaders today and got assurances that a bill will pass.

When the legislation will go to Congress was left up in the air. House Speaker John W. McCormack of Massachusetts predicted the House will pass an effective bill. Senate Majority Leader Mike Mansfield of Montana said that was exactly his opinion of what the Senate would do. But both said only that Kennedy will submit his civil rights plan to Congress "in the very near future."

The Senate Democratic whip, Hubert H. Humphrey of Minnesota, told reporters, "There's a lot more consultation to do."

Atty. Gen. Robert F. Kennedy, in a series of conferences Monday with Senate and House members, was reported to have described the country as being on the verge of widespread disorders.

While Kennedy had pledges of strong Northern Democratic backing, he ran into stonewall resistance from Southern senators to his plea for action to knock down

racial barriers in public places and to give him authority to initiate civil rights suits.

Kennedy was said to have told the senators and House members solemnly that violence and disorders may assume national proportions unless swifter progress is made toward integration.

While Southerners appeared impressed by the gravity of the situation, Sen. Richard D. Russell, D-Ga., said they would not go along with proposals that "aim another blow at property rights in this country."

This was a reference to an expected administration proposal to ban discrimination in all public places and in stores, restaurants and other enterprises dealing in interstate products.

Sen. Harry F. Byrd, D-Va., acknowledged in a 76th birthday appearance before the National

Press Club that a "great racial crisis" exists in both the North and South. He said he hopes there will be no violence.

But he said in a later interview Southerners will have no other recourse than to filibuster in the Senate against the measures President Kennedy may send to Congress next week.

If senators object to the holding of committee meetings during the filibuster, Byrd said this would delay action on the President's tax reduction bill.

Sen. Sam J. Ervin Jr., D-N.C.

was quoted as having told the President's brother that if there were disorders the administration would share the blame for them because he said it had made promises to the Negroes that it had not kept.

Sen. Hubert H. Humphrey of Minnesota, the assistant Senate Democratic leader, said there still is no final agreement on the language of the administration bills.

Humphrey said he is confident President Kennedy will call Republican leaders into conference about the proposals before they are submitted to Congress. Senate Republican Leader Everett M. Dirksen of Illinois said no move had been made to consult GOP members.

Kennedy has asked 130 labor leaders to the White House Wednesday discuss the civil rights problem. He will meet with a group of religious leaders Monday.

Dallas Supporting Santa Fe's Move

DALLAS (AP)—The City Council gave formal support Monday to a Santa Fe Railroad proposal, now before the Interstate Commerce Commission, to move much of its Texas operation to Dallas from Galveston.

The patent railroad wants to acquire properties of its subsidiaries, including the Gulf, Colorado & Santa Fe, and real estate stocks and properties.

If the ICC approves, the freight traffic office at Galveston and the Traffic Department at Amarillo will move to Dallas.

Hearings on the move will begin June 24 in Galveston. That city is trying to retain railroad operation.

"If Galveston is going to lose it anyway, we might as well seek it for Dallas," said one councilman.

Texas, A&M On Matson's Inside Track

PAMPA (AP)—Pampa's Randy Matson, the schoolboy who won the shot put in the U.S. Federation Meet at Houston with 60 feet 6 inches, is expected to enter either Texas or Texas A&M.

He gave this indication Monday when he said he was "pretty sure" he would remain in Texas and would go to a Southwest Conference school, if he did.

Matson visited Southern California and said he liked the place but thought he had rather go to college in his home state.

He will enter either the National AAU at St. Louis or the Golden West High School Meet in California next week.

Eddie Southern Set To Run In AF Meet

WICHITA FALLS (AP)—Eddie Southern, the Texas track immortal, will run again for the home folks Thursday and Friday nights when he enters the 440-yard intermediate hurdles and the 440-yard dash in the Worldwide Air Force Meet.

Southern, stationed at Oxnard Air Force Base in California, already holds the hurdles record of 32.2. He will be shooting for the 440 mark of 47.2.

JANICE RINEHART

Janice Considered Top Olympic Timber

By HAROLD V. RATLIFF

ARILENE, TEX. (AP)—Texas, which has had only one woman ever to make the Olympics team—and that was more than 30 years ago—thinks it has a flock of Babe Didrikson's coming up.

The immortal Babe was in the 1920 Olympics at Los Angeles, winning three first places. Since then there have been only a few to try it and none has been successful.

But an Arilene secretary, Mrs. Margaret Ellison, who once ran the 100-yard dash in 11.4 seconds and the 60 in 7.0 but didn't try for the Olympics because "I didn't know how to get there," is coaching some girls she thinks will make the next Olympics and give her a vicarious thrill.

She has been at it for five years and as a result of her efforts there now are 33 track clubs in the state with 75 girls running and jumping.

Mrs. Ellison considers two of her protégées — Janice Rinehart of Snyder and Sue Schenckx of Port Arthur — top material for the sprints, especially the 100-yard dash where they are carrying on a friendly feud—one winning one week and the other the next.

And they have done the 100 in 10.9 — "Getting into the Olympics bracket," to quote Mrs. Ellison.

Janice also is a good 220-yard runner.

Mrs. Ellison wants her girls to look good, too. She thinks crowd appeal is important. Well, Janice and Sue are beauties. Just watch the judges follow them around after a race, pretending to check them on their performances. Well, the girls run them close don't they?

Mrs. Ellison is taking 11 girls to Dayton, Ohio, July 6-7 for the Women's National AAU and she'll find out there if she has another Didrikson or two.

Mrs. Ellison is elated because she has been chosen as a chaperone for the girls team that runs against Russia in July and she hopes she has some of her protégées on the team.

Both the Indians and Yankees now stand 4-3 in the race, while the White Sox are leading the pack at 5-1.

Cliff Voess went the first five innings on the hill to card the victory. Coming in relief of him was Barry Welsh. Cleave Chambers worked the first four innings for the Yankees at which point Steve Chandler took over to complete the four.

Pitcher Voess, third baseman Terry Voess, and center fielder John Handy paced the winners at the plate with two singles apiece. The Braves coped their fifth decision in seven outings in the second game by smothering the Cardinals, 12-0, behind the one-hit pitching of Bobby Roe and Dennis Wolfe.

Roe went the first three frames before giving way to Wolfe. Lane McMillan, who pitched in relief of Card starter John Phillips, connected for two only base knock during the four-frame confrontation, it being a second inning single.

Phillips toiled the first two and two-thirds innings before McMillan came in to finish out the contest. Joe Bass, who took turns in center field and at first base for the Braves, was their leading hitter with a double and single in two plate appearances. Roe, with two singles, was the only other batter managing more than one safety.

Lubbockite Medalist In Women's Tourney

WICHITA FALLS (AP)—Match play began today in the Women's West Texas Golf Tournament with Mrs. W. T. Morrow of Lubbock leading the way as medalist.

She shot a 74 to top the quality Monday.

Sandra Palmer of Fort Worth, the defending champion, was second in the qualifying with 78. Mrs. John Griffith of Fort Worth was next with 82.

A total of 123 entered the tournament.

Cardinals, Yanks Nab 11 Victories

A pair of grand slam homers on the part of Cardinal Jay Kidd and Yankee Jim Patrick played a big hand in helping those teams to their League victories in action of Monday night.

The opening conflict of the evening saw the Cardinals, boosted along by Kidd's third inning round-tripper, coast to an 11-9 win over the Braves and smack into second place in the standings. The Redbirds now trail the front running Cubs by a mere half a game.

Kidd's blow was the only multiple-base smash of the game by a Cardinal, although Bruce Almond and Frank McCravy chipped in with a pair of singles apiece. Kidd also singled to be two-for-four.

Meanwhile, the tosters were put down on two singles by David Smith, who went all the way for the White Sox, and tagged with the defeat.

In the nightcap, winning hurler

Patrick lofted his grand slammer during a six-run first frame, outburst to power the Yanks past the Indians, 10-8.

That "triumph" count was one of only four hits garnered by the Yankees over the course of the contest, as Gregorio Ramirez landed a double and single for two of the other safeties.

The top hitter emerging from the contest was Indian catcher Tom Chorn, who had a perfect night with four hits. One of those—his solo homer in the first—was a solo homer in the first and included in the string were doubles in the third and fifth. Other tributes connecting for two bases hits were Wesley Bishop and Harvey Browning.

Darrell Ross started on the hill for the Indians, and had eventual relief help from Jackie Murray and Bishop, the latter of whom was charged with the loss.

FIRST FAMILY—This year, for the first time, a family of ducks are growing up at the pond in Towle Park. In previous years, nests had been made and eggs laid, but no ducklings were ever hatched. At the approach of the photographer, Mama Duck took her five children out into the water, and Papa Duck quickly appeared on the scene making belligerent noises.

Profumo Affair Probe Continues

By ANTHONY WHITE
LONDON (AP)—Britain's lord chancellor continued today to probe into whether the nation's security was breached as a result of the Profumo affair.

Prime Minister Harold Macmillan ordered the inquiry into the shadowy background of the scandal that rocked his government after War Minister John Profumo quit in disgrace.

Macmillan's position as head of the government and of the Conservative party was also perturbed by charges that he was fooled too easily by Profumo's deceit. But aides said he had no thought of resigning.

Profumo quit last Wednesday, confessing he had had an improper relationship in 1961 with Christine Keeler, a 21-year-old party girl.

Although Profumo denied any security breach was involved, Christine at the same time was the mistress of Capt. Eugene Ivanov, then the assistant Soviet military attache in London. Macmillan assigned Lord Dilhorne, the lord chancellor, to study the security aspects of the affair.

Dilhorne's report could lead to a full-scale tribunal of inquiry that would inquire into every corner of the scandal, one of the most sensational in British political history.

The Laborite Daily Herald said today that Dilhorne's investigations would be satisfactory only if they resulted in a full parliamentary probe.

Dilhorne questioned Profumo last Friday. He also is reported to have questioned security agents said to have been checking on Profumo's relationship with Miss Keeler and hers with Ivanov.

But he has not yet questioned Miss Keeler nor her mentor, Dr. Stephen Ward, 50, a society organizer now in jail on charges of living off the proceeds of prostitution.

Ward introduced Miss Keeler to Profumo and was also a friend of Ivanov.

The government announced that Dilhorne's inquiry had been in progress since before Profumo quit, raising the question why the government kept it a secret until Monday.

The almost unavoidable conclusion, said the Times of London, was that Macmillan believed no security issues were involved, even after he ordered the inquiry.

Because of his responsibility as head of British security, Macmillan faces a crisis of confidence in his leadership of the ruling Conservative party. Political observers regard his appearance in the House of Commons next Monday as the crisis point in his career.

Churchill Now Has A Native State

LOUISVILLE, Ky. (AP)—Somebody neglected to pick a native state for Sir Winston Churchill when he became America's first and only honorary citizen last April.

The oversight was corrected Monday when the British statesman was commissioned a Kentucky colonel by Gov. Bert Combs.

To make sure Churchill knows what his state produces, he also is getting a special five-gallon barrel of Kentucky bourbon. The commission and the keg will be presented to Churchill on July 4—Independence Day.

Gallaudet College, Washington, D. C., is the only college for the deaf in the world. It was founded in 1861 and has an enrollment of 1,600.

Daily Crude Flow Drops

TULSA (AP)—U. S. Oil production dropped last week, as a decline in Oklahoma more than offset increases in Louisiana and Texas, the Oil and Gas Journal said today.

Average daily production was 7,441,425 barrels, down 25,480 from the previous week, the trade magazine said.

Oklahoma output declined for the third straight week, falling 22,375 barrels per day to an average of 510,325. Louisiana production was up 14,275 to 1,432,700 and Texas gained 10,000 daily to 2,613,000.

New Mexico was down 1,800 to 302,400. Arkansas produced 75,000 and Colorado 107,100.

Plan Constitution

DAR ES SALAAM, Tanganyika (AP)—Agreement was reached by a working party here Monday on all points toward drafting a federal constitution for the projected Republic of East Africa.

The working party was set up by the governments of Kenya, Uganda and Tanganyika.

Peaceful Utah Desert Is Scene Of Tragedy

HOLE-IN-THE-ROCK, Utah (AP)—The peace that prevails over the southern Utah desert was shattered Monday when a truck carrying 40 explorers overturned, killing nine Boy Scouts, two of their leaders and a woman reporter who was covering the venture.

The list of hospitalized teachers and college professors who had led many trips into Utah's red desert region.

One of the dead was H. Darrell Taylor, 43, a professor of languages at Brigham Young University in Provo and scout leader.

Another of the leaders, Merlin J. Shaw, 31, of Provo, an assistant professor at Brigham Young and father of six, was killed Monday as his 28th wedding anniversary.

Dorothy Hansen, 24, a vacationing reporter for Salt Lake City's Herald News, was bludgeoned for the first time in her life when the truck rolled over and crushed her.

The group was from the Ogden, Salt Lake City-Provo area about 200 miles north. Most were Boy Scouts, but Floyd Lovelace, chief of the Ogden Scouts, said the trip was under the auspices of the South Cottonwood Stake of the Church of Jesus Christ of Latter-day Saints in the Provo area.

The adventurous expedition was led by a group of teachers and college professors who had led many trips into Utah's red desert region.

It finally hurtled off the road into a deeply eroded gully and flipped over, trapping most of the passengers huddled in the back and crushing some of them. Some were thrown clear.

Many of the injured were treated at the scene when police and doctors arrived from Panguitch which is about 80 miles northwest. Private cars carried the more seriously hurt and dead to the Panguitch hospital.

That facility could accommodate only about 10 of the casualties and the rest had to be distributed to hospitals in towns up to 100 miles away from the accident.

The accident happened about 10 miles north of Hole-in-the-Rock, along the road connecting it with Escalante.

Hole-in-the-Rock, which is actually a crevice in the towering Glen Canyon walls along the Colorado River, is a landmark in

Utah history. It was here the Mormon missionaries were able to cross the river and settle the uncolonized southeastern section.

Nearby, the Escalante River, the last major river discovered in the continental United States, cuts through the dull red dust and sand. It was found by a group from the second John Wesley Powell expedition down the Colorado River in 1871-72.

Red. Policeman Die In Shooting

ASUNCION, Paraguay (AP)—A man described as secretary of Paraguay's outlawed Communist party and a policeman were killed in an exchange of shots as officers tried to raid a house here, police reported Monday.

The victims, said police, were Wilfredo Alvarez Jara, 46, the Communist official, and police Inspector Asuncion Abdula. Police said Jara had lately been in Moscow.

Police said three others fled. One was said to be Ramon Alvarenga, who was supposed to have returned recently from Havana following a special course as guerrilla commander.

Syrians Welcome Yemen's President

DAMASCUS, Syria (AP)—Thousands of clapping and banner waving Syrians lavished a hero's welcome on Yemen's President Field Marshal Abdullah Sallal Monday on his arrival from Cairo for his first state visit to Syria.

He told cheering crowds he came to seek immediate admission of his Red Sea country into the projected United Arab Republic of Egypt, Syria and Iraq.

Manor House Roasting Chickens

The newest in summer food ideas "Fit for a King" is Manor House Fresh Frozen, Oven-Ready Roasting Chickens. VISIT RESEARCH FARM—This group of Scurry County residents visited the Purina Research Farm at Gray Summit, Mo., recently. The 778-acre farm is devoted entirely to research projects. Front row, from left, are C. W. Howell, Weldon Perry, J. N. Elcke, all of Snyder, Bunyon Evans, Fluvanna, and R. E. Rowland, president of the Ralston Purina Co. Second row from left are Billy Jack Hunter, Sam Houston, L. R. Peveler and Audry Head, all of Snyder.

New Phase Of Cold War May Be Near

By WILLIAM L. RYAN
AP Special Correspondent

Soviet Premier Khrushchev's agreement to U. S.-British-Soviet talks on a nuclear test ban has vast implications. It may presage an entirely new phase of the cold war.

The timing of Khrushchev's decision looks like a studied step at the Chinese Communists, suggesting that division of the world Communists into two camps is already a fact.

The Soviet leader's appearance of conciliation toward the West will be treated with skeptical reserve in Washington. The talks may be just talks and little more. But there is another aspect.

President Kennedy appears to be asking for a broad reappraisal on both sides, at the whole cold war. There are indications that Khrushchev is willing to listen to Khrushchev's proposals for peaceful co-existence—the President responds with a proposal to "make the world safe for diversity."

Khrushchev appears to be gambling, putting a great deal on the line to show the world—and its Communists—that his way is the best one toward ultimate Red victory.

The test ban meeting in Moscow is set tentatively for July. That may mean Khrushchev has run out of patience with Peking's war-like Red dissidents.

Another important Moscow meeting is scheduled for July, between representatives of the bellicose Chinese party and members of the Soviet Central Committee. They plan to discuss their deep conflict.

Kennedy, announcing the projected test ban talks, said mankind need not accept "the conclusion that war is inevitable."

The notably hopeful tone of the President's discussion of future East-West relations can only enrage the Red Chinese, who have been badly scornful of Khrushchev's peaceful co-existence line and have called for the Soviet leader's head on that score.

Khrushchev will insist that the ideological war with the West will continue, and that communism will compete effectively with economic and political weapons. But that will hardly assuage Chinese feelings.

The Chinese categorically reject Khrushchev's idea that total war can be avoided. Peking and its allies insist that total war between the two world systems is inevitable. The Russians, with much more to lose than the haven of the U.S.S.R. now may require any Soviet leadership to put the interests of the nation and the Soviet people first, even ahead of Communist world unity. A changing Soviet society exhibits more natural ties with Europe and the West than with China and Russia. Mutual problems, interests and responsibilities in a world threatened by nuclear catastrophe.

Now Kennedy speaks of a "mutually deep interest in a just and genuine peace and in halting the arms race."

He speaks of common U.S.-Soviet interest in preventing war since the two nations would be the primary targets and "most in danger of devastation."

The President also speaks of the possibility of "discovering new means now used for armaments to combat ignorance, poverty and dis-

ease." Khrushchev has used almost identical words and in so doing enraged Peking.

Kennedy also noted that Americans and Russians, while defending their own vital interests, "must avert those confrontations which present an adversary with a choice of either humiliating retreat or nuclear war."

That was almost the situation last October when the President forced a showdown on the Soviet missiles in Cuba. For withdrawing the missiles Khrushchev was accused by the Red Chinese of making a humiliating retreat. The Cuban crisis added fuel to the burning dispute in the Communist world.

If the test ban talks take place, the chances of any curative effect from the Soviet-Chinese meeting on Communist differences will diminish.

There have been growing indications that the quarrel would not be settled. Indeed, there have been hints that the Russians were beginning to resign themselves to long-term division or even a final break with the Chinese.

The Russians have told the Chinese it depended on them whether the quarrel led to "destruction of the unity of the world movement." The Chinese have not seemed to budge an inch. Nor has there been any sign of Khrushchev's side budging either.

If the U.S.-British-Soviet talks go forward in July, the Red Chinese will surely accuse Khrushchev and his backers of betraying the world revolution.

Hopefully, Kennedy discussed the possibility that constructive changes within the Communist bloc might bring within reach solutions which now seem beyond us.

Changes are taking place within the Soviet bloc. If these develop for a reasonable time, there will be cause to hope that the important, warlike element of world communism will be isolated and kept in check, and that the cold war will remain cold.

Man Arrested On Warrant From Texas

NEW PROVIDENCE, N.J. (AP)—FBI agents arrested a man Monday on a warrant from Texas accusing him of sexually assaulting several minor children.

The FBI said the man is Edward McGuinness, 45, of Rahway, N.J.

The warrant, signed by U.S. Commissioner Frank Murray in Lubbock last Oct. 19 charges McGuinness fled Lubbock last July to avoid prosecution.

Three-Career Man To Receive Degree

SAN MATEO, Calif. (AP)—A seaman, turned minister and later newspaper owner will graduate from college next Sunday. Edwin Halcrow, 75, calls his attendance at College of San Mateo, "my own personal experience in geriatrics."

Halcrow said he saw so many people grow old and deteriorate he was determined not to have it happen to him. When he gets his associate in arts degree some of his 20 grandchildren and 12 great-grandchildren will be on hand.

Cuba Has Shortage Of Beer Bottles

KEY WEST, Fla. (AP)—Havana radio told residents of Santiago de Cuba that they'd better turn in their empty bottles if they expect to have beer at their forthcoming carnival.

The broadcast said there are plenty of beer-making ingredients on hand but containers for the brew are lacking. It is estimated that 20,000 empties are scattered around town. Taxi drivers have been given the job of collecting them.

An estimated 225,000 empties will be required in the nation by 1970, but short-term production at current rates will supply only 70,000.

Broad Areas Are Pounded By Storms

Stormy weather pounded broad areas in the nation's midsection last night as cold air from Canada swept eastward from the Plains and headed into the Atlantic Coast.

Violent wind, rain and hail storms and a few tornadoes lashed areas in Indiana, Ohio, Michigan and Illinois, causing widespread property damage. At least two deaths were attributed to the stormy weather. Several persons suffered minor injuries.

Severe thunderstorms developed along a cold front which stretched from near Michigan southwestward through western Kentucky into Texas. Behind the cold front much cooler air spread southward and eastward across the northern Plains into the Great Lakes region.

Temperatures dropped into the 40s and 30s from northern New England through the northern Great Lakes region and into North Dakota. Light snow mixed with rain fell in the Lake Superior district, with rain in the upper Great Lakes. Snow and rain measured 1.4 inches for a 2-hour period in Ely, Nev., a record for this time of year.

Severe thunderstorms with strong winds, hit Ohio. Michael Jones, 11, was killed by a falling tree limb near Yellow Springs. Winds up to 83 m.p.h. lashed the Cincinnati area where several persons suffered minor injuries. Electric service was disrupted in thousands of homes in the Cleveland area and in Toledo. Thunderstorms spread into sections of Kentucky and Pennsylvania.

A small tornado struck near Valparaiso, Ind. One death in a traffic accident was attributed to the storm which struck Richmond, Muncie and Mishawaka, Ind.

The storms in Ohio broke out after a spell of unseasonable warm weather including a high temperature of 95 in Columbus and 91 in Cincinnati.

The mercury reached 97 in Baltimore, a record for June 10, as was the 96 in Washington and the 92 in Harrisburg, Pa.

Looking Back

10 Years Ago
From The Snyder Daily News
June 11, 1953

The school board last night completed arrangements for paving a new road from the Big Spring highway south of the city limits west to the new high school campus and paving all streets bordering the new campus.

Voluntary co-operation of water users here gave some relief to the critically short water supply, but the situation is still serious. A special meeting of the city council has been called for this afternoon to consider the water ordinance. B. J. Shelley, city manager, said:

5 Years Ago
From The Snyder Daily News
June 11, 1958

Members of the city council met last night and set a date for the open hearing on the proposal of an urban renewal or low-rent housing project here.

Following a good seasonal work-out the day before, the thermometer soared to 109 degrees, or two degrees higher than Monday's reading, to set a new high mark for the year in Snyder.

Man Awaiting Trial Ends His Own Life

AMARILLO (AP) — Police saw a building contractor, awaiting trial for a double killing, end his life with a rifle shot after a wild chase Monday night.

He was Devey Hicks, 45, Amarillo home builder.

Police Chief Wiley Alexander related these details: Hicks created a disturbance earlier in the evening and officers were summoned. As they sought to quiet him, he grabbed a high-powered rifle and fled in his car.

Pursuing patrolmen managed to force Hicks' automobile to a curb, and he stopped out brandishing the gun. Alexander urged him to lay down the weapon. Instead Hicks put the rifle to his head and pulled the trigger.

Hicks was free under \$50,000 bond on murder charges in the fatal shooting Jan. 1 of Joe Dammernons, 73, a retired railroad employe, and Joe Dammernons Jr., 44, facing theft charges at the time.

Carbine bullets fired through a glass storm door killed the Dammernons. Hicks surrendered to sheriff's officers and signed a statement that he shot the two because they harassed him and threatened his life.

In the statement Hicks related that the younger Dammernons telephoned to advise that he and four or five other men planned to beat up the contractor. Hicks said he went to the Dammernons house at 8 p. m., the elder man pointed a pistol at him and he shot both.

At a hearing last month jurors found Hicks was sane then and at the time of the shooting.

Peru Likely To Regain Civilian Rule

LIMA, Peru (AP) — Peru appeared headed today for a return to civilian rule as Fernando Belaunde Terry, a U.S.-trained architect, built up a decisive lead in unofficial presidential election returns.

The ruling military junta, which annulled last year's election on fraud charges, remained silent on Sunday's balloting which was marred by voting irregularities. But they worked to the disadvantage of the military's chief opponents, the members of Victor Raul Haya de la Torre's American Popular Revolutionary Movement (APRA).

With the support of both Roman Catholics and Peru's small, outlawed Communist party, Belaunde held about 40 per cent of the vote. He was well ahead of the one-third-plus one of the total votes required for election.

Despite his unsolicited Communist support, Belaunde is considered a staunch friend of the United States.

Haya de la Torre was running second. The military stepped in last year and voided the election when it appeared he would win. He led an antimilitary revolt in the 1930s.

Terrorism Planned In Spain, Portugal

MADRID (AP) — An underground opposition movement calling itself the Iberian Liberation Council, said Monday it will launch a new wave of violence in Spain and Portugal to discourage tourists from visiting the two nations.

In a memorandum sent to foreign newsmen here, the group said it would continue "our campaign against tourism which aids with money the support of tyranny."

Immigration Law Revision Request Due

WASHINGTON (AP)—President Kennedy said today he plans to send Congress next week a proposal "to improve and modernize" immigration laws. His statement was to some 30 delegates who are here attending the third symposium of the American Committee on Italian Migration.

Rail Unions Agree To Extend Deadline

By W. B. RAGSDALE JR. WASHINGTON (AP)—Rail operating unions agreed today to a five-day extension of the deadline in the railroad work rules dispute and delayed the threat of a nationwide strike until next week. The railroads made a strike unlikely, Secretary of Labor W. Willard Wirtz requested when it became apparent no settlement could be reached by the first deadline—midnight Wednesday night.

Bankers Say Economy In Area Sound

FORT WORTH (AP)—Several West Texas bankers say the economy in their areas is sound despite a severe winter, oil cutbacks and other adverse factors. William Sewell, vice president of the Midland National Bank, said the economy in his area "is probably sounder now than three months ago."

Firms To Close For JC Hearing

In a called meeting of the Chamber of Commerce merchants committee yesterday afternoon, possible steps were taken to increase the possibility of a good representation at the open hearing on the junior college proposal next Monday. In order to make it possible for more people to attend, the majority of Snyder businesses will close their doors from 11 a.m. until 1 p.m. Monday.

Two Die In Fire

LIVINGSTON, MANITOBA, N.Y.—Two persons died and a third was reported missing today in a fire that destroyed the Waldemere Hotel, a Catskill, mountain resort. Five others were injured.

SCHOOL BOARD TO MEET ON JUNE 11

Due to the budget hearing scheduled a week from tonight, the Snyder School Board will forego its regular meeting originally scheduled for tonight. William J. Schaefer, board president, reminded this meeting. The budget hearing has been set for 7:30 p.m. June 18 in the high school cafeteria. Following the hearing, the board will go to its regular meeting room in the school administration building and consider its regular June business agenda.

Alabama Solons 'Share Struggle'

WASHINGTON (AP)—The Alabama congressional delegation said today its members share in Alabama's struggle for the principles of constitutional government.
