Mr. Henry suffered a heart attack about 8:30 a.m. Thursday, from which he failed to rally. Coming to Wellington in 1925 from Wichita Falls, Mr. Henry directed the affairs of the Katy Railroad during the era that was to be the peak of its operations in the county, providing both freight and passenger service.

Mr. Henry remained with the line until it closed operations here in 1958, and at that time he retired.

A veteran of World War I, he was active in the American Legion for many years, and he was a member of the Masonic Lodge and the Methodist Church.

Silas Grady Henry was born July 30, 1889 in Russellville, Ark.

Funeral services were conducted Sunday, Oct. 17 at 4 p.m. in First Methodist Church. The Rev. Ellis Todd, pastor, officiated. Burial was in the Wellington Cemetery under the direction of Kelson Funeral Home.

## Canadian Comes Here For Conference Try

Wellington Skyrockets play their second conference game on their home field against the Canadian Wildcats Friday, Oct. 22. This is a 7:30 game, as are all district contests.

"Their win-loss record isn't very impressive, although on a given night, they are capable of beating anybody," Wellington head coach Don Beck declared.

"They are a dangerous passing ball club; they have enough speed in their backfield to go all the way."

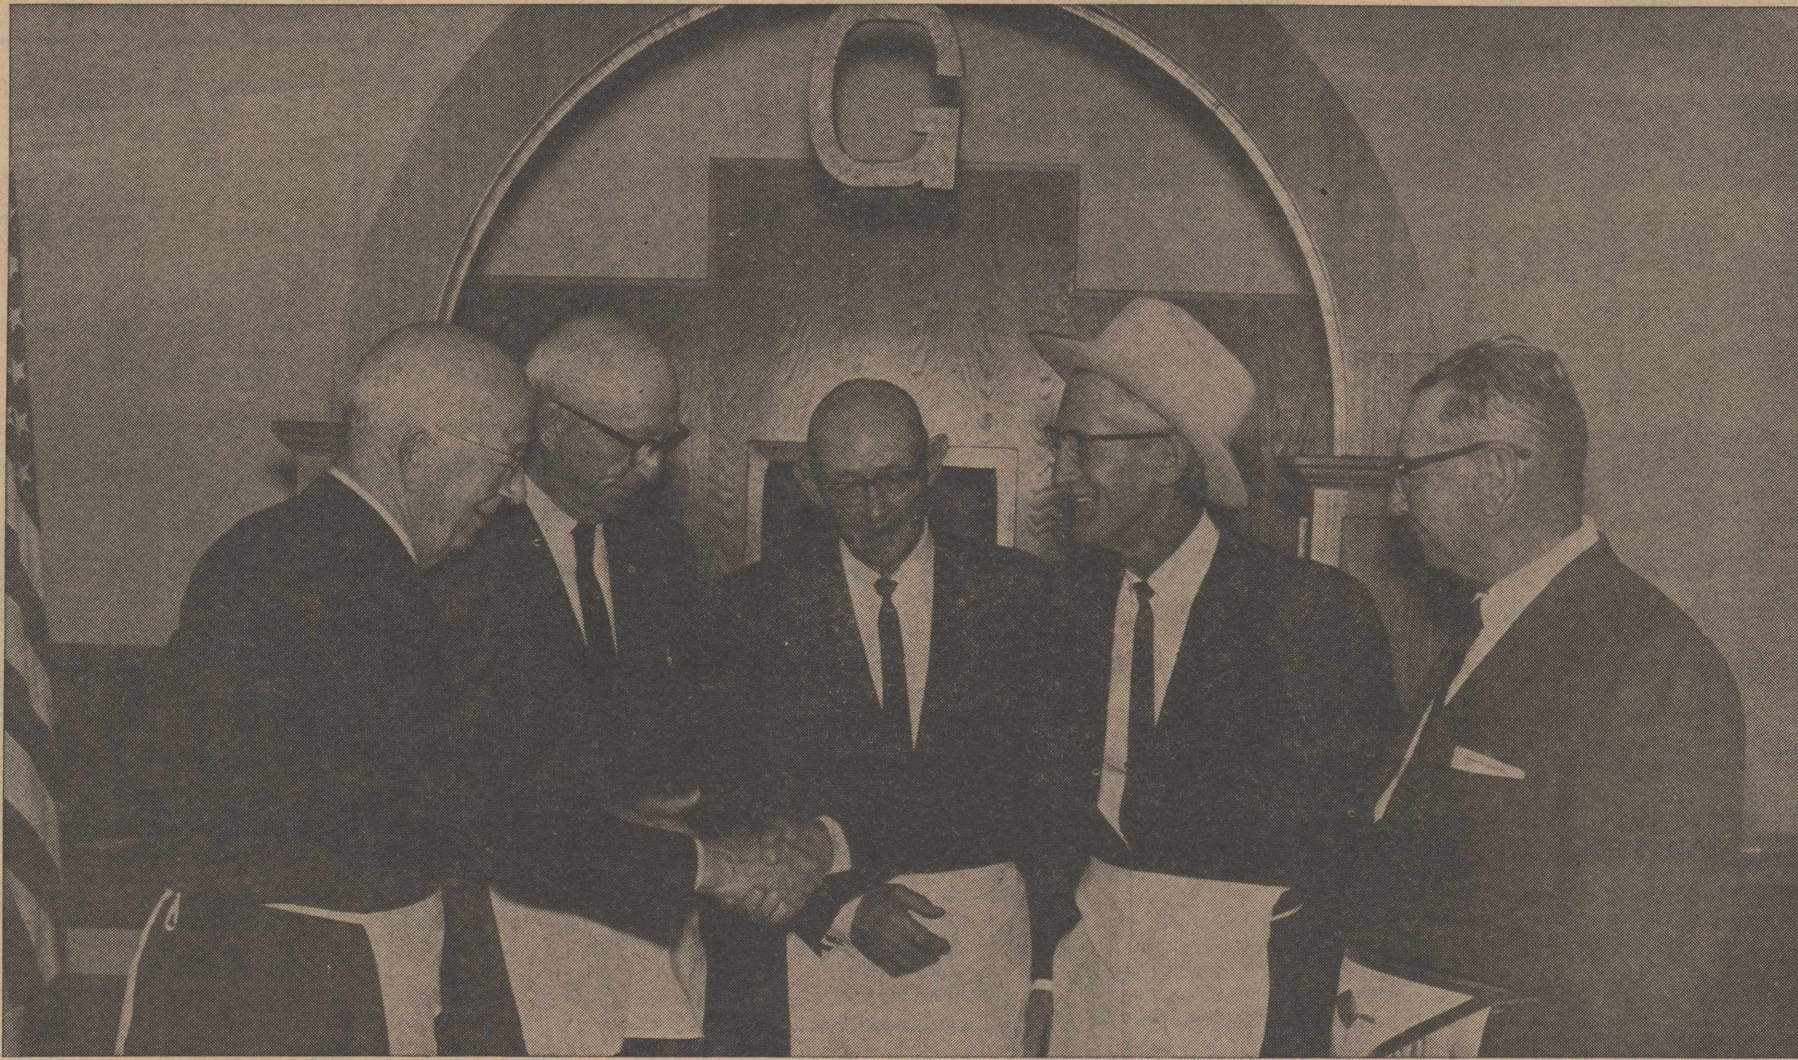

Probably the best running back of the Canadian aggregation is Howard Sanders, 175-pound fullback.

Another outstanding back is Jerel Norris, 145 pound quarterback, who throws the ball quite well.

Defensively, their best boys are Gary Harrell and Charles Ortega, who weigh about 165 pounds.

Canadian hasn't won any games yet, but they have played to close scores three or four times and with a break in the game could have gone their way.

"As everyone realizes, last Friday night five fumbles and two or three penalties can

## C. C. Atkinson Dies Saturday of Heart Attack

Cecil Colon Atkinson, a gunsmith and owner of the Wellington gun shop, died at 2:45 p.m. Saturday, Oct. 16, after suffering a heart attack at his shop. He was pronounced dead on arrival at St. Joseph's Hospital. He was 45.

In addition to his work with modern guns, Mr. Atkinson was interested in antique guns and had one of the better collections in this area.

Hand in hand with this went another interest—Indian life as it existed in this county. He had unearthed and preserved a number of relics which were found in the vicinity of the family's farm and along Buck Creek.

Mr. Atkinson was born April 1, 1920, at Canutillo, the son of Mr. and Mrs. Austin V. Atkinson, members of a pioneer Collingsworth County family.

## At Farm Bureau Meeting

## Proposed Dam Work on Right Track, Says Walter Rogers

"You've done a tremendous job in this area and I think you're on the right track. Go on this full speed ahead and if it doesn't work, try something else."

This is what Congressman Walter Rogers told the people of Collingsworth County concerning their proposed dam on Salt Fork when he spoke at the annual Farm Bureau meeting Saturday night, Oct. 16.

Rogers presence at the barbecue and meeting was a surprise to Farm Bureau members. He is in his district for a few days and came here from Hedley where he appeared at the Cotton Festival.

He devoted his short talk to the county's water plans and the seriousness of the water situation nationally.

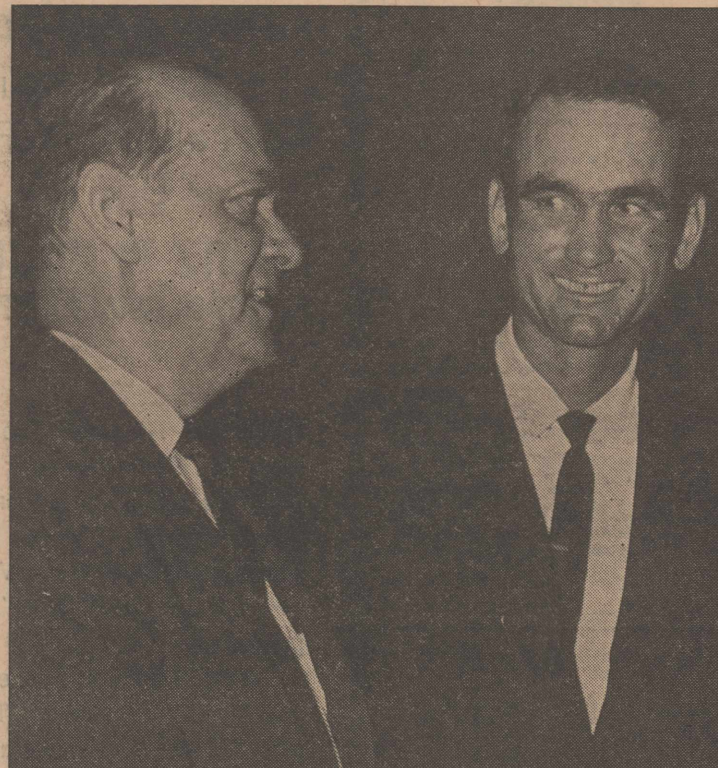

"The President considers the water problem the Number One issue," he said.

Before he spoke Congressman Rogers told The Wellington Leader that he believed the water board is doing what should be done. If anything happens to the present plans, however, there are a number of other programs that will be brought into being in the next several years to get this done, he added.

In discussing the recently passed farm program with a Leader reporter, the Congressman said he believed it has been worked out as best it can be under the circumstances.

It is not completely clear how the Agriculture Department will administer the act, he added. The Department has been asked, after it has analyzed the act, to tell Congress how it plans to administer the program and any pertinent questions can be asked now rather than later.

Davis was chosen first vice president and will have charge of the membership drive; and W. A. Bentley, of Dozier, second vice president, will direct the 1966 Queen Contest.

James Martindale was re-elected secretary-treasurer.

Twenty directors were elected for the four areas of the county. Elected for north of Salt Fork are J. C. Jones, Jim Ray, Selba Rainey, Dee Coleman and Don Van Pelt; south of Wellington: Jerry Scott, Si-

## Ground-Soaker Rain Received

Rain from two and a half to four and a half inches drenched Collingsworth County over the week end, halting the early cotton harvest but giving wheat farmers the moisture needed to start next year's crop.

The heaviest fall reported was in the area southeast of Wellington and in another section northeast of Lutie.

Around Wellington the rainfall amounted generally from three to three and a half inches.

Quite a bit of the cotton has been defoliated, and hand pulling had started. Ginners now estimate it will be the last of this week or early next week before harvesting can be resumed, even with no more moisture.

In the Kelley community, 4.3 inches of rain was measured

at the Wayne Reynolds farm, and farm tanks throughout that section, as well as many other parts of the county were full when the rain ended.

This was the drought-breaker in the Dodson area, which has missed much of the moisture received by other parts of the county through the growing season.

Four inches was generally reported over that section.

Here again quite a bit of the cotton is open and many farmers had defoliated. There will be little damage to the open cotton from this rain if the weather remains clear. A long spell of damp weather could cause deterioration, it was pointed out.

Southwest of Wellington, 3.1 inches was measured in the Rolla community.

Reports of similar amounts came from Quail and other communities in the west part of the county.

While the majority of the wheat farmers will be benefited by this moisture, however a few growers southeast of Wellington reported that they will have to resow in fields that were seeded recently; others indicate they may sow spots where the fields washed.

North of Salt Fork, moisture ranged from two and a half to four inches or more. Much of the cotton in this area is late and has not started to open.

## Funeral Set Thursday for Mrs. E.G. Pierce

Mrs. E. G. Pierce, who lived in Collingsworth County most of her life, died shortly after 9 p.m. Tuesday, Oct. 19, in St. Joseph's Hospital. She had been in failing health a number of months and critically ill since Friday.

Mrs. Pierce was the former Luna Melton, daughter of the late Mr. and Mrs. H. Melton, who were among the early settlers of the Quail area and active community builders.

She had lived in the Marella community most of the time since her marriage to Mr. Pierce, and only a few weeks ago they moved to a home in Wellington.

She was a member of the Methodist Church.

Funeral services will be conducted Thursday, Oct. 21 at 2 p.m. in First Methodist Church with the Rev. Ellis Todd officiating. Burial will be in Quail Cemetery under the direction of Kelson Funeral Home.

Mrs. Pierce is survived by her husband, E. G. Pierce, and one daughter, Mrs. Wilbur DePauw of 5313 Brinkman, Amarillo; six brothers and three sisters, who are Carlos Melton of San Diego, Calif.; Freeman Melton of Wellington; Otis Melton of Phoenix, Ariz.; Howard Melton and Edgar Melton of Pueblo, Colo.; Wayne Melton of Borger; Mrs. W. T. Cherry of Lubbock; Mrs. Hazel Adcock of Amarillo and Mrs. Cellous Weaver of Big Spring.

There are three grandchildren and five great grandchildren.

## First Phase of UIL

## WHS Band to Play In Marching Contest

The Wellington high school band will participate in the University Interscholastic League marching contest in Canyon on Tuesday, Oct. 26. This is the first phase of the UIL Sweepstakes.

The band will seek to repeat last year's performance, when it received a first division or superior rating. This is defined as "the best conceivable performance by a group in its classification."

The Wellington High School Marching Band is a 42-piece aggregation, under the direction of James Larson in concert performance, it is a 60-piece band.

The band is scheduled to play at 1 p.m.

This is the last year that Wellington high school band will play with the Class A division, as the school steps up to AA at the beginning of next year. This will put the band in competition with schools supporting 100- and 125-piece bands.

In the Tuesday contest, the band's numbers will be "Port 25" by Akers; "Voice of America," King; "March on America," Walters; and the school

fight song, Larson said.

Wellington already has two band honors this season, as it received a first division rating and was named the outstanding band at the Mangum Marching Band Festival recently.

In the same event, Sandra Carter was judged the outstanding twirler.

The judges at the Mangum festival were Bill Woods, Levelland; Everett Maxwell, Abenathy; and Fred Stockdale, Pampa. All are high school band directors.

**Clothing Sent Victims Of Hurricane Betsy**

Twenty duffle bags and four large boxes of clothing were given by county residents to aid victims of Hurricane Betsy living in Louisiana. These were shipped Wednesday, Oct. 13 to Houston, and from there they will be re-shipped to points where need is greatest.

The local drive for clothing was by First Methodist Church, co-operating with the World Service Organization. Combining their collections of clothing with the Methodist Church were the Church of the Nazarene and the First Christian Church, as well as individuals from other churches.

"We were especially pleased with the donations this year. Everything was good, and there were a number of new quilts given," said Mrs. E. F. Bartlett, Methodist Church secretary.

Members of the Methodist Youth Fellowship prepared the clothing for shipment.

The Girl Scouts of the USA was founded in 1912.

**J. M. Johnsons Here on Visit**

Mr. and Mrs. J. M. Johnson of Farmington, N.M., were here Tuesday and Wednesday, Oct. 11 and 12 to return her father, J. A. Goodson, who had visited several weeks in their home.

Johnson's family also formerly lived here, leaving in 1935. His sisters, Mrs. Lewis Jordan (Alice), and Mrs. Beulah Brown live at Spring, just outside Houston. His father and stepmother, Mr. and Mrs. Gordon Johnson, are at New Baden, also near Houston, and Mr. Johnson, 81, still drives his car regularly to Houston. J. M. Johnson is with the El Paso Natural Gas Co. at Farmington.

**Crackers Down Clarendon 20-8 Here Thursday**

Nickey Watts took the opening kickoff for the Wellington junior high Firecrackers and ran 75 yards for a touchdown to set the pace for the game with Clarendon Thursday night, Oct. 14 at Powell Field. The final score was Wellington 20, Clarendon 8.

Watts' sprint came behind blocks thrown by Teddy McLain, Dallas Holland, Danny Watts, Brice Jackson, Joe Cummings, Victor Bobo, Truitt Holton and Danny West.

Don Martin carried the ball over for the extra point.

Clarendon carried the ball to the Wellington 30 in a series of short gainers, then Nicky Watts and Martin made two good runs before the ball was fumbled and Clarendon took over to control the ball for the remainder of the first half.

Early in the second half a pass from Charles Mauldin carried 50 yards to Dallas Hol-

land, who took it the remainder of the distance for a touchdown. The try for extra point was no good.

A little later, Wellington drove the ball downfield 40 yards, then Nicky Watts took over 20 yards out and ran for the third TD. Again the try for extra point was no good.

Clarendon's only score came after a pass covered 45 yards, then Danny Watts caught the ball carrier on the Wellington 3 yard line. Clarendon on the next play swept left end and scored with 20 seconds left in the game. The try for extra point was good.

With 7 seconds to go, Nicky Watts broke on a pitchout from Mauldin and went 55 yards to score, but had the touchdown called back on a penalty.

Players cited by Coach Carroll Nunneley for outstanding work were Nicky Watts, Danny Watts, Danny West, Don Martin, Ricky Nall, Charles Mauldin, Holland, Jackson, Bobo, Kenny Black and Holton.

The first Olympic games recorded occurred in 776 B.C. in Greece.

The Boy Scouts of America was founded in 1910.

**Plans Begun for 1966 County Spelling Bee**

B. W. Beaird, county superintendent of education, is the 1966 Spelling Bee director for Collingsworth County.

Some time before April 9, the Collingsworth County Bee will be held, and the champion will go to Amarillo on April 23 for the annual regional elimination for the National Spelling Bee.

Last year, Janis Gosnell, the daughter of Mr. and Mrs. Robert Gosnell of Quail was the Collingsworth County champion and placed second in the regional Bee. The Gosnells have been consistent winners in the Collingsworth Bees, as Janis' brother, Stanley, also was a winner.

The Amarillo Globe-News, which has sponsored the High Plains area bee since 1949, also has a unique secondary contest—the Junior Spelling Bee, open only to contestants from the sixth and lower grades.

The National Bee is open to all students, 16 years of age and under, through the 8th grade.

The Collingsworth County Junior Champion for 1965 was Kittle Cooke, daughter of Mr. and Mrs. W. H. Cooke III of Quail.

First place winner in the regional bee will go to Washington, during the first week in June, 1966, to participate in the National Spelling Bee. The winner will also receive several other attractive prizes, and his (or her) school will have a full year use of the Britan-

ica film service. A traveling plaque, carrying the names of all Regional winners since 1949 will hang at the school of the winner.

The National Spelling Bee, sponsored by newspapers all through the 50 states, is in its 38th year. High Plains champions have placed fairly high in the contests, but none has won the national crown.

Collingsworth County has had a Regional Champion, in Alta Jackson of Quail, who won in 1953. Alta is now Mrs. Don Wheeler and lives in El Paso.

## Arrest Clears Forgery Counts

The arrest of John Armstrong, 22-year-old Wellington Negro, has cleared three cases of forgery extending back through the summer, Sheriff John Rainey reported.

Armstrong was arrested Monday morning, Oct. 18, at the Wellington State Bank after he had attempted to cash a check to which he had forged the signature of Alfred Patterson.

Paul Bell, vice president of the bank, detained the man until the sheriff could arrive, Rainey said.

He is under indictment on charges of forging the name of Commissioner Woody Wood to two checks, and he is also out on bond in Wheeler County on a forgery count, the Sheriff continued.

Armstrong's arrest clears two other forgery complaints, according to Rainey.

The man was arraigned before Justice of the Peace Claude McKinney Monday. He is being held in Collingsworth County jail in lieu of \$2,000 bond.

## Federal Aid Not Much Held

After all furor and tumult dies down, the residents in the flood-ravaged areas of the Midwest will discover, as some of our citizens have in the past, the federal aid doesn't mean a whale of a lot in their plight.

To the average person, the sound of federal aid alleviates any of their concern for their fellow man for they expect that this means complete restoration of homes and property losses. But this is not the case as farmers who suffered severe hail damage several years ago in this area discovered. It usually means a chance to borrow money from the government at a low rate of interest.

Many persons in the flooded area have lost homes that they can hardly afford to replace. Whether or not they can borrow monies is not their real concern. They are looking for a chance to make a new start and going into debt again with some of their old debt still "over their heads," doesn't usually mean much salvation for them.

Could it be that the needs are too close to home base? We are not against foreign aid for we can understand its role. On the other hand, it does seem easier for foreign countries to secure aid monies as outright gifts.

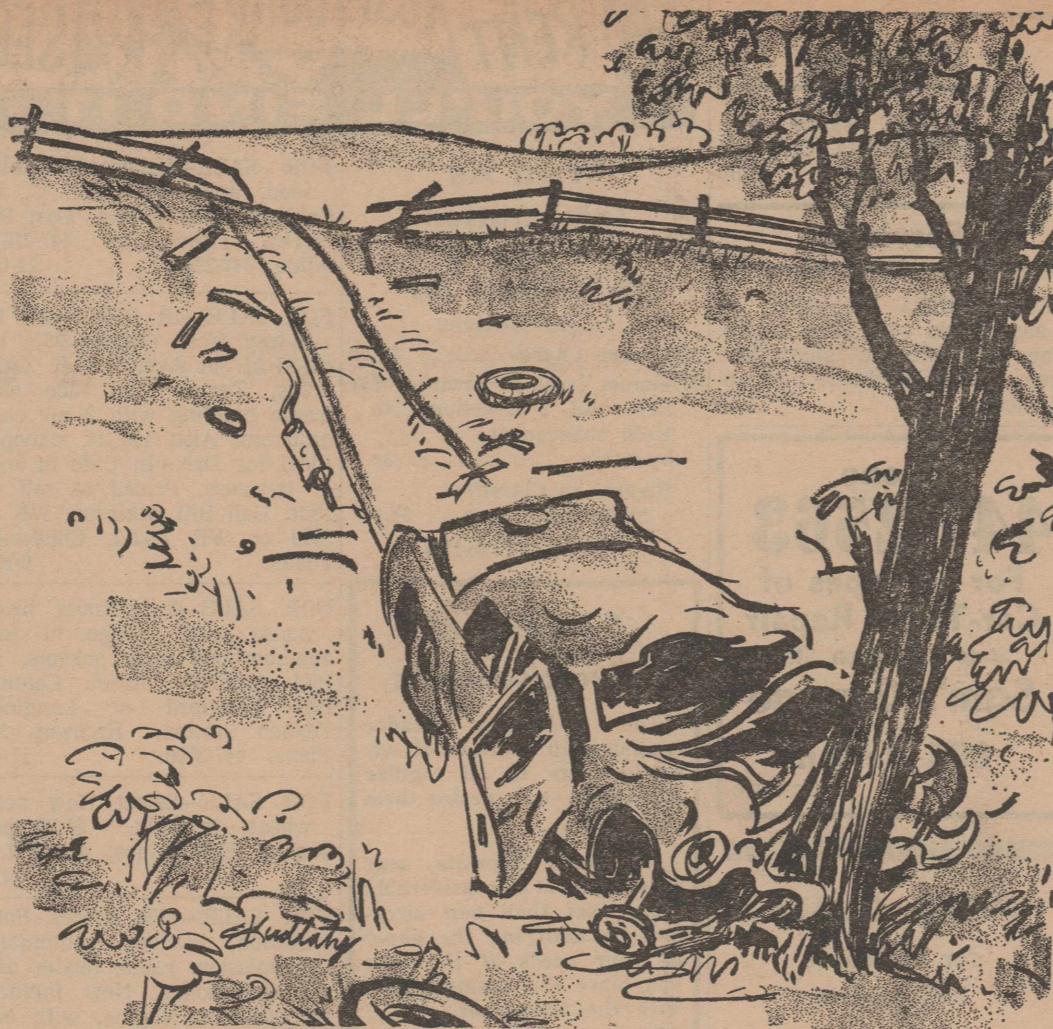

Incidentally, both the Salvation Army and the American Red Cross showed their "mettle" in the Minnesota crisis with their aid to the flood victims. A call was even received in this community from the Red Cross asking if any aid was needed after the news services carried the story about the Country Dam going out last Wednesday morning.

The thought has occurred to this writer that perhaps something of this nature would be a great boon in alleviating the built-up resentment quite prevalent concerning the American Red Cross and their services to mankind.

## High Horsepower---Low Horse Sense

## CROSSROADS REPORT

Dear Editor:

News is that a Mr. Brooks, with a doctor's degree in philology, specializing in classical poetry, is now Assistant Secretary of the Army.

My lowboy neighbor says hiring a poetry expert to help run the Army, or a magna cum laude politician as Postmaster General, is a forward-looking system.

This way, important jobs get tackled with fresh new ideas that are not all cluttered up with experience and knowledge. It's sort of like hiring a tom hair-stylist to shoe a horse.

It is being explained in print to the skeptical that folks who can't read and write may be highly informed voters anyway, because of heavy exposure to TV and radio.

My TV educatee neighbor says this is logical and there won't be any sweat about illiterate people voting, if their ballots have the candidates' pictures printed on them.

In fact, he don't know but

what schooling has been run into the ground, anyhow. Says if we had an illiterate Congress, maybe they couldn't write so many expensive laws.

News is that a herd of com-

puters has figured out that it costs the average family \$1,324 a year to bring a child up to the age of 18.

## More Eligible For SS Pay

Some persons who had not worked long enough to qualify for social security payments will now be eligible under the recently amended Social Security Act, according to a statement by Hal Geldon, district manager of the Amarillo social security office.

The new provision makes it possible for older workers to qualify with as little as three "quarters of coverage"; the previous minimum was six such quarters. In commercial employment a quarter of cov-

erage is a calendar quarter in which a worker was paid wages of at least \$50; quarters are credited for farm work, and for the self-employed, on a different basis.

The groups that the new provision affects are: man who reached 65 (woman 62) in 1954 or earlier, 3 quarters needed; 1955, 4 quarters; 1956, 5 quarters.

Workers who qualify under the special provisions will receive \$35 per month; payments cannot begin, however, until the worker reaches age 72. Persons who think they may be affected by this change should re-check with the social security office as soon as possible, Geldon stated.

## Sandra Dee Cooks A Duck in "That Funny Feeling"

It is always a disaster area when Sandra Dee sets out to cook a bird.

This has no bearing on the fact that in real life Miss Dee is a competent housewife and mother, and burns the toast no oftener than the next bride of recent date.

The tradition of destructive fowl cookery applies only to Sandra's movie culinary efforts.

In Universal's Technicolor comedy, "That Funny Feeling" coming Sunday to the Ritz Theatre, she enhanced the tradition by roasting a duck for her actor husband (and co-star) Bobby Darin, in a harrowing scene. Donald O'Connor also co-stars.

Sandra has help from Nita Talbot in her fore-doomed roast duck catastrophe. Just when the bird is sizzling in the roasting pan, Nita bastes it with 100-proof brandy, lights a cigarette and tosses the match toward a plate on the oven. The match goes into the oven instead, and bird and oven are at once engulfed in flames.

Sandra races to the rescue with a pan full of sudsy dishwasher and duck and dishwasher end up together—an unpalatable mess.

In the ensuing scene, the girls send out to a restaurant for a duck to go and that is the duck Sandra serves Bobby.

It was like that, only more so, when Sandra helped Andy Williams to barbecue a chicken in her previous picture, "I'd Rather Be Rich." The bird had surreptitiously been stuffed with a rocket by a jealous suitor, Robert Goulet, and was supposed to shoot off into the wild blue yonder when warmed by the glowing coals. It did so in trial runs, but when the camera turned on the scene, the chicken exploded in Sandra's and Andy's faces, inflicting painful burns.

After these two traumatic experiences in the cooking of ornithological specimens, it is small wonder that Sandra now views with disdain and repugnance any culinary involvement with members of the winged species.

But such is the sadism of screen writers, and such is the devotion of Sandra to the trouper creed that the show must go on, there is every likelihood that in her future film vehicles she will be called upon again and again to cook birds of one type or another. And will do so.

But never in her own household. After all, it is a free country.

Jupiter is the largest of the planets.

### 1965-66 FORM BUREAU OFFICERS

The Collingsworth County Farm Bureau president for last year, Douglas Coleman, of Dozier, left, turned over the duties of the office to J. C. Hartman, Jr., of Wellington, standing next to him. Hartman was elected at the annual meeting Saturday night, October 16. Other officers, reading to-

ward the right, are W. A. Bentley of Dozier, second vice president; L. A. Davis of Rolla, first vice president; and James Martindale, who was re-elected secretary-treasurer. Davis will direct the membership drive and Bentley will have charge of the 1966 Farm Bureau Queen contest.

## Quail Teams Lose Opener to Quitaque

Quail Quails and Bobwhites dropped their opening games to Quitaque boys and girls Friday night, Oct. 15 in a game played at Quail.

This was a heart-breaker for the Quails, who were ahead when less than a minute of play remained, then lost the game by one point 59-58. The Bobwhites dropped their game

56-33.

The high scorer for the girls game was Brunson of Quitaque, with 23 points. Linda Sue Peters led the scoring for the Bobwhites with 14 points and Judy Campbell was close behind with 13.

The Quitaque girls held a lead of 6 points or more all through the game.

The boys game changed lead a number of times from the beginning, and at halftime Quail was ahead by a slim two points.

Stephens' 19 points was high for the game and for Quitaque, while Taylor made 14 for the visitors. Don Morris led Quail scoring with 18 points

and Paul Gollighugh had 16.

Starting for Quail were Don Morris, Paul Gollighugh, Royce Mitchell, Earl Feemster and Reed Souder.

## Aoudad Sheep Hunt Planned

SAN ANGELO—Approximately 50 aoudad sheep hunting permits will be issued to landowners in the Palo Duro Canyon for the Dec. 10, 11 and 12 season, according to Richard DeArment, Panhandle wildlife biologist for the Texas Parks and Wildlife Department.

So much interest has been shown by hunters during the past aoudad hunts that permits will be difficult to obtain. Sportsmen were advised to contact landowners in the Palo Duro Canyon well in advance of the December season.

Biologists plan to gather additional breeding habit information from animals taken during this year's hunt. Therefore, all animals must be checked at Texas Parks and Wildlife check stations at strategic locations around the Palo Duro Canyon hunting area.

In 1964, 13 aoudad sheep were killed. The largest weight recorded was over 270 pounds.

## County Has Two Rural Accidents During Sept.

The Texas Highway Patrol investigated two accidents on rural highways in Collingsworth County during the month of September, according to Sgt. J. W. Wilson, Highway Patrol Supervisor of this area.

These wrecks accounted for three persons injured and an estimated property damage of \$4,960.

The rural traffic accident summary for this county from January through September of 1965 shows a total of 27 crashes. As a result of these, there were 32 persons injured, one killed, and an estimated property damage of \$21,705.

The accident record in other area counties is:

Childress County: 5 accidents, no deaths, 5 injuries, \$11,510 property damage.

Cottle: 4 accidents, none killed, 4 injured, \$1,950 property damage.

### DISSENEION VENDORS

## Places Open in Highway Patrol

Nov. 29, 1965 is the deadline for applications for the next Highway Patrol Training School. "Applications for the position of patrolman should be made as soon as possible," said Sgt. J. W. Wilson, Highway Patrol Supervisor of this area.

Those selected to fill the positions have the privilege of knowing that they stand as the symbol of order in our society and are respected by all law-abiding citizens, the sergeant said.

"The work of the patrolman is challenging," he pointed out, "but the rewards are many. Each man answers a call to serve with the best of opportunities for participating in the constantly developing effort to curb the dual menace of increasing crime and traffic accidents."

Full details on qualifications can be obtained from the nearest Department of Public Safety office or from any DPS patrolman.

On the editorial page of this issue you will find a sample ballot bearing all ten of the constitutional amendments with each of them listed in order exactly as they will confront the voter on November 2. It is published in advance in order to give you ample time to discuss the proposed changes with your friends. Save the page for future reference. You will have a better idea of what will confront you if you go to vote on these amendments on Nov. 2.

I have not formulated my opinions enough to answer the questions of friends and associates about all the constitutional amendments even vocally. I have had my mind made up for some time on Amendment No. 6. This is the one that would provide loans to students at institutions of higher education to be known as the Texas Opportunity Plan. This is an enlargement of the famous Opportunity Plan at West Texas State University, financed by private donations and largely the work of the students themselves, which has enabled many students to finish college who otherwise might not have been able to go to college at all.

There is an advertisement in this issue of the paper on amendment No. 7 which would exempt certain large hospitals from paying ad valorem taxes and it will appear in the paper again next week. Perhaps some of the proponents of some of the other amendments will get some explanation of the merits of the amendment they favor in the paper by that time. The most controversial amendments will be amendment No. 4 and amendment No. 10. Number 4 provides a four year term for the Governor and other state officials and Number 10 provides a four year term for State Representatives.

The autocratic Interscholastic League has changed our football district again. In 1966 Wellington is in a district with Electra, Iowa Park, Olney, Quanah, Seymour and Memphis. Thus Memphis and Quanah will be the only towns that are nearby. It is quite possible that we should be in a 2-AA district as far as scholastic population is concerned; but it is most unfortunate that the fans will have to travel such distances.

James Sullivan says to leave the subject alone—that we will go down and beat Iowa Park. That is not the point at all. The significant thing to consider is the difficulty of financing a high school football team when the towns are widely separated. In the past our best paying football games have been those with Childress,

## FHA Announces Home Building Program for City

The Collingsworth County office of the Farmers Home Administration has received permission to make loans for building homes in the city of Wellington, Jim Chappell, county supervisor, announced this week.

A change of rules now designates a rural town as one of 5,500 population or less and permits loans in these.

There are two types of loans, both bearing low interest rates, Chappell explained. One is for homes above 1,400 square feet and the other for homes under 1,400. Loans are available only if the owner cannot get money from other sources, it was explained.

"There is no limit on the amount except common sense," Chappell said. "We are not interested in building mansions, but we are interested in getting people in decent houses," he added.

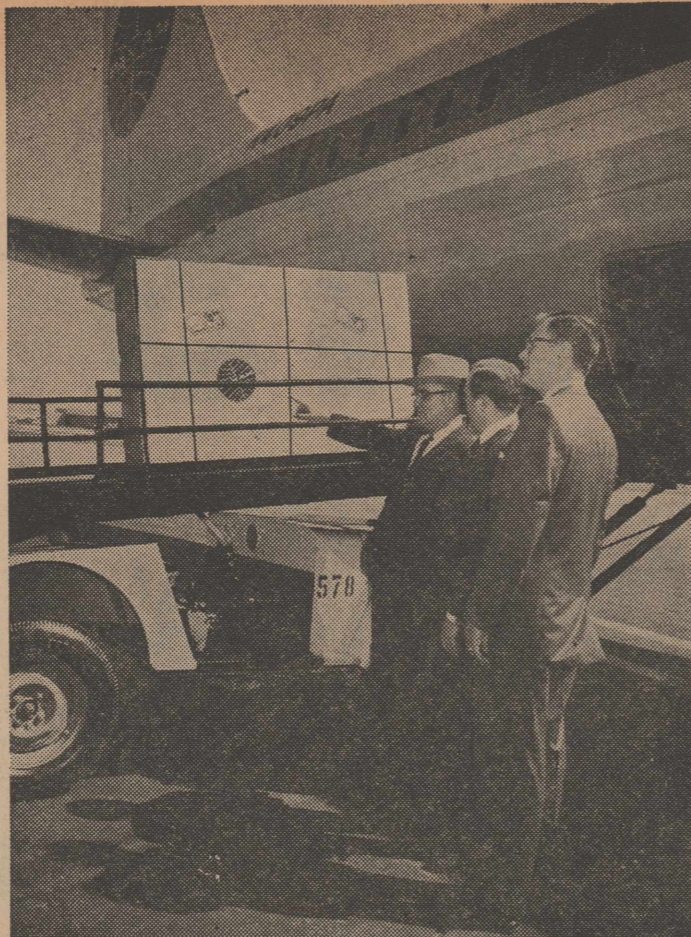

Memphis and Shamrock. They came to our town by the hundreds and we went to theirs. The stands were full on both sides of the field every time we played these towns.

It takes money to buy the proper equipment for football players, keep up the grounds, arrange for transportation and all the other expenses that go to make a football game. And unless the young men do have the proper equipment they should not be allowed to play.

These golden October days have a beauty so intense and so warm that they bring a kind of pain to the heart. Such sheer loveliness makes you want to cry out for others to come and see and feel and revel in this exquisite gift the sun has given a verdant planet.

The beauty of these Indian Summer days provides another type of nostalgia for the fathers and mothers whose son or daughter has gone to college for the first time this fall. The rumpled room is neat and tidy but it looks lonesome. There are no raucous noises in the house even after five o'clock. Instead you can hear the shouts of children far down the street. Perhaps he or she has been home for the week end or perhaps you have visited them. There was a difference. The conversation was changed. The poise was greater. And then the week end was over and the next Monday you gazed at the empty room and you wondered: Will he ever be ours again? Will she ever be ours again?

A brilliant comet is supposed to have been visible about sunrise for the last several days; but I have been unable to see it. It is supposed to reach its greatest visibility Wednesday about 9 p.m. when it comes the nearest to the sun, but that will be too late to see the head here. You may see the tail.

### TEXAS BEEF TO EUROPE

First air shipment of chilled beef to Germany is shown being loaded aboard a jetliner at Dallas Love Field. Looking on are (l. to r.) Texas Farm Bureau President C. H. DeVaney of Waco; Jack Estes, Jr., of Estes Packing Co., Fort Worth; and Don Chappell, Dallas, district sales manager, Pan American Airlines. Four carcasses, quartered to meet German import regulations and weighing 2,200 pounds, were sent to Cologne for sale during a

"Texas Week" promotion in a supermarket there. U.S. Ambassador George C. McGee, who hails from Waco, was on hand for the Cologne celebration. The Texas Farm Bureau, working with Texas Direkt Import of Wiesbaden, Germany, initiated the shipment in cooperation with Estes Packing Co. and Pan American Airlines. The TFB handles supply contracts in Texas for the German import firm which deals only in Texas-produced food items.

## Quails Make Strong Bid to Hold 11-B Title

A strong Quail boys basketball team will bid for the district 11-B title again this year and their impressive strength in the opener, which they lost by only one point, bears this out.

Coach H. C. Churchwell has only two returning lettermen from last year's championship Quail team—Don Morris and Royce Mitchell, and neither of these was a starter. Coach Churchwell is counting on his boys winning a majority of their games, he reported.

The Bobwhites, while they will probably be weaker than the boys, still should win over 50 percent of their games, if early performance is a guide.

Bobwhites on the 1965-66 squad are Mary Frank Cummings, Mary Ann Lindsey, Linda Sue Peters, Janace Pitts, Rita Cummings, Jais Gosnell, Paula Langley, Pamela Langley, Sue Parker, Laura Wheeler, Wanda Bailey, and Judy Campbell. Sophia Christopher is team manager.

Quails who are playing are Morris, Mitchell, John Blevins, Robert Blevins, Gary Barton, Benny Carson, Earl Feemster, Jarrell Fielding, Michael Finley, Paul Gollighugh, Clarence Long, Jimmy Langley, Gary Mitchell, Lanny McGill, Tommy Needham, Cary Don Nealey, Reed Souder, James Parker, Steven Tennison and Bruce Ward.

Churchill is in his first year of coaching, although he has taught previously at Martha, north of Altus.

He is a graduate of Altus high school, where he played basketball under Coach Art Young. He also played on the Marine Corps team while stationed in San Diego in 1953, and later, while attending New Mexico State University at Las Cruces he played intramural basketball.

The Quails and Bobwhites did not play Tuesday night, and their next game will be against Quitaque there, Friday night, Oct. 22.

### Football

From page one fans will travel a lot more miles to play their conference schedule and competition will be tougher.

Canadian and White Deer move from 2-A to 1-A to play with Gruver, Stratford and Sunray.

District 2-A will be made up of Claude, Clarendon, McLean, Silverton and Wheeler, which is moving up from Class B.

Childress, which was in the district along with Wellington when the latter was a AA school previously, now moves from Class AA to AAA. The Bobcats will play in District 4-AAA along with Breckenridge, Brownwood, Burk Burnett, Graham, Vernon and Wichita Falls Hirschi.

District 1-AA will remain as it is, with Boys Ranch, Dalhart, Sanford-Fritch, Phillips, Shamrock, Spearman and Stinnett.

### Proposed Dam

From page one Collingsworth group approved the work of Walter Meyer in setting up a pilot county for the purpose of marketing commodities in all channels of trade, and that he be furnished a staff and a fund which would enable him to advance his marketing program.

The county for this pilot project has not been chosen, said Dee Burba, Farm Bureau manager. Four carcasses of chilled beef were recently shipped to Germany by Myer, and pictures of this shipment are on another page of this issue of The Leader.

In another resolution, the FB members recommended that the Texas Extension Service work toward developing a strip-ter cotton which will have a micronaire above 5 and have tensile strength of 75 thousand or better for the Rolling Plains area.

"The last few years we have been growing cotton for the green card and not the kind the spinners want," Coleman told the group.

It was recommended that

each Texas Farm Bureau district have a field man and these men have an office in a central location.

The members voted that "we support the use of foreign ships in international trade for farm products except Communist-owned."

The final resolution supported Congressman Walter Rogers recommendation that the Secretary of Agriculture let Congress know the intentions of his department concerning the new farm program in simple language.

Mr. and Mrs. Chester Brantley of Vernon were week end visitors in the homes of his brother and cousins, Heber Brantley and Miss Bonnie and Mack Willis. Mrs. Heber Brantley and Mrs. R. W. Brantley were in Amarillo and Dumas during the week end.
