COLD WEATHER HERE—Johnny Kincheloe, service station attendant who has to get outside and work regardless of the weather, takes time out this morning to check the temperature. The reading on the thermometer went down to 16 degrees last night and was still at that temperature early this morning. When the picture was made the thermometer above showed 28 degrees just before noon. (Lee Watson photograph)

Famed Conductor Dies In Sleep

NEW YORK (AP) — Arturo Toscanini, a poor Italian boy who became one of the world's foremore orchestra conductors, died in his sleep today. He was 89.

Death occurred at his home in Riverdale, the Bronx. His son, Walter, said the famous maestro had suffered a stroke on New Year's Day and had not fully recovered from it.

Toscanini's brilliant career spanned 70 years, and won him virtually every honor the musical world has to offer.

He had already scored great success before he came to the United States in 1908. In this country he swept on to the heights.

For seven season he conducted at the renowned Metropolitan Opera in New York—during the era of such never-to-be forgotten artists as Caruso, Melba and Scotti. But a disagreement, never explained, caused him to quit the Met in 1915, never to return.

Subsequently, he directed the New York Philharmonic Symphony and the National Broadcasting Co. Symphony Orchestra. The latter brought him closer to the American public than any of his other endeavors.

Toscanini conducted his last concert with the NBC Symphony Orchestra at Carnegie Hall April 4, 1954. But neither the capacity audience nor those who heard the program on radio knew it was his farewell.

His retirement was made known after the concert by the release of letters exchanged previously between Toscanini and David Sarnoff, chairman of the Board of the Radio Corp. of America. This was in accord with the maestro's wish that news of his retirement should be withheld until after his final appearance with the orchestra which he had led 17 years.

His last concert was an all-Wagner program. As he stepped off the podium, as the last chord of "Die Meistersinger" overture sounded, his baton slipped from his hand. A member of the orchestra picked it up and handed it to him. Then Toscanini slowly walked off. He was applauded for many minutes by the audience.

Toscanini did not return.

Record Budget Is Proposed By Ike

Defense To Be Boosted

WASHINGTON (AP) — President Eisenhower today proposed to Congress a fight-if-we-must budget for next year, calling for a boost of more than two billion dollars in military spending and a record peacetime outlay of $71,800,000,000 in federal funds.

He said his budget for the fiscal year 1958, beginning next July 1, was balanced and provided for a surplus for the third straight year. But once again he came out against any tax cuts, except for possible relief for small business involving "minimum loss of revenue."

In obvious reference to stepped-up spending for defense, he said two of the major guidelines he used in drafting the financial blueprint were designed to assure:

"Peace, justice and freedom for our own and other peoples; and

"Powerful armed forces to defer and, if need be, to defeat aggression."

"I am convinced," he said, "That the defense programs and funds for their support as recommended in this budget provide a wise and reasonable degree of protection for the nation."

The budget message provided $45,300,000,000, or 63 per cent of expenditures, for national security. These include $38,031,000,000 for U.S. armed forces, $4,363,000,000 for economic and military foreign aid, and lesser amounts for atomic energy research and development, stockpiling of strategic goods, home civil defense and the U.S. Information Agency.

Eisenhower forecast that with continuing prosperity the government would collect a record $73,600,000,000, permitting a surplus of $1,800,000,000 to be applied toward reduction of the massive national debt.

As a result, he said, it should not be necessary to ask again this year for an increase in the permanent 275-billion-dollar debt limit, now temporarily raised to 278 billions.

If Eisenhower is able to bring off a surplus in the next fiscal year, it will be the third in a row for his administration — the first time that frick has been turned since 1928, 1929 and 1930.

In fiscal 1956, ended last June 30, the government wound up $1,600,000,000 in the black. The President said he foresees a $1,700,000,000 surplus this year. That

Chamber Program Prepared

Work has been begun by the executive committee of the Snyder Chamber of Commerce on organization of committees for 1957 and framing the chamber's program of work for the year.

The executive committee, composed of Dr. Wilton N. Jones, president; Fred Auforth, first vice-president; Frank Maddox, second vice-president; and Jay Rogers, treasurer, held a meeting yesterday afternoon to get its work started.

Jones is now working on appointments of chairmen of the various operating committees of the chamber and will be contacting his appointees within the next few days.

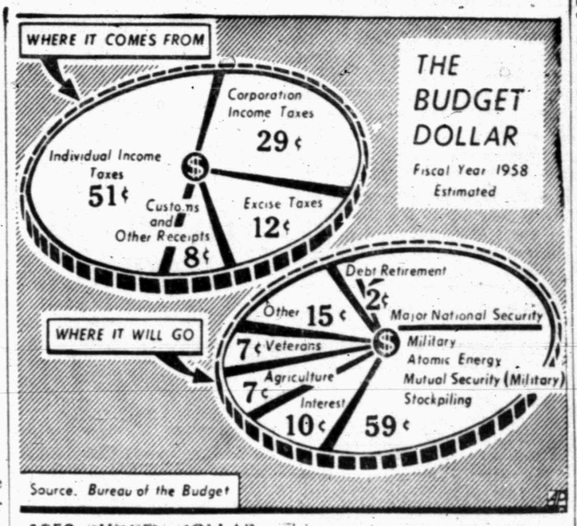

A program of work committee to be selected by Jones, will work at meetings during a time of about 15 to 20 days.

During that time, the program of work committee will send questionnaires out to all chamber members, giving them opportunity to express their desires on the work program for the year and to give their preference of committees on which they desire to serve.

As soon as Jones gets all committee chairmen appointed, he will hold a meeting of all the chairmen. At that time, the chairmen will take rosters of the chamber and lists of preferences specified and appoint their committee members.

In February, the committees will hold their first meetings.

The chamber board will adopt a program of work, and at the first meetings of each committee the panels will go over their parts of the work program and make plans for their tasks of the year.

1958 BUDGET DOLLAR—This chart, based on one released by Budget Bureau in connection with the President's annual budget message to Congress, shows proposed source of 1958 federal budget dollar and how it will be spent.

Congress Handed Ike's Want List

WASHINGTON (AP) — President Eisenhower today handed Congress his 1957 want-list of legislation, topped by a renewal of high tax rates, higher interest charges on government-sponsored loans, and a natural gas bill like the one he vetoed last year.

The President, in presenting his $71,800,000,000 budget, urged postal rate increases that would boost the cost of a 3-cent stamp to a nickel, and he called for full speed ahead on federal aid for "schools, highways and homes."

Secretary of the Treasury Humphrey said the rising budget trend "should promptly be stopped." He told reporters he would be "glad" if Congress could find any unnecessary costs it could eliminate.

He emphasized, however, that he was not criticizing the President's budget, commenting, "It's the best we can possibly do right now." But he added that if all hands go to work, it can be whittled down before the fiscal year ends in mid-1958.

Then Humphrey made some legislative disclosures of his own:

1. The Treasury may ask Congress to boost the interest rate on U.S. Savings Bonds, now paying 3 per cent if held 10 years.

2. The Treasury will fight "any and all" tax-cutting proposals which reduce revenues.

3. If prosperity endures and government costs are cut, the administration can, "a year hence, give consideration" to tax relief along with a further reduction of the national debt.

Many of the President's budget requests were repeats of his programs which Congress didn't pass last year.

Only Good Glimpse

PUEBLO, Colo. (AP) — President Eisenhower got only a good glimpse of "the full tragedy" of drought-shaken families in Colorado, Gov. Steve McNichols said yesterday.

Half Million Mexicans To Enter Nation

WASHINGTON (AP)—Nearly half a million Mexican farm laborers are expected to enter the United States legally in the year beginning July 1.

The estimate was made in the budget President Eisenhower sent to Congress today. He asked $2,683,000 for administration of the Mexican farm labor program in fiscal 1958, which begins July 1.

Around 480,000 Mexican farmer workers are expected to enter the country under the program in the year which ends June 30. Congress appropriated $2,125,000 for this year's program.

These workers aren't to be confused with the "wetbacks" who enter the country illegally by swimming or wading the Rio Grande.

The Immigration Service estimated its border patrols will apprehend 58,000 persons, including "wetbacks," in fiscal 1957, compared with 70,846 in 1956.

In fiscal 1958, the service estimated apprehensions would fall to 48,000, although the number of persons questioned would rise to 11 million from 9,800,424 in 1956.

The service requested that the budget for its patrols be raised to $13,142,700 from the estimated $12,631,000 in 1957.

Bridge Renamed

AMMAN (AP)—Jordan today wiped out another trace of British influence. King Hussein by decree renamed Allenby Bridge over the Jordan River after himself.

SNOW FLURRIES PREDICTED

Temperature Tumbles To Low Of 16 Degrees Here

The most tenacious cold spell of the season sent the thermometer tumbling to 16 degrees in Snyder last night.

The 16-degree reading was the lowest recorded here this winter by David Strayhorn, official weather observer. The cold held on throughout the day Tuesday, when the maximum was a chilly 37 degrees.

The mercury was not expected to rise much today, and the Weather Bureau was forecasting snow flurries in the Panhandle and South Plains. More low readings are forecast for tonight.

By The Associated Press

A light snow that started falling in the Texas Panhandle spread into the South Plains as far as Lubbock Wednesday.

The Weather Bureau said snow flurries are expected to spread from southwest Oklahoma into the Red River Valley and possibly as far south as Dallas.

Denison reported a temperature drop from 22 to 14 between 7 a.m. and 10 a.m.

The norther pushed a chilly light drizzle into the Lower Rio Grande Valley where some freezing was predicted in the western portion. But no frost was held likely because of the overcast skies. Temperatures were in the 80s in that semi-tropical region Tuesday.

Light rains were falling in South Texas from around Cuero to the Rio Grande Valley.

Overnight temperatures ranged from 5 degrees above zero at Dalhart and 7 at Amarillo to 43 at Brownsville.

Lubbock had 15, Abilene 18, Wichita Falls 19, Dallas 23, Texarkana and Van Horn 25, San Antonio and Lufkin 34, Del Rio and El Paso 36, Laredo 37, and Beaumont and Houston 39.

The Weather Bureau said little relief from the cold snap was indicated for the next 36 hours.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 37 degrees; low Tuesday night, 16 degrees; reading at 7:30 a.m. today, 16 degrees.

West Texas — Mostly cloudy through Thursday. Colder Pecos Valley westward tonight. Few snow flurries in Panhandle and South Plains. Lowest 5-15 in Panhandle and upper South Plains and 15-30 elsewhere tonight.

Snowstorm Hits East Hard Blow

By The Associated Press

A heavy snowstorm described as "dangerous and intensifying" blanketed much of the Northeast today while subzero cold kept its grip on the Midwest.

The storm, moving northeasterly near the mid-Atlantic Coast, dumped three to eight inches of snow in an area which suffered its coldest weather of the season yesterday. The cold moderated somewhat.

A foot or more of snow was expected in New England before the storm abates.

The snowfall slowed trains, buses and autos in the New York City area and caused some delays in airline schedules.

A new batch of arctic air surged into the snow-covered north central region and temperatures tumbled below zero from the Rockies to Lake Michigan.

Northern New York and New England were in the subzero zone again after yesterday morning's season low records in most of the Northeast. The 55 below zero at Boonville, in central New York, was an all-time low mark for the state.

Heavy snow warnings were posted for New England, with accumulations of 6 to 12 inches expected by tonight in most of the area.

Mrs. Doss Dies Today

Services for Mrs. L. G. (Ramona) Doss of San Angelo will be at 2:30 p.m. Thursday in Twenty-fifth Street Church of Christ with Ted Norton, minister, officiating. Burial will be in Hillside Memorial Garden under direction of Bolger funeral home.

Mrs. Doss died at 4:10 a.m. today in a San Angelo hospital after a lengthy illness.

She was born April 23, 1925 in Hermleigh and attended Snyder High School. She was married March 15, 1950 in Lovington, N.M. Mr. Doss is employed by Johnson and Testers Co.

Mrs. Doss moved to San Angelo in 1952 and lived at 1158 E. Eighteenth. She was a member of the Ninth and Main Church of Christ.

Survivors are her husband, her mother, Mrs. Betty Beauchamp, 2807 Avenue Q; two daughters, Sherry, 4, and Regina, 6, and one sister, Doris McCowen, Odessa.

Six Persons Die In Fire

LORIS, S.C. (AP) — Six persons perished in a fire which raged through their living quarters in the rear of a cafe in this eastern South Carolina town last night.

Joe Blackman, 46, a painter; his wife, Carrie May; and their four preschool age children perished in the flames that swept through the six-room living quarters in the one-story frame building.

Another couple who lived in the rear of the building, Mr. and Mrs. Wade Whittiken, escaped.

Firemen brought the flames under control before the building was demolished.

The fire broke out just before midnight. The cause was unknown.

Newsman Expelled

VIENNA (AP) — The Hungarian government has expelled John MacCormac, veteran correspondent of the New York Times, for what the communist regime termed "malicious reporting contrary to the facts."

SMU Boiler Fails, Students Shivering

DALLAS (AP) — SMU students shivered in classrooms today after two of the school's boilers failed in 23-degree weather.

A third boiler heated dormitories. Some professors dismissed classes but most put on coats and earmuffs and carried on.

Building Supt. Stanley Patterson said repairs would be completed late tonight.

Von Roeder Gets High Scout Award

Nolan von Roeder, 2811 Avenue Y, who has been active in scouting in Snyder for many years, last night was presented the Silver Beaver Award, highest award a scount council can make, at the annual meeting and banquet of the Buffalo Trail Council, Boy Scouts of America, in Midland.

Von Roeder was among six men in the council presented the award. H. L. Wren of Snyder, former council president and now a member of the council executive committee, presented the award to Von Roeder.

Von Roeder, now a member of the council executive board and head of a council committee working toward development of the new Camp Ed Murphy at Lake Thomas, has served in numerous capacities of scouting. Last year he was chairman of the district organization and extension committee, which worked with organization of 12 new units in the district, the most of any district in the council, and the district had no units dropped during the year. He has served as finance chairman of the district previously.

At the banquet, Emmett Beauchamp of Pecos was installed as council president for the coming year, succeeding Roy E. Carter of Kermit.

Kenneth K. Bechtel, president of the national council, Boy Scouts of America, was main speaker.

Those from Snyder attending the banquet included Mr. and Mrs. Von Roeder, Mr. and Mrs. Wren, Mr. and Mrs. Lyle Deffebach, Mr. and Mrs. H. W. Cargile, Mrs. and Mrs. Wayland Holt, Mr. and Mrs. Joe Boahannan, Mark McLaughlin, and Damon Worley.

Reports of council work during 1956 showed that the council had a net gain of 39 units and 674 boys for a total of 7,734 boys in the movement.

The Silver Beaver presentations highlighted the banquet. Those of Snyder who have received the award in the past include Wren, J. E. Blakey, Deffebach, and C. E. McGaw.

Strangled Youth In Critical Condition

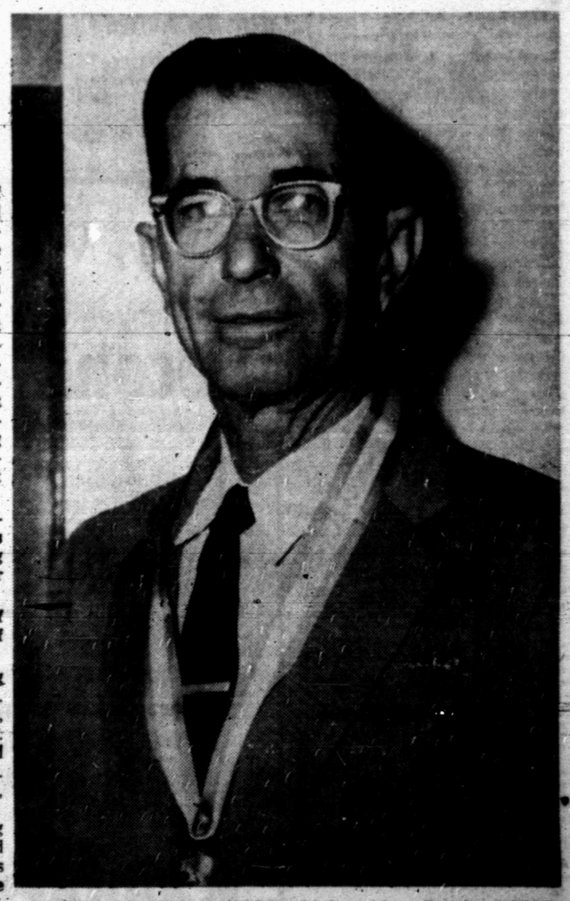

BIG SPRING (AP)—Gary Voyles, 5, who was accidentally strangled, remained in critical condition today.

The son of Mr. and Mrs. Rex Voyles was found apparently lifeless with a tangled piece of rope around his neck at his home Monday. He apparently had been playing with the rope when a box on which he was standing toppled over with him.

Doctors were able to start him breathing and his heart beating but the boy has not regained consciousness.

Refugees Leave

VIENNA (AP)—The 100,000th Hungarian refugee to leave Austria for resettlement boarded plane today for New Zealand.

SILVER BEAVER AWARD—Nolan Von Roeder, 2811 Avenue Y, is shown above wearing the Silver Beaver Award, highest award a scout council can make. The award was presented at a meeting and banquet of the Buffalo Trail Council of the Boy Scouts of America in Midland last night. (Lee Watson photograph)

Senate Groups Organized

AUSTIN (AP)—Sen. William Fly of Victoria was named today to head the important Senate Finance Committee.

Lt. Gov. Ben Ramsey appointed members on the 24 Senate committee less than 24 hours after being sworn in yesterday.

Other key appointments were to Sens. Jarrard Secrest, Temple, Banking; Doyle Willis, Fort Worth, Education; Chick Kazen, Laredo, Game and Fish; Searcy Bracewell, Houston, Insurance; Crawford Martin, Hillsboro, Legislative, Congressional and Judicial Districts; Wardlow Lane, Center, State Affairs; and George Parkhouse, Dallas, Water and Conservation.

The legislators met facing the big administration program outlined briefly yesterday in the inaugural address by Gov. Price Daniel. Tomorrow Daniel may give an idea as to where additional money may be obtained to help finance the new objectives.

Several bills were introduced in the Senate, including one by Willis to raise the longevity pay for firemen and policemen afrom $2 to $4 a month for each year of service.

Other committee chairmen named were:

Sens. George Moffett, Chillicothe, Agriculture; David Ratliff, Stamford, Claims; Jimmy Phillips, Angleton, Amendments; Martin, Contingent Expenses; Frank Owen, El Paso, Counties, Cities and Towns; Ottis Lock, Lufkin, Interstate Cooperation; R. A. Weinert, Seguin, Jurisprudence; Carlos Ashley, Llano, Labor and Management Relations;

Ray Roberts, McKinney, Military and Veterans Affairs; Lock, Nominations; Dorsey Hardeman, San Angelo, Oil and Gas; William Moore, Bryan, Privileges and Elections; Neveille Colson, Navasota, Public Health; Weinert, Rules; Charles Herring, Austin, State Department; and Jep Fuller, Port Arthur, Transportation.

The time for Daniel's address was set at 10:30 a.m.

The House adopted a resolution calling for a joint session to hear Dr. W. R. White, president of Baylor University, at 10:30 a.m. Feb. 4.

The House adjourned until 10 a.m. tomorrow, allowing a brief 30-minute session before the governor's speech.

Gov. Price Daniel sketched more than a dozen objectives in a 14-minute speech after taking the oath of governor from Chief Justice J. E. Hickman of the State Supreme Court in a jam-packed House chamber yesterday.

He told the lawmakers and spectators he would "bring up Thursday" other recommendations when he will address a joint session. No mention of new taxes was made but higher pay for teachers and state workers, plus other points, might require more money.

"This is not a day of triumph. It is a day of dedication," Daniel said in his inaugural address to the thousands in the House chamber and by loud speaker to other thousands packed in the Capitol that could find no room inside.

Water Campaign Is Urged By Senator

AUSTIN (AP)—Sen. George Parkhouse of Dallas said today he and other members of the Texas Water Resources Committee should "take to the stump" to inform people about the water shortage.

Parkhouse is chairman of the Legislature-created committee which has offered 18 bills.

"Texas has got to do something about the water shortage during this session of the Legislature or the action, whenever it comes may be too little and too late," Parkhouse said.

"The only way I know to impress the citizens of Texas with the seriousness of the water situation is for members of the committee to take to the stump and talk to them. If the people are fully informed, then members of the Legislature will have no hesitancy in passing the legislation needed for us to get started toward the solution of the water situation."

Parkhouse said he is willing to speak as often as scheduled between now and final legislation on water. He will speak Sunday to the Texas Associated Press Managing Editors Assn. in Galveston.

The senator said he believed the other eight members of the committee also would be willing to do so.

The committee includes other senators, House members and others. Although it has agreed to submit various bills to the Legislature, the committee's recommendations were not always unanimous.

One conflict is money for developing and conserving water resources.

The committee has found a statewide property tax and a waters users tax unacceptable. The 54th Legislature refused them both.

At its last meeting, the committee again found opposition to a tax which would be placed on water used or water claimed for use. Most opposition was from the Rio Grande Valley. The Texas Farm Bureau and the American Rice Growers Assn. also said "no."

Parkhouse said he has not given up on a water tax. He said he hopes to get 10 million dollars a year for the state to buy water conservation storage in federal dams. Some $7,500,000 of the total, he said, would come from the farm roads. The rest would be made up from "some type" of water tax.

Another major proposal is a 100 million dollar revolving development fund. It would allow the state to loan cities, counties or other political subdivisions up to 5 million dollars on any project. The committee said this fund would support a 300 million dollar water storage building program since it could lend only one-third of the money necessary for construction.

BUDGET

Continued From Page 1

would be about a billion dollars more than was estimated last summer.

Eisenhower's spending request of $71,800,000,000 for the 1958 fiscal year compares with $65,865,000,000 he asked of Congress for fiscal 1957 last January. However, that budget request was altered by Congress and spending for this fiscal year has been revised twice since.

In other main points, Eisenhower also did these things:

1. Predicted spending during this fiscal year will total $68,900,000,000 — about $200,000,000 less than he figured last August, and put government revenue at an unprecedented $70,600,000,000 — about $800,000,000 more than the August forecast.

2. Estimated the national debt next June 30 will be trimmed to $270,600,000,000 and on June 30, 1958, to $269,200,000,000. These figures would compare with the $267,274,000,000 debt existing when he took office Jan. 20, 1953.

3. Called for new appropriations of $73,300,000,000, up $2,800,000,000 from this year and only 300 million less than projected revenues for the next fiscal year. The total is 1½ billion more than his spending outline and marks the second straight year in which he has asked for more spending authority than he planned to use within that 12-month period.

Eisenhower said tax rates are still too high, but "urgent national responsibilities" foreclose a general tax cut now.

He asked the lawmakers to continue for another year the present 52 per cent tax on corporate profits, along with excise taxes on tobacco, liquor and automobiles, which otherwise would drop back on April 1.

He said he expects individual income tax payers to pay 2½ billion dollars more next year than this year, providing 41 billions of his $73,600,000,000 revenue estimate. Another 22 billions would come from corporation taxes, up 600 millions from this year's estimate.

On the expense side, he predicted the heavy demand for credit and capital in the prosperous economy would push interest on the national debt up another 100 million dollars next year. The new figure of $7,360,000,000 would account for 10 per cent of all federal spending.

The 38-billion-dollar defense spending figure would be about $2,026,000,000 more than that for the current year, although total manpower levels would remain at about the present 2,800,000 figure. New weapons are growing more costly, he said.

WINDOW ADDED—R. L. Bolding, office deputy in the county sheriff's office, is shown above behind the new window which has just been added to give the office more privacy. Payment of fines and transaction of other business can be made through the cut-out in the bottom of the window. (Lee Watson photograph)

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — Mrs. Mattie Minor, 710 Twenty-sixth Street; Linda Armstrong, 314 Thirty-first Street; I. J. Jones, box 1624; Garland Armstrong, 3210 Avenue U.

DISMISSALS — Wilbur Ellis, 400 Twenty-ninth Street; J. T. Myers, route 1; Mrs. L. B. Dennis, Texas Co. camp; Steve Niedecken, Corpus Christi; Mrs. Robert Moreno, route 1.

COGDELL MEMORIAL

ADMISSIONS — Mrs. Norma Lea Lott, box 849; Mrs. Wanda Sue McCollum, 1900 Twenty-eighth Street; W. C. Barron, 306 Thirty-third Street; B. J. Brooks, Jr., route 2, box 233.

DISMISSALS — Pat Martinez Snyder; Cynthia Hale, 1109 Thirty-second Street; Helen Clay, box 234; Norma Lofton, 3722 Avenue U; Charlie Rhodes, 2204 Avenue M; Mrs. Mildred White, 808 Tenty-fifth Street.

Seeking Asylum

MARSEILLE (AP)—The radio officer of a Soviet tanker today asked political asylum in France. Alexis Linachev disappeared from the tanker Khersen Monday.

Die In Cold Wave

NEW DELHI (AP)—Press reports indicate at least 20 Indians—and possibly as many as 40—have died in an unusual nine-day cold wave in north India.

Two Men To Be Inducted

Two Snyder men are among the eight Selective Service registrants scheduled to report for induction on Jan. 22. Local Board No. 96 has reported. They are John Lloyd Scott and Edwin Foster Watson.

Three other Snyder men, Isaac Villarreal, Harry Herbert Reed Jr. and William Nathan Mitchell Jr., are scheduled to report for pre-induction physical examinations on the same date.

Others to be inducted on that date from Local Board No. 96 include Opie Robert Clark of Rotan, Billy Gene Bridges of Rotan, Lowell Douglas Browning of Waco, Paul Havid Gilbert of Sundown, Sacarias Rodriquez Molina of Rotan, Jerry Glenn Smith of Lubbock.

Others scheduled for pre-induction physical examinations are Raleigh Louis Oden of Corpus Corpus Christi, Henry Clay McElyea Jr. of Abilene, James Clarence Rivers of Rotan, Charley Lee Horton of Rotan, Billy Mack Storey of Stanton, Lloyd Clyde Cross of Roby, Lupe Ramirez Munoz of Leroy, Earl Lynn Neves of Roby, George Jay Hodges of Sylvester and Jimmie Earl Jones of Winters.

Another Step Taken On Rail Labor Case

AUSTIN (AP)—The Santa Fe Railroad labor case moved another step toward final adjudication in the Supreme Court today.

The court agreed to hold up issuance of its mandate and to continue an injunction in effect, giving time for filing a Santa Fe appeal in the U.S. Supreme Court.

The court has upheld an Amarillo Court of Civil Appeals judgment dissolving an injunction granted against execution of a union shop contract. The decision followed the legal line adopted by the U.S. Supreme Court in a Nebraska case upholding a union shop agreement.

The Santa Fe contends the union shop contract between it and employees violates the state right to work law.

Report On County Tax Money Given

Texas railroads paid $22,080 in 1955 in taxes to Scurry county, according to the Texas Railroad Association.

That amount was Scurry county's share of the $9,244,570 the railroads paid throughout the state.

In addition, of course, was the large total in taxes the railroads' more than 50,000 employees contributed of their own property. The vast majority of railroad workers, many of whom live in Scurry county, own their homes.

"The largest railroad contribution in Scurry county was for the support of education. The school tax for 1955 totaled $11,245.

City and village taxes amounted to $1,707, while the share of the expenses paid for by the railroads totaled $4,854. The road and bridge fund gained $4,095 from the railroads in 1955. All other taxes brought the total for Scurry county to $22,080.

"I am glad to note that nearly half of the taxes paid by the railroads, $4,161,052, went for the support of Texas schools," said Kenneth McCalla, general counsel for the Texas Railroad Association. "Now, more than ever, the future of our country and state depends upon the education of our youth. Many of our railroads recognize this fact and, in addition to contributing toward education with tax money, have made numerous scholarships available."

Taken To McKinney

Edgar Lawhon, Clairemont Road, was carried to the Veterans Administration Hospital in McKinney by Bolger Ambulance early today. Mr. Lawhon, who was reported seriously ill, was brought to the Cogdell Memorial Hospital for emergency treatment, and then transferred a few hours later to the VA Hospital in McKinney.

District Scouts Will Meet Here

The first "10-in-1" meeting of the Lone Buffalo Boy Scout District for 1957 will be held at 7:30 p.m. tomorrow at the high school building here.

At that meeting, roundtables will be held for all Boy Scout, Cub Scout, and Explorer leaders. Also, all operating committees of the district will hold planning meetings.

Included in the evening's activities will be a training session for members of the unit review of achievements and plans committee, headed by Steve Birdwell, with Joe Niedermayer of Midland, director of field service, conducting the training.

The camping and activities committee, headed by Ray Devers, will make plans for Boy Scout Week, Feb. 6-14, the Council Roundup at Big Spring March 15-16, a first aid meeting to be held in May, and other activities.

The leadership training committee, with D. V. Merritt, Jr., as chairman, will complete organization of training teams and plan a training course to be held in March.

Other committees to meet are organization and extension, headed by Dr. Cecil Yarbrough; advancement, with Bernard Bartels as chairman; and the new unit committee, headed by Renal Rosson, which will discuss possible organization of 12 new units in the district during 1957.

The Boy Scout leaders roundtable will be headed by W. W. Greif, while Dan Martin will lead the Cub leaders roundtable and Roy Dunlap that for Explorer leaders. Those working in scouting have been urged to attend the meetings.

Heading the entire meeting will be Wayland Holt, district chairman, and Mark McLaughlin, district commissioner.

No Thanks From Dog

DALLAS (AP)—Leslie Moore, 51, told police that after he picked up a small puppy that had been run over by a car and carried it to safety, it bit him on the hand.

To Pay West Germany

BONN, Germany (AP)—France will ask West Germany to pay over 66 million dollars toward the cost of keeping French forces in Germany this year.

Mrs. Adela De Antu Dies Here Tuesday

Mrs. Adela de Antu, 71, who lived at 1911 Twenty-third Street, died at 4:50 p.m. Tuesday in Cogdell Memorial Hospital.

Mrs. Antu was a native of Jimenez, Coahuila, Old Mexico, where she was born on April 27, 1885.

She is survived by two daughters, Mrs. Petra A. Alderate of Corpus Christi and Mrs. Luisa A. Cuella of Odessa; four sons, Elpidio Antu, Pedro Antu of Snyder, Gilberto Antu of San Angelo and Erineo Antu of Del Rio.

Last rites will be conducted at 10 a.m. Friday by the Rev. Edward Chrisman at the Guadelupe Catholic Mission.

Burial will be in the Snyder Cemetery under the direction of Bell Funeral Home.

BIRTHS

Mr. and Mrs. Gaylord McCollum, 1900 Twenty-eighth Street are parents of a five-pound, 14 ounce daughter, born at 4:22 a.m. today at Cogdell Memorial Hospital.

Karachi Demonstration

KARACHI (AP) — Thousands of demonstrators paraded in Karachi today in support of Pakistan's demand for U. N. Security Council action on the Pakistani-Indian dispute over Kashmir. The mob burned effigies of Indian Prime Minister Nenru and pro-Indian Premier Bakshi Ghulam Mohammad.

Owl Cuts Current

CLINTON, Mo. (AP) — A big owl blundered into a 33,000-volt power line here and plunged four communities into darkness for 15 minutes. A burned-out transformer shut off current to Clinton, Deepwater, Lowry City and Osceola.

Sent To Abilene

Garland Armstrong, Snyder attorney, was transferred from the Hendrick Memorial Hospital in Abilene to the Battenfield-Jones hospital Tuesday by Bell Ambulance.

Today, We Celebrate Our . . .
Second Anniversary
Two years ago we began the operation of our independent business, Bennett Office Supply, and now we are celebrating our second anniversary.
We have offered to our customers a complete line of office supplies, office furniture, typewriters, adding machines and other merchandise carried by our type of business. We deeply appreciate the wonderful patronage that has been accorded us and we want to thank each of you for making our business a success during these two years.
Bennett Office Supply

★ ★
Second Anniversary
This is our second birthday as a full-time printing establishment, and an opportune time for us to thank each of our customers for the privilege of serving them during the past year.
On January 16, two years ago, we opened the Feather Printing Company. Our aim was to devote all our time to the printing business rather than carry it on as a sideline to some other type business. During the past two years we have enjoyed a healthy business from firms and individuals in this area. Our printing plant has been expanded to give even better service.
Next time you need any type of printing give us a call. We will be happy to give you an estimate on any job, regardless of how large or small.
At the close of our second year we say "Thanks" to each of you for giving us the opportunity to take care of your printing requirements.

Meeting Is Held By Art Guild Study Club

Mrs. Delia McPherson was hostess to the Art Guild Study Club for its meeting Tuesday night at the Martha Ann Woman's Club.

Mrs. Ivan Gatlin, program leader, presented a program on "Service Through Communication."

She outlined the different methods of communication, ranging from the earliest methods to the present means of exchanging facts among people across the world and near at hand. She presented an illustration to show the numerous ways of communication used in everyday life by the average family.

Mrs. Silas Devenport, president of the club, presided at the meeting. Following the program a dessert plate was served to 15 members who attended.

Listen Parents

VANCOUVER — A good example by parents is better than "armchair talks," says Dean Neville W. Scarfe, head of the college of education at University of British Columbia. If parents send well-behaved children to school from homes which show interest and anxiety for learning, teachers can do a far better job, he stresses.

WOMEN

Home Demonstration Club At Gail Names Its New Officers

GAIL — Mrs. Sam Skeen was elected president of the Gail Home Demonstration Club last week. It was the first meeting of the year which was held in the home of Mrs. Attie Jackson.

Other officers included Mrs. Elwood Hamilton, vice-president, Mrs. J. C. Chorn, secretary-treasurer, Mrs. V. L. Clark, reporter and Mrs. Le Ray Shannon, council delegate.

Roll call was answered with each member naming "an ornamental shrub that adds beauty to the home."

Mrs. Skeen appointed Mrs. C. L. Harrison, chairman of the social committee and Mrs. V. L. Clark chairman of finance committee.

Mrs. Chorn was chosen to start a "chain basket." This is a money raising project, the basket to be filled with food and passed to another member of the club and they in turn will fill it and pass it tn someone else. A jar will be placed in the basket and each member that receives the basket will donate whatever they think it is worth.

Mrs. Byron Pierce gave an interesting demonstration on condensed milk, making several different kinds of cookies and candies.

Mrs. J. C. Chorn and Mrs. J. A. Jones served open-faced sandwiches, coffee, and cokes, along with the cookies and candy.

Those present were Mrs. T. G. Hudson, Mrs. Sam Skeen, Mrs. Le Ray Shannon, Mrs. Byron Pierce, Mrs. C. L. Harrison, Mrs. V. L. Clark and Mrs. Jackson.

Secret pal gifts were exchanged.

NEWS FROM GAIL

By MRS. V. L. CLARK

Mrs. House, mother of Mrs. Earl Sealy was carried to Price and Black Hospital in Lamesa Friday night, suffering from a heart attack.

Mrs. Attie Jackson and O. D. Jackson were in Snyder on business Thursday evening.

L. H. Ranson was in Big Spring Saturday.

Uncle Rube Moore is in a Lamesa hospital suffering from pneumonia.

Lamesa visitors Wednesday were Mr. and Mrs. J. H. Beal, Mr. and Mrs. Le Ray Shannon, Mr. and Mrs. E. S. Kingston, Mrs. Billy Holley, Mrs. Ernest Turner, Mrs. Sid Reeder and Mrs. Sidney Reeder.

Mr. and Mrs. Paul Logsdon and Glen were in Snyder Saturday morning.

Mr. and Mrs. Earl Sealy and Mrs. Byron Pierce were Snyder visitors last Wednesday.

Mrs. D. Dorwood, Mrs. Frank Miller and Mrs. V. L. Clark visited Mrs. J. H. Beal Friday afternoon.

Mr. and Mrs. Frank Birmingham were in Lubbock Saturday on business.

Guest this week end of Mr. and Mrs. Bill Orson and Mr. and Mrs. Bun Smith is Mrs. Mary Gillispie of Levelland.

Mr. and Mrs. Toby Johnson of Canyon spent the weekend with Mr. and Mrs. Aubrey Rogers and Ray.

Mr. and Mrs. J. C. Chorn, Karen and Charlotte and Mr. and Mrs. John Whitmire and Tooter were in Lubbock Saturday.

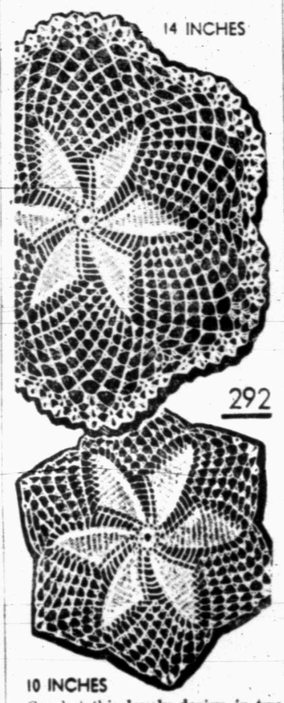

Mrs. Annie Bailey of Snyder attended church at the Gail Methodist Church Sunday. She spent the day with the Frank Millers and Shorty Farmers.

Mr. and Mrs. John Frizell of Snyder visited the Jym Hendricks last weekend. Mr. and Mrs. Hendricks were shopping in Snyder Saturday.

Mrs. Snookie Cathey of Denver City brought Mrs. Alma Cathey home Friday afternoon. Mrs. Cathey had been in a Lamesa Hospital and later was carried to the Cathey's home in Denver City.

Cook strips of onion until wilted and golden in butter or margarine; add to a thin cream sauce seasoned with soy sauce and lots of freshly-ground pepper. Serve with hamburgers.

Pinwheel Of Fortune

10 INCHES

Crochet this lovely design in two sizes — the pinwheel for a 10-inch doily; add a border for 14 inches. No. 292 has full crochet directions.

VALENTINE TEA CAKES
. . .When Hearts Are Trumps

FOR VALENTINE PARTY

Prepare Symbolic Tea Cake

The romantic symbols and customs of the lover's patron saint can make a party on or about February 14th one of the year's prettiest.

VALENTINE TEA CAKE

½ cup milk
½ cup sugar
½ teaspoon salt
¼ cup shortening
2 packages or cakes yeast, active dry or compressed
½ cup warm, not hot, water (lukewarm for compressed yeast)
2 eggs, beaten
5 cups sifted enriched flour
¼ cup melted margarine or butter
1-3 cup cherry jam

Scald milk and stir in sugar, salt and shortening. Cool to lukewarm. Sprinkle or crumble yeast into water (warm, not hot, water for active dry yeast; lukewarm water for compressed yeast). Stir until dissolved. Add lukewarm milk mixture. Add eggs and half the flour. Beat until smooth. Stir in remaining flour or enough to make a dough. Turn dough out on a lightly floured board and kneed until smooth and elastic. Put dough into a greased bowl and brush top lightly with soft shortening. Cover with a cloth; let rise in a warm place, free from draft, until doubled in bulk, about one hour. Punch down and turn out on lightly floured board. Cut dough in half. Roll out each half into an oblong 14 by 12 inches. Brush lightly with melted margarine or butter. Spread with a thin layer of jam. Roll up lengthwise as for a jelly roll. Place on greased baking skeet. Form into a heart shape and seal ends together firmly. Cut one inch slices almost through with scissors. Cover with a cloth. Let rise in a warm place, free from draft until doubled in bulk. Bake at 350 degrees F. about ½ hour. Decorate with plain icing and candied cherries.

Towels For Curtains

Most everyone knows that terrycloth towels make wonderfully washable and colorful bathroom curtins. But why not an elegant touch by using monogrammed bath towels. They are just as easy to launder in your washer with hot soap or detergent suds, and will fluff up in your dryer—ready to hang in no time.

NEWS FROM DUNN

By ELWANDA STEWART

Ruth Harrison visited in Colorado City Thursday.

James Stewart accompanied Hilton Lambert to Midland Thursday night to attend a Civic Banquet. Mr. Lambert was principal speaker.

Funeral rites for Ripley Allen Walker, 81 were conducted Wednesday afternoon in Kiker and Son Funeral Home chapel in Colorado City. The Rev. Rayon Hester, pastor of Austin Street Baptist Church officiated. Burial was in Dunn Cemetery. His wife preceded him in death Sept. 19, 1956 and is also buried in Dunn.

Arlie Taylor attended the funeral of Mr. Ross Dixon in Colorado City Friday. Mr. Dixon was owner of the Palace Theater in Colorado City.

A daughter was born Wednesday to Mr. and Mrs. E. J. Goodlett, weighing 6 pounds and 6½ ounces. She has been named Mary Elizabeth.

Mrs. Hadden Jones and daughter of Snyder visited relatives in Dunn Friday.

Jimmy Stewart visited his grandparents, Mr. and Mrs. Jess Rogers, in Snyder Friday night.

Mr. and Mrs. John Brown visited in Colorado City Wednesday.

Guest of Mr. and Mrs. Walter Brown this week were Miss Peggy Woody of Midland and their daughter and grandson, Robbie Jo and Jerry Don Brown of Midland.

Mr. and Mrs. Jackie James of Knapp visited Mr. and Mrs. C. D. Gray Jr. Tuesday.

Pete White visited friends in Brownsville Monday.

Mrs. W. A. Taylor is a patient in Battenfield-Jones Hospital.

WOMEN'S CALENDAR

THURSDAY

OES stated meeting at 7:30 p. m. at the Masonic Hall.

Organizational meeting for leathercraft, at Junior High Cafeteria, 7:30 p.m.

FRIDAY

The Altrurian Club meets at 3 p.m. at the Martha Ann Wowen's Club with Mrs. W. R. Bell, hostess.

Esther Circle of the Northside Baptist Church will meet at 2:30 p.m. at the church.

Organizational meeting for needlecraft at the Yarn Shop, 7:30 p.m.

SALE OF TICKETS FOR WEST TEXAS SING IS STARTED

Tickets are on sale this week by members of the High School Parent-Teacher Association for the West Texas Sing, scheduled for 7:30 p.m. Saturday in the high school auditorium.

The event was scheduled by the unit to raise funds for the organization's scholarship fund. The High School P-TA annually awards at least one scholarship to a graduating student.

Some of the top singers in gospel and folk music from a wide area have been invited to the event, and a large turnout of singers is expected.

Tickets are 50 cents for adults, while children through elementary age will be admitted free.

Hermleigh Girl Is Honored At Shower

HERMLEIGH — Dixie Lee Kimbell, of Ira honored her room mate, Sue Ann Mayo, of Hermleigh, bride-elect of Jimmy Cooper with a lingerie shower at the Knapp Hall of Texas Technological College in Lubbock Saturday afternoon at 2:30 p.m. There were twelve college girls present. Refreshments of cake and punch were served.

Secretary stops coughing at work

At the slightest threat of a cough, this secretary uses Creomulsion Cough Syrup for two reasons: First, it relieves coughs following colds or flu with spectacular effectiveness and speed. Second, it contains no thought-dulling narcotics or antihistamines. Creomulsion stops the tickle, comforts raw membranes, clears breathing passages, relaxes tension. Creomulsion works hard and fast to bring you welcome relief.

Stop dreaming... PRICE IT!

The Chieftain costs less than a lot of the "low-priced" cars yet delivers MORE POWER—MORE WHEELBASE—MORE ROOM!

Think this big, brawny beauty would fetch a fancy figure? Not the Chieftain. It's made to order for wishful thinkers—priced right down there with the strictly budget jobs! Surprised? You'll be even more so when you look over the long list of premium features in this brilliant newcomer. Under that glamorous garb, for example, is a big, rock-rugged X-member frame, riding solidly atop a whopping 122-inch wheelbase! Cushioning each wheel is Level-Line Ride, Pontiac's new dimension in suspension, bringing you the smoothest, safest ride you've ever known. And up front is the deep-chested new 347 cu. in., 10 to 1 compression ratio Strato-Streak V-8 engine—as sweet a performer as ever came down the pike! So, come on, stop dreaming! Come in and have a look at this big and beautiful automobile's eye-rubbing price! Size it up! We're willing to wager your next step will be into a Pontiac Chieftain!

Sweet-Priced Series of America's Number 1 Road Car!

AFTER OIL CRISIS

Price On Bread Hiked In Britain

By INEZ ROBB

LONDON — The oil crisis as a result of the Suez fiasco has put the bite on every Englishman in small, nagging ways that are often more galling to bear than tragedy on the grand scale. It has been a goad to inflation and a further drain on the household budget.

The crisis has added a penny and a half to the price of bread, the staff o' life itself in this island kingdom. This rise in the price of bread is basic in the tribulations besetting the British and a simple example of how and why it affects the cost of living.

In the first place, the price of gasoline since the Suez adventure has rocketed rom 60 cents to 86 cents per gallon. Of this stiff increase, 14 cents represents an increase in the government tax on petrol.

As a result of this increase, it costs considerably more merely to haul and deliver a commodity today than it did, say, three months ago. It costs more to transport bread, potatoes, bacon and brussel sprouts, and the increase is handed on to the consumer, naturally.

It also costs more to haul human beings, and therefore the basic bus fare throughout the island has been increased. The old Romans cried for bread and circuses. But the Briton today will settle for bread and buses, particularly if he can crowd himself into the latter. Petrol rationing has grievously overcrowded this form of transportation.

And above all, there is petrol rationing. The very word "rationing" recalls to the average Englishman a lean, unrelenting 16-year period of self-sacrifice, self-discipline and shortages of everything that comprises decent, much less "gracious," living.

Petrol rationing today limits the Englishman, no matter what the make of his car, to 200 miles of driving per month. It means, in the first place, that many can no longer commute to work by auto. Many have sold their cars and others have put them in storage. It makes jaywalking a pleasure rather than a gamble.

Indeed, petrol rationing has reduced almost every Englishman to the rank of pedestrian except the car thief, who is more active than ever. Or rather, rationing has produced a new type of car thief. What this new thief really wants is the petrol, and he merely borrows another's car in order to use the fellow's petrol to take him wherever he wishes to go. The car is invariably found in a day or so wherever the gas and the thief ran out on it.

If the rise in the price of bread has provoked the housewife, she is today faced with another threat. The gasoline ration has been so severely cut for all delivery and truck services that the operators, screaming to heaven for justice against a cruel administrator, are now threatening to make the housewife walk for her bread. Door-to-door delivery may soon be a thing of the past.

On the whole, the British grin and bear it, and even crack wry jokes about rationing. The best I overheard at a dinner party a few nights ago when a proper butler had difficulty lighting the traditional plum pudding that is indigenous to this season in England. Finally, he turned to my host, his employer, and said in a stage whisper as he applied yet another match to the pudding. "It isn't easy sir, since petrol's rationed."

FOR TEXAS

Water Artery Sought

DALLAS (AP)—An electrical engineer here told yesterday of plans for a 1,500 mile water pipeline from Lake Michigan to Texas. He says it's the "foolproof" answer to the problems of drought-stricken areas.

Al Boerner, 42, said he has been working on the idea 3½ years. He displayed a working model of the project at a club meeting last night.

The model resembles a huge, 4-barrel tube. One, he says, would be used for rapid transportation of bulk goods "when the need arises."

Outlet arteries would branch out from the main tube at various locations along the route.

Boerner said the project, which he estimated would cost between six and eight billion dollars, would solve two of the nation's most pressing problems:

Drought, which grips eight Southwest and Midwest states.

Defense measures, which currently "pose a somber problem" in the event of a shooting war.

He said the underground water pipeline could, in part, be converted to transportation of goods and war materials.

The plan includes two avenues of transportation — underground pipelines for water and materials and ground-level toll highways. All would be built into one unit."

Boerner said he is seeking private capital to back the project, but that he would "give" his entire idea to the "people of the United States."

Detroit Door Stolen

DETROIT (AP)—Charles Trimeiw, 33, of Detroit, heard a noise at the side door of his home. He investigated and found the door was gone. Then he saw a man running down an alley with it. With near-zero weather, Trimiew says he is anxious to get his door back.

Pilot Is Killed

DENISON (AP)—An F86D jet plane crashed 10 miles northwest of Perrin Air Force Base yesterday, killing the pilot.

The Air Force identified him as 2nd Lt. William E. Mann, 23, son of Mr. and Mrs. William A. Mann of Council Grove, Kan.

HORSE AND BUGGY FUNERAL—Traditional square buggies pulled by horses move slowly over a country road in Pottstown, Pa., when nearly 100 of the vehicles carried mourners to the grave of Mrs. Malinda Stoltzfus, 89-year-old Amish resident. More than 800 mourners attended the funeral, all attired in the "plain" dress of the Amish. The Amish woman, who left 343 immediate survivors, was a descendant of one of the first Amish families in the United States.

IN MILITARY BUDGET

Manpower Needs Disclosed

WASHINGTON (AP)—A 38 billion dollar military budget sent by President Eisenhower to Congress today would boost the nation's nuclear and missile striking power but trim two Army divisions and five air wings from present forces.

Total manpower levels would remain virtually unchanged at 2,800,000 including a million-man army.

The defense spending program for the 1958 fiscal year beginning July 1 would be two million dollars above that for the present year even though the number of fighting units would be smaller. In recommending it, Eisenhower said:

"The introduction of new equipment and weapons with vastly greater combat capability is . . . having a powerful impact on concepts of military strategy, tactics and organization. The combat power of our divisions, wings, and warships has increased to such an extent that it is no longer valid to measure military power in terms of the number of such units."

He said "we are now engaged in the development of a whole new family of even more advanced weapons for all the services," an apparent reference to guided and gallistic missiles.

"We shall continue to expand our nuclear arsenal," he said, until an agreement has been reached for arms reduction, and in the next fiscal year "emphasis will be placed on weapons for tactical purposes and weapons with reduced radioactive fallouts."

Eisenhower asked new defense appropriations totaling 38½ billion dollars, some of it for later use, but put the spending figure at $38,031,000,000, to be divided this way:

Air Force, $17,472,000,000, an increase of 582 million dollars over the present year.

Army, $9,131,000,000, an increase of 550 millions.

Navy, $10,349,000,000, an increase of 617 millions.

This brought the total increase for the three services to $1,749,000,000, with the remainder of the overall increased accounted for in defense department activities.

Girls Home To Be Built

HARLINGEN (AP) — The Valley Boys' Ranch Board yesterday announced it has obtained a site for the first of several Valley girls' residences.

J. B. Ashcraft, chairman of the Boys' Ranch building and grounds committee, said "It will be a home for girls while their own homes are being rehabilitated or until adoptive or foster homes can be found for them."

Ashcraft emphasized that it was not a "home for delinquent girls."

"It is a home for girls whose own homes are unfit," he said.

Construction of the residence is expected to start within a few weeks.

The board has a policy of aiding the girls in "group homes" rather than in big institutions. They said group homes will utilize community schools, churches and other facilities.

Man Is Sentenced To 99 Years In Prison

DALLAS (AP)—A Dallas jury yesterday convicted John Palmo, 22, and sentenced him to 99 years in prison. Palmo pleaded guilty in a rape case in which another defendant, Theodore Thompson, 22, is already under death sentence.

The victim of the assault, which occurred last Aug. 17, was a 39-year-old mother. She testified at Thompson's trial that Thompson, Palmo and another man forced her into their car and subjected her to repeated attacks.

All were Negroes.

He Fumbled

PHILADELPHIA, (AP) — Two city detectives buttonholed Oklahoma's All-America football star Tommy McDonald yesterday thinking they had a long-sought bandit — but the identification was a fumble.

McDonald was in town to receive the Maxwell Award as college player of the year and stopped into a downtown airlines' office to buy a ticket to Detroit where he is to attend a March of Dimes banquet tonight.

A girl clerk took a long look at McDonald and motioned to the detectives in a back room. They were waiting there on a chance of catching the "good-looking" lone-wolf bandit who has been preying on wmen clerks in city airline offices and loan companies.

Arabs Are Killed

TEL AVIV (AP)—An Israeli army spokesman said two Arab infiltrators were killed last night in the southern Negeb Desert.

Water Plans Are Outlined

WASHINGTON (AP) — A drought-conscious nation was told by President Eisenhower today that more than 800 million dollars should be spent on building water resources projects.

Eisenhower returned last night from a two-day tour of Southwestern areas hit by a record drought which has focused attention on the country's growing water problems.

The funds, recommended in the budget, would be available during the fiscal year which begins July 1.

The President said $647,115,000 should be granted for flood control, navigation and power projects, to be built by the Army Engineers, and $160,800,000 for reclamation projects in the Western states.

Army Engineers and Reclamation Bureau now have 299 projects under way for water control, irrigation, navigation and production of power. The President said in his budget message that his new money proposals would allow start of 6 new reclamation works and 24 new Army Engineers projects in the next year.

Appropriations proposed for Texas included these:

Red River levees in Arkansas, Texas, and Louisiana below Denison Dam $300,000.

Brazos Island harbor $1,000,000.

Galveston seawall $1,000,000.

Houston ship channel $1,000,000.

Port Aransas-Corpus Christi Waterway, 36-foot channel $1,000,000.

Sabine-Neches waterway $980,000.

Corpus Christi bridge $1,400,000.

Buffalo Bayou $2,900,000.

Dallas floodway $550,000.

Ferrels Bridge reservoir $3,294,000.

San Antonio channel $1,800,000.

Denison reservoir, highway bridge at Willis Site $1,000,000.

Army Engineer planning projects:

Cooper reservoir and channels $275,000.

Proctor reservoir $100,000.

Waco reservoir $150,000.

Cedar Bayou (restudy) $1,000.

Austin Attorney To Be Sworn In Today

AUSTIN (AP) — Austin attorney Zollee Steakley will be sworn in this afternoon as the new secretary of state replacing Tom Reavley.

Steakley's appointment was one of the first official actions after Gov. Price Daniel took office. The Senate confirmed the appointment a few minutes later.

Steakley was Daniel's campaign manager in Travis County during the summer primary elections.

Reavley, appointed Nov. 1, 1955 by former Gov. Allan Shivers, announced he would enter private law practice in Austin.

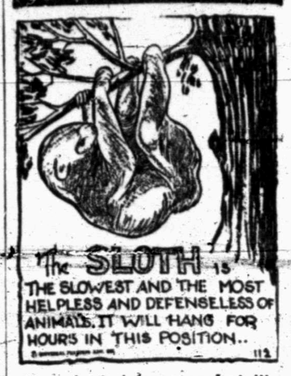

Prisoners Stage Sitdown Strike

SAN ANTONIO (AP)—Six prisoners, in the Bexar County Jail staged an unsuccessful sitdown strike yesterday in protest over being moved to a cell block on the same floor with Negroes.

Sheriff Owen Kilday said the prisoners objected to being transferred from the fifth to the third floor, which houses Negro prisoners.

Kilday said he ended the sitdown strike by moving the men to the third floor himself.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

EXCEPT FOR A DELAY in the starting time, Snyder's first boxing matches in several years were met with a big approval at the Junior High Gym last night.

Although the locals won only two matches, some gave good account of themselves. No one expected the Snyder lads to win many matches due to their inexperience.

One thing the boys did learn that it takes a lot of stamina to go three rounds and almost to the boy, all vowed they were going to work extra hard from now on to get in shape for future matches.

The delay in starting was almost unavoidable. All of the out-of-town boxers didn't arrive until after 7 o'clock and no pairings could be drawn up until they arrived since each had to be weighed in.

Then it was about 7:30 before all got weighed in and the coaches of the three teams then had to go into conference to draw up the pairings.

If you have ever had any experience of pairing up boys for boxing under the conditions the coaches were in last night, you know that this is a tedious and time-consuming task.

There were about 50 boys available to fight and try as they did, the coaches were unable to pair off all of them.

Courageous Athlete

At any rate, once the firing began, there was plenty of action.

The most courageous lad of the night was Joe Reaves who took on a rugged customer in Richard Ferrell of Sweetwater.

Ferrell has had several years of experience and only last year won an Open Division title in the Abilene Regional Golden Gloves Tournament.

Snyder coach Lacy Boles debated on whether to let Reaves, with very little previous experience, get into the ring with Ferrell.

In fact Boles just about set his foot down on letting the match go on but Reaves insisted on fighting Ferrell.

Abilene and Sweetwater didn't have anyone else who would fight Reaves so Boles finally consented to let Joe meet Ferrell.

Reaves gave Ferrell a terrific scrap before tiring in the third round that allowed the Sweetwater red head sneak in with the decision.

Gary Hill, Joe's running-mate, was unable to be on hand last night due to his job.

Ref Had Busy Day, Night

The most fatigued man in Snyder last night perhaps was Bill Watson, who was the third man in the ring for all of the 18 bouts.

Watson had driven about 350 miles during the day yesterday and he hurried back to Snyder in order to be on hand for the fights, arriving back in town shortly after 7.

Even if you have rested all day, refereeing 18 fights in one night is quite a task.

Watson, a former boxer himself, did a noble job in refereeing the bouts.

Well, if any more fights are arranged for the local arena this season, you can expect things to run a little smoother. Several unforseen things come up in your first try at anything and the Snyder Optimist Club officials will have any wrinkle that bobbed up last night smoothed out the next time out.

Lake View, Lamesa Win 3-AAA Tilts

Lake View upset Sweetwater and Lamesa rolled past Colorado City in District 3-AAA games last night.

The Lake View Chiefs outlasted Sweetwater, 40-38, to hand the Mustangs their first district defeat in two starts. Lamesa won as expected in drubbing Colorado City, 76-38.

Sweetwater missed tieing the score with Lake View by a mere second. Wright of the Ponies hit a jump shot at the final buzzer but it was ruled a second late.

Rex Wilson led the Chiefs to victory with 14 points. Nelson Greer was high for Sweetwater with 14.

Lake View led at the end of the first two quarters, 11-8 and 18-15. Sweetwater rallied to tie the count at 26-26 at the third quarter mark.

The score was tied six times in the final period before Lake View took the lead with 2:15 minutes remaining and then holding on for the victory.

Lamesa was held to a 15-11 tab after one quarter with Colorado City hit then pulled away to a 36-20 halftime lead and 54-27 after three periods.

Doyle Goolsby of Lamesa and Richard Compton of the Wolves shared scoring honors with 17 points apiece.

The win left Lamesa tied with Snyder for first place in the 3-AAA standings, each with 1-0 records. Snyder was idle last night.

Adams Inks LA Pact

LOS ANGELES (AP)—Veteran infielder Bobby Adams has been signed by the Los Angeles Angels of the Pacific Coast League for the 1957 season.

Elliott Signs To Coach California

BERKELEY, Calif. (AP)—The University of California looks today to young Pete Elliott, former Michigan quarterback, to boost its football fortunes in the Pacific Coast Conference.

California lured the 30-year-old Elliott from Nebraska with a three-year contract estimated at about $18,000 a year.

Pete directed the Cornhuskers last year in his first season as head coach and had been voted a pay raise to $14,500 there. His club had a record of four victories and six defeats with a 3-8 mark in the Big Seven.

Succeeding 54-year-old Lynn O. (Pappy) Waldorf, the split-T advocate becomes the 21st and youngest head man in California's grid history.

Waldorf took the Golden Bears to the Rose Bowl in 1949, 1950 and 1951 but last season they finished next to last in the nine-club PCC with a 2-5 record. He announced his retirment before last season ended.

Athletic Director Greg Engelhard announced late last night that Elliott had accepted the California pact and had been approved unanimously by the executive committee of the Associated Students of U.C., the group making the final decision.

Immediately after that Nebraska said backfield coach Bill Jennings would succeed Elliott.

Prior to heading the staff at Nebraska, Pete served as assistant coach at Oregon State in 1949 and 1950 and at Oklahoma from 1951 through 1955.

A native of Bloomington, Ill., Pete won 12 varsity letters at Michigan, four each in football, basketball and golf.

Jennings New 'Husker Head

LINCOLN, Neb. (AP) — Bill Jennings, 38, who was induced last year by Pete Elliott to return to the football coaching ranks, is taking over Elliott's job as Nebraska's head coach.

Elliott, who came to Nebraska last year after five years as Oklahoma's backfield mentor, signed last night with California. Nebraska immediately announced was being promoted from backfield to head coach.

Jennings retired from the coaching ranks in 1953 after seven years as Oklahoma backfield coach and joined a Fort Worth oil company. But Elliott got him to come back to the gridiron.

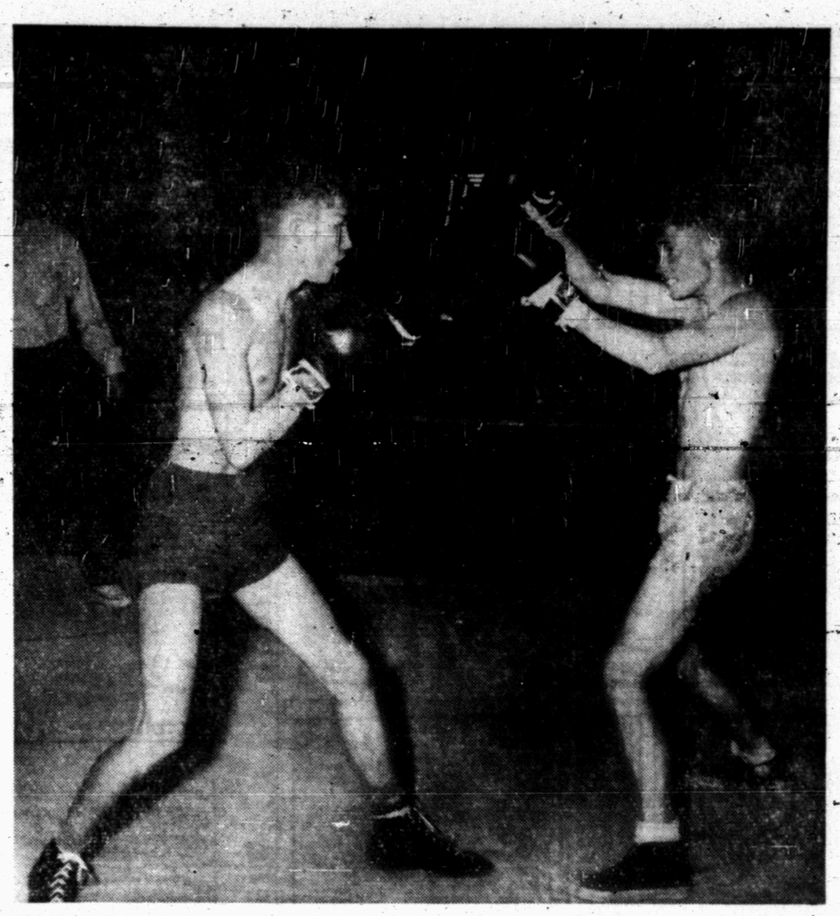

Nebraska Athletic Director Bill Orwig said Jennings agreed to a three-year "appointment" at $12,000a year. These were the same terms on which Elliott came to Nebraska. Last week Jennings been given a raise from $8,000 to $8,500 and Elliott was raised to $14,500.

WTS, Miss. Southern Signs 2-Year Pact

CANYON, Tex. (AP)—A two-year football contract has been signed between West Texas State and Mississippi Southern, it was announced yesterday.

West Texas State defeated Mississippi Southern 20-13 in the Tangerine Bowl game at Orlando, Fla., on Jan. 1.

The first game of the series will be played at Canyon Oct. 5, 1957 and the second will be at Hattiesburg, Miss., in November, 1958.

GUARDS UP—James Fitzgerald, Snyder, shoots out both hands to block a left jab by Abilene's Don McCollum at Junior High Gym last night. Fitzgerald, after opening up fast, slowed in the final two rounds and McCollum won by decision. Fitzgerald is a 116 pounder, McCollum 112 pounds. (Lee Watson photograph)

Full House Watches 18-Bout Boxing Card

An experienced Sweetwater boxing squad outdueled Snyder and Abilene in a three-way match before a packed crowd at Junior High Gym here last night.

Eighteen bouts were unreeled with Sweetwater winning seven, Abilene six and Snyder two. Anson, which sent two boys over, registered one win. Another match ended in a draw.

The crowd-pleaser of the night was the Joe Reaves of Snyder and Richard Ferrell of Sweetwater bout.

Ferrell is the defending Abilene Region Open Division Golden Gloves champion and officials hesitated in pitting him against the inexperienced Reaves.

But once the two opened fire, it was hard to tell who was the more experienced. Reaves won the first round with a flurry of lefts and rights to Ferrell's face that stunned the Sweetwater red head.

The second found was almost even with both swapping blow for blow but Ferrell gained a slight nod to even up the match.

The tiring Reaves lost his zip in the final round and Ferrel piled up enough points to capture the decision.

Reaves scaled 154, Ferrell 156.

In another match that had the crowd on its feet was the Dickie Martin of Snyder and James Laws of Abilene bout.

Martin, by rights, won the match easily, but through a technicality, the bout had to be called to a draw. Martin pummelled lefts and rights to the head and body of Laws throughout the first two rounds to pile up a big lead.

But in the third round, Martin drove Laws into the ropes and both boys lost their balance and fell out of the ring. Laws bumped his head on the floor outside of the ring and was unable to continue.

The rules state that when a boxer is injured in a fall from the ring, the match must end in a "no-decision" or a draw.

Snyder's two victories came in the first two fights of the night. Troy Morris, 96, decision James Richard, 98, Abilene, and Bruce Brooks, 75, decisioned Dean Clark, 76, Abilene, for Snyder's two wins.

There were four TKO's and two knockouts recorded.

In the night's finale, two 1956 Open Division Champions in the Abilene Regional GG tournament, met in an exhibition match. Spider Bynum, 158, Abilene, met Dub Manis, 188, Abilene, in the exhibition.

Manis fought in the National Golden Gloves tournament in Chicago last winter. No decision was handed down on the exhibition scrap.

Following are last night's results:

Troy Morris, 96, Snyder, dec. James Richard, 98, Abilene.
Bruce Brooks, 75, Snyder, dec. Dean Clark, 76, Abilene.
Benny Dalton, 83, Abilene, won over Roddy Fitzgerald, 83, Snyder by TKO in first round.
Robert Brandon, 98, Sweetwater, dec. Wayne Weisel, 100, Abilene.
Dickey Horton, 121, Sweetwater, won over Tommy Creamer, 126, Snyder, by TKO in first round.
Don McCollum, 112, Abilene, dec. James Fitzgerald, 116, Snyder.
Kerry Walker, 123, Abilene, dec. Charlie Davis, 120, Snyder.
Ronnie Whitaker, 122, Sweetwater, dec. Johnny Pierce, 124, Abilene.
Jim Woodie, 134, Sweetwater knocked out Larry Guyger, 132, Snyder, in third round.
Glenn Carter, 139, Abilene, knocked out Kenneth Tankersley, 138, Sweetwater, in first round.
Don Winstead, 138, Sweetwater, dec. Louis Blount, 138, Snyder.
Roy Evanson, 149, Sweetwater, dec. Bobby Wells, 145, Snyder.
James Laws, 146, Abilene, and Dicky Martin, 146, Snyder, fought to a draw.
Johnny Wilkinson, 151, Sweetwater, won over Larry Ainsworth, 148, Snyder, by TKO in second round.
Richard Ferrell, 156, Sweetwater, dec. Joe Reaves, 154, Snyder.
Jerry Cavitt, 153, Anson, dec. Harley Merritt, 153, Snyder.
Robert Cloud, 160, Abilene, won by TKO over Arther Dutton, 165, Wylie.

SMU Nips Owls, 59-57

By The Associated Press

Southern Methodist's Mustangs, rolling steadily toward a third straight Southwest Conference basketball crown, stood at the head of the class Wednesday, having knocked off its principal early season challenger.

The third-ranked Mustangs got a scare Tuesday night but two last-minute free throws by big Jim Krebs put out the fire to give SMU a 59-57 victory over the Rice Owls.

Krebs, SMU's flashy 6-8 center, scored 31 points to take over the individual conference and season scoring leadership.

Ira Cagers Win 2 From Hermleigh

HERMLEIGH, Jan. 16—Ira's basketeers won two close games from Hermleigh in District 16-B action here Tuesday night.

The Ira girls opened with a 75-68 victory over the Cardinal lasses with the Ira boys downing the Cardinals by 41-38.

The win was the second in as many starts in 16-B play for the Ira girls. The Ira boys victory left them with a 1-1 district record.

Both Hermleigh teams suffered their second 16-B defeat in three outings.

Baleria Eubanks and Peggy Taylor shared scoring honors for the Ira girls with 32 points apiece. Violet Davis with 28 and Nelda Wilcox with 27 paced the Hermleigh attack.

Scoring was pretty evenly divided in the Ira boys ranks with James Autry getting 12, Jerry Ford 11 and Joe Smallwood 10.

Jimmy Roemisch led the Cardinals with 18, followed by Morris Light with 11.

Three Threaten To Boycott Tourney

TIJUANA, Mexico, (AP) — Three Professional Golf Assn. players reportedly threatened to withdraw from the $15,000 Caliente Open Golf Tournament because of gambling on the event but sponsors of the event said an agreement was reached late yesterday.

Professionals Jay Hebert, Mike Souchak and Jackie Burke were reported to have threatened to boycott the 72-hole tournament, which opens tomorrow on the Tijuana Country Club's 7,000-yard course.

Italian Communist Party Dips Sharply

ROME (AP) — Italy's Communist party admits its 1957 membership is more than a third less than the number it claimed a year ago.

The party's membership chairman Giorgio Amendola told the Central Committee he had sent out only 1,449,000 new membership cards. Last year the party claimed 2,300,000 members.

The final count may be considerably less, since all the cards likely will not be picked up.

Amendola blamed the membership drop on the widespread publicity given the Kremlin's de-Stalinization program, "the grave happenings in Poland and the tragedy of Hungary."

LEGAL NOTICES

THE STATE OF TEXAS
COUNTY OF SCURRY

In the name and by the authority of the State of Texas.
Notice is hereby given as follows:

To: Augusta Schwarzer Doble, if living, and if dead, the unknown heirs, devisees, and legal representatives of the unknown heirs of the said Augusta Schwarzer Doble, and the unknown heirs, devisees, and legal representatives of the unknown heirs of the said Augusta Schwarzer Doble, if the unknown heirs of the said Augusta Schwarzer Doble are dead, and any and all other persons, including adverse claimants, owning or having or claiming any legal or equitable interest in or lien upon the following described property delinquent to Plaintiff herein, for taxes, to - wit:

Being all of the West Thirty feet (W 30') of Lot No. 1 in Block No. 14 of the Original Town of Snyder, According to the map or plat of said Addition of record in Vol. 1, at Page 358 of the Deed Records of Scurry County, Texas.

Which said property is delinquent to Plaintiff for taxes, together with penalties, interest and costs provided by law, in the following amount: Two Hundred Sixty-one and 93-100 Dollars ($261.93).

You are hereby notified that suit has been brought by the State of Texas, as Plaintiff, against Augusta Schwarzer Doble, if living, and if dead, the unknown heirs, devisees, and legal representatives of the unknown heirs of the said Augusta Schwarzer Doble if the unknown heirs of the said Augusta Schwarzer are dead as Defendants, by petition filed on the 31st day of December, 1956, in a certain suit styled The State of Texas ve. Augusta Schwarzer Doble et al, for collection of the taxes on said property and that said suit is now pending in the District Court of Scurry County, Texas, 132nd Judicial District, and the file number of said suit is 7126. That the names of all taxing units which assess and collects taxes on the property hereinabove described, not made parties to this suit are Snyder Independent School District and the City of Snyder.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of 42 days from and after the date of issuance hereof, the same being the 18 h day of February, 1957 (which is the return day of such citation), before the Honorable District Court of Scurry County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest, and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Snyder, Scurry County, Texas, this 31st day of December, 1956.

(Seal) (s) Eunice Weathersbee
Clerk of the 132nd Judicial District Court of Scurry County, Texas

Ike Seeking Additional 76 Million For Drought Relief

WASHINGTON (AP) — President Eisenhower says he is asking Congress today for an additional 76 million dollars for emergency drought relief.

Plans to include the request in the administration budget going to the lawmakers during the day were announced by the President at a conference in Wichita, Kan., late yesterday.

Immediately after that meeting with representatives from 15 drought-hit Great Plains states, Eisenhower flew back to the capital, ending a six-state aerial and ground inspection tour which started Sunday.

Although he called for continuation and expansion of emergency aid, he told his audience of about 700:

"I am convinced that the state and local governments should assume greater responsibility in helping solve the recurring problems of agriculture, including distress.

"I think this would aid materially in a more effective administration of these programs and in better adapting them to local conditions and actual requirements."

In addition to proposing a supplemental 76 million dollars in emergency aid for the drought areas, Eisenhower called for a reappraisal of the credit policies of both federal and private lending agencies to determine whether loans can be extended to farmers and ranchers under more liberal terms.

But in this case too he urged a secondary role for the federal government.

"I want to see private lending institutions continue to be the principal source of credit, with federal programs merely supplementing as needed," he said.

In that pattern, he said he agrees there is need for "cheap credit, good credit." He was called upon to help make it available all along the way on his tour into Texas, Oklahoma, New Mexico, Arizona, Colorado and Kansas.

Eisenhower also announced at the Wichita conference that Western railroads have agreed to keep in effect, through March 31, a 50 per cent reduction in freight rates on hay shipments into drought areas. The reduction had been scheduled to expire last midnight.

The short-term emergency aid program Eisenhower said he was asking Congress to approve calls for:

1. Authority to use 25 million dollars from the federal disaster reflief loan fund to provide additional livestock feed assistance to drought-plagued farmers and ranchers.

2. Permission to use through June 30, 1958, unobligated money totaling 25 million dollars appropriated for agricultural conservation. Instead of reverting to the Treasury, the money would be paid to farmers by the Agriculture Department for emergency conservation measures, including prevention of wind erosion.

3. Appropriation of 26 million dllars for use primarily in refinancing farm indebtedness by direct loans.

As for long-range aspects of the problem, Eisenhower said federal, state and local goveenments must join to develop better use of land and water resources; to improve weather forecasting service; to convert salt water for use in irrigation projects; to achieve maximum conservation and storage of water for emergency use; and to expand industrial development in the Great Plains states.

Adult Classes To Be Organized Here

Adult classes for the second semester in the Snyder schools will be organized in meetings to be held next Monday and Tuesday nights.

T. D. Wiman, Jr., high school principal, announced today that persons interested in taking any courses of the high school in night classes should attend one of the two meetings.

The Monday night meeting, which will be at 7 p.m. in Room 110 at the high school, will be for all those who desire to take any courses other than those in industrial arts. Those interested in industrial arts courses will meet at 7 p.m. Tuesday in the high school shop building.

In the semester now ending, bookkeeping, typing, and industrial arts and crafts were taught. There have been about 45 adult students in those courses.

At the meetings next week, those attending will determine which courses will be taught and the nights and times of classes.

Wiman said about 15 persons must be interested in one course before it can be taught in night classes.

There has been considerable interest expressed lately in shorthand as a night course, and those interested in it should be on hand for the meeting so it can be determined whether there is enough interest for it to be offered, Wiman said.

Any of the high school's many courses can be offered if there is sufficient interest. Those interested in some night course not now being offered and who believe there is sufficient interest should contact Wiman on details of organizing a class.

The high school has been offering courses to adults at night about four years here. The adult courses are taught two nights weekly in two-hour sessions.

Negroes Plan Bus Protest Over Seating

MIAMI, Fla., (AP) —Negroes continued to sit in rear bus seats today after NAACP leaders urged them to "sit where they please."

Bus drivers reported no attempts at integrated seating on last night's runs. A photographer who looked for some pictures of integrated seating returned empty-handed.

The Miami Council of the NAACP in a statement yesterday said, "We advise our people that from henceforth they may sit where they please on Miami transit buses."

The action came after the city of Miami had filed an answer to a ruling by Federal Judge Emett Choate that Miami bus segregation laws were unconstitutional.

In the answer, City Atty. George Dkell said a suit brought by Negroes aimed at knocking out segregation on buses failed to show that the city was enforcing such laws.

Choate made his snap ruling Jan. 3 during prehearing maneuvering in the segregation case, but still has not put the ruling into a formal order.

The Negro leaders urged that no demonstration be made but that the Negro patrons "just sit where they want."

Production Of Oil Falls During Week

TULSA (AP)—The Oil and Gas Journal said today daily oil production fell 10,865 barrels to 7,384,675 during the week ended Jan. 12.

A 34,400-barrel drop to 597,200 in Oklahoma offset the week's best gain, Louisiana's 33,950 barrels to 975,200. Texas had the next best increase, 9,000 barrels to 3,079,150.

The week's output brought the Journal's estimate of 1957 production to 88,670,425 barrels compared to 86,244,794 a year ago.

Colorado was off 4,300 to 157,200; Arkansas up 2,700 to 80,350; and New Mexico up 1,500 to 250,350.

Prison Escapee Is Caught In Milwaukee

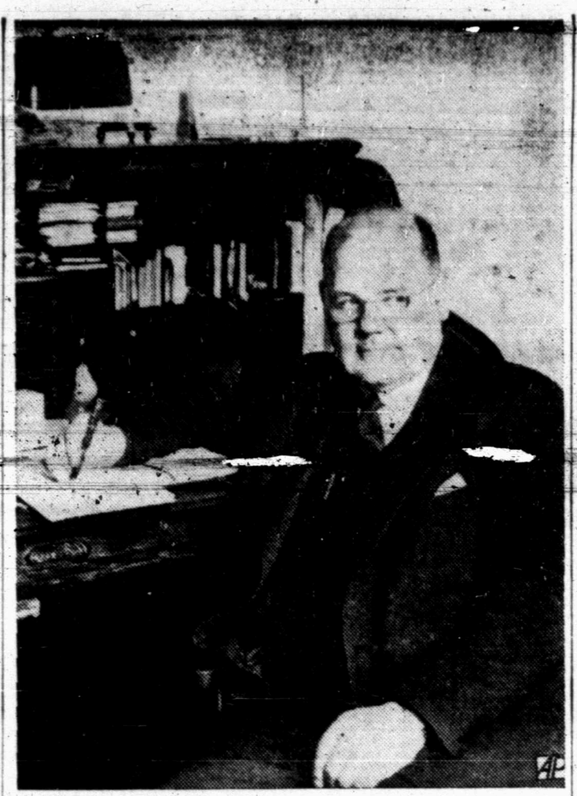

HOUSTON (AP)—Robert Owen McDonnell, 28, one of two convict musicians who escaped from a Houston radio station Dec. 13, has been arrested in Milwaukee, the FBI reported yesterday.

The FBI said McDonnell had a pistol but offered no resistance.

He and Paul Everett Myre, 25, walked away from the studios of Radio Station KPRC while tape-recording a weekly program, "Behind Prison Walls," with a Texas Prison System orchestra.

Home On The Range

HOME ON THE RANGE, Wyo. (AP) — Twenty-five pupils from Crooks Gap, Wyo., are right at Home on the Range in school. They're brought daily to attend classes in a converted housing facility. A classroom emergency arose and it was put to use after a number of families moved to Crooks Gap to work on the 3-million-dollar Lost Creek uranium processing mill.

DOCTOR FACING MURDER CHARGES—Dr. John Bodkin Adams, respected, 51-year-old bachelor physician, is shown at his desk in Eastbourne, England before he was accused of murdering a rich and eccentric widow for a share of her will. He was arrested after an investigation by Scotland Yard Detective Superintendent Herbert Hannan, who looked into the wills of 400 women who died in Dr. Adams' care.

Water Flow To Gulf Cut

BROWNSVILLE (AP)—The flow of water from the Falcon Reservoir was 8,616 acre feet per day today, but probably none of that water will reach the Gulf of Mexico.

The Rio Grande past Brownsville just stops flowing.

The situation is partly caused by a small earthen dam known as the Tidewater dam. It was repaired and built up this summer to keep fresh water from flowing into the Gulf during water shortages. So little fresh water has been lost over the dam since then that sands have smoothed over the mouth of the Rio Grande and salt water backed up to the dam has been trapped by sands.

Falcon Dam releases are calculated to allow as little water as possible to flow past Brownsville, while meeting the needs of authorized diverters.

Dies Of Injuries

EAGLE PASS (AP)—Daniel Nickle, 62, of Canada, died yesterday of injuries received in a car accident 10 miles west of here.

Borchers To Face Sanity Trial Today

PASADENA, Calif. (AP) — Insurance man Walter Borchers, convicted of second degree murder, awaits a sanity trial today.

The same jury which convicted him yesterday for the fatal shooting Oct. 9 of his redhaired Texas sweetheart, Mrs. Dorothy McCully, 31, will hear the sanity case Monday.

Borchers' counsel entered pleas of innocent and innocent by reason of insanity to the original murder charge.

The second degree murder conviction carries a penalty of five years to life. The jury deliberarat nine hours. They ruled out premeditation, a necessary element of first degree murder.

Borchers, 45, former Washington minister, met Mrs. McCully, a divorcee from Dallas, last spring, employed her as a part-time secretary and showered her with attention and gifts as a romance flourished.

He said the shooting occurred as the two sat in his car near the Rose Bowl, having quarreled, and after Mrs. McCully took a gun from the glove compartment with a suggestion that they commit suicide "because we're no good."

Borchers testified tearfully the shooting was accidental.

Berlin Refugees

BERLIN (AP) — Communist East Berlin claimed today it received 15,307 refugees and returnees last year from West Berlin and West Germany. Refugee camps in Allied-occupied West Berlin gave haven last year to 156,377 persons fleeing from Communist East Berlin and East Germany.

Egypt Taking Over Trading Firms, Banks

CAIRO (AP)—President Nasser's government has ordered all foreign banks, insurance companies and trading firms in Egypt converted to Egyptian management and ownership.

British and French concerns were "Egyptianized" as of today, being classed as enemy property. Other foreign firms were given five years to convert themselves to Egyptian joint stock companies.

The series of "Egyptianization decrees" stopped just short of the government's taking over ownership. But it insured government control of foreign-owned concerns through a new octupus-like "economic organization" which will be given shares in the firms.

The decrees affect hundreds of foreign concerns, including some owned by Americans. They spell the end of a middle class European community that has prospered in Egypt for a century as importers of Western-produced consumer goods and bankers and insurers for Egyptian economic life.

The net effect probably will be to kill the possibility of any considerable U.S. or Western investment in Egypt so long as the present regime remains in power.

Price Is Cut Back

WICHITA FALLS (AP)—A 10-cent reduction in its recent price hike for crude oil purchases was put into effect today by the Panhandle Division of American Petrofina. The raise in prices was cut back to 25 cents.

NEW SENATE FACE

Blakley Looks Like Senator

By ROBERT B. FORD

DALLAS (AP)—That new face in the U.S. Senate starting today—the tall, slim man of 38 who really looks like a senator—is William A. Blakley of Texas.

Officially he is a lawyer, but that tells only part of the story. As they say in Texas, he's got money stacked up. He is building a business center listed as a 125-million-dollar project.

He's majority owner in Braniff International Airways. And he has widespread interests in oil, insurance, investment companies and farms and ranches in Texas, New Mexico and California.

His 1,200-acre farm near Dallas is just a good-sized lawn compared to some of his other holdings. One is a 165,000-acre ranch in west Texas. He owns about 85,000 acres near Santa Fe, N.M.

Blakley is the legendary, multi-millionaire Texan except for one thing: he's no braggart or show-off.

There was a scramble in Texas newspapers, including those in Dallas, for full identification when his appointment was announced yesterday in the waning minutes of the reign of Gov. Allan Shivers of Texas. That's how little he had publicized himself. No one even knew whether he was a Democrat or Republican. He's a Democrat.

Blakley was named to fill the vacancy in the Senate caused by the resignation of Price Daniel, who was sworn in as governor yesterday.

A special election must be held within 90 days to fill out Daniel's term, which has two years to run. Blakley, called the "interim senator," says he will not be a candidate.

Born in Miami Station, Mo., he grew up in Oklahoma ranch country where his father was in the cattle business.

After getting a law degree he went into the banking business in Oklahoma. He moved to Texas during the oil boom days more than 30 years ago and entered the banking business at Ranger, Tex.

His wife accompanied Blakley to Washington. Today is their 35th wedding anniversary. They have no children.

Politically, the new senator has crossed just about all the tangled lines in Texas.

He supported Eisenhower but gave $16,000 to the Democratic party in 1952. He supported both Shivers, an Eisenhower Democrat, and the governor's bitterest political foe, Sen. Lyndon B. Johnson (D-Tex), Senate majority leader.

Blakely made it plain in talking to newsmen on his arrival in Washington last night he will vote with the Democrats in any move to reorganize the Senate. His vote would give the Senate Democrats a 49-47 edge.

Fort Worth Woman Evidently Confused

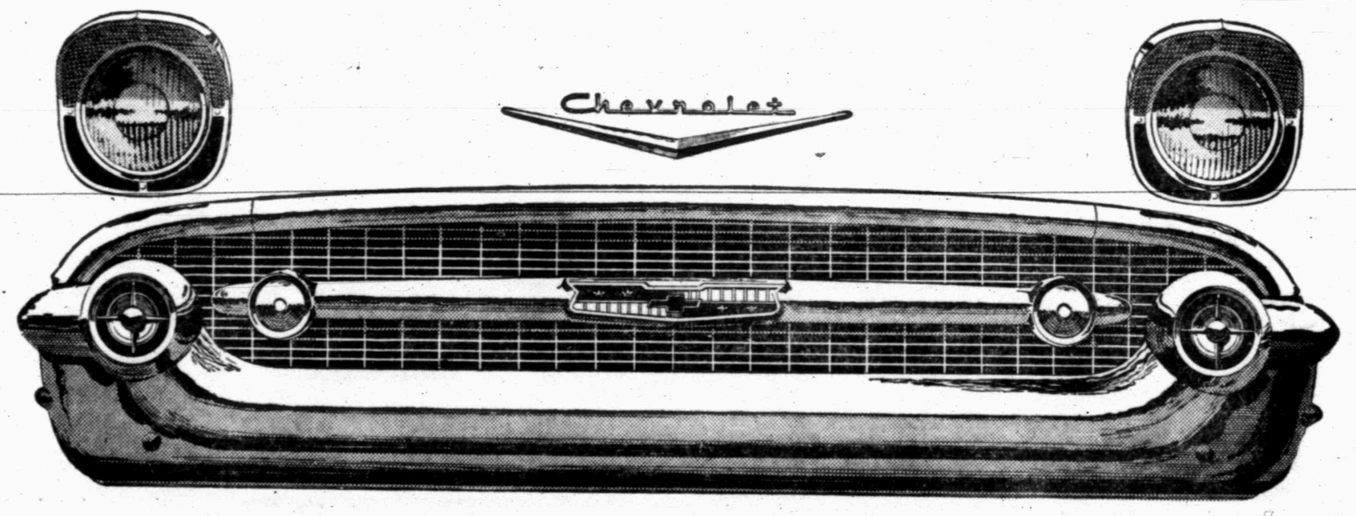

DENVER (AP) — A Fort Worth, Tex., woman apparently has confused a state senator with Colorado's U.S. senators.

State Sen. A. Woody Hewett (R-Boulder) recently suggested a punishment for persons serving jail sentences for driving while intoxicated. Hewwett said he plans to introduce a bill in Colorado's 41st General Assembly which would make such persons pick up empty beer cans and whisky bottles littering roadsides.

A card from the Texas woman congratulated Hewett, and concluded: "Good luck, senator, and talk to the senator from Texas."

Chevrolet shows you some important differences in low-priced cars just by

the look on its face!

There's a look of substance and character and quality about that new Chevrolet front end that reveals a lot. Feel the strength and solidity of the grille and you learn even more.

Wouldn't you say that most of the '57 cars look good from 50 *feet* away, but what about from 50 *inches* away? What does a close-up of the grille tell you, for example? Is it solidly made like the new Chevrolet grille? Or, in comparison does it look less rich in design—feel less strong and solid? Compare the quality and construction of the bumpers and headlights, the fit of the chrome trim.

The more closely you look all around the car, the more clearly you'll see that Chevrolet has the edge in the way it's put together. You'll find, for instance, that Chevrolet is the only car in its field with a *lacquer* finish . . . that only Chevrolet Bel Air models give you foam rubber cushions in front and rear seats as standard equipment. These are just a few of the advantages of Body by Fisher. And Chevrolet, you know, is the only low-priced car that has a Fisher Body.

We'll be glad to give you a close-up, comparative look at this new Chevy any time you care to come in. This week, maybe?
