RIFLE FIRE DRIVES CONVICTS BACK

Rains Continue In South Plains

DOWNPOUR IS RECEIVED IN CITY MONDAY

PRECIPITATION TOTAL IS FROM .43 TO OVER 2 INCHES

The weather man sent generous clouds again over the South Plains late yesterday and last night, recording precipitations ranging from .43 of an inch, officially registered at the State experiment farm three miles east of Lubbock, to 2.14 inches, as registered by the weather guage at Texas Technological college. The two points are separated by four miles.

Many persons expressed opinions this morning that a more bountiful rain fell in Lubbock than at the experiment farm. Nineteenth and Sixteenth streets became a veritable river last night and other smaller thoroughfares were inundated.

Inch At Grovesville

According to E. B. Merrill, one inch of rain fell at Grovesville, about eight miles northwest of Lubbock. One-half an inch fell at Acuff, 18 miles northeast of this city, said U. P. Pace. Shallowater and Abernathy reported one-half inch precipitation as did Slaton and Woodrow.

Bus drivers were operating cautiously over all routes, following last night's drenching. The most difficult routes to negotiate, motorists report, are those between this city and Muleshoe and beween Lubbock and Sweetwater.

"We can say with certainty now," said D. F. Eaton, Lubbock county

SOUTH TEXAS AREA FLOODED BY RAINFALL

GREAT DAMAGE IS DONE TO CROPS; FALL IS 5 TO 15 INCHES

(By Associated Press)

CORPUS CHRISTI, April 29.—Sinton, St. Paul and Papalote were waterbound today as a result of heavy rains in San Patricio county yesterday. Great damage was done to crops.

Approximately 100 vehicles, including many busses and trucks, were reported stalled in the affected area, and traffic in and out of Corpus Christi was held up.

SINTON, April 29 (AP)—Sinton was recovering today from a cloudburst which caused water to rise as high as window sills and sent many persons scurrying for safety to the courthouse. Twelve and 35-100ths inches fell from noon to midnight. Boats were being used all over town.

The Southern Pacific track was washed out at Papalote, and the Missouri Pacific track was destroyed near the Aransas river at Refugio. All trains were running late and having to be re-routed to some places.

No accurate check on the amount of rain that fell was available, but the fall was estimated between five and fifteen inches.

No loss of life had been reported.

The Rev. K. C. Minter, Corpus Christi pastor, returning from a conference at Beeville, carried his wife and another woman three-quarters of a mile through waist deep water to safety.

NAVAL GROUP BACK IN U. S.

WELCOME IS EXTENDED U. S. DELEGATES IN NEW YORK

(By Associated Press)

NEW YORK, April 29—The United States delegation to the London naval conference, headed by Secretary of State Henry L. Stimson was home today.

Escorted by the Navy dirigible Los Angeles and three destroyers, the Humphries, Dallas and Barry, the liner Leviathan, bearing the delegation, arrived off Ambrose Light at the entrance to New York harbor last night.

Then, followed by the battleship Texas, the liner proceeded to quarantine where Secretary Stimson and his associates became the official guests at a municipal welcome today.

With Secretary Stimson are returning Secretary of the Navy Charles Francis Adams, Senator Joseph T. Robinson and Ambassador Dwight W. Morrow. The party includes the wives of some of the delegates together with their official staffs and corps of secretaries.

BRITISHERS SEE THREAT OF MUTINY

NATIVE SOLDIERS MAY TURN TO GANDHI'S CAUSE IN INDIA

(By Associated Press)

LONDON, April 29.—Behind a bare announcement of unsatisfactory conduct by Garwahli native troops in the rioting at Peshawar last Wednesday observers today saw a threat of mutiny, with consequent danger to peace in India.

Until now there has been no word that loyalty of the native troops, or Sepoys, had ever been questioned, despite their having been called upon at various times to put down disturbances growing out of Mahatma Gandhi's civil disobedience campaign.

The Official Communique

An official India office communique published today however, said: "In view of the possibility of exaggerated and misleading rumors, the government of India thinks it advisable to make known that during the recent disturbances at Peshawar, when troops had to be employed, the conduct of a small element, namely two platoons, of the second battalion of the Eighteenth Royal Garwahl rifles was found to be unsatisfactory.

"The battalion has been sent to Abbottabad, where an inquiry will be conducted in due course."

No Details Given

No details of the "unsatisfactory" conduct were to be obtained here, and it was believed the censorship which has been imposed on news out of India might prevent further information from sources there.

Loyalty of native troops to the British in the present critical time obviously is of cardinal importance. The Sepoy mutiny of 1857 is still too fresh in British memories not to make people here worry at anything implying loss of discipline among the native soldiery.

"IRON GENERAL" DIES

GELGRADE, Juvoslavia, April 29, (AP)—General Michael Zivokovitch, known as the "Iron General," and former Jugoslav minister of war, died today aged 74.

PLAY TO BE GIVEN TONIGHT

"LOVE IN A MIST" IS LITTLE THEATER'S PRESENTATION

"Love In a Mist", a three-act play, is to be presented by the Little Theatre of Lubbock this evening at 8 o'clock at the gymnasium of Texas Technological college.

Those who have seen rehearsals are very pleased with the progress being made. The fact that the play ran for three years in New York proves its merits as a delightful production and one that appeals to the public.

Leading roles are taken by Mrs. O. E. McCelvey, Jr., W. O. Daniels, Miss Alma Girand and Alfredo Navarro. Others in the cast are Mrs. J. E. Hamilton, Mrs. Earl Hunt and John Searles.

Mrs. T. A. White is director of the production.

STEAMER SINKS; 192 DIE

MULTIPLICATION THEIR SPECIALTY

NEW YORK, April 29 (AP)—Henry Bartels called today at the steamship Baracoa for his six Boa Constrictors, shipped from South America.

The captain yelled down the hatchway, "Bring up those snakes."

"Six, I said," Bartels repeated.

"Yeah? Well, I said 53, and if you don't believe it—count 'em. Forty-seven of 'em were born on the way up here.

"That's a break for you! Ship six. Pay for six. Get 53. And as far as I am concerned, you can have 'em."

Bartels sent 30 to the Bronx Zoo.

MRS. B. C. RIX SUMMONED BY DEATH ANGEL

PIONEER WIFE LOSES LONG BATTLE WITH FORCES OF DEATH

After taking a gradual turn for the worse last night, Mrs. B. C. Rix, pioneer wife of one of West Texas' oldest citizens, answered the call of death here this afternoon, shortly before 3 o'clock.

Members of her family were present at the end, which came at the family residence, 2102 Broadway. No funeral arrangements had been made as The Journal went to press.

Suffered Heart Attack

Mrs. Rix, who suffered a heart attack about one month ago, had been seriously ill for the past ten days and attending physicians this morning reported that only a few hours at best stand between her and the grim reaper. Members of the Rix family have been in constant attendance at her bedside ever since her illness began.

Mrs. Rix is the mother of Jed and Wallace Rix, of Lubbock, and Harvey Rix, of Big Spring, all of whom have been identified with West Texas' progress for more than a decade. A daughter, Miss Ruth Rix, and her husband also reside in Lubbock.

VESSEL GOES DOWN SUNDAY IN BIG STORM

ONLY EIGHTEEN OF PASSENGERS ARE RESCUED

(By Associated Press)

CALCUTTA, Bengal, India, April 29.—One hundred and ninety-two passengers aboard the steamer Condor lost their lives when that ship sank in the river Jamuna in eastern Bengal, the ship's owners said today.

Only eighteen of the passengers were saved.

The disaster occurred about five p. m., Sunday during a storm. The ship at the time was in an isolated district, from which news of its loss travelled slowly. It is now lying in three fathoms of water.

The Condor was carrying mail from Serajgang Ghat to Goalundo. No trace of the postal officials or the mail bags has been found. The ship belonged to the River Steam Navigation company. It was built in 1897 and rebuilt in 1926. It left Calcutta last month after being overhauled.

When State Senator Clint C. Small, of Wellington, Collingsworth county, fires the opening gun in his gubernatorial campaign in Amarillo Friday night, the affair will take the complexion of a Northwest Texas rally, information reaching here today indicated.

According to advices from Wellington, delegations from a number of West Texas towns will be present at the Amarillo rally and several cities, including Plainview, will be represented by bands. Invitation has been sent here for Lubbock to be represented.

TWO CHARGED FOR ATTACK

INDIAN BROTHERS ARE ORDERED HELD IN OKLAHOMA

(By The Associated Press)

DUNCAN, Okla., April 29—After a preliminary hearing here today, County Judge John W. Scott ordered E. S. Hembree and Ay Hembree, Indian brothers, held without bond for trial on statutory and robberv charges growing out of an attack on Miss Leota Bosley, 21-year-old school teacher at Loco.

The prosecution used only Miss Bosley, who identified the brothers as her attackers and Dr. J. L. Patterson of Duncan, as witnesses. The defense introduced no testimony.

E. S. Hembree, 39, was pardoned in 1923 by former Governor J. C. Walton, after serving six years of a life sentence for murder and robbery in Pushmattaha county. Ay Hembree, 23, served a five year term in the state reformatory at Granite for automobile theft in Stephens county.

BUTTERWORTH POINTS OUT NEW CHAPTER IN HISTORY

WASHINGTON, April 29.—President William Butterworth of the Chamber of Commerce of the United States today paid tribute to American business for its challenge during the past six months to "rule-of-thumb" economics and its efforts to smooth out the valleys of the business cycle.

In an address before the annual meeting of the chamber, Butterworth asserted that "American business has definitely broken new ground."

"Last fall," he said, "a critical situation arose which brought clearly into issue the question of whether the allied forces of business and industry, by a closer coordination of their courage and experience, could demonstrate that the wayward and fickle economic cycle could be straightened out into an orderly and harmonious progression.

"Though the forces of that mobilization are still being applied, already the first pages of a highly significant chapter of economic history have been written."

OHIO PRISON STILL SCENE OF TURMOIL

NATIONAL GUARDSMEN ARE RUSHED TO GUARD WALLS

(By Associated Press)

COLUMBUS, O., April 29.—Revolting convicts in the white city, or idle house, at Ohio penitentiary, scene of the disastrous fire, were fired upon today by prison guards when they made a concerted effort to escape from the cell blocks. The mutineers were driven back from doors leading to the main entrance by automatic rifle fire. Several convicts were wounded.

The convicts first attempted to gain entrance to the guard room door and in small windows of the cell block was shattered by the convicts, who carried such weapons as clubs and bars of iron. Ordered by the warden to go back to their cells, the convicts continued their rush. They retreated at the first burst of firing, but a moment later remassed and made a second rush. Automatic rifles spat bullets upon them, and this time they fell back and took refuge in cells.

Four additional companies of guardsmen were ordered to the penitentiary, Company A, Marietta, Company B, Marion, L of Athens, and A Howitzer platoon, armed with one pounders from Ironton. There are now 500 National guardsmen at the prison.

Convicts Quiet Down

The shooting followed a night and morning of comparative quiet within the walls. A half hour after the guards had sent bullets streaming

SCHOOLS WILL HOLD EXHIBIT

ANNUAL DISPLAY WILL BE GIVEN FRIDAY IN CITY

The annual exhibit of the Lubbock Public schools will be held on Friday afternoon, between the hours of 2 and 4 o'clock in every school in the city, M. H. Duncan, superintendent of public instruction, announced here this moring.

Patrons of the various schools, parents, relatives and friends of school children, as well as public spirited citizens, are urged to attend the exhibits at any and all of the buildings, the superintendent said.

This year's method of handling the exhibit differs from that of other years, Mr. Duncan pointed out. Here-to-fore it has been the practice to centralize all exhibits from the various schools and departments in the Senior High building but, this year each school will present its own work under the direction of its own teachers.

Faculty members are of the opinion that more people will attend the showings at the various schools than would go to a central point for the entire affair, Mr. Duncan said, so the new plan will be tried out this year.

Exhibits of all kinds and grades of work will be shown, the practical side of present-day education being stressed for the benefit of the grownups.

Two Are Tried On "Short-Changing"

Trial of T. C. Brown and O. G. Bloss, alleged "short-change artists", is being held this afternoon in Lubbock county court before Judge Robert H. Bean.

The two men are alleged to have swindled the Curtis Service Station, located on College avenue, of $3 while change was being made following a purchase

'Jake' Paralysis Claims Members Of Bridge Club

(By Associated Press)

WICHITA, Kan., April 29.—"Jake" paralysis, unexplained malady which has severely affected hundreds of persons who drank Jamaica ginger here, today claimed nine more victims, members of a women's bridge club in the fashionable College Hill residential section.

The women were reported by health authorities to have admitted drinking a small amount of punch which had been "spiked" with alcohol. No Jamaica ginger was used, it was said.

Three of the women were declared paralyzed and in a helpless condition. Three others were unable to use their legs and were confined to their beds. The other victims were walking with the aid of crutches.

Circle Meetings And General Sessions Are Held By Local Church Groups

Business Transacted By Methodist, Christian, Calvary Baptist Groups

Committee reports and plans for future activities held interest for members of the First Methodist Woman's Missionary Society, the Young Matrons Auxiliary of the First Christian church, and the Calvary Baptist W. M. S. Monday afternoon.

The Methodist group, which met at the church building, pledged $50 to the Church Woman's Federation for the purpose of helping needy children with eye, ear, nose, or throat defects.

Regular reports also were made, and it was decided to make a study this summer of woman's place of service in the church.

Auxiliary Meets

Lubbock Church Woman's Federation Will Assist Children With Defects

Plans to assist needy children with eye, ear, nose, or throat defects were made at a meeting of the executive committee of the Lubbock Church Woman's Federation Monday afternoon at 2 o'clock at the First Christian church. A committee composed of Mesdames J. H. Hankins, Temple Ellis, Hub. Jones, and J. T. Trigg will have charge of this work and will pass on all applications for assistance.

The First Presbyterian women have subscribed $100 for the work, the Mary Helm Auxiliary and the W. M. S. of the First Methodist church have promised $50 each and it was announced that $25 would be available at once from the First Christian W. M. S. Individual pledges also are being made, and some of the women are raising money among their friends.

Committee Announced

Miss Delia Wilkinson was announced as chairman of the committee on ways and means. She will be assisted by Mrs. W. H. Meador and Mrs. W. O. Stevens.

Mrs. Roche Newton To Entertain

Mrs. Roche Newton, 2208 15th street, is to be hostess to members of the Loyalty club Friday afternoon at 2:30 o'clock at her home. A Mother's day program will be given.

Luncheon Held For Methodist Officers

Red roses added color and floral charm to the table when officers and circle chairmen of the First Methodist Woman's Missionary society attended a 1 o'clock luncheon Monday in the basement of the church.

Following the luncheon, plans were discussed informally for the W. M. S. work, and at 3 o'clock the group attended the regular W. M. S. meeting.

Those Present

Mrs. W. K. Crawley of Lamesa, Lubbock district W. M. S. secretary, was a guest for the luncheon, and officers present were Mesdames R. T. Campbell, G. C. Wolffarth, R. C. Odom, R. I. Tubbs, George R. Bean, Harry Hall, J. B. McCauley, C. C. Webb, Rufe Williams, C. B. Powell, J. P. Edgar, G. B. Walden, and M. H. Sneed.

SECRETARIES OF AREA TO MEET IN CITY

REGIONAL AFFAIRS TO BE DISCUSSED IN SESSION HERE

Chamber of Commerce secretaries of district No. 2, West Texas Chamber of Commerce, will meet in Lubbock in the offices of the Board of City Development May 10 at 2 p. m. for a discussion of regional affairs, it was announced today.

The meeting has been called by Maury Hopkins, secretary-manager of the Plainview Board of City Development, who is also chairman of district 2. He will preside over the session here.

Exhibitors at the recent agricultural implement show in Paris numbered nearly 1,000 and 150 applications arrived too late.

Mrs. Moores Tells How She Won Prize

Mrs. E. A. Moores, member of the Carlisle Home Demonstration club, has been announced as winner of Class II of the living room contest recently conducted among the clubs of Lubbock county.

A list of improvements as given by Mrs. Moores is as follows: A three-piece wicker living room suite, an end table, living room table, mirror, shade chimney and wick for rayo lamp, gas lamp, organ, rug, vanity dresser, bench for organ, picture, desk chair, card table, and vase were purchased.

Desk Is Made

A desk was converted out of an old washstand; the end table and desk chair were varnished since they had been purchased unfinished.

In addition to these improvements, Mrs. Moores and her daughter, Bessie, varnished floors and wood-work, made a cushion for one chair, upholstered another and refinished both and papered walls and ceiling.

They took out a partition and made the living room larger, bought and made new curtains and table scarfs, made day pillows, bought new window blinds, and made a waste paper basket. They also purchased a card table.

The expenses of the purchases amounted to $113.11 according to a statement from Mrs. Moores.

BAD SPELLS OF BACKACHE

This Lady's Husband Urged Her To Take Cardui.—Soon Benefited.

Troy, Ala.—"Cardui has done me good, and it has done my 16-year-old daughter so much good," says Mrs. J. W. Jinright, of this place. "That I felt I wanted other women to know the facts about it, so I wrote to The Chattanooga Medicine Co., telling them about my helpful experience with this medicine, Cardui.

"I have used it at intervals for sixteen years, when I suffered from weakness, and it always helped me.

"Mostly I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after the other, in a helpless sort of way, and once I got down in bed.

"My husband urged me to take Cardui, and I soon found what a fine medicine it really was.

"When my second child was little, I was in very bad health. I did not pick up as I should have. I was weak and sickly. I do not believe that I would have come through, but for Cardui."

IN choosing sanitary protection follow the guidance of hospitals. 85% of our leading hospitals now use the same material of which Kotex is made . . . Cellucotton (not cotton) absorbent wadding.

This is a cellulose substance which, for sanitary purposes, performs the same function as the softest of cotton, *with five times the absorbency.*

There are so many refinements of comfort in Kotex: It deodorizes perfectly, completely, in a way that makes one dainty all the time. It is fashioned to fit snugly and securely under the closest fitting gown; it stays soft longer; it is easily disposable.

Kotex Company, Chicago, Ill.

Why hospitals approve this sanitary protection

KOTEX IS SOFT . . .
1—Not a deceptive softness, that soon packs into chafing hardness. But a delicate, fleecy softness that lasts for hours.
2—*In hospitals*—Kotex is the identical material used by surgeons in 85% of the country's leading hospitals.
3—*Deodorizes* . . . safely, thoroughly, by a special process.
4—*Disposable,* instantly, completely.

COWBOY BAND PLEASES HERE

RAIN CUTS CROWD IN HIGH SCHOOL LAST EVENING

The Simmons University Cowboy band delighted an audience of 300 persons, despite a downpour of rain, last evening in the Lubbock High school auditorium.

Dressed in their regular cowboy uniforms, the musicians played the same selections they will render on an eight weeks' tour of Europe this summer.

The band is on a tour of West Texas and Eastern New Mexico and brought to Lubbock under auspices of the Lubbock High school band, directed by H. A. Anderson, former member of the Cowboy organization.

Program rendered here last night follows:

1. Overture to William Tell, Rossini; 2. Corinthian Polka, Losey, bass trombone solo played by Wm. Covington; 3. (a) Waltz from The Student Prince, Romberg, (b) serenade from The Student Prince; 4. Chuck Wagon Trio, Byron, Simmons and Means; 5. Duet from Norma (O Hear Me, Norma), Bellini, Colby Delaney and Millard Shaw; 6. Selections from The Fortune Teller, Victor Herbert; 7. Arkansas Traveler, concert arrangement by David Guion; 8. Cowboy songs, (a) Geer County, Oscar Fox, (b) Whoopie Ti Yi Yo, Get Along Little Doggies, D. O. Wiley, Broughton Morgan; Hoss Fly Kelly and His Ropes; 10. Guarany, Carlo Gomez and Star Spangled Banner.

REMAINS OF MORE THAN 30 MEMBERS OF WASHINGTON FAMILY RE-BURIED

WASHINGTON, April 29.—Remains of more than 30 members of the Washington family, buried on the Wakefield, Virginia, estate where the first president was born, were gathered from their graves Monday and placed in a reconstructed vault, as part of the restoration of the historic spot.

The Washingtons whose bones were moved today belonged to four generations, all antedating the president, and including Colonel John Washington, the first of the family to come to America, Major Lawrence, Captain and John and Augustine Washington, the great-grandfather, grandfather and father of George.

The restoration, undertaken by the Wakefield national memorial association is for the purpose of turning the estate over to the government for preservation as a national monument or park.

BOOZE POURED INTO SEWER

OFFICERS DESTROY 375 GALLONS MONDAY; TWO CHARGED

Lubbock's sewer disposal plant received $5,475 worth of liquid late yesterday afternoon when officers poured out 375 gallons of whiskey, confiscated last Friday in Lamb county, 40 miles northwest of this city, in a raid conducted by Ranger Sam Mayes.

Bill Herman and his son, Vernon Herman, who were arrested in the raid, were charged yesterday with violation of the prohibition law and bond of each was set at $1,500. They were released yesterday afternoon.

The whiskey was destroyed by order of the United States District Court. United States Commissioner Leonard Pearson, Sheriff Wade Hardy, Chief Deputy O. B. Conley, Jailer Will Ernest and Deputy Bob Crump carried out the court order.

More than one hour was necessary for pouring the intoxicants through the wash basin in the court house ante room.

PRISON WILL GET CONVICTS

THIRTY MORE WILL BE TAKEN IN; NUMBER IN PEN REDUCED

(By Associated Press)

HOUSTON, April 29. — Closed since March 5 to incoming felons because of overcrowded conditions, gates of the Texas penitentiary system are to open this week for receiving 30 more prisoners.

W. A. Paddock, chairman of the prison board, and Lee Simmons, general manager, announced yesterday that 24 prisoners were received Saturday by Warden E. F. Harrell from Longview, Tyler and other points in that section. This was the second quota admitted since the ban of March 5 was lifted, 40 prisoners being received last Mondayday from Harris, Bowie, Tarrant, and McClennan counties.

Simmons estimated that more than 300 prisoners had been accumulated in county jails over the state since the prison board ordered prison authorities to refuse acceptance of prisoners.

"This doesn't mean we will be able to take all of our intended prisoners off the hands of county jailers within the next few weeks," Simmons said, "but we will be able to lighten their burden to some extent."

During the time the system was closed its population was reduced from 5,100 to 4,800 prisoners.

Landlord Uses Suit To Cut Down Radio Power

DALLAS, April 29 (AP)—Because some of his tenants threatened to move, E. E. Clack, apartment house owner, Saturday filed suit for an injunction against a neighbor to have him tune down the volume of his radio. The suit alleged the radio set in a dweling adjoining his apartment house was operated continually "from "sometime in the afternoon and then on for the rest of the night until 1 a. m. or later in the next day.

Clack's petition declared he offered to furnish earphones without cost to owners of the set if they would abandon the loud speaker but his fight was declined.

CAWTHON CLOSES SPRING FOOTBALL TRAINING AT TECH; JACK DURHAM IS GIVEN TROPHY AS HARDEST WORKER

Spring football training came to a close Monday afternoon for the bulk of the Texas Tech grid candidates but practice will continue for the linemen, kickers and passers. Head Coach Pete Cawthon has announced.

The end of the spring grind for the squad was marked by the selection of Jack Durham, Matador captain-elect, as the hardest worker in camp and the presentation of the Cawthon trophy. Engraved on the award presented Durham are the words: "Hardest Worker—Spring Training, Tech 1930." Varsity letter men and Coach Del Morgan made the selection and the vote was unanimous. The Tech captain and center hails from Hamilton.

To Continue Work

Coach Morgan will continue fundamental drill with the Matador forwards with an hour's practice each afternoon, starting at 5 o'clock and Coach Cawthon is to meet the passers and kickers on three afternoons of the week. Russell (Dutch) Smith, newly elected freshman mentor and end coach, will arrive tomorrow to spend one day with the Matador wingmen. The former Amarillo Sandy coach is still engaged in physical training work in the Amarillo High school.

W. L. Golightly, of Rice Institute, who has been named Matador basketball coach, is expected to arrive here sometime next month to form acquaintances and make arrangements for his work with the Tech cages.

Coach Cawthon is well pleased with the progress shown by the Tech gridsters in the past three weeks.

"I feel that we have done at least two months' work but there is still plenty left to do. The fact that material is lacking has been offset to some extent by the remarkable spirit shown by the boys. The team has a scrapping leader and the letter men couldn't have possibly made a better selection for the trophy award."

Chocolate's Purse Held Up After Bout

TORONTO, April 29 (AP)—Officials of the Ontario Athletic boxing commission today were holding up the purse of Kid Chocolate, Cuban featherweight, as a result of his showing last night against Johnny Erickson of New York.

Chocolate was awarded the decision after the ten-round bout by vote of the two judges, but Referee Lou Marsh declined to cast his ballot. The Cuban gave Erickson a thorough trouncing and almost knocked him out in the last round, but the officials were dissatisfied with the Cuban's showing in the later rounds.

IN THE REALM OF SPORT

WITH ALLAN CARNEY
Journal Sports Editor

Fifty clubs will be represented at Brownwood on May 26 when the annual West Texas golf classic gets under way over the Brownwood Country club course. Officials in charge are making plans to entertain 200 golfers from this section of the state. The entry list headed by Clinton Bussey, of this city, the 1929 champion, and Dennis Lavender, state amateur champion, will include a raft of the outstanding shot artists in the state.

No champion of the West Texas Golf association has been able to hold his title for a period longer than one year, and unless this six-year record is broken, a new champion will be crowned May 29, the last day of the three-day tournament. Dennis Lavender captured high honors at Mineral Wells in 1928, continued to improve and last year went out to take the state amateur championship. He entered the Stamford tournament last year a top-heavy favorite but fell by the wayside in the first rounds of play.

In recent years the youngsters have topped the field in West Texas golf competition. The kids have come to the front with a bang and have shoved the veteran niblicks to the background. This year there will be a strong representation of the old guard on hand to gain back their lost laurels. Among these will be the veteran Bob Scott, former United States army champion and holder of a number of invitation crowns; Bob Alexander, an old-time West Texas campaigner; K. D. Harrison and Penrose Metcalf, of San Angelo; C. R. Pope and C. C. Holland and many others too numerous to mention.

Lubbock will send its defending team champions in the hope of bringing the 1931 meet to this city. With a number of improvements planned for the local Country club course, the Lubbock delegation should be able to make a strong appeal for the tournament site.

Three timers gasped as they compared instruments yesterday at Fort Worth when Cy Leland led the field in the 100-yard dash. It was a dual meet between the T. C U. Horned Frogs and the Denton Teachers. The dial showed that the "Blond Blizzard" had stepped the distance in 9.1 and there was visions of a new world's record. A second check-up revealed that 9.1 was right and there were expressions of "it can't be true." And sure enough it wasn't! The distance was checked and it was found that he had run only 95 yards instead of 100. The judges of the finish had stretched their tape across the wrong marks on the curb. In spite of the mistake, it was great fun while it lasted.

Leland is facing the greatest test of his career this week-end in the Ohio State relays when he goes to Columbus to match strides with George Simpson, recognized holder of the world's record in the century. At the Kansas relays, Cy equalled Simpson's world mark when he was clocked in 9.4. Because he was running with a slight breeze to his back, his mark was not recognized. Last week the "Texas Jackrabbit" tied the Ohio State's record when he led the field to the tape in the Drake relays in 9.6. On the same day Simpson was defending his title at the Penn relays and he did it without the use of the starting blocks. Both sprinters covered the distance in the same time. Claude Bracey and Eddie Tolan, the negro sprint flash, will also be on hand Friday and Saturday at Columbus to defend their laurels. The four sprinters are rated as the fastest four in America.

Included in the long list of relay teams that will gather in Austin May 1 for the state finals is the crack Chillicothe one mile quartet, coached by Volney (Satch) Hill, former Tech football and baseball star. Satch is completing his first year as a coach and has met with unusual success in all three sports. The relay team which he is taking to Austin won this event in the district meet and is composed of E. C. Creighton, William Grammer, Carl Price, jr., and Guy Creighton.

Two members of the Lubbock High school track squad won places in the annual Fiesta of Roses track and field met held at San Antonio last Saturday. Mina Watkins finished fourth in the 220-low hurdles and Bob Pressley came in fourth in the 120-yard high hurdles. The latter will likely be among those present when the state meet comes off this week-end but he will compete in the pole vault.

Cy Runs 100 In 9.1 But It Was Only 95

FORT WORTH, April 29 (AP)—Cy Leland, T. C. U. flash, almost ran the 100 yard dash in the phenomenal record breaking time of 9 1-10 seconds yesterday—almost but not quite.

Three stop watches caught him in that time, but the officials, unable to believe their watches, taped the course. It was 95 yards long. The time was in a T. C. U.-Denton dual meet which Denton won.

Longhorns Again On Top In Conference

FORT WORTH, April 29 (AP)—A decisive win yesterday over T. C. U. placed Texas university at the top of Southwestern conference standing. The Longhorns took a 10 to 4 victory from the Frogs. They meet again today.

GIANTS' WINNING IS HALTED; CUBS VICTORS

BY HERBERT W. BARKER
Associated Press Sports Writer

In the face of expert opinion that said they would be lucky to finish higher than seven place, Walter

WASHINGTON, April 29 (AP)—The fans who take no chances are rapping at the Washington ball club's door for World series reservations already.

More than 200 requests had been received today, with Walter Johnson's lads having won seven straight.

The club officials don't know what to do about it.

Johnson's Washington Senators continue to lead the American league.

No one can say, of course, where the Senators will finish, but the fact remains that they are playing heads-up baseball, taking advantage of every break and winning consistently. The club has been fielding brilliantly and hitting opportunely, and Johnson has shown rare judgment in juggling his pitchers with Lloyd Brown, Irving Hadley, Firpo Marberry and Garland Braxton as a "big four."

Win Ninth Monday

Yesterday's 6-5 victory over the New York Yankees was the Senators' ninth in eleven games and their seventh in a row. Washington took an early lead, thanks to spectacular hitting by shortstop Joe Cronin, and then held on to it in the face of a Yankee rally in the latter frames. Cronin drove in three runs with a home run, triple and double.

The Chicago White Sox moved into second place with a 9-7 triumph over Detroit. Carl Reynolds hit a home run, triple and single, his homer with Lyons on base in the seventh, really deciding the contest.

RAIN AIDS BEAUMONT AT WICHITA ON MONDAY; EVEN WACO WINS; HOUSTON MAKES IT TWO STRAIGHT AT DALLAS

(By Associated Press)

Four return engagements were carded today for the Texas league with Fort Worth, Dallas, Wichita Falls and Shreveport again the hosts.

In the first three cities, the southern invasion continued after a day when at least two of the games had to be chalked up as vindication of the much-maligned southern teams. Even Waco won.

What would have happened at Wichita Falls had it not rained, is another story, however, and the Beaumont Exporters, clinging tenaciously to first place in the league standings, had good reason for singing in the rain.

Spuds Were Ahead

When the downpour interrupted the session shortly after the first round, the score stood 4-0, all in favor of the Spudders.

Waco's was a grudge win of 4 to 3 over the Fort Worth Cats, at whose hands they suffered defeat the previous day. The last innings were played in darkness and rain, and the game was halted in the seventh.

Rain failed to stop the Houston Buffs, who made it two straight at Dallas. While the Steers were collecting eleven scattered bingles for two runs, the Buffs collected their nine hits and converted them, with a little judicious base running, into seven runs. The game was slow in the last innings, with a brewing thunderstorm sprinkling down the field.

Shreveport, halted Sunday, started its climb toward the top with a 4 to 3 victory over the San Antonio Indians which evened the series. As at Dallas, it was a case of making the hits good, the Indians garnering three more bingles than the Sports but showing inability to make them good.

only five hits off the offerings of Pete Jablonowski, American association recruit and Cleveland won, 3 to 1.

Wildness on the part of Mac Fayden and Morris and fielding errors by O. Miller and Regan enabled the Philadelphia Athletics to score four runs in the ninth without a hit and beat Boston, 5-4.

In the National league, the New York Giants lost their first game of the season, bowing to Brooklyn 6 to 4 when Harvey Hendrick doubles with the bases filled in the ninth. The defeat broke Bill Walker's string of 11 straight victoris run up during the latter part of 1929 and this season.

Cubs Best Pirates

Four home runs, two by Gabby Hartnett and the others by Charley Root and Cliff Heathcote, enabled Chicago's Cubs to beat the Pittsburg Pirates, 7-4. Root was touched for 11 hits, but fanned nine men.

The St. Louis Cardinals took advantage of eight bases on balls and whipped Cincinnati, 8 to 3.

The Phillies concentrated their hitting in the fifth, sixth and seventh innings to beat the Boston Braves, 7 to 4.

DARK HORSE BLONDE LEADS FIELD OF CONTENDERS

(By Associated Press)

TEXARKANA, April 29.—Wise to the treachery hidden behind the beauty of the Texarkana Country Club course, thirty-two contenders for feminine golf honors prepared today to tee off in the championship flight of the annual Texas Women's Golf Association tournament today.

The hazards of the course were best described by the scores of the qualifiers, a score of 99 being sufficient to qualify for the first flight.

Dark Horse Leads

A dark horse led the field, Miss Emily Wadley, Texarkana, an easy-smiling blonde, having unexpectedly taken first place with a 44 and a 42. Miss Kathryne Allen of Clarksville, equally unaccounted for in the predictions, scored 88, and Mrs. L. W. Magruder of Waco, last year's medallist, was third with one stroke under 90. The defending champion, Mrs. F. E. Pharr, was far behind with a 91.

Nearly 20,000 people in France now make buttons for a living.

Des Moines Will See Night Games

FLOODLIGHTS READY FOR FIRST TILT ON FRIDAY NIGHT

DES MOINES, Ia., April 29.—Under the glare of 42 million candle power floodlight system, the Wichita and Des Moines clubs of the Western league will meet on the baseball diamond Friday night.

Although there has been one previous encounter at night, the Des Moines game is regarded by minor league officials as the most promising experiment in modern baseball. In the New England league, several years ago, Lynn, Mass., experimented with a night game, but engineers pointed out that the park there was lighted by only half the candle power to be used at the Des Moines field.

Lee Keyser, president of the Des Moines club, anticipated a general adoption of night baseball in minor leagues if the experiment Friday is successful. "If unsuccessful," he said, "sooner or later, minor leagues will have to go out of business because of decreased patronage."

Keyser expects a notable list of baseball figures at the game, including Kenesaw Mountain Landis, the commissioner, and E. S. Barnard, president of the American league.

May You Always Get Your 3-A-Day Keep Energy Up and Blues Away"

Drink, eat and be merry! You do all three when you drink-a-bite-to-eat at 10, 2 and 4 o'clock. Thousands have learned this happy, healthful habit. It's becoming a national toast. There's pleasure in it; plenty. But you profit by it, too. It puts quick, new life in your blood. It freshens you up; puts a new edge on brain and muscle and fills you full of fight. But there's nothing artificial about it . . . nothing dangerous or bad. Not a thing in it can harm you. It's energy, "pure D," in pre-digested form.

Try it out for a week; this food habit at 10, 2 and 4. You'll be amazed how it grows on you . . . and how you thrive on it. There's a scientific reason back of it. It isn't a mere fancy or fad. Dieticians and doctors advise mid-meal sweets to keep a full head of energy on tap. Dr. Pepper gives you sugar in just the right amount; plus healthful fruit juice for flavor; and sparkling water for bulk. Get your three a day; keep energy up and troubles away. It means health and happiness, Sure Enough!

The Clean-Up *and* Paint-Up Crusade *is now a* National Civic Movement

TO ARMS!
Every Citizen Of Lubbock

Act today! Join the forces for a better and cleaner city. Remodel that kitchen! Build a new porch! Paint the garage or mow the lawn! There are hundreds of things to be done! There are thousands of people to do it if we all work. It's your civic duty to start cleaning-up, painting-up and fixing-up. Start working today! Help make Lubbock a finer city!

"Never Put Off Untill Toworrow What You Can Do Today"

Procrastination --- postponement of duty --- is very often the cause of defeat for a clean-up campaign. So, again we say,, never put off until tomorrow what you can do today. The sooner you start with this great civic movement for a better Lubbock, the sooner your share of the work will be done, and the city in finer and more beautiful shape.

Thought For Today

My son, keep thy father's commandments, and forsake not the law of thy mother.—Proverbs 6:20.

Command is anxiety; obedience, easy.—Paley.

Responsibilities

B. C. Forbes, the editor of Forbes' Magazine, is hardly what you could call a caustic critic of the modern business world. He might almost be called the American business man's greatest booster. Consequently, when he does turn critical, he is eminently worth listening to.

"Industry," remarks Mr. Forbes in the current issue of his magazine, "hasn't one organization, representing its best brains, devoting itself seriously, systematically, scientifically, to handling the whole subject of employment and unemployment.

"There is no co-ordinated machinery for co-operating with the workless to find work. Industry feels perfectly free to dismiss breadwinners by the hundred and by the thousand without giving a thought as to how these breadwinners may succeed or fail in earning bread for themselves and their families."

Then, by way of a final prod, he warns:

"If industry itself confesses its indifference or its ability to wrestle with the problem of unemployment, including the older workers, depend upon it that the politicians will step in."

Time To Advertise

Business houses should not only maintain their appropriations for advertising and research during the present depression, but should expand them prudently "as prospects warrant," declares Dr. Julius Klein, assistant secretary of commerce, in the current issue of the J. Walter Thompson Company's Bulletin.

"Advertising is inherently constructive, acting as a powerful stimulous to every branch of activity," says Dr. Klein. "It not only keeps goods moving—it inspires confidence. 'Good Will' is a priceless business attribute, but it is one that may sway and drop under the veering winds of public opinion. Advertising can keep it sturdy and upstanding."

There is a bit of advice worth the attention of every business man. Prosperity will only return when all hands work for it. Advertising is one of the best tools available.

Mrs. McCormick

Ruth Hanna McCormick wins the Republican senatorial nomination in Illinois, and faces the fall primaries with a very excellent chance of becoming the first woman ever elected to the United States senate.

That fact in itself probably would be enough to win her the goodwill of a large section of the country. Added to it, however, is the fact that she possesses great charm and genuine ability. If she is elected, her state's representation in the Senate assuredly will not suffer.

To an admirer of the lady there is only one fly in the ointment. In her primary contest she was enthusiastically supported by the notorious Crowe-Thompson machine in Chicago. Those who want to see her as the nation's first woman senator will hope that this alliance does not become an intimate one.

Declining

Official French government figures show that France's death rate last year exceeded her birth rate. The death rate is slowly rising, while the birth rate continues to go downward at an amazing rate.

Considering that fact, one is led to wonder; just how many decades is France going to be able to maintain her position as the chief continental power in Europe? Across the Rhine lies Germany—disarmed and impotent, for the moment, to be sure, but possessed already of a much larger population than France, and displaying a high birth rate that continues to swell its population each year.

How long can a shrinking population maintain its dominance over a rapidly increasing one? Ask yourself that question, if you think the present international setup in Europe is to last indefinitely.

THE PLAINSMAN Says:

That Girl on Broadway says any woman can add four cents worth of color and subtract ten years.

* * *

FOLKS, the country is not in such bad shape after all. No, sir. The Plainsman has been doing a lot of worrying lately about the younger generation, the prohibition law, the disrespect for the constitution and all that sort of thing, but we've come to the conclusion that we've been wasting our time. Everything's not as bad as one might think—we know because The Plainsman has discovered that there are still a lot of folks who cling to long underwear.

* * *

Last Saturday night it was The Plainsman's lot to be sent out over the north end of the county to get the scattered returns on the jail bond election. During the evening he woke up about 90 per cent of the citizens in that part of this neighborhood and without an exception, every man The Plainsman talked to had on long underwear. Believe it or not!

* * *

We don't know how you feel about it bu t we've never been able to forget the comfort of the old time flannels, with long legs and long sleeves. Another thing, we've learned to appreciate long underwear, whether it's red flannels or not, along with corn bread, butter milk and good, old turnip greens. In other words, long underwear has a place close to The Plainsman's heart and since we've found out there are still stalwarts left who wear 'em, we'll be in the market for some next fall.

* * *

WHOever heard of a no 'count loafer, a dude or a jellybean wearin' long underwear? Nobody. It's the symbol of the he-man who does a full day's work under all kinds of conditions and who hasn't time to go in for silk undershirts and striped panties that can be sold (and are) to both men and flappers. Yes, sir! We're strong for 'em.

* * *

The Plainsman has more faith in this country since he has found that there is still a large percentage of the male population which clings to the good, old fashioned long underwear. That means we can't be far from wrong and we won't be stampeded over every little upset.

* * *

To be real honest about it, the guys that are always trying to get The Plainsman to play gawf are the same ones that talked him into layin' aside man's underwear for the kind the kind the board school girls wear. Ross McWhorter, Prissy Price, Frank Jones and fellows like that plumb fast-talked us out of our love for the longies and ever since that they've been oratin' about the benefits of gawf. But next fall it's going to be different. The Plainsman is going back to long underwear for good—even if it ain't so sanitary, according to new-fangled doctors' rules.

* * *

That Man on Avenue Q says if there's anything to evolution the race of Yes Men evidently dates back to the ditto mark.

* * *

Tonight's bedtime story. Once upon a time there was a woman whose check stubs agreed with her bank balance.

* * *

Tomorrow evening ought to be a gala occasion for the addicts of this department—if everything The Plainsman has been hearing today is true. Tomorrow's the day, you know, when the young smarts on the paper are going to take over this column and show the old man up, and the boys and girls have been working on it quite diligently.

* * *

VESTEL Lott, the night editor, has been tearing his hair ever since last Tuesday, trying to interview That Girl on Broadway and That Man on Avenue Q and while he hasn't figured up any wise-cracks yet he promises to have 'em on time for the paper Wednesday. Sutton Christian and Charlie Watson, of the reportorial staff, have been digging up a lot of dirt for two weeks and even the two sob-sisters on the paper expect to get their ideas into print. The only thing that worries The Plainsman is that their combined efforts will clog the court dockets with libel actions.

* * *

But let's give the young folks a break and let 'em have their fling. The Plainsman offers to read their dissertations himself, even, if the rest of the customers will co-operate and do likewise. It won't hurt anything.

* * *

Men who catch onto things quickly often let go of 'em the same way.

* * *

Three men convicted for bankrobbery in Colorado have been sentenced to hang. It strikes us that's a better method of handling the problem than by offering a 'shoot first, investigate later' reward, which in Texas has resulted in the murder of innocent men and of ignorant dupes.

With so many men available for service, what ever has become of the famed 'General Coxey?

If Yale did take to the beer garden idea you might expect to hear in the bowl: "A long cheer for the team with three Eli Ales on the end."

Wet Leaders, Confident For First Time Since 1920, Are Preparing New Fight On Dry Law, Rodney Dutcher Avers

BY RODNEY DUTCHER
NEA Service Writer

bition referenda are going to be bition raferenda are going to be talked about a lot more than they ever were before. Proposals for national and states votes on the wet-dry issue will be made with increasing confidence and persistence by the wets as they wage what looks like the first real organized general campaign against the dry laws.

The drys are not going to like that at all, for they have nothing to gain by referenda. They are going to oppose them in the first place and whenever there are referenda they will say that the votes don't mean anything. As for the proposal for a national referendum they will argue that there is no excue for it. Whether these arguments are true or not all depends on the way you look at the issue itself.

Confident for First Time

The west are full of hope. Privately, for years many of them have not been the least bit confident that a national referendum on prohibition would give them a majority. Some admitted that they probably represented only a very large minority. But neither side was ever very confident about what would happen, despite public statements from both. Today it's different and before long the wets probably will be howling for a national vote in unison. They may be making a mistake about popular sentiment, but they must be shown.

The Literary Digest's poll, indicating something like a 3 to 1 sentiment against the existing prohibition laws, is the largest factor in their enthusiasm. Better organization, larger finances and greater wet vociferousness are factors allied. The Crusades, new wet organization, start advertising for members in the most widely circulated magazines and Senator Tydings of Maryland publicly wagers that he can buy a drink in any town in the United States.

Wet candidates for office roar all over the land. Wet newspapers get into the spirit of the thing, whooping louder than ever, exposing evil conditions and conducting their own polls. Wet magazines send staff writers throughout the dry states to prove that they aren't dry at all. Perhaps it all doesn't mean very much and Congress may stay dry forever and ever—but all that noise is at least temporarily impressive.

Regarding a national referendum, leaders of the two factions have just made statements to this writer as follows:

Henry H. Curran, president of the Association Against the Prohibition Amendment:

"Of course it would be a good thing to have a national referendum. Any way of ascertaining the opinion of the people as an aid to the solution of any problem of government is a good thing. Why are the drys so afraid of it? I am convinced that the people of the country stand three to one against prohibition."

F. Scott McBride, general superintendent of the Anti-Saloon League:

"There is no sentiment in Congress for such a referendum or anywhere else as far as I can see. For one to be effective we would have to have a constitutional amendment and the wets can't get it. Why have a referendum on prohibition when we don't have it on any other question? We got the law in to the constiution by orderly government and the wets can get it out the same way—if they are able."

It'll Be a Battle

So you take your choice. Mr. McBride and his gang will fight like wild steers against an official national referendum. Mr. Curran and his gang are rapidly edging toward the point when they will insist that such a vote would be the best way to decide the fate of the present prohibition laws. Whichever way you feel about it, the battle is getting a lot more interesting.

It now appears that Massachusetts is going to have a referendum next November on the preservation of its state prohibition act and that Rhode Island will have an official straw vote on the repeal of the Eighteenth amendment. There may be some other similar referenda. In 1929 Wisconsin voted by a majority of 120 to repeal its state prohibition act. In 1928 Massachusetts gave a majority of 283,000 to the proposal to repeal the Eighteenth amendment, and Montana refused by more than 12,000 to re-enact a state prohibition law such as it had voted to repeal in 1926.

Those three are the last oficial votes on the wet-dry issue. North Dakota voted by 6000 in June, 1928, to retain its prohibition act. In 1926 New York, Illinois, Wisconsin, Montana and Nevada—in one way or another—voted wet, and Colorado, California and Missouri voted dry.

Diet and Health

By Lulu Hunt Peters M.D.
Author of "Diet and Health" and "Diet for Children"

PROLONGED WRONG DIET WILL CAUSE ABNORMAL CONDITIONS AND ILLNESS
Purpura Hemorrhagica

"DEAR DOCTOR: What is Purpura Hemorrhagica? Is it a rare disease and is there any known remedy? Is it fatal?
"MRS. C——

Purpura is taken from the Latin word meaning purple. The disease purpura is characterized by purple spots under the skin or mucous membranes caused by hemorrhages. The term "hemorrhagic purpura" simply further explains the meaning.

In this disease there is some deficiency of the blood and blood vessels, so that hemorrhages occur under the skin and mucous membranes. (The hemorrhages may also break through, and bleed very freely.)

The textbooks say that the cause is unknown, BUT later work than is given in any textbook shows that in some cases of hemorrhage of the newborn, there had been marked deficiency of vitamins, especially vitamin B, in the mother's diet during the pre-natal period. So it is quite probable that this rare disease, hemorrhagic purpura, is really a deficiency disease, just as scurvy (which is also characterized by similar hemorrhages), ricketa, pellagra and pernicious anemia. (A deficiency disease is one in which the abnormal conditions have been brought about by a prolonged deficient diet, especially one deficient in vitamins.)

Yes, hemorrhagic purpura may be fatal.

You can see from my answer that probably the treatment is largely one of prevention, by having a balanced diet and observing all the other known rules of hygiene, and after the disease occurs, the same procedure may help. Blood transfusions are also used.

We have an article on Balanced Diet which you may have by observing column rules.

* * *

Mrs. N. Scars that itch and burn and become sore, especially after the age of 40, should be seen by a competent skin specialist, for they do have cancer possibilities, and the treatment by X-Rays, or radium or possibly surgical removal, may be necessary.

"Second Wife, Aged 46": Many women have given birth to perfectly healthy babies around your age, with no more serious effects than they had with their babies when they were younger. Naturally, no matter how much your husband loves your children, he wants to have one of his own.

You say you are in perfect physical condition and that your husband can afford to care for every need, and even luxuries, so you have no excuse for not giving him a child, if you can have one. If his wish comes true, put yourself in the hands of a competent obstetrician for the right pre- and post-natal care, and don't worry.

If you are interested, we have an article on the Diet During Pregnancy and Nursing and a list of books recommended to mothers. See column rules.

Worried: We have an article on Superfluous Hair which answers your questions. See column rules.

Editor's Note: Dr. Peters cannot diagnose nor give personal advice. Your questions, if of general interest, will be answered in the column in their turn. Requests for articles or pamphlets on hand must be accompanied by a fully self-addressed stamped envelope, plus the following small charge to help cover cost of printing and handling: for each article wanted, two cents in coin; for each pamphlet ten cents in coin. The pamphlets are Reducing and Gaining, Hygiene of Women, Kidney and Bladder Disorders. Address Dr. Peters, in care of this paper. Write legibly, and not over 200 words.

Gilbert Swan

In New York With Swan

NEW YORK, April 29.—The county fair atmosphere which frequently hangs over the Broadway belt becomes particularly thick as spring creeps in.

Perhaps this slice of rurality is injected to make the millions of visitors from way points feel at home. My own hunch is that its an appeal to the little bit of rubs that's in every local wayfarer.

At the moment, it's possible to start at 42nd street and, dropping in on the freak show at Hubert's Museum as a beginning, find an extraordinary assortment of attractions that appeal to those who like to crane their necks.

A few doors up and you'll find a first class old-fashioned medicine show. Around the corner the minstrels are moving in. Stopping en route you'll see the pretty young ladies tossing hot cakes in the windows and the other pretty ladies demonstrating how cigarets are turned out.

Just across the street is the modern variation of the medicine show—the combination psychologist-strong man, who can teach you how to be successful in three lessons yet still has to rent corner store-space for his own purposes. There with a flood light revealing his particularly phant muscles, the spieler will sell you brain as well as brawn food for a small sum.

Three doors away, one of the dozen auction houses will amuse you with a line capable of turning rhinestones into Tiffany gems. In this brief trip, it will have been possible to encounter a shooting gallery, a penny arcade peep show, a rare assortment of balloon merchants, dancing doll pitchmen, orange drink vendors and hot dog emporiums. The music from Chinese noodle resorts will have boomed in your ears and you begin to look for the "trigger-baby" rack and the "ring-the-cane" concession.

But there is one more triumph gentlemen!—one more item that must not be missed — "that famous painting — let me assure you that this is the sight of a lifetime — absolutely no one under 18 allowed within these doors — — Only 25 cents — the quarter part of a dollar."

After passing which, I threw away the piece of straw I'd been chewing on and went upon my way.

The efforts of Belle Livingston, once a theatrical favorite, to bring the "salon" idea to Manhattan have again been short-lived—this time, thanks to the revenue officers.

A couple of winters ago Belle decided that the more-or-less erudite New Yorkers would like a place to talk things over and so she took a mansion in the Fifties, where writers and artists and society folk gathered. But it was no financial success and Mlle. Livingston turned to writing magazine stuff.

When suddenly she reappeared in the swankies section of Park avenue, she told me one evening that she was engaged upon another opus which she intended to title, "With Livingston in Darkest America." Her new resort attracted the "ultra-ultra" trade of her neighborhood; those toney folk who were just on their way to the polo matches or to their winter sports engagements.

The real novelty of the place lay in the fact that no money was exchanged for purchases. Books of tickets were on sale for something like $20 per each. If one wanted a match or a package of cigarets, a coupon was used.

Several clubs, in fact, have used this coupon system and found it particularly profitable, since some purchasers never came back and others allowed their books to expire with many coupons still unused. All of which adds up a good house profit.

The 98-year-old Ohio man who decided to knock off work probably has saved enough for a rainy day.

A Yale dean says, "The return of the old beer gardens would be a fine thing." Particularly for the college hops.

THE PLAINSMAN GETS SOME MAIL

Sage Of Lorenzo, 'The Country School Teacher', Bemoans Traffic Conditions In Lubbock; Asks Regulations

Dear Plainsman:

"I noticed several days ago that you printed a letter from a man who signed his name merely A Reader. He was complaining bitterly about the way the people of Lubbock drive their cars and run into their old friends, informally on the street, etc. He, no doubt was voicing the opinion of the majority but he'll find a lot of people opposed to his ideas. There's a lot of guys that get a big kick out of rubbing hubs with other folk and smashing fenders just by way of getting acquainted with everybody. Mr. A Reader had better stay at home under the bed a few days longer or one of these affable chaps is liable to catch him afoot in the middle of the street and he'll be doing a horizontal stretch in a wood en kimona while his friends gather around and say, "Of course it's nice he's gone to heaven but isn't it just to bad for him to have to leave his wife and children"?

Where's The Good Will?

"The Rotary and other clubs, excepting the Auto clubs, are trying to promote good will toward the surrounding neighborhoods so that people will come to Lubbock and trade. Nearly all of us old sand traps like to come to Lubbock to trade, the merchants are hospitable the hospitals are hospitable enough, and everybody in general is hospitable enough on the hoof, but just put them on the leather under a steering wheel and right away they crave a massacre. Your merchandise is cheap enough but the death rate is too high. Nobody is safe alive on the streets of Lubbock nowadays. Chicago is usually considered a dangerous place but compared to Lubbock it is just slightly infested with mosquitos. The people in Chicago may have to dodge bullets but they aren't as big as automobiles. And I doubt if Houdini himself, were he alive, could get out of one of your traffic jams.

"If we only want a spool of thread you can't expect us to risk spending a week or two in the hospital, while the doctors are trying to relocate enough of our widely scattered bones to make a frame to hang our anatomy on after one of those guys over there who thinks he is Cannon Ball Baker making a new cross-pedestrian record has hit the Bull's-eye, just to buy it in Lubbock. It seems to me that for the general good of business and the present generation as a whole you ought to put that batch of Cannon Ball Bakers right alongside the nice collection of Napoleons that we already have at the Terrell Nut Orchard and other state Museums. It's no use for us to try. We can come to town just sloppy with good will and first thing we get it knocked right out of us. Nothing extracts the good will out of a man and dries him out so completely as to have somebody kill one of his kids or dent a fender on his car. The first is likely to happen if he attempts to transverse Broadway with the family and the latter is sure to happen if he conducts his car along the thoroughfare. The elite call it Broadway and only low, vulgar people ever call it Speedway, its real name, any more, Broadway is just a nice name like, Hallionis.

Regulation Demanded

"Business men everywhere are doing all they can to make customers feel contented, excepting regulate traffic. They know a man buys more and oftener if he's contented. When you coast along into town at sixty or seventy miles per hour with your mind on buying 2 or 3 hundred thousand dollars worth of groceries for next week, you become terribly disconcerted if some fellow driving like Major Seagraves in a Sunbeam Special on Daytona Beach, whizzes by and sucks you up in his exhaust pipe. That lowers your potential spending power.

"Now let us suppose that you are an out-of-town sucker, have run the gauntlet a few times, and had your flivver battered until it looks like a combination cheese grater and accordian. You get wise and park your car at a safe distance, say Idalou or Slaton, and walk to town. But do you lower your own mortality rate or lengthen your expectancy any? You do not! In fact your chances for survival are slightly fewer and if hit, your chances for recovery are about as scarce as baseball holdouts in August. You may, by the grace of God and clever footwork, get to your favorite corner fireplug but no sooner do you get comfortably set up and start to say, "Well, Sam who is choppin' Widder Jones' wood now?" then some smart Aleck zips so close to the corner with his car that it knocks the buttons off your vest and unlaces your shoestrings. Would that encourage you to spend money? Well, maybe—for a one-way railroad ticket if you don't lose your nerve for you can't even buy that without crossing a street or two and, believe me, when you get out in the middle of the street where the cars dust the dandruff off your collar and the motorcycles run between your feet and knock the seat out of your pants, you feel of your legs and wonder if you've been drinking jake again.

It Used To Be Different

"It hasn't always been this way, that a man was putting the life of his family on their feet if he took them to town on Saturday afternoon. Used to, when I was still swallowing buttons and filling myself with other garbage, every Saturday afternoon Dad would hitch up to the wagon and just as we were leaving for town he would say, George, go to the house, get that old quilt out of the rockin' chair, and don't forget that jug of water. We're going to Lubbock this afternoon. Now it's different. The dad will crank up the car, load in a quorum of kids and butter and yell at George who is still in the house alemiting his hair. George, bring the Bible off the dresser and that pick and shovel and don't forget that jug of embalming fluid. We're going to Lubbock this afternoon. They never know who is coming back alive.

"Nowadays, in the city, four wheeled driving is as passe as one hand driving is in the country today. A man who drives on more than two wheels at a time, either the two on the same side or the two on the same end, is rated as an amateur and as an aviator, he couldn't get a glider's license.

Destroys Language

"Besides that, fast driving is destroying the foundation of our American civilization, the national language. (If we have any) in Lubbock. Used to, people would drive along decently and suffer no strain on their grammar at all, but now look at them. Where they used to say, "My, this is a pretty house we're coming to, isn't it?" they drive so darn fast now that if they look as far ahead as possible and talk as fast as they can, they still have to say, "My, this is a pretty house we're coming to, wasn't it?"

"Yours as soon as I get my breath,
"The Country School Teacher."

"P. S. It's funny but these autograph collectors have never yet asked a great man to autograph the fender of their car if he has just smashed it."

Al Smith, we hear, will take the stub in the war against theater ticket speculators.

OBBER DIES, 2 STUDENTS HURT

DALLAS, April 29. (AP) — Two outhern Methodist University stu-nts today were in a hospital re-vering from bullet wounds suf-red Sunday when they boldly sisted a bandit who attempted hold up the varsity theater.

The redhaired bandit, later iden-fied by his woman companion O. M. Houston of Nashville, enn., died shortly afterward in a ospital. He entered the theater st after 10 p. m., and ordered aul cott, manager, into the office. e was attempting to open the afe when Ralph A. Porter, Jr., 17, heater employee and freshman in he university entered.

Scott struck the robber with his st, Porter seized an umbrella and egan beating him over the head ith it, then the robber began hooting. Porter was struck in the hest by a bullet but he grappled ith the bandit, wrested the gun rom him and turned it on his ssailant. The man was struck in he neck by a bullet.

Windstorm Causes Damage In Cooke

GAINESVILLE, April 29. (AP) — Damage estimated from $5,000 to 7,000 was caused by a windstorm aturday night along the Missouri-Kansas-Texas railroad south of the Bulcher oil field in the western part f Cooke county.

One house was leveled, another was unroofed and several others damaged by the storm. Telephone communication also was disrupted.

Nearly 3,700,000 eggs were imported into the United States last year.

How One Woman Lost 20 Lbs. of Fat

Lost Her Double Chin
Lost Her Prominent Hips
Lost Her Sluggishness
Gained Physical Vigor
Gained in Vivaciousness
Gained a Shapely Figure

If you're fat—first remove the cause!

KRUSCHEN SALTS contains the 6 mineral salts your body organs, glands and nerves must have to function properly.

When your vital organs fail to perform their work correctly—your bowels and kidneys can't throw off that waste material—before you realize it—you're growing hideously fat!

Try one half teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—in 3 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—keener in mind. KRUSCHEN will give any fat person a joyous surprise.

Get an 85c bottle of KRUSCHEN SALTS from any leading druggist anywhere in America (lasts four weeks). If this first bottle doesn't convince you this is the easiest safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive — your money gladly returned. Orgatone Proves To Be The Right Medicine After Three Years Of Illness

"Nothing has ever helped me very much for my stomach disorders until I got Orgatone", said W. W. Thompson of 1008 Baltimore Street, Plainview, Texas. Mr. Thompson has been a painter for the past twenty-two years and is very well known and has many friends here.

"At first that was about three years ago, I began losing my appetite and noticed gas forming on my stomach. From that time on I have suffered terribly from a chronic case of stomach trouble what little I did eat soured on my stomach and the gas that formed caused me to be in misery for several hours afterwards. I was very nervous and restless and could not sleep at night. I had headaches and my general condition kept getting worse and I need something to build me up.

"Orgatone (Argotane) was so highly advertised I decided to try it and it has helped me more than anything else I have ever taken. I have a splendid appetite and eat anything I want now and am no longer bothered with gas or indigestion troubles. Gas does not form on my stomach any longer and in fact, I just feel a lots better. I am glad to recommend Orgatone for it has saved me a lot of suffering and money."

Genuine Argotane may be purchased in Lubbock at Bowens Drug Store. Adv.

CONFIDENCE

We are a good deal like the census people, who didn't enumerate all of the good people of Lubbock. Eleven of our good used cars would probably find a home if our prospects knew we had these cars and what good values they can always depend on getting from the Oldsmobile dealer.

Model A Ford Sedan

Like new, original rubber, mechanically perfect. In wonderful condition throughout.

1929 Oldsmobile Coach

Formerly owned by prominent physician. Looks like new and has had the best of care.

1928 Chevrolet Coupe

Smoothest used car in town of this model. Motor re-conditioned in our shop. Brand new tires. An ideal small car.

1930 Chevrolet Coach

1,000 miles. Handled by us on a new Oldsmobile De Luxe Coach.

1929 Whippet 6 Sedan

9,807 miles, original rubber, motor perfect, a car that sells in Oldsmobile price class. It is less than a year old and can be bought for less than $700.

1928 Buick Master Sedan

Traded in on a new Oldsmobile sedan de luxe, by a prominent capitalist. This luxurious car in wonderful condition. Can be bought for less than $800.

1929 Chevrolet Landau Sedan

In excellent condition, original cream colored duco finish. Remarkably well preserved and priced below the market of this model.

1928 Oldsmobile Coupe

Throroughly re-conditioned in our shop. A wonderful business car from which you can expect to get the kind of service rendered by a new car.

1928 Oldsmobile Coach

The same motor, chassis, as the 1930 automobile. Just the automobile for a "Two Car" family.

1928 Pontiac Coach

A remarkably well-kept car, new "Double Eagle" tires, extremely low mileage. Reasonable price.

1929 Model A Ford Roadster

Re-conditioned and refinished throughout. You will like this snappy car at our price.

CHEAP MODEL T FORD TRUCK

With a grain bed.

STOCK PRICES REACTIONARY

DECLINES ARE HELD TO POINT OR SO; FEW SHARES GAIN

NEW YORK, April 29 (AP)—Stock prices continued reactionary at the opening of today's market, but most of the initial declines were held to a point or less. Auburn Auto dropped 2 1-4 points and American Smelting, Brooklyn Manhattan Transit, Radio and U. S. Industrial Alcohol yielded a point each. A. M. Byers opened a point higher and American Telephone and Westinghouse Electric improved fractionally.

Yesterday's sharp reaction, the most severe since last December, brought heavy selling into the market.

New Lows Recorded

New low prices for the year were established in early trading by Anaconda Copper, Rock Island Railroad and Glidden company.

Rails were in free supply as a result of the unusually sharp decrease in earnings shown by the March statements. Atchison dropped 2 1-2 points.

Among the many issues to sell down 1 to 3 points before the end of the first half hour were American Waterworks, Atlantic Refining, Eastman Kodak, Columbian Carbon, Pacific Lighting, North American, General Public Service, Stone & Webster, Marmon Motors, Mack Trucks, Fox Film and Proctor & Gamble.

American Can, Johns Manville and Vanadium Steel advanced 1 to nearly 2 points.

Foreign exchanges opened easier, with sterling quoted a shade lower at $4.86 3-16.

CHICAGO GRAIN

CHICAGO, April 29 (AP)—Notable rallying power in wheat developed today after price downturns associated with favorable weather conditions.

Opening 3-8-3-4 off, wheat afterward declined further but then rose in some cases to above yesterday's finish. Corn and oats followed wheat, with corn opening unchanged to 1-2 off and later showing gains. Provisions were easy.

Produce

BUTTER AND EGGS

CHICAGO, April 29 (AP)—Butter weak; creamery extras 36 1-4; standards 36 1-4; extra firsts 35 1-4 35 3-4; firsts 33 1-2-34 1-2; seconds 31-32.

Eggs weak; extra firsts 23 1-2-24; graded firsts 23; ordinary firsts 21; storage packed firsts 25 1-2; storage packed extras 26.

CHICAGO POULTRY

CHICAGO, April 29 (AP)—Poultry firmer; fowls 24 1-2-28; broilers 35-38; roosters 16; turkeys 25-30; heavy ducks 22-23; geese 15.

LEGION PREPARES FOR HOME DRIVE

Preparatory to the campaign which will start May 14 for a $12,000 new home for Allen Brothers post, local American Legion, members of the publicity committee of the organization met this morning in the offices of the Lubbock Chamber of Commerce to formulate a program intended to acquaint citizens with needs of the Legionnaires.

Speakers named to appear before civic clubs May 6, 7, 8 and 9 in the interest of the campaign are B. P. Condray, Lions club; Dr. W. A. Jackson, American Business Men's club; Dr. Fred W. Standefer, Kiwanis, and R. J. Murray, Rotary.

Pamphlets are being prepared for county-wide distribution on the eve of the fund drive.

Those attending the meeting today were Dr. Jackson, H. D. Woods, Glen Hess, Garnet Reeves and A. B. Davis.

Pollard-Chitwood Suit Is Up Today

The case of W. W. Pollard, of Lubbock, versus Bert Chitwood, of Bledsoe, suit involving sale of about $15,000 worth of goats, is scheduled to be opened for trial this afternoon in 99th district court.

R. H. Brown, of Duncan, Okla. and Bledsoe, Crenshaw & Dupree, of Lubbock, are representing the defendant. Douglas & Spiller, of Lubbock, are attorneys for the plaintiff.

COTTON TURNS EASIER TODAY

NOTICES CAUSE DROP ON MARKET; RALLY MADE LATER

NEW ORLEANS, April 29 (AP) — Cotton opened somewhat easier despite the fact that cables came in as due to slightly better than due. First trades showed no change to 5 points decline. The market continued to drop owing to the issue of notices for 24,000 bales addition on May in New York. May trading down to 15.58, July to 15.67 and October to 14.67, or 8 to 9 points down from yesterday's close. This decline attracted trade buying and covering, and the market rallied 7 to 12 points from the lows. At the end of the first hour the market was steady at teh highs.

The market ruled quiet all morning, prices keeping within the earlier range. While near months appeared to hold firmly, there was some selling of new crop months, owing to the breaking of the drought in the western belt. October has now dropped to a discount compared with July of exactly a hundred points. Near mid-session May traded at 15.62, July at 15.73 and October at 14.69, or just 6 points on all months under the highs.

NEW YORK MARKET IRREGULAR

NEW YORK, April 29 (AP)—Cotton opened steady at a decline of 4 points to an advance of 5 points, May notices were reported amounting to about 22,000 bales, and their circulation caused some liquidation of near months. There was also some selling of new crop positions on reports of further rains in the southwest. Early selling of May was taken by spot houses, and the price rose from 15.97 to 16.04 by the end o fthe first half hour, when active months generally ruled about 2 to 5 points net decline. The new October sold at 14.75.

Indications that May notices were being stopped and failure of the Texas rain news to create more active selling promoted considerable covering. After showing net advances of about 2 to 6 points, the market eased under realizing in near months. Late in the morning July was holding around 16.14 and new October 14.75, or about 1 to 5 points net higher.

RAINFALL

(Continued From Page One)

agricultural agent, "that we have had sufficient rain to start planting of cotton. Wheat and small grain have been immeasurably aided by the recent moisture and pastures should soon be in splendid shape."

The most generous helpings of yesterday's moisture were awarded Aspermont, in Stonewall county, and Cotulla, near the Mexican border. The latter city reported a six inch fall which made all roads impassable. Aspermont reported an eight-inch downpour which tore out the dam of a lake housing the city's water supply.

Towns Getting Fall

Towns reporting precipitation yesterday and last night included Colorado, Crosbyton, Sudan, Jayton, Lockney, Paris, Fort Worth, Dallas, San Marcos, Edinburg, Abilene, Wichita Falls, Plainview, Sterley, Cleburne, Quanah, Childress, Pecos, Rochester, Munday, Jacksboro, Bowie, Midland, Haskell, Pampa, Merkel, Sweetwater, Del Rio, and Lamesa.

Lem Chesher, of Lubbock, inspector for the Texas and Southwestern Cattle Raisers association, said that the rains would restore the confidence of cattlemen of West Texas.

Twister Reported

A miniature "twister," which had the velocity of a sizeable whirlwind, swept across farmland about 10 miles south of Lubbock yesterday afternoon shortly before 6 o'clock, when its ominous form created fear among hundreds of Lubbock citizens who watched its course.

Investigation last night proved that the freakish cloud did no damage and did not reach dangerous proportions at any place. Fearing inquirers telephoned the Daily Journal many times late yesterday to ask "what damage did the cyclone do?" A similarly shaped cloud was seen yesterday south of Lamesa.

House Passes Reed Bill, To Senate

WASHINGTON, April 29 (AP)—Overriding efforts to broaden federal participation in state vocational rehabilitation work, the house today passed the Reed bill to authorize expenditure of $1,000,000 annually for three years to restore disable workers to industry. The measure now goes to the senate.

It has the approval of President Hoover and Secretary of Labor Davis and on the final passage in the house had practically unanimous support.

LUBBOCK NEAR SOLUTION OF CITY PLANNING

COMMISSION EXPECTED TO MAKE DECISION SOMETIME TODAY

After three years of study on the part of six of its citizens, including a series of conferences with experts, representing 10 different technical firms, Lubbock has moved closer to the acceptance of a city plan.

At the close of two meetings, composed of city officials, Board of City Development committeemen and directors, held Monday and Tuesday night, members of the City commission requested a definite plan for consideration. Arthur H. Carhart, of Denver, member of a firm recommended for the work here, went into consultation this morning with City Engineer Marlin R. Smith and was expected to make a proposal to the commission sometime today.

Attendant at the two meetings of Monday were: Mayor J. J. Clements, Commissioners D. N. Leaverton, John Roach and George Benson; BCD Directors C. E. Maedgen, Roscoe Wilson, Thomas B. Duggan; City Engineer Marlin R. Smith, City Secretary W. H. Rodgers; City Plan Committeemen Chas. H. Mahoney, N. L. Peters, Chas. A. Guy, and A. B. Davis, manager of the chamber of commerce.

Discussions and an explanation of city plan work occupied the entire time of both gatherings.

May Meet Today

Mayor Clements said this morning he would place the matter of a city plan before the commission today if he were able to gather his administration together. Members of the BCD committee have requested the city to either accept or reject the proposal of a city plan for Lubbock within the near future.

Following its work of more than two years duration, the committee, composed of J. B. Maxey, Harry N. Roberts, Messrs. Guy, Peters, Benson and Mahoney, appeared before the city commission on December 30 in what it expected to be its final report. H. D. Woods, then mayor, told the committee that his administration would act within thirty days time, then shelved the proposal and it was not heard of again officially until yesterday. Since that date city administrations have changed and what is described as a final effort on the part of the committee is being made to put the proposal over.

YARD CONTEST

(Continued From Page One)

tions on plants, flowers and shrubs to contestants in the contest and arrangement shave been made with the city commission so that reduced rates will be allowed in water. Special reductions on gardening tools and materials will be offered contestants by various merchants.

Both the front and back yards will be included in the judging of the contest, the winner to be adjudged on attractiveness, appearance, detail and degree of improvement from the first inspection which will be made at the state of the contest.

PRISON TURMOIL

(Continued From Page One)

into the idle house through small windows and peep holes, the convicts had quieted down, and prison officials ordered guards into the cell blocks to make an inspection.

The effort to escape came shortly after National guardsmen had started erection of a barbed wire stockade in the prison yard, in which it was proposed to hold the revolters until hundreds of cell locks had been repaired. The mutineers heretofore had confined their activities to "passive resistance" against the wardenship of Preston E. Thomas. They had been in revolt since the fire, when 320 convicts were killed by fire and smoke Monday night a week ago.

Prison Guarded

Columbus police reserves, summoned when the disorder started, cleared all the streets in the vicinity of the penitentiary.

Two of the wounded convicts were George Tonoff and Jewell Joffa. The former was shot in the right lung and Joffa received a bullet in the right leg. Tonoff was serving from three to 15 years for burglary and Joffa three to seventeen years on the same charge.

All prison guards in the guard room were ordered removed and were replaced with National guardsmen, armed with machine guns, automatic rifles, sidearms and tear gas bombs.

"THREE LOST SOULS" IS SUBJECT OF DR. EVANS' SERMON IN SERVICE AT FIRST METHODIST REVIVAL TONIGHT

"Three Lost Souls" has been announced as the subject for a sermon to be preached tonight by Dr. L. L. Evans of Waco who is conducting a series of revival services at the First Methodist church.

This morning the visiting minister preached on the theme, "How to Choose Life's Best" to one of the largest morning audiences since the services began over a week ago.

"The majority of people are lacking in the quality of mercy," he said in part; "There is not a life you meet but what you may bless in some way. Don't do just what is required of you but on the other hand try to see how fine a thing you can do and how great an influence you are able to extend."

Dr. Evans stated that if God is our strength we may withstand all in time of temptation, and that the life that is fruitful must be fed on spiritual food.

Last night Dr. Evans preached on "A Fool Farmer."

LIONS CHALLENGE CLUBS IN GOLF

Challenge was issued by the Lions club golfers today to golfers of the Rotary, Kiwanis and A. B. C. clubs for a summer tournament here. By motion of the Lions at their regular weekly luncheon meeting at the Hilton hotel today noon, the club issued such challenge, deciding to first hold an elimination tournament of their own to secure the best golfers of their organization.

Other features of the meeting were talks on purpose and suggestions for the club by W. H. Evans and Robert H. Bean, and selections by a male quartet, composed of Arthur L. Brown, Dr. S. S. McKay, Edgar Shelton and Herbert Carlock.

President S. S. McKay of the club presided and reported a recent visit made to the Dallas Lions club. Hugh Norman was chairman of the program. A resolution, offered by Dr. P. G. Harbaugh, to the effect that city ordinances be passed regulating the keeping of livestock in the city as a means to aiding the Clean-Up campaign.

QUARREL ENDS IN DEATHS OF TULSA COUPLE

MR. AND MRS. CHARLES M. MORTON VICTIMS OF SHOOTING

(By Associated Press)

TULSA, Okla., April 29—Charles M. Morton, 42, Tulsa sportsman, and his wife, 40, were shot and fatally wounded last night, allegedly by Roy Freeman, 38, a next door neighbor in a quarrel resulting from an attempt by Freeman to increase the rent on a garage which he rented to the Mortons.

Two Morton boys, Mevin, 16, and Bebe, 14, told police that Freeman shot their father as he drove into the garage and then shot their mother as she ran out from the house.

Canyon Farmer Has Unusually Large Egg

An egg, large enough to satisfy the breakfast appetite of an average man, was displayed here today by W. P. Rhoden, farmer of the Canyon community, 6 miles east of Lubbock.

The egg measures 8 inches around the long way and six inches around the center.

Mr. Rhoden has 180 white leghorns, enough to furnish a nice income each month.

TANLAC ENDS ANOTHER CASE OF RHEUMATISM
and Stomach Troubles—Hotel Man Benefits This Time

Ending the suffering of 10 years in just a few weeks is going some but that's just an example of how quickly Tanlac works in stubborn cases that never yield to other remedies.

No wonder so many local people are so enthusiastic about Tanlac—no wonder local druggists are loud in praise of this medicine. Read for instance what Mr. J. L. Kline says: "For 10 years have had stomach troubles. Rheumatism also of mornings, stiff and sore all over, mostly in back and shoulders. A good powerful medicine was needed to fix me up and Tanlac proved to be all of that. From it I got relief from all troubles, stomach and rheumatism. My digestion now is just about 100% good. No more pain or distress, eat good, sleep as good as I eat, pain, stiffness, rheumatism all gone. Rheumatism in back and shoulders wiped out. I have tried out lots of medicines but Tanlac gave me results." That's the story of Tanlac in a nutshell—it gives results and gives them quick, for every herb, bark and root is a real medicine. Many "patent medicines" make glowing promises that may fool you into buying them, but remember Tanlac is a real medicine that backs its claims with a guarantee. At all druggists. Accept no substitute.

SAVING GIVEN IN RULING ON COAL RATES

FIGHT OF LONG TIME IS ENDED AS ICC MAKES DECISION

Concluding a fight of long standing staged by West Texas cities, shippers and coal dealers against the Santa Fe and other railroads, the Interstate Commerce Commission has handed down a ruling which states that rates on coal in carloads from southern Colorado and northern New Mexico to points in Texas, New Mexico and Oklahoma are unreasonable.

Lubbock, by the decision of the I. C. C., will save approximately $1.50 per ton, it was announced. Officials of the local chamber of commerce, who have cooperated with other cities in the fight, were advised of the decision Monday through Callaway & Reed, Dallas law firm.

Area Benefitted

Practically all of the destinations mentioned in the application of the complaints for reasonable rates for the future are in or near the South Plains.

The commission, overruling a recommendation of division three I. C. C. found that the rates assailed on lump and nut coal in carloads from the Canon City, Trinidad and Raton-Dawson districts are unreasonable and the defendant railroads are ordered to establish on or before June 30, 1930, and thereafter to maintain and apply to interstate transportation of lump and nut coal rates which shall not exceed those which would result from the application to the corresponding rates prescribed of the existing differentials between the Walsens district. Reasonable rates the prescribed by the commission for the future and reparation was awarded the complainants.

It is estimated that reparations will be due on about 10,000 to 15,000 cars of coal.

SOUTH PLAINS NEWS CHATTER

BY J. SAM LEWIS
Field Correspondent

DEAN OF GROUP

A. J. Stricklin, genial editor and owner of the Brownfield Herald, is easily the dean of newspaper men on the South Plains. Also A. J. has worked out a scheme for securing advertising that several of his editorial brothers are anxious to find out how he does it. Brownfield was hardly more than a wide place in the road when A. J. got hold of the Herald. He was the second man in this section to own a linotype, Lubbock having the first. A. J. prints ten pages of home print every week, full of advertising besides handling a lot of job work for towns even over in New Mexico. He has a well equipped shop that can turn out a lot of extra work.

BUSINESS INCREASING

W. B. Ingram, who operates a bus line from Brownfield to Post, says he finds that business in his line is steadily increasing. Mr. Ingram makes connections at Brownfield with the Pioneer lines from Lubbock to Roswell and at Tahoka with the lines from Lubbock to Lamesa and also at Post. He has built up a steady patronage.

HAVE GOOD SCHEDULE

The drivers on the Pioneer Motor line from Lubbock to Roswell work a pretty fair schedule. There are three men, with two round trips a day one from each end. The boys work so that they make two single trips, that is from one town to the other, and then a round trip. This enables each driver to spend two nights out of three at home.

A MEADOW DEED

A former Meadow young woman, now married and living in another town, was called to her former home by the serious illness of a relative. Monday morning she arrived at the bus station in her old home and did not find her relative as she had expected. Dr. Moorehead, owner of the store used as a station, sent his clerk to take her and her baby in the car to her parent's home.

WELL LIKED

Brownfield people think a lot of J. M. Morgan, Big Spring contractor, who has the contract to erect the new high school building. He built the present Terry county court house and in handling the job, sustained a severe loss, financially. Mr. Morgan refused to give up the contract, saying he preferred to take the loss rather than the county have to suffer. When the school contract came up, local contractors gave way so he would have a chance and many of the townspeople said "we hope J. M. wins the job." Sure enough he did and he has won many new friends by his work.

ON THE JOB

Down near Ropesville the state highway department has a maintenance man who does not work by halves. Bright and early Monday morning, after the shower of Sunday, he got out with two graders, one following the other, and proceeded to work the road.

PECOS SUFFERS $200,000 TODAY

PECOS, April 29 (AP)—Loss estimated at $200,000 was incurred here Monday when lightning set fire to the Leader Grocery block and then swept through the Brack Furniture company store and the Justice hotel.

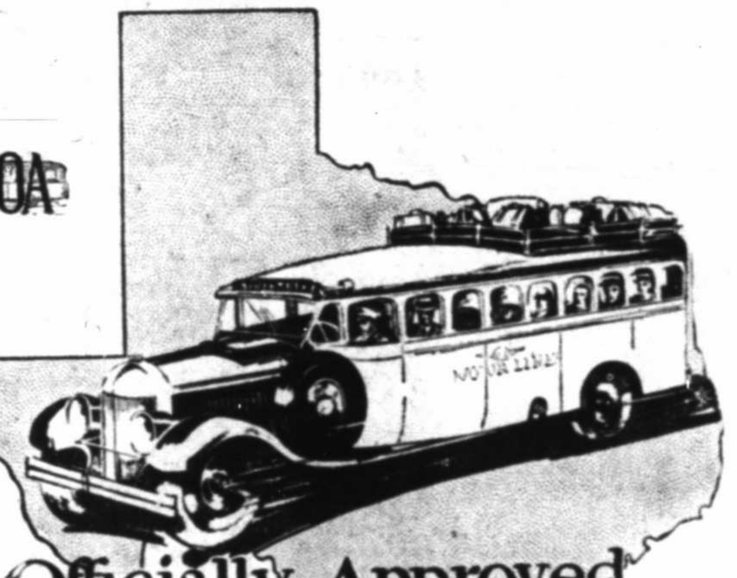

The fire started at the height of a thunder storm. A strong wind was blowing, and the flames for a time threatened the entire business section. It died down a few minutes after the fire started, however, and firement were able to confine it to the three structures.

It was the most disastrous fire in the history of this city.

For the first time in its history of 500 years, the Guildhall, in London, has just been opened for the performance of marriages.

New Zealand expects to export 1,500,000 boxes of apples this year.

MOODY WORKS ON HIS THIRD PUBLIC PAPER

STATEMENT WILL BE OUT THIS WEEK ON HIS WORK

(By The Associated Press)

AUSTIN, April 29. — Governor Moody was at work today on the third and last of a series of statements reviewing his accomplishments as governor, how the legislature treated his proposals and his ideas of solving existing governmental problems.

The last statement, elaborating on his way of meeting pending problems, was to be completed during the week and was expected to lead up to his announcement for a third term.

Regrets Attitude

Although declaring it would be unfair to the legislature to say that he had not been without its cooperation, he said it was "to be regretted that the legislative bodies do not hold in serious regard the platform of the party."

"In the absence of a proper regard on the part of the legislature for the party platform, there is little hope of securing passage of platform measures," he said.

Rests On Legislature

He declared the executive can only suggest the need of certain legislation and that the "ultimate responsibility of passing or failing to pass legislation rests upon the legislative bodies," adding:

"Legislation is either passed or defeated by the representatives of the people in the legislature. If progressive legislation is suggested by the executive, but defeated by rests upon the legislature."

Blondes are less susceptible to seasickness than brunettes, declares Dr. J. C. H. Beaumont, senior surgeon on an Atlantic liner.

Austin Man Dies In Gun Accident

AUSTIN, April 29 (AP)—Roy Marshall, 22, was killed here Saturday night when a bullet from an automatic pistol, discharged when it fell from his pocket, entered his back. Marshall was sitting in a barber's chair when the pistol fell from his hip pocket. The bullet penetrated the chair before entering the youth's body.

Biblical Cities Are Believed Discovered

JERUSALEM, April 29 (AP)—The correspondent of the Jewish telegraphic agency said today that an expedition from the Rome pontifical and biblical institutte believed it had discovered the biblical cities of Sodom and Gomorrah.

ANOTHER WELL GOES WILD

OKLAHOMA CITY, Okla., April 29(AP)—The West Chandler area of Lincoln county had another well flowing into the air again today. It was the Magnolia Petroleum number 2 Decker, in SW SW SE 8-14-4 E, which went wild when drillers were pulling the drill pipe left in the hole when the well blew in two weeks ago.

The estimate of production was between 200 and 250 barrels an hour.
