Public School Week Set For March 2-8 Here

Designation of March 2 through March 8 as Public School Week in Texas was made official this week by Governor Allan Shivers.

Locally, the machinery has already been placed in high gear with chairman and committee already appointed.

L. H. Welch has been appointed chairman of the second annual Public School week. Other committee members include Paul Jones, Truett Fry, Malcolm Bull and Travis Everett.

The slogan of the week is to be "Texas Public Schools—Democracy in Action."

A complete committee organization is now in process of formation, Welch said, and there will be an early conference with the school authorities to enable the citizens' committee to work with the teachers and student bodies for the fullest possible development of a program for the week.

It is hoped that the proclama-

T-Sgt. Elliott's Rites To Be Held

Funeral services for T-Sgt. Shirley F. Elliott, former resident of the Close City community, were to be conducted at 2:30 o'clock this afternoon in Hudman Funeral chapel with the Rev. Joe E. Boyd, Methodist pastor, officiating.

Burial was to be in Terrace cemetery under the direction of Hudman Funeral home. Reese Air Force chaplain and the local Veterans of Foreign wars were in charge of the graveside service.

T-Sgt. Elliott was killed in Germany in 1945 and was buried in a civilian cemetery. His body arrived here last night by train.

Survivors are his parents, Mr. and Mrs. Franklin L. Elliott; a sister, Mrs. Betty Jo Molder, and a niece, Sherry Arlene Molder, all of Portales, N. M.; and his grandfather, Tom Parrish, of Close City.

The following pallbearers were named: Ralph Cockrell, L. J. Richardson, Jr., Wagoner Johnson, Ralph Dean, Bob Poole, R. H. Sappington, Marshall Tipton, and Gene Smith, of Lubbock.

Members of the firing party were to be Morris Huff, Bill Carter, R. E. Shedd, Hoyt Hill, Paul Simpson, Paul Beach and A. C. Cash; color bearers, Jess Green and Jess Cornell; and color guards, Lewis Price and Jackie Weathers.

All Assistants Named As Local March Of Dimes Heads Into Home Stretch

Completion of the naming of assistants to help in the 1952 March of Dimes fund raising campaign as it goes into the home stretch has been announced by David Willis, County Chairman.

Willis said that community chairmen have been selected in the various remaining communities in the county. These include: A. T. Nixon, Close City; Mrs. V. A. Lobban and Mrs. Joe Callis, Justiceburg; F. W. Callaway, Southland; Mr. and Mrs. Bryan Williams, Jr., Garma; Mrs. Elmer Hitt, Pleasant Valley; and Mrs. W. A. Long, Hartford.

All the plans for Mothers March on Polio Night were completed Tuesday afternoon in the home of Mrs. John Lott, who is chairman of the march.

Those attending the tea were Mrs. Max Gordon, Mrs. Ralph Welch, Mrs. Pat Walker, Mrs. Paul Jones, Mrs. Gerald Blackburn, Mrs. Carl Cederholm, Mrs.

Troupe To Arrive In Post On Wednesday And Leave Friday

The Edgar Bergen and Charlie McCarthy show will be in Post at 8 p. m. Thursday, January 31 in the high school football stadium!

Admission prices have been set at \$1, \$2 and \$3, with all proceeds going to the new county hospital.

This show, which would cost

any town thousands of dollars to have, is being staged in Post without the cost of one red penny for the valuable talent and services of Bergen and his troupe of nine entertainers.

Bergen is personally footing all of his expenses and his talent and services are being donated (free of any charge) to Post for the benefit of the new hospital. He offered a complete show gratis for any philanthropic drive the town wanted to give. The hospital plan received the major backing of the town.

The selected troupe of entertainers will head this way in a C-47 Army Transport plane on January 28, stopping at William Beaumont Hospital at El Paso to entertain in the auditorium and wards and distribute gifts to the wounded servicemen there.

The Bergen goodwill flight, originated as a special "thank you" program to express his gratitude for the response to his program, will arrive here on Wednesday, January 30. An official delegation, comprised of as many cars as can be rounded up, including the Post High School band, will meet the troupe in Lubbock and bring them to Post.

That night the business men of the town plan a big barbecue for the entire troupe including the crew of the airplane.

Many questions concerning the arrival of Bergen and his troupe were threshed out at a town meeting held in the City Hall Tuesday night, attended by approximately 100 persons. A steering committee has been appointed to outline the entire show and appoint other committees that will be needed to carry out the project.

This committee consists of O. L. Weakley, George Samson, Homer McCrary, Monta Moore, O. G. Murphy, James Minor, Burnis Lawrence and Eddie Warren.

The committee will meet tonight and begin planning on the details of the show. All committees will be appointed to night and notified tomorrow. They will begin work immediately and report to another town meeting which is scheduled for the City Hall next Tuesday night at 8 o'clock.

Appointments were made Tuesday night for a ticket committee, a concession chairman, and a platform chairman. The ticket committee includes Ted Hibbs, Ira Greenfield, Shelley Camp, Carl Webb and Harold Voss. Miss Dorothy Harbin, Home Demonstrator.

GREETINGS GARZA COUNTY!—That seems to be what Edgar Bergen and Charlie McCarthy are saying in the picture above. And it is what they will be saying in person come Thursday, January 31 when Bergen and McCarthy will present a "thank you" program to the citizens of Post for their fine response to his Operations Santa Claus project before Christmas. Bergen will arrive in Lubbock on Wednesday and will be met by an official delegation from Post. He will present his program the following night.

Basketball Tournament Is Slated Here February 12

Dates for the Rotary sponsored Independent Invitational Basketball tournament have been set for Feb. 12-16, Bill DeWalt, president of the club has announced.

Independent basketball teams from throughout the area will be invited to attend the tournament. Proceeds from the five night event will be used for several projects of the Rotary club, De-

Walt pointed out.

Complete plans, including the necessary committees, were to have been worked out at a Board of Directors' meeting which was to have been held at the home of John Lott last night.

All complete plans and committees will be announced in next week's Dispatch.

Poll Tax Payment Deadline Near In Year Which Is Vital To All People

Only 14 more days remain in which the people of Garza county can declare (and prove it) themselves good citizens.

For exactly two weeks from today is the last day you can pay your poll tax, thereby assuring yourself of a voice in the coming elections throughout the year.

Elections this year are headed by the biggest political bust of any year, the presidential election. The Republicans have at least four men who have announced their intentions of be-

ing a candidate for the highest position in the United States.

Their hats are in the ring. These include Senator Robert Telf, Harold Stassen, Governor Earl Warren, and General Dwight Eisenhower.

Naturally it is not known which of these men will receive the nod from the Republican convention.

The Democrats are still keeping mum. Or Truman is keeping mum. Naturally no one is going to announce and throw his hat in the ring until Truman reveals his intentions.

Coming down on a somewhat lower level, you find the senatorial election. Senator Tom Connally is definitely intending on keeping his seat in the Senate.

But some young aspirant, perhaps like Price Daniel, will attempt to unseat him.

Shivers has already announced that he wishes to remain in the governor's seat for another term.

Locally the election year races are getting off to a slow start. Judge H. M. Snowden has asked for re-election as county and district clerk; Miss Vera Gollehon has asked for re-election as county treasurer; and Oscar Graham has announced for Commissioner of Precinct 2.

Some dates which might be important in the coming election year include:

January 31.—Last day to secure exemption certificate. Also last day to pay poll tax.

February.—Commissioners' Court at February term to appoint Judges of election.

May 3.—Precinct convention to elect delegates to County Convention of political party desiring to elect delegates to national Convention.

May 5.—Request by candidates to have name placed on ballot shall be filed not later than the first Monday in May preceding such primary.

May 6.—County Convention to elect delegates to State Convention of political party desiring to elect delegates to National Convention.

June 9.—County Executive Committee determines hour and place of Precinct Convention.

June 16.—On the third Monday in June preceding each general primary, the County Executive Committee shall meet and determine by lot the order of candidates' names in ballot.

July 6.—Absentee voting for primary—at any time not more than 20 days nor less than 3 days prior to election.

July 26.—Date of First Primary election. Also date of Precinct Convention.

August 23.—Date of second primary.

November 4.—General Election Day.

But not too many Garza county residents seem too interested.

Only 901 residents had paid their poll tax by Wednesday afternoon.

Murder Trials Will Hold Spotlight In Court Jan. 21

District court will open at the Garza county courthouse Monday morning and will be highlighted by two murder trials and one rape trial.

All three cases were postponed at the December 20 session of the 106th Judicial District court by Judge Louis B. Reed. At that time the court tried the case of William Ray Woods, who was sentenced to 50 years in the penitentiary.

This session of district court will deal with the trials of Earl Smith, charged with murder with malice in the shooting of Marshall Gibson; Arthur Green, charged with murder (this is a retrial); and Oliver DeLeon, charged with statutory rape.

Annual Chamber Of Commerce Meet Set

The annual Chamber of Commerce meeting will be held in the City Hall at 7:30 p. m. February 12, Mrs. Mable Lawrence, secretary, has announced.

Everyone is invited to attend this meeting. New directors who will be elected by C of C members on a mail-in ballot between now and then will be announced.

Also to be taken up and discussed will be questions of vital interest throughout the year for all Post business and professional men.

Refreshments will be served. Everyone is urged to attend.

Vernon Lewis To Take Tulia Job

Vernon Lewis, director of the Post band for the past year, has resigned his position effective as soon as a replacement can be found.

He made this announcement Wednesday afternoon. Lewis resigned to accept a band job at Tulia.

"This is definitely a promotion," Lewis said in explaining his acceptance of the Tulia job. "Then too I will be near West Texas State college where I can work on my graduate work."

Lewis said a replacement was scheduled for an interview last night but no word had been received on him by press time.

Paving Can Be Had For Post Streets

This is not an appeal. It is more of a notice and really a service to the property owners along the streets in Post.

Bob Phillips, who is currently laying the curb and gutter for the street widening project, says he will lay curb and gutters and pave streets in Post following the job. There must be one block signed up before the job will be done. Contact him through the City Hall.

—Thursday, January 17, 1952—

PAVING PROPOSAL . . .

A proposition has been extended the property owners in Post who are interested in getting a curb and gutter in front of their property. Bob Phillips, contractor, who is laying the curb and gutter for the street widening project within the city limits, has announced that within the next two weeks he will take orders from citizens who wish the curb and gutter put down on at least two lots may contact City Hall personnel and place their orders. Phillips also announced that his crews will lay sidewalks and driveways. But orders for this type of work, accompanied by the money, must be turned into the City Hall before Phillips and his crews complete the highway project. And he says this should be done within the next three weeks barring any difficulties. Such a proposition should be hard to turn down if a person wants this type of work done, for it might be many moons before property owners in Post have a similar opportunity. The charge for this type of work was not quoted by Phillips but it is almost certain that the citizens will get a bargain for their money.

EDGAR BERGEN SHOW . . .

It is our opinion that the proposed trip to Post by Edgar Bergen and his two associates, Charlie McCarthy and Mortimer Snerd, can definitely prove beneficial to the city in more ways than one. We are overwhelmed at the results of the drive which the citizens of the town made such a success. However, since it was a success and has resulted in the offer by Bergen of a complete show gratis to help a worthy cause, there is no need for the citizens of the town and county to fail to capitalize on it. Our hospital is in dire need of funds. A hospital in Garza county is definitely needed by each and every citizen of the county. It is one project which cannot help but benefit each and every citizen. So the idea of presenting the show to raise money for the hospital should be one that wins instant approval from the people. And it is our hope that the project attracts the whole hearted support of every citizen in the county. Get behind the show and publicize it. Let all your friends know Edgar Bergen and Charlie McCarthy are coming to Post, Texas. Start now and let's draw one of the largest crowds ever to assemble in this area.

Texans In WASHINGTON

By TEX EASLEY,
Associated Press Washington Service

WASHINGTON, P. — The 1952 Congressional Directory lists one change among the names of Texans from last session's issue.

New among the 23-man Texas delegation roster is Frank Neville Ikard of Wichita Falls, who succeeded Ed Gossett when the latter resigned to become a Texas utility attorney. The directory's biographical section gives this account of the new member:

"Born in Henrietta, Clay county, Tex., Jan. 30, 1914; educated in public schools of Henrietta and University of Texas; LL.B. degree 1937; lawyer and judge of the Thirtieth Judicial District court of Texas; served in the Army in World War II; married Jean Hunter of Wichita Falls; two children; elected to the Eighty-second Congress Sept. 8, 1951."

Longest space devoted to any individual biographical sketch among the Texans is the 32 lines it takes to tell about Senator Tom Connally. Much of the lineage is about international parleys he has attended as a U. S. delegate.

Shortest is the modest three lines Rep. Albert Thomas of Houston submitted about himself. It says: "Born in Nacogdoches, Tex., April 12, 1898; A. B. and LL. B. degrees; World War I veteran; married; two children; was elected to Seventy-fifth and succeeding Congresses."

One section of the 737-page directory lists the 435 members of the House by seniority of service. Bonham's Congressman Sam Rayburn ranks third; he entered the House March 4, 1913. Rep. Sabath (D-Ill.) entered March 4, 1907 and Rep. Doughton (D-NC) March 4, 1911.

This year is one of the few times since Rayburn came to Congress that he hasn't had his Jan. 6 birthday dinner with the James L. Aston family here. Since Congress convened Jan. 8 he was able to remain in Texas longer than customary, but still planned to celebrate the 70th anniversary belatedly with Mrs. Aston and her children. Aston, who served in the Texas legislature with Rayburn, died a year ago.

ROGER W. BABSON WRITES THIS WEEK

Advertising Has Raised The Standard Of Living In The United States Writer Claims

NEW YORK CITY. — This is not a defense of advertising. Probably as much money has been wasted on advertising as on drilling for oil or mining for gold; but getting only dry wells and dead veins! But without those willing to take those wild-cat risks, we would have no oil and no gold. Advertising is a risk and should be such.

But advertising is a good risk. Money spent thereon is the best gamble that I know of. According to an Advertising Bureau which made a study of the 717 companies which were spending annually over \$25,000 on advertising ten years ago, 91 percent are still in business and doing more advertising than ever, while only 5 percent are now spending less on advertising. Only one company in twelve found advertising unprofitable.

Those companies which have quit advertising were trying to sell a wrong product, or had wrong sales policies, or an antiquated management. The way this 91 percent has stayed in business with continuing success, despite competition from new companies and improved products, proves my point.

Most of the above 717 concerns are located in the larger cities; but I believe that statistics of merchants in small cities would show an equal percentage of success. The most successful companies are now giving much advertising to small dailies and weeklies. This tendency is sure to increase as years go by. The people of small communities read advertisements very carefully.

One of the safest investments is in newspapers, large or small, especially where there is only one newspaper which controls the field. It is true that the costs of producing all newspapers are rising; but it is easy to raise the price of a newspaper. Most newspapers now sell for five cents, while some have recently increased to seven or ten cents. People want news; the more they pay for a newspaper, the more carefully it is read (news and ads) — hence, more valuable is its advertising space.

Helping Employees

I believe in pension plans; but pensions help workers only after they are 65 years old. Advertising helps all employees all the time. Too few companies take seriously the problem of making factory workers understand the importance of what advertising does to hold up production, with high employment.

Labor newspapers should not accuse businessmen of "throwing money away" by spending it on advertising. It is true that advertising expenditures were about \$6 billion in 1951, but nearly all of it is closely watched for very prompt results in greater sales, which, when achieved, lead to larger payrolls.

Thank Advertising

Advertising is largely responsible for the fact that our wages and standard of living are so much higher than that of any other country. Without advertising, we couldn't have mass selling. Without mass selling, we could not afford mass production. Without mass production, we would not enjoy the world's highest standard of living.

"What is selling — and advertising — doing to help me?", you may ask. It is helping you to secure 52 weeks of employment and is helping to increase your "take-home" pay. It is increasing employment so that your son can also get a good job. As it helps every worker, it makes more trade for every merchant. We should all encourage advertising.

Everything in this world has its advantages and disadvantages — hence, so has magazine advertising. It is becoming so beautiful and "pulling", prepared by high-priced artists and psychologists, that it may get many women to buy more than they should and go needlessly into debt. These ads may also result in unreasonable labor demands. On this point, you might be interested to write the U. S. Chamber of Commerce, Washington 6, D. C., and ask for these free leaflets: "Fables and Facts About Advertising"; "The Man Who Couldn't See Beyond His Own Nose"; and "Where's Elmer".

Getting Out On the LIMB . . .

By EDDIE the editor

Will miracles never cease! Who would have dreamed that the local Operations Santa Claus drive sponsored by this newspaper would have or could have resulted in the personal appearance in Post of Edgar Bergen, Charlie McCarthy and Mortimer Snerd! Certainly not us at the paper.

But that it did. And now we must (and when I say we I mean the entire town and county) begin to plan for the reception of this trio of international celebrities.

This is an opportunity in a lifetime. Bergen's talent would cost any town into the thousands of dollars, if they could get him to present a program at all.

But Post, a town of not more than 3,200 people, can have a personal appearance through the kindness of Bergen. Just goes to show you what a little kindness can do. Also proves that the size of the town never constitutes its bigness. That can be found only in the hearts of its people.

Post should actually feel proud, in this case. For it would take quite a search to find a place with more big-hearted people than right here. Oh, not just the Christmas gift idea, but such deeds of kindness as the Stampede Cowboys giving a calf to Girls Town; the Merry-maker Club sewing quilts and clothes for Boys Ranch, Girls Town, and Milam Orphans home; Firemen giving 400 pounds of candy to the children at Christmas time; and many more projects sponsored by the good people of Post which tend to prove the bigness of their hearts.

Bergen himself believes in the kindness of the people of Post. In the letter by his Public Relations department, he requested it read, in part . . . "when they so magnificently contributed gifts to Operations Santa Claus . . . thanking all the people of Post, Texas, for their great humanity and generosity."

Again I say, Post people are justified in possessing a feeling of personal pride. No other town in the United States accomplished the deed Post did on its response to Operations Santa Claus. So do as we at the Dispatch are doing. Pat yourself on the head and do a little bragging.

Now back to presenting the program when Bergen arrives. There is no doubt in my mind that it will have to be staged outside, if that is acceptable to Bergen himself. And only two places offer themselves as being capable of coming anywhere near to holding the people the show will assuredly attract. These are the high school football stadium or the Stampede Rodeo grounds.

I feel assured that either of these places will be made available for the program. And as for the cause toward which the money derived from such a program will go, I can find, search my mind as I may, no other project which would benefit the county as a whole more than the new hospital. It is the logical and ideal "philanthropic drive" which Bergen said "he will be pleased to give a complete show gratis for the benefit of this cause."

At the time I am writing this column, the Commissioners Court and the Board of Managers have not met to determine exactly what specific purpose the money will be spent on. You can find the results of that meeting in another section of the paper.

In planning such a program, of the reception, welcoming, providing places to stay, for Bergen and anyone else he brings with him, will be a tremendous task. It will take the backing and full support of every person in the town and county.

At the present time the date of his arrival is not known definitely. But a letter has been mailed to his press agent (whose help will also be invaluable) asking for the pertinent details of planning for Bergen's visit. As soon as an answer is received, the people of the county will be informed through the paper on all details.

However, there is one thing we can all do right now without knowing when Bergen will be here exactly. That is get the word around that he is coming. Every citizen in the county can take an active hand in this phase of the operation. When you write your friends, relatives or associates in neighboring counties, towns, and cities (and any place else you write to people) tell them Bergen, McCarthy and Snerd are coming to Post. Also tell them you will let them know the exact date later, then they can be planning on attending the show.

Then don't forget to make an open date yourself and make it a point to be there. The program will not only prove wonderful entertainment but will be beneficial to you, you and you in the long run.

I would like to take this opportunity to express my gratitude and thanks to the people of Post whose generosity made this event possible. Our idea started it, but without your fine response the project could not have reached the wonderful climax that it has. Don't forget. SPREAD THE NEWS!

The One And Only Needed Control

Our Contemporaries Are Saying:

Just Talk

Conditions like we had last week brought out the inventive qualities of folks around this section of the country. One of the most surprising outfits I have seen was one that stopped out in front of the Slatonite. It looked like a combination garden plow, locomotive and sewing machine. It was operated by a colored man who comes to the Slatonite occasionally to buy mimeograph paper and supplies. He is a preacher, picks cotton, and does odd jobs, and in his off time builds things. He had cooked up the contrivance he was driving and it navigated on the snow just as easily as it does on dry land. He said it was made from an old Chevrolet, parts of a washing machine and odd parts he had picked up at a junk yard. Looking at it through a frosted window I thought I could recognize one or two things off a printing press, an old felt hat and an egg beater.

Housing Unit

Citizens of Olney and surrounding area are invited to inspect the town's new \$450,000 public housing project Sunday afternoon January 13, from 2 to 5 p. m. Named Bluebonnet Apartments, the 50-unit project is located at the corner of West Groves Street and Loop 79 in Southwest Olney. Hosts for the open house event are members of the Olney Housing Authority and Joe Paschall, project executive secretary. Paschall said that doors of one of the units typical of all the rest, will be opened to visitors. The unit to be inspected carries the address 934 Bluebonnet Drive and is the first unit in the second row of buildings. Each of the 50 apartments, designed for low income renters, has an electric refrigerator, a kitchen range, and central heating. Contained in 13 red brick veneer buildings, the units are of one, two and three bedroom sizes. Contractor W. O. Hayter is applying finishing touches at the project in preparation for final government inspection on Friday, January 18. Paschall said the apartments would be ready for occupancy on Friday, February 1.

Friend—I Smell Smoke

Patrons and the management are probably still unaware as to how close to panic the Plaza Theatre was at the New Year's eve prelude. A chap sitting alongside Jess Murrell whispered that he smelled smoke. Mr. Murrell agreed. It was definitely decided that something was burning. Seconds later, a gentleman sitting just in the rear of Mr. Murrell, leaned forward. "Don't want to bother you, friend," he whispered. "but smoke is coming out of your coat pocket." Mr. Murrell calmly retreated to the lobby, removed his burning pipe and extinguished the burning lining of his coat pocket.

To End Debt

A major city project of indebtedness inaugurated in July of 1947, will come to an end late this month, or early in February when the city of Levelland pays off the last installment of some \$531 for installation of parking meters. The original investment was for \$25,375. It included the cost of 350 parking meters installed at a value of \$72.50 each. Since the installation the city has paid half of its monthly receipts to the manufacturer. During the calendar year of 1951, the city of Levelland collected a total of \$13,451.52. Half of that amount was sent in payment for the meters.

CHEVROLET DISPLAYED AT CONNELLS Saturday is the day at Connell Chevrolet Co. For all day Saturday Connell's will proudly showing the brilliant new Chevrolet 1952. Chevrolet records indicate the floor Styline De Luxe sedan was the most popular body model in the country in 1951. Above, it is shown in its 1952 design, more striking in appearance and improved in performance over earlier models. SEE IT AT CONNELL CHEVROLET.

New Chevrolet For 1952 To Go On Display At Connell's This Saturday

Saturday is the day! Claims Jude Manly and all personnel at Connell Chevrolet Company. For Saturday they will play the new, brilliantly new Chevrolet for 1952. It's going to be a gala occasion at Connell's. Everyone is urged — to attend the big showing. Favors are to those persons making the trip. And ladies — take a something special is going you. Don't miss the show-freshments and the big new favors. The new Chevrolets feature a new array of smart, new richness in passenger compartments never before in the low-price field, an easier ride and readier response.

Colors range from onyx black, birch and dusk gray, emerald and spring green, admiral and twilight blue, sahara beige, regal maroon, honey dew, beach white, bittersweet and cherry red.

To the passenger, the added riding comfort of the newest Chevrolets will be noteworthy. As a means of eliminating vibration in the passenger compartment, engineers devised a new method for engine mounts. Known as "Centerpoise Power," this has involved the substitution of three-point mountings for the previous mounting at five points in the frame.

SEE THE BRILLIANTLY NEW CHEVROLET FOR '52!

Saturday marks the first public appearance of the brilliantly beautiful new Chevrolet for 1952. So come in and let us show you the new features that make this the smartest looking, smoothest performing Chevrolet of all! And let us also show our appreciation for the support and loyalty which has made Chevrolet the salesleader over the last 21 years. Plan now to be our special guest!

Gems of Thought

HAPPINESS
The belief that youth is the happiest time of life is founded on a fallacy. The happiest person is the person who thinks the most interesting thoughts, and we grow happier as we grow older.

William Lyon Phelps
Happiness is spiritual, born of Truth and Love. It is unselfish; therefore it cannot exist alone, but requires all mankind to share it.

Mary Baker Eddy
True happiness renders men kind and sensible; and that happiness is always shared with others.

Charles Montesquieu
As we are now living in an eternity, the time to be happy is today.

Grenville Kleiser
Happiness is the legitimate fruitage of love and service.

Arthur Hardy
We are all of us fellow passengers on the same planet and we are all of us equally responsible for the happiness and the well-being of the world in which we happen to live.

Hendrick W. van Loon
Postite To Receive Law Degree Jan. 31

One Postite is listed among the 45 seniors in the University of Texas Law School who are scheduled to receive degrees at the close of the current semester January 31.

He is Andrew Curtis Neal, Law Dean W. Page Keeton, of the University announced that Neal and the other 44 seniors will be presented their Bachelor of Laws degrees at that time.

Several modifications in the idle and the accelerator pump systems and the fuel bowl of the carburetor are responsible for greater efficiency in carburetion.

Chevrolet's popular automatic transmission, the Powerglide, which over the last two years has proved its value in the hands of more than a half million owners, again is listed as optional equipment on De Luxe models. The performance of the Powerglide models will be even further enhanced by an automatic choke in 1952. This device assures top power efficiency by automatically controlling the carburetor choke in accordance with engine load and weather conditions.

Dates Announced For Lubbock Show

Dates for the South Plains Junior Fat Stock Show have been set for March 17-18-19, show officials announced this week.

The announcement followed a survey of the area's agricultural leaders to determine favorable dates for the show. Exhibitors annually journey here from 26 counties in Texas and New Mexico.

Officials had seriously considered later dates for the show this year, but the survey revealed that exhibitors would have a longer feeding time between their local shows and the regional show here.

The 19th annual exposition is expected to exceed last year's record entry list of 568 pigs, 269 calves and 142 lambs, a total of 986 animals.

London had subway trains as early as 1853.

Positions Open For Interested Persons

The Merit System Council, serving the Texas Employment Commission and State Department of Public Welfare, will offer examinations at approximately 45 different centers in Texas on February 23.

Anyone interested in positions as clerks, typists, stenographers, key punch operators, tabulating equipment operators, senior child welfare workers, or clinical psychologists should apply to the Merit System Council, Box 671, Austin. Applications must be postmarked not later than February 2, 1952.

Application blanks may be obtained at the State Department of Public Welfare office in the Garza county courthouse.

If money burns your pocket, soak it away in U. S. Defense Bonds and you'll have cool cash when you need it.

RECEIVES LETTER
CLEVELAND, N. Y. — Wally Hergeheimer, rookie wingman for the New York Rangers and former star of the Cleveland Barons, recently received a letter of good wishes. It was signed by his former Baron teammates and all the employees of the Cleveland Arena.

After World War II there were about 20 per cent more active business units than before the war, according to a report by the 20th Century Fund.

A good resolution for 1952: to spend wisely and save all you can in Defense Bonds.

National Thrift Week...

"Save — the American Way to Success," the slogan for National Thrift Week, this Jan. 17th to 23rd, is especially significant not only in commemorating the birth of Benjamin Franklin, but also as a keynote to our drive to rebuild our defense armaments.

U. S. N. C. U. S. Naval Hospital, Ward 83N, Great Lakes, Ill. Dec. 28, 1951

Dear Mr. and Mrs. Cash:
Just a few lines to let you know that I received the gifts that you sent to Mr. Bergen to deliver to the fellows in Naval Hospitals. Thanks a lot.

We have been getting quite a bit of snow here. Have about two and one-half feet of snow on the ground. The weather isn't very cold though. But I don't know how long it will remain that way.

Perhaps you would like to know something about me. I am 5' 6" tall, weigh 150 pounds, have brown hair and eyes. My home is in Kansas. I have been in the Marines two and a half years. I spent nine months in Korea and was wounded in September.

I hope I can get 30 days leave in January. That is if I can get permission from my doctor. They allow some of the fellows to go home who have casts on their leg. I have a cast on my left leg. I think they may take my cast off in the middle of January in which case I will be given leave for sure.

Well I don't have much news so will close.

Sincerely Yours,
Sgt. Clarence G. Johnston

School Contracts Renewed At Meet

Contracts for the Post Independent district tax assessor-collector, two principals and the high school band director were renewed by members of the School Board at their Monday night meeting, Superintendent D. C. Arthur announced.

High school principal Chant Lee and Grade school principal Ellis Mills signed contracts for two more years. Vernon Lewis, band director, also was given a two year contract. W. F. Presson signed a new contract as tax assessor-collector.

All four men were granted substantial raises in salary, Arthur added.

Regular teacher election will not come up until March. The board did, however, elect Miss Alice Joy Scott to teach a split section of third and fourth grades beginning at mid-term, which is next Monday.

Arthur announced that to make room in the Grade school building for these two sections, both seventh grade sections will be moved to the high school building at the end of this week.

The high school is remodeling and modernizing its library too, the superintendent said. All stock rooms have been abolished and books are in study rooms in bookshelves around the wall.

JUSTICEBURG 4H

The Justiceburg 4-H club met Monday afternoon at the school. Sandy Cross presided and Jean Winkler read the minutes and roll call. Miss Dorothy Harbin, agent, presented yearbooks to the group and also explained keeping a record book.

Home Demonstration And 4-H Clubs Enter Third Year Of Demonstrations

Home Demonstration clubs and 4-H clubs in Garza county began the third, and perhaps final, year on their three-year plan of concentration on poultry and kitchen and poultry and clothing demonstrations, respectively.

The small doubt which arises over this not being the final year stems from the fact that if the club members decide they could spend another year on the demonstrations profitably, from a knowledge and interest viewpoint, then they will extend the time.

Members of both clubs selected their two demonstrations two years ago while Mrs. Jewel Stranner was serving as Home Demonstration agent. They are continuing their third year under the supervision of Miss Dorothy Harbin.

Under their select demonstrations of poultry and kitchen, the Home Demonstration club members of the five county clubs will give the following demonstrations:

1. Control of poultry parasites.
2. Control of poultry diseases.
3. Freezing and broiling of poultry.
4. Quality eggs and making fruit whips.
5. Water supply and disposal.
6. Selection and storage of kitchen equipment.
7. Care of kitchen and cleaning equipment.
8. Wise selection of large and small equipment.

Following the usual rule on the club demonstrations, Miss Harbin will meet with each of the five clubs once per month and the other meeting that month will be handled by the club members under the supervision of their president.

However, all the meetings during the next year will not be devoted to these demonstrations only, Miss Harbin explained. Some meetings will be demonstrations on crafts, rugs, block printing and plastic work.

Each club is also to have a Mother's Day program which its members will plan themselves.

Home Demonstration club membership in the county has increased by at least 15 persons, Miss Harbin believes. She has met with two clubs that have increased their membership roles and knows that the others have. Clubs include the Graham, Barnum Springs, Pleasant Valley, Justiceburg and Post.

Miss Harbin says she is urging all Home Demonstration club members to begin planning their exhibits for the fair next fall. She says it should be the largest fair to be held in Garza county as far as exhibits are concerned.

Four-H club girls are also in their third year on the special demonstrations of poultry and clothing. Their 1952 demonstrations will include:

1. Freezing of poultry.
2. Culling of hens (this will be a joint meeting with the 4-H boys).
3. Food values of chickens, which will include a broiling demonstration.
4. Quality eggs.

Movie of the Week

OUT OF DISTANT SPACE IT CAME! FROM A DISTANT PLANET CAME A GIANT ROBOT — to bring the world face to face with its most terrifying threat!

THE DAY THE EARTH STOOD STILL

Another science-fiction thriller to be presented by the TOWER. THE DAY THE EARTH STOOD STILL provides the answer to the dreaded question, "Can the world survive the deadly menace of strange space 'men' with powers beyond our understanding and indestructible robots with electron-magnetic brains?"

SPECIAL BULLETIN

"It has happened! Only a short while ago the gleaming silver sides of the mysterious space ship, which landed at Washington, D. C. several hours ago, split open. A ramp reached out from within, and a figure apparently human, stepped out followed by a grotesque gigantic robot. As they descended from the ramp, soldiers tensely awaited the next development..."

You take it from there and see THE DAY THE EARTH STOOD STILL at the TOWER next Wednesday and Thursday.

Of course if you don't like science fiction, the TOWER has other good types of movies from which to choose this week. Western, Jungle, Musical and a personality stage show.

Our pick of the week for the picture which will attract the largest house will be the Sunday and Monday presentation of "THE CIMARRON KID", starring Texas "one man army", Audie Murphy. Yep, the kid is back in the KID roles. THE CIMARRON KID is the powder-burned story of Bill Doolin, the Kid who lived by the code of a six gun.

The picture also includes Cimarron Rose (played by beautiful 19-year-old Yvette Dugay) who made the mistake of falling in love; Bob Dalton, who left his mark in bullets and blood; Bitter Creek, treachery followed his trail; and Red Buck, paid the price of an outlaw's life.

THE CIMARRON KID blazingly tells the story of a kid who is compelled to join a gang of outlaws against his will. The love, the hate, the devotion, the loyalty and the treachery of a gang of outlaws are all woven dramatically into the story. YOU'LL ENJOY "THE CIMARRON KID," SUNDAY AND MONDAY.

Mr. and Mrs. Bill McMahon have two tickets at the box office for any showing of the CIMARRON KID. Pick them up through the courtesy of manager John Hopkins.

Tuesday the TOWER will present one of the biggest musicals to hit the screen in sometime. DISC JOCKEY gives you the stars you want to see with the songs you want to hear.

In addition to the fine screen attraction, the TOWER will present on the stage in person, Mrs. Stallings' Personality Class. Combined, these shows promise a fine night of entertainment.

Friday and Saturday a big DOUBLE FEATURE PROGRAM of two big Jungle pictures is offered at the TOWER.

Have you noticed the hedious head hanging in the ticket window at the TOWER? recognized it? Maybe you will if you see the two pictures Friday and Saturday. JUNGLE HEADHUNTERS and ELEPHANT STAMPEDE.

Movie Facts
"How Green Was My Valley" was chosen as the picture of the year in 1941. Gary Cooper and Joan Fontaine attained the highest goal in acting when they were judged as best actor and actress, respectively, for the year. All through the month of February, movie goes here in Garza county will be treated to an extraordinary schedule of good movies.

Some have already been recognized as outstanding pictures, others are fast gaining this reputation and others you nor any.

Winnsboro Lions Need Some History

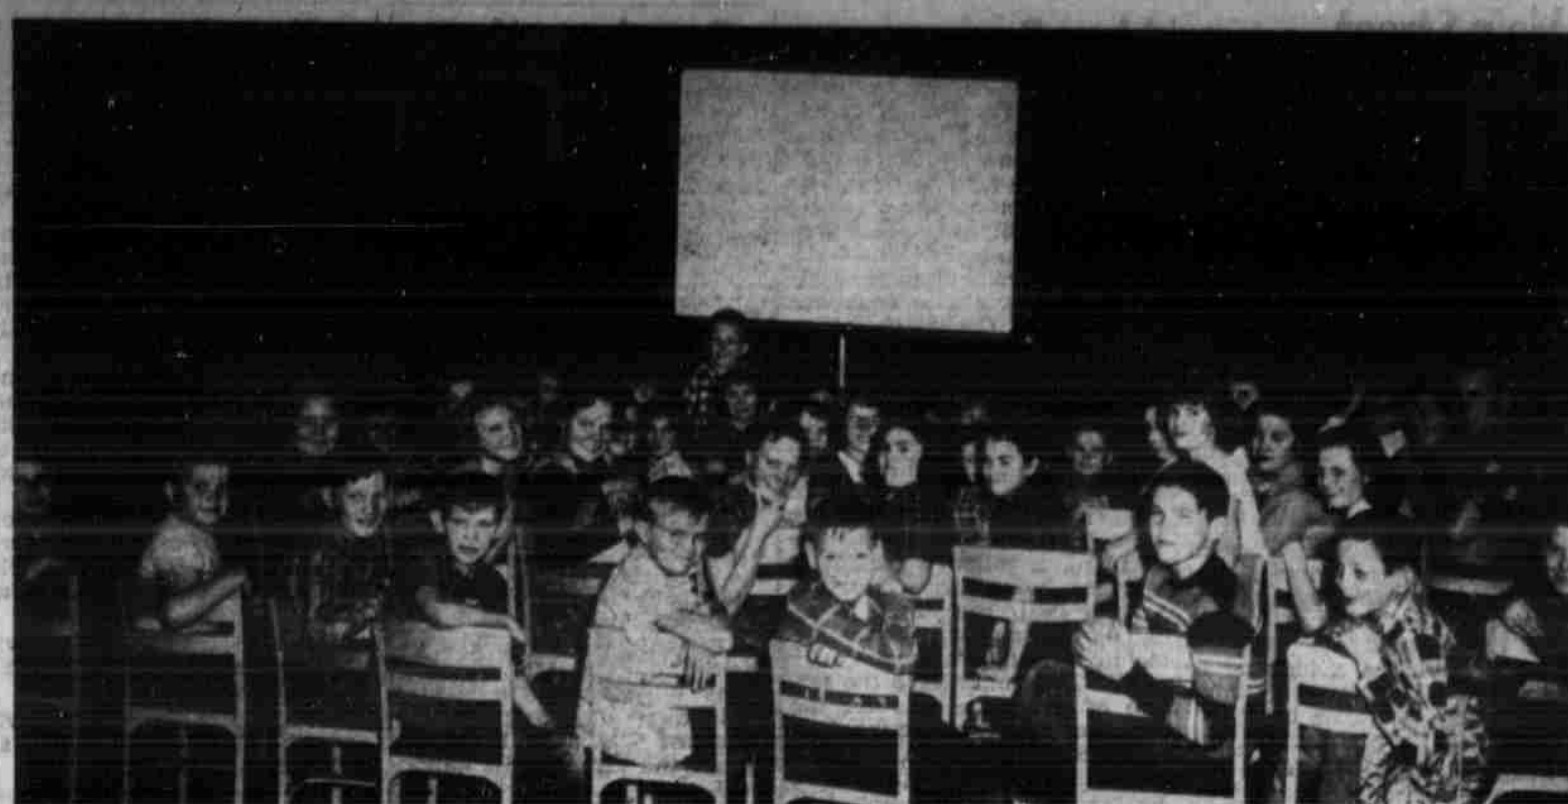

WINNSBORO, P. — Not one of the 18 Lions subjected to a surprise quiz at a luncheon could name the motto of Texas, the state song or the salary received by the lieutenant governor.

John Robb, the Lion who sprang the quiz, unblushingly admitted he'd got the answers himself from the almanac.

When Robb asked them to name the state song, they yelled in unison, "Eyes of Texas," but when Robb checked in the almanac to be certain of accuracy he told them it was "Texas, Our Texas."

Chaplain Covers Few Miles In 20 Months

KUALA LUMPUR, Malaya, P. — The Rev. W. P. Cole, senior service chaplain for the British forces, covered 20,000 miles by road and had over 80 flying hours during 20 months stay in Malaya. The Rev. Cole, a lieutenant-colonel, reported, "The response to church services among troops in operational areas is first class. But one big difficulty the chaplains face is the constant movement of troops."

A LITTLE ADVANCE NOTICE — Students of the Garnolia school are pictured turned around in their seats receiving a little advance notice on a picture about to be shown them by Principal Bryan J. Williams. The students have the opportunity

to see a varied array of educational films throughout the entire school year. Picture day is every Friday. (Photo By Dispatch Photographer)

Garnolia Students Get Excellent Training Through Extensive Use Of Audio-Visual Training Aids

Perhaps the old, often used and time worn phrase, "Seeing is believing," served as the idea for the modern use of Audio-visual aids in the modern schools.

If that be the case, the students at the Garnolia school have ample opportunity to believe many things, for they certainly get to see many varied things through their well-planned visual aid program.

The program, planned by principal Bryan J. Williams, a year in advance, includes movies on almost every known subject, film strips, posters, maps and signs.

Garnolia students begin an extensive use of visual aids during their first year in school. For when the school was remodeled last summer, visual aid methods were literally built in to the floor of the first grade room.

Tile on the floor contains numbers from one through 10, the entire alphabet and a directional compass.

Movies are for everybody — and this means the entire student body of 50 — and are shown each Friday. They cover all subjects and tie in with such courses as science, art, health, and specialized subjects for both boys and girls.

Mostly in color, the films are provided by various companies and cost the school nothing except the postage. In early August, Williams plans the year schedule of pictures and always attempts to tie them in with lectures or follow up lectures with pictures.

Early this school term, Clay Bednar, Texas Highway Patrolman, visited the school and lectured to the children on safe driving and precautionary measures on the highway. To follow this lecture, the Department of Public Safety has booked some safety films for the school.

During this term most of the pictures will center around the conservation of wildlife. So to begin the children thinking about the subject, Williams had W. V. Riddle, district game warden, talk to them on conservation of wildlife.

All films are advertised well in advance with posters and signs which are placed at strategic points around the school.

Films shown this year have included such subjects:

HEALTH: The Clean Look, Be Your Age, How To Catch a Cold.

ART: Finger Painting, Why Young America Paints, How

Young America Paints, and American Portraits.

SCIENCE: Bottle of Magic, about a chemical compound; Television USA; Liberia, Africa's only Republic, Master of Mole-

cules, Story of Atomic Bomb, Plywood, the Miracle of Forestry.

One picture was shown the students on Music Rehearsal.

Films were also shown to the Mother's club and included:

Post School Cafeteria Served A Total of 21,813 Meals Past Term

Post school cafeteria served the staggering total of 21,813 student meals from the time school opened through the month of December.

This announcement was made this week by E. E. Pierce, cafeteria manager.

During that four month period, the lunchroom spent \$2,475. Their income was \$7,861. In other words the lunch room showed a deficit of \$5,386.

Of the grand total of student lunches served in the cafeteria during the four months, 20,946 were type A lunches with milk and 867 were type A without milk.

December showed one of the biggest returns on money of any of the four months. A gain of \$55.92 was recorded that month, and with the Christmas holidays this was only a partial month of operation. The other months all showed losses.

September recorded the largest loss, in the amount of \$517.76. This was caused, explained Pierce, because it was the first month of operation and all supplies had to be bought then.

Averaged on a daily basis for the four months, approximately

U. S. Savings Bonds of Series E, first issued May 1, 1941, have been maturing each month since May, 1951. Under an automatic extension authorized by Congress, the owner, by simply holding on to E Bonds can let their cash value go on increasing each six months until they are 20 years old, when each \$18.75 originally invested will return \$33.33. Of the E Bonds that matured in the first six months, only 27 percent were cashed up to November 1, indicating the popularity of this extension privilege.

Post School Cafeteria Served A Total of 21,813 Meals Past Term

285 students ate at the cafeteria. Given in months and compared to the average daily attendance of the school they read: September, 283 out of 825; October, 269 out of 815; November, 282 out of 800; and December, 300 out of 816.

Also in the four months from September through December the cafeteria served a total of 1,106 meals free or at a reduced rate.

At Les Short Buick Saturday, 19th Buick For 1952 To Be Displayed

Les Short, owner of Les Short Buick, has announced that Saturday has been set as the day to show the 1952 BUICKS! They will be on display in his showroom all day SATURDAY.

Short also tells his and Buick's friends that "there is newness in every sparkling model — sumptuous beauty inside and out — comfort and performance that leave nothing to be desired — and the deep, solid merit of Buick building that puts bedrock value into each and every SPECIAL, SUPER and ROADMASTER. A prospective buyer will find these cars expansively roomy, their fabrics fine, their fittings and finish meticulous in every detail.

And power. In every instance, it is eight - cylinder valve-in-head power from a high - compression Buick Fireball engine — and in the regal Roadmaster it is still mightier power, lifted to new performance and economy peaks by the sensational new Airpower carburetor.

Handling. It's whisper soft and superbly smooth — with Permi-Firm steering — new Wide-Band brakes for safer, smoother stops, and Dynaflo Drive available on every model.

So when the buyer buys a Buick, he can select, with travel taste and budget in mind, from four wheelbases, four power ratings, a full choice of body styles and price ranges. He can choose too from a generously wide selection of equipment and accessories.

In other words Short and all the personnel there builds the car up with the slogan, "When better automobiles are built, Buick will build them."

Hen Doubles Value With "Double" Egg

Talk about a hen that's worth twice her feed!

Mrs. J. V. Overstreet has a hen that produces doubly when it comes to laying eggs. Or she did this week.

The hen laid a "double" egg. It was a soft - shell egg with a hard shell inside. The measurements ran, seven and a half inches around and eight and a half inches length ways.

Les Short was in Oklahoma City, Okla., the first of the week.

All business men and other persons mailing letters between now and the Edgar Bergen show are urged to watch for the special rubber stamp which will be made and placed in the post office for use in stamping outgoing letters. In taking up registered nursing as a career and who is without funds for study and preparation, to enter a hospital and complete a four-year nursing course at no expense to herself.

The hundreds of graduate nurses in hospitals all over America who received their R. N. degrees under sponsorship of the Bergen Foundation attest to the great philanthropic and humanity of this project, which Bergen solely finances. Candidates are selected to enter any hospital of their choice to study at irrespective of race, creed or color.

The chief requirements are that they are equipped to devote a life to registered nursing, will, in the judgment of responsible doctors and nurses, make the grade, and are without funds to carry on such studies themselves.

Post fans of Edgar Bergen, Charlie McCarthy and Mortimer Snerd know only too well the vast amount of fun each of their Coca Cola sponsored radio broadcasts contain. Now they can be assured of even a livelier and longer show when the trio and their fellow entertainers appear here in person that will be jam-packed with laughter, songs and instrumental music. It will also be possible for anyone in Post to personally meet Bergen, the irascible McCarthy and the Slow-witted Mortimer during their stay here.

"Operation Santa Claus," which was responsible for the people of Post to play a part in the recent Bergen - McCarthy - Snerd tour of Army and Naval hospitals across the nation, was conceived by Bergen last fall.

At that time, when many Hollywood stars were planning to tour the Korean battlefronts and the European occupation zones at Christmas time to bring entertainment to our troops, Bergen wondered what was to be done for the wounded men already in stateside hospitals who had already paid the supreme price to halt Red aggression. These hospitalized war heroes — many of them amputees, had no families and fireflies to return to this Christmas.

It became Bergen's personal objective to prove to every hospitalized wounded man that all America was still their family and that family would come directly to their bedsides with gifts and entertainment through his, Charlie's and Mortimer's "Operation Santa Claus."

The appeal to Bergen's radio audience across the nation brought thousands upon thousands of gifts and \$3000 in cash, which was immediately used to buy additional gifts at wholesale prices. All actual expenses of the tour and the advance preparations were personally borne by Bergen. Last December 13 the "Operation Santa Claus" troupe plane, followed by a big cargo plane bearing the gifts. The cargo plane had to make four round trip coast-to-coast flights carrying gifts to the troupe. During a thrill-packed 11-day tour Bergen, Charlie and the others visited 18 Army and Naval hospitals in 15 cities, appearing in no less than 11 and as many as 30 wards in each hospital, in addition to staging everywhere they visited big hour-long auditorium shows for ambulatory patients.

The Post Dispatch has already published the letters from grateful wounded servicemen who have received the gifts sent by the patriotic men and women of this county.

Mrs. Minnie Forbes, of Seminole, is visiting her sister, Mrs. Lee Bowen, and family this week.

Thrane Memorial Scholarship Has Been Established

Post friends of the late O. P. Thrane will be pleased to know that his widow has established a scholarship fund for McMurtry College in his memory in order to continue his policy of giving financial assistance to worthy students that they might attend college.

Mr. Thrane, who served McMurtry College for 15 years as business manager and vice-president, died Jan. 3, 1951, following brain surgery. He and Mrs. Thrane lived in Snyder many years before moving to Abilene. They visited the W. V. Roy, the D. C. Morrell and Ollie Weakley families here often. Mr. Thrane was affiliated with the Snyder National Bank from 1905 until 1936 when he resigned to go to Abilene, and was most active in civic affairs.

Mrs. Thrane has made an initial gift of \$2500 to establish the scholarship, with the intention of adding to the capital sum each year. The first income from the fund will be available to some student for the fall semester this year, and students recommended by local school superintendents, principals or church pastors will be eligible for assistance from the fund.

Graham Announces For Commissioner

Oscar Graham has authorized the Dispatch to announce his candidacy for the position of Commissioner of Precinct 2.

Graham, a longtime resident of the county, has served as commissioner for the people of Garza county before.

In announcing his candidacy for the office, Graham said, "I have the desire to serve the people of precinct 2 as commissioner and with my former experience, I believe that, if elected by the people, I can go into the office without experiencing any difficulties as far as the work is concerned."

4H CLUB MEETS
The Graham 4-H club met Monday afternoon with 11 members attending. Miss Dorothy Harbin, agent, met with the group and they discussed plans for the new yearbook.

Date Extended On Inspection Law

AUSTIN — Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today that the period for securing initial motor vehicle inspections in Texas has been officially extended until midnight, September 6, 1952. As originally specified, all vehicles would have been required to pass inspection before they could be registered on April 1st.

Garrison made the announcement following an opinion issued by the office of Attorney General Price Daniel which ruled that the Safety Department might legally extend the inspection date, and that no inspection certificate would be necessary for 1952 registration.

Director Garrison had pointed out in his request for a ruling by the Attorney General that it would be impossible to complete an inspection of the nearly three and one-half million vehicles in the State by April 1st.

Effect of the new action will mean, according to Garrison, that all motor vehicles in Texas must be inspected and bear an approved sticker prior to next September 7th. Following that, a second inspection will be required for 1953.

George W. Busby, Chief of the Department's Motor Vehicle Inspection Division, stated that he had, today, issued the 1000th license to official inspection stations. Another 1,500 are currently in the process of being approved.

Mrs. J. H. Babb's Sister Dies Sunday

FARM-DAY PICTURE BEING FILMED — Pictured above is a scene from one of the pictures which will be presented free to friends of Shytles Implement company on John Deere Day, Friday, January 25. Showtime is 1:30 p. m. at the Garza theater.

Pleasure Packed Program Planned For John Deere Day Jan. 25

(Editor's Note: Last week the announcement was made that Shytles Implement company would sponsor the annual John Deere Day on January 31. Powell Shytles has announced the date has been changed to Friday, January 25.)

No less than six brand new movies are on the program for the annual John Deere Day show to be held for friends of the Shytles Implement Company on Friday, January 25, at the Garza theater.

Time set for the big show to get underway is 1:30 p. m. Before that time farmers and their families will be provided with coffee and sandwiches at the Shytles Implement company building on the Tahoka highway.

The feature picture, "Galahad Jones," features Richard Crane, Marjorie Lord, Elizabeth Patterson, Jonathan Hale, Ed Brophy and four other Hollywood personalities.

The story centers around a farmer's son, recently graduated from law school, who thwarts the efforts of a big-time crook to profit from his political connections. It is a present-day problem picture with a moral and plenty of laughs.

Leading the pack of five more applause-winning films is "The Big Payoff," featuring Tom Gordon who, along with his typical American family, has won so many friends in previous John Deere Days.

Mr. and Mrs. Reese Carter, Jr., spent the weekend in Wichita Falls.
