Chemical spill causes evacuation

A leaking 55-gallon drum of poisonous liquid caused the evacuation of a one-and-a-half mile area of Mitchell County on Thursday night.

The approximately 30-gallons of blue liquid -- methomyle cyclohexanone -- that leaked from the container is described as a base for the manufacturing of pesticide.

Officials with the Sheriff's Department were notified at 6:48 p.m. on Thursday night of the container which was sitting on the side of the road at a location three miles Southwest of Colorado City on the Sterling highway 163, four-tenths of a mile from the intersection of county road 307.

The drum apparently fell off of a vehicle and started to leak as it rolled to the side of the roadway, Sheriff Patrick Toombs said. He noted that a mark was found in the pavement where the drum had originally hit the surface.

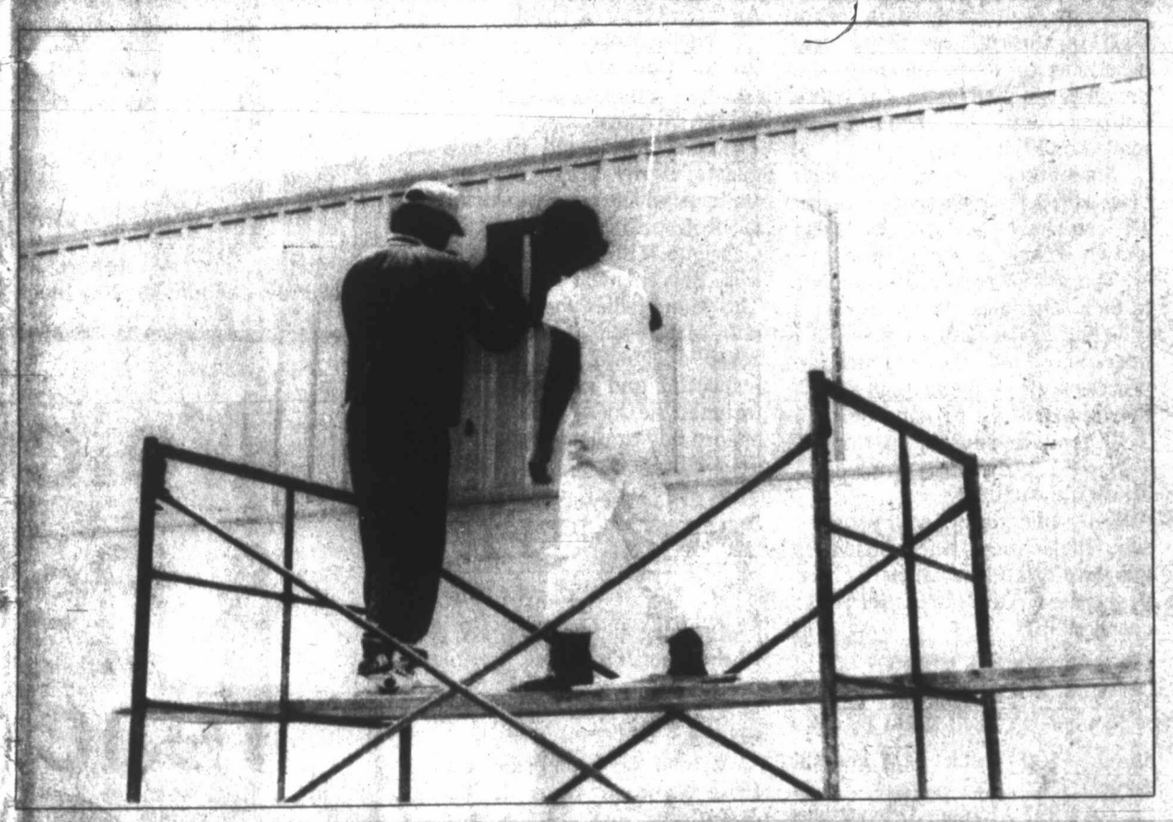

After arriving on the scene, deputies learned that the drum had been noticed beside the roadway as early as 3 p.m. on Thursday afternoon.

Officials with the Department of Public Safety and the Texas Water Commission arrived late Thursday evening and helped to evacuate the area -- which included a section of highway 163 and county roads 307 and 309.

M-Trech of Fort Worth, arrived on the scene at approximately 4 a.m. on Friday morning and began clean-up operations which lasted approximately 3 hours.

Liquid and soil from the area affected by the spill was contained in two fifty-five gallon drums and soil samples were taken of the affected area.

The Texas Water Commission is investigating the incident and attempting to identify the owner or transporter of the drum.

BRANDING WALL: Work recently began to place the registered brands of Mitchell County on the East wall of the new location of Rowe's, which is adjacent to the Kiwanis' Barber Park in downtown Colorado City. The project is sponsored by the Colorado City Area Chamber of Commerce and will emphasize the major part which ranching plays in the economy of Mitchell County.

Three responsible for string of incidents

A series of related incidents which were discovered early Thursday morning have resulted in the arrest of a 17-year-old and two people were turned over to juvenile authorities.

Benjamin Gomez of Sweetwater was charged with unauthorized use of a motor vehicle, burglary of a motor vehicle and burglary as the result of an investigation by officers of the Colorado City Police Department.

Officer George Oliver stopped a 1986 Buick Skylark for traffic violations at 2:25 a.m. on Thursday morning, at a location on the highway 208 by-pass.

Three occupants -- including Benjamin Gomez and two juveniles, also of Sweetwater -- got out of the vehicle.

After checking the vehicle registration and contacting the local owner, authorities learned that the car was missing.

It was later determined that a purse was missing from the vehicle and damage to the dash was reported.

As officers including Lt. Pat Taylor and Officer Oliver with the Police Department investigated further, an apparent string of incidents was discovered.

--A tool box on the back of a 1992 Ford Ranger in the 200 block of East 8th Street was discovered to be open and after the owner of the vehicle was notified, it was discovered that the tool box had been pried open and several items were taken.

Last budget hearing set

One last budget hearing for the county has been scheduled before the proposed budget is presented at the August 10 meeting for adoption and the setting of the tax rate for the coming year.

At present, the preliminary budget for next year shows expenditures of $3.5 million -- an amount which is $226,000 less than the current year budget.

Commissioners are faced with declining values in the county and have been notified by County Tax Assessor/Collector Mike Burt that the effective tax rate for the coming year will be 42.62 cents per $100 of valuation.

The preliminary budget is has been figured to be a half-a-million dollar deficit budget, since the county's income for the next year is projected to be approximately $3 million.

The last scheduled hearing has been set up for Tuesday, August 4, after which the proposed budget is expected to be presented at the August 10 meeting of the court.

The county has been working through the process to provide a budget that will take effect on January 1 of next year.

Youth center work continues, help needed

Help is needed to make a Mitchell County Youth Center a reality.

Work is being performed at the former location of the local museum to renovate the site into a Youth Center -- but donations of labor and money are needed.

Preparations at the building including painting and cleaning the area surrounding the outside are nearing completion, but inside painting, electrical work and rearranging remains to be done, Sheriff Patrick Toombs said.

The majority of the work inside the facility will begin after this weekends 'Jumble Sale' which will be hosted by the staff and volunteers of the Heart of West Texas Museum.

Feasibility study approved to link Lubbock, I-20

A $3.6 million feasibility study for a highway link between Lubbock and Interstate 20 has been approved by the Texas Transportation Commission.

Mitchell County is one of the potential routes for the interstate connection to be made.

The Texas Department of Transportation was directed by the commission to study the feasibility of alternate routes, prepare environmental reports, complete the public involvement process and begin preliminary engineering for the selected alternate.

Routes through Andrews, Borden, Dawson, Ector, Gaines, Garza, Hockley, Howard, Lubbock, Lynn, Martin, Midland, Nolan, Scurry and Terry counties will also be studied by the department.

The federal Intermodal Surface Transportation Efficiency Act will provide $2.9 million and matching state funds amounting to $725,000 will be used to fund the feasibility survey.

Forfeiture petition to be filed next week

A petition of forfeiture is expected to be filed next week as the result of the seizure of $148,510 from a vehicle traveling on Interstate 20.

The filing may take place on Monday in the Mitchell County District Court, with both the money and the 1990 Chevrolet Suburban listed in the petition.

District Attorney Frank Conard said that if the petition is not answered, the court could declare a default of the possessions and award them to enforcement agencies.

The Department of Public Safety could receive 75-percent of the value and the District Attorney's office would receive 25-percent of the value if ownership is not determined.

Donations needed for "Spiritual Explosion"

Time is drawing near and donations are being sought as plans are under way to provide a 'Spiritual Explosion' to be held on Saturday, August 15, at Ruddick Park.

"The youth of our city have passed through many trials and tribulations," said Emmanuel Baptist Church youth president Michael R. Contreras. "It is more than obvious that the youth not only need help but in a manner of tears and heartache are silently asking for help."

Local support is being gathered for a youth event to be held in memory of Robbie Smith.

Christian entertainment and a Christian youth speaker will be featured at the event as well as activities to include volleyball, basketball, baseball, football and game and food booths.

Volleyball teams should register for the competion before Saturday, August 11.

Funds have been established at City National Bank and First National Bank, in order to receive donations so the event might be available to students of the area without an admission charge.

Local FmHA office is consolidated

The local Farmers Home Administration (FmHA) office has been consolidated with the Sweetwater office.

All loan-making and servicing activity after August 7 will come from the Sweetwater office, under the direction of supervisor Dennis Cumbie.

An office period will be held by the Sweetwater FmHA County Office at the G-Kell Building in Colorado City, from 9 a.m. to 12 noon each Friday.

All communications concerning FmHA activities should be addressed to USDA - Farmers Home Administration, 103 West Florida, Sweetwater, Texas 79556 or by calling (915) 236-6337 or 236-6338.

FmHA officials noted that the consolidation was made in accordance with recent directives and in a government-wide attempt to economize.

Health Agency to move

The Home Health Agency will be moving to a new home -- at 2308 Hickory Street.

Directors of the Mitchell County Hospital District were told that the Agency now employes 19 full time staffers and has outgrown their current location at 130 West 5th Street.

The location on Hickory Street offers 3400-square-feet of space which is divided into seven office spaces.

"This will allow the Agency to separate the financial offices from the nursing offices," said Agency director Sue Dossey.

Hospital board members approved a one-year lease for the new office space at a cost of $1000-per-month.

Board members were told that the cost of the lease will be covered through the Home Health Agency program.

LETTERS TO THE EDITOR

Dear Editor:

As an employee of the Lone Wolf Division of Cap Rock Electric, I would like to express my support of David Pruitt.

I became acquainted with David in the early part of 1990. From the beginning, I was impressed with his desire to advance Cap Rock Electric and its goals, which is exactly what he was hired to do. He assumed the responsibility and took action necessary for that growth.

He has a competitive attitude and we know that is necessary for existence in this hard-fact, competitive, ever-changing world. He is consistent and vigorous in his efforts. He doesn't just "wish" something would be accomplished, he creates, he builds, he works to support and protect Cap Rock's most important assets of the future. Those assets are you, the customer and we, the employees.

I'm glad to have the privilege of working along side of someone like David. His efforts on our behalf in the Lone Wolf Division have never been less than the best. Through his positive management, two organizations have come together as a united team and we want to continue our work under his direction and leadership. He, along with the Board of Directors have our support, loyalty and dedication and to let negative opinions destroy what has so painstakingly been accomplished would be an unrecoverable loss.

Beverly Collier
Office Manager
Lone Wolf Division
Colorado City, Texas

An Open Letter of Thanks:

Thanks, Robert Lewis Ramage, for the time and effort that you spent in arranging lodging for the foreign exchange students.

I was privileged to have as guests in my home two of the students which were sponsored by the Rotary Club. They were Miss Gabrielle Millier from France and Miss Febry Anwar from Indonesia. The young ladies were a delight to talk with, each had a marvelous sense of humor and they were respectful and mannerly. I felt fortunate to have been given the opportunity to share a brief span in time with them.

SORT committee seeks input

Public response concerning the financing and plans for refurbishing the historic location is being requested by members of the SORT -- Save Our Round Top -- committee.

The committee seeks to restore the Round Top building which is located at the intersection of East Second and Westpoint Streets.

"We want to restore the building so that it will look like it did originally in 1930," said committee chairman Glenna Garrett.

One option for the committee has been to request the use of hotel/motel tax funds to aid in the reconstruction process of the historic site.

Officers with the SORT committee have indicated the hope of restoring the historical correctness of the site and installing a small soda shop/hamburger stand type operation at the location.

Committee members are seeking public input into the planning of the site and for the financing of the project.

Opinions are solicited by the SORT committee and may be turned in to members including Glenna Garrett at City Hall or Ray Anne Carlock at City National Bank.

GETTING A FEEL FOR TEXAS: Tomoe Kase of Japan, right, tries on a pair of boots at Wood's Boots with the help of Lynn Hargrove, whose family is sponsoring her visit. Tomoe is participating in the Rotary Club's foreign exchange student program and will be staying with the Hargroves' until the end of August.

Japanese exchange student is visiting with Hargroves

Like most young girls, Tomoe Kase of Japan likes to visit new and interesting places.

She became interested in visiting the United States and filled out an application with a Rotary Club in Japan -- a step that led to her making the trip a reality.

As a result of those steps -- Tomoe will remember her 15th birthday for a long time.

It was celebrated this past Tuesday in Colorado City -- eating pizza with her host American family.

Lynn, Joanna and Celeste Hargrove have opened their home as part of the Rotary foreign exchange program visit which will last until August 28.

Tomoe comes to Colorado City from Chiba, Japan -- a community which is located near Tokyo -- where her father is employed with the government and she is a 9th grader in the Japanese school system. She will begin a new school year on September 1.

After completing her education, she hopes to become a police officer.

But whether or not she ever carries a sidearm, Tomoe will always carry a set of memories as big as Texas of her trip to Colorado City as a foreign exchange student.

1992 PROPERTY TAX RATES IN MITCHELL COUNTY HOSPITAL DISTRICT

This notice concerns 1992 property tax rates for Mitchell County Hospital District. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's EFFECTIVE tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's ROLLBACK tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per $100 of property value.

Last year's tax rate:	
Last year's operating taxes	$1,526,532.5000
Last year's debt taxes	$0.0000
Last year's total taxes	$1,526,532.5000

1992 PROPERTY TAX RATES IN MITCHELL COUNTY

This notice concerns 1992 property tax rates for Mitchell County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's EFFECTIVE tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's ROLLBACK tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per $100 of property value.

FOOTBALL STAFF: The coaching staff for the Wolves football teams for the upcoming season at Colorado High School and Colorado Middle School include back row, left to right, Larry Hartwick, Yardy Powell, Gary McNiel, Chuck Claxton, Mark Bennett; front row, Assistant coach Gary Graves, Head coach Mark Howeth and Jerold Epperson.

CISD football players begin practice Aug. 10

All prospective high school students -- grades 9 thru 12 -- who wish to play on the Wolf football team of Colorado High School should attend an important meeting to be held at 5:30 p.m. on Thursday, August 6 at the high school's field house.

Equipment issue will take place at the meeting and the 9th graders can turn in their completed physicals.

"It is very important that the high school students wanting to be part of the Wolves football program attend the meeting," Coach Mark Howeth said. "Those unable to attend should call or get in touch with me before the meeting in order to be a part of what's happening with the program."

Coach Mark Howeth reminds the incoming 7th and 9th grade student/athletes that physicals are required and must be completed by August 10 in order to compete in athletics during the upcoming school year.

Two-a-days for the football squad will be held from Monday, August 10 thru Friday, August 14 at the Colorado High School football complex.

The football squad will report to the field house at 6 a.m. during the week of drills with the schedule to include:

6:30 a.m. - team meeting
7-9 a.m. - defensive practice
9-10 a.m. - break
10 a.m. - team meeting
10:30 a.m. - 1 p.m. - practice

Coach Howeth noted that the plans are for the team to be off the field each day by 1 p.m.

An inter-squad scrimmage has been set for Saturday, August 15, to conclude the two-a-day activities.

The annual 'Pigskin Preview' -- recognizing those involved with the football team and support organizations -- is tentatively scheduled to be held on Thursday, August 20.

Can Your Child See Well Enough To Learn??

When your children enter school this fall, about 80% of what they learn will come through sight. Yet 4 out of 10 children have vision problems that can inhibit school achievement. Most vision problems cannot be detected by the familiar eye chart test for 20/20 vision. Help make your child's future crystal clear.

Does Your Child...

- Avoid close work?
- Hold reading material too close?
- Show excessive head movement while reading?
- Lose his place while reading?
- Rub eyes frequently?
- Make reversals while reading?
- Often have headaches?
- Uses a finger to maintain his place while reading?

If so, we recommend having your child's vision tested.

International Quilt Convention to be held in Houston this year

QUILTS like this 'Baltimore Album Nouveau with Angels,' by Patricia Styring, which received a Founder's Award Honorable Mention and tied for Second Place in 1991, will be on display in the Quilts: A World of Beauty exhibit, during International Quilt Festival 1992.

A stitch in time could help Texan quilters win a place in the sun, or at least a place in the exhibit *Quilts: A World of Beauty* at this fall's International Quilt Festival in Houston's George R. Brown Convention Center.

Finalists from among the worldwide entries in the juried competition will be displayed in one of the 23 special exhibits on view during the 18th annual Quilt Festival, Nov. 5-8.

Texas quilters who are interested in entering their handiwork in the contest are advised to contact the American International Quilt Association (AIQA), since the competition is open only to members of that organization. "Our judged show is unique and one of the most prestigious in the world, thanks to the special talents of our creative members," says AIQA president Linda M. Fiedler.

Quilts may be entered in two size groups: small (length plus width equals at least 60 inches but not more than 120 inches); and large (length plus width is greater than 120 inches but less than 240 inches, and width is no greater than 120 inches).

There are six style categories, some of which are further divided by type of quilt:

- Traditional (pieced or applique) – based on traditional or traditional-style patterns and sets;
- Innovative (pieced or applique) – any quilt "based on" traditional style, but using original or different patterns or sets; quilts should reflect growth through traditions;
- Art – entries in this category deviate substantially from traditional patterns and styles, with emphasis on color, line, and design;
- First quilt entered into competition – quilts of any size within the rules, pieced or appliqued. Although it does not have to be the quiltmaker's first quilt ever made, it must be the first time he or she has ever entered a judged quilt competition with this or any other quilt;
- Group quilt – any quilt on which three or more people worked;
- Merit quilting – quilts will be judged on the actual quilting stitches and quilting pattern.

The objectives of the judged show are to promote and encourage excellence in the art of quiltmaking, to foster appreciation of quilts and quiltmakers, and to reward excellence in quilt design and craftsmanship through the presentation of awards based on qualified and impartial judging.

For complete membership information and contest rules, send a long self-addressed, stamped envelope to AIQA, Box TPA, 14520 Memorial Drive, Suite 54, Houston, Texas 77079.

In addition to the right to enter the judged show, membership in the American International Quilt Association, the world's only international, non-profit quilt organization, brings quilters a membership pin; free copies of *Quilts....A World of Beauty*, the AIQA journal; the ability to apply for The Quilt Card (a special decorative Visa credit card that makes automatic contribution to AIQA at no cost to members); a membership card good for one free day's admission to International Quilt Festival; and an annual membership directory.

International Quilt Festival exhibit hours are 10 a.m.-7 p.m. Nov. 5-7 and 10 a.m.-6p.m. Nov. 8. Also part of the Festival is an academy of quilting and other textile arts classes, seminars and lectures which fill up very quickly. For a registration brochure, send a long self-addressed, stamped envelope (with three 29-cent stamps) to International Quilt Festival, Box TPA, 14520 Memorial Dr. #54, Houston, Texas 77079.

Meeting to be held August 10th

An important meeting will be held for those interested in participating in the proposed antique store/mall concept -- to discuss the possibility of a system similar to the one located in Baird.

John Williamson, chairman of the 'Preserve Our Past' committee of the Chamber, will conduct the meeting to be held beginning at 7 p.m. on Monday, August 10 at the Colorado City Area Chamber of Commerce offices.

Discussion at the meeting will look into the needs and support for a antique store/mall system to be opened in Mitchell County.

Chamber officials note that it is important for people interested in the antique store/mall concept to attend the meeting in order to learn about the program and to offer suggestions for making the system a reality.

Loraine Sr. Citizen Center

Everyone enjoyed their 4th of July on Friday July 3rd. We had the Loraine Senior Citizens Band and Heather Lucas come do a tribute of patriotic songs for Independence Day. We really had a good time.

Residents having birthdays this month were Vera Robinson, Mary Meadows, Ray Lowry and Emmett Banks. Staff was Pauline Pena. New staff members are Menday Wade our D.O.N., James Munoz, nurse aide, Robin LaRowe and Julia Shultz, L.V.N's. New residents are Doris Buck from Colorado City, and Ruby Chaffin from Cleburne. We are in the process of our fundraisers. We are raffling a Home Interior picture, Last Supper. We will raffle it off when we have our car wash on August 8th. Come then and let us clean up your cars and pick-ups.

FROM THE EDITOR'S DESK

DEAN WILLIAMSON

I can tell how interesting television has been the past couple of days by the amount of trash that has mounded up in the house.

After considerable amount of study during the past couple of weeks I have determined that the glow of a television in a dim room seems to encourage rapid growth of refuse.

The Olympics have resulted in the formation of a pretty significant mound -- which occasionally seems to move as if it has a life of its own.

Usually, I don't get too excited about the Olympics coverage.

But a new excitement has been brought to this year's broadcast of the events -- even though I decided not to compete.

I didn't really want to go to Barcelona that bad anyway.

At one time I thought I wanted to go and get a gold medal -- but that was before I knew about this haircut fetish thing.

Since then I've changed my mind.

I didn't want a gold medal bad enough to cut off all my hair.

It amazes me as I watch the games on television -- that each night more and more of the Olympians have shaved their head.

First it was the swimmers -- then the volleyball team.

Who's next?

I've been trying to keep up with all the hairstyling trends that are going on over in Spain while watching the trash mound up.

Olympic telecasts usually prompt a series of hairstyles after the completion of the games.

Gymnasts are usually the ones from the summer games who have the styles that are copied.

But this year the gymnasts seem to have normal generic haircuts.

To make a statement -- they too would have to join in and shave their heads.

So while the swimmers and the volleyball team took the drastic step and cut their hair -- I've been waiting to see how far the tradition of wanting to look like an Olympic athlete will go.

For me it's a challenge.

I'm trying to outlast the garbage -- which has already blocked one of the exits to the house.

Before the hair issue came up, I was going on about my business and would have been able to keep up with the tasks.

But there is something about television that throws the nightly news into a different time slot -- since that's usually when I take care of the necessary business around the house.

I had the same problem during the days of the Democratic convention when I was waiting to see what was going to happen with the Jerry Brown controversy.

After a lot of thought I may have come up with the answer -- but I'm not sure I can get it handled before the end of the Olympic telecast.

I need a catapult.

Jay Leno suggests the use of a 'trash cannon' to alleviate the problem that occurs during the marathon Olympic television watching sessions -- but I fear the noise would alert the neighbors to the flying debris that would be headed their way.

So I'll get to work as soon as the Olympic coverage ends.

By that time I will have plenty of experimental loads -- and it should give me time to get it operating before the Republican parties national convention.

I normally wouldn't stay glued to their coverage either, but I already know that I'll end up glued to it because of the vice presidential controversy.

Besides -- by then the craze may have hit the states and they may all be shaving their heads!

Area hunting lease information sought

The Chamber of Commerce is seeking information about Mitchell County hunting leases -- to provide to hunters who are attempting to lease property for the upcoming seasons.

"The Chamber of Commerce gets many requests for hunting lease availability in Mitchell County," said executive vice-president Jay McCollum. "Due to our limited lease information we can give little information or assistance to the callers or lease holders."

The Chamber's roll is to provide the lease information so that hunters can contact the owner/lease operator of the land so that they can work out the terms of an agreement.

Game Warden Randy Bullard has noted that over 500 deer and turkey hunters and over 300 dove and quail hunters come in to the county each year and that there is a much larger demand for leases than are available.

To improve information on hunting leases that are available in the area, the Chamber has made a form to be used by the land owners to provide information relating to their land.

Over 1074 of the forms have been sent to registered land owners in Mitchell County, seeking information about the availability of their land as a hunting lease.

Chamber officials need information about the local leases by August 15 in order to be able to distribute the information before this year's hunting seasons begin.

For more information contact the Chamber of Commerce office, located at 157 West Second Street or by calling 728-3403.
