"Starts the Day On the South Plains"

SUNRISE EDITION

LUBBOCK MORNING AVALANCHE

Twenty-seventh Year, No. 258 26 Pages Today Lubbock, Texas, Wednesday, October 19, 1949 Entered as Second Class Matter at the Post Office at Lubbock, Texas, under Act of March 3, 1879 Full Leased Wires: (AP) And (INS)

Cold Front Sweeps Toward South Plains

"235 BALES OF COTTON TO THE ACRE"—The picture above shows a large part of the 8,500 bales of cotton in open storage one mile east of Levelland. More than 40,000 bales are expected to be placed on the 170 acre tract owned by R. D. McDonald, head of the Levelland Compress company. Some 30 gins in the area are working 24 hours a day on a bumper Hockley county crop which is expected to reach 175,000 bales this season. Covered storage is being reserved for government loan cotton and little of it remains. The open air storage has adequate fire fighting equipment and guards to meet the requirements of the insurance underwriters. Sixteen men operate the storage lot. While much of the crop is being shipped to Houston and other points a shortage of railroad cars is slowing up the process of moving the cotton from the compress. (Staff Photo by Edward Welsh).

Top Economic Adviser Quits

BY ALLAN J. FUNCH
INS Staff Correspondent

WASHINGTON, Oct. 18. — President Truman's chief economic adviser today attacked government in-the-red financial operation as "a slippery road to misery" and it was disclosed that he will resign Nov. 1.

Dr. Edwin G. Nourse, who has been in frequent conflict with a fellow member of the Council of Economic Advisers over the deficit spending issue, said in an address that he is deeply concerned over the present trend in government.

Nourse's disagreement with Leon Keyserling, generally regarded as reflecting the views of New Deal economists, is said to be a major reason for his leaving White House service.

"Easy Living" Rapped

Nourse, speaking before the National Retail Farm Equipment association, declared that the U. S. must not assume that it has before it "an easy life for a generation born with a silver spoon in its mouth."

That reference was believed to have been aimed at optimistic forecasts by Keyserling and Dr. Edward G. Moulton, president of the Brookings institution for which Nourse worked previously. His office said he would not return to Brookings.

Keyserling has predicted a $350 billion output of goods by 1958. Moulton in a recent book said the U. S. could support a population of 300,000,000 at eight times the current living standard within 100 years.

Nourse observed that "hitching

Wallgren Named To Power Commission

WASHINGTON, Oct. 18. (AP)— Ignoring previous snubs, President Truman named his old capitol crony, Mon C. Wallgren, to the Federal Power commission today as replacement for Leland Olds whom the Senate black-balled.

He picked James M. Mead, another companion of his Senate days, for the Federal Trade commission to succeed Garland S. Ferguson, resigning Nov. 15 after 22 years. Wallgren and Mead are Democrats.

The Senate Commerce committee gave unanimous approval on both choices for the $15,000 posts.

This speedy action was in marked contrast to the reception Wallgren received last March when a Senate committee voted 7 to 6 against his confirmation as chairman of the National Security Resources board. Months later Mr. Truman withdrew that nomination after fruitless efforts to induce members to change their view that Wallgren was not suited for the key defense post.

The power commission regulates utilities and sale of electric power at wholesale.

Sen. Lyndon Johnson (D-Tex), who led the fight against Olds, said he thinks Wallgren is "well qualified for the job" and will be a "tough regulator."

PREMIER NAMED

PARIS, Oct. 18. (INS) — Rene Mayer, former Conservative finance minister, agreed tonight to try to form a cabinet to replace that of the resigned coalition under Henri Queuille. President Vincent Auriol asked Mayer to make an attempt following the failure of Socialist leader Jules Moch.

THOUSANDS OF BALES STORED NEAR LEVELLAND

Plains Cotton Piles Up

By EDWARD WELSH
Avalanche Staff Writer

LEVELLAND, Oct. 18. — R. D. McDonald has 170 acres of land one mile east of Levelland with a cotton stand of some 235 bales to the acre. No, that is not a misprint. This ordinary South Plains cotton soil has a crop that is growing at the rate of 1,500 bales a day.

Within a few weeks there will be 40,000 bales of cotton on this small tract. It came about this way.

The production of the 30 gins in the area around Levelland has reached a tremendous figure although the season is hardly underway. Covered storage space is at a premium. What little is still available is being held for loan cotton, according to McDonald, principal stockholder of the Levelland Compress company.

Placed On Top Of Crop

Something had to be done with this almost unprecedented output. McDonald's answer was to pile the ginned cotton in on top of a growing crop. Arranged in long, neat double rows with gaps between a good part of the crop on the land is being salvaged by a crew of pickers.

More than 8,500 bales were on the yard Tuesday, according to the records of Mrs. M. O. Smith, checker and weight catcher. It can be seen from the Lubbock highway and the Santa Fe railroad, both of which run along the north side of the field. It is an amazing sight. Big trucks and trailers trundle up with more bales to be unloaded. The peak rush comes late in the afternoon.

Fire Guards On Hand

M. O. Smith is foreman of the storage yard. He has a staff of 16 men assisting him as fire guards, and in hauling, placing and weighing the bales.

More than 200 drums and buckets are placed in strategic places to combat hot bales. A 600 gallon pressure tank with 300 feet of fire hose mounted on a truck is also available. Another 1,200 gallon tank truck keeps the barrels replenished. A six-inch pipeline runs out from the city water supply.

"We have only had two hot bales so far," Smith stated. "We have taken all the precautions advised by the underwriters and are on constant guard." Insurance, Smith indicated, would cover a maximum of 40,000 bales on the lot.

The storage lot was opened only two weeks ago. The number of bales is growing rapidly although hundreds of them are moved from the lot every day as they go under government loan.

Ray Wills, part-owner and general manager of the firm, said that at least 3,500 bales have been compressed and shipped. Most of it has gone to Houston and Galveston, he said. One car has gone to eastern mills. A carload is 130 bales and shipments to date total 30 cars.

"We can't get enough cars to keep our ramp cleared," McDon

$70,000 Housing Project Started

Permit for construction of $70,000 12-unit apartment proj at First and Ave. T swelled L bock's building total further T day afternoon.

The apartment is the late in a series of apartment projects that will give Lubbock approximately 600 additional rental units in mass-housing building.

To be known as Lauda's Villa, the FHA-financed California-style apartment is being built by Morris A. Cooper, manager of Lester's Jewelers. General contractor is Carl Hensley.

The site is a block between First and Secand streets, T and Temple avenues.

Pumice Blocks To Be Used

Construction will be of pumice blocks, with steel residential casement windows. A low built-up roof will cover each of the three buildings.

Cooper said Tuesday afternoon that he expects to rent the apartments for $62.50 a month, furnishing stove, refrigerator and venetian blinds. Each apartment will contain a living room, bedroom, dinette and kitchen, and bath.

Finished in oriental stucco on the inside, the buildings will be landscaped and parking areas will be provided.

Different color schemes will be employed on inside walls and ceil-

$99,889 Work Contracts Let On Lubbock County Highways

Low bids on highway work totaling $99,889 in Lubbock county were let in Austin Tuesday, according to an Associated Press dispatch to The Morning Avalanche last night.

The work, for improvements on Farm Highway 400 and on U. S. Highway 62 was awarded Strain and Brown, Inc., of San Angelo.

The work was among 13 low bids on road construction and maintenance projects in the state, totaling $1,323,487. The Lubbock county work included: Farm Highway 400, 12.29 miles, grading, drainage, structures, flexible base and boule asphalt surface treatment; and from U.S. Highway 62, one mile east of Idalou to end of pavement north of Slaton.

10,000 VISITORS ARE EXPECTED

Annual Harvest Festival Is Slated At Brownfield Today

(Special To The Avalanche)

BROWNFIELD, Oct. 18.—Final plans for the grand opening of the third annual Rotary club Harvest festival and Merchant's Jubilee at 10:40 a. m. Wednesday were completed here tonight at a chicken barbecue.

Among the honored guests at the barbecue tonight were Lt. Gov. Joseph M. Montoya of New Mexico and movie star Rod Cameron. The visitors arrived in town today. They are scheduled to appear on the opening program Wednesday.

"We are expecting the largest crowd this year, that the festival has ever enjoyed," Mayor C. C. Primm said tonight. "Everything is set to roll and we plan to make this affair a big one."

The initial kick-off Wednesday morning will come with the appearance of four jet-propelled aircraft over the city. The aircraft, from the Albuquerque, N. M., base will stage a 20-minute demonstration of aerial tactics.

At 11 a. m. a parade led by the Texas Tech band and bands from nine high schools in the area will march along flag and bunting draped streets. Some 10,000 persons are expected to be on hand to witness the spectacle.

An address of welcome will be

Rotary Program Conducted Here

BY EMMETT SHOCKLEY
Avalanche Staff Writer

More than 200 Rotarians and their ladies drifted into the humor and pathos of a James Whitcomb Riley world at a Ladies' Night program at the Lubbock Country club last night.

They listened attentively as Dr. George E. Davis, director of student affairs at Purdue university, and a noted authority on the life of the Hoosier poet, read with rhythmic grace the verse of a man who wrote about "common things, in common language, and for common people."

Allen Makes Introduction

Widely known for his ability to interpret Riley's works through a knowledge of his life, the Hoosier educator, who is a native of Ohio, lived up in every way to the expectations created by the introduction of Dean James G. Allen of Texas Tech.

Dr. Davis, who commented that while only 97 per cent of the people in Indiana were literate, exactly 100 per cent could quote Riley from memory, touched on every phase of the man's life as interpreted through his writings.

From the high humor of "Tradin' Joe," to the nostalgia and partially concealed pathos of "Back to Grigsby Station," the audience laughed tearfully and

Vishinsky Opposes Slavs For UN Post

LAKE SUCCESS, Oct. 18 (AP) — Soviet Foreign Minister Andrei Y. Vishinsky declared today election of Yugoslavia to the United Nations Security Council would be an Anglo-American challenge to Russia which would have "painful consequences."

Vishinsky told a news conference called by the Soviet delegation that he would not disclose now what the Soviet Union plans to do if Yugoslavia wins a council seat over Soviet-sponsored Czechoslovakia.

He said the election of Yugoslavia would be neither "lawful nor just."

Told by a newsman that the British delegation is backing Czechoslovakia, Vishinsky indicated it was news to him. He made it clear he expected the British to vote with the Americans for Yugoslavia.

Vishinsky said American support of Yugolavia violated a gentlemen's agreement by which council seats are allotted on the basis of geographical representation. He said the majority of the countries in eastern Europe had chosen Czechoslovakia and that the Prague government should have the seat on the council.

REDS EYE FORMOSA

HONG KONG, Oct. 19. —(Wednesday). (INS) — Victorious Communist armies in China cast their eyes today on Formosa, last big Nationalist base, 140 miles off the east China coast. A Communist broadcast from Peiping announcing the capture of the invasion-springboard port of Amoy said the victory had "entirely exposed" Formosa to "the blows of the people's liberation army."

20 Lost In Carrier, Freighter Collision

BERWICK, Eng., Oct. 18 (AP) — The unfinished aircraft carrier Albion and a coal freighter collided in a gale off England's North Sea coast today and 20 British seamen were lost.

The 20 went down with the 2,025-ton steamer Maystone. Only four of her crew of 24 were picked up by the civilian crew of the Albion. The freighter sank immediately.

The 18,300-ton Albion, fourth of the light Hermes class, was being towed by tugs from the Jarrow shipyards to the Scottish drydock at Rosyth for completion. Holed on the portside near her propellors, she continued on her way.

Howling winds blew down trees and damaged roofs in many parts of England. One 50-mile-an-hour gust smashed the 34,400-ton liner Caronia into a quay at Southampton while she was docking, denting two of her plates. Three passengers and a crew member suffered injuries from buffeting, 50-foot high seas as she approached Southampton.

ITALY RECOMMENDED

LAKE SUCCESS, Oct. 18. (AP)— A special UN subcommittee voted today to recommend Italy as administering power for Italian Somaliland under a United Nations trusteeship. The vote was 12 to 8 with one abstention.

Congress Is Expected To Quit Today

By LEON SHLOSS
INS Staff Correspondent

WASHINGTON, Oct. 18.—Congress today approved expenditure of $16,814,010,000 to arm the United States and its anti-Communist allies and swept toward certain adjournment Wednesday.

First the House and Senate okayed and sent to the White House the $15,500,000,000 national defense budget, including funds for a 58-group Air Force over President Truman's opposition.

Then the Senate approved the House-passed $1,314,010,000 fund to bolster the defenses of free nations ready to fight feared Russian aggression.

Sent To Conference

The arms-aid bill was sent to conference between the two chambers where minor details of disagreement are expected to be reconciled speedily.

The upper chamber recessed at 9:20 p.m. until noon Wednesday, time its leaders hope to e first session of the ess.

session was dominat-urs-long speech by Sen. Ore) who denied that cratic colleagues on the abor committee "blocked" empt by him to probe ocratic" processes in labor ons.

Icy Blast Is Expected To Move In Tonight

High Winds, Rain And Possible Snow Flurries To Strike Area By Thursday

THE coldest weather of the season — with temperatures plunging to the freezing point and accompanied by high winds, rain and possible snow flurries — will start moving into the Panhandle and South Plains late tonight and early Thursday, the Lubbock Weather Bureau forecast Tuesday night.

Sweeping in from the west and north, a double-barreled blast of cold fall weather is expected to blanket most of the area by noon or early afternoon Thursday.

Moisture, although not heavy, will accompany both cold fronts, the Weatherman said. The cold weather is not expected to last more than two or three days.

Freezing Weather Seen

The first cold front, due to sweep over the South Plains between 8 p.m. and midnight tonight, will shove the mercury down to a low of 30 to 33 degrees by early Thursday morning. A second and more severe cold blast will move in from the north before noon Thursday, holding temperatures in the 30's throughout Thursday, the Weatherman forecast.

There was no definite indication how long the cold weather would keep its grip on the area, but the Weatherman said all indications pointed to continued cool weather Friday and Friday night. Should favorable conditions prevail, the South Plains stands a good chance of getting its first killing frost by this weekend or perhaps even a killing freeze.

Covers Wide Area

Extending all the way into Canada, the second cold front last night covered a wide section of the Rocky Mountain states, sent howling blizzards through portions of Montana and piled snowdrifts five feet deep in some areas.

The wintry blast was tossing its hardest punches at Montana, Idaho, Wyoming, Colorado and was moving steadily toward the Oklahoma Panhandle and on toward Texas late last night. It was from this front that the South Plains could expect its biggest punch Thursday, the Weather bureau said.

Strong winds were expected to sweep the South Plains throughout today, with afternoon gusts of 30 to 45 miles an hour preceding the arrival of the front from the west. Thunderstorm activity and fairly high winds are expected to accompany the front from the west tonight, with intermittent and widely scattered showers continuing over the area today.

Some scattered thundershowers struck over the South Plains Tues-

Blizzards Hit Montana Area

(By The Associated Press)

DENVER, Oct. 18.—Blinding blizzards swept across Montana tonight, snowing in about 100 deer and elk hunters in Teton canyon, 25 miles west of Choteau.

There was no indication they were in any danger.

Wyoming was shivering from the swirling cold front of the storm that has coated Montana with the season's first heavy snow fall. Northern Colorado was pelted by a light rain—faint warning of possible snow and cold tomorrow.

Many Roads Blocked

Many country roads in Montana were blocked by five foot drifts. The Cut Bank-Browning sector, northwest of Choteau, was particularly hard hit. An icy gale blew eastward from the snow-capped Glacier park mountain peaks. Seven inches of snow coated the area.

Sheriff's officers said efforts to open the road to the marooned big game hunters in Teton county would not be started until the storm subsides. They said the hunters would be able to make out for several days without trouble.

Twelve Degrees Recorded

Temperatures were below freezing at most points. The lowest reading today was 12 degrees at Cut Bank, near the Canadian border.

The snow is expected to diminish into flurries over most of Montana tomorrow.

Northwestern Wyoming, including Yellowstone park, was under

Major Expansion Of Atom Plants Slated

By WILLIAM E. ZIMMERMAN
INS Staff Correspondent

WASHINGTON, Oct. 18.—The Congressional Atomic committee today announced immediate "major" expansion of U. S. A-bomb production facilities by a reported $300 million while Russia reiterated its refusal to accept the Baruch control plan.

Sen. McMahon (D-Conn), chairman of the joint group responsible for assuring America's atomic leadership, disclosed increased production plans almost at the same moment Soviet Foreign Minister Vishinsky told the United Nations that Russia has had the bomb since 1947.

McMahon declined to say whether the plans to expand facilities at the Oak Ridge (Tenn.) and Hanford (Wash.) atomic plants are in answer to Russian development of A-weapons.

An informed source said that the entire expansion will cost about $300 million in addition to construction funds already provided in current appropriations. The work will start immediately with $30 million of unused surpluses made available by President Truman.

At the same time the Senate swiftly passed a bill which will speed the atomic expansion program by easing restrictions on the financing policy of the Atomic Energy commission. The House will act on the measure Wednesday.

The bill nullifies a provision that if costs exceeded estimates by more than 15 per cent on an atomic construction project the commission must justify the ad-

MORE WORKERS TO JOIN IN PUSH

Lubbock's Community Chest Drive Moves Into High Today

"GIVE—Give Enough!"

That plea was being sounded by several hundred civic workers of Lubbock Tuesday as the first day of the 1950 Community Chest got under way.

More workers will join the solicitation teams today in a concerted effort to achieve the campaign's $98,850 goal.

Leaders hope they can close out the campaign in a successful manner within a week or ten days.

Included in the teams starting out on the drive Tuesday were the men's and women's sales divisions workers, who are to contact individuals in the campaign in an effort to "broaden the base of support" of the Chest. It is hoped that many more persons, who have not heretofore contributed in the Chest fund, will be contacted during this year's drive.

"Kick-off" meetings were conducted at the Lubbock Boys' club building Tuesday and more meetings, from which workers will emerge to contact a wider area of the city's business and professional life will be conducted today.

Dr. D. M. Wiggins, president of Texas Technological college, spoke briefly at the opening meeting Tuesday morning, declaring that

LUBBOCK RANKED IN 25TH PLACE

Chest Contributions Here Are Below Average For Other Cities

Lubbock's contributions to the Community Chest have been lagging for below the national average for cities of similar size the nation over.

Although eleventh in population in a group of cities of similar size ranging from 55,000 to 65,000 persons, Lubbock is 25th in its Community Chest goal total among the cities, 27th in the amount raised in the last Chest drive and 26th in per capita contributions.

Averaged Only $1.39

Lubbock's per capita contributions in the 1949 campaign average only $1.39 as compared with Jackson, Miss., and its average of $3.47 per capital. The average for the 34 cities of similar size over the U. S. was $1.88.

Lubbock's 1950 goal of $98,850 is negligible as compared to Amarillo's goal of $157,338.

Since founding of Lubbock's Community Chest back in 1946, there have been many benefits accrue from operation of the various agencies through the Chest drive.

Costs Are Low

Through 1947, 1948 and the first half of 1949, the Lubbock's Boys' Club fund has provided healthy, supervised activities for some 1,800 boys between 9 and 17 years of age. A total or gross attendance during that time of 407,500 was experienced with the cost to the community being approximately ten cents per boy each time in attendane.

The Boy Souts during the same period have reached 1,000 boys at a cost to the community of approximately $1.43 per boy per month.

The Girl Scouts have provided for some 950 girls at a cost of approximately 80 cents per girl per month.

Milam Home has provided care for an average of 25 children per day (this includes food, clothing and all other expenses of a normal life) or a gross of 11,825 child days at a cost of $1.23 per day per child, approximately $36.90 per month.

Salvation Army Busy

The Salvation Army during the same period has received $32,969.50 which has been used to carry on regular religious services for the underprivileged, maintained a youth program for the underprivileged children and in addition has provided family welfare services to 1,104 local families who received as assistance groceries, fuel, rent and 35,854 articles of clothing. A total of 1,566 transient families were furnished lodging for 2,108 nights, 3,720 meals and were furnished 2,820 articles of clothing.

The Community Chest operates a Confidential Exchange, where records of all welfare and charity cases handled by the various agencies in Lubbock are maintained by family name and address. Sufficient identifying information is provided from the files so that charitable organizations may be able to check for possible duplications of service at any time.

Since being taken over as a function of the Chest, there have been 2,829 registrations and 12,208 inquiries for information. In addition to requests for clearance from local agencies, inquiries have been received from points over the Southwest and many Texas cities.

Class Favorites At Tech To Be Elected

Nominations for class favorites are now being accepted by the Texas Techonological college Student Council, Margaret Clark, secretary, has announced.

Names of those to be run for the honors will be accepted through Friday, with elections set for Tuesday to choose one boy and one girl favorite from each class. Men favorites have not been in the La Ventana, student yearbook, favorite section for several years.

Each candidate for the honor must present a petition signed by 100 classmates in order to qualify for election. A grade point average of 1.00 must be held on all college work, also, unless the student Supreme Court decides the case differently.

The Tuesday elections will be held from 8 a. m. until noon, Miss Clark said. Members of each class will vote for favorites from that classification only, she said. Petitions were coming in slowly Tuesday.

Mr. and Miss Texas Tech, a former feature being revived, will also have pictures in the yearbook this year, according to Editor Boy Grimes. Nominations for those honors are also now being accepted and the same qualifications apply as to favorites, except that nominees must be of senior standing and will be voted on by the entire student body.

Each of the favorites will receive full page photographs in the La Ventana.

Texas Solons Will Discuss 1950 Plans At Luncheon

WASHINGTON, Oct. 18. (Spl.)—Texas congressmen are meeting for their last weekly luncheon of this session Wednesday behind closed doors to review the legislative accomplishments of the year and to talk over plans for the next session.

Rep. W. R. Poage, Waco, will preside.

Tickets Go On Sale For Tech Production Of Twelfth Night

Reserved seat tickets are now available for the Texas Technological college speech department production of William Shakespeare's comedy, Twelfth Night, Director Celia Thompson announced Tuesday.

Five nightly performances of the comedy will be given Monday through Friday next week, Miss Thompson said, each starting at 8 p. m. in the speech building auditorium.

The "streamlined" version of the play, one of the most popular of Shakespeare's comedies, will be performed on sets and in costumes made by the players. Every effort is being made to produce the play exactly as it was staged in the author's own day, Miss Thompson said.

Final rehearsals of the production are underway on the campus this week.

Rites Set In Whitesboro Today For Mother Of Lubbock Resident

Funeral services were held Monday afternoon in Whitesboro for Mrs. Mary Wendt, mother of C. E. Wendt of 2104 Fourteenth.

Mrs. Wendt died in the St. Benson Sanitorium in Sherman Sunday.

BODY IS RECOVERED

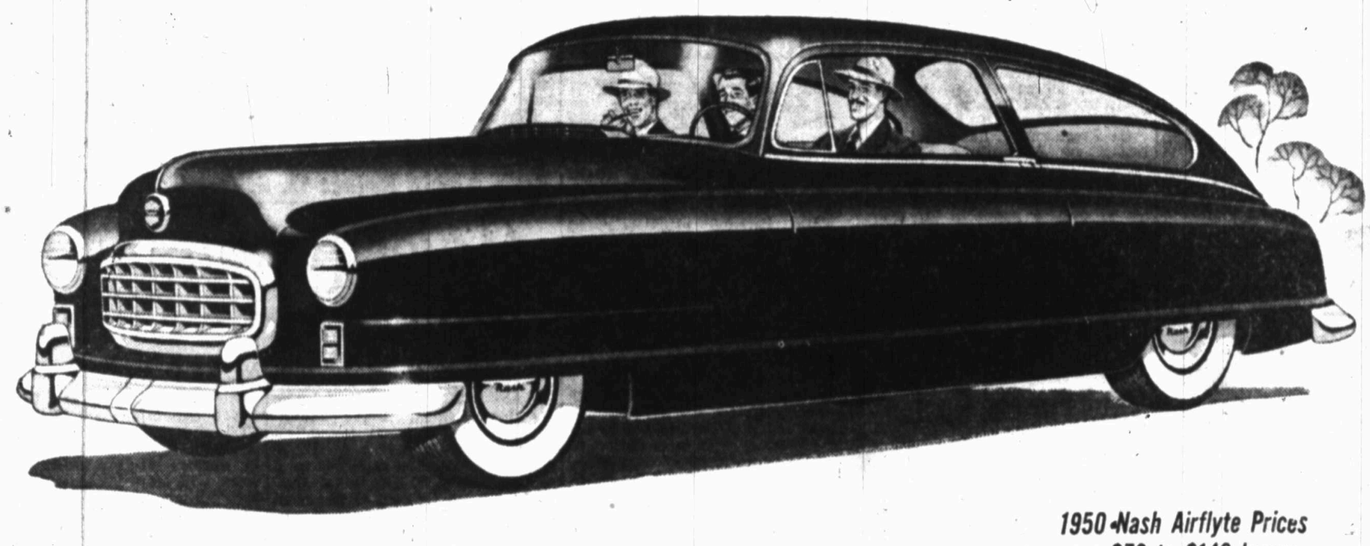

DENISON, Oct. 18. (AP)—The body of W. P. (Paul) Young, Dallas angler, was recovered from Lake Texoma today by an Engineer Corps rescue squad. Young had come to Texoma Sunday afternoon. His overturned boat was found yesterday. His widow, who had been watching grappling operations from shore, returned to Dallas with the body.

Wildcat Test In Kent Is Planned

Drilling & Exploration Company, Inc., of Abilene, has filed an application with the Railroad Commission of Texa requesting a permit to drill an 8,000-foot wildcat in extreme southwest Kent county, two miles southeast of Polar.

It is contracted to test the Pennsylvanian lime, using rotary tools.

The drillsite will be 660 feet from north and east lines of section 19, block 5, H&GN survey.

This project was previously reported through unofficial sources as a possibility.

SALT WATER FOUND IN TERRY WILDCAT

Tide Water Associated Oil company and associates No. 1 Nystel, southeast Terry county wildcat to go to 12,000 feet to test the Ellenburger developed salt water in the Pennsylvanian lime in a drillstem test at 9,370-9,415 feet in a Pennsylvanian lime reef.

The tool was open two hours. Recovery was 2,550 feet of salt water. There was no drilling mud in the fluid recovered. The project is making hole below 9,456 feet in lime.

This project topped the reef at 9,352 feet, on an elevation of 3,171 feet. The section at 9,350-75 feet had a recovery of 970 feet of clean oil and 270 feet of heavily oil and gas cut drilling mud during a two hour drillstem test.

DRILLSTEM TEST RUN ON WELL IN GARZA

Seaboard Oil Company of Delaware and Republic Natural Gas Company No. 1 OS Ranch, (Connell), slated 8,250 foot wildcat in south-central Garza county, 15 miles south of Post and at the center of the southeast quarter of the southwest quarter of section 2, block 5, H&GN survey, ran a one hour drillstem test in a Pennsylvanian lime at 7,503-7,622 feet. Recovery was 2,100 feet of oil and gas cut mud and 5,000 feet of salty, sulphur water. The venture is now drilling ahead past 7,760 feet in lime.

Lubbock Red Cross Chairman To Attend St. Louis Meeting

Mrs. A. C. Bowden of 1712-B Tenth, volunteer services chairman of Lubbock county chapter of the American Red Cross, left Tuesday for St. Louis to attend a three-day conference with other volunteer service chairmen of chapters in cities of similar size.

Plans for extending and strengthening services to the armed forces and veterans, as well as local communities, will be discussed.

Mrs. Bowen recently was chosen chairman of volunteer services, to direct volunteer work in the chapter and secure Red Cross workers for various services in connection with Lubbock Air Force base.

Miss Lula Mae Cravens recently resigned as chairman of volunteer services after four years in that position. She will continue work as co-chairman.

City Mail Carriers' Wives To Make Hospital Supplies At LAFB

Wives of Lubbock city mail carriers will go to Lubbock Air Force base this morning to assist in making bandages and other hospital supplies in the post hospital.

They will work under direction of a nurse in the hospital.

The group in the past has made layettes for Red Cross use in emergencies and for families of soldiers and veterans. Mrs. Martin Wilson is chairman to the auxiliary.

A group of women in Arnett-Benson addition has being doing similar work.

Higher Prices For Coffee Expected To Face U. S. Drinkers

NEW YORK, Oct. 18. (INS)—Coffee drinkers in the United States can look forward to paying higher prices for their java in the months ahead.

The skyrocketing of coffee futures prices on the New York Coffee and Sugar exchange in recent days is viewed as the forerunner of what will happen in the retail market.

Coffee futures rose today the maximum allowable one and one-half cents a pound to the highest level on record.

Future Allocation Possible

There are also reports that the big coffee dealers may soon allocate coffee shipments to retailers.

However, both General Foods and Standard Brands, Inc. say they still are filling all orders being sent in by their customers.

Informed coffee observers, though, point out that it will not be surprising if the big coffee firms limit future shipments to amounts normally taken by their customers in the past.

These sources laid stress on the probability that many retailers, noting the liklihood of further price hikes, might want to stock themselves up heavily in order to profit by the expected mark-ups.

A survey of the coffee market revealed that the best-grade brands today are selling at a record high of 56 cents a pound to the retailer. This represents a price hike of three cents a pound since the beginning of the year.

Inasmuch as the average mark-up by the retailer is placed at from three to five cents a pound, the housewife in this country is paying up to 60 cents a pound for name-brand coffees.

This represents a climb of nearly 300 per cent from the average retail price of coffee of 22 cents back in 1939.

Since Americans drink nearly twice as much coffee as the rest of the world combined, and pay a coffee bill of more than a billion dollars a year, any further price mark-up will affect the pocketbooks of the United States consumer in a big way.

The major factor in the prolonged price rise is the fact that Brazil, the world's number one producer, which has been supplying more than half the total output of the globe, is growing far fewer coffee beans today than in the past.

At the same time, consumption in the United States has grown by leaps and bounds in recent years.

Lubbock Quartet Entertains At Hub City Kiwanis Meeting

Odis Echols and his Melody Boys entertained at the Hub City Kiwanis club at their regular noon luncheod at the Lubbock hotel Tuesday.

The group, consisting of Echols, his son Odis, jr., Jack Burgess, Bob Elmore, and Virgil Cobia, presented several group numbers, most impressive of which was a melody of spirituals arranged by the group.

Burgess, at the piano, played a selection, and Cobia, the bass in the quartet, gave a solo rendition of "Asleep in the Deep." Elmore sang tenor, Echols, sr., second or lead tenor, and Echols, jr., baritone.

Dude Buster was in charge of the program. Pres. Jason O. Gordon presided. The Rev. Claude E. Canterbury, rector of St. Paul's Episcopal church gave the invovation. John B. Malouf introdued visitors.

Body Of Dallas Man Is Found In Creek Near Lake Texoma

DENISON, Oct. 18. (U.P.)— The body of W. C. Young, employed by a Dallas automobile agency, was recovered today in Walnut Creek of Lake Texoma.

Young drove from Dallas to the lake for a day of fishing Sunday. His boat, believed to have hit a snag, was found overturned yesterday.

Young's drowning was the 16th in Lake Texoma.

Do We Have to Die?

Thirty-eight years ago in forbidden Tibet, behind the highest mountains in the world, a young Englishman named Edwin J. Dingle found the answer to this question. A great mystic opened his eyes. A great change came over him. He realized the strange power that knowledge gives.

That Power, he says, can transform the life of anyone. Questions, whatever they are, can be answered. The problems of health, death, poverty and wrong, can be solved.

In his own case, he was brought back to splendid health. He acquired wealth too, as well as world-wide professional recognition. Thirty-eight years ago, he was sick as a man could be and live. Once his coffin was bought. Years of almost continuous tropical fevers, broken bones, near blindness, privation and danger had made a human wreck of him, physically and mentally.

He was about to be sent back to England to die, when a strange message came—"They are waiting for you in Tibet." He wants to tell the whole world what he learned there, under the guidance of the greatest mystic he ever encountered during his 21 years in the Far East. He wants everyone to experience the greater health and the Power which there came to him.

Within ten years, he was able to retire to this country with a fortune. He had been honored by fellowships in the world's leading geographical societies, for his work as a geographer. And today, 38 years later, he is still so athletic, capable of so much work, so young in appearance, it is hard to believe he has lived so long.

As a first step in their progress toward the Power that Knowledge gives, Mr. Dingle wants to send to readers of this paper a 9,000-word treatise. He says the time is here for it to be released to the Western World, and offers to send it, free of cost or obligation, to sincere readers of this notice. For your free copy, address The Institute of Mentalphysics, 213 South Hobart Blvd., Dept. L-285, Los Angeles 4, Calif. Readers are urged to write promptly as only a limited number of the free books have been printed. Adv.

PROVE TO YOURSELF
NO CIGARETTE HANGOVER
when you smoke PHILIP MORRIS!

HERE'S ALL YOU DO!

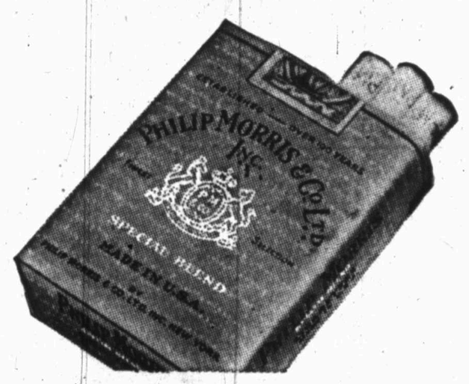

In just a few seconds you can prove
PHILIP MORRIS
IS DEFINITELY LESS IRRITATING
than the brand you're now smoking!

1 ... light up a PHILIP MORRIS
THEN, just take a puff—DON'T INHALE—and s-l-o-w-l-y let the smoke come through your nose. Easy, isn't it? And NOW ...

2 ... light up your present brand
Do exactly the same thing—DON'T INHALE. Notice that bite, that sting? Quite a difference from PHILIP MORRIS!

NOW YOU KNOW WHY YOU SHOULD BE SMOKING PHILIP MORRIS!

Everybody talks about PLEASURE, but only *ONE* cigarette has really done something about *it*.
That cigarette is PHILIP MORRIS!
Remember: *less* irritation means *more* pleasure.
And PHILIP MORRIS is the *ONE* cigarette proved definitely *less* irritating, definitely *milder*, than any other leading brand.
NO OTHER CIGARETTE CAN MAKE THAT STATEMENT.

YOU'LL BE GLAD TOMORROW—
YOU SMOKED PHILIP MORRIS TODAY!

LETTER WRITING

IF YOU keep an account of the special weeks of the year, you note that, in addition to being National Bible and National Posture week these days are designed as National Letter Writing week.

Now you and the writer know that most special days and weeks are endorsed by manufacturing firms to push their products. And, thus we have "sweet days" and "straw hat" and "felt hat" and "swim suit" days and weeks to eat doughnuts and weeks to refurbish your house, and some of the pleasure of living is lessened because of the commercial taint.

While we do not pay any attention to special weeks as a rule, we hope others will join us in sitting down and taking the time to write letters to people who mean a lot to us but whom we have neglected.

• • •

Letter writing is a chore to us, although we like nothing better than to receive letters. We think we developed a slight aversion to letter writing after the war years when we wrote constantly to brothers, other relatives and friends in the service. It was not difficult to write in those days. Those pieces of paper were the only means we had of keeping in touch and no man was more popular than the letter carrier in those days.

• • •

ONCE in a while a letter is delivered to our desk from a casual acquaintance or perhaps a close friend who has liked something we have written or the particular makeup of the paper the day before or, who, just from the goodness of their hearts, write a note. Those are red letter days indeed and each time we determine that we, too, will spread a little sunshine. But alas, our work day begins and then before we know it the day is over and we have pushed the good idea aside.

Letter writing at the turn of the century was a great art, judging from the novels of that era. But letter writing at the half-way mark seems to have declined.

• • •

OF COURSE this is understandable. We have other means of communication and it's easier (if much more expensive) to pick up a telephone and talk to someone you love than to write. Telegrams have partially taken the place of the sweet missives of yesteryears. And means of transportation are so wonderful now that often a friend or relative, instead of writing you how he is or what he is doing, will drop in and deliver the message in person.

Perhaps we do not have the time to write long letters, as did our forefathers. But there is something about the written word that cannot be substituted by other means.

You don't have to have fancy stationery or even take your pen in hand. The most entertaining letters we have ever received have been written by newspaper people who usually take a sheet of copy paper and peck out a message on the typewriter.

How about a letter?

• • •

ON CONVERSATION

FROM letter writing we turn to conversation this morning. An English critic has just said that nowhere in the world are there as many children over 40 as there are in the United States. A Harvard professor who took a class of geology students on a western field trip was worried because none of these adult students could talk on anything but childish interests—sports, girls, personalities.

The average person shies away from the topics that Europeans delight in—religion, politics, speculation on various matters. Some Americans like to argue but not on a broad basis. They just shout, "'Tis so," or "'Tis not!"

• • •

WE REFUSE to argue on either politics or religion, believing that both should be personal matters with one. But we like nothing better than to be in a group of people who like good conversation. Here the problem is in getting one to listen, because Americans are better talkers than they are listeners, as a rule.

We think that the lunch hour should provide a natural foundation for quiet and informing conversation. Unfortunately that is being done away with, in favor of sitting on stools behind which stand eager applicants for coffee and sandwiches that we are hurriedly munching.

STUDY CLUB OBSERVES BIRTHDAY—Lubbock Study club observed its 16th birthday in a meeting Tuesday afternoon in the home of Mrs. Lindsey Thompson, 2314 Eighteenth. Pictured seated behind the birthday cake are Mrs. L. L. Kelso, left, and Mrs. W. G. Alderson, right, who were charter members of the club, which formerly was the Lubbock Child Study club. Pictured standing, from left to right, are Mrs. Lindsey Thompson, Mrs. E. E. Merriman, Mrs. Ruel Martin, Mrs. Harvey Austin, Mrs. Charles A. Ross, Mrs. John Toles, Mrs. K. S. Blackford, Mrs. H. A. Spivey, Mrs. John Duncan, Mrs. B. T. Formby and Mrs. Howard Logan. Other members, not present, are Mrs. Roy Furr, charter member, Mrs. C. H. Hamilton, Mrs. Agnew and Mrs. Lewis Mills. (Staff Photo).

Birthday Observed, Programs Are Given

Lubbock Study club which was organized on October 18, 1933, celebrated its 16th anniversary Tuesday at a party given in the home of Mrs. Lindsey Thompson, 2314 Eighteenth. The early history of the club was outlined by Mrs. W. G. Alderson.

A birthday cake was served to Mesdames Harvey Austin, Alderson, K. S. Blackford, John Duncan, B. T. Formby, L. L. Kelso, W. Howard Logan, Ruel Martin, Charles A. Ross, Henry A. Spivey, Thompson, John E. Toles and E. E. Merriman.

MRS. YOUNG SPEAKS FOR SUNSHINE CLUB

When 21 members and guests of Sunshine Study club met with Mrs. C. W. Tatum, 2418 Twenty-fourth, Tuesday afternoon, Mrs. M. Norvel Young gave a review of her recent three months' trip through Europe. Mrs. Clyde Tatum presided for business.

Preceding the meeting, the group made a tour of Corcorran Drive-In cleaners.

Mrs. Lewis Kittrell, 2008 Fifteenth, will be hostess at the Nov. 1 meeting rather than Mrs. A. D. Montgomery as listed in the club yearbook.

PROGRAM ON NORWAY PRESENTED TUESDAY

Mrs. A. H. Douglas directed a program on Norway when the Llano Estacado chapter of International Travel Study club, Inc., met Tuesday afternoon at 3 o'clock in the home of Mrs. Lennis Baker, 1710 Thirty-first.

Mrs. E. W. Adams, president, was in charge of a business session, and attending were 12 members and one visitor.

WILLIAM HARROD IS GUEST ARTIST

When the Lubbock Woman's club met Tuesday at 3 p. m. in the home of Mrs. Irl Robertson, 2411 Twentieth, Mrs. E. C. Price, program leader, gave a paper on musical progress.

One of the points she stressed was "It takes three to make music—one to create, one to perform and one to appreciate—and who can tell which is the most important."

William Harrod, director of the Lubbock Symphony orchestra, was guest artist, and played "Meditation" from "Thais" by Massenet, and Brahm's "Lullaby." His accompanist was Mrs. Newton Walton. In a talk on the musical outlook in Lubbock, Mr. Harrod said, "With the present high school and Texas Tech cooperation in the musical program, the outlook for the Symphony was never brighter."

Attending the meeting were 18 members.

PILGRIMAGE MADE BY GARDEN CLUB

Garden Study club members met for a tea hour Tuesday at 3 p. m. in the home of Mrs. Henrie Mast, 1919 Twenty-eighth, with Mesdames George Spinning and Preston Smith as assisting hostesses.

The program for the afternoon was a pilgrimage of the gardens of Mrs. M. F. Swart, Cain Terrace, and Mrs. G. H. Williams, 2101 Twenty-fifth.

Attending were Mesdames W. T. Bradbury, W. M. Cauley, A. E. Dietering, M. M. Ewing, Aubrey Faulkner, Jack Griggs, Roy Grimes, C. J. Hollingsworth, T. C. Ingram, J. W. Mallory, W. G. Newton, W. A. Pettey, D. B. Pope, jr., L. A. Purtell, C. W. Ratliff, Reginald Rushing, Spinning, Smith, Mast, Swart and Williams.

MRS. C. H. CALE HOSTESS TO GROUP

Contemporary women in fine arts were discussed by Mrs. Charles Whitacre and Mrs. R. L. Sigler for Shakespeare club Tuesday afternoon in the home of Mrs. C. H. Cale, 2703 Thirty-second.

The 14 members attending answered roll call with the name of an outstanding artist.

Sororities At Program Meetings

Beta chapter of Kappa Kappa Iota sorority met Monday night in the First Methodist church with Miss Esther Sorensen speaking on her European tour.

Attending were 18 members. Next meeting of the group will be on Nov. 10 at the First Methodist church.

Book Is Reviewed

The book, "Especially Father," (Grace Taylor) was reviewed by Mrs. Joe Cobb, a guest of Alpha conclave of Kappa Kappa Iota sorority, Monday night at Lubbock Women's clubhouse, 2020 Broadway.

Hostesses were Mesdames G. E. Dawson, J. Floyd Dunn, J. Holland Cox and Miss Lucille Collier. They presented the reviewer a gift.

Thirty-six persons were present.

Mrs. Moss Speaks

"Charm is being, knowing and doing the proper thing at the proper time," Mrs. Regina Moss, representing the School of Charm, said in a talk before Texas Alpha Gamme chapter of Epsilon Sigma Alpha Monday night at Lubbock Women's club house.

"Pretense is death to charm," she added.

Every person should avoid calling attention to her defects and should "polish up her good points," the speaker said.

Although it has been said that the key to charm and good breeding is to "be natural," that key is not effective always, she said. "Some natural mannerisms are obnoxious." Being natural may mean doing what has become easy through habit.

The speaker was introduced by Mrs. J. Floyd Smith, program chairman. Miss Mary Paul Long, president, presided for a business session.

Following the program, Miss Ina Bacon and Mrs. Leon Davidson were hostesses for a social hour.

Those attending were Mesdames R. L. Edwards, Weldon George, Leon Davidson, Layde Ann Harrell, Gerald Jarvis, Bill Linn, Allan Marcus, J. Floyd Smith, David Weaver, James P. Williams, and Opal Dixon, Misses Ina Bacon, Marguerite Harris, Mary Paul Long, Mary Katherine Rice, Norma Skinner, members, and Misses Jane Hiatt, Dorothy Willett, Elizabeth Howard, Elizabeth McLarty, Mrs. Barbara Ann Nislar, Mrs. Merlin L. Cooper and Mrs. John King, pledges.

A formal initiation dinner is to be conducted Nov. 7 at Hilton hotel.

Town Talk

NEW PATRONESSES of Las Chaparritas club will be honored at a bridge luncheon Thursday at 1 o'clock in the Yaqui room of the Hilton hotel.

Approximately 35 women are expected to attend. Centering the bridge tables will be arrangements of deep red chrysanthemums.

In charge of arrangements for the luncheon are Mesdames Lonnie Langston, Allen Benton and W. D. Benson.

A picture post card written to Lubbock friends by the George Youngs, who are vacationing in Illinois, reads:

"We are back home and thrilled with all the "magnitude of it" but we still realize Lubbock is a better place to live. Have recalled a recent column of Margaret Turner's about old friendships ripening delightfully when distance prevents close contact. We are with a group we danced, played 500 and tobogganed with 30 years ago, and we are still all having fun together."

Ladies Day activities will take place today at the Lubbock Country club.

Mr. and Mrs. A. C. Sanders, jr., 2214 Twenty-fifth, will be hosts tonight at 8 o'clock in the party room of the Lubbock Country club with a pre-bridal entertainment honoring Miss Martha Loveless and Ray Cook, who will be married Saturday. Assisting the Sanders in hospitalities will be Mr. and Mrs. K. L. Scudder of Slaton.

Guests will be the honored couple, Dr. and Mrs. R. G. Loveless, Miss Cynthia Loveless, Miss Cecile Butler and Tommy Cooper, Earl Jones, Dr. and Mrs. L. M. Jones, and Messrs. and Mesdames Eugene Miller, E. Y. Gibbs, George Loveless, O. P. Harland, jr., and Hal Roper.

Bronze mums centering the table will carry out the decorative theme of bronze and gold, and table appointments will be of silver.

Mr. and Mrs. Gene Jones of 2115 Broadway left Tuesday morning for West Lynn, Mass., where they are to make their home.

Mr. Jones, an August graduate of Texas Tech, will work with General Electric corp. Mrs. Jones is the former Miss Joanne Mayfield.

Hallowe'en Party Is Planned By Church

A Hallowe'en fun night will be held at East Broadway Methodist church Friday at 7:30 o'clock. The public may attend.

Included in the entertainment will be a womanless wedding, group singing and an auction sale. For children, there will be a comic movie, wonder world pictures, fish pond and apple bobbing. Refreshments are to be sold.

Mrs. Raymond Waters Is Complimented At Party On Birthday

A group of friends of Mrs. Raymond Waters gave a surprise birthday party in her honor Monday night at the Waters' home, 2124 Twenty-fourth. The honoree was presented a gift of crystal and a birthday cake.

The hostesses were Mesdames Russell Hardin, Roy Boyd, Raymond Swofford and G. R. Saverance.

Others at th party were Mesdames Ernest Tarkenton, E. E. McClatchy, Jack Veazey, Eugene Knox, R. R. Holmes, sr., C. B. Bentley, R. R. Holmes, jr., and Miss Trula Maud Jetton.

Church Classes

First Baptist Mary Martha class will have a luncheon Thursday at 12:30 p.m. at the church annex.

• • •

At the close of a devotion presented at a luncheon meeting of First Baptist Elizabeth class at the annex Tuesday afternoon, Mrs. Fred Stanley sang "Must Jesus Bear the Cross Alone?" She was accompanied by Mrs. J. Ralph Grant.

Dr. and Mrs. Grant made short talks.

There were 28 members and the following guests present: Mesdames E. E. McComb, Ed Golightly, Stanley Stromberg, Stanley, Miss Wilma Robbins and Dr. and Mrs. Grant.

• • •

Twelve officers and group captains of First Baptist Rebekah class attended a business meeting in the home of Mrs. J. M. Wells, 2303 Seventeenth, Tuesday with Mrs. E. R. Gibson presiding.

Stewardship pledge cards were distributed.

The hostess served Hallowe'en refreshments. An executive meeting is schduled for 2 p.m. Tuesday at Mrs. Minnie Fickas', 1619 Ave. L.

Life Of Peter Is Talked For Circle

Mrs. Ance English talked on the life of Simon Peter at the regular third Monday night meeting of the Business and Professional Women's circle of First Christian church in the home of Mrs. Elois Elliott, 2303 Thirteenth, with Mrs. Jim Little as co-hostess.

Mrs. Jimmy Yates gave a devotion on "Knowledge Past Undestanding."

Mrs. L. D. Campbell was received as a member and Mrs. Vera Salmon was a guest. There were 18 others present.

NEW! Colgate-Palmolive-Peet product
VEL* keeps stockings sheerer-looking ...lovelier than finest soap flakes!
No soap scum...No soap fading!

WASHING stockings regularly with Vel is just about the surest way to keep them looking beautiful longer. Because Vel is not a soap . . . can leave no soap scum. And it's soap scum, you know, left clinging to the threads, that makes stockings look coarser and drabber . . . after just a few soap launderings. Use Vel for your fine washables, too! Actual tests prove that delicate washable colors stay bright and fresh up to ten times as long with Vel as with even finest soap flakes!
Milder to hands than any leading product made for washing dishes and fine fabrics!
Actual skin tests made by an independent laboratory—name on request—prove that Vel is milder to hands than any leading product made for washing dishes and fine fabrics!

Vel cuts dishwashing time in half!
DISHES, GLASSWARE GLEAM WITHOUT WIPING
Just wash with Vel . . . then rinse. Even glassware dries sparkling clear without wiping! For Vel leaves no soap scum or streaky film to polish away! What's more, pots and pans get shiny clean without hard scouring—Vel removes grease so much faster and more completely than soap. No dishpan ring with Vel! Vel cleans dishes cleaner than soap . . . saves up to half your dishwashing time!
MarVELous for DISHES · STOCKINGS LINGERIE · WOOLENS!
Instant SUDS in hardest, coldest water!
*VEL is the trade-mark of the Colgate-Palmolive-Peet Co.

Choir School Scheduled

A choir school will be held at the First Christian church Nov. 21-22, under the sponsorship of the Lubbock chapter of the American Guild of Organists with Cecil L. Lopo, minister of music at Wichita Falls First Methodist church, conducting the school.

All organists, choir members and other interested persons are invited to attend. The second night of the school will be open to the public.

This announcement was made Monday night at a traditional organist-minister banquet sponsored by the Guild at 7 o'clock at St. John's Methodist church. Mrs. Carl Scoggin served as toast master in the absence of Mrs. Travis White, dean of the guild.

There were chapter representatives from Lubbock, Lamesa, Posey, Wilson and Levelland.

Rev. Hubert Bratcher, pastor of St. John's Methodist church, asked invocation and the main talk, "When The Choir Died," was given by Dr. H. I. Robinson, pastor of First Methodist church.

Lists Choir's Services

In his remarks Dr. Robinson pointed out," it is as impossible to separate the value of the choir and the minister as to separate the use of salt and sugar in a well balanced meal. We are among the top people whose wrong behavior makes headlines."

Dr. Robinson listed three services a good choir renders: (1) it leads the hymns, (2) directs attention to the speaker and (3) creates a religious atmosphere in the sanctuary.

Miss Margaret Huff, who played the organ at First Presbyterian church for many years, said she discovered during her half century of playing that the organist is the backlog of the choir.

"No one thinks about who is playing the organ until something goes wrong," she suggested. "Then the organist gets the blame. As with the good fireplace, everything goes nicely as long as the back log keeps in place. When it falls, see what happens to the fire."

A musical program followed. Numbers were: "Poeme" (Boellmann), Miss Anna V. Moren, organist at St. John's Methodist church; "Come, Ye Blessed" (Scott), Miss Rosalynd Lawrence, accompanied by Miss Iris Ferren; "At Prelude in Olden Style" (Greenfield), Mrs. Ernest Wilpitz, organist at First Christian church; Air from "Messiah" (Handel) Mrs. Stuart Shafter, accompanied by Mrs. Robert V. Law; "Chorale in B" (Bach), Miss Imogene Webster, organist at First Baptist church; "Behold, the Master Passeth By" (Hammond), Elton Plowman, director of choir at St. Paul's Episcopal church, accompanied by Miss Lawrence.

CLUB TO MEET

1948 Friendship club will meet at 2 p.m. today with Mrs. Kenneth Bozeman, Idalou highway.

Today's Calendar

Nancy Anderson chapter, DAR, 3 p. m., Mrs. Frank Hudgins, 3213 Twenty-third.

Pla-Mor Forty-Two club, 3 p. m., Mrs. E. E. Caddel, 1012 Seventeenth.

Forty-Niners Needle club, 2 p. m., Mrs. Orb Vincent, 2612 Twenty-sixth.

First Methodist Wesleyan Service guild, 6:30 p. m., dinner in 50-50 classroom.

String Band To Play At School's Supper

A string band will present a musical program at a chuck wagon supper to be given at K. Carter school Thursday night under sponsorship of the school's Parent-Teacher association. Hours of the supper will be from 6:30 until 8:30 o'clock.

Admission will be 75 cents for adults and 35 cents for children. The public may attend.

The supper and program will replace the school's annual Hallowe'en carnival.

Mothers Invited To Study Course

All mothers of pre-school children are invited to meet with a study group Thursday morning from 9 until 11 o'clock at Overton school cafeteria. The topic of study will be "Emotional Development."

A nursery will be provided at 3611 Twenty-ninth during the meeting. The Overton Parent-Teacher association is sponsoring the course.

Mrs. Caskey Will Speak For P-TA

Mrs. O. L. Caskey, instructor of child development at Texas Tech college, will discuss "Teamwork Between Parents" when Cottage School Parent-Teacher association meets at 3:40 o'clock Thursday afternoon at the school.

Hampton Anderson will direct the children's program.

HIT AND MISS — When 18-year-old Sylvia Wren, above, won first prize in a London, Eng., beauty and personality contest, her friends rushed forward to bestow congratulatory kisses. Jimmy Hanley, left, scored nicely, but radio actor John Pertwee, right, overshot the target. Result: Hanley gave one, got one.

Square Dance Club Members, Guests Meet For Party

Buttons and Bows Square Dance club attended a dance at the Party house in Mackenzie State park Monday night. Hosts were Mr. and Mrs. Dale Allen and Mr. and Mrs. Woodrow Sherrill. Robert Mason was caller for the dance.

Guests were Mr. and Mrs. H. D. Phillips and Mr. and Mrs. Sam Strong.

Members present were Messrs. and Mesdames Gravis Hill, Wayne Pharr, O. L. Ely, jr., Larry Lott, Ralph Gossett, Bill Bell, Walter Crowell and C. J. Wheat.

Massey-Thompson Vows Announced

Announcements are being received here of the marriage of Mrs. Loyette Thompson, daughter of Mrs. Charles Clifton Lindsey of Dallas, formerly of Lubbock, to Glenn Henderson Massey which took place Monday, Sept. 19, in Jackson, Miss.

Mr. and Mrs. Massey are making their home in Jackson.

TO MEET THURSDAY

A meeting of Homebuilders club will be held Thursday night at 7:30 o'clock at the home of Mrs. A. S. Westbrook, 1904 Ninth, with Mrs. George Birdwell as co-hostess.

Cold Weather Is Predicted Here

(Continued From Page One)

day night, dumping small amounts of rain at Lamesa, Tahoka, O'Donnell, in the Post area, Matador and near the Brownfield section.

The weather situation was somewhat similar to that of Sunday, Oct. 9, when a cold front moved in from the west, bringing the area some of its most violent thunderstorm activity of the year. More thunderstorm activity is possible tonight, the Weather bureau said.

Centered in Arizona late last night, the cold front from the West is expected to move rapidly across New Mexico today, arriving in the Lubbock area sometime between 8 p. m. and midnight.

Arching upward into Colorado the western cold air mass touches the much larger and more severe cold wave from Canada. That front extends all the way into Southwest Canada and into north-central Canada. Blizzard conditions prevail over a wide area.

The official forecast from Dallas calls for low temperatures in the Panhandle tonight to range between 28 and 34 degrees.

High winds, which will sweep the area from the southwest, then move toward the west and northwest late today are expected to subside by early Thursday, the Weather bureau said.

The low this morning is expected to be in the low 50s, the high this afternoon in the upper 70s. No effects of the cold weather are expected before near midnight tonight.

The front and cold conditions likely will move deep into North Texas by late Thursday, the Dallas Weather bureau said.

Meanwhile, clouds and fog over much of Texas Tuesday morning had been burned away by afternoon. Some thunderstorms were reported near Big Spring and Midland as well as on the South Plains.

NEWS BRIEFS

Two-year-old Charles Edward Moore, of Lubbock route 2, was given emergency treatment at Lubbock Memorial hospital Tuesday for burns on his right arm, hospital attendants reported. Cause of the injury was not definitely known, but it was believed the boy had come in contact briefly with a live wire.

C. A. Shannon, 42, of 4618 Ave. C, was admitted to Lubbock Memorial hospital about 2:20 p. m. Tuesday for treatment of a deep gash on his left foot suffered while he was working with a power saw a short time earlier. His condition was satisfactory late last night.

James Hamilton, prepresentative of the Amicable Life Insurance Co., has been appointed secretary of the Lubbock Life Underwriters association, James A. Bowron, president, announced Tuesday. Hamilton succeeds Max Rutledge, resigned.

Mrs. C. A. Bickley, wife of the minister of Asbury Methodist church, left Monday night for Fort Worth to speak at the Methodist Advance mass meeting program there Tuesday. The meeting in Fort Worth is similar to that to be conducted in Lubbock Thursday and Friday, when Methodists from throughout Northwest Texas conference will attend a meeting at First Methodist church as part of the "Advance for Christ and His Church" four-year program of the Methodist church.

The Watson Furniture company at 1109 Thirteenth summoned firemen at 2 p.m. Tuesday when a motor there became over-heated and threatened to burn. No damage was reported.

J. W. White, 23, of Morton, was brought to Lubbock Memorial hospital Tuesday night after he was injured in an accident at a Lehman cotton gin about 7:30 p. m. White, brought to Lubbock by ambulance, suffered a broken left arm and lacerations of the chest when he became entangled in a motor belt.

Attempts To Settle Steel Strike Pushed

WASHINGTON, Oct. 18. (AP)—The government speeded its efforts to settle the big steel strike today, while allowing John L. Lewis and the soft coal operators at least another 24 hours before it moves in on their strike negotiations.

Conciliation Director Cyrus S. Ching and his chief assistants, Peter Seitz and William N. Margolis, met for several hours with Arthur J. Goldberg, general counsel for the CIO and the striking steelworkers' union. Goldberg has been Philip Murray's top legal advisor in this strike.

The meeting between Goldberg and the conciliators was in preparation for sessions in New York tomorrow afternoon between Ching and U. S. Steel corporation officials.

Chicago White Sox Give Seerey And Goodwin Outright Releases

CHICAGO, Oct. 18. (U.P.)— The Chicago White Sox, announced today that outfielder Pat Seerey and pitcher Jim Goodwin have been given outright releases to the Memphis Chicks, a Sox farm team.

Both players were out on option at the end of the 1949 season. Goodwin, a left hander, won 7 and lost 5 with Memphis while Seerey played with five teams, Chicago, Los Angeles, Newark, Kansas City and San Antonio.

Roller derby, a sport combining rollerskate racing and football line bucks, has teams made up of five persons each.

Congress Speeds

(Continued From Page One)

ing policy of the Atomic Energy commission—an essential step in the atomic expansion announced today.

4. Postponed until January consideration of controversial basing point legislation. A Senate filibuster against the legislation had threatened adjournment.

The basing point legislation, approved by the House, would have permitted shippers to absorb freight costs except where monopolies would be promoted. The Supreme court has ruled such absorption violates the anti-trust statutes.

The arms-aid funds were contained in a supplemental appropriation bill which totaled $1,618,000,000. In addition to the $1,314,010,000 for weapons assistance to anti-Communist nations, the measure contained:

$30 million for Korean economic aid. House action is required.

Wind Tunnels Approved

$30 million in cash and contract authority for aircraft research wind tunnels.

Mr. Truman is sure to approve the national defense appropriation so the armed services can get money to operate. But there is considerable doubt whether he will release the $800 million to keep the 10 extra air groups over his recommendation for a 48-group force.

Under the bill the Army gets $4,380,644,298; the Navy $4,285,382,200; and the Air Force $4,088,386,000 in cash and $1,992,755,000 in contract authority.

The last hurdle in the path of adjournment was removed earlier when the Senate surrendered to a three-man filibuster and put over until Jan. 20 consideration of a bill which would permit manufacturers to absorb freight charges except where monopolies are promoted.

Senate Democratic leader Lucas, Ill., first ordered a night session to clean up "must" bills but later canceled it because of the excellent progress being made.

In rapid succession, the Senate passed and sent to the White House the 75-cent-an-hour minimum wage bill, the rural telephone bill and the wheat agreement implementation measure.

Rotary Program

(Continued From Page One)

sobered thoughtfully with each new thought.

Philosophy Brought Out

Facets of Riley's life philosophy were easily distinguishable in "Downtown to the Capitol," where he expressed no envy for wealth, and "My Philosophy," which rang with the thought, "I've always noticed great success is mixed with trouble more or less, and it's the man who does his best that gets more kick than all the rest."

Dr. Davis gave the audience a word picture of Riley by making statments about the man, then promptly illustrating them with recitals of related works.

He focused imaginations upon Hoosier scenes with his amazing control of the Hoosier dialect found in Riley's works. That dialect, said Dr. Davis, hindered early recognition of Riley's work because the critics couldn't see lasting value to it.

The regular weekly luncheon meeting of the Rotary club will be held today noon, Guy C. Victory, president of the club, announced Tuesday night. The meeting will be held for the benefit of those members who did not attend last night's program and for those who wish to make up attendance. There is no obligation on those who attended last night's meeting. Speaker for today's program will be Elo Urbanesky, landscape architect at Texas Tech.

Another hindrance to the early recognition of the famous Indiana poet, was the enmity caused by his bilking contemporary critics with a Poe original, which was actually written by himself to trick a punster on a rival newspaper.

Dr. Davis interspersed quotations with information on the poet himself and stories of his life. "I'm convinced he never wrote a poem to make money," stated Dr. Davis, who said that naked, exposed nature gave his writing body.

"The Old Soldier Story" was given with all the richness of dialect at Dr. Davis' command, as he illustrated the type of prose which came from the author's pen.

Recites Children's Poem

He concluded with another phase of the Riley talent, one of his children's poems, "The Raggedy Man," and "Thoughts for the Discouraged Farmer," a gentle hint to look to nature for the secret of living fields, and the newness and challenging nature of Lubbock, rising above the plains.

Rotary Vice-President Arch Lamb welcomed the ladies present, after President Guy C. Victory introduced guests and visiting Rotarians.

After the dinner, Rotarians and their ladies danced to the music of Burl Hubbard and his orchestra.

Abilene Man Is Speaker At First Baptist Church Meet

About 300 men of the First Baptist church met Tuesday night in the main auditorium of the church to hear an address by Dr. A. D. Foreman, sr., Baptist layman of Abilene and past president of the Texas Baptist association. The Hardin-Simmons university male quartet was also featured on the program.

Dr. J. Ralph Grant, pastor, introduced Dr. Foreman whose theme was the challenge offered by a growing West Texas to the Baptist. He emphasized the role the churchman should play in this expansion.

A barbecue held on the lawn west of the educational building preceeded the meeting.

George McCleskey, president of the Baptist Brotherhood, was the master of ceremonies.

Irving Jones, chairman of Deacons, welcomed those attending the meeting. A report on the building program of the church was delivered by Dr. F. B. Malone, chairman.

Benediction by Dr. Grant closed the program.

Change Made In Liquor Charge

County Attorney Waggoner Carr said Tuesday a charge of liquor law violation filed Tuesday against Melvin Steen had been changed to make Milus Steen the defendant.

Melvin Steen is a negro businessman, Carr said, and has never been implicated in any such case.

Sheriff's deputies and the Liquor Control board earlier seized a large quantity of whisky, wine, gin and beer in connection with the case against Milus Steen.

Police said they had arrested a Lubbock man following a disturbance at an Ave. H cafe shortly after noon Tuesday during which the man is alleged to have threatened the cafe owner with a rifle.

The disturbance developed, witnesses said when the defendant, complaining of his meal, left the cafe and returned with the rifle, a French-model weapon. The man reportedly was disarmed by the cafe operator.

Two theft reports were made to local authorities.

C. C. Leftwich, of 907 College Ave., said fender skirts valued at $50 had been taken from a black Cadillac parked at his home.

Max Tidmore, of 3319 Twenty-ninth, complained of theft of a girl's blue bicycle equipped with siren and lights. The bike was valued at $35.

A 1939 Ford coach stolen late Monday or early Tuesday from S. F. Martin, of Slaton, was recovered by police in the southeast Lubbock negro residential section Tuesday. Officers said the car had been abandoned.

Melvin Thomas Renfro, 26, of 1705 Leland, was returned to Lubbock from Canyon Tuesday by Sheriff Grady Harrist following his arrest on charges of child desertion.

Police said Walter Fowler, 45, of 1400 block Eighth had posted $200 appearance bond in connection with a plea of innocent of a charge of disturbance by window peeping. A woman in 1400 block Eighth was complaining witness, Corporation court officials said.

Eustico Gutierrez, of Abernathy route 1, complained to police that eight Mexican boys had assaulted him here about midnight Saturday, taking his billfold which contained only draft papers. He made no identification and there was no explanation on official records for the belated report.

Enthusiastic Crowd Applauds Pianist

An enthusiastic audience of 750 persons listened to the music of Jacques Abram, internationally known painist, at a solo concert Tuesday night at the Lubbock High school auditorium. His appearance was the first of a series of eight Texas Tech artists course productions scheduled for the year.

"Sonata in A Minor" by Mozart, "Sonata in B Minor," Chopin, and "Poissons d'Or" by Debussey were the highlights of Abram's performance.

The audience showed its appreciation with four encores.

Abram is a native Texan, born in Lufkin and later a resident of Houston. He was the 1938 winner of the coveted National Federation of Music award, appearing for the first time in Carnegie hall that year.

Cochran Man Held In Lieu Of $20,000 Bond

LEVELLAND, Oct. 18. (Special) — Leo Nichols, 37, charged in Cochran county with assault with intent to murder in the shooting of his wife at their farm home near Whiteface Friday had not posted $20,000 in the case late tonight, sheriff's officers here announced.

Mrs. Nichols, meanwhile, has "lost ground" in her fight for life at the Phillips-Dupre hospital here, officers said. The bullet which entered her chest and severed the spinal cord still is lodged in her body.

Housing Project

(Continued From Page One)

ings. Metal tile walls will be used in bathrooms. Linoleum will be used on kitchen and bathroom floors, and in other rooms hardwood floors will be applied.

Cooper explained that the project belongs to his wife and that it is to be called "Lauda's Villa" after her first name.

Also helping boost the city building volume were permits for eight residences issued Tuesday to James Manion Rice, Lubbock builder, for construction in 2500-block Second street totaling $57,700.

They and numerous smaller permits brought the building total for October to $1,449,232.50, City Building Inspector Lloyd Ross announced.

The year's building total climbed to $12,562,037.50, including a permit for the $2,511,000 Modern Manors apartment project which is to be issued shortly.

The indications are that Lubbock's 1949 building volume will equal or exceed last year's record-breaking $15,000,000 total, building observers believe.

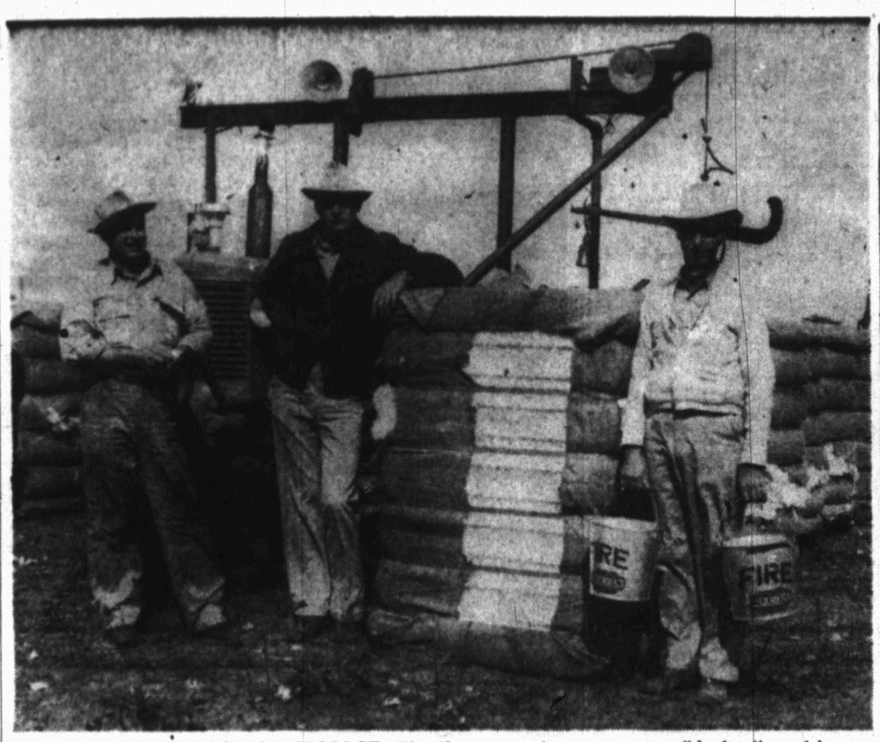

Red Albania Blamed For Failure Of Peace Efforts In Balkans

LAKE SUCCESS, Oct. 18. (AP)—A new United Nations attempt to make peace in the Balkans failed today. Western diplomats blamed Communist Albania.

That Soviet satellite rebuffed all points in a UN peace plan.

The special Balkan Conciliation committee named to settle the long-standing Greek-Balkan dispute gave up 19 days after it was created by the General Assembly.

The four-man committee, headed by Assembly President Carlos P. Romulo, reported with regret to the 59-nation political committee it could find no basis for ending the conflict.

DIRECT HOCKLEY COTTON STORAGE—The three men above are repsonsible for the safekeeping of a large part of the huge 1949 cotton crop which is gushing from the gins in the Levelland area. Left to right they are: R. D. McDonald, principal stockholder in the Levelland Compress company; Ray Wills, part owner and general manager of the firm; and, M. O. Smith, foreman of the 170 acre storage lot on which 8,500 bales of an expected 40,000 bales have already been placed. (Staff Photo.)

Plains Cotton

(Continued From Page One)

ald said Tuesday at the compress. "We are compressing more than a bale a minute which is equivalent to a carload every two hours."

Will Fill Yard Twice

"During this season we expect to fill our yard twice," McDonald said. "Hockley county will yield about 175,000 bales this year and about half of that will pass over our storage lot."

At the present time a guard tower, raised some 25 feet above the ground, is being constructed to offer a better view of the entire area. When it is completed a man will be on duty 24 hours a day. This tower will supplement roving guards who have two portable light plants mounted on tractors.

George James, superintendent at the compress, has his hands full with 25 workers who prepare the bales for shipment after they come back from the open air lot. He tries to keep it moving as fast as possible. Only the car shortage mentioned by McDonald is slowing up the process.

Levelland's Mayor Kenneth Harper, no cotton man himself, just shakes his head in amazement. "This is the most marvelous sight I have seen in years—and the season has only just started."

Blizzards Hit

(Continued From Page One)

five inches of snow. The rest of the state was expecting a general snowfall during the night.

Transportation throughout the storm area generally was unhampered, although Western Airlines reported some flights behind schedule.

The storm reached blizzard proportions in parts of Montana, and spread to parts of Wyoming and Nebraska by nightfall, International News Service reported.

Drifts were forming as wind whipped the snow at more than 50 miles an hour.

The Denver area braced for light showers, turning to snow today.

The storm was expected to continue its southward push, reaching the Oklahoma Panhandle today, then dropping into Texas.

Farm Bill Near Vote

(Continued From Page One)

levels is a matter only time can tell.

However, Brannan's past actions and statements suggest that he might follow a rule of holding supports at high levels for products whose production can be controlled to some degree. Controls would be used in an effort to prevent unbearable surpluses which high price supports might tend to encourage.

In the case of commodities whose production cannot now be controlled, supports might be lowered somewhat as a means of reducing the incentive to produce a surplus harvest.

Brannan, however, has asked for broad authority to control the production of all farm commodities.

In detail, the measure agreed upon by the Senate-House conference committee would direct the government to support prices of the so-called "basic" crops—wheat, cotton, corn, rice and peanuts—at 90 percent of parity in 1950. In 1951 the supports could be between 80 and 90 percent. Thereafter the permitted range would be 75 to 90.

Beginning with next year, such products as irish potatoes, whole milk, butterfat and dairy products, wool, mohair, tung nuts and honey would be supported between 75 and 90 percent.

All other commodities would be supported anywhere between zero and 90, as the Agriculture department might determine. Included in this group are many products now being supported at 90 percent, such as eggs, chickens, hogs, soy beans, flaxseed, turkeys and cottonseed.

In determining supports, the department would use, until 1954, either the present parity formula or a revised one approved by the Senate this year. During this four-year period, the formula that gave the farmer the higher support would be used.

In 1954 and thereafter, the revised Senate formula would be used. This formula is based upon more recent price relationships than the present one. Also it includes farm labor costs, absent from the present one.

1,000 Feared Dead In Guatemala Storm

GUATEMALA CITY, Guatemala, Oct. 18. (AP)—Torrential rains and floods over Guatemala's richest banana, coffee and cocoa lands were reported today to have taken up to 1,000 lives and left 60,000 to 70,000 homeless. The government said it was a national disaster.

The U. S. Air Force base here ordered a search for a missing Catalina believed to have been dispatched from Panama on a relief mission.

Trapped by the flood waters were 26 American tourists.

Rains which began 16 days ago swelled to torrents the last three or four days, washing out roads and destroying communications.

A foreign office spokesman estimated the dead at 1,000, though police had tabulated only 171 dead by actual count.

U. S. embassy sources estimated the economic loss at $15,000,000 or more.

The government set up a disaster relief committee, asked Congress for a special relief appropriation and prepared to drop food and medicines in the Lake Atitlan area, where it was feared supplies were exhausted.

Measure To Hike Minimum Wages Sent To White House

WASHINGTON, Oct. 18. (INS)—Congress approved and sent to the White House today new wage-hour legislation raising minimum wages from 40 to 75 cents an hour which will boost the pay of more than one million workers 90 days after it is signed.

Both the Senate and House adopted by voice vote a conference report on the measure worked out last Friday.

Rep. Lesinski (D-Mich.), chairman of the House conferees, said that the bill will increase by one billion dollars a year the pay of workers engaged in interstate commerce.

The legislation places a 75-cent floor to be paid 90 days after President Truman signs the bill.

German Princess Arrives In Amarillo To Make New Home

AMARILLO, Oct. 18. (AP)— A German princess reached her new home in Texas tonight, prepared "to learn to like" the state's broad plains.

She is Princess Cecilie, granddaughter of the late Kaiser Wilhelm. Until she and her husband, Clyde Harris of Amarillo, build the story and a half English type cottage they have planned, they will live in a small apartment in a four-unit red brick building.

Princess Cecilie and Harris, an interior decorator, married in Germany last June 21. He returned here alone while his bride awaited clearance papers. He met her in New York when she arrived this month and they drove home in Harris' station wagon. With them was "Schnapps," Princes Cecilie's fat, eight-year-old, red cocker spaniel.

Russia's 40th And 41st Vetoes Cast On Arms Census Proposals

LAKE SUCCESS, N. Y., Oct. 18. (INS)Soviet delegate Jacob Malik cast Russia's 40th and 41st vetoes tonight, killing French UN proposals for a non-atomic global arms census.

After the first veto, the Security council rejected Malik's own proposal calling for a global arms census including atomic weapons. Seven nations abstained, which lost the motion without the necessity of a veto by any big power. Russia, the Ukraine and Egypt voted in favor. China cast a negative vote.

The 41st Soviet veto followed immediately when Malik voted against another French resolution embodying the principles of the armament plan in a separate document.

Home gardeners usually prefer to spread organic fertilizer in the fall inasmuch as the winter distributes it well into the soil.

Wiring in older automobiles should be checked periodically to avoid short circuits and possible fire.

Most of the large manufacturing firms maintain extensive research laboratories, from which many important discoveries develop.

Community Chest

(Continued From Page One)

"The Community Chest idea is the basic mud-sill of the American way of life."

Besides the men's sales division, headed by Hugh Anderson, and the women's sales group, headed by Mrs. Wm. G. Dingus and Mrs. C. P. Carlock, other teams Tuesday and the groups they were to contact were: cotton, Don Mitchell, captain; autos and trucks, Preston Johnston, captain; used cars, Chester Hubbard, captain; education, Frank Junell, captain; government, Royal Furgeson, captain; professional, Briggs Irvin, captain; doctors, clinics, J. H. Felton, captain; Don Lewis, co-captain.

Other Teams To Start

Teams to go out today, their schedule and captains are as follows: 8-9 a.m. amusements, Joe Bryant, captain; Hulen Penney, co-captain; 9-10 a.m., contractors and construction supply, Max Tidmore, captain; building materials, Leland Payne, captain; Robert Maxey, co-captain; organized labor, C. J. Lightholder, captain; 10-11 a.m., drugs and cafes, John Halsey, captain; food and food preservation, Earl Collins, captain; lodging and miscellaneous services, Art Griffith, captain; 11-12 noon, finance, K. T. Thomas, captain; communications and utilities, O. J. (Bo) Sexton, captain.

Eight Agencies Covered

Eight affiliated charity, welfare and recreation agencies are covered in operation of the Community Chest. They are: Lubbock Boys Club, Salvation Army, Junior Optimist Club, Carver Heights Nursery, Milam Home, Boy Scouts, Girl Scouts and Lubbock Service Organization.

Two of the agencies, the Carver Heights Nursery, for negro children; and the L. S. O., recreational agency for soldiers at Lubbock Air Force Base, were added to this year's campaign.

Addition of these two agencies only caused an increase of only $1,350 in the Chest total over the 1949 figure. The 1949 goal was $97,500.

J. Ray Dickey, Lubbock automobile dealer, is general chairman of the Chest drive.

Economic Adviser

(Continued From Page One)

your wagon to a star is a good old American custom" and said he is "not quibbling with it" but simply warning that a bright future can be attained only if basic problems are courageously attacked.

He singled out labor and said that "collective bargaining in good faith and on solid facts is the road to a workable distribution of total production."

The economist said he could not see living standards being raised under a system where John L. Lewis orders a three-day work week and when pensions at age 60 are demanded for a population steadily becoming longer lived." He added:

He singled out labor and said that "collective bargaining in good faith and on solid facts is the road to a workable distribution of total products."

"I am filled with apprehension, too, when I look to management and see it choosing the cost of banked fires and the demoralization of the delicate adjustments of supply lines . . . rather than capitalistically venturesome reexamination of their practices of accounting and theories of price making.

"I am uneasy when I see farmers demanding stimulative prices while government accumulates gigantic surplus holdings, pays subsidies out of federal deficits, and imposes production allotments and marketing quotas.

"I'm not happy either, when I see government slipping back into deficit as a way of living in a period when production and employment are high, instead of putting its fiscal house in order and husbanding reserves to support the economy if less prosperous times overtake us."

The Radio Pioneers, formerly the Twenty Year Club, is an organization of veterans associated with broadcasting and radio in general. Its founder was H. V. Kaltenborn.

In the Revolutionary War the city of Norwalk, Conn., now an important hat making center, was almost completely burned by the British.

Congratulations to:

Mr. and Mrs. Ben Harris of Idalou route 1 on birth of a son weighing 6 pounds 13½ ounces at 4:12 p. m. Monday in St. Mary's hospital. The father is a farmer.

Mr. and Mrs. L. R. McCormick of Tahoka on birth of a daughter weighing 6 pounds 13½ ounces at 1:52 a. m. Tuesday at Lubbock Memorial hospital. The father is a farmer.

Mr. and Mrs. K. F. Moore of 1620 Broadway on birth of a son weighing 7 pounds 10 ounces at 1:45 a. m. Tuesday, at West Texas hospital. The father is employed by the El Paso Natural Gas company.

Harvest Festival

(Continued From Page One)

delivered by Mayor Primm at 11:30 from a specially constructed festival platform at the southeast corner of the courthouse square. The invocation will be spoken by Rev. H. L. Thurston, Methodist pastor. James G. Allen, dean of men at Texas Tech, will speak briefly. Lt. Gov. Montoya is also scheduled to appear on the program.

To Present Awards

After lunch the program will resume with a concert by the Brownfield high school band. C. K. Kendrick, president of the Rotary club, will present awards to the prize winning bands.

Harley Sadler, Abilene, well-known West Texas showman and former legislator will give the principal address of the day at 2 p.m., according to James H. Dallas, program chairman. Elmo Wasson, Big Spring, district governor of Rotary, will be introduced.

Motion picture star Cameron with Henry Lester and his Rhythm Boys will appear at 2:30 p.m. The first division of the fiddler's contest will also get under way at this time. This division is for fiddler's up to the age 45.

Square Dance Slated

The second division of the fiddler's contest (for those over 45) will begn at 3:30 p.m. the same time a square dance exhibition will take place. Another square dance exhibition is set for 4:30 p.m.

The Community Men's Glee Club and quartet of Brownfield will present a program at 5 p.m. under the direction of Richard Young.

At 7 p.m. a Mexican hour will be held at the festival platform. At 8 p.m. Rod Cameron will preside over the coronation of the 1949 Harvest Queen. The three candidates for Queen and their sponsors are: Ann Snedeker, Brownfield Lions club: Elizabeth Jo Anthony, Howard-Henson Post No. 269, American Legion; and Margaret Goza, Beta Theta chapter of Epsilon Sigma Alpha.

Beginning at 9 p.m. a dance will be held at the Veteran's Hall and finals in the square dance contest will conclude the day's program. Current Plans are to have radio station KTFY, Brownfield's new radio station, broadcast a large part of the Harvest Festival activities.

Navy Charges Hit

(Continued From Page One)

conviction that "the atomic bomb, plus the air power necessary to deliver it, represents the one most important visible deterrent to the start of any war."

But he accused the Navy of lying in an attempt to convince the people of the U. S. that the Air Force favors "mass atomic bombing of civilians."

The secretary quoted President Truman as telling him that he believed use of the atom bomb against Japan saved a quarter-million American casualties.

Navy Charges Blasted

Symington made a sweeping onslaught on Navy charges that overemphasis on the Air Force jeopardizes the nation's defenses.

He called the Navy charges "untrue," "false," "ridiculous" and fallacious.

He said the "fundamental question" at issue in the Navy-Air Force battle is an attempt to overthrow civilian control of the Defense establishment and that therefore "the preservation of constitutional government" is at stake.

Symington stoutly defended the Air Force B-36 intercontinental bomber, which the Navy described as an "obsolete" airplane that would be a clay pigeon for Russian guided missiles.

He denied Navy charges that the Air Force is trying to sell the country "a false bill of goods" in the concert of strategic mass bombing.

Security Claimed Jeopardized

In a sensational counter-charge, Symington asserted that the Navy's blasts at defense policies already have jeopardized and are continuing to "imperil the security of the United States." The secretary declared:

"It was bad enough to have given a possible aggressor technical and operating details on our newest and latest equipment. . . . It is far worse to have opened up to him in detail the military doctrines of how this country would be defended.

"We have now given the military leaders of any aggressor nation a further advantage in developing their strategic plan by telling them so much about our own."

More Witnesses Due

After hearing Symington the committee recessed until 10 a.m. Wednesday. Air Force Chief of Staff Gen. Hoyt S. Vandenberg will testify then, to be followed by Gen. Omar Bradley, chairman of the joint chiefs of staff, and Gen. J. Lawton Collins, Army chief.

Gen. Eisenhower is expected to testify later in the week, with Johnson appearing as a climax witness for the Defense department.

Symington challenged the veracity of Admiral Louis E. Denfeld, chief of naval operations, and Admiral Arthur W. Radford, who testified that the Air Force apparently went over the head of the late Defense Secretary James V. Forrestal in ordering additional B-36s.

The witness said that the charge "is not only untrue — it just doesn't make sense." He contended that both Forrestal and President Truman okayed the B-36 program.

The secretary struck back at the Navy charge that the Air Force "favors mass atomic bombing of civilians." Navy witnesses called such a doctrine "ruthless" and "immoral."

Symington acknowledged, however, that civilians "inevitably" would be killed in bombing attacks on industrial targets. He said that is an unavoidable result of modern total war."

WTSC Dean Speaks At Dinner Meeting Of Principals Here

Principals of the Lubbock Public schools met last night in Hilton hotel for their first dinner of the year.

Attending were school principals and their guests, including Supt. and Mrs. R. W. Matthews, Mr. and Mrs. Donald McDonald, Assistant Superintendent and Mrs. Ishmael Hill, and the coordinators of the Lubbock school system.

The principal speaker was Dr. James L. Russell, dean of graduate studies at West Texas State college, Canyon, who spoke on "The Four Crucial Problems In Education From the Viewpoint of the Administrator."

Four Problems Outlined

Dr. Russell outlined these four problems as follows: 1) More effective ways to help teachers grow as they teach, 2) To make education more practical for boys and girls, 3) To know more about child growth and development, and 4) To establish local councils on education.

Under the first problem, Dr. Russell spoke on service training for teachers, stressing that faculty meetings should be of vital interest to each teacher and that teachers are due recognition of their efforts.

He said that "when you find a teacher who has ceased to study and ceased to grow, you find a sorry teacher."

In the matter of finding out more about child growth and development, Dr. Russell pointed out that since children are in school only 20 per cent of the total time between the ages of six and 18, it is imperative that schools enlist the aid of parents in studying and correcting child growth and development.

Children Copy Teacher

He also commented on the degree to which children pattern their ideals and habits after their teachers. "Neurotic children appear in rooms where there are neurotic teachers," he said in illustrating his point.

The educator spoke finally on need for establishing councils on education comprised of a "cross-section" of each town. Such a council would work with school officials to allow children maximum benefits of education.

The invocation was given by Ishmael Hill. Two solos were sung by Mrs. T. J. Lovett, with piano accompaniment by Mrs. Eloise Elliott.

Fifty-one persons attended.

Atomic Expansion

(Continued From Page One)

ditional expenditure to Congress.

The measure being rushed through Congress now provides that the restriction may be escaped if the commission certifies to the budget director that the project is essential to national security.

AEC Declines Comment

A spokesman for the Atomic Energy commission said that "for reasons of security" the AEC can say nothing at this time about McMahon's announcement of the plant expansion.

The senator declared that President Truman has authorized the Atomic Energy commission to make immediate use of funds from unexpended appropriations for previous years.

McMahon said the funds totaled $30 million. It was also reported that $25 million additional to be spent at Hanford, will be sought from Congress early next year.

The congressional committee discussed the step-up in production at a meeting earlier today.

Informed sources indicated that the expanded production will concentrate on "new and improved" atomic weapons, many times more powerful than previous bombs. The new atomic missiles were proof-tested at the Eniwetok proving ground early this year.

Vishinsky told a United Nations news conference that Russia is not "bluffing" about its atomic achievements and warned:

"The atom bomb can slip out of hand and on the toe. That can hurt."

The Soviet foreign minister said Russia refuses to accept the Baruch plan for international control of atomic weapons because the Soviet Union "cannot agree to any American super-trust over atomic energy."

Rep. Jackson (D-Wash), a committeeman, said that at Hanford, in his state, AEC will initiate a $25 million program.

He explained that this will be in addition to the $80 million in the 1950 fiscal year budget for expenditures at Hanford.

McMahon did not disclose the amount to be spent on the Tennessee facilities at Oak Ridge.

To Advance Program

He described the new programs as "an acceleration of previously planned production," and said that they advance the U. S. atomic program "three or four months" ahead of the original schedule.

Confirmation of the appointment of Robert Lebaron as chairman of the AEC military liaison committee, succeeding William Webster, was recommended by the committee.

White Sox Trade Joe Tipton To Mackmen For Nelson Fox

CHICAGO, Oct. 18. (INS)—The Chicago White Sox announced today the trade of Catcher Joe Tipton to the Philadelphia Athletics for second baseman Nelson Fox.

Tipton played in 67 games for the White Sox this past season and hit .204. He is 26 years old.

The 21-year-old Fox hit .254 for the A's in 88 games.

No cash was involved in the deal.

Appeals Court Affirms Decision Awarding Damages To Grocer

The court of appeals for the seventh supreme judicial district, in an opinion of Chief Justice E. L. Pitts, has affirmed the judgment of 99th District Judge G. V. Pardue of Lubbock county in the case of Berch Scott and others, appellants, against C. H. Doggett and wife, appellees.

Scott filed suit against Mr. and Mrs. Doggett Nov. 20, 1948, for $1,200 with interest and attorney fees, alleging that was the balance due on a note executed by the Doggetts for $1,800 and running through April 1, 1949.

Oral Agreement Claimed

The record did not reflect an acceleration clause, but Scott contended there was such an oral agreement.

Scott also sued out a writ of attachment, and the Doggetts' stock of groceries at Shallowater was possessed by the sheriff.

Thereafter Doggett, through attorney James O. Cade of Lubbock, filed suit against Scott and his bondsmen for the writ of attachment, J. T. Scott and L. E. Baker, seeking damages by reason of conversion and for the "wrongful and malicious attachment" of his stock of groceries under the writ of attachment sued out previously and thereby damaging the credit and good will of the business he and his wife operated.

Cases Were Consolidated

The suits were filed in the same court and the trial court ordered them consolidated. They were tried together April 27.

Before going to trial, all payments on the note having become due, the Doggetts filed an admission of liability on the balance due on the note and asked for the right to open and close in the trial of the case. The request was granted.

The case was tried by a jury which found upon special issues submitted to it that the Doggetts did not deny liability on the note Nov. 3, 1948, when it was presented to them for payment; that Scott at the time he sued out the attachment writ had no probable cause to believe the Doggetts were about to dispose of their property or purpose of defrauding creditors; that the reasonable wholesale cash market value of the stock of groceries seized under the writ was $1,500; that the reasonable market value of the good will of the store before the attachment was $1,500, nothing immediately afterward; that Scott acted with malice in suing out the attachment writ and causing it to be levied, for which "malicious acts" the jury found Scott liable to the Doggetts for $4,000.

Verdict Is Given

Upon the verdict the trial court rendered judgment for the Doggetts for actual damages of $1,500 for conversion of the stock of groceries, together with 6 per cent interest of $45, and an additional sum of $1,500 as actual damages for destroying the good will of the business, making a total of $3,045 for actual damages. Scott was held primarily liable for that sum, his bondsmen secondarily liable to extent of $2,700, the amount of the attachment bond.

The court further adjudged the sum of $4,000 against Scott as exemplary damages, making a total of $7,045 against which an offset of $1,374.16 was adjudged favorable to Scott as principal, interest and attorney fees on the note, leaving the balance of the judgment $5,670.84.

Scott and his bondsmen perfected appeal and executed supersedeas bond of $7,500.

Scott and his sureties attacked the court's judgment under 16 assignments of error, but Justice Pitts cited legal authorities in his contention that the appellants had waived their rights to complain about insufficient or improper pleadings, and found no reversible error.

PLENTY OF READING—Frances Jondahl, right, and her mother, Mrs. H. S. Jondahl, center, are shown reading one of over 5,000 letters and greeting cards which have flowed into the Jondahl residence at 2103 Fifth during the past week from all parts of the United States, while Mr. Jondahl listens. By late Monday, Frances, a cerebral palsy victim, has received almost 5,700 letters, cards, and parcels. The avalanche of mail came as a result of a recent Breakfast in Hollywood broadcast, during which Jack McElroy, emcee of the program, read a letter from Mrs. Jondahl asking that listeners write to her daughter. Shown on the sofa on either side of Frances and her mother are stacks of letters which are still unopened. The large basket in front holds mail which has been opened. A laundry hamper, not shown, also has been partially filled with mail. Frances says it may take the greater part of the winter to read each letter thoroughly, but she intends to do so. (Staff Photo.)

Major Mysteries Of Explorer's Career May Remain Unsolved In Mountains Of Red China

CANTON, Oct. 18. (INS)—American explorer Leonard Clark may never solve the two biggest mysteries of his fabulous career because of the Communist conquest of China.

One is the question of the actual height of Amnyi Machen mountain, which stands guard like a forbidding tower over the approaches to the mysterious Tibetan lands of the Lamas and "living Buddhas."

Clark measured the so-called "God mountain" and says he found it to be the highest in the world, but geographical experts question the claim.

The other mystery concerns the triple-shooting in which two of Clark's companions were killed and Clark himself was wounded and then arrested on a manslaughter charge.

The Canton police have been unable to figure out for certain what really happened that night in the home of Willard Freeman as the result of a drunken brawl. And Clark professes to be equally in the dark.

The 42-year-old explorer from San Francisco who has made a life-work of cracking some of nature's mysteries may have to forsake solution of the big question marks clouding his own personal life.

Clark was released from jail the other day when the U. S. charge d'affaires intervened in the shooting episode. But he made it clear that he probably will not get the chance to go back to the remote corner of northwest China on another expedition to measure Amnyi Machen.

Clark is a former "cloak and dagger" officer. He felt that because of his wartime OSS activities behind Jap lines it would be the better part of valor to get out of Canton before the Communists captured the city.

Robert Strong, U. S. charge d'affaires, told the Nationalist officials that Clark would make himself available at their request.

It became apparent that Clark intends to stay out of the rest of Communist China, foregoing any plans he may have had to resurvey the "God mountain" and probably abandoning an old idea he has had of finding a new land route between India and western China.

Clark's claims came into dispute after scientists in the United States had a chance to check his findings.

They said the instruments he used were subject to considerable deviation.

The U. S. Coast and Geodetic survey contends that because of this the mountain may have appeared to be more than 2,000 feet higher than it really is.

Clark's measurements, made during a hazardous expedition to northwest China, gave the height of Amnyi Machen as 29,661 feet. This is 520 feet higher than Mt. Everest, the tallest peak presently known to man.

The findings of other explorers who preceded Clark in expeditions to the mountain area also tend to dispute the American's measurements, despite his personal conviction that he has discovered the highest object on earth.

Clark had had little opportunity to bolster his claim because of the Canton shooting incident.

On his return from northwest China, Clark stopped off to visit with his friend, Freeman, a Bridgewater, Mass., businessman, and Freeman's wife, Maya.

It was the night of the Freemans' fourth wedding anniversary and there was considerable drinking.

Harold Harris, a British subject, was the second male guest at the Freeman home. He and Freeman were found wounded and dying the next morning.

Clark told police all he could remember of the tragic night was that he had been beaten by the two other men after Freeman became "jealous" of his wife.

According to Clark, Freeman's alleged jealousy had no real basis. Clark told police he and Freeman's wife were good friends but their relationship did not go beyond that.

What actually happened before Clark's gun felled the other two men, and who wielded the weapon, may never be cleared up.

The attractive, Polish-born Mrs. Freeman denied emphatically during police questioning that Clark had been her lover.

Canton authorities tried immediately after the shootings to make her admit she had been intimate with the handsome explorer but she remained steadfast in proclaiming her loyalty to Freeman.

Clark himself declared he and Mrs. Freeman had many things in common but that "she was like a sister to me."

Clark's future plans are uncertain. He already has participated in eight expeditions around the world. His previous voyages have taken him to Hainan island, where he discovered the highest waterfalls in the Far East in 1937, the Amazon, Borneo, Celebes, Mexico, Egypt, Sumatra, India and Burma.

In 1938, Clark married the former Jean Wingfield, daughter of Nevada banker-cattleman George Wingfield, a noted turfman of another era.

Hawkins To Be Tried In Illinois

DALHART, Oct. 18. (AP)—Lenard (Lucky) Hawkins waived extradition today and will be tried in Jerseyville, Ill., for the slaying of Alfred Clark, 23, of Boise City, Okla.

District Attorney Floyd H. Richards said Texas agreed to let Illinois try Hawkins on the murder charge but that he would be returned to this state on an armed robbery charge should he not receive a high sentence on the murder indictment.

Richards said the accord was reached with state's Attorney Alvin H. Petitt of Jerseyville.

Robbery Charge On File

The robbery charge is on file at Dumas, Moore county. It charged Hawkins with robbing Odas Benson of Dalhart on Oct. 8.

Hawkins was captured yesterday after one of the biggest manhunts in Texas Panhandle history.

The 34-year-old man surrendered without resistance. The search for him centered in this section after Clark's body was found last Wednesday near Jerseyville.

Clark reportedly left his job in Clayton, N. M., to go with a man who offered to split a set of World Series tickets if Clark would use his car for the trip to St. Louis. They believed the series would be played in St. Louis.

Richard's office said Illinois officers would arrive here tomorrow to return Hawkins to Jerseyville.

State's Attorney Petitt; Jersey county Sheriff Wedding; Green county Sheriff Pile and the Jerseyville police chief will come here, Richard's office said.

Houston Man Is Named To Board Of M-K-T Railroad

MUSKOGEE, Okla., Oct. 18. (AP). C. E. Naylor of Houston, today was elected a new member of the Missouri-Kansas-Texas railroad board of directors.

The board met here today. Naylor's election fills the vacancy caused by the death of L. H. Prichard several months ago.

Naylor is president of the Maintenance Engineering Corp. of Houston. He formerly was president of the Houston Chamber of Commerce.

Next meeting of the railroad's board will be in Galveston Nov. 10.

The DuPont Company says it has 7000 competing chemical company rivals, all of them American.

Lubbock Holds Routine Drill

Locals Work On Amarillo Plays

A visit to the Lubbock High school football practice field yesterday would not have gained the curious much information.

From all outward appearances, it was a routine drill for the Westerners, who this week take on the Amarillo Golden Sandies in Amarillo.

There was no contact work, with players walking through dummy scrimmage, listening intently to the advice given by Coach C. R. Pattison and his assistants. There wasn't any wisecracking to speak of, but neither was there a funereal air. It was serious work and the boys were taking it all in.

NO MORE TICKETS

E. J. Lowrey, Lubbock High school business manager, said last night that 600 tickets ordered from Amarillo had been sold out completely. Lowrey said that the tickets, promised for sale Tuesday morning, had not arrived until 7:30 p. m., but that reservations made during the day had exhausted the supply. All persons making reservations are requested to call for them immediately.

Team In Top Shape

Coach Pattison's squad is in top shape at the present time, with no injuries, but he says that it's a little too early to tell about the mental attitude of the boys. They appear grim, yet not tense, as they get ready for the traditional battle.

Yesterday's work consisted primarily of defensing Amarillo plays and stopping Jack Newby, the great Sandie back. Coach Pattison intends to surprise the Sandies and his work yesterday indicated that the Amarillo club's attack may not work as well as it has been.

At the same time, the Lubbock mentor didn't overlook the Westerner offense and that too came in for considerable polishing. Linemen were prepped on their blocking assignments and backs worked to get their timing down.

Swindell To Be Tough

Lubbock will see a lot of the Amarillo line, along with Newby, and one of their chief defensive worries will be Harold Swindell, big Sandie center. Swindell stands an even six feet and weighs 160 pounds. He's made himself a starter this year on his ability, after playing two years on the squad.

But Lubbock's Westerners hope to run him ragged with the backfield speed and latest statistics on the squad are impressive. Halfback Wayne Stroud continues to spark the club with 369 yards gained and 53 points.

Next high scorer is Fullback Malcolm Young with 36 points, and Halfback Charlie Williams has 24 points. This threesome has accounted for more than 1,100 yards rushing for the Lubbock squad.

Stroud Averages 14.9 Yards

Stroud's average per try is 14.9 yards on 26 carries. Williams has carried 30 times and picked up 368 yards for an 11.3 average per attempt, and Young has a 7.8 average on 321 yards in 41 times. Mack Taylor has gained 101 yards on 25 carries.

Passing honors for the team are shared by Bobby Brown and Morris Turner. Turner has a better percentage, completing 12 of 21 tosses for 191 yards and three touchdowns, and Brown has hit his receivers on 12 of 24 attempts for 193 yards and one tally.

Top receiver is End Garnet Reeves with seven catches for 123 yards and one touchdown. Taylor is second, having caught five passes for 78 yards, one a touchdown. Williams, Billy Tooke and Billy Wright each have caught three aerials, with Williams and Tooke snaring touchdown aerials.

Punting duties have fallen to Young in most cases, and he has come through in great style, getting a total of 254 yards on five punts for a 50.8 average. Last week he kicked Lubbock out of the hole in the Pampa game with an 80-yard boot.

Conversions have been soley the job of Billy Pressley the last three games and he has come through admirably, making 15 of 17 attempts. Pressley converted 14 straight before last week's game when he made but three of five.

In five games the Westerners have scored 202 points for a 40.4 average and allowed the opposition only 38 points.

On the ground the team has rushed for 1,508 yards and passed for an additional 404, running the total offense to 1,912 yards, well over a mile.

Max Zaslofsky Ends Holdout Against Chicago Stag Five

CHICAGO, Oct. 18. (INS)—Max Zaslofsky ended his holdout today and signed a two-year contract with the Chicago Stags of the National Basketball association.

Gene James Beats Dickie Brown In Semi-Final

Henderson Gains TKO In Tenth Round Over El Paso's Ortega

By CHOC HUTCHESON
Avalanche Sports Writer

Bill Henderson, the classy Levelland lightweight, registered his 27th victory in 29 pro starts last night by battering Manny Ortega, El Paso ring veteran, into submission in the closing canto of the 10-round main event of the VFW boxing card at Chapman fieldhouse.

A turnout of some 1,200 fans saw Henderson stage a strong finish through the last five rounds before Referee LaVern Roach stepped in to halt the one-sided affair at 2 minutes and 25 seconds of the tenth.

For five rounds it was a fairly even scrap. Henderson started fast to take the first two heats, then Ortega came on to gain a slight edge through the next three.

Henderson Takes Charge

But in the sixth Henderson took charge for keeps. He drove completely across the ring with one barrage of blows as he won the round handily.

Henderson kept the El Pasoan reeling through most of the seventh. Twice he buckled Ortega's knees with solid rights to the head, and once Ortega grasped around Henderson's body to keep from going down.

Ortega, who never quit trying, ran into more trouble in the eighth and the end of the ninth found him sitting on the canvas taking a count. However, he came back to absorb more punishment in the tenth. At the end, he was sitting on the lower strand of the ropes, almost knocked from the ring by a savage Henderson onslaught in the corner. He made no protest when Roach stopped the fight.

The pro-Henderson crowd cheered the Levellander lustily through what was probably his best performance in a local ring.

Except for a badly swollen right ear, the Texas Tech student came through unscathed. After the bout, he described Ortega as "the best man I've met except the Frenchman (Jean Mougin, who twice defeated Henderson)."

Henderson said that only one Ortega punch, a solid right in the fifth round, hurt him badly.

Ortega, who came out with a slightly bloody nose and a welt below his left eye, said Henderson was a "good puncher and plenty strong. He's a good, clean fighter." Manny added that he thought he had stepped above his best fighting weight, stating that he usually did better when fighting at 122-123 pounds against opponents of similar size. He scaled 128½ for this one, compared to Henderson's 129½.

On this writer's scorecard, Henderson had a 6-3 edge through the first nine rounds, and all the stanzas won by Ortega were very close. In the early heats, a straight left was Henderson's best offensive weapon, but toward the finish he began to find the range with his right.

Gene James, Lubbock heavyweight, preserved his undefeated pro record by stopping Dickie Brown, Amarillo, on a TKO in 2 minutes 15 seconds of the third round of the scheduled eight-round semifinal. It was a clumsily-fought affair, with both fighters sprawling on the canvas before it was over.

Except for a brief interval in the second round when Brown tagged him with a left hook that floored him, James had the upper hand. However, his awkward rushing style brought boos of disapproval from the crowd on several occasions.

Brown suffered a deep cut above the left eye, causing his handlers to halt the bout.

After the bout, James accepted a challenge for a match with Eddie Lamarr, former state heavyweight titlist from Oklahoma City. The bout probably will be staged here, at a date to be announced later.

Leonard Duncan, the plodding Hale Center middleweight, gained a narrow decision over clever Dick Smith, Oklahoma City, in a gruelling six-round feature bout. Smith turned in some sparkling defensive maneuvering and battered the right side of Duncan's face almost beyond recognition, but the Hale Center clouter gained the verdict because of his aggressiveness and superior condition.

Charley Neff, Petersburg, stopped David Fawcett, Lubbock, on a TKO in 2:30 of the second heat of a four-round lightweight curtainraiser.

The other four-round preliminary saw Charley Forbes, tough Brownfield middleweight, knock out Bill Cornelius, Oklahoma City, in 1:30 of the second stanza. A smashing left to the midsection followed by a right chop on Cornelius' chin finished the Oklahoman.

Officials of the VFW, sponsor of the card, reported a paid attendance of "about 1,000," with some ticket sales in outlying towns still unreported. It appeared that the program, which was well received by the crowd, would at least meet expenses. Profits, if any, are to be divided between the Lubbock Goodfellows fund and Girlstown, U. S. A.

WHOA, THERE!—There was action a-plenty in the ring at Chapman fieldhouse last night when Manny Ortega (back on floor) and Bill Henderson fell through the ropes during an exchange of punches in their 10-round main event. Referee LaVern Roach, right, lends a helping hand in the mixup by grasping Ortega's right foot. Henderson went on to score a tenth-round TKO over the El Paso veteran. (Staff Photo by Choc Hutcheson).

POWERFUL BACKS AID BEARS

Burk-Ison Passing Combination Puts Baylor In Title Picture

WACO, Oct. 18. (U.P.) — Baylor university, which hasn't won a Southwest Conference championship in a quarter century, loomed very much in the title picture today—thanks to an almost precision-perfect senion passing tandem.

Neither Quarterback Adrian Burk nor End J. D. Ison lead their departments in yards gained, but this duo has been tremendously responsible for Baylor's four straight victories.

When the clutch moment arrives, it's almost certain the 190-pound Burk will cock his arm and fire a bullet pass to the sticky-fingered Ison.

Burk has thrown 68 passes this season, 25 of them to Ison.

Of the 68 passes Burk has tossed this season, with 25 of them going to Ison—24 times Ison has held onto the ball to pick up yards and three touchdowns.

That one miss came in the Mississippi State game, but Ison made up for it by intercepting a Maroon pass and returing it 23 yards to stop a threatening drive.

Burk doesn't throw to Ison all the time, for he's completed 45 out of the 68 he's thrown for a respectable .662 average and 489 yards. And five of the ones he's tossed to other eligible Bruin receivers have been for touchdowns.

Thus, seven of the 14 Baylor touchdowns have come via the aerial route in keeping with the Southwest's tradition. That's better than last season when he got only six touchdowns on 68 out of 137 passes.

Transferring to Baylor last season from Kilgore Junior college, Burk had never worked as a man under until the first day of practice on Sept. 1.

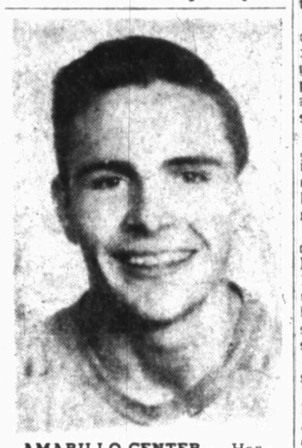

But, with the help of backfield coach Frank Broyles, a former T quarterback strategist for Georgia Tech, Burk jumped into the position as if he had been there all his life. And Baylor's stock soared.

This year, with a season of experience behind him and weighing 15 pounds more after a summer on a ranch near Alpine, Tex., Burk bids fare to close out his career in a blaze of glory.

Ison, one of the few non-Texans on the squad (he calls Ashland, Ky., home), lettered for Baylor in 1947 and received All-Conference mention. He laid out last season, but his decision to resume his studies this fall has been a God-send to the Bruin cause.

With this pair working with such fleet, hard-running backs as Jerry Mangum, James (Buddy) Parker, Lyle Blackwood and James Jeffrey and behind a powerful line, Baylor has taken South Carolina, Mississippi State, touted Arkansas and Texas Tech in stride.

Next comes the sophomoric Texas Aggies Saturday at College Station in one of two Conference games on the weekend card. The other sends Texas against Rice.

AMARILLO CENTER — Harold Swindell, six foot, two inch, 160 pounder, is the rock in the center of the Amarillo Golden Sandie line that Lubbock will test Friday night. Swindell has been a squadman the past two years and this year is coming into his own as a fine pivotman. He is capable of causing the Westerners lots of trouble.

Shallowater, Sudan Basketball Teams Divide Doubleheader

SHALLOWATER, Oct. 18 (Special) — Shallowater and Sudan High school basketball teams split a doubleheader here tonight, Sudan girls winning 33-24 and the Shallowater boys taking a 37-27 victory.

Margie Messamore led the winning girls with 17 points. Alice Russell had eight for the losers. Harold Clark pitched in 14 points to lead the Shallowater varsity. Don Lance had 10 for the Hornets.

Shallowater will meet Wayside here Saturday night in a pair of games.

Class A Grid Race Narrows

(By The Associated Press)

A few crucial games take the spot in Class A schoolboy football this week.

Dalhart and Phillips, both undefeated and untied in district one, tangle in the Panhandle's top game.

Mighty New Braunfels tackles Lockhart in another meeting of perfect teams in District 24.

Crosbyton and Spur get together to unjumble a little bit the District Three standings.

Andrews and Monahans, defending state champion, meet in another top tilt.

The winner of the Dalhart-Phillips game will not be over the hump in district play. Hereford, which last week crushed Silverton, 75-13, is undefeated and untied in this district.

Abernathy was upset by Crosbyton, 20-6, last week to confuse the title picture in District Three. These two teams and Spur are all tied for the lead with three victories and one defeat each. Floydada has won two and lost one.

Littlefield ran its scoring total to 221 points in smashing Muleshoe, 47-0, last week. Tommy Bailes scored 30 points to run his total to 87.

Sudan, a little school with 157 students, upset Levelland, 26-7, to boast, for the moment, a tie with Littlefield for the 4-A North zone leadership. Both have the same number of victories in district play.

Post and Slaton are deadlocked for the lead in the south zone of District Four, but Post's powerhouse is a good bet for the zone crown. Last week it crushed Tahoka with its passing ace, Jack Kirkpatrick, tossing four touchdown aerials and scoring three times himself. He has thrown ten touchdown passes this year.

Monahans has lost one district decision and the team that beat the Lobos—Kermit—rides atop the District Five standings. The Yellow Jackets' perfect record was spoiled last week by Andrews' 12-12 tie.

Wink, another strong contender in this district, blanked Seminole, 33-0.

Andrews plays Monahans in the district's top game.

New Braunfels has run up 236 points in winning five straight games, to 40 for the opposition. Last week it walloped undefeated Luling, 54-7. The Unicorns lost to Monahans, 14-0, in the state championship game last year.

Reports are incomplete on the rest of the vast Class A setup.

But La Vega and West are the two top teams in District 19; Mexia has the inside track in 20; Cameron is roaring along in 21, and Lampasas is setting a hot pace in 22. Nederland beat Jasper, 12-6, last week to put it in a good position to take the District 26 crown.

Four Schools Boast Perfect Grid Marks

NEW YORK, Oct. 18. (U.P.)—There were 58 undefeated and untied college football teams strutting about the nation today.

But of that number only four could claim absolutely perfect records. Clarion, Pa., Teachers, St. Vincent of Pennsylvania, Gannon of Pennsylvania and Morris Harvey of West Virginia not only were undefeated and untied, but also unscored upon.

The coast-to-coast United Press poll discovered 19 of the unbeaten-untied in the Midwest, 18 in the East, 10 in the South, five in the Far West, five in the Southwest and one in the Rocky Mountains.

Among the so-called big name schools, there were California, Kentucky, Army, Cornell, Pittsburgh, Minnesota, Notre Dame, Oklahoma, Baylor, North Carolina, Virginia, Penn, Wyoming and Fordham.

Army stacked up as the greatest offensive team among the major elevens with 164 points in four games, an average of 41 per game. Notre Dame totaled 157 for a 39 average.

Hardin college of Texas has the distinction of the most victories this season, six in a campaign which began back on Sept. 10 when most schools were just issuing full uniforms. Five more games remain on the Hardin schedule this year.

Red Raiders Cap Drill With Contact Work

Off their performance yesterday, Texas Tech's Red Raiders will be in for a most unpleasant afternoon here Saturday.

Things were so bad that the Raider squad spent a long session on such high school fundamentals as blocking and tackling, starting from the ground up as though the players never before had learned them.

Then the afternoon drill was capped by a rough varsity scrimmage in which the showing again was pathetic. Blocking was negligent and almost unapparent, tackling was half good, half bad and the thinking wasn't very sharp.

Morgan Loses Patience

Coach Dell Morgan was the most unhappy man on the field. After viewing mistakes made in the Baylor game, he was even unhappier and it showed on the practice field. He attempted to hold his patience in check, but repeated mistakes in the scrimmage on points emphasized time and time again caused him to lose what patience he had left.

Blocking, particularly by backfield men, was terrible. Fullback J. W. Thompson went for a 25-yard sprint at one point on which neither the linebacker or the end around which he went were taken out of the play. Other plays failed because halfbacks missed their blocks, or blocked so unsatisfactorily that the defensive player was able to recover and make the tackle.

Morgan, assisted by Coach G. B. Morris and Tipp Mooney, hammered and hammered at the varsity players, both on offense and defense. When no noticeable improvement was shown by 6:30 p.m., the lights were turned on and the squad kept on the field until after 7 p.m.

Arizona Threat

But through it all, certain good was accomplished and the team with the ball drove its way downfield to score several times. Part of it was due to the individual work of such backs as Thompson and Cal Steveson, who threw off tacklers and picked their way through opposing players.

Arizona will pose a definite threat to the Raiders and Coach Polk Robison, who scouted them, brought back the warning that by the time they met Tech, the Wildcats would be ready to play hard football.

Part of their offensive is centered around a fine passing attack that is featured by the aerials of Quarterback John Kelly, while Max Spilsbury, a Juarez, Mexico, player is the favorite end target. Spilsbury is one of the top defensive ends in the conference, while he also is a better than average receiver.

Spilsbury stands six feet, two inches, and weighs 175 pounds. He is a senior and has won three letters already. He also has won the university boxing title in his weight three times and is a top point man in rodeos.

ARIGONA ELEVEN PUTS IN TWO-HOUR CLOSED SESSION

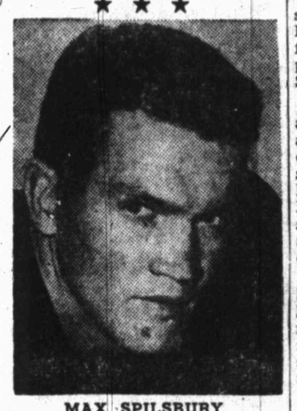

TUCSON, Ariz., Oct. 18 — (Special) — The Arizona football team today sharpened its offensive attack and began setting up defenses for Texas Tech.

Today's two-hour closed practice session was divided equally between offense and defense. During the first hour, the line worked on defenses to be usd Saturday against the Red Raider attack. Backs and ends, meanwhile, concentrated on passes.

In the final hour, the first three varsity teams ran offensively against a freshman squad.

The passing of Quarterback John Fowler, who started his first game against Texas Western last Saturday, and two touchdown runs by Halfback Ed Wolgast, back after a two-week injury, were highlights of the scrimmage.

The lowest won-lost percentage ever compiled by a major league pennant winning team was the .578 of the 1926 St. Louis Cardinals.

MAX SPILSBURY
. . . Favorite End Target

ROUTZONG TO BUFFS

ALLENTOWN, Pa., Oct. 18 (AP) — Arthur Routzong, buiness manager of the Allentown club of the Interstate League for the last four seasons, tonight announced that he had been selected as business manager of the Houston, Texas club of the Texas League. He will assume his new duties November first.

Parks, Fenton In Main Event

That old toughie of the ring wars, Rod Fenton of Edmonton, Canada, makes another appearance at Sled Allen's arena tonight, meeting Herb Parks of North Bay, Ontario, Canada, in the main event.

In the semi-final, Alex Kasaboski of Russia takes on Al Getz of Pittsburgh, Pa., another familiar face, and Charley Carr of Shreveport, La., meets Bill Brooks of Seattle, Wash., in the preliminary.

Parks gets into the main event, a two out of three falls match with a one hour time limit, through a challenge from Fenton. Fenton saw him overpower Pat O'Dowdy last week and immediately challenged him. The contracts were signed before the wrestlers left the arena and an all-Canadian final event was assured.

Kasaboski heard that Getz was back in the territory and wired him a challenge. The big Dutchman accepted and these two roughnecks of the ring were signed for a two out of three falls match with a 45-minute time limit.

Carr will be making his first appearance in the local ring since 1937, when the popular Louisianan left these parts. He and Brooks both are old hands at wrestling, are about even in size and weight and should give the crowd a fine first event.

The starting time for the matches has been changed from 8:30 p. m. to 8 p. m. Tickets for the three matches go on sale this morning at 9 at the arena and can be obtained there until 5 p. m.

Rice, Texas And Baylor Move Up In Weekly Poll; Mustangs Fall

Irish, Army Place First And Second

NEW YORK, Oct. 18. (AP)—Rice, Texas and Baylor moved today into the ninth, tenth and 11th nationwide rankings in football.

Notre Dame was perched high atop the list with 1,745 points in the Associated Press weekly poll.

SMU, beaten by Rice, plunged from 10th to 17th. TCU picked up three points. Rice had 166, Texas 136, Baylor 120 and SMU 42.

Rice, beaten by LSU, plays Texas this weekend. Texas has lost only to Oklahoma, fourth ranking team with 1,171 points and six first place picks.

Notre Dame sits it out this week. Other members of the first ten face muscular foes who should give the rankings another vigorous shuffle.

Army Keeps Second

Sports writers were so impressed they gave the Irish a walloping vote. Notre Dame beat Tulane 46-7 Saturday.

Notre Dame received 146 of 179 first place votes and a 200-point lead over Army, which hung on to second place, with Minnesota hurdling Oklahoma to take third.

Finishing out the top ten are Oklahoma, California, North Carolina, Kentucky, Cornell, Rice and Texas.

Three newcomers are Cornell, Rice and Texas. They shoved out Michigan, the mythical national champion, Tulane and SMU, the most distinguished upset victims.

Michigan, beaten by Northwestern, dropped to 12th. Tulane fell from fourth to 20th.

Notre Dame's main challengers for national honors will all be busy—Minnesota, Kentucky, Texas and Rice busier than the rest.

Kentucky, SMU Meet

Minnesota, No. 3, plays Michigan, and Kentucky, No. 7, meets SMU, on the rebound.

Army figures to have little trouble with Columbia. Oklahoma goes against Nebraska. California plays a Washington team that has lost three in a row. North Carolina meets Louisiana State. Cornell opposes Princeton.

The total vote with points figured on a 10-9-8 etc., basis (first place votes in parentheses):

1.	Notre Dame (146)	1,745
2.	Army (10)	1,552
3.	Minnesota (8)	1,370
4.	Oklahoma (6)	1,171
5.	California	875
6.	North Carolina (6)	856
7.	Kentucky (3)	798
8.	Cornell	345
9.	Rice	166
10.	Texas	136

The second ten: 11—Baylor, 120; 12—Michigan, 119; 13—Northwestern, 99; 14—Pennsylvania, 71; 15—Michigan State, 67; 16—Pittsburgh, 65; 17—SMU, 42; 18—Missouri, 37; 19—Southern California, 36; 20—Tulane, 35.

Receiving one or more votes were—Ohio State, 22; Wisconsin, 16; Oklahoma A&M, 12; Boston U. and Virginia 10 each; UCLA and Oregon 8 each; Santa Clara and Georgia Tech and Wyoming, 5 each; Vanderbilt and Villanova, 4 each; Princeton, TCU and LSU 3 each; Arkansas, Georgetown, Duke and Stanford, 2 each; Penn State, Iowa State and Mississippi, 1 each.

Kentucky's Wildcats Study Defenses Against Mustangs

LEXINGTON, Ky., Oct. 18. (AP)—Kentucky's Wildcats went through a light workout dressed in full gear today in preparation for Saturday's football game with Southern Methodist at Dallas.

The session was devoted to offensive and defensive formations. Coach Paul Bryant said after the practice, "we still' are having trouble learning our defenses for Southern Methodist's formations.

"We will have to improve a great deal if we expect to play them a good game. However, our boys had lots of pep today and I believe they realize that they will be facing one of the best teams in the country this Saturday."

Berg Takes Medalist Honors In Hardscrabble Women's Open

FORT SMITH, Ark., Oct. 18 (AP)—Defending champion Patty Berg fired a six-under-women's par 69 today to take medalist honors in the qualifying round of the Hardscrabble Women's Open golf tournament.

First round play will be run off tomorrow. Quarterfinals will be played Thursday, semi-finals Friday and final, Saturday.

Tomorrow's pairings with qualifying scores in parenthesis include:

Miss Berg vs. Mrs. Earl Rumbaugh, Kansas City (85).

Miss Betty MacKinnon, Texarkana, Tex., (78) vs. Mrs. Tom Lichty, Fort Smith (91).

SPORTS Slants

BY CHOC HUTCHESON

Into each life some rain must fall, they tell me, and the drizzle already has begun at Amarillo.

Take my word for it, folks — those Sandies rooters are more than slightly worried about what might happen Friday night at Amarillo stadium when the Sandies and Lubbock's Westerners tie into each other.

Indeed, a few Amarilloans already are singing the blues. The leader of this woe-beset choir is one Putt Powell, a gent loyal unto death to the Sandie cause. In case you're not acquainted with Putt, I'll explain that he is the sort of fellow who would let Amarillo gridders kick their points-after-touchdown off his nose if he thought it would help get the ball between the crossbars.

Putt is a rabid booster of all Amarillo High school athletic teams, from Sandie football right on down through girls' junior jacks. During the summer months, when school is out, he turns his worshipful gaze upon the St. Louis Cardinals of the National baseball league. On occasion, he has been known to say a good word for the University of Texas grid squad, but this deviation from his set Amarillo-St. Louis routine can be attributed to the fact that the Texas mentor, Blair Cherry, is an ex-Sandie coach.

* * *

Aside from being a professional Amarillo fan-atic, Powell writes sports for the Amarillo Globe-News. It was through his column in last Monday's edition of The Globe that I learned he has all but surrendered in connection with Friday night's Sandie-Westerner battle, even before the firing starts.

In the aforementioned dispatch, Putt (who usually "dies hard," when it comes to Amarillo athletic matters) did everything but wave the white flag. To hear Powell tell it, Amarillo doesn't have the chance of a snowcone on the Sahara.

Putt, in substance, made these statements (the remarks in parentheses are my replies):

1) Lubbock had an easy time beating Pampa last week (Putt didn't see the Lubbock-Pampa game, or he probably wouldn't be this far off the beam).

2) Amarillo's chances are "very slim" with Jack Newby, and practically void without the star tailback (Here Putt is trying to insinuate that the Westerners will work on Newby with everything from broken beer bottles — of which there is an abundant supply in the Amarillo area — to daggers, brass knucks and machetes. I assure you, however, that such is not the intent of either Lubbock Coach Pat Pattison or any of his players).

3) Amarillo's defense has been "pushed around by every team met all season" (The Sandies, to date, have won four and lost one).

4) Amarillo will be at least a two-touchdown underdog against Lubbock (The bookmakers will take Amarillo plus six points for any amount).

* * *

Whatever the outcome of Friday night's scrap, it does my bleeding back good to see Sandie rooters "sweating it out" for a change.

Ever since 1939, the Amarillo people have been "eatin' high off the hog," as Sportscaster Red Barber would phrase it. For nine long years, they have enjoyed the annual privilege of watching their Sandies beat, crush, humiliate (choose your own word) the Lubbock football team.

It's something akin to digging up a corpse, but let's take a look at the Sandie-Westerner scores through those nine years. Here they are, with Amarillo on the big end of all of them: 1948, 14-6; 1947, 27-0; 1946, 20-6; 1945, 33-6; 1944, 27-0; 1943, 47-0 (ouch!); 1942, 20-0; 1941, 3-0; 1940, 14-0.

Far be it from me to predict a Lubbock victory Friday night. I never have been one to dispute tradition, and the above scores speak for themselves.

But, come what may, I'm happy to see those Sandie boosters quavering in their shoes as they realize that their "judgment day" may be at hand.

Suffer, you Amarilloans, suffer, and pay the price for your fiendish delight during the last nine years, while we Westerner rooters sit back and relax.

Until 8 o'clock Friday night, at least!

Abernathy Grid Player Ineligible

FLOYDADA, Oct. 18 (Special) — Wayne Wolf, a football player at Abernathy High school, Monday night was declared ineligible to continue play this year, and, in addition, Abernathy was forced to forfeit three district 3-A conference games already played.

The action came at a special meeting of the district executive committee of the district following protests submitted by Floydada and Lockney High schools. Members of the committee are the nine superintendents of schools in the district.

Although no formal vote tally was announced, it was presumed that the vote was unanimous, with Floydada, Lockney and Abernathy abstaining from voting.

Property Technicality

Wolf was declared ineligible on a technicality that involved property ownership. He and his parents are bona fide residents of Abernathy, but the family owns property near Petersburg. The property is just outside district boundaries.

As a result, both Floydada and Lockney, had the right to protest, which they did. Abernathy was forced to forfeit games to Matador, Floydada and Lockney, radically changing the standings in the conference.

Abernathy had beaten Lockney last Friday night, apparently eliminating the Longhorns, defending district champions, from the title race. And, as a result of an earlier defeat of the Whirlwinds by Abernathy, the Antelopes were in a three-way tie with Spur and Crosbyton for the lead.

Under the revised standings, Floydada takes over the lead without a defeat, while Spur, Crosbyton and Lockney are tied for second. The Antelopes drop to the bottom of the standings.

Wolf Was Standout

Wolf, a defensive tackle and an offensive fullback, had been a standout on the Antelope eleven. He was even more important following loss of another player, whose place he filled.

Fred Miller, superintendent of schools at Abernathy, said Tuesday that "we have no recriminations against either school that brought charges, on against the district."

"We did not know that we were violating a conference rule," Miller declared. "We had investigated Wolf's residence and considered him a bona fide resident of Abernathy. It was a technicality, but we deliberately violated no rule. This means, of course, that instead of the possibility of being district champions, the race is over for us. It's a tough break for the coach and the kids."

The revised standings follow:

DISTRICT 3-A

Teams	W	L	P	OP
Floydada	3	0	28	12
Spur	3	1	77	49
Crosbyton	3	1	40	44
Lockney	3	1	53	12
Tulia	2	3	66	53
Paducah	1	2	37	44
Ralls	1	2	40	35
Matador	1	3	7	82
Abernathy	0	4	6	23

AGREEMENT CANCELLED

APPLETON, Wis., Oct. 18. (INS) President Andrew Parnell of the Appleton baseball club announced today that the Philadelphia Athletics have discontinued their working agreement with his team. The Appleton Pacemakers are members of the Class D Wisconsin State league.

Kramer To Meet Pancho Gonzales

NEW YORK, Oct. 18. (AP)—"It's a great thing to be a champion," the professional tennis king, Jack Kramer, said today. "And I'm going to go right on playing until someone beats me."

Last year he trounced Bobby Riggs on an extended American tour. Now he is taking on the amateur titleholder, Pancho Gonzales. At stake, said Promoter Riggs, is $100,000.

"When I get beat I might start a tennis school in Los Angeles," said Kramer. "I don't want to stick around and play after I get shellacked. I like to win. It's a good feeling when you leave the court a winner."

The Riggs professional tennis caravan opens its swing Oct. 25 in Madison Square Garden, New York, with Kramer facing Gonzales, and Pancho Segura playing Frankie Parker. Segura and Gonzales, the two stars of Latin extraction, will play Parker and Kramer in doubles.

Riggs figures the $100,000 jackpot this way — "the winner of this tour is in line for a tour next year. The loser . . ." and he shrugged his shoulders.

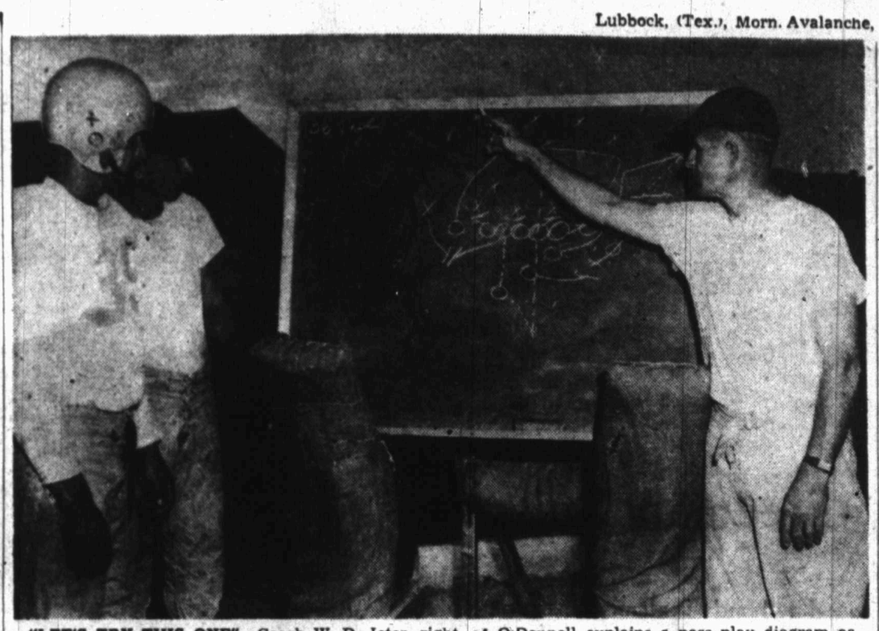

Gonzales, who beat Ted Schroeder for the National Amateur title in a gruelling five set match at Forest Hills, gets a guarantee of $60,000, or 30 per cent of the gate.

Kramer admitted he gets only 25 per cent of the gate.

"You've got to give the amateur champion a little inducement," Kramer said realistically.

SANDERS WINS GAME

Sanders school beat K. Carter yesterday afternoon 13 to 12 in a northeast district conference game. W. E. Lawrence is coach of Sanders and Mills coaches K. Carter.

"LET'S TRY THIS ONE"—Coach W. D. Jeter, right, of O'Donnell explains a pass play diagram as Eagle Quarterback Kellas Davis, left, and Assistant Coach James Hatter look on. The O'Donnell squad, after a bad start this season, registered its first District 4-A South triumph last week by turning back Seagraves, 13-6. O'Donnell has an open date this weekend, then goes to Slaton for a conference game with the Tigers on Oct. 28. (Staff Photo.)

Pro Gridders Urged To Unite Or Perish

BUFFALO, N. Y., Oct. 18. (INS)—"Get together or commit financial suicide."

These words of warning were issued to the National Football league and the All-American conference today by Elmer Layden, former Notre Dame coach and one-time NFL commissioner.

Layden was head man in the senior loop when the ACC was formed four years ago. At the time he told the new league to "get a football and play a game" before it could be recognized.

But today Elmer said:

"The conference has proved itself now; is just about as strong as the old league and both circuits will commit financial suicide unless they get together."

The U. S. amateur golf champ[illegible] has twice been won by foreign players—Harold H. Hilton of England in 1911 and C. Ross Somerville of Canada in 1932.

Elmer Layden Says Pro Grid Leagues Must Merge Or Perish

BUFFALO, N. Y., Oct. 18.—Elmer Layden, the man who once told the All-American Conference to "go get a football," said today the Conference and the National Football League "must get together or perish."

Layden told a newsman that "things have changed" since he made his slighting remark on the suggested merger of the two pro leagues four years ago. Layden then was commissioner of the NFL.

Matty Bell Picks Kentucky To Win

DALLAS, Oct. 18. (AP)—Coach Matty Bell of Southern Methodist was feeling his oats today. He figured he had won his spurs as a football prognosticator and that he had wiped away forever his tag of "Moanin' Matty."

It was Bell who last week predicted Rice would beat his team by one or two touchdowns. "If I was a sports writer I would pick it like that," quoth the SMU coach.

Today he had a slight sneer for the sports writers, practically all of whom selected Southern Methodist to win.

The score was 41-27 in favor of Rice.

Bell also predicted—before the season started — that Southern Methodist would lose four games this year. So it's one down and three to go.

Matty says the second one will come Saturday when his Methodists play undefeated, untied Kentucky.

"We have been executed once and we'll be executed again," said Bell mournfully. "Look at the record. Kentucky beat Louisiana State 17-0, Louisiana State beat Rice 14-7 and Rice beat u. badly."

He declared that while Tobin Rote of Rice was a great passer and beat SMU with his throwing, Kentucky has an even better one. "This Vito Parilli is a much better passer than Rote," Bell said. "Kentucky also has a big, fast line and one of the greatest running halfbacks in the country in Donald Phelps."

"But," ventured a sports writer, "you have been picking SMU to lose for years and this is the first time you ever hit it."

"What a team, that Kentucky!" said Bell, not appearing to notice.

ORGANIZATION WORK COMPLETED

Senator Kelley Named Head Of Legislative Water Code Group

By MAC ROY RASOR
Associated Press Staff Writer

AUSTIN, Oct. 18.—Senator Rogers Kelley of Edinburg was elected chairman today of the legislative water code committee charged to study and recommend changes in the state's touchy water laws.

"We've got a devil of a hard job with tremendous responsibilities," Kelley told the committee. "I know of no subject more highly controversial."

The committee was sworn into office by Supreme Court Chief Justice J. E. Hickman and then turned immediately to organization details.

Others Are Named

Rep. Byron R. Tinsley of Greenville was named vice chairman and John D. McCall of Dallas secretary of the 21-member committee composed of six senators, six representatives and nine laymen.

A steering committee of five was called for on motion of Senator George Moffett of Chillicothe, to map recommendations to the full committee on selection of an executive secretary and salary to be paid. The committee has $35,000 on which to operate before the January 1950 meeting of the legislature to which it must report.

Moffett, who was named chairman of the steering committee, called an executive session of the group for Oct. 24 at Dallas. Others on the steering panel are Sen. John Bell of Cuero, Rep. Preston Smith of Lubbock, Rep. W. S. Fly of Victoria, and McCall.

The panel is charged to report its findings to the full committee at the next meeting, Nov. 14, in Austin.

One of the committee's first suggestions came earlier today from the Texas Water Conservation association closing its fifth annual meeting shortly before the interim committee met.

By resolution the association urged the committee's serious consideration of a plan for state assistance in construction of needed water conservation projects.

Particularly cited was the proposal submitted to the last legislature by Senator Bell for setting up a $200,000,000 revolving fund financed by bonds to assist in building needed projects. Bell told the association this morning:

"The entire problem of water can easily become the most controversial issue at the next legislature because there are so many divergent opinions on water laws, rights and uses. We are hopeful that the water code committee will solve many of these perplexing problems.

Other resolutions adopted by the Water Conservation association included recommendations for transfer of the Corps of Engineers district office at Galveston to Austin or some other central location, criticism of the federal government's tactics in handling the state's water problems, condemned the attempted federal grab of Texas tidelands, and urged congressional investigation of "certain government officials who have been active in the promoting of federal valley authorities in various parts of the country."

Association members also heard Dr. Harold Vagtborg of San Antonio, president of the Southwest Research institute, describe the state as a "huge kitchen drainboard," which drained off the state's rainfall.

"We have enough rainfall in Texas," he said. "The problem is the distribution of this rain water. We must rebuild our grasses and when we do that our water tables will begin to rise again."

Vagtborg said West Texas' slight rainfall was "a blessing in disguise."

Because the fertile lands there have not been washed away, he said, "a few drops of water in West Texas now can convert the land there into a veritable garden of Eden."

Two speakers today came to the defense of the Bureau of Reclamation after several speakers yesterday lashed at the bureau's policies.

A. A. Meredith, mayor of Borger, told delegates that the people of the high plains area and the Panhandle have been working successfully with the bureau on the Canadian river project.

L. T. Youngblood of Bronte, in a short talk, endorsed Meredith's statements.

Two Men Killed When Truck Overturns On River Bridge

GLADEWATER, Oct. 18 (AP) — Two men were killed last night when a Cabell ice cream truck overturned and caught fire on the Sabine river bridge a mile west of here on U. S. highway 271.

The victims were Max E. Logan, 23, and his brother-in-law, Jimmie C. Gross, 35, both of the James community, 15 miles west of Gilmer in Upshur county.

The truck was owned by the Cabell company of Dallas. T. F. Kennedy, company official, said it was operated out of Cabell's Longview plant.

The accident occurred at 11:30 p.m. R. L. Bayer, who was driving in front of the truck, said he saw a ball of fire flash in his rear view mirror. Intense heat prevented him from pulling the trapped men from the vehicle.

The highway patrol said the truck hit a railing at one end of the narrow bridge and then overturned after striking the south side of the bridge. It is believed the auxiliary gas tank caught fire as the truck overturned.

Attempts To Molest Children Are Probed

Reports that unidentified persons had attempted to lure two school children into accompanying them by offers of money were being investigated by police today.

In one instance, an 11-year-old girl said she had been threatened with a knife. In another, a resourceful 10-year-old boy grabbed a $1 ball offered as "bait," and ran.

The girl, a sixth grade student who lives in northwest Lubbock, told Homer Harrison and J. C. Smith, police investigators, that a man had threatened her with a knife when she was enroute to school Tuesday morning.

A person answering general description of the man described by the girl has made two reported attempts recently to have younger girls, about 7, to go with him into alleys.

Each previous time he had offered money to them, police were told.

The latest description listed the man as about 30, tall and plump, and wearing a blue, yellow, green and white plaid shirt, and blue jeans.

The last incident was said to have happened at Thirteenth and Ave. V, at 8:30 a. m.

The man had the smell of liquor on his breath, the girl said.

The boy, 10, told his father Tuesday afternoon that he had been approached by two women, one a negro, and a man in a car while walking with a companion near the East Broadway school.

The boy said he walked up to the car when one of the women offered him a dollar to accompany them, grabbed the money and ran.

He said the car had a light-colored license plate.

Contest To Continue Sunday

Tech Beauty Eliminations To Continue; 46 Still In Race

Names of 46 Texas Technological college women students who will enter semi-final eliminations Sunday in the college student yearboork's annual beauty contest were relesaed Tuesday by La Ventana Editor Roy Grimes, Lubbock.

The 46 girls were narrowed from a field of 99 Sunday by male students representing the divisions of the college and the athletic, publications and student council groups. The number will be cut to 16 this Sunday, while the final eight beauties will be selected by a nationally known figure at a date yet to be announced.

Judging this Sunday's contest will be Homer D. Grant, Mrs. R. L. Douglas, and C. W. Ratliff. The elminations will be held at 2 p. m. in the Agriculture building auditorium on the campus.

Winners To Be Honored

Final eight winners will be given two full pages each in the La Ventana yearbook. One page will be a formal portrait shot and the other page devoted to informal pictures.

The 46 semi-finalists include Joann Applebay, Pampa; Jane Austin, Lubbock; Pat Ausmus, Lubbock; Doris Brooks, Marshall, Pat Bennett, Dumas; Mtxine Boyd, Lubbock; Jeanine Bellew, Rising Star; Charlene Berry, Lubbock; Cecile Butler, Lubbock; Betty Bratton, Fort Worth; Johneen Bice, Dimmitt; Billie Lou Betts, McKinney.

Jo Cole, Big Spring; Mary A. Christian, West; Betty Fillingim, New Home; Corinne Garrison, Fort Worth; Jean Gillum, Levelland; Connie Hopping, Littlefield; Stella Hefter, Robstown; Mary Jane Johnson, Lubbock; Mary Ann Kelly, Colorado City; Phyllis Leach, Slaton; Pat Montgomery, Lubbock; Loraine McCloud, Plainview; Patty Jo Musson, Lubbock; Jane Mosely, Fort Worth; Levora Manning, Amarillo; Helen Ohlenbusch, Sweetwater.

Ruby Potts, Lubbock; Beverly Powell, Lubbock; Mary Roe, Anton; Janell Reed, Crosbyton; Barbara Shero, Eastland; Jo Simmons, Lubbock; Betty Stewart, Colorado City; Susan Sherry, Fort Worth; Dotsie Stephenson, Fort Stockton; Ann Tidball, Fort Worth; Pat Todd, Houston; Mary Turner, Palestine: DeLois Utterback, Amarillo; Betty Wolcott, Dallas; Luan Wear, Big Spring; Jane Wier, Brownfield; Margy Wilson, Quail; and Claudyne Young, Lubbock.

Smooth golf balls do not drive as far as dimpled or mesh surface balls. The explanation is that the rough surface enables spin to lift the ball more.

Farwell-Wichita Falls Bus Line Approved

AUSTIN, Oct. 18. (AP) — Permission for Chisholm Trail Motor Coaches, Inc., to establish a new route between Farwell and Wichita Falls was granted by the Railroad commission today.

Twenty days will be allowed for filing of any objections or exceptions to the order, the commission said.

The route will go from Farwell by U. S. highway 60 to Bovina, then on state 86 to Estelline, U. S. 287 to Electra, state 25 to an intersection with state 240, state 240 to Burkburnett, U. S. 281 to Wichita Falls.

The bus line will serve Farwell, Bovina, Dimmitt, Nazareth, Tulia, Silverton, Quitaque, Turkey, Parnell, Estelline, Carey, Childress, Kirkland, Acme, Quanah, Chillicothe, Tolbert, Vernon, Oklaunion, Harrold, Electra, Pumpkin Center, Clara, Burkburnett, Sheppard Field, Wichita Falls and intermediate points.

Daily service of four schedules each way between Wichita Falls and Farwell, and three each way between Wichita Falls and Childress is proposed.

Seawater contains uranium. The amount is small, ranging from one millionth of a gram in a quart of water to half again that much. Uranium increases with depth.

The Laundry Is Better!

City Limits Extension Study Is Delayed

Special Meeting May Be Called

Uncertainty existed late Tuesday as to when the city commission will consider 12 recommended extensions of the city limits after a special meeting during the forenoon for that purpose had been cancelled because of the unexpected illness of Commissioner E. K. Hufstedler.

A meeting of other members of the commission was discussed, but without any definite decision being reached.

All members of the commission said they would prefer to postpone consideration of the proposed annexations until such time as all can be present. The members, other than Hufstedler, are Mayor W. H. Rodgers and Commissions W. B. Price, John Spikes and Clarence Whiteside.

Special Meeting Possible

But a special meeting without Hufstedler was regarded as a definite possibility so that any annexations started can be completed before Jan. 1, thus giving the city credit for their populations when the federal census is taken next year.

The possibility of such a meeting was strengthened by the report that Commissioner Hufstedler will be confined to his home until Sunday, at the earliest, and by the plans of City Manager Steve Matthews to attend the convention of the League of Texas Municipalities in Galveston next week. He is a vice president of he league.

The specific proposal under consideration is that the four available members of the commission meet and authorize the publication of the ordinances providing for the annexation of 12 areas recommended by a citizens committee of the chamber of commerce.

Would Set Hearing

The effect of this action, it was explained, would be to set a public hearing in about 30 days on the proposed ordinances at which every person desiring would be given opportunity to appear for or against them. The commission then would decide whether to approve or reject each proposition.

Such a course, it was pointed out, would not commit the commission to any specific action. But it would provide an earlier start in the race against time to complete such annexations as may be approved before the 1950 census deadline.

Outspoken Supporter

Hufstedler has been the most outspoken supporter of the 12 extensions, which were recommended by a special committee of the chamber of commerce last week after several months of study. Whiteside also is regarded as favorable to the annexations.

None of the others is on record as opposing them. But they have insisted upon a detailed study of

Lubbock, Texas, Wednesday, October 19, 1949

Methodist Meet Slated In City

Outstanding Methodist laymen and ministers are to participate in the mass meeting which is to be held here Thursday and Friday in connection with the Advance For Christ and His Church program.

Sessions are to be held at First Methodist church. One youth session will be held at St. John's Methodist church.

Church leaders who are to take part in the meeting include Bishop William C. Martin, resident bishop of the Dallas area of the Methodist church, who is national chairman of the Advance For Christ program, and who will direct the local meeting; Bishop Ralph S. Cushman, resident bishop of the St. Paul area of the Methodist church and Bishop Hazen G. Werner of Columbus, O., resident bishop of the Ohio area.

Other speakers will be Dr. Evelyn M. Duvall, secretary of the national conference on family relations; and Dr. Warren Johnston, pastor of the First Methodist church of Fort Worth.

The Lubbock meeting will be one of 74 such sessions conducted in the nation.

Sessions are planned from 10

See METHODIST Page 5

Levelland Host For Oil Progress Banquet

LEVELLAND, Oct. 18. (Special) Approximately 250 persons attended a banquet held here tonight in the Junior High cafeteria in connection with current Oil Progress Week activities.

Hosts at the gathering were the Levelland Lions, Jayeees, and Rotary clubs.

Alvin Allison, Levelland attorney, was master of ceremonies for the banquet. Murray C. McNichol was in charge of arrangements.

Guests included oil men in this area.

A magic show was presented by E. Y. Gibbs of Lubbock, and a colored motion picture on the 1948 Tulsa Oil show was screened for the guests.

L. L. Bechtol of Brownfield, a retiring Stanolind employe, spoke briefly.

Continuing Oil Progress Week activities in the South Plains area, the Stanolind Pipe Line Co. will hold open house at its plants and installations today.

Minimum Wage Rate Is Recommended

Use Of Mexicans In Valley Threatened

AUSTIN, Oct. 18 (AP)—The Texas Employment Commission was notified from Washington today that requests for importation of Mexican agricultural workers in the Rio Grande valley will not be recommended where wage rates are less than 40 cents an hour.

Robert C. Goodwin, director of the Federal Bureau of Employment security, advised TEC Chairman Harry Benge Crozier of the action by telegram.

The bureau's recommendations must go to the Immigration and Naturalization Service before workers can be brought in.

Wage Rates Vary

TEC had reported earlier today that valley farm labor wage rates vary from averages of 20 to 40 cents an hour in 11 areas.

Goodwin's telegram read in part:

"On the basis of the evidence gathered, there is incontrovertible grounds for conclusion that presence of large numbers of illegal entrants working in agriculture in the lower Rio Grande valley has resulted in depressing wage rates in that area. In view of the facts, we conclude that without the presence of thousands of illegal entrants in the area, the minimum hourly wage rate in the Rio Grande valley would be at least 40 cents per hour.

"The international executive agreement (between the United States and Mexico) specifically rejects wage rates based upon the presence of illegal entrants in an area.

...We are accordingly advising you that we will not recommend requests for the importation of Mexican agricultural workers to the Immigration and Naturalization service in the lower Rio Grande valley for less than 40 cents per hour. Where piece rates are involved, we will not accept rates which will not enable the average worker applying due diligence and skill to earn the minimum hourly rate."

GOVERNMENT PLAN ON VALLEY WORK IS BLASTED

HARLINGEN, Oct. 18. (AP)—A government announcement about a 40 cent an hour minimum wage for Mexican laborers imported to the Texas Rio Grande valley drew quick reaction tonight from the Texas Citrus and Vegetable Growers and Shippers association.

"The valley has been sold down the river," said Austin Anson, executive manager of the association.

He referred to a notification from Washington to the Texas Employment commission that requests for importation of Mexican agricultural workers in the valley

See USE OF Page 5

House Gives Okay To Rural Phone Measure

WASHINGTON, Oct. 18. (Special)—The House finally passed today the bill to permit government loans through the Rural Electrification administration to be made to individuals or groups who will build more rural telephones.

The bill should mean 75 per cent of Texas farm homes will have telephones whereas now only 17 per cent have them, according to Rep. W. R. Poage, 11th district Waco author of the bill.

Poage addressed the House in the last analysis on the bill. He said: "Any individual or corporation under this act can build telephones to service rural people wherever telephones do not now exist."

He was applauded. He predicted quick passage by the Senate.

Thus came true the dream of a man born 50 miles from the railroad in Throckmorton county who knows what it is to live on a farm and be isolated.

According to Claude Wickard, REA administrator, the bill is expected to increase greatly technical experiment so that distant ranches can get radio telephones.

Only $25,000,000 is now available for loans. Part of this is stymied by lack of staff help in REA. Sen. Lyndon Johnson has been striving in the Senate this week to get more money for the REA staff so that more funds could be loaned to rural co-operatives and others for increasing electrical service and telephones on farms.

PIN-UP CAMPAIGN

CHAMPAIGN, Ill. (AP)—The Junior Chamber of Commerce of Champaign-Urbana has its safety campaign all pinned up. Clerks in local stores are wearing safety pins to encourage residents to take care.

Groups Selected For X-Ray Drive

Jason Gordon, chairman of the county-wide X-ray survey to be conducted by the Tuberculosis Association Tuesday assigned committee jobs to two score Lubbock residents at a meeting at the association's office, 916 Ave. N.

The free chest x-ray service will commence next Tuesday at Texas Tech. The x-ray unit will be moved downtown Nov. 2. Gordon emphasized the service is available to everyone free of charge.

Final plans for the drive will be mapped Friday at a luncheon meeting of the board of directors at the Hilton hotel.

Committees and members named were: publicity, Bryan McDonald, chairman; Joe Bryant, Chas. A. Guy, Gordon Thompson, Miss Margaret Turner, A. M. Jackson of Slaton, F. W. Stillwell and Miss Virginia Greenwaldt.

Clerical, D. K. Sandifer, chairman, and Grimes C. Stewart.

Hostess, Dude Buster, chairman; Mrs. Robert Allen and Mrs. L. D. Marshall.

Ministerial alliance, R. Lloyd Neeley, chairman, and Dr. Travis White.

Telephone, W. M. Knight, chairman, and Mrs. L. D. Marshall.

Location, Frank Gunn, chairman, and Howard Davidson.

Transportation, G. W. Parkhill,

Lubbock Man Found Guilty Of Burglary

J. A. Avery, 20, of Lubbock, was found guilty of a charge of burglary by a 99th District court jury in a verdict returned to Judge Dan Blair at 8:45 p. m. Tuesday. Sentence was set at five years in the penitentiary.

Avery was charged with the Aug. 19 burglary of the Palace jewelry store operated by Frank Husted. The jurors deliberated the evidence an hour and 45 minutes.

The defendant was represented by E. A. Blair and S. P. Boling. E. G. Pharr and A. W. Salyars, assistants district attorney, represented the state.

The jury was composed of Raymond Allen, George Birdwell, J. K. Knight, Frank Brown, R. O. Kershner, G. T. Hammett, Sam H. Hood, W. W. White, J. F. Tapp, Paul Buxkemper, Earl Stalnaker, and Fred Spikes.

Two other men charged in connection with the burglary, Osby James and Earl Laughry, will be tried this week. The trio was in a taxicab when apprehended by city police. A quantity of jewelry later identified as belonging to the Palace drug and Jewelry store was found in the cab.

Area Farmers Pass Up $750,000 Milk Production Bonanza

By C. W. RATLIFF
Avalanche Staff Writer

South Plains farmers are passing up an extra $750,000 per year income, which they could be adding to their cash income.

It is the production of milk, which has fallen so low in the past several years that today more than 1,000,000 pounds of milk per month is being shipped to Lubbock milk plants.

The bulk of this milk is coming from points as far north as Bloomer, Wisc., And if you don't think that is a great distance, just get down your United States map and locate Bloomer. It is in Chippewa county, approximately 250 miles northwest of Chicago.

Three Runs Made Weekly

Three times a week, huge milk tank trucks or "oversize" thermos bottles roll into Lubbock with their loads of approximately 3,700 gallons of milk.

The money for this milk goes into the pockets of Wisconsin dairy farmers and you and I pay an extra 5½ cents per quart freight on the milk alone.

Lubbock milk plants continue to fall below past quotas for locally-produced milk in spite of the fact that $2 more per hundred is being paid to local producers for this milk than the Northern dairy farmers are receiving.

The price paid to the Wisconsin farmers is $4.24 per hundred while the local price is $6.25 per hundred.

Cotton, Grain Blamed

The South Plains farm program of cotton and small grain, which has been more profitable to the land owner for the past several years, can be blamed for the shortage of cows in the Lubbock milkshed.

Dairy farming is still profitable to South Plains farmers but cows require milking twice daily, seven days a week, so the farmers have been turning to the other types of farming which requires less manual labor.

Operators of Lubbock milk plants are looking forward to an increase in the number of cows in the area when next year's farm program, which requires acreage reduction of cotton and wheat to receive a guaranteed price. This means that more land will be in pastures and feed and more farmers will be interested in dairy herds again.

It will require approximately 1,600 cows to produce the milk for Lubbock consumers that is now being shipped in from the North.

The imported milk is good, clean, high quality milk, approved by the Chicago Health department as well as the Texas Health department and the City of Lubbock Health department. There is plenty of it in the dairy states and as long as there is milk to be had in the North, every family in Lubbock will have plenty of milk.

Four of Lubbock's milk plants, Bell Ice Cream & Milk Co., Borden's, McIlhaney's and Texas Tech, are receiving the imported milk.

The milk, the bulk of it from Bloomer, is put into the large stainless-steel tank trucks at about 38 degrees temperature. In the 38 to 44 hours required for the long trip to Lubbock, the milk only

See AREA FARMERS Page 5

LONG-DISTANCE MILK MEN—Twelve hundred miles is a long milk route, but the two men shown above drive them on an average of three times a month to bring milk to your breakfast table. They're drivers of huge milk tank trucks from Bloomer, Wis., where the milk is transported in the "over-size" thermos bottles to Lubbock. Their only stops are for fuel and eats, each driver alternating every four hours so that the other can catch a few winks of sleep in a bed in the rear of the cab. Top picture shows the drivers and Buster Thompson, left, superintendent at the Bell Ice Cream & Milk company's plant, as one of the tanks was being unloaded. The tank holds 32,000 pounds or 3,750 gallons of milk. In the bottom picture are shown the two drivers, H. Lowe, left, and C. Ackley, who have been driving to Lubbock for several months. The trip requires 38 to 44 hours. They are drivers for Babbitt Bros., a trucking company which operates 17 similar trucks to many points over the Midwest. (Staff Photo.)

HOTELMAN'S DREAM COMES TRUE

Hilton Plans For First Visit Inside Famed Waldorf-Astoria

By PHYLLIS BATTELE
INS Staff Correspondent

NEW YORK, Oct. 18.—Conrad Hilton, raised in a mud adobe in Texas, will enter the fabulous Waldorf-Astoria for the first time Friday—as boss of the hotel he purchased for $3 million.

He expects to be "goggle-eyed."

Grinning with excitement, the 42-year-old millionaire and hotel magnate told today how he "worked up to" buying the controlling shares in the Waldorf-Astoria Corp. after getting a "flash yearning to own it" during an early morning walk on Park avenue seven years ago.

Stationing his handsome, six-foot-two frame directly across Park avenue from his purchase, he said:

"This is the exact spot where I stood in 1942 when I thought suddenly that owning the Waldorf-Astoria would be owning the cathedral of hoteldom. I didn't need to see it inside. I have never been inside."

But he didn't own any New York hotels, he said, and it didn't seem right to "break right in with the Waldorf." So in 1943, he bought the businesslike Roosevelt hotel. And later, the swanky Plaza.

"Very honestly," he said, "I was awed by the Waldorf. But I worked up to it."

Gray-haired, buoyant Hilton now feels that he owns all the "superlatives in hostelries: The biggest (the Stevens, Chicago); the costliest (Palmer House, Chicago); plushest (Town House, Los Angeles), and the most famous (Waldorf-Astoria).

Hilton's empire of 16 hotels and more than 12,000 employes looks complete, and he said, "after the Waldorf, what can there be for me?"

"I hope to build four fine hotels in the cities that need fine hotels most—Oakland, Dallas, New Orleans and Portland."

His customers, the average-income people, look on him with wonder because he started life in an adobe, the son of an early Texas pioneer who kept expanding a mud-brick home to accommodate a family of 10, then converted it into a $1 a day hotel as the children left home.

He recalls his own first hotel was one in Cisco, Texas. There was an oil boom and he "made lots of money, because the rooms turned over as often as three times a day."

Hilton sank his Cisco money into a Dallas hotel. And his Dallas money into west coast hotels. . . and midwest hotels. . . and eastern hotels.

Hilton has the reputation of stepping in where other businessmen leave off. He bought west coast hotels when the war scare forced people to move inland, killing off business. He bought his largest, the Stevens, when the ODT canceled conventions and the owner was afraid to hold on.

Federal Jury Indicts Houston Man On Extortion Note Charge

CORPUS CHRISTI, Oct. 18. (AP)—Raymond Chamber, former deputy sheriff in Harris county and later a janitor at the Shamrock hotel in Houston, was indicted by a federal grand jury here today for sending a $50,000 extortion letter Sept. 29 to his employer, oilman Glenn McCarthy.

Chambers, who was charged Oct. 13 with lunacy in a state court in Harris county, was believed by federal officials here to have been declared sane by examining psychiatrists.

The indictment, returned by the grand jury to Judge Allen B. Hannay this afternoon, charged Chambers with having on Sept. 29 mailed a letter to "Glenn McCarthy, Shamrock Hotel, Houston" with the intent to extort $50,000 from McCarthy by threat of injury.

New Farm Bill To Let Cotton Price Take Slow Decline

WASHINGTON, Oct. 18. (Special)—Here's what the new farm bill, agreed on Tuesday by House and Senate conferees, will do to cotton, according to W. R. Poage, Waco, member of the House Agricultural committee and one of the conferees:

In 1950, cotton will be supported at 27.04 cents if parity should stay as it is now. However, parity is expected to drop somewhat.

This price is arrived at by taking 90 per cent of the old parity on cotton with parity figured at 30.05.

In 1951, cotton gets 80 per cent of the old parity or a price support of 24 cents.

In 1952, cotton gets not less than 75 per cent of parity, or 22½ cents.

1953, same.

1954, and then on, the nation will go on the Anderson plan. Cotton will be supported at 75 per cent of the Anderson parity or 21 cents a pound.

For corn, wheat, rice, tobacco and peanuts, parity will be figured either on the old formula or the new base period, whichever is more advantageous. After four years, the Anderson plan will apply to those commodities with a sliding scale for figuring parity.

Poage said had the House conferees not insisted on a higher parity, the Senate conferees would have prevailed. That would have given products a support of 90 per cent of the new parity for one year which would have meant 25-cent cotton and after that, only 75 per cent of parity or 21-cent cotton.

The old parity is based on prices in the 1910 to 1914 period and the new parity, or Anderson parity, uses the past 10 years.

Rice, cooked so that the grains are separate but tender, is delicious in a salad. Mix diced cooked chicken, cooked drained green peas, and finely diced celery with the rice, and moisten with boiled salad dressing well-seasoned with mustard and sugar. Serve on salad green and garnish with hard-cooked egg, green pepper, and tomato.

BIG CAKE FOR OLD OIL FIELD — This cake was constructed to mark the 20th birthday of the Van oil field, one of the few major oil fields discovered prior to 1930 which still is flowing. The cake got a final touching up by C. L. (Kelly) Phipps (above) of Pure Oil company's production division. A field engineer by vocation, Phipps designed and made the cake which is eight feet in diameter, weighs 2,000 pounds, has 20 candles 2½ feet high and is nine and a half feet high, including the model of the Jarman No. 1 discovery well. Certainly a job big enough for an engineer. (AP Photo.)

Funeral Services Set Here Today For Odessa Man

Funeral services for Pincus Schmerman, 65, who died at his home in Odessa at 7:30 p. m. Tuesday, will be held at the Rix Funeral Home chapel here at 3 p. m. today.

Rabbi Julius Kerman will officiate at the services, burial will be in Feldman Memorial cemetery.

Mr. Schmerman is survived by his wife and two daughters, Mrs. Ben Medow and Mrs. Roy Elsner, bothof Odessa; one son, Sol, of Odessa; and two brothers, Sam, and Noel, of Colorado Springs, Colo.

Pallbearers will be Roy Elsner, Sam Schmerman, Noel Schmerman, Ben Medow, Abe Rayblatte and Julie Pluss.

IF YOU CAN'T GAIN WEIGHT

• If you are skinny, thin, underweight, due to no organic cause, read these facts.

To help you gain weight—nature usually requires two things. One—a good hearty appetite. Second—better digestion to change food into flesh. Thousands who recognize these medical facts have tried a great medicine—developed by a doctor—often with amazing results.

It's Dr. Pierce's Golden Medical Discovery. Instantly, it starts its wonderful tonic action. First, makes you really want to eat. Second, helps you get more good out of food . . . turns it into pounds of added flesh. So if you are underweight this way, get Dr. Pierce's Golden Medical Discovery at your druggists today. Tablets only 50¢, liquid $1.00.

Radio Broadcasts Are Tested As Air Raid Warning System

NEW YORK, Oct. 18. (U.P.)—The Air Force announced today that it had obtained "promising results" from an air raid warning system that uses ordinary commercial radio broadcasts without interference to regular listeners.

The system, developed by the Radio Corporation of America and given preliminary tests in New York during the war at the request of the late Mayor Fiorello H. LaGuardia, was said to cut the time element from two minutes required by telephone alarm systems to seven seconds.

Maj. Gen. Robert M. Webster commander of the Eastern Air Defense force with headquarters at Mitchel Field, said regular radio listeners are never aware that coded warning signals are being aired over the station to which they are listening. The alarm can be picked up only by special receivers in key point air raid warning centers.

"The system was given its first widespread military test during Operation Lookout held in 10 northeastern states September 10-16," Webster said today.

"It showed great promise, particularly from the standpoint of speed.

"Telephone networks require from one to two minutes to pass an alert from our air defense control centers, manned by people in uniform, to civilian key point air raid warning centers.

Webster said the special receiver could be produced in large numbers for as little as $25 to $30 each.

'IRON CURTAIN' HIDES FATE

Major Spy Mystery Unfolds As Two American Brothers Vanish

By KINGSBURY SMITH
European General Manager, INS

PARIS, Oct. 18.—A major spy mystery involving the "iron curtain" disappearance of two American brothers, and the German-born wife of one aroused keen speculation in Paris tonight on the question of "who was spying for whom?"

A key figure in the strange case, which authoritative informants say may result in sensational future developments, is Noel Haviland Field, a former U.S. State department official described by friends as "an idealist with leftist leanings."

Field, 45, has been accused of espionage both against and for the United States.

Claimed To Be Red

Whittaker Chambers, former Time magazine editor and confessed former Communist, charged in testimony last year in Washington's congressional spy hunt, that Field was a Communist cell member.

Field also was accused in the recent Budapest treason trial of former Hungarian Foreign Minister Laszlo Rajk of being an American espionage agent who allegedly organized a spy network in eastern Europe.

Noel Field, born in London of American parents, and who has been an expatriate for many years, has not been heard from since last June when he vanished in Czechoslovakia while presumably enroute to Budapest.

Brother, Wife Vanish

Then his brother, Hermann Field, formerly of New York mysteriously failed to arrive at Prague from Warsaw by airplane.

Also the State department recently announced it was unable to locate Noel Field's wife, Mrs. Herta Visser Field.

Some belief was expressed in Paris that all three have been kidnapped and are being held by Russian or Soviet satellite agents.

Chambers had testified that Alger Hiss, a State department official now awaiting a new trial on perjury charges, once tried to draw Noel Field into a Communist cell in which Chambers said Hiss was a leading figure.

Believed 'Soviet Agent'

The former Communist testified that Hiss failed because he learned Field was working in another Communist "apparatus."

Now a French political organ has charged that Noel Field was a "Soviet agent." The publication, "Bulletin Hebdomadaire," is privately distributed.

Described as sons of a well-to-do American family, both were educated in Switzerland and the United States, and Noel has spent many years abroad.

Noel Field received a degree from Harvard university in 1924, was a social worker for the Massachusetts department of mental diseases for a year, then entered U.S. State department service. Next he was with the League of Nations, beginning in 1934.

Hermann Field, 38, left Cleveland for England last July. He was director of building plans at Cleveland college, Western Reserve university.

Hermann Field last was reported at the Warsaw airport Aug. 22, bound for Prague. Czech officials admit his name was on the plane list—but marked off as an indication he did not board the plane.

State department officials are stymied in efforts to trace either brother. And naturally they think this is very strange in Communist lands where the movements of all foreigners are so carefully watched and checked.

Kenneth Wilson Is Winner Of Cochran Gold Star Award

MORTON, Oct. 18.— Kenneth Wilson, jr., 4-H club boy of Cochran county was selected as the Gold Star winner for 1949. Kenneth is the son of Mr. and Mrs. K. A. Wilson, Rt. 2, Morton. He is 15 years old and is attending Morton High school. Kenneth has completed three years of club work. His records show he has completed two poultry, three swine and one garden demonstration in his three years of club work. The income from his demonstrations over this period was $1383.82.

The Gold Star award is an annual county award and only one boy can be selected each year. Another requirement for the contest is all past winners of this award are not eligible to compete again.

Some of the past winners of this award are Robert Ed Keith, Gold Star boy in 1946, James Dewbre, 1947 and Norman Millsaps, 1948.

Other awards won by Cochran county 4-H club boys are the Achievement award and Meat Animal award. The winner of the Achievement award is Leroy Wilson, son of Mr. and Mrs. J. G. Wilson, of Morton, and the winner of the Meat Animal award is Clarence Moore, son of Mr. and Mrs. C. A. Moore, of Morton. All the winners will receive gold Medals next month at the Achievement Day program, according to County Agent Homer E. Thompson.

Also at this program Hershall Tanner will be awarded the Danforth award for outstanding club work and leadership. This award is a copy of the book "I Dare You."

"MISS TV," AND OTHERS—Trudi Germi peeks out from a television receiver after being named "Miss National Television" in Chicago. Runners-up, who just missed the title by a coaxial cable, are Theresa Girogian, right, second place winner, and Joyce Thorsen, third. Any one of the three would be a vision on television.

Target enthusiasts soon may be able to obtain a bullet that cleans the bore of a rifle fouled by ordinary ammunition. The bullet is made of powerful metal and an abrasive, according to the National Patent Council.

The Gold Coast now rations "gas."

Texan Hopes To Get Ceiling On Federal Land Bank Loans Hiked

WASHINGTON, Oct. 18. (Spl.)—Rep. W. R. Poage, Waco, said today he hopes to get the ceiling on loans of the federal land bank raised to $100,000.

Poage, author of a bill to take the limit off of these loans for the benefit of farmers and ranchers, was disappointed that the Senate placed a new limit on the amount which could be borrowed. The Senate made it $75,000. The bill was sent to conference from the House today. Poage is going to try to have that ceiling lifted at least to the amount of $100,000.

He said the land bank can make more small loans to farmers and ranchers if it makes enough money off of servicing big loans too.

Panama plans a $2,000,000 race track.

'VULCANIZING' TECHNIQUE SHOWN

Philadelphia Doctor Reveals New Method Of Skin Grafting

By ROBERT N. SCHWARTZ
INS Staff Correspondent

CHICAGO, Oct. 18 — Dr. John D. Reese, of Philadelphia, demonstrated via color television today a new "vulcanizing" technique for skin grafting which makes such an opertion practically foolproof and in addition enables the grafted skin to retain its natural color.

Dr. Reese, assistant professor of plactic surgery at Jefferson Medical college performed the graft on the face of a woman who had been burned. The operation, at St. Luke's hospital, was televised for the benefit of 7,500 surgeons attending the meeting of the American College of Surgeons.

Use of the operation said Dr. Reese makes possible the repair of marring and crippling skin defects in patients who have suffered burns or have cancer of the skin.

The operation, evolved after more than eight years of experimentation, is so simple, according to Dr. Reese, that it can be readily performed by a general practitioner in a small hospital. It involves the use of a drum-like instrument to cut a strip of healthy skin for the grafting.

As this skin is cut, a strip of rubberized adhesive, called dermatape is placed over the skin.

Skin, Tape Transferred

The skin, tape and all, is then applied to the graft area. The tape acts as a splint for the grafted skin and enables the surgeon to avoid stitching it into place or just bandaging it in and hoping that it doesn't move or slide.

Thus, Dr. Reese said, damage to delicate color and skin cells is avoided and the graft is held in place without stretching or shrinking. The tape is medicated so that it will gradually be absorbed into the patient's skin and within five days after the operation, no visible trace of it remains.

In a paper that attracted wide interest among chest surgeons, Dr. Clarence Dennis, professor of surgery at the University of Minnesota, described a pump which may one day make surgery directly on the human heart possible.

Dr. Dennis and two associates, Dr. Karl E. Karlson and Dr. David Sanderson, have devised a pump which they asserted performs the function of the heart and lungs. Such a pump connected to the blood vessels would enable surgeons to work on the heart—the last frontier in surgery.

A new liquid masking "tape," said to brush easily onto wood, glass, metal, and similar surfaces, reportedly dries in 10 seconds and can be peeled off like tape when paint, lacquer, or other coating has dried.

TOP RANKING COMMUNISTS CONVICTED — These eleven top-ranking Communists of the U. S. recently had their conspiracy trial concluded in New York. From left (front) are: Robert Thompson, 34; Henry Winston, 35; Eugene Dennis, 44; Gus Hall, 39, and John Williamson, 46. At rear are: Jacob Stachel, 49; Irving Potash, 46; Carl Winter, 43; Benjamin Davis, 46; John Gates, 36, and Gilbert Green, 43. The eleven were found guilty of conspiracy to overthrow the government. (AP Wirephoto.)

Federal Workers Pay Hike Approved

WASHINGTON, Oct. 18. (AP)—The Senate gave final congressional approval today to compromise bills boosting the pay of about 885,000 civil service workers and 500,000 postal workers.

The total cost will be $239,000,000 a year. The measure now goes to the White House for the President's signature.

Civil service workers will receive an average pay increase of $140 each with a top increase of $290 a year.

The postal pay raises will average $120 a year for regular employes. Those hired on a part-time basis will receive a percentage increase.

The Senate also approved a House-passed bill raising the pay of 138 employes in the Post Office department's mail equipment shops. The cost will be about $14,000. This measure also goes to the White House.

Six Air Force Men Complete Study At Stewardess School

CHEYENNE, Wyo., Oct. 18. (INS). Six Air Force men wrote a new chapter in aviation history today when they were graduated from an institution generally recognized as a "girls college of the air."

The group, which includes mostly World War II veterans, will serve as flight attendants for the Military Air Transport service.

Since the Air Force has no established training for personnel to handle passengers, the six were sent through an intensive four-week course at the United Air Lines' school for stewardesses.

The trainees will form the nucleus of MATS' program to train scores of other flight attendants, both male and female.

When the conductor of a Calcutta, India, streetcar collared a boy who refused to pay his fare, the lad was rescued by a crowd of about 25, who then set fire to the streetcar, destroying it completely.

Stanolind Operations In Area Explained At Lions Meeting

Stanolind Pipe Line Company's pipeline from this area carries 160,000 barrels of oil daily from the Permian Basin oil field to refineries throughout the Midwest, C. L. Moon, engineer for the company here, said in a talk at the Lubbock Lions club luncheon Tuesday noon at the Hilton hotel.

Moon's talk was in observance of "Oil Progress Week," being celebrated the nation over.

History Is Reviewed

Reviewing briefly the history of the oil industry from medicinal uses in 1859 until today when it furnishes most of the nation's energy and transportation power, moon told of new developments in the industry.

"Scientists are developing new things every day to utilize the virtues of oil," Moon said.

He told them of the progress in oil transportation and how pipe lines now handle 75 per cent of oil moved by land. A pipe line can do this at about one-fourth the cost of any other form of land land transportation, he said.

Operations Are Explained

Explaining his company's operations, Moon said Stanoline Pipe Line company operates 11,300 miles of truck lines in addition to other thousands of miles of gathering pipe lines. The main trunk 475-000 barrels of oil per day.

The company maintains its own communications system and operates patrol planes to watch for leaks in the ten states in which the pipe line operates.

The company maintains one of the largest gathering systems in the country for its line extending from the South Plains area, Moon said. He said the line between Monroe and Childres is capable of carrying 222,000 barels of oil moving at the rate of 160,000 barrels a day.

At the close of his talk, Moon invited Lion's to attend the company's open house at the Monroe pumping station.

Dr. Charles Finley and Morris Zukov were introduced an new members. Dr. F. A. Greene, Crosbyton; and Dave Talley, Tyler, were out-of-town guests at the luncheon.

Growth Of Oil Industry Is Reviewed At Optimist Meet

S. E. Sayers of the Stanolind Pipe Line company Tuesday traced the history of the oil industry in observance of Oil Progress Week at an Optimist club luncheon meeting in Hotel Lubbock.

He said that since the first well was drilled in 1859, an estimated 1,250,000 wells have been drilled with 428,000 wells in current production.

The industry has grown to 34,000 different companies in the United States and is the third largest industry in the country.

Growing with the oil industry, according to Sayers, has been the automobile industry. "There were 8,000 automobiles registered in 1900," he said, "and today there are 43 million."

Sayers said Stanolind's West Texas division operates 1,150 miles of the company's 11,000 miles of pipe line.

Billy Davis was program chairman. G. C. Stewart presided. Paul Yancy gave the invocation.

Bill Mitchell, a newcomer to Lubbok, was a guest.

LONG TRIP FROM AFRICA ENDS

Pilot Braves Fog To Get Ill Child Into Chicago Hospital

By GERALD B. HEALEY
INS Staff Correspondent

CHICAGO, Oct. 18. — Little Brian McCallister snuggled safely in a Chicago hospital bed tonight after being flown a third of the way around the world to land through a thick fog bank in the last leg of a flight to save his life.

Capt. Norman McNeil of Chicago had circled Municipal airport in Chicago for nearly three hours this morning determined to make a safe landing through the heavy clouds for the reason, as he put it:

"Brian won the hearts of all of us."

Rushed To Hospital

The 2½-year-old boy, blond and blue-eyed, immediately was rushed to Children's Memorial hospital in an ambulance with a police escort. There he underwent diagnosis for an acute kidney ailment complicated by bronchial pneumonia.

He is the son of Mr. and Mrs. Irl McCallister, former Chicagoans who are now missionaries in South Africa. Hospital authorities said the 8,000-mile flight from Swaziland, South Africa, had no adverse effect on the boy's condition, but described him as very tired.

Brian's mother, Florence, who accompanied him, needed sleep badly when the plane landed. The flight was undertaken as an emergency measure when the boy developed bronchial pneumonia.

Plane Taxis Close

A Pan-American World Airways plane flew Brian to New York and McNeil picked him up in a Capital Airlines Nighthawk, taxiing close to the giant trans-Atlantic craft to allow his transfer with the least amount of pain.

Stewardess Maureen Anderson of Chicago, a registered nurse, cared for Brian as the Capital plane circled the city in the gloomy fog.

The boy, who was given only six months to live four months ago, was brought to the U.S. by funds contributed by interdenominational churches in the Chicago area.

Flight Is Routine

McNeil described the flight as very routine but added:

"The presence of that suffering child wasn't routine. He was cheerful and smiling, although in great pain.

Miss Anderson said the passengers were not frightened but "terribly concerned about Brian." She said he remained strong and didn't need the oxygen put aboard in New York.

Mrs. McCallister, also a missionary, said her husband and three children will follow by boat in about a month.

She recalled that in 1941, while she and her husband were enroute to South Africa on the Egyptian ship Zamzam, Nazis torpedoed the craft off the Portuguese coast.

The Big Dipper is not a constellation, but part of the constellation of Ursa Major, the Great Bear.

KENNETH M. HANCOCK

Services Set Today For K. M. Hancock

Funeral services for Kenneth M. Hancock, 62, who died at 5:15 a. m. Tuesday in Lubbock Memorial hospital, will be conducted at 11 a. m. today at Broadway Church of Christ. The body will be sent to Higginsville, Mo., for burial Thursday.

Hancock, an independent oil operator ,whose residence was at 2405 Thirty-second, had made his home in Lubbock for seven years. He was a member of the Broadway Church of Christ.

Hancock was a former resident of San Angelo.

Survivors are his wife; one son, Kenneth M. Hancock, jr.; two brothers, E. P. of Higginsville and H. D. Hancock of Scarsdale, N. Y.

Pallbearers will be Sam L. Adams, Bob Cobb, O. B. Ratliff, June Roberts, Mayor W. H. Rodgers and Lt. Col. R. P. Riordan. Sanders Funeral home is in charge of arrangements.

Odessa Man Found Dead Near Night Club; Negro Is Sought

ODESSA, Oct. 18. (AP)— Lynn Cutbirth, 30, Odessa, was found dead of a crushed skull today.

The body was lying near a night club in southeast Odessa. Deputy Sheriff Clyde Ray said a lead pipe was nearby.

Officers sought a 26-year-old Odessa negro, R. I. Walker. Justice of the Peace M. Newman issued a felony warrant for Walker, charging murder.

American production of plastics is now 720,000 tons a year, which is less than one per cent of annual steel tonnage.

City Limits Action

(Continued from Page One)

each of the 12 recommended extensions before acting upon them.

Mayor Rodgers also has favored such studies for the purpose of ascertaining whether the expenses involved in supplying them with municipal services are within the financial capacity of the city.

"I am in favor of the annexations, but not if they are going to bankrupt the city," he commented.

The recommended annexations would add approximately nine square miles to the city's area, which now is about 10 square miles, and about 15,000 to the Lubbock population. They must be completed before Jan. 1 if the population is credited to the city when the federal census is taken next year.

City Manager Matthews said minimum of 50 days is required to comply with the legal technicalities involved in an annexation. This would allow action on those proposed by the commission as late as Nov. 10 if no delaying snags are encountered, he added.

Commissioner Hufstedler's illness was described as not serious, but as making a thorough checkup advisable and a general "slow down' from his many civic and business interests as necessary to hold his blood pressure down to normal. He is remaining at home where he has been advised against receiving visitors or talking on the telephone.

Area Farmers Pass

(Continued from Page One)

loses from 3 to 5 degrees temperature, thanks to the four-inch cork insulation in the aluminum jacket around the tanks.

Trucks Carry Two Men

Two drivers ride in each "sleeper" truck and alternate in driving at four-hour intervals; one driving while the other sleeps in a bed at the rear of the cab.

Lubbock is the fartherest point south now being served by the huge milk tank trucks, although at one time some milk was transported as far south as San Antonio. The trucks travel through seven states to reach Lubbock.

Only correction for this loss of South Plains income, milk men point out, is for the institution of a controlled dairy cattle breeding program for the farmers of this area, which in time would add more than a million dollars to their income.

But this program, if instituted next year, will be a slow process and milk men see another five years of importing milk here before there will be enough cows to supply the demand.

Milk production always increases about 30 per cent in the spring and summer months and decreases from the average about the same amount in the fall and winter months.

The milk consumption in Lubbock is just the reverse to this—milk sales pick up about 30 per cent when the dairy farmer's production falls off and sales fall off when he increases his production. This discrepancy could be corrected in a balanced dairying program, agricultural observers believe.

THAT'S NOT HAY BOSSIE — The first international grand champion selected at the International Dairy Show in Indianapolis, Ind., is shown receiving a wreath from Miss Carolyn Rudy of Bluffton, Ind., "Junior Miss America" of 1949. The cow is Pre Karen owned by McDonald Farms of Cortland, N. Y. Animal husbandry professor E. D. Gordon of Berkley, Calif., looks on. (AP Wirephoto.)

Use Of Mexicans

(Continued From Page One)

will not be recommended where wage rates are less than 40 cents an hour.

Robert C. Goodwin, director of the Federal Bureau of Employment security, advised TEC chairman Harry Benge Crozier in Austin of the decision by telegram. The federal bureau's recommendations must go to the U. S. Immigration and Naturalization service before workers can be brought in.

Anson heads an association of more than 300 growers and shippers.

"We are not ready to accept Mr. Goodwin as the dictator of labor policies for the Texas citrus and vegetable industry," he said.

"Goodwin's statement is exactly in line with what he tried to put over last week at the Washington conferences.

"We, the farm bureau and thousands of individual farmers sign a blank check with full confidence in the Texas Employment commission, feeling the TEC was capable and could determine the prevailing wage and advise us when their findings were determined and the prevailing wage they arrived at from this finding was agreed upon.

"We feel our governor and the TEC still will give us a fair deal . . ."

Former Lubbock Man Joins Brother In Buying Ranch

ADA, Okla., Oct. 18 (AP)—Glenn Spears and Phillip E. Spears, brothers, have bought the Lazy D ranch near Ada from J. D. Craft.

There are no cattle on the ranch at present but the brothers intend to stock it with grade cattle and turn most of the 4,000 acres to pasture. Glenn Spears formerly was in the furniture business at Lubbock, Tex.

The Strange Secret of the One-Way Door

There is a famous painting called "The Light of the World." It shows Christ knocking at the door of a humble dwelling.

When the artist, Holman Hunt, completed it, a critic turned to him and said: "There is an error in your painting. You have forgotten to put a latch on the door."

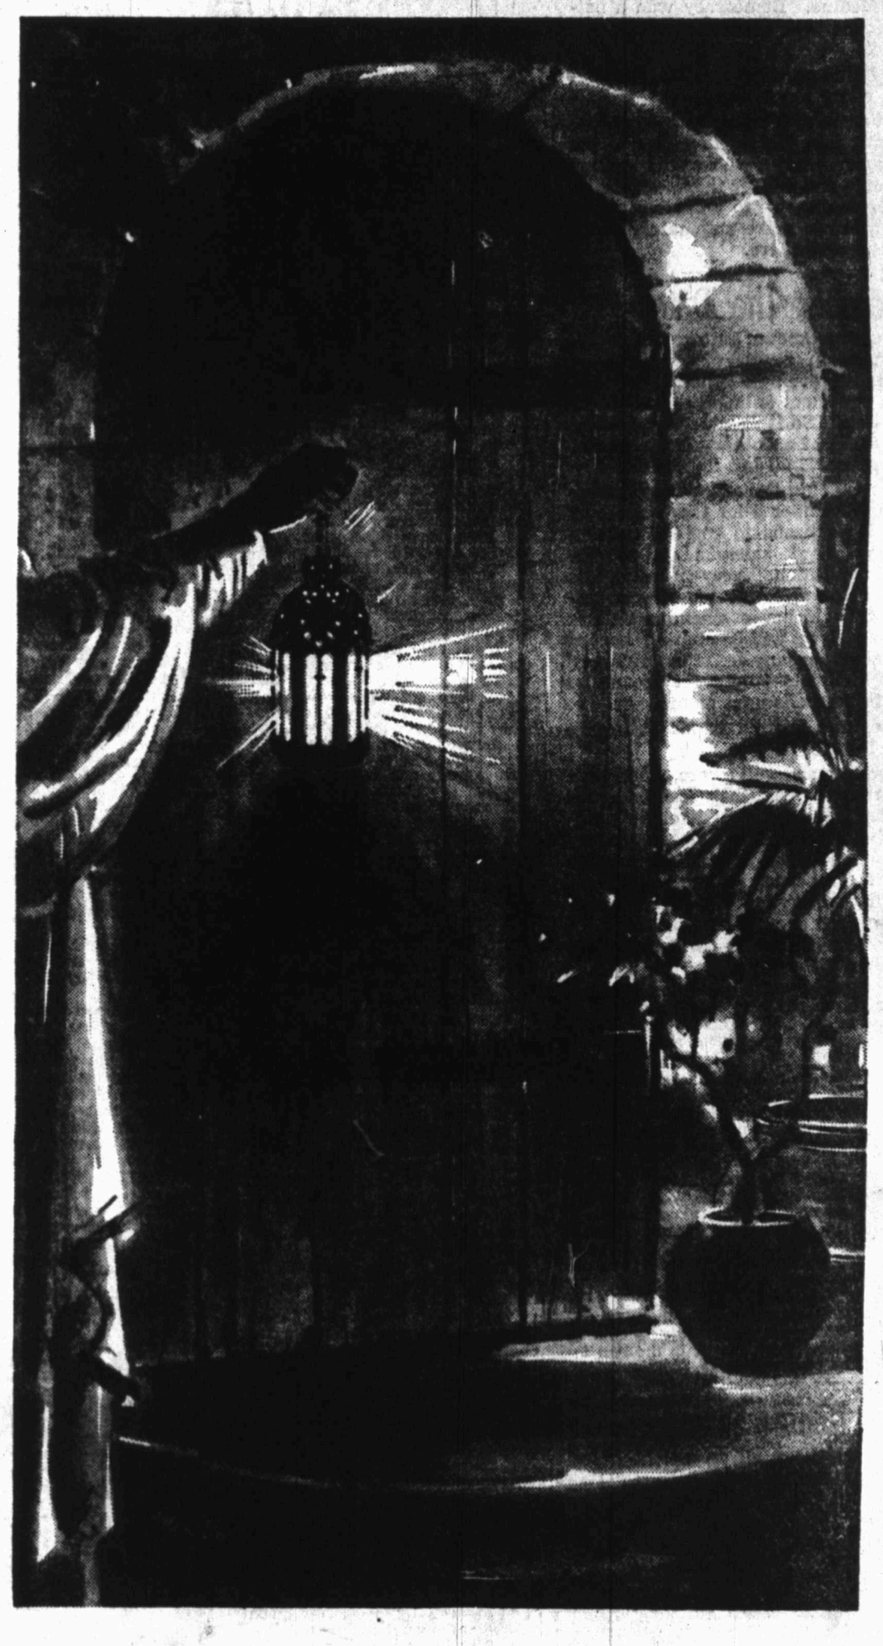

"There should be no latch on that door," said the artist. "It is the door to the human heart. *It can be opened only from within.*"

COMMUNITY CHEST

THIS AD COURTESY OF HEMPHILL WELLS COMPANY

REDS CONVICTED

Keep 'em That Way

CONVICTION of 11 Communist leaders in New York federal court on charges of urging overthrow of the U.S. Government by force; and the slapping of contempt of court charges against their lawyers, open up a new era in this nation. The two actions at long last prove (1) that the Communist party now is recognized for what it always has been, a revolutionary party made up of enemies of the American Way of Life; and (2) the lawyers who refuse to conduct themselves properly in court may expect to be summarily punished for their predelictions.

Just what sort of sentences shall be meted out to the 11 Red enemies of our country remains to be seen. Decision will not be announced until next Friday. But meanwhile, every real American will be hoping for sentences in full keeping with the seriousness of the charges and also with the reprehensible conduct of the defendants and their lawyers during the more than six months of the trial's duration.

To be sure, the convicted Communists and their lawyers will leave no legal stone unturned in an effort to "beat the rap." But this is one time when law-abiding citizens who love their country have little to fear from the possible substitution of legal mumbo-jumbo for justice. Public opinion, overwhelmingly, favors stiff punishment for the crime and most judges realize that, in the final analysis, application of the law should be based upon the best interests of the people, rather than on whether or not all "wherefores and whereases" are properly spelled and in the right place in the documents.

Justice won a battle in the court of Judge Medina. Democracy won a battle. Freedom won a battle. Decency won a battle.

This battle must not now be lost, anywhere, or for any reason.

Furthermore, it must be accepted as freedom's first victory in a war to the death against those who would enslave our people and deliver them — with all their belongings — to a foreign power which seeks to make automatons of all humans, everywhere.

Remember The Date!

AS everyone knows, getting people out to vote in regular party primary elections, or even in general elections when a President is being chosen, is no small chore. So it follows that getting out any sort of a vote at all on special election days is all but impossible.

Texas is going to have a special election on November 8 for the purpose of permitting citizens to register opinion on 10 proposed amendments to the State Constitution. Every citizen in this state will be affected, one way or another, by whichever amendments are approved. Yet it will be nothing short of a miracle if as many as 750,000 of Texas' 2,000,000 eligible voters get around to going to the polls next month.

All editors are old hands at urging people to vote.

All editors are well aware, when they do so, that the best they can hope for is to convince one out of 10 eligible voters who otherwise would stay away from the polls to go and express an opinion. Therefore, we are well aware that what we say today — and what we shall say further on this subject between now and November 8 — will bear little more than a short crop.

Never-the-less, we urge citizens to remember November 8; to read up on the 10 amendments being offered; to decide as soon as possible how they will vote, and to cast an informed ballot.

In connection with the special election this year, we are pleased to note that several organizations of state-wide influence have begun "beating the drums" in an effort to get out a representative vote next month. One of the best jobs of this kind being done is that under way by the Texas League of Women Voters. The league is taking no sides for or against any of the 10 amendments. But it is flooding the state with brochures, listing and explaining each amendment, and giving arguments of both proponents and opponents on each question.

That is a worthwhile undertaking and we hope it will meet with success both in the matter of getting people to vote — and to get them to vote intelligently, in the best interests of the people at large.

One Minute Sermon

Come and hear, all ye that fear God, and I will declare what he hath done for my soul. Psalms 66:16.

Teaching Him To Holler Uncle Joe.

Someone To Love

BY IRENE LONNEN ERNHART
Distributed By NEA, Inc.

(THE STORY: Tod Duncan is unable to forget Liz Conover, even though he has married Jenny. And Jenny is not as happy as she should be. Tod took her first to live with his family, but there is quarreling. Later Tod lives in a trailer camp while he finishes schooling. Jenny discovers she is to become a mother. Tod meets an old chum, Rick Morris, who unexpectedly mentions Liz Conover. Jenny tells Rick that Tod married her "on the rebound." Later Rick advises Tod to forget Liz. Next Tod's mother, who dislikes Jenny, calls Tod and asks him to come to see her—but not to bring Jenny.)

* * *

XV

AFTER his first visit, Tod fell into the habit of going to see Ma and Harriet and Joe once a week. When he came back from one of those visits he was always upset and restless.

Jenny felt better physically now and made a special effort to overlook his moodiness. He was studying hard these days, with midterm exams not too far away. Saturday nights they usually tried to have someone in, Rick and Nina to play bridge, and occasionally the Hansens from next door. Although the Hansens bored Tod.

Fred Hansen was in one of Tod's classes. He was a small bespectacled fellow with sandy hair and faded blue eyes. His wife Ruth was plump, vivacious and friendly. They always put their baby to bed in their own trailer when they came over, and every time Ruth was dummy she trotted over to see that it was all right. She was delighted when she learned Jenny was expecting, and went into all the details of her own pregnancy. Tod was disturbed and for a time he treated Jenny with anxious concern. Jenny laughed at him. And presently he got over it.

There were other urgent matters to be concerned about. The $500 they'd gotten for the summer cottage would last through December, but after that something would have to be done.

Then Ma phoned Tod one Saturday evening. Rick and Nina were there playing bridge when the man from the trailer camp office knocked on the door. Ma had refused to call back and was holding the line.

When Tod returned to the trailer, he was grimly uncommunicative. Joe was in some sort of trouble, and he had to go at once.

It was 10 before he returned. Rick and Nina had gone and he told Jenny the news. Joe had embezzled $800.

"It's a lucky thing he got caught before he was in any deeper," Tod said.

"But $800!" Jenny cried. I can't understand how he could have embezzled that much in such a short time."

"He bet on the races. He got in over his head and kept borrowing, like they always do, thinking next time he'd get a big winner and pay it back. Only it didn't work out that way, and today his boss wised up."

Jenny's mouth trembled. "Why should you and I shoulder the responsibility for keeping Joe out of jail?"

"He's my brother. That's why. Ma's had a hard enough time all these years trying to raise us kids, and anyway Joe never had much chance to amount to anything. Ma put everything on me, helping me at college and all. I hate it as much as you do, but Ma said—"

"I don't care what Ma said!" Jenny burst out wildly.

"You don't like her, do you?" Now it was Tod who was angry. "All along I been tryin' to tell her how wrong she was about you, how she'd like you if she'd give you half a chance, but maybe I've been wrong. Maybe she senses how you feel about her and that's the reason she resents you so."

* * *

THEY faced each other furiously. "If I don't like her it's her own fault! I wanted to get along, but you know the reception I got—"

"That's not got anything to do with this!" Tod shouted.

"But where are you going to get $800?"

He spoke in a defeated tone now, no longer strident with anger. "I wrote the guy a check. I'll have to sell the car. It's the only thing we've got that can be turned into cash."

Tod must hate giving up the car. She remembered his almost childish pride in it when he had bought it last spring.

But the car was the only thing they could turn into immediate cash. It seemed like pouring money down a rat hole to get Joe out of this jam, for it was probably only the beginning.

Yet, remembering that Joe had been the only one of the Duncans that had shown her the least kindness when she and Tod had been living with them, she hated to demand that Tod refuse to help.

Tod got a good price for the car because it was practically new, but when $800 was deducted, there wasn't much left. Worse than spending the money to get Joe out of a jam, was Tod's sense of divided allegiance which tore him between Ma and Jenny.

* * *

JOE left town and Ma was upset about that. If he missed going to see her she phoned the trailer camp, petulantly demanding why.

See SOMEONE TO LOVE Page 7

Looking At Life -- By Erich Brandeis

A New York City bus driver failed to stop at a certain street, although several of the passengers had signaled that they wanted to get off.

One of them remonstrated with him. The driver stopped his bus, grabbed the remonstrator by the neck and threw him into the street, injuring him severely.

BRANDEIS

The driver was arrested and brought into court.

He pleaded guilty, but asked the judge for leniency because he had served in the Army during the war.

The judge told him that had nothing to do with the case and fined him $250 or sixty days in jail.

There are too many people nowadays who claim immunity or leniency because they did their duty during the war.

Just out of curiosity I investigated a few of these claims.

I found that among several criminals who thought they were entitled to leniency because of war service, not one had volunteered, but had been drafted.

As a matter of fact, it seems to me that the more a fellow fought to keep out of serving his country, the more he now uses his enforced service to get special privileges.

* * *

I certainly have no intention of detracting one single bit from those who fought for their country or served it in any way whatever. Those who faced front-line dangers deserve front-line opportunities.

But every veteran who was brave in the line of military duty will also be brave and decent in the line of civic duty.

No right-minded veteran will consider his honorable discharge or his citations as a passport to crime and shiftlessness.

During the war men who were unfit for duty were rated 4-F. There was an excuse for most of them. They couldn't help being physically or mentally handicapped.

But there is no excuse for spiritual 4-F's in peacetime.

* * *

WHAT special privileges have those brave chaps who enlisted voluntarily as soon as our country was in danger and who now lie in some European graveyard with nothing but a cross over them as their reward?

Yes, they don't have to worry about housing shortages. They have a place to sleep.

Patriotism is a great human characteristic.

But when "patriotism" is just a subterfuge for laziness and lack of character, then it is not patriotism at all, but prostitution.

Every man has a right to be proud of having served his country.

But to be allowed to serve a country as wonderful as ours is, in itself, a "special privilege."

Funny Business

"He's making it legal for us to ask you for a loan!"

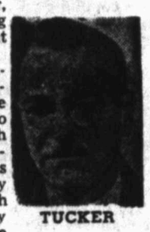

UNDER GREEN'S LEAD

AFL Continues Gains

By RAY TUCKER
Special Correspondent

WASHINGTON.—William Green has frequently been taunted as the "weak old man" of the American labor movement. Enemies and even some of his own subordinates have wished that the 76-year-old president of the American Federation of Labor would match the zealousness and aggressiveness of John L. Lewis or Philip Murray.

His failure to reinforce or ally himself with his two rivals in their current strike for bigger and better pensions in coal and steel was attributed to his non-aggressive leadership, as well as to his resentment toward their more spectacular achievements. As happens every year, there was talk of unseating him at the AFL's recent convention in St. Paul.

TUCKER

But it was an extraordinarily mild and smooth-running meeting. Only the weather, which roared into the city simultaneously with terrific winds, was obstreperous. And the delegates were in an unusually happy mood for a reason which suggests that Mr. Green may be outsmarting his more publicized foemen of the United Mine Workers and the CIO.

* * *

HAPPY: It seems that, while their followers are losing weeks of work-pay in the fight for assurance of security in their old age, Mr. Green's unions have been winning sizable raises in almost every new contract negotiated during 1949.

The machinists' headquarters here recently made a study of their groups' gains in these settlements, and the increases averaged 10.1 per cent annually. In other fields the pay boosts have been even larger.

These benefits have been won with a minimum of difficulty and dispute, because the manufacturers concerned, for the moment at least, are making good profits. They seem to prefer to keep their men happy with more money than to turn it over to Uncle Sam in the form of taxation.

These Green victories have not made the headlines solely because he operates among craft unions and relatively limited industrial areas instead of in such mass industries as coal and steel.

* * *

MIFFED: Leaders of these three vast union organizations, however, are slightly miffed at President Truman because he has shown more concern in preserving farm income through new legislation than in bettering the workers' conditions. They think he should have bestirred himself more actively on behalf of Capitol Hill issues affecting their welfare.

He failed to obtain repeal of the Taft-Hartley Act. His proposals for lowering retail prices, thus increasing the purchasing power of their take-home pay, did not get through. They derive hardly any benefit from the boost of minimum hourly pay to 75 cents because most union members receive a far higher rate now.

On the other hand, the President intervened earnestly and frequently on behalf of large farm subsidies, especially the ill-fated Branan Plan. Whereas he seemed to forget about the T-H Law after demanding its repeal, he held numerous conferences with Congressional leaders on the farm issue.

* * *

STRATEGY: This presidential emphasis on agricultural problems is no mere whim at the White House. On the contrary, it marks a major change in Administration strategy that may have important political and economic effects in the next few years. Although Mr. Truman's partisan aides may not admit or even realize it, he has taken a leaf from Franklin D. Roosevelt's book of election-winning technique.

Although only a farmer by residence and courtesy, Mr. Roosevelt and the late Louis Howe cultivated them assiduously from the first moment F.D.R. entered New York politics. He did it even more effectively as a four-time candidate for the presidency.

Figuring that his own policies and the city machines — Hague, Flynn, Kelly-Nash and Pendergast—would get out the urban, industrial, racial liberal and organization vote, he sought support in normally Republican states and areas. That he got it is proved by a study of his electoral college totals.

* * *

RENOMINATION: President Truman highlighted agriculutral troubles and issues last year, winning many G.O.P. strongholds. Indeed, it is believed that he could not have defeated Governor Thomas E. Dewey without this unexpected assistance in Illinois, Ohio and elsewhere, for he lost the great industrial states.

The President's experience then convinced him that this sort of strategy is his best bet for 1950 and 1952 triumphs. If it works again in next year's Congressional contests, it is extremely probable as of today that Mr. Truman will not be averse to renomination.

Moreover, even though labor leaders deplore his seeming indifference to their latest demands, it would be difficult for them to oppose him, in view of the favors to unions during the last 16 years of a Democratic Administration. It is doubtful if they could carry the rank-and-file with them, as Mr. Lewis has failed to do since his break with F.D.R.

Last, the Republican record on Capitol Hill during the last few sessions, rightly or wrongly, gives organized labor no inducement to change horses in the middle of the current economic stream.

"General Eisenhower has had little privacy since returning to America." Privacy comes only to those who run for office and get defeated.

Why shouldn't every American appreciate liberty? It seems we never get through paying for it.

Down Memory Lane

(Taken from the files of The Lubbock Morning Avalanche, Oct. 19, 1929.)

At Slaton, D. E. Kemp was selected as post commander of the Luther Powers Post, No. 438, American Legion, at an election of officers held Friday night. The retiring commander, Dan W. Liles, was elected to the office of historian.

Other officers to serve during the ensuing year are as follows:

J. W. Savell, first vice commander; W. B. Yandell, second vice commander; E. C. Foster, chaplain; L. A. Wilson, adjutant; H. V. Jarman, finance officer; Alvin O. White, sergeant at arms; Lee Pebbles, mess sergeant; P. G. Meading, judge advocate; G. H. Brown, service officer.

Mr. and Mrs. Lloyd Russell were hosts to Mrs. Russell's Sunday school class at a party given at First Baptist church recently. Games were enjoyed and refreshments served to Mattie Williams, Inez Law, Dorothy Kimbriel, Doris Kimbriel, James Carroll, Beatrice Bates, Annelle Dean, Wallace Simpson, Noble James, Geraldine Lawrence, Wilma Luna, Lois Pollard, Geraldine Turner, Wynona Pardue, Adele Sneed, Sydney Randalls, Evelyn Horton Marie Panther, Lee Jackson, Maurice Sydney

Believe It Or Not

BRITISH MAKE BID IN FIELD

More U. S. Jet Transports Urged

By DOUGLAS LARSEN
Special Correspondent

WASHINGTON—(NEA)— With British aircraft manufacturers threatening to move into the U. S. market to try to sell their jet transports American plane makers are getting worried. It is something brand-new to them to have foreign competition in their own back yard.

The British have two large experimental jet-powered passenger planes flying. It's not likely that production models of these planes can get into regular commercial operation until 1952, at the earliest. Nevertheless the British have established a lead in the field which American plane manufacturers admit will be hard to overtake.

There is one big advantage which America holds in the jet field, however. U. S. aircraft companies and engineers have had far more experience in the design and development of jet military aircraft than the British. The Air Force and Navy have a total of 34 different types of jet planes flying, plus a dozen more which are classified as secret. The British have revealed only 24 that they have flying and probably don't have as many as 12 under wraps.

* * *

In addition to having created more types, U. S. manufacturers have produced more in total numbers. This manufacturing know-how which has been gained also lessens the gap between the British and the U. S. in the field of jet transport production.

That raises the important question of why the American aircraft manufacturers aren't getting into the jet transport business right now, while the gap is as narrow as it is. Wellwood E. Beall, vice president of the Boeing company, gives the following two main reasons as he sees it:

"First, because of the complex nature of aircraft design and development work, no company has the capital to foot the entire bill of building a wholly new-type airplane such as a jet transport.

"Second, no manufacturers in this country can complete engineering work on such a new-type plane without having an inkling of government certification standards and operating criteria. Thus the Civil Aeronautics Administration figures strongly in this problem."

* * *

IN answer to Beall's second point, a CAA spokesman says that it has never been the function of CAA to set standards for a new-type aircraft. He says it is up to the manufacturer to produce a plane first. Then CAA inspects will test it to see if it is safe to fly.

CAA once proposed that Congress give it money to get a jet transport prototype, so that the U. S. could at least get its foot in the door in this field. Most manufacturers objected to this idea. Although they want the taxpayer to finance the development of jet transports, they don't want it in exactly this fashion. That's government interfering in private industry, they said. What they want is the armed forces to buy some jet transports and finance the development that way. And that is the way it has worked out so far in the development of most new aircraft in the U. S.

* * *

Jet Cargo Fleet Needed

Beall reasons it out in this manner:

"With the Air Force requiring a large auxiliary cargo fleet (which it relies on the airlines to provide) for immediate availability in time of emergency, it is absolutely necessary for the defense of the country to keep a strong, flexible airline system.

Yet the manufacturers who must produce this fleet are, for the moment, stopped dead in their tracks.

* * *

"BOEING could have a prototype 500-mile-an-hour jet transport flying within 18 months after receiving a contract from the Air Force. Such a transport would be admirably suited to all routes from 200 to 2500 miles."

Air Force experts give varying answers as to why it has not ordered a lot of jet transports. One reason is that the trend in military transport planes has been away from high speed, to safer, slower, more economical aircraft. With the 70-group program cut back they say, they can't afford to spend millions on an entirely new type of plane, the military value of which is still questionable.

Sawyer Slated To Speak At Convention In Mexico City

WASHINGTON, Oct. 18. (AP)—Secretary of Commerce Charles Sawyer left by plane today for a two-day visit to Mexico City where he will address the 19th annual convention of the American Society of Travel agents Oct. 20.

The party will spend tonight at Houston, where it will be met by Jesse Jones, former secretary of commerce, and W. G. Brown, district manager of the Office of International Trade.

Approximately 17,000,000 work days were lost in farm accidents in this country in 1948.

Houston Murder Weapon Is Found

HOUSTON, Oct. 18. (AP)— A story in yesterday's Chronicle led to the location of the death weapon in the shotgun slaying of Vincent Vallone, sr., and the finding of the weapon "wraps up the case," Sheriff C. V. Kern said today.

As deputies directed the searching operations for the weapon at the Sabine street crossing of Buffalo bayou, where one of two men arrested in connection with the slaying said he threw the weapon, Perry Cain, 24, walked up with the shotgun.

Weapon Is Identified

Cain casually asked deputies if the gun he was holding was the weapon they were searching for. A quick check with Sheriff Kern and Ranger Johnny Klevenhagen brought the announcement that the gun had been found and the search operations were halted.

Cain said he read in the newspaper where two youngsters had reported they had seen a junk man pick up a gun at the bridge and then he remembered that his father, Paige Cain, a junk dealer, had bought the gun from a junk peddler about two months ago.

Kern said that while the gun is somewhat rusted, it is still in fair shape. He took the serial number and sent it to the manufacturer to start a check on who might have purchased the weapon.

Gun Is Death Weapon

The gun is a 12-gauge automatic shotgun. This is the same type weapon which has branded as the death weapon in a statement which Kern attributed to Diego Louis Carlino.

Arrested over the weekend and charged with Vallone's murder are Diego Louis Carlino, 28, operator of a food market, and Louis J. Marino, 37, operator of an ice company. The charges were filed before Justice W. C. Ragan.

Sheriff Kern said the "finger man" in the case will be kept in protective custody until after the trial.

"Finger Man" In Jail

The "finger man" is expected to be the state's star witness.

"He will be kept in jail until after the trials are over." Kern said yesterday. "This is his desire as well as ours. I won't say where he is being held."

The "finger man," a 35-year-old Houston businessman formerly of Milwaukee, Wis., talked to Sheriff Kern October 6 and the case started to crack wide open, according to the sheriff. He told Sheriff Kern he had a telephone conversation with Vallone last July 15.

Vallone told him he was "coming to town that night," Kern related. "And the man told some other people that Vallone would be coming to Houston. The man later realized that the people he gave that information to must have been the killers."

Someone To Love

(Continued From Editorial Page)

Tod's visits to her dingy foul-smelling little walk-up apartment were anything but pleasant. Ma seemed to keep him discontented and riled up.

They quarreled one night, when Ma found out Jenny was going to have a baby, and Ma said a lot of hateful things. And when Tod tried to defend Jenny, she screamed at him, "All right, go ahead, stick up for Jenny. But you don't love her. Sooner or later you'll come to your senses."

He slammed out of the apartment. He walked to the corner in the brisk November air, and the anger gradually died out of him.

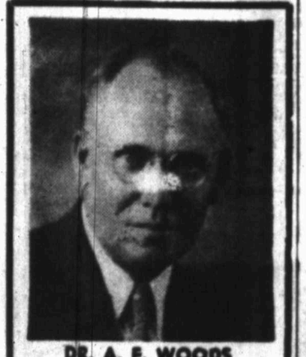

How did Ma know? Could Jenny tell too?

He turned his back to the wind and started walking.

Soviet Shifting Of Populations May Tie To Tension In Balkans

By J. M. ROBERTS, JR.
Associated Press Staff Writer

Nothing is particularly new about Russia's deporting dissident elements or unassimilated national groups from her border areas to Siberia.

During the war she moved a million Tartars from the Crimea neighborhood because some of them showed sympathy toward Germany. Constant reports of such movements have come from the Baltic states and Ukraine for years. Removal of the Greek and other groups from the area bordering Turkey and Iran began six months ago.

Only because the State department's announcement coincides with other unsettling developments does it seem to have a connection with the general Balkan situation.

UN Efforts Fail

United Nations efforts to settle the Greek civil war are deadlocked, although for practical purposes there is no war at the moment.

Rebel broadcasts that they have called off the fighting are heard with suspicion in Athens. Reports are that the guerrillas are to be used to intensify the war between Tito and the Soviet bloc.

Reports from Trieste of rebellion against the Communist government of Albania remain unconfirmed. Greece has territorial claims in southern Albania. Tito has various reasons for intervention. And there is growing internal trouble which the Cominformists of Tirana, isolated from the rest of the Communist bloc, might not be able to quell.

Guerrillas Used For Pressure

Guerrilla activity directed from Bulgaria, Hungary and Romania still seems to mark the extreme limit of pressure Moscow may exert now against Tito.

The deportations from southern Russia, under other circumstances might be taken as a threat to Turkey and Iran, whose cold wars with the Kremlin have been rather quiet recently. As part of the regular Russian pattern, it loses significance. It merely provides the State department with an opportunity for some propaganda, and perhaps to increase Russian nervousness over American ability to tell the world what's going on behind the Red wall of secrecy.

Hawaii, three times the size of Delaware, grows 90 percent of the world's supply of pineapple.

LOOK, NO PILOT—With nobody at the controls, a "Hiller 360" helicopter flies over San Francisco Bay. The 25-mile flight — first of its type in aviation history—was made at an altitude of 3800 feet. Passengers were Stanley Hiller, jr., 24-year-old helicopter company president, nearest the camera, and Langhorne Washburn. Hiller made the flight to demonstrate how his "Rotor-Matic" system of controls brings inherent stability to helicopters for the first time.

Rites Set Today For Mrs. J. F. Morris, 82

Funeral services for Mrs. J. F. Morris, 82, mother of Mrs. Christine Hall of 1627 Tenth and Harry Morris of 2009 Sixteenth, who died Tuesday morning, will be held at 2 p. m. today at Sanders Funeral home chapel. Burial will be in Tech Memorial park cemetery.

Mrs. Morris lived with Mrs. Hall. A native of Mason county, she came to Lubbock in 1918 from Big Spring.

Survivors also include four grandchildren and five great-grandchildren.

Churchill's Daughter Wed To British Society Photographer

SEA ISLAND, Ga., Oct. 18. (AP)—Actress Sarah Churchill, and Anthony Beauchamp were married today in an idyllic setting by the sea. She is the auburn-haired daughter of Britain's wartime prime minister.

A Georgia country judge, ordinary Edwin W. Dart of Glynn county, married them as an autumn sun shed late-day, rainbow rays over the blue Atlantic ocean.

The 34-year-old bride and the 32-year-old groom, a British society photographer, stood by a flower-decked altar near a bay window in the red-rick home of Alfred W. Jones, wealthy resort owner.

FANNIN DOCTOR CLAIMED

BONHAM, Oct. 18. (AP)—Dr. Charles Clinton Adair, 75, a Fannin county physician for 50 years, died here today. Survivors are his widow and son, Joe Adair, manager of the Bonham REA office.

Plexiglass Section Of B-36 Blows Out During Test Flight

FORT WORTH, Oct. 18. (U.P.)—A plexiglass section of the bombardier compartment of a B-36 "blew out" during a test flight last week, it was desclosed today.

A report that one crewman became unconscious from lack of oxygen after the mishap was confirmed by Consolidated-Vultee aircraft officials here.

However, he was quickly revived when other crew members placed an oxygen mask over his face.

There were reports that the six-engined sky giant was flying at 40,000 to 42,000 feet, but Convair officials would not comment on them.

Two crewmen riding in the bombardier section of the nose were saved from almost certain death by their safety belts, which kept them from being sucked out of the plane.

Individual oxygen masks were quickly put into use by other crewmen. Crew members were examined by a doctor when the ship landed, and they did not suffer any ill effects from the mishap, he reported.

Convair officials refused to comment on a report that a bombsight was sucked out and fell to earth.

The ship was on a routine test flight. All B-36's are tested extensively by company crews before delivered to the Air Force.

Cabins of the planes are pressurized to allow crewmen to work without masks at high altitudes when the air lacks sufficient oxygen for normal breathing.

When the plexiglass section fell from the plane, however, the nose compartment was de-pressurized.

Eire reports net earnings of $120,000,000 from foreign tourists in 1948.

LUBBOCK MORNING AVALANCHE
Lubbock, Texas, Wednesday, October 19, 1949

WAREHOUSE SPACE IS NEEDED

School Men Discuss Problem Of Handling Federal Surplus Food

Seven and one-half carloads of food—all free—have been received in Lubbock this fall and many more carloads are due to be received during the winter, and therein lies a problem for which a solution will be sought in a meeting of representatives from 119 schools in 30 counties.

A meeting of superintendents or their representatives from 119 schools participating in the federal surplus food program is to be conducted at 10:30 o'clock Saturday morning in the district courtroom in Lubbock county courthouse.

Under the surplus food program, the food is sent to Lubbock by the Production and Marketing administration for distribution to school cafeterias in the 30 counties.

The program has grown to such extent that a method of financing employment of two persons and renting of a warehouse will be discussed, Roy Boyd, Lubbock county superintendent of schools and also distributing agent in the surplus food program in the 30-county area, said today.

Items Received

Four carloads of pears, one and one-half carloads of honey and two carloads of Irish potatoes already have been received this fall. Due to be received are three carloads of cheese, three and one-half carloads of canned peaches, two carloads of canned tomatoes, one carload of peanut butter, and possibly one carload of butter.

On the present market, the butter probably would have a value of approximately $15,000, Boyd estimated. Under requirements of the program, the butter must be delivered to the school participating in the 30 counties within five hours after it reaches Lubbock.

The schools pay nothing for the food, Boyd said. They pay cost of shipping it from Lubbock by motor freight. In addition, approximately 90 of the 119 schools participate in the reimbursement phase of the federal program, receiving seven cents reimbursement for each lunch served with milk and five cents for those served without milk.

Food Cost Reduced

The free food and the reimbursement makes it possible for cafeterias to serve food approximately 25 cents per plate less than it would cost each child otherwise, said Boyd. The money paid by the children is used to buy food in addition to that received free or paid through reimbursement and also to pay cost of cafeteria supplies and utilities and other costs.

Lubbock city schools participate in the surplus food phase but, along with approximately 30 other schools in the area, do not take part in the reimbursement phase.

The reimbursement portion of the program is handled in Texas by Frank Thurmond, who is employed by the Production and Marketing administration and has headquarters in Austin.

No Pay Received

The distribution of surplus food is directed by John J. Slaughter of Dallas, distributing agent for New Mexico, Colorado, Kansas, Oklahoma, Texas, Arkansas and Louisiana. Boyd is one of 17 distributing agents working in Texas in connection with Slaughter's phase of the program. There originally were 42 agents. As agents have dropped from the program, the

Banquet Program Is Slated Here Thursday By Masonic Group

Scottish Rite Masons within jurisdiction of South Plains Scottish Rite club are asked to "mail in their cards immediately," so that those in charge of arrangements for Thursday night's Feast of the Tabernacle will know how many to prepare for.

The banquet and program will commence at 7:30 p. m. Thursday in the Masonic temple here.

The announcement was by Ed Parker, club secretary who is in charge of arrangements.

Program Is Released

Officials of the club—Louie F. Moore, president; Fletcher B. Lewis, KCCH, vice president; and Casey Cabool, second vice president—released this program.

Vaughan E. Wilson, master of ceremonies.

Invocation, R. L. Durham.

"The Feast of the Tabernacle, and Why Freemasons Keep Feast Days," John D. Haygood.

Toasts:

"To the Government of the Country," James A. Bowron.

"To the Supreme Council," Gerald E. Jarvis.

"To the Sovereign Grand Inspector General of Texas," W. L. Joosten, sr.

"To the Grand Commander," Alton L. Abbott.

"To the Grand Lodge of the State of Texas," Curtis L. Boyd.

"To the Memory of the Brethren Whose Labors During the Present Masonic Year Have Ceased," Frank G. Campbell.

"To All Masons and Masonic Bodies of All Rites and Degrees Over the Surface of the Earth, Honors and Laurels to the Worthy, Health to the Sick, Comfort to the Needy, and Succor to the Oppressed Everywhere," Syrian E. Marbut.

"To All Visiting Brethren and Guests," W. D. Benson, jr.

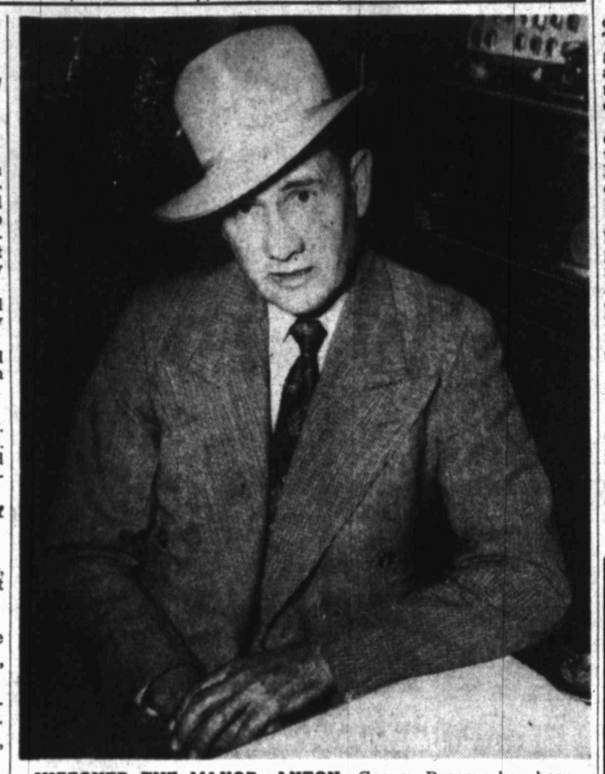

"To Our 33rd and KCCHs," Edwin H. Boedeker.

Address: "The Significance of the Feast of the Tabernacle," George W. McCleskey.

Members of the Order of Eastern Star chapter 76 will prepare and serve food for the banquet.

Attendance is expected from Lubbock, Levelland, Morton, Sundown, Littlefield, Slaton, Amherst, Barry, Crosbyton, Idalou, Lorenzo, Pettit, Post, Ralls, Sudan, Whiteface, Whitharral, Abernathy, Shallowater, Anton, and Ropesville.

All visiting Scottish Rite Masons are invited to attend.

HIZZONER THE MAYOR: ANTON—George Broome has been mayor of Anton for two years. Broome is a cotton grower and buyer of 20 years standing. He was born at Memphis, Texas, July 10, 1905 and came to Anton in 1930. Broome received his schooling at Memphis, Peacock Military academy, SMU and Texas U. He married Beth Gannaway in Austin, Nov. 3, 1929. He has one daughter, Sandra, aged 12. The mayor's hobby is watching football games. He heads a three man council and estimates the population of Anton (in the northeast corner of Hockley county) to be 1,600. Broome is a member of Anton Gun club and Shriners. (Staff Photo by Edward Welsh).

51 Texans Get High Honors At Scottish Rite Council Meet

WASHINGTON, Oct. 18. (AP) — High honors came to 51 Texans here today at the executive session of the supreme council, Scottish Rite of Masonary for the southern jurisdiction.

Eleven members of the Dallas Scottish rite bodies were accorded the 33rd degree. Forty others received the rank and decoration of knight commander, court or honor.

Among Texans receiving the award of knight commander, court of honor, were:

Amarillo — O. M. Anderson; Pampa—C. V. Buckler;

Waco—Simon M. Bunn, Frank Oldham; Wichita Falls — Earl A. Burch, Eli F. Morgan; Vernon—Killeen M. Moore;

Denison—Burke Thomasson.

Chicago Version Of Boston Tea Party Is Investigated

CHICAGO, Oct. 18. (INS)— Somebody is taking United States history too seriously.

Chicago police were searching today for the modern counterparts of the famed participants of the Boston tea party who dumped a ton and a half of green tea under a railroad viaduct.

Now Many Wear FALSE TEETH With More Comfort

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks plate odor (denture breath). Get FASTEETH at any drug store. adv

Traffic Warning Issued At Tech

Lubbock police will crack down on traffic violators on the Texas Technological college campus beginning Thursday, Frank Junell, assistant to the president, announced Tuesday after conferences with police officials.

All cars parked on paved streets of the campus will be given a ticket for $1 fine, Junell said. Fine for the first offense in exceeding the campus speed limit of 15 miles per hour will be $15.

Parking on the campus will be limited to officially designated parking areas, under an arrangement worked out by the college landscape architect, E. J. Urbanovsky. All regulations apply to faculty members and others as well as students, Junell emphasized.

Hard surface parking areas are provided south of the administration building, between the library and science buildings, behind the engineering building and at the side of the petroleum engineering building, east of the museum, west of the book store, and around the college dormitories.

It will also be permissable to

See TRAFFIC Page 8

DO YOU KNOW—

that the hour of 5 to 6 is the most dangerous hour for traffic accidents? 7 to 9 P.M. for traffic deaths?

The reason is obvious for the accidents — it's "going-home" time. Pedestrians dart into the streets; motorists step on it to beat the rush and get home quickly.

From 7 to 9, fatigue plus early darkness is the answer with slower reactions and poorer vision.

Take it easy at all times—a few extra minutes may save a life—yours!

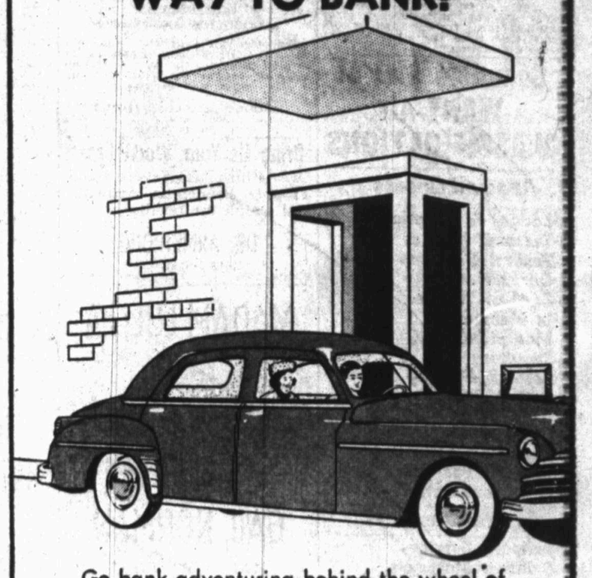

This message presented in the interest of our policyholders and all other motorists of this community.

Swanky 21-unit court with 3-room living quarters, large lobby, lots of Neon signs, tile construction, panelray heat, Simmons furniture, asbestos tile floor covering, Venetian blinds, air-conditioned, each unit has large garage, telephone in each unit, all in first class condition, built only two years, located in fast growing West Texas town. Price $80,000. Would take in trade of equal value good dry or irrigated farm.

A WELL LOCATED 20-UNIT COURT WITH 4-ROOM LIVING QUARTERS located on U. S. Highway 80. Also large tract of ground for further development. Price $49,000 with terms. Grossing $22,000 annually.

30-Unit court, all modern, located on good highway. Price $30,000. Only $7,000 down and balance payable $250 per month, including interest; or would take clear farm or residence as down payment.

HERE IS AN UNUSUAL VALUE IN A GROCERY BUSINESS which includes stock, fixtures and 3-room living quarters. It is extremely well located in business and residential district and owner is anxious to make a change. Priced to sell.

A WELL LOCATED CAFE, seats 90 people, nice fixtures, good volume. Would consider some trade.

HOW TO CUT MONTHLY PAYMENTS IN HALF

Point 1. Add up all your bills.
2. Total monthly payments they require.
3. THEN ask us to show you how a Pacific Finance loan can often cut those payments by as much as 50 per cent. Come in tomorrow and get the details.

ONE PAYMENT
COVERS EVERYTHING

RE-PAYMENT EXAMPLES

Cash to You	12 Mo. Payments	15 Mo. Payments
$100	$ 9.64	
$200	$25.06	$20.29
$500	$48.15	$39.03
$700	$67.46	$54.64
$1000	$96.37	$78.06

Other amounts in proportion

Above payments include insurance which can pay the payments in case of sickness or accident or the entire balance in case of death. To obtain phone or come in. Information gladly given

WE ARE AS NEAR AS YOUR TELEPHONE

Call us about our listings, try your best to get the locations, so you can just drive by, but it's a two to one bet that won't have any success. We're just naturally friendly at our office and just enjoy "driving-by" with our customers. Anyway we often go out to show a certain piece of property and end up by selling an entirely different property. Won't you call us, tell us your troubles and we'll tell you ours.

6-room, bath and half, on 1 acre land, shed, barn, close to S Point Theater. This is a bargain at $7450. Terms.

$1300 down will buy a duplex partly furnished, now rented for $150 per month. Total price $10,250.00. Already financed, payments $75 per month.

12. Legal Notices

LEGAL NOTICE
of
Proposed Amendments to Zoning Ordinance of the City of Lubbock, Texas.

NOTICE is hereby given that the Planning and Zoning Commission has recommended to the City Commission that Zoning Ordinance No. 661 be amended so that:

The North one-half (N-½) of the East one-half (E-½) of Tract 40, Arnett and Benson Addition, be changed from a "B" Zoning District to an "F" District.

Lots 1 through 6, Block 2, Wayside Addition be changed from an "E" Zoning District to an "F" District.

The City Commission will hold a public hearing on Nov. 10, 1949, at 2:30 o'clock P.M., in the City Commission room on the second floor of the City Hall in Lubbock, to consider the recommendations of the Zoning and Planning Commission to determine the advisability of adopting its proposal, and at which time and place all interested persons will be given an opportunity to protest against the proposed amendment or make recommendations in support thereof.

After said hearing the City Commission will determine whether the Zoning Ordinance will be amended in accordance with such recommendation.

W. H. RODGERS
Mayor of the City of Lubbock, Texas.

Attest:
LAVENIA LOWE
City Secretary
(SEAL)

THE STATE OF TEXAS
COUNTY OF LUBBOCK

NOTICE IS HEREBY GIVEN that by virtue of a certain execution issued out of the Honorable 99th District Court of Lubbock County, on the 29th day of September, 1949, by Royal Ferreson, Clerk of said Court for the sum of Nine Hundred Forty-six and 57/100 ($946.57) Dollars and costs of suit, under a judgment in favor of Ruby Cox in a certain cause in said Court, No. 13589 and styled Ruby Cox vs. Jeff M. Cox, placed in my hands for service, I, Grady Harrist, as Sheriff of Lubbock County, Texas, did, on the 1st day of October, 1949, levy on certain Real Estate, situated in Lubbock County, Texas, described as follows, to-wit: The undivided one-fourth interest of Jeff M. Cox, Sr., in and to the South half of Tract No. 10, Lubbock View Addition to the City of Lubbock, Lubbock County, Texas, such Lubbock View Addition being a subdivision of a portion of Survey 14, Block B, Lubbock County, Texas, and levied upon as the property of Jeff M. Cox and that on the first Tuesday in November, 1949, the same being the 1st day of said month, at the Court House door of Lubbock County, in the City of Lubbock, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said execution I will sell said above described Real Estate at public vendue, for cash, to the bidder, as the property of said Jeff M. Cox.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Avalanche-Journal, a newspaper published in Lubbock County.

Witness my hand, this 4 day of October, 1949.

Grady Harrist
Sheriff Lubbock County, Texas
By Verlie Shearer, Deputy.

Man Leaves Hospital To Face 20-Year-Old Murder Charge

SAN ANTONIO, Oct. 18. (AP)—Lynn Stephens, wanted for 20 years on a charge that he killed a prohibition agent, surrendered early today.

The 51-year-old man made arrangements for his surrender by telephone, then shortly after midnight walked into Sheriff Owen Kilday's office and gave himself up.

He came here from Alice where he had been in a hospital 17 days for treatment of stomacr ulcers.

The superintendent of an Alice hospital said Stephens told him last night that the San Antonio sheriff had a room for him (Stephens) in the county jail.

Patient Slips Away

The hospital said that while he was checking the man's story, the patient slipped out and drove away with a woman.

Stephens was indicted in the slaying of prohibition agent Charles Stevens Sept. 24, 1929.

He denied any connection with the slaying. He told Kilday he had worked in various oil fields and that recently he had been in the construction and ventilation business in Alice.

He told the sheriff he had been going under the name of "Williams."

When asked by the sheriff where he had been the past 20 years, Stephens replied:

Refuses To Tell Whereabouts

"It's a long story."

Stephens refused to say whether he had been in San Antonio at any time since he fled the city.

"I didn't investigate whether there was a warrant out for me or not," he said.

"I saw many friends on the streets, but they didn't recognize me.

"My conscience hasn't hurt me about this at all."

Stephens weighs only 170 pounds as compared with the stalwart 240 pounds of 20 years ago when he was indicted.

40 Men Indicted

Slaying of the prohibition agent set off far-reaching repercussions. Raids netted $100,000 worth of liquor and 40-odd defendants were named in federal indictments on conspiracy and liquor law violations.

Nine murder indictments were returned by the Bexar county grand jury.

Stevens and two other prohibition agents from San Antonio had made a raid on an Atascosa county still on the fatal day. They were returning that night with two prisoners after making a big seizure, when they were ambushed six miles from the city on the Pleasanton road.

The officers were flagged down near the ambush spot by a woman waving a flashlight, standing by what apparantly was a stalled car.

Stevens and J. P. (Pat) Murphy with the prisoners in the back seat drove on a short distance to where a truck blocked the highway. Eight or more men swarmed out of the brush and opened fire on the officers.

Stevens was mortally wounded.

NEW UNIFORM — Travis County Game Warden Grover S. Simpson, above, models the new uniform for Texas game wardens. It has just been adopted by the state game, fish and oyster commission. The outfit is forest green in color. Picture was taken on the Capitol grounds. (AP Photo.)

Idalou Cotton Farmers Deny Hiring Dallas Prison Labor

Delbert Mack Sawyers and Louis Countess, Idalou cotton growers, advised The Avalanche today that the report they had hired prison labor from Dallas was erroneous.

"I know there were rumors around Idalou that we were the ones who got some cotton pickers released to us by Dallas Judge Joe M. Hill," Sawyers said. "These rumors started before the story appeared in The Avalanche-Journal. While we did get some pickers from Dallas they did not come from the jail."

The story originated with an Associated Press release from Dallas to the effect that a large number of minor offenders were released on the promise that they would go to West Texas and pick cotton. The judge released about 40 men but failed to learn the names of the men who employed them. All the judge knew was that the employers were from Idalou.

When asked Tuesday if he knew who the two Idalou men were who had hired the prisoners, Sawyers said: "I do not know of anyone in this area who has any prisoners. I am sure that we haven't."

The earth's whole magnetic field is of internal origin.

MARKET SNAPS OUT OF SLUMP

NEW YORK, Oct. 18. (AP)—The stock market snapped out of today's slump with a broad advance.

Yesterday's losses, on average, were all but wiped out. Gains ranged from fractions to 2 points or more, with numerous shares at the year's top prices.

The market as a whole closed just a trifle under the 1949 high established last week.

Aircraft and radio and television stocks paced the advance. Other key groups of stocks, though, were well represented in the plus column, among them rails, oils, steels and motors.

Turnover amounted to 1,210,000 shares, compared with 1,130,000 Monday.

Volume has dropped below 1,000,000 shares only once in more than a month.

The Associated Press average of 60 stocks advanced .6 of one point to 97.1—which contrasts with the 1949 high of 97.5 touched last Thursday. The industrial group did best, with rails a close second. Utilities did no more than hold their ground.

A total of 1,054 individual shares changed hands, of which 582 moved up the price scale and 225 slid down.

Radio Corp. was the most active issue, closing ⅝ up at 13¼. Emerson, another active stock, rose ¼ to 18⅛ and American Broadcasting ⅛ to 8⅝. Magnavox added a full point at 12 and Zenith nearly as much at 29⅝.

Douglas Aircraft gained an extreme of 3¼ but closed 2½ ahead at 63¾. Lockheed rose 1½ to 23¾ and Boeing ⅝ at 22¼. Fractional improvement was noted in United at 24 and Consolidated Vultee at 10⅝.

Santa Fe jumped an even 3 points to 99½.

Youngstown Sheet led the steels at 34, Bethlehem Steel 28⅞, and Republic 20⅞.

Also ahead were Socony Vacuum, Du Pont, Westinghouse Electric, General Motors, Chrysler, Montgomery Ward, American Telephone, Phelps Dodge, Allied Chemical (up 4 at 191½), International Paper, Houston Oil, Anderson-Prichard Oil, Standard Oil (NY), and Celotex.

Homestake Mining lost 1½ at 47½ and lower prices were also paid for Consolidated Natural Gas, American Smelting, Dome Mines, and U. S. Gypsum.

Higher in the curb were New Mexico and Arizona Land, Northrop Aircraft, Woodley Petroleum, United Light, Solar Aircraft, Kaiser-Frazer, Humble Oil, Cities Service, and American Republics. Sales of 310,000 shares compared with 290,000 Monday.

Bond prices for the most part showed small changes in slim trading. Long-term U. S. government issues rose an outside of 4/32 of a point in over-the-counter dealings.

Grain

CHICAGO REPORT

CHICAGO, Oct. 18 (AP) — General buying hit the pits at the board of trade today after announcement that the Senate-House conferees had agreed on a farm support bill. The advance in wheat was sharp after an up and down day, as traders tried to follow Washington news.

Basing trading on belief that the support price will be 90 per cent of parity for 1950 bread buying developed.

At the finish wheat was ¾ to 1¼ higher than yesterday's close. December $2.12¾-13. Corn was unchanged to ⅝ higher. December $1.15⅞-⅞. Oats were unchanged to 1 cent higher, December 68¼-⅝. Rye was ½ to ¾ higher, December $1.46-45¾. Soybeans were unchanged to ¼ higher. November $2.28¼-27¾ and lard was unchanged to 13 cents a hundred weight higher, October $11.60.

FORT WORTH REPORT

FORT WORTH, Oct. 18 (AP) — Wheat No. 1 hard 2.32¾-38½.
Oats No. 2 white 86-87.
Corn No. 2 white 1.81½-85½.
Sorghums No. 2 yellow milo, per 100 lbs. 2.18-23.

MARKET Reports

NEW YORK, Oct. 18 (AP)

STOCKS—Higher; aircrafts strong.

BONDS — Quiet; changes narrow.

COTTON—Higher; on compromise farm bill.

CHICAGO:

WHEAT—Closed firm; advanced on Senate-House conferees agreement on farm bill.

CORN—Firm; advance with wheat.

Oats—Steady to strong; up with other grains.

Hogs—Mostly 25 cents higher; top $18.40.

CATTLE — Steady to 50 cents higher; steer top $37.00.

Cotton

Futures closed 45 cents to $2.45 a bale higher than the previous close.

	Open	High	Low	Close
Dec.	29.50	29.75	29.57	29.71
March	29.51	29.68	29.50	29.64

NEW ORLEANS REPORT

NEW ORLEANS, Oct. 18 (AP) — After declining in the early trading here today, cotton futures reacted upward on trade buying and short covering. Closing prices were steady ten cent sto $2.20 a bale higher.

	Open	High	Low	Close
Dec.	29.72	29.85	29.70	29.76
March	29.46	29.65	29.45	29.62
May	29.40	29.61	29.37	29.57
July	28.96	29.17	28.84	29.15
Oct.	27.00	27.67	26.87	27.56

NEW YORK REPORT

NEW YORK, Oct. 18 (AP) — Cotton futures rallied sharply in later dealings today on news that the Senate-House conferees have reached an agreement on a compromise farm bill. Price supports would be on a sliding scale, but in the first year loans would be at 90 per cent of parity and the support price would be based on the old or modernize parity formula whichever would give the farmer higher price supports. Gains extended to better than $2 a bale.

In initial dealings prices declined moderately under the previous close on liquidation, but the trend was soon reversed on aggressive mill buying and short covering.

AVERAGE PRICE

NEW ORLEANS, Oct. 18. (AP)—The average price of middling 15/16ths-inch cotton today at 10 designated southern spot markets was 45 cents a bale higher at 29.57 cents a pound; average for the past 30 market days 29.65; middling 1 1-16ths-inch average 28.62.

Livestock

FORT WORTH REPORT

FORT WORTH, Oct. 18 (AP) — Cattle 4,317; calves 2,325; cattle and calves slow and steady to weak; butcher hogs mostly 50c higher; sheep fully steady.

Medium to good stocker yearlings 16.25-50; common classes down to 14.00; beef cows 14.00-16.00 with commons and cutters 9.00-13.75; bulls 14.00-16.50; good and choice fat calves 18.00-21.00; choice heavy calves to 23.00; culls, commons and medíums 12.00-17.50; stocker calves 17.00-23.50.

Hogs 948; sows and pigs strong, with good and choice butchers 18.50-75; good and choice 180-190 lb. 17.00-18.25; sows 16.00-17.00; feeder pigs 16.00 down.

Sheep 1,806; several lots good lambs 22.50; yearlings 18.00-50; culls to medium and aged ewes 8.00-89.25; medium and good feeder lambs 20.00-21.00; feeder yearlings 15.00-17.00.

KANSAS CITY REPORT

KANSAS CITY, Oct. 18 (AP) — Cattle 5,000; calves 1,500; steers steady but slow; fed heifers to sell above 28.50 fairly active, steady to strong; medium to low good short feds very slow; cows steady to stronger; bulls strong to 50 higher; vealers firm; killing calves slow, weak to 1.00 lower; stockers and feeders fully steady; high medium to average good fed steers 24.00-28.50; average good 829 lb. fed heifers 26.50; common and medium beef cows 14.00-15.25; good cows upward to 17.00; vealer top 25.00; medium and good stocker and feeder steers 18.00-22.50; choice around 950 lb. feeders 23.40.

Hogs 2,500; active, 25-50 higher; good and choice 200-270 lbs. 18.25-50; good and choice 170-190 lbs. 17.25-18.25; sows 15.25-17.50.

Sheep 2,000; no lambs sold early, asking higher; yearlings around 50 higher; good and choice shipment 20.50.

Thomas A. Edison lit the world's first electric light on a Sunday afternoon in October 1879. He watched it burn until Tuesday noon, and then deliberately burned it out by increasing the current.

ROCKET LAUNCHER?—Motorists on the outskirts of Dallas, Tex., kept expecting this tall, rocket-shaped thing to take off. Having seen pictures of the rocket launchings at White Sands, N. M., they called the papers to find out when this one would be launched. The papers investigated and found the "rocket" was one of the legs for a huge water tower being built at a housing development.

Lapse Of Memory Is No Cause For Worry, Professor Asserts

CHICAGO, Oct. 18. (U.P.)—There's no need to think you're cracking up if you have occasional lapses of memory or catch yourself muttering aloud.

Chances are you're merely displaying a "normal abnormality," according to Edward A. McFaul, former Northwestern University lecturer.

A typical normal abnormality cited by McFaul is that of sudden mood changes without apparent reason.

"All of us are subject to emotional ups and downs," he explained, "The more intelligent you are, the more frequently you will experience the swings from bottom to top, or vice versa, and back again. Don't let them get you. They are a normal abnormality."

Other signs which cause people needlessly to think they are slipping are memory lapses, talking to oneself, disillusionment and discontent. In normal doses, none of these things is cause for worry, McFaul contends.

McFaul listed "good" and "bad" fears. Good fears protect people at times of danger, such as when threatened by a bear, a person can run faster.

But bad fears "prevent a human being from flowering in the fullness of his capacity."

The feeling of inferiority is a bad fear, McFaul said. But a little bit is normal and all right since it prompts a person "to do something about it."

"Let's stand and look at each other," he said. "Then we will learn that our abnormalities are normal, and we will recognize the brotherhood that comes from seeing ourselves and them in us."

Morris Cooper, owner, and Carl Hensley, contractor, to construct 12-unit apartment buildings at First and Ave. T, $70,000.

A. B. DeWald, to set storage room on concrete slab, at 3310 Thirty-third, $40.

S. B. Shampier, owner, and A. L. Graham, contractor, to construct residence at 3305 Twenty-seventh, $7,500.

To bake pears cut them in half lengthwise and remove the core. Put the halves in a baking dish, sprinkle them well with brown sugar and a little melted butter or margarine; add a few tablespoons of water to the bottom of the dish, and bake them, covered, until they are tender.

SUCH A BIG BOTTLE BABY — It's dinner time for Thursday, pet raccoon belonging to Bunny Miller, 4, daughter of Mr. and Mrs. Lawrence Miller of Robstown, Tex. Thursday got his name because he became a member of the Miller household on Thursday. He was obtained from Bill Ware, a high school boy, who snares young 'coons and sells them for pets. Bunny is giving Thursday one of four daily bottles. (AP Photo.)

Boston Man Who Terrorized Three Housewives Is Paroled

BOSTON, Oct. 18. (INS)— The divorced father of two children who admitted terrorizing three women in their homes was paroled for three years today to a minister, a psychiatrist and a representative of Alcoholics Anonymous.

The three had testified before Chief Justice John P. Higgins in superior court that the trouble with Franklin L. Roberts, jr., 33, of Boston, was too much drinking.

PRODUCTION TESTS SLATED ON PROSPECTOR

New Scurry County Discovery Well Is Completed; Other Locations For Five Stepouts Are Staked

Sunray Oil Corporation No. 1 Sentell has been officially completed as a discovery from the Strawn lime of the Pennsylvanian in central-north Scurry county, with a calculated 24-hour potential of 214 barrels of 43 gravity oil.

The daily potential was calculated from an actual flow of 107 barrels of pipe lime oil in 12 hours through a 15/64th inch tubing choke. Flowing tubing pressure was 125 pounds and flowing casing pressure was 875 pounds.

Production Natural

The production is natural, and is without any signs of formation water from open hole in the Strawn at 7,487-7,508 feet.

On a subsequent 24-hour test, following the potential gauge the well flowed through a 10/64th inch tubing choke and made 171 barrels of oil, and no water. Gas-oil ratio is about 200-1.

Flowing tubing pressure on the latest test reported was 300 pounds and flowing casing pressure was 1,000 pounds. The new discovery is now on production.

Location is 467 feet from north and west lines of tract 2, Dallas Trust & Saving Bank sub-division of the Grimes Ranch in block 1, J. P. Smith survey.

PRODUCTION TESTS WILL BE STARTED

C. L. Norsworthy, jr., and associates, No. 1 Feldman, possible discovery from the Ellenburger in central-east Scurry county, ten miles east of the town of Snyder, and 660 feet from north and east lines of section 64, block 3, H&TC survey, is bottomed at 7,362 feet and had cemented a string of 5½-inch casing at 7,310 feet, the top of the Ellenburger.

Operators will drill the plug and start production tests about the middle of the week.

This exploration had a recovery of 150 feet of very heavily oil and gas cut drilling mud and 4,492 feet of 46 gravity oil during a one-hour drillstem test at 7,315-62 feet.

Most of the fluid unloaded from the drill pipe while it was being pulled. Gas volume during the test was at the rate of 320,000 cubic feet per day. No formation water has been developed. Surface elevation is 2,251 feet. This venture was barren of petroleum in the Pennsylvanian.

REPORTS ON WELL APPEAR IN ERROR

Reports that the Olson, Glasco, Chambers and Zonne No. 1 Green, north-central Scurry county wildcat, two miles north of the town of Snyer and about two and one-half miles southeast of the nearest producers from the Canyon reef lime on the southeast side of the North Snyder field had entered the reef at 6,506 feet on an elevation of 2,447 feet, appear to have been in error.

The project did encounter a lime streak at 6,506 feet, and drilled to 6,514 feet. The measurement was corrected to make 6,514 feet equal 6,497 feet.

Operator then cored from 6,497 feet to 6,508 feet on the corrected measurement. Recovery was nine feet of shale.

The core hole has been reamed out and operators are preparing to drill deeper.

Apparently the lime section which was penetrated was a lime stringer above the Canyon reef.

This exploration is 660 feet out of the northwest corner of the northwest quarter of section 157, block 3, H&GN survey.

ROTARY EXPLORATION IS BEING PLANNED

Sunray Oil Corporation No. 1 J. W. Newton is to be a 7,000-foot rotary exploration on the southeast side of the North Snyder field of north-central Scurry county to test the Canyon lime reef.

Slated to begin operations immediately, No. 1 Newton will be located 507 feet from north and 517 feet from east lines of the southwest quarter of section 160, block 3, H&GN survey, and five miles north of Snyder.

OPERATIONS ARE TO BE STARTED SOON

Newman Brothers Drilling Company, Alaska Steamship Company, and Calvert Corporatoin, are due to start operations soon at heir No. 1 Hugh Boren, scheduled 7,000-foot wildcat one and three-quarter miles west of the nearest producers from the Canyon reef lime on the north side of the Kelly field in Central Scurry county.

This prospector will be located 467 feet from south and east lines of the northeast quarter of section 247, block 97, H&TC survey and five miles west of Snyder.

Rotary tools will be used.

LOCATIONS FOR FIVE STEPOUTS STAKED

Pan-American Production Company of Houston, has staked locations for five stepouts to production from the Canyon reef in the Kelly field of Central Scurry county, all of which are to drill to around 7,000 feet to test the Canyon reef.

The company's No. 1 J. T. Biggs will be located 660 feet from north and 330 feet from west lines of the northeast quarter of section 205, block 97, H&TC survey.

No. 2 J. T. Biggs will be 330 feet from west and 467 feet from south lines of the northeast quarter of section 205, block 97, H&TC survey.

Pan-American No. 3 Biggs is to be 330 feet from south and 660 feet from east lines of the southwest quarter of section 210, block 97, H&TC survey.

No. 4 J. T. Biggs will be 330 feet from south and 467 feet from west lines of section 210, block 97, H&TC survey.

Location for the fifth stepout, Pan-American No. Effie Ramsey, will be 467 feet from north and west lines of the southeast quarter of section 205, block 97, H&TC survey.

All of the projects are about six miles west of Snyder and are to be drilled with rotary tools.

LOCATION FOR NEW TEST NOW STAKED

Lion Oil Company has staked location for its No. 1 Thurston on the east side of the Diamond-M field of Southwest Scurry county.

The drillsite will be at the center of the northwest quarter of the northeast quarter of section 183, block 97, H&TC survey. It is an east offset to the company's No. 4 Gertie, now in the process of completion from the Canyon lime.

Contracted depth is to 7,000 feet to explore the Canyon lime. Drilling is due to be started immediately, using rotary tools.

Surplus Food

(Continued From Page One)

number of counties in which each has served has increased.

Boyd received no pay for that work. His area has increased from 10 counties to 30 counties in the seven years since he became distributing agent. In addition to requiring many of his services, the program also requires aid of the secretary in the county superintendent's office.

Texas Not In Step

If the program is to continue, a method must be worked out for financing paid personnel and a warehouse, he said today. He has employed Walter Freeman, former principal at Roosevelt school, to work in the program, subject to action of the group in working out a method of financing. A secretary also is needed, said Boyd.

Heretofore, the food has not been sent directly to the schools from the railway cars.

More commodities now are being received, however, and storage space is needed for non-perishable commodities, it was started.

Texas is the only state that has not appropriated money for distribution of the surplus food.

The Jackson Memorial Research Laboratory at Bar Harbor, Maine, has the world's oldest pure-bred strain of mice, covering 220 generations. It was started in 1909. The same number of generations in men would have had to start in 3500 B.C.

SAYS NO TO KHAN—Beautiful Ethery Pagava, 17, above, youngest ballerina of the Monte Carlo ballet, reportedly received a proposal from Prince Sadruddin Khan, 17-year-old son of the Aga Khan. But Ethery said no for now to the wealthy prince, thus depriving the Aga of a second dancing daughter-in-law. His first is Rita Hayworth, wife of Ali Khan.

Traffic Warning

(Continued from Page One)

park in un-surfaced areas west of the Journalism and Agricultural buildings and north of the Engineering building, Urbanovsky said. No parking will be allowed in the streets between 7:45 a.m. and 5:15 p.m., under a city ordinance applying to the college boundaries.

"We have ample parking space if those students living in the dormitories will refrain from driving back and forth to class," said Junell. He also stressed that police will be on the lookout for drivers exceeding the campus posted speed limit of 15 miles per hour.

The president's office pointed out that the giving of traffic tickets on the campus has been necessitated because all other means of securing voluntary co-operation in the program have failed.

"Under the existing conditions it is unsafe for students to cross campus streets on their way to class," said Urbanovsky, adding that several minor wrecks have been caused by cars parked along the pavement.

Antiseptic Ointment Aid For Bruises, Burns, Cuts

For helpful antiseptic aid in relieving the pain and discomfort of externally caused minor skin irritations and abrasions, superficial cuts, minor surface burns, sunburn and bruises, use Grays Ointment as directed. Medicated to cling.
