PURCELL VISITS CENTER

Congressman Graham Purcell was a recent visitor to the Community Service Center. While there, he conversed with these friendly participants of the Day Care Center.

During a tour of inspection of the Community Service Center, Friday afternoon, Congressman Graham Purcell and his party stopped to discuss a point. From the left: Dal Bailey, head of the OEO (Office of Economic Opportunity) in this area; Congressman Purcell; Mrs. Betty Barrett, director of the Day Care Center, part of the OEO program and Rev. Don Youngblood, chairman of the Community Service Center Board, here.

Congressman Graham Purcell, accompanied by Dal Bailey, head of OEO in this area, was given a tour of inspection at the Community Service Center, an OEO project, Friday.

Nazarene Pastors Of West Texas Plan Meeting

Nazarene church pastors and their wives from this area are slated to attend the annual Nazarene Preacher's conference for the West Texas district to be held at Camp Arrowhead, near Cleburne, on Monday through Wednesday, October 2-4.

Nearly all the 98 Nazarene churches in the district will be represented. These churches have a total of about 6,500 members and a combined Sunday school enrollment of nearly 11,000 persons.

Guest speakers will include Dr. G. B. Williamson, Kansas City, Mo., a general superintendent in the denomination since 1946; and three men from the Bethany Nazarene college faculty, at Bethany, Okla., Dr. Mel Thomas Rothwell, Dr. Oscar Reed and Dr. Ralph Staples.

The program will be in charge of the district superintendent, the Rev. Raymond W. Hurn, Lubbock.

The purpose of the conference will be inspirational and to receive a fresh challenge to press the work of the church.

The Church of the Nazarene, with a world membership of 432,000 persons, is the largest Protestant denomination that stands for scriptural holiness in the Wesleyan tradition.

It maintains 620 missionaries overseas in 47 world areas.

Mrs. Carol Blankenship, director of the center; Rev. Don Youngblood, chairman of the Center Board, and Mrs. Betty Barrett, director of the Day Care Center, explained the operation of the program.

The party visited the Day Care Center playroom, where the Congressman soon became friends with the children; the kitchen-dining room, where meals are prepared for and served to the small charges; and the activity room, where several ladies (and one young man) were busy quilting.

Congressman Purcell appeared very impressed with the Center and story of its programs.

High School Band Chooses Officers

The Burk Burnett High School Band, under the excellent direction of Jimmie McClain, is proud to announce that it will be at every game this season, entertaining with music from the stands and giving a colorful halftime show.

At the head of the band is drum major, Treva Ladd and majorettes, Clydette Cox, Cathy Robison, Barbara Koenig, Sonja Preston, Becky Kennedy, Cathy Goins and Penny Muller.

The band held elections last Wednesday. Their officers for 1967-68 are John Page, president; David Strayhorn, vice president; Linda Fisher, secretary-treasurer; and Eddie Gann, reporter.

GEORGE D. SCRUGGS, JR.

Former Resident Is Named To Mississippi Post

In keeping with the Corps of Engineers' policy of considering the protection, improvement, and enhancement of all resources in carrying out its water resource development missions, the Mississippi River Commission and Lower Mississippi Valley Division office, Vicksburg, Miss., has secured the services of George D. Scruggs, Jr., Fish and Wildlife Biologist, whose experience ranges from fishery research to management and fish culture.

No newcomer to Vicksburg, Scruggs was for a time with the Fish and Wildlife Service's Division of River Basin Studies here. Transferring to the Corps of Engineers from Atlanta, Ga., last month, he is assigned to the Environmental Resources Branch of MRC LMVD's Planning Division.

Scruggs grew up in Burk Burnett, a ter moving at an early age from Cleburne, Texas, where he was born. His parents, Mr. and Mrs. George D. Scruggs make their home in Burk Burnett. He earned his B. S. degree in Fish and Wildlife Management from Texas A&M, and went immediately into the Army as this country was then involved in World War II. He served in the South Pacific with the Field Artillery.

After the war, Scruggs worked first for the North Carolina Wildlife Resources Commission in Raleigh, and then for the South Carolina Wildlife Resources Department in Columbia. He first worked for the Federal Government in 1955, with the Fish and Wildlife Service in Decatur, Ala., and then transferred to Atlanta, Ga.

Mr. and Mrs. Scruggs, the former Alice Jane Scarbrough, also from Texas, and their three daughters, Sharon Lynn, 19, Elizabeth Ann 15, and Alice Jane, 13—make their home at 3731 Mercer St.

A member of the American Fisheries Society, Scruggs also has a layman's interest in fish, and enjoys fishing, hunting and refinishing antique furniture.

CARD OF THANKS

May we express our thanks for the prayers, visits, cards, flowers, the book that was given to the First Baptist Church Library in memory of our mother, Mrs. Avie Jane Gee, and all the other kindnesses shown us in the loss of our mother. Your thoughtfulness will always be remembered. Mr. and Mrs. C. D. Gee

GRATITUDE

The C. F. Bohnner family has received many warm considerations from friends and neighbors during a period of great emotional distress. To each of you who provided food, flowers, and other moral support, we are deeply grateful. We are particularly indebted to Father Patrick M. Scanlon.

Firemen, Wives Attend Marshalls Meet At Electra

Fifteen firemen and their wives attended the 69th Semi-Annual Meeting of the West Texas Firemen and Fire Marshalls Association held at Electra, Sunday, September 17.

The volunteer firemen again won the attendance prize with 62% of their force present.

The firemen and their wives also were lucky winners of 12 door prizes. They were: Dale Green, Bryan Key, Jerry Green, Mrs. H. L. McDonald, Odell Green, Jerry Key, Lois Thornton, Katharine Patterson, Mrs. Eyrann Key, Christy Key, Mrs. Revis Wooten and Chief Marion Thornton.

The men and Sparks (Wives) competed in the 6 man pumper hook-up; 2 man horse race and pumper hook-up; and water polo contests. Speaker for the evening was John Robert (Bob) Mowery, one-time mayor of Electra.

An election of officers was held with the following chosen to serve: President, Gene Robertson, Seymour; Revis Wooten, Vice President, Burk Burnett; Gene Brown, re-elected Secretary-Treasurer, Munday; and Charles Martin, continuing as Chaplain, Archer City. Ricky Brawner of Saint Jo was picked to be this year's mascot.

The Spring Convention will be held May, 1968, at Munday and the Fall Convention will take place in September at Saint Jo.

PERSONAL

Mrs. Jo Ann Richardson and children have returned to their home in Arlington, Tex., after spending a week here visiting her parents, Mr. and Mrs. H. E. Clayton. Mr. Richardson was a visitor in the Clayton home Saturday and Mrs. Richardson and children returned home with him. Other visitors in the Clayton home were her sister, Mrs. Mishey Sparkman, Dan Sparkman, and Mrs. Dennis Crockett and son of Fort Worth. Mrs. Richardson and Mrs. Crockett and children came on the last passenger train that came through Wichita Falls.

C. F. BOHNER DIES IN CRASH

Services for Clarence Fred Bohnner, 31, fatally injured in a 4:40 p.m. Thursday car crash on U.S. 281 Expressway 4 miles north of the Wichita Falls city limits, were held at 2 p.m. Sunday from Owens & Brumley Funeral Home chapel with Rev. Patrick Scanlan of Wichita Falls officiating.

Rosary was held at 8 p.m. Saturday from the chapel. Burial was in Burk Burnett Cemetery.

Bohner suffered severe chest injuries and died at 7:20 p.m. Thursday in a Wichita Falls hospital after the vehicle he was driving overturned.

Born Aug. 27, 1936, in Kansas City, Kan., he had been a resident of Burk Burnett 17 years. He graduated from Burk Burnett High School and had attended Midwestern University. He was an employee of Johnson & Johnson in Wichita Falls.

He married Velma Maxine Tatum, Jan. 27, 1967, in Burk Burnett. He was a member of the Catholic Church.

Survivors include his wife; a daughter, Linda Ann of the home; his parents, Mr. and Mrs. C. F. Bohnner of Burk Burnett; and one brother, Charles C. of San Diego, Calif.

Former Resident Dies In California

Funeral services for Junior Burton Simmons, 44, a Burk Burnett native who died Wednesday in Culver City, Calif., were held at 2:30 p.m. Monday in Smith Funeral Home Chapel in Anadarko, Okla.

Rev. S. E. Eldridge, pastor of the First Assembly of God in Wichita Falls officiated. Burial was in the Anadarko Cemetery under direction of Owens-Brumley Funeral Home of Wichita Falls.

Simmons was a retired U.S. Air Force staff sergeant. He was born Aug. 8, 1923.

Survivors include his wife, Virginia; five sons, David Lee with U.S. Army; and Larry, Douglas and Harold, all of Tucson, Ariz., and Keith with the Air Force; a daughter, Miss Dianne Simmons, Tucson; a brother, Earl of Lawton, Okla.; a sister, Mrs. Opal Durham, Frederick, Okla.; his mother, Mrs. Maude Reese, Wichita Falls.

Hardin HD Club Meets Recently In Jacobs Home

The Hardin Home Demonstration Club met September 12, 1967, at the home of Mrs. Lila Jacobs, 526 Rosewood.

Our President, Mrs. Jacobs, called the meeting to order. The group sang "The More We Get Together" and read a prayer in unison. The minutes were read by the secretary, Mildred Mahaffey, and approved by the group.

Reports from special committees included one from the nominating committee. Mrs. Goins read the following roster of names which were approved for the officers for the coming year:

Carol Roderick, President; Sallie Hewell, Vice-President; Johnnie Hageman, Treasurer; Julia Roderick, Secretary and Council Delegate.

Following a discussion, the motion was made for our club to return to two meetings per month, with emphasis on learning and doing some craft work at one of these meetings.

Following the business session, Joyce Gill gave a book review on "Another Hand on Mine." She gave a very interesting account of this Doctor who spent 35 years in the Congo, and how he felt that God guided his hands and his life.

The meeting was adjourned and the next meeting is to be October 11 at the home of Johnnie Hageman. Lila Jacobs served delicious refreshments of date cake and punch to the following guests and members: Joyce Gill and Vada Bolin, Carol and Julia Roderick, Mildred Mahaffey, Sallie Hewell, Johnnie Hageman, Jewell Goins, Alice Enderli and Nellie Askins.

Cub Scout Rally Set Friday Night In Town Hall

The Adult Scouting Committee of Burk Burnett is sponsoring a Cub Scout Rally at the Town Hall on Friday, September 29th at 7:30 p.m.

All boys from 8-10 years and their parents are invited to the Town Hall, located in the City Office Building, to hear a program on Cub Scouting. The Committee will present the program to acquaint boys and their parents and invite them to join.

Survey Cards were passed out in the Elementary Schools on Sept. 22 and it was learned that many more boys want to be Cub Scouts. The Adult Scouting Committee then decided to sponsor an "Open Night" when all three Cub Groups could be present. They will have equal time to introduce their members and explain their programs and boys can join then and there. The Cub Scout Packs are: 151 sponsored by St. Johns Episcopal Church; Pack 155, sponsored by the Lions Club, and Pack 156 sponsored by Wolfe Ford Agency.

This Rally is planned with the boy in mind and every effort will be made to keep the program moving and informative. So lets "Bring a Boy, Particularly Your Own" to the Town Hall Friday night.

BEST OF EVERYTHING

Headline stories have followed a depressing theme of
the failures and shortcomings of the U.S. Many good citi-
zens are failing to look for the things that are right with
this country as well as the things that are wrong with it.
For these people, the remarks of Commissioner Willard
Deason of the Interstate Commerce Commission should have
special meaning. He lists the many complaints of the
"cussers" which range from Viet Nam to inadequate high
schools and high food prices.

Mr. Deason says, "With all these tales of doom and
gloom, I was mildly surprised to learn of the thousands
of scientists, doctors and engineers from other countries
who are pouring into the United States each year. This so-
called 'brain drain' annually involves as many foreign
doctors as 30 medical schools can graduate. Five thousand
foreign engineers and scientists come to American annual-
ly. And nearly 40 per cent of the physicists who received
their Ph.D.s abroad end up in the U.S.A." He then goes on
to remind us that, "Americans are the best fed, best paid
and best educated people in the world," and concludes,
"That's what's right with America."

As Herbert Hoover said on the occasion of his 90th
birthday, "The critics say we seem to be in a very, very
bad way, and engaged in our decline and fall. Criticism
is no doubt good for the soul, but we must beware that it
does not upset our confidence in ourselves. So perhaps
the time has come for Americans to take stock and to
think something good about themselves." In brief, our
country is a good land and not the least of its virtues
is that we have the inalienable right of cussing the gov-
ernment as loud and long as we please without being pen-
alized, jailed or worse.

FACT AND OPINION

Cycle riders are not protected by a box of steel and
safety glass. The Portland, Oregon, Traffic Safety Com-
mission points out that even a slow speed collision can
mean serious injury or death when you're riding a motor-
cycle or scooter. Make doubly sure to obey all traffic sig-
nals to the letter and wear an approved safety helmet.

A new study of future gas requirements estimates
that the demand for natural gas in the United States will
be 43 per cent greater in 1975 than it was in 1966, reports
"Oil Facts," published by the American Petroleum In-
stitute. The nation's 1966 gas requirements totaled about 17.8
trillion cubic feet. According to the new survey, that figure
is expected to rise to 25.5 trillion cubic feet by 1975. Al-
though gas reserves are increasing, the demand for gas is
increasing even more rapidly. Government officials and in-
dustry leaders agree that a sharp increase in exploratory
drilling is needed in order to maintain oil and gas reserves
at desirable levels in the years ahead.

A release from the Association of American Railroads
stated: "The first sustained modern use of piggyback bag-
gan in 1929 by a midwestern railroad. Other companies es-
tablished similar services in the 1930's. But not until the
mid-1950's did the rapid growth of piggyback emerge to
become a key phase of today's rail freight operations."

According to the Arizona Farm Bureau Federation,
disposable income is called "take home pay" because after
taxes and deductions you can't afford to go anywhere else
with it.

"Capital is a material thing, but capitalism is a meth-
od of inspiring the maximum in imagination, ideas and ef-
fort from free men to fulfill a useful purpose," remarked
J. Wilson Newman, board chairman of Dunn & Bradstreet.
"If business can't provide such non-material values along
with material gains, then for what do we labor?"

"There is no security on this earth; there is only op-
portunity."
—General Douglas MacArthur

LE SUEUR, MINN., NEWS-HERALD: "The issue
of tax exemptions for all kinds of commercial prop-
erties owned by churches is fast becoming one of the most
pertinent in the nation — for the federal government is
missing billions of dollars in tax collections because of
these exemptions at a time when the nation desperately
needs money . . . Of late several church groups have
been forthright enough to admit that churches' com-
mercial enterprises should pay taxes. . . ."

**SENSING THE NEWS**By THURMAN SENSING
Southern States Industrial Council**AND NOW STRIKES!**

As though the country didn't
have enough trouble with riots
and disturbances of almost
every kind, the nation now is
confronted with a rash of hur-
tful strikes. They range from
automobile factories to public
school classrooms.

The news of a strike in the
auto capital seems doubly dis-
tressing in view of what Det-
roit has gone through this past
summer. One would think that
the leadership of the United
Automobile Workers would
have thought twice before call-
ing a strike that would fur-
ther injure the economic well-
being of Detroit. The strike
shows that one should never
count on union leadership to
demonstrate any sense of re-
sponsibility to the public.

A strike on automobile as-
sembly lines is particularly bad
at the time when new models
are supposed to be moving to
showrooms throughout the na-
tion. The union leaders may
tell the union membership that
management is feeling the
pressure, but ill effects of such
a strike are felt throughout
the nation and by all types of
working people — railroaders,
mechanics, salesmen and others.
As is the case with all big
strikes, the ultimate victim is
the general public.

A strike represents a non-re-
coverable loss for community
and nation. It is a period of
non-productivity in which
everybody suffers but the union
bosses who generally are
well insulated with comfortable
union salaries. The fat salaries
of union bosses aren't cut when
union members are told to go
on strike against their employ-
ers.

Moreover, with the U.S. eco-
nomy in an uncertain state,
this country can't afford a big
auto strike. In an auto strike,
all sorts of allied and subsid-
iary industries are effected.
suppliers of steel, glass, and
special parts can't market their
products. This means produc-
tion cutbacks in these indus-
tries, with wage losses for the
employees affected.

The rash of strikes by teach-
ers is another type of situation,
but an equally hurtful one.
More than half a million school
children already have had their
new year's schooling affected
by teacher boycotts, resigna-
tions or other extreme forms
of pay protest.

No one questions that most
teachers should be financially
upgraded though teaching like
other tasks certainly should be
judged on a merit scale. But
the cities and counties of Ame-
rica can't suddenly hike wages
by huge amounts. The demands
for tax dollars are endless, and
teacher wage increases have to
take their place with other
public needs.

As a matter of fact, the
states have been trying to raise
teacher pay. Florida, where
teacher protests have been
rampant in recent days, is one
of the states that has provided
more state aid for teachers.
Yet this has not deterred the
teacher-protestors. It should be
appreciated by the public that

some of the loudest demands
for strike action have come in
communities where the pay
scale is highest. In Detroit
again, the school board offered
\$6,500 a year as a salary for
beginning teachers — certain-
ly fair by any standard. Yet
the teachers' federation in that
city rejected the offer.

It is distressing to find teach-
ers, who are supposed to be
true educators and responsible
citizens, using the protest meth-
ods one might expect of a
waterfront dispute. What are
parents to think of teachers
— and abandon the education
needs of children — in order to
force a wage settlement on a
school board?

For years, teacher organiza-
tions have been stating that
they are truly professional or-
ganizations. These organizations
expressed profound shock and
indignation in the 1950s when,
in a time of social turmoil,
some communities said it must
be necessary to close schools
rather than have them become
political battlegrounds. Yet now
these teacher organizations

smile on teacher strikes or re-
lated forms of harsh commu-
nity pressure. The needs of
youth seem forgotten in the
frenzy of organizing wage agi-
tation efforts. The calmness
and social perspective one ex-
pects of teachers is absent
from those who threaten boy-
cott or resignation.

To be sure, thousands of tea-
chers are providing tradition-
al loyal service to community
and students. These, too, are
injured in the public eye by
the minority teacher-protes-
tors.

flict over 75 per cent of

Rural Accidents Claim Two Lives During August

The Texas Highway Patrol investigated 22 accidents on rural highways in Wichita County during the month of August, according to Sergeant D. S. Lawson, Highway Patrol Supervisor of this area.

These crashes resulted in two persons killed, 23 persons injured, and an estimated property damage of \$35,480.00.

The rural accident summary for this county during the first eight months of 1967 shows a total of 134 accidents resulting in six persons killed, 137 persons injured, and an estimated property damage of \$100,319.00.

"School Days" are here again. The familiar yellow school buses are back on the highways. The Sergeant reminds all motorists of the State Law regulating traffic in regard to school buses. "The driver of a vehicle upon a highway outside the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

Lake Arrowhead Lot Leasing Policy Explained

During the acquisition of land for Lake Arrowhead space was secured for recreation and public use. A portion of this land was set aside for leasing to those desiring to construct cabins around the Lake. The City Council felt that residents of Wichita Falls should have priority for the leasing of such lots. Subsequently, two drawings were conducted whereby citizens of the City could determine the order for lot selection. Since the completion of the selection periods, residents not previously selecting a lot have been able to do so on a first come — first serve basis. Approximately 150 water-front lots have not been selected at this time.

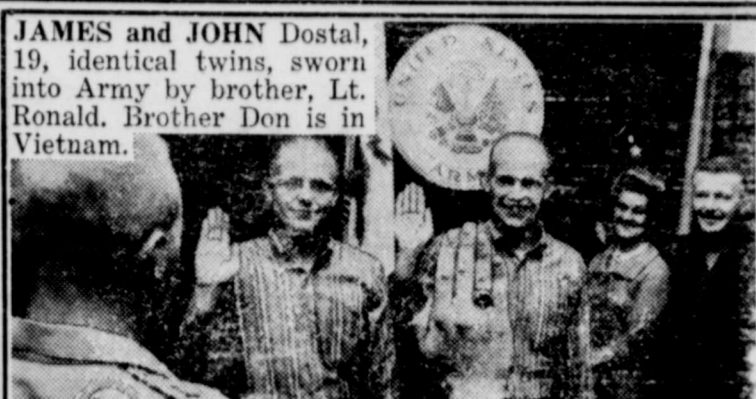

Since Lake Arrowhead serves a regional area and since all city residents have had an opportunity to choose a lake lot if they so desire, the City Council believes that a relaxation of the present policy is in order. The previously announced intent of the City to eventually annex these areas to the city for control purposes would also make every cabin owner a city property owner.

Therefore, the City Council intends to open the leasing of lots to non-residents after November 1, 1967. Any local resident should make his choice before that date if he desires a water-front lot. After that date the Parks and Recreation Department will accept applications for leasing on a first come — first choice basis, including non-residents. A slightly higher fee may be charged non-residents due to extra bookkeeping and personnel costs. Since Lake Arrowhead will serve a wide region as a recreational area and since rentals from lake lots will be used in maintenance at the lake, we believe that public change of policy is in the public interest of the citizens of Wichita Falls.

Big Pasture FFA Sweetheart To Compete For State Title

MISS DARLENE SHAW

Miss Darlene Shaw, daughter of Mr. and Mrs. Hugh Fry of Randlett, 1667 Sweetheart of the Big Pasture FFA Chapter, will compete with over 100 other chapter sweethearts for the Statewide title on September 23rd.

The event is a highlight of FFA activities at the State Fair of Oklahoma in Oklahoma City. Judges will consider candidates' appearance, personality, and talent as well as a 250-word FFA chapter explanation of why their Sweetheart should reign over Oklahoma.

Following preliminary judging, the five finalists will go into a whirl of activity with advisors from the Oklahoma Cotton Research Foundation, who will provide cotton for-

mals for each girl from Little's Fashion Theater. Mrs. Opal Little will assist the candidates in their selection of dresses and advise them on the makeup and accessories.

Final judging will be Monday afternoon, September 25, and the winner will be revealed on the evening of the 25th when the State FFA President, Johnny McElroy of Snyder, crowns her in the colorful ceremony.

Approximately twenty friends and relatives attended. Hostesses were: Mrs. Beula Dickey, of Wichita Falls; Mrs. Betty White, of Randlett; Mrs. Patricia Burk and Mrs. Marie Kemp, both of Burkburnett.

Sidewalk Show For Area Artists Set October 14

Area artists have been invited to show in the 20th Annual Sidewalk Art Show, sponsored by the Wichita Falls Art Association of the Woman's Forum on Saturday, October 14th in downtown Wichita Falls. Registration will begin at 8 a.m., and entries should be in place by 10 a.m. The show will close at 3 p.m.

Artists over 18 years of age may enter any number of framed paintings, drawings, sketches, etc., or pieces of crafts — provided they are original and have not been shown before in a Wichita Falls Sidewalk Art Show. A nominal entry fee will be charged.

Ribbons will be awarded by judges from the Art Department of Texas Woman's University, Denton, Texas: Miss Coreen Spellman and Miss Thea Lemmon. The judges will be honored at a luncheon at the Marchman Hotel at 12:30. Reservations may be made on Saturday.

Mr. Travis Huffhines is president of the Wichita Falls Art Association and Miss Charlotte Kennedy is show chairman.

Registration for the show will be at two locations: at the corner of Ninth and Scott, and at the corner of Ninth and Indiana.

Mobil Company Honors Employee

I. R. "Bob" Reagan recently completed 25 years service with the Mobil Oil Company. In the presence of fellow employees he was presented with a jeweled emblem by C. F. Willmon, Production Foreman.

Mr. Reagan was employed in 1942 as a Helper in the company's Machine Shop at Duncan, Okla. In 1947 he was advanced to Welder "A." and in 1958 he was transferred to Electra District in the same capacity.

Mr. and Mrs. Reagan reside at 105 Linden, Burkburnett.

♦ ♦ ♦ ♦ ♦

There's A Church You Ought To Know . . .

This Church pleads for the restoration of the New Testament church; practices the unity of all Christians on the basis of God's Word, has no creed but Christ; and preaches no "isms."

This Church seeks to present Christianity as intelligent as science, as appealing as art, as vital as the day's work, as intimate as home, and as inspiring as love.

Our Foundation — "Other foundations can no man lay than that which is laid, which is Jesus Christ." I Corinthians 3:11.
Our Creed — "Thou art the Christ, the Son of the living God." — Matthew 16:16.

Our Rule of Faith and Practice — "Every Scripture inspired of God is also profitable for teaching, for reproof, for correction, for instruction, which is in righteousness: that the man of God may be complete, furnished completely unto every good work." II Timothy 3:16-17.

Our Name — "The disciples were called Christians, first in Antioch." — Acts 11:26. "The churches of Christ salute you." — Romans 16:16.

Our Worship — "And they continued steadfastly in the apostles' teaching and fellowship, in the breaking of bread and in prayers." — Acts 2:42.

Our Mission — "Go ye therefore and make disciples of all the nations, baptizing them into the name of the Father and of the Son and of the Holy Spirit; teaching them to observe all things whatsoever I have commanded you." — Matthew 28:19-20.

Our Prayer — That the disciples of Christ may all be one that the world may believe God sent Him. — John 17:21.

Our Invitation — We earnestly invite the cooperation and prayers of all who endorse these principles.

By Mary Whitman

The nickel has always been one of our most popular American coins.

This is partly because of its third design, incorrectly known as the Buffalo (it was a bison) or Indian head nickel, points out Richard S. Yeoman of Whitman Publishing Company, Racine, Wis., one of the nation's top numismatic experts.

Another reason for popularity of the nickel is that it supplies so many basic enjoyments for so long — a candy bar, a soft drink, chewing gum, an ice cream cone, a hot dog, a phone call, or a seat at a silent movie.

And while many prices are higher these days, there are still numerous items that can be purchased for a nickel.

"The nickel first appeared in 1866," says Yeoman, "in an attempt to establish a popular coin with long-lasting qualities that was easy to handle."

From 1866-73, two types of five-cent coins were made: small silver pieces called "half dimes" and larger pieces made of 75 per cent copper and 25 per cent nickel. Silver five-cent pieces were discontinued after 1873. The copper-nickel alloy coin has held forth to the present with the exception of the World War II period, when the composition was changed to conserve precious nickel.

The most valuable rarity in nickels is the 1913 Liberty Head. Only five are known to be in existence, and each is valued at \$50,000.

American nickels from 1866 to the present are listed, priced and described in Whitman's "A Guide Book of United States Coins" (the Red Book), authored by Yeoman. This volume, now in its 20th edition, is regarded as the nation's most authoritative reference on current market values of U.S. coins.

America the Beautiful...

From the time that Columbus discovered America... men have thought of this country as something special. It was here that Ponce de Leon sought the Fountain of Youth, and men have long admired America's majestic mountains and beautiful valleys. However, the real beauty lies not in the land, but in the people. The people came... seeking a land where they could worship God in freedom, and under God developed a kind and loving spirit. This is what makes America beautiful.

Attend church regularly... help keep America beautiful.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

DPS Intensifies Safety Highway Laws In Texas

NOTE: This is the first of three articles on a new emphasis program and an all-out drive of the Texas Department of Public Safety to enforce the state speed laws in hopes of reducing highway carnage.)

Speed kills.

This hard fact of life on the open road is universally accepted by the officers who are charged with the duty of making Texas highways safe, just as it is ignored by many of the drivers using those highways.

Because speed kills — and because the chances of a driver becoming involved in an accident increase with speed — the Texas Department of Public Safety has started a more intensified effort to encourage motorists to stay within a legal speed limit on Texas highways.

"Statistics prove that drivers are more likely to be involved in an accident at speeds over the legal speed limit," explained Major Luther C. Moore, Commander of the Department of Public Safety's Region 5, covering thousands of miles of highways in northwest Texas.

The average motorist might ask some questions about these statistics, and Major Moore can provide some eye-opening answers.

For instance, the motorist might ask if a driver is more likely to be involved in a traffic accident at 70 miles per hour than 65? What about 75 or 80 miles an hour? And if the accident chances increase above 65 miles per hour, then just how much do they increase?

The grim history from bloody Texas highways during daylight hours shows a 20 per cent increase in accident involvement at 70 miles per hour, compared to the 65 miles per hour rate.

Major Moore points out that by increasing the speed from 65 to 75 miles per hour (just 10 miles per hour) the motorist risks a 50 per cent increase in accident involvement, and at 80 miles per hour the risk jumps to 90 per cent.

The fast driver risks even more at night, the Regional Commander explains. Accident statistics show that a driver is more likely to become involved in an accident at any speed at night, and at 55 miles per hour the accident rate is nearly two and one half times as great as driving at the same speed in the daytime.

Nighttime drivers are more than three times as likely to become involved in an accident at 65 miles per hour than at the same speed in daylight. During night hours 75 mile per hour speeds produce about five and one half times as many accidents, and at 80 miles per hour the accident frequency is multiplied eight times!

And that's not all of it. Studies show that injuries sustained in motor vehicle accidents are more severe as speed increases.

Major Moore explains that researchers at Cornell University learned the severity of automobile accident injuries is twice as great at speeds over 50 miles per hour as slower speeds.

Research also shows that while a driver trying to maintain 80 miles per hour through traffic on typical rural highways can cut about 30 per cent from the time required for the trip at legal speeds, his chances of getting killed in an automobile mishap increase by at least 400 per cent.

In hopes of encouraging drivers to stay within legal speed limits, the DPS is placing more patrolmen on the roads and more radar units beside highways to clock the persistent speeder in an effort to control speed.

(The second article in this series will tell what percentage of drivers are speeding and the type of accidents they have, and the third article will tell more about what the Department of Public Safety plans to do about speeding.)

Family FINANCIAL PROTECTION

Policyholder Questions Answered by the Institute of Life Insurance 277 Park Ave., N.Y., N.Y., 10017

Q. My wife and I have been married 10 years. All that time we have been living in an apartment. Lately we've been giving some thought to owning our own home. I've heard that there are policies that will pay up my mortgage on a home if I should die. Is this true?

A. Yes. Mortgage protection has developed into a very important use for life insurance. Today millions of homeowners have policies arranged to assure payment of any mortgage balance outstanding at death, leaving the family with their home free and clear, rather than with a heavy mortgage load they might not be able to maintain. Many types of policies are used for this, from inexpensive reducing term insurance, costing as little as one-half of one per cent of the face amount of the mortgage annually, to higher cost permanent-type policies which can not only be used to pay off the mortgage in case of death, but which accumulate cash values that may be used for early prepayment of the mortgage, if the policyholder is still living, or for any other use the policyholder wants to make of it.

Q. I am a school teacher. I'm not married and have no dependents. I have definite plans for my retirement which is still quite a few years away. After examining my pension plan and Social Security, I find that I will still be about \$150 a month short of what I think I'll need to do the things I want to do. Is there an insurance plan which can help me make up the difference?

A. Yes. Teachers are among the heaviest buyers of plans designed to produce such retirement income. There is a policy called "retirement income plan" which will pay you a life income beginning at retirement. In the event you should die before your retirement date, the face amount of the policy goes to a named beneficiary. You could also purchase a deferred annuity which would guarantee you a life income, but provide no payment to a beneficiary. As for the cost and specific recommendation consult your insurance agent.

Spaghetti Fiesta Is Scheduled By Business Women

Boombtown Chapter of the American Business Women's Association will hold a Spaghetti Fiesta at Hardin Grade School Cafeteria, Saturday, October 14th, as a means of raising money for their scholarship fund. It will last from 11 a.m. to 8 p.m.

On the menu will be Italian Spaghetti, cole slaw, garlic toast, pie and coffee or tea.

Each member of the organization will be attired in appropriate costume for the occasion.

The cafeteria will be decorated in Italian motif to add to the atmosphere of the festivities.

Tickets may be obtained from members of the Ways and Means Committee, Laura Todd, chairman; Nila Bradin, Marcella Coleman, and Doris Davis, or from other members of the ABWA.

A bake sale will also be a feature of the days program.

One of every six adults in the U.S. has been a 4-H member, claims the Cooperative Extension Service. At the present time the total 4-H Alumni in 50 states is some 26 million men and women. Their influence in community, state and nation is often noteworthy and merits special attention. One such way is through the 4-H Alumni Recognition program, now in its 15th year.

Men and women from all walks of life are nominated by friends and relatives for alumni honors including awards provided annually by the program sponsor, Olin Mathieson Chemical Corporation.

Among prominent people who have received the 4-H alumni gold key—the highest award—are educators, businessmen, statesmen, farmers, entertainers, clergymen and an astronaut.

They include Edd H. Bailey, president of Union Pacific Railroad; Mary Merryfield, a syndicated newspaper columnist; Astronaut Alan B. Shepard Jr.; Roy Rogers, movie and television star; Mrs. Dexter Otis Arnold, past president of General Federation of Women's Clubs; Robert Simpkins, prominent New Jersey farmer; J. Earl Coke, recently retired vice president, Bank of America; and Dr. George W. Beadle, former president, University of Chicago.

Current Literature Club Holds First Meeting Of Year

"The American Way of Life" will be the course of study for 1967-68 Current Literature Club, which held its initial meeting Thursday afternoon at the home of Mrs. J. C. Vanderburg, with Mrs. E. C. Mallet as co-hostess.

Mrs. Carol Blankenship, director of the Burkburnett Community Service Center, was guest speaker, Thursday, giving club members a resume of the activities at the center and its companion project, the Burkburnett Day Care Center, both of which are funded by the Office of Economic Opportunity.

Mrs. Blankenship emphasized the 24 referral services offered at the center and the care available for children of working parents at the Day Center. Both Centers have opportunities for those wishing to do volunteer work for the community.

Among the programs scheduled for the coming year, illustrating the American Way of Life are those on conservation, government expenditures and the meaning of Medicare and social security. The next meeting will be Oct. 5.
