Allied Nations Confirm Truces For Holidays

By ROBERT TUCKMAN

SAIGON, South Viet Nam (AP) — Scattered small fighting flickered across South Viet Nam today as the seven allied nations announced they would observe short truces at Christmas and New Year's and over the Vietnamese New Year in February.

While the relative lull in ground fighting carried through a fourth day, Vietnamese troops reported freeing 14 Vietnamese civilians from a Viet Cong prison camp in the Mekong Delta.

Vietnamese headquarters said the Viet Cong murdered four other civilians in the camp and that one of the liberated prisoners died of wounds after being freed.

U.S. headquarters reported a mistaken artillery shelling by a unit of the U.S. 1st Infantry Division killed three Vietnamese civilians and wounded 14 more. A spokesman said an artillery battery fired nine 105mm shells into the town of Tan Uyen, 20 miles northeast of Saigon early today. The spokesman said it was a very regrettable accident" caused by an error in computing firing data.

The same town was accidentally bombed last July 1 by three U.S. Air Force planes whose bombs killed five Vietnamese civilians and wounded 43. Tan Uyen, a town of several thousand persons, is just north of the Bien Hoa air base.

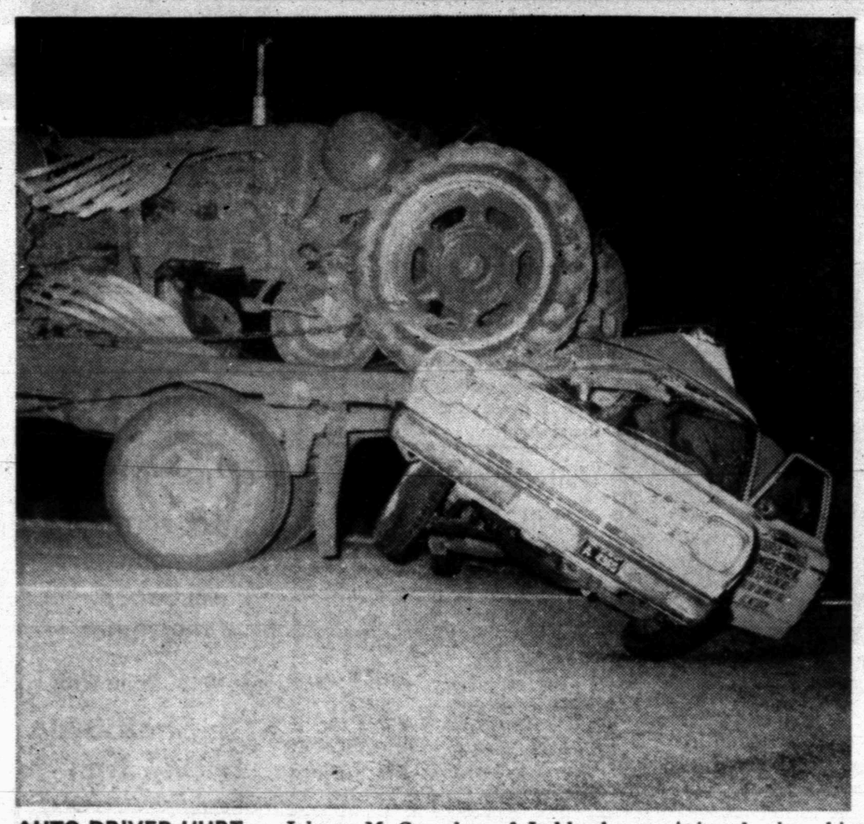

In the air war today, high-flying B52 bombers made two raids on suspected North Vietnamese troop concentrations 17 miles northwest and 24 miles southwest of the U.S. Army Special Forces camp at Plei Djereng, in the central highlands.

Monsoon rains persisted over North Viet Nam, restricting American pilots to 59 bombing missions Tuesday against targets in the Hanoi and Dien Bien Phu areas and in the southern panhandle. They reported heavy damage to a radar site 39 miles east of Dien Bien Phu and an antiaircraft radar site 76 miles northwest of Hanoi, six antiaircraft gun positions knocked out 16 miles southeast of Vinh in the panhandle and seven cargo barges damaged 25 miles southeast of Thanh Hoa.

Enemy groundifre knocked down a small American observation plane 91 miles northeast of Saigon Tuesday and two U.S. servicemen aboard were killed, U.S. headquarters reported.

The three truce periods announced by Premier Nguyen Cao Ky's government — two days each at Christmas and New Year's and four days during the lunar New Year — include cessation of U.S. air strikes and offshore naval bombardment against North Viet Nam.

Ky's announcement, confirmed by a presidential assistant at the Texas White House, followed a Viet Cong announement Saturday of 48-hour ceasefires during Christmas and New Year's.

AUTO DRIVER HURT — Johnny M. Crumley of Lubbock was injured when his car crashed into a truck 6.6 miles west of Snyder on U. S. 180 at about 2:15 a.m. today. He was in Cogdell Memorial Hospital for treatment.

Auto-Truck Crash Injures Lubbock Man

Johnny M. Crumley, 48, Lubbock, was injured in a two-vehicle crash 6.6 miles west of town about 2:15 a.m. today at "Randals Corner" on U.S. 180 near its intersection with FM 1606.

Highway Patrolmen said Crumley's car crashed into the rear of a big 1961 Model Chevrolet truck that apparently was stopped on the highway. Crumley was driving a 1966 Model Nash owned by the Lubbock - Amarillo Armored Service. Damage to the vehicle was total.

Crumley was taken to Cogdell Memorial Hospital by Snyder Ambulance Service. Authorities this morning said the extent of his injuries had not been determined, but that his condition is good. Additional X-rays were to be taken. He has a possible back injury and bruises.

Driver of the truck was identified as Henry Byron Holloway, Anson. He was hauling farm tractors. There was negligible damage to the truck. Both vehicles were pointed towards Snyder before and after the impact.

Investigating officers said a truck driver for an oil company swerved his vehicle into the ditch to miss the other truck minutes before the accident occurred. The driver of the oil company truck then tried to warn the next approaching motorist, Crumley, by flashing his lights, said the officers.

Frigid Air Heads South

LUDINGTON, Mich. (AP) — Destructive arctic winds howled southward today as Michigan and other Great Lakes states dug out from the season's first major snowstorm.

The Weather Bureau warned a six-state area from Montana to northern Nebraska of a cold wave today as frigid air spread over the north central states.

Eight German seamen were rescued Tuesday night from a stricken ship in storm-whipped Lake Huron off the eastern Michigan coast. Moments after a Coast Guard helicopter plucked the crewmen from the Nordmeer, a steel-laden vessel aground since Nov. 19, the ship broke apart.

Five hundred feet off the western Michigan coast, at Ludington, 81 persons rode out the storm for the second night aboard the stranded car ferry City of Midland 41. Driven aground early Monday, the car ferry awaited arrival of a tugboat that left Sturgeon Bay, Wis., today and headed across Lake Michigan to pull the vessel off a sandbar.

A rescue force battled through five-foot snow drifts Tuesday and evacuated 24 elderly patients from an infirmary in Maple City, not far from Ludington. The patients, some as old as 94, shivered under blankets for nearly 14 hours after a storm-caused power failure cut off their heat, lights and water.

Residents dug out from as much as 16 inches of snow in upper Michigan and northwestern lower Michigan. Highway crews attacked drifts as high as seven feet. Power company workmen repaired lines through the night, restoring electricity to areas in which more than 10,000 persons lost power for varying periods of time.

In Cleveland, Ohio, at the edge of Lake Erie, 10 persons died Tuesday from apparent heart attacks while shoveling snow.

The temperature fell below zero in Montana and along the nation's northwest border.

At Salt Lake City, Utah, thick fog forced airlines to reroute planes.

The dramatic rescue of the Nordmeer's crewmen off Alpena, Mich., took only 28 minutes. For 12 hours before that, the ship's captain, Ernst-George Steinbeck, and seven of his crewmen bore the brunt of winds that gusted to 60 knots — full gale force — as they sent out SOS signals.

At Ludington, the car ferry was reported out of danger during the storm, although the winds prevented vessels from taking off the passengers.

Texas To Escape Brunt Of Cold

BY THE ASSOCIATED PRESS

The Weather Bureau reported today that Texas will escape the brunt of an arctic cold outbreak although cooler air will move into the state.

Arctic air earlier was predicted for most of the state by night.

About dawn, however, the Weather Bureau said:

"It appears that Texas will escape the brunt of the current arctic outbreak along the Great Plains. But it will feel it to some extent as the colder air continues southward over the state today, reaching the gulf by Thursday morning."

The forecast said that temperatures will fall to the 20s along the High Plains tonight and into the 30s over the remainder of West and North Texas. Skies will be cloudy to partly cloudy.

Service Here Thursday For Fire Victim

Funeral services for former Snyder resident, Otis Neal Landes, 35, who was killed in an oil well fire near Aztec, N.M. Monday, will be held at 11 a.m. Thursday in Calvary Baptist Church here, with Rev. George Schoff officiating.

Mr. Landes, a resident of Snyder until nine years ago when he moved to Farmington, was a member of an eight-man crew working to plug El Paso Natural Gas Co's Mudge 4X well about six miles north of Aztec Monday when fumes from the well reportedly ignited from motors running nearby. A San Juan County undersheriff said 12 men were burned in addition to the four fatally burned.

Born June 17, 1931, in Erath County, Mr. Landes was a member of the Baptist Church and was married to Halley Cowen, formerly of Snyder.

Survivors include the widow; his parents, Mr. and Mrs. Jesse Landes of Dublin; three sons, Michael, Jerry and Steven, all of the home; three sisters, Mrs. Iva Lee Krop of Union, Mrs. Inez Whitehead of Bellmead and Mrs. Patricia Outlaw of Lingleville; and three brothers, Loys of Rotan, Cecil of Modesto, Calif., and Coy of Fort Worth.

Burial will be in Snyder Cemetery under direction of Bell-Seale Funeral Home.

Worker Injured In Fall At Coliseum

Leon Bridwell, about 60, 602 Thirty-third Street, was injured in a fall at the construction site of the Scurry County Coliseum in the east part of town about 11 o'clock this morning.

A co-worker, Dean Henninger of Abilene, said Bridwell "fell about 10 feet from a form" inside the Coliseum. He was taken to Cogdell Memorial Hospital by Snyder Ambulance Service. His injuries were not immediately determined, but they were not believed to be serious.

DISCUSSING YOUTH — Sonny Davis, seated, director of the Texas Youth Conference, found that his work was an interesting topic for the three Snyderites standing, who are from left, Dr. Robert Clinton, Superintendent of Schools; Wayland G. Holt, District Attorney, and George Killam, County Attorney. Davis spoke at a special high school assembly Tuesday afternoon and then was guest speaker at a joint meeting of Snyder Classroom Teachers and members of the Texas State Teachers Association last night.

Carmichael Makes Bond

SELMA, Ala. (AP) — Stokely Carmichael, head of the Student Nonviolent Coordinating Committee, and a committee field secretary, William S. House, are free on $300 appeal bonds today after conviction on charges of inciting to riot

The two were fined $100 each plus costs Tuesday by Judge Edgar Russell in City Recorders Court. Russell also sentenced Carmichael to 60 days of hard labor and House to 30 days. Both cases were appealed.

The trial had been continued by the judge from the Nov. 22 original trial date. Carmichael failed to appear in court and House asked that his case be continued until he could secure a lawyer. Thomas Taylor, another member of the trio when they were arrested Nov. 5, was tried Nov. 22 and fined $60 for blocking traffic and resisting arrest.

Davis Emphasizes Character, Faith

Character and faith should be taught along with academics to fulfill a great need of young people today, Robert T. (Sonny) Davis, declared here Tuesday night.

Davis, director of the Texas Youth Conference, came here from Austin to address a joint meeting of the Snyder Classroom Teachers Association and the Scurry County Unit of the Texas State Teachers Association last night in the Lamar Junior High Auditorium. He also spoke to high school students at a special assembly Tuesday afternoon.

Davis said 80 out of 100 high school graduates will never go to college. Therefore, vocational education is becoming more important than ever.

Moreover, he said it is becoming more important that Texas high school students become bi-lingual. Earlier at the high school assembly he told SHS students that by the time they graduate from college at least 30 per cent of the jobs open to them will require that they speak Spanish as well as English.

Davis also emphasized that a well-rounded, aggressive physical eduation program plays an important role in making students academically alert.

He recommended stricter liquor laws to curtail drinking among teen-agers. He noted that 75 per cent of the boys in the State School at Gatesville were committed because of alcohol problems.

Problems of youth are the concern of the Texas Youth Conference, which Davis directs. He said the two-fold purpose of his appearance was to acquaint people with the Texas Youth Conference program and to discuss the problems of the quarter - million young people in Texas.

The conference provides youth leadership and training, which is accomplished through leadership institutes.

Pat Falls, assistant superintendent of Snyder, introduced Davis at the CTA-TSTA meeting, which was attended by over 200 persons. Special entertainment featured a combined elementary school choir, under direction of Mary Beth Vestal and accompanied by Patsy Elliott. Margie McNair, CTA president, presided for the program, and June McGlaun, TSTA president, presided for a brief business meeting following the program.

Goodfellow Donations

Support of the annual Goodfellows Drive is beginning to mount. Contributions yesterday boosted the total received at the two banks to $182.85.

Help make Christmas brighter for some needy child by turning in your cash contribution today.

School Audit Is Approved

Snyder School Trustees gathered for a breakfast session at 6:45 a.m. today and approved the annual audit of school fiscal accounts.

Sitting in on the session and formally presenting the audit were Russell Yorgesen and Charles Blakey of Deffebach, Yorgesen and Blakey, Accountants.

The audit, which is required by law, was approved following brief comments.

Believe Articles From Theft Found

Sheriff's Authorities have recovered some articles believed to have been stolen in a burglary of the North Elementary School last weekend.

A charge of burglary has been filed against Jack Vicars, former Snyder resident, in connection with the case. A warrant was issued for the arrest of Vicars, 18. He and another unidentified suspect have been living in Hobbs, N.M., according to Sheriff's Authorities.

Socialists Ask Hussein Ouster

DAMASCUS, Syria (AP) — Syria's ruling Baath Socialist party called Tuesday night for the overthrow of Jordan's King Hussein.

Elsewhere in the tense Middle East Israel shot down two Egyptian jet planes and a new exchange of gunfire broke out across the Jordan-Israeli frontier.

The incidents occurred on the 19th anniversary of the United Nations decision to partition Palestine, then under British mandate, to establish the state of Israel.

Syria's rulers, long at odds with the Hashemite monarchy of Jordan, called on "rebellious forces in Jordan" to overthrow the 31-year-old king and "reate the necessary climate for the return to Palestine."

The Baathist International Command, highest authority in the party, in a statement later called for establishment of a "national progressive front" in Jordan to overthrow Hussein and wage a Palestine liberation battle.

The command accused Hussein of "the biggest oppressive operation of terror in Jordan's history" in his quelling of demonstrations following Israel's Nov. 13 attack on the Jordanian village of Samua. The demonstrators demanded arms to battle Israel.

In Amman, the Jordanian capital, Hussein declared that the Middle East is on the brink of an explosion more dangerous to world peace than the Suez crisis of 1956. He accused the Russians of fomenting tension to gain control of the oil-rich area.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 62 degrees low, 30 degrees; reading at 7 a.m. today, 41 degrees.

North Central Texas, Northeast Texas: Clear to partly cloudy tonight and Thursday. Turning much colder north during the afternoon and over the area tonight and Thursday. Low tonight 22 to 30. High Thursday 40 to 50.

Northwest Texas: Clear to partly cloudy and much colder tonight. Thursday clearing and continued cold. Low tonight 16 to 26. High Thursday 35 to 45.

South Central Texas: Clear to partly cloudy through Thursday. Turning windy and cooler tonight. Cooler Thursday. Low tonight 35 to 45 north, 45 to 52 south. High Thursday in the 60s.

Southeast Texas: Partly cloudy through Thursday. Turning windy and colder tonight. Colder Thursday. Low tonight 38 to 50. High Thusday 55 to 65.

Southwest Texas: Fair through Thursday. Colder tonight and Thursday. Low tonight 32 to 45. High Thursday 52 to 65.

West of the Pecos: Fair through Thursday. Colder most sections tonight and Thursday. Low tonight 32 to 40. High Thursday 50 to 62.

UN Rejection Big Blow To Two-China Advocates

By TOM HOGE

UNITED NATIONS, N.Y. (AP) — The U.N. General Assembly's rejection of both the bid to seat Peking and the proposal to seek a compromise solution of the issue of China's representation has dealt a severe blow to advocates of a two-China policy.

The 62-34 defeat Tuesday of the Italian plan to turn the China problem over to a U.N. study group virtually doomed chances of any two-China formula now, since that was viewed as the goal of the proposed study.

The decision of the United States to support the Italian plan had been viewed as a major shift by Washington toward the two- China idea. But the poor showing Peking made in this year's vote and the lack of support for the Italian proposal was expected to prompt a U.S. reappraisal of a solution it did not relish.

The results of the balloting came as a general surprise. Peking had been given virtually no chance of winning a seat under the two-thirds majority rule, but few expected it to emerge 11 votes behind the Nationalists.

Supporters of Red China blamed the defeat on Peking's own attitude, pressure from the United States and the "quality" of new African governments.

"The United States put on great pressure at every capital, including my own," said Ambassador S.O. Adebo of Nigeria, who favored Peking. "With new countries and poor countries economic pressure is a great weapon and the United States has used it effectively."

Ambassador Marof Achkar of Guinea, a cosponsor with Albania of the resolution to seat Peking, said the results reflected "the quality of the governments" that have come to power in Africa as a result of coups d'etat. Some new nations in the United Nations voted against Peking "because they wanted to please the United States," he said.

Uncertainty over the significance of the purge going on inside China and the worsening dispute between Moscow and Peking were also believed to have had an effect.

The United States and other opponents of the Chinese Reds expressed belief the emphasis the Albanian resolution placed on its demand to expel the Nationalists helped defeat it.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: In reference to the letter about the boy who tore off part of his lip when he ripped off the adhesive tape a teacher had placed over his mouth: As a school teacher I object to your telling the boy's mother to, "Go to school and give the teacher some of YOUR lip."

IF a parent ever gave me me any of her lip I'd give her a slap across the mouth. If parents don't like the way we discipline their children, why don't they discipline them at home!

FELLOW TEACHER

DEAR TEACHER: Good question. However, a teacher has the right to toss a student out of her class—only figuratively, that is. A teacher who needs anything other than language to discipline a child, be it a ruler, a dunce cap, or adhesive tape, is in the wrong profession.

* * *

DEAR ABBY: How important do you think clothes are? I am a 33-year-old woman who has been told many times that if I want to get a man I should pay more attention to the way I dress. I am average looking. Not too fat or too thin, but I've never been clothes-crazy.

I've always dressed neatly and inconspicuously but I never did have much style. I think if a man is going to get interested in a woman, what she wears won't make that much difference. I'd appreciate your opinion.

PLAIN JANE

DEAR JANE: In this day of competition, "packaging" is important. To quote my friend, Edith Head, winner of seven academy awards for costume designing, and still reigning queen of the fashion world: "All women look alike in the bathtub. The only chance a woman gets to show her indivduality is when she puts her clothes on." I vote with Edith.

* * *

DEAR ABBY: My husband is 19 and I am 18, and we have been married for 10 unhappy months. The 5 months we went together he said he loved me, and he acted like it. Now I'm not sure. He told me the other night that he's been thinking a lot about his first love. He went with her for 2 years, then she married someone she'd known only a few weeks.

I asked him if he would go back to her if he could, and he said, "Yes, but I wouldn't want to break up her marriage." Then he hurt me awful bad when he said he didn't think he could ever love anybody else like he loved her.

Abby, I told him I loved him more than anything in the whole world and I would try my best to make him happy. He said, "That's the trouble, you love me too much."

I didn't know a person could love anybody too much, Abby. Can they! Please help me. It's so hard to give your love to a man when he has another woman on his mind.

UNLOVED

DEAR UNLOVED: Your husband is right. You do love him too much. One loves "too much" only when that love is unreciprocated. Quit begging. Ask your husband if he wants to try to make a go of your marriage. IF he does, he will see a clergyman, or a professional counselor with you. Otherwise, face it. You'll be tied to a little boy who will be blubbering about his "first love" till the day he dies.

* * *

Troubled? Write to Abby, Box 69700, Los Angeles, Cal. 90069. For a personal reply, inclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send $1.00 to Abby, Box 69700, Los Angeles, Cal. 90069.

Veterans Meeting Is Slated At Loraine

LORAINE — All veterans from the surrounding area are invited to attend a meeting of the Mitchell County Barracks, Veterans of World War I, scheduled for 10 a.m. Monday, Dec. 5. It will be held at the Loraine Lions Club room.

An educational meeting is planned and the speaker will be Sid A. Lowery of Lubbock, WWI Department Claims Officer. He also will answer questions about legislation affecting veterans.

Free lunch will be served to all members of the Mitchell County Barracks and Auxiliary members who have paid their 1967 dues before noon. Registration fee to others will be $1 each.

Crash Fatal To Student, Instructor

MINERAL WELLS, Tex. (AP) —An Army student pilot and a civilian instructor were killed Tuesday when a Ft. Wolters helicopter crashed three miles southeast of Mineral Wells.

A Ft. Wolters spokesman identified the Army man as Warrant Officer Candidate Thomas B. Cawthray, 19, the son of Mr. and Mrs. William N. Cawthray of Fullerton, Pa.

Nebraska Governor Visits With Connally

AUSTIN (AP) — Nebraska's Democratic Gov. Frank B. Morrison conferred with Gov John Connally in Connally's office today.

The purpose of the visit was not revealed.

Morrison's son, John, lives in Beaumont, and the Nebraska chief executive ocasionally visits there.

BIRTHS

Mr. and Mrs. C. C. Bane, 2409 Fortieth Street are parents of a son weighing 8 lb.s. 10 oz., born at 5:08 p.m. Nov. 27.

Invitation To Kennedy Reconsidered

DALLAS, Tex. (AP) — A "lukewarm" response by local Democrats caused the National Council of Churches to reconsider a planned invitation to Sen. Robert F. Kennedy, D-N. Y., to speak in Dallas says the Dallas Times Herald.

The paper said Tuesday that an invitation to Kennedy apparently never was formally extended.

The February meeting, sponsored by the National Council, is to be a Division of Christian Education convention.

"Sen. Kennedy was one of several people we were considering," said an official in the associate general secretary's Office for Christian Education.

President John F. Kennedy, assassinated here Nov. 22, 1963, was the last member of the Kennedy family to visit Dallas.

The newspaper said Joe Rich, Dallas County Democratic Party Chairman, said he was contacted to see how local party leaders felt about a visit by the senator.

"I thought to bring the Kennedy name to Dallas at this time would be a major undertaking," said Rich. "I told them (the National Council) I would want to consider it at great length before agreeing to such a visit."

Rich said the Dallas County Democratic Party would have been expected to sponsor some function for Kennedy.

Memphis Police Nab Tiny Thieves

MEMPHIS, Tenn. (AP) — Police report the arrest of two young auto thieves so tiny one squatted on the floor to work the gas and brake while the other, perched atop a wash pan on the driver's seat, did the steering.

Inspector H.R. Ray said Tuesday the youngsters, 9 and 13, admitted using this technique to take 10 stolen automobiles on joyrides.

"We didn't believe they could do it," Ray said, "until they demonstrated their system."

The system came to grief however when one of the boys pushed the gas pedal instead of the brake. The car rammed a tree and police collared them.

Fluvanna YF Sets Meeting Dec. 8

FLUVANNA — The Fluvanna Young Farmers Chapter will delay its December meeting for one week in order to present an attractive program, it was announced this morning.

The regular meeting date was Thursday, Dec 1, but instead the meeting will be held one week later on Dec. 8.

Prize Winning Photographer Dies

GAINESVILLE, Fla. (AP) Frank E. (Pappy) Noel, 61, Pulitzer Prize - winning Associated Press photographer, died Tuesday following brain surgery. Noel joined The AP in 1937. His retirement last May climaxed a colorful career which took him across four continents, into the front lines of three wars, and three years in a Chinese Communist prison.

Executive Dies

ROCHESTER, N.Y. (AP) — Carl E. Schneider, 63, vice president of Burroughs Corp. and general manager of its Todd Co. Division in Rochester, died Tuesday after a long illness.

Sentenced For Abduction, Beating

DALLAS (AP)—A 48-year-old barber was assessed the maximum sentence of 25 years imprisonment Tuesday in connection with the abduction of two children, one of whom was beaten with a hatchet.

A Dallas jury found Walter Crowder Young guilty of the charge of kidnaping Wanda Joyce Weaver, 11, last May 24 near Dallas.

She and her brother, Douglas Glenn Weaver, 8, were abducted as they walked to a grocery store.

The boy was left at a vacant farmhouse. Officers said the left side of the boy's skull was smashed and he remained in critical condition for several months.

Super City Of Future May Rely On Aerospace Industry

By HOWARD BENEDICT
A.P. Aerospace Writer

BOSTON (AP) — Two space scientists said today that the aerospace industry should be enlisted to solve "the burgeoning problems of our sickening cities" and presented their own idea of the "super city" of the future.

In their ideal city, all residents would live in 100-story apartment buildings built in a circle around a vast recreational complex. There would be no automobile travel except for leaving the city, and each building would be filled with luxuries such as health and beauty resorts.

The concept was outlined in a paper presented today at the annual conference of the American Institute of Aeronautics and Astronautics.

The authors, Vernal M. Tyler and Carl F. Asiala Jr. of the McDonnell Aircraft Corp., St. Louis, Mo., reported their future city idea "has met with a most gratifying acceptance. And, of course, there have been detractors. All are unanimous in the feeling that something will have to be done."

They said studies show the U.S. population will increase by 30 million persons in 10 years and that 320 million will be living in urban areas 50 years from now. Traffic, they said, will be unbearable.

Why should the aerospace industry be called upon to solve the problems?

"Aerospace," their paper said, "has the largest private reservoir of scientific talent in the world. Its engineers have come up with workable solutions for almost every problem presented — no matter how difficult it might have been."

Instead of further crowding existing cities, Tyler and Asiala suggested that new ones be built from scratch. Their ideal city, called a "modular, circumferential city," might not be the perfect solution but could be a base from which to work, they said.

It would consist of 24 high-rise apartments in a double circle around the rim of the wheel-shaped city. It would house 250,000 persons, with parking on the lower floors, low-cost housing just above and the most expensive housing at the top of the 100-story structures.

Commercial areas, schools, theaters and government offices would be located throughout the complex. Transportation in the city would be by automated monorail, subway and moving sidewalk.

The one-mile diameter center of the city would have bicycle paths, golf courses, parks, streams and lakes — and no automobiles.

Continuous balconies would be on each floor, "analogous to a city's sidewalks, where people can intermingle and learn each other's names." Whole floors would be devoted to recreation and other facilities like sauna baths.

HOSPITAL NOTES

Chaplain: Rev. Charles Bowyer

ADMISSIONS: Ola Gardner, Rt. 1; Kenneth Pierce, 1404 Nineteenth; Raymond Tidwell, Rt. 2; Buford Thornton, 2208 Huffman; Odell Sandeford, Rt. 1; William Engler, 2334 Sunset; Ninfa Rosas, Arah Rt.; Ella Richter, Ira; Ted Rountree, Rt. 3.

DISMISSALS: Johnny Huddleston, Ida Barnes, Thomas Tanner.

Mrs. Wyatt Dies

Funeral services are set for 2 p.m. Thursday in San Angelo, for Mrs. Wyatt, mother of Elton Wyatt, former pastor of Trinity Methodist Church of Snyder.

Robert Massey Funeral Home of San Angelo is in charge of arrangements.

Twining Is Happy Over New Date

Nathan Twining who was originally scheduled to appear here as the first artist in the 1966-67 Scurry Concert Association series, has written a letter expressing appreciation for an opportunity to come here later. His October date here was canceled after he was injured in an accident.

A new date of Jan. 16 has been set for his concert.

In a letter to Dr. Robert Clinton, SCA president, Twining said: "I want to thank you folks down there for giving me a chance to come play in January. My hand is in really good shape now. Last night on a few hours notice I substituted for ailing Peter Nero and it really went well. I was really elated because there were 3,000 people there who came to hear jazz and I guess they liked my hand too."

Cubs Receive Card From White House

Cub Scouts of Den I, Pack 77, have received a card from the White House in appreciation for a get well card mailed to President Johnson following his recent surgery.

The card reads as follows: "The President appreciates your remembrance of him. Mrs. Johnson joins in grateful thanks for your thoughtfulness at this time."

This Cub Scout Den was organized two months ago and is under the leadership of Cubmaster Bert Stahl. Denmothers are Mrs. Jess Holdridge and Mrs. Bert Stahl. Members of the den are Ricky Bowen, Benjie Denson, Raymond Holdridge, Mike Kruger, Tracy Lynch and Ricky Stahl.

Alice Masaryk Dies

CHICAGO (AP) — Alice Masaryk, 87, daughter of the founder and first president of Czechoslovakia, died Tuesday in the Bohemian Home for the Aged where she had lived for a year.

No Nagging Backache Means a Good Night's Sleep

Now! You can often get the fast relief you need from nagging backache, headache and muscular aches and pains that may cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain you want relief — want it fast! Doan's Pills by their speedy pain-relieving action work promptly to ease torment of nagging backache, headache and muscular aches and pains.

Also, when mild bladder irritation follows unwise eating or drinking—often setting up a restless, uncomfortable feeling—Doan's Pills work in two ways for comforting relief: 1) their soothing effect on bladder irritation; 2) Doan's mild diuretic action through the kidneys tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience ask for Doan's large size. Get Doan's Pills today!

Lee Speaks To Legion

James S. Lee, District 17 Commander, of Sweetwater was guest at a Monday night meeting of the American Legion local chapter. Lee made an informal talk and the Legion auxiliary served refreshments.

The next Legion meeting, slated for the second Monday night in December, will be for the election of a second vice commander. The present vice commander will become commander to replace the late Jess Rogers.

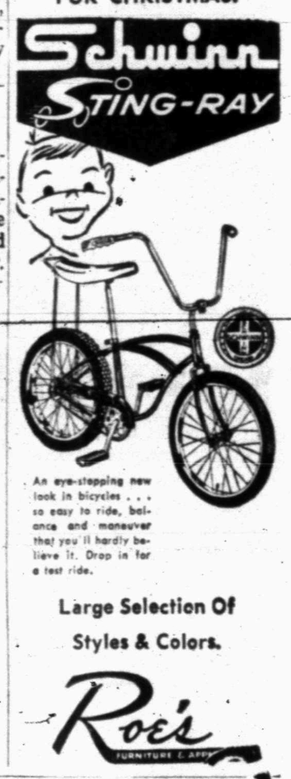

Tools Are Stolen

City Police are investigating the theft of a box of tools valued at $75 owned by Bob McKinley, 3107 Thirty-ninth Street.

The theft was reported Tuesday, and it occurred sometime within the past couple of days.

200 ANGUS BULLS

Selling at auction

Sonora, Texas

TUESDAY, DEC. 6

At Sonora Livestock Exchange

FREE BARBECUE AT 11 A.M. SALE STARTS 12 NOON

Ray Sims, Auctioneer

A TRULY range-raised offering of registered Angus bulls - - featuring individual quality and superb breeding.

All Bulls Fertility Tested • Many Of Them Gain Tested
Hard, Acclimated, Ready For Immediate Service
Free Delivery Anywhere In The U. S.

TRADE IN YOUR OLD BULLS!
If you wish to sell any of your sound, fertile bulls, not over 6 years old, you may enter them in this sale and apply the sale price to the purchase of one or more of our sale bulls. Call us for details!

IF YOU'RE FLYING IN . . . You may land at Mathis Field, San Angelo, and contact E. Y. Murphy of Southwest Aircraft Sales, Phone 653-3688, for plane or auto transportation to Sonora. Or you may wish to land at Sonora, which has a 3725 ft. paved airstrip.

These bulls are the top end of our own raising plus the top end of the bulls we bought as calves when we purchased the entire Jennings Bros. herd of bulls at Miller, South Dakota in 1965.

Here's an opportunity to acquire bulls of fabulously expensive breeding, yet in practical range condition, at practical cost.

These bulls, mostly 2 and 3 years old, have been running in 3-section pastures in West Texas for the past year. About half of them were put on grain July 1. The rest are still in the pasture, on cake and grass.

Also about 50 yearling bulls suitable to breed heifers. ALL BULLS SOLD WITH OUR USUAL UNCONDITIONAL GUARANTEE. Most of the bulls can be seen now at our home farm 6 miles south of San Angelo. The balance are on ranches. All can be seen at Sonora Livestock Exchange after December 1.

SALE HEADQUARTERS: Ramada Inn, San Angelo, or Western and Twin Oaks Motels, Sonora

To preserve bittersweet branches for longer enjoyment of your dried autumn arrangements, spray the branches with lacquer — or paint them with shellac — to retain the form and color of the beautiful berries.

The Complete Bible on record. Old Testament or New Testament. Bible Book Store, 1403 Lubbock Highway.

ANNUAL TURKEY SUPPER SET FRIDAY — The Snyder School Food Service Association will have their annual turkey supper Friday evening in the cafeteria of the high school. Serving will start at 5 p.m. and close at 8 p.m. Turkey and dressing with all the trimmings will be offered to the public, along with a bake sale which Snyderites have requested. Pictured from left, Bennie Caldwell, Maxie McNew, Inez Wells and Margaret Cole, members of the organization.

STATE SAFETY WINNERS — The PyLo 4-H Club of Scurry County has been awarded a certificate of recognition in the State Safety Program. Pictured above are members of the club. Back row from left, Cynthia Melton, Rita Melton, Jeannie Melton, Dolores Schwartz, Shirley Stirl and Mrs. Walter Stirl, leader. Front row, Carolyn Melton, Amy Bollinger, Judy Bollinger, and Wilma Stirl. Kathryn Helm was not present when the picture was taken.

Pylo 4-H Club State Winner

Scurry County's Pylo 4-H Club has been selected as state winner in the National 4-H Safety Award Program. Pylo's 11 members planned a program of work in safety that included a tour of Civil Defense headquarters in Snyder, a program on highway safety given by a hgihway patrolman, and individual study. Each member chose a phase of safety, made a study of her phase and gave an oral report to the club.

Club members participated in the Safety Team Demonstration Contest. Judy Colinger and Wilma Stirl were county winners in the intermediate division, and participated in the district contests in Lubbock in the spring. Judy's 4-H record was entered in the safety division of the district records contest last August and received a red ribbon.

The Safety Award Program, sponsored by General Motors, has as its objectives, to help 4-H boys and girls learn that accidents and injuries can be reduced, to stimulate the entire family to become safety conscious to help 4-H members become better citizens through participation in a cooperative program that helps others, and to provide a way for youth to have an important part in the whole safety movement of the nation.

Mrs. Walter Stirl, adult leader of the Pylo 4-H Club feels that the club's safety program has been successful. She was quite surprised when the club received the certificate of recognition as state winner, as well as the county.

More and more decorators are using green plants as important decorative elements in furnishing a room. Plants can punctuate a focal point or camouflage an architectural defect. Your florist can help you select plants in proper scale to ehroo man dhe lrtcaoioitnwith room and their location within the room.

SUNDAY

Duplicate bridge at Snyder Country Club, 1:30 p.m. Open.

Hollywood To Plant Christmas Tree Lane

HOLLYWOOD (AP) — This city soon will have its own Christmas tree lanes. But like many other things in the film capital, the trees won't be what they seem.

The City Council voted Tuesday to institute a $90,000 tree-planting program.

The trees will have supporting pipes which will be used to string colored lights during the Christmas season.

However, the 225 Christmas trees won't be traditional firs.

Planned instead is a form of Indian rubber tree called Flora Ficus Nitmoda.

Reopening Of GOP Rift Dampens Their Big Chance

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — After the Republican gains in this month's elections — in Congress and in the states — the party naturally perked up and began dreaming of the possibility of winning the presidency in 1968.

With the Democrats in a bit of disarray, with President Johnson losing popularity, and with the chance the war in Viet Nam might last two years more, Republicans began thinking big about that next election.

It could be their best chance in years. But even the sunniest among them knew that any real chance depended on melting the antagonism between the right wing and the moderate and liberal Republicans.

The opposite has just happened.

The presidential try of the right wing's hero, Sen. Barry Goldwater, was a disaster in 1964. Now Michigan's Gov. George Romney, elected to a third term this month, was the Republican front- runner in the polls.

But Romney had refused to support Goldwater in 1964 and this left a wound in the party. Without full Republican support in 1968 his prospects would look dim, even if he got the presidential nomination.

How could it be healed? By some salve, perhaps, plus a lot of political maneuvering, political conviction, and perhaps large doses of political expediency.

But with the Republican nominating convention still more than a year and a half away, the Republicans seemed to have plenty of time to doctor themselves.

Then a little more than two weeks ago Goldwater said that, while he wasn't closing the door on Romney, the Michigan governor had a lot of "homework" to do with party leaders to atone for not endorsing Goldwater in 1964.

But on the same day Romney said, "I am not interested in going back and taking a look at the past." Then this week the past caught up with both men, but hardly in a way to take the pain out of that wound of two years ago.

The New York Times published a letter Romney sent Goldwater six weeks after the 1964 election, although no one so far among the Republicans has admitted being the one who gave the Times the letter.

Goldwater accused someone of leaking it, saying "that does not serve the best interests of our party." The Romney forces denied they did it, the Goldwater forces denied they did.

Romney's letter was in response to one from Goldwater plainly expressing the latter's irritation, if not anger, over Romney's failure to endorse him.

"Where were you, George," Goldwater asked, "when the chips were down and the going was hard?"

Romney's letter was a 12-page explanation of his position and, in the process, was a complaint and a criticism of Goldwater and of extremism.

When Goldwater found out about publication of the Romney letter, he was irritated all over again. And no wonder. It implied Goldwater didn't know what was going on around him in 1964.

But perhaps the most devastating Romney criticism of Goldwater, who had often been accused of "shooting from the hip," was the complaint that Goldwater didn't read the Republican party platform in 1964.

"You were apparently leaving many vital things up to others," Romney said.

Apparently Goldwater never had been intensely interested in the platform, although that was in effect the Republican party's basis for the campaign and its bag of promises if it won.

Before the party ever tried to put the platform together Goldwater had said he didn't want the usual one — with specific promises. He said he wanted statements of principles

Detailed platforms, he said, "are not honest with the American people."

Review Of Christmas Double Talk

By HAL BOYLE

NEW YORK (AP) — Now that Santa Claus is on the horizon, it is time for a quick brush-up on our Christmas double talk.

There is no other season of the year that puts so great a strain on our vocabulary of appreciation and good will.

Double talk, you will remember, is the art of camouflaging a real meaning or a true feeling.

Here are a few tested samples of yuletide double talk that should get you by handily

"Of course, it's the spirit of the thing that counts." But I never realized they made diamonds quite that small.

"Yes, I'm Santa Claus, little girl." Who do you think I look like in this get-up — Charles de Gaulle or Ho Chi Minh?

"Are you sure you've been a good little boy?" This little brat could cause trouble even in a straitjacket.

"Sure I been a good boy, Santa." They wouldn't let this fat fraud give me a lie detector test, would they?

"Tell me what you really want for Christmas, darling." My friendly neighborhood loan shark will probably die laughing when I tell him what I want to borrow the money for.

"Oh, just anything will do for little old me." I'll be lucky to get anything at all from little old cheapskate you.

"Wasn't it nice of them to remember to send us a Christmas card?" What a bother. Now I'll have to mail them a New Year's card.

"We're featuring this perfume at a pre-Christmas price of $25 an ounce." After Christmas we sell it as mouth wash at a dollar a pound.

"This is just a small token of appreciation, George, for all the services you've performed for our family during the past year."

Why is it, just because we live in an apartment, we have to pay blackmail to this bum?

"Could you help me find a really unusual gift that would surprise my wife?" Perhaps a sequined claymore mine, or a fur-covered booby trap.

"Gee, boss, I know the rest of the staff joins me in thanking you for that unexpected Christmas bonus." Now we can all buy a one-ounce larger turkey for dinner.

"Just what I wanted — a necktie." I need some kind of rag to polish the car with.

"Christmas always makes me feel so sad." Maybe a couple more of these bourbon old-fashioneds will cheer me up.

"Daddy, I can't find one of my stockings to hang by the chimney. Can't I hang up one of yours instead?" Yours will hold ever so much more.

"Yes, Virginia, there's a Santa Claus." But the old bubbleheart has been spending so much of the year with us lately that he might as well put a "for rent" sign on the North Pole.

Junior Editors Quiz on MOON'S SURFACE

QUESTION: ***What is the moon made of?***

• • •

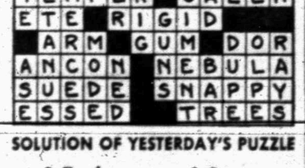

ANSWER: Astronomers say the moon is a large ball of rock. In about three years, America plans to land astronauts on the moon in the Apollo project. They should be able to bring back samples which will tell us more about what this rock is like, for we know little as yet. However, we have recently found out facts about the surface of the moon—facts something very important for the Apollo astronauts to know. The experts were uncertain about this; some thought it was covered with fine dust (A) in which an astronaut might sink. Others (B) believed the surface to be smooth. But when the United States landed a wonderful robot machine, Surveyor 1, on the surface of the moon, it was able to send back more than 11,000 photographs. We show Surveyor in position, with the moon's surface, as suggested by its pictures, pock-marked by large and small craters made by falling meteorites. The small picture, taken from a Surveyor photo, shows one of its feet pushing into the surface, which looks something like soil in a plowed field. It is definitely not dust.

• • •

FOR YOU TO DO: Experts now feel sure that astronauts can walk on the moon's surface. There will be many newspaper reports. Watch for them. 11-30

(Gary Whitehorn of Richmond, Va., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

New Challenges Attract Grads

By JOHN CUNNIFF
AP Business News Analyst

NEW YORK (AP) — Moraling too rigidly perhaps from the example of their own financial success, many businessmen have been shocked lately by the attitude of college seniors who spurn business careers.

The disaffection is mutual. Knowing that they have a choice of vocations that some of America's most successful businessmen never had, the students ask:

"What are they offering us? Money? Teaching and government service are offering more money today, too."

The entire debate is clouded in idealism, myths, romantic ambitions, cold logic and inexperience on the part of the student. On the other side are some very outworn stereotypes of what the good life is.

As the businessman views it, the student who enters the world of commerce and works hard thus assures himself of good income, of status, even security and the other benefits of corporate society.

Some students, however, believe that to go through the business mill successfully is to come out packaged in a pinstripe suit — refined and processed something like a package of breakfast cereal.

The student today, insecure as he may be, has never known the financial insecurity of previous generations. He has little with which to compare or contrast his experience. And, since times are changing so fast anyway, he cares little for old methods and less for old stories He wants to challenge problems with newly acquired knowledge.

Several of America's most successful corporations are acutely aware of this. It is no secret either that recruiters for these companies receive a welcome from students while others are ignored.

While many companies adhere — very sucessfully sometimes — to a philosophy that you must stick to your last and work hard, others are innovating, experimenting, sticking their noses into obscure areas where, amazingly, they find profits. This attracts students.

While some companies complain — with or without justice — about government interference, others are profitably becoming partners with government, not just in defense areas but, for example, in running the Job Corps.

While some businessmen dutifully stick to a rigid schedule of in at 9 and out at 5, others take the 5 p.m. flight from one coast to another and return for a conference the following evening. They know no time or geographical limits.

Many of these companies and their leaders are involved in a variety of social and community projects, offering their management skills where they can be of value.

This new pattern finds corporations and their leaders more and more involved not just with profits and sales and stockholders but governmental and educational projects.

A prominent educator said here recently that an ideal of future leaders is to combine business, education and government service.

LSD May Be Tagged Dangerous

HOUSTON (AP) — If tests confirm that pills seized by Houston police contain lysergic acid diethylamide (LSD), prosecutors may be ready to try proving that the hallucinogen should be classified by courts as a dangerous drug.

The narcotics squad arrested 10 persons Tuesday, netting 50 pills and capsules suspected of containing LSD, and a pound of marijuana.

Twelve charges were filed against eight of the 10 arrested —seven counts based on possession or use of marijuana and five counts of possessing LSD, based on Texas "dangerous drug" statutes.

Capt. Jack Renois, head of the city's narcotics bureau, said the LSD charges, if followed through, would mean "more or less a test case."

Dist. Atty. Carol Vance said he knew of no other LSD charges filed in Texas to date. Vance added that it would take "expert medical testimony" to prove that the hallucination-producing drug is dangerous.

At Austin Col. Homer Garrison, the head of the Department of Public Safety, said he believes the charges are probably the first filed in the state against the drug. He added that he has heard of similar charges in California.

Lt. E. L. Kennedy said the tablets and capsules the arrested men identified to officers as LSD would be, if they contain the agent, the first of the drug to be confiscated by officers in Houston.

Those charged and liable to prosecution in an LSD test case include four members of a Rock 'n' roll group: George Glandwin Banks Jr, 22; James Lee Harrell, 19; Steven Stafford Bishop, 21, and William Peter Black, 21, and a 23-year-old service station attendant, Robert Bruce Kilpatrick.

William Lamont Cross, 20, George Charles Binkney and James Carlton Tatham, both 17, were charged Tuesday with Marijuana violations.

Launch Plan Promising

EDWARDS AIR FORCE BASE, Calif. (AP) — A 150-ton rocket has been launched in a manner which scientists say saves energy and offers great promise for large solid-fuel rockets.

The rocket engine was ignited at partial power Tuesday at the bottom of an 80-foot tube. Gas pressure built up behind it, and the rocket roared out like a dart from a blowgun or a bullet from a rifle.

The 10-foot diameter rocket was tethered so that it would rise only 500 feet and then fall to the ground.

Lockheed Propulsion Co., made the test.

Normally solid fuel rockets burn at full power while leaving the ground, the firm said, operating inefficiently and using excessive fuel.

Rome May Pave Street With Glass

ROME (AP) — There's a plan afoot to pave Rome's swankest shopping street with glass.

If it works, tourists in Via Frattina could stare down in to the ruins of one of the most lavish villas any Roman ever built with the wealth of conquests.

Archeologists believe that beneath the street is the villa of that bon vivant, Lucius Licinius Lucullus, the general who conquered Armenia and governed part of Asia in the 1st century B.C.

The sumptuous villa and its gardens began under what is now the Piazza di Spagna and extended 942 feet, the full length of what is now Via Frattina.

It was wrecked by invading Vandals, then covered by the silt on floods from the Tiber.

Every time a sewer or telephone tunnel has been dug in the area, broken columns and parts of mosaic have been found.

The campaign to put it all under glass was started by Dr. Vittore Querel, owner of an art gallery. He says he and all other shop owners along the street might be able to cover a large share of the cost.

All ruins beneath the street would be uncovered and restored. Then it would be paved with glass.

It would only hold pedestrians. The store owners contend you can't look down on history—or do any shopping—from an automobile.

PUBLIC NOTICE

AN ORDINANCE GRANTING TO LONE STAR GAS COMPANY, A CORPORATION, ITS SUCCESSORS AND ASSIGNS, A FRANCHISE TO FURNISH AND SUPPLY GAS TO THE GENERAL PUBLIC IN THE CITY OF SNYDER, SCURRY COUNTY, TEXAS, AND THE ENVIRONS THEREOF; PROVIDING FOR THE PAYMENT OF A FEE OR CHARGE FOR THE USE OF THE STREETS, ALLEYS AND PUBLIC WAYS, AND PROVIDING THAT IT SHALL BE IN LIEU OF OTHER FEES AND CHARGES, EXCEPTING AD VALOREM TAXES.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SNYDER, TEXAS:

Section 1. That the City of Snyder, Texas, hereinafter called "City," hereby grants to Lone Star Gas Company, hereinafter called "Company," its successors and assigns, consent to use and occupy the present and future streets, alleys, highways, public places, public thoroughfares and grounds of City for the purpose of laying, maintaining, constructing, operating and replacing therein and thereon pipelines and all other appurtenant equipment needed and necessary to deliver and sell gas to persons, firms and corporations, including all the general public, within the City's corporate limits and the environs thereof, said consent being granted for a term of twenty-five (25) years from and after the date of the final passage and approval of this ordinance.

SECTION 2. Company shall lay, maintain, construct, operate and replace its pipes, mains, laterals and other equipment so as to interfere as little as possible with traffic and shall promptly clean up and restore to an approximate original condition, at its cost, all thoroughfares and other surfaces which it may disturb. The location of all mains, pipes, laterals and other appurtenant equipment shall be fixed under the supervision of the City Council or an authorized committee or agent appointed by said Council.

SECTION 3. When Company shall make or cause to be made excavations or shall place obstructions in any street, alley or other public place, the public shall be protected by barriers and lights placed, erected and maintained by Company; and in the event of injury to any person or damage to any property by reason of the construction, operation or maintenance of the gas distributing plant or system of Company, Company shall indemnify and keep harmless City from any and all liability in connection therewith. Company shall repair, clean up and restore to an approximate original condition all streets and alleys disturbed during the construction and repair of its gas distributing system.

SECTION 4. In addition to the rates charged for gas supplied, Company may make and enforce reasonable charges, rules and regulations for service rendered in the conduct of its business, including a charge for services rendered in the inauguration of natural gas service, and may require, before furnishing service, the execution of a contract therefor. Company shall have the right to contract with each customer with reference to the installation of, and payment for any and all of the gas piping from the connection thereof with the Company's main in the streets or alleys to and throughout the consumer's premises. Company shall own, operate and maintain all service lines which are defined as the supply lines from the Company's main to the consumer's curb line when mains are located in the streets and to the consumer's property line when mains are located in the alleys. The consumer shall own, operate and maintain all yard lines and house piping. Yard lines are defined as the underground supply lines extending from the point of connection with Company's service line to the point of connection with consumer's house piping.

SECTION 5. Company shall not be required to extend mains longitudinally on any street more than fifty (50) feet for any one consumer of gas, nor shall Company be required to connect consumers to intermediate or high-pressure lines.

SECTION 6. Company shall be entitled to require from each and every consumer of gas, before gas service is commenced, a deposit of twice the amount of an estimated average monthly bill, which said deposit may be retained by Company until service is discontinued and all bills therefor have been paid. Company shall then return said deposit to the consumer, together with six percent (6 percent) interest thereon from the date of said deposit up to the date of discontinuance of service. Company shall be entitled to apply said deposit, with accrued interest, to any indebtedness owed Company by the consumer making the deposit.

SECTION 7. The rights, privileges and franchises granted by this ordinance are not to be considered exclusive, and City hereby expressly reserves the right to grant, at any time, like privileges, rights and franchises as it may see fit to any person or corporation for the purpose of furnishing gas for light, heat and power to and for City and the inhabitants thereof.

SECTION 8. Company shall furnish reasonably adequate service to the public at reasonable rates and charges therefor and Company shall maintain its property, equipment and appliances in good order and condition.

SECTION 9. Company, its successors and assigns, agrees to pay, and City agrees to accept, on or before the 1st day of March, 1967, and on or before the same day of each succeeding year during the life of this franchise, a sum of money which shall be equivalent to two per cent (2 percent) of the gross receipts received by Company from the sale of gas within the city limits of said City (expressly excluding, however, receipts derived from the sale of gas to industrial users and consumers within city limits of said City) for the preceding calendar year, which annual payment is hereby fixed and determined to be the reasonable, adequate and complete value, compensation and rental for Company's right to use the streets, alleys and public ways of said City. And it is also agreed that insofar as City has the legal power to so agree and provide, the sums of money paid and to be paid shall be in lieu of supervision, license and inspection fees, street or alley rentals or charges, franchise or easement fees, levies or charges, or any other license fees, street rentals or charges, franchise or easement fees or charges of whatsoever kind and character and howsoever levied which City may impose or hereafter be authorized or empowered by law to collect, excepting the usual general and special ad valorem taxes which City is authorized by law to levy and impose upon real and personal property. Should City not have the legal power to agree that the payment of the foregoing sums of money, in the manner hereinabove contemplated, shall be in lieu of supervision, license and inspections fees or charges, street or alley rentals or charges, easement on franchise fees or charges, or any other supervision, license, inspection, easement or franchise fees or street rentals or charges of whatsoever kind and character which City may impose or hereafter be authorized or empowered by law to collect, then City agrees that it will apply so much of said sums of money paid and agreed to be paid as may be necessary to satisfy Company's obligations, if any, to pay any such supervision, license and inspection fees or charges, street or alley rentals or charges, easement or franchise fees or charges of whatsoever kind and character which City may impose or hereafter be authorized or empowered by law to collect, City and Company agree that the amount of such gross receipts payment may be reviewed every five years during the life of this franchise and may be changed by mutual agreement, in any event if the laws of the State of Texas should be changed so as to increase the maximum amount which may be charged for use of the City streets and alleys, City shall have the right and option to request that such increased payments be made in lieu of the next payment becoming due hereunder, and Company shall pay such amount.

In order to determine the gross receipts received by Company from the sale of gas (expressly excluding the sales of gas to industrial users and consumers) within the corporate limits of City, Company agrees that on the same date, as provided in the preceding paragraph, it will file with the City Secretary a sworn report showing the gross receipts received from the sale of gas to its domestic and commercial consumers within said city limits for each respective calendar year preceding the respective date of payment. City may, if it sees fit, have the books and records of Company examined by a representative of said City to ascertain the correctness of the sworn reports agreed to be filed herein.

"Industrial users or consumers," as herein used, are those generally and commonly classified as such by Company.

The payment herein provided shall be for the period January 1 to December 31 of the respective year that the payment is made.

SECTION 10. This franchise shall take effect upon the expiration of sixty (60) days after its final passage at the second reading of this franchise ordinance in accordance with the provisions of the charter of the City of Snyder, and shall continue and remain in force for a period of twenty-five (25) years thereafter. Company shall file with the City its written acceptance of this franchise ordinance within sixty (60) days after the date this franchise becomes effective.

PASSED AND APPROVED on first reading on this the 6th day of September, A.D. 1966.

FINALLY PASSED AND APPROVED on second reading on this the 7th day of November, A.D. 1966.

ATTEST:
(s) K. O. Pitner, Secretary
(s) M. L. Broman, Mayor
City of Snyder, Texas

STATE OF TEXAS
COUNTY OF SCURRY

I, K. O. Pitner, Secretary of the City of Snyder, Scurry County, Texas, do hereby certify that the above and foregoing is a true and correct copy of an ordinance passed by the City Council on first reading on the 6th day of September, 1966, and was finally passed and approved by the City Council on second and final reading on the 7th day of November, 1966, all as appears of record in the Minutes of said City Council.

WITNESS MY HAND AND SEAL OF SAID CITY, this the 8th day of November, A.D. 1966.

(s) K. O. Pitner
Secretary
City of Snyder, Texas

SPORTSCUTTLE

No less than 1,115 high school teams have been assigned to districts for basketball competition this season by the University Interscholastic League.

The biggest group by far is in Class B with a total of 417. Many of the Class B schools do not field football teams. Class A has 214 teams competing in basketball, Class AA has 196, Class AAA has 122 and Class AAAA has 166.

The grand total amounts to 18 more teams than the total in competiti a year ago.

* * *

A researd project by John Griffith, Editor of The Athletic Journal, has turned up some interesting facts on public school coaches. On the face of it, coaches in the East appear to have better working conditions and draw better salaries than those in the South. It was noted that relatively few Eastern coaches teach academics, while a majority of those in the South teach academic subjects along with physical education. Eastern coaches, on the average, are paid nearly $2,000 more per year than Southern coaches, the ratio being $8,625 to $6,670. In addition, it was noted that four fifths of the coaches included in the survey have outside employment.

* * *

Big Spring High School's 1966 football team, which posted a 4-6 won-lost record, drew 27,400 paying customers for its home games, compared to 26,243 for the 1965 team there. The biggest "gate" of the season there was 7,325 logged for the Big Spring - San Angelo game.

* * *

Incidentally, school officials at Big Spring reportedly are among those pondering a return to the two - grade junior high system. This would be accomplished by putting the ninth grades in the senior high school. There apparently is something of a trend developing toward four-grade senior high schools and two - grade junior high schools in the present - day thinking of both school administrators and coaches.

From the academic standpoint there are several advantages to having the ninth grade in high school. One often cited is the duplication of courses in the curriculum. The ninth grade always has been considered part of high school so far as the academic transcript goes and also in the statistical divisions of the University Interscholastic League. Consequently, some high school - level courses are necessarily offered in the junior high schools as well as the senior high schools. For example, schedule conflicts may prevent some ninth graders from taking certain courses needed at that level for eventual graduation. As a result, the same courses must be made available in the senior high school so that such students can fulfill their academic requirements. Also, some students otherwise qualified for senior high school may need to repeat certain courses they had in the ninth grade, resulting in more curriculum duplication.

* * *

From the standpoint of school athletic programs the great debate still rages on the proper emphasis on competitive sports at the junior high level. Theoretically junior high schools are a good training ground for high school athletic teams. In actual practice, however, many coaches have been dismayed when promising young athletes either became discouraged or got their fill of competitive sports before the high school coaches ever had a chance to make use of their talents. The problem apparently is widespread. Maintaining continuing interest among potential players, in competition with an ever increasing number of other activities, is indeed a thorny problem and one that claims the attention of many coaches the year round.

* * *

Keith Miles, athletic director and head coach at Snyder High Schools, is one of those stressing "salesmanship" for his program.

There are some good football players coming back next year in the local high school and Miles has said he was particularly impressed with the caliber of the two ninth grade teams this past season. But, as in other fields, the youngsters need some encouragement to continue their careers in athletics. It is true that athletics require some sacrifices on the part of participants, but the rewards are exceptionally pleasant when a squad of football, basketball, or track or baseball players work together diligently for a season and earn the satisfaction of learning their lessons and doing their jobs well.

* * *

Speaking of football, we think the Snyder Chamber of Commerce is due congratulations from all of us for securing the White Deer-Sonora Class A regional playoff game here. The tussle is set for 7:30 p.m. Saturday in Tiger Stadium.

Competition for football playoff games always is keen. It means much to a town to be the site of a playoff game. Usually, thousands of persons from out of town will go to the game. These people spend money in the restaurants, stores and motels. For economic reasons alone, it is worthwhile to secure a playoff tilt.

Another benefit is the favorable publicity the town receives. Newspapers across the state will carry Associated Press wire stories advising of the fact that the White Deer - Sonora clash will be held in Snyder. Once a town establishes a reputation for itself as "a sports town," then it becomes easier to secure other playoff games and other interesting sports events.

Not to be overlooked is the fact that the game will give local football fans an opportunity to see two of the finest teams in the state in action.

Over the years, the Chammber of Commerce has done a splendid job in securing playoff games in Snyder. Only last year White Deer tangled with Keller on Tiger turf in the state semifinals of Class A. We think the best way you can show your appreciation to the Chamber and other civic officials who "landed" the game is by going out to see it and supporting the team of your choice. We also owe a debt of gratitude to all of the volunteer workers who operate the facilities at the stadium during playoff games.

It should be a real whiz-bang affair. Sonora has one of the top quarterbacks in the state, and White Deer has one of the best fullbacks. It's anybody's ball game. And the winner will have a good chance to win the state championship.

Army Back Is Honored

By DICK COUCH
Associated Press Sports Writer

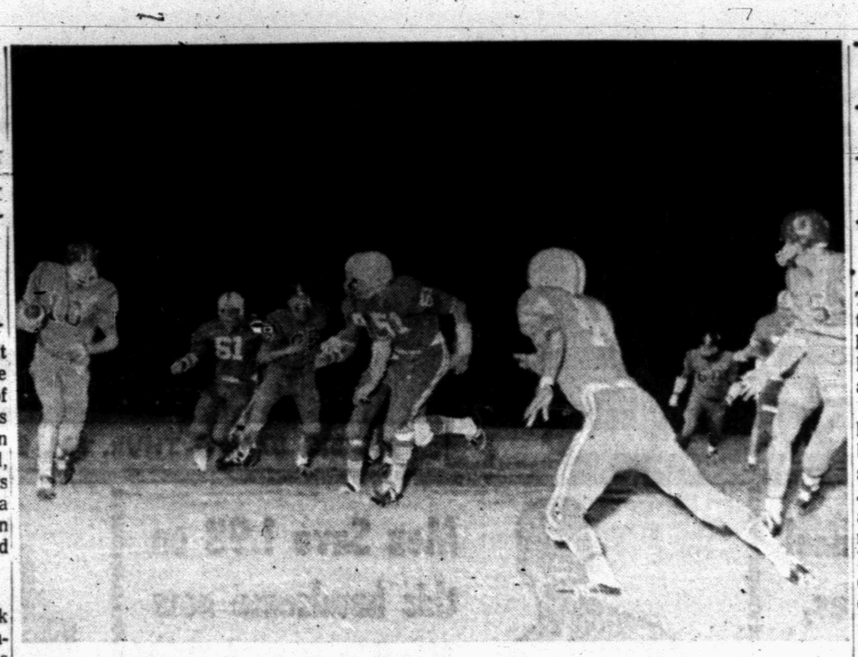

Army's Steve Lindell, who fired two cannon shots that scuttled the Navy last Saturday, was saluted today by The Associated Press as college football's Back of the Week.

Lindell, a poised, 19-year-old sophomore from Princeton, Minn., broke up the interservice duel with a pair of fourth-quarter touchdown passes, giving the Cadets a 20-7 victory to cap their finest season since 1958.

The 5-foot-11, 180-pound Army quarterback hit Terry Young with a 43-yard scoring strike, snapping a 7-7 tie, then tossed a 23-yard pass to Carl Woessner for the insurance tally.

GRABS AERIAL — The Sonora Broncos are undefeated in 12 football games this season. Opponents have discovered the Broncos know something about pass defense. Richard Perez snags one of five interceptions made by the Broncos enroute to a 63-15 triumph over Sanderson. David Wuest and Jim Fish also were in position to make the steal.

STOUT DEFENSE — One reason Sonora's Broncos are undefeated is their tough defense. Here, Brent Johnson, Bert Bloodworth and Noe Chavez close in on Ozona Lion quarterback Randel Clepper as he tries to pick up yardage around end. Sonora won, 33-0, and will meet White Deer in Tiger Stadium here Saturday night in the quarterfinals of the Class A state playoffs. Kickoff is set for 7:30 p.m.

Methodists Dominate All-Southwest Team

By HAROLD V. RATLIFF

DALLAS, Tex. (AP)—Champion Southern Methodist, led by its brilliant offensive guard—Lynn Thornhill—and placing seven players all told dominated the All-Southwest Conference football team.

Thornhill was one of three getting unanimous support from the coaches. Loyd Phillips, Arkansas' All-America tackle, and Chuck Latourette of Rice, Versatile defensive back, were the others.

Three players lacked only one vote of being unanimous—Chris Gilbert, the conference rushing leader from Texas; Greg Pipes, mighty defensive guard of Baylor, and John LaGrone, the brilliant middle guard of Southern Methodist.

Arkansas, which tied for second, had five players on the all-conference while Texas, which Arkansas tied for second, came up with three.

Texas A&M, Rice and Texas Christian placed two each and Baylor and Texas Tech got one apiece.

There are 23 men on the two units—offensive and defensive—because of a tie for the offensive tackle spots among three players—Maurice Moorman of Texas A&M, Dick Cunningham of Arkansas and George Gaiser of Southern Methodist.

Larry Gilbert, Texas Tech's wizard pass-receiver, and Jerry Levias, the big play man of Southern Methodist, are the offensive ends. Thornhill and Howard Goad of Texas are the guards and Melvin Gibbs of Arkansas the center.

Mac White of Southern Methodist edged Jon Brittenum of Arkansas for quarterback. Wendell Housley of Texas A&M and Chris Gilbert were picked at halfback and Lester Lehman of Rice at fullback.

Hartford Hamilton of Arkansas and Corby Robertson of Texas were selected as the defensive ends, Phillips and Mike Bratcher of Texas Christian the tackles, Pipes and LaGrone the guards, Billy Bob Stewart and Jerry Griffin, both of Southern Methodist, the linebackers; Frank Horak of Texas Christian and Martine Bercher of Arkansas defensive halfbacks, and Latourette at safety.

DALLAS, Tex. (AP)—The All-Southwest Conference football teams, giving position, player, school, weight, class and home town:

OFFENSIVE TEAM

Ends—Larry Gilbert, Texas Tech, 200, junior, Kilgore, Tex.; Jerry Levias, Southern Methodist, 178, sophomore, Beaumont, Tex.

Tackles—Maurice Moorman, Texas A&M, 248, junior, Louisville, Ky.; Dick Cunningham, Arkansas, 225, senior, San Antonio, Tex.; George Gaiser, Southern Methodist, 225, senior, San Antonio.

Guards—Lynn Thornhill, Southern Methodist, 208, senior, Seymour, Tex.; Howard Goad, Texas, 216, senior, Cleburne, Tex.

Center—Melvin Gibbs, Arkansas, 205, senior, Borger, Tex.

Quarterback—Mac White, Southern Methodist, 175, senior, Gainesville.

Halfbacks—Wendell Housley, Texas A&M, 197, sophomore, Richardson, Tex.; Chris Gilbert, Texas, 180, sophomore, Branch.

Fullback—Lester Lehman, Rice, 200, junior, Waco, Tex.

DEFENSIVE TEAM

Ends—Hartford Hamilton, Arkansas, 200, junior, Lonoke, Ark.; Corby Robertson, Texas, 200, sophomore, Houston.

Tackles—Loyd Phillips, Arkansas, 230, senior, Longview, Tex.; Mike Bratcher, Texas Christian, 205, junior, Celina, Tex.

Guards—Greg Pipes, Baylor, 228, junior, Fort Worth; John LaGrone, Southern Methodist, 222, senior, Borger, Tex.

Linebackers—Billy Bob Stewart, Southern Methodist, 230, senior, Grand Prairie, Tex.; Jerry Griffin, Southern Methodist, 218, senior, Dallas.

Defensive halfbacks—Frank Horak Texas Christian, 190, senior, Caldwell; Martine Bercher, Arkansas, 170, senior, Fort Smith, Ark.

Safety—Chuck Latourette, Rice, 185, senior, Jonesboro, Ark.

Martin Blasts Court Decision

By LEW FERGUSON

MINNEAPOLIS (AP) Peppery Billy Martin learned Tuesday that a Chicago jury had decided he should pay pitcher Jim Brewer $100,000 for his part in a baseball diamond fight six years ago, and promptly demanded, "They've got to give me my day in court."

Martin contended he was not notified that the civil damage suit was going to trial, and that he was not represented by legal counsel in Chicago Circuit Court.

"I'm just pleading that I wasn't even notified" Martin said, "and they've got to give me a chance to present my side, because I can prove it didn't happen the way this guy says it did."

Brewer was pitching for the Chicago Cubs on Aug. 4, 1960, in Chicago when he and Martin, then a second baseman for the Cincinnati Reds after stardom with the New York Yankees in the 1950s, tangled on the field.

Brewer and the Cubs brought a $260,000 damage suit, alleging that Martin broke Brewer's cheekbone and nearly cost him the sight in his right eye. Brewer, now with the Los Angeles Dodgers, did not lose his sight, however.

The Cubs withdrew from the suit Monday when the trial began, saying any money awarded by the jury should go to Brewer.

Judge John Gutknecht presided at the trial, during which television films of the fight were shown.

Martin, now a coach for the Minnesota Twins after retiring as a player following the 1961 season, claims he's got pictures which dispute Brewer's and the Cubs' contentions.

"It was proved in pictures that I didn't hit the man in the eye where he claimed he was hit," Martin said. "I hit him in the jaw. Another player, a teammate of mine, hit him in the eye and this player gave a deposition to a lawyer to that effect.

"I've got a lot of witnesses, if they would let me in on the trial.

"I should have a suit of defamation of character against the Cubs and Brewer, because I never hit the guy in the eye. The Cubs know I didn't."

Taylor Replaces Martin At TCU

By RON RAPPORT
Associated Press Sports Writer

With the college football season all but over, the coach-changing season has begun in earnest.

The following schools were involved in coaching shifts Monday:

Arizona—Jim LaRue was fired. No sucessor was immediately named.

Texas Christian—Fred Taylor was appointed to replace the ailing Abe Martin.

Vanderbilt—The school promised to move quickly in replacing Jack Green, who quit Sunday.

LaRue, coach at Arizona since 1959, compiled a 41-37-2 record, but his clubs were 3-7 in each of the last two years.

Taylor, an assistant at TCU since 1953, replaces Martin, who was stricken with a heart attack two weeks ago. Martin had been head coach since 1953 and athletic director since 1963 He continues in the latter position.

Martin's overall record was 74-63-7 and his clubs won the Southwest Conference title in 1955 and 1958 and tied for the crown in 1959.

Card Coach Is Confident

By JERRY CURRY

ST. LOUIS (AP) — Coach Charley Winner of St. Louis says he's going to Dallas Sunday to win a football game and more than 1,000 Cards fans plan to be there to see it.

"I've heard some people say we've already conceded the game," said Winner, "but let me tell you we're going to win it."

Several Cage Clashes Are On Tap Here

Four Snyder Junior High School basketball teams are slated for action Thursday.

The Lamar 8th and 9th grade teams host Lamesa in tilts set for 5 p.m. and 6:30 p.m. respectively. Meanwhile, Travis will be at Stamford for 8th and 9th grade clashes that are on tap for 6 p.m. and 7:30 p.m. respectively.

The varsity will be at Seminole this weekend for a tournament while the junior varsity will host several top 4-A teams in the annual "B" team tournament.

Ponies Rip Shorter Bengals, 75 To 59

ANDREWS — The Snyder Tigers dropped a 75-59 decision to a tough crew of Mustangs here Tuesday night. The loss left the Bengals with one win and one loss in two games.

Andrews used its superior height to great advantage. Bobby Smith, a 6-4 lad, captured scoring honors with 33 points. John Beilue, another senior who also stands well above 6-0, was runnerup with 19 points. Freddie Hearne also hit in double figures for the hosts, dunking 10 points.

Only two Snyder players were able to connect for more than 10 points: Tommy Bullard with 17 and Eldon Woodward with 12.

The Mustangs dominated the boards, pulling down 54 rebounds, compared with only 37 for the Tigers. Langston Powell led in this department for Snyder, taking nine caroms off the boards.

Andrews jumped into a 17 - 12 first period lead and fought off a Tiger rally in the second quarter to take a 35-32 cushion into the dressing room. The Bengals rallied again in the third quarter and took over the lead by three points at one stage of the period. However, Andrews fought back and regained the lead for a 55-49 margin after three frames.

Snyder got its share of rebounds in the final quarter, but the boys were cold on their shooting, hitting only four of 19 from the floor. Meanwhile, the Mustangs connected on eight of 18 to win going away.

Overall, Snyder hit 18 of 50 shots while Andrews dunked in 31 of 77. The Tigers lost the ball too much to be able to stay in the game. And they couldn't compete with the height advantage of their hosts.

Snyder will be at the Seminole Tournament, Dec. 2 and 3.

The Andrews "B" team poured on the coals in the fourth quarter to break open what, until then, had been a tight battle. The hosts emerged with a 64-44 victory after leading by 29-21 at halftime.

The first quarter was even at 14-all, and the Ponies gradually increased their margin, leading 42-28 at the end of the third quarter.

Jodi Williamson sparked the Kitten attack with 15 points, and Jerry January pitched in 10 points for runnerup honors. Leach of the Ponies meshed 15 points while teammates Hatcher and Kay claimed 15 and 10 points respectively.

Wills To Leave LA?

COLUMBUS, Ohio (AP) The Los Angeles Dodgers, having acquired second baseman Ron Hunt, and the New York Yankees, having given up third baseman Clete Boyer, looked forward today to molding new infields with shortstop Maury Wills possibly leaving one and joining the other.

The National League champion Dodgers made the first major trade of the annual baseball meetings Tuesday, sending two-time batting champion Tommy Davis and infielder-outfielder Derrell Griffith to the Mets for Hunt and infielder-outfielder Jim Hickman.

Less than eight hours later, the Yankees and the Atlanta Braves completed the first interleague trade of the meetings and sent Boyer, an eight-year Yankee veteran, to the Braves.

In return the Yankees received outfielder Bill Robinson, who played for Richmond of the Internatioal League last season. The Yankees also got Federic (Chi Chi) Olivo for their Syracuse IL farm club roster and will send a player to Richmond later.

She Can Influence Men

BOSTON (AP) — Fair warning to Coach Buddy Jeannette of the Baltimore Bullets: There's a girl here who wants to take his coaching job from him.

And even if she doesn't get the job Miss Betty Holland says she'll give Jeannette some of her angry views of the way he runs his club the next time he shows up here.

The Bullets are due in Boston Jan. 18 for a game with the Boston Celtics, and Betty says she'll be there, too. It will be her first look at a pro basketball game.

Betty is an attractive switchboard operator in her 20s and says she was incensed when she read some of Jeannette's reports about his team.

The ones that galled her especially were Jeannette's quoted comments that included: "I've got 12 guys and each one thinks he's the greatest thing in basketball," "no one hustles and no one plays defense" and "this job will kill me."

Betty sent an angry letter to the Boston Traveler saying that while she did not have any experience coaching, she could do a better job than Jeannette.

She said, "I get along quite well with men and most of them do what I ask them to (depending on the tone of voice I use) Now I feel if I asked these gentlemen to win a game for me they would try awfully hard. And trying hard is the closest thing to winning."

The Bullets have won only four of their 23 games this season and are last in the National Basketball Association's Eastern Division.

Jeannette started the season as general manager, but after he fired Mike Farmer as coach, he decided to take the coaching chores too.

Betty said she had two key plans to put into action as coach. "I would never insult my men," she said, "and if I had substitutes sitting on the bench I would use them whenever possible. My team would be a team."

1966 CHRISTMAS STAMP — This year's five-cent Christmas stamp is a reproduction of Flemish Renaissance painter Hans Memling's "Madonna and Child With Angels," which first went on sale at Christmas, Mich. Its religious theme has brought both praise and complaints, but the Post Office Department believes it will be the most popular Christmas stamp ever. (AP Wirephoto)

S. America's New Ruler Faces Crisis

BUENOS AIRES, Argentina (AP) — Six months after taking power, Lt. Gen. Juan Carlos Ongania is treading cautiously into the teeth of a young hurricane. The winds of labor union anger show signs of growing stronger.

Ongania knows these winds of change must blow themselves out before the national salvage campaign he heads can be complete.

He knows, too, that national strikes, student unrest and political ambitions among men who wear uniforms have toppled many South American regimes.

Although he inherited a jackstraw pile of problems June 28 when the military took over, the general has grabbed only one firmly. That problem was reorganization of the port of Buenos Aires, one of the more inefficient and costly in the world.

A port workers' strike failed, in the government view. More laborers went to work than stayed away when the strike began. But the fight isn't over, and the port must be won before Ongania's forces can move onto the next objective, the state-owned railroads.

Clamping down on the railroad bureaucracy may bring the hurricane. Some estimates say 80,000 workers must be discharged. The railroad unions aren't likely to take that lying down.

Something has to be done since the railroads account for 40-50 per cent of the government deficit. Frequent freight and passenger rate increases haven't done the trick.

The Peronist threat seems diminished. Perhaps the military character of the government is responsible. Perhaps it is because, as a few Peronist leaders say, Juan D. Peron has lived too long in luxury in Madrid, Spain.

Farmers May Seek Export Allotment

WASHINGTON (AP) — The Agriculture Department says the stabilization program for the 1967 crop allows farmers to apply for an export market acreage.

The acreage would be larger than a farmer's share of the basic 16 million-acre national allotment.

Growers will have until Jan. 3 to apply for such a program.

All cotton grown on farms granted an export acreage must be exported, the department said.

None of the cotton will be eligible for government price support or payments offered farmer participatin in the program by underplanting their basic allotments at least 12.5 per cent and puttin sueh land into conserving uses.

The maximum export acreage for 1967 was set at 250,000 acres.

An applicant may withdraw his application at any time within 15 days after being told of the export market acreage approved for his farm, or March 1, which ever is later.
