CONTEST IS ON OVER THREAT OF THE BREWERIES

Announcement Made That Beer Is To Be Made Regardless of Order

BUREAU ASKS RULING

Test Suit Is Filed to Restrain Brewery from Discontinuing Its Manufacture

By Associated Press.

NEW YORK, March 18.—Coincident with the decision of the internal revenue bureau to ask the department of justice whether it had authority to enforce the regulation prohibiting production of beer except that of less than one half of one per cent alcoholic contents defendants in the brewery stockholders' suit brought here last week to test the constitutionality of the war time prohibition act, announced that they had invited the co-operation of the government in the defense.

The test suit to restrain the James Everard's Breweries from discontinuing their manufacturing activities May 1 and the sale of their products July 1 as required by the prohibition clause of the agricultural bill, was begun by Joseph E. Everard, a minority stockholder.

COPIES OF OPINION ARE MAILED TO ALL BREWERS

By Associated Press.

NEW YORK, March 18.—The United States Brewers Association, comprising three fourths of the industry throughout the country, announced today that copies of the opinion of Elihu Root and William D. Guthrie advising brewers that they might proceed legally with the manufacture and distribution of beer containing 2¾ per cent of alcohol had been mailed to its 700 members. While the association has taken no action on the opinion, officers declared they expected many members would follow the example set by the Lager Beer Brewers board of trade of New York and vicinity in deciding to ignore the government regulation restricting production of "non-intoxicating" beverages to those of less than one half of one per cent alcoholic content.

No Admission Made.

Neither the brewers board of trade nor their counsel would say whether any of the members had begun distribution of the 2¾ brew, which it was announced yesterday would be resumed "at once." Officers of the board said the brewers had on hand "considerable" stocks of the 2¾ per cent products which has been the national standard since the President at the beginning of 1918 forbade manufacture of "strong" beer as a food conservation measure. Though brewing was wholly prohibited from December 1 last until Mr. Wilson early this year lifted the ban as to "near

DOCK WORKERS AT NEW YORK THREATEN TO GO ON A STRIKE

By Associated Press.

NEW YORK, March 18.—Dock workers on strike here threatened today to withdraw crews from all boats operated by the army and navy unless union crews on chartered tugs and bargest are paid the same wage scale as is paid by the railroad administration. The crews of 14 tugs chartered to coal troop ships walked out yesterday when they learned they were to be paid at the old scale and not the increased wages under the agreement recently made between the unions and the railroad administration, the army and navy and the shipping board.

3 Girls Burn To Death in Seymour Fire

Special to The Times.

SEYMOUR, TEX., Mar. 18.—Three daughters of A. D. Sherrill were burned to death in a fire which consumed their home yesterday. Two of the children aged five and two years died in the fire and a sixteen year old daughter received injuries from which she died at midnight.

The accident happened at about five o'clock Monday evening. Bertha, the oldest of the girls, started to light a fire in the kitchen stove with the aid of coal oil. She made a mistake in the can, using gasoline instead. There was an explosion. Covered with flames the girl ran from the house. In the excitment of the efforts to save her, the two little girls in the house were overlooked. Both perished.

The father of the children became crazed with grief when he learned what had happened. In his derangement he attempted to take his own life, first with an axe and later with a knife. He was prevented from doing this. Guards remained with him during the night.

SINN FEIN PARTY TO ADOPT TACTICS OF SUFFRAGETTES

By Associated Press.

LONDON, March 18.—The more aggressive section of the Sinn Fein party in Ireland contemplates a campaign similar to that adopted by the militant suffragists at the moment it is hoped to have the peace conference intervene in behalf of Ireland. This will be for the purpose of focusing public attention on the demands of the party, according to dispatches received by the Press Association.

The authorities, however, are prepared to afford adequate protection to life and property and the belief is expressed that with tact and discrimination it will be able to tide over the threatened trouble. It is understood the government does not intend to further postpone consideration of the home rule bill, which was suspended by an act which automatically expires six months after the treaty of peace is signed.

TALIAFERRO FIELD AT FORT WORTH IS TO BE ABANDONED

By Associated Press.

FORT WORTH, TEX., Mar. 18.—The last of the three Fort Worth air fields Taliaferro, was orderer closed today after an active existence of more than eighteen months. Some of the officers remain at Taliaferro and are expected to do some stunt flying for Secretary of War Baker and Chief of Staff March next Monday.

MUST REINSTATE WOMEN CONDUCTORS SAYS LABOR BOARD

By Associated Press.

WASHINGTON, March 18.—Women street car conductors of the Cleveland, Ohio Railroad Company who were discharged March 1 must be restored to their work under a decision of the war labor board made today by Joint Chairman Taft and Manlay. Sixty-four women will be affected by the order. A former order of the board was set aside by the new decision, which restores seniority and other privileges to the women workers.

THOMAS H. AGNEW DIES AT HOME IN NEW ORLEANS

By Associated Press.

NEW ORLEANS, March 18.—Thomas H. Agnew, superintendent of the local Society for the Prevention of Cruelty to Children and from 1891 to 1901 assistant superintendent of the Gerry Society in New York, died at his home here today aged 58.

EXPECT CONGRESS TO CONVENE BEFORE JUNE

By Associated Press.

WASHINGTON, March 18.—An extra session of congress before June 1 is believed to be a certainty by many government officials and members of congress although their predictions are without the support of evidence to show that President Wilson has changed his determination not to summon congress before his return from France.

Cabinet officers are known to believe that the session will begin in May, some expecting the date to be about the middle of the month with others suggesting an earlier date, probably May 5. As far as known none of the cabinet members have specifically recommended any date to the President, but Secretary Glass is understood to have presented certain facts in regard to the government's financial situation from which the President may make his own deductions.

Members of congress remaining in Washington, particularly the republicans, hope that the session will be called two months before the end of the current fiscal year, next June 30, so ample opportunity will be given for considering appropriation bills that failed at the last congress. Republican Leader Lodge of the Senate has sent letters to all republican senators requesting them to record their address of May 15 with his office but this was said to be without significance.

White House officials said today that if reports from Paris that the peace treaty might be completed next week proved accurate, President Wilson might return home by the middle of April. No information regarding the probable date of approval of a treaty has been received at the White House.

DISPOSITION OF WARSHIPS NOT A PART OF TREATY

Ultimate Ownership to Be Determined Later It Is Announced

REFER CABLE ISSUE

All Parties Interested In the Question Are Preparing Briefs In Case

By Associated Press.

PARIS, March 18.—Disposition of German warships is not likely to be included in the treaty of peace, according to the view of the American peace delegation. Germany, however, will be required to surrender title to the ships. The ultimate ownership will be determined later.

The British delegation to the peace conference, it was announced today, has consented to refer to the supreme council the question of the future ownership of the German cables to America. All parties interested in the question are preparing briefs.

By Associated Press.

PARIS, March 18.—The fortifications on the Island of Helgoland, Germany's formidable base in the North Sea, must be dismantled. This decision was reached today by the supreme Allied war council.

It was decided also that the Kiel canal should be internationalized and made available to the ships of all nations on even terms. Tolls will be collected to pay for the maintenance of the canal. Germany probably will retain sovereignty of the waterway.

The council has under consideration the question of maintaining Helgoland as a port of refuge for peaceful craft.

DEMONSTRATIONS IN KOREA ARE CONTINUED THROUGHOUT SUNDAY

By Associated Press.

TOKIO, Monday March 17.—Korean demonstrations continued Saturday and Sunday, according to dispatches printed in newspapers here and it is indicated the national independence movement is remarkably extensive and well organized in some of the strongest provinces of that country. Reports state that the railway station at Pingyang has been stoned by a mob of ten thousand persons, the Korean flag being commonly displayed. There is some uneasiness at Seoul but the situation there is said to be under control.

The movement is notable for its extent rather than its violence among those prominently identified with it being government school students. Christian converts have been kept under control throughout the trouble by the missionaries, it is reported.

Newspapers here view the situation as very grave and announce that among those arrested in Seoul were there foreigners and nurses from the American stations in the interior of Korea state that trouble is growing.

UNIT BUILDING DIVISION TO BE ESTABLISHED HERE

The unit building division of the Alexander Lumber Company of Chicago, which has furnished several ready-cut houses for the Wichita Falls Housing corporation, is preparing to open offices in this city and conduct a general building program here. C. W. Kleine, representing the Fort Worth office of the company, is handling the arrangements and is prepared to accept contracts to build homes here immediately.

The company already has a carload of garages in the local railroad yards which have been contracted for, and wil lbe erected within the next ten days.

FORCED TO LAND ON ACCOUNT OF ENGINE

By Associated Press.

LONDON, March 18.—A telegram received here from Paris says that Lieutenant Fontan, who plans a flight from Caps Dakar, Senegalbia to Pernambuco, Brazil, left Villacoublay for Dakar on Sunday, but was compelled to land near Romorantin, southeast of Blois, because of a cracked cylinder. It is said he now is in Paris and intends to start once more for Dakar in a few days.

CONSTANCE CRAWLEY DIES AT LOS ANGELES, CALIF.

LOS ANGELSE, CALIF., March 18—Constance Crawley, noted actress, died here yesterday following a short illness. Born 39 years ago near London, she played with Sir Henry Irving and Sir Herbert Beerbohm Tree before coming to America a few years ago.

HOLDS BED OF RIVER NOT SUBJECT TO ENTRY

By Associated Press.

OKLAHOMA CITY, Mar. 17.—The bed of Red River, bordering on the rich Texas oil fields and which has been the goal of hundreds of oil prospectors, is not public land and is not subject to entry under the Placer mining laws, or any other homestead entry laws, according to a ruling of the commission of the United States land office in a letter today to Secretary A. S. J. Shaw of the Oklahoma School Land Department.

ONE MORE CHANCE TO ESCAPE PENALTY.

By Associated Press.

WASHINGTON, March 18—To avoid the penalty of 25 per cent in addition to the regular tax, persons who failed to file returns Saturday may now submit belated returns with a sworn statement of the reason for delinquency. Without this the penalty will be imposed.

DECORATIONS FOR MEN OF THE THIRD DIVISION OF ARMY

By Associated Press.

COBLENZ, Mar. 17.—The men of the Third Division of the American army who fought against the Germans on the Marne in the last great German drive were inspected, reviewed and presented with decorations by General John J. Pershing this afternoon. The review was held in the great avaiation field near Andernach on the west bank of the Rhine.

In addition to two congressional medals of Honor and other American decorations awarded the Third division, a number of French and British medals were presented by General Pershing to men of the Forty-second division who fought with the British in northern France with the Twenty-seventh division. The medals of honor were given Lieutenant George Irays of Okarche, Okla., and Corporal Barkley of Missouri. Brigadier General H. G. Bishop received the Distinguished Service Medal and the Distinguished Service Cross and Colonel William McLeave, chief of staff for General Robert L. Howze was given the Distinguished Service Medal. Eighty-eight Distinguished Service Crosses were given to officers and men of the Third division.

GLASSCOCK TO BE A CANDIDATE FOR GOVERNOR OF TEXAS

By Associated Press.

M'ALLEN, TEX., March 18.—D. W. Glasscock of McAllen, who was defeated in the Texas senate last week in his contest over the seat from the Twenty-Third Senator district, last night issued the following statement:

"I will be a candidate for governor of Texas in the next Democratic primary and will carry to the people the moral and political issues involved in the recent senatorial contest as well as other important issues in respect to which I will make announcement in due time."

ABOUT ONE-FOURTH OF OVERSEAS ARMY SAIL FROM FRANCE

By Associated Press.

WASHINGTON, March 18.—Figures made public by the war department today showed that 470,736 officers and men of the American expeditionary forces had sailed for home up to March 13. That number represented 24 per cent of the strength of General Pershing's forces on November 11 and left 1,478,580 in France.

Of the total returned home or on the way, 176,516 were casuals, including sick and wounded. Out of 487,074 infantry in France in November, only 89,594 had been returned, while the field artillery figures showed 73,058 sent home out of 212,846.

CHANGE IN PLANS FOR FORTY-SECOND DIVISION

By Associated Press.

COBLENZ, Monday, March 17.—Headquarters for the Third army received word today of a change in plans for sending home the 42nd division which will sail from St. Nazaire instead of Antwerp. The change was made, it is said, because of danger from mines in the waters off Holland and the lack of embarkation facilities at Antwerp. The division will entrain for France during the first week in April.

HERR HOFFMAN NEW BARAVIAN PREMIER TO FORM CABINET

By Associated Press.

BASLE, March 18—Herr Hoffmann, socialist minister of worship in the Eisner government, has been elected premier of Bavaria by the diet, according to a Munich dispatch to the Frankfort Gazette. After the election the diet adjourned to give the new premier time to form a cabinet. At the beginning of the sitting, party leaders declared their adhesion to the state constitution which was framed by the late premier and agreed unanimously on the first and second readings of the documents, it is reported.

FINALLY PASS BILL FOR HOME FOR CHILDREN

Enact Bill Providing That Plumber Must Obtain a License

MANY BILLS PASSED

Provide That Soldiers Be Required to File Papers With County Clerk

By Associated Press.

AUSTIN, March 18.—House bill proposing the establishment of a home for dependent and neglected children and carrying an appropriation of $100,000 was passed finally in the senate today by a vote of 17 to eight. The measure was not amended in the senate and now goes to the governor for approval. Under the terms of this measure, the management of the institution is to be through a board composed of the state superintendent of public instruction, the state health officer and three others to be selected by them.

The bill was favored by Senators E. J. Clark of Fayette, who called up the measure; Paul D. Page of Bastrop, W. R. Cousins of Sabine, and opposed by Senators R. L. Carlock of Tarrant, J. J. Strickland of Anderson and Westbrook of Hunt.

Plumbers Must Have License.

The senate also passed finally house bill which seeks to require plumbers to obtain licenses and stand examinations and to prevent plumbers firms from advertising as licensed plumbers, also passed finally house bill placing tax assessors on a fee basis in assessing taxes in drainage and road districts.

The senate passed finally the bill which seeks to require honorably discharged soldiers to file their records in the county clerk's office. The bill was recalled from the governor so that the emergency clause could be attached and place it in immediate effect.

Other Bills Passed.

The senate also passed finally the following house bills:

Prohibiting the sale of mariguana, a Mexican herb having the properties of opium; proposing service on railroads through joint agents; cutting out statement of cause of action in citation by publication; requiring garages to keep a record of cars repaired, also engine number and prohibiting anyone having a car in his possession when the engine number has been eliminated; removing the present inhibition against the inauguration of litigation on Sundays or legal holidays; to prevent marriage violating a contract made by a feme sole; permitting guardians to execute leases for their wards.

MANY SENATE BILLS ENGROSED BY HOUSE

By Associated Press.

AUSTIN, TEX., Mar. 18.—The house working under a recess from yesterday, passed to third reading a number of senate bills today. This permits final passage of the measures, after adjournment, on the same day.

Among the senate bills engrossed are:

A bill proposing an act to protect those who are engaged in the construction of high buildings by providing standards of safety in scaffolding, etc.

A bill providing that counties of more than 75,000 population be allowed to fix salary of chief probation office at $2,400 a year.

A bill proposing appropriation of $25,000 to supplement the fund provided by the federal government to supply trappers of predatory animals in Texas.

Amend Prohibition Law.

A bill proposing to amend prohibition laws so as to allow the securing of wine for sacramental purposes.

A bill proposing to validate titles to school lands where requirement of settlement was met, but where there were errors in filing. This bill was considerably amended.

A bill proposing that the holder of a mortgaged vehicle may be required to inform holder of the mortgage of the whereabouts of said vehicle.

A senate resolution proposing a constitutional amendment to provide that independent school districts be exempt from the fifty cent tax limit was passed to third reading.

Postpone Garage Bill.

The bill proposing that garages be allowed to remain open on Sunday was postponed indefinitely.

The senate bill proposing the appropriation of $265,000, with the understanding that the appropriation will be supplemented by a like amount from the federal government under the Smith-Lever act, for vocational training and teaching of domestic economies in Texas schools, was engrossed by the house today.

The senate bill proposing that the prison commissioners be allowed to lease prison lands for mineral development was also engrossed in the house. The bill also proposed that the commissioners be allowed to develop minerals, provided they do not expend more than $25,000.

URGE LLYOD GEORGE TO TO POSTPONE RETURN

By Associated Press.

PARIS, Monday, March 17.—A letter signed by President Wilson and Premiers Clemenceau and Orlando, was handed to Premier Lloyd George this afternoon strongly urging him to postpone a fortnight his return to England, in view of the urgency of the problems before the peace conference. Mr. Lloyd George will submit the letter to the British cabinet and will act in accordance with its views.

142 Regiment Not Listed For Return

TRANSPORTS WITH MORE THAN 10,000 SOLDIERS COMING

By Associated Press.

WASHINGTON, March 18—The war department today announced that the transport Alaskan had sailed from France with the field and staff, second and third battalions and companies E, F, G, H, I, K, L and M of the 346th infantry of the 87th Arkansas, Mississippi, Louisiana division. The Alaskan is expected to reach Newport News about March 29. Most of these men will go to Camp Dix.

Units of the 30th (North and South Carolina, Tennessee) and 37th (Ohio) divisions also are aboard transports which the war department today announced as having sailed from France with 370 officers and 10,000 men.

The transport Von Steuben, due at New York March 23, brings casual companies of Texas. The cruiser Montana due at New York March 27, also has on board Texas casuals.

Companies A, B and C of the 312th field signal battalion of the 87th division (Louisiana, Arkansas and Mississippi) is due at New York March 27 on the transport Manchuria.

TANK CORPS ARRIVE ON STEAMSHIP EUROPA

By Associated Press.

NEW YORK, March 18.—Seventy two officers and 1588 men who fought with the tanks arrived here today on the steamship Europa from Marseilles. They comprised the 306th brigade tank corps complete, 66 officers and 1306 men and a detachment of six officers and 282 men of the 305th brigade. They are assigned to fourteen camps and barracks throughout the country.

ESTHONIAN FORCES AGAIN MASTERS OF THE PSVOK FRONT

By Associated Press.

COPENHAGEN Mar. 17.—Esthonian forces are again masters of the situation on the Pskov front according to an official statement issued by the Esthonian army headquarters, which says that the Esthonians have launched a powerful counter attack in that region. In heavy fighting in the Petcher district west of Pskov, Esthonian and Finnish troops have captured a number of villages, the statement adds.

BUSINESS BLOCK AT NACOGDOCHES BURNS

By Associated Press.

NACOGDOCHES, TEX., March 18.—A two story business block on post-office square owned by John P. Davidson, and containing a restaurant, rooming house and pool hall, was destroyed by fire early today causing a loss of $25,000. The origin of the fire is not known.

BASE HOSPITAL AT CAMP TRAVIS IS TO BE DISCONTINUED

By Associated Press.

WASHINGTON, Mar. 18.—Army base hospitals at Camp Custer Mich., and Camp Travis, Texas, are to be abandoned, the war department announced today. They hereafter will be operated as camp hospitals only, and no additional overseas patients will be sent there. The same action soon will be taken with respect to the hospital at Camp Doniphan, Okla.

By Associated Press.

OKLAHOMA CITY, March 18.—Efforts of the people of Oklahoma to obtain the early returned of the 142nd Regiment, formerly a National Guard organization, of the 36th Division, apparently have met with failure. A cablegram from General Pershing, forwarded from Washington by Representative Jim McClintic of Oklahoma, says:

"The 142nd Infantry is not on the priority list for early departure. The War Department will have information as soon as this organization is scheduled for return.

"PERSHING."

There has been considerable agitation for the early discharge of the regiment.

Included in the 142nd Infantry are Companies J and K, recruited in Wichita Falls, and Company I, which was organized at Vernon and in which are several from this place.

AMMUNITION TRAIN OF THIRTY-SIXTH ARRIVES

By Associated Press.

NEWPORT NEWS, VA., March 18. The 111th ammunition train, complete of the thirty-sixth division for Camp Bowie was among arrivals here today aboard the transport Arcadia. Balloon wing companies D, E and F for Langley Field, were also aboard the Arcadia. The battleships Louisiana and South Carolina also docked today with troops.

ENGLAND PREPARED TO DELIVER LARGE QUANTITY OF FOOD

By Associated Press.

PARIS, Monday, March 17.—The British government has indicated immediately upon the transfer of German merchant shipping to the Allies it will be able to deliver the following quantities of foodstuffs to the Germans, the figures being in tons: Bacon, 30,000; condensed milk, 10,000, vegetable oils, 20,000; margarine, 2,000; drippings, 2,000; rice, 35,000; ranyoon beans, 50,000; oatmeal, 15,000; and barley or rye flour, 100,000. This makes a total of 174,000.

The French government is ready to furnish raw materials which will produce 15,000 tons of palm oil and the United States can deliver from stocks in Europe 40,000 tons of cereals and flour. Of the one million tons of food shipped for the relief of Europe since December first American food agnecies all but this amount is pledged for the relief of liberated peoples and can not be diverted. Payment for the food will be made by the Germans in gold or equivalent securities.

SMALL SHOWING OF OIL IN PALO PINTO WELL

Special to The Times.

FORT WORTH, Mar. 18.—The Pennington well of Warner, et al, in the northern part of Palo Pinto county, has a small showing of oil in a twenty-three foot sand according to Tuesday's reports. The depth is 4,165 feet; in the western part of the county the Seaman well of the Roxanna Petroleum Co., has a small showing of oil at 4,020 feet. It is nine feet in the sand.

A report from Cisco says the gas pressure in the Brown well of the Barnsdale Oil Company, seven miles to the southeast, is steadily increasing and it is showing some oil at 3,380 feet. It is now making a million cubic feet.

DEED RECORDED HERE WITH 500 SIGNATURES AND FILING FEE $100

The most expensive instrument ever put on record, so far as the cost of filing was concerned, was filed Monday by the Iron-Land Oil and Gas Development Company with County Clerk Will Harris. The deed contained five hundred signatures, this number of persons conveying Subdivision 11, of the Ward and Todd Survey, in the Sunshine Hill, and cost $100 to file. The consideration mentioned in the deed was $1.

OIL PRODUCTION TAX IS SIGNED AND IN EFFECT

By Associated Press.

AUSTIN, March 18.—The governor today signed house bill imposing a one and one half per cent gross tax on oil production in the state, and as the measure was passed with the emergency clause, it takes immediate effect. Advocates of this measure estimate that the state will derive approximately $2,000,000 annually from this tax.

Senate bill increasing the compensation of clerks of the nine courts of civil appeals to $3,000 annually, and authorizing the employment of a deputy clerk by each clerk at a salary clerk by each clerk at a salary of $1500 a year was also approved by the governor. He also signed house bill fixing the compensation of district attorneys in counties of 100,000 or more at $6,000 a year.

PERSHING PRAISES THE PART TAKEN BY AMERICAN WOMEN

By Associated Press.

COBLENZ, Mar. 17.—Praise for the part taken by American women in the war was expressed this morning by General John J. Pershing, while inspecting five army evacuation hospitals here.

"Without doubt America could not have carried out her part in the conflict as she did if it had not been for the willingness and courage of the nurses and others who came to care for the sick and wounded in France and the loyal support of patriotic women at home," he said.

PROFITEERING IN ROOM RENTS IS DEALT A BLOW

Chamber of Commerce Proposes to Advertise an Agreed Fixed Price

HAVE A BUSY SESSION

Endorse Recently Organized Oil Investors' Association at Meeting Today

A strong blow at profiteering in room rents in Wichita Falls was struck by the Chamber of Commerce at its weekly board meeting this morning, and steps taken that should go far toward removing some of the stigma cast on this city by landlords engaging in the profiteering practice.

The housing committee of the chamber has prepared for publication in local newspapers and in papers published in Dallas and Fort Worth advertisements setting forth in detail the rates charged by the more prominent hotels of this city; explaining the congested situation here; fixing the rates at which the chamber will accept rooms in private residences for listing as rentals, and urging all visitors to Wichita Falls to apply at the chamber before paying an exorbitant room rate.

One Hotel Man Declines.

Only one hotel, the name of which was not made public, declined to confer with the chamber's committee and give publicity to its rates; the others presented a fixed rate schedule that in each instance was accepted by the committee as fair and reasonable, and, to quote a member of the committee who reported at this morning's meeting:

"We propose to make the hotels stand back of these rates, given under the hotel managers' signatures."

The board of directors of the chamber accepted the committee's report, and authorized the committee to give the rates the widest possible publicity.

Endorse Association.

The recently organized Oil Investors Association found ready support from the chamber today. E. G. Swanson, president of the association, attended the meeting, presented the purposes of the association and requested the support of the Chamber of Commerce to the extent of furnishing certain office equipment and office space. The chamber not only voted to give this support, but further authorized the oil bureau of the chamber to draft resolutions endorsing the association's general program and purposes.

C. W. Gilfilland, of the Gilfilland-Fisher refining interests, appeared before the board to explain the organization of the independent refineries of this territory into a permanent body to handle matters of interest to refining men. The problem of discriminatory freight rates is one of especial interest to refiners at this time, and it is probable that the new organization will engage the services of a high-class traffic expert to draft new rate shcedules that will be presented later to railroad authorities. The organization is to hold a meeting in Fort Worth this week. In view of the fact that there are now over 100 independent refining companies in Texas, with Wichitsa Falls having more of these companies than any other two cities in the state, the Chamber of Commerce voted to ask the organization committee of the refiners' association to urge the selection of this city as a permanent headquarters, and the chamber further pointed B. F. Johnson to attend the Fort Worth meeting and invite the refiners, to hold their next convention in this city.

Want Better Train Service.

A delegation of business men from Olney and Newcastle asked the aid of the local chamber in obtaining the restoration of passenger service between Wichita Falls and Newcastle, pointing out that at the present time a mixed train, freight and passenger is the only means of transportation and that the service is unusually poor. A. A. Cooper, of Olney, declared that "we have the largest acreage and the most magnificent grain crops we've ever had, and this freight will offset any lack of passengers, if there should be such a lack." The chamber referred the matter to its traffic committee, with directions to do everything possible to obtain the passenger service asked. Among the Olney men present were E. N. Hunt, O. T. Anderson, J. P. Alexander, A. A. Cooper, and G. H. Roach, with Newcastle represented by W. G. Bailey and E. M. Remington.

After Denver Hospital.

An attempt will be made by the Chamber of Commerce to locate in Wichita Falls a hospital for the employes of the Fort Worth & Denver railroad. At present this hospital is in Fort Worth, but the employes of the road are anxious to see it established here, and their request has resulted in the appointment of a committee to take up the matter with the proper authorities.

Porter A. Whaley and B. F. Johnson were named as a committee to attend the meeting in Dallas next week of the Texas Cattle Raisers' association, and invite that body to hold next years' convention here.

The board also named Judge R. E. Huff and Frank Kell as delegates to the United States Chamber of Commerce's 7th annual convention to be held in St. Louis April 29th, 30th and May 1st.

TAKE NO CHANCES WITH THAT COLD!

Relieve It Quickly With Dr. Bell's Pine-Tar-Honey.

Get that quick relief that brings back the normal "pep" and energy. Don't suffer a minute longer than you actually have to.

There is nothing in Dr. Bell's Pine-Tar-Honey that is not good for you—nothing left out that it ought to contain. Just the ingredients that go right after a cold or cough and speed up relief. Get a bottle today, use some of it tonight according to directions and you will feel better tomorrow. Economical, safe, result-producing.

Dr. Bell's Pine Tar Honey for Coughs & Colds

LIEUT. NASH OF THE CANADIAN ARMY TO BE GUEST OF CLUB

Tomorrow at the Wichita Club Lieutenant C. C. Nash of the Canadian Army will be the club's guest of honor, and will be featured in the program, telling something of the great war as he saw it during 31 months of fighting. Lieutenant Nash has been loaned by the Canadian government to the United States to speak during the Victory Loan campaign, which is soon to begin and he comes to Wichita Falls with glowing recommendations and letters and telegrams of praise from all over Oklahoma, where he has just completed a speaking tour. Arrangements are to be made to have Lieutenant Nash address a public meeting in theh evening. Definite announcement concerning this will be made tomorrow.

Speaks at Frederick.

Lieutenant Nash was at Frederick Thursday night, and the Frederick Daily Leader tells of his talk as follows:

Lieutenant C. C. Nash followed the address of Mr. Sturtevant, and for an hour and a half held the big audience spellbound with the recital of his thrilling experience during the 31 months in which he served with the fighting Canadian army in France.

"Nash exhibited great dramatic power in the recital and vividly portrayed the battles of theh Somme and of Vimy and Passchendale ridge, described the building of wire entanglements and other details of trench warfare, particularly of the early days of the war before the Americans came.

He told of the first gas attack at Ypres when the Germans took the Canadians and English by surprise, and said the gas looked like a green cloud, rolled along the ground and carried back a distance of 15 miles effectually with a favorable wind. He was blown up in theh battle of the Somme and also at Vimy ringe, receiving severe injuries to his hip, from which he still limps and walks with a cane.

Before concluding he took a rap at "50-50" Americanism, meaning Germanism, and said there should be no such thing here, declaring all not 100 per cent Americans should be sent back where they wear wooden shoes and live in poverty caused by a militaristic government.

"We speak of the war being over," he said in closing, "but it is not over. It will not be over until all of your fine boys are back and have the jobs they left when they went away to fight for you. It was the morale at home that gave them the morale to meet and whip the Prussians, and it is your duty now to put them back in the places they had before the war."

CARNIVAL RETURNS FOR A WEEK'S ENGAGEMENT

The J. George Loos and DeKrebo Bros. combined Carnival Shows arrived Sunday on special train and will begin a week's engagement tonight on the circus show grounds.

This company comes direct from the Fat Stock Show at Fort Worth where they met with unprecedented success, this being their third consecutive year there.

Among the many attractions offered will be Al Bartlett's Big Musical Revue consisting of 20 high class musical comedy artists introducing acts which have only recently been seen in the metropolitan cities on the "big time" circuit.

Booger Red and his congress of daring riders, Wonderland Museum, the Big Circus sideshow, Dixieland Minstrels, the Human Spider, the Palace of Illusions, the two headed calf, a gigantic ferris wheel and merry-go-round and a number of new and high class attractions are a few of the many sights to be seen.

The Loos and DeKrebo Bros. shows have been here before and need no introduction, and their slogan continues to remain as heretofore, "quality and decency first."

The grounds will be brilliantly illuminated and a uniformed brass band will give concerts every afternoon and evening.

An idea of the magnitude of this enterprise might be gained when it is known that they carry more than 250 people.

An Australian railroad has 330 miles of track without a curve, the longest straight stretch in the world, and for 1032 miles there is not a tunnel and very few cuts.

Grape-Nuts

A Specialized Cereal Food Builder of Body & Brain

This well planned combination of the best parts of wheat & barley has a delightfully sweet & nut-like flavor.

But the chief reason why you should use Grape-Nuts is for its "building" worth—its real value as a constructor of body tissues for young & old.

Easy to digest, requires no sugar & there's no waste.

"There's a Reason" *for* Grape-Nuts

——See How Spring Radiates From These New Dress Goods!

Perhaps you think you know just what fabric you are going to choose for your new Spring gown. But how COULD one know, if she had not looked through this vast collection of glorious tissues, bewitching weaves, fascinating colorings, pleasing patterns—where every achievement of the loom has its satisfying representation?

Yes; if you have already chosen the sort, it is here—happily in exactly the texture and tint that you desire. If you are still of an open mind, nowhere else can you find a more carefully selected assemblage of the fashionable weaves and wanted colorings.

It will be a real pleasure to show them to you.

A NEW PRESIDENT AND MANAGER FOR WESTLAND HOTEL

John T. M. Johnston closed a deal yesterday with Harry L. Bowman of Muskogee, Okla., by which Mr. Bowman becomes president and manager of the Westland Hotel Company, Mr. Johnston and Mr. Brooks remain as directors of the company. Mr. Bowman has purchased a block of the company's stock and is to be the manager of both the hotel and Westland Restourant Company, being an experienced hotel man, having been associated with J. H. Melton of the Melton Hotel Company, Muskogee, Okla., for many years. He came to Wichita Falls and has invested because he believes in the present and future of this city. He will be a permanent resident of the city and has already inauguaretdd some very desirable improvements in the Westland Hotel.

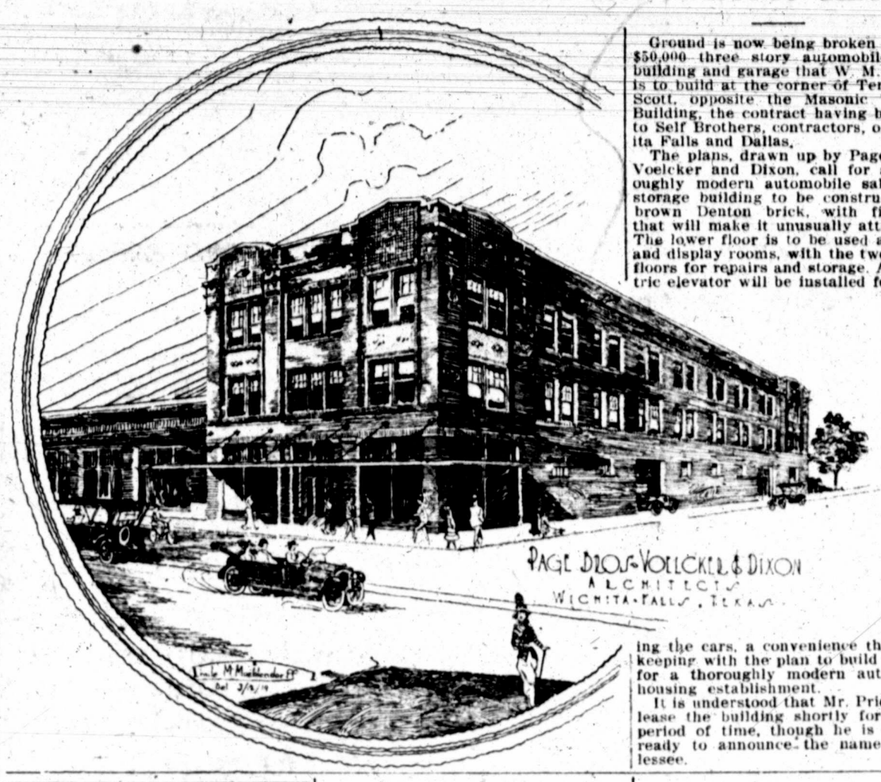

He is now installing a complete barber shop on the first floor with wash rooms, toilets and everything modern and complete. He is also making some distinct improvements in the cafe and restaurant department and has determined upon a policy of popular prices for the dining room of the hotel as well as for the cafe. He believes that the business will best be conserved and improved by making reasonable and popular prices for the dining room of the hotel as well as for the cafe.

The present manager of the hotel has ordered a new Otis elevator of the latest pattern which will be installed within the next ten days. He has also made a contract for the placing of modern fire-escapes from each of the buildings which the Westland Hotel Company owns, the hotel proper and the Westaland Cafe formerly known as the Higgs building. Mr. Bowman intends to become a member of the Chamber of Commerce and become identified with all institutions that promote the welfare of the city.

Mr. Bowman has been for years one of the leading citizens of Muskogee. He is a Knight Templar and Scottish Rite Mason, also a Shriner and member of the Elks. Mr. Johnston has made this deal and several others recently with the view of returning to Missouri and running for the United States senate.

BUILDING TO BE ERECTED BY W. M. PRIDDY ACROSS TENTH FROM MASONIC TEMPLE

Ground is now being broken for the $50,000 three story automobile sales building and garage that W. M. Priddy is to build at the corner of Tenth and Scott, opposite the Masonic Temple Building, the contract having been let to Self Brothers, contractors, of Wichita Falls and Dallas.

The plans, drawn up by Page Bros., Voelcker and Dixon, call for a thoroughly modern automobile sales and storage building to be constructed of brown Denton brick, with finishing that will make it unusually attractive. The lower floor is to be used as sales and display rooms, with the two upper floors for repairs and storage. An electric elevator will be installed for moving the cars, a convenience that is in keeping with the plan to build a home for a thoroughly modern automobile housing establishment.

It is understood that Mr. Priddy will lease the building shortly for a long period of time, though he is not yet ready to announce the name of the lessee.

SOCIAL ITEMS

CIRCLE NO. 3 MEETS WITH MRS. GRISHAM

Circle number three of the Missionary Society of the M. E. Church South met at the home of Mrs. W. J. Grisham 2201 Tenth Street, Monday afternoon, with Mrs. C. W. Gillman joint hostess with Mrs. Grisham. Mrs. Felder was leader while Mrs. Faulk had charge of the devotional. After the business meeting the fourteen members enjoyed a social hour during which light refreshments were served.

WELFARE AND HUMANE SOCIETY IS TO MEET

The monthly meeting of the Wichita Welfare and Human Society will be held at the Kemp Public Library Thursday afternoon. In order to have a report from the hMatron at the Station, the hour will be 3:30. All interested in the good work of the community service are urged to attend.

MR. AND MRS. M'KINZIE ENTERTAIN WITH DINNER

Mr. and Mrs. John G. McKinzie entertained with a six o'clock dinner Monday evening in honor of their third anniversary. The reception rooms were beautiful in their decorations of crimson carnations and fern. The center of the table held tall silver candle holders with green shades, and carnations were again used in the dining room.

A delightful six course dinner was served. Those present included Mr. and Mrs. R. O. Grant, Mr. and Mrs. McKinzie, Mr. Edmunds and Allen Brice of Electra.

Tribe of Ben Hur.

All members are asked to be present at our last meeting in the old I. O. O. F. hall, March 21, Friday night.

AMUSEMENTS

EVELYN NESBIT PLAYS AT EMPRESS THURSDAY

Long-haired men and short-haired women are reputed to dwell in Greenwich Village, the Bohemia of New York City. It is the quaintest part of the big metropolis.

One may discover whether all the queer stories told about Greenwich Village are true, if one goes to see "Woman, Woman!" the William Fox photoplay which will be at the Empress Thursday. The village forms the setting of the greater part of this story of love and adventure in which Evelyn Nesbit is starring. The brilliant star appears in this picture as a young girl who is mystified by the strange views and strangers manners of the people of Greenwich Village. She does not allow their radical doctrines to creep into her sound principles.

Only when her husband becomes critically ill, and their small savings give out, does she recall what Greenwich Village had taught her. She obtains money in the only way open to her, and as a result her husband, whose life she saves through her sacrifice, ejects her from his home, and forbids her to enter it again.

All That's New in Blouses for Spring

Attrctive New Models Are Most Attractively Priced

New Welworth Blouses
on Sale Tomorrow

Just as the WIRTHMOR represents the very ultimate in real Blouse value that can be obtained at the price at which it is sold, so too does the WELWORTH at a slightly higher price offer the utmost in genuine Blouse Worthiness. The same direct, efficient and economical plan that accounts for the one, also explains the reason for the other. You'll be delighted with any Welworth you buy and surprised to learn that so much in good Style, quality fabrics and service value can be obtained for so modest a sum.

$2.50 *The Same Known Uniform price here and everywhere*

This is a day of co-operative endeavor, and the more intimately we can co-operate with the producers of the things we sell the better can we serve our patrons. Our very close and cordial co-operation with what we confidently believe to be the largest manufacturers of ladies Waists in America, is merely evidence of our desire to avail ourselves of any method that is more direct and economical; that eliminates needless expense and makes greater values possible.

Tomorrow's
"Wirthmor Day"

A new allotment of these nationally-known and nationally favored Wirthmor Waists will go on sale tomorrow.

$1.50 *The Same New Styles at the same low price the nation over*

Because of the many great economies of the Wirthmor Plan Wirthmor Waists always represent the very maximum of value at the price, such values as you would ordinarily expect to find only in more expensive models, and that always make them true to their name WORTH MORE.

Wirthmor and Welworth Waists can be sold in just one good store in every city and they are

BETTER FACILITIES REQUIRED

The sanitary department of the city of Wichita Falls has found itself swamped in the performance of its service by the greatly increased demands made upon it. These demands have increased enormously but the sanitary force has not been increased. More money must be spent for this work if it is to be adequately performed and it is in the interest of public health that this work be performed efficiently and promptly.

For several years the city has been furnishing men and teams to haul off trash and slops making a very low charge for this service to those for whom it has been performed. This has been a proper and satisfactory way of handling the situation. But within recent months this work has increased many times. The cost of performing the service too has greatly increased but the city has not increased its charges. In the interest of efficiency the city ought without delay to increase its fees and at the same time increase its force. This work must be performed and performed promptly. The city can handle it more economically and more satisfactorily than individuals themselves and everybody ought to be willing to pay a reasonable charge for the service. As it now is garbage is commulating in the alleys and paper and other debris blow about the streets because of the inability of the sanitary department to handle all the load that has befallen it.

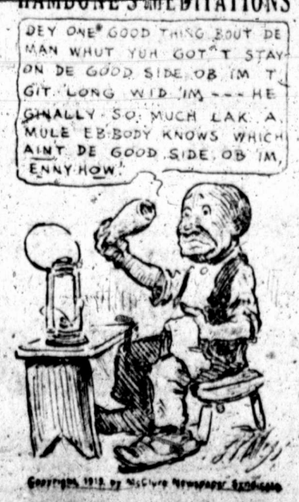

STRIKE IS TESTING PATIENCE OF THE PUBLIC.

There is hope that the differences between the Wichita Falls Traction Company and its employes will soon be settled and that the street cars will resume service. Each side, it is said, is prepared to make concessions in order to meet the views of the other so that an understanding can be reached and service to the public resumed.

While the public has been patient in this matter and has not brought pressure against either the company or the men, believing a mutual understanding would be reached, there has been real inconvenience to many and loss to some. The public is now becoming impatient and is asking for service.

The bill to place all public utilities in Texas, except those owned or controlled by municipalities, under control of the state railroad commission was defeated in the legislature Saturday. The effect of this bill would have been to take from the people of various communities the regulation of their public service corporations. While it is true that the people of many communities might receive better service with their utilities under control of the state railroad commission to have enacted this law would have been in effect depriving them of a considerable measure of local self government. There are still a lot of old fashioned folk who believe that every community ought to have as large a measure of local self government as it is possible for them to exercise. If they fail to handle their affairs it is not then necessary to go far to place the blame.

HAMBONE'S MEDITATIONS

Bedtime Stories

(By Howard R. Garis)

Uncle Wiggily and Alice Wibblewobble.

"What are we going to have for dinner today, Nurse Jane?" asked Uncle Wiggily Longears, the bunny rabbit gentlemen, of his muskrat lady housekeeper in the hollow stump bungalow one morning after breakfast.

"Oh, something nice," she answered.

"Everything you cook is nice, Nurse Jane," said Uncle Wiggily, with a low and polite bow of his tall silk hat. "But could you give me some pear pudding with cranberry sause on; do you think?"

"Of course, I could," answered the muskrat lady. "I have some nice tin cans of pears down cellar. I'll bring one of those cans up, open it, take out the pears and make them into a pudding. Then I'll sprinkle cranberry sauce over it."

"How fine that will be!" cried Uncle Wiggily. And then he began getting ready to take a hop out in the woods, so he might be extra hungry for the pear pudding. But, all of a sudden, Nurse Jane said:

"Oh, Uncle Wiggily! I forget! I can't give you the pudding with cranberry sauce after all!"

"Why not?" asked the bunny, apprehensive like.

"Because I haven't any can opener to cut the top off the tin can, and get out the pears," answered the muskrat lady. "I meant to get a can opener when I was in the five and ten cent store yesterday, but I forget it. Now, alas! you can't have any pear pudding!"

"Oh, yes, I can!" exclaimed Uncle Wiggily. "I'll go to the store for you myself and get a new can opener. Then I'll hop home, open the can, and you can make the pudding."

"Well, if you'll get the can opener everything else will be all right," spoke Nurse Jane.

With his tall silk hat on his head, to keep his ears from freezing, for it was not yet quite spring, and limping on his red, white and blue striped rheumatism crutch, which Nurse Jane had gnawed for him out of a cornstalk, Uncle Wiggily began to hop toward the five and ten cent store. And his pink, twinkling nose ran ahead of him all the way, to be sure and get there first.

Uncle Wiggily had no trouble at all in getting a fine, sharp can opener. And with it in his pocket he started back toward his hollow stump bungalow, thinking, on the way, how good the pear pudding with cranberry sauce on would taste after Nurse Jane had made it.

And, all of a sudden, as the bunny rabbit gentleman was hopping along, he heard, from somewhere in the woods, a voice saying:

"Oh, dear! Oh, dear! What a terrible thing to have happen! Oh, I'm sure I shall never see Lulu or Jimmie, or even my dear Uncle Wiggily again! Oh, what shall I do?"

"Ha! Hum! Why, that must be some one I know, or who knows me!" said Uncle Wiggily softly. "I only hope it isn't the Pipsisewah, the Skuddlemagoon or the skillery-scalery alligator with the double-jointed tail. I must be very careful!"

So Uncle Wiggily looked around, but all he could see was a tin box on the ground. I was the kind of tin box that fancy cakes come out of at the delicatessen store.

"Ha! There must be some one in that tin box!" thought Uncle Wiggily. "It isn't big enough to hold the Pipsisewah, or any of the bad chaps who chase me. I'll find out who it is." So he asked: "is any one in trouble in that tin box?"

"Yes, I am!" answered a sad little voice.

"And who are you?" Uncle Wiggily wanted to know.

"I am Alice Wibblewobble, the duck girl," was the answer. "Don't you know my quack?"

"No," said Uncle Wiggily, "I don't. But then as you are shut up in a tin box your voice sounds far away and down-cellary like. But what happened to you?"

"Oh, I was going over to the house of Mrs. Longtail, the mouse lady, to borrow some corn meal," said Alice, speaking from the box, "when the bad fox caught me, and shut me up here. He jammed the cover on so tight that I can't get it open, and I can get out, and the bad old fox will soon come back to carry me away and——"

"Ha! But when he does come back you will not be here," said Uncle Wiggily, jolly like.

"Why not?" asked Alice.

"Because I'm going to cut a big hole in that tin cracker box with the new can opener I have just bought," laughed Uncle Wiggily, "and then you can easily get out."

Quickly he cut a hole in the tin box, as he could not raise the cover, and out of the hole popped Alice. Then she and Uncle Wiggily ran away before the fox came back.

"Thank you for saving me, Uncle Wiggily," quacked Alice.

"Oh, don't thank me, thank the can opener," laughed the bunny. And he gave Alice some of the pear pudding which Nurse Jane made a little later. And, if the molasses jug doesn't feel so stuck up that it won't speak to the fly paper at the moving picture show I'll tell you next about Uncle Wiggily and the stove pipe.

WATKINS VS. HARDIN SUIT SETTLED BY COMPROMISE

The suit of F. H. Watkins against E. E. Hardin, to establish title to a one-half interest in two and one-half acres in the Dubose survey at Burkburnett and to collect $200,000 damages, was settled by compromise in the 78th district court this morning. Hardin agreeing to $1,850.

The suit was the outgrowth of a former partnership between Hardin and Watkins, the former claiming the land involved had been deeded to him outright and settlement or the legal action centering around this particular point.

CONTEST ON OVER THREAT OF BREWERS

(Continued from Page 1, Part 1)

beer" defined by the revenue officials as a less than one half per cent alcoholic beverage the manufacturers have been making the 2¾ per cent product under government permission coupled with a requirement that it be reduced to the "near beer" standard before it was sold or delivered.

QUESTION SUBMITTED TO DPUARTMENT OF JUSTICE

By Associated Press.

WASHINGTON, March 18.—Whether the internal revenue burea has authority to enforce its rule against the sale of beer containing one half of one per cent or more of alcohol will be put to the department of justice. Internal revenue commissioner Roper today decided to ask for an opinion on the subject.

The question was raised by announcement of New York brewers that they would resume manufacture and sale of beer containing not more than 3¾ per cent alcohol, considering this non-intoxicatin.

Commissioner Roper discussed the subject today with deputies of the bureau in charge of enforcing liquor laws but found that various laws and food administration regulations were so complicated that a legal opinion would be necessary before he decides whether to enforce the bureau's ruling. This morning promulgated recently permitted the manufacture of beer containing not more than 2¾ per cent alhocol but provided that before sale the alcohol content must be reduced to not more than one half of one per cent.

Revenue bureau officials explained today that the one half of one per cent limit prescribed by that rule was based on precedent and on court decisions of a number of states. State laws and regulations vary, however, and Commissioner Roper said he knew specifically of no deferal law or court decision prescribing one half of one per cent as the limit of alcohol content for non-intoxicating beer.

As soon as the officials of the revenue and the department of justice have rendered decisions, Commissioner Roper will decide what course to pursue. If it is decided to enforce the one half of one per cent rule revenue officers will be charged with prohibiting the shipment of beer containing more alcohol from the brewery.

SPORTING NEWS

GROVER ALEXANDER IS ENROUTE HOME SAYS CABLE FROM PERSHING

By Associated Press.

CHICAGO, March 18.—"Alexander has left station en route to the United States." This cablegram signed by General Pershing, commander of the American army, gave first definite news today that Grover Cleveland Alexander, premier pitcher of the national league, was on his way home to join the Chicago nationals.

FRED FULTON ANNOUNCES RETIREMENT FROM RING

By Associated Press.

LOS ANGELES, CALIF., March 18.—Fred Fulton, heavyweight boxer, last night announced his retirement from the ring. He said he cancelled a bout scheduled for San Francisco with Jeff Clark, the "Joplin Ghost," and other matches and will leave Saturday for Minneapolis. He stated his intention was to sell his home there and buy a farm.

CLEVELAND PLAYERS ARE EN ROUTE TO NEW ORLEANS

By Associated Press.

CLEVELAND, OHIO, March 18.—The second squad of the Cleveland baseball club left here last night for the training quarters at New Orleans. The party left here in charge of Walter McNichols, road secretary of the club. Several others will join the party en route or go direct from their homes.

DAVE SHEAN HAS SIGNED CONTRACT WITH BOSTON

By Associated Press.

BOSTON, March 18.—Dave Shean, second baseman for the world's champion Boston Americans, has signed a contract after having been at odds with the management on salary questions.

"Babe" Ruth, crack pitcher and pinch hitter of the club, was still unsigned Monday, but Secretary Graver said a conference was to be held with him late in the day.

CELEBRATE BIRTHDAY OF GROVER CLEVELAND

By Associated Press.

NEW YORK, Mar. 18.—The eighty second anniversary of the birth of Grover Cleveland, was celebrated here today with public exercises under auspices of the Grover Cleveland Association of which George F. Parker, who was President Cleveland's secretary, is the president. At noon there was a memorial service at St. Pauls chapel in lower Broadway.

At the exercises addresses were made by Judson Harmon, formerly governor of Ohio, Major General Leonard Wood and Chief Magistrate William McAdoo.

If Your Head

Aches or you have dull pains in the back of the neck or through the shoulders, it would be wise to consult some competent optometrist about your eyes, for experience, as well as science, has taught us that the eye is responsible for many of these troubles. Our optical parlor is equipped with the very latest instruments for making scientific examinations of the refractive errors. We also put the muscles in perfect condition. Remember we use no prisms and we give more vision with Toric lenses.

NATIONAL BANK OF COMMERCE
WICHITA FALLS, TEXAS
Capital and Surplus
A QUARTER OF A MILLION DOLLARS

THE BASIC PRINCIPLE

A bank is no different from any other business institution—its success depends upon service. It thrives only as its customers thrive, and it must develop and maintain sound business methods, together with a willingness to cooperate efficiently and promptly with its customers.

The fundamental principle of the service of the National Bank of Commerce is that the best interests of our customers must under all circumstances come ahead of every other consideration.

We are equipped to render every form of commercial banking service which the most exacting patron may require and, above all, to render it with individuality. Your account, whatever its size, will be welcomed.

"Our Service makes Friends and Keeps them"

The Brunswick
ALL PHONOGRAPHS IN ONE

Gives instant and conclusive evidence of its tone superiority, even your ear detects the difference. This betterment is due to the Brunswick method of reproduction, which includes two new ideas—the Ultona and the all-wood Tone Amplifier.

The Ultona plays all records at their best, whatever make.

Just a turn of the hand and the Ultona presents to each type the proper weight, diaphragm and needle, according to its exact requirements.

Perfect reproduction is followed by perfect tone development through the new all-wood Tone Amplifier.

No metal is used in its construction.

Investigate the Brunswick before you buy; a visit to our store will give you new standards by which to judge.

Prices from $32.50 up. Easy terms if you wish.

OIL DEVELOPMENT

WELLS IN ABILENE TERRITORY SHOWING BUT LITTLE CHANGE

Special to The Times.

ABILENE, TEX., Mar. 18.—No special developments were indicated in wells in the Abilene section during the past week, according to reports compiled Saturday.

The Andy Uban well is reported to b edrilling at between 1800 and 1900 feet, though this is not official. Considerable leasing is reported in the neighborhood of this well, which is only a short distance southeast of the city.

The Fort Phantom Hill well fourteen miles northeast of Abilene, is underreaming at between 1500 and 100 6feet. Little drilling was done during the week. An official of the company stated that ten inch casing will be put down to 3500 feet in this well, which will go to 5000 feet if necessary in order to tap oil. Drilling Dwill be resumed Monday, it was stated Saturday.

The Gulf-Humble-Wood well, northeast of Abilene, is drilling at 2180 feet in hard, black lime. Samples of the formation in which the drilling is at present going on have been brought to the city. They show a black powdery looking substance which apparently partakes of oil. Prospects that oil will be discovered in that well are reported good by local oil men.

The Kepley & Bright test northwest of the city is drilling at 1900 feet in blue shale. There have been no new developments in this well recently.

The new test on the Raymond Ortez tract of land near apsC will probably be spudded in this week. The rig has been erected an everything put in shape for early drilling, it was stated Saturday.

Material for the deep test on the Tom Cross land, near Coats Switch, in the Cedar Gap-Buffalo Gap mountains is expected to arrive during the present week. Considerable excitement has been created in the Tuscola, Buffalo Gap and Iberis sections. People in that section wished for an exploitation of their section for some time, but this is the first real test to be put down in that immediate section.

LUBBOCK REPORTS PAYING WELL AT A DEPTH OF 420 FT.

Special to The Times.

LUBBOCK, TEX., March 18.—R. I. Murray, president of the Lubbock-Slaton Oil Company is authority for the report that oil was struck in paying quantities at 420 feet in the Lubbock-Slaton Oil Company's well No. 1, Rogers and Holcomb are the drillers of this well; they have been responsible for some of the best wells in this field.

S. E. KEMPNER IS HERE LOOKING AFTER INTERESTS

S. E. Kempner, junior member of the firm of H. Kempner of Galveston and heavily interested in Wichita county lands, is here from Galveston to spend a few days looking over the interests of the firm. Mr. Kempner, with W. S. Curlee, the local manager of the Dale Ranch, went this morning to visit that property. The Kempners are also interested with J. A. Kemp in oil and farm lands in this vicinity.

LAWRENCE C. HEYDRICK

"Boys Talked About"

Lawrence C. Heydrick was born in Texas, in the year of the oil industry in this state. He was reared in an oil country. The oil excitement of the pioneer days of the Pennsylvania fields and the original excitement of that state. Mr. Heydrick began working with his father when a boy of 15. He was there with several companies operating in the Pennsylvania, Ohio and West Virginia fields, resigning in 1906 to engage in business for himself in the contracting, leasing and producing business throughout Virginia, Ohio, Illinois and Oklahoma. He has been in Texas for the last seven years, acquiring leases in the North Texas fields, and at this time is perhaps the largest individual holder of leases in Stephens, Eastland, Comanche and Brown counties. He further drilled the first well in the Creek nation at Red Fork, Okla., in 1901, on a 560 (0 acre lease which included what is now the Cushing and Glenn pools. This lease was withdrawn by the secretary of the interior on account of it being recorded Indian land and the Indians had no power to give a lease on it. Mr. Heydrick is a joint owner in the firm of Montgomery, Heydrick & Shaw, producers in Burkburnett, Electra and in Oklahoma. He also operates in leases and is in the Burkburnett field and is interested as a member of other drilling wells. The firm has just purchased a half interest in the Panhandle Refining company at Wichita Falls.

For choice close up leases out of block 102, Vancleave lands, see W. M. Priddy, 408 Kemp & Kell. Phone 71. Residence phone 1756. 216-tfc

RUMORS CURRENT OF LARGE DEALS IN THE BURKBURNETT FIELD

Rumors continue to go the rounds that the Standard Oil Company or some of its representatives are making efforts to obtain control of the majority of the production at Burkburnett, and some of these rumors even go so far as to tell of money put up as an earnest, though the identity of purchasers and purchased continues graveyard stuff as far as publication of the details is concerned. However there are at least two transactions now under way, by which acreage and production will be transferred from local people to eastern capital, at a very good figure, and one which will compare very favorably with the Marine sale, though the deals are not finally closed at this time, and may not be for a week or more.

REMIND CITIZENS THAT COMING WEEK IS "CLEAN-UP WEEK"

Citizens of Wichita Falls are urged by the Civic League to remember that next week is "clean-up week" in this city, and to prepare for a general drive against dirt. The city has promised its co-operation, and will provide wagons with which to haul away all trash collected in the alleys of the residential district.

"It's up to every citizen to remember the week and the work it will bring," Mrs. T. B. Smock, president of the league, said today. "We want to make Wichita Falls a duplicate of the famous Spotless Town of advertising fame, and we can do it with the proper co-operation of all citizens."

GOLDEN CYCLE OIL CO. DRILLING AROUND 1050

The Golden Cycle Oil Co., in which Dalhart citizens are largely interested is reported down 1050 feet on its ten acre lease in the northwest corner of the northeast quarter of block 75 northwest of Burkburnett.

The company is capitalized at $50,000. S. T. Smith of Dalhart is president of the company and C. W. Delp of Dalhart is trustee, Barkley and Meadows are the drilling contractors. The location is about half a mile southeast of the Thrift No. 2 well. The stock in this company was sold in a short time after placed on the market and practically all of it was sold to Dalhart people.

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your druggist, and get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

PLANNING TO LET CONTRACT TO BUILD FIRST 20 HOUSES

Within a week it is expected that contractors will be invited to bid on the construction of 20 of the new homes to be built by the Wichita Falls Housing Corporation, according to a statement made today by B. F. Johnson, vice-president and general manager of the company. Applications have been coming in steadily, from men and women who desire to become permanent citizens of Wichita Falls, and to own their homes here. A large number of railroad men have filed applications, and the plans of the company appear to be meeting with the general approval of industrial workers throughout the city.

The legal firm of Kay, Akin and Weldon this morning subscribed an additional $500 to the stock of the building corporation, and it is not believed serious difficulty will be encountered in raising the $100,000 desired.

WOMEN NEED SWAMP ROOT

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghampton, N. Y., for a sample bottle. When writing be sure and mention the Wichita Falls Daily Times. (Adv.)

Market Report

COTTON MARKET

By Associated Press.

NEW YORK, March 18.—The cotton market was nervous and irregular at the opening today. First prices were 13 points lower to two points higher on new style months and 25 to 115 points lower on the old style under overnight selling orders. The tone was steady at the decilen, however, with buyers encouraged by reports of further rains in the eastern belt and continued favorable advices from the goods trade and prices soon rallied several points from the lowest. New style may sold up from 24.50 to 24.63, or within two points of last night's close while October rallied from 21.50 to 21.60. Increasing irregularity is expected in old style months as the interest narrows and after selling at 23.65 on the call, old style May rallied to 23.95.

There was Liverpool and southern buyers on the advance to 24.90 for new style May and 21.80 for October, or about 20 to 25 points above last night's closing. General business was quiet, however, and the market was dull during the middle of the day with prices several points off from the best under realizing.

The market was easier during the afternoon under scattered local selling and liquidation which was attributed partly to reports of clearing weather in the south. New style May sold off to 24.31 and October to 21.28, making a net decline of 32 to 44 points.

Cotton closed steady.

New Orleans Cotton.

NEW ORLEANS, March 18.—Old contract positions were stagnant in the early trading in the cotton market today and showed no trend wotrh recording. New contracts were easy under selling based on better weather conditions in the cotton region, although rain was again reported in the eastern belt. At the end of the first half hour of business new contracts were 15 to 30 points off.

Prices recovered and went 10 to 14 points over yesterday's close on the strongest old contract months and eight to 15 over on the new contracts. At noon the market was again off, showing net declines of seven to 15 points on the old contracts and 15 to 21 points on the new.

Cotton closed: Old irregular at a decline of 39 to 60 points and new irregular at a decline of 46 to 59 points.

Liverpool Cotton.

LIVERPOOL, March 18.—Cotton spot in moderate demand; prices easier. Good middling 16.31; middling 15.68; low middling 14.63; good ordinary 13.01; ordinary 12.58.

Sales 2,000 bales, including 1100 American.

Receipts 21,000 bales, including 17,100 American.

Futures closed steady: March 16.48; May 14.30; July 13.86; September 13.34.

LIVESTOCK

Fort Worth Livtstock.

FORT WORTH, March 18.—Cattle: receipts 1100; unchanged. Beeves $8.50@14.00; stockers $8.00@13.00; cows $4.00@10.50; heifers $5.00@12.00; bulls $7.00@9.00; calves $4.50@13.00.

Hogs: receipts 1500; 10c higher. Heavy $18.25@18.50; medium $17.75@18.25; light $17.50@18.25; mixed $15.50@17.50; common $11.50@11.50; pigs $9.50@14.75.

Sheep: receipts 500; steady. Lambs $15.00@17.00; yearlings $13.00@14.00; wethers $12.00@13.00; ewes $10.00@12.00; culls $.50@10.00; goats $5.00@7.00.

Kansas City Livestock.

KANSAS CITY, March 18.—Hogs: receipts 13,000; strong to 10 higher. Bulk $18.50@19.00; heavy $18.60@19.10; light $18.25@18.90; pigs $15.75@18.25.

Cattle: receipts 9,00; no southerns; firm. Prime fed steers $18.00@19.00; dressed beef steers $12.00@18.00; southern steers nominally $7.00@13.00; cows $9.00@14.65; heifers $10.00@15.00; stockers $12.00@16.50; calves $10.00@14.50.

GRAIN AND PRODUCE

By Associated Press.

CHICAGO, March 18.—With the visible supply of corn one of the smallest on record and with greatly increased European demand in prospect for foodstuffs the corn market today showed decided fresh strength. Opening prices which ranged from the same as yesterday's finish to 1¾ higher with May $1.42 to $1.44 and July $1.35½ to $1.36¼, were followed by a moderate sag but then by a general advance higher than before.

Oats sympathized with the upturn in corn. After opening ⅛ to ⅝ higher with May .64@.64¼, the market continued to ascend.

Provisions scored maximum gains.

Subsequently reports of the virtual settlement of the shipping strike at Buenos Aires brought about weakness and so too did word that an important conference was to be held as to hog prices. March nevertheless continued firm. The close was unsettled 1¼ net lower to 2½ advance with May $1.42½ to $1.42⅝ and July $1.34¾ to $1.35.

Under commission house selling pork and ribs eased a little but lard held tightly at top figures.

	OPEN	HIGH	LOW	CLOSE
CORN—				
March	1.54⅝	1.57¾	1.54⅝	1.56

NEW YORK STOCKS

By Associated Press

NEW YORK, March 18.—The uncertain conditions which characterize yesterday's dealings, were still in evidence in this morning's opening. Gains of one to three points in such specialties as Industrial Alcohol, California Packing, United Cigars and Atlantic Gulf were balanced by recessions of similar extent in several of the leading motors and their subsidiaries, also Hide and Leather preferred and minor metals. U. S. Steel moved within restricted limits and rails registered only nominal changes.

Shippings attracted attention during the intermediate session, marine preferred, Atlantic Gulf and American International showing extreme gains of two to 3½ points. Rails and utilities also made moderate gains and National Biscuit reported the high grade specialties at a seven point advance.

The general list derived its only support in the last hour from a temporary inquiry for investment rails, other leaders reacting one to four points. The closing was irregular.

Final prices on Liberty bonds today were: 3½'s 98.90; first 4's 94.24; second 4's 83.74; first 4¼'s 94.36; second 4¼'s 92.74; third 4¼'s 95.06; fourth 4¼'s 93.78.

TOO LATE TO CLASSIFY

CIVIC LEAGUE AND INDIVIDUALS SWELL RELIEF FUND TOTAL

Several donations of respectable size, including one of $100 from the Civic League, another of $20 from the New Century Club, and a subscription of $33 collected from the employes of the American Refining Company by O. B. Manross, the superintendent, have been received by the local committee on Armenian and Syrian Relief, W. R. Duke states today. There is also more interest and several additional subscriptions from individuals who have given small amounts previously, but who have read the stories of great suffering, that the Associated Press has carried recently, and ahve been touched.

Iowa Park sent in $707.25, Mr. Duke states, as much as Burkburnett and Electra have raised together. Burkburnett has so far raised only around $300, and Electra about $400. Mr. Duke was in Electra Monday and secured the pledge of C. W. Coffey, J. A. Wise and I. K. Williams that they would see that money to make Electra's quota of $1,000 would be raised today. H. C. Cooper and R. E. Shepherd plan to work Burkburnett in a day or so. The banks are still receiving subscriptions, and the plea is made that voluntary donations be made, until $25,000 is secured.

OIL LEASES.

We have the best oil leases in all fields of Texas and Southern Oklahoma. Let us know your wants. We are on the ground and can give you the best investment for your money. List with us if you want to sell.

DAIRYMAN PURCHASES REGISTERED SHORTHORN CALF

J. M. McGrath, who owns a large herd of dairy cattle on his farm near Wichita lake, returned today from the fat stock show at Fort Worth bringing with him a pure-blooded, registered Shorthorn calf. Mr. McGrath paid a fancy price for the animal, which was raised at Grand Prairie by Vincell & Wilson, and intends to make him the head of his herd here.

"There is going to be a big demand for pure-bred dairy cattle, now that the war is over," McGrath declared to a representative of The Times, "and breeders of dairy cattle in this section of the country ought to get their share of the good profits if they make a serious attempt to improve their stock. This particular territory hasn't been famous as a cattle country, since the old Texas longhorns passed out, but there is no reason why the breeding of high grade dairy cattle shouldn't become a live industry here."

Why Prices Go Up and Down

Much Livestock, Few Meat Buyers; Meat Prices Fall

Little Livestock, Many Meat Buyers; Meat Prices Rise

This shows why prices fluctuate. The number of animals shipped to market varies from week to week. The demand for meat also changes frequently, and often unexpectedly.

This means that live-stock prices and wholesale meat prices change from day to day. Competition determines prices so that the supply on hand at any one time is just taken up by the demand.

Swift & Company doesn't like these price changes. We have to use the utmost skill in buying and selling in order to get our average profit of a fraction of a cent per pound of meat.

SENATOR REED CONTINUES HIS FIGHT ON PLAN

Renews Criticism of League In An Address Before the Missouri Legislature

DISTRIBUTES CHARTER

Declares Tentative Constitution Is of British Origin and Like Spider's Web

By Associated Press.

JEFFERSON CITY, MO., Mar. 18.—The Missouri legislature in joint session today heard an address by United States Senator Reed of Missouri in criticism of the league of nations constitution.

Reiterating contentions that the league would impair American sovereignty, abrogate the Monroe Doctrine, violate the American constitution, create a "super-government of the world" and force the United States into world-wide difficulties and policing obligations, Senator Reed challenged assertions of its advocates that the league's decrees and powers would be merely advisory. He insisted that its action would be mandatory and involve "command of the world."

"There are a number of advocates of the league," said Senator Reed, "who seek to protect it against the indignation of the American people by arguing that the council has only 'the power to recommend' and that it is then optional with the several nations to comply or to refuse to comply with the recommendation.

Question of Armed Force.

"Let us examine that miserable argument. If it be a true statement then the league is backed by no force whatsoever then the league is an inocuous thing. Why multiply so many words about armies an ndavies and force if there is to be no force?

"If however, it is contended that the obligation is morally binding then indeed we are worse off, because the United States will keep its moral obligations whereas some other nations might not.

"All these contentions were utterly destroyed by the president, who when he presented the league constitution to the peace council, expressly stated: 'Armed force is in the background of this program, but it is in the background and if th emoral force of the world will not suffice the physical force of the world shall.'

Analyzes League Charter.

In detail Senator Reed analyzer the league charter, copies of which he had distributed to all members of the joint legislative session. Declaring that the tentative constitution was of British origin he asserted that America would be directly entangled in European alliances and added:

"European diplomats have skillfully woven their spider's web so that we may be caught in its meshes and may be bound for all time to send our gallant sons to assist the dominant nations of the earth in policing the world, ultimately to assist some of them in the ambitions for powers or quarrels over territory."

Asserting that the league charter contains no provision for withdrawal of nations from the league, Senator Reed continued:

Designs on United States.

"Those conceived its structure did not intend to allow the United States to escape, once it should fatefully step within the entangling web.

"The American people were told that the constitution of the league had been conceived by American representatives and was being forced an reluctant Europe. It now transpires that the entire scheme frgom first to last, with some slight modifications, is the product of British statesmanship."

This might account for the fact that Great Britain would outvote the United States five to one and be allowed to retain her fleet. The executive council feature of the plan was attacked especially the senator.

Objects to Authority.

"We thus create an oligarchy clothed with more arbitrary powers than were ever wielded yb any despot on earth," he said. "Here is a tribunal of five men, without any limitations whatsoever upon their authority, against whose decision, once rendered there is no appeal save to armed force. Against the abuse of their power there are neither checks nor safeguards. If this be not a creation of the very command of the world then the language of agreement can not create powers."

Senator Reed said there was wide public misconception of the league and that a majority of the people do not read the proposed constitution.

"The misapprehension thus threatened," he said, "has been recently fostered by certain distinguished men who have fortified their arguments by characterizing all those who opposed them as narrow-headed, pygmy-minded. It has even been suggested that those who venture to inquire ought to be hanged upon gibbets as high as Heaven but pointed in the opposite direction.'

Says Questions Are Great.

"The questions involved are too great to be settled by the mere calling of names."

Citing questions which would be brought before the league, Senator Reed said that among them might be a grant by Mexico of land to Japan, or sale by Colombia of land to some foreign power which could erect a fortress to command the Panama Canal.

The disarmament provisions of the league charter the Missouri senator asserted woul dgive the executive council absolute power to limit American armament. He added:

"We may be beleaguered by enemies. What the armies of destruction may be gathering about us, yet unless we can gain the consent of the five masters of the world (the executive council) we must remain unprepared and meet our fate with naked hands."

The Templeton Orchestra. Phone 1292. 262-6tc

NOTICE.

Owing to the demolition of the building we have been occupying and our inability to secure suitable quarters immediately, we are temporarily out of business. We hope soon to announce our new location.

WICHITA STUDIO, J. W. Nossett, Proprietor.

That guarantee is strongest that has the best service to make it good.

It SERVES—that's the peculiar thing about our service

Service!

THAT poor little word—everybody's using it. It's so underfed and overworked nowadays, it looks like a famine in India.

But we've plumped it up—here at our place—till it really stands for something big. With us battery service actually means "the service that serves."

The Eveready Storage Battery is guaranteed to give a year and a half of ever ready starting, igniting and lighting service

And we've here to make that guarantee good.

CENTRAL CHAT

By PILGRIM CLEARSIGHT.

"The Central Stock Exchange is open for business just the same as usual for the buying and selling of oil stocks," said Mr. Young, the man with the little red goatee, who runs the establishment. "I don't want my customers to get the impression that because we have decided to discontinue, temporarily, the auctioneering that we have closed the exchange."

• • •

Come around tonight to the exchange and list your stocks for sale.

• • •

Also bring your check book and buy the big bargains others have listed.

• • •

Some more dividend checks have been received by the stockholders. The wise ones are buying other stocks.

• • •

What will the promoters who have not made good on their promises do when these stern stockholders get after them? We don't know.

• • •

"Service to Oil Investors" reads an ad run by the Central Stock Exchange. Then the ad continues to tell the readers that the Central Stock Exchange is filled forenoon, afternoon and night with crowds of men and women who are selling and buying stocks because they get service—honest service."

• • •

And why is it that the American Exchange of Dallas is putting in a special telephone wire in the Central Exchange of Wichita Falls? Why? Because the Dallas people have discovered that the Central Stock Exchange is the place where the Dallas buyers and sellers can find the best market. It is due to service—the big word in Mr. Young's vocabulary—profitable service.

• • •

And it is because of service—prompt service—that out of town investors who want to take advantage of the bargains offered that they send their buying orders to the Central Stock Exchange. They have learned that they get the stocks at the prices paid to the sellers. When you think about that phase of the stock business it is a big item, isn't it?

• • •

Call up Central Exchange. Not the Telephone Exchange but the Central Stock Exchange. The phone number is 2836.

• • •

Rather quiet but very enthusiastic about the oil business in Burkburnett field is R. Lee Blaffer of Houston who is one of the officials of the Humble Oil & Refining Company. He looked over the Central Stock Exchange and had a long talk with the proprietor—the man with the red goatee—D. W. Young. I wonder if Young had that goatee when he lived in Houston where he got acquainted with Mr. Blaffer. Mr. Blaffer looked at the stock board but did not offer any of his Humble stock for sale.

• • •

W. A. Hart is his name and he weighs 215 pounds before dinner and stands three-fourths of an inch more than six feet when his head is up and his feet are down. Now you know who the genial man is behind the counter at the Central Stock Exchange. That little fellow is Young Young, son of the man with the red goatee.

• • •

"And they say that the Burkburnett pool is running down, do they?" asked the best informed man in the field. "Why they don't know what they are talking about. The biggest—actually the biggest well they struck in the field came in during the week. I refer to the McMann Oil Company's well on the Hardin tract west of the townsite.

"The reason some of the companies are not paying dividends is not because of the lack of oil but because of the lack of practical ability to run oil companies on the part of some of the people in charge of the oil properties."

"Seems to me I've heard something like that before," said Willie Wise to Billy Burns.

"Remember that our business will go just the same though we will not have an open call," said Mr. Young as he twirled his stick he handles when he does the auctioneering. "The stock we have in the office for sale will be listed at the price the sellers want to get and the bids represented by checks will also be listed.

"I dont' know how this will work but because there was a decided demand from some that all the exchanges discontinue the auctioneering I have agreed to comply. If you don't like it just say so."

• • •

The war is over. All the exchanges will charge 2 per cent commission on sales. The seller pays. And the seller knows that Central is the one exchange in which and with which to do business. The buyer knows it, too.

• • •

Have you noticed how the newspaper clippings are posted in the Central Stock Exchange? Read them.

• • •

Items for the "Central Chat" may be left at the office of the Central Stock Exchange. Maybe you will find them used and maybe not. Editors are queer persons anyway, aren't they? Most persons can edit papers and columns better than editors, can't they?

• • •

Do you know why "Central Chat" is run in the papers? It's just because good hard money is paid for the printing of it so that persons will know that the Central Stock Exchange at 714 Ohio Avenue is doing business and wants to do business with all honest persons.

• • •

This was a nice day, wasn't it?

• • •

Come around and meet Mr. Young. You will know him. He's the only man in the Central Stock Exchange with a little red hair on his face. But then it's his own.

• • •

If you can't come tonight come tomorrow. And if you can't come tomorrow use Uncle Sam's reliable delivery service for the transportation of those checks for some of the stock certificates.

• • •

The boom has got its second wind. The punctured tire has been plugged. All aboard.

• • •

Iowa Park looks good, doesn't it?

SERVICE CROSS IS AWARDED TO TEXAS AND OKLAHOMA MEN

WASHINGTON, D. C., March 17.—The Commander-in-Chief, in the name of the President, has awarded the distinguished service cross to the following for the acts of extraordinary heroism described after their names:

Capt. Lonnie H. Nixon, 7th Infantry: For extraordinary heroism in action near Fossoy, France, July 15, 1918. Capt. Nixon fearlessly led a counter-attack through an intense barrage, inspiring his men to success by his personal example. He was seriously wounded while in the performance of this act. Home address, Mrs. L. H. Nixon, wife, Merkel, Texas.

Pvt. John S. Haney, Co. H, Fifth Marines: For extraordinary heroism in action near Beaumont, France, November 10, 1918. Pvt. Haney displayed exceptional courage in voluntarily advancing on and destroying machine guns which were firing directly on his company. Next of kin, Mrs. C. G Haney, mother, Cleveland, Okla.

Pvt. Louis Spangler Co. K, 7th Infantry: For extraordinary heroism in action near Fossoy, France, July 15, 1918. During the intense shelling by the enemy just prior to their offensive of July 15, Pvt. Spangler volunteered and carried a message through the heavy fire and returned with an answer. Home address, Mrs. G. H. Spangler, mother, Lometa, Texas.

First Sgt. Vincil E. Brown, Co. B, 60th Infantry: For extraordinary heroism in action near St. Mihiel, France, September 16, 1918. Seeing a comrade lying wounded and exposed to great danger of machine gun and shell fire, Sgt. Brown went to his aid; and, after rescuing him, carried him through the sweeping barrage to the first-aid station, a distance of one-half kilometer. Home address, Mrs. Mary C. Brown, mother, 409 Edith Avenue, Norman, Okla.

Corpl. Robert E. Crawford, Co. D, Seventh Engineers: For extraordinary heroism in action near Verdun, France, November 4, 1918. When three boats in a pontoon footbridge across the Meuse river were destroyed by artillery fire, Corpl. Crawford volunteered and waded into the river under heavy shell fire and, by holding up the deck until new boats were launched and placed in position, permitted the uninterrupted crossing of the Infantry. John S. Crawford, father, Myra, Texas.

Corpl. Earnest A. Carlson, 4th Regimental Section, Co. C, 9th Field Battalion, Signal Corps: For extraordinary heroism in action in the Bois de Rappes, France, October 22, 1918. Although he was almost exhausted from gas and fatigue, Corpl. Carlson remained on duty throughout the day and night, laying telephone lines from the regimental relay station to the front lines through heavy barrage fire from artillery and machine guns. Next of kin, Elna Carlson, 907 Franklin avenue, Houston, Texas.

Pvt. Aaron P. Valentine, Co. A, 344th Machine Gun Battalion: For extraordinary heroism in action near St. Marie Valley, France, September 15, 1918, a bar is awarded. When his company was held up by a German machine gun nest, located in a tree, Pvt. Valentine rushed alone into an exposed position, set up his machine gun, regardless of the intense fire from the nest, killed the gunner, and put the nest out of action, thereby making the continued advance of the company possible. Home address, Mrs. Lora Valentine, mother, Malison, Okla.

Corpl Alva Lee Johnson, Co. G, 5th Ammunition Train: For extraordinary heroism in action near Septsarges, France, October 24, 1918. When an enemy shell struck some pyrotechnics stored in the ammunition dump of his organization, Corpl. Johnson directed and assisted in the removal of inflammable material and placing the fire under control. Through his coolness and courage the destruction of a large quantity of nearby ammunition was avoided. Home address, Mrs. L. J. Johnson, mother, 1300 Mayoffin avenue, El Paso, Texas.

Sgt. Jack Bennet, Co. K, 11th Infantry: For extraordinary heroism in action near Louppy, France, November 10, 1918: For extraordinary heroism near Louppy, France, November 10, 1918. Sgt. Bennet led a patrol in a flank attack on a machine gun nest, which was holding up the advance, and thought half of his party was killed or wounded, he succeeded in putting the gun out of action. Coming under the fire of another machine gun, he was forced to take cover till after dark, when he returned to our lines, bringing with him the wounded men. Next of kin, Ed Bennet, Tulsa, Okla.

First Lieut. Wesley Freml (deceased), 26th Infantry: For extraordinary heroism in action near Cantigny, France, May 30, 1918. While leading his company to the relief of a company who were holding a newly captured position, and while consolidating his new position, Lieut. Freml was constantly subjected to perilous shelling and even though twice wounded by bursting shell, he refused evacuation. He successfully repulsed three strong enemy counter-attacks, and while engaged in a hand-to-hand fight with two German officers he was killed. Next of kin, Mrs. Katherine E. Freml, wife, 42 Van Ness street, San Antonio, Texas.

First Lieut. George P. Hays, 10th Field Artillery: For extraordinary heroism in action near Greves farm, France, July 14-15, 1918. When the artillery bombardment of July had destroyed telephonic communication and had made the duties of runner most hazardous, Lieut. Hays undertook the task of maintaining liaison, despite the unprecedented fire of the enemy's artillery. He also re-established liaison between two batteries of French artillery, when these units gave evidence of becoming scattered. Through out the night he kept in constant touch with the units in the vicinity, being severely wounded, while performing this most valiant work. Home address, George S. Hays, father, rural route No. 4, Okarche, Okla.

Sgt. Harry Hildebrand, Co. C, 3rd Machine Gun Battalion: For extraordinary heroism in action near Soissons, France, July 18-24, 1918. Sgt. Hildebrand went forward beyond the front line, exposed to fire of snipers, and repaired and put into action an abandoned enemy machine gun. Later his platoon commander, being wounded and the platoon disorganized by direct artillery fire, he took command, reorganized the platoon, gathered reinforcements, and protected a dangerously exposed flank of the infantry. He also voluntarily led his machine guns wfth the attacking battalion, rendering most efficient service until wounded. Next of kin, Mrs. Harry Hildebrand, 3605 Columbus avenue, Dallas, Texas.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

MUSTEROLE

DARTING, PIERCING SCIATIC PAINS

Give way before the penetrating effects of Sloan's Liniment

So do those rheumatic twinges and the loin-aches of lumbago, the nerve-inflammation of neuritis, the wry neck, the joint wrench, the ligament sprain, the muscle strain, and the throbbing bruise.

The ease of applying, the quickness of relief, the positive results, the cleanliness, and the economy of Sloan's Liniment make it universally preferred.

Sloan's Liniment Kills Pain

30c, 50c and $1.20.

LIEUTENANT AWAKES AFTER FOUR WEEKS MYSTERIOUS SLEEP

By Associated Press.

FORT WORTH, TEX., Mar. 17.—Lieutenant Clark Wright of the three hundred and forty-fifth field artillery is awake after a four weeks sleep. Physicians who tried to arouse him and then became mystified by the case agree that either an attack of influenza or else too close study in the army caused the long sleep. The lieutenant who was seized with the illness after reaching Fort Worth declares he knew everything that was going on around him even recognizing his mother's voice. He appears to be in fairly good health after the long nap.

NEW SUITS FILED IN SEVENTY-EIGHTH COURT

The following cases were filed today for trial in the 78th district court: C. C. Wilson against Ora Wilson, son, divorce; Dixie Securities Corporation against J. T. and Mrs. C. M. Morris, foreclosure; Pearl Lucas against J. A. Lucas, injunction.

FORMER EMPEROR STILL WORKING DESTRUCTION BUT OF LESS SERIOUS NATURE

By Associated Press.

AMERONGEN, Saturday, March 15.—Former Emperor William today completed sawing into logs his thousandth tree since he took refuge at Count Von Bentinck's castle here last fall.

From the thousandth tree a few logs were converted into souvenirs of the achievement and marked in red ink with the inscription "W2". These were presented to members of the Hentinck family and to those who have assisted the ex-emperor in his work during the last ten weeks.

As he was completing his task a young countess took a snapshot of Herr Hohenzollern and his assistants, Dr. Foerster and Captain Von Isemann, together with the young gardener, who adjusts the logs on the bench for the ex-ruler to saw them. The picture included the former empress who was reading a newspaper nearby.

Expert sawer of the neighborhood compute the value of the wages Herr Hohenzollern would have earned if he had been paid the trade union rate at about $300 for the whole period or an average of fifty cents a working day, which usually consists of three hours.

It's Time To Take Ice

Gentle Spring has settled in our midst again. The old, old world is made new again. And a familiar sight in a thousand homes is the little housekeeper getting her good "ice chest" in ship shape order.

Yes, it's time to take ice. The weather is much warmer. There is a noticeable lack of flavor in the meats, butter and milk those days you forget to ice the chest.

So don't forget tomorrow when the wagon rolls up to take your usual supply. Then you won't have to worry about keeping the milk for the baby. You will be sure that the supper meat is kept pure and savory, and all of the perishable foodstufs received into the home.

Experienced housekeepers know that it is penny wise and pound foolish to try to get along without ice these pleasant days. Pure ice costs so little and does so much. Begin taking it regularly. You will save, not lose.

Cadillac

Standard of the World

In the Cadillac car you get full dependibility—the capacity to withstand hard usage day after day and year after year.

There is permanent peace of mind in the ownership of a car whose performance can always be depended upon.

The Cadillac and Munger Service back of the Cadillac, have come to you through the establishment of a Wichita Falls branch.

For the present the Wichita Falls branch will be maintained at the Victory Garage. Experienced service men, sent from the Dallas plant, will be found there always glad to give Cadillac owners distinctive Cadillac service.

Contracts have been let for the erection of a new two-story brick building, which will be occupied within the next few weeks. With its completion Cadillac service in Wichita Falls territory will be equal to that given at the Dallas plant of the Munger company.

See Mr. Scott Bower, branch manager, at the Westland Hotel or at the Victory Garage.

Cadillac deliveries can now be made more promptly.

Standard of the W d.

Munger Automobile Company

The Fastest Growing City in Texas

Offers Greater Opportunities Today Than Ever Before

Drive down to the new bridge on Burnett street across the river and see the best bridge ever built West of Fort Worth. This bridge will soon be completed and connects Scotland Addition with the city and puts this beautiful addition within 8 blocks of the court house and 10 blocks of the New Hotel and City National Bank Bldgs. now under construction. It also affords ingress and egress to the North part of the County at all times, being above high waters and people living North of the River need never fear being cut of from the city by overflows in the future.

SCOTLAND ADDITION

Offers the greatest opportunity for people of moderate means to own their homes close in to a great growing city of any addition ever placed on the market in any city

Just think, you can now build your home within walking distance of the business center of the best city in Texas and only have to pay.... $400 and $500
For Lots 50x140 feet

No lot overflows, but is four feet higher than the Post Office block. The soil is rich, loamy, sandy and never gets muddy, and will grow trees and flowers. Good well water can be had at from 20 to 30 feet on any lot in the addition, and we guarantee to run two miles of six inch water mains through the property at our own expense, affording ample fire protection, and thereby bringing nearly every lot within easy access of water main.

You can't say any longer that property is as high here as in Fort Worth or Dallas. If you think so just try to purchase a lot in either of those cities within eight and ten blocks of the business center and see what you have to pay.

To the Investor

Now is your opportunity to make big money on your investment. Houses are in great demand. Why not purchase some of these cheap lots and build four and five room cottages, either for rent or for sale on terms to wage earners? There are lots of factories North of the river and soon there will be 1000 men employed. These people with their families cannot afford to work north of the river and live in Southland or Floral Heights which is miles away. Now is the time to get busy and do something for the wage earner and thereby make big money on your investment.

Don't Let the River Frighten You

Fort Worth crossed the river and one mile of swamp and built one-fourth of its city. Oklahoma City has twenty thousand people living across the river and the swamp there is three-fourths of a mile and two miles from the business district. Dallas has its highest price residence property across the river. Kansas City has two hundred thousand people living across the river. The same thing may be said of every city with a river. The Wichita river has high straight banks and abuts the business section which makes the north side especially desirable for residence. More than 1000 wage earners will be employed in the factories across the river. This is the natural factory district of Wichita Falls and from now on will undoubtedly be the fastest growing section of the city.

Let Us Show You

SCOTLAND ADDITION LOTS

All Inside Lots $400 All Corners $500

One-Third Cash or 5 Per Cent Discount for All Cash

Things To Be Remembered

That there can never be any more close in additions like Scotland.
That it will sell fast and build up rapidly.
That no lot overflows but is four feet higher than the business part of town, as we have had the level run on it by four different Civil Engineers.
That the lots will never be any cheaper but are subject to raise without notice.
That the lots are sold on good terms; one-third down and balance in six, twelve, eighteen and twenty-four months, eight percent interest, five per cent discount allowed for all cash.
That every lot is 50x140 feet and runs back to 20-foot alley.
That it is not in the city limits and the taxes are low.
That the addition is within easy walking distance.
That every reputable real estate agent in the town can show you these lots.
That the lots are in great demand and are selling before we really have them on the market.
That there are only 600 lots to sell and they will not last long.
That you are bound to win, for every dollar put into Wichita Falls Real Estate has made money for the investor.
That this is the only chance you will ever have to get close-in lots at such a low price and on easy payments for the simple reason there is no other close-in plat of ground available.
That we have a beautiful park in this addition consisting of 42 acres of large native timber, which the city has already accepted as a gift and agree to maintain as a Park.
That close-in property in a growing city is sure to increase in value.
That the Scotland Realty Company is a Corporation with twenty-five prominent business men as stockholders and will carry out all promises.
That your children will have no railroad tracks to cross in going to school.

A GOOD INVESTMENT—20,000 acres of oil leases in one body, within 50 miles of Wichita Falls, in the greatest oil belt of the U. S. This tract was located by one of the geologists who located Cushing, Cement and other fields before a well was sunk in those fields. He located this field with the statement that it will prove one of the best in the U. S. We do not want to sell acreage to develop. The geologist is well known to the great oil producers. He says the first well will flow 10,000 barrels daily. We want to form an association to develop with two or three strong financiers to take full charge. I hold the contract covering leases. Address or see Walter Johnson, Hearne Hotel, Room 120. 263-2tp

FOR SALE—Oil and gas lease on five lots in the town of Cement, Oklahoma. Lots 25x150 feet. Townsite proven, oil on both sides. Write C. T. Kent, Enid, Okla. 256-10tp

The Lilly Oil Company

Let the Contract for its First of Five Wells.

We have closed contract for the first of five wells we will drill on our valuable lease of 25 acres, drilling to begin within 10 days, and offer for sale at par, for a few days only, a few thousand dollars worth of stock in this dependable, conservative organization. After the first well is started the stock will be withdrawn from the market. The field in which our lease is located has developed wonderfully during the past few days and our drilling contractor, who has had 17 years experience in the oil game, thought so much of our holdings and company he purchased $500 worth of stock. Would like to secure immediately the services of a few wide-awake, reliable, energetic salesmen and salesladies of unquestionable integrity, to help us dispose of this splendid stock in the quickest possible time.

"THE RESTWELL" IS A NEW TENT HOTEL PLANNED FOR CITY

"The Restwell," a new tent hotel, has opened its doors (or, rather, its tent flaps) on the west side of Ohio avenue between Ninth and Tenth streets, and is making ready to receive women who find themselves unable to obtain rooms or homes in crowded Wichita Falls.

This latest venture is being managed by Coglizer &Company, of Joplin, Mo., manufacturers and dealers in tents and awnings, who for several years have been in the business of furnishing tents for Chatauqua meetings and other big outdoor gatherings. S. W. Coglizer, president of the company, is in Wichita Falls superintending the job of pitting up the "hotel" and already many of the tents have been rented and are being occupied by families. Instead of the army tents that have been in use here generally the firm is putting up square white duck tents of the camp-meeting style, with wooden floors, and the walls screened and closed against dust. All of the tents are being furnished throughout with rugs, chairs, tables and full-size beds, and provision is being made to care for 135 persons. The tents range in size from tents that will accommodate only two persons up to one "big fellow" designed to provide quarters for forty.

One pleasant innovation when the hotel is completed, will be an arrangement of flower beds between the board walks. Mr. Coglizer stating today that he intends tomake the hotel a permanent one and provied every convenience possible.

LIEUT. COL. PRATT GOES TO WASHINGTON FROM SAN ANTONIO

Lieutenant Colonel Pratt, for a time in the fall and winter of 1917, commander of Call Field, and for some time past commander of Kelly Field, the largest aviation field in the south, has been ordered to Wasaington. Colonel Pratt was one of the best known aviation officers in the United States, and has served as special representative of the American Bureau of Aeronautics in France and helped install the Gossport system of teaching fliers, having given much assistance in perfecting this system. The following, clipped from the San Antonio Evening News, will be of much interest to friends of Colonel Pratt, who was Major Pratt while at Call Field:

"Announcement was made today that Lieut. Col. Conger Pratt, commander at Kelly Field, had been ordered to Washington for duty and that Col. J. E. Fechet had been designated as his successor in the big aviation school south of San Antonio.

"Col. Pratt will leave San Antonio Monday and report to the flying department of the Bureau of Aeronautics, but he does not know what his duties will be. The announcement of the change came as a surprise in army as well as in flying circles here, as Col. Pratt was only recently sent to Kelly Field as commanding officer.

"The new commanding officer, Col. Fechet, has been supervisor of aviation in the Southern District for some time, and is widely known among officers in all branches of theh army service. He has made his headquarters in Houston, but visited San Antonio frequently.

"When it was announced that all the flying fields in the country would be abandoned except two, and in all probability Kelly Field would become one of the principal places for airplane instruction in the United States, it was regarded as almost certain that Col. Pratt would be in charge. He is known, not only in America, but in England and France, as one of the most scientific men in the flying business. He was sent to France a year ago as the special representative of the American Bureau of Aeronautics to give the French airmen pointers on the advances made in the United States in airplaning. One of his principal duties was to help install the Gossport system of teaching fliers, in which he has become so widely known for his assistance in perfecting it.

"Col. Pratt stated today that he had no intimation what he would do in Washington, and that the first knowledge he had of the transfer being contemplated was contained in the telegram making the announcement. Army officers at the Southern Department, and otner discussing the question today, said in all probability it had been decided to place much of the responsibility for the future of airplane development upon his shoulders. In this connection it was suggested that if theh War Department or Bureau of Aeronautics intended to conduct two big flying fields, as has been suggested, Col. Pratt would be the logical man for selection as one of the general directing officers."

MEN AND WOMEN OF WICHITA FALLS PAY TRIBUTE TO IRELAND

Shure, 'twas a gran' day yesterday, was it not? With the mem'ry of th' good Saint Patrick frish in our minds by rayson of the prisince of th' 17th o' March, with the little birds a-singin' and th' sun a-shinin' and the green colors av th' ould counthry on display and the ta' terrorizin' voices av th' auctioneers no longer disthressin' our ears in th' oil exchanges—shure 'twould have been hard to have found a prettier day, would it not, now?

It's a beautiful sound; the soft brogue of the Irish—but it's hard work for the printers to "set' dialect. In plain Anglo-Saxon, St. Patrick's day in Wichita Falls was a nice day! There wasn't a parade on the Ancient Order of Hibernians, to be sure, and no other special ceremonies featured the day that all good Irishmen devote to memory of the man who drove the snakes from the Emerald Isle; but the shamrock bloomed in coat lapels, green carnations blossomed in women's waists and the name of St. Pat was on the tongues of men and women.

You don't have to be Irish to enjoy St. Patrick's day; you just have to hold a kindly feeling for Ireland, to forget her home rule blunders and remember the lovable characteristics of her people—and immediately you become a celebrant of St. Patrick's day. So it was in Wichita Falls; men and women of various racial forbears paid tribute to the day as suited their fancies. The fighting proclivities of the Irish, the romance of Celtic poetry and political questions surrounding the Battle of the Boyne Wather were discussed freely; the day passed sunny and pleasantly—and doubtless the good saint smiled peacefully and happily upon the earth, and felt pride in his long-ago activities in the land of potatoes, peat and jaunting cars.

TWO SMALL FIRES IN THE BUSINESS DISTRICT

Two tiny fires in the business district gave the city firemen their weekly exercise Monday afternoon. Neither blaze was serious, neither did any damage worth recording and both were extinguished without stretching a line of horse.

The first fire occurred in the Hines building, waste paper stored in a closet catching fire from a cigar. The second call resulted from a large dry goods box filled with paper catching fire on the curb at Seventh street and Ohio avenue. The box was kicked into the middle of the street, and the firemen extinguished the blaze by doing an indian war dance over the box.

WHY COFFEE IS HIGHER
There are several contributing reasons why coffee is higher. At the beginning of the war in Europe there was a large stock of coffee in Brazil—who produces eighty percent of the coffee of the World. Europe used two thirds of the World's coffee supply and America one third. After war was declared in Europe their markets were closed and America was Brazils only outlet. So notwithstanding higher freight rates and production costs we were enabled to buy coffees at little advance over pre-war costs. After America entered the war the food administration restricted the importation of coffee and we were forced to use up the surplus usually carried here—and now Brazil is giving us just enough for our immediate wants—which together with the fact that Europes Coffee pot was empty and must be replenished—puts Brazil in the saddle. Then the frosts last August so damaged the coffee trees that we are due to have a short crop for at least three years—so there seems no immediate prospect for cheaper coffee—YET COFFEE IS STILL THE CHEAPEST commodity that enters into human consumption—A pound makes thirty cups.
