Religious Census Of Junction

This religious census was taken by representatives of the Baptist and Methodist Churches.

An effort was made to secure the name of every individual residing within the city limits, and a statement of their religious belief. There may be small inaccuracies, but in the main it is correct.

We give it to the public because of the many interesting facts it contains.

CATTLE TICKS WORSE THAN A WOUND

If one of your steers or dairy cows got a bad cut and was bleeding nearly a quart of blood a day you'd do something about it in a hurry. You'd know that such loss of blood would weaken the animal, prevent its putting on weight, and in the case of the cow you'd soon see the milk flow fall off. If you couldn't handle the wound yourself you'd think it a good investment to pay a veterinarian from 50 cents to \$1.00 or more to stop the bleeding.

Ticks have the same effect on a steer or a cow as such a wound, but the difference is that you don't see the blood dripping because it flows into the tick. Every tick bite is a tiny wound upon the animal through which the blood is constantly being drawn. These tiny wounds and the drawing of this blood irritate the animal and weaken it just the same as the wound. The wound, of course may become infected and make the animal very sick, but the tick in addition to causing the blood to flow may give the animal Texas fever and even kill it.

This is not theory. Actual experiments show that where an animal is heavily infested with ticks they will draw as much as 200 pounds of blood a year from a 100-pound steer. Of course they do not draw this all at once but get it in tiny sicks. Figures show that the blood in a steer at any one time weighs about 50 pounds. Where the ticks are very numerous and very busy, therefore they force the animal to renew its blood four times a year. This means that blood that should go to make milk or meat goes into fattening ticks. An actual experiment showed that a tick infested steer which weighed only 750 pounds and was a scrawny animal, when freed from ticks by being dipped in the arsenical dipping bath gained 385 pounds in weight in two months.

The price that you'd pay a veterinarian for curing a wound, or that you would spend for liniment and cloths to cure the wound yourself, would more than pay for dipping ticky cattle, and

save this terrible drain on their blood and strength. The trouble in drying the animal to the dipping vat and letting it swim thru would be less than treating the wound.

It costs only 50 cents a head at most, including the first cost of dipping vats, to clear cattle of these bloodsuckers. It will cost your county only \$50 to \$100 to build a dipping vat and you can figure how much this first cost per head is if divided among all the cattle near the vat. After the vat is built, 5 cents a head will pay for arsenic for enough dippings to rid your county of ticks.

Moreover when a beef animal has been freed from ticks, because it can be sold in the open pens at the stock yards in competition with other free cattle, it brings from \$5 to \$10 more per head than when offered for immediate slaughter only from a quarantine pen. It costs less to ship tick free cattle than ticky cattle, because ticky cattle have to be shipped under quarantine restrictions, which add greatly to the cost, and make the animal worth less at home and cause it to bring less net profit at the packing house.

The U. S. Department of Agriculture will be glad to work with you, your neighbors, your county, and your State to free your district of ticks and help you establish a profitable stock raising and dairying industry. It will supply free information, and when your district shows that it means business and wants to take the profits that await it the Department will be glad to send its expert field men to supervise the building of vats, to prepare the arsenical baths, and to help you dip your cattle. Full information can do no harm. Write today to the Secretary of Agriculture for data as to what the tick is costing you, and how little money and time it will take to make your county free area.

In the old world a gentleman is one who is born of the upper crust, whether he be saint, sinner or scob. In this country a gentleman is a decent man.

ANNOUNCEMENT

At the solicitation of a number of my friends, I am submitting my name to the voters as a candidate for County Judge of Kimble County, Texas. Was reared in this county, am well known to all the people, and my position on all questions is well understood by the voters. If I am chosen for this office I shall use my influence for the economical expenditure of the County's funds, looking toward the reduction of taxes, as well as to all matters which seem to the best interests of the county's welfare. Your support will be highly appreciated.

Think It Over.

Let a handsome, sprightly and stylishly garbed woman walk down the street and every eye will be turned upon her. It is our instinctive recognition of that which appeals to us. The eye but obeys the will of the brain and of the mind.

Our town may be like the woman. It may be clean, sanitary and a thing of beauty, or it may drift along in the tatters of obscurity. It may compel the admiration of other peoples and draw them to our fold, or it may be a place to be seen, and shunned, and forgotten. It is for us to say, for us to write the verdict of our future.

This new year should see the dawn of a new order of things in this town. I should see every man and woman striving to make this the brightest and most attractive spot in this whole section of the state; and to convert this town into a garden spot of beauty, with health, happiness and prosperity as the heritage of our daily life. It can be done if we want to do it.

This town may compare favorably with other towns of its size. But it should be the best of all towns of its class.

It might even be possible to encourage the Civic League in their efforts to clean up and cart off some of the rubbish and refuse that litter the streets and many of the back yards.

In some places the fences and yards are well kept and present an attractive appearance, but there should be more of them.

And then there are many houses in town that have the appearance of age simply for a want of a coat or two of paint. They are good houses, and shelter excellent people, but the visitor from abroad gets the impression that the town is run down and is a good place to shun, and his ideas are passed on to other people, and we lose.

We might give the town a general overhauling in every way this spring and shove it right up to the head of the class.

It might help for Junction to declare a business holiday occasionally and all turn out and rake this old burg from end to end. Personally we would consider a few days spent thus as quite a lark, so meeting of a holiday, and we don't for the minute think we are more liberal or open minded than the rest of our citizens.

There is an estimable lady in this town who is regarded as about the slowest shopper in the whole community. She is not "close," but just careful and economical. She reads the ads in this paper every week, knows where the bargains and best offerings are to be found, and goes there to spend her money. She finds that advertising pays her, because of the numerous savings on her purchases. It pays the merchant, too, because of his increased sales. But what of the dealer who never advertises?

SERVE LUNCH.

The lunch served by the Woodman Circle Ladies Saturday was well patronized, and very much enjoyed. The ladies soon sold out what they had prepared, and state they could have sold much more had they had it ready. The lunch was very appetizing and was highly complimented by all. The amount of \$26.00 was realized.

Missionary Society Notes.

The Missionary Society of the Methodist Church held a very pleasant and profitable meeting at the home of Mrs. J. C. Campbell Friday Feb. 11th. Fifteen members were present. Two new members were enrolled. Mrs. Roberts solo and the duet by Mrs. Nichols and Mrs. Blackburn were especially enjoyed. Business of the society in all its branches was attended to. A box for our Orphan's Home was planned and we wish to ask the help of every church member in the preparation of this box. Contributions are to be sent to the parsonage where the box will be packed not later than the first week of March. The Society unanimously elected Mrs. Nichols delegate to Annual Conference at Uvalde.

Friday the 25th will be with Mrs. J. Lester Hodges and will be for the purpose of sewing for the Annual Bazaar. All the members and their friends are especially invited.

C. E. Reid has sold the Buck Horn Barber Shop to Albert Bartley. Mr. Bartley also purchased Calbert's home place in the deal. Mr. Bartley and his brother are now away at a barber school. Until their return Mr. Reid and his assistant Hez Denman will continue to conduct the shop.

Capt. W. J. Cloud knows how to treat the editor. (He's been a newspaper man himself.) Yesterday he came in to see us and brought along some fine spare ribs just as a compliment to ye scribbler. If there is anything we like better than spare ribs it is more spare ribs, those were exceptional ribs. Such courtesies are highly appreciated and remembered, and make the editor's path a much easier one to tread. Mr. Cloud has our heartiest thanks.

THE WOMAN IN THE FIELD

The Farm Woman Needs Relief More Than Her City Sister.

By Peter Radford.

Much has been said and more written about the woman in the factory and behind the counter, but how about the woman who works in the field? I want to say a few words in her behalf. I regret a necessity that compels woman to work for a livelihood and I favor not only shortening her hours, but freeing her from manual labor entirely. I crave for society that high standard of excellence where the home is woman's throne and her life is devoted to molding the character and elevating the thought of the rising generation. But so long as want, greed and misfortune prevail in this world, women, through choice or necessity, will work, and perhaps they will work at one task or another as many hours per day as they please.

We may pity the weak and admire the strong in their struggle, but the farm woman is entitled to her share of sympathy and reward.

All Must Toll.

The labor problem, as relates to men, is a most vexatious one and when we apply it to women it becomes more seriously complicated. We all always have to work unless some political genius can put a law on the statute book that will enable us to live without labor. So long as every person must meet toil face to face, the best we can do is to equitably distribute the burdens and reward of labor, and if there is to be a revision of wages and a shortening of hours, I want the farm woman to get her share. She has more reason to complain than any other class of toilers. She has, as a rule, fewer comforts, fewer pleasures, less recreation and less opportunity for enjoyment than her sister in the city. She has not so many conveniences and fewer luxuries and less to be thankful for than women who live in the town, but she toils on, a model of consistency, patience and womanly devotion. Certainly she should be the first to be rewarded.

The Real Labor Problem is on the Farm.

The great dailies with flaming headlines deplore the lot of women who toil in the cities, the city pulpit thunders with sympathy for her and the legislators crate in her behalf, but not a line is written, a word said or a speech delivered in the interest of the million women who labor on the farm. Where one woman works in the cities in Texas, there are a hundred mothers toiling in the field, and no mention is made of it. Is the woman in the city entitled to any more consideration than the woman on the farm? I contend that she is not. The city woman may be more easily restrained by legislation and she may have a more attentive audience when she cries aloud, but the real labor problem, insofar as it relates to women and children, is on the farm. It is there we find the mother, drenched in perspiration, and the child, its lips wet with mother's milk, wielding the hoe and gathering the harvest, toiling day in and day out without hope of reward.

The City Life Puny.

The farm women work from sun until sun. They do their housework and kill a half million babies to sleep after the chickens go to roost and then get breakfast and milk the cows before the lark sings. The city woman frequently chafes under hardships that the farm woman would consider a blessing. The city people are great talkers and oftentimes greatly magnify their troubles and enlarge their accomplishments. This characteristic permeates organized society as well as enters into the individual life of cities. There are orphan asylums which are doing commendable work and should be encouraged, that boast of their accomplishments, but I have seen widows in the country make a crop, drink branch water and eat cornbread and molasses and raise more children and better children than many of these city orphan asylums. The cities need to get back to the soil with their ideals. They are hysterical, puny and feeble in their conception of life, its requirements and its opportunities.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

GARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

A WORD WITH WOMEN

Valuable Advice for Junction Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she does not know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed right in this locality. Read this woman's convincing statement:

Mrs. B. F. Watson, High St., Uvalde, Texas, says: "We recommend Doan's Kidney Pills highly as they do all that is claimed for them. I suffered from pains through my kidneys and back. I also had other symptoms of kidney trouble. When I saw Doan's Kidney Pills advertised I gave them a trial and it didn't take them long to make me feel well."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Watson had. Foster-Milburn Co., Props., Buffalo, N. Y.

CREAM AND SKIMMED MILK

The reader who keeps his eye on the advertisements of this paper gets the cream of the bargains. Others get the skimmed milk.

Merchants who advertise get the cream of the business, while the fellow who doesn't believe in printer's ink gets the clabber.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have no much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

"Doan's Liver Tonic" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salfate.

Calomel makes you sick, you lose a day's work. Calomel is quick-acting and it salivates; calomel injures your liver. If you are bilious, feel lax, sluggish and all knotted out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Doan's Liver Tonic instead of using Calomel, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful, full of energy, vigor and ambition.

Your druggist or dealer sells you a 50 cent bottle of Doan's Liver Tonic under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Doan's Liver Tonic because it is pleasant tasting and doesn't grip or cramp or make them sick. I am selling millions of bottles of Doan's Liver Tonic to people who have found that this pleasant, vegetable liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist about it.
