SIAMESE TWINS

The Brodie Siamese twins, who are waging a grim battle for life after being separated in an historic marathon of surgery, are held by nurses in a Rock Island, Ill., hospital one day after their birth on Sept. 16, 1951. A team of specialists operated for 12 hours and 40 minutes in Chicago to part the 15-month-old boys and give them a chance to lead separate lives. The twins are the sons of Mr. and Mrs. Royt Brodie of Moline, Ill.

Separated Siamese Twins Hold To Life

CHICAGO, Dec. 19 (AP)—The Brodie Siamese twins, their heads separated in an unprecedented operation, began their third day of life as separate entities today still in critical condition.

"There has been very little change in the condition of Roger Lee and Rodney Dee Brodie since yesterday afternoon," a bulletin issued by the University of Illinois at 8:45 a.m. stated.

"The condition of Roger remains 'very precarious.' He has not regained consciousness and is being fed intravenously.

"Rodney is doing better than his brother. Nevertheless, his condition still is termed 'critical.' "

The twins were separated Wednesday night after a day-long surgical procedure. They were the first twins to survive a head-to-head severance.

Physicians said the 15-month-old twins would remain on the critical list for five to seven days, if they survive. The fate of one, they said, may be decided within hours.

"No change for the better or worse," was the report late last night from pediatricians on duty at the bedside of the twins, Rodney Dee and Roger Lee Brodie.

Both children are in oxygen tents in the University of Illinois Neuropsychiatric Institute.

Roger is in the most critical condition. His brain circulation was impaired by the 12-hour and 40-minute operation. He still was unconscious late last night and was receiving intravenous feedings and blood trasfusions.

Rodney regained consciousness yesterday alternately crying and smiling.

In the bulletin issued by the university yesterday, Roger's condition was described as "very precarious, although respiration and other vital factors have improved slightly during the morning." Rodney's condition was termed "stable. Seems to be good."

Dr. Eric Oldberg, head of the university's Department of Neurology, described the surgery at a news conference. He said surgeons discovered there was only one sagital sinus, the main passageway or vein draining blood back from both brains.

Good Shows On Test Of Scurry Wolfcamp Lime

Humble No. 5-B Sorrells in Scurry County took a drillstem test in the Wolfcamp lime of the Permian from 5,467 to 5,488 feet.

The tester was open three hours and five minutes. Gas was at the surface in four minutes and oil started blowing at the surface in 27 minutes.

In the next two and one-half hours it flowed to tanks. There was no gauge on the first two and one-half hours of flowing. In the next hour of flow to tanks it made 46 barrels of 42.7 gravity oil, with a gas - oil ratio of 331 to one.

It then deepended to 5,508 feet and it is preparing to take another drillstem test .

This well is one-half mile north of the nearest Wolfcamp producer on the southwest side of the Diamond M Field. The location is 1,980 feet from south and west lines of section 97-25-H&TC, and it is 17 miles southwest of Snyder.

FISHER COMPLETION

General Crude No. 1 Mrs. G. T. Webb, in the Claytonville field of Fisher County has been completed for a 24-hour flowing potential of 649 barrels of 41.2 gravity oil plus 36.9 per cent water.

Flow was through a 24-64th inch tubing choke. Casing pressure was 300 pounds and tubing pressure was 600 pounds. The test was from the open hole in the Pennsylvanian between 5,776 feet and the total depth of 5,831 feet.

It is 1,000 feet from north and 600 feet from west lines of section 210-3- &TC, 11 miles west of Longworth.

NOLAN COUNTY

Rowen — Hope No. 1-B City of Sweetwater in the Rowen & Hope field four miles west of Sweetwater has been completed for a 24-hour flow of 160 barrels of 42.4 gravity oil.

The flow was through an 8-64th inch choke with casing pressure at 650 and tubing pressure at 250. It was through perforations at 6,050-300 feet.

It is 2,255 feet from north and 467 feet from west lines of section 41-22-T&P.

HOWARD FAILURE

Robinson Drilling Co. No. 1 Herman Gartner, wildcat in Northeast Howard County, has been plugged and abandoned on total depth of 4,800 feet in Clear Fork lime.

It was 330 feet from south and 2,310 feet from west lines of section 67-20-Lavaca, three miles north of Vincent.

DRILLING REPORT

Standard of Texas No. 2 Goldie West, old dry hole re-entered inn North Scurry, plugged back to 1,500 feet and bailed dry, then shot the section at 1,479-492 feet. It is now cleaning out to the plugback total depth.

Standard of Texas No. 7-6, step-out to the Hobo field in Borden, is preparing to run seven inch casing on total depth of 7,169 feet in Pennsylvanian lime to make a production test and try to complete as a producer. It has shown some possibility of making an oil well.

Standard No. 1-4 Smith in Dawson took at drillstem test in Devonian lime at 11,340-376 feet with tool open none and one-half hours and recovered 1,080 feet sulphur water with no shows oil or gas. It is now preparing to take electric surveys.

Eighth Polio Case Of Year

Riley Boothe, 7-year-old son of Mr. and Mrs. Vestal Boothe, route No. 2, became the eighth Scurry County polio victim for 1952 yesterday when he was admitted to Hendrick Memorial Hospital in Abilene.

The child's mother said this morning that doctors diagnosed the case as bulbar polio, but she added that they called it a light case and expressed belief that Riley will be out of the isolation ward by Monday. There has been no paralysis, the mother said.

The child was admitted to Hendrick at 1:15 o'clock yesterday afternoon.

The Boothe family lives on a farm about seven miles east of Snyder on the Camp Springs Road.

HST Defends Foreign Policy Of His Reign

WASHINGTON, Dec. 19 (AP)—President Truman stoutly defended today the foreign policies of his seven years in the White House and declared they have produced "a situation in which it should be clear to the Soviet leaders that they cannot gain their objectives by the use of force."

"We have demonstrated to the Communists that their expansionist efforts will be checked," the President said, adding:

"They know this nation is becoming strong. They know the strength and unity of the free nations is mounting. They can gain nothing from war but catastrophe."

Truman conceded there have been in his administration some mistakes and a few failures in international relations, but he said those who criticize such losses as the fall of China to the Reds rarely look at the whole balance sheet.

This appraisal of foreign accomplishments since 1945 was in a speech prepared for ceremonies at the National War College, training school for staff officers. No advance announcement of the talk was made and reporters were told they could not attend, but the White House gave out a presidential text.

Truman acknowledged that many serious perils lie ahead, but said these should not be exaggerated any more than they should be underestimated.

Alaniz Fades Out After He Puts Up Bond

ALICE, Dec. 19 (AP)—Nago Alaniz, Alice attorney, was free today under $15,000 bond on a charge of murder filed in an ambush slaying of Jacob S. Floyd Jr., last Sept. 8.

The attorney, underweight and looking haggard after the long imprisonment since his arrest Sept. 11, quickly disappeared after posting the bond ordered by the State Court of Criminal Appeals. Lower courts had refused to order that he be released.

He refused to answer when reporters asked if there was anything to rumors that he was a marked man.

Local officers indicated they would make no special effort to give Alaniz protection while he is out on bond before his scheduled trial Feb. 2, 1953.

LEAVES WITH FAMILY

"I don't know. I don't know," was the only answer the nervous attorney had to questions of where he was going, or what he would do until the trial. He and his wife jumped into a car with their two children and sped away—closely followed by a car driven by his brother, Luz Alaniz of Beeville.

The official order from the high state court that Alaniz be released on bond was received here about 1:40 p.m. A hearing was set for 3 p. m. At the hearing Alaniz presented a bond signed by D. C. Chapa and Lorenzo Garcia, both of Duval County, and was promptly released.

Ground Action Light As Skies Filled With Planes Hunting Foe

SEOUL, Dec. 19 (AP)—Hundreds of Allied fighter-bombers swept through clearing skies over the Western Korean Front today and hammered Communist troop and supply concentrations.

U. S. Sabre jets reported one MIG15 jet damaged in two dog fights high over the Suiho Reservoir. Clouds and snow flurries during the morning grounded attack planes.

The Fifth Air Force said fighter-bombers pounded a big Red troop concentration at Paegyang, 25 miles north of Kaesong on the Western Front. Pilots reported at least 40 buildings destroyed.

Ground action continued light. Allied artillery killed or wounded 27 Chinese Reds near Sniper Ridge in the biggest action.

SANTA REMEMBERS

"Cookie," seven-year-old Cocker Spaniel owned by Mrs. N. G. Hardin of Atlanta, Ga., can't see the litter of puppies Santa brought her—she's been blind for two years. One of the pups seems to sense his mother's plight, and leans out of his stocking and gives her a kiss. Cookie, whose registered name is "Rocket's Red Glare IV," has had about 45 puppies, Mrs. Martin said, and "Lord knows how many grandchildren."

Gunman Gives Wild Chase In Texas Panhandle Last Night

AMARILLO, Dec. 19 (AP)—A 20-year-old two-gun man kidnaped a sheriff and a wrecker driver, smashed two automobiles after stealing one of them at gun-point and then meekly surrendered last night at Vega, Tex., 40 miles east of here.

Icy Panhandle roads proved the undoing of the youth who said he was from St. Louis, Mo. Early today no charges had been filed.

It all started when Wrecker Malcolm Vaughn of Amarillo received a call about 10 p. m. from a man who said he turned his car over west of Amarillo.

Vaughn picked up the caller and drove to the accident scene but Potter County officers there told the driver not to move the vehicle until Highway Patrol officers investigated.

Vaughn said that as soon as the county officers left, his customer pulled a gun and said, "Here's a .38 that will get the car set up."

But the wrecker driver broke his cable righting the car and was unable to tow it. The gunman ordered him to drive west in the wrecker.

Just before reaching Bushland, 13 miles west of here, the youth got out of the wrecker and allowed Vaughn to return to Amarillo.

Vaughn notified police, but meanwhile the gunman hitched a ride with Sheriff Day Thompson. As they drove west, a Highway Patrol broadcast warned police to look out for the armed hitch-hiker.

That was when the youth pulled his gun again and ordered the sheriff to the side of the road. He ripped the radio from the car and threw the vehicle's keys away. Then he ordered Thompson to stop the next westbound auto.

Brandishing his gun, the youth made the unidentified man and woman in the car alight and left the trio stranded on the road.

Marshall Dave Hillburn and Deputy Sheriff John Ivy, traveling east on Highway 66, had heard a state police broadcast and gave chase when they met the gunman in the speeding auto.

The stolen car, traveling at high speed, skidded on a stretch of icy pavement, left the highway and overturned.

Hillburn and Ivy advanced on the wrecked car with drawn guns. Their quarry surrendered quickly and was placed in the Vega jail.

Cost Index Is At Record High

WASHINGTON, Dec. 19 (AP)—The cost of living as measured by the government crept up two-tenths of a point last month to equal the record high reached last August.

The Bureau of Labor Statistics, announcing its measuring as of Nov. 15, said today that higher home rents were mainly responsible for the increase in its index.

The slight rise was not enough to prevent the nation's rail workers from taking a one-cent cut in their hourly wages. The wages of about 1¼ million railroad workers are tied by union contracts to the BLS index.

They had received two cents an hour increase in the last adjustment.

The new consumer's price index, measuring Nov. 15 prices of food, clothing, rent, medical care, entertainment and a host of other things, stood at 191.1 per cent of the 1935-1939 base period.

The cost of living as measured by the government reached a record in August when the official index also stood at 191.1. In September, it slacked off 59 190.8 and crept up one-tenth of a point last month.

Civilian Leaders For Armed Services Named By Ike; One Is Texan

NEW YORK, Dec. 19 (AP)—President-elect Eisenhower today announced his selections of the civilians who will head the armed services under Charles E. Wilson, secretary of defense-designate.

They are:

Deputy secretary of defense—Roger M. Kyes, 46, Bloomfield Hills, Mich., a vice president of General Motors.

Secretary of the Army—Robert Ten Broeck Stevens, 53, South Plainfield, N. J., a director of the General Electric Cor., General Foods and Jackson Mills, and chairman of the board of J. P. Stevens and Co., textile manufacturers.

Secretary of the Navy—Robert Bernerd Anderson, 42, Vernon, Tex., a director and deputy chairman of the Board of Directors of the Federal Reserve Bank at Dallas.

Secretary of the Air Force—Harold L. Talbott, 44, New York, chairman of the board of the North American Aviation Co. and a member of the Chrysler Corp. Finance Committee.

Talbott was active as an advisor and fund-raiser during Eisenhower's presidential campaign. The others selected today had not figured in the campaign limelight on a national scale. All the designations must be approved by the Senate.

Hagerty's office said Anderson is a Democrat who described himself during the campaign as a "Democrat for Eisenhower." The other three men designated today are Republicans.

Anderson is the third Democrat chosen by Eisenhower for a key position in the Republican administration.

The others are Mrs. Oveta Culp Hobby, Houston, editor and publisher, who will be federal security administrator, and Martin P. Durkin, Chicago and Washington, AFL plumbing union president who was chosen secretary of labor.

Like Anderson, Mrs. Hobby supported Eisenhower. Durkin supported Gov. Stevenson, the Democratic candidate.

James C. Hagerty, Eisenhower's press secretary, announced the appointments.

He said they were decided upon after a series of conferences between Eisenhower and Wilson aboard the cruiser Helena while they were returning from Korea.

The new appointments were announced as Eisenhower faced a politically-explosive decision in coping with inflation.

'Not Guilty,' Shouts Lattimore In Arraignment This Morning

WASHINGTON, Dec. 19 (AP)—Owen Lattimore loudly declared, "Not guilty!" today in answer to a seven-count perjury indictment based on his sworn denial of Communist sympathies.

The two words—almost a shout—were all Lattimore said during a brief court proceeding, but his attorney, Thurmond Arnold, had plenty to say about publicity the case has received.

U. S. Dist. Judge James R. Kirkland, before whom Lattimore was arraigned, said the trial of the Far East specialist probably will begin sometime in early March.

The judge gave Lattimore until Feb. 16 to file motions attacking the indictment returned Tuesday by a grand jury, charging he lied when he denied to senators he had been a Communist sympathizer or promoter of Communist interests.

Bond was fixed at $2,000 which was provided in the form of negotiable Treasury notes.

Edward F. Hummer, a Justice Department attorney who had presented the case to the grand jury, suggested that Lattimore "be restricted to the District of Columbia and Maryland." Judge Kirkland spoke up:

"Mr. Lattimore, you may go anywhere in the world but be back on the date of trial."

Attorney Arnold asked that the judge admonish the Justice Department for newspaper stories dealing with the case, but the judge refused. He said he would not admonish the department or the press generally, but that if there was contempt of court it would be dealt with summarily.

Perjury Case Due To Go To Jury Today

WASHINGTON (AP) — A Federal Court jury will be called upon today to decide whether Edward J. Florio, a reputed New Jersey waterfront boss, made an honest mistake or deliberately lied to a grand jury.

Florio is on trial here on a two-count perjury indictment growing out of his testimony before a New York grand jury investigating racketeering on the waterfront in the New York area.

Barring unforeseen hitches, the case should reach the jury by early afternoon.

Florio, 57, took the witness stand yesterday and swore he thought he told the truth when he appeared before the New York grand jury Oct. 23.

As soon as he found out he had made a mistake, he testified, he asked for a chance to correct his testimony.

Florio, organizer for the International Longshoremen's Association (AFL) in New Jersey, testified he was "confused when he went before the grand jury the first time.

The question for the jury here to decide is whether Florio willfully lied when he said he did not receive two checks for $1,000 each from Lawrence C. Howard, president of the Macirema Operating Company, Inc., a stevedoring firm. He said his nephew, Gerald Lamby, got the checks.

Acheson To Make Decision On Firing Man

WASHINGTON, Dec. 19 (AP)—Secretary of State Acheson returns today from Paris to confront a difficult decision: whether to fire career diplomat John Carter Vincent as recommended by the Loyalty Review Board.

Officials said Acheson might seek an immediate preliminary conference with President Truman, but that any decision on the issue may be put off pending further study.

The board, top loyalty tribunal in the government, has found there is reasonable doubt as to Vincent's loyalty. The finding was made public on Monday by the State Department, which said the President would confer with Acheson when the secretary returned from this week's meeting of the North Atlantic Council at Paris.

Vincent has been suspended and recalled from his post as minister at Tangier, Morocco. He appeared personally at a secret hearing in September by the board, which waded through a mass of testimony bearing particularly on the stage of Vincent's career when he was one of the government's top officials on relations with China.

Vincent was completely cleared by the department's own loyalty security board last February and returned to his Tangier post with the expressed "full confidence and the best wishes" of the department.

Acheson has the authority to accept or reject the recommendations of the review board. He accepted a similar recommendation last December in the case of John Stewart Service.

Young Texan Grateful For Appointment

VERNON, Dec. 19 (AP)—Robert Bernerd (Bob) Anderson, youthful Texan who will become secretary of the Navy Jan. 20, today pledged his best to the important Defense Department post.

The 42-year-old manager of the W. T. Waggoner Estate was appointed to the position by President-elect Eisenhower today.

In a statement issued to newsmen at his office this morning, Anderson said:

"I am honored to have the privilege of serving under the administration of President-elect Dwight D. Eisenhower and with the leadership of Mr. Charles. E. Wilson, who will be secretary of defense.

"I also feel privileged to be associated with Mr. Roger M. Kyes, Mr. Harold E. Talbott and Mr. Robert Stevens (other top Defense Department appointees).

"I shall take immediate leave of absence from my company (W. T. Waggoner Estate) for the tenure of my service.

"I cannot a tthis time make a statement with reference to plans or matters of personnel until I have the opportunity of giving full consideration to the responsibilities of the office. I can only say that under the leadership of President-elect Eisenhower and Mr. Wilson I will do my best."

Crop Outlook Gets Boost By Moisture

General rains in the county fell yesterday afternoon, beginning about noon and stopping early last night, to bring enough moisture to make the farming outlook better here.

The .90 of an inch that fell during the afternoon over about a six-hour period was enough to keep recently - planted grain alive, according to Jack Hodges, chief of the soil conservation service here.

Hodges called the rain a "good start" toward a drought breaker. He said if enough moisture falls to soak two or three feet deep it will be a fine crop booster.

Farmers will now be able to plow up their land to prevent the soil from blowing away, according to Irelan Finley of the Production & Marketing Administration.

Finley said the rain would be a big aid to the wheat crop if December weather is warm and continues to be damp.

The rain brought the year's total to 15.13 inches, already five inches more than fell in and around Snyder last year.

The temperature dropped to the freezing mark before 5 o'clock yesterday afternoon, and the rain froze on trees, but it did not get cold enough for ice to coat streets.

No known accidents resulted from the wet roads and streets.

Low last night was 31, and the temperature rose to 38 by 7:30 o'clock this morning. Yesterday's high was 60, according to Mrs. D. P. Strayhorn, weather observer.

Skies were overcast until mid-morning today, when they began to clear off.

An extended forecast by the Associated Press this morning indicated there was the possibility of rain in the eastern portion of West Texas Sunday. However, little or no precipitation is expected in the western portion.

WEATHER

WEST TEXAS: Cloudy to partly cloudy except occasional rain or freezing rain in Panhandle and clearing Friday night. Partly cloudy Saturday. Colder Del Rio-Eagle Pass area Friday and Friday night. Not so cold in Panhandle, South Plains and Upper Pecos Valley eastward Saturday. Low Friday night 26-36 Panhandle and South Plains; 30-40 Upper Pecos Valley eastward.

EAST TEXAS: Cloudy, scattered showers and local thunderstorms Friday and early Friday night. Low Friday night 34-44 north portion. Fresh to locally strong southerly winds on the coast diminishing by Saturday.

SOUTH CENTRAL TEXAS: Cloudy, scattered showers and local thunderstorms Friday and early Friday night. Low Friday night 38-44 north portion. Fresh to locally strong southerly winds on the coast diminishing by Saturday.

NORTH CENTRAL TEXAS: Occasional rain and cool Friday and early Friday night. Clearing Saturday. Low Friday night 32-40.

Heavy Rains Break Drought In Some Sections, Other Helped

By The Associated Press

Heavy rains eased the drought in much of Texas Friday but had to take the blame for five deaths.

Icy pavement and bridges menaced highway travelers in the Panhandle. Ten vehicles stacked up in one big wreck north of Amarillo Thursday night, but the only casualties were two injured.

It was near Odessa, on a rain-slick highway, that five persons were killed in a two-car crash.

Much of the heavy rain—ranging from a half inch to four inches—fell in areas where it was badly needed. But in the arid plains west of the Pecos River, where it is needed worth, almost none fell.

The Weather Bureau said it looked at mid-morning as if the rain was over.

DROUGHT OVER

The rain fell heavily from the Oklahoma border north of Sherman and Bonham to deep Southwest Texas, east to the Louisiana border and west beyond San Angelo and Odessa. Lighter showers fell in South Texas and the High Plains.

The downpours slacked off as the U. S. Soil Conservation Regional Office in Fort Worth reported Friday that late November rains had left this situation:

The drought was finished in 120 counties of East and Central Texas. It was almost broken in 45 counties of Central and Western Texas, where there was enough rain in November to provide good surface moisture.

But in the High Plains, in an area extending from the Plains east to Throckmorton and Archer Counties, in the Trans-Pecos, and in extreme South Texas, the November rains left the drought untouched, the Conservation Service said.

FOUR INCHES

There was only a slim chance that the rains that began Thursday and ended Friday had done much damage to the drought in those areas.

The rainfall varied from four inches at Kerrville to a trace at Brownsville. Two inches of rain at Rocksprings was the best soaking that ranching country had received in months.

Freezing drizzle fell in the Panhandle late Thursday night and continued intermittently Friday morning.

An inch to two inches of rain in the territory around Dallas bore promise of building up badly shrunken Lake Dallas, the city's main source of water.

Rainfall totals included: Bonham, 2.25 inches; Sherman, 1.22; McKinney, 1.64; Big Spring, 1.42; Dallas, 1.61; Waco, 1.92; Fort Worth, 1.12; Wichita Falls, 1.13; Tyler, 1.90; Belton, 2.09; Temple, 2.75; Clifton, 2.5; Hillsboro, 3.20; Valley Mills, 3; Groesbeck, 2.07; San Antonio, 1.03; Corsicana, 1.90; Mt. Peasant, 1.5; Marshall, .55; Farmersville, 2.30; Borger, .19, Abilene, .89; Amarillo, .10; Austin, .55; Houston, .13; Del Rio, .16; Palestine, .17; Galveston, .01; Laredo, .04; Victoria, .02; Texarkana, .02; Lubbock, .04; Presidio, .20; Lufkin, .02; Bryan, .44; Palacios, .12; Childress, .87; Salt Flat and Wink, .10; Midland, .57; Mineral Wells, .52; Junction, .35; Cutulla, .13; Dalhart, .01 and San Angelo, .54.

Yank Is Freed From Red Zone

BERLIN, Dec. 19 (AP)—An American sergeant held by the Russians since Tuesday morning today said he was treated well but the Reds repeatedly tried to coax him to stay in the Communist East.

M. Sgt. William T. Rice, Farmville, Va., told a news conference after his release that the Communists plied him with macaroni and tea but "I'm a coffee man."

Rice was one of four American soldiers reported missing in the Soviet Zone. He was released last night shortly after the ADN, the Russian news agency, claimed that two of the others have asked for political asylum in East Germany.

There was no word of the fourth.

Armed East German police seized Rice Tuesday while he was supervising a group of German workers posting boundary signs between the U. S. and Soviet sectors of Berlin. Acting U. S. Commandant David M. Maynard protested the incident.

Congressmen Favor Limiting Scope Of Treaties We Make

WASHINGTON (AP)—A far-reaching, possibly historic move to limit the scope of United States treaties attracted strong support today from incoming congressmen throughout the country.

Lawmakers replying to an Associated Press survey went on record 8-1 as favoring a move by Sen. Bricker (R-Ohio) to amend the Constitution so as to prohibit the U. S. from entering into binding international agreements in such fields as human freedoms and social and economic rights.

Supporters agree enthusiastically that some such ban is needed to insure a yielding of American rights; foes say the amendment would just delay and hamstring international co-operation and the conduct of foreign affairs by the U. S.

Bricker's argument is that the field of human freedoms and social rights is an internal matter which should be governed only by domestic law—by the Constitution itself, and by state and federal laws passed under the Constitution.

Although the Ohio senator concedes that no treaties signed so far have regulated domestic rights of Americans, he insists that treaties now pending before the United Nations—if finally ratified by the U. S.—would restrict freedom of the press, freedom of speech, trial by jury and other rights guaranteed in the American Constitution.

The language of Bricker's proposed amendment drew fire from the State and Justice Departments in the last session of Congress on two grounds:

1. The proposal would erect a barrier of undue delay and restriction in international co-operation and the conduct of foreign affairs by the U. S.

2. The amendment is not necessary, because if a treaty ever conflicted with the Constitution the Supreme Court would hold the Constitution is supreme and that section of the treaty would be invalidated.

An Associated Press survey of opinions among incoming congressmen showed overwhelming sentiment in favor of the principle of the Bricker proposal, but some doubt about the language and just how far it should go in restricting treaty-making powers.

Bricker is rewriting his proposed amendment and promises to make it his top order of business in the new Congress, convening Jan. 3.

Horse Races To Help Add To Yule Fund

Standing at almost the same as it was yesterday, the Kiwanis Christmas fund for underprivileged children totaled $1,714.35 this morning, an addition of only $7 over yesterday.

Kiwanians were to meet tonight to plan the amount of groceries, candy, and fruit to be bought to be included in the baskets for the needy children and their families, and they will begin distribution by next Tuesday.

One last effort to add money to the fund will be made tomorrow and Sunday when the Kiwanians will aid Bill Crowder, Snyder horse breeder, in running quarter, half, and mile races at the Crowder track two miles north of the Santa Fe depot on the Old Post Road.

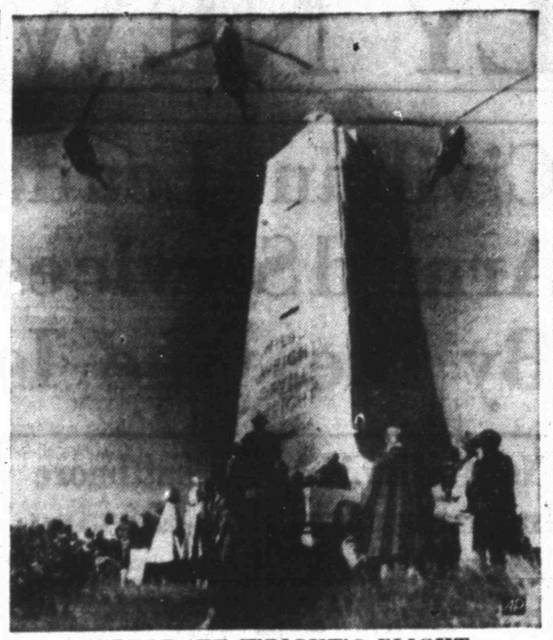

Crowder said he expects at least 50 head of horses from various cities in Texas to participate in the racing events, unless the weather gets worse.

Admission to the races will be $1 per person, and $300 or more will go into the Kiwanis fund.

H. W. Cargile, a Kiwanian, said the club has names of about 150 families needing aid. Names are being turned in at the Snyder National Bank, West Texas State Bank, or the Snyder Daily News, or by calling 3-5505 or 3-4185. Contributions to the fund are being taken at any of those locations.

Toys, which will be placed in the baskets, are being donated at the fire station if they are usable and at the veterans club if they need repair. Toys will be picked up if donors will call 3-9216.

Clothing, being collected at 1921 Twenty-sixth Street by the PTA for the fund, will be picked up if persons will call 3-3452.

Accident Near Here Yesterday

Walter F. Dubose, 30, Negro air force man, was injured slightly in an automobile accident two miles east of Snyder on the Sweetwater highway yesterday afternoon.

E. W. Green, highway patrolman who investigated the accident, said the 1950 Mercury sedan Dubose was driving collided with a butane truck which was pulling off the highway. The accident occurred about 2:30, Green stated.

Attendants at Battenfield Hospital said Dubose received abrasions and bruises, but was not seriously injured in the accident.

Miss Monroe Will Sue If Nude Is Used

HOLLYWOOD, Dec. 19 (AP)—If a plastics manufacturer carries out his plans to market bar trays showing actress Marilyn Monroe in the altogether, the young movie actress swears she'll sue him.

The trays would bear the nude calendar photo for which Marilyn says she posed when she was hungry and behind in her rent. The manufacturer claims she gave full consent for use of her name, portraits and pictures "for advertising and trade purposes."

He says he would sell the trays for about $15 each, thus restricting them to places "with a lot of class and dignity. .. such as bars of bachelors and lovers of art." He'd also use the photos on bar glasses.

Marilyn's studio said yesterday its lawyers are planning to institute legal action "against companies and individuals engaged in unauthorized commercial exploitation of the Marilyn Monroe calendar photographs.

The action would be based on the contention that reproductions of the photographs are being used for commercial purposes "in an unethical and indiscriminate manner."

The manufacturer says he is willing to share profits with the blonde beauty on sales of the trays.

But Marilyn says she wants no part of the proposed deal.

TODAY'S WOMEN

Top Christmas Card Artist Tells Secret Of Success

By DOROTHY ROE
Associated Press Women's Editor

Dorothy Simmons remembers Christmas at grandmother's house, the jingle of sleighbells in the snow, the garlands of pine and holly in the great Victorian hall, the spicy odors of mince pies and fruit cake from the old-fashioned ovens, flames leaping in the old fireplace and, best of all, the wonderland of Christmas morning, with toys and packages piled high around the glittering Christmas tree.

All of these happy memories of the childhood wonder of Christmas she puts into her Christmas cards, which sell by the millions throughout the nation.

And that may be the reason that Dorothy Simmons is considered one of the foremost greeting card artists in the world today.

This dainty, sophisticated-looking little woman, with prematurely white hair and exquisite clothes, lives in an apartment in the heart of Manhattan, overlooking the East River and the glittering shops of 57th Street. She was born and raised in New York City, but the Christmas holidays of her childhood were spent at her grandmother's old-fashioned home in a tiny village in the Pocono Mountains. She says:

"I can close my eyes and see the sleigh and horses waiting at the little station, feel again the excitement of the jingling ride through the snow, see the lights in the old house as we drew near and hear the laughter in my grandmother's voice as she welcomed her family home."

Dorothy Simmons' most popular Christmas cards are her madonnas, which seem to have a special radiance. She says:

"I always read the Bible story of the birth of Christ before I start to paint a madonna card. I remember that the madonna was very young, and that she loved her baby."

The trend in Christmas cards today is toward the old-fashioned card with real Christmas sentiment, says Dorothy. She adds:

"The era of the flippant angel is out. Nowadays people seem to want cards that express the traditional feeling of Christmas. At first my cards used to be purely decorative and sophisticated. Now I try to combine old-fashioned sentiment with a modern treatment. And my cards always say 'Merry Christmas and Happy New Year.'"

The best-sellers, year after year, are the madonna cards, says the artist. She started painting them years ago for her personal use, then did a few for friends, soon found herself in business.

Charles Coburn Likes Work With Monroe And Russell

By BOB THOMAS

HOLLYWOOD (AP)—What's it like to be co-starring with Jane Russell and Marilyn Monroe? Says Charles Coburn: "I feel 20 years younger!"

"Ah, youth!" sighed the 75-year-old actor as he reflected on the two glamor girls with whom he is appearing in "Gentlemen Prefer Blondes." He portrays the diamond tycoon who inspires the song "Diamonds Are a Girl's Best Friend." Besides having a flirtation with Miss Monroe, he does a musical number in which she sings "Down, Boy!"

"You know, an actor has to keep up in his profession," he said. "he must continue observing people, so he can use their habits and manners in his characterizations. Otherwise, he stagnates as an actor. I have always made it a habit to watch young people; that's the best way to find out how people are living and thinking.

"And I can't think of any more pleasant work than watching Miss Monroe and Miss Russell. Each possesses sex appeal to a remarkable degree. That is a kind of animal magnetism which is rare in human beings. Some of the great figures of the theater had it—women like Anna Held and Lillian Russell.

"These two girls have it, and they know how to use it. Whether they themselves are sexy, I don't know; that is something else again. But they certainly are able to exude sex appeal."

Apart from their obvious physical attributes, Misses Monroe and Russell are pleasant to work with, Coburn commented.

"Each of them has a sense of humor, and that is a valuable attribute in a woman," he said. "Neither of them has let fame go to her head; they are regular and don't put on airs.

"Miss Russell seems like a very smart woman, she has apparently managed her career intelligently. Marilyn has had less experience in pictures, but she seems eager to learn. She will listen to direction and advice, which is something a lot of newcomers won't do."

He added that both women have motherly qualities, something many of their fans may not have noticed.

"That is another important factor in a woman," he remarked. "I don't mean that women have to be motherly only to their children; men want to be mothered too.

"After all, a man never really grows up. All of us remain boys. A girl of 13 is more mature in the ways of life than a man of 30. That's why most men seek a wife who possesses the qualities that his mother had."

Looking forward to more work with Russell and Monroe, Coburn said he was reminded of a story about the late Justice Oliver Wendell Holmes Jr.

"One day when he was 90," the actor related, "he was walking down a Washington street with his old friend Justice Brandeis, who was 70. As they walked along, a pretty girl came toward them. She gave them the eye, and they tipped their hats.

"After she had gone 10 paces past them, they turned and she gave them the eye again. Then Holmes turned to Brandeis and sighed, 'Ah, to be 70 again!'"

Have you a suggestion for an hors d'oeuvre spread for our holiday open house? I'd like to fix something especially different and use it for the centerpiece, too, if possible. Mrs. B. W.

A cheese ball, covered in nuts and trimmed with sprigs of parsley and small crackers should be a good choice for you, if you want to by-pass the ease of buying the spreads.

You'll need the following:
2½ ounces blue cheese
5 ounces cheddar cheese (soft)
1 3-ounce package cream cheese
1 tablespoon minced onion
⅛ teaspoon worchestershire sauce
½ cup finely ground nuts
¼ cup finely chopped nus

Mix all ingredients except chopped nuts with electric mixer, until well combined. Form into ball in a small bowl which has been lined with waxed paper. Let stand about 1 hour. Roll in finely chopped nuts. May stand in refrigerator over-night; let stand at room temperature about 1 hour before serving. Serve with small crackers. Makes a ball about 4 inches in diameter.

• • •

For real party fare, Flaming Cherry Pancakes are suggested. To make the sauce, use the following ingredients:
1 No. 2 can dark sweet cherries
¼ cup corn syrup
1 stick cinnamon
1 tablespoon lemon juice
3 teaspoon cornstarch
1½ tablespoons cold water

Drain the cherries; place the juice in a saucepan and add syrup, cinnamon and lemon juice. Simmer 10 minutes. Remove cinnamon. Mix cornstarch and water; slowly stir into hot cherry juice. Cook, stirring constantly until it boils; add cherries and bring to boil again.

To make pancakes, add 2¼ cups milk to 2 cups ready-mix for pancakes. Stir lightly and fold in 1 beaten egg. Bake on hot, lightly greased griddle, turning only once. Roll up and place on large platter or chafing dish; cover with hot cherry sauce. Dip sugar cubes in lemon flavoring and place at edge of cherry sauce. Light cubes with a match. When flames die out, serve immediately.

For more than two months the twin strikes cut Japan's heat and light to a bare minimum.

The Japanese Electric Industry Workers Union accepted the government's compromise giving the workers an average raise in pay from the old $46.50 to $55.00 a month.

Preachers Here Emphasizing Christ In Christmas Programs

Snyder church officials say they are making efforts to de-commercialize Christmas through various programs planned this week and next.

The First Baptist Church has the motto "Christmas For Christ" in their auditorium. They are also trying to raise $10,000 for the Lottie Moon Christmas offering for foreign missions. "We're trying to emphasize the Christ in Christmas throughout this month," said the Rev. E. K. Shepherd, pastor.

The Avenue D Baptist Church took their Lottie Moon offering the first week in December but say the fund will remain open until after Christmas. Sunday night the intermediate department and seniors will also present Tolstoy's "Where Love Is". Sunday night and Monday night the young people of the church will sing Christmas carols to shut-ins, Taylor said.

Eisenhowers Select Presbyterian Church

WASHINGTON (AP) — President-elect and Mrs. Eisenhower have selected the National Presbyterian Church on fashionable Connecticut Avenue as their place of worship in Washington. Seven presidents have attended services there.

The church's present minister is the Rev. Dr. Edward L. R. Elson, who served with Gen. Eisenhower in the European Theater in World War II.

The church, announcing its selection by the Eisenhowers yesterday, said Dr. Elson will go to New York soon to confer with them on details of a pre-inaugural private service for members of the immediate family Jan. 20.

Presidents who have worshipped at the National Presbyterian Church are Jackson, Pierce, Polk, Cleveland, Buchanan, Grant and Benjamin Harrison. The church has long had a "President's Pew."

Brussels sprouts were introduced into the United States about 1800.

Work On New Church Starts

Construction is underway on the new $90,000 Church of Christ building at Thirty - seventh Street and Sunset Avenue.

The building will be completed probably in July, according to J. L. Browning, building committee chairman. The modernistic building is composed of an auditorium that will seat about 550 persons, and 13 classrooms. Paden Construction Co. of Brownfield is in charge of construction.

The one-story building will be made of light cream colored brick, Browning said. It will also feature and elevated baptistry, he stated.

The church will continue to use both the old and new buildings but the new building "eleminates the two morning services and enables both congregations to function more effectively," said Ted Norton, minister.

Cantata Slated Here Sunday

The 40-voice choir of the First Baptist church will present their Christmas cantata at 7:30 o'clock Sunday evening, according to Ralph Wesson, director.

"The Music of Bethlehem" written by Fred Holton will be sung by the choir accompanied by Mrs. Roy Stokes, organist, and Mrs. Jack Phillips, pianist. Included in the program are also several traditional Christmas carols.

Narration of the Christmas story will be done by the Rev. E. K. Shepherd, pastor. The cantada will last approximately an hour, Wesson said.

At 7:15 o'clock preceding the cantada in the auditorium a film strip in color on the birth of Jesus will be shown.

NEW FACET OF 'ROYAL FAMILY'—Ethel Colt, daughter of Ethel Barrymore, smiles as son, John Drew Migliotta, 6, points out poster announcing her song recital in New York.

A SPECIAL CHRISTMAS SERVICE?

"Are you having a Special Christmas Service at the Church of Christ?" is the question posed by a newspaper reporter. The reply was, "No, we are having our regular services as usual."

..Why do not churches of Christ have a "special Christmas service" when most denominations do? It is because Christmas is unknown in the Bible. Of course, it is known that Jesus was born! What is known is that Herod was king, Quirinius was governor of Syria, Ceasar Augustus was emperor and he had decreed that all the world enroll themselves, every man in his own city; furthermore shepherds were keeping watch by night over their flocks in the fields. (Matt 2 and Luke 2).

..When was Jesus born? No one knows. Religious folk have celebrated his birthday all the way from December 7 to April. There are two dates generally observed: December 25, in countries influenced by the Roman Catholic Church; and, January 7, in countries influenced by the Greek Orthodox Church. Even if the exact date were known, there is no authority in the New Testament for Christians to observe it (1Pet.4:11).

..Members of the church exchange gifts, does this not indicate that they believe Christmas is the birthday of Christ? Christians are at liberty to spread cheer at any time. Exchanging gifts, family reunions, etc. are enjoyed during this holiday season as a custom only. No religious significance is attached to it whatsoever. Such a custom sanctified by a religious service is vain worship (Matt. 15:9; Gal 4:10,11).

..The resurrection day (the first day of the week) is the time when Christians have a "special service." This is to observe the Lord's supper (Acts 20:7). This has been revealed (1 Cor. 11:23-26). The birthday of Jesus has not been revealed. We know he was born, but we do not know when. We know he is risen! We do know when! The Lord revealed it. It is the "first day of the week" (John 20:19).

..."Glory to God in the highest, and on earth peace among men in whom he is well pleased," is the announcement made by the heavenly host to the shepherds. God has ever been "well pleased" with men who obey Him (Matt. 7:21). Obedience always results in "glory" to God and it brings "peace" to men—peace with God, peace with neighbor, and peace with self (Matt. 22:37-40). Obedience to God is the only way to have peace.

..Two morning assemblies, 8:45 and 10:50. Bible classes, 10:00. Evening assembly, 7:00. Ladies Bible class, Wed. 10:00 a.m. Mid-week Bible study, Wed. Eve. 7:30. Everyone is welcome.

Tigers Beat Jinx And Rock Colorado City In 46-35 Game

Tiger cagers broke the spell that had been over them in the past few years in Colorado City games and downed the Wolves 46-35 in a tilt in the home gym last night.

The game was their last at home before the end of the year. They were to leave this morning for Pampa, where they will meet that team two nights in a row.

Pampa, a member of District 1-AAAA, has the best offensive record of that loop. The team is undefeated in four games and has a per-game scoring average of 79 to 54.7 for opponents.

The Harvesters are led by Jimmy Bond, 1951-52 all - district player. They have defeated Stratford twice, 63-47 and 74-46, Clovis 88-68, and Roswell 74-46.

Center Ned Underwood led scoring again last night with 18 points, most of them made in close. Next in line was Guard Joe Galyean with 13 points, who showed efficiency at basketing balls from far out in the court.

Reagan White, defensive standout, was injured early in the game when he took a tumble on the floor and cut a deep gash in his forehead. After having three stitches taken, he was back into the game in the last period.

Leading the C-City team was Forward Don Maynard, who sacked up 13 points. Guard Berman Corbell, who put in four very long shots in a row, scored 10 points before he fouled off the court.

C-City jumped off in a 5-0 lead early in the game, but the Tigers finally moved the game up through two ties and an exchange of leads until they led 11-7 at the end of the first quarter, then they never let the Wolves move ahead again. The Tigers led 28-11 at the half and 35-21 at the end of the third quarter.

It was the third win to Gene Gibson's A squad, which has lost two games to Lubbock, now undefeated in six games.

The B squad took its fourth win of the season when it edged out the C-City B 27-23.

The game was tied up four times, and the lead changed four times.

Neither team could move in to score during the first period, which ended in a tally of 2-1 in favor of C-City, and all three of those points were scored on free throws.

The Snyder B led 12-8 at the end of the second period and 19-16 when the last quarter began. Snyder scoring was spread out, with Alan Snead making seven points, Jimmy Bennett scoring six, and Ray Courtney and Steve Blair taking five each.

Billy Williams led C-City scoring with nine points, followed by Hollis Gainey with eight.

SW Conference Teams Break Even In Games

By CLAYTON HICKERSON
Associated Press Staff

Southwest Conference teams fell off their .667 average in pre-season non-conference basketball Thursday night, breaking even in four games.

Baylor whipped Colorado A&M's Rams, 58-55, at Waco; Rice decisioned Tulane, 62-56, at Houston; Tennessee whipped Texas, 66-59 at Knoxville; and Missouri edged Texas Christian 55-45, at Columbia.

The night's work left the conference with a pre-season record of 15 wins against 8 losses.

Southern Methodist will try to regain the two-out-of-three average again Friday night in the lone game involving a Southwest Conference team. The Ponies play the Kansas Jayhawks at Lawrence, Kan.

Tennessee rallied in the fourth quarter Friday night after trailing the first three stanzas to beat Texas. Three Longhorn starters—Gib Ford, Billy Powell, and Fred Saunders—went out via the foul route in the hectic fourth period.

Texas' George Scaling and the Vols' freshman center, Carl Widseth, tied for high-scoring honors with 16 points each. Vol guard Hall racked up 15 while Ford was getting 14 for the Steers.

A sparkling all-around performance by little Tommy Strasburger was the feature at Waco in Baylor's victory over the touring Colorado Aggie team.

The 5-8 Strasburger was high-point man with 13 points and snared rebounds at crucial moments as the Bears rallied in the final quarter to win after trailing at the end of the third.

It was 26-all at the half in the Baylor-Colorado game and the Rams led, 43-42, at the end of the third period.

Schroeder And Mulloy Bark Across Ocean

By GAYLE TALBOT

SYDNEY, Australia (AP) — Ted Schroeder, who is out here this time strictly as a sightseer and newspaper expert on the approaching Davis Cup Matches, has asked and been granted permission to take a long-distance belt at his old cup teammate Gardnar Mulloy.

Incensed at Mulloy's reported criticism of the makeup of the current American squad, Ted sat down and carefully wrote this out in pencil:

"Gardnar might, I think, be thankful to the organization which gave him many an ungrasped opportunity. Failing in this, he might keep his counsel or possibly even show a little sportsmanship by backing his country's team while it is competing abroad."

Having got that down on paper, Schroeder enlarged upon it orally, emphasizing his remarks with gestures.

"What I mean," he said, "is that this guy has had every chance in the world in the biggest events at Wimbledon, Forest Hills and elsewhere and yet never once in his life came through when the chips were down. He's reached the quarter-finals and finals but tell me one big match he ever won. Yet now he has the nerve to criticize players who have gone out and won the big ones."

This is as good a spot as any to recall Mulloy reached the finals of the U. S. Championships at Forest Hills last September, where he lost to Australia's Frank Sedgman. Mulloy has been tentatively ranked No. 1 by the U. S. Lawn Tennis Association's Rating Committee.

It was not reported here that Mulloy made any cracks about Schroeder himself but the West Coast firebrand obviously remembers criticism he took in other years when he was chosen to play for his country and feels like hitting back at somebody.

You will recall there was a ruckus last year when Schroeder was picked over Dick Savitt to play in the Challenge Round against the Australians and before that in 1946 when he ousted Frankie Parker from a single's berth.

Ted has been known to pick up the phone after midnight and argue across country with some tennis writer who had wounded him. He pays for such calls too.

Coaches Could Not Get Along

WACO, Dec. 19 (AP)— Personal differences between Line Coach Mike Michalske and Head Coach George Sauer of Baylor were advanced today as the reason Michalske quit his post.

Jinx Tucker, sports editor of the Waco News-Tribune, said the differences arose over Guard Bill Athey's playing in the Baylor-Rice final game. Athey did not start the game but finished the last half.

Tucker wrote that Michalske said it was because Athey was not physically able to go the whole game but that Sauer said later it was a disciplinary move which should not have come in Athey's final game.

Tucker declared that, "It was plain to see at the end of the season that Sauer and Michalske did not see eye to eye."

The Fort Worth Star-Telegram said Sauer, contacted by telephone at Miami Beach, Fla., said "contract of Mike Michalske is not being renewed for the best interests of all concerned."

Women Should Play Greater Part In Sports

NEW YORK (AP)—Throw the ladies out of the Olympic Games?

"Never," boomed Daniel J. Ferris, militant secretary-treasurer of the Amateur Athletic Union, taking sharp issue with Avery Brundage, new president of the International Olympic Committee.

"I see Avery would like to streamline the Olympics by hanging up a 'For men only' sign on the games," the squat, snow-haired AAU executive added. "I think it would be a grave mistake. Furthermore, I don't think it will ever come to pass."

Ferris long has been an outspoken advocate of more and better female athletes in the United States and the Brundage pronouncement last week in Chicago pulled the rug from under an AAU campaign to improve feminine track and field forces.

"Avery said we could well dispense with the ladies' competition because the ancient Greeks didn't let the girls in the games and didn't even let them watch the events from behind their dark veils," Ferris continued.

"But this is a new age and I think the 1952 Olympics at Helsinki showed us that there is wide international interest in women's track and field. We must revamp our thinking to keep pace."

The AAU executive said America strength in women's track and field has reached a low ebb because of the modesty of the U. S. female and also because of her fear that she might develop into a mannish, muscular Amazon.

"I think both premises are wrong and we must wage a campaign to convince the girls that competition will enhance their beauty and strength and make them better mothers," Ferris said.

"Sometimes I suspect our girls are timid about running around in public in shorts although they seem to have no qualms about appearing in a tight, revealing bathing suit.

"You need only to look at some of our swimmers and divers to realize that athletic competition doesn't hurt a lady's beauty....

"I was surprised in Helsinki this summer to find so many beautiful, feminine women competing. The Australian girls, who were the best in the games, were particularly attractive.

"I remember asking an Australian official how they got their girls interested in track. He replied the girls were treated just like the boys—when there was a track meet both took part. We have only about six meets a year for girls."

Ferris said a special committee may be formed to study the problem next year and try to generate new interest among the girls. Business institutions may be asked to form teams.

"We have the talent, plenty of it," Ferris said.

Coach C. R. (Pat) Pattison, head football coach at Lubbock High School and athletic director of all Lubbock schools, was given a new five year contract yesterday at a salary of $10,000 a year.

That's a $1,920 a year raise for Pattison. The new contract will becomes effective next Feb. 1.

The Big Spring Steers lost a tilt to Denver City last night 51-47. Steer Steve Kornfild led that team's scoring with 19 points.

Plainview dropped one to San Angelo 75-57 with Wardlaw sparking the losers with 17 points.

Lamesa downed little Stanton 69-29. Burnell Stevens led the Tornadoes with 15.

* * *

Seems the weather held up the junior high cage game yesterday with Fluvanna.

The Fluvanna squad called the game off because of the rain. They had been downed last week by the Snyder juniors.

The team will not have another game until after the Christmas holidays. Jimmy Williams, the team coach, is getting married during his days off.

* * *

Ned Underwood, who led the Tiger cage team in scoring last year with 240 points, appears to be on his way to the leadership again this year with many more points.

The 6-2 senior center already has 73 points, and he has only played in four of the team's five games.

After the fifth game last year Underwood was second in scoring and only had 32 points.

Guard Joe Galyean, who runs fourth in scoring with 40 points, still holds his lead in free throws with 70 per cent on making 14 out of 20 in five games.

Cage Tournament In Kansas City Narrowed Down To Two Favorites

KANSAS CITY, Dec. 19 (AP)—National Intercollegiate Champion Southwest Missouri State and Southwest Texas State appeared the better teams as the NAIA pre-Christmas basketball tournament entered its second round today.

Marshall College of Huntington, W. Va., one of the pre-meet favorites, was bumped into the losers' bracket in the opening firing before 3,500 last night.

Eight teams are participating in the three-day meet.

Portland (Ore.) University, a NAIA semi-finalist last March, will meet Southwest Texas tonight.

Southwest Texas, winning its seventh game of the season without a defeat, overcame a 10-point opening lead by James Millikin of Decatur, Ill., to win 83-82.

Woman Appeals Drunk Driving Conviction And Halts Jail Term

ARLINGTON, Va. (AP)—The wife of a State Department official has appealed her conviction on a drunken driving charge, automatically halting a three-hour jail sentence and $150 fine.

The jail term originally was 30 days but Arlington County Court Judge Paul D. Brown suspended all but three hours. He told Mrs. Foy D. Kohler he wanted her to see "the inside of a jail."

Witnesses testified Mrs. Kohler and her husband, a State Department policy planner, appeared intoxicated when their car knocked down a telephone pole early Dec. 6. The couple said they were en route home from a party.

The State Department said Kohler had with him at the time, in violation of security rules, a brief case containnig secret documents. It was turned over to a department security officer.

Kohler paid an $8.25 fine on a charge of public intoxication. Bond of $500 was posted for Mrs. Kohler yesterday. A hearing on her appeal is scheduled two months hence.

HAPPY REUNION

Ernest Vickers, 57, warmly embraces his wife in the county jail in Dallas, Texas, Dec. 17 just before he was released on a conditional pardon by Gov. Allan Shivers of Texas. Mrs. Vickers made a personal appeal before the Board of Pardons for the release of her husband, who was held in the Dallas jail for return to the state prison as a parole violater. Vickers left the prison in 1940 on a six months reprieve and never returned, believing that the reprieve had become a conditional pardon. He was discovered in Dallas when he called police to investigate a man getting into his car. Vickers originally was sentenced to hang in 1922 for the slaying of a railroad special agent. His sentence was commuted to life in prison just 18 hours before he was to go to the gallows.

Robinson's Retirement Makes Rat Race For His Old Title

NEW YORK (AP) — With Sugar Ray Robinson retired—positively—the next step is an elimination tournament to set up a new middleweight champion.

Already the wheels are turning for an international tournament involving all the top contenders. For once, the National Boxing Association and New York State Athletic Commission seem to be in agreement.

Robinson took a backhanded slap at the New York commission yesterday when he released his "complete and unequivocal" retirement through Abe Greene of Paterson, N. J., commissioner of the NBA. New York stripped him of his title Dec. 4 for not defending within the six-month limit.

Greene's announcement said Robinson selected the NBA as the medium for his official retirement because it represents the majority of the boxing commissions of the world and because it has been extremely helpful to him.

George Barton, NBA president, told Greene by telephone from his St. Paul office that the American title should be cleared up at once by a contest between Bobo Olson, ranking challenger, and Ernie Durando, Paddy Young and Rocky Castellani as runners up the survivor to meet the winner of a Randy Turpin-Charles Humez bout in Europe. The NBA favors speedy action with no more than 90 days between bouts.

Bob Christenberry, New York chairman, also was making plans for a tournament by reviewing the outstanding contenders.

"Turpin is No. 1 on everybody's list," said Christenberry, "and Olson is the outstanding contender. Then there are Humez, Durando, Young, Castellani, Walter Cartier and perhaps some others."

Jim Norris, president of the IBC, announced Dec. 10 plans to hold a tournament. In addition to the names Christenberry mentioned Norris may include the winner of tonight's Billy Graham-Joey Giardello bout. Graham, although a 148-pound "middleweight," wants to mingle with the heavier boys.

Over in London, promoter Jack Solomons has been talking of a June 9 Turpin-Robinson bout on the word of George Gainford, Sugar Ray's manager.

Robinson explained some of the reasons for the confusion surrounding his retirement plans. Ever since last August when he underwent a minor operation on his nose and had scar tissue removed from around his eyes, there have been stories that Ray never would fight again. Gainford has continued to make stout denials.

After the New York commission vacated the title, Gainford wrote a letter disclosing plans for a Robinson-Turpin fight in Europe. The commission agreed to review the case if Gainford presented documentary evidence."

"A lot of very big people, and I mean very big people in boxing, put a lot of pressure on me to go through with the Turpin match," said Robinson. "But I felt I should have made this announcement long before. Finally I made up my mind all of a sudden, I don't want to be like a lot of others who didn't retire in time."

Robinson said he was retiring because "at this stage of my career I don't feel I can give my followers the best I have. I don't want to let them down." In his last fight, June 25, he collapsed in the 103-degree heat, a 14th-round TKO victim of Joey Maxim in a bid for a third title.

Robinson's future is set. He owns a beer and ale distributing agency, a bar and grill, a lingerie shop, a barbershop, cleaning establishment and a real estate office in Harlem. He started a career as a night club entertainer Nov. 8 and is booked for a long tour that will take him to Detroit, Chicago, Las Vegas and Miami Beach after the holidays.

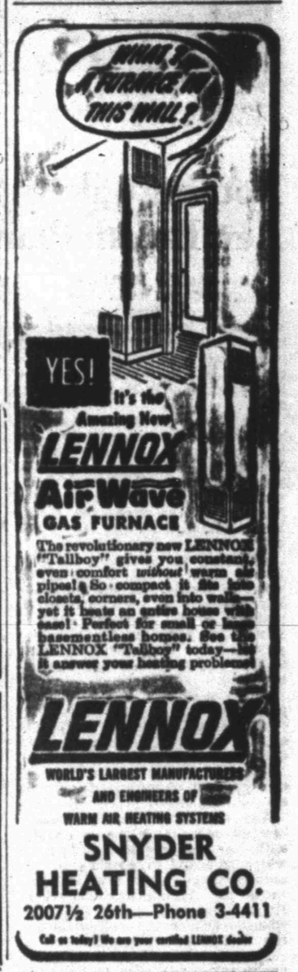

One of the all time greats of the sport, the 32-year-old former welterweight and middleweight king lost only three of 137 pro fights.

PREPARING FOR BIG DAY — Inaugural stand rises at Capitol, Washington, as preparations get under way for inauguration of Dwight D. Eisenhower as President, January 20.

Nothing Likely To Be Done On New Health Plan For Long Time

By JAMES MARLOW

WASHINGTON (AP) — Now, seven years after he first mentioned it, President Truman's compulsory health insurance plan is hardly more than a gleam in the eye of the man who steps out of the White House next month. He lost his fight for it.

But on the eve of his departure he has left a brand new plan, not his own, for incoming President Eisenhower. This plan was unveiled yesterday by the Presidents' Commission on the Health Needs of the Nation. Truman urged the Eisenhower administration to take quick action on these new proposals.

But it is a pretty safe bet that whatever is done, if anything, won't be speedy. For one thing, the Republicans in their campaign platform of 1952 were very guarded about any promises for a health program. The platform they worked out at the Chicago convention said:

"We are opposed to federal compulsory health insurance with its crushing cost, wasteful inefficiency, bureaucratic deadweight, and debased standards of medical care. ...We pledge our continuous encouragement of improved methods of assuring health protection."

And, no matter what Eisenhower himself may think, he is dealing with a conservative Congress which is bound to go slow on any social changes. And that isn't because the Republicans control it. Every Congress since the war, whether Democrats or Republicans ran it, has been conservative.

Truman offered his compulsory health insurance plan to Congress in a special message Nov. 19, 1945. It never got to first base although since then Congress has voted money for medical services in several ways. Truman said of his plan: "This is not socialized medicine." But socialized medicine is what its critics have called the plan ever since.

The plan Truman had in mind would have been financed out of payroll deductions similar to those now made for social security. The AMA, which put on a huge campaign to prevent Truman's proposal from becoming law, disliked the thought of government say-so over doctors and seemed to think voluntary systems would meet the nation's health needs. Truman didn't look upon this idea as a solution at all.

The plan recommended yesterday by the President's commission would fall somewhere between the Truman and AMA ways of thinking. Whether the AMA will fight the commission's recommendations too remains to be seen. A spokesman said there'd be no AMA comment on the full report until it had a chance to study it.

In brief that plan would provide free or partly-paid health insurance policies for everyone who couldn't afford to buy one. To foot this bill the government would have to hand out about one billion dollars a year, with about three-quarters of it to be matched by the states, dollar for dollar.

The unmatched quarter of the government's money — all of it would come out of general tax funds—would go for building hospitals, expanding medical schools and helping research.

Young Pianist To Be Soloist

DALLAS, Dec. 19 (AP)—Van Cliburn, a native of Shreveport who has spent much of his life in Kilgore, will be the soloist Sunday for the Dallas Symphony Orchestra.

Cliburn, an 18-year-old pianist has won three major music competitions in less than a year.

The first was the G. B. Dealey Memorial Award last April. It entitled Cliburn to Sunday's symphony appearance.

The latest is a Jan. 23 appearance with the Juillard Orchestra as winner of the music school's annual concerto contest.

In June, Cliburn was named 19[illegible] winner of the Kosciuszko Foundation Chopin Award of $1,000.

For the 3:15 p. m. concert here Sunday in McFarlin Auditorium Cliburn will be soloist in MacDowell's Concerto No. 2 in D Minor Walter Hendl will direct.

For the Juillard concert, Cliburn will play the Tchaikovsky Concert No. 1 in B Flat Minor, which he performed in part with the Houston symphony when he was 1[illegible] years old. His Chopin prize entitles him to several programs during the year at the Kosciuszko Foundation plus a Town Hall debut when he desires it.

The young pianist's spring schedule includes several recitals in East Texas following a Scott Hall appearance here April 12 as a winner of the Civic Federation Young Artist Award, from which the Dealey winner is chosen.

The red herring derived its figurative sense of something used to divert attention from the main issue because English fox hunters discovered that hounds would abandon the trail of a fox and follow that of a red herring dragged along the ground.

Church Wedding Held Seventeen Years Later

IPSWICH, England (AP)—After 17 years of married life, Mrs. Elsie Weedon finally took her husband with her to church for a wedding "in the sight of God."

Other villagers of nearby Witnesham were astonished to hear about it today. The original wedding had taken place in a civil registry office.

"The organ played, and I had a nice wedding dress, a bridesmaid and everything," Mrs. Weedon said of her second nuptials when the news leaked out.

They have four daughters—two sets of twins—and did not want to cause gossip about the delayed ceremony, which was held Sunday.

The happy bridegroom, 41-year-old Desmond, couldn't have been more gallant had he been 24. His comment:

"As I waited at the altar and saw my wife advancing up the aisle, I thought she looked just as sweet and charming as she did that other wedding day in 1935."

Preacher Tells Peace Congress Russia Is Bad

VIENNA, Dec. 19 (AP)—A British clergyman today defied Communist domination of the World Peace Congress in Vienna and attacked the Soviet Union for several of its present-day international policies.

Canon C. F. Harmon, a vicar of Swindon, Wiltshire, describing himself as a Christian Pacifist, told the Congress he wished to refer to several methods "causing great disquiet among a large section of public opinion in the West." He said they were:

1. "The cavalier dismissal by Mr. Vishinsky of the Indian proposals for a truce in Korea has caused bewilderment and a sense of hopelessness. Would it be possible for this Congress to urge certain concessions on these crucial issues in order to bring this frightful war to an end?"

2. "The retention of German prisoners taken in the second World War. This is not calculated to foster friendly relations between Germany and Russia."

3. "My Christian conception of the sacredness of human life revolts against the savage sentences imposed on political offenders in approach to political and racial minorities would do much to ally bitterness and bring about reconciliation."

Canon Harman's attack on Soviet policies was the most bitter heard during the five-day Congress.

Twin Babies Sufficate

ODESSA, Dec. 19 (AP)—A justice of the peace said the two-months-old twins of Mrs. Claude Martin Jr. suffocated Wednesday after a kitchen stove had been left burning during the night.

Mrs. Martin found the babies dead in their crib.

Vishinsky Gets Home

MOSCOW (AP) — Soviet Foreign Minister Andrei Vishinsky has returned to Moscow from the United Nations General Assembly meeting in New York, it was announced today.

World War II Finally Ends

News travels fast these days.

The Texas attorney general's office officially acknowledged this week that World War II is over.

The acknowledgement was issued by Price Daniel, attorney general, in an opinion answering a question of the state department of public safety relative to the issuance of chauffeurs licenses.

In 1943, the state legislature adopted an emergency amendment to the state drivers license law providing that the department could issue chauffeurs licenses to persons 17 years old for operation of school buses and public common carriers. It was effective "until the conclusion of the present war with Germany, Italy, and Japan," and was enacted because of the shortage of older persons in civilian life.

The old law is back in effect now, providing that it is illegal for persons under 21 years to operate school buses and public or common carriers of persons.

In Britain, women have the same rights of voting and holding office as men.
