STRIKE A NEW ELECTRA SAND

MORE THAN SIXTY TAX BILL CHANGES HAVE BEEN OKEYED

COMMITTEE AGREES TO ELIMINATE TAX ON PROPRIETARY MEDICINES.

REDUCTION MADE IN CEREAL BEVERAGE TAX

Fire and Marine Insurance Companies Are Brought Under Corporation Income Tax.

WASHINGTON, Aug. 19.—Elimination of taxes on proprietary medicines was agreed upon today by the house ways and means committee, which approved more than sixty changes in the republican tax bill.

Subsequently the majority members of the committee voted to reduce the tax on cereal beverages from the proposed six cents a gallon to four cents, and to bring fire and marine insurance companies under the 12½ per cent corporation income tax on the same basis as life insurance companies.

The majority also approved an amendment exempting from taxation corporation donations made to charity providing they do not exceed 4 per cent of the corporation's net income. Under another change the proposed 5 per cent manufacturers' tax to be substituted for the so-called luxury and nuisance taxes would not apply on goods already contracted for.

DISCUSS AMENDMENTS TO THE TAX REVISION MEASURE

WASHINGTON, Aug. 19.—Amendments to the tax revision bill were taken up in the house today, several proposed by republican members of the ways and means committee being given priority in consideration. Under the agreement all amendments will be submitted through the committee.

Discussion of the amendments was under five minute limitation and the house expected to work under high pressure in order to dispose of all suggestions before 3 o'clock tomorrow afternoon when a final vote will be taken.

DEBATE ON THE TAX BILL CONCLUDED THURSDAY NIGHT

WASHINGTON, Aug. 19.—Many amendments to the republican tax bill will be offered on behalf of the majority members of the ways and means committee before the house takes a final vote on the measure late Saturday. Several changes were agreed upon yesterday by the republican committeemen.

One was the elimination of the proposed annual license tax of $10 on vendors of soft drinks. Under another alteration individual tax payers would pay 12½ per cent on profits from the sale of capital assets if such profits and the taxpayers' net normal income exceeded $29,000. Under the bill before the house they would be required to pay fifteen per cent on the excess over $40,000.

It also was decided tentatively to exempt from taxation the government allowance received by the veterans of the civil and Spanish-American wars or their beneficiaries as well as those received by individuals under the war risk and vocational rehabilitation acts.

Other amendments known to be under consideration would exempt manufacturers of tooth paste and powder from the tax on toilet preparations, and would define as foreign trade corporations before organizations which derived fifty per cent of their income from sources without the United States.

The figure in the bill is 20 per cent. This class of income would not be taxable.

There is a movement before the committee to propose creation of a special commission to devise some form of plan by which incomes derived from tax exempt securities can be taxed.

Conclude General Debate.

General debate on the tax bill ended last night. Principal speakers for the democrats were Representatives Oldfield of Arkansas and Cochran of New York, and for the republicans Representatives Green of Iowa and Longworth of Ohio, members of the ways and means committee.

Mr. Cochran attacked not only the bill itself but the rule under which the democrats claim they will be cut off from offering any amendments to the bill.

Using treasury estimates to support his argument that the tax bill would result in a huge government deficit at the end of this fiscal year, Mr. Cochran declared that if the treasury went into the market for $1,000,000,000 of money to help pay ordinary expenses of the government there would be a panic.

Representative Woodruff, republican Michigan, announced that he would oppose the bill, while another republican representative, John M. Nelson of Wisconsin, spoke against it.

Last night's session was enlivened by an exchange between Representative Byrnes, democrat, North Carolina, and Chairman Fordney of the ways and means committee, when the former charged that the republicans in framing the bill had shifted the tax burden to the poor to benefit rich contributors to the republican campaign fund last year.

"There is not a word of truth in the statement, and you know it," Mr. Fordney shouted. "That statement of yours is just a lie." Mr. Byrnes retorted.

The house was thrown into an uproar and both members reiterated their charges but the remarks were finally expunged from the record.

BODY BURIED WAS NOT THAT OF SERENA MORRIS, IS ALIVE IN CINCINNATI

CINCINNATI, Aug. 19.—Serena Morris, whose body was believed to have been found in a shallow grave in a wheat field near Granite City, Ill., and buried as such by the girl's grandmother, is alive here.

She was discovered by the police upon the request of Thomas Gilliland, held in jail in Granite City.

TEXAS LEGISLATORS ARE TAKING A REST WAITING ON PRINTER

EDUCATIONAL SUBSTITUTE BILL TO BE CONSIDERED DURING AFTERNOON.

GOVERNOR APPROVES ALL LOCAL BILLS EXCEPT ONE

This Measure Was Vetoed by Request of Legislators From That District.

AUSTIN, Aug. 19. — With both branches of the legislature out of work pending the return of the house educational substitute from the printer, the legislators are taking a rest this morning. The bill is to be returned at 2 p. m. and both branches are to reconvene at that hour.

Governor Neff approved all local bills of the first session today, excepting one that was vetoed by request of the legislators from that district.

In his first message to the second called session of the 37th legislature Governor Neff submitted the educational appropriation bills, the senatorial and representative redistricting bills, and also informed the legislators that they were "privileged to consider the wisdom of cutting down any appropriations made for any purpose by the 37th legislature."

ERROR IN ENROLLING SALARY STATE HIGHWAY COMMISSIONER

AUSTIN, TEXAS, Aug. 19.—Through an error in enrolling the departmental appropriation bill the salary of State Highway Engineer R. G. Windrow was passed by the legislature at $10,000 instead of $9,000, an investigation of the enrolled bill shows. The house stood for reducing this salary and the free conference committee made it $9,000, but the error by the enrolling clerks placed his salary at $10,000.

However, Chairman R. M. Hubbard of the highway commission notified Governor Neff yesterday that the highway engineer's salary would be paid on a basis of $9,000 per year.

The investigation showed that the error was made unintentionally and with no designing intentions.

The senate did no work whatever yesterday and remained in session about ten minutes after convening this morning.

The house appropriation committee substituted the educational bill as amended by the house for the senate bill passed Wednesday and sent the sub to the printer to be ready for consideration when the legislature reconvenes at 2 p. m. tomorrow.

Governor Is Silent.

Efforts to ascertain what measures, if any, the governor will submit to the special session other than the educational bill proved of no avail yesterday. Governor Neff said that he was studying the departmental appropriation bill closely and did not say definitely whether he would veto it and resubmit it to the special session as it is rumored about the capitol.

A statement presented to the governor today by Speaker Thomas and Chairman Satterwhite of the house appropriations committee showed that a thirty per cent ad valorem tax rate for the next year would meet all appropriations, both of the regular session, the first called session and the ones to be made at this session. They estimated further that a 16 cent ad valorem tax rate would then meet the necessary expenses for the second year. The present rate is 22 cents.

The estimate for the first year's expenses was $20,500,000 for the first year and $13,000,000 for the second year. The legislators also estimated that the constitutional tax limit of 25 cents on the hundred dollars for the first year would place more than $2,000,000 in the state treasury after paying the appropriations and running expenses. This excess for the second year would be far greater because of the decrease in running expenses of the government. This decrease is caused by certain appropriations being paid in full during the first year.

AWAIT APPROPRIATIONS TO FIX AD VALOREM TAX RATE

AUSTIN, Aug. 19.—The state ad valorem tax rate can not be fixed for the coming year until all appropriation bills have been passed and acted on by the governor, it was announced today by Comptroller Lon A. Smith. The comptroller stated he has been receiving telegrams from tax assessors throughout the state asking when the new tax rate would be announced.

ANTI-BEER BILL IS AGAINST ROCK AND MAY BE WRECKED

WASHINGTON, Aug. 19.—There were conflicting reports as to possibility of agreement on the anti-beer bill when senate and house conferees took up their work again today behind closed doors.

The Stanley senate amendment, described by those who framed it as merely a reaffirmation of the fourth and fifth amendment to the constitution to guarantee protection of the home, still stood as a rock against which the measure might be wrecked beyond hope of final enactment before the recess next week.

Representative Volstead, leader of the house managers, was said to be agreeable to a compromise on the Stanley proposal.

FORMER PREMIER OF GREECE DIES AT HOME IN ATHENS

ATHENS, Aug. 19.—Demetrios Rhallys, former premier of Greece, is dead, it was announced today.

M. Rhallys, although an octogenarian, has been active in Greek politics until very recently.

Premonition of Murder of Wife

COLORADO SPRINGS, COLO., Aug. 19.—David Reese, restaurant man, had a premonition a month ago that he would kill his wife, he told the police, asking them to lock him up to protect her. Four days later he was released at his wife's request. Yesterday he shot her and threw her body out of a second story window. He then turned the weapon on himself, dying instantly. His wife died in a hospital. They had five children.

FLOOD WATERS ARE SEVERAL FEET DEEP AT HATCH, N. MEX.

HATCH, N. M., Aug. 19.—The only relief that has come to this flood-stricken little town since its citizens were driven to the hills by cloudbursts Wednesday night and yesterday is from four Salvation Army men who reached here last night from El Paso with bread and meat. The school house is the only building standing.

Citizens are taking turns standing on fallen roofs and guarding the bank and other collapsed buildings from possible appearance of looters.

EL PASO, TEXAS, Aug. 19.—Flood waters which wiped out virtually all buildings in the town of Hatch, N. M., yesterday, causing more than two hundred families to be made homeless and destroying thousands of dollars worth of property, were still several feet deep in the town today, according to messages received by the El Paso Herald.

Women and children of the town are suffering from exposure, according to H. F. Fieldness of Hatch, who telephoned a request for physicians. Fieldness said he was standing in a foot of water in a telephone booth in one of the five buildings yet standing.

"We must have food and bedding from the outside, for our people were unable to save anything," he said.

"Houses were almost all adobe and they crumbled when the water came down from the foothills. The water has receded only a few inches."

There was a continuous all night procession of men, women and children moving from the valley into the hills, carrying load after load of provisions and household furniture.

FEDERAL AID ROAD BILL PASSES HOUSE

Appropriates $75,000,000 With One-Third Made Immediately Available.

WASHINGTON, Aug. 19.—The federal aid roads bill appropriating $75,000,000 for construction, one-third of which would be immediately available, was passed today by the senate.

The balance of the general fund would be available in six months. The bill as passed by the house carried $100,000,000 and now goes to conference.

TO SIGN CONTRACTS FOR RUSSIAN RELIEF AT RIGA SATURDAY

By Associated Press.

RIGA, Aug. 19.—Walter L. Brown, for the United States, and Maxim Litvinoff, for soviet Russia, agreed this afternoon to sign tomorrow the detailed contracts for American relief for the Russian famine, on terms granting the Americans extreme freedom of movement and absolute control of the food distribution.

At the same time Russia's right is admitted to expel on good proof of undesirability any member of the American relief administration organization. The soviet authorities are also granted the right to inspect the relief administration's premises, but on terms considered by Mr. Brown to be adequately qualified and to assure a fair deal for both the relief administration and the bolsheviki.

PREPARATION FOR RELIEF OF RUSSIA BEING RUSHED

WASHINGTON, Aug. 19.—Preparations for food relief in Russia are being rushed by the American relief administration, commerce department officials said today. Shipments from New York will start at the earliest possible moment.

Beyond a report from Walter Lyman Brown, European director, that a satisfactory agreement had been reached at Riga with soviet representatives, details of the arrangements have not been received.

INTERPRETED TO MEAN THAT HOOVER ACCEPTS PROPOSAL

By Associated Press.

RIGA, Aug. 19.—The announcement in Washington of Herbert Hoover, as head of the American relief administration, that an agreement had been reached on the conditions laid down by the administration concerning American relief work among the famine sufferers of soviet Russia, is interpreted here as meaning that Mr. Hoover has accepted the latest compromise of the soviets on the disputed points. No word from Mr. Hoover, however, authorizing a continuation of the conferences of Walter L. Brown with Maxim Litvinoff had been received by Mr. Brown this morning.

SHOP CRAFT RULES APPROVED BY BOARD WITH SOME CHANGE

RELATE TO OVERTIME PAYMENT AS PROVIDED IN THE AGREEMENT.

SUNDAYS AND HOLIDAYS EXCEPTED IN EMERGENCY

No Overtime on These Days For Absolutely Necessary Work is Board's Decision.

CHICAGO, Aug. 19.—The United States railroad labor board today approved in effect the seven shop craft rules relating to overtime payment as provided in the national agreement of the war-time railroad administration, but directed that the railroads need not pay overtime for absolutely necessary work performed on Sundays and holidays.

For the first time in the history of the board a minority member made public a dissenting report, A. O. Wharton, former president of the railroad division of the American Federation of Labor, insisting on recognition of the national agreement rules without change. The majority report was signed by Judge R. M. Barton and the other seven members, two of whom, with the judge, represented the public, three the railroads and two the unions.

One hundred and thirty-seven railroads in all parts of the country, including the United States lines of the Canadian Grand Trunk system and the railway employes' department of the American Federation of Labor and the six federated shop crafts are affected by today's decision. The decision probably will be applied to other lines as fast as their cases come before the board.

The seven rules of the shop crafts' national agreement approved in effect by the railroad labor board today all apply to overtime payment. The general rule, amplified for particular instances by other rules, follows:

General Rule.

"Rule 6. All overtime * * * outside of bulletin hours, up to and including the 16th hour of service in any one 24-hour period * * * shall be paid for at the rate of time and one-half and thereafter at the rate of double time, up to the starting time of the employe's regular shift. This to include work performed on Sundays, New Year's day, Washington's birthday, Decoration day, Fourth of July, Labor day, Thanksgiving day, Christmas and such state holidays as are now recognized as punitive overtime days."

Rule 7 sets minimum overtime payments providing that one hour's pay shall be made for 40 minutes or less service, if the service is continuous after regular working hours. "Employes called or required to return to work will be allowed 5 hours for 3 hours and 20 minutes' service or less."

Employes who work during the lunch hour receive pay for one hour straight time under Rule 9, but are allowed necessary time for lunch without loss of pay for the time taken.

Under Rule 10, employes called for emergency service road work are paid straight time and overtime for the first 24 hours "whether working, waiting or traveling." After 24 hours, they are not paid if relieved and permitted to go to bed for 5 hours or more. "Where meals and lodging are not provided by the railroad, actual expenses will be allowed."

Employes called to fill temporary vacancies at outlying points under Rule 12 are paid as follows:

"Continuous time from time called up to time of reporting at point to which sent, overtime rates for all overtime hours, and straight time for the recognized straight time hours at home station, whether waiting or traveling (the same conditions to apply for return trip). While at such point they will be paid straight time and overtime and overtime in accordance with practice at home point."

Workmen regularly assigned to road work away from their home station, under Rule 14, receive straight time for regular hours and overtime rates for overtime, continuously from the time of leaving the home station to the time of return.

Rule 15 specifies that employes paid on a monthly basis shall be paid "not less than the minimum hourly rate established for the corresponding class of employes coming under the provisions of this schedule, on the basis of 365 eight-hour days per calendar year, with pay at the rate of time and one-half for Sundays and holidays designated herein (Rule 6); otherwise, overtime will not be paid."

HEAVY RAIL MOVEMENT OF GRAIN WILL CONTINUE

WASHINGTON, Aug. 19.—Heavy rail movement of grain will continue this fall in spite of high freight rates and low market prices, H. W. Prickett, Salt Lake City, traffic bureau, told the interstate commerce commission today. Farmers will be compelled to sell and take a loss, he said.

W. S. Hanson, Utah farmer and banker, said farmers in his state had exhausted their credit.

McCOY FOR VICE-GOVERNOR GENERAL OF PHILIPPINES

ISABELLA DE BASILAN, P. I., Aug. 17.—It is understood by persons close to the American mission headed by Major General Leonard Wood and W. Cameron Forbes that Colonel Frank D. McCoy of the mission is being considered for the post of vice-governor of the Philippines.

PROFITEERING IS BRANDED A CRIME

HAVANA, Aug. 19.—Profiteering is branded a crime under the provisions of a measure approved by the Cuban chamber of deputies yesterday.

The bill was framed for the protection of the livestock industry. It provides for price fixing.

CONNECT SOUTHERN WITH RANGER LINE, FIRST TRAIN SUNDAY

EXTENSION TIED IN AT JIMKURN THURSDAY, MARKING ROAD'S COMPLETION.

SERVICE TO BRECKENRIDGE WILL START PROMPTLY

One Passenger and One Mixed Train Daily in Each Direction Are Planned at Present.

Wichita Falls' direct connection with the oil fields of central west Texas became a reality Thursday afternoon when the rails of the Wichita Falls & Southern were tied to those of the Ranger road at Jimkurn. The Southern reached Jimkurn several days ago, but the connection was not established until Thursday, finally completing the line.

The schedule into Breckenridge will go into effect Sunday, the train leaving here at 7 a. m. on that date to be the first into the oil town. The schedule is practically the same as that published in The Times of last Sunday, and is as follows:

Passenger train — Leave Wichita Falls 7 a. m., leave Graham 10:55 a. m. arrive Breckinridge 1:07 p. m. Returning, leave Breckinridge 1:40 p. m., Graham 4 p. m., Wichita Falls 7:20 p. m.

Mixed train—Leave Wichita Falls 3 p. m., arrive Graham 9 p. m. Returning, leave Graham 6 a. m., arrive Wichita Falls 1 p. m. Another mixed train will leave Graham at 1 p. m., arrive Breckinridge at 5 p. m., leave Breckinridge at 6 p. m., reach Graham 10 p. m.

The mixed trains are now equipped with oil burning engines, C. L. Fontaine, general freight and passenger agent, said Friday, and can be expected to maintain good schedules. The schedules have been so arranged as to give good connection with other trains at Wichita Falls, Graham and Breckinridge.

MARSHAL JOFFRE TO GO ON A MISSION TO JAPAN

PARIS, Aug. 19.—Marshal Joffre, commander of the French armies in the first battle of the Marne, will leave on a mission to Japan on September 2. Reports were current a few days ago that he would visit the United States upon his return from the Far East.

LARGE POSSES ARE SEARCHING FOR GIRL

Missing From Home Thursday Morning, Clad Only in Her Night Clothes.

GALESBURG, Ill., Aug. 19.—Large posses from neighboring towns, working with local authorities today, are scouring Galveston and vicinity in a search for Ethel Patterson, 22, who disappeared from her home at Merlawten miles from here, under mysterious circumstances early Thursday morning. Miss Patterson, it is said, was clad only in her night clothes at the time she vanished, all her clothing and valuables remaining in her room as she left them when she retired for the night Wednesday. Officers are working on the theory that the girl was kidnaped.

CHIEF INVESTIGATOR DECLARES EVIDENCE IS STRONGER EVERY DAY

LOS ANGELES, Aug. 19.—Malcolm McLaren, chief investigator for the district attorney's office, late last night commented on Ralph R. Obenchain's statement that the man who killed J. Belton Kennedy here August 5 would be in jail by Sunday.

Mr. McLaren said that he would act on any evidence warranting another arrest and that the only desire of officials was to see the slayer of Kennedy arrested and convicted.

"But," he added, "any theory of the case must provide for Arthur C. Burch and Mrs. Madalynne Obenchain, now accused. The facts show too strong a case against them to be disregarded."

Coincident with this statement, it was announced by Deputy District Attorney Keyes that the prosecution had examined two new witnesses late yesterday and added that the case against the two prisoners, recently indicted, was becoming "stronger every day."

Mr. McLaren said this morning that while his office had been working on the theft of an automobile stolen the night of the murder and later recovered at Santa Monica, he considered the automobile and the thief, for whom investigators sent out advance instructions along the Salt Lake railroad asking apprehension yesterday, had been eliminated as a pertinent factor in the case.

It was thought yesterday the man might have been one of the two "foreigners" whom Mrs. Obenchain told authorities had brushed by her in the Beverly Glen shortly after the shooting of her fiance.

The Weather

West Texas: Tonight and Saturday, partly cloudy; probably showers in the Panhandle.

PLANET PETROLEUM CO. WELL ON BURNETT RANCH, AT 1718, FLOWS OVER TOP OF DERRICK

Encountering a new sand at 1,718 feet the Planet Petroleum company's (west)-first well on the Burnett ranch in the South Electra pool, flowed over the derrick into Thursday at the rate of 400 barrels, and may do still better.

The well was started with the intention of going down to the 1,902-foot sand that was encountered by the Gulf Production company's test on the Collett tract just south of this property.

There are now five pay sands on this tract, at 400, 500, 930, 1,450 and 1,718.

WORKERS IN CAMP ARE ROUTED OUT OF THEIR BEDS BY BANDITS AND ROBBED

FORT SCOTT, KAN., Aug. 19.—Twenty-five workers, camped on the Jefferson highway 12 miles south of here, were routed out of bed early today by five motor car bandits and robbed of their savings. The men were asleep in two tents and a bunk house when they were awakened and lined up and searched. The bandits got about $800.

ONE KILLED, TWO INJURED, WHEN TRUCK TIRE EXPLODES

KANSAS CITY, Aug. 19.—Smith T. Weygant, employed in the traffic department of a wholesale lumber company here, was killed and two other men were injured when a rear tire of a motor car in which they were riding with two other men who were not injured, exploded last night on a road near Kansas City. The machine turned over following the explosion.

MOB STORMS JAIL BUT FAILS TO SECURE 3 NEGROES WANTED

EARNSTABLE, MASS., Aug. 19.—A mob of nearly 200 men and women carrying ropes early today stormed the local jail, threatening to lynch Camp Verde island negro prisoners charged with highway robbery and criminal assault on a young white woman at Buzzard's Bay.

At 2:30 o'clock this morning 25 automobiles, whose occupants included women as well as men, drove up to the jail. They demanded the three negroes, John Dies, Benjamin Gomez and Joseph Andrews, from the sheriff, L. Rosenthal.

There were shouts of "Let's get them," but when the jail defenders, five men, fired into the crowd they halted.

Chief Warden James Boland warned the mob back, shouting that at the first attempt to attack the jail they would be "shot down like rats."

The crowd remained outside the jail nearly an hour and a half, still threatening while Sheriff Rosenthal, Chief Warned Beland and three others stood guard with shotguns.

Dies and Gomez were held in $15,000 bail each yesterday and Andrews was to be arraigned today.

All three have been identified by Miss Gertrude Butler and William Eldridge as the men who held them up and mistreated Miss Butler at Buzzard's Bay early in the week.

WILL EXHUME BODY OF WOMAN IN WACO CASE

WACO, TEXAS, Aug. 19.—In connection with the arrest yesterday of W. T. Aven and Mrs. Bessie Keyes at McKinney, charged by complaint here with the murder of Leslie Keyes, the body of Mrs. Aven, whose mysterious death preceded that of Keyes, is to be exhumed. The body of Keyes was found on the Katy track on the night of August 6. There were indications that he had been murdered and placed on the railroad.

SHERIFF LEAVES M'KINNEY WITH MAN AND WOMAN

M'KINNEY, TEXAS, Aug. 19.—Sheriff Bob Buchanan of McLennan county left here today for Waco with Mrs. Bessie Keyes and W. T. Aven, who were arrested here yesterday charged with the murder of Leslie Keyes, railroad section hand, and husband of Mrs. Keyes, who was killed by a freight train near Waco early this month.

Aven, at the time of Keyes' death, was a section foreman. He is also charged with murder in connection with his wife's death in July.

LLOYD GEORGE FOR WELSH HOME RULE

Announcement Made by Premier at Dinner of Welsh Nationalists Thursday.

By Associated Press.

LONDON, Aug. 19.—An announcement in favor of Welsh home rule has been made by Premier Lloyd George, says the Liverpool Post today.

The premier, who made the announcement at a dinner of Welsh nationalists, pledged himself, according to the newspaper, to support a measure of Welsh devolution if such were agreed upon by the Welsh members of parliament.

The home rule favored by the Welsh nationalists means a greater degree of local self-government.

JUDGE IRELAND GRAVES RESIGNS AND COOPER SANSOM SUCCEEDS

AUSTIN, Aug. 19.—Ireland Graves, judge of the 26th district court of Travis and Williamson counties, today tendered his resignation to Governor Neff, effective September 1. Governor Neff appointed Cooper Sansom of Georgetown to fill the vacancy.

LORD CURZON SAYS BRITISH OFFER THE BEST CAN BE MADE

DECLARES MORE WOULD COMPROMISE THE SAFETY OF THE REALM.

MEMBERS OF PARLIAMENT ARE READY TO BE CALLED

Premier Lloyd George Discusses Situation and the Pending Negotiations.

LONDON, Aug. 19.—The British government in its Irish peace offer had conceded everything it was possible to concede, Premier Lloyd George declared to the house of commons today in his expected statement on the Irish peace negotiations.

It embodies the largest measure of freedom ever offered Ireland, he said, and he hoped the Irish leaders would not reject it, "and take the responsibility of renewing a conflict which would be robbed of all glory and all gratitude by its overshadowing horror."

Mr. Lloyd George disclaimed any menace for his words. He declared, however, that the government in making its terms had done everything it could to secure peace and the good will of the people of Ireland and that it was faced with the possibility through some things that had been said, that its terms would be rejected. In that case the country would face a graver situation regarding Ireland than ever before.

Therefore, he said, provision had been made for the summoning of parliament on forty-eight hours' notice if negotiations broke down and the prospect for peace became hopeless. He hoped, however, that reason would prevail and the government's desire for an ending of the long misunderstanding between England and Ireland would be realized.

The prime minister's words were paralleled in the house of lords by Lord Curzon, foreign secretary, as to the government's having already gone the limit. All that could be given without compromising the safety of the realm, the sovereignty of the crown and the dignity of the empire, had been offered, he said.

MEMBERS OF PARLIAMENT TO REMAIN IN READINESS

LONDON, Aug. 19.—Settlement of the Irish problem, or measures to be taken in case the Irish republican leaders break off negotiations with the British government, may possibly be laid before parliament prior to a final decision by Prime Minister Lloyd George and his ministry. This apparently was indicated by the sudden change in the plan to prorogue parliament today and the announcement that it had been decided merely to call a recess of two months before ending the present session.

Members of parliament were instructed to hold themselves in readiness to answer a call to London at any time before October 18, should developments in Ireland require the calling of a session.

There has been evident a desire on the part of the prime minister to submit Irish affairs to the consideration of parliament and the fact that final adjournment was deferred for two months was considered in some quarters as reflecting a possibility that the representatives of the people would be consulted before definite steps were taken.

Prime Minister Lloyd George was prepared to appear before parliament during today's sitting and make a statement regarding the Irish controversy. Mr. Lloyd George has during the past week made two important speeches before the commons. One detailed the controversy over Upper Silesia and the reference of that problem to the league of nations, at the same time outlining measures being taken for the relief of Russian famine sufferers. The other, delivered yesterday, was devoted to a discussion of the Anglo-Japanese treaty and voiced the prime minister's hope that Great Britain, the United States and Japan could reach an understanding by which they would face the future in accord and would together maintain the peace of the world. The frankness with which Lloyd George talked on these subjects seemed to give observers reason to believe he would follow the same course in discussing the Irish question and that something of the attitude of the government relative to the future might be indicated.

The Irish republican parliament, which has been in session in Dublin and has apparently laid the ground for consideration of the British offer of a dominion status, did not plan to meet today. Announcement was made yesterday at Dublin that today would be devoted to committee meetings, and that it was believed formal debate on the British proposals might begin tomorrow. The fact that the republican parliament deferred its reply to the British terms encouraged the hopeful in believing that the Dublin answer to Great Britain would not summarily break off negotiations, and that a settlement of the vexing Irish question within a reasonably brief period was still possible.

DECLARES SEQUEL PROVES RIGHT COURSE ADOPTED

LONDON, Aug. 19.—The British government, declared Premier Lloyd George today, in making its settlement proposals to Ireland, has decided on putting the whole of its terms into the letter to Eamonn de Valera without keeping anything back, and the sequel had proved, he said, that it was right in adopting that course.

He had heard no suggestions from

(Continued on Page 6, Column 4.)

COUNTY MAY CANCEL ITS ROCK CONTRACT ROAD WORK HALTS

COMMISSIONERS CONSIDER TAKING STEPS AGAINST COMPANY.

DECLARE IT FAR BEHIND WITH ITS DELIVERIES

Court Presents Demand For Supplemental Contract Calling For Company's Output.

Due to the failure of the stone company to furnish stone as required by Wichita county, Potts and Prentice will be forced to close down the road work for at least a week, was the statement made by County Engineer J. M. Isbell to the commissioners in special session Friday.

According to the engineer the orginal contract with the stone company called for a supply of from 7 to 10 cars per day, and later the company agreed to furnish their entire output not to exceed 20 cars a day.

From August 1 to August 10, according to the county engineer, the quarry put out 47 cars of which the county only received 20, or 43 per cent of the output. The stone company is approximately 1,000 cars in arrears with reference to the contract, it is said. When the contract was entered into the county advanced the company $100,000, and the agreement was that for each ton of rock furnished they would credit the county with 40 cents and the county was to pay 85 cents.

A bond of $100,000 was placed with the county to cover the money advanced.

The commissioners' court sent the directors of the stone company a letter Friday in which they stated that in order to continue the contract the stone company must enter into a supplementary contract with the county.

It was suggested that as a part of the supplementary contract the company must agree to refund the balance due after nine-tenths of the county's special road money has been expended, and that the company must agree absolutely to furnish the entire output of the quarry to Wichita county.

The letter sent to the company also contained the statement that this supplementary contract must be entered into by not later than September 1, or the county would take steps to forfeit the $100,00 bond which it now holds.

County Attorney Fulton will be instructed to draw up a supplementary contract to be submitted to the commissioners at the regular meeting to be held next Monday and a meting of the directors of the stone company and the commissioners will then be held on Monday, August 29.

Several members of the commissioners' court are in favor of cancelling the old contract and making a settlement with the company. It is believed, however, that the court will agree to the supplementary contract.

Head of Ku Klux Elected President Lanier University

ATLANTA, GA., Aug. 19.—In announcing the election of William J. Simmons, imperial wizard of the Ku Klux Klan, as president of Lanier university here yesterday, Benjamin Sullivan, local attorney, said that Colonel Simmons was elected by the trustees of the institution "on account of his wide acquaintance as head of the klan and by reason of which he would be in a position to raise money for the university."

Mr. Sullivan emphasized the point that the Ku Klux Klan, while not taking over the university, is doing so in a manner, since the name of Colonel Simmons, he declared, "has become synonomous with that of the klan."

The organization will not assume the indebtedness of the institution, Sullivan said, adding that the stringency in the university's financial situation was the direct cause of Colonel Simmons' election to the presidency.

Claim New Process Will Revolutionize the Steel Industry

TOKIO, Aug. 19.—A new process by which sand iron, or magnetic sand, may be converted into pig iron and thence into steel, has just been made public by Gorō Matsukata and Dr. Asobu Naito.

The discovery, the scientists say, will not only revolutionize the steel industry in Japan but of the world. The process is carried out by means of combining the sand iron with coke, using hot gas flames and making ferro-coke, from which iron can be easily taken.

Japan has little or no iron in any form which may be easily mined. However, magnetic sand is abundant throughout the empire.

The discoverers claim that the new process will make Japan one of the biggest iron producing countries of the world, independent of England or the United States in the matter of iron imports.

GOVERNOR OF PUEBLA IS CALLED TO EXPLAIN THE KILLING OF THREE MEN

MEXICO CITY, Aug. 19.—General Jose Sanches, governor of the state of Puebla, has been called to Mexico City, according to Las Noticia, in connection with a rumor that five men of the city of Puebla, said to be his political enemies, were shot while endeavoring to escape from guards.

According to the report the men, all of whom had been in prison for civil offenses, had been removed from jail on the ground that they were to be transferred to Mexico City, but that they were shot while attempting to escape.

Removal Notice.

We have moved our offices from 505 Seventh street to rooms 16 and 18, the Hines building. Phone 6006. Conner, Sin & Cloughley W. B. Conner, Glen F. Conner, H. R. Cloughley, S. P. Brown, Hughes Tool Co. 96-4tp

CHANCELLOR WIRTH SEEKS TO PROMOTE U. S. PEACE TREATY

ENDEAVORS TO SECURE SUPPORT OF ALL POLITICAL FACTIONS.

HOLD CONFERENCES OF AN IMPORTANT NATURE

Count Von Bernstorff Present as The Spokesman For the Democratic Party.

BERLIN, Aug. 19.—Chancellor Wirth is endeavoring to secure the support of all political factions represented in the reichstag for his plans looking to the negotiation of a treaty of peace with the United States. Conferences of an important nature have been held during the past few days, the one of Tuesday being especially important. At this session Count Von Bernstorff, former German ambassador at Washington, was present as spokesman for the democratic party.

It is declared that the chancellor's efforts are being directed against the opening of general debate on the treaty in the reichstag and if is asserted that unless he succeeds in obtaining a "gentlemen's agreement" with the reichstag factions before ratification of the treaty is considered in plenary session, the debate may resolve itself into a season of bitter wrangling.

Fears are expressed that the German-American war diplomacy and the submarine policy which brought about American intervention in the war will again be dragged forth by those who seek to exploit them for partisan purposes. It is for the purpose of obviating such a situation that Chancellor Wirth is laboring to obtain an agreement by all parties which will result in minimising, if not wholly eliminating debate in the plenary session.

New names are being mentioned as possible appointees to the ambassadorship to the United States. Among those most recently brought forward is that of Prof. Gerhart von Schulze-Gaevernitz, who occupies the chair of political economy at Freiburg university.

BARNS AND CATTLE SHEDS ON EVANS RANCH BURN

Special to the Times.

QUANAH, TEXAS, Aug. 19.—At an early hour this morning the barns and cattle sheds of the Evans ranch, four miles north of Quanah, were destroyed by fire. The buildings were a mass of flames before the fire was discovered. All but one of the cattle were saved, but a great quantity of feed, implements and harness was destroyed. Origin of the fire is unknown. The loss is estimated at $8,000, partially covered by insurance.

The United States navy has made arrangements to provide its battleships with iron umbrella tops for use in deflecting bombs which might be frequently dropped down the funnel by enemy planes.

Omaha too Wild for Boston Woman Robbed of Diamond

OMAHA, NEB., Aug. 15.—"I wish I was back in Boston and had never seen Omaha. This is a wild town!"

So sobbed Mrs. I. W. Howlett of Boston last night as she told police how two bandits had held her up, along with a friend, and bitten the diamond from her ring.

"He said first he would have to bite my finger off," sobbed Mrs. Howlett, "and he pressed a horrid gun to my head. Finally he reached down and bit the diamond from the ring."

GASOLINE PRODUCTION SHOWS AN INCREASE

Total For First Half of Year Eighteen Per Cent More Than in 1920.

Special to The Times.

WASHINGTON, Aug. 19.—The production of gasoline in the United States for the first six months of this year totaled 2,573,543,547 gallons, an increase of 18 per cent over production for the same period last year.

Imports for the first half of this year, according to figures issued by the bureau of mines, were 14,835,056 gallons, or a decrease of 32 per cent from last year's figures.

The exports are shown to have been 286,564,512 gallons; shipments to insular possessions, 14,361,483, while domestic consumption is given as 1,998,539,949 gallons, the last being an increase of eight per cent.

Kerosene production for the first half of the calendar year was 980,722,092 gallons; gas and fuel oil, 4,784,728,190 gallons; lubricating oils, 449,849,925 gallons. In this last there was a reduction of 32 per cent which the bureau feels reflected the industrial depression during the first half of the year.

HOW TO HAVE Rich, Red Blood!

In addition to eating plenty of wholesome food and taking regular exercise, your blood should be kept pure. S. S. S. will enrich the blood and drive out the impurities that cause rheumatism, eczema, tetter, pimples, blackheads, boils or other skin diseases arising from impoverished blood.

REFUSE TO INCREASE LOCAL FREIGHT RATE ON CARS FOR EXPORT

DALLAS, Aug. 19.—The Texas chamber of commerce has just been advised that the rate of $1.05 per 100 pounds, published by the Texas and Pacific and Gulf Coast lines to apply on export shipments of freight automobiles from Wichita Falls to New Orleans, has become effective, the interstate commerce commission having declined to grant the application of certain interests for suspension of these rates.

This rate was published in order to permit Wichita Falls manufacturers, in a measure, to meet competition from Detroit, Mich., from which point an export rate of 87½ cents per 100 pounds applies to New Orleans.

FAMINE STILL RAGES IN VOLGA SECTION OF RUSSIA

LONDON, Aug. 19.—Famine is still ravaging the Volga districts of Russia, but there is a decrease in the cholera epidemic there, says the Moscow correspondent of the Daily Herald. During July 22,000 cases were reported as against 42,000 in June.

Some of the efforts of the Russian soviet government to cope with the famine are detailed by the correspondent. He says the central soviet executive has appropriated 500,000,000 rubles for the initial expenses of the relief committee, and has also decided to levy a tax of one pound per pood (36 pounds) on goods traded in the free food markets. This food will be turned over to the relief committee. He says that extensive public work plans for employment are being formulated everywhere, one scheme under advisement promising the employment of 180,000 peasants, and another 200,000.

Trade union machinery is being utilized to transfer the starving from the famine area to more prosperous districts where they can be employed. Free transit of relief materials is being permitted everywhere in Russia.

FIRST BALE COTTON RECEIVED AT GOREE

Sells For Sixteen Cents and Premium is Contributed by The Merchants.

Special to The Times.

GOREE, TEX S, Aug. 19.—Goree received her first bale of cotton of the season yesterday afternoon. The cotton was raised by O. F. Roberts and was sold for 16 cents. A nice premium was made up for Mr. Roberts by the busines smen of Goree.

RECENT SHOWERS BENEFIT HARDEMAN COUNTY COTTON

QUANAH, TEXAS, Aug. 19.—Cotton prospects are good as a result of recent showers covering most of this section. The crop will be late in maturing, and on account of reduced acreage sufficient labor will be had locally to handle a large part of the crop.

EXPLAINS PROPOSED REDUCTION ON RATE FOR GRAIN EXPORTS

Special to The Times.

WASHINGTON, Aug. 19.—Members of the Texas delegation who protested over the proposal to establish a reduction of seven and one-half cents in the freight rate on export grain from the middle west, via Atlantic ports, unless similar rates are applied for gulf ports, are in receipt of a reply today from W. V. Hardie, traffic director, for the interstate commerce commission. In this Mr. Hardie states that the only application now before the commission is from the North Atlantic railroads seeking to waive the 30-day notice required by statute before an established rate may be changed.

"The commission," says Mr. Hardie, "has no power to require carriers to reduce rates and therefore all it can do in the premises to to approve or deny the application of the eastern railroads. The entire situation has been outlined and the commission, in a day or two, probably will decide the application before it."

He explains that if the reduction is made there is nothing to prevent gulf import lines from making a similar one, and says that these roads have protested against granting the application, stating if this is done they will be forced to reduce their export grain rates.

RECEIVER MAKES PROMPT AMENDS FOR TREATMENT ACCORDED 2 EX-EMPLOYES

Entire reparation has been made by representatives of Frederic A. Delano, Red river receiver, for the treatment accorded two former employes of the receivership who were seized by two other receivership employes, and detained all night under rather humiliating circumstances.

It was stated at receivership offices Friday that the two men thus mistreated had been reinstated and that the men who mistreated them had been discharged. The incident occurred during the absence from the property of Superintendent Williamson, it was stated.

A letter to The Times from the receivership area said that other employes had quit work because of the treatment given the two young men. "A thing like that is absolutely out of line with our policy," said a receivership representative Friday, "and everything possible has been done to make amends for it."

The two young men who were mistreated had gone to Graham. An employe of the receiver went there after them and brought them back to reinstall them in their former positions.

The affair created considerable feeling in the vicinity of Bridgetown, but it is thought that the prompt steps taken by the receiver will serve to reassure both employes and the public as to their attitude in such cases.

GREATEST PEACE TENDENCY IS BY U. S. AND CANADA SAYS TORONTO WOMAN

NIAGARA FALLS, N. Y., Aug. 19.—That Canada and the United States have exhibited peace tendencies more than any other countries, that together they can hold the peace of the world and that more can be accomplished in federating North and South America than by reaching out to Europe, was the statement of Mrs. Christine Ross Barker of Toronto, president of the Women's Peace society at the opening session of the conference on international disarmament at Niagara Falls, Ontario, today.

"The purpose of the conference is to formulate joint demands, as women of two countries, for presentation to President Harding at the coming disarmament conference.

"The underlying principle of the Women's Peace society," said Miss Hilnor Byrns, acting president, today, "is a belief in the sacredness and inviolability of human life under all circumstances. It is this ideal that will form the keynote of the conference."

TOOTS AND CASPER—"Don't Let It Happen Again!" Casper Didn't

—BY J. E. MURPHY

NEWSPAPERS OF LONDON ENDORSE STATEMENT OF PREMIER LLOYD GEORGE

LONDON, Aug. 19.—Endorsing the statement of Premier Lloyd George in the house of commons with reference to the Washington conference and the Anglo-Japanese alliance, the London Times in its editorial today declares:

"Plainly, it represented the considered judgment and deep aspirations of the dominion prime ministers and the representatives of India, as well as the prime minister and government of Great Britain."

Regarding the statement that disarmament would be easier if preceded by a pacific understanding, The Times says:

"Both for the United States and Japan, this voice of the British empire, uttered thus for the first time in a matter of incomparable importance, may well have unprecedented authority. It is a new voice in world affairs, or if it is not new it at least now is newly articulated."

Through the premier, continues the newspaper, the British people "declare their unfaltered friendship for Japan and propose to the people of the United States * * * common action to make safe the peace of the world."

The Times asserts that this statement "vindicates the debt of honor due by the British people to Japan, no less than their sentiment of attachment to a long held loyal ally," and "was rightly frank in the rejection of the specious plea that the Anglo-Japanese alliance could be cast aside as a bucker used in need and discarded with cynical levity."

ARE UNABLE TO LOCATE BERGDOLL IN SWITZERLAND

BERNE, SWITZ., Aug. 19.—Agents of the American legation here and the Swiss police have been unable to locate Grover Bergdoll, American draft dodger, who was reported to have fled to Switzerland from Germany.

The police have established that if Bergdoll actually did cross the Swiss frontier, he must have done so clandestinely.

SOUTHERN MERCHANTS WANT THE FORD OFFER ACCEPTED

RICHMOND, VA., Aug. 19.—The southern retail merchants' conference adopted a resolution yesterday instructing its secretary to urge congressmen from the southern states to use their influence in helping Henry Ford obtain the Muscle Shoals munition plant at Muscle Shoals, Ala.

HASKELL INTERESTS PAY HALF A MILLION FOR OIL PROPERTIES

The Haskell interests, headed by ex-Governor Haskell of Oklahoma, which include the Middle States Oil company, with offices in this city, has closed a deal that involves over $500,000, whereby the company has purchased the holdings of the Shamrock Oil company in the South Bend and Stephens county fields.

Mrs. S. A. Carnes and daughter, Virginia, of Decatur, and Mrs. Ily O. Young and twin sons, Glenn and Len, of Megargle, have returned to their home after a few days' visit with Mrs. T. F. Courtney, 1414 Fourteenth street.

GREEK FORCES ARE MAKING PROGRESS AGAINST TURKS ESPECIALLY TO THE NORTH

ATHENS, Aug. 19.—Greek forces engaged in the offensive against the Turkish nationalists in Asia Minor are making progress, especially on the northern end of the battle line, where they have penetrated the Turkish front to a depth of over 60 miles. It is reported that former Premier Demetrios Rhallys is desperately ill.

SECRETARY WEEKS URGES PROMOTION OF MAJ. PECK

WASHINGTON, Aug. 19.—The promotion of Major Robert G. Peck to be lieutenant-colonel was urged by Secretary Weeks in a letter today to the senate military committee.

The nomination was held up at the request of Senators Capper and Curtis of Kansas, on charge that the officer had made slurring comment on the conduct of the Kansas national guard in the world war.

Secretary Weeks said he had reprimanded Major Peck for his criticism of the state troops.

PASSENGER TRAINS ARE DISCONTINUED ACCOUNT OF AUTOMOBILE COMPETITION

PORTLAND, ORE., Aug. 19.—Twelve electric trains operating out of Portland and other northern Oregon points were struck from the time cards by the Southern Pacific company today and all passenger trains on two branch lines discontinued because of automobile competition, J. H. Dyer, general manager, announced.

BILL FOR GENERAL WOOD IS LAID ON THE TABLE BY MILITARY COMMITTEE

WASHINGTON, Aug. 19.—The administration bill designed to authorize Major General Leonard Wood to become governor-general of the Philippines without retiring as an active officer of the army, was laid on the table today by the house military committee without a record vote. Committeemen were said to have held it would be a dangerous precedent to establish.

Enjoy Moonlight Airplane Ride on Wednesday Night

Honoring Miss Josephine DuVal, Mr. and Mrs. H. K. Neal entertained Wednesday evening with one of the most novel and entertaining affairs of the season.

After a swim and picnic supper at Cedar park, the guests, which included Misses DuVal and Louis Bullett and Messrs. Roger MacEchren, Hal Sheet and Joe Henry Bryant of Dallas, were invited to take a moonlight airplane ride in one of the ships owned by the Aero Service company, of which Mr. Neal is manager.

Of course everyone was thrilled by the ride, each giving a different version of the appearance of familiar objects when seen from the air. Miss Bullett was enthused over the lake, describing the swimming pool as resembling a mere bubble. Mrs. Neal, who was taken over the city, insisted that the downtown section was like nothing so much as a birthday cake with numerous lighted candles. All agreed that the Iowa Park and Lake roads with their many lights, resembled diamond-studded ribbons. The objects in the fields were plainly visible as were the lights in Burkburnett and Electra.

On the return trip, with his wife as passenger, Mr. Neal attained an altitude of 3,500 feet and made several tail-spins and loops before landing.

Everyone was much impressed with the safety of flying and all are anxious for their next moonlight "hop."

ENTERTAIN IN HONOR OF DAUGHTER'S BIRTHDAY

Mrs. I. A. Albritton Jr. of 1508 Fourteenth street, assisted by Mesdames Kiddy, Hill and Albritton Sr., entertained on Wednesday afternoon, honoring her little daughter Marie's 10th birthday anniversary.

After the children had all arrived and the pretty remembrances were examined, indoor games, in which Martha Johnson won the prize, were played.

The children were then taken to Haven park in cars and spent the rest of the afternoon in the shade of the trees. Buckets of red lemonade were placed in convenient spots and were by no means forgotten.

Birthday cake and ice cream was served to Beth Perkins, Martha and Ruth Johnson, Lydia Krizan, Dollie Bell Windt, Thelma and Countess Witte, Julia Bell McCleary, Katherine Randle, Elizabeth Frizzell, Lorena Bowden, Velma Threadgill, Emma Seits and Marie and Buster Albritton.

LATEST STYLE

By LENORE

When one is off at school or college there are many occasions when a dark semi-dress frock is indispensable. There are matinees, and teas, and calls to make, and for these the really unusual frock in the sketch will prove more than satisfying. It may be made in dark blue or brown, alternating panels of pleated Georgette or crepe Romain with bands of perforated cire ribbon. The latter is easy to obtain, and is really the same as the ribbons introduced some seasons ago as "shoe-polish" ribbon. This season, it is said, these dull effects will be used a great deal both in braids and ribbons.

To return to the frock, there are six bands of the ribbon in all, two in front, two behind and one at each side, with sleeves to harmonize, and a simply looped girdle encircles the waist. At the neck may be worn a circular collar of lace or embroidered batiste.

PATTERN NO. 237.

A pattern for the above model (No. 237) can be obtained in sizes 34, 36 or 38 by sending to Lenore, 3 West Fortieth street, New York City, your name, address and 80 cents in postage stamps. Be sure to keep this newspaper clipping of the sketch and description of the garment to use as a working model when the pattern reaches you—which will be within two weeks' time.—Editor.

I do not like tomatoes or carrots, but we got some turnips out of a man's lot on the way back from the pasture and they tasted pretty good. I bet if a fella would run away from home in the summer time and drive his cow away with him he could live on the milk and almost nothing. We was talking about it when we had et the turnips and then I said that if we could train the cow so we could ride her it would be a whole lot easier. We could get up and milk her for breakfast, and then ride her till noon and milk her for dinner, and trade off some milk at a farm house for a loaf of bread, and then we could ride her till supper time and then do it again, and she could eat all night while we was sleep so as to make milk for the next day.

So then we turned around and went back to the pasture to see if we could get the cows to let us ride them, and we tried it on the cow's dotter and that was where we made our mistake because she is younger and skittisher than the old cows. She wouldn't do it. I have got a lump on the back of my head to big that I have to wear my hat over my eyes. If a cow had any sense she would have to go to the doctor and have it cut off. She said I had better keep my eye on it. I guess she thinks I can look half way round my head. She is not so very brite. Younies was just pouring the candy on a plate to cool. And now I have got a lump on the back of my head and a blister on my tongue.

Younias asted me to go o with her to look for some wild strawberries and I said there ain't any. She said she knowed it but we could go and look. I asted her what was the use of looking if there ain't any. She said that all the use some boys has got fo, a head is to wear their hat on it. We et the candy and then her mother let her go home with me to supper.

When we got there she wanted to [illegible] school and give me a lot of problems to do. I wonder what she thinks I am. I said: "If you could give me one kiss a minute, and I caught you in the dark for three and a half minutes, how many kisses could I get?" She said, "You would get a slap in the mouth." Huh!

(To be continue.)

• • • •

And now I have got a lump on the back of my head and a blister on my tongue.

would like to run away with a fella. She could see all the countries in the world and climb all of the mountains and everything.

When we had tried the cows and it wouldn't work, I told the bunch I was going home, and they thought it was because I got bumped. They do not know yet how tuff I am. I went around past Younisses house, and Younisses mother was setting out on the front porch fanning herself, and she hollered at me when I was going past and told me Younias was making candy in the kitchen and to go on in. When I was going throug the door she hollered at me again, and then she come over and felt of the bump on my head and asted me if I was getting a wen and I said I did not think so, and she said she bet I was and I

BOND BUYER IN CITY READY TO TAKE OVER COUNTY'S SECURITIES

A representative of the St. Louis banks who will purchase the $1,500,000 special road bonds of the county met with the commissioners court Friday afternoon with reference to matters pertaining to the purchase of the bonds.

Several matters which were objectionable to the attorneys for the bank were straightened out and remedied.

It was stated that arrangements have been made whereby the bonds will be turned over to the representative of the St. Louis bank so that it will not be necessary for the county officials to make the trip to St. Louis.

City Briefs

George H. Eigenberger, United States food and drug inspector from Houston, left Thursday for Amarillo after spending several days on an inspection tour in this city. A large quantity of spoiled canned goods and a similar amount of candled eggs were investigated during his stay here.

Warren Smith, James S. Elliott, W. L. Herblin, Robert Nolen and C. O. Fritz were at Seymour Thursday, where they assisted Seymour commandery in conferring the order of Knighthood on J. J. Cockerell, H. E. Nichols and D. A. Holman.

The body of Mrs. Rosina Nitschke, who died in a Fort Worth hospital August 17, arrived in this city Thursday night and was taken to the Merkle and Lunn undertaking parlors. It will be held there until Sunday when funeral services will be held. Burial will be in the Holliday cemetery.

N. V. Bachman, who was recently operated on for appendicitis at the Call Field hospital, was removed to his home, 2219 Ninth street, Thursday.

Carsie Boone, aged 23, died at 6 o'clock Friday morning in his residence, 2410 Kemp boulevard, after an illness of about one week. No funeral arrangements have been made as yet, the arrival of out of town relatives being awaited.

Leonard Heiniman and wife have returned from a two months' trip throughout western Canada and the Pacific coast.

Rex Brasher, who has been on a two weeks' trip to Frankston, Texas, has returned.

Robert Bond and wife of South Bend have purchased a new home at 1821 Eleventh street, and will make their home in this city. Mr. Bond is connected with the Godley Oil company, with producing properties in the South Bend district of Young county.

J. E. Doyle of Fort Worth, chief of the engineering department of the Gulf, is here looking over his future home. Mr. Doyle's department is being transferred to Wichita Falls with the removal of the Gulf Production company's headquarters from the Panther City.

Nine teachers of the county Friday took the teachers' state certificate examination in the offices of Burl Bryant, county superintendent of schools. This is the last examination before the opening of the 1921 school term. The examination will be continued Saturday.

Warren Smith left Friday afternoon on a short business trip to Bowie.

W. M. McGregor has returned from a trip to Colorado Springs.

C. W. Snider is expected home shortly from California.

MASKAT-TEMPLE READY FOR LABOR DAY TRIP TO VERNON, FULL COMPLEMENT GOING

Captain Horace Robbins of Maskat Temple Arab Patrol, is somewhat elated over the prospects of the Labor Day trip to Vernon, when his organization will be guests of the Vernon Shrine club. The full quota of 43 members will be in parade uniform on this trip.

The patrol is one of the livest organizations of the local temple, and their snappy parade and drill will be of great interest to their Wilbarger hosts.

The Vernon Shrine club is making special arrangements to see that the uniformed bodies of Maskat Temple and their ladies are properly entertained while in Vernon, and those who know Vernon's genuine hospitality realize that nothing will be left undone by the Shrine club at that place on Labor day.

FRED HALL TELLS JURY WAS OUT OF HIS MIND

RUSSELLVILLE, ALA., Aug. 19.—Fred Hall, charged with the slaying of Martha Henderson of Dallas, Texas, told the jury today he was "out of his mind" through desperation, because she "intrigued" him. He asserted the woman "hounded" him two years.

Hall's wife, four children, his aged father and other kinsmen were in the court room.

SURRENDER OF RAILROADS SAVED A LARGE AMOUNT

CHAUTAUQUA, N. Y., Aug. 19.—Surrender of the railroads to private operation September 1, 1920, when the government guarantee expired, saved the taxpayers at least $276,000,000 during the next ten months at the expense of the roads, Samuel O. Dunn, editor of Railway Age, declared today in an address at the Chautauqua institute.

LAW AND ORDER LEAGUE PROMISES PROTECTION TO MASKED PARTY VICTIM

BRENHAM, TEXAS, Aug. 19.—A. W. Hodde, the Brenham lawyer who was kidnaped yesterday morning by four unmasked men and given a beating and tarred, today received a telegram signed the "Texas Law and Order League," which promised protection if he should remain in Brenham. The telegram bore a Houston date and said that messages had been sent to President Harding and Governor Neff demanding a full investigation of the incident be made at once. The message said that $1,000 reward would be paid for arrest and conviction of the guilty parties.

WOULD PLACE HELGOLAND IN FREE STATE OF HAMBURG

By Associated Press.

HAMBURG, Aug. 10.—In Hanseatic shipping and political circles the suggestion is made for incorporating Helgoland in the free state of Hamburg as a solution for the prevailing dissatisfaction which is reported to be growing in extent among the islanders. Some time ago the islanders created considerable confusion owing to their refusal to fill out tax blanks.

The promoters of the merger plan declare the island no longer is an active asset to Prussia.

SAYS NEAR EAST PROBLEM AIDED IN PROVOKING WAR

WILLIAMSTOWN, MASS., Aug. 19.—Not only would the sufferings and bloodshed of many years have been avoided but the world war might even have been prevented if European statesmen had handled the Near East problem intelligently and honestly, Mr. Stephen Panaretoff, reappointed Bulgarian minister to the United States, said in his lecture before the Institute of Politics today.

"All European statesmen recognized this danger long ago," he asserted, "yet those who had the power and means did very little to avert it."

RAILROAD FUNDING BILL IS REPORTED TO SENATE

WASHINGTON, Aug. 19.—The administration's railroad funding bill was reported to the senate today with assurances that it would not be called up for consideration prior to the recess.

Card of Thanks.

We want to thank our neighbors and friends of Fairview addition who so tenderly assisted us during the sickness and death of our baby. And for the beautiful floral offerings. We also thank the employes of Fall Bros. for the beautiful wreath. May God's richest blessings be with you all. Mr. and Mrs. H. B. Fowler and Son. 98-tp

TEXAS RECEIVES $180,000 FROM UNIVERSITY LANDS

AUSTIN, Aug. 19.—Land Commissioner J. T. Robison announced today that he had just received $155,265 from the auditor of the University of Texas, collected on grazing leases of university lands. This makes a total of approximately $180,000 so far received by the land commissioner from that source for the fiscal year which ends Aug. 31, 1921.

ROBY SCHOOLS WILL OPEN FIRST MONDAY IN SEPTEMBER

ROBY, TEXAS, Aug. 19.—At a recent meeting of the local board of education for the Roby school district it was decided to open the public free school here on the first Monday in September, being the fifth day of the month. The school will open with eight teachers, which number will likely be increased before school closes. There will be some cotton picked here at that time, but the bulk of the picking comes in October.

RAILROAD COMMISSIONER MAYFIELD HERE FRIDAY

Earle B. Mayfield, railroad commissioner and candidate for United States senator, arrived in Wichita Falls Friday afternoon, being in this section to speak at Iowa Park Saturday. Mr. Mayfield went to Electra Friday afternoon with Reese S. Allen.

AUTOMOBILE OWNERS OF SOUTH TEXAS RESENT THE ACTIVITIES OF OFFICERS

HOUSTON, TEXAS, Aug. 18.—South Texas motorists are engaged with two sources of difficulty, according to officials of automobile organizations.

Automobile owners of Houston and Galveston are watching with interest habeas corpus proceedings in the conflict between automobilists and the country constables of Galveston county over alleged speeding cases.

Inquiry will be made into the alleged illegal manner in which automobiles have been stopped and forced to pay over money by constables of Alta Loma, Texas, as a result of allegations in the application for the writ, officers said. The application for the writ of habeas corpus was made on behalf of E. W. Bevis of Houston. It is regarded by the Motor League of South Texas as a test of the controversy which has developed with the issuance of warrants for approximately eight residents of Houston, commanding them to stand trial in Galveston county.

Houston and Galveston both are aroused over the alleged service of warrants in the "speeding" cases. The Galveston Commercial association, the Galveston Beach association and other civic organizations have notified Houstonians that they would aid in checking the alleged practices. The Motor League of South Texas also is investigating the Alta Loma arrests.

Details of what officers term the Alta Loma "speed trap" have been told by Houston motorists. The "trap" is a measured stretch of road about 2,000 yards long, between Houston and Galveston. When a car enters the stretch a constable starts his stop watch. When the car reaches the officer he stops his watch and computes the time consumed in passing over the "trap," according to the automobilists.

W. G. Roe, secretary of the Galveston Beach association, said officials of the association considered the Alta Loma "trap" a menace to the resort.

While the Alta Loma affair is occupying the attention of automobile owners in Galveston and Houston, the San Antonio chamber of commerce has announced a campaign to secure courtesy for tourists over Texas.

W. H. Furlong, secretary of the highway department of the chamber of commerce, said that he had many complaints from motorists and tourists charging inhospitality and maliciousness of strangers along the roads. He told of a farmer attempting to put him on a wrong road, which failed because Furlong remembered the right road.

Some of the residents along the country roads, Mr. Furlong said, also make mud holes in the night and sometimes bury logs to stop the cars. He said a regular business of pulling out cars for as much as $10 a car was growing up in the country districts.

The plan of the highway department is to ask all commercial bodies of the smaller communities of Texas to see that those guilty of such practices learn to have their community well thought of instead of disliked, Mr. Furlong said.

RYAN IS RE-ELECTED AS VICE PRESIDENT CARMEN

TORONTO, Aug. 19.—Martin F. Ryan of Kansas City today was reelected by acclamation as vice president of the Railway Carmen's Brotherhood of North America. Felix K. Knight was reelected assistant general president.

THE WAY OF LIFE.

From memory we quote:

Tomorrow and tomorrow and tomorrow
Creep in their petty pace from day to day
To the last syllable of recorded time.

• • •

And all our yesterday's have lighted fools
The way to dusty death.

We may not all be as cynical nor as incredulous of the fulfillment of our ideals but we do seem to exist in a world which lives more in contemplation of the future than it holds in memories of the past.

Just seven short years and a very few days ago the then German Kaiser announced that he would eat dinner in Paris within thirty days. He almost beat his own strenuous schedule. But because there was a night and then a tomorrow he has not yet eaten in Paris. The Belgians lived, fought and died because there was a tomorrow ahead of them, the French gave up everything they had to make that tomorrow glorious beyond mere words both during those trying uncertain days at the Marne and the living hell of Verdun, whose ghastliness will never be told.

England fought for the tomorrow and so did we finally. For awhile that tomorrow was our day but since then many of the tomorrows have held little hope. Mankind caught a glimpse of relief and bright promise but it faded away.

Now that the sharp edge of adversity has been somewhat dulled we feel better. The hope for a lightening of the world's burdens seems to be well along in prospect, so we live on the future.

The plan to hold a disarmament conference in Washington on November 11th has been well received in diplomatic circles but diplomatic circles are not given to undue expression. Diplomacy is, from tradition, the art of careful repression, of polite caution. However, if one asks the ordinary man of the street, the man whose habits of direct expression are instinctive, one will find that he is living in the hopes of success resulting from this conference. He believes that it will help him and his neighbors. His belief is well founded, but he is living on what tomorrow may bring forth.

He may not get down on his knees very often but he lives on what Providence will unfold for him tomorrow or the following tomorrow. That is life. Yesterday fast disappears, today drags slowly with its cares and its hurts, but tomorrow holds only bright hope and clear certain promise. Only those who properly meet the cares and soften the hurts of today are worthy of interpreting the hope and the promise of tomorrow.

So here's to tomorrow! May it be cooler and may the Spudders win!

IT WILL ALL HELP.

The tentative, unofficial plans to hold an international bankers' conference in Washington at the time the disarmament conference is meeting, has considerable merit. In fact any move which will bring about a closer and better international co-operative spirit is worthy of serious consideration.

Since the world is now suffering more from the stagnation of business conditions than anything else, except the over-heavy load of debt, a stabilization of international exchange would have a most salutary effect. The French franc normally exchanges about five for one dollar of our money but at the present rate of exchange the French people are required to pay about 13 francs for one dollar's worth of our goods. Belgium has to pay about the same premium as does France for our goods, Italy pays a bigger premium than either France or Belgium, and Germany is at a tremendous disadvantage. The German mark is normally worth a little over 23 cents. It is now worth about one and a half cents of our money. Normally a fraction over four German marks would buy one dollar's worth of our goods but now about 65 German marks are required to buy the same amount of our goods. Even England is paying approximately a 25 per cent premium for our goods. The other nations fare somewhat better but all of them, with the exception of Japan are having to pay more than the normal rate of exchange for what they buy of this country.

The result is that although there is a shortage of nearly everything man needs the nations of the world are buying only essentials from us and this at a time when we are prepared to sell them greater supplies of raw materials and manufactured goods than ever before in the nation's history.

CURRENT COMMENT

Wanted—A Mexican Policy.
(Houston Chronicle.)

We still lack a Mexican policy. We are still waiting, if not watchful.

Our relations remain in the same old state of chaos and undefined attitude.

No one knows what may occur next.

There is no longer a question about Mexico having a de facto government, but we have found other hairs to split.

We are not quite sure whether Mr. Obregon measures up to that "perfect moral standard" which we have come to require.

We are not quite sure but that certain sections of the Mexican constitution ought to be altered by treaty in our favor.

Oil has entered the situation, but especially as a bone of contention between us and Europe.

Ten nations have already recognized the Obregon government, and a dozen more are said to have.

The principal allies—France, England and Italy—are apparently content to mark time to our music a little longer.

So far as relations between the masses in Mexico and the United States are concerned, we can find no cause for complaint.

Apparently the thousands of Americans to the south of the Rio Grande, and the still more numerous thousands of Mexicans to the north of it, are getting along all right.

Trade by individuals and small firms is being resumed and extended very rapidly.

There is discoverable no popular hostility on either side.

All the border states feel so secure and satisfied as to have petitioned the government for recognition.

Apparently certain large interests are blocking the way. Everyone else, except dominated by prejudice, appears ready to re-establish diplomatic intercourse.

A vast majority of the Mexican people, and a vast majority of the American people, prefer that the decade of confusion should be ended.

It is a property dispute that holds things up, and, to a large extent, this dispute is imaginary.

We are assuming that article 27 of the Mexican constitution, which provides for the nationalization of title to certain mineral deposits, may be made retroactive, but why?

President Obregon says that it will not. He further says that he will agree to an international commission to safeguard American rights in connection with it.

Why should we be so anxious to cross the bridge before we come to it?

Why not wait until the offense is committed, if, indeed, it ever will be committed?

Why insist on recognition by injunction?

THE HISTORY OF YOUR NAME
By PHILIP FRANCIS NOWLAN

FERGUSON.

Variation—Farquahar.
Racial Origin—Scottish.
Source—A given name.

The family names Ferguson and Farquahar sound very little alike. Yet they are virtually the same name, originating as given names in ancient Ireland, being brought to Scotland as such, and there, under both English and medieval clerical Latin influences, developing respectively into the foregoing forms of family names.

The name of Fergus figures prominently in the Gaelic myths, legends and history of the pre-Christian era. But the spelling Fearghus is a closer approximatio nas it was spelled with the old Irish alphabet.

About the period 200 A. D., before Ireland became Christianized, there was a great exodus of expeditions of conquest and colonization from the north of Ireland to Scotland. The Irish clans which settled in Scotland, or Alba, as they called it then, were the progenitors of the present Gaelic portion of the Scottish race, for the most part Highlanders.

This name, which was compounded of two Gaelic words, with a meaning of "manly deed," developed in Scotland into the form Fearschar in many instances, from which the Latinized version Farquhardus was taken, later being shortened into Farquhar.

The addition of the Anglo-Saxon ending "son" to the Celtic name Fergus (a much more common mixtures of tongues in Scotland than is Ireland) of course produced the family name of Ferguson.

Tomorrow—Bates.

Little Benny's Note Book
By LEE PAPE

My sister Gladdis was mad at me today for about 5 diffrent reasons, and I was setting out on the frunt steps this afternoon and I smelt a certain smell, thinking, G. Gladdis is making fudge.

Wich I went back in the kitchin to look, and she was, me standing there a wile smelling it out loud and then saying, O boy, Ive smelt some grate smells before but I never smelt eny as grate as that.

Well Im glad you injoy the smell because thats about as mutch as youre going to get of it, sed Gladdis.

Being a hint that I wasent going to eat eny of it, and I stood there a wile longer like somebody that cant take hints, saying, You cefteny know how to make fudge, Gladdis, I bet if there was a contest of everybody in the hole city to see who could make the best fudge, I bet you would get ferst prize easy.

Im glad you know how good it is because otherwise you'd never find out, sed Gladdis,

Being a even stronger of a hint that I wasent going to get eny, me thinking, Well gosh, Im going to ask her rite out, Ill soon find out. And I sed, Hay Gladdis, are you going to give me a hunk.

No, 1000 times no, sed Gladdis, and I sed, Well its a darn good thing for you youre not because if you tried to id haff to insult you by not taking it, and wats more Ive smelt fearse smells before but thats the fearsest smell I ever smelt, and wats more if there was a contest of everybody in the hole city to see who could make the best fudge they would fire you out as soon as they got the ferst smell of yours so you wouldent even have the honor of coming in last, and wats more I dont care who knows it—

And I made a fearse face and went out on the frunt steps agen. Proving you cant beleeve everything everybody says unless you know wy they say it.

WHO? WHAT? WHEN? WHERE?

DO YOU KNOW—

WHO was Buddha?
WHY does iron get red when heated?
WHAT is the birthstone for August?

WHERE was George Washington born?

Answers to Yesterday's Queries.

The opera "Il Trovatore" was composed by Guiseppe Verdi.

"Pedigree" is the English attempt at the pronunciation of the French "pied-de grue" (crane's foot), applied because of the resemblance between a table of genealogy and the foot of a crane.

Though England is usually credited with producing the greatest amount of textiles, it is probable that the United States now leads the world.

Cuba became a republic in 1902.

Yale University is located at New Haven, Conn.

Bughouse Fables

HUMANISMS
Inner Lights on Lives and Whims of Personages in the Public Eye

By WILLIAM ATHERTON DU PUY.

Captain Walter J. Lawson of the United States army, was in command of a flight of fifty-two airplanes which some weeks ago, went 50 miles out in the Atlantic ocean and dropped bombs on some captured German warships, the same being done for experimental purposes.

Fifty miles is a goodly distance from any place where a flier might land and ask for a glass of buttermilk; and they soared around a bit, burned up much gasoline and watched darkness settle down over the world. Finally they strung out and started for home.

After an hour's flying there peeped over the horizon the distant twinkle of a lighthouse on Cape Hatteras, Captain Lawson's pilot leaned over, touched him on the shoulder, pointed to the light.

"North America," he said.

Last fall, down in Oklahoma, the fight over the election was as desperate as anywhere else in the nation. John William Harreld was running for United States senator and was scheduled to make a half dozen speeches on the last day of the campaign. Late in the afternoon he was to address an audience at Shawnee, and at night his final speech was to be made in Oklahoma City. The towns were forty miles apart. The bridge which connected them by automobile road got itself washed out.

So the candidate found himself face to face with an emergency. The only way he could get from Shawnee to Oklahoma City was by hiring a special train, which would cost him $200. And he had already spent all the money allowed him under the law. To do this he would need to violate the law. Otherwise, he must miss his Oklahoma City meeting.

Trusting to luck, he went ahead with his speaking schedule, not knowing how he was to get to the point of his final address. As he finished at Shawnee, however, he heard, much to his surprise, the impatient whistle of an engine at the railway station. The sound brought new hope to him, and investigating, he found that this engine, with full steam up, was attached to a car and ready for the dash to Oklahoma City.

He got aboard and was whisked away. Throughout the ride he kept vowing to himself that should it develop that this train was furnished by some individual who wanted to exercise an undue control over him he would take special pains to undo that attempt. The mystery of the train was not solved until next day after the votes were counted. He met Mrs. Harreld and she revealed that it was she and not some agent of political control who had sent the special to Shawnee.

When the campaign was over down in Tennessee last fall the republicans celebrated their first victory since the Civil war with an elaborate dinner to Claudius Huston, now assistant secretary of commerce up in Washington, who had handled the campaign.

It was, of course, an all-republican affair.

But a little while later the democrats came around to Mr. Huston, signified their desire to get their feet under the table for a few eats likewise, and asked if he would not allow them to make him their guest of honor also.

He assented and a love feast resulted, all because the whole campaign had been a clean, high-class affair, satisfactory in its main features even to the losers.

HAMBONE'S MEDITATIONS.

Just Folks
by Edgar A. Guest

Courage.

Teach me to bear the blow
Undaunted, unafraid;
Teach me to stumble low,
Nor call too soon for aid.
I would stand up to life
And all that it shall mean,
Facing what comes of strife
Courageously serene.

Teach me to live each day
Full to the best I know;
Treading a troubled way,
Let me no hatred show
After the blunders made,
After the faulty plan,
Let me come undismayed,
Changed to a wiser man

Teach me to understand
Fortune may often stray,
Bowing to her command,
Let me pursue my way.
Fallen and bruised and hurt
After the cruel test,
Let not my faith desert,
Still let me do my best.

CURZON SAYS OFFER BEST CAN BE MADE

(Continued from Page 1.)

any part of the world except Ireland, he remarked, that the proposals had not gone to the limit of possible concession.

"I want to make it clear," continued the prime minister, "that the government did not put forth haggling terms, but put forward everything that could possibly concede to purchase peace and the good will of the Irish people. In Ireland itself so far as I can see, the doubt is not so much as to the terms, but as to whether the government really means them.

"That is a question of working out the terms—of elucidation and elaboration, and not a changing of the terms. The outline can not be altered nor the basis changed."

"Instead of the fact that the house is about to separate, and the fact that very disquieting statements have been made, and even of a few disquieting facts, we are bound as a government to take thought of all possible contingencies, however unpleasant they may be.

"The first is the possibility of an agreement, in which case the details will have to be threshed out, which will take time. There is always apt to be an atmosphere of suspicion surrounding relations between two countries—a suggestion of bad faith if there is a misunderstanding on the slightest particular.

"It would thus be the duty of the executive, said the prime minister, to place a bill embodying the details and principles before the parliament for immediate action, because delay is disastrous once an agreement was reached.

"I wish it was not necessary to delay with the other contingency, but we are bound to take notice of certain things which have been said. This contingency is that our terms are rejected.

"Were that misfortune to befall the relations between these two islands whose history has been so full of such unfortunate incidents, we would be faced with a graver situation in regard to Ireland than that with which we have ever been confronted.

"Whatever these terms may accomplish and may have done, there is one thing they have achieved. They have defined the issues more clearly than ever before, and rejection would be an unmistakable challenge to the authority of the crown and the unity of the empire, and no party in the state could possibly pass over that without notice.

"I am using no language of menace. That would be indeed folly. Where there are so many existing difficulties to use threatening language would be to aggravate old difficulties and create new ones.

"If there is rejection, and final rejection beyond hope of negotiation, steps will undoubtedly have to be taken which the executive ought not and won't wish to take without first consulting parliament and giving it full opportunity of expressing approval or disapproval of any steps we might propose to it."

The premier explained that the motion to adjourn was for the house to meet October 18 for formal prorogation if the negotiations were proceeding satisfactorily. If the negotiations broke down and the position became hopeless, he added, the speaker was empowered after consultation with the government to summon parliament on forty-eight hours' notice.

IRISH ENVOY IS RECEIVED BY ARGENTINE MINISTER

BUENOS AIRES, Aug. 19.—Laurence Ginnell, envoy of the Irish republicans in Argentina, was received yesterday by Foreign Minister Pueyrredon at the foreign office, but Ginnell explained later to the Associated Press that it was strictly a private interview. He said he did not attempt to present the credentials from Eamonn de Valera as he realized their acceptance would mean the recognition of the Irish republic, which he could not as yet expect.

Mr. Ginnell declared he had informed the foreign minister of the situation in Ireland and had voiced the hope that his mission in South America eventually would result in recognition of Ireland by the republics on this continent.

Members of Crew Reluctant to Aid Survivors of Ship

SAN FRANCISCO, Aug. 19.—Members of the crew of the wrecked steamer Alaska were so slack in their efforts to rescue survivors that an officer of the rescue ship Anyox suggested that they be shot, William E. McClintock, the Alaska's first officer, declared today. He was the last witness at the trial before federal inspectors of four executive officers of the Alaska on a charge of negligence in connection with the wreck, in which about 45 lives were lost. When he took said, he tried to get a volunteer to round them up. The boatswain came back, according to McClintock's testimony, and said:

"Mr. Mate, I can't see why the young fellows can't go out. They're getting as much money as we are."

McClintock declared he made two separate attempts to get a volunteer crew to go from the Anyox in search of survivors, but was stopped on both occasions by the master of the Anyox. was taken aboard the Anyox, McClintock said, he tried to get a volunteer crew from among the more seasoned seamen of the Alaska to go back for survivors and sent Boatswain Hilmer

ALL THE NEWS OF ALL THE SPORTS ALL THE TIME

Spudder Clubbers Tear Loose And Overwhelm Bruins By 17-2 Count

SAN ANTONIO, Aug. 19.—The Spudders maintained their two-game lead over the Panthers yesterday by uncorking a fusilade of drives here, the like of which has never before been witnessed by local fans. Two Bear hurlers were drubbed in a manner that beggars description and when the smoke of the battle had cleared the visitors were on the desirable end of a 17-to-2 count. A total of 18 safe smashes was collected by the Salmites, five of which were garnered by Jake Miller.

Jake was probably the busiest human on the field. In addition to belting the sphere for a triple, double and three singles, he purloined three bases and camped under six flies that were sent out to his pasture. Tex McDonald also poled out a circuit smash and a double and aided his club materially in piling up the grand total.

Abe Bowman led the Spudders' defense and did a mighty good job of it. He limited his opponents to eight scattered blows and allowed only two Bruins to cross the platter. His mates had three big innings, any one of which would have been more than enough to win for him.

The first bombardment was uncorked in the second when the Spudders chased four across. Then in the fifth they drove Lybrand to the showers and kept up their onslaught on Tiner, the terrific clubbing resulting in eight counters. Just to increase their averages, they poled out four more in the final chapter.

The following detailed score shows just how hard Salm's employes hit that apple:

First Inning.

WICHITA FALLS: Bischoff fouled out to Tullos. Tanner skied to Connolly. McDonald grounded out, Fuller to Henry. No runs, no hits, no errors.

SAN ANTONIO: Fuller took a third strike. Tullos walked. Nee lofted to Davis. Tullos stole second. Connolly was safe on Tanner's wild peg and Tullos went to third. On an attempted double steal Tullos was run down between third and home, Kitchens to McDonald to Bowman to McDonald. No runs, no hits, one error.

Second Inning.

WICHITA FALLS: Some stellar swatting got the Spudders away to a four run lead in this session. Clark opened with a single to left. Miller tripled to the same pasture scoring Clark. Griggs grounded out, Tullos to Henry. Miller holding third. Works hit to Fuller who threw wild to the plate and all hands were safe. Kitchens walked. Bowman went out swinging. Bischoff cleared the bases by a long triple to deep left. Tanner flew out to Davis. Four runs, three hits, one error.

SAN ANTONIO: Henry popped to McDonald, Bowen singled to center. Davis flew out to Miller. Brock beat out an infield hit to McDonald and when the latter threw wild Bowen went to third and Brock to second. Lybrand lofted to Miller. No runs, two hits, one error.

Third Inning.

WICHITA FALLS: McDonald and Clark grounded out to Henry unassisted. Miller walked. Griggs singled to right and when Bowen's relay went over Tullos' head Miller scored and Griggs romped to third. Works and Kitchens walked filling the bases, but Bowman forced Kitchens at second, Nee t oFuller. One run, one hit, one error,

SAN ANTONIO: Fuller was thrown out by Bowman. Tullos doubled to right, Nee flew out to Bischoff. Connolly flew out to Miller. No runs, one hit, no errors.

Fourth Inning.

WICHITA FALLS: Bischoff swung popped to Henry. McDonald drew four at a third strike and missed. Tanner straight balls, but went out stealing, Brock to Nee. No runs, no hits, no errors.

SAN ANTONIO: Henry singled to right. Bowen walked on four straight balls. Davis was thrown out by Clark, bo himen advancing. Brock cleared the bases wi ht a double to right. He went to third while Bowman was tossing out Lybrand. Fuller walked. (At this point the operator wired from Santone that two of the "balls" called on Fuller should have been "strikes.") Tullos was thrown out by McDonald. Two runs, two hits, no errors.

Fifth Inning.

WICHITA FALLS: The Spudders found their hitting togs in this frame and belted the ball to all corners in and out of the lot. Clark tripled to the center field fence. Miller doubled to left scoring Clark. Griggs was hit by a pitched ball. Works sacrificed both runners up a notch, Brock to Fuller. Kitchens singled to left scoring Miller and Griggs. Bowman put Kitchens on third with a double to right. Tiner now pitching for San Antonio. Bischoff greeted him with a safe slap to center that scored both runners and he took second on Connolly's throw to the plate. Tanner walked, McDonald pasted the pellet over the right field fence scoring Bischoff and Tanner ahead of him. Clark was thrown out by Nee. Miller singled to center, his second safe blow in this inning, and then stole second. Griggs was thrown out by Nee. Eight runs, seven hits, one error.

SAN ANTONIO: Nee was thrown out by McDonald and Tanner threw out both Connolly and Henry. No runs, no hits, no errors.

Sixth Inning.

WICHITA FALLS: Works singled to left and went t osecond on Kitchens' sacrifice. Bowman dumped one down the first base line but ran into the ball and was called out. Bischoff was hit by a pitched ball. Works and Bischoff pulled a successful double steal. Tanner walked, filling the bags. McDonald forced Tanner at second, Nee to Fuller. No runs, one hit, no errors.

SAN ANTONIO: McElwee went into left for the Spudders and Bischoff went behind the plate. Bowen grounded out, Clark to Works. Davis went out the same way. Brock walked. Tiner lofted to Griggs. No runs, no hits, no errors.

Seventh Inning.

WICHITA FALLS: Clark flew out to Bowen. Miller singled to left. Griggs singled to right, Miller taking second. Both runners pulled a double steal. Miller was thrown out at the plate on Works' hit to Nee. Works went to second on the play, but Fuller returned the peg in a hurry to Brock and Griggs was nipped trying to score. No runs, two hits, no errors.

SAN ANTONIO: Fuller tripled to center but was thrown out at the plate trying to stretch it into a home run, Griggs to Clark to Bischoff. Tullos walked. Nee hit into a double killing, McDonald to Clark to Works. No runs, one hit, no errors.

Eighth Inning.

WICHITA FALLS: McElwee was thrown out by Tiner, Bowman went out swinging. Bischoff flew out to Davis. No runs, no hits, no errors.

SAN ANTONIO: Connolly fouled out to Brock. Henry beat out a hit to Clark. Bowen singled to right, putting Henry on second. Davis popped to Nee. Brock popped to McDonald. No runs, two hits, no errors.

Ninth Inning.

WICHITA FALLS: Tanner was thrown out by Nee. McDonald doubled to left. Clark was safe on Henry's error and McDonald went to third. Henry was spiked in the hand by Clark on the play and Hruska relieved him. Miller singled to center, scoring McDonald and Clark went to third. Miller stole second. Both runners scored on Griggs' double to left. Works singled over second, sending Griggs to third. McElwee scored Griggs with a sacrifice fyl to Connolly. Bowman popped to Fuller. Four runs, four hits, one error.

SAN ANTONIO: Couchman batted for Tiner and flew out to Miller. Fuller did the same, Tullos made it three in a row for Miller. No runs, no hits, no errors.

Mrs. Mallory and Miss Browne Picked to Meet in Finals

FOREST HILLS, N. Y., Aug. 19.—The semi-final struggle for the women's national tennis championship was scheduled for today on the courts of the West Side club.

Miss Mary K. Browne, Santa Monica, Cal., former titleholder, was bracketed with Mrs. Carl V. Hitchins, Mexico City star, and her fellow stateswoman, Mrs. May Sutton Bundy, of Los Angeles, also a former champion, was to meet Mrs. Molla Bjurstedt Mallory, the titleholder.

Miss Browne and Miss Mallory were the choice of many experts for the title round, to be played tomorrow.

MAY PLAY SERIES FOR WORLD TITLE WITH MRS. MALLORY

Mlle. Suzanne Lenglen

FOREST HILLS, N. Y., Aug. 18.—Mlle. Suzanne Lenglen, European tennis champion, and Mrs. Molla Bjurstedt Mallory, American title-holder, will in all probability play a series for the world's lawn tennis championship on the course of the West Side club here next month.

Rapid advancement in this direction was made here at a conference this forenoon.

PHILADELPHIA OARSMEN WIN TITLE

The redoubtable vesper four of Philadelphia, with champion Jack Kelly at stroke and his cousin, Paul Costello, contender for championship honors at No. 3, rowed to a sensational victory in the senior international four-oared race held at Buffalo recently. The Philadelphians fairly jumped their boat through the water and took the lead early in the races. The time was 6:52 2-5. The photograph shows left to right—Paul Costello, Sam Moorhead, Jim Bergen and Jack Kelley.

PANTHERS 5, EXPORTERS 1

BEAUMONT, Aug. 19.—Joe Pate held Beaumont to three hits and Fort Worth won the third game of the series here yesterday 5 to 1, making a clean sweep of the series.

AMERICAN LEAGUE

Senators 12, Browns 1.

ST. LOUIS, Aug. 18.—The Nationals swamped the Browns with ease Thursday, 12 to 1. The only run against Johnson was a home run by Jacobson in the fifth. Dixie Davis, who finished his recent nineteen inning victory over the Nationals with nine hitless innings, was greeted with a home run by Smith and singles by the next-three batters.

Score by innings: R. H. E.

Washington	3	2	0	0	0	4	0	0	3	12	15	1
St. Louis	0	0	0	0	1	0	0	0	0	1	4	2

Batteries: Johnson and Picinich; Davis, Bayne, Palmero and Severeid.

Athletics 6, Indians 4.

CLEVELAND, Aug. 18.—Bob Hasty's dink ball was too much for Cleveland Thursday and the Mackmen won, 6 to 4. The Athletics got their lead in the second inning off Sothoron and held throughout the game. George Uhle, who relieved Sothoron, was also hit hard.

Batteries: Hasty and Myatt; Sothoron, Uhle and O'Neill.

Red Sox 6-5, Tigers 5-0.

DETROIT, Aug. 18.—The Boston Red Sox took both ends of a double bill Thursday from the Tigers, the first 6 to 5 in 11 innings and the second 5 to 0 in regular time.

First game— R. H. E.

Boston	4	0	0	0	0	1	0	0	1	6	15	0
Detroit	5	0	0	0	0	0	0	0	0	5	9	4

Batteries: Bush, Russell, Karr and Ruel; Oldham and Bassler.

Batteries: Jones and Ruel; Holling and Bassler.

White Sox 7, Yankees 6.

CHICAGO, Aug. 18.—Babe Ruth got his forty-sixth home run of the season Thursday, but the Yankees lost the game to the White Sox. The score was 7 to 6. The locals won in the eighth inning when they made three runs by sensational playing.

Batteries: Mays, Salee, Hoyt and Schang; Faber and Schalk.

GASSERS SELL RED BIRD TO WASHINGTON SENATORS

SHREVEPORT, Aug. 18.—Red Bird, pitching ace of the Shreveport Gassers, was sold today to Clarke Griffith of the Washington Senators. Bird has played in the West Texas, the Virginia and the American leagues, having been up with the Yankees last fall. He joined the Shreveport team at the beginning of the season.

PIRATES NOW HAVE COMFORTABLE LEAD

Are Almost a Cinch If They Play .500 Ball Remainder of Season.

NEW YORK, Aug. 19.—Pittsburgh today has a firm grip on first place in the National league. Winning two games from Philadelphia yesterday while New York lost to Cincinnati, the Pirates now hold a lead of 52 points over the Giants.

If Pittsburgh does no better than break even in 42 games remaining on its schedule, New York must win 26 of its 39 games to tie the pacemakers.

NATIONAL LEAGUE.

Reds 4, Giants 3.

NEW YORK, Aug. 19.—The Giants closed up on the Reds in the ninth inning of Thursday's game, but fell short of victory when Adolfo Luque, the grim visaged Cuban box man, tightened up at the critical moment and the Reds carried off the second game of the series by a score of 4 to 3.

Score by innings: R. H. E.

Cincinnati	0	1	0	0	0	0	1	1	0—4	9	2
New York	0	0	0	0	1	0	1	0	2—3	7	0

Batteries: Luque and Wingo; Douglas and Smith.

Browns 9, Cubs 8.

BOSTON, Aug. 18.—Braves' Field was flooded by a severe thunderstorm in the seventh inning of Thursday's game and it was called at the close of that inning with Boston leading Chicago, 9 to 8. The Braves greeted Martin with a fusillade of hits, including a clean-up home run by O'Neill for seven runs in the first inning, but the Cubs gamely fought uphill and almost tied the score in the seventh.

Score by innings: R. H. E.

Chicago	0	0	2	0	0	2	0	0	4—8	11	2
Boston	7	1	0	0	1	0	0	0	—9	12	0

Batteries: Martin, York and O'Farrell, Oeschger, Fillingim and O'Neill.

Dodgers 11-4, Cards 5-1.

BROOKLYN, Aug. 18.—Brooklyn took both games from the St. Louis Cardinals Thursday at Ebbets Field before a crowd of 15,000. Clarence Mitchell southpawed the Dodgers to victory in the first game by 11 to 5. Leon Cadore right-handed the Brooklynites to another victory in the second game by 4 to 1.

First game— R. H. E.

St. Louis	0	2	0	0	0	0	0	3	0—5	13	1
Brooklyn	0	0	0	1	0	0	4	6	x—11	12	0

Batteries: Reviere, North and Ainsmith; Mitchell and Miller.

Second game— R. H. E.

St. Louis	0	0	0	1	0	0	0	0	0—1	7	1
Brooklyn	4	0	0	0	0	0	0	0	x—4	11	1

Batteries: Walker, Haynes and Clemons; Cadore and Krueger.

Pirates 4-3, Phillies 3-2.

PHILADELPHIA, Aug. 18.—Pittsburgh defeated the Phillies in both ends of a twin bill Thursday, 4 to 3 and 3 to 2. Both games were well played, the tailenders extending the league leaders to the limit. Robertson practically won both games with his timely batting. Glazner's pitching featured the second affair.

First game— R. H. E.

Pittsburgh	1	0	0	0	0	0	3	0	0—4	8	0
Philadelphia	0	0	0	0	0	0	0	3	0—3	10	1

Batteries: Hamilton, Carlson and Protteau; Ring and Henline.

Second game— R. H. E.

Pittsburgh	0	0	0	1	1	0	0	0	0—2	8	0
Philadelphia	0	0	0	0	0	1	0	0	2—3	6	0

Batteries: Glazner and Smidt; Winters and Peters.

JAPANESE DAVIS CUP TEAM NEEDS ONE MORE MATCH

LAKE FOREST, ILL., Aug. 19.—Needing only one more match to bring them victory in the semi-final round clash of the 1921 Davis cup series against India, Japanese tennis experts went on the grass courts at the Onwentsia club here this afternoon for the match which may decide the triumph. The Indian doubles team, which is supposed to embody the chief strength of the British colonial squad, was no less determined.

The SPORTLIGHT by Grantland Rice

(Copyright 1920 New York Tribune Inc.)

Entirely too great an amount of temperament is crowding into sport. The champion in too many lines feels that either he or she is beyond any form of restraint or convention and so acts accordingly. There never has been a player yet as big as the game by a number of far leagues or deep fathoms. There has been no player yet wonderful enough to override the main principles of competition and get away with it.

Mlle. Lenglen made two mistakes in Tuesday's contest with Mrs. Mallory. Unfit physically for a championship test she should never have started. Once having started, she should never have quit unless in the throes of a collapse. Those who enjoy the flare of the great white spotlight have to pay for the privilege or else suffer accordingly, for the gallery at large is far more critical of the headliner than it is of the unknown.

Willie Hunter, British amateur golf champion, will soon be headed for America to enter our national championship in St. Louis. The law of averages favors a strong showing on his part judging from the returns made in various championships by foreign guests who have acquired few laurel sprigs in our title events. This is not mentioned with a boasting intonation, but rather as a matter of cold, clammy fact.

Along the line of tournament temperaments Bill Johnston and Jerry Travers are more alike than any other pair. Grimness without sourness and above all, complete concentration upon the job.

A correspondent informs us of the best trapped golf hole in America. Playing in Minnesota, he writes, "I hooked my tee shot to the edge of a bunker's nest, and in playing my second was stung twice. I looked for a road to the edge of the woods and found the ball within two feet of a big rattlesnake. I've always said they were going to keep on trapping courses until at least they became ridiculous.

The next move some commission will make will be to have Al Capone off owing to the fact that he is past the age of physical prowess and that he would be knitting in place of putting a hop on his fast one or otherwise building a lot of kids.

Connie Mack's landlord has evidently refrained from jumping up the rent as Connie is now spending his seventh season in the same location. Whether or not he has had any of the cellar wood-work done over or any new plastering completed is unknown.

THE RIGHT HABIT.

Dr. Fielding H. Yost, now full professor of athletics at Michigan, was discussing form.

"Form," he said, "is merely the right habit—the habit of doing a thing in the right way."

"Form," once Hughey Keogh wrote, "is the brief interval between getting ready and going stale." But what "Hek" actually meant here was condition, not form.

"The star performer in any game," says Yost, "is the one who has the right habit so developed that he doesn't have to think about what he is doing. I mean by that he doesn't have to think about the mechanical operations of the play. Until it becomes a matter of hab

SEPTEMBER 30 DATE FIXED FOR HANGING OF H. J. TOUSSAINT

DEFENSE NOTICE OF APPEAL, HOWEVER, STAYS ORDER OF EXECUTION.

VIGOROUS EFFORT TO SHOW JURY MISCONDUCT

Defendant Hears Sentence of Court With Same Indifference Previously Manifested.

Henry John Toussaint, who was found guilty of the murder of his father, heard Judge H. F. Weldon pronounce sentence upon him Thursday evening at 6:20 o'clock. Judge Weldon overruled his motion for new trial and then ordered that the condemned man should hang by his neck until he was dead. Execution date was set for September 30.

Counsel for the defense excepted to the court's ruling on the motion for new trial and immediately gave notice of appeal. The court granted the defense 30 days in which to protect their appeal. Giving of the notice of appeal automatically stays the execution unless the appeal is not perfected.

Toussaint maintained the same lethargic attitude that he manifested throughout the trial. There was but one noticeable change in his demeanor. While testimony was being adduced from the witness stand the condemned man would fix his eyes at a point above the witness stand chair and gaze for five minutes at a time.

It required an hour and twenty minutes for the defense to read its motion for new trial. Deputy Sheriff J. E. Hall, who was the officer in charge of the jury, was the first witness called by the defense. The witness told of several incidents that occurred while the trial was in progress, by which the defense attempted to prove their contention of misconduct on the part of the jury.

Mrs. Fred Smith, wife of the sheriff, told that one evening while the trial was in progress she noticed two men on the fire escape that leads by the jury room and related that she informed Chief Deputy Dakan that two members of the jury were on the fire escape talking to women prisoners.

George Lawler, E. B. Gorsline, H. H. Karrenbrock, John Bradley, W. A. Soules and Sam Ashmore, members of the jury who convicted Toussaint, were placed on the stand. Juror Lawler testified that he and another member of the jury had stepped out on the fire escape to get fresh air and that while there he noticed a woman in the county jail that he knew and that he had spoken to her.

The other jurors who were placed on the stand denied the allegations of the defense motion with reference to misconduct.

Sam Ashmore, who it was contended by the defense was not a fair and impartial juror because of the fact that a month prior to the trial he had expressed himself "he ought to be hung to a telephone pole, crazy or not crazy," stated that he had been drinking at the time and had entered J. B. Marlow's office at a time when a conversation was being had about the hanging of someone. He said he did not know who the conversation was about and that jokingly he had made the remark but that he did not know at that time that Toussaint was the subject.

Robert Goodfellow, called by the defense, also stated that Ashmore had made this remark but that he had said it in a joking manner and that Ashmore had been drinking at the time.

FUNERAL SERVICES TO BE HELD LATE FRIDAY FOR MRS. WILLIAM E. NORTON

Funeral services of Mrs. W. E. Norton, who died Thursday afternoon, will be held at 5 p. m. Friday from the residence, Eleventh and Brook, with Dr. D. L. Collie of Forth Worth officiating.

Mrs. Norton's death followed an illness of 14 months, and it had been known to those nearest her for over a year that she could never recover. Her ailment, pernicious anemia, baffled the best medical skill in the country, everything that was humanly possible being done to bring relief without success. Her strength of will and her Christian fortitude bore her up through the long months of suffering and she met the end bravely and patiently.

Mr. and Mrs. Norton were married at Abilene in 1906, Mrs. Norton being a member of the Ragland family of Goliad. They moved to Wichita Falls in 1910, Mr. Norton being one of the city's most successful oil operators. Surviving, besides the husband, are a son, Morris, aged 13; a sister, Mrs. G. S. Morris of Leckney, and her father, J. F. Ragland.

Mrs. Norton was a woman of many friends, who knew her as a generous, lovable character; those in the closer circle of her friendship valued that friendship with especial worth. The last words she spoke, before there came the unconsciousness that preceded the end, addressed to Mr. Norton's mother, "Mammy, you must do something to make them happy," were typical of Mrs. Norton's philosophy of life and of her Gospel.

Dr. Collie of Fort Worth is an old friend of the Norton family and performed the marriage ceremony in 1910. Others from out of the city for the funeral include Mr. Norton's parents and his sister, Mrs. J. S. Hard of Fort Worth. Another sister, Mrs. Ben O'Neal, had left the city on a summer trip only a short time before Mrs. Norton's death, not realizing the end was so near.

Pallbearers will be T. B. Noble, C. E. McCutchen, W. M. McGregor, E. G. Hill, G. C. Wood and R. O. Harvey.

SUCCESSFUL SALE AT THE SILVER-CREST HOG RANCH NEAR CLARENDON THURSDAY

Special to The Times.

CLARENDON, TEXAS, Aug. 19.—One of the largest hog sales in this section was held at the Silver-Crest hog ranch, the home of F. M. Clark of Hedley, Texas, near Clarendon, Thursday. This ranch is headed by the famous $10,000 hog, Jayhawker. At this time there were 600 people present from 20 different counties in Texas; also from New Mexico, Oklahoma, Kansas and Missouri. Col. R. E. Miller of Blanchard, Iowa, was the auctioneer. Fieldmen, John C. Halderman, the Poland China Journal; Keith McCanse, Better Polands; Ludwig Iribech, owner Happy Poland China farm, Happy, Texas; W. S. Smith, breeder, Groom, Texas.

Gilts selling as high as $310 were shipped as far as St. Joseph, Mo., from this sale. All animals were insured for 90 days and guaranteed as represented.

SENATOR RANDELL APPROVES THE DEEP WATER CHANNEL

NEW ORLEANS, Aug. 19.—United States Senator Joseph E. Randell of Louisiana yesterday gave hearty endorsement to the project for a deep water channel from the northern terminus of the New Orleans industrial canal to the Gulf of Mexico. The southern terminus of the canal is at the Mississippi river.

ANNUAL REUNION AT HOLLIDAY ATTENDED BY LARGE CROWDS

The Confederate and Old Settlers reunion at Stonewall Jackson camp grounds near Holliday is in progress with large crowds in attendance. The reunion was opened Wednesday and will continue through Friday.

A number of families are encamped on the grounds. The number of campers, however, is fewer than eight or ten years ago when everybody came in carriages or wagons and remained on the grounds during the meeting. Now they come in automobiles and the larger number return to their homes for the night.

One of the attractions this year is a rodeo contest, a feature of which is steer riding exhibition by a cowgirl.

Thursday morning Judge P. A. Martin of Wichita Falls delivered an address. A feature of Friday's meeting will be an address by Hon. S. A. L. Morgan, candidate for nomination for congress from this district.

ONE PERSON IS KILLED AND SEVERAL INJURED IN ACCIDENT AT SHERMAN

DENISON, TEXAS, Aug. 19.—One person was killed, four seriously and several received minor injuries when a Frisco train backed into a northbound Dallas-Denison interurban train on the Texas electric railway in Sherman late Thursday night, according to reports received here. The injured were rushed to Sherman hospitals, it was said.

WALKER WILL BE ABLE TO LEAVE HOSPITAL NEXT WEEK

CLEVELAND, Aug. 19.—Johnny Walker, first baseman of the Philadelphia Athletics, who was injured in Wednesday's game, will be able to leave the hospital the middle of next week, according to Dr. H. M. Castle, physician to the Cleveland team, who is caring for Walker.

After leaving the hospital Walker will be forced to rest a few days before joining his teammates.

Dr. DuVal, Eye, Ear, Nose, Throat. Testing eyes for glasses a specialty. 222 American National Bank Building. 80-31tc

CALOMEL LOSING OUT IN SOUTH

Mr. Dodson, the "Liver Tone" Man, Responsible for Change for the Better.

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much, but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day.—adv.

WICHITA FALLS

Fifth Avenue Has Thrill in Chasing an Escaped Buck

NEW YORK, Aug. 19.—Fifth avenue has experienced a new thrill—a deer hunt.

Hundreds of pedestrians joined animal keepers, traffic policemen and honking automobiles in pursuit of a big buck which escaped from its paddock in the Central Park zoo yesterday. For several blocks the animal led his excited pursuers in a neck and neck race, but was finally halted by a patrolman who in a flying leap from the running board of an automobile, pinned the animal to the ground.

RIGHT MUMMY HAND OF PHAROAH'S DAUGHTER TO THE BRADLEY INSTITUTE

PEORIA, ILL., Aug. 19.—"The right mummy hand of Pharaoh's daughter, who rescued Moses from the waters of the Nile," was left to Bradley Polytechnic Institute in the will of the late Mrs. Annie E. Petherbridge, filed yesterday for probate.

Mrs. Petherbridge was a well known Bible student and with her husband has made several trips to the Holy Land.

GENERAL MORTON RETIRED GENERAL BAILEY SUCCEEDS

WASHINGTON, Aug. 19. — Orders were issued today retiring Major General Charles G. Morton from command of the third corps area at Fort Howard, Md., and assigning Brigadier General Charles J. Bailey, now in command of the seventh division at Camp Meade, Md., as his successor. General Morton will report to General Pershing at the expiration of a leave of absence for assignment to duty as yet not specified.

VETERAN OF MEXICAN AND CIVIL WARS IS ONLY 108

J. A. [illegible], Texas, is one of the five centenarians of Texas. The young man, who is a veteran of the Mexican and Civil wars, is only 108 years old. He has been a railroad builder and a cattleman, and when he was 104 years young he took unto himself a second wife, who was a mere baby of fifty.

CONSTANTINOPLE RECEIVES MILLION DOLLARS WORTH OF RUSSIAN BOLSHEVIK GOLD

By Associated Press.

CONSTANTINOPLE, Aug. 19.—Russian bolshevik gold valued at $1,000,000 has arrived here during the last fortnight, as a result of trade exchanges. Of this amount, $600,000 was brought by the United States destroyer Overton from Batum, for the American foreign trade corporation. This organization secured the money as a revolving credit from the three Caucasus republics and it will be used for the purchase of manufactured goods, for which raw imports will be exchanged.

The Overton was the first United States warship to visit Batum since last February when the soviet government of Georgia was established.

She was sent there primarily to facilitate the work of Near East relief.

PRINCE REGENT ALEXANDER HAS ATTACK OF APPENDICITIS

PARIS, Aug. 19.—Surgeons attending Prince Regent Alexander of Jugo-Slavia, who is ill at a private hospital at Neuilly, have hesitated to perform an operation for appendicitis from which the prince is suffering.

During the war Prince Alexander was compelled to undergo an operation during the Serbian retreat into Albany, one of his ribs being removed and fears are expressed that he may be unable to stand another major operation. The surgeons attending the prince during the war are said to have operated under bad conditions.

Prince Alexander, who has been in failing health for some time, came to France some weeks ago incognito to consult specialists. He spent some time at Vichy and other "cures" in Savoy and then returned to Paris, intending to proceed to Belgrade. He was taken seriously ill, however, and finally had to be removed from his hotel in Neuilly.

Klan Contributes $62.50 to Widow Who Loses Home

FORT WORTH, Aug. 19.—A messenger today delivered $62.50 to a local newspaper with instructions that it was to be delivered in the name of the Ku Klux Klan to Mrs. Sally Robe ts, a widow, whose home was destroyed by fire recently. A similar sum was also delivered to the Fort Worth welfare association in the name of the klan.

TWO BOY SCOUTS PLAN A CRUISE OF ADVENTURE

By Associated Press.

LONDON, Aug. 19.—Two Scotch boy scouts will shortly embark on a cruise of adventure such as their comrades throughout the world dream about, for Sir Ernest Shackleton, the Antarctic explorer, has selected them from among ten competitors to accompany him in his coming Antarctic expedition as cabin boys aboard his ship, the Quest.

The youths are patrol leaders, J. W. S. Marr of Aberdeen, aged 19, and N. E. Mooney of Kirkwall, in the Orkney Islands, aged 17.

The Quest will sail about September 1 and will be gone two years.

HOUSTON NURSE HAD TO GIVE UP WORKING

After Being Under Treatment for Two Years She Gets Relief by Taking Tanlac

"In all of my experience as practical nurse I have never known of a medicine with the merit of Tanlac," said Mrs. Viola G. McAshan, 828 Arlington street, Houston Heights, Texas.

"I have put Tanlac to a personal test. The strain of nursing the sick proved too much for me and finally after a nervous breakdown I had to give up. I was in a terribly run-down condition, my stomach was out of order and I suffered tortures with my back. Sometimes in the morning my back hurt me so I would break down and cry and my husband would have to help me out of bed. I was under treatment two or three years and tried many medicines, but nothing did me any good. I lost weight until I only weighed a hundred and one pounds, and finally I got down in bed and was discouraged and out of heart. This was my condition when I began taking Tanlac.

"It is simply wonderful the way this medicine has put me on my feet again. I have a splendid appetite, my stomach is in first-class condition, I have gained eight pounds in weight and am gaining every day and am feeling better than I have in years. I'm telling everybody what a fine medicine Tanlac is, and I hope my statement will help others who suffer as I did."

Tanlac is sold in Wichita Falls by Miller Drug Store, in Electra by Tarleton Drug store, in Burkburnett by West End Drug Co., and by all leading druggists.—adv.

FURNISH CUBAN PRESIDENT WITH REPORT ON ATTACK ON AMERICAN RESERVE MAJOR

HAVANA, Aug. 19.—President Zayas has been furnished with a report of the investigation by the American legation into the attack on Leroy Foster, American reserve major, at Camaguey last week and the alleged illegal entry by American marines of the home of Humberdo and Arcadio Sariol, Cubans, in search of the assailants. Neither the Cuban government nor the American legation has made any official announcement regarding the affair, and thus far neither of the brothers, who are alleged to have made the attack, has been detained. No attempt has been made to take into custody the American marines accused of entering their home.

It is understood that the legation's report expletmed the presence of United States troops in Camaguey was due to a request by former President Menocal and that they would be withdrawn if the Cuban government so desired.

SERIOUS FIGHTING TO THE SOUTH OF MELILLA

MADRID, Aug. 19.—Serious fighting is taking place at Sidi Ameran, south of Melilla, according to an official statement issued here last night. It was said that there had been sharp firing along the Spanish positions there and that reinforcements and provisions had been dispatched to the front. The Spanish forces at Tizza, nearby, have also been reinforced.

The Moorish tribesmen have attacked Spanish positions at Cabo de Agua, near the frontier of French Algeria, the statement declaring that the Spanish forces there were under fire.

ABSOLUE CALM IN THE FRENCH MOROCCO ZONE

FEZ, MOROCCO, Aug. 19.—Official reports declare that absolute calm prevails in the French zone of Morocco, even in districts near the Spanish zone, where the tribesmen have been engaged in hostilities.

TIMES DAILY MARKETS

New York Stocks—Grain and Provisions—Cotton—Livestock

COTTON MARKET.

New York Cotton.

NEW YORK, Aug. 19.—Liverpool did not fully respond to yesterday's advances, but the cotton market here showed renewed steadiness early today on covering and trade buying. First prices were steady at an advance of 1 to 3 points and, while there was some scattered southern selling, active months soon showed net gains of 9 to 12 points with December 13.52c. Reports that the War Finance corporation had made an advance to southern bankers to aid in financing cotton and other products for export, probably had an encouraging influence, while there was also buying on reports of higher temperatures in the southwest.

The early advance of 13.52c for December made a recovery of just $2 per bale from the low level of yesterday. The demand from shorts seemed to have been pretty well supplied at this level and the market met a renewal of scattering liquidation or local pressure encouraged by the failure of demand to broaden on the early rally. Trading was very quiet later, but prices gradually sagged off with December selling down to 13.42c, or within a point of last night's closing. There was no fresh news feature and the early afternoon market was very quiet, but prices gradually sagged off to new low ground for the day, selling about 3 or 4 points net lower, or around 13.37c for December.

Cotton closed steady.

	High.	Low.	Close.
October	13.09	12.91	13.02
December	13.52	13.33	13.44
January	13.60	13.41	13.52
March	13.82	13.65	13.72
May	1387	13.82	13.84

New Orleans Cotton.

NEW ORLEANS, Aug. 19—Poor cables caused a drop of 4 to 6 points in the price of cotton on the opening today, but the continued dry weather in Texas and complaints of further deterioration in that state soon brought in buying on which there was an upward reaction to levels 9 to 10 points over the close of yesterday. October fell off to 12.50c and then traded to 12.66c.

What looked like hedge selling came upon the market and in the troding up to 11 o'clock the active months were set back to levels 1 to 6 points under the close of yesterday. December traded down to 12.89c.

At the lowest the most active months were 8 points under yesterday's final prices with October off to 12.48 but large mill takings for the week of 225,000 bales of American by the mills of the world against 157,000 this week last year brought in new buying and late in the session the trading months were 5 to 8 points higher than yesterday's close.

Cotton closed steady at a net advance of 4 to 7 points.

	High.	Low.	Close.
October	12.66	12.48	12.62
December	13.05	12.87	12.99
January	13.05	13.03	13.11
March	13.32	13.25	13.28
May	13.47	13.47	13.39

New Orleans Spot Cotton.

NEW ORLEANS, Aug. 19—Spot cotton steady and unchanged; sales on the spot, 680 bales; to arrive, 39. Low middling, 10.25; middling, 12.00; good middling, 13.00. Receipts, 2,815, stock, 443,765.

Liverpool Cotton.

LIVERPOOL, Aug. 19—Cotton spot quiet; prices steady. Good middling, 9.27; fully middling, 8.87; middling, 8.47; low middling, 7.57; good ordinary, 6.42; ordinary, 5.67. Sales, 7,000 bales, including 5,100 American. Receipts, 6,000 bales, including 4,200 American. Futures closed barely steady. August, 8.66; October, 8.71; December, 8.79; January, 8.81; March, 8.91; May, 8.94; July, 8.92.

Texas Spot Cotton.

DALLAS, Aug. 19—Cotton middling unchanged; Houston, unchanged; Galveston, unchanged.

GRAIN AND PRODUCE.

CHICAGO, Aug. 19—Wheat prices showed more steadiness today. Export buying was noted and general trade appeared to be somewhat broader. Opening quotations, which varied from unchanged to ¼c higher, with September $1.16¾ to $1.17 and December $1.17¾ to $1.18, were followed by a moderate setback and then by a rally to about yesterday's finish.

The market held within a narrow range and closed firm at the same as yesterday's finish to ¼c higher, with September $1.16¾ to $1.17 and December $1.17¾ to $1.18.

Corn, after opening ¼c to ¼c higher, including September at 52c to 52¼c, underwent a general sag.

Subsequently, liquidation on the part of holders carried all deliveries to the lowest price yet this season. The close was unsettled, ¼c net lower to ¼c advance, with September 52¼ to 52¾c.

Oats, owing to receipts being smaller, started ¼c to 1¼c lower, but then scored slight gains.

Absence of buying weakened provisions.

Kansas City Cash Grain.

KANSAS CITY, Aug. 19—Cash wheat, No. 2 hard, $1.10@1.19; No. 2 red, $1.20@1.27.

Corn: No. 2 white, 43c; No. 2 yellow, 44@45c; No. 3 yellow, 43c.

Oats: No. 2 white, 32c; No. 2 mixed, 30@31c.

Chicago Produce.

CHICAGO, Aug. 19.—Butter higher; creamery extras, 39c. Eggs unchanged; receipts, 8,461 cases. Poultry alive, lower; fowls, 18@28c.

LIVESTOCK.

Fort Worth Livestock.

FORT WORTH, Aug. 19—The calf market was active today, the market being steady with 1,200 head offered, but a run of 1,500 head of cattle had to be peddled on a weak and lower market. Most of the supply consisted of steers and buyers claimed that with the exception of three or four cars the run was an undesirable sort. Two cars of southern steers sold at $3 and $3.50, representing the low range of the trade. A car of choice calves brought $6.

The hog market was active at an advance of 15c to 25c. One car brought $9.70 and most of the supply cleared at $9.25 to $9.50. Pigs brought $7 to $7.50 on a steady market. Receipts were about 1,000 head.

Sheep prices were unchanged. Most of the supply of 1,000 head was mixed. Quotations:

Cattle—Beeves $2.75@6.75, stockers $2.50@4.75, cows $2.000@3.75, canners $1.00@2.00, heifers $3.00@4.75, bulls $2.50@3.75, calves $1.00@5.00, yearlings $3.00@4.75.

Hogs—Light $960@9.70, medium $9.50@9.60, mixed $9.00@9.50, common $7.50@8.50, heavy $9.00@9.50, rough heavy $7.00@7.50, pigs $6.00@7.50.

Sheep—Lambs $550@7.75, yearlings $4.50@5.00, wethers $4.50@4.75, ewes $3.00@3.50, culls $1.00@2.00, goats $2.00@2.25, stocker wethers $2.00@3.00.

Kansas City Livestock.

KANSAS CITY, Aug. 19.—Cattle—Receipts, 1,700; quality common; native steers and other classes steady; best steers $8.50, bidding unevenly lower on all grades but Texas steers, early sales Texas steers in quarantine at $2.75@4.75, few native $6.25, medium to fairly good cows $4.75, choice $5.50, common heifers $4, common canners $1.50, best vealers $7.50.

Hogs—Receipts, 1,700; open slow, later sales barely active; better grades 15c to 25c higher, others generally steady to 10c higher; bulk $.40@9.50, stock pigs steady at $9.40.

Sheep—Receipts, 1,500; early sales prime classes steady to strong, light ewes $4.75, native lambs $10.10.

NEW YORK STOCKS.

NEW YORK, Aug. 19—Trading was unusually light at the hesitant opening of today's stock market, but losses exceeded gains. Steels, equipments and motors were again under selling pressure. Crucible, Bethlehem, Baldwin, Pullman and Studebaker lost large fractions to a full point. Union Bag & Paper was heaviest of the specialties, falling 2 points. Sugars also were reactionary. Famous Players, Mexican Petroleum and Industrial Alcohol were firm to strong, the latter making slight advances notwithstanding the 50 per cent dividend reduction.

On the moderate recovery of the noon hour some of the oils and rails rose 1 to 1¼ points. This was more than offset, however, by the heaviness of Retail Stores, Central Leather, common and preferred; Baldwin Locomotive and Utah Copper. Liberty 3½c also sagged.

Prices fell to lowest levels in the last hour. Oils, motors and shippings then gave way and gains among rails were canceled. The closing was heavy. Sales approximated 450,000 shares.

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of county auditor of Wichita county, Texas, for the construction of concrete road on Burkburnett-Clara road from Station 19 to Station 37, all in the City of Burkburnett, Texas, until 2 o'clock p. m., Aug. 29, 1921. Detailed plans and specifications of the work may be seen for examination, and information may be obtained at the office of the county engineer, Wichita Falls, Texas, W. W. Murphy, County Auditor. 84-22tc

GEORGE SIMMONS vs Wichita Great Western Underwriters, No. 10316—In the district court of Wichita county, Texas, 89th judicial district. On this day came on to be heard the petition of the Wichita Great Western Underwriters, suggesting to the court that order be entered providing pleas of intervention in the above case must be filed on or before the 1st day of October, 1921, and the court, having fully advised in the premises, is of opinion that said petition be granted. It is, therefore, the opinion of the court that all parties holding claims against the Wichita Great Western Underwriters should be required to file their pleas of intervention on or before the 1st day of October, 1921, and it is, therefore, accordingly decreed that all parties holding claims against the Wichita Great Western Underwriters shall file said pleas of intervention on said claims on or before the 1st day of October, 1921, and not thereafter. P. A. Martin, Judge. 88-14tc

PRESBYTERIAN CHURCH HAS NEW RECORD MEMBERSHIP

NEW YORK, Aug. 19.—Final revision of the census figures of the Presbyterian church in the United States shows a total communicant membership of 1,722,361, the Presbyterian publicity bureau announced, a net increase of 35,256 over last year. This is the first time in the history of the church that the membership has passed the 1,700,000 mark.

INTERNATIONAL SETTLEMENT UNDER FOREIGN CONTROL

SHANGHAI, Aug. 19.—Following the looting of the Yangtsze port of Ichang and the burning of a considerable portion of th ecity by mutinous Chinese troops early in June, it is probable that steps will be taken to have an international settlement under foreign control established in the city.

THE OUTTA-LUCK CLUB—Blink Played the Part Too Well —By Dok Willard

POLICEMEN ATTEND "SCHOOL" THURSDAY, HEAR THREE TALKS

A plea that the members of the department work together in harmony and that they consider their superior officers more in the light of "big brothers" than as executives to be regarded with temerity was made by Police Commissioner J. B. Fitts and Chief of Police R. W. Morgan at the first "school session" held in the city hall court room Thursday night. Practically every member of the force was on hand when the commissioner opened the meeting and close attention was given to all of his remarks as well as to those of City Attorney E. M. Mann and District Attorney Bert Wilson, who were the main speakers of the evening.

Attorney Wilson stressed the necessity for a feeling of good fellowship and team work if the department was to prosper in the way he hoped to see and declared that a harmonious spirit between the city and county officers was essential to the progress of both organizations.

In referring to the fight against criminals he said:

"We are all working for a common cause and we are all making arrests with but one viewpoint. If you work in harmony with your officials, with the county officials and with yourselves, we'll 'pour it on 'em' and make Wichita Falls a bad place for crime."

Commissioner Fitts laid down some "thou shalts and thou shalt nots" for his force to ponder on, making it especially plain that familiarity between policemen and persons of questionable character would result in instant dismissal of the former. He also declared that any officer reporting for duty with evidence of having recently imbibed of liquid cheer would be immediately stripped of his badge.

Fitts intimated that military drill would be made a part of the police ritual as soon as new uniforms ordered for the department had arrived.

City Attorney Mann, in his address, lauded the practice of "school' and said that such meetings as were held Thursday would result in greatly increased efficiency of the department and resulting betterment of conditions in the city.

Other sessions are to be held in the near future, Commissioner Fitts stated Friday, he having been greatly pleased with the outcome of the initial meeting.

Notice.

The partnership of J. B. Reighard and J. A. Freeman, known as the Wichita Typewriter Exchange, 808 Eighth street, Kemp hotel building, has been dissolved. The business will be conducted in the future by Mr. Reighard at the same location. J. B. Reighard. 98-3tc

LARGER POOR FARM PLANNED BY COUNTY TO MEET CONDITIONS

Alarming conditions among the poor at the present time, and the ever-increasing number of paupers who apply to the county for aid, prompted Dr. M. M. Walker, county health officer, and Louis M. Jernigan, superintendent of the county farm, to appear before the commissioners court Friday with the plea that provisions be made to care for this class of people.

Both of the men are of the opinion that the winter will bring with it conditions among the poor that have not been experienced here for many years, and with this in view the commissioners were asked to make some arrangements whereby this condition could be relieved.

The commissioners passed an order for the erection of another building at the county farm, which will contain eight rooms 14 by 14 feet. Each one of these rooms will be sufficiently large to accommodate two persons.

It was pointed out to the court that at the present time all the available space for paupers is occupied and, in fact, several have been placed in buildings which are designated to be used for contagious disease patients.

Mr. Jernigan will draw tentative plans for the building and the court will then advertise for bids on the erection of the building. It was estimated that the cost would approximately be $1,500.

Engineer Finishes Southern Job With 15 Minutes Left

When the last rail was laid and the last spike was driven, Thursday evening, linking the Wichita Falls and Southern with the W. F. R. & F. W. line at Jimkurn, it was 14½ minutes until 7 o'clock.

Weeks ago, C. M. McFarland, chief engineer of the road, had said he would have the line finished by 7 p. m. August 18, and he had almost a quarter of an hour to spare when the connection was made.

Mr. McFarland has kept the work up to schedule with remarkable fidelity, even despite such unlooked-for affairs as floods on the Brazos.

An electric bus line is shortly to be placed in operation between Simla and Mashobra, India, where it is thought the natives will take briefly to the new locomotion.

WOULDN'T DELIVER BONDS TO OFFICIALS UNTIL JUDGE WIRED

County Attorney E. B. Fulton and County Auditor W. W. Murphy, who went to Austin with the $1,500,000 road bonds to secure the signature of Lon A. Smith, comptroller of the state's accounts, ran into a snag when the state comptroller stated he would not deliver the bonds to them unless they showed papers that they were the accredited agents of County Judge J. P. Jones.

A telegram was received by Judge Jones Friday morning containing this information and the judge immediately telegraphed the appointment of the two men as his accredited agents.

Although no definite information is given, it is believed that the bonds, which are now legal tender, will be in the hands of local bankers before Saturday night.

BENNETT HEARS SENTENCE PRONOUNCED BY JUDGE, 99 YEARS IN PENITENTIARY

Dan Bennett, who was given a term of 99 years imprisonment in the state penitentiary on his plea of guilty to the murder of George Gentry, was sentenced by Judge H. F. Weldon of the 30th district court Thursday evening. At the present time there are three prisoners in the county jail awaiting the arrival of the state penitentiary agent to be transferred to the state institution.

WARNS AGAINST ERECTING OF WOODEN SHACKS IN DOWNTOWN FIRE LIMITS

A warning that prosecutions are to be made against persons erecting or moving wooden shacks within the fire limits of the city was sounded Friday morning by Fire Chief J. L. McClure, who has learned that several such structures have made their appearance in the city recently.

"An ordinance has been passed by the city prohibiting the erection of wooden shacks and other cheap buildings which constitute a menace to the city and those persons violating the ordinance are going to be prosecuted to the fullest extent of the law."

A German chemical factory has found a means of treating turf to make it a substitute for cork.

Matrimonial Bug Hits Fire Station Captain Worried

"The matrimony bug has sure found a good camping spot here," wailed Smiley Turner, captain of the Central fire station, Friday morning when the announcement came that R. E. James, driver of the hook and ladder truck of the station, had been married Thursday to Miss Emma Street of this city. James is the second of the Central station force to turn benedict this week, J. N. Scott, hoseman of the pumper, having taken the plunge Wednesday when he and Miss Maude Corbett of this city were married in Archer City.

Turner was much perturbed over the fact that two of his crew had "gone wrong" within such a short space of time and he was seriously considering the advisability of calling in the health department officials for the purpose of innoculating the few remaining bachelors against a similar fate.

James and Scott have thus far escaped the usual ordeal through which a groom at the city hall is forced to pass, but it was rumored that a cell was being prepared in the city jail and that half the police force had been rented for some future evening when Jim and Scotty, who are two of the biggest men in the department, are to be incarcerated.

TEXHOMA GETS ANOTHER WELL ON TAYLOR TRACT, MAKING 200 BARRELS

The second completion for the week in the Archer pool was brought in late Thursday when the Texhoma Oil Refining company's No. 3 well on the Taylor tract was completed and put on the pump with an initial production of 200 barrels. This is the third producer on this tract. It does not materially extend the producing area of this field.

A rubber envelope impervious to shocks or chemical reaction has been devised as an added precaution in transporting nitroglycerin.
