Agency still seeking dump site

The Texas Low-Level Radioactive Waste Authority is running out of strikes as the deadlines nears for the selection of a disposal site for the state, according to reports from the office in Austin.

The Authority dropped plans Monday to locate a waste dump in

the remote area of Hudspeth County. Hudspeth County was one of the "prime" sites under consideration by the Authority.

The land under consideration by the Authority in Hudspeth County was the University of Texas-owned land. Authority General Manager Rick Jacobi said

Monday that his agency had dropped plans to put the dump on the state-owned land.

Because of the federal law passed in 1980 mandating all states form regional compacts to handle their own low-level radioactive waste by 1986.

Mitchell County along

with other surrounding counties in West Texas were and are still being considered as sites for the location of a waste disposal site.

However, other sites have been the topic of major discussion for the past several months.

A Borden County landowner is still continu-

ing talks with the agency about the possibility of locating a dump in land in Borden or Garza counties.

The agency has also received permission from Land Commissioner Gary Mauro to do some testing on state-owned land in Brewster County. Another new possibility that has cr-

eeded into the picture in some property in McMullen County on South

Texas. Agency officials have been talking to a landowner in Dimmitt County also.

An agency spokesman said a site would be selected sometime later this year.

THE TWO PHOTOGRAPHS taken by Tom Jay Goss II show the Col-Tex Refinery during the late 1950's. The refinery was in operation until 1968. In the top picture, LIFE Magazine writer and photographer inspect the oil and gas seeping up from the ground across the refinery. LIFE Magazine went on to do a five-page spread on the once famous "Sunflower Field" which was adjacent to the Col-Tex Refinery.

Do you remember?

Col-Tex employees reunite

Editor's Note: The history and reflections by Rose Ella Ball of the Col-Tex Refinery has been a two-part series. This article is the second and last of the two-part series.

Only the remnants of the "old" Col-Tex Refinery remain, but to the many families, friends and former employees, the memories are as vivid now as they were some 15 years ago.

The Col-Tex Refinery, which closed down in 1968, was the top industry and business in Colorado City and Mitchell County during its heyday.

Former employees, friends and families involved with the refinery at one time will be honored with a reunion April 21 at the C. C. Thompson Room.

Many men started and ended their working career with the refinery, but it was also a stepping stone for other men who went on to other careers and occupations. During the peak years of operation it was customary for management to hire yo-

ung school and college boys during summer vacations. Some came back on a permanent basis while others went on to other vocations. Even the celebrated professional football star Don Maynard can be counted as one of the young men being employed by the refinery, Mrs. Ball said.

"Women's Lib" was an unknown phrase back in those days but came the forties and the man shortage brought about by World War II, Col-Tex hired its first women, she added.

The first woman to be hired was Florence Long in the lab and Frances Chesney in the office. Later a total of nine women came in the lab and three in the office. Some of the other "firsts" were Talma Mae (Sis) Hart, Nina Crout, Clydene Kimbrell, Jo Diegel, Evelyn Gunning, Gwen Carter Wistrand and Mrs. Tom Gressett, Mrs. Bell said.

In those days households did not have a clock in each room of the house. A clock was never needed. A loud

whistle blew from the refinery at shift changes, eight, four and twelve; one could set his watch by the whistle which could be heard all over town.

Paydays? One knew that day by the large group of cars lining the highway on the south side of highway 80, wives coming after the pay check. Then on to town to pay the grocery bill and the drug bill.

"You made a trip to one of the three downtown drugstores on three corners, the Colorado Drug, Corner Drug and Doss's," Mrs. Bell said. "Some of the grocery stores downtown were Max Fuller's, Buy-Low, Pick & Pay and Fisher's. Then there was Max Berman's, Kirschbaum's, Reliable, Landau's and J. C. Penney to name a few who were all recipients of pay checks.

Burglars take safe in Exxon break-in

By LUIS RIOS

The Colorado City Police Department continues to search for a suspect or suspects that broke into the I-20 Exxon Service station Saturday night or early Sunday morning and took the floor safe and its contents, said interim Police Chief Steve Collier.

Approximately \$2,000 and \$3,000 were in the safe in cash and receipts, Collier said.

The crime has been submitted to Mitchell County Crime Stoppers, he added.

It is not known whether the station was broken into, Collier said. The east side window leading into the station was broken but one of the two bay doors was also apparently left unlocked by the night attendant also, he added.

The floor safe was either a gray or bluish color, Collier said. It

was 12 inches in diameter and 30 inches in length and weighed approximately 150 pounds, according to the police report.

TheCCPD was called to the incident shortly after it was found missing Sunday morning. The Mitchell County Sheriff's Department also assisted the CCPD in the initial investigation, Collier said.

....Reward offered

The Mitchell County Crime Stoppers is offering a cash reward of up to \$1,000 for two recent crimes that occurred in the county, said Crime Stoppers chairman J. O. Dockrey Monday.

The most recent of the crimes was the break-in and burglary of the Exxon Service station off Interstate 20. The incident, which occurred between 8 p.m. April 14 and 7 a.m. April 15, resulted in the burglary of a 12-inch by 30 inch

safe containing \$2,000 in cash receipts.

It is believed entrance was gained into the building by breaking in through the east window. The safe was housed in the concrete floor of the station. The safe weighed 150 pounds.

The two other crimes reported to Mitchell County Crime Stoppers were also burglaries, Dockrey said.

On February 20, a farm house three miles north of Westbrook was

burglarized and several items including antique furniture were taken.

On March 21, a building on the west side of Colorado City was broken into and the following items were taken: an antique table and chairs, an old steamer trunk, automobile tires and several sacks of delinted cottonseed.

Crime Stoppers will be offering a cash reward of up to \$1,000 for any information leading See REWARD, Page 2

Chances of tick disease increase

The increase of the tick population in Texas

has led to an ever-increasing number of cases of Canine Ehrlichiosis, a potentially fatal dog disease, said a spokesman from the Mitchell County Veterinarian Clinic.

Originally introduced to the U.S. from Vietnam, the disease is transmitted by ticks and aggravated by stress.

Veterinary internal medicine specialists say early symptoms may include listlessness, fever, poor appetite and weight loss, followed by depletion of red and/or white blood cells and decreased blood plate-

lets.

If not properly diagnosed and treated during the early phase, some dogs may be subject to a severe chronic phase of the disease 50-100 days after infection. This stage of the disease is frequently fatal, with treatment often unrewarding and animals living only a few days.

The veterinarian's

diagnostic laboratory at Texas A&M University has shown an increase in the number of such cases, according to the Veterinarian Clinic spokesman.

He added that tick control is the basic thing or precautionary measure.

The disease is characterized as rickettsia, which is smaller than a

bacteria but larger than a virus.

Dogs possibly infected with the disease should be tested for Ehrlichiosis (blood test) by a veterinarian.

When a test is shown

to be positive, the dog is then treated by a veterinarian with tetracycline antibiotics. Other control methods include the elimination of ticks, both on the animal and premises.

Information about your changing telephone service from Jim West, Manager-Community Relations

A look at "local measured service"

Perhaps you've heard about a new optional type of service that Southwestern Bell Telephone is proposing for its Texas customers. It's called Local Measured Service (LMS). Simply put, LMS would give you the option of paying for your direct use of the telephone network.

Southwestern Bell Telephone's LMS proposal to the Public Utility Commission (PUC) includes an option that would lower fixed monthly charges while adding a low usage charge for each completed outgoing call. Those calls would be billed on the basis of distance, duration of the call and the time of day.

Another option would be a "LIFELINE" service at a \$5 monthly fee. This service would be targeted to the elderly on poverty-level income. The rate would include a usage allowance of 25 completed outgoing local calls. Additional completed outgoing local calls would be billed at the rate of 8 cents each. Customers would not be charged for incoming calls under either plan.

It's your option

LMS is for residence customers, as well as single-line, one-party business customers. And of course you could keep the current "flat-rate" monthly service if you'd prefer.

These new local service pricing plans would be available within 60 days of Commission approval in 89 offices which currently serve over 2,500,000 customer lines. The company plans to equip the remaining offices within two years after approval.

I think you'll agree there are several benefits to measured service. It would give you options for choosing the plan that gives you more control over your phone bill. You'd also have the option of paying for the service you used, rather than subsidizing those who use their phones a great deal more than you do.

While LMS as a standard ser-

vice offering would be new to Southwestern Bell Telephone's Texas customers, it isn't new in Texas. Customers of three other companies in the Lone Star State — General Telephone, Continental Telephone and Centel — are taking advantage of LMS. And like us, other companies — United Tel. Palo Pinto Tel and Mustang Tel — have requests pending with the PUC.

Customer interest

We're proposing the service because we've known there has been a need for optional pricing in Texas. Last summer we conducted a survey to determine customer interest in LMS.

We found that interest was strong, particularly among those customers making fewer local calls or shorter-duration calls. The results also showed that customers want wider choices in how they pay for service by having the ability to match their cost to their calling needs.

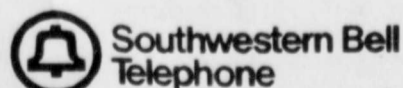

At this time, PUC hearings on LMS are set to begin Sept. 24 in Austin. You can look for more information about LMS in the special insert in your telephone bill.

A new brochure, "Services for Disabled Customers," is now available. It has information on disabled services and how to contact AT&T's National Special Needs Center. You can get a copy by writing to:

bands saying "that smell is our bread and butter" which indeed it was."

At the time of the closing announcement, 83 workers were on the payroll (the top employment had been 160 at one time). Several were nearing retirement age and several had already transferred to the Big Spring refinery as new jobs opened up. On the last day of the shutdown, January 1969, sixty-four men were affected, all who would be transferred except a skeleton crew of 18 men remaining for the final phase out before actual demolition.

For many years before the closing, an annual barbeque was held for the employees at the Col-Tex Recreation Club on Lake Colorado City. This time of reunion and fellowship was greatly missed by all of the Col-Tex people after the closing of the refinery, thus prompting several women to plan what will now be the sixth reunion.

Many of the earliest employees starting work as early as 1925 are still around to tell the "tales."

Mr. A. C. Benson, who was superintendent at the time of the closing began his tenure in 1925. Those starting in the years 1929 to 1937, were

I. J. Pierce, Ell May, Earl Webber, Pete Dillard, Ira Williamson, Willis Jones, E. L. Stagner, Grady Beach, Richard Lange, Willis Tiley, Mayberry Willbanks, Jack Woods, James Coker, Lee Lavendra, C. H. Williams and Mr. Earl Webber, she said.

Each of these retired fellows have a special and unique trait and talent of their own. Then there are some of the ones who have passed on and will never be forgotten.

Who could ever forget the legendary Hank Bryant, the colorful Clark Melton and the beloved Luciano Mendoza (called Shano by the men), Mrs. Ball remembers and asked.

Employment statistics, number of barrels produced, are not the topics of conversation at our meetings, but rather the "remember whens"; renewing old acquaintances and the nostalgia of it all is almost like a family reunion.

"We pause to honor and remember those we have lost in the past year, many tears being shed remembering our old friends," she said. "If you are part of the Col-Tex family, won't you join in at our family reunion on April 21st? You won't be sorry."

Singapore, the independent city-state with a population of nearly two million off the southern tip of Malaysia, was a prosperous trade center in the 13th century. It dwindled to a fishing village of about 250 inhabitants until Britain's Sir Stamford Raffles bought it from the sultan of Johore in 1819 and revived it as an international free port.

The French created the first postal system of modern times in 1450 and launched air mail over a century ago. A balloon carrying 500 pounds of mail soared aloft from Paris on Sept. 23, 1870 during the Franco-Prussian war. Because the free-float balloons landed in the Prussian camp, Parisians soon switched to pigeons. Before Paris capitulated the birds delivered some 115,000 messages to the surrounded city despite German efforts to intercept the mail with hunting falcons.

On to district

after good showing in Kermit

By TONY FRANCO
The Colorado High School boys track team will be competing at the district 6-3A meet today (Thursday) at Coahoma.

Last Friday the team got a victory from Jay Claxton in the 3200 and the 400 meter relay team of Larry Hamilton, Perry Conner, Joey Ritchey and Kevin Norman took second place in a school record 44.3 to highlight the Wolves runner-up finish at Kermit's Permian Basin Relays.

The host Yellowjackets won the meet with 138 points, but the Wolves' 110 bettered 4-A schools Fort Stockton at 97 and Pecos at 57 and also beat district rival Coahoma's 54, Wink's 46 and Alpine's 27.

Besides the sprint relay, the Wolves also got second places from Norman in the 100 (11.2), Don Randle in the high

jump (6'0") and Fred Dakan in the shotput (49'4").

The 1600 meter relay team of Mike Ligon, Randle, Conner and Norman ran a 3:32 for one of four third place finishes that included Dennis Rivera in the 110 high hurdles (16.6), Hamilton in the long jump (19'9 1/2") and a tie between Rivera and Doug Chitsey in the high jump (5'8").

Placing fourth were Ronnie Hernandez in 300 intermediate hurdles (41.9) and pole vault (11'6"), Claxton in the 1600 (4:51) and Charles Iglehart in the 3200 (11:10.0).

Three fifth places were captured by Ritchey in the 100 (11.6), Conner in the 200 (23.3) and Stu Howell in the pole vault (10'6").

Placing sixth were Rivera in the 300 hurdles (42.8), and long jump (19'2"), Hernandez in

the 110 hurdles (17.3) and Randle in the 800 (2:10.0).

"It's hard to tell," said varsity track coach Rick Robinson when pressed for a prediction on who will take the team trophy today at Coahoma. "It will come down to how the kids compete."

"We've got to score in the field events and get people in the finals," said Robinson of Colorado City's chances of taking the title.

Coach Robinson expects the team trophy to go to either Sonora, Ozona, Crane or the Wolves.

"It will be close, but most coaches feel Sonora has got the depth," said Robinson. "Crane has five or six excellent kids—especially in the field events and Ozona has the speed."

Robinson did go out on a limb to say that the Wolves should take the junior varsity division. Junior varsity track coach Raymond Zamarripa ducked the predictions and had no comment.

Zamarripa's squad has won two of four meets with one defeat

being in a varsity division and is heavily favored to take the district crown.

Crane, which has some quality athletes ineligible for varsity competition, is the other team to watch in the junior varsity division.

In the varsity division, the Wolves own no district bests but have posted the second and third best marks in several events.

If a strong showing in the field events is the key to Colorado City taking the team trophy, the Wolves will need points from Armando Rivera and Hernandez in the pole vault; Dakan, Freddie Pineda and David Britton in the shotput; Johnny Rivera and Chitsey in the discus; Randle, Chitsey and A. Rivera in the high jump and from long jumpers Hamilton, D. Rivera and Conner.

Today's field events begin at 12 noon, running preliminaries at 3 p.m., medal presentations for field events at 5:30 p.m., running finals at 6 p.m. and medal and trophy presentations at 8:30 p.m.

8th grade boys add glamour to district meet in Crane

By TONY FRANCO

By winning seven of twelve events, the Colorado Middle School eighth grade boys track won their division to highlight Colorado City's efforts at the district meet held last Saturday at Crane.

Taking first places for the eighth grade boys were Cory Flanagan in the discus (117'1 3/4"), Guy Compton in the high jump (5'8"), Ken Norman in the 100 hurdles (15.36), Ito Davila in the 300 dash (38.87), Tom Davenport in the

200 (24.95), Ismael Silva in the 1200 (3:37.96) and Carry Ritchey, Davila, Davenport and Norman in the 400 meter relay (47.57).

Margie Beltran had the highest finish for the eighth grade girls—taking third place in the 400 meter dash with a time of 69.18.

Beau Rees captured both first place finishes for the seventh grade boys squad. Rees won the shotput with a heave of 37'4 1/2" and took the 300 meter dash in 41.49.

The seventh grade girls also had a double winner to lead their efforts.

Golf Assoc. sponsors first ABCD tournament

By TONY FRANCO

George Powell, Glenn Womack, Jay Craddock and Jerold Epperson won the first ABCD tournament sponsored by the Colorado Country Club Golf Association every odd Sunday of each month and received as their prize one dozen golf balls each.

Taking second place and receiving a half-dozen golf balls each were Randy Erwin, J. H. Guelker, Delbert Joiner and Peggy Snead.

There was a tie for third place and the two teams chose to have the playoff on the score

cards.

The team of Jerry Wilbourn, Lee Roy Culbertson, Luke Coffman and John Miller won the playoff and received three balls each for their third place finish.

A total of 32 players participated in the ABCD tournament and the Golf Association lists a four-man Sunday Scramble April 29 as the next event.

Short Takes

A highly placed source is most likely to gossip sitting way up in the bleachers for whatever is going on.

About all those piggy bank savings for vacation will buy these days is 20 minutes of airport visitors-deck telescope time.

Why do most of us wind up on the end that hauls the load in the chain of command?

Going for broke is the only way to travel these days.

When people take bad news well, it usually applied to someone else.

Basketball Camp set at H.C.

Dates of the 12th annual Howard College Basketball Camp of Champs were announced by Don Stevens and Mike Mitchell, Howard College coaches and co-camp directors.

The Camp of Champs, the longest established basketball camp in West Texas, will have two weekly sessions. The sessions of the camp are June 11-15 for girls and July 9-13 for boys.

Both sessions are for players from grades five through junior varsity. Texas Interscholastic League rules prohibit anyone who will be a varsity player in basketball next season from attending summer camps. However, this does not effect junior varsity and junior high players, providing they will not make the varsity next season.

"There will be a limit on the number of campers enrolled for each of the sessions to enable the staff to give each player more individual attention," Stevens said. A \$30 deposit will guarantee a reservation in the camps.

The camp agenda includes individual instruction and techniques, quick and proper execution of fundamentals, valuable game experi-

ence, and the enjoyment of living on campus for a week.

Interested parties wishing to obtain a free camp brochure, should write Howard College, Camp of Champs, 1001 Birdwell Lane, Big Spring, Texas, 79720, or contact Don Stevens, girl's camp director, or Mike Mitchell, boy's camp director, at (915) 267-6311.

CHEERLEADERS for Colorado High School during the coming 1984-85 school year will be from top to bottom, head cheerleader Traci Blackwell, Staci Free, Margie Oliver, Carrmon Longley, Yvonne Lujan, Kellie Beights and Bluefoot Diane Gregory.

Gregory accepts position at Loraine Nursing Home

Margaret Gregory has accepted the position as Administrator of the Loraine Nursing Home and began her work there last week.

Lorene Beason of Rochester has been temporary administrator since Marsha Rickard left the Home to take the administrative post at Root Valley Fair Lodge in Colorado City.

Miss Gregory comes to Loraine from Sinton, Texas where she was administrator for a pri-

vately owned Nursing Home for four years. She completed her work and became a licensed administrator in 1977, after which she worked one year at Columbus, Texas, and one year at Sweeney, Texas for National Living Centers. This is her first position with Beverly Enterprises.

Her family lives in Fort Worth. She is single and is now living in Colorado City. The Home also has a

new Director of Nurses, Shirley Nickell of Sweetwater. Shirley completed her work as LVN at TSTI Sweetwater. She has had eight years nursing experience and worked in the Midland hospital in ICU before moving to Sweetwater. She and her husband, Ronnie have one son, 2½ year old Boyd.

Also added to the staff recently are LVN's Doris King who recently moved to Colorado City with her husband from

Laurel, Miss., and Dolores Alvarez Moreno, also of Colorado City.

Another recent addition to the staff is Louise Liles who has been hired as Food Service Supervisor, a very important job to keep the Home running well.

The Home is always open to visitors and any help or visits shown the patients and interest of the Home is appreciated, said the Administrator.

Webb escapes serious injury

Linton Ray Webb escaped without real serious injuries late last Wednesday afternoon when he lost out in a bout with a young calf at his home South of Loraine.

He and his daughter Sheryl were in the pen with the calf, which the girls were feeding out for summer shows, when the calf suddenly attacked him, butting him in the side, which at first the doctors thought had pierced his liver, and kicked him on his right leg. He couldn't account for the sudden attack since the calf had been in the pen with him before and had no trouble.

He was carried to Root Hospital and on to Hendrick Hospital in Abilene where doctors

observed him 24 hours and made the decision

the liver was not perforated, but deeply bruised and would take a long

time to clear up.

He was released from the hospital and came

home Sunday getting back to his busy life, but

not to his usual speed.

Friends are suggesting the thing he should do is butcher the calf and invite all for a barbecue.

Former resident receives letter of appreciation

Mickey Chamness

Navy Chief Yeoman Mickey D. Chamness, a former Lorainian, recently received a letter of appreciation and was designated an Enlisted Surface Warfare Specialist.

He received the letter for the superior performance of his duties as Administrative department supervisor for fighter Squadron 143, embarked aboard the aircraft carrier USS Dwight D. Eisenhower while deployed to the Mediterranean. His organizational expertise played a vital role in maintaining squadron readiness despite an arduous deployment schedule. His thorough knowledge of squadron administration proved invaluable

in the demanding routine of his job.

To earn the insignia of Enlisted Surface Warfare Specialist, he was required to demonstrate superior knowledge and proficiency in his shipboard water stations, especially during emergency and battle conditions. Other requirements include being in the top categories of leadership and performance, having 24 months aboard ship, passing an oral examination by his commanding officer.

Wesley is the son of Mr. and Mrs. Wesley Chamness, former Lorainians, now of Snyder. His wife is the former Kaye Shrodeter of Roscoe. They have one son, Wesley and now live in Houston.

COMPANY CLEANUP — Company coming right away? In the few minutes before they arrive, pick up the big stuff — shoes, piles of papers and magazines, dishes here and there. Plump up pillows and spray rooms with something clean smelling. Try to remember if the expected arrivals have ever given you anything. If so, get it out and display it.

LUNCH ON THE HALFSHELL — Fast and good lunch or even dinner entrée in a pinch. Bake some potatoes, scoop out contents and mash them in a bowl with a can of undiluted cream of chicken soup. Season, put potato back in shells and sprinkle with grated cheese. Make an indentation and drop in a raw egg. Bake potatoes again until egg is set.

MORE SPUDS — Do a gourmet dish with those delicious little new potatoes. Cook with skins on if lightly

salted water, drain, then toss potatoes with a half cup of half cup of sour cream. Sprinkle with a can of drained, minced anchovies.

FILE FACTS — The tax season should remind you to update and revise the household file system. Divide papers into "active" and "storage" materials; pitch anything that is not a vital paper but is more than three years old. Vital papers should be in a bank safety deposit box. Current files should include appliance manuals and warranties on home equipment.

CREDIT CHECK — Timesaver, Inc. is an organization that helps people who have been turned down for major credit cards and/or have credit problems. To find out if Timesaver can help you, call their toll free number 800-368-2800. They also can help if you need to establish a credit history.
