FIFTY-NINTH YEAR | Sonora, Texas, Friday, July 15, 1949 | THIRTY-NINTH WEEK

. . . Son of a gun . . .

With six polio cases for the year, four of them children, rumors are still making the rounds. Among them are several concerning the swimming pool.

According to Swimming Instructor Edwin Thompson, not a single one of the cases of polio this year has been registered as a student in the swimming classes, and in fact, has not even been in the pool during the present swimming season.

An inspector for the Texas State Department of Health, M. R. Wiess of Austin, was at the pool this week during a routine examination, Thompson states, and pronounced the pool as "very clean."

State health regulations require .3 points of chlorine to 1,000,000 points of water, and state that such a mixture will kill all germs found in water within 20 seconds after contact. The local pool uses .6 points of chlorine to every 1,000,000 points of water.

This year the city has instituted a new procedure in draining the pool. Formerly the pool was drained and scrubbed with disinfectant once a week. This year the pool is lowered one-sixth of its capacity each day, that much fresh water run back into the pool and the necessary chlorine added. At the end of the week, the pool is drained, as always, and scrubbed thoroughly before re-filling. The chlorine content is tested daily.

All dressing rooms, sidewalks and areaways are scrubbed daily with disinfectant, the instructor added, and the whole swimming plant is open at any time to anyone who would like to make an inspection of it.

Junior and Senior Life Saving classes are now being conducted, says Thompson, and students still may enroll as late as 8 o'clock Monday morning and still be eligible to receive a diploma at the end of the class.

—(?*½$*?)—

Sonora received a very welcome and muchly-needed rain on Thursday afternoon, breaking the start of a drouth and several days of extremely hot weather.

Rainfall totaled approximately .25 of an inch in the downtown area, and was reported as higher at some of the ranches in the county.

—(?*½$*?)—

It won't be long now. says City Manager R. M. McCARVER, before those holes in the pavement will be plugged up. The city has received a paving machine to take care of the damage, which was caused by the extremely cold weather last winter. In addition, the city will be able to do new paving of its streets as the opportunity presents itself, instead of waiting until enough work is stacked up to get some contractor interested in coming down here.

—Continued to page 8—

New Stretch Of Highway Will Be Ready For Use Within Five Weeks

Indications are that the new eight miles of Highway 290, entering Sonora from San Antonio, will be in use within the next four weeks. Blasting and filling has been completed, and the road is being graded preparatory to pouring the topping.

Asphalting equipment is expected into town Sunday, and work is expected to begin Monday, July 17. C. Hunter Strain, general contractor for the stretch of highway, will be in charge of the asphalt topping as well.

Approximately 1,600 feet of steel plate guard rail is to be installed on curves in the stretch, and work on this is expected to start within two weeks. Kenneth Mason of Dallas is the contractor.

The new bridge is completed, except for lining up the steel railings and painting them, and setting concrete poles at each end of the structure. Approaches to the bridge are being graded this week, and a new topping will be laid to care for the heavy traffic which is expected.

The new highway leaves the old 290 eight miles from Sonora, and will take an entirely new route into the city. Portions of the old highway will be maintained as a county road.

Next item on the highway department agenda is the surveying for the new strip of pavement which is to run from Juno to Highway 277. Paving will begin at the county line, and continue to the highway, although it will not follow the present road.

Straightening out the curve near the city limits on the Del Rio highway also ranks high on the department's list, and will be carried on while the work is being laid out for the Juno-Highway 277 job.

DOG TAGS AVAILABLE

Dog owners are reminded that tags issued prior to July 15, 1948 are now out of date, as are the rabies shots which were given prior to that time.

The warning comes from City Manager R. M. McCarver, who says that the city now has enough tags to take care of those citizens who have applied for them. They will be issued upon the presentation of a receipt for rabies vaccination from a veterarian and the payment of 50c to to the city.

City officials are planning to pick up dogs and make checks upon the validity of their tags sometime in the near future, according to McCarver. Anyone in doubt as to when a dog's tag might expire is invited to call the city hall and give the number of the tag, and the information will be given to them.

FORMER EDITORIAL WORKER VISITS TOWN THIS WEEK

Among visitors to Sonora this week were Mr. and Mrs. Dan Payne of New Orleans, La. Payne formerly was a member of the editorial staff of the Devil's River News, back in the Mike Murphy era.

He reports that there have been many changes since he left here some 20 years ago. Most of the store buildings have been erected since then, and the railroad was not here at the time. He reports that all changes have been for the best, so far as he can tell.

Payne presently is editor of the Louisiana Oil Reporting Service paper, which is published in New Orleans.

He and Mrs. Payne created quite a stir when they parked their 1949 Rolls Royce on the streets of the city. Payne commented on what a good car it was, but said that he had a hard time getting used to the steering wheel on the right side of the vehicle.

Mrs. A. E. Prugel and daughter, Nancy, are spending the week in Mertizon, where they are the guests of Mrs. Vester Hughes, sister of Mrs. Prugel.

Mrs. Ellen Ray will leave Saturday for San Antonio, where she will visit relatives.

Kerrville Scene Of TAGRA Meet And Celebration

GATHERING SET FOR AUGUST 4, 5 AND 6

Kerrville will be the scene on August 4, 5 and 6 of the 100th anniversary celebration of the introduction of Angora Goats into the United States. Goatmen from all over the nation are expected in the Kerr County city for the event.

The three-day program is slated to be one of the most elaborate to be held in the history of the Texas industry. Included in the events will be entertainment, shows, a sale and business meetings.

About 100 years ago, President James Polk, acting as a good neighbor, sent Dr. James B. Davis to Turkey, to aid in the many cotton raising problems in that country. When Davis returned in 1849, he brought nine fine Angora Goats, seven does and two bucks.

In 1853, Colonel Dick Peters of Atlanta, Ga. bought three of these goats, and found that they crossed extremely well with the native Spansh goats. Other goatmen in that part of the nation were soon importing these Angoras in herds.

Later, these goats were shipped to Texas, where the Spanish goats were most abundant. Here, almost halfway across the world, the Angora settled down in his second home. On the high and dry Edwars Plateau, with an altitude of 2,000 to 2,500 feet and an average rainfall of approximately 23 inches, the goats found a climate which almost duplicated that of their original home.

How well they adapted themselves to their new home is shown in the fact that today, Texas is the leading goat and mohair state of the nation, with 85 per cent of the Angora population of the nation and a production record of more than 90 per cent of the nation's mohair.

About 85 per cent of the state's goats are concentrated in the Edwards Plateau country. Edwards County, with 90 goats for each human resident, leads the counties in numbers and density of goat population. Rocksprings has been called the Goat Capital of the world, and with good reason.

The Edwards County capital is headquarters for the American Goat Breeders Association, which cares for the registration of the entire breed. The Texas Angora Goat Raisers also headquarters in Rocksprings.

FIRE DEPARTMENT MAKES TWO RUNS IN PAST WEEK

The Sonora Fire Department made a run Friday afternoon at 1:45 o'clock to the home of Mrs. Ella Wallace to handle a grass fire.

Fire from the railroad property, upon which some weeds and grass were being burned, had spread to the yard of Mrs. Wallace's home.

Firemen set fire to the rest of the piles of grass in the yard, and stood by while it burned, thereby eliminating any further fire hazard from that particular yard.

A grass fire at the Mack Cauthorn ranch was reported to firemen at 9:15 o'clock Wednesday night. The department carried two trucks to the blaze, which was extinguished without property damage. Approximately two acres of grass was burned during the fire.

Mrs. H. C. Saunders and Mrs. Alan Saunders left Tuesday night for Fort Worth, where they attended a florist's convention.

School District Election Set For Saturday, July 30

TAX AND MAINTAINENCE ISSUES BEFORE VOTERS

Saturday, July 30, has been set as the date for the voting upon the assumption of outstanding bonds of the Sonora Independent and the Cedar Hill School Districts, and the voting of maintainence tax for the operation of the county's schools for the coming school year.

The vote is the result of the recent consolidation of the two districts, as decreed by the Gilmer-Aiken Bill. Voters of the two districts are required to pass upon the financial structure of the district before it becomes effective. The first ballot will concern the maintainence tax for the district, which has been set up not to exceed $1.50 per $100 of valuation. This ballot only authorizes the school board to levy the tax, and the exact figure will be settled upon later in the year.

Second ballot is for the approval or disaproval of merging the outstanding indebtedness of the two districts, with the new county district to become responsible for the total debt. Authorities point out that the failure of this measure to pass still would leave the district responsible for the debt, under the terms of the Gilmer-Aiken bill.

Members of the School Board urge all eligible voters to go to the polls Saturday, July 30, and cast their votes for these measures.

There will be two ballot boxes - one at the county courthouse and the other at the Cedar Hill school building.

Election judges will be announced at a later date.

SONORA HORSES TAKE FIVE FIRSTS AT BRADY JUBILEE

Sonora horses posted five wins during the recent Brady July Jubilee, and added two third places for an outstanding record for the four-day meet.

Winners include Texas Star (W. L. Miers) at 300 yards; Barker's Pride (Miers-Hightower) and Patsy Hunt (James Hunt) at a quarter-mile; Red Buck (Hunt) at a half and Bay Eagle (Hunt) at five-eights of a mile.

Seven Sonora horses were entered in the meet. They were trained by Pedro Crowell.

CEMETERY ASSOCIATION MEETS ON MONDAY NIGHT

The Sonora Cemetery Association met Monday night at the home of Mrs E. E. Sawyer, who is chairman of the group. Mrs. George Wynn was elected as a new member to the association.

Others present were Mrs. George Hamilton, Nann Karnes, Joe Berger, Alvis Johnson, and Tom Ratliff, who is also a new member.

The association requests that citizens of Sonora who might have suggestions for the improvement of the cemetery make them to members of the association, who will bring them up in future meetings.

BRONCOS DROP LAST LOOP GAME OF YEAR TO MILES

The Sonora Bronco baseball team closed out its league play last Sunday, as they bowed to Brandy Ray's Miles Giants, at Miles, by a 7-4 count. Ahead 2-0 early in the game, the locals lost out to the loop leaders, who finished with a rush.

This closed Concho Basin play for the Broncos, but the club will continue to play exhibition games for the remainder of the playing season. Next Sunday the club entertains the San Angelo M System team of the Trans-Pecos league.

Miles, Robert Lee, Bronte and Veribest will meet in the playoffs to determine the champion of the Concho Basin League. The Broncos finished league play with a record of four wins and rix losses.

Lions Club Delegates Leave

Mr. and Mrs. A. E. Wells and G. H. Hall have left by train to attend the International Lions Club convention in New York City. Mrs. Hall will fly to New York, and meet them upon arrival. The foursome will visit other points of interests in the east before returning to Sonora two weeks hence. Both men will serve as delegates of the local Lions Club.

The condition of Mrs. Dayton Cain is reported as good, after she had undergone surgery in a San Angelo hospital on Monday of this week.

New Location For Post Office

O. A. MILLS, 81, FORMER UVALDE JUDGE, DIES HERE

Judge O. A. Mills, 81, Uvalde and Zavala County rancher, died in a Sonora hotel Monday night of this week, after suffering a heart attack. Death came at 11:30 o'clock, some two hours after he was reported as being ill.

Mills, formerly a judge for 16 years in Uvalde County, was on his way to visit a daughter, Mrs. Doyle Jackson, of Lubbock. Although he has cared for his ranching interests, he has not been actively engaged in ranching for the past two years, due to ill health.

In addition to Mrs. Jackson, he is survived by his wife and two other daughters.

YOUTHS RETURNED HOME AFTER FLIGHT ATTEPMT

Several teen-aged youths were apprehended in Sonora early on Monday morning, after they had allegedly ordered a tank of gasoline in Junction, and driven away without paying for it. Junction officers phoned the Sutton County Sheriff's department, which made the arrests.

Driver of the car was Bobby Bitts, 16, and passengers in the vehicle were Bobby Feller, Edward Harrel, Douglas Dickey and Milton Van Meter. All are residents of Corpus Christi.

The car was the property of C. E. Bitts, father of Bobby, also of Corpus Christi. At the requests of the parents of the boys, no charges were filed, and the lads were returned to their homes on Monday afternoon in the custody of their parents.

MRS. JACK MACKEY HEADS SUTTON COUNTY TB GROUP

Mrs. Jack Mackey was named president of the Sutton County Tuberculosis Association Monday night at a meeting held at St. John's Parish House. Mrs. Mackey formerly served as vice-president. Elected executive secretary was Mrs. Edgar Shurley, while Mrs. E. B. Keng was named secretary-treasurer and Mrs. George Barrow, vice-president.

Plans are being made to procure the mobile x-ray unit for a week's stay in Sonora.

Move To Vander Stucken Building Slated For Sometime In August

Word has been received by Postmaster James D. Trainer that the Sonora Post Office will move to new and larger quarters, the move to be made in August.

The new home will be the Vander Stucken building, between McAllister's Red & White Food Store and the Sonora Appliance Store. The building was formerly the home of the Sonora Hardware Company. Rent has been set at $960 per year.

The move was authorized by the Postmaster General. through F. J. Buckley, Assistant Postmaster General. A new location has been under advisement since May when D. C. Jernigin, Postal Inspector, was in Sonora and looked at both sites. He recommended the move in order to give the local office a chance to expand facilities for its customers. Business has more than doubled here in the past few years.

The new Post Office home contains 1,950 square feet of space, as compared to 1,150 square feet in the old building. Best news to Sonorans is that some 235 additional boxes are authorized under the move, giving the city a total of 736, and placing new boxes up for rent. The number of post office boxes has been short for more than two years.

Bids for the moving of the equipment and fixtures of the post office are being received by the Postmaster until July 21.

Elliott Brothers own the building which has housed the post office for the past twenty-odd years.

Moving Bids Are Asked For

Bids will be received until 5 o'clock Thursday afternoon, July 21, for the moving of all equipment from the present location to the Vander Stucken building.

The moving will not involve the dismantling or installation of the office equipment and fixtures.

Forms for the submission of bids may be obtained at the office of the Postmaster in the Post Office, and any further information needed may be had from the Postmoster.

Draft Board #110 Reclassifies 85 Registrants

TWELVE SIGN DRAFT CARDS THIS MONTH

Members of the Local Draft Board #110, serving Crockett, Kimble, Schleicher, Edwards and Sutton Counties, held an all-day meeting in the local courthouse on Monay, July 11, and classified 85 registrants.

Classifications are as follows: 1A, eleven; 2A, seven; 3A, eighteen; 4A, four; 5A, nine; 1C Enlisted, seven; ID, three; 2C, one, and 4F, twenty five.

For benefit of registrants, the classifications represent these meanings: 1A, available; 2A, temporarily deferred, occupational or student deferment; 3A, having dependents; 4A, veteran or sole remaining son; 5A, past 26 years of age.

1C Enlisted, self-explanatory; 1D, ROTC student; 2C, agricultural deferment; 4F, unfit for military duty.

Signing draft cards for the first time this month were twelve youths, including Bobby Allen, Charles Mund, Karry Tandy, Richard Carpenter, Jr., G. W. Hardesty, Isaias Rios, Ernest Martinez, Pedro Maldondo, George Graf, Dannie Bolt, Daymon Evans and Beauford Lackey.

Present for the Monday meeting were Chairman Joe F. Logan, Cecil Allen of Junction, Hardin Tobin of Rocksprings, Roy Davidson of Ozona and Mrs. Dee Neville, secretary of the board.

Sonora Gets Sixth Polio Case After Two Weeks Of Inactivity

Sonora's sixth polio case of the summer was recorded here this week when Jimmy Cahill, 5, son of Mr. and Mrs. Carl Cahill, was removed to a San Angelo hospital after being diagnosed as a victim of the disease. Jimmy had been ill since Saturday morning, and was taken to the hospital Tuesday afternoon.

His condition is reported as "good." Although he has a weakness in his right arm, Jimmy apparently is over the worst of the illness.

Sonora's other polio cases are all improving daily, and after effects in all cases are expected to be light.

Meantime, city officials continue their cleanup campaign, aimed at keeping the city as clean as possible during the summer months. Weed cutting continues, and owners who have not cleared their lots of weeds and trash may expect a call from city officials before long.

City Manager R. M. McCarver reports that those who are requested to clean lots and do not do so may expect a bill from the city. after city workmen have taken care of the matter.

The city dump ground has been bulldozed, and citizens are requested not to dump trash and refuse in the center of the grounds, but at the sides, against the accumulation of trash already there. The dump is being sprayed with DDT solution at regular intervals to keep down the fly population around the premises.

Health officials advise that a 50 per cent DDT powder is available for sale, and is most helpful in keeping garbage cans free of flys. All garbage cans should be kept tightly closed.

After cleaning lots of weeds, owners are advised to try "4D" weed killer on the ground. It is reported as very good in keeping the weeds from coming back on clean lots.

As usual, residents are requested to phone city commissioners or the city office to report failure to clean up unsanitary conditions.

DRIVE SAFELY! — Give the pedestrian the right-of-way.

Personals

George E. Smith and his brother, Fred, spent the weekend at Ruidosa attending the races.

Mr. and Mrs. R. M. Deskins and Mr. and Mrs. R. C. Vicars have returned from a visit in Mertzon with the Mans Hoggetts.

Mr. and Mrs. Jack Allen of Austin are visitors in the home of Dr. and Mrs. J. F. Howell this weekend

YOUR HEALTH

A statewide educational campaign for the control of venereal diseases, which will be carried out throughout the summer and possibly into the fall, has been announced by Dr. Geo. W. Cox, State Officer, who states that the public will be reached by means of radio, newspaper, movies and lectures by health authorities.

"While it is true that great advances have been made recently in the control of these diseases, nevertheless a lack of full information on the part of the public has hindered the complete success of the program," Dr. Cox said.

"There has been a steady decline in the incidence of new cases reported, in infant and adult mortality rates, an in admission to mental institutions due to syphillis, since 1938 when intensive measures for the control of venereal diseases were initiated. But this decline has not been great enough," Dr. Cox added, "and this is partly attributable to a lack of accurate information and the general apathy concerning venereal diseases which followed the termination of the war.

Mrs. Dorothy Baker was said to be making satisfactory progress Friday morning following an emergency appendectomy in a San Angelo hospital Thursday night.

Dick Karnes, young son of Mr. and Mrs. Sam Karnes, is recovering from bites on the face received Monday, when the family dog bit him. The dog is not rabid.

Mrs. E. B. Keng and daughter, Jan, are visiting Mrs. Keng's parents near Goldthwaite.

Hugh Hill of College Station was a business visitor to the city last week.

Polio Precautions

The golden rule of personal cleanliness should be observed particularly in the usual summer polio epidemic months. Food should be kept tightly covered and safe from flies and other insects. The same applies to garbage, which, where other disposal facilities are lacking, should be buried or burned.

THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

Firemen Warn Of Fire Hazards As Ranchers Form Volunteer Brigade

Members of the Sonora Volunteer Fire Department, through their chief, Lee Patrick, have requested that all Sutton County citizens pay particular care to fire hazards during the next few months.

The excessive rainfall during previous months has resulted in a stand of tall,heavy grass over the entire county, and the extreme dryness and heat of the past few weeks has dried the grasses and grounl to such an extent that any fire at all, if ailed by a slight wind, could sweep over the entire county in a short time.

Campers and picnicers are especially warned to soak all fires before leaving the grounds, and smokers are asked to take care in disposing of cigarettes and cigar butts.

Sutton County ranchers are taking precautionary measures, and will attempt to organize a Volunteer Fire Brigade, composed of owners of livestock spraying equipment, which has been found to be satisfactory in the fighting of range fires.

Sutton County ranchers who are interested in joining such an organization are requested to fill in the accompanying blank, and mail or bring it to the office of the Devil's River News. A complete list of those who can be called upon to help in an emergency will be printed as soon as compiled by this office.

from the ranch country

Son-of-a-gun

From solid cedar brake to grass -- that's about the story of Vance Eubank's ranch in east Sutton County. In 1938 the first cedar was cut. Now almost all has been eradicated, and under the protection of the fallen cedar limbs, the better grasses can mature and produce seed in a reseeding operation that only nature can provide.

Now they are beginning to show in the open, away from the protection of brush and thickets. Good grasses are gradually taking over the range that once was cedar and needlegrass.

When the new Junction highway splits Eubank's big pasture, he will start a system of rotation and deferred grazing in order to allow the taller, higher forage producing grasses to establish a good cover on his range. In this manner, he can more efficiently utilitize rainfall, crowd out and control needlegrass. This will bring about an improved range condition that will enable him to carry more livestock -- hence a more profitable ranching operation.

Eubank, a cooperator of the Edwards Plateau SCD recently invited Meredith Joy, Ted Bailey Joy, and SCS Range men Andy Truden and Gene Alley on a field trip to study the different types of grasses and to check some of his reseeding of small areas to K. R. bluestem and sender grama.

These grasses compare most favorably with our native sideoats grama and little bluestem. Both of these introduced grasses are growing nicely and if managed properly, will increase in such a manner as to furnish more grazing for livestock than the shallow rooted grasses.

The shallow rooted hairy triodia, red grama and Texas grama require rainfall more often than we are blessed with in the Edwards Plateau, in order to continue producing forage throughout the summer and fall.

The key to improving range conditions in the Edwards Plateau Soil Conservation District is proper management of grass and tying these various range practices in with the weather. In this manner, ranchers will be working with nature instead of against her.

Joy, interested in range conservation and improvement, made his application for assistance with the Edwards Plateau Soil Conservation District at the close of the field trip.

BOYCE HOUSE "Gives You" Texas

Pat Moreland, who is executive secretary of the State Restaurant Association, is a versatile individual. He has been a pastor; he has written excellent poetry and he has been active in political affairs.

Some years ago, he was going to make a speech in an East Texas town on behalf of a friend of his who was running for Governor. Moreland was told that he would be introduced by one of the leading attorneys of the town. "Let's hope he'll be reasonably sober," someone who knew the lawyer remarked.

Moreland arrived and he and the attorney went to the square, where a large crowd had gathered. The introducer, in presenting Moreland, reached heights of oratory seldom attained in this prosaic age and concluded with:

"Ladies and gentlemen, we are going to have the privilege of hearing one of the truly brilliant and distinguished sons of Texas; a man who has achieved greatness in many fields; an eloquent genius whose name is a household word, known throughout the length and breadth of Texas; infants lisp it in their cradles; it is on the hearts and lips of all. I now present to you the Honorable - - -"

He hestitated, then said, "The Honorable - - -" then leaning over to Moreland he asked, in a lower tone but one which carried clearly over the loud speaker to everyone in the audience:

"Young man, what in the h--- did you say your name was?"

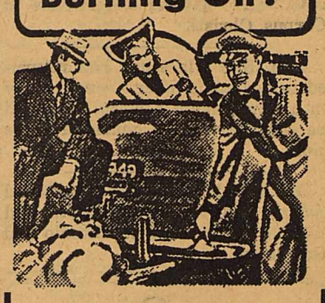

- - -

According to Mark Twain, Satan told a newcomer in the infernal regions, "The trouble with you Chicago people is that you think you are the best people down here when the fact is you are merely the most numerous."

- - -

And it was Twain who said, "The man with a new idea is a crank--until the idea succeeds.

Broiler Dinner

Steam or boil 1/4-inch slices of summer squash 15 minutes.

Slice canned corned beef into 1/4-inch slices and arrange on broiler rack. Place squash slices on rack, salt and pepper them and brush with melted fat. Place broiler rack about 3 inches below source of heat and broil for 5 minutes.

Turn the corned beef slice with a pineapple ring and salt and pepper the squash and brush with melted fat.

Place tomato halves on rack, salt and pepper them. Continue broiling about 10 minutes. Arrange on a platter with parsley garnish.

Mr. and Mrs. Wes Granger and Mr. and Mrs. Bert Swails and Dickie went to Beeville last week to attend the funeral of Eddie Don Fiebig, grandnephew of Mrs. Granger and Mrs. Swails.

Marriage Rites Read For Miss Janita Hughes And O. L. Richardson, Jr.

The Carlisle Methodist Church of Price, Texas, was the scene of 7:30 o'clock Sunday night of the wedding of Miss Janita Hughes, daughter of Mr. and Mrs. W. R. Hughes of Price, and O. L. Richardson, Jr., son of Mr. and Mrs. O. L. Richardson, Sr.

The Rev. Wallace Shooks read the candlelight ceremony, before an altar of greenery, flanked by tall baskets of white gladioli and stock.

The bride, given in marriage by her father, wore a floor-length gown of white Chantilly lace over light blue taffeta. She carried a white Bible, topped with tinted gardenias and showered with tube-roses.

Mrs. Sam Kelsey of Tyler, sister of the bride, was matron of honor. Bridesmaid was Miss Peggy Smith of Tyler. Both wore gowns of embroidered taffeta, and carried nosegays of matching orchids.

Glenn Richardson, brother of groom, served as best man. Ushers were Leonard Richardson of Iraan, Gus Whitting of Junction and Don Nicholas and Eugene Alley of Sonora.

Mrs. Elizabeth Barnett of Deport sang "Because" and "The Lord's Prayer." She was accompanied by Mrs. Duane Glover of Deport, who also played the traditional wedding music.

Following the ceremony, a reception was held at the home of the bride's parents. The wedding party was honored at a rehearsal dinner at the Hotel Randolph in Henderson on Saturday night.

For traveling, the bride wore a navy satin suit with navy and gray accessories and a gardenia corsage.

The bride is a graduate of Deport High School, and Texas State College for Women, Denton, where she was a member of the Mary Schwartz Rose and Adelphian Societies. Since her graduation, she has been employed as home making teacher in the Junction and Tyler schools.

The groom is a graduate of Sonora High School and Texas A&M College. While at A&M, he was a member of the Saddle & Sirloin Club, San Angelo A&M Club, T Club, Band and participated in athletics as a member of the championship track team. He is now employed as an instructor in the Kimble County Veteran's Administration School at Junction, and is engaged in ranching near Junction. He served three and one half years as a First Lieutenant in the armed forces.

Upon returning from a wedding trip to Wyoming and Montana, the couple will reside in Junction.

Mr. and Mrs. O. L. Richardson, Sr. of Sonora attended the ceremony.

THURSDAY BRIDGE CLUB MEETS AT KELLEY HOME

Members of the Thursday Bridge Club met on Thursday night, July 7, at the home of Mrs. Lossie Mae Kelley, with Mrs. J. W. Trainer as hostess.

Decorations were sweet peas and zinnias, and refreshments of cantaloupe and ice cream were served to Mesdames Nellie Allen, Rose Thorp, Katie Brasher, Robert Rees, Harvey Morris, O. L. Carpenter, R. G. Nance, O. G. Babcock, Joe Berger, Lee Patrick, John Bunnell, Kelley and Trainer.

Mrs. Patrick won high score for the evening, and Mrs. Rees was awarded a dish prize.

OPEN HOUSE HELD AT BAPTIST PARSONAGE

Members of the First Baptist Church held an open house Tuesday night of this week, to celebrate the completion of the remodeling of the parsonage.

The interior of the home was redone completely, and the outside received a new paint job. A new roof was installed and porches were rebuilt.

Approximately fifty visitors called during the evening.

JOHNSONS ENTERTAIN CALIFORNIA VISITORS

Mr. and Mrs. L. E. Johnson, Sr. entertained Monday night at their home with a barbecue supper, honoring Mr. and Mrs. R. M. Deskins of Whittier, California.

The supper, a ranch-style affair, was served on the lawn of the Johnson home.

Guests included Messrs. and Mesdames Lee Fawcett, J. D. Lowrey, Robert Halbert, R. C. Vicars, P. J. Taylor and L. E. Johnson, Jr., Mrs A. J. Smith, Randie Fawcett, Jessie Lem, Jo Addah and Janet Kay Johnson

MRS. HOWELL HOSTESS TO IDLE HOUR CLUB TUESDAY

Mrs. J. F. Howell was hostess to the Idle Hour Club at her home Tuesday afternoon. Cut flowers were used as decorations, and a salad plate and iced tea were refreshments.

Members present were Mesdames Ben Cusenbary, Edwin Mayer, C. G. Davis, Wallace Dameron, Joe Brown Ross and Ella Wallace.

Guests included Mesdames M. E. Genrich, E. E. Sawyer, C F. Browne, Duke Wilson, Lee Labenske and Ed Mayfield.

Guest high score was won by Mrs. Wilson, club high award by Mrs. Mayer. Mrs. Dameron won second high, and Mrs. Cusenbary was awarded high cut prize.

PERSONALS

Mr. and Mrs. R. G. Nance and Cleveland have returned from a visit with relatives and friends in Corpus Christi.

Mrs. Sim Glasscock has returned to her home after a week's stay in a San Angelo hospital. She will be confined to her home for some time.

Mr. and Mrs. A. W. Awalt and Sidney are visiting relatives and friends in Mason, San Antonio and Galveston.

FIREMEN'S AUXILIARY GIVES KITCHEN SHOWER

Ladies of the Firemen's Auxiliary gave a miscellaneous shower for the Fire Station kitchen Wednesday night of this week. Gifts included dishes, silver, pots, pans, dish rags and other necessary items around a kitchen.

The auxiliary recently made a gift to the Fire Station kitchen of a stove and an ice box, and the party on Wednesday night completed the gift.

BAPTIST BROTHERHOOD GIVES FAMILY PICNIC

Members of the Baptist Brotherhood and their families were entertained at a picnic Wednesday night at the City Park.

A supper of steak, french fries, hot biscuits, salad and cake was served to approximately 35 people.

A social hour for visiting followed the supper.

Approximately fifteen auxiliary members were present.

From where I sit ... *by* Joe Marsh

Windy Sure "Stopped The Show"!

The other night a bunch of us were over at Judge Cunningham's watching a swell vaudeville program on his new television set. It came in fine, but just once, the screen got a little streaky.

Before the Judge could touch the knob to bring it into focus, old Windy Taylor starts fooling around with the antenna connection. "I can fix that!" he says.

Windy fixed it all right. He "stopped the show" for us, and Buzz Ellis had to come over and do a $20 repair job. I understand Windy feels so bad, that he's paying the bill and has apologized to the Judge for acting so smart.

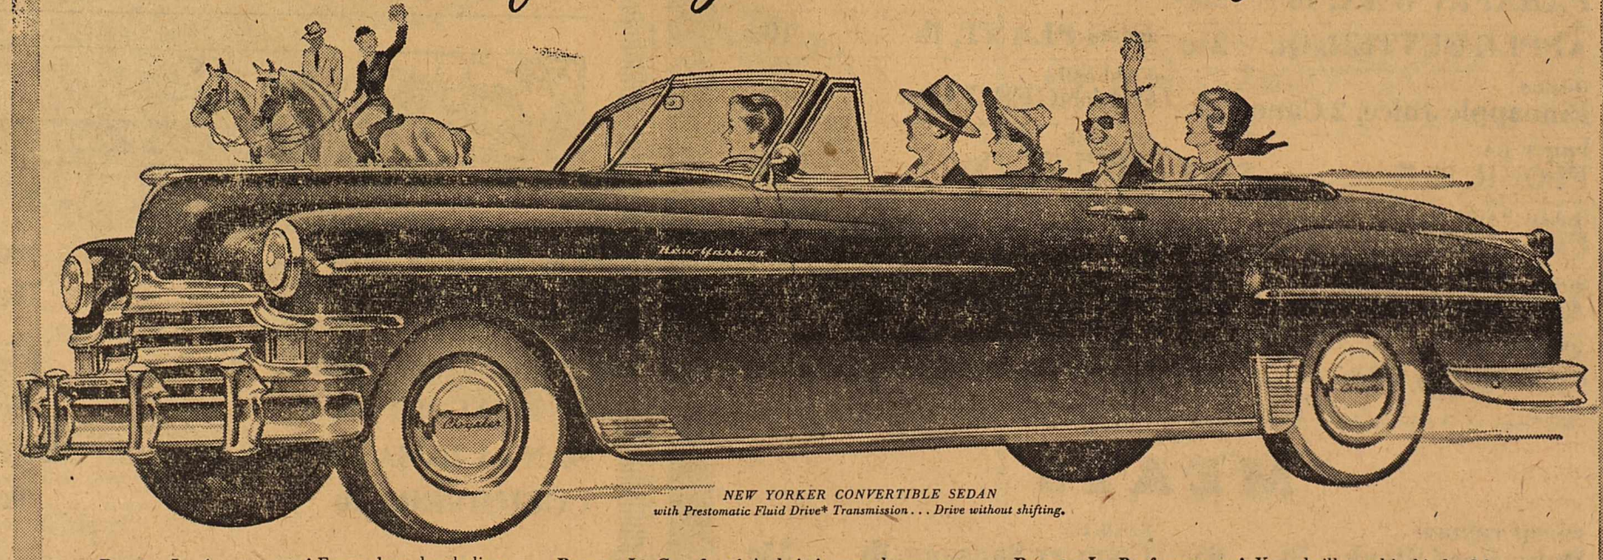

From where I sit, it pays to practice a little restraint whenever we get the urge to meddle. Whether it's television or a person's right to enjoy a temperate glass of sparkling beer now and then—let's get a good clear "picture" of the real situation before we cause more harm than good.

Joe Marsh

Beauty by Chrysler

The Beautiful Chrysler | Silver Anniversary Model

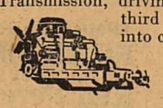

NEW YORKER CONVERTIBLE SEDAN
with Prestomatic Fluid Drive Transmission . . . Drive without shifting.*

Beauty In Appearance! Every clean, lovely line of the Silver Anniversary Chrysler has purpose and meaning. Beauty that is useful is the Chrysler idea. A striking line of chrome along the fenders may please your eye, but it's there on a Chrysler to act as a rub rail. Behind each detail of Chrysler design there's a story of common sense and imagination in engineering.

Beauty In Comfort! A chair in your home can be beautiful because fine design gives it the ideal combination of grace and comfort. Chrysler chair-height seats have this kind of beauty, too. Perfectly proportioned, they seat you at the proper height to see the road and to enjoy your ride. Even the instrument cluster in your line of vision on the steering wheel eases the strain of driving and adds beauty to the relaxing pleasure of riding in a Chrysler.

Beauty In Performance! You thrill to this kind of beauty the moment you feel the smooth response of Chrysler's great Spitfire High Compression engine. With Prestomatic Fluid Drive Transmission, driving becomes wonderfully easy. You start in third gear, and a slight lift of your toe takes you into cruising range. You rarely touch the gear shift lever. A few minutes in this car gives you pleasure it would take a book to describe. Phone for a demonstration today.

*gyrol Fluid Drive

WSCS MEETS WEDNESDAY AT METHODIST CHURCH

The Women's Society of Christian Service met Wednesday afternoon, July 13, in the basement of the Methodist Church.

Topic of study was "The United States and its Charter," and was led by Mrs. W. L. Davis and Mrs. W. H. Marshall.

The society voted to raise money to buy new carpeting for the Methodist Church The money will be raised this fall through a food sale and bazaar, details of which will be worked out at a later meeting.

Twelve club members were present at the Wednesday meeting.

TWO FT. STOCKTON BOYS ARE MISSING FROM HOMES

Fort Stockton, June 30 — Cooperation of citizens of the Southwestern states is being asked by parents of two fifteen-year-old Fort Stockton boys missing from home since June 22.

Fred Dees, about 5 feet 6 inches tall, has light brown hair, brown eyes, and two front teeth missing. His cousin, Joe Dees, is about an inch taller, but not as heavy, weighing about 125 pounds, and Joe has light brown hair, blue eyes, and has one gold tooth in front.

The boys left home, presumably in search of work or adventure, wearing western type clothing — blue jeans or khakis and palm straw hats. They would be interested in some type of construction work.

Mr. and Mrs. Everts Dees are parents of Fred, and Mr. and Mrs. Marvin Dees are Joe's parents. They want to be reassured as to the safety of the boys, and request that anyone who has seen them, given them a ride, or employed them call the parents collect in Fort Stockton.

JOHN SEALY TO AWARD NEW NURSING DEGREES

The John Sealy College of Nursing of the University of Texas has announced the re-opening of two programs of nurses training. both of which are open to high school graduates.

The first program, which leads to a Bachelor of Science in Nursing, requires two years of attendance at the University, and is followed by three years of training at John Sealy in Galveston. The BS degree is awarded along with a RN rating, and such a combination is one of the most sought-after in the field of public health work today.

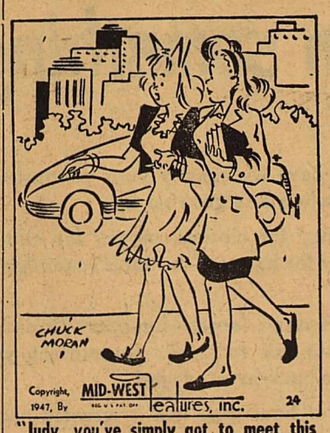

The second program is the straight three years of nurses training, which results in a RN rating.

Both groups are to be admitted to training on September 19, and any high school graduate who is interested in obtaining all the necessary information may do so by writing Marjorie Bartholf, Dean, School of Nursing, University of Texas, Galveston.

Mrs. Seth Lancaster was ill at her home this week. She is recovering.

It's always a "Breeze" to a Roadmaster!

SHUCK off that coat, good sir—and loosen that tie.

Call to mind the coolest, pleasantest spot within a couple of hundred miles—and let's go find comfort.

Here's the big broad seat that will carry you there in sofa-like ease. At your toe is the treadle that brings to life 150 eager Fireball horsepower.

In your hand is a wheel, neat and tidy, friendly and obedient. And under it the Dynaflow lever that's key to a whole new experience.

Set it once—and you can forget it. Until you park or back up, you won't need to touch it again. Find a comfortable spot for your clutch-foot too—that's just going along for the ride—and smoothly feed gas.

No jar, no jerk, no sudden lurch. Just one smooth crescendo of power, soft and silky and forever free of direct-geared harshness!

Traffic slides by, no longer a headache. Open roads spread their welcome, tall hills bow meekly to the power at your command. Cares fall away with the dust-clouds of your going, and you've forgotten the world and the weather.

You know now why scores of thousands wouldn't be without the sweet luxury of Dynaflow Drive—or the velvet power of ROADMASTER. You know why the Buick ride sets the standard for the industry—above all, why Buick's the buy.

For it isn't just what the price tags say nor what a demonstration shows that makes Buick such a satisfying investment.

It's in the way a car grows on you when it's planned to please in many ways, and not just through a single feature.

In such a car, any trip's "a breeze." How about breezing around to your Buick dealer to see how quickly you can get a ROADMASTER?

SEE and HEAR OLSEN and JOHNSON'S FIREBALL FUN-FOR-ALL every Tuesday on Television

BUICK Roadmaster WITH DYNAFLOW DRIVE

YOUR KEY TO GREATER VALUE GM

THREE CANCER RESEARCH FELLOWSHIPS GRANTED

Three 1949-50 Rosaile B. Hite cancer research fellowships have been awarded at the University of Texas.

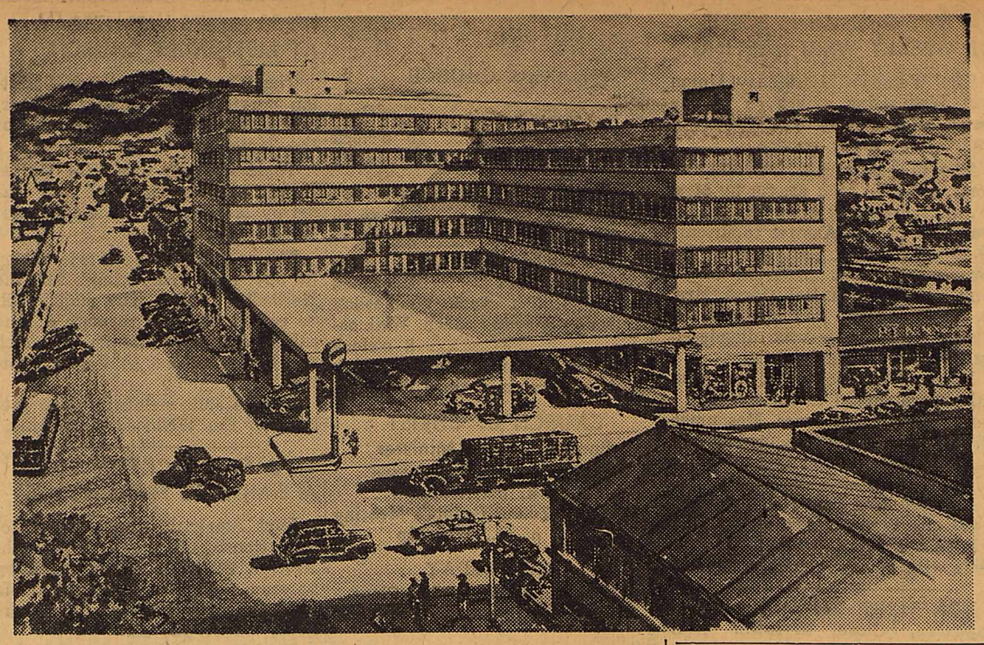

Irving Galinsky of Austin and Elwood H. LaBrosse of Argo, Ill., received $3,000 post-doctoral fellowships, Dr. Galinsky for the second year. George Washington Hagy of San Antonio was awarded an $1,800 pre-doctoral fellowship.

The fellowships are a result of a bequest by Miss Rosalie Hite of Houston in 1944 in which she left the bulk of her estate to the University and instructed that the income be used for research into the cause, prevention, treatment and cure of cancer.

PERSONALS

Mr. and Mrs. W. D. McCarver and daughter, Carolyn, of Hearn were the guests of Mr. and Mrs. R. M. McCarver last week.

Bill Martin has returned from an extended visit with his grandmother and other relatives in Waxahachie.

A WATER-COLOR PAINTING of the Sid Peterson Memorial Hospital in Kerrville by Artist E. M. Schiwetz is shown above. The hospital, now nearing completion was formally opened at 2 p.m. on Sunday, July 3. Thousands of Hill Country residents and other persons from all over the state are expected to attend the opening ceremonies and tour the hospital.

Miss Christine Legg will leave next week for a visit with relatives and friends in Oklahoma.

W. K. Regeon is a patient in a San Angelo hospital. He will remain in the hospital for two weeks.

SURE, you got his mother to the hospital—and just in time, too.

You chewed off the customary number of fingernails, wore out the regulation square-yardage of carpet—while you were waiting to hear "It's a boy!"

But before you bust any buttons bragging back at the office, better make sure that you haven't passed up in the excitement *the finest opportunity a father* can have to do something wonderful for his newborn baby.

We're talking about the opportunity you have to save *automatically* through U. S. Savings Bonds.

Just sign up under your company's Payroll Savings Plan—or, if this plan is not available to you, your bank's Bond-A-Month Plan—and you're sure you'll have the money your youngster's going to need when he's growing up.

Money for clothes, money for education. Yes, money for fun, too—for fun's important to growing kids.

And don't forget—for every three dollars you put into this rock-solid investment, you get *four* dollars back in ten years.

Never have you had a greater opportunity to nail down your family's financial security—to make sure they'll always have the money they need.

NOTE: While we've been talking about putting away money for infant sons, this wonderful opportunity is also available to fathers of girl babies too! But HURRY, HURRY—youngsters grow up fast!

Put more opportunity in your future! Invest in U.S. Savings Bonds

Scientists Find Way to Make Extra Small Particles

Scientists working on the new Humble Esso Extra Motor Oil discovered that the addition of a special dispersive made it possible to break up the soot, sludge, varnish and dirt that the new product cleans from automobile engines, into particles as small as 38/1,000,000 of an inch in size. This, they say, is many times smaller than the smallest clearance in an automobile engine, so that the materials cleaned out of the engine by the new Esso Extra Motor Oil cannot damage moving parts. Humble station salesmen are urging customers to drain dirty, diluted oil and refill with new Esso Extra Motor Oil for extra protection. Adv.

FACTORY SHARPENING PROCESS

(Foley Electrakeen System)

We have installed a Foley Electrakeen Lawn Mower Sharpener which sharpens by the same method as used by the lawn mower factories.

No emery wheels to draw the temper of the steel—grinds a heavy beveled edge that stays sharp longer than a wire edge that breaks off quickly and gets dull quickly.

We guarantee that your lawn mower will cut like it did when new.

Weekly Swing of SOUTHWEST FARM MARKETS

PRODUCTION AND MARKETING ADMINISTRATION, U. S. D. A.

Steady to higher southwest livestock prices were offset by declines on cotton, some grains and many fruits and vegetables during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Sheep and lambs sold unchanged to a little higher than a week ago. Greatest gain was at San Antonio, where goats also steady to strong for the week Wool and mohair trading was slow in the southwest.

Cattle trade was slow at Fort Worth Monday, slow to moderately active at Denver and San Antonio, and active at Houston. Prices were unchanged to slightly higher than a week earlier. Good fed yearlings brought $23 to $25 at Fort Worth.

Livestock receipts last week fell moderately below those of the week before at southwest and midwest markets on all classes of livestock. Twelve-market total of cattle receipts showed the only important increases over the same week last year.

THE STATE OF TEXAS

COUNTY OF SUTTON

Before me, the undersigned authority, on this day personally appeared Thelma Briscoe, County Treasurer of Sutton County, who being by me duly sworn, upon oath, says that the within and foregoing report is true and correct.

THELMA BRISCOE, County Treasurer.

Sworn to and subscribed before me, this 11th day of July 1949.

(SEAL) H. C. KIRBY, Clerk,
County Court, Sutton County, Texas.

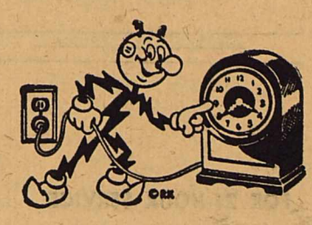

Clayson White of Bellflower, California, is visiting in the home of his uncle and aunt, Mr. and Mrs. J. C. Stephen.

Mrs. Tom Darrow has been returned to her home here, after minor surgery in a San Angelo hospital.

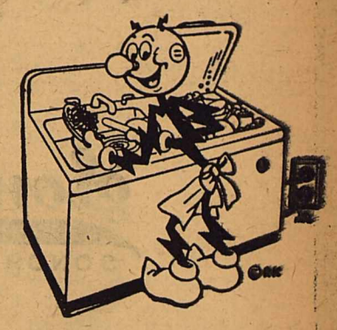

DRIVE SAFELY! — Give the pedestrian the right-of-way.

WEST TEXAS UTILITIES CO.

A PENNY-- for your thoughts

A bigger bargain you couldn't seek— A penny tells time for about a week!

Here's the answer to a housewife's wishes— One penny will wash six loads of dishes!

Four pennies a year for Father's shaving! Can you imagine a greater saving?

OF COURSE, IT'S Electric!

Yes, even the lowly penny can buy you a lot of convenience and service — when you spend it for electric service. For there's plenty of penny wisdom in living the electric way — easily, comfortably, healthfully. Though electric service is just about the smallest item in your family budget, what else does so much — for so little?

—Continued from Page 1—

The blowing of the fire siren on Wednesday night caused a scene that would have done credit to an Abbott and Costello comedy. It seems that the ladies of the FIREMEN'S AUXILIARY were holding a meeting at the fire station when the alarm was sounded.

The firemen were all at home, baby sitting, and the cars were all at the fire station, where the wives had driven them. After a few minutes of frantic shuffling of wives, husbands, cars and babies, the SONORA VOLUNTEER FIRE DEPARTMENT got underway, just in time to do a good job of putting the fire out.

Never a dull moment after you join the fire department, so they say.

—(?*½$*?)—

Son-of-a-gun bets that New Yorkers get a real show before long. It seems that HIX HALL and POLY WELLS borrowed ten-gallon hats and cowboy boots before leaving for the Lions Club convention.

—(?*½$*?)—

Congratulations to ARMER EARWOOD, JOE BROWN ROSS and FRED EARWOOD, all of whom will play a prominent part in in the forthcoming Texas Angora Goat Raisers Association in Kerrville on August 4, 5 and 6.

—(?*½$*?)—

Although the SONORA BRONCO baseballers have closed out league play, they will continue to perform in exhibition games for the home folks. First on the list - M System of San Angelo here Sunday afternoon.

—(?*½$*?)—

After making a survey of all the luggage she is having to carry with her on a vacation trip, CHRISTINE LEGG gives up the idea of traveling by bus, heads downtown and buys herself a car! No kidding.

Mr. and Mrs. Andy Truden spent the weekend in Marfa, where they attended the Dodd-McDonald wedding.

Z. H. Martin of Waxahachie recently visited in the homes of his sons, Lee and Louin Martin.

Bobby and Billy Scott are spending the week in Ft. Worth and Dallas, visiting with relatives and friends.

Hot Weather Hits Sonora

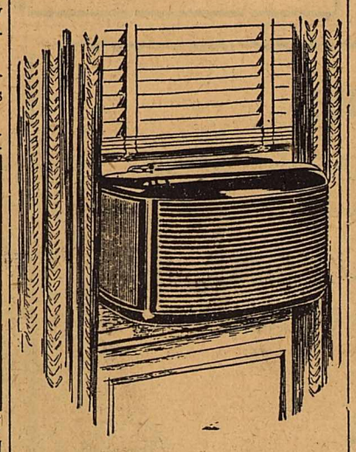

Summer moved into Sonora with a bang this week, with no rain and plenty of hot weather.

High marks of the week were registered on Tuesday and Wednesday, when temperatures soared to the 102 degree mark. Low point was a 63, registered on Friday night.

Mrs. Dorothy Norris has returned from a visit with relatives in Fort Worth.

Mrs. Bartie Lou Bridwell has returned from a short stay in Ballinger, where she visited with her parents and son.
