Debate On Postal Hike Opens Today

By JOE HALL

WASHINGTON (AP) — The Senate opens a long-delayed floor debate today on proposed higher postal rates, with the key issue whether the letter rate will be 4 or 5 cents.

President Eisenhower has been urging higher postal rates almost every since he took office in 1953, as a means of reducing deficits in the Post Office Department.

But the issue has not reached the Senate floor until today, although the House twice has passed rate increase measures.

Before the Senate is a bill to raise postal rates by 700 to 750 million dollars. The current year's postal deficit is estimated at 700 million.

Included is a provision making the letter rate on non local mail 5 cents for three years from July 1, 1958, to June 30, 1961. Letters within a city would go for 4 cents. The permanent rate would be 4 as compared with the present 3 cents.

Majority Leader Lyndon B. Johnson (D-Tex) said an effort would be made to tie pay increases for the 500,000 postal workers to the rate bill.

The administration is offering about 160 million dollars of annual increases to the employes: Democrats are pushing a bill which would total about 320 million.

Postal unions favor tying the two together with the idea that Eisenhower would not veto a bigger pay increase than he wants if it meant killing higher rates.

The Senate bill also would boost the cost of air mail letters from 6 to 8 cents, require a 3-cent stamp on printed post cards, and raise rates on second and third class mail 60 to 66 2-3 per cent.

Several Democrats are seeking to knock the 5-cent stamp out of the bill, leaving the flat 4-cent rate. The 5-cent provision was adopted by a 7-6 vote in committee.

The Republican leadership plans to try to retain the temporary 5 cent rate. Both sides expect a close vote.

Proceeds from the 5-cent stamp would be earmarked for modernization of postoffices over the nation. This rate would add about 175 millions annually to the yield expected from a straight 4-cent stamp.

SPOT MUSE

GROWTH seems to be the order of the day for the business center along the Big Spring highway in south Snyder. Newest addition to the area is JRB's Rainbow Market No. 2. Grand opening of the new store is set for tomorrow through Saturday. Since the first of this year a number of businesses have either moved to the area or have been newly opened there.

PLANS ARE BEGINNING to get underway for the rescheduling of Red Tag Day in Snyder, in which there will be a special program of inspection of business buildings by insurance company field men, firemen, and Boy Scouts to help businessmen find possible fire hazards.

THE SPECIAL EVENT had originally been scheduled for last fall, but the flu seige halted it that time. Discussion has been on having Red Tag Day in April.

Play Tickets Going Fast

Almost 800 tickets had been sold by this morning to the high school musical production, "The King and I," which will be staged Thursday through Saturday nights.

The performances will be at 8 o'clock each night for the Rodgers & Hammerstein musical, one of the latest big hits on Broadway and in films.

A total of 72 students will be in the cast, and a like number are working on costumes, sets, and other preparations.

Tickets, which are $1 each, are now on sale at the Chamber of Commerce office. All seats are reserved.

So far, more tickets are sold for the Friday night performance than any other, while Saturday night is the lightest. Ticket clerks say there are still a few of the best seats left for all nights.

Pair Held As Rape Suspects

DALLAS (AP)—A former convict, 21, and a youth, 18, were seized by police last night after an Arkansas girl, 17, said she was robbed and raped.

The girl told officers she left her home near Nashville, Ark., yesterday to hitchhike to California. She said two men offered her a ride as she walked along a street in Dallas.

The girl said the men drove her to a wooded area and the ex-convict raped her. The other man, she said, took $2.60 from her purse.

The girl said they left her on a farm road and she hitchhiked to Cedar Hill and called police.

Check Is Honored After 38 Years

EMPORIA, Kan. (AP)—The Chamber of Commerce decided to honor a $15 check it gave Mrs. George O. Taylor in 1920 when she won an essay contest.

Mrs. Taylor now lives in Indianapolis. She said she found the uncashed check recently when she went through her possessions to see if she has the resources for a trip to the Orient this summer.

An Emporia bank challenged the 38-year-old check when it came through for payment.

FLOURY POLITICAL LEADER—British Deputy Prime Minister R. A. Butler's face and clothing are plastered with flour and fruit thrown by students at his installation as rector of Glasgow University, Glasgow, Scotland. The students, who were doing what they consider an example of university high jinks, formally apologized for the indignity which outraged sections of the British public. (AP Wirephoto)

Living Costs Hit Peak In January

WASHINGTON (AP)—The government reported today record high food prices pushed the nation's living cost to a new peak in January.

The jump in grocery prices was blamed on repeated freezes in Florida and excessive rains in Texas, which boosted fruit and vegetable costs, and also on short and consequently extensive meat supplies.

The Labor Department index of consumer prices rose six-tenths of one per cent between December and January to a new high of 122.3 per cent of the 1947-49 average.

This was the largest monthly rise since July 1956. The living cost level has risen steadily in 15 out of the past 17 months.

The latest living cost jump means a pay raise for some 1,350,000 workers whose wages are partly geared to the index.

About one million workers in the auto industry get a three-cent hourly raise. Some 350,000 other workers in the farm implement, electrical and aircraft industries get a boost of two cents an hour or, in some cases, one per cent of present pay.

On the basis of a two-cent pay raise growing out of the new index figure, payroll boosts had been calculated at about 55 million dollars. With the living cost figure high enough to give about two-thirds of the affected workers three cents, the payroll hike goes to about 80 million.

Ewan Clague, labor statistics commissioner, told newsmen he could hold out no hope for any drop in living cost in the next few months. He pointed out there have been new crop freezes in Florida since the January data were collected.

Clague, however, said declining prices for materials such as wool, hides, leather, gasoline and fuel oil, rubber and metals eventually will mean lower prices to consumers in the summer or fall. He said the food price situation ought to straighten out somewhat, too, by then.

Clague said the living cost index had gone up in January more than he had expected, adding "we certainly didn't count on what the Weather Bureau was going to do to us."

He said that with the shortage of Florida winter fruits and vegetables, consumers are switching to other foods and creating demand which in turn boosts the prices of those items.

Since food is the big item in most families' costs, it is given the greatest weight in the index. It would take a big drop in other items to offset a food cost rise.

Besides the sharp price increases for food, costs of all major groups of goods and services except clothing and transportation rose too.

Rescue Boats Sent To Flood Victims

By The Associated Press

Boats were sent into the area where rising waters marooned Tuesday several families in the Three Rivers area of flood-harassed South Texas but the mayor said "I don't believe anyone is in great danger."

James Nance added "I believe I would of heard about it if they were."

The Weather Bureau forecast scattered showers and some thundershowers Wednesday in the region where crests were sweeping down strams.

"It looks now as though we are over our biggest danger unless it starts raining again," Nance said. "I would say not more than half a dozen families are in the whole flooded area."

The Nueces River, rising past 42.9 feet, was expected to reach 43.5 feet by 8 p.m., highest since it hit 44.8 feet on July 12, 1942, the Weather Bureau reported.

The Frio and Atoscosa rivers were falling slowly but were expected to rise again when the Nueces waters back up into them. The Atascosa joins the Nueces a mile north of Three Rivers and the Frio about a mile south.

Water which was curb deep on the west side of the city square had receded but was backing up around the school building on the east side of town.

U.S. 281 forms a barrier through Three Rivers between the Atascosa on the east and the Frio on the west.

Clouds were high and scattered over the city and the mayor said it doesn't look like more rain would fall Tuesday.

Highway Patrolman Glenn Brothers said all roads around Three Rivers were passable but some were under water.

The mayor said the marooned families were in the western part of town toward the Simmons Community and south between the city and George West.

WEATHER

SNYDER TEMPERATURES: High Monday, 55 degrees; low, 41 degrees; reading at 7:30 a.m. today, 46 degrees.

East and South Central Texas — Partly cloudy and warm this afternoon and tonight. Scattered showers and thundershowers late tonight and Wednesday.

North Central Texas — Partly cloudy and warm this afternoon. Scattered showers and thundershowers and windy tonight and Wednesday. Turning cooler Wednesday.

West Texas — Partly cloudy with scattered thundershowers through Wednesday, turning cooler Wednesday. Windy tonight and Wednesday.

TEXAS GOVERNOR TESTIFIES

Oil Imports Major Threat

By ED OVERHOLSER

AUSTIN (AP)—Gov. Price Daniel testified today that Texas, which produces 40 per cent of the nation's oil, is losing 1½ million dollars a day because of excessive oil imports.

"Excessive foreign oil imports have contributed in large measure to the most serious economic threat our state has faced in 25 years," the governor told a special commission he named to study imports.

The two-day hearing was the first effort by oil producing states to see what could be done about millions of tax dollars being lost from shrinking domestic oil production.

"Oil is our biggest single product," Daniel said, "and with the production of this commodity reduced to nine days per month the tragic effect on our state is apparent.

"My latest figures show that continued cutbacks in Texas crude oil production have taken at least 1½ million dollars per day from the economy of Texas."

Daniel noted that during the Suez Canal crisis a year ago the Railroad Commission, in answer to pleas for more oil, set the state allowable production at 3,771,162 barrels daily for March of 1957.

"Europe did not use this oil and it created an excessive stock situation from which we are still suffering," he said.

This has created "a peculiar situation," Daniel said, adding:

"Texas and the other oil-producing states, in order to prevent the waste of one of this nation's greatest natural resources, are continually cutting back production in order to reduce excessive above-ground stocks. At the same time, the importers of foreign oil are continually increasing their importations and thereby increasing the stocks which we are trying to reduce.

"This points up the failure of the government's voluntary crude oil imports control program. It appears that mandatory controls furnish the only solution."

Daniel said he was suggesting to other oil producing states that they have similar studies made in their states and press the results upon the President and Congress.

"If this crisis involved the textile industry in New England or the dairy industry in Wisconsin, the clamor for government action would be so loud that it would drown out the pleas for justice voiced by Texans in regard to domestic oil production," the governor commented.

Daniel quoted a recent Associated Press survey showing that Texas had taken the biggest cut, both in barrels and in percentage of production, since the Suez crisis.

"Texas has done more than its share to reduce these wasteful above-ground stocks," he said.

Whiteside Offered Fee To Take Miami TV Case

WASHINGTON (AP)—Thurman A. Whiteside testified today that the president of National Airlines sought to employ him as an attorney in the contest for TV Channel 10 in Miami.

Whiteside said he refused employment but told G. T. Baker, the airlines president, he was "being helpful" on behalf of National's subsidiary, Public Service Television Inc., which eventually won the channel.

Whiteside said Baker sought to employ him on a fee basis but did not discuss amounts of fee.

Whiteside, a Miami attorney, was under questioning for the second day by a special House investigating committee inquiring into reported pressures and influences on the Federal Communications Commission and particularly Commissioner Richard A. Mack of Miami in the Channel 10 fight.

The investigators developed testimony from Whiteside yesterday that Mack got a free-ride insurance partnership from him. He said it paid Mack $9,822 in the years 1953-56 and that so far there has been no cost to Mack.

Chairman Harris (D-Ark) of the special subcommittee on legislative oversight said he also wanted more information on some missing promissory notes Whiteside said Mack gave him on some loans. Whiteside said the notes, marked "paid," had been turned over to committee investigators. Harris said they have not been found.

Whiteside testified that Mack, a close friend since college days, had been borrowing money from him for 20 years but had repaid all but $250.

Whiteside was asked to testify in connection with charges of influence being exerted on the FCC in the fight over Miami's TV Channel 10.

The Miami attorney said that in 1953 he declared a one-sixth interest for Mack in a Miami insurance firm which does business for National Airlines, a subsidary of which was the winner of the Channel 10 license.

Whiteside testified he himself had a one-third interest in the insurance company and that he "declared" the interest for Mack when he took over controlling stock in the firm.

It was understood, Whiteside said, that Mack would be charged the value of his share if there should ever be any costs to the individual owners.

"Someday there may be," he said.

Whiteside testified that he interceded with Mack in three FCC cases. But he denied using any pressure and said Mack voted against his recommendations in two of three cases.

In the third case, Mack voted with the commission's 4-2 majority to award the Miami Channel 10 license to Public Service Television, Inc., a wholly owned subsidiary of National Airlines. Three other parties had sought the license.

Whiteside, a stocky, balding man with oversize horn-rimmed glasses, took heated issue with Bernard Schwartz, fired earlier as the subcommittee counsel. Schwartz had testified that Whiteside made payments of $2,650 to Mack after Mack was named to the FCC.

Blasting Schwartz as "an unmitigated liar" and "a depraved person," Whiteside said the money was in the form of loans. He said Schwartz also knew of his earlier loans to Mack.

On the matter of the promissory notes, Whiteside said he had turned over to the committee seven notes from Mack marked "paid and satisfied" and totaling $4,960.

Harris said the committee does not have those notes and that an inventory of records Whiteside submitted to the committee made no mention of them.

Five Teen-Age Negro Boys Admit Attack

CHICAGO (AP) — Five teen-age Negro boys have admitted, police said, slashing and raping an 11-year-old white girl on an impulse to "go out and get a girl" in a racially mixed South Side neighborhood.

The five were seized yesterday after an intensive search by police since Feb. 4, when Carol Foss, a Girl Scout, was attacked near her home.

Police said the five admitted orally that they seized the girl, clad in a scout uniform, and dragged her down a stairwell, where they beat and assaulted her. Previously police said it had not been determined whether the girl had been raped.

The Foss girl identified the five in a police lineup as her assailants, and in so doing cleared three other Negro youths she previously implicated.

The five, held for further questioning, were identified as Ronald Valentine, 18, James Clay, 18, Bennie Walker, 13, Ronald Clark, 13, and Cleo Parker, 13. Police said Clay was named by his companions as the one who had suggested they "go out and get a girl."

A gang of boys dragged Carol down a basement stairwell, ripped off her scout uniform, beat her with their first and gouged her, apparently with a broken bottle. She was hospitalized for several days.

Venezuela's 'Enemy' Will Face Accusers

CARACAS, Venezuela (AP) — The man known as Venezuela's Public Enemy No. 1 was turned over to the authorities last night by the Colombian ambassador, Gen. Francisco Tamayo, to face trial.

Miguel Sanz, political director of the national security police under fallen dictator Marcos Perez Jiminez, was taken away from the Colombian Embassy by a squad of soldiers.

Sanz has been accused by the Caracas press with responsibility for most of the torture by the security police.

Partisan Bigwigs Join Hands To Support Foreign Aid Plan

WASHINGTON (AP)— Republican and Democratic bigwigs closed ranks today in a pitch for public support of the $3,900,000,000 foreign aid program.

Both parties paraded their brightest stars before an all-day national conference on foreign aid —a meeting of about 1,200 civic, educational, church and veterans leaders at the Statler Hotel.

President Eisenhower will make the climactic address tonight. Former President Truman was tabbed for a luncheon speaker.

Secretary of State Dulles was lead-off speaker, and was followed to the platform by Adlai Stevenson, 1952 and 1956 Democratic presidential nominee.

Dulles repeated many of the familiar arguments for foreign aid and added a new one: It creates jobs for American workers.

Stevenson appealed for a "sustained, thought-through and coordinated" foreign aid program which would help underdeveloped countries to "economic and social health and self-reliance without military strings."

Dulles, speaking without a prepared text, said the Communists started with nothing 40 years ago and now control one-third of the world's population.

He said they did this because they have a dynamic belief, and the only way to combat them is with "a faith held more intensely, a greater and truer faith."

The secretary declared there are four good reasons for supporting foreign aid: It provides jobs for about 600,000 Americans; it assures free world military bases around the globe; it helps maintain retaliatory forces in strategic areas, and it gives hope to people in underdeveloped countries who are being wooed by economic offensives from Moscow.

Other big-name speakers included Vice President Nixon, Secretary of Defense McElroy, Director Allen W. Dulles of the Central Intelligence Agency and presidential science adviser James R. Killian Jr.

The big rally was stage-managed by Eric Johnston, movie czar and part-time presidential aide.

Johnston's aim is to develop more public understanding and support for the $3,900,000,000 foreign aid program. It is now a hot target for Republican and Democratic budget cutters in Congress.

Formal hearings on the program start tomorrow before the House Foreign Affairs Committee.

Eisenhower and Truman have not met face to face since they rode together in a White House limousine to Eisenhower's 1953 inauguration. They won't meet today even though both have agreed to sing the praises of foreign aid from the same platform.

Johnston carefully arranged to space them about eight hours apart in a daylong rally at a downtown hotel. Eisenhower will speak at a dinner tonight.

Some 1,200 outstanding citizens from all over the country were on hand for the affair. Foreign aid advocates hoped this would prove to be an impressive demonstration of grass roots sentiment.

$200 DAMAGES TO WINDOWS COUNTED AT SCOUT HOUSE

The Girl Scout Little House on Thirty-fifth Street west of the Calvary Baptist Church has been the victim of much maliciousness in the past few months, Girl Scout officials here report.

More than $200 worth of window panes have been broken out of the building, Mrs. Ned White said.

Mrs. White said that many of the window panes have been broken by children throwing stones at the building, but that hail screen had been placed over a portion of the windows, and that sticks have been punched through the screen and windows broken.

"We would appreciate it if neighbors of that area would help watch the building and see if they can help prevent further window breakage," she said.

Paullette Goddard, Novelist Are Wed

NEW YORK (AP)—Actress Paullette Goddard disclosed today that she and novelist Erich Maria Remarque are being very quietly married and "I'll tell all about it tomorrow."

Remarque, reached at his residence in the same apartment house, said "I'm too busy" when asked about the long-anticipated wedding.

Grand Jury Panel Called For Tomorrow

A panel has been summoned to report at 1 p.m. tomorrow in 132nd District Court for the February-March grand jury term.

The grand jury panel is composed of Curtis Corbell, L. P. Houston, H. R. Gannaway, S. B. Chorn, Guy J. Adams, Jurden Brunken, J. D. Crane, W. T. Dabbs, O. M. Fowler, David Harlin, Sr., L. C. Drum, Paris W. McPherson, Grady Williams, and Whit Farmer.

Cuban Rebels Free Champ Auto Racer

HAVANA (AP)—Rebel kidnapers freed world champion automobile racer Juan Manuel Fangio unharmed today after Cuba's $10,000 Gran Premio race ended in tragedy and suspicions of foul play.

While Fangio, unshaken by his 29-hour experience, talked with reporters, authorities disputed claims by other drivers that someone poured oil on the course of the race in which the 46-year-old, five-time world title-holder was to have been the star attraction.

A racer driven by Armando Garcai Cifuentes of Cuba skittered into the crowd along Malecon Boulevard, killing four Cubans and injuring 34. Cifuentes was among those critically hurt.

Drivers said the track had been slicked down with oil, presumably in a rebel attempt to wreck the race. Officials at first agreed, but later the National Sports Commission said Cifuentes' car "supposedly" went out of control. The commission contended its technicians had "eliminated absolutely all suspicion of sabotage," and claimed the oil on the street had seeped from the 27 racing cars.

Fangio told newsmen his abductors made clear they had grabbed him in hopes his disappearance would force cancellation of the race and embarrass President Fulgencio Batista's regime.

The veteran driver showed no bitterness toward his captors, who seized him at gunpoint in his Havana hotel on the eve of the big race.

Parker Supervises Operation Of Two Rainbow Stores Here

Many years of experience go into the training of men who operate and manage the JRB Supermarket firm which is opening its new JRB Rainbow No. 2 here this week.

Such is the case with Sterling Parker, vice-president of JRB Supermarkets, who will live in Snyder and supervise operations of both Rainbow groceries here. Parker has some 30 years of experience in the food industry.

Both JRB store managers here, Bill Smith at the new store on the Big Spring highway, and Louie Minton at the downtown Rainbow, have a number of years of experience.

Parker has been associated with J. R. Beadel & Co. since just after World War II, when he became a stockholder. During the war he was for a time attached to supply and post exchanges while in the Army Air Corps.

While in high school and college, Parker worked in several retail stores in Abilene.

After his graduation from Abilene Christian College, he became connected with the Abilene branch of the Walker L. Smith Wholesale Grocery Co. and was associated with that firm until he volunteered for the Army during the war.

When JRB opened a Sweetwater branch, Parker assumed management of the store there.

JRB purchased its first Snyder store, the Rainbow, in 1949, and Parker moved here and took over active management of the store, remaining here until 1953.

STERLING PARKER

Moving to Brownwood, Parker remained there until last summer, when he moved back to Snyder to supervise planning and equipping of the new store and operation of both stores here.

Both Parker and Mrs. Parker are active in church and community life. Mrs. Parker is a member of the Methodist Church. Parker the Church of Christ. Parker is also a member of the Rotary Club here. They live at 3725 Avenue V and have two children, Janice and Sterling Steven.

Working with Parker in the stores here are Bill Smith, store manager at the new store, and Louie Minton, store manager at the JRB Rainbow No. 1.

Other key personnel include S. M. McCann, market manager, and Mrs. Callie Jo Curry, head checker, at the Rainbow No. 1, both with JRB almost since it purchased its first Snyder store, and Mrs. Vida McCune, head checker, and Walter Beauchamp, market manager at the new store.

Lone Picket Chides AFL-CIO Leaders

WASHINGTON (AP) — James Patrick Sweeney, one of 55 fired AFL-CIO organizers, today began picketing the handsome marble and glass AFL-CIO headquarters as a protest over the mass discharges.

Sweeney said he would keep pacing with his placards as long as his strength holds out or until the leaders of the AFL-CIO "start acting like trade union leaders."

Sweeney, approaching 60 years of age, lives in Bordentown, N.J. He is a member of the United Auto Workers.

One side of one of his double placards says:

"Meany, Schnitzler, Reuther, Carey, McDonald, Harrison, Bates, Dubinsky. Where is your sense of honor."

This refers to AFL-CIO president George Meany and other members of the federation's Executive Committee who approved the discharge of 55 organizers and the compulsory retirement or transfer to other jobs of 45 other organizers. Some 25 other federation staff employes were let out or retired in what was described as an economy move.

The other side of Sweeney's placard says:

"Twenty-one years an AFL-CIO organizer, then fired by a three-cent stamp."

The organizers last year formed their own union—called the Field Representatives Federation — and sought some type of grievance procedure. The AFL-CIO top brass refused to recognize the union, which is now seeking to compel such recognition through the National Labor Relations Board.

Sweeney from time to time switched to another set of signs in his picketing. On one side this placard says:

"Practice what YOU preach George—organizers protest unfair firings by AFL-CIO."

On the other side are the words:

"Open your door George. Talk with the 100 organizers you fired, transferred, retired—millions still need organizing."

In a statement Sweeney said the picketing was not sponsored by the FRF, but that he was receiving individual contributions from his fellow fired workers.

"Most emphatically," Sweeney said, "I emphasize that my picketing is not against the AFL-CIO as such" but against "the kind of action which the leadership of the AFL-CIO took against the organizing staff."

Other AFL-CIO employes were already on the job when Sweeney began his picketing.

HOSPITAL NOTES

SNYDER HOSPITAL

ADMISSIONS — Mrs. A. L. Huddleston, Box 326; Bill Townsend, 2893 Avenue Q; Mrs. D. L. Hembree, Snyder; W. A. Bates, Box 1365.

DISMISSALS — Noe Altamirano Box 1601; Mrs. J. T. Shirockey, 3102 Thirty-ninth Street; Jesse Crawford, 1909 Twnety-first Street; Mrs. W. D. Rhodes and baby, 1812 Avenue L; T. L. Bolding, Box 1235; Mrs. E. C. Langford, 306 Twenty-third Street; Mrs. J. T. Thomas, 1705 Eighteenth Street; John G. Brenner, 406 Twentieth Street; Mrs. W. A. Taylor, Dunn.

COGDELL MEMORIAL

ADMISSIONS — Marlene Stokes, Route 3; Bonnie Watson, Weber Triler Courts; Betty Arnold, 3725 Avenue U; Veda Minor, 3006 Fortieth Street; Troy Thompson, 1409 Twentieth Street.

DISMISSALS — Charles Deere, Box 1333; Hazel Bannefold, 3717 Sunset; Jerry Permenter, 1712 Avenue G; Wanda Morelli and baby, 403 Thirtieth Street; Chester Carter, 2411 Twenty-ninth Street; Lupe Medrano and baby, Gen. Del.; Janet Taylor, 307 Thirty-fourth Street; Bobbie Floyd and baby, 2412 Twenty-eighth Street; Edith Hungerford, 3204 Hill Avenue; Martha McKeown, Sweetwater; Bobby Forman, Jal, N.M.; Beuna Lewis, Snyder; Medenia Wilson, 2805½ Avenue Q.

PUBLIC RECORDS

BUILDING PERMITS:

Jearld Smith; residence, 3618 Avenue B, $12,000.

Francisca Silvas, residence, Avenue U and Tenth Street, $800.

MARRIAGE LICENSES ISSUED:

Gilburta Reyna Delgado, 25, Route 2, and Delfina Flores Rodriguez, 19, Route 3.

COUNTY CRIMINAL COURT:

Frederick Eugene Sanford, charged with illegal transportation of intoxicants, bond set at $500.

WARRANTY DEEDS RECORDED:

Robert E. Parks, individually and as agent and attorney in fact for Ted Parks and Joe B. Parks, all doing business as Bob Parks Shirt to Mr. and Mrs. W. C. Hart, lot 1, block 36, replat of south half of blocks 24 through 38, Colonial Hill addition, except minerals.

D. R. Scott and J. L. Browning to Mr. and Mrs. Leonard M. Broach, lot in west half of block 19, Wilmeth addition, with mineral reservations.

Henry E. Lammers to D. R. Scott and J. L. Browning, lot in west half of block 18, Wilmeth addition, with mineral reservations.

NEW VEHICLES REGISTERED:

Bob Foster from Joe Williamson Buick Co., 1958 Buick four-door.

J. W. Stubblefield from Wilson Motors, 1958 Ford ranch wagon.

C. V. McClatchy from Canyon Buick-Pontiac, 1958 Buick four-door.

Suit Is Settled: Panel Recessed

A civil case in 132nd District Court was settled before going to trial yesterday, and the jury panel was given recess until Thursday today.

The case settled out of court yesterday was styled Mr. and Mrs. John Grim vs. Canyon Trucking Corp. and Hoyle S. Kruse.

No case was ready for trial this morning, and Judge Sterling Williams told the panel to report at 9 a.m. Thursday.

Searchers Discover Floating Objects

ST. JOHN'S, Nfld. (AP)—Officers of the Argentia, Nfld., navy base said today a search aircraft has sighted objects floating near the last reported position of a U.S. radar patrol plane, missing five days with 22 men aboard.

More than 50 U.S., Canadian and Portuguese planes and more than 20 ships have been searching west of the Azores.

A U.S. Navy task force consisting of the aircraft carrier Franklin D. Roosevelt, 13 destroyers and a tanker steamed toward the spot.

"Wheat Pit" in Minneapolis is one of the world's largest cash grain markets.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 300; off 25; choice to 21.25.

Cattle 900; calves 500; steady; good to choice steers 24.00-27.00; commoner 16.00-23.00; fat cows 16.00-18.00; good to choice calves 24.00-27.00; commoner 17.00-23.00; stock steer calves 20.00-27.50; heifer calves 26.00 down.

Sheep 1,900; strong; good and choice lambs 23.50-24.50; some old-crop lambs 21.00-23.25; ewes $ 00-10.00.

Year ago	247.9	120.5	73.8	172.0

NEW YORK (AP)—The stock market opened slightly lower in active trading today.

U.S. Steel was unchanged at 57. Royal Dutch unchanged at 37¼. Chrysler unchanged at 50⅛. Amerada off ⅛ at 81. Westinghouse off ⅜ at 61¼ and International Nickel off 1 at 73½.

Lorillard was off ¼ at 40¾. Radio Corp. off ¼ at 32⅞ and American Telephone up ¼ at 172¼.

Bethlehem and Standard Oil (New Jersey) were unchanged. Lower were Santa Fe, Douglas Aircraft, Goodyear, Union Carbide and United Aircraft. Du Pont was up a fraction.

Forgery Suspect Is Returned Here

Howell Ted Campbell, charged here with forgery, was returned here during the weekend from Kaufman by J. C. Massingill, sheriff's deputy.

Campbell had been arrested by officers at Kaufman on a Scurry County warrant.

Campbell had entered no plea by late this morning.

Lee Renews Income Tax Repeal Plea

SALT LAKE CITY (AP)—Former Gov. Bracken Lee, foe of the income tax, renewed his appeal today for repeal of the 16th Amendment, which became law 45 years ago.

Lee, national chairman of "For America, Inc." an organization trying to kill the income tax, said sharp tax cuts aren't enough.

"If the idea is simply to reduce taxes and continue government spending at the present level, it's my opinion that you will have more inflation, which eventually would be far more detrimental to the American people," he said.

The former Utah governor blames the income tax for everything from the present recession to government waste to federal encroachment of states' rights.

"When we gave the federal government the power of unlimited taxation, they then destroyed the right of the states to operate themselves," he said.

Lee said repeal of the income tax and a corresponding cut in government spending would be just the tonic for recession.

Lee charged that the government wastes half its income. He said:

"If they'd cut out that waste, they would have ample dollars coming in without the income tax."

Arab Republic Is Recognized

WASHINGTON (AP)—The United States today recognized the United Arab Republic merging Egypt and Syria.

Ambassador Raymond A. Hare handed a note to the Foreign Office in Cairo extending recognition and expressing good wishes, the State Department said.

The merger was voted by the Egyptian and Syrian people Feb. 22. On the same date a note to the U. S. Embassy in Cairo advised this country of the development and indicated it would be necessary for envoys to present new credentials to the new government, headed by Egyptian President Nasser.

Twenty-four nations took that action immediately and there were reports from Cairo of considerable resentment because the United States was not among them. The State Department then said recognition would be extended in due course.

Gen. Partridge Socialite Wed

SANTA BARBARA, Calif. (AP)—Gen. Earle E. Partridge, chief of the North American Air Defense Command at Colorado Springs, Colo., and Mrs. Elizabeth Cowles, Colorado Springs society leader, were married yesterday.

The ceremony was performed by the bride's father Dr. John H. Strong, a Baptist minister, at his home in Santa Barbara.

It was the second marriage for both the four-star general and his bride. Each has two grown children.

Mrs. Cowles, a fine arts patron, has climbed all Colorado's 14,000-foot peaks and was the only woman member of the first American expedition in 1950 to Mt. Everest.

Crash Kills Pilot

LAREDO (AP)—The pilot of a T33 jet trainer died yesterday when the plane cracked up north of Laredo AFB. His name was withheld.

TEARS, THEN FUN FOR CHERRY PIE QUEEN—Barbara Chisholm, 16-year-old high school junior from Huntsville, Ala., cries "Oh, no," the moment she was selected 1958 national cherry pie baking champion at Chicago, Illinois. At right she regains her composure and tests her product—going along with face-smearing gag set up by photographers. (AP Wirephoto).

State Insurance Liquidator Quits Over Authority Rift

AUSTIN (AP) — State insurance liquidator J. D. Wheeler resigned yesterday because of differences of opinion over the extent of his authority.

Insurance Commissioner William Harrison accepted the resignation, saying publicity Wheeler received in recent appearances before the Senate Insurance Investigation Committee "had something to do with his resigning."

Harrison commended Wheeler for "his devotion to duty under adverse conditions."

The commissioner named James Williamson of Fort Worth to take over Wheeler's job March 1. Wheeler's offer to remain in an advisory role during the complex transfer of receiverships in the 54 pending liquidation cases was accepted.

Williamson has been general counsel for several insurance companies for five years. Previously he was a district judge in Laredo for ten years.

"I talked to Mr. Wheeler because it was not clear to me what he meant by not being able to operate in a neutral position and it is still not clear to me," Williamson said.

Williamson also talked with Dist. Judge Charles Betts, in whose court here a number of receivership cases have been filed. The new liquidator said he was hopeful there would not be any future "conflict" over authority of the liquidator.

In recent years some attorneys for companies placed in receivership have been appointed by the Insurance Commission and others by the receivership court. The attorney general filed suit to test the constitutionality of the State Insurance Liquidation Act. The state Supreme Court held on Jan. 15 that either the court or the Insurance Commission could appoint receivership attorneys.

"The opinion of the court did not, as it now appears, settle the questions causing the difference of opinion," Wheeler said in his resignation. "Because of this difference of opinion in the interpretation of the act referred to, it is my humble opinion that I cannot continue to take and operate in the neutral position that I have been taking and operating in."

Insurance Board spokesmen said they thought the Supreme Court ruling gave the board the right to appoint receivership attorneys.

Harrison said Wheeler had been "wanting to resign for a certain period of time. Some of the publicity that he had recently had something to do with his resigning."

Both Harrison and Wheeler spent considerable time in December before the Senate committee in Dallas which questioned their judgment in approving a 11½ million dollar insurance deal between Estate Life Insurance Co. of Amarillo and the defunct Physicians Life and Accident Insurance Co.

Sen. Charles Herring, committee chairman, has called another meeting of the investigation group in Dallas for Feb. 27.

$500 Bond Is Set In Liquor Case

Bond was set at $500 in county court in the case of Frederick Eugene Sanford, 30, 3202 Thirty-fourth Street, who was charged with illegal transportation of intoxicants in a dry area today.

Sanford was arrested by city police about 1:30 o'clock this morning in Erwin Addition.

Police contiscated 39 half-pints of whiskey and two cans of beer.

Arresting officers were A. E. Crwoley and Clyde Thomas.

Sanford had not posted bond shortly before noon, and was being held in county jail.

BIRTHS

Mr. and Mrs. D. L. Hembree, Snyder, are parents of a daughter weighing seven pounds, eight ounces, born at 5:10 a.m. yesterday in Snyder Clinic-Hospital.

Von Roeder Rites Today

R. O. von Roeder, 80, former resident of Snyder, died Monday in Kerrville, where he had lived for several years.

Mr. von Roeder was a former Snyder gorcer, operating the Farmers Exchange on the east side of the courthouse square here for a number of years.

Funeral services were to be held at 2 p.m. today in Kerrville.

Mr. von Roeder is survived by his wife; two sons, Edgar von Roeder of Snyder and Manfred von Roeder of Austin; three brothers, Nolan and Clement von Roeder, both of Snyder, and Herbert von Roeder of Marion; three sisters, Mrs. J. E. Sorrells, Mrs. Ed Murphy and Mrs. Ella Richter, all of Knapp.

Taken To Hospital

Mrs. Cora McMillan, Route 1, Hermleigh, was taken from her home by Bolger ambulance this morning to Young Medical Center in Sweetwater.

WOMEN

Engagement Announced

Mr. and Mrs. Fred B. Wilkinson, 608 Twenty-sixth Street announce the engagement of their daughter, Lottie, to Lloyd Scott, son of Mr. and Mrs. J. C. Scott, southeast of Snyder. The wedding will be a June event.

Young As Springtime

AN outstanding frock for daytime or date-time right through the summer with its short cuffed sleeves, or none. Note the interesting tucking.

No. 1409 with PHOTO-GUIDE is in sizes 12, 14, 16, 18, 20. Size 14, 34 bust, short sleeve, 5⅞ yards of 35-inch.

Send 35c in coins for this patern to IRIS LANE, (care of Snyder Daily News), Box 438, Midtown Station, New York 18, N. Y.

Gloves were designed to wear. So don't crush them in one hand or dangle them limply. Put them on— and look smart.

Food Sense— Not Nonsense

You would not dream of setting out for work or school without shoes on your feet, a dime in your pocket. Yet, many people neglect to fortify themselves with another essential ..... a good breakfast.

Without this protection, one is no more ready for the day ahead then was the legendary emperor who was sold a bill of goods by two scoundrel weavers. The weavers promised the emperor the most beautiful robes in the world. By passing the word along that stupid men and those unfit for office could not see the robes, the rascals were able to collect their fee without delivering the goods. When the emperor appeared in the royal procession, only one small boy had the courage to say, "Why, he doesn't have any clothes on!"

Although the protection offered by breakfast may be no more visible than were the emperor's royal robes, it is real. Its value is plain to see at that taxing time — late morning. Studies at State University of Iowa have shown this. When men and women, girls and boys ate a good breakfast, all were quicker in their reactions — both physical and mental — turned out more work, were better at games, and were actually stronger during the morning "sag" hours than when they skipped breakfast or settled for a cup of coffee.

The C and C breakfast — coffee and a cigarette — unless it's teamed with food, exposes one to the temptation of high-calorie snacks. To play it safe, eat breakfast and stay slim. A breakfast, liked by most people, that will help to protect us from ourselves includes: Fruit or juice; egg, or cereal with milk; and enriched or whold grain toast.

Wax Your Blinds

After cleaning venetian blinds, wax them with furniture wax and see how much easier they are to dust.

WOMEN'S CALENDAR

TUESDAY

Business and Professional Women dinner meeting at 7:30 p.m. Martha Ann Clubhouse.

Eastern Star Study Club meets at 7:30 p.m. with Mrs. Ora Wells, 507 Twenty-seventh Street.

WEDNESDAY

Altrurian Daughters Club will hold an antique and hobby show at the Martha Ann Clubhouse. Public invited to attend.

Prayer Film at the First Baptist Church at 7:30 p.m.

WSCS of Trinity Methodist Church will hold a general meeting at the church, 9:30 a.m.

THURSDAY

Snyder Garden Club meets at 9 a.m. at Martha Ann Clubhouse. Mrs. Carl Herod, hostess.

First Baptist Church WMU prayer program 9:30 a.m. at the church.

Scurry County Girl Scout Council meeting at 1:30 p.m. at the Girl Scout house.

FRIDAY

Ira Home Demonstration Club meets at 2 p.m. with Mrs. Jimmie Minor.

Open letter meeting from missionaries at First Baptist Church at 9:30 a.m.

School Food Association will hold their annual chicken spaghetti supper at the high school cafeteria from 5:30 to 7:30 p.m.

El Feliz Club will meet at 3 p.m. in the home of Mrs. A. C. Martin, 3211 Avenue U.

SATURDAY

Alpha Study Club Texas Day program at the Martha Ann Club. Miss Myrtle Harrell, Mrs. Rupert Short, Mrs. Wayne Boren, Mrs. Nolan von Roeder and Mrs. F. G. Sears, hostesses.

Former Snyderite Visiting Here

Miss Annie Adams, an old timer of Scurry County, having settled here in 1889 — now a resident of Long Beach, Calif., stopped off in Snyder for a short visit with two brothers, W. M. and J. V. Adams and other relatives and friends recently.

Miss Adams, says Snyder looks like a nice place to live now since it is no longer a wide place in the road. She also asked "where are the winds of yesteryear, as she could see the dreams of tomorrow, on the gound is mud and water."

If you are all keyed up, try rubbing your head. Of course, do it in private. Giving your head a quick massage often helps relieve nervous tension. And it also works to keep normal cases of dandruff under control.

FEBRUARY 26th, is the date to reserve for the Antique Show to be presented by members of the Altrurian Daughters Club at the Martha Ann Woman's Club. Many beautiful items will be on display for the public to view. Pictured above is Mrs. Harold Brown, 2900 Avenue U, with a few of her antiques that will be shown. Mrs. Brown holds a mustache cup, on the table is a milk glass ash tray, and a satin glass jewelry box. Mrs. Brown just recently took the velvet lining out of the box. The lamp, a beautiful thing, was formerly a kerosene lamp but has been converted to electricity now. It is in pastel shades of blue and green, large white roses, with brass base and trim. (Lee Watson photograph)

NEWS FROM CHINA GROVE

By MRS. N. F. HALL

Mrs. Vernon Duncan of Andrews and Mrs. Pete White of Dunn visited their father, L. L. Seale, Monday.

Guests in the N. F. Hall home Monday night were, Mrs. Jimmy Billingsley and Francis of Snyder and Mr. and Mrs. A. B. Cary of Ira.

Mr. and Mrs. Jack Merket and Cynthia visited in the home of Mr. and Mrs. Jim Merket Sunday.

Mr. and Mrs. Jess Brown and Johnny visited in the home of Joe Pat Brown in Colorado City recently.

Guests in the T. J. Webb home over the weekend were V. J. Yoas and father, and C. L. Caswell all of Seagraves; Mr. and Mrs. Arlis Cotton and children of Buford, and Mr. and Mrs. Damon Cotton of China Grove.

Mr. and Mrs. Boss Gale of Loraine visited Mr. and Mrs. Jim Merket recently.

Mr. and Mrs. Johnny Don Hall were guests of Mr. and Mrs. Wayne Celment, and Mr. and Mrs. Reed Ashley of Snyder, over the weekend.

The Brotherhood Fellowship meeting held in the Methodist Church Wednesday evening was enjoyed by all. Those attending from here were, T. J. Webb, N. F. Hall, Houston Quiett, and Damon Cotton.

CALLED MEETING

The Junior High Parent-Teachers Association will hold a called meeting Thursday at 3:15 p.m. in the school cafeteria. All members are urged to attend as voting on the "Book Fair" will be held.

O. R. Black Honored With Birthday Dinner

Mr. O. R. Black of Lamesa, was honored with a surprise birthday dinner Feb. 22 at 7:30 p.m. at the Village Restrurant.

Arrangements for the affair were made by the E. L. Farmer Trucking Co., Western Supply Co. and Black, Sivall and Bryson Tank Co. Following the dinner Mr. Black cut the beautifully decorated cake and served his guests, and then opened his many gifts.

Those present included: Mr. and Mrs. Clyde Sawyer, Mr. and Mrs. W. T. Barber, Mr. and Mrs. Woody Newton; Mr. and Mrs. Harry Scott, Mr. and Mrs. Donnie Finch, Mr. and Mrs. Jack Kelly and Mr. and Mrs. Clarence Thompson all of Snyder; Mr. and Mrs. J. W. Richardson, Mr. and Mrs. Marvin Swinney and Mr. and Mrs. M. J. Greenwood of Lamesa, Mr. and Mrs. O. E. Barnett of Spur and the honoree and his wife of Lamesa. Those sending gifts were Mr. and Mrs. Henry Gatzel and Mr. and Mrs. J. B. McMan of Lamesa.

Basted Sweaters

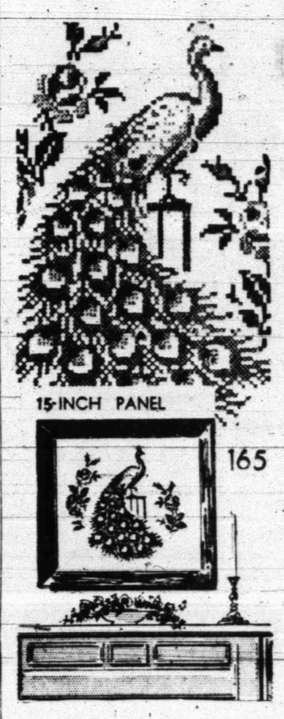

Run a line of basting stitches through sweater necks and cuffs to prevent them from stretching when they are laundered

Slippery Meringue

To prevent meringue from slipping on a pie never put it on a cold pie filling. The filling should be either warm or hot.

If you want a guide to good fashion, follow the designs of the top trend designers carefully. These will show you what to look for in sound fashion when you go shopping.

Stately Beauty!

Embroider this handsome design in rich colors and cross-stitch to form a panel of Stately Beauty that will win you many compliments. No. 165 contains hot-iron transfer; color chart; stitch illustrations.

OUR VIEW

Changing Political Tides

Latin American politics can be awesome to people in the United States, the latest example being the elections in Argentina.

A few months ago, Juan D. Peron's name was "mud" if one is to believe the surface reports which trickled this far northward. Yet, it is generally conceded today that the banished dictator was a prominent factor in the election of Arturo Frondizi to the presidency of Argentina.

There was plenty of evidence to support the contention that Peron's support, which actually was merely implied because the ex-dictator is in exile in the Dominican Republic, helped carry the day for Frondizi.

For one thing, Frondizi ran as an avowed left-winger. For another, his principal opponent was Ricardo Balbin, who ran against Peron in 1952, and, of course, was soundly defeated.

This turn of events recalls a statement made here in Snyder last September by Clayton Rand, the traveler-humorist-philosopher. Rand had been to South America and had surveyed the situation first-hand. He concluded that Peron "Isn't dead yet" politically in his country.

Moreover, he all but predicted that the banished dictator would make some sort of a comeback, and probably at a much earlier date than most observers believed possible.

The recent election was Argentina's first free ballot for a president in more than 10 years. The echo from the shouts of glee over Peron's downfall have scarcely died out, but the newly-found "freedom" apparently is beginning to wear thin.

Perhaps Sec. Dulles is on the right track when he preaches that political and economic warfare between the free West and the communist East could produce a greater danger than an honest-to-goodness shooting war.

Political tides may change directions swiftly, even among some of our closest neighbors.

Statements Show '57 Profits Firm

By SAM DAWSON

NEW YORK (AP)—A weak fourth quarter pulled many a corporation's annual earnings down but as a whole business profits for 1957 managed to squeak through just about even with 1956.

The flood of earnings statements pouring in today show an unusual number of cross currents: Record earnings for some despite the general recession; for others record sales but ebbing net profits after taxes; steep declines for many firms and for some whole industries.

There have been some surprises in individual reports—quickly reflected in the action of their shares on the stock market.

More than half the 679 firms so far reporting show profit drops from 1956. But so well did some of the giants of industry do, and some industries like drugs, tobacco and the even-riding utilities, that the combined net income of the 679 comes to $10,296,727,000.

That is a bare 0.4 per cent from the $10,249,913,000 the same companies reported for 1956. It reveals the sharp drop from the nine-month mark when business was showing a 7.2 per cent gain over the first three quarters of 1956. For all of 1955 profits increased 31.8 per cent over 1954. So close is the race between 1957 and 1956 profits that the percentage can swing back and forth across the line almost daily as more companies report.

Biggest decreases by those reporting so far are: The airlines, off 48 per cent, although some of their suppliers did better; meat packers off 55 per cent, although other food companies managed to make gains; mining companies, off 44 per cent, and their kindred metal working firms, off 18 per cent; paper and paper products, off 23 per cent; cement, off 15 per cent; textile and apparel, off 18 per cent; farm equipment, off 11 per cent; and railroads, off 17 per cent.

The steel industry managed to pull ahead slightly, thanks to the two largest companies, whose combined earnings topped those of all the others together.

The auto industry as a whole pulled ahead of a year ago because two of the Big Three had better years than in 1956.

A slide in profits for a giant oil firm set the pattern there, since its profits are greater than all the other 25 companies reporting so far.

The biggest chemical firm shows an increase but not enough to offset the others. The industry as a whole trails 1956 by 0.5 per cent.

The waning boom in capital goods and in industrial expansion is shown in the reports of the machinery makers, off on average 4 per cent, and the machine tools industry, down 7 per cent, and in the building materials group, minus cement companies, down 11 per cent, although the glass firms did better than that.

Shrinking profits continue to show up in another way—in the almost daily flow of announcements that dividends are being cut by some firms.

Blamed for the decreases by those reporting them are sliding demand in many cases, and rising laor costs in most. Increased materials prices last year also enter in, although this trend has halted recently.

Reversal of the downward profit trend: Better demand, more cost cutting, more productivity, less taxation—or a combination of them.

Speeches Disclose Philosophy Change

WASHINGTON (AP) — Nothing shows better the changing philosophy of government than the speeches by the President and two ex-presidents, all within the space of three days an on the same subject: the present recession.

Former Presidents Hoover and Truman spoke Saturday. President Eisenhower talked yesterday. Hoover, a personally kind man, looked as out of date as he did from the time the depression started during his administration in 1929.

The steps he took then to relieve unemployment and get the economy moving were limited and inadequate. He was reluctant then and still appears so, to recognize the responsibility of the government for the general welfare of the people.

Truman, whose "Fair Deal" was the successor of President Roosevelt's New Deal, pitched his whole speech on the basic ideas behind both deals: that the government must not only help people in distress but is responsible for the general welfare.

President Eisenhower, a true reflection of changing times and the changes in the Republican leadership, in his talk plainly recognized government responsibility. His administration has not only accepted much of the New and Fair Deal programs but expanded them.

In the depths of the depression Hoover was optimistic it would just go away. He appears now to think the recession of today will do the same. Then and now his solution seemed to be individualism and self-reliance, not government help.

Truman's Saturday speech was studded with political cliches. It was one of his "give-'em-hell" performances. Nevertheless, there was no doubt he acknowledged government responsibility where people are concerned.

At one point he said: "The people want . . . action at the top . . . for the good of the nation and for the welfare and benefit of the ordinary citizen." And he listed a bunch of welfare programs on which he said Eisenhower had fallen down.

Eisenhower, who has repeatedly pointed with pride to the welfare programs sponsored by his administration, talked of the readiness of the government to pitch in with public works programs to relieve unemployment.

Eisenhower, who cannot be and no doubt would not want to be considered a New or Fair Dealer, nevertheless during the 1956 campaign showed he had gone far beyond Hoover's philosophy of self-reliance. He said then: "We believe the government . . . has to perform in Lincoln's phrase . . . all those things which individuals cannot do for themselves. . . ."

Wide Use For New Gas Seen

JERSEY CITY, N.J. (AP) — An Army Chemical Corps scientist today announced discovery of a germ-killing gas which may have wide use in sterilizing hospitals and defending against biological warfare.

Dr. C. R. Phillips, chief of the Physical Defense Division of the Chemical Corps at Ft. Detrick in Frederick, Md., said the gas is as effective as formaldehyde vapor but acts more rapidly with fewer adverse side effects.

Its name is beta-propiolactone, a compound used previously only in liquid form.

Dr. Phillips announced the new use of beta-propiolactone in a paper prepared as part of the Becton Dickinson lectures, a series on sterilization techniques, at the Seton Hall College of Medicine and Dentistry.

He said the gas has been used effectively to disinfect entire laboratory buildings at Ft. Detrick. He predicted that a few years' study will prove the gas has "important applications," possibly "in sterilizing operating rooms, nurseries within hospitals, and the like."

Most Requests By President Modest

By LEWIS GULICK

WASHINGTON (AP) — President Eisenhower is asking Congress for a lot more foreign aid money than he got last year, but other parts of his request are comparatively modest.

Gone from his new bill are last year's striking features which would have granted permanent authority for arms aid, for economic aid in support of foreign defense efforts and for technical assistance abroad.

Congress balked at granting this long-term power last year. It continued these programs just for one year, as before.

Limited approval in 1957 made it unnecessary to repeat last year's request for a three-year authorization of a development fund to make loans for foreign economic projects.

Eisenhower had asked for two billion dollars for this fund over the three years. Congress cut the time to two years and placed a ceiling of 500 million dollars the first year, 625 millions the second.

The new program seeks just the 625 million dollars for the second year. However, it would convert the loan fund into a permanent government corporation to be run by a $20,000-a-year managing director with several well-paid assistants. A foreign aid official said the fund would need both another authorization and an appropriation from Congress to get more money after the 625 millions for this year.

For the 1958 fiscal year started last July 1, Eisenhower wanted $3,864,410,000 in new aid funds plus a carryover of unspent appropriations from previous years.

Congress chopped heavily, finally voting an appropriation of $2,768,760,000 new money and a carryover of $667,050,000.

For fiscal 1959 Eisenhower is seeking $3,942,092,500 in new funds nearly $1,200,000,000 more than the fresh cash he got last year and half a billion dollars more than the 1958 total. A fiscal 1959 request for carryover of unspent funds may be sent to Congress later.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

TIGER BASKETBALL COACH J. P. Ward watched the Hereford Whitefaces in action last Saturday night in a warmup game against Dimmitt and he hasn't "slept a wink" since.

Hereford outshot Dimmitt, 90-80. The Whitefaces hit no less than 54 percent of their field goal tries, 37 out of 69.

"They have two of the finest basketballers I've seen this year in Curtsinger and Lookingbill," Ward said.

Curtsinger hit nine field goals from beyond the foul circle and the two corners, according to Ward's shooting chart.

Curtsinger stands 6-4 and is a two-year letterman.

Lookingbill also owns a keen eye at the basket from long range, Ward said. Lookingbill stands an even 6 feet.

Another player that has Ward worried is Terry Higgins, 6-5 center. Higgins, a three-year letterman, is a fine rebounder, the Tiger coach opined.

All five of Hereford's starters are 6 feet or better.

Defense To Get Test

The fine Tiger defense will be put to a stern test against the Whitefaces. Defense has been a vital cog in the Tiger machine this season but it may be a little difficult for the Tigers to defense against boys much taller than they.

Hereford's starting lineup averages 6-2 per man to the 6-0 for the Tigers.

It won't be the first time, though, that the Tigers have spotted the opposition height.

The Tigers have been making up for lack of height with all-out hustle and a keen desire to win. This has led to good defensive play because they put out just as much defensively as they do on offense.

Many teams have a tendency to let up on defense and go full blast offensively. But the Tigers have been going all out both ways and it has brought results.

Balanced Attack

While the Tigers don't have an outstanding scorer like a lot of teams have, the Bengals sport a well-balanced attack.

Take the District 3-AAA games for example. Four of the five Tiger starters averaged in double figures in the eight-game district schedule with the fifth missing the twin-figure mark by a "hair."

Bill Phillips led the Tigers in scoring in 3-AAA play with 99 points, an average of 12.5 per game. Then came John Ward with 89 (11.1); Gary Vice with 83 (10.3) and Leon Reed with 82 (10.2).

The fifth Tiger regular, Israel Hinojos, scored 76 points in district play for a 9.8 average.

All five Tiger regulars have been high point men for a single game at one time or another during the season.

Vice leads in this category with nine and sharing honors in two other games. Reed and Hinojos have been high pointers in five games with Reed sharing top honors in two others and Hinojos in one.

Ward has captured scoring honors in one game and shared it in one other.

All five of the Tiger regulars have scored 200 points or better this season with one, Vice, over the 300 mark.

Congratulations to Bill Phillips upon receiving a football scholarship at TCU.

Phillips becomes the third ex-Tiger to join the TCU ranks within the past three years. Already in the TCU fold are Jack Spikes and Milton Ham.

ANOTHER FROGGIE — Bill Phillips, right, all-district tackle for the Tiger footballers last fall, announced last night that he would further his grid career at TCU. Here to greet Phillips' decision were head coach Abe Martin of TCU, left, and assistant Allie White, second from right. Beaming with pride over the announcement are Bill's parents, Mr. and Mrs. R. M. Phillips, and W. J. Ely, third from right, Bill's grandfather. Bill will join the other ex-Tigers at TCU, Jack Spikes and Milton Ham. (Lee Watson photograph)

PENNANT BID STALLED

D&H Upsets Reefers, 75-74

D&H Grocery rose up to smack down Canyon Reef Sports Center in a City League upset last night, 75-74, at Junior High Gym.

The defeat kept Canyon Reef from clinching the undisputed league championship. The Reefers have clinched at least a tie for the title but need one more win or a Boys Club defeat to win the crown undisputedly.

Boys Club stayed in the running with a 76-59 victory over Brooks Oil in the other half of last night's twinbill.

Only one more night remains on the schedule. Canyon Reef meets Brooks and Boys Club meets D&H in the season finales Thursday.

Four D&H players hit in double figures to aid in the upset of Canyon Reef last night. Leading the way was Durwood Hopper with 21 points. He was followed by Carroll Hatter with 18, Glen Cavitt with 16 and Modrall with 13.

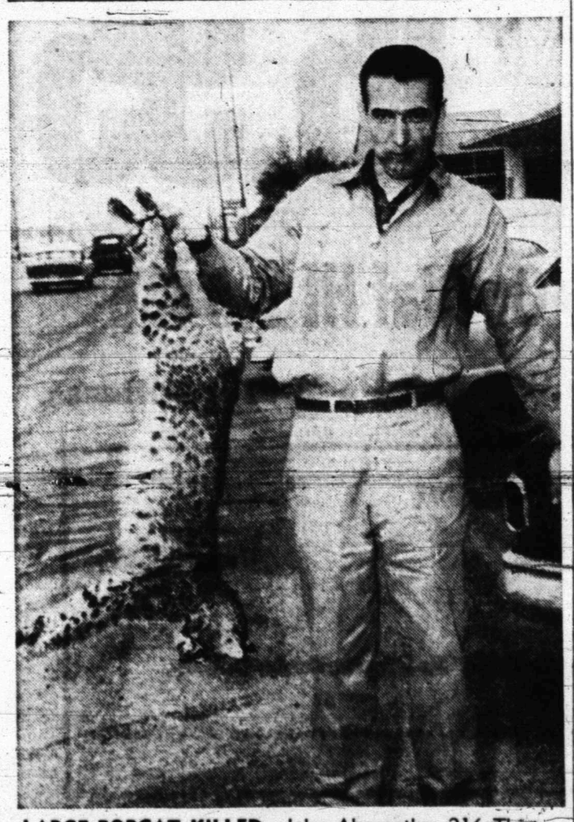

Ken Sewell led Canyon Reef's scoring with 23 points, followed closely by Ralph Carpenter with 22. Carroll Nall was next in line with 11.

Canyon Reef led at the end of the first and third periods, 19-16 and 53-49, while it was tied at 31-31 at halftime.

Ned Underwood led the Boys Club to Victory with 32 points, followed by James Cantwell and Ace Amos with 13 apiece and Royce Burrows with 12.

Dwayne Prince led Brooks with 21 points, followed by Junk Bowers and Grady Gafford with 10 each.

Brooks led at the end of the first two quarters, 14-7 and 33-31 but the Boys Club battled back to take a 46-43 lead after three quarters and then won in the fourth going away.

LARGE BOBCAT KILLED—John Abernathy, 216 Thirty-sixth Place, is shown above holding the 45-pound bobcat he killed Sunday afternoon on a ranch about 15 miles north of here. Abernathy, Aubry Haney, and Russell Barree, two other Snyderites, were in the hunting party. They used a call to lure the cat near enough for a shot. Several coyotes were seen, but none came near enough for a shot. (Lee Watson photograph)

Kansas State Holds Lead In AP Poll

By HUGH FULLERTON JR.
The Associated Press

The season's biggest upset in the Big Eight Conference accounted for the only major change in the Associated Press college basketball rankings today as Kansas State stayed on top with West Virginia second.

Kansas, knocked off by unranked Nebraska 43-41 Saturday, dropped from fourth to seventh in balloting by sports writers and broadcasters.

Oklahoma State and North Carolina State tumbled into the second 10, while North Carolina and Dayton moved into the top 10, but neither change was in the same surprise class with Kansas' drop.

Kansas State (18-1) drew 29 first place votes among 93 ballots cast. On the usual basis of 10 points for each first place vote, 9 for second, etc., the Wildcats received 727 points.

West Virginia received 23 votes for first and 707 points. Cincinnati, dropping from second to third, drew 15 first and 688 points.

San Francisco, Temple, Duke, Kansas, Notre Dame, North Carolina and Dayton.

The standings with first-place votes in parentheses:

1.	Kansas State (29)	727
2.	West Virginia (23)	707
3.	Cincinnati (15)	688
4.	San Francisco (7)	524
5.	Temple (9)	478
6.	Duke (4)	427
7.	Kansas (1)	282
8.	Notre Dame (5)	257
9.	North Carolina	155
10.	Dayton	145
	The second 10:	
11.	N.C. State	119
12.	Kentucky	109
13.	Oklahoma State	101
14.	Bradley	86
15.	Michigan State	82
16.	Mississippi State	36
17.	Maryland	28
18.	Seattle	25
19.	California	24
20.	Auburn	21

Owls Thump Hogs, 61-59

By The Associated Press

Arkansas took a 61-59 thumping from Rice Monday to throw the Southwest Conference basketball race back into a 2-way tie.

Tuesday the two leaders—Texas Tech and SMU—face a couple of arch upsetters.

Tech takes on Texas A&M, a team that whipped Arkansas last week, at Lubbock. SMU journeys to Austin to meet Texas.

Defeats for Tech and SMU would bring a 4-way deadlock because Arkansas and Rice are tied for third with 7-5 records and Tech and SMU would have the same.

Rice was beating Arkansas for the second time this season, having trimmed the Razorbacks on their home court earlier. The Owls turned the trick this time with accuracy on the free throw line. They sank 33 out of 38 tosses.

Arkansas was better from the field with 25 field goals to 14 for the Owls but their nemesis was Jerry Thomas, who plunked in 15 free shots in 16 tries and also got four field goals for a total of 23 points.

Jay Carpenter led Arkansas with 14 points.

Pro Tennis Tour Reaches West Texas

DALLAS (AP) — The professional tennis tour moved on to Odessa today with Lew Hoad's margin over Pancho Gonzales narrowed to seven matches.

IN TIGER GRID CAMP

60 Report For Spring Training

About 60 footballers representing the varsity and B teams reported for the opening of spring drills at Snyder High School yesterday.

Twenty-five of the gridders were listed on the varsity with 35-40 turning out for the B squad.

Missing from the varsity squad in yesterday's drill were four lettermen, three of whom are still out for basketball. The cagers are Johnny and Kenneth Drake and Jimmy Allen.

Tony Anger, another letterman, has been ill and will be held out of drills this week.

Fundamentals occupied most of the time in yesterday's drills. Agility drills, tackling and blocking and passing drills drew much of the attention yesterday.

Coach John Conley singled out ends Bill Dubose and Barry Walker as catching the ball well and that quarterbacks Richard Mahan and Alex Cross looked good in throwing.

The Tigers will hold a light scrimmage Thursday and another Saturday.

Coach Conley said three or four boys will be brought up from the B squad by the end of the week.

Following are the varsity candidates reporting yesterday:

Ends — Dubose, Walker, Bo Brown, Stanley Kruse and Stanley Wooliver.

Tackles — Ronnie Giles, Gene Williamson, Terry Lee, Tommy Minton and Mickey Wharry.

Guards — Ronnie McGrew, Ronnie Price, Jimmy Don Robinson and Jackie Pevehouse.

Centers — Bill Rinehart and Devane Jones.

Quarterbacks — Mahan and Cross.

Halfbacks — Dick Hayes, Eddie Watson, James Fitzgerald and Marcus Strickland.

Fullbacks — Mickey McGrew and Paul Stanley.

Gail Loses 1st Game; Meadow Wins

LAMESA, Feb. 25 —The Gail Coyotes had their 23-game winning streak snapped here Monday night when the Meadow Bronchos notched a 75-63 victory over the Borden County quint in a Region 1-B bi-district game.

Gail, which entered the game with a 23-0 mark, jumped off to an early lead but the Bronchos caught fire in the final three quarters to nail down the decision.

Coach Eddie James' Coyotes led 17-13 after one quarter of play. Meadow roared back in the second quarter to take a 36-29 halftime lead and then increased it to 55-41 at the three - quarter mark.

Gail outscored the Broncs in the final quarter, 22-20, but the damage had already been done.

Jerry Staggs and Bunny Massingill, both juniors, led the Gail scoring with 25 points apiece. A third Coyote, Ruben Vaughn, scored in double figures with 10.

Meadow had four to hit in twin figures, Harold Hinson with 18, Perry Lockett with 14, Maurice Warren with 13 and Ronnie Bell with 11.

Gail hit 19 of 53 field goal tries for 35.8 percent while Meadow scorched the nets at a 43.5 percent pace, hitting 27 of 62 attempts.

Meadow, last year's state runnerup in Class B, qualified for the Region 1-B tournament at Canyon with last night's win.

Porky Oliver Rallies For Houston Title

By MAX B. SKELTON

HOUSTON, Tex. (AP) — Ed (Porky) Oliver found himself among the winter tour's top money winners today after scoring a sizzling final-round 67 on a muddy course in the $30,000 Houston Classic Golf Tournament.

Five strokes off the pace after 54 holes, the 43-year-old Oliver zoomed past the leaders with excellent approach shots and fine putting and collected top money of $4,300 with a 68-73-73-67—281.

It was one of the richest titles ever won by the Canton, Mass., veteran of over 20 years on the tournament trails. Many times a runner-up, the 224-pound Oliver was so nervous and fidgety after sinking a six-foot birdie putt on the final green he would not watch the final threesome.

Jay Hebert missed a seven-foot put that would have forced a playoff. Two earlier bogies had wrecked Jimmy Demaret's hopes for a hometown victory.

Hebert and Roberto de Vicenzo each drew $2,500 as runners-up at 282—six under par for the 7,200-yard, par 72 Memorial Park course.

Demaret, the 54-hole leader by two strokes, jumped to a 74 by going over par on three of the last five holes. This dropped him to a fourth-place tie at 283 with Dave Ragan, Orlando, Fla., and Marty Furgol, Lemont, Ill. Each drew $1,533.33.

Oliver's $4,300 moved him into eighth place among the 1958 money winners.

As the winter tour moved on to Louisiana for the Baton Rouge Open, Frank Stranahan, Toledo, Ohio, continued as the top money winner at $8,849.28. Stranahan picked up $1,200 here in a tie with Johnny Pott, Shreveport, La., and Milon Marusic, Webster Groves, Mo., at 285.

TWO WEST TEXAS POWERS

Graham, Seminole Vie Here Tonight

Graham and Seminole, two West Texas schoolboy basketball powers, clash tonight at Tiger Gym in a warmup game for region tournament play this weekend.

Tipoff time for the game has been set for 7:30.

Graham champion of District 4-AAA, will compete in the Region 1-AAA tournament at Lubbock Friday and Saturday.

Seminole, the 5-AA champs, will also compete in a region tournament at Lubbock this weekend. The Indians, the 5-AA champs, will participate in the Region 1-AA tournament in the Hub City Saturday.

Both Graham and Seminole boast impressive records. Graham owns a 23-5 mark while Seminole has a 22-3 record.

Seminole has played two of the other three teams who will be competing in the Region 1-AAA tournament with Graham Friday and Saturday. The Indians broke even with these two teams, defeating Hereford 65-55, and losing to Snyder, 51-47.

Seminole's other two defeats came at the hands of Odessa and Tom S. Lubbock.

Graham is led by Bobby Bernard, a hook-shot artist, and 6-6 center Sonny Gibbs.

Lynn Wilson and Archie English are two of Seminole's hot-shots.

Five Triple-A Bi-District Tilts Tonight

By The Associated Press

Two bi-district champions have been determined and four more will be decided Tuesday in Class AAAA Texas schoolboy basketball.

It's the first steps in whittling the field down to four teams that will go to the state tournament in Austin next week.

Defending state champion Port Arthur won't go after a berth until Saturday, however. The Yellow Jackets will play in a regional tournament at Houston, meeting Pasadena in the first round. Houston Milby and Houston Bellaire are the other teams in the tournament.

Dallas Woodrow Wilson and Wichita Falls advanced to the regional finals by winning bi-district games Monday. Woodrow Wilson downed Dallas Crozier Tech 49-42 while Wichita Falls eliminated Lufkin 50-46.

In Region 1 two games are scheduled Tuesday with El Paso Austin at Big Spring and Pampa at Fort Worth Paschal. In Region 4 Austin plays at Corpus Christi Miller and Thomas Jefferson clashes with Burbank at San Antonio.

Five bi-district games are on tap in Class AAA Tuesday with Gladewater and Waxahachie clashing at Commerce. Killeen and Smiley battling at Waco, Beaumont French and Bay City getting together at Galena Park, San Antonio Edison playing South San Antonio and Kingsville going to Weslaco.

Four district champions will play in a tournament at Lubbock Friday to decide one team for the state tournament. They are Kermit, Graham, Hereford and Snyder.

Class AA and A also move into bi-district play while Class B already is in the big-middle of it. One bi-district winner was determined in Class A Monday when Waco Midway downed Mart 60-51.

East Texas Wins Lone Star Title

HONORED last night at a testimonial dinner in connection with his retirement was Glen Thompson, center, Snyder agent for the Roscoe, Snyder & Pacific, shown here with two company officials, W. L. Bailey, left, president, and Don Wooten, chairman of the board of RS&P.

NEW AGENT for the Roscoe, Snyder & Pacific Railway Co. here effective March 1 will be Stanford Land, left, shown here witth E. G. Stafford of Roscoe, vice-president of RS&P, at a dinner for the retiring agent, Glen Thompson.

Testimonial Dinner Honors Retiring Agent For RS&P

Glen Thompson, agent in Snyder for the Roscoe, Snyder & Pacific Railway Co., was honored at a testimonial dinner held at the Village banquet room last night.

Thompson is retiring from railroading at the age of 65 effective March 1. Succeeding him at agent here will be Stanford Land, cashier at the Snyder station.

About 40 men attended last night's event, including RS&P officials, Thompson's fellow employes, and his business associates in Snyder and other cities. A number of Snyder businessmen were in the group.

Company officials here for the dinner included Don Wooten of Abilene, chairman of the board for RS&P; W. L. Bailey of Abilene, the railroad's president; and E. G. Stafford of Roscoe, vice-president of the railroad.

Stafford was master of ceremonies for the evening and presented Thompson a gift on behalf of the railroad. Land presented a gift on behalf of fellow employes. Entertainment was by a trio of high school girls, accompanied by Bob Clinton, school choral music director.

Thompson, who has been railroading 45 years, came to RS&P more than two and one-half years ago as Snyder agent after the sale and abandonment of the Wichita Falls & Southern Railway, for which he had been general agent and general freight agent and with which he had been for 28 years.

Born and reared on a farm near Sherman, Thompson attended high school there. He had been interested in railroading all his life, and his first job was with what is now the Southern Pacific. He worked out of the Yoakum division, between Houston and San Antonio, in train service. Most of the time he worked on passenger trains as a conductor or in similar service.

The railroads had already begun conversion from coal-burning to oil-burning engines when Thompson began railroading, and most of his early work with Southern Pacific was on oil burners.

After 11 years in train service, Thompson went to the Texas & Pacific Railway as general agent in charge of the Breckenridge station, where he spent four years. After that time he went to the WF&S at Wichita Falls, where he remained until 1955.

Thompson said he has no unusual railroading experiences to relate, only that his entire 45 years has been to him a smooth operation. "I have been happy in it from beginning to end; I loved it and lived it, and I would love to live it over," he said. "I have never worked for more wonderful people or with more loyal employes anywhere. It's wonderful to have such officials to work with as RS&P has," Thompson said.

Thompson said his plans are indefinite, other than that he and his wife will move back to Wichita Falls, where they own a home. They have two sons and a daughter all married and living in the Wichita Falls area. None went into railroading, Thompson said. Mr. and Mrs. Thompson live at 1307 Twenty-fourth Street here.

Land, Roland Bruns, and Lawrence Jones make up the remainder of the station staff in Snyder.

Land, 31, has been with RS&P eight and one-half years, all of that time spent in the Snyder office. A native of Snyder, he is the son of Mr. and Mrs. Leamon Land.

The new agent is married and has six children. The family lives at 304 Twenty-third Street. Land is a member of the Twenty-fifth Street Church of Christ and Junior Chamber of Commerce. His wife is the former Juanita Nicks.

A Snyder High School graduate, Land served in the Navy during World War II. For two years after he returned from Navy duty he was employed by Burton-Lingo Lumber Co., and afterward he went to RS&P.

Stage Fright Is Suspected

NEW YORK (AP)—A doctor and a girl friend say Brooklyn's missing bride-to-be may have gone into hiding on her wedding day because of "stage fright." The prospective bridegroom disputes this theory.

As 35 police worked full time on the case and met dead-end after dead-end in the hunt for Irene Arzedi, 29, her best friend, Tess Roman, told of a shower given the prospective bride at a Brooklyn sportswear factory where they worked.

"During the party Irene grabbed me by the arm and said: 'Tess, stand by me, I'm so frightened,'" Miss Roman said. "She was shaking at the time."

Dr. Alfred Ianora said he believed Miss Arzedi could not face up to marriage, as has happened to many other women, and ran away.

Miss Arzedi was to have been married Saturday afternoon to Joseph Pinto, 31, a neighbor. After they had breakfast together that morning she vanished.

Passengers, Crew Are In Good Health

GENEVA, Switzerland (AP)—The North Korean Red Cross reported today the 34 passengers and crewmen of a South Korean commercial airliner were in good health in Communist North Korea.

The plane, piloted by two Americans, landed in North Korea nine days ago after flying past its destination, Seoul, in South Korea. U. N. officials in Korea believe the crew was forced to fly into Communist territory by Red agents.

Coins believed to date from 100 B. C. have recently been unearthed in Pakistan.

Byrd Feels 'Draft' Pressure

WASHINGTON (AP) Sen. Byrd (D-Va) apparently is teetering on the verge of yielding to a draft movement to seek a fifth six-year term in the Senate.

Byrd, who announced Feb. 12 he planned to retire from public life next January, said only that he is having difficulty framing an answer to a resolution of the Virginia General Assembly asking him to run again.

From friends it was learned however, that the 70-year-old Senator is leaning toward a decision to run again. They described him as greatly impressed with the action of the State Legislature and with more than 2,000 letters urging him not to quit the Senate.

Many of these letters have been read by Mrs. Byrd, an invalid who regularly is transported to Washington by ambulance from their home at Berryville to be with the Senator here.

In announcing his intended retirement, Byrd said he was doing so to carry out a pledge he made to Mrs. Byrd six years ago, that if he were re-elected then he would retire at the end of that term.

Byrd long has been the principal advocate in Congress of government economy, although he has encountered difficulty — and little open support—in his efforts to cut spending.

Withdrawal of his decision not to seek re-election also would wash out a prospective Democratic primary fight over the nomination.

Former Govs. John S. Battle and William Tuck have given every indication that if Byrd steps out they will go after the nomination. Battle declined comment yesterday on whether he would quit the National Civil Rights Commission to make the race.

President Eisenhower has carried Virginia twice, with Byrd declining to support Adlai E. Stevenson, the Democratic presidential nominee, in each instance.

The Milan Cathedral, largest Gothic structure in Italy, has a facade topped with 135 spires.

Morning Mail Brings Latest Anecdote About Tall Texan

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That singer Lisa Kirk wants to know if you heard about the Texan who just ordered four small foreign sports cars. He's having them made into cuff-links.

That a frog breathes through its skin both on land and in the water.

That police estimate 40 per cent of America's dope addicts live in New York City, and 14 per cent of those who take narcotics are less than 20 years old.

That one alcoholic beverage has a specific disease named after it. This is absinthe. Imbibe too much of it and you get "absinthism."

That the Cafe St. Denis posts this gentle reminder to noisy patrons: "The whale gets caught only when it comes to the surface to blow."

That five of the 60 known types of anopheles mosquitoes which carry malaria have acquired resistance to today's most widely used insecticides.

That if you tend to be an eager beaver, you might heed this cautionary advice of Benjamin Disraeli: "Next to knowing when to seize an opportunity, the next most important thing in life is to know when to forego an opportunity."

That women's feet grow smaller as they grow older. Well, that's what they try to tell shoe clerks, anyway.

That among some Gypsy tribes it is customary at the wedding feast to provide a small cake made of flour mixed with a little blood from the wrists of bride and groom. The cake is eaten by the happy couple.

That the world record for nonstop talking—133 hours—was set in 1955, by an Irishman, Kevin Sheenham of Limerick.

That the most dangerious periods for home accidents are between the hours of 10 a.m. and 1 p.m.—and 4 to 7 p.m.

That the earth's climate is expected to get hotter until 20,000 A.D. A new Ice Age to begin around 50,000 A.D.

That TNT, the explosive, is so stable you can ordinarily hit it with a hammer or touch a match to it in safety.

That it is possible for some people to sleep with both eyes open. This has been going on in our office for years!

That Joe Garcia of Melbourne, Australia, once ate 480 oysters in 60 minutes and didn't find a single pearl.

That it was George Bernard Shaw who observed, "We have no more right to consume happiness without producing it than to consume wealth without producing it."

Cobalt 60 Identified

ALBUQUERQUE, N.M. (AP)—A speck of radioactive material found beside a highway near Ennis, Tex., was identified yesterday as cobalt 60.

This analysis was made by Sandia Laboratory here, an Atomic Energy Commission spokesman said.

Two brothers driving along the road with a Geiger counter found the bit of nickel-plated cobalt Feb. 13. How it got there has not been determined.

The AEC spokesman said the object, about as thick as a common straight pin and one-eighth inch long, is of a type sometimes threaded with nylon and sewed inside a patient in treatment of cancer.

They Found Out Policemen On Job

OWENSBORO, Ky. (AP) — The long, loud blast of an auto horn outside the police station brought patrolmen running. They found a two young men in a car.

"We just wanted to see if you were awake and on the job," they said, as they zoomed off.

Police caught Robert Lee Arnold, 23, when he ran out of gas after a seven-mile chase. Ernest Hayden, 27, was caught hiding in a farm yard. Both were fined on drunkenness and other charges.

Egypt Pulls Troops From Disputed Zone

KHARTOUM, Sudan (AP)—The Sudanese Cabinet announced today Egyptian troops have pulled out of one of the disputed border sectors. Egypt denied she ever had any forces there.

Sudan and Egypt have been bickering over areas along their frontier, which Egypt wants to cut off at the 22nd parallel in accord with the 1899 British-Egyptian agreement.

Junior Editors Quiz on FAMOUS STORIES

QUESTION: Was there a real "Swiss Family Robinson"?

• • •

ANSWER: Yes, and no. The Swiss family of the beloved old book, with it's father, mother and four sons, is a group portrait of the family of the author Johann Wyss, who was a Swiss army chaplain. Quite probably papa Wyss lectured his sons on proper behavior and the wonders of plant and animal life in the same way as does the shipwrecked pastor of the famous story. But the shipwreck itself, the family life on the island, the fascinating adventures, are pure fiction. Even more fictional are the details of the island, for all sorts of plants and creatures are brought together in a wholly impossible manner.

Robert L. Wyss, a descendant of the author, has told the story of how "The Swiss Family Robinson" came to be written. Father Wyss was devoted to his family and liked to take his sons on long hikes and hunting trips. He also enjoyed reading travel and adventure stories with them — among others Robinson Crusoe, first published in 1719. He and his sons began to work out a Crusoe-like story, featuring themselves. Written purely as family entertainment, the book was published by one of the sons in 1812, and became famous almost at once.

• • •

FOR YOU TO DO: Find a tree which you can safely climb and in which you can build a tree house even if it is only a platform. Then get a copy of "The Swiss Family Robinson" and read at least some of it in your tree. It's an experience you won't forget.

• • •

(Our $10 award goes to John Kemp of Eureka, Calif. If you have a good question, send it on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: What color does a dog like best?) 2-25

'Believe In America Week' Is Suggested

PATERSON, N.J. (AP)—Harry B. Haines, publisher of the Paterson Evening News, today urged the governors of the 48 states and congressional leaders to back a "Believe in America" campaign against economic recession.

In telegrams to the governors, Haines urged them to proclaim a "Believe in America Week." He said this would translate "into tangible action the inherent, abiding faith of our founding fathers and our people since the United States came into being—that this is the greatest country on earth."

The week of March 23-29 was suggested.

Letters were also sent to Sen. Lyndon Johnson (D-Tex), Senate majority leader, and Sens. Clifford Case and H. Alexander Smith both Republicans, of New Jersey.

The newspaper's plan was detailed in a front page article bannered with an eight-column headline.

"America is now in the throes of a psychosomatic slump," the News declared.

"The more we talk about depressions and about how bad business is, the worse we shall become. . . .

"So we propose that something be done about it.

"Let's start believing in America.

"If all over this land of ours, those of us who need things and have postponed buying them, were to start buying what we need, stores would hum, mills would start booming, and the unemployed would in short order be back on the job.

"America can be as healthy as its people want it to be!"

Declaring that "the Communists would love a depression in the U.S.," the editorial concluded: "Believe in America?

"Well, say so—and make your word count with action."

Psychiatrists In Salt Water Experiment

OKLAHOMA CITY (AP) — Two psychiatrists from here plan to spend Friday and Saturday in salt water in an attempt to link their reactions to treatment of mental illness.

Dr. Jay T. Shurley and Dr. Louis J. West will participate in an experiment at the National Institute of Mental Health in Bethesda, Md. They hope to find out what happens in the absence of outside sensations.

West, head of the University of Oklahoma Medical School psychiatry department, and Shurley, chief psychiatrist at the Veterans Administration hospital here, will observe each other's reactions in an experiment conducted by Dr. John C. Lilly, physiologist at the institute.

West says some mentally ill persons have symptoms like those of normal persons cut off from all stimulation to the senses.

The doctors will alternate being submerged in a tank filled with salt water. They will be nude and the water will be heated to body temperature. A mask, designed for a minimum of pressure, permits breathing.

"There are no sounds, no sights," Dr. West said. "You feel nothing. It is the most completely cut off you can be unless you are floating in space."

West said one subject in a previous study "experienced vivid visual hallucinations and strange bodily sensations that were difficult to describe. Apparently there was a very strong hunger for some sensation. We don't know how long this can be tolerated. This is one of the things we want to find out."

Beds of salt, 400 feet thick, beneath Hutchinson, Kan., produce about four million dollars worth of salt a year.

LEGAL NOTICE

ADVERTISEMENT FOR BIDS

Sealed proposals addressed to Doyle Gallman, county auditor, Scurry County, Snyder, Texas, for a revised fever system for swimming pool in Towle Memorial Park, Snyder, Texas, in accordance with plans and specifications prepared by The Butler-Kimmell Company, architects, 412 Avenue M, Lubbock, Texas, will be received at the Courthouse Garden, Texas, until 10 a.m., March 3, 1958, where they will be publicly opened and read aloud. Any bid received after the closing time will be returned unopened.

A cashier's check, certified check, or acceptable bidder's bond, payable to the owner, in an amount not less than five (5 per cent) per cent of the largest possible total for the bid submitted, must accompany each bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages which have been established by the labor trades council for this area.

In case of ambiguity or lack of clearness in stating prices in the proposal, the owner reserves the right to adopt prices written in words, or to reject the proposal.

The owner reserves the right to reject any or all bids and to waive all formalities.

Plans and specifications may be examined, without charge in the office of the architects, and may be procured from The Butler-Kimmel Company, 412 Avenue M, Lubbock, Texas, upon deposit of $25.00 as a guarantee of the safe return of the plans and specifications. The full amount of this deposit will be returned to each bidder, immediately upon return of the plans and specifications in good condition. No refund on contract documents and plans returned later than ten days after the award of the contract will be obligatory.

No bid may be withdrawn after the scheduled closing time for receipt of bids, for at least thirty (30) days.

Doyle Gallman
County Auditor
Scurry County, Texas

LEGAL NOTICE

THE STATE OF TEXAS

TO: ANNA CATHERINE LINDSEY GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 31st day of March, A. D., 1958, at or before 10 o'clock a.m., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas. Said plaintiff's petition was filed on the 30th day of October, 1957. The file number of said suit being No. 7317. The names of the parties in said suit are: JESSE J. LINDSEY as Plaintiff and ANNA CATHERINE LINDSEY as Defendant. The nature of said suit being substantially as follows, to wit: Suit for Divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved. Issued this the 10th day of February, A. D., 1958. Given under my hand and seal of said Court, at office in Snyder, Texas, this the 10th day of February, A. D., 1958.

Eunice Weathersbee, Clerk
Court, Scurry County, Texas
By Deputy

Talk Won't Halt Decline, Kerr Asserts

By JACK BELL

WASHINGTON (AP) — Sen. Kerr (D-Okla) said today that President Eisenhower is "simple minded" if he believes talk alone will halt the business decline.

Kerr, a member of the Senate's Finance and Public Works committees, said he agrees with Eisenhower's statement to the National Food Conference yesterday that "America is strong. America is healthy."

But the Oklahoma senator took exception to Eisenhower's reference to "men of little faith, little spirit" — an obvious presidential answer to former President Truman's talk of a "Republican recession." Truman himself replied that "all the men of little faith are in the Republican party."

"We're not short on men of both faith and spirit," Kerr said, "what we are shortest on now is a man of knowledge in the highest office.

"If the President gave as much attention to the economic condition of the farmers and small business men as he does to picking a vacation spot, he would know this is the time for presidential action instead of the Micawber-Hoover statements he has been making recently."

Kerr added: "Eisenhower is both sincere and simple minded and there are times when I don't know which of the two traits is controlling."

Sen. Capehart (R-Ind), who tangled with Kerr last year when the Oklahoman said Eisenhower had "no brains" in fiscal matters, replied in a separate interview that Kerr was indulging in partisanship.

Sen. Kerr is an exuberant rich man who has always been ambitious to be president and who can never see any good in any Republican," Capehart said.

Capehart, a member of the Senate Banking Committee, said he believes some government action is necessary to cope with what he predicted will be a further increase in unemployment until a leveling off period in May.

He said he will push for speedy action on a bill proposing a two-year extension of the GI housing law under "realistic" interest rates.

Sen. Curtis (R-Neb) said there are some soft spots in the economy which he said can be corrected by "calm appraisal, wise action and expressions of confidence."

Sen. Aiken (R-Vt) said he doesn't see any reason for a depression but fears "we might be talked into one, with the Democrats doing the talking."

Blizzards Hit Britain

LONDON (AP) — Blizzards swept over Britain today, leaving a trail of abandoned cars, overturned snow plows and blocked roads.

Bitter cold also gripped Scandinavian countries. Oslo recorded temperatures of 13 below zero.

Southern Europe basked in warm spring sunshine.

Snow up to 12 inches was recorded in many areas in Britain. The north was hardest hit. Conditions in Ireland were the worst this year.

There was serious threat of floods in central and southern Germany and in France. The rivers were swollen by melting snow and heavy rains.

SINGER MARRIES MANAGER—Gisele MacKenzie, 31, TV singer and actress, poses with her husband, Robert Shuttleworth, 44, after their marriage at Las Vegas. Shuttleworth met the singer in Winnepeg, Canada, 12 years ago, helped launch her career and has been her personal manager since.

New Credit Insurance Rates Are Set

AUSTIN (AP)—The State Board of Insurance set new credit insurance rates yesterday, hoping to stamp out usurious commissions charged on insurance to protect loans under $1,000.

"The net effect of this will be that credit insurance premiums on loans for short terms will be smaller while premiums on the longer term loans will be higher," said Penn Jackson, board chairman.

Previous estimates were that the new rates would slash the income from credit insurance written in Texas from about 16½ million dollars in 1956 to about 8 million.

The main rate change is a provision limiting commissions on writing credit insurance to a maximum of 40 per cent. Jackson said Texas was the first state to limit commissions on credit insurance.

Investigators for the attorney general testified at a recent hearing that some Texas loan companies have charged 60 to 85 per cent commissions for writing insurance on loans.

The board put out another set of new rates Dec. 20 but the schedule never went into effect because of numerous protests.

Cosmo Life Insurance Co. of Amarillo sued to stop enforcement of the Dec. 20 order, asserting the rates were "not adequate to enable insurers to realize a reasonable profit." The suit is pending.

Jackson said the new rates, effective May 1, had about the same net effect as the Dec. 2p proposal.

"There was a redistribution of some premiums," he said.

The chairman said he expected considerable protest.

Jackson said that "It probably would be a good idea" for the next Legislature to consider revision of present credit insurance laws. He said present laws do not cover installment plan purchases nor actual loans over $1,000.

The maximum rate of level life insurance was placed at $1.40 per annum per $100. The maximum rate of reducing credit life insurance was set at 90 cents per $100, instead of the former $1 maximum.

Maximum credit health and accident rates varied according to the length of the loan with premiums on loans of one year or less generally lower.

Eaton Rites Set

Custody Of Children To Hinge On Case

BONHAM, Tex. (AP)—The outcome of a check forgery case before Judge A. M. Harrison may decide whether a mother regains custody of her eight children.

Mrs. Maudel Childress, in her late 30s, was charged Oct. 1 with forging a $37 check in Fannin County. Then, in November, she was taken to Madill, Okla., and convicted of check forgery. She posted $500 bond and was released after drawing a two-year suspended sentence.

Neighbors in Nobility near here complained the four sons and four daughters of Mrs. Childress were neglected. The State Welfare Board sent the children, 6½ months to 12 years old, to the county home Jan. 8.

The check charge is still pending here. Lawyers for Mrs. Childress asked yesterday that the case be continued. Harrison took the motion under advisement.

After the forgery case has been decided, Harrison said he will order a hearing on custody of the children. The court then would rule on whether they should be placed in separate homes or returned to their mother.

Officers said the father, Obie Childress, was reported in Durant, Okla.

Found Fatally Shot

DALLAS (AP)—Richard Marler, 24, was found fatally shot in a locked auto yesterday. Peace Justice Glenn Byrd withheld a verdict. Police said a pistol was found on the seat beside Marler.

Phone Co. Plans Rural Projects

Southwestern Bell Tlephone Co. has made plans to spend $41,000 in the near future to provide residents of Dunn with modern rural telephone service, Truman Black, local telephone company manager announced today.

Black said the major portion of the construction job will be replacement of the present rural telephone line with alpeth cable.

"Alpeth is the newest type cable now in use in the Bell system," Black said, "And we'll be using about seven miles of it in this construction program. In addition to putting in the cable, we'll have to place about 30 new poles.

The manager said material for the project has been ordered, and that is expected to arrive here sometime in March.

"We'll get started shortly after the material gets here and expect to complete the entire job sometime in May," Black said.

Cable for the project will run alongside State Highway 208 and will be connected to another cable which extends into the Snyder telephone office.

"Besides the people in Dunn, other farm families along the route of the cable will be provided with telephone service," Black said, adding "All these telephones connected to the new cable will be changed to dial operation and be connected to equipment in the Snyder telephone central office."

The Dunn area was a part of the Hermleigh telephone exchange, purchased by Southwestern Bell several months ago. There is now no telephone service to any residence in Dunn, although there are phones between Snyder and Dunn.

Taps Sounded For A Hero

COSTA MESA, Calif. (AP) — It's Taps today for Oki, Alsatian shepherd dog decorated for saving the lives of 151 Marines during the invasion of Okinawa.

The El Toro Marine Air Station assigned two men in dress uniform to blow Taps over Oki's grave. Oki died last week of old age. He had lived 15 years.

Oki came into his own on Okinawa when his master Bob Harr, then a first lieutenant, and a party of seven other Marines were ordered to penetrate Japanese lines and blow up a command post.

The enemy hemmed in the patrol and other units for two days. Oki was sent back through the lines with a note to the U.S. command post. A short time later, Harr said, "our artillery fire began pouring in and we were rescued."

President Truman later tied the War Dog Medal on Oki.

Firm Import Curb Asked

WASHINGTON (AP)—Rep. Fisher (D-Tex) told the House yesterday the government's program for voluntary reduction of oil imports is ineffective and compulsory steps are needed.

Texas has ordered wells limited to only nine days of production in March and independent operators there "are being choked to death, gradually but surely," by foreign oil, he asserted.

"We must either impose mandatory quotas adequate to cope with the crisis or increase the tariff to a level, on a sliding scale, to balance the production cost factors and place foreign competitors on a level with domestic producers," Fisher declared.

"I prefer the latter as the most feasible approach and certainly the most practical one from an administrative standpoint."

India imports a large amount of cloves annually from Zanzibar for use, partly, in temple and ceremonial incense.

THE SNYDER DAILY NEWS

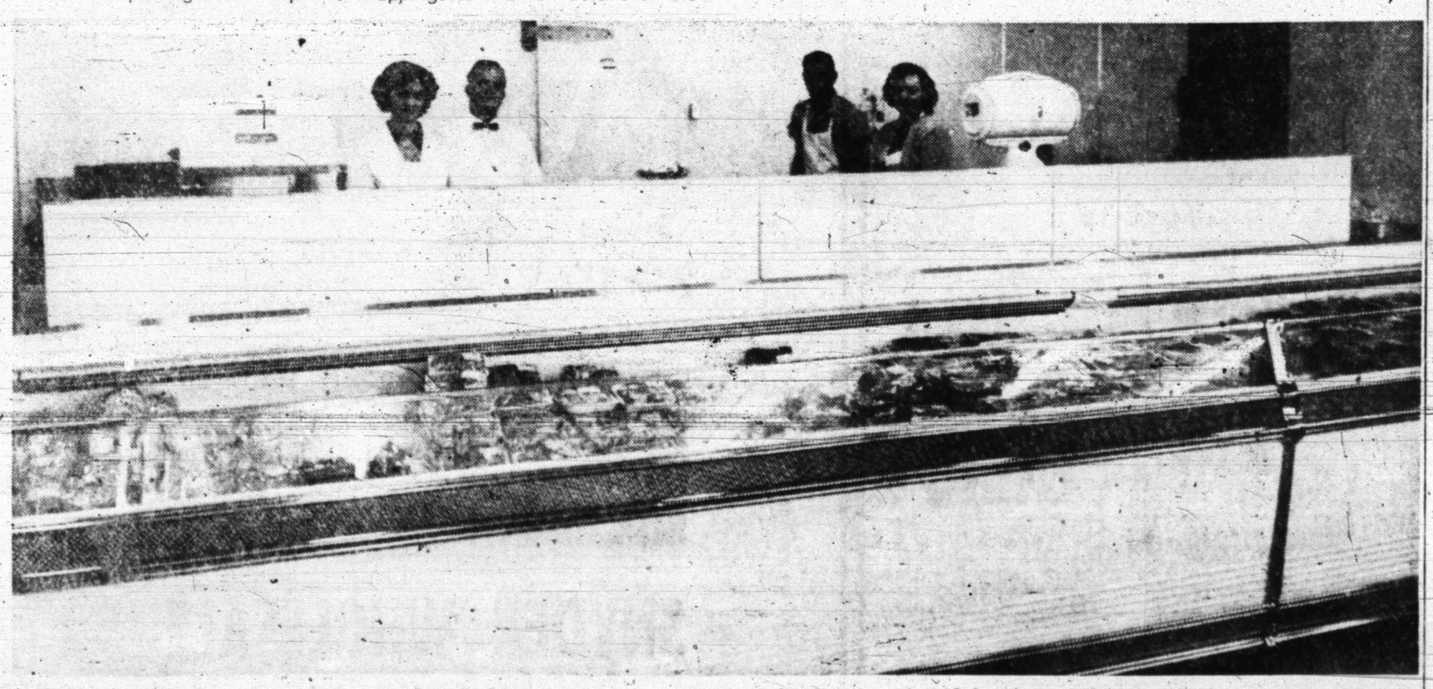

VOL. 8, NO. 257 — SNYDER, TEXAS, TUESDAY, FEBRUARY 25, 1958 — SECTION B

INTERIOR OF NEW RAINBOW STORE—The spacious and modern interior of the new JRB Rainbow store on the Big Spring highway is pictured above. The store has a total of 8,000 square feet of sales area, and as complete a line of staple and fancy groceries as is possible to gather. Formal opening of the store begins tomorrow and continues through Saturday. (Lee Watson photograph)

FRESH MEATS—Customers may choose exacty the cuts and kinds of fresh meats they desire from the 60-foot-long refrigerated fresh meat case at the new JRB Rainbow store on the Big Spring highway. All meats are packaged in celephane wrappings so that all details of the meats are clearly visible to the customer. Gooch's choice beef is featured in the store, and all meats are of the highest quality available. (Lee Watson photograph)

MEAT MARKET—Gleaming white enamel and white porcelain feature the modern meat market area of the new JRB Rainbow market on the Big Spring highway. The staff of the market department is in plain view of the customers so that special cuts of meat or special orders can quickly and easily be arranged. All meats are packaged in celephane and displayed in the 60-foot-long self-service fresh meat case for the customer's quick and easy selection. Fresh barbecue will also be offered. Members of the market department from left are: Mozelle Phillips, Curtis Sudderth, Walter Beauchamp, manager, and Betty Barron. (Lee Watson photograph)

Newest Developments Are Incorporated In JRB Rainbow No. 2

Industry's latest developments in refrigeration, air conditioning, and retail design are outstanding features of the new supermarket, JRB Rainbow No. 2, on the Big Spring highway.

The store, opened last week, is holding its grand opening during the remainder of this week.

The most recent innovations in shelving, food displays, and food handling equipment have been included in the store, termed by some of the state's leading food handlers and one of the most expertly planned stores in the state.

The business occupies the building formerly used by Highland Park Cleaners and Cate Grocery, owned by S. S. Steinberg. The building was completely remodeled and expanded to provide a total of 8,000 feet of floor space in the large retailing portion of the building.

The building has a specially designed floor covering chosen to provide easy shopping, individually designed lighting which reduces glare and eye strain for both employe and customer, and artistically-selected colors which provide eye appeal. The colors include melody green on the walls and counter top, pink floors, and other colors of red and yellow.

A total of 40,000 square feet of parking space is provided around the store, enough to park 200 cars. The paved area is in front of and on both sides of the store.

Heights of all fixtures and shelves have been scientifically designed following a survey which was recently made on a nation-wide scale to determine what height shelves, produce racks, and frozen food cases were most comfortable to most people.

The entire building has been devoted to the store, and an additional housing was added to the top of the structure to take care of the numerous motors and compressors required to service the store's mechanical equipment. There are seven refrigeration motors.

K Alexander, industrial engineer and architect of Fort Worth and member of the American Institute of Architects, directed plans for the store and assisted in walls, market, and checking stands.

Most of the preliminary planning was done by Sterling Parker of Snyder, vice-president of JRB.

Contractors on the project included J. D. Cook of Snyder on brick and concrete work, Abilene Glass & Awning on the store front, Boss Electric of Snyder on electrical work, J. B. Boyd and Chapman & Son of Snyder on wood work, and Calloway's of Abilene on flooring.

"Realizing the busy lives most people lead these days, we have tried to locate so the store would be most easily accessable to Snyder residents, to arrange them to simplify the shoppers' marketing, and to provide ample parking room so parking will be no problem for even the most inexperienced driver," Parker said adding, "We are justly proud of our new store and we sincerely hope that every man, woman and child in this area will visit it during our formal opening."

Lights built into fixtures to provide backlighting for the shelves in the store are among the features of the modern fixtures.

The store has six rows of the latest adjustable shelving, with plenty of room between the display rows for walking and selection.

The store has six rows of the lates adjustable shelving with plenty of room between the display rows for walking and selection.

The store has 60 feet of frozen food case, 80 feet of vegetable display, 50 feet of meat display and 30 feet of dairy case, complete with heated handles.

In the store are 30 feet of display on health and beauty aids, 30 feet of variety items, and 20 feet of ice cream display.

At the front of the store will be a redemption center for Everedy Stamps, which are given by both Rainbow groceries here.

Producer Accused Of Cruelty In Suit

SANTA MONICA, Calif. (AP) — Producer Jed Harris, 52, is accused of cruelty in a divorce action filed by Mrs. Beatrice Allan Harris, whom he married secretly in Las Vegas, Nev., last April 1.

Mrs. Harris, 29, said in her complaint yesterday that she and the showman failed in a reconciliation attempt after she filed a petition for separate maintenance last summer. Both had been wed previously.

Eddie Fisher Is Passing Out Cigars

BURBANK, Calif. (AP) — Eddie Fisher is passing out cigars with wrappers proclaiming "it's a boy."

The singer's wife, actress Debbie Reynolds, gave birth yesterday to an 8 pound, 7½ ounce baby at St. Joseph Hospital. They haven't decided on a name.

The Fishers have a daughter Carrie Frances, born Oct. 24, 1956.

FORMAL OPENING EVENT WILL BEGIN TOMORROW

Formal opening of Snyder's newest supermarket, the JRB Rainbow No. 2 on the Big Spring highway, has been announced for tomorrow, Thursday, Friday and Saturday.

Sterling Parker, vice president of JRB Supermarkets, and Bill Smith, store manager for the new store, announced the opening.

Extensive plans have been made for the four-day celebration.

During the grand opening, a long list of items in the store will have special prices for customers of the Snyder area.

For the adults, $25 worth of free Everedy stamps will be given to each going into the store during the four-day opening event. There will also be other prizes, including such things as free nail files and cook books.

For the children, there will be bubble gum, suckers, balloons, and many other prizes.

The new store, like the JRB Rainbow No. 1 downtown, will have the daily jackpot, which starts at $100 and builds up at $5 daily until won.

No purchase is required for the numerous prizes to be given during the opening, and the person does not have to be present to win the jackpot.

Store hours at the new store will be the same as those at the Rainbow No. 1 on Twenty-fifth Street, 7:30 a.m. to 9 p.m. The store will be open seven days a week.

MANAGES NEW RAINBOW—Bill Smith, pictured above at the fresh fruit and vegetable self-service refrigerated case, is the manager of the new JRB Rainbow store located in the 3800 block of the Big Spring highway. (Lee Watson photograph)

FROZEN FOOD DEPARTMENT—The 40-foot-long frozen food self-service frozen food case at the new JRB Rainbow on the Big Spring highway is pictured above. Everything in the increasingly popular frozen foods line is included in the merchandise in the case, and a wide array of Monarch-brand fancy and diatetic foods is displayed on the shelves above the frozen food case. "We believe we have the best selection of party and fancy foods available in any store in West Texas, Bill Smith manager, said. (Lee Watson photograph)

Frozen Food, Dairy Sections Have Ultra-Modern Facility

The very latest in equipment is included in the new JRB Rainbow No. 2, which is having its formal opening this week.

The modern equipment at the new store, located on the Big Spring highway, included the best in its dairy case and frozen food section.

The dairy case, 30' feet long, eight feet tall, and 42 inches deep, has such conveniences for the customer as heated handles and doors which close automatically. The frozen food section is 60 feet long.

In the case, all dairy products are displayed so they can be easily seen by the customer.

The frozen food section is what might be called "a culinary expert's dream," as prepared dishes to satisfy even the most discriminating are available.

"Since World War II rapid strides in the frozen food industry have been made," Sterling Parker, JRB vice-president, said. "And during the past year new developments in processing and preservation have been completed. Therefore we are most proud of the fact that we have the very latest design in equipment to assure our patrons of the very finest in frozen foods."

In addition to numerous brands of frozen fruits and vegetables, extra fancy steaks, turkeys, both plain and stuffed, completed dinners in American, Mexican, and Italian types, sea foods of all kinds in either cooked or raw states, there are such things as cakes, pies, and breads of many flavors available.

A vast number of items in the frozen food category is only a start at JRB, which also offers a long list of fancy foods. Many of these items are imported, such as jalapenos from Mexico, smoked oysters, cocktail clams, and crabmeat from Japan, Norwegian cross packed sardines, Portuguese anchovies, and English muffins. Chinese delicacies are also carried in large quantities and include, in addition to the usual chop sueys and similar favorites, such additional items as bean sprouts and water chestnuts.

For the party, there are such things as herring in wine sauce, smoked almonds, olives stuffed with anchovies, and numerous cheeses and dressings which are popular. Also growing in popularity are blueberry pancake syrup, wine jellies, party packed spiced fruits, and a variety of sauces and toppings.

Many dietary foods are also in stock for the many people whose limited diets make the special foods necessary. There are such things as canned fruits and vegetables, specially packed cereals, breads, and crackers, and a large assortment of dietary desserts, ice creams and soft drinks.

What's New In Teaching?

ST. LOUIS (AP)—What's new in teaching arithmetic? Not much, says Jesse Osborn of Harris Teachers College in St. Louis, who told this story at the convention of the American Assn. of School Administrators:

"Two years ago at a mathematics convention I listened to a speaker present a new way to introduce division of whole numbers — guaranteed to bring understanding to the pupil.

"A vast number of items in the frozen food category is only a start at JRB, which also offers a long list of fancy foods. Many of these items are imported, such as jalapenos from Mexico, smoked

"The new way may be found in Isaac Greenwood's arithmetic book—published in 1729. I don't know its age when Greenwood used it."

Woman Wins Damages For Bite On Mouth

LEXINGTON, Ky. (AP)— Mrs. Ora Klar, 54, was awarded $1,000 damages in Fayette Circuit Court as a result of being bitten on the mouth by a dog a year ago.

The bite left its mark emotionally, Mrs. Klar said. She testified when her husband kisses her she sometimes thinks of dogs.

Said her husband, Jacob Klar, "Now she barks at me and pushes me away when I try to kiss her."

Koreans Nab Red Suspect

SEOUL, Korea (AP) — South Korean national police today announced the arrest of a Communist agent they believe was a behind-the-scene worker in the hijacking of a civil airliner to North Korea.

Police also said four more persons are being questioned in connection with the plane abduction.

All five being held are from Sariwon, in North Korea. So were six of the seven disguised passengers police said either took over the plane or forced its two American pilots to fly across the armistice line. Two West Germans and 23 other Koreans also were aboard the plane.

Daily Production Of Crude Declines

TULSA (AP)—Daily average production of crude declined 33,575 barrels to 6,829,925 the week ended Feb. 22, the Oil and Gas Journal said today.

Oklahoma accounted for two-thirds of the drop, falling 22,300 barrels to 547,500 barrels. Louisiana lost 4,450 to 851,050.

Arkansas fell 25 to 83,625.

New Mexico rose 1,050 to 266,050.

Production was unchanged in Texas, 2,722,150 barrels.

'Break' For Slow Pupils Recommended

ST. LOUIS (AP) — Slow learners are the forgotten fifth of America's students and deserve a better break, a Minnesota educator said today.

All too often, said R. A. Tiegs of Robbinsdale, Minn., the slow learners are merely tolerated and permitted to fail. They drop out of school after becoming convinced through repeated failure that they are of little consequence.

And yet, Tiegs told the convention of the American Assn. of School Administrators, these are among people who will "do their share of the work of the world. They will cast their votes, they will participate in the activities of labor unions and farm organizations. They will make homes."

Tiegs said about 18 of every 100 school-age children are slow learners, with IQs of about 75 to 89. This does not include the two children in every 100 so mentally retarded that special education is required for them.

Many of the slow learners reveal unexpected aptitudes when given the proper opportunities, Tiegs said.

"Americans cannot afford waste in education," he said.

The slow learners must be identified as early as possible, he said, and special classes must be set up to give them the education they need.

Candy Gets Hearing

DALLAS (AP)—A hearing on night club stripper Candy Barr's motion for a new trial was called today. The blonde dancer drew 15 years after being convicted of illegal possession of marijuana week before last. She has been in jail since.

Native Snyderite Is New Rainbow Manager

Store manager for the new JRB Rainbow No. 2, opening at its location on the Big Spring highway this week, is Bill Smith, a native of Snyder.

Smith, who has some 10 years of experience in the grocery business, was born and reared in Snyder.

A graduate of Snyder High School, he served in the Army during World War II.

Following the war Smith was associated with a grocery firm in Rotan for some 10 years and during a part of his time at Rotan managed a store.

He has been back in Snyder about two years in oilfield work, but returned to the grocery business when JRB decided to open its new store here.

Smith is married and has two children. He is Methodist. The family lives at 2706 Avenue Q.

At the JRB store, he will manage a total of nine employes.

Smith points out that the new JRB store is well-arranged for the best display of thousands of items.

There is a total of 1,548 running feet of display space in the store, and wide aisles are provided so a customer can not only see down an aisle but can move down it without stumbling over merchandise.

The store has a 30-foot-long dairy case, 60 feet of frozen food case, 80 feet of produce space, 50 feet of market display, 30 feet of health and beauty aids, 30 feet of variety items, 20 feet of ice cream display, and numerous shelves of space for canned goods and other merchandise.

The new supermarket prides itself on its specialty items, usually hard to find in supermarkets. These include all types of canned fruits, meats, vegetables, juices, and cooking sauces.

Aso in the specialty department are a wide variety of party items and a larger-than-average variety of dietetic foods. There is a good selection of all Pet food items.

"Our vegetable and produce department is the most attractive in town," Smith said, adding that the fruits and vegetables will be the freshest available at all times in the cases.

Space seems to always be a problem with a business, but Rainbow No. 2 is designed to eliminate most of them, Smith said. There is plenty of parking space on three sides of the building. There is enough space between aisles so customers will have elbow room. Merchandise is spaced so it can best be seen by customers and they will not have to spend unnecessary time seeking items.

Two Refugees Sentenced

POUGHKEEPSIE, N.Y. (AP) — Two young men who fled Hungary in 1956 during an anti-Soviet revolt were sentenced yesterday to five years in Elmira Reformatory as burglars.

"Ignoring the kindness of this government and the people of the United States," Dutchess County Judge John R. Schwartz said, "you passed up the opportunities given to you to come, quite frankly, thieves and burglars."

Sandor Feigler, 18, a former student at Bard College, Annandale, N.Y., and Tibor Kepes, 23, an electrician, both had entered pleas of guilty in connection with two burglaries of a Hyde Park, N.Y., residence last year.

Godfrey Trying To Rescue Jazz

By CHARLES MERCER

NEW YORK (AP)—Arthur Godfrey has a new mission. He has set out to rescue jazz music from the intellectuals and restore it to the common people who never heard of Hugues Panassie and don't know that Muggsy Spanier's real name is Francis.

His chosen weapon in his crusade is his CBS radio afternoon program.

Being a man who dislikes labels, Godfrey avoids the word jazz.

"It's all right with me if anybody wants to call it that," he says, "but as far as I'm concerned it's just the same good old music that a lot of us grew up with. Jazz, Dixieland, New Orleans — what do names matter?

"It's getting so there are more experts and critics than there are musicians. There's a raft of guys now who write essays on the backs of LP record jackets and in the slick magazine. There are darn near as many books on jazz today as on child psychology."

What's wrong with that?

"Nothing, really," Godfrey replies, "except that kind of music is meant to be enjoyed without a lot of literary preliminaries. You build a big intellectual fence around it and you're going to keep more people out than you fence in."

So, around Godfrey's CBS radio studio these days, you see Cozy Cole's brushes caressing the drumhead, Jack Lesberg impassively teasing a big bull fiddle, Johnny Smith embracing his guitar with solemn tenderness. You sense the restrained chestiness in Bobby Hacket as he fingers the valves of his cornet, while Peanuts Hucko looks brighteyed and sassy over the mouthpiece of his clarinet. In addition are trombonist Urbie Green, organist Dick Hyman and bandleader-pianist Burt Farber.

Except for the program's vocal numbers, which have set arrangements, the music is impromptu.

The personnel of the group changes somewhat from time to time, but it's always good music —and a creative feather in the cap of Arthur Godfrey and CBS radio.

Steady Food Demand Seen

WASHINGTON (AP)—The Agriculture Department advised farmers today the current economic downturn is expected to have little or no adverse effect on domestic demand for food this year.

A report said consumers are expected to buy about as much to eat in 1958 as in 1957.

Retail food prices are expected to average near those of 1957.

Meat consumption is expected to be slightly below last year's with a moderate increase in pork being more than offset by a reduction for other classes of meat.

More chicken and about as much turkey will find places on dinner tables, but moderately fewer eggs.

The department said consumption of dairy products is expected at least to equal the 1957 rate.

Accidental Shooting

SHERMAN, Tex. (AP)—Peace Justice Jim Spangler ruled accidental shooting in the death yesterday of Mrs. Mary Lane, 55.

J. R. Beadel Head Of Firm Operating Rainbow Stores

Head of the JRB Supermarket firm which is opening its newest store in Snyder this week, is J. R. Beadel of Brownwood.

Beadel is president of the firm, while Sterling Parker of Snyder is vice-president and Allen Beadel of Brownwood is treasurer. All are active in store management.

Beadel, who began his career at the age of 14, started while still attending school at Dublin, employed as a janitor, warehouseman, and shipping clerk for a wholesale grocery firm. Several years later he was transferred to that firm's main office in Brownwood and placed in the firm's buying department.

The firm, then known as Walker-Smith Co., later sold to Kimbell Grocery Co., and at the time Beadel was a stockholder, and active vice-president of Walker-Smith.

During that time Beadel was active in the development of Tasty Foods Co., a manufacturing and packing company which still operates in Brownwood under Kimbell management.

In 1945, Beadel organized J. R. Beadel & Co., assuming presidency and general managership. Two branches were then opened, one in Brownwood and one in Sweetwater. The company served the wholesale trade of a large portion of Central and West Texas from these points.

While operating the wholesale business the company purchased three retail stores and have continued in the retail business. Wholesale branches of the firm were sold to the Kimbell Grocery Co. in 1948.

Beadel is a civic leader in Brownwood, where Allen Beadel, his younger brother, also lives.

Allen Beadel also began his grocery career while still in high school and while at Howard Payne College.

Former residents of Snyder, Allen Beadel had purchased a retail grocery here in 1940 and operated the store until he moved to Brownwood in 1945 to become a stockholder in J. R. Beadel & Co.

During World War II he spent two years overseas in the Navy, and during his absence Mrs. Beadel managed the Snyder store.

He is now manager in charge of the two JRB Supermarkets in Brownwood.

RAINBOW MARKET

DAIRY CASE—Eleven compartments with five shelves each are used in the new JRB Rainbow store on the Big Spring highway to display all dairy products such as cheese, milk, butter, oleomargarine, eggs and carton cold drinks. "One of the outstanding features of the case is that the doors are easily opened affording easy access to the merchandise without straining the customer," Bill Smith, store manager, said. (Lee Watson photograph).

CHECKERS AT RAINBOW—The staff of experienced, efficient and cheerful checkers at the new JRB Rainbow store on the Big Spring highway are pictured above in the modern checking counters in the store. From left they are Morris Tyler, Mrs. Vida McCune, head checker, Mrs. Fred Carr and Mrs. W. C. Trevey. (Lee Watson photograph)

FRESH FRUIT AND VEGETABLES—Top quality fresh fruit and vegetables are displayed in the 40-foot-long self-service case above. It is cooled to the correct temperature to keep the fruit and vegetables in top condition at all times for the customer's selection. (Lee Watson photograph)

'Know-How' Vital To Good Checker

Speed, accuracy, and courtesy are characteristics necessary for a good checker in a grocery store, but good checkers have much more know-how than that, according to Mrs. Vida McCune head checker for the new JRB Rainbow No. 2 here, celebrating its formal opening during the remainder of this week.

A checker must know the location of the thousands of items in the store to answer the hundreds of questions asked them each day. They must also be familiar with prices and be well-posted on new items received daily in the store.

A good checker has the knack of remembering the names of the thousands of customers, what bank checks they use, and whether the customer has a special way he likes his purchases sacked.

At the same time they must be rapid and accurate on the cash register and at making change.

Modern cash registers at the checking counters help the checkers to better serve the customers of the store. As the register adds the amounts for purchases in the store, it lists beside each price whether the item comes under the heading of groceries, meats, drugs or produce.

"We have four of the best checkers available at our store," Bill Smith, store manager, said. In addition to the head checker, Mrs. McCune, checkers are Morris Tyler, Mrs. Fred Carr, and Mrs. W. C. Trevey.

Mrs. McCune has 10 years' experience as a grocery checker, a part of which time she was also although. She is married and is the mother of two married daughters. Her husband, George McCune, is a water injection station engineer for SACROC 2 and has been with Magnolia Petroleum Co. 18 years. They live at 2909 Avenue F.

The head checker moved to the new JRB store from the downtown Rainbow No. 1, where she had been employed for three years.

Modern checking stands are provided in the store with attractive cigarette and tobacco displays six feet long at each stand. There are four checking stands at the store.

The checkers will give Eveready Stamps, available at both the Rainbow stores, with purchases, and they will handle the Eveready redemption center in the front of the store, in which hundreds of premiums are available.

Alaskan brown bears have poor eyesight. But they more than make up for this physical deficiency with their keen hearing and sharp sense of smell.

Sec. Dulles Celebrates His Birthday

WASHINGTON (AP) — Secretary of State Dulles celebrated his 70th birthday on the job today.

Dulles confirmed that he feels fine although it is only a little more than a year since he underwent surgery for removal of an intestinal cancer.

Mrs. Dulles, giving some personal glimpses of the secretary in an interview, said he has no thought of retirement.

She predicted the secretary will run into even more criticism than usual this year, because it is an election year, but she said neither of them reads what the critics have to say.

Besides, she added, Dulles "knows more than they do."

The secretary of state "never gets bored—he always has something to do." He takes work home every weekend.

Despite his work load, Mrs. Dulles says, her husband is "certainly warmhearted" and if he gives the impression of being impersonal in his diplomatic role "he's concentrating on something."

He goes for tweeds when off the diplomatic circuit, is a baseball and bridge fan and when he wants to relax he looks for a detective story.

Recently Developed Cases Hold Fruit And Vegetables

Snyder's newest supermarket, JRB Rainbow No. 2, has the last word in refrigerated vegetable and fruit cases.

In the special department, Snyder shoppers are brought the gardens of the world. No expense has been spared by the management to make the produce department of each JRB store the finest in Texas.

The produce department in the new JRB store here was set up by James Culp of Fort Worth, a member of the JRB firm.

A total of 80 feet of display space was devoted to the produce department in the new store. Recently-developed refrigerated cases were used. The cases not only automatically maintain proper temperatures but also maintain exact humidity for varying types of fruits and vegetables, and controlled air circulation.

Gardens and orchards from which the produce comes are world-wide. Invoices show that several items come from Texas while others are from 15 states and six foreign countries.

Mexico, Guatemala, Brazil, Cuba, and Hawaii are the countries from which fresh items are flown or shipped by fast transportation.

Others from the Rio Grande Valley, Florida, California, Washington, Maryland, Idaho, Ohio, Oregon, Virginia, the Carolinas, Mississippi, Louisiana, New Mexico, Colorado Arizona, and Michigan.

In addition to the more usual fruits and vegetables, seasonal items such as broccoli, endive, romaine, and other fancy salad greens are made available, as well as many times such things as pomegranites, persimmons, papayas, imported plums, and fancy tangerines.

Bill Smith, store manager, said personnel strive hard to get the fruits and vegetables into the hands of the customers in perfect condition.

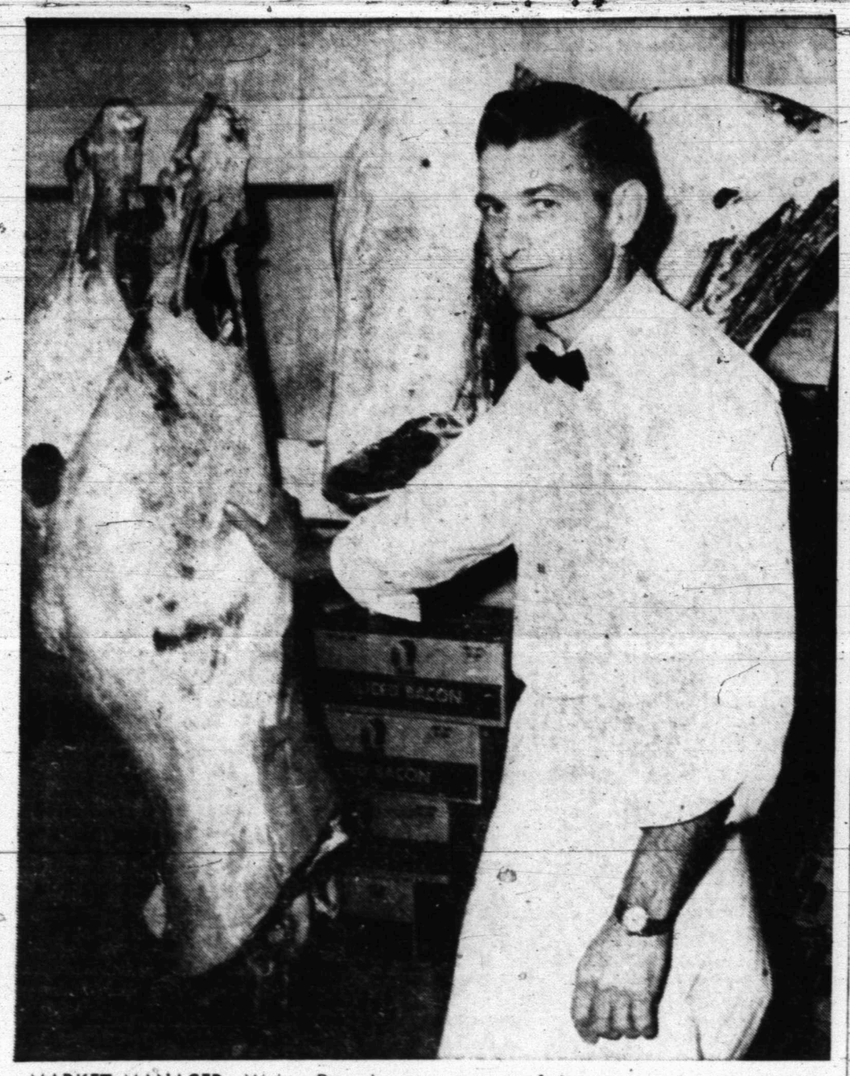

Whenever a fruit or vegetable is in season locally, the store will make them available for its trade. "If it is to be had, we will have it," Smith said.

Cardinal Richelieu was only 22 when he was consecrated Bishop of Lucon, France in 1607.

MARKET MANAGER—Walter Beauchamp, manager of the meat market department of the new JRB Rainbow store on the Big Spring highway, is pictured above with one of the sides of choice grade beef on the walk-in cooler in the new store. "We are always available immediately to give the customer any special cuts of meat he wishes," Beauchamp said. The fresh meats are displayed in an open-top self-service refrigerated case which is 60-feet long. (Lee Watson photograph)

Experienced Staff In Charge Of Rainbow No. 2 Meat Dept.

Market manager at the new JRB Rainbow No. 2 on the Big Spring highway is Walter Beauchamp, well-known by Snyder area residents as a butcher.

Beauchamp has been a butcher since just after World War II, working for several years in a locker plant here before becoming associated with the JRB Rainbow No. 1 downtown, where he has been for several years.

Beauchamp, after graduating from Snyder High School, served in the Army during World War II and returned to Snyder to begin his profession as a butcher.

The market at the new JRB store has a large walk-in cooler, large enough to hold the special meats bought by the department for its customers.

All meats displayed by the market are packaged and in a 40-foot-long display unit. The meats are stored by grades and sizes and are packaged so the customer can see what he is buying.

Members of the market department are right behind the market counter, in plain view of the customers, and they can be seen doing their work.

They are within talking distance of the customer and can help him pick his packaged meats or can secure a special cut for the customer who desires it.

The market specializes in Gooch's Blue Ribbon choice beef, as well as other well-known brands of meats.

Barbecue is available daily at any hour, and the customer can secure barbecued chicken, pork or beef ribs, and sausage, as well as any cut he desires to choose for custom barbecuing.

Included in the department are Betty Barron, who transferred from a Brownwood JRB store to Snyder to be in charge of the wrapping department, and Mozelle Phillips, a member of the wrapping department. Both are married. Mrs. Barron has one son, Mrs. Phillips three children. Mrs. Barron has had five years of experience in self-service departments.

Delinquency Hits A Peak In California

SACRAMENTO, Calif. (AP) — California officials said today juvenile delinquency has hit an all-time peak in the state and is continuing upward. They blame the unemployment situation.

Heman G. Stark, director of the California Youth Authority, termed the increase in juvenile crimes unprecedented.

"We handle an average of 350 cases per month," he said. "In January we had 418 and there's no doubt February will go over 400.

"Our juvenile halls are overcrowded and the jails are filled to capacity."

The courts may make juvenile offenders wards of the CYA, which is then responsible for detention and rehabilitation. At the end of January the population in CYA facilities was 3,878.

Noting that the majority of offenses are committed by youths 16 and older, Stark said in an interview: "These are the ones just out of high school and entering the labor market. When unemployment strikes, they are the first to suffer."

With nothing to keep them busy, they find themselves with time and don't know what to do with it, he added.

"It progresses from mischief to crime to violence. And crimes of violence are accounting for the majority of the present increase in juvenile offenses."

The CYA chief blamed television for some of the violence.

"That's where they learn how it is done," he said.

Error Corrected After 191 Years

NEW YORK (AP) — One hundred and ninety-one years ago John Jay got a master's diploma from Columbia University. Only now has the university finally got around to putting the correct date on it.

The document, on exhibit at the university, bears the date May 90, 1767, written in Latin. A card now explains that somebody goofed and the date should be May 19.

Jay, who became first chief justice of the United States, noted the error himself on the back of the diploma.

In the time of Edward IV in Enland (this was in 1461) barbers had the same privileges as surgeons and dentists. Along with giving you a shave and haircut, they also had a license to pull your tooth or give you a minor operation.

'That Girl' Going Places In Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—Who is Miyoshi Umeki?

That's what Hollywood has been asking, and the town is finding out. Until recently, she was known as "that girl who played Red Button's wife in 'Sayonara.'" Last week, "that girl" was cited by Academy voters for one of the five best supporting performances by an actress in 1957.

Tonight, she adds to her fame by opening at the famed Sunset Strip showplace Mocambo with her singing act.

I caught up with the busy Japanese girl and found her to be prettier than she appeared in the picture, soft-spoken with a pxy sense of humor. How did she hear about her nomination?

"I didn't read it in the papers," she said. "I was rehearsing for a benefit at which Frank Sinatra was going to appear. I was amazed. Imagine — being nominated for an Oscar and hearing Frank Sinatra, all in one night!"

About her chances of winning, she sighed: "I don't even think about it. I'm happy enough to be nominated."

Miyoshi was born almost 24 years ago in Hoddaido, where her father headed a steel factory.

The youngest of nine children, she sang in high school and at music college. One of her brothers was an interpreter for the American military government. Through him, she began singing for GIs and became a favorite.

She took a vacation to Hawaii and earned enough from a night club date for a two-week trip to the States. She intended to tour the West, but spent the entire time—and all her money—in Los Angeles. A singing date was arranged at Larry Potter's night club in the San Fernando Valley, and that's where fate knocked.

Warners was looking for Japanese girls to play in "Sayonara." A talent scout saw her name on the marquee and dropped in to catch her act.

"Between the shows, he told me I was perfect for the role," she said. "I told him he couldn't tell just by hearing me sing, but he insisted. He took me to the studio the next day and everyone there said I was perfect for the role. I was flattered until I read the script and found out it called for a homely girl!"

She did a fine job in the film, as the Academy voters have attested, and has appeared on TV with Arthur Godfrey and Perry Como. This Saturday she'll be on Gisele MacKenzie's show.

Addiction Tests Made

OKLAHOMA CITY (AP)—Tests on 60 unstable inmates at the Oklahoma State Penitentiary, McAlester, showed they did not become addicted to tranquilizer pills over a 12-week period.

Dr. Austin R. Stough, prison physician, writing in the Journal of the American Medical Assn., said he found a small percentage of the men experienced an "undesirable reaction" when the drug —meprobamate — was withdrawn abruptly.

All the inmates tested had a history of injury, illness or other abnormality. Some were formerly addicted to narcotics or alcohol, Stough wrote. He said all patients returned to their former mental and physical status within 48 hours.

Threat From Gulf Cited

DALLAS (AP)—The threat of Russian attack from the south or the Gulf was cited last night as one of three grave defects in this country's defenses.

President John Jonsson of Texas Instruments told a fifth district meeting of the Texas Bankers Assn. the defects were:

The United States lacks an enemy aircraft warning system on the south to match that on the north.

Enemy submarines more than three miles off the coast probably would destroy all of this nation's seaports with guided missiles, and in a couple of years probably will have missiles capable of reaching inland cities such as Dallas.

A Sputnik-type satellite guided by local radio stations could drop destruction on any U.S. city once the problem of bringing it back out of orbit has been solved.

STAFF OF RAINBOW NO. 1—Part of the staff of employes of Rainbow Market No. 1, located at 1614 Twenty-fifth Street just a block and a half east of the Snyder square is shown above. Louie Miuton, manager of the store, began working at the store in 1937, more than 20 years ago. From left are: "Dock" Morton, "Corky" Houston, Johnny Starnes, Louie Minton, Eva Martin, Morris Fraley and "Mack" McCann, market manager. (Lee Watson photograph)

Hearings Are Delayed Again By Panel Rift

WASHINGTON (AP) — A partisan split in the bipartisan Senate Rackets Committee forced another delay today in the start of public hearings on violence in the Kohler strike.

Walter Reuther, president of the United Auto Workers, top officials of the Kohler Co., Wisconsin plumbing fixtures firm, and other potential witnesses were in the city, ready to testify.

But the committee's four Democrats and four Republicans remained deadlocked along party lines as to who among the witnesses should get the leadoff spots.

Chairman McClellan (D-Ark) called its members to another closed door meeting in an effort to break the deadlock. But he said he had little hope of an agreement in time to permit a start of hearings before tomorrow, if then.

Both the union and the company have charged each other with responsibility for outbreaks of bitter violence in the four-year-old and still unsettled Kohler strike.

The Democrats want to call either Reuther or Herbert Kohler, head of the factory, as leadoff witness. The Republicans insist on hearing testimony from others before those "Big Two" of the hearings are called.

It's Easy To Send Missiles

WASHINGTON (AP) — The United States apparently is finding it easier to export its missile weapons than to deploy Air Force units overseas to man the special squadrons.

This was indicated in yesterday's announcement of an Anglo-American agreement whereby some 60 Thor intermediate range missiles will be stationed in Britain.

Original plans called for American airmen to handle some of the missile units. But the final agreement disclosed they will be manned and operated by the Royal Air Force Bomber Command after British launching crews receive training in the United States.

The change in signals apparently stems from Laborite opposition to setting up any missiles bases in Britain prior to a new attempt at easing East-West tensions at a summit meeting.

Dividend Declared

DALLAS (AP)—The board of Pan American Sulphur Co. met yesterday and declared a quarterly dividend of 20 cents a share.

Disabling eye injuries cost industry in the United States 20 million dollars annually, says the Better Vision Institute.
