# Ike Prefers Deficit To Boost In Federal Taxes

WASHINGTON (AP)—President Eisenhower said today he would prefer a reasonable amount of deficit spending this year to a tax increase.

The President, at his first news conference in 2½ months, said he believes some red ink spending would be the only answer under present circumstances if it came to a choice between that and a tax increase in order to handle the proposed new federal budget.

In that connection, Eisenhower noted that his economic advisers are predicting an upturn from the current business recession.

Eisenhower was discussing the $73,900,000,000 budget for the fiscal year starting July 1 which he sent to Congree Monday.

On paper, it is narrowly in balance with a forecast of a surplus of half a billion dollars based on anticipated tax revenues.

A 400-million-dollar deficit now is in prospect for the current fiscal year, because tax collections have fallen with the decline in business prosperity while spending for defense has gone up.

This was Eisenhower's first news conference since Oct. 30. He suffered a minor stroke on Nov. 25.

In reply to questions about his health at this time, he said with a smile that he is feeling very good and would like to get out on the golf course for a couple hours if only there were some sun.

His face was ruddy as of old, and the consensus of the 270 newsmen was that he handled himself well.

There was one instance, near the start of the 30-minute session, when Eisenhower appeared to "fluff" a word or two. But there was no more of that—and quite possibly there was less—than before the slight stroke which manifested itself by a temporary speech difficulty.

Eisenhower said he never gave any consideration to resigning after his latest illness. He touched off a round of laughter by adding that his doctors were assuring him a couple hours after the minor stroke that—as the president put it—there was no damage whatever to the intellectual faculties he has.

Turning serious, Eisenhower went on to say that if ever his doctors should tell him that he was unable to carry on the duties of the presidency, he would have no recourse except to resign.

Eisenhower also discussed these other matters:

SUMMIT - Eisenhower said - as he did in his message to Soviet Premier Bulganin last weekend—that there must be adequate advance preparation before he would agree to any new summit conference with the Russians. He said the preliminary steps probably should include meetings at the ambassadorial level and of the foreign ministers of the countries to be represented at any such conference.

In reply to a question, Eisenhower said he has given no thought whatever to including Red China and its satellites in any summit conference.

GAITHER REPORT — Eisenhower said he has no intention whatever of ever releasing the administration's Gaither report on the state of the nation's defenses and the prospect for the future. That report, drawn up by a committee of advisers named by the President, reportedly cautions that the United States is fast losing military superiority to Russia.

Eisenhower said he names such study groups with the proviso that information given to them, and developed by them, is in a privileged or secret category. If there should be any change in that, Eisenhower added, he would have to stop setting up such study groups.

DULLES — Eisenhower vigorously labeled as trash reports that Secretary of State Dulles might resign. He said Dulles is the last person he would want to see resign, and added that he regards the Cabinet officer as the wisest and most dedicated man he knows.

Eisenhower said he is sure it is the desire of all to whom he has talked, including other government officials, that Dulles stay right squarely on the job.

Dulles, the President said, has greater knowledge in his field than any man he knows.

FIFTH ANNIVERSARY — A reporter noted that Eisenhower will observe his fifth anniversary in office next Monday. The past five years, the newsman said, have produced for Eisenhower such crises as the Little Rock school integration situation, Russia's satellite and the rise of Nikita Khrushchev as Communist party boss in the Soviet Union.

The reporter asked then for the President's views of those problems and for a forecast of the future.

Eisenhower responded that he intends to carry on in the three remaining years of his term exactly as he has during the first five years.

## Skies Clear Following Storms

By The Associated Press

Clearing skies brought fair weather to most of Texas Wednesday in the wake of tornadoes, snow flurries, and rains.

The turbulent weather Tuesday, including a small twister that damaged two barns and two sheds at Greenville, was set off by two cold fronts that swept into the state.

Chilly temperatures which ranged from 18 degrees at Dalhart to 50 at Corpus Christi were due to be repeated again Wednesday night. A general warmup was forecast for Texas Thursday.

The Greenville twister, one of several sighted in the North Texas area Tuesday, darted out of a mass of gray clouds and skipped over a half-mile path.

The twister, which roared "like 20 freight trains" at times, was one of three or four which erupted in a sudden but brief siege of violent weather. Skies were clearing over most of the state Wednesday.

No injuries were reported in the Greenville tornado area, although the twister narrowly missed three homes.

"It sounded like a freight train going over," said Mrs. R. B. Kilgore. The twister unroofed a storage shed at the Paul Ledbetter residence on the northeast edge of town and then wrecked a garage-shed back of Mrs. Kilgore's home.

Then it swept on, gaining speed, and lifted the roof off a barn at the home of Mrs. Harry Bray. Mrs. Bray was inside with her two small daughters, 18 months and 2½ months old.

She said she didn't hear a sound and didn't know the twister had hit until she saw the wrecked barn. It also ripped away part of a barn at the V. T. Banks home nearby.

## School Asks Bids On Warehouse Expansion

The Snyder school board will take bids next Tuesday on one of the smaller projects of the several parts of the school expansion program, and they are preparing for another in the near future.

Bids will be opened at 11:30 a.m. Tuesday for an addition to the school warehouse which is located at Avenue M and Twenty-ninth Street.

Fred Buford, architect for the schools on the expansion program, met with the board last night to discuss building plans. He told the board there are already five bidders on the warehouse addition program. The addition will be 30 feet, 8 inches by 63 feet and will include a paint room, laundry room, office, and workshop. It will be of brick construction.

Max West, a board member, presided at last night's meeting in the absence of Clyde Godwin, president, and Dr. Wilton Jones, vice-president, both of whom are ill.

The board discussed plans for the new South Elementary School with Buford and made a few revisions in his preliminary plans. The new elementary school, which will be located south of Forty-third Street and west of Avenue U, will have 18 regular classrooms in addition to special rooms, a physical education room, a combination cafeteria-auditorium, and other facilities. It will have two classroom wings.

Buford said he would have revisions made on his preliminary plans and bring them back for the meeting set next Tuesday.

The board set Jan. 28 as the date for sale of the $2,323,000 in bonds recently authorized by taxpayers of the school district for the expansion program.

In other action last night, the board approved a request from Elder Wayne Call of the Church of Jesus Christ of Latter Day Saints (Mormons) for temporary use of the Central Elementary School for Sunday morning services.

Call estimated the church would need use of the building for about three months. The church which now has a total of 16 members, including adults and children, has plans for a permanent location at a later date, Call said in his request by letter.

The board officially accepted the high school addition to the Abraham Lincoln School here, which has been in use since the beginning of the school year but did not have final architectural inspection until yesterday. The addition was constructed by D. D. Shelburne & Son.

The board, upon application from Lamb Insurance Agency, found that the agency was qualified to participate in the school insurance program and voted to add it to those already participating.

*BANK INCREASES CAPITAL STOCK*

## Board Chairman Alexander Retires

Stockholders of the Snyder National Bank, in their annual meeting yesterday, unanimously approved a proposal by the bank's board for a stock dividend which would increase capital stock of the bank to $300,000.

At the same meeting, stockholders elected two directors to serve in addition to those already on the board. The new board members, elected for a term of one year, are Theo Lamb, owner of Lamb Chevrolet Co., and T. J. Sterling of Snyder, a rancher.

A. C. ALEXANDER . . . Retires

Immediately following the stockholder meeting, the January meeting of the bank's board was held.

At that meeting, A. C. Alexander, chairman of the board, resigned his position to retire from active service. The board passed resolutions accepting the resignation with regret and commending him for his many years in service for the bank. Alexander was appointed honorary chairman of the board and will continue to be a director. The chairmanship has not been filled.

Re-elected were Roger B. Mize, president, Ralph Geisenhoner, executive vice-president, and Mrs. Mildred Stokes, cashier.

Four promotions were made by the board at yesterday's meeting.

Cecil Boren, who has been associated with the bank for 11½ years and an assistant cashier 10½ years, was promoted to vice-president.

Rex Robinson and Bobby Frank Roemisch, both of whom have been employed by the bank for five and one-half years and assistant cashiers for about two years, were both promoted to assistant vice-presidents.

Sam Pliler, supervisor of book-

## 10 Crewmen Missing From Sinking Ship

GENOA, Italy (AP) — The Norwegian tanker Seirstad broke in two in a raging Mediterranean storm today and at least 28 of the 38-man crew were rescued.

The Dutch freighter Bintang messaged she had rescued the 28. The captain, A. C. W. Latour, told his home office in Amsterdam 10 crewmen were missing from the 9,974-ton Norwegian ship, and that a search was continuing.

The scene of the rescue was about 100 miles east of Majorca, largest island in the Balearic group off the east coast of Spain.

A French air force plane flying over the area said the severed bow of the Seirstad had sunk ut the stern section remained afloat. The plane could not tell whether any were left aboard the stern.

The 8,274-ton Bintang, however, apparently had succeeded in removing the men from the stern. In his first message to Amsterdam, Latour said he had rescued 15 sailors and was trying to take off those still on the stern.

The French Admiralty in Algiers said the seas had been very rough but the storm has abated.

The maritime radio in Marseille reported the messages monitored from the Bintang made it clear the Dutch freighter was in no danger as believed earlier.

The confusion might have arisen from the fact the Bintang sent an SOS message early today on behalf of the Seirstad, Marseille radio operators said.

Three French escort vessels were dispatched from Algiers as soon as the first distress message was received.

The Bintang, en route from Holland to Indonesia, was the first on the scene.

## Crash Claims Fourth Victim

Injuries received in a two-car crash near Stamford Monday night proved fatal to Howard Gibbs, 37, of Haskell.

Mr. Gibbs, who was a brother of Mrs. Charles Gleastine and Mrs Pearl Gleastine of Hermleigh and an uncle of Opal Lomax, assistant agent at the bus terminal here, died this morning in a Stamford hospital.

Three other persons died Monday night in the crash, including G. R. Gibbs, father of Howard Gibbs. The others were two Rule High School students, Lavelle Baugh, 17, and Allen Boyd, 17.

## Alarming Absence Of Defense Policy Cited

WASHINGTON (AP)— A key national industrialist said today there is an alarming lack of clear-cut space age defense policy that must stem from the President.

Robert E. Gross, chief executive officer of the Lockheed Aircraft Corp., told the Senate Preparedness subcommittee investigating the missile-satellite program: 'Although we face a national crisis as grave as any in our history short of actual war, we have been more concerned with balanced budgets, reduced taxes and business as usual than with security from atomic annihiliation."

"It is high time we, as a nation, face the facts of life," he said.

Lockheed is the prime contractor for the Navy's fleet ballistic missile, Polaris.

Gross was to be followed by representatives of two other missile makers — Dan Kimball of Aerojet-General, and Patrick Hyland of Hughes Aircraft.

Gross had a prepared statement which said that events exemplified by the launching of the Russian Sputniks clearly indicate increased emphasis and quickened tempo of the defense effort are needed.

He said a Herculean effort would be required to neutralize the advantage Russia unquestionably holds today.

"The people must be told the gravity of our situation and what is required to strengthen our defenses and regain our respect in the community of nations," Gross said.

In a closed door session yesterday, the subcommittee heard testimony from Dr. Marvin J. Kelley, president of Bell Laboratories, that some predictions about the dates when U.S. long-range missiles will be operational seem "optimistic."

Sen. Stennis (D-Miss), acting chairman of the group, said Kelley reported a lack of funds had been slowing the development and production of missiles.

## Low Rent Housing Studied

A change from urban renewal to a low-rent housing program is being studied by the city in conjunction with its proposed slum clearance program here.

In a meeting of part of the city council and part of the city planning and zoning commission last night, the city studied a workable program presented by Matkin Fitch, engineers, on low-rent housing.

If accepted the low rent housing would be provided for white persons Mexicans and Negroes in different parts of town.

The housing would be duplexes finished on the outside in either asbestos siding or brick veneer, depending on the desires of the federal government.

There would be no cost to the city for such a program, and it could be worked later into an urban renewal program in which the city could participate if there was further need for improving housing conditions here.

The council lacked a quorum last night, and no official action could be taken by the council last night. Official action in either accepting the program or rejecting it can be taken at a later meeting of the council.

## SPOT MUSE

**ADULT CLASSES**, at Snyder High School, becoming more popular by the year, will again be held two nights weekly during the high school's second semester.

**A MEETING** of those interested in taking any high school course at night has been called for 7:30 p.m. Jan. 23 in Room 120 at the high school, according to Clois D. Henry, assistant principal.

**ANY COURSE** the high school has in its curriculum can be offered at night if there are enough persons wanting to take the course. During the semester ending, courses offered were typing, shorthand, bookkeeping, arts and crafts, and shop.

### Gaillard Has Cool Reply For Bulganin

PARIS (AP)—In a note that closely reflected President Eisenhower's views on a summit conference, Premier Felix Gaillard gave a cool, cautious reply last night to Soviet Premier Bulganin's call for a top-level meeting.

Gaillard said the foreign ministers must meet before any summit session to agree on an agenda. The Russians already have rejected this idea.

## Stabbed Man Faces Charge

DALLAS (AP)—A Dallas man, stabbed and left for dead by hitchhikers he picked up in New Mexico, was charged yesterday with forging three checks on his employer.

New Mexico officers found Keith Klock beside a highway near Albuquerque. They said he admitted he cashed three blank company checks given to him by his Dallas employer. The charges accuse him of cashing a check for $1,489 belonging to Mills Metal and Partition Co.

New Mexico police arrested the two teen-aged hitchhikers and charged them with armed robbery and assault to murder. Klock told police the two stabbed him in the neck and left him along the road to die.

## Redstone's Flight Gets Close Check

CAPE CANAVERAL, Fla. (AP)—The Army checked over tape and photographic records of a nighttime launching of its big Redstone missile today for clues that might help it put an American-style Sputnik into an orbit.

The Redstone was sent up into a starlit, cloudless, moonless sky from the Air Force missile test center here last night.

Photographic and recording devices at island stations along the missile test range extending out into the Atlantic registered detailed information on how the missile performed.

The Redstone is considerably more than the Army's biggest—and first operational — ballistic missile. A Redstone will be the first stage of the huge Jupiter-C test vehicle.

With this device the Army hopes, before another month, to send up an earth satelite.

The Redstone, 69 feet long and 6 feet in diameter, lifted sluggishly from its launching pad, in fiery sheets of exhaust fumes and with an earth-shaking roar.

It climbed vertically, at a rapidly accelerating pace, for thousands of feet. Then it arched at a slight angle toward the southeast, still very much on the upgrade.

Its tremendous flaming tail diminished steadily, and for more than a minute before disappearing entirely it resembled a winking red star among the many paler stars in the clear sky.

Unlike most other missiles fired here at night, the Redstone's flight path was marked by a trail of bright white flashes — stroboscopic lights to help the cameras below follow its course through the sky.

The Defense Department, announcing the launching minutes after the takeoff, gave no indication of the distance flown or the target assigned. It said only that the flight was normal.

The Redstone, powered by a liquid-propellant engine, has considerably exceeded its designed range of 200 to 250 miles. A Jupiter-C vehicle with a Redstone as the first of its three stages flew 3,500 miles over the Atlantic.

The Redstone is being produced by Chrysler Corp. at Detroit. Its engine is manufactured by Rocketdyne Division of North American Aviation, Los Angeles.

## Probe Of A&M Board Asked

HOUSTON (AP)—The president of the Houston A&M Club asked Gov. Price Daniel today to make a complete investigation of the board of directors of Texas A&M on its handling of a search for a new football coach.

C. J. Thornton said he sent a telegram to the governor saying: "I think the whole matter has been muddled."

Thornton said the matter will be placed before the club Monday.

"You can look for official action then," he said.

Gene Howard, a former president of the club, said he also had sent a telegram to Daniel protesting what he called the board's "mishandling" of the coaching situation.

## *WEATHER*

SNYDER TEMPERATURES: High Tuesday, 51 degrees; low, 23 degrees; reading at 7:30 a.m. today, 25 degrees.

East Texas—Clearing and cooler this afternoon and tonight. Lowest 30 to 40 in interior tonight. Fair and mild Thursday.

South Central Texas—Fair and mild this afternoon and Thursday. Cool again tonight with lowest 30 to 40 in north and central portions.

North Central Texas—Fair through Thursday. No important temperature changes. Lowest 26 to 34 tonight.

West Texas—Fair through Thursday. No important temperature changes. Lowest 22 to 32 tonight except 32 to 40 in Del Rio-Eagle Pass area.

*DANIEL CONCENTRATES ON WORK*

## No More Special Sessions

By GARTH JONES

AUSTIN (AP)—Gov. Price Daniel told the key men of his executive branch of state government today that he planned no more special legislative sessions and would concentrate with them to carry out state laws already on the books.

Daniel also said he was making no definite plans for new state taxes.

About 200 administrative heads and fiscal officers of agencies under the executive branch attended the special conference called by Daniel.

"I assure you now that all the special sessions have been held that are going to be held as far as I am concerned," Daniel said in his enthusiastic speech.

"I am now ready to concentrate on working with you in carrying out the legislative enactments."

He bore down strongly on honesty, integrity and law enforcement in the state—agencies and departments. Daniel also appealed to agency and department heads to do their best to stay within the money allotted them by the last Legislature.

"There have been some rumblings that we will not be able to keep up with the tax receipts this biennium which will result in a need for more tax income the next biennium," the governor said.

"I assure you these rumblings have not come from me. I am not as pessimistic as some people."

Daniel urged the officials to "enforce with diligence" the new code of ethics law. It requires state officials, employes and legislators to make public any properties they own which are under state control.

Another new law requiring registration of persons who represent others before state agencies also was explained. The law becomes effective Feb. 11.

Daniel's main topics were honesty, integrity and and public confidence in state government.

He said the recent Travis County grand jury's report giving state government a general clean bill of health regarding alleged misconduct of state officials and employes should be maintained.

"You have the most important ingredients for successful administration of state responsibilities—integrity, efficiency and public confidence," Daniel said.

"I consider this matter of public confidence the most essential requirement for the success of any government, and I urge each of you to continue with diligency the maintenance of integrity and public confidence throughout all of our state agencies."

Daniel, who began his second year as chief executive of the state, said he hoped "the very few wrong-doers among our 56,000 state officers and employes have been exposed and eliminated."

He said two kinds of people were guilty of destroying public confidence in government.

"There are the few who violate the public trust," he said.

"On the other hand there are the self seeking demagogues who exploit the few exceptions and create unjustified distrust with broad and unfounded charges against everyone in public service. And our state certainly has had its share of them.

"Both are guilty of destructive acts against our system of government."

## Torpedoes Delivered

WASHINGTON (AP) — The Navy announced today that two new lightweight torpedoes — designed to seek out their targets by following sounds — have been delivered to the fleet.

Known as the Mark 32 and the Mark 43, the torpedoes are the first of a new series developed by the Navy in its stepped-up concentration on antisubmarine warfare.

The Mark 43 can be launched from either surface ships or aircraft. The Mark 32 is designed for ship launching only.

The Navy said the Mark 43 weighs only about an eighth as much as aerial torpedoes used in World War II. It is about 8 feet long and 10 inches in diameter.

Rear Adm. F. S. Withington, chief of the Bureau of Ordnance, said the Mark 43 is "actually a submersible guided missile and is capable of searching to great depths for enemy targets." It is propelled by an electric motor powered by a battery.

# Military Pay Bill Calls For Increase

WASHINGTON (AP) — President Eisenhower has sent to Congress a military pay bill which would give most service personnel a raise of at least six per cent, and also provide for merit increases.

The bill was introduced in the House by Chairman Vinson (D-Ga) of the House Armed Services Committee, shortly after the White House disclosed details of administration proposals for boosting pay of postal and civil service workers, as well as service personnel.

The raises for all groups would cost about a billion dollars annually. The administration wants the raises to become effective July 1.

Under the Eisenhower program, all military personnel with more than two years' service would get the minimum increase in base pay.

The plan also would give the services greater flexibility in granting periodic raises, placing less emphasis on length of service and giving more consideration to merit.

The military pay plan embodies some of the recommendations submitted last year by an advisory group headed by Ralph J. Cordiner, president of General Electric Co. That group said pay adjustments were necessary to reduce turnover in key military jobs.

In addition to the military raises, the administration also is asking these other increases, which will be set forth in separate legislative proposals:

1. A general six per cent increase for the nation's 500,000 postal workers.

2. An increase of at least six per cent for the nearly one million civil service workers.

The White House also said the proposals call for increasing the top salaries of workers in the highest civil service grade from $16,000 a year to $18,000, and would remove the present limit of 1,226 workers who can hold jobs in the top three classifications.

The administration also seeks upward adjustments in the starting and intermediate grades for scientific, professional and managerial workers.

Legislation now pending in the Senate would give postal workers an average boost of 12½ per cent, and raise civil service workers by 7½ per cent.

## TODAY'S MARKETS

FORT WORTH (AP)—Hogs 400; steady; good and choice 19.00-20.50.

Cattle 900; calves 700; steady to strong; good to choice steers 22.00-26.00; choice steers 21.25 down; commoner 15.00-22.00; fat cows 13.50-18.00; good and choice calves 22.00-27.50; commoner 15.00-22.00; good and choice stock steer calves 24.00-27.00; stock yearlings 25.50 down.

Sheep 1,300; steady to strong; good to choice lambs 22.00-24.00; wooled 23.50 down; stock lambs 19.00-22.25; yearling wethers 21.50 down.

AUSTIN (AP) — Poultry: East Texas steady; 2½-3½ lb 20-21. Waco steady 20. South Texas quiet; supplies too short to get prices.

NEW YORK (AP)—Cotton was 30 to 60 cents a bale higher at noon today. March 38.59, May 38.77, July 38.55.

# General Says Red Gain Can Be Overcome

TOKYO (AP)—The U. S. Army's new chief of research and development, Lt. Gen. Arthur Gilbert Trudeau, declared today that recent Soviet weapons gains are nothing "we can't compete with or surpass."

Trudeau, a corps commander in Korea, told a news conference he learned only this morning that he had been chosen to replace Lt. Gen. James Gavin as the Army's research chief.

He will take over the Pentagon post April 1, one day after Gavin's retirement becomes official.

Trudeau said he hopes to inject a "vigorous attitude" into America's missile and weapons program, "to destroy or at least reduce the complacency with which this situation has been viewed."

Trudeau, 55, sidestepped a question on consolidating the present U. S. chiefs of staff system under one head.

On whether the three services could jointly research missiles under one command, Trudeau said reports of interservice development rivalry were "greatly exaggerated." Amalgamating research by the three services "is a problem which needs searching study on the parts of all concerned," he added.

A long-time Army engineer, Trudeau has had little direct experience in weapon planning. He stressed, however, that he had been "intimately concerned" with U. S. programs in weapon research in former posts.

Gavin announced his retirement after sharply criticizing missiles policy, the Joint Chiefs of Staff setup and Army appropriations before a Senate committee.

## Third Person Dies Of Bus Wreck Injury

BEDFORD, Pa. (AP) — A Pittsburgh woman today became the third person to die of injuries suffered in the crash of a transcontinental bus on the ice-coated Pennsylvania Turnpike.

Mrs. Clemmie Johnson, 24, succumbed in Bedford County Memorial Hospital without regaining consciousness.

She was admitted Monday night a short time after the bus skidded into a concrete bridge abutment and ripped in half.

Of the 17 injured, seven are still hospitalized. All are in fair condition.

For cute names, Sydney, Australia, is bounded on one side by Darling Harbor and on the other side by Woolloomooloo Gardens.

## CHAIRMAN

Continued from page one

keeping and the transit department who has been at the Snyder National about a year, was made assistant cashier.

Alexander's letter of resignation, in part, reads:

"In reflecting over the thirty-eight years of service with the Snyder National Bank and association and working with the directors during these many years, I have been made to feel humble and very grateful for the splendid cooperation and recognition you have given by honoring me with the various official positions in the bank, namely, cashier, vice-president, executive vice-president, president and chairman of the board.

"During our association together the bank has grown from a small one to a bank numbered among the lower bracket of the second hundred largest banks in the state of Texas. I am sure you share with me in the feeling of pride and thanksgiving for this accomplishment.

"I also want to take this opportunity for expressing my appreciation for the wonderful cooperation, counsel and help extended me by the other junior and senior officers of the bank, who shared greatly in its growth and prosperity during this long period of time.

"I leave you with the kindest of feeling and very best wishes to each of you, and in the hope that the Snyder National Bank may continue to grow in the years ahead."

# Panel Seeks Dulles' Help

WASHINGTON (AP) — Sen. Fulbright (D-Ark) said today that the Senate Foreign Relations Committee will seek full cooperation from Secretary of State Dulles in its forthcoming study of foreign policy.

Sen. Mansfield (D-Mont), agreeing with Fulbright, said that "this inquiry is not a vendetta against Mr. Dulles," but "a sincere desire on the committee's part to help formulate foreign policies that will save the world from atomic disaster."

The committee voted unanimously to conduct a study and review of American foreign policy over the coming months. It authorized Chairman Green (D-RI) to name a four-member subcommittee to "work out policies and procedures" for the hearings.

**WRITES AND RECORDS NEW SONGS**—Dixie Sue Rogers, 17-year-old daughter of Mr. and Mrs. Willie W. Rogers, Lamesa Highway, is shown above with her new Caprock recording of two of her songs which is being released to record shops and radio stations throughout the country this week. She is a senior in Snyder High School. (Lee Watson photograph)

## *Snyder Girl Realizing Life-Long Musical Ambitions Now*

The songs of a young Snyderite are now being played over radio stations and in record shops throughout the country.

Dixie Sue Rogers, 17, a senior in Snyder High School, has already realized one of her life-time ambitions — to write and sing songs for recordings.

In the country and western vein, Dixie's first two songs were recorded in Big Spring Dec. 6, and were released Jan. 10 for distribution to disk jockies and record shops throughout the country.

One side of the record has "I Will Miss You," and the other side features "What Then Will You Say." Both songs were written, words and music, by Miss Rogers, and she is featured in the vocals on the records.

"I started singing when I was wanted to write my own songs and record them," she said, adding, "I hope to be able to make a career of writing and singing songs."

In addition to writing and recording, Miss Rogers has appeared on several television shows throughout the southwest, and on some "bigtime" radio shows — namely the Big D Jamboree at Dallas and the Texas-Oklahoma Jubilee at Iowa Park, Tex.

At the Texas-Oklahoma Jubilee she shared star billing with Slim Willett, another West Texas song writer-singer.

"It's real easy for me to write poetry and I just set the poems to music," she said.

Most of her musical training has been self-taught, but she was a member of the Snyder High School band for two years — her only formal musical training so far.

In the recording of her first two songs made in the Caprock Recording Co. studios in Big Spring, and later pressed by the RCA Victor recording facilities, she was accompanied by the Benny Hall Trio of Big Spring.

She played a standard guitar, and the Benny Hall trio used a standard guitar, a bass, and a steel guitar.

Right now Miss Rogers is looking forward to a personal appearance on the Bill Mack Show, Feb. 4, in Lawton, Okla.

"That is the biggest problem," Willie W. Rogers, her father, says.

"It's expensive to travel over the country taking Dixie to personal appearances and such, as much as is necessary to launch a singing career, but if she does make a successful career out of it it will have been worth the expense and trouble," he added.

Dixie came by her talent as song writer and singer on her own. No other member of her family has such musical talent — except that her younger brother, Willie Don Rogers, a freshman in high school here, plays a banjo.

## Be Sure Of Perfect Fit

1313
12½-26½
WITH THE NEW
PHOTO-GUIDE

THIS good looking shirtwaister is a special design for the half-size figure, insuring perfection in fitting.

No. 1313 with PHOTO - GUIDE is in sizes 12½, 14½, 16½, 18½, 20½, 22½, 24½, 26½. Size 14½, 35 bust, short sleeve, 4⅞ yards of 35-inch.

Send 35c in coins for this patern to IRIS LANE, (care of Snyder Daily News), Box 438, Midtown Station, New York 18, N. Y.

## Look-A-Like Cardigans!

Knit 'look-a-like' cardigans for brother and sister. You'll find the sweaters easy to make and so inexpensive too. No. 321-N has knit directions — sizes 4, 5, 6 inclu.; stitch illustrations.

Send 25c in coins for this pattern to MARTHA MADISON, (care of this newspaper), Box 438, Midtown Station, New York 18, N. Y.

To wear with the classic shirt in silk or linen: golden chains in the Chanel manner.

### Prepackaged Foods

We are very much aware of man-made convenience foods in supermarkets today. But Margaret Spader, home economist suggests we include in the daily diet plenty of the foods Nature has prepackaged. Bananas, oranges, apples, pears and tangerines are nutritious, delicious, ready-to-eat foods. They provide quick energy. They come in individual portions. They have a beneficent effect on the digestive tract, and they are available now in all parts of the country at reasonable prices.

Need a topping for ice cream? Boil maple syrup to thicken it slightly — about 5 minutes — then pour over the ice cream, garnish with salted almonds.

## *'Playboy' To Receive Trip*

Snyder's "playboy" to be selected in conjunction with the Snyder Follies of 1958 will win a free trip for one week to a plush hotel in Pheonix, Ariz.

And the club which sponsors the winning playboy will get a cash benefit, also.

Officials of the Follies organization said that the sponsoring clubs will retain half of the funds collected as votes for their candidates for the playboy honor, and the club which has the winning playboy will get a $50 cash reward in addition to its half of the voting money.

The winning playboy will win a one week vacation in the Paradise Inn, a luxury hotel in Pheonix, Ariz., for two persons.

Follies officials are also attempting to provide transportation to and from the vacation for the winning playboy, but the transportation has not been definitely arranged yet.

## Mrs. K. Baker Hostess To Church Circle

The O'Neil Circle of the First Baptist Church met in the home of Mrs. Kenneth Baker, 3732 Austin Tuesday morning.

Refreshments of coffee, pie and ice cream was served by the hostess.

Members were reminded of the W.M.U. dinner to be held at 6 p.m. Wednesday in the church dining room. Also of the Loyalty Dinner to be held Jan. 22 in the high school cafeteria.

Members present were Mrs. A. L. Barnett, Mrs. John Brown, Mrs. John Harper, Mrs. Tommy Ivison, Mrs. Durwood Miller, Mrs. H. L. Wren, Mrs. Baker, Mrs. Brown, Mrs. James Luedecke and one new member, Mrs. Donald Fritz.

The program was Mission Study, the fourth chapter of the book, "Content in Commotion," given by Mrs. John Brown.

Mrs. Durwood Miller will be hostess for the next meeting on Tuesday, Jan. 21.

## Mrs. Ray Houpt Hostess To Jayceette Club

The Martha Ann Woman's Clubhouse was the setting for the Jaycettes meeting Tuesday evening at 7:30 o'clock, with Mrs. Ray Houpt, hostess.

Mrs. Gene Thompson, president, presided over the business meeting. A report was given by Mrs. James McClure on the Clubs Christmas project.

The group voted to extend an invitation to the State Jaycette president, Mrs. Margie Colley of Ralls, Tex., to the installation banquet, which will be held in April.

A committee was appointed to investigate the possibility of the Jaycettes purchasing vests to mat those of the Junior Chamber of Commerce members.

Refreshments were served to 11 members and three guests, Mrs. Bill Brown, Mrs. Howard Jones and Mrs. Bob Littlefield.

### Eliminate Radiators

Old style radiators create many problems for the efficient as well as the aesthetic homemaker. They can be replaced by baseboard panels, radiant panels or wall recessed heating units for a fresh, modern look. Today's gas fired boilers and furnaces are small, compact units like your kitchen appliances. They do a more efficient job in less space then the old-fashioned models

**BRIDAL SHOWER**—Pictured above are the hostesses and honoree at the miscellaneous shower held in the home of Mrs. Frank Taylor. From left are, Mrs. H. K. Goforth, Mrs. Curtis Wise, Mrs. Roger Gee, Mrs. John Robbins, the honoree, Mrs. Taylor, Mrs. Clifford Terry and Mrs. Dale Brooks. (Lee Watson photograph)

# WOMEN

## WOMEN'S CALENDAR

**WEDNESDAY**

Dinner meeting at 7 p.m. in Fellowship Hall for the Women Society of Christian Service and Wesleyan Guild of the First Methodist Church.

**THURSDAY**

Provincial League of Women Voters dinner at the Country Club. Public invited. State Sen. David Ratliff, guest speaker.

A Board meeting will be held for the United Council of Church Women at 10 a.m. at the St. John's Episcopal Church.

The Order of Eastern Star will meet at 7:30 p.m. in the Masonic Hall.

**FRIDAY**

El Felix Club meets at 3 p.m. at Mary Lynn's Tea Room with Mrs. R. H. Murry, hostess.

**SATURDAY**

Lucky 13 Club will hold a benefit bridge at the Country Club, starting at 1:30 p.m. Public invited.

Gamma Upsilon Chapter of ESA will hold a Hobo Party at 8 p.m. in the Humble Recreation center. Husbands will be guests.

### Life Cycle

The roles a refrigerator plays in the life of a single family places importance on the design. Meeting the variable needs of infants, later the appetites of growing youngsters, plus party and holiday needs of the family requires flexibility for rearranging the interior. Considering the fact that the first refrigerators (bought 25 years ago) are still going strong, it is doubly important that you choose a design and size that will keep in step with the needs of a growing, ever-changing family.

Frozen desserts need mellowing. Their texture and flavor will usually be improved if they are left in the freezing compartment for some time before they are served, but at a slightly warmer temperature than that used for freezing.

### Eliminate Fatigue

According to medical research there are two kinds of fatigue: physiological and psychological. Physiological factors include hard work and trying environment. Boredom, monotony, irritability, pressures and general attitude make up the psychological factors. There are many new pharmaceutical agents available to combat fatigue, but a cup of hot tea is as good an agent as has been offered. Start the New Year by taking a few minutes every day to sit down and refresh yourself with a stimulating beverage, a snack of food, or, food for thought.

## *Miscellaneous Shower Held Tuesday For Recent Bride*

Mrs. John Robbins was honored with a miscellaneous shower Tuesday evening in the home of Mrs. Frank Taylor, 2401 Forty-second Street. Mrs. Robbins is the former Sammie Williams, daughter of Mrs. Merle Johnston Williams, Arah Route and Mr. Sam Williams of Dunn. She and Mr. Robbins were married on Dec. 14, 1957.

The home was attractively decorated in the bride's chosen colors of pink and white. The honoree's table was covered with a white hand crocheted cloth. The centerpiece was a miniature church surrounded by white daisies, pink stock and greenery, with a miniature bride and groom at the entrance.

Approximately 35 guests were served coffee, cake squares, mints and nuts.

### *4-H Club Girls Hold Meeting*

The Snyder Elementary 4-H Club girls met Tuesday afternoon at 4 o'clock in the county extension office for their regular meeting.

A demonstration on making a dessert called "peach delight" was given by Brenda Maddox and Carolyn Engler

Nine members were present and four new members were welcomed. They are, Susan Sharburn, Linda Mayberry, Susan Gracey and Barbara Gracey.

Remove the stem end, seeds and white membrane from a green pepper; cut into thin rings. Chill in ice water, then drain and arrange over the top of a bowl of greens to be used for a tossed salad.

*DENNIS THE MENACE*

**Junior Editors Quiz on HAIR**

*QUESTION: Why do fathers turn gray?*

ANSWER: This boy is curious because he has noticed a few gray hairs on his father's head. The father looks worried but gray hair does not necessarily mean a man or woman is growing old.

Some people are more apt to get gray hair early in life than others. They were just born that way. Also, hair may turn gray because of worry, sorrow or illness. There have been cases of hair turning white overnight because a person received a great shock.

Hair receives its color from pigment deposited in cells at the hair roots. The original color of the hair is determined by heredity.

FOR YOU TO DO: For an unusual collection, get together locks of hair from friends and relatives, attaching each to a cardboard and identifying it by name and date. You will be surprised at the difference you can see in the hair under a strong magnifying glass.

(Pat Gillingham of Redwood City, Calif., wins $10 for being the first to send in this question. Mail yours on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: Who was Aesop?) 1-15

# Tiger 5 Trips Indians 51-47

By BUCK FRANCIS
News Sports Editor

The Tiger basketeers poured on the steam in the third quarter to erase a five-point halftime deficit and then fought off the Seminole Indians in the final quarter to post a 51-47 victory at Tiger Gym.

It was another team effort performance that accounted for the victory. Four Tigers hit in double figures with big Leon Reed and dimmunitive Israel Hinojos sharing top scoring honors with 12 points apiece.

But close behind were Gary Vice with 11 points and Bill Phillips with 10. Lynn Wilson led Seminole with 16.

It was only the third defeat in 15 games for the Indians. Prior to last night, only Odessa and Tom S. Lubbock, a pair of 4A powers, had been able to outscore Seminole.

Seminols went to rest at halftime leading 28-23 last night but the hustling Tigers quickly caught up in the third period and then held on for the victory.

Vice and Hinojos hit from the floor in the first minute of the third to cut the Seminole lead to 28-27 and after Lynn Wilson cashed in on a free throw for the Indians to make it 29-27, Vice came right back with a long one hander to knot the count at 29-29 two minutes deep in the quarter.

Then 30 seconds later Reed hit a pivot-backhand jump shot from the side to break the tie and the Tigers were never headed after that.

Hinojos mad it 33-29 but Bill Davis came back with a fielder to pull the Indians within two points, 33-31. The Tigers moved ahead bp four again when Phillips connected from the floor but once again Davis hit from out to cut the difference to two points with three minutes left in the third, 35-33.

But the Tigers pulled away at this point when Phillips and Vice hit fielders and Reed two free shots and a fielder to hike the Tiger lead to 43-33 at the third quarter mark, Seminole going scorless in the last three minutes of the period.

The Tigers had to fight off a determined challenge by the Indians to maintain their lead in the fourth. The Bengals, after having their lead cut to seven points, hiked it to 11 with two minutes to go, 50-39.

Seminole kept plugging away, though, and threw a scare into the Tiger partisans in those final two minutes.

The ball-hawking Indians quickly cut the Tiger lead to 50-47 with 50 seconds to play. The Tigers called timeout to talk things over and it paid off as the Bengals controlled the ball in those final seconds, adding a free throw for the final point and holding the Indians pointless.

Seminole once led by 10 points in the second quarter, 27-17, but the Tigers battled back to cut the difference to five points at the halfway mark.

It was a nip-and-tuck first quarter with the lead changing hands 10 times, Seminole finally grabbing a 13-12 lead at the quarter's end. Seminole then held her lead throughout the second period but the Black and Golders were not to be denied as they came back in the third to regain the lead and hold it the remaining distance.

Snyder also won the B game, 40-30. Kenneth Drake led the Tiger B teamers with 16 points. Coach V. V. Shearburn cleaned the Tiger B bench, using all 14 boys suited up.

The Tigers hit 21 of 45 field goal attempts for 46.6 percent. The Tigers grabbed 22 rebounds with Reed leading the way with nine.

# Jr. Hi, Frosh Sweep Series

The Snyder Junior High and Tiger Freshmen swept a three-game series from Colorado City here yesterday.

At Junior High Gym, the Blue Devil 8th graders romped to a 40-19 decision while their little "brothers", the 7th graders, rolled to a 27-16 victory.

Then over at Tiger Gym, the Tiger Freshmen breezed to a 50-29 victory over Colorado City's Fresh quint.

Eddie Lloyd and Larry Patterson shared scoring honors for the Tiger Freshmen, each tallying 12 points.

Larry McNair led the Blue Devil 8th graders to victory with a 10-point output. The Blue Devils were never extended after jumping off to a 9-0 first quarter lead.

Scoring was pretty equally divided for the Blue Devil 7th grade team. Pat LaFountain was high with six points with four others following with four points a piece.

Following are the box scores:

**SNYDER 7TH (27)**

# Aggies Pound Bears To Tie For Second

By The Associated Press

Texas A&M climbed into a tie for third place in the Southwest Conference basketball race Tuesday night by whipping the Baylor Bears 57-47.

The victory gave the Aggies a 2-2 record, identical with Rice, Texas Christian and Texas Tech.

Arkansas leads the conference with a 4-0 record and defending champion Southern Methodist is second with a 3-1 mark.

No games are scheduled Wednesday. The next conference action comes Thursday night at Austin when Texas Christian clashes with Texas.

The Aggies led most of the way, but needed a second half splurge sparked by Neil Swisher to maintain its margin over Baylor.

Swisher led the scoring with 17 points. Bob Turner led Baylor with 13.

The Aggies dominated the backboards, scooping up 51 rebounds to 28 for the Bears.

# Hermleigh, Ira Cagers Break Even

Hermleigh and Ira split a basketball doubleheader at Ira last night.

Ira won the boys game, 46-38 while Hermleigh won the girls game, 48-36.

Tommy Echols led the Ira boys with 22 points. Dwayne Williams was high for Hermleigh with 15.

Lena Farmer of Ira and Gannaway of Hermleigh shared scoring honors in the girls game with 21 points each.

## Weaver To Speak At Midland Grid Banquet

MIDLAND (AP) — Texas Tech Coach DeWitt Weaver will be the featured speaker at the annual Midland High School football banquet Jan. 23.

Weaver will be introduced by Jim Lindsey, Midland newspaper executive and chairman of the athletic committee of the Texas Tech board of directors.

# Championship Bowling Set At Local Bowl

Championship bowling will be held at the Town and Country Bowl each Sunday afternoon, according to Lowell Guy, assistant manager of the local Bowl.

In the opening championship match last Sunday, J. L. Bunch defeated F. W. Walton by 24 pins, 481-457.

Bunch will now appear in the championship match each week until he is defeated.

The person posting the high series each week will gain the right to challenge the "champion."

Anyone is eligible to qualify each week for the championship match. The high series (3 games) through Saturday night of each week will gain the right to challenge the "champion".

The championship match each Sunday will be held at 4:30 p.m.

In last Sunday's match, Bunch had games of 175-168-138 for 481 to Walton's 155-167-135 for 457. Both reportedly were a bit "off" form.

Walton, later in the day, rolled a 231 game in some doubles matches that followed the championship match.

Lowell Guy had the high series in the doubles play, 603, for an average of 201 per game.

# Erdelatz Blasts Texas A&M Officials In Shunning Offer

COLLEGE STATION, Tex. (AP)—Texas A&M was shopping for a football coach again today after Navy's Eddie Erdelatz bowed out with an angry blast at Aggie representatives over the way his visit was arranged.

Erdelatz was the sixth coach mentioned for the $16,000-a-year job and the fifth to visit the campus. No prospects are in sight.

Erdelatz's dispute was with Jack Finney, chairman of the coach selection committee of the college board of directors.

"I am going to remain at Navy," Erdelatz told newsmen. He said he felt A&M didn't follow proper protocol in dealing with him.

The Dallas News quoted him as saying he had learned that the selection committee had more authority in hiring a coach than President M. T. Harrington and the athletic council.

"Hell, if I'd known that I wouldn't have come," Erdelatz was quoted as saying. "But you know I'm a stranger here."

Erdelatz said a condition of his visit was that the college contact Rear Adm. William R. Smedburg III, superintendent of the Naval Academy to get permission for him to come here. He said he learned after his arrival that this had not been done. He said Finney had talked with Capt. Slade Cutter, Naval Academy athletic director, but insisted this was not sufficient.

Finney later issued a statement saying he tried in vain to contact President Harrington so he could secure permission of Adm. Smedburg.

"Mr. Erdelatz agreed to come to Texas to talk to our athletic council and if after talking to them they were interested in offering him the job and he were interested in accepting it, then his admiral would be called," Finney said. "We thought that was the proper procedure."

Erdelatz said he made up his mind to bow out after receiving a telegram from midshipmen urging him to stay at the Naval Academy.

The dispute between the Navy coach and Finney occurred as Erdelatz was framing a formal statement on why he was turning down the job.

Erdelatz had been contacted last Friday in Washington, D. C. at which time Cutter was told A&M was interested in Erdelatz.

Dr. C. H. Groneman, chairman of the Aggie athletic council, said another meeting of the council must be held before it decides its next move. Asked if there were any other coaches under consideration, he said, "I just don't know."

## Zuany In Knockout

PHOENIX (AP)—Alfredo Zuany of Chihuahua, Mexico, unleashed a crackling right to the jaw of heavyweight Lajuin Burke of Austin, Tex., to score a second round knockout last night. Zuany, at 194, spotted his opponent eight pounds.

## Pirates Sign Texan

PITTSBURGH (AP)—Righthander Joe Kaiser, 20, Fredericksburg, Tex., was signed by the Pittsburgh Pirates yesterday as a pitcher with their Class B farm club at Beaumont.

# Turner, Martinez In 'Crucial' Bout

PHILADELPHIA (AP) — Depending upon where you live, tonight's bout between Philadelphia's Gil Turner and Vince Martinez of Paterson, N.J., is or isn't a fight to earn a shot at the welterweight championship.

If you live in New York or in any place where the jurisdiction of the World Boxing Championship Committee is accepted as law, you'll merely be watching one of a series of eliminations to determine a title-holder.

If you live in Massachusetts you probably will watch the bout as just another fight of top welterweights.

If, however, you live in a state where boxing is under the National Boxing Assn., you will be witnessing the semifinal elimination in the 147-pound title series. The winner has been ordered by the NBA to fight Isaac Logart for the title vacated by Carmen Basilio after he won the middleweight crown from Sugar Ray Robinson.

The NBA says it will recognize the winner of a Turner, Martinez, Logart, Gaspar Ortega elimination series as champion. Logart beat Ortega and thus already has fought his way into the final.

The world committee, headed by Julius Helfand, New York State Athletic Commission chairman, says it will recognize the winner of a Martinez, Turner, Logart, Ortega, George Barnes, Virgil Akins elimination series.

Massachusetts already has a welterweight champion of its own. He's Akins, who defeated Tony DeMarco in Boston for the New England version of the title. Massachusetts seceded from the NBA when it refused to go along with Akins.

Martinez, the clever boxer-puncher who has won 58 fights and lost only 5, is the favorite at about 7-5. The experts feel he will outbox the aggressive Turner and possibly could win by a knockout if the Philadelphia Negro gets careless as he sometimes is prone to do.

## Record Recognized

NEW YORK (AP)—The International Amateur Athletic Federation yesterday officially recognized as a world record the 9.3 100-yard dash AAU mark set by Bobby Morrow of Abilene Christian College during 1957.

# Teachers Credit Union Shows Gain

Members of the Scurry County Teachers Federal Credit Union last night elected new officers for 1958 and declared a five per cent dividend to stockholders at their annual membership meeting.

The organization, holding its meeting at the high school here last, declared a five per cent dividend to be paid from profits of the credit union for 1957. Last year, a two and one-half per cent dividend was paid for 1956.

The orgahization now has a total of 125 members and total assets of $25,300 after slightly more than two years since organization. During its two years and three months, the credit union has made a total of $60,000 in loans to its members. Members borrowing from the union pay interest at the rate of one per cent per month on the unpaid balance.

For the most part, the credit union makes only short-term small loans. A teacher must be a member to borrow from the credit union. Minimum deposit is $5 for membership. Maximum deposit was raised last night from $2,500 to $3,000 per member.

The credit union is encouraging teachers to invest more money in the credit union, which was established as a means of providing systematic savings through payroll deduction and a means of borrowing when in need.

The union's board of directors is now composed of Guy Sullivan, president, succeeding Frank Miller; Charles Anderson, vice-president succeeding Sullivan; Mrs. Ruth Burchett, secretary succeeding Carolyn Reon; Mrs. Hazel Hanback; and James Littlepage, reappointed treasurer. Anderson and Mrs. Hanback are new members on the board, which establishes policies and handles business of the union.

The supervisory committee, which once each three months runs an audit on the credit union's books, is composed of Houston Polasek, chairman; Ollie Peek, secretary; and Frank Miller. They succeed Bob Womack, J. C. Jackson, and C. W. Wise.

The credit committee, which screens all loan applications for approval, is made up of Jack Longbotham, Dan Martin, chairman; and Ed Phy, secretary. Longbotham is a new member of that committee, succeeding Peek.

**NEW OFFICERS** of the Scurry County Teachers Federal Credit Union, elected and installed at a membership meeting last night, include left to right, Jack Longbotham, credit committee; Charles Anderson, vice-president of the board; Frank Miller, supervisory committee; Houston Polasek, chairman of the supervisory committee; and Ollie Peek, secretary of the supervisory committee. ## Exceptional Frosh Found

LOS ANGELES (AP) — Faculty sleuths at the University of California at Los Angeles are using advanced techniques to uncover freshmen with exceptional academic ability.

The UCLA detectives said that out of 840 frosh tested since last September, 94 placed among the upper half of 1 per cent in intelligence nationally.

"We found two students who could have skipped college altogether and gone into graduate work," one official said.

UCLA Dean of Students Milton E. Hahn said there are many gifted students who might go through their four years "never realizing their potential."

The whole program, says Hahn, is to broaden, enrich and speed up educational opportunities. He said the 94 freshmen have an ability to take courses one to three years above their grade levels, and every effort will be made to give them as much additional work as they can handle.

## British Press Backs Sarah

LONDON (AP)—The British press rallied today to the support of Sir Winston Churchill's actress daughter Sarah and praised her performance on a TV show which followed her jailing in Los Angeles as a drunk.

Miss Churchill spent five hours in jail on a complaint by the General Telephone Co. that she used profane and obscene language over the phone. Sheriff's deputies said they arrested her after she climbed into their car with a glass of rum, resisted efforts to get her out, and cursed them also.

"The belief is growing that she was wrongfully arrested; that doctors, not police should have been called in," declared the Daily Mail, a supporter of her father's Conservative party.

The independent but pro-Conservative Daily Express asserted that "Sarah Churchill's treatment at the hands of the Los Angeles sheriffs has come as a profound shock to the British people."

## Filmdom Pays Final Tribute To Lasky

HOLLYWOOD (AP)—The film industry pays its final tribute today to a pioneer producer, Jesse L. Lasky Sr., at funeral services in a cemetery chapel.

Lasky, one of the celebrated few chiefly responsible for developing the infant film industry to giant status during a 44-year career, died last Monday at 77. He collapsed with a heart attack.

# Kean To Sponsor Trade Bill

By B. L. LIVINGSTONE

WASHINGTON (AP)—The Eisenhower administration, putting on pressure for reciprocal trade extension, could point today to a dent in the Republican congressional front opposing the President's trade program.

In a surprise move, Rep. Kean (R-NJ) announced he had yielded to administration requests to sponsor in the House the President's controversial proposal for a five-year extension of the receiprocal trade act.

As late as last Saturday, not one of the 11 GOP members of the House Ways and Means Committee—including Kean, could be found who was willing to sponsor the administration trade bill. Trade and tariff legislation must originate in the House committee.

Kean, who now is expected to be a candidate for the New Jersey Republican senatorial nomination this year, had been represented as unwilling to take up cudgels for the program this year. Three years ago he was GOP sponsor of the last trade bill in Congress.

He announced he was glad to help push Eisenhower's mutual trade program through Congress this year in the interest of international security and the domestic economy.

"I believe that the urgent need to stimulate our own economy's growth and to wage total peace makes mutual trade legislation an absolute must," he said.

Although Kean's action rescued the administration's precarious prestige in its own party ranks, it did not signify any major change in the forthcoming trade battle.

House GOP Leader Martin of Massachusetts told newsmen after a meeting of Republican policy leaders that "there will be a fight" over trade extension when a bill reaches the House floor.

Ways and Means Committee Republicans expect to whittle down the President's five-year extension to no more than one or two years, and limit rather than enlarge his authority to negotiate tariff concessions and make international trade agreements.

## Judge Gives Emblem To Combat Crime

LEXINGTON, Ky. (AP) — Judge Bart Peak, presiding in Juvenile Court, came up with a new deterrent for two boys who admitted searching for money in cars.

The judge gave them medals inscribed with the Lord's Prayer and told them: "Take this emblem and the next time you are tempted to do something wrong, think and don't do it until you take this out of your pocket and throw it away."

The parents of one of the boys said they were sending him to a vocational school and the other youth was put on probation.

## Barbara Burns Is Taking Treatment

LOS ANGELES (AP)—Consel for Barbara Burns, 19-year-old daughter of the late comedian Bob Burns, says she is in a sanatorium for treatment of drug addiction.

The attorney, Harry Weiss, so informed Superior Court yesterday when Miss Burns did not appear for a hearing on a writ of habeas corpus, by means of which she was released from jail 10 days ago. Miss Burns had been arrested on a charge of illegal use of drugs.

Judge Maurice C. Sparling reset her appearance for Feb. 18.

# Junior Livestock Show Set Feb. 20

The annual Scurry County Junior Livestock Show has been set for Feb. 20-22.

Directors of the association, meeting this week with leaders in the Future Farmers of American and 4-H programs here, set the dates and made plans for the annual show, which will be held in the exhibit barn of Towle Memorial Park.

The annual membership meeting and free barbecue will be held in the park on Feb. 17, and at that meeting three directors will be elected.

Holmon Odom is now president of the organization, and Max West is secretary. Other directors are Edwin Parks, Jack Martin, and Jess Everett. Working closely with them are FFA and 4-H leaders. They are Oscar Fowler, county agent; Jake Greene and Billy Bob McMullan, Snyder FFA; Bill McMeens, Ira FFA; Ray Herring, Fluvanna FFA; and Frank Barnes, Hermleigh FFA. The terms of Odom, West, and Martin expire this year.

It is expected that a total of between 250 and 300 animals will be entered in the annual show, which will be followed by a sale. Estimates made this week by agricultural teachers and Fowler showed there will be about 150 sheep, 140 hogs, and 37 calves.

The association will hold its one-day membership drive next Tuesday. The $10 memberships are the only means of financing the annual show, which involves cash prizes to youths. Estimates are that it takes about $3,000 to finance one of the shows, which would mean at least 300 members are needed.

The board, at its meeting this week, changed weight requirement on hog divisions. Those from 180 to 210 pounds will be lightweights, those 211-235 medium weight, and those 236-260 heavyweight. Lambs, to be in the show, must weight at least 85 pounds, and calves must weight at least 600.

Judge for the show and auctioneer for the sale have not yet been chosen by the board.

## Tiny Mouse Delays Airliner's Takeoff

OWENSBORO, Ky. (AP) — An Ozarks Airlines plane was preparing for takeoff last night when everything went black.

The plane — without lights — taxied back to the ramp, where an electrician located the trouble.

He found a mouse in the electric circuit box burned to a crips. How it got there isn't known.

The plane departed for Louisville half an hour late.

# Reuther Says Plan Is Misunderstood

DETROIT (AP)—Walter P. Reuther says spokesmen for the auto industry's Big Three either don't understand his profit-sharing and customer rebate proposals or they tried willfully to distort them.

The United Auto Workers chief referred to his union's 1958 contract demands, criticized sharply in statements from General Motors, Ford and Chrysler Corp.

In a letter to General Motors President Harlow H. Curtice, Reuther said his plan was "based upon the right of workers and consumers to share in the fruits of advanced technology."

The letter was made public by Reuther's office several hours after another auto executive, George Romney, president of American Motors, called the proposal a "subterfuge."

Reuther said copies of his letter to Curtice were sent to L. L. Colbert, Chrysler president, and Ernest R. Breech, Ford board chairman, both of whom previously had in effect, rejected the UAW proposal.

He accused General Motors of opposing profit sharing for hourly rated workers while maintaining a bonus plan based on dividing excess profits for top GM executives.

He estimated that Curtice and other executives received a total of 635 million dollars in the 10 years between 1947 and 1956 under the plan.

He questioned whether "public confidence can best be built by a small group of General Motors executives sharing in the excess profits of the corporation while denying workers and consumers their rightful share."

Romney charged, "Reuther's profit-sharing and price rebate 'bludgeon' apparently was devised to silence growing criticism of chain-reacting pattern bargaining. This is subterfuge.

"By concentrating his publicity on the profits resulting from General Motors' far-flung and unmatched operations," Romney said, "Reuther again seeks to use GM in establishing the size of the industry economic package."

In statements Monday, top executives of the Big Three labeled the UAW proposal as "unrealistic," "foreign to the concept of the American free enterprise system" and "inflationary."

Reuther's proposal, to be presented to a special UAW convention Jan. 22 and—if approved—to the auto industry in bargaining sessions beginning about April 1, calls for a sharing of above 10 per cent of net capital before taxes—25 per cent to employes, 25 per cent to car buyers in the form of rebates and 50 per cent to the company.

# Anti-Americanism Is Fad In Southeast Asia

By WILLIAM L. RYAN
AP Foreign News Analyst

A tall, blond man, very drunk, tore a Bangkok night club apart one evening. The press in Thailand's capital quickly identified him as a crazy American. He wasn't. He was a Dane.

But Americans get blame for practically everything in Southeast Asia. Anti-Americanism is almost a fad.

However, there's another side. Take Indonesia, for example. In that Asian nation, threatened by mounting Communist strength, American technicians are often the best ambassadors of the United States.

So says James Baird, chief of the International Cooperation Administration program for Indonesia. More American technicians are wanted in that sprawling, strategically important island nation, he says.

The ICA in Washington is planning an increase in "third country" specialists who would be hired by the United States to work with American experts. For example, West German doctors might be assigned to jobs in Iran, their salaries paid out of counterpart funds in local currencies. The ICA is also operating a third country program in Japan, helping Japanese train other nationals in various techniques.

But underdeveloped Asia seems to want mostly good Americans to help build its economies. It does not want nationals of a third country.

Asian leaders say Romanians, Russians and other Iron Curtain experts wait offstage, eager to show their technical assistance wares. They say any reduction in the number of American technicians would likely increase the number of Iron Curtain experts in Asia.

How is the U. S. technical assistance program going in Asia? Here is a look at some of the results:

India: Some time ago Washington ordered a big cut in technical personnel for fiscal 1959. Sharp protests from the U. S. mission in India changed Washington's mind and the mission was maintained at its present strength of 230, a rise from 64 in 1952.

Indians say they want more Americans in such fields as education, agriculture, engineering and home economics. Most of it has been in farming, trying to put over modern methods.

INDONESIA: ICA Director Baird says the main problem is selection of the "right type" Americans who work for the love of it and do not gripe about hardships. He admits they are a minority. But to his knowledge, he says, Indonesians do not resent the 160 U. S. technicians stationed among them. Government officials actually urged him to bring in more, to prevent vacancies being filled by Communist bloc personnel.

THAILAND: Thomas Naughton, ICA program director, says he has the "absolute minimum" of Americans (280) to do the assigned job, a long-range program. Officials say any personnel cut would cause irreparable harm. Thailand benefits from an annual 34½ million in U. S. economic aid.

INDOCHINA STATES: U. S. technical personnel in South Viet Nam number 150. Program directors would like 50 more to train Vietnamese. Currently 548 Vietnamese are training abroad at U.S. expense, but even when this is accomplished, the government feels American technicians will be indispensable. They don't want nationals of any other country. Officials say Americans have their "full sympathy and understanding."

In Laos, government sources say they are pleased with American technicians. A reduction would make it imperative to turn elsewhere. The government does not want to.

In Cambodia, U. S. aid, totaling more than 104 million dollars since mid-1955, is called indispensable to the nation's financial stability. Half the aid has been military.

SOUTH KOREA: This country has an annual billion-dolar U. S. aid program, of which 215 million dollars goes for economic help. Actually, the program is said to be understaffed. In technical assistance, $5,600,000 for fiscal 1958 went to a program concentrating on refugee resettlement, sanitation, health, irrigation and housing. It employs 30 Americans who Korean officials say, are vital to effective operation of the program. Public sentiment is a mixture of appreciation and disappointment at the lack of immediately visible results.

JAPAN: This is not an underdeveloped country. But a U. S. technical aid program, budgeted in 1957 at $1,890,000, operates a "third country program." A force of 16 Americans helps Japan train other nationals for aid programs. It's a small, efficient, unpublicized project. There are no problems over the presence of American technical personnel.

Tomorrow—Experts in a major battleground.

## New Strength For Pearson

OTTAWA (AP)—Former Foreign Secretary Lester B. Pearson continued to pick up strength as the national convention of Canada's Liberal party prepared today to receive formal nominations of candidates to succeed the aging Louis St. Laurent as party leader.

The voting will take place tomorrow night. The convention will hear the nominations read tonight and will hear speeches from the candidates themselves.

The other leading candidate is former Health Minister Paul Martin, waging an uphill fight. Pearson's candidacy was given a boost when Mayor Don Mackay of Calgary withdrew and threw his support to this year's Nobel Peace Prize winner.

Pearson also received the endorsement of most of the Liberal Cabinet ministers who served with him and Martin in the St. Laurent government before its defeat by the Conservatives last June.

He was reportedly pledged a substantial majority of the delegates from the populous province of Quebec and several other areas, including the Toronoto region, which has 155 delegates.

## Sitting Bad For Hearts

SAN FRANCISCO (AP)—Dr. Paul can's love of sitting, especially in autos, may be bad for their hearts.

Dr. White, chief heart consultant for President Eisenhower, told a news conference last night: he recently took cardiographs of 600 southern Italian males between 45 and 65 and found coronary disease in only four. A similar study of 600 Cretans found only two with heart ailments.

A study of Americans of Italian descent in Boston found 18 per cent with coronary heart disease in evidence.

"In Boston they have autos. In Naples they do not," he said.

Dr. White, 71, and his family are bicycle fans.

## LEGAL NOTICE

ADVERTISEMENT FOR BIDS

Sealed bids will be received by the Snyder Consolidated Independent School District at the Business Office, School Administration Building, Snyder, Texas, until 11:15 a.m., Tuesday, January 21, 1958 for an addition to its Warehouse Building. # Got Any Political Ambitions? Here's How To Get In A Race

Want to run for public office? It seems that quite a number will be doing so this year, and many of them, with no previous political experience, are not sure just how to go about getting into the race.

First, assuming all who will run here will be Democrats, they must line up with the Democratic Party. The first two elections held here those in July and August, are actually party primaries and serve only to nominate a person for a particular office. The first primary will be held July 26, the second primary Aug. 23.

Of course, a man who defeats all other candidates in one of those primaries is usualy already "in" here, since it would be a rare circumstance for a local candidate to have an opponent from another party in the general election. It is the general election, however, which elects the man to office, not the primaries.

Supposing a man were to decide to run for public office. If he did it without filing his candidacy with the Democratic Party, he would have to run without his name on the ballot in the Democratic primaries.

So, to file for public office, a person must do his filing with Frank A. Wilson of Ennis Creek, county Democratic chairman. He can do this either by contacting Wilson, or he can pick up filing blanks at the county clerk's office in the courthouse.

On the filing form, a prospective candidate not only officially files for office, applying to have his name placed on the ballot, but signs a loyalty oath to the U. S. government.

This filing must be done by a deadline of May 5.

And that's not all. If a candidate wants his name on the ballot, he must pay a filing fee. The Democratic Party here uses filing fees of candidates to pay expenses of the primaries.

There is nothing definite yet on just what those filing fees will be this year, Wilson said, but they will be set by the county Democratic executive committee.

There are many ways the committee can use to determine the filing fees. The most recent used in this county is setting the filing fee by the race, basing it on the annual salary of the office involved. The flat rate would be set, and then all the candidates in that race would share equally the cost of that race. It's not that way in every county, however, and could be changed here. Some counties just have flat fees of so much per candidate.

The candidate's place on the ballot, as to whether he or his opponent will be listed first, is determined by drawing.

By July 17, sworn statements of campaign expenses must be filed by candidates, and by Aug. 4, after that primary, they must file supplemental expense statements.

Other than the cost of the filing fee, the amount the candidate spends on the election is strictly his "baby". Some spend much, some spend practically nothing.

# Debra, David Wed In Quiet Ceremony

By JAMES BACON

BEVERLY HILLS, Calif. (AP)—Actress Debra Paget and singer David Street were married last night in a quiet home ceremony despite reports that the fourth wife—the one he married and divorced last month—might cause a ruckus.

Mrs. Maggie Griffin, mother of the shapely Debra, told a reporter that dancer Sharon Lee had called her several times yesterday threatening to disrupt the marriage.

"I wasn't the least bit nervous about losing a daughter," said Mrs. Griffin, "because I gained such a wonderful son-in-law. But I kept looking toward the door all during the ceremony for fear that Sharon would show up."

Miss Lee appeared on the Tom Duggan Show, a local TV program, on the eve of the wedding and declared that Street's love for Debra had broken up their 30-day Nevada marriage.

To this Mrs. Griffin replied: "Why, Debra and Dave weren't even alone until this—their wedding night."

Both the shapely Debra, 24, and the 37-year-old singer said their friendship blossomed into love on last Saturday night while watching a late movie on TV. However, they have known each other since 1945.

"We started watching it just like any other movie," said Debra, "but we never did find out how it ended. He kissed me during the commercial and wowie, I knew then I was in love."

Debra long had been publicized as Hollywood's only unkissed starlet. This was because filmland never had seen her in public without her mother.

Mrs. Mary Street, wife No. 1, served Street with a show-cause order demanding back support payments for their 14-year-old son.

## More Rains Needed In Some Areas

AUSTIN (AP)—Texas has the best soil moisture supply in many years, but more rain is needed in the northern Panhandle and northern Low Rolling Plains, the U.S. Department of Agriculture said yesterday.

Prospects of small grains are excellent although cold weather has checked their growth. The weekly report also said northwest wheat was reported at good top gr and root development.

Demand continued strong and active for cattle and sheep. Midwinter supplemental feeding started on additional ranches and was stepped up on others, especially over the eastern half of Texas.

Livestock were grazing heavily on wheat and stubble fields in northwestern areas. Shrinkage caused moderate feeding in East Texas.

The department said livestock losses have been unusually light although scattered cases of wheat and other poisoning have occurred.

In most South Texas areas, commercial vegetable harvest was resumed with cabbage and spinach moving in good volume. Cultivation of onions is badly needed in the Coastal Bend and Winter Garden where weeds are becoming a problem.

Clear weather was needed to harvest mature crops and prepare land for spring plantings in South Texas vegetable areas.

## Scouters To Hold Session

The first monthly roundtable meeting of the new Boy Scout year has been set for 7:30 p.m. Thursday at the high school building here, Wayland Holt, district chairman, announced.

All regular district operating committees will meet, as will Boy Scout, Cub Scout, and Explorer leaders for their roundtables.

This will be the first monthly meeting for some of the new operating committee chairmen. The new chairmen include Fred Auforth, organization and extension and Bill Brown, public relations. Dan Cotton is new district commissioner.

Other committee chairmen include Ray Devers, camping and activities; B. J. Bartels, advancement; Bill Zimmerman, health and safety; and D. V. Merritt, Jr., leadership training.

Holt urged the chairmen to make sure all their committee members attend the meeting.

## Reenlister In Front Again

Sfc. James Boone, head of the Snyder Army recruiter of the Fourth Army area.

This time, Boone tied with another recruiter, Sfc. William A. Schlesselman of Vernon, since both men enlisted 350 per cent of their quotas during the month of December. The Fourth Army area covers five states.

This is the fifth time Boone has been named top recruiter in the Fourth Army in one and one-half years. Two of those awards have been made since he opened the recruiting office in Snyder.

The recruiting station will receive a certificate of achievement, and Boone will receive a letter of appreciation from the commanding officer of the Southwest Recruiting District.

## Californian Heads Helicopter Assn.

FORT WORTH (AP)—Richard Eccles of Stockton, Calif., yesterday was elected president of the Helicopter Assn. of America.

The association, holding its 10th annual national convention, also voted to investigate the possibility of hiring a fulltime executive secretary to act as a legislative lobbyist.

SARAH CHURCHILL JAILED—Actress Sarah Churchill, 43-year-old daughter of Sir Winston Churchill, struggles with deputy Roger Johnson and another officer at County Jail in Los Angeles after the actress was jailed as a drunk. Miss Churchill's attorney Robert J. Gottlieb, who identified the actress, said she was released on $50 bail. (AP Wirephoto)

## Surprising Sarah Makes Show Go On

HOLLYWOOD (AP)—They were betting actress Sarah Churchill wouldn't make it.

When the daughter of Great Britain's Sir Winston Churchill entered NBC's huge television studio at 5:30 a. m. yesterday, a stagehand watching her arrival murmured: "That took guts."

At noon, Miss Churchill's wan face was submitted to the glaring lights and searching eye of the television camera in an hourlong play, "The Makropoulos Secret."

She gave one of the best performances of her life, critics said. Many TV viewers also believed it "took guts" for the actress to appear. Less than 24 hours before arrival at the station, she had been a temporary inmate of county jail.

She had been arrested on a drunk charge after sheriff's deputies accused her of using profane language over the telephone. The arrest was accompanied by kicking, scuffling and tearing of clothes, the officers said.

Miss Churchill goes into court tomorrow to answer the misdemeanor charge.

Soon after she was bailed out, she headed for the TV studio and rehearsed five hours.

"It was one of the best performances I've ever seen Miss Churchill give," said Cecil Smith, television critic of the Los Angeles Times. "As she walked proudly past (toward the camera and the waiting millions) I thought I saw her extend two fingers as if to form a V."

Mrs. Hugh Taylor of Irvington, N. J., has been blind for seven years. With Maggie, her Boxer dog guide, she does all her own housework and holds down a full time job as secretary. In the latter job she types stencils and transcribes dictation from a tape recorder.

# No Comment On Plane Crash

By ELTON C. FAY

WASHINGTON (AP)—The government would give no details today on its brief admission that at least one plane carrying a nuclear weapon crashed without exploding the weapon.

The Pentagon, apparently acting after consultation with other government agencies, refused to say where or when the accident occurred or to say whether more than one such incident might have occurred.

However, there was growing belief that the accident mentioned by the Air Force Monday occurred within the last year in the continental United States and involved a B47 medium bomber.

Air Force spokesmen declined to answer a question about that possibility and had general "no comment" when asked about other accidents.

The pilot and copilot of a B29 which crashed and burned Aug. 5, 1950, in California confirmed that their craft was carrying the outer casing of an atomic bomb which did not explode. But they could not say whether the Air Force announcement referred to that crash.

The pilot, Lt. Col. E. Q. Steffes Jr., said in Washington, "There was no possibility of an atomic explosion and there was none. In that form it (the bomb) was not capable of a nuclear explosion. It was just a certain quantity of TNT."

The copilot was Capt. Carter W. Johnson, now at Ellsworth Air Force Base, Rapid City, S. D. Like Steffes, he said the weapon lacked the vital component to explode it. Johnson, now a B52 bomber pilot, said the explosion and fire which followed the plane crash stemmed from the fuel tanks.

"You can assure everybody that while the shape and weight of atomic bombs may be carried, there is no danger of a nuclear explosion because that hush-hush part is always missing on training flights," he said.

## Airman Killed By Auto At C-City

COLORADO CITY (AP)—Airman 1.C. Buford Eley, 26, Webb Air Force Base, Big Spring, was struck and killed by a car while walking here last night.

His wife and 3-year-old daughter live at Big Spring.

Plagued Day And Night with Bladder Discomfort?

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache, or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills. Doan's Pills act 3 ways for speedy relief. 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. New, large economy size saves money. Get Doan's Pills today!
