1911-12 TERM PUBLIC SCHOOL BEGAN MONDAY

Supt. and Teachers Spend a busy Week Straightening Things out 300 in Attendance.

Bright and early Monday morning the familiar sound of the school bell was heard in Wellington and soon the sidewalks were crowded with children of all sizes, each in a state of joyous expectancy and each one full of the happy thoughts of days gone by.

In most instances the children knew just where to go and to which room they would be assigned but the only element of uncertainty in many cases was as to who would be their teacher, as a number of new faces appear among the faculty this year.

Superintendent Wills says he never saw a school start off more harmoniously anywhere, and that he is highly pleased with the Wellington people and their children. He has had much to do this week working out the details and answering the many questions that come up to a superintendent, but he is feeling good over the prospects and hopes to make this the very best years work he has ever known.

Sunday School Institute.

Rev. R. B. Bonner and wife of Stamford, Texas, will be with us on the 16th and 17th of this month to conduct a two days institute. Bro. Bonner is the first secretary of the Sunday School Board of the North West Texas Conference and an expert on Sunday School work. This is a great opportunity for Wellington people to sit under the instruction of these up to date Sunday school workers. Mrs. Bonner is a specialist on primary work. Every body invited to be with us. Remember the date, Saturday and Sunday Sept. 16th and 17th.

Cartoonist Coming.

We are informed that Alton Packard the Great Cartoonist, who is to put on the first of a series of attractions in this city this fall for the Dixie Lyceum, which attractions here will be under the auspices of the Woman's Study Club, will render his most splendid and high classed entertainment here Thursday Sept. 21. A more complete announcement will appear next week.

BAILEY SAYS HE WILL NOT BE A CANDIDATE

His Utterances that he will not be Candidate for the U. S. Senate Causes Much Comment.

Gainesville, Texas, September 5.—Senator Bailey arrived home at 9:35 this morning via the Katy. Although he was not expected until the evening train a large number of his neighbors were soon at the Turner hotel to welcome him home and today he has been busy shaking hands with his neighbors, who congratulated him and indorsed his work in the senate just closed.

A newspaper reporter called on Senator Bailey in his room at the hotel this afternoon, and in reply to the inquiry if he had any statement to make to the press, he said:

"You can say for me that I will not be a candidate for re-election to the senate next year; and you can also say that this decision is irrevocable. I know that the State can not find a successor who will be more faithful to the honor and the welfare of her people than I have been; but I sincerely hope that she will find one who can represent her in the senate with greater ability than I have done."

Senator Bailey declined to make any other statement or assign any reason for his action, though he said he would make an announcement in a few days regarding requests for speaking at various points. He will probably go to Ardmore to speak Thursday by previous engagement, and will speak at the Producers' and Consumers' convention in Fort Worth, which is to be held September 12 and 13.

An Entertainment.

On last Friday night a host of friends gathered at the home of Miss Bennie Wain Holbert and were royally entertained.

"42" and many other interesting games were played, after which water melon was served to all.

Music was rendered by Misses Irene Clark and Bennie Wain Holbert. All departed at a late hour, declaring they had enjoyed them selves as never before.

Those present were: Misses Clark, Wiles, Kelley, Anderson, Goad, Wiles, Service, Holbert, Messrs Couch, Penrod, Brooks, Dobbs, Hawkins, Arnn and Benson.

Eastern Star Instructor Here.

The Eastern Star Lodge has for some time been planning to have an instructor visit this chapter. This plan materialized on last Monday when Mrs. Houghton of Memphis arrived in our midst. Then for two days we members, who could attend, were in school at the Masonic hall. We found Mrs. Houghton to be well up on the work and imparted quite a bit of enthusiasm as well as the work of the Star. On Thursday night she gave the chapter a paper on the history of the Eastern Star.

After the closing of the work at the hall we all repaired in a body to Mr. Brooks' Drug Store where he treated the whole body to the most delicious and refreshing cream. We all went away merry and thanking Mr. Brooks for the nice refreshments.

A Sad Message.

T. R. Blades received the sad news Thursday of the death of his father, W. W. Blades in Missouri. Mr. Blades departed Thursday night for Missouri to attend the funeral. The message did not state the cause of Mr. Blades death. He is well known to our Memphis people all of whom will regret to learn of his death, and the deepest sympathy of the community will go out to Mr. Blades in his hour of sorrow and grief.—Memphis Democrat.

Light and Ice Men Here.

Geo. E. White and another gentleman both of Ft. Worth were here one day this week, in company with Mr. J. T. Muse of Aberdeen, this county, looking over our city with a view of putting an electric light and ice plant here. On Wednesday quite a number of the representative business men met with the above named gentlemen in the lobby of Hotel Wellington and talked the matter over, and while there was no definite action taken at this time it may be that later in the coming fall, there will be something doing.

Moving to Town.

Among the good citizens that have moved and are moving to Wellington is Mr. T. B. Starkey and family who like many others comes here principally to send their children to our high school. From the way things are humming around this place of learning we can see no reason why this should not be known as the best school term ever experienced in the town's history.

Kicked by Mule.

While Mr. W. A. Roundtree and family were visiting at the home of his brother Mr. A. G. Roundtree four miles north, Wednesday of this week, the little four year old son of the former was kicked in the face by a mule or horse; just which it is not known as the little fellow had gone out to the barn by him self, and no one knew of the accident until the unfortunate little fellow came running and screaming to the house with his little head badly crushed in on one side. Physicians were summoned and the wound properly dressed and at last reports the little boy is doing nicely.

Large Ranch Deal at Ballinger.

Mr. C. E. Loose of Ballinger has placed the Loomis Ranch consisting of 12,000 acres, located in Concho Valley, on the market in small tracts.

This deal marks the passing of the large ranches of Western Texas, and transfers a valuable portion of land from the range to the farm.

THOMAS & WELLS

General Health Ordinances.

Be it ordained by the City Council of the City of Wellington, Texas:

That it is hereby made the duty of every practicing physician to report the City Clerk of said city every case of Small Pox, Scarlet Fever, Diphtheria, or any other contagious or malignant disease, which he may be called upon to attend, within twelve hours after he shall first visit such case; giving in such report the name of the person so afflicted, the residence, the number of occupants of such residence, and how many have vaccinated, if the disease is small pox.

It is hereby made the duty of the occupant of every house within the corporate limits of said city wherein any person is afflicted with small pox, scarlet fever, diphtheria, or any other contagious disease, immediately upon notice from the city clerk so to do, to notify the public of the existence of such disease by placing, in case of small pox, a red flag; scarletina, a yellow flag; diphtheria, a black flag; and other contagious diseases, a blue flag, which flag shall not be smaller than 18 inches square, and placed in some conspicuous position near the usual place of entrance to such premises, and such flag shall so remain until permission to remove the same is given by certificate by the city clerk.

It is hereby made the duty of the occupant of every house within the corporate limits of said city, wherein any person has been afflicted with small pox or other contagious disease, immediately upon the death or recovery of such person, to disinfect or destroy, as directed by the board of health of such city, all clothes, garments and bedding worn or used by such diseased person during his sickness, and also to cleanse and purify the room and house in which such diseased person was confined as directed by such board of health.

It shall be unlawful for any person afflicted with or having just recovered from any contagious disease to appear in any public place or to go from house to house within the corporate limits of said city without first obtaining a certificate from the board of health of said city certifying that there is no danger of contagion from such person, and it is hereby made the duty of said city clerk to give such certificate when directed by the board of health to do so.

Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than five dollars nor more than twenty-five dollars and costs.

Privies

Be it ordained by the City Council of the City of Wellington, Texas:

That all persons owning or using privies in the city of Wellington shall place said privies on the line of the back alley adjoining their lots in such a manner that the scavenger can reach the rear of said privy without going through or over fences, and so that said privies shall not be upon any public street.

That all privies shall be constructed without vaults or other receptacles for the offal, and with a hinged door screening the portion beneath the seat of the privy from the alley to give the scavenger easy access for the purpose of removing the offal.

Any person or persons violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than five dollars nor more than twenty-five dollars and costs of prosecution.

Certain Occupations Deemed Nuisances.

Be it ordained by the City Council of the City of Wellington, Texas:

That it shall be unlawful for any

person within the city limits to erect, use or maintain any building, structure or any other place for the exercise of and trade, employment, manufacture, or any other business which, by occasioning noxious exhalations, noises, or offensive smells, becomes injurious or dangerous to the health, comfort or property of individuals of the public; or to obstruct or impede, without legal authority, the passage of any collection of water, or to corrupt or render unwholesome or impure any water course, stream or water; or to erect or maintain, or to cause to be erected or maintained, any obstruction across any stream of water or ravine or drain, so as to make stagnant any water therein; or to deposit any obnoxious or offensive matter, earth, straw, hay or manure, or any other article or substance whatever in the gutter of any street, lane, avenue or alley, or shall conduct into any street, lane, avenue or alley, through sewers or otherwise, any filthy or unclean water or offal; or to keep or maintain a privy vault, hog pen, manure or sink hole in such place or manner as shall be offensive or be likely to become dangerous to the health of any citizen; or to erect, maintain or keep any slaughter house where the same shall be offensive to any citizen; and the doing of any of these things herein prohibited shall be deemed and is hereby declared a nuisance, and every person or persons guilty of erecting, continuing, using, maintaining or causing any such nuisance shall be guilty of a violation of this ordinance, and, upon conviction thereof shall be fined not less than five dollars nor more than twenty-five dollars, recoverable with costs of prosecution, and shall be committed to jail until the amount of said fine and costs shall be paid; and if such nuisance be not removed and abated within five days after the institution of a prosecution therefor, the continuation of such nuisance shall be deemed a second offense against the provisions of this ordinance.

Duties of Certain Officials

Be it ordained by the City Council of the City of Wellington, Texas:

That it shall be the duty of the Mayor of said city to watch over the sanitary condition of the city, to carefully guard against all cause of disease, and to use all known and lawful measures of preventing the introduction and spreading of diseases, dangerous or infectious, and perform such other duties as he may deem necessary to promote the health of the inhabitants of the city and to keep the city in a good sanitary condition. The mayor may select and establish such temporary hospitals as emergency may require in quarantining infectious and contagious diseases, and employ the aid of such physicians as he may deem necessary to temporarily treat the same, and report such proceedings to the next meeting of the Council for its action.

It shall be the duty of the City Marshal to watch over and inspect the sanitary condition of the city and the territory lying adjacent thereto, and to ascertain if the sanitary laws of the city are being violated, and to vigorously enforce the same, and to use his utmost effort to keep the city in a sanitary condition, and to make complaint against all persons violating the sanitary ordinances of the town.

The Sale of Unwholesome Meats and Provisions.

Be it ordained by the City Council of the City of Wellington, Texas:

That it shall be unlawful for any butcher or other person within the corporate limits of said town to sell any unwholesome flesh of a diseased animal, or other unwholesome or adulterated articles of food.

Any person violating the provisions of the above ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than ten dollars nor more than twenty-five dollars, with the costs of prosecution.

Garbage

Be it ordained by the City Council of the City of Wellington, Texas:

That upon application to the City Council a license may be issued to one or more persons to gather garbage in the city, said license to be issued by the city secretary upon an order issued by the said Board of Health.

It shall be the duty of the owner or occupant of any hotel, restaurant, boarding house, butcher shop, or other public place, or residence, where refuse and filth are liable to accumulate, to deposit all filth, slop, refuse, sweepings, waste water, offal, refuse vegetable or animal matter, or other refuse, dangerous to the public health, that may accumulate upon or be the product of such premises, in metallic barrels with metallic coverings and side handles, commonly known as Garbage Barrels, and shall remove or cause the same to be removed to such place as may be provided or designated by the City Council, as often as every Monday and Thursday, and oftener, when required to do so by order of the Board of Health.

The Board of Health shall have power to make such rules and regulations as may be necessary to enforce the provisions of this ordinance and establish maximum fees for the gathering and hauling away of garbage.

Any person failing to comply with the provisions of this ordinance and rules of the Board of Health for the enforcement thereof, or who shall fail

to provide the necessary receptacles for garbage after due notice shall have been served upon him by the Board of Health or any of its officers, shall be deemed guilty of a misdemeanor and fined in any sum not less than five dollars nor more than twenty-five dollars.

Dead Animals and Fowls.

Be it ordained by the City Council of the City of Wellington, Texas:

That it shall be the duty of all persons to cremate, remove or cause to be removed and buried beyond the city limits the carcasses of all dead animals or fowls owned by them, and whosoever shall suffer or allow the carcass of any animal belonging to him which may come to its death from any cause, to lie uncremated or buried, or draw and deposit it the same upon the streets, alleys or any public or private grounds within the city without burying the same, shall be deemed guilty of causing a nuisance, and upon conviction, he shall be fined as provided in this ordinance.

Any person or persons violating any of the provisions of this ordinance shall, upon conviction in the Mayor's Court, be confined in any sum not less than five dollars nor more than twenty-five dollars and costs.

City Scavenger.

Be it ordained by the City Council of the City of Wellington, Texas:

That in order to keep the City of Wellington clean and in good sanitary condition, there shall be appointed by the Mayor, with the consent of the Council, one or more Scavengers for said city, said appointments to continue at the pleasure of the Council.

That privies belonging to private families shall be cleaned at least once a month; privies of boarding houses, hotels, restaurants, livery stables, wagon yards, stores, and all other privies, once every two weeks; the cleaning of such privies shall be done between sun-down and sun-up by the Scavenger appointed as aforesaid. The scavenger shall remove all urine barrels as often as may be necessary.

It shall be the duty of the City Scavenger to haul off carcasses of all dead animals of every description, filth, rubbish and refuse and refuse matter and substance of every kind, to the dumping ground and there dispose of same as may be directed by the Council.

The Scavenger shall be allowed the following fees, to-wit: For cleaning privies of private families, the sum of twenty-five cents and the sum of ten cents for hauling all refuse and rubbish placed in a convenient place near the privy, and placed in a receptacle therefor; public privies, the sum of thirty-five cents for each cleaning. For hauling off carcasses the following fees shall be allowed: Carcasses of horses, cows, steers or bulls, over the age of one year, the sum of two dollars; hog, goat, sheep or dog, the sum of fifty cents; all small animals and fowls, the sum of fifteen cents.

That any scavenger who shall fail or refuse to perform the services herein required of him, shall be subject to removal, and upon conviction for failure to perform such services, shall be guilty of a misdemeanor and be fined in any sum not less than five dollars and not more than twenty-five dollars.

That any person accepting the position of Scavenger shall accept it upon the terms and conditions herein specified, of which his acceptance shall be conclusive proof.

That the fees fixed in this ordinance for cleaning privies shall be paid by the occupant of the premises, and for hauling off animals, shall be paid by the owner or owners of the animals.

That it is hereby made the duty of said Scavenger to clean up the alleys and streets of the city when the same are found to be in an unsanitary condition, and the Scavenger shall receive the sum of five dollars per day for cleaning up said streets and alleys, the same to be paid by the owner or occupant of the property causing said unsanitary and filthy condition.

That any person who shall fail or refuse to pay the fees allowed in this ordinance to the Scavenger, within ten days after service has been rendered and demand made therefor, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than five dollars nor more than twenty-five dollars and costs of prosecution.

Depositing Dead Animals.

Be it ordained by the City Council of the City of Wellington, Texas:

That no person shall deposit or cause to be deposited any dead animal upon any ground within the said city of Wellington, and no person shall bury any dead animal in any place in said city or within one mile of the corporate limits of the city.

Any person being the owner of any dead animal within said city, shall remove same and bury it, or cause it to be removed and buried, within twenty-four hours after the death of said animal.

No person shall deposit, or cause to be deposited, any garbage, filth, refuse, or waste matter of any kind within one-half mile of the corporate limits: unless consent of the Board of Health be first obtained.

Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and shall, upon conviction, be fined not less than five dollars nor more than twenty-five dollars and costs.

Refuse in Streets, Sidewalks, Gutters.

No person, persons, company or corporation shall place or keep any hay or straw, whether loose or baled, or other like combustible materials on any sidewalk or in front of any store or building within the city.

It shall be the duty of any occupant of any lot or piece of ground abutting upon any street where there is a sidewalk or gutter upon said street, to keep such sidewalk and gutter clean and to remove therefrom all hay, straw, papers, stone, dirt, filth, refuse or rubbish of any kind, provided that if there is no such occupant of any such lots other than the owner, then it shall be the duty of such owner to do the same.

Whenever any company or corporation whose duty it is to keep any sidewalk or gutter clean under the provisions of this ordinance shall fail or neglect to keep such sidewalk or gutter clean, the health officer, or the Marshal, or Assistant Marshal, or Policeman, shall serve upon such person, persons, company or corporation a notice requiring the same to be done forthwith; and if such person, persons, company or corporation shall fail or neglect to clean or remove the same within forty-eight hours after the service of such notice,

Texas Production of Quick Silver.

The production of quicksilver in Texas in 1910 from the Terlingua district, on the Mexican border, in Brewster county, was 3,320 flasks of quicksilver, valued at \$154,431, against 4,188 flasks, valued at \$190,345, in 1909. The decrease, according to H. D. McCaskey, of the U. S. Geological Survey, was caused by the closing down of the Marfa and Mariposa mines in May. Of the total production of the United States, Texas furnished 16 per cent in 1910, against 20 per cent in 1909. The total production of quicksilver in Texas since 1899, when operations began, has been 1,681.7 short tons of metal, or the equivalent of 44,844 flasks of 75 pounds each, which would have been valued at about \$1,085,700 in 1910.

Peach Crop.

More than fifteen thousand dollars has already been realized from the peach crop of Mt. Vernon. Thirty one car loads have recently been shipped to northern and eastern markets, besides a large quantity shipped by express in small shipments. The peach and melon crop of this place has not suffered materially from the drouth and has exceeded all expectations so far. The larger cities of the North and east are heavy buyers of Texas fruit and our products always find a ready market at home and abroad.

Brooks Drug Store

A Safe Place

The first and highest mission of my drug store is the proper filling of prescriptions with drugs of known poency. Everything is made subservient to the prescription department, and I see to it that nothing is lacking to insure the best possible service. For this reason my store has long enjoyed the entire confidence of our physicians and for obvious reasons he may not tell you where to have your prescriptions filled, but he will be pleased if you bring them here. My business is constantly increasing, and I believe that the reason for it is a good reason why you should trade here also. There are many items that drug stores handle that are constantly in demand. These are not drugs wholly but drug store goods. We shall be pleased to have you come to us whenever you need anything that drug stores handle. If you do not already trade with us there will at least be no harm done in letting us show you how well we can serve you. Phone No. 3.

The Highest Price.

Wellington has a live set of
cotton buyers; and they say that
they expect to maintain their
present high-price paying re-
cord, for cotton, so farmers come
on with your cotton, Wellington
buyers will pay you the highest
market price and Wellington
merchants have excellent and
large stocks from which to pick
from. In other words come to
Wellington to buy and sell. On
Wednesday the price ran as
high as 11.70. Later and since
higher prices have been paid.

MISS E. M. CARPENTER

General Health Ordinances.

(Continued from Page 2.)

he shall, upon conviction thereof, be fined in any sum not less than five dollars and no more than twenty-five dollars for each offense.

Cutting of Weeds.

That it shall be unlawful for any owner, occupant or agent of any lot or lots in the City of Wellington to permit any growing weeds to remain on said lots and such weeds are hereby declared to be a public nuisance, and such owner, occupant or agent shall be required to cut and remove any such weeds. Where alleys adjoin lots, it shall be the duty of the owner, occupant or agent to cut and remove the weeds half way across such alley, and it shall be the duty of the City Street Commissioner or the City Marshal to give notice to such owner, occupant or agent of any lots upon which weeds may be growing, or may hereafter be growing, to cut and remove such weeds according to the provisions of this ordinance.

It shall be the duty of the Street Commissioner of the City of Wellington to cut and remove all weeds from the streets and other public grounds, except alleys and sidewalks above mentioned, at the expense of the City of Wellington.

Any person failing for three days, after being notified by the Street Commissioner or City Marshal, to cut and remove on or near their premises, as above defined, shall be guilty of a misdemeanor, and, upon conviction, shall be fined in any sum not less than five dollars nor more than fifteen dollars and costs of suit. Each day of failure to cut such weeds after the expiration of three days from date of notice shall constitute a separate offense.

Nuisances.

Be it ordained by the City Council of the City of Wellington, Texas:

That no person shall keep,

cause or maintain or do any nuisance as defined by the law, or by any provisions herein contained:

All vegetable waste, waste paper, litter, garbage, filth, or refuse of any nature, thrown, placed or found upon any street, alley, yard or area or other place, detrimental to the public health, shall be deemed a nuisance.

Every privy or water closet which shall be in an overflowing or filthy condition, dangerous and injurious to the public health, shall be deemed a nuisance.

Any unclean, foul, defective or filthy drain, ditch or gutter, or

any leaky or broken sloop, garbage or manure boxes or receptacle of the like character maintained in the City of Wellington shall be deemed a nuisance.

Any lot or piece of ground within the limits of the City of Wellington on which is situated a pond or pool of impure, unwholesome or offensive water, shall be deemed a nuisance.

Any stable, stall, pen, shed, yard or appurtenance in which any horse, cow, swine or other animal has been or shall be kept in the City and about which manure or liquid discharges of any such animal shall collect, or which shall be kept in an unclean, foul, filthy or unwholesome condition, shall be deemed a nuisance.

Any green or unsalted hides, kept in any exposed open place within the town, shall be deemed a nuisance.

Any meat market or shop where beeves or other animals or meats or produce of any kind are kept, placed or sold, which shall be in an unwholesome or unclean condition, to the annoyance or detriment of any citizen of the city, shall be deemed a nuisance, and no slaughter house, yard or pen, where animals are slaughtered, shall be permitted within one-half mile of the city limits.

It shall be the duty of the members of the Council, the Marshal and Deputy Marshal to look after the sanitary condition of the city; and such officers are hereby authorized to enter any building or premises at a reasonable hour for the purpose of inquiring into the sanitary condition thereof. Such officers, upon finding that any nuisance exists in any place in the city, shall notify the person who permits, causes, keeps, maintains or does the same, or their agent or person in the occupancy thereof, to immediately abate the same; and if such person or persons shall fail to comply within a reasonable time and abate such nuisance, they shall be deemed guilty of a misdemeanor and be punished as provided by this ordinance. Provided, that each day such person or persons herein mentioned shall permit, keep, cause, maintain or allow such nuisance, after having been notified to abate or remove same, shall be deemed a separate offense. Provided, that a notice to abate a nuisance shall be written,

and no special form shall be required for same.

It shall be the duty of the Marshal, Deputy Marshal and any other officer of the City of Wellington, in case they shall ascertain that any nuisance is being committed, caused or maintained and no person can be found upon whom to serve notice to abate the same, to notify the Council of such nuisance at their next meeting, and if such nuisance is found to exist by the Council, it shall be their duty to cause such nuisance to be abated.

Every person who being the owner or tenant or agent, or being in the occupancy of, or in any way having charge of any property, who shall suffer, maintain, keep or allow a nuisance within the city as defined by this ordinance, or who shall fail or refuse to abate or fail to remove the same upon notice from the Council, Marshal or Deputy Marshal, or who shall violate any provision of this ordinance, shall be deemed guilty of a misdemeanor, and, upon conviction, shall be punished by a fine of not less than five dollars nor more than twenty-five dollars and costs of prosecution.

Sidewalks.

Be it ordained by the City Council of the City of Wellington, Texas:

That it shall be unlawful for any person to spit upon any sidewalk within the City of Wellington.

That it shall be unlawful for any person, persons, company or corporation, within the City of Wellington, to use any part of the sidewalk, in front of the building they occupy, to display any goods or wares.

Any person, persons, company or corporation, violating any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor, and, upon conviction of same, shall be fined in any sum not less than five dollars and not more than twenty-five dollars and costs of prosecution.

To the city trade, we solicit your next month's account and assure you of our prompt and careful attention to all orders, be they large or small.

To the out-of-town trade we wish to say that we will at all times pay highest market price for all kinds of country produce, and we expect you to make our store your headquarters while in the City. Let's get acquainted.

Bailey Grocery Company

Legislative

Austin, Texas, Our solons have passed and their bills and from Austin like from their sins.

The work of the that our Legislature towards progress a but the Pro and Anti clenched and fell before reached it. It would be a thing for Texas if some of our politicians could go to Heaven in a whirlwind, but of course we would not want them to leave unless they could better themselves.

The Legislature has had, all told, over 60 subjects submitted for Legislation but less than ten laws were passed and none affecting the industrial interests of the State. The surest plan for a Legislature to avoid mistakes is to do nothing.

The State Senatorial Redistricting Bill has been vetoed by the Governor and other bills may feel the veto ax.

In order to avoid passing the Congressional Redistricting Bill, eight Prohibition Senators absented themselves from the Senate Chamber and succeeded in killing the bill, as well as many other useful measures. This action will result in the election of two Congressmen at large.

The closing session was one of strife and turmoil. The members of the house was refused admission to the Senate and retaliated by refusing to receive any message from the Senate.

We have every thing from cheap pencils to book satchels, school dustless crayon, rubber erasers and best grade pencil tablets. Brooks Drug Store.

To Our Farmers.

We urge the farmers of this county to look up their products and bring them in on trades day, Sept. 9; turn it over to the committee after the premiums have been awarded, that the said committee may put it on exhibition to be shown to the many prospectors who will come here before the State Fair at Dallas opens, when the committee will take our entire exhibits there where the county will receive the best advertisement it has ever had.

Nature has given Texas a splendid framework of river, plain, and hill on which to build cities beautiful.

The goal of Texas in the coming years ought to be the development and harmonization of all the forces that tend to give to every one in this great State a proper environment for proper development.

The question, "Resolved, that good roads are profitable," has ceased to be a subject of debate. No theory of Pinchot or Roosevelt for conservation of energy so well conserves as that of the construction of good highways.

A Texas newspaper offered a prize for the best answer to the question, "Why is a newspaper like a woman?" An Oklahoma woman captured the prize with the following: "Because every man ought to have one of his own, and not run after his neighbor's." Plainview Herald.

Commercial secretaries say that an experimental farm should be located in each county in the state. We will go one better. Every farmer should do a little intelligent experimenting on his own hook. It will add zest to his efforts and his farm will receive better attention. Just any old kind of seed corn or wheat and any old method of preparing the ground and cultivating the soil produces just any old kind of a crop. Intelligent experimenting is all right.

A community, like an individual, may get into a rut and apparently have no disposition to move out. There are persons who, day after day, complain of their condition in life, lament most bitterly their misfortune, who never make the slightest intelligent effort to improve their condition.

Good roads, says the Weatherford Herald, bring about better conditions of country life. Not only do they lessen the expense of marketing the crop, but they make country life less irksome. They bring the farm and the town nearer together. Measured by travel the town may be two hours distance on a bad road and only one hour distant on a good road, and in carrying a load to market, the farmer may make one or two trips, according to the road.

There has never been a time when our people have not appreciated the necessity for better roads and deplored the existence of bad roads. The difficulty has been in the indisposition to take concerted action to improve them. The mere recognition of the bad condition does not mend it. We must appreciate the inconvenience and losses which arise from such bad conditions and the profit which would accrue from repairing the same.

For those who do not appreciate the magnitude of the operations at Electra, let it be stated that there are now, in course of drilling, about seventy-five wells, each of which will before it is finished, cost approximately \$10,000 thus representing a total expenditure at Electra so far estimated at \$750,000 for drilling alone, a vast portion of which ultimately finds its way to Wichita Falls.

There are more than three hundred oil men in attendance upon the field, the major portion of whom makes Wichita Falls their headquarters. It is estimated that the oil men are spending here not less than \$5. each on an average, which figures approximately \$50,000 a month that they are dropping here on a conservative basis of calculation.---Wichita News.

BUSINESS CHANGE

By mutual consent W. N. Benson dissolves his connection with the firm of Witherspoon, Painter & Co. the dissolution taking place on Sept. 1, 1911. Our law and abstract office will remain for the present with these gentlemen. As our time will be considerably divided in making abstracts and selling land, we have decided to adopt our original plan of advertising in the newspapers, listing exclusively, allowing customers to examine the lands listed with us at their own expense, and charge the owners only 2 1-2 cents commission. We desire to co-operate with all the real estate firms of Wellington, and other parts of the county, when they have special bargains, we paying the expense of advertising, in case of sale, realizing our commission.

The Following Will be Our Rules

1. We list nothing that does not appeal to us as being a bargain.
2. By listing with us the owner understands that we are to advertise the same at least one time in the county paper.
3. We claim thirty days in which to make a sale from the date of last advertisement.
4. Advertisements may continue to run until ordered out.
5. We advertise bargains in the name of the owner, and parties can see either agent or owner to close trades; commission being due when sale is made by agent or owner.
6. Parties may list their land with any other agency, but in case of sale, we claim 2 1-2 per cent on amount of sale for the advertising and personal efforts given to effect a sale.
7. In case of exchanges, each party pays one half of the commission.
8. In the sale of personal property, we charge 5 per cent on the value of the stuff, when sold.
9. When the property offered, appeals to us as deserving advertisement in other papers, other than the county papers, or by other methods, we pay all the cost of such advertising.
10. Watch this space for bargains, as they are likely to appear each week.

NUMBER ONE—C. H. Hitson, Tucumcari, N. M.: 160 acres of land, 7 miles west of Wellington, 60 acres in cultivation, 3-room house, dug well 30 feet deep, living water in pasture, fenced all except one line, fine garden spot, about twenty acres of the finest alfalfa land, located on both banks of Buck Creek, corner with Buck Creek school lot, on one of the principal roads leading to Wellington. Price cash \$1,100, or \$600 cash and balance \$600 in four equal yearly payments.

NUMBER TWO—W. N. Benson, Wellington, Texas: An up-to-date abstract plant, "The Old Reliable" first set made of Collingsworth County, and Wellington, valued at \$1,200, to trade for quarter section of land any where in the Panhandle, can pay \$200 cash, and desires balance on four equal yearly payments.

NUMBER THREE—J. A. Carrick, Wellington, Texas: One 3-room house on 4 lots in southeast part of town, cistern, barn, barn lot fenced, house new and well finished. Price \$775 cash. Will take a team if price suits.

NUMBER FOUR—H. C. Roberts, Wellington, Texas: 160 acres sandy land, 9 miles northwest of Wellington, good new 4-room house, painted and rodded, well, windmill, plenty of soft water, orchard of 100 trees, 1000 locust trees, 25 acres fenced hog proof, all fenced and cross-fenced, 110 acres in cultivation, balance in pasture. Price \$2650, 1-3 cash, balance in 5 equal yearly payments.

NUMBER FIVE—W. N. Benson, Wellington, Texas: 640 acres of sandy land at Lillie, Texas, 220 acres in cultivation, all fenced and cross-fenced, good well and windmill; good 3-room house, sheds and outhouses, close to school and church, can be cut into four good farms. Price \$20 per acre cash \$4000, balance on 4 equal yearly payments.

NUMBER SIX—Geo. Ford, Wellington, Texas: 320 acres of sandy land, 3 1-2 miles north of Quail, Texas, 150 acres in cultivation, all fenced, 100 acres under hog fence, 3-room house, sheds and cribs, well and windmill, this is a bargain that will stand for only thirty days. Price \$10.00 per acre, half cash, balance in four equal annual payments at 10 per cent.

Industrial Notes.

The Texarkana Board of trade is planning the construction of a public highway from Texarkana to Dallas to connect with the Red River to the Gulf road.

The Commanche High School had decided to take advantage of the State offer to appropriate \$2,000 a year to high schools that will establish courses in agriculture, domestic science and manual training.

Work has begun on the new Federal Building in Wichita Falls at a cost of \$75,000.

Work has begun on the Stone-wall County Courthouse at Aspermont, at the cost of \$47,630.

The citizens of Beaumont have voted a bond issue of \$200,000 to be used in improving the public parks of that city.

The citizens of Harlingen are preparing to build a new depot to cost \$5,000.

Nocona has voted a bond issue of \$17,500 for a new city water works.

The great white rock dam at Dallas, to hold seven billion gallons, built at a cost of \$300,000 will be ready to turn over to the city in a few days. The pumping plant, one of the largest in the south, will cost \$125,000 when completed.

The city of Sweetwater has voted a bond issue for paving the streets.

A contract has been let for a

\$50,000 Federal Building at Tyler.

The financial end of road building is an important feature, for without the means, the end cannot be obtained. If it is possible to pay cash, it is always preferable, but this seldom can be done; therefore, extensive highway construction must be brought about by obtaining money on time, or by the issuing of bonds as in this way alone can future beneficiaries assist in paying the cost.

Study Club Notes.

The Womens Study Club was entertained by Mrs. Thos. Durham Wednesday afternoon at the "Clubs Birthday party" Several were present and every one thoroughly enjoyed the afternoon. A motion was made and unanimously carried that each member be assessed 60 cents to buy a set of Shakespeare books which are badly needed to get the Shakespeare lessons assigned in our year book.

The program was splendid especially the presidents address, which was appreciated greatly by the club, and in spite of presidents protest was unanimously voted to have same printed.

Delicious refreshments were served.

Club adjourned to meet next Wednesday Sept. 13. To meet with Mrs. Thos. E. Bengt.

Standards for Candidates.

Now that the political atmosphere is soon to be highly electrified and charged with the fortunes of patriotic individuals as well as destinies of state for a term of at least two years, it is well to consider platforms for candidates. Of course "isms" will play an important part with a small and noisy per cent of our citizenship who have more zeal than judgment, but the militant body of progressive citizens ought to have an acceptable standard of measurement that will enable candidates, real and prospective, to get their bearings.

State Government is a big business concern and it ought to be run on business principles. The men who offer to direct the affairs of government should be able to add and subtract as well as to throw a brain storm; candidates for the Railroad Commission should be able to intelligently inspect a railroad as well as blink and breathe, and candidates for the Legislature should be able to give us peace and prosperity as well as fight a duel with progress. Let us have a business standard for candidates.

We are all one Family

A touch of nature makes us all kin and a court decision sometimes make us brothers in business.

A case in point, is a recent decision of the Interstate Commerce Commission relating to Texas freight rates. One of the principal reasons given for maintaining the present rate is no account of the large sums the railroads are forced to pay in personal injury cases. In discussing this item Commissioner Harlan said in part:

"For some reason, not clearly explained of record, the amount paid by the carriers on account of such injuries occurring in that state (Texas) were largely in excess, on almost any basis of comparison that can be suggested, of the amount paid by carriers elsewhere in the United States.

The records in personal injury cases show that on the average the person injured or their rel-

atives, receive less than one half of the amount paid by the railroads in settlement of the cases, receive a lions share of the money which in the end must come from the pockets of the farmers and merchants of the State. We are all brothers in law.

Mauling a Flirt.

Perhaps it would have been better for Congressman Carter to report to the head of the department store the conduct of the clerk who offended his daughter, but, assuming that the facts are as the congressman states them, the average man and the average woman will approve the summary chastisement.

There is nothing meaner or baser than the leering and insulting man flirt who regards every attractive woman as the legitimate prey of his animalism. In the stores, on the cars and on the streets these days, wherever women throng, there are men of low mind to make remarks behind their backs or to their faces accordingly as the brutes are discreet or daring. And women who come and go are by no means the only victims; the women behind counters and in offices are even more exposed to insult for they are so situated that they must often endure indignities from customers and hesitate to complain lest they drive patronage away from their employers.

We are far from encouraging violence or suggesting tragedy as means of avenging insult, but the action of Congressman Carter is a wholesome reminder to flirtatious and lustful persons that manly fathers and brothers still retain something of the blood instinct for protecting their women folks.—Record.

Ball Issues Call.

Dallas, Sept. 3.—After a meeting Saturday Colonel Thomas Ball of Houston, chairman of the Texas statewide prohibition amendment organization, and the members of the executive committee and of the subcommittee appointed at the Austin meeting to further investigate election irregularities and report upon the advisability of inaugurating a contest, Colonel Ball last night issued a call for a meeting of the entire state committee, together with all the friends of prohibition, to be held in Dallas, Saturday, Sept. 16.

At this meeting the final report of the subcommittee will be made, as well as other matters of interest to the cause being considered. Colonel Ball said he looked for a large attendance, and added significantly that the meeting would no doubt be an interesting one.

"Personally I do not think it likely that a contest will be initiated," said Colonel Ball last night at the Oriental, "although I am fully convinced the amendment received a substantial majority of the legal votes cast.

"We hope at least to secure legislation that will prevent any election in the future being carried as the July one was."

At the meeting were State Chairman Thomas H. Ball; Vice Chairman A. W. Walker of Fort Worth, Hon. C. M. Cureton, holding the proxy of William E. Hawkins; H. H. Boaz, Ben F. Looney, W. T. Bartholomew, Dr. S. P. Brooks, Dr. George C. Rankin, Cullen F. Thomas, Jesse Murrell, T. N. Jones, B. H. Powell, Thomas B. Love, D. E. Garrett, E. W. Kirkpatrick, Jack Dies, Julius Germany, W. S. Parker, J. T. McClure, Rev. Arthur W. Jones.

Electra Oil Field on Big Boom

Electra is just now badly in need of accommodations for men whom the oil excitement has brought there, according to reliable reports from the field.

To give an accurate idea of the situation, it need only be stated that people are paying one dollar each for cots to sleep in the open air. A shake-down in a box car is considered a royal spread, while the man who has a real bed in a real house is looked upon as being in the multi-millionaire class.

Oil operations at Electra are being extended into wild-cat territory. The Honaker well has, until recently, been the most remote hole from the proven field, but Carl Bierbaum, at the head of a company which recently struck in a fine flow of oil, has begun to drill a hole five miles Northwest of Iowa Park and 12 miles East of Electra, a distance of sixteen miles from Wichita Falls. Should oil be discovered in this hole, the effect upon land near Wichita Falls will be immediate and great. This well is now 565 feet below the surface.

The scope of operations now covers a stretch of about eighteen miles wide which shows that oil experts have faith that the field is not a restricted one.

WE HAVE MOVED

To the Concrete Block on the east side of the Square and wish to announce to our friends, patrons and the public in general that we have more room in which to carry our big stock of shelf and heavy hardware, and are therefore better prepared to take care of your wants. We have a car of Bain Wagons, McCormick Row Binders, Twine, Mowers, Rakes, Hay Balers; Quick Meal, Blue Flame and Coal Stoves, Sampson and Eclipse Mills and Moon Bros. Buggies.

Pioneer Hdw. Co.

There is now at Electra plenty of water for drilling purposes. Just what this means can be understood when it is stated that there are about seventy-five wells in course of drilling and that each well consumes in the neighborhood of two hundred barrels of water a day, at total of 600,000 gallons of water daily or 180,000,000 Gallons a month. So it can be seen how it is possible for a water shortage to set in very soon after rains, however, large reservoirs have been instructed at various places in the field and the recent rains filled these to overflowing. Other reservoirs are under construction.

Burlesque on a Potato.

"Potatoes" is a serious subject for levity, and seriously, if the following hadn't been labled jokes, we would never have recognized them as such: Potatoes are now served a desert. A Kansas restaurant sign reads: "Meal 52 cents—15 cents rebate if potatoes are left untouched." The Pattonburg, Missouri, Call says: "A Kansas City man went into a saloon and called for a glass of beer, and after drinking it told the bar-keeper to fill'er up again, which was done. After drinking the second glass, he placed a medium sized potato on the bar and called for his change. The barkeeper not to be outdone him a nickle and carefully placed the potato in the cash drawer."

The story is told on a Missouri man who carried a potato in his pocket for rheumatism, but when the price advanced skyward, sold the potato and went to Hot Springs.

Presbyterian Church.

There will be Sunday school as usual at the Presbyterian tabernacle. We should have an increased attendance since the public school has started. You who have hitherto been faithful continue so. Don't let anything interfere with the Lords work. The pastor will preach as usual at 11 o'clock a. m. and 8 in the evening. I am especially anxious for every member to be present, and always glad to welcome others. My next regular day will be the 4th Sunday in Sept., which doubtless will close my pastorate with the Wellington church. Some of the members have not been as faithful and loyal as they might. That class I earnestly entreat to be present on the 2nd and 4th Sabaths in Sept. There is another class who have been faithful and loyal, as much so, as any church I have ever served. These, I am sorry to say, are largely in the minority.

The majority could be just as faithful if they would. When you joined you promised to be faithful to God and the church. Have you forgotten that now?

I most earnestly entreat you my fellow brethren, "pay thy vows unto the most high." I crave your presence and prayers in the closing of our years work.

Sheriff's Sale.

The state of Texas, county of Collingsworth

By virtue of an execution, issued out of the Honorable County Court of Lubbock County, on 10th day of August A. D. 1911, by the Clerk thereof, in the case of The First National Bank of Lubbock Texas versus G. L. Deshazo and Ed S. Good Fruit Country.

It would be a wise thing if the farmers of the county would begin to figure on adding some kind of fruits to the farm products that they will sell each year. A few demonstrations this year that there is no better country for grapes and fruit than this. Several farmers raised enough for their own use, and sold a quantity besides. In making their reports on these crops they stated that very little attention was given to the fruit crop, thinking that perhaps it would be a failure. Such was not the case, however, and if fine fruit could be raised this year under such unfavorable conditions there is no telling the amount that could be produced, if it had the proper attention and was well cultivated. "Every little bit helps" on the farm, and if a ten dollar bill can be made in this way it will be much better than having to go in debt to the grocery stores that amount.
