City hires engineering firm for water line

Parkhill, Smith and Cooper of Midland will be the engineering firm for the water line to the site of the prison project in Colorado City following a 4-2 vote by the city council Tuesday night.

Brian Bassham, Gary Redwine, Bob Reilly and Jim Baum voted for the firm while Rex Thackerson and Sammy Contreras were against.

Both the Midland firm and Stanley Morris Engineering of Sweetwater made proposals before the council and were questioned extensively by the members. Mayor Jim Baum emphasized to both presenters "that down the line, we do not want any surprises."

Gary Harris, representing Parkhill, said their firm had done business with the TDCJ on prisons

at Pampa, Lamesa, Snyder and currently in Fort Stockton.

In making his presentation on the water line to the site, Morris noted that "the city may even want to cure other water problems while we're doing this project." He showed several alternatives to increasing the water pressure in low pressure areas of the city but still

Wolves look good in scrimmage

In summing up last Friday night's scrimmage against Clyde, Wolves' coach Mark Howeth stated that "our defense was definitely the bright part of our scrimmage. In our opinion, we pretty well dominated on defense

and stopped them on a consistent basis."

On the offensive side of the ball, Howeth said the Wolves showed spurts of consistency and we did see some good things while we had the ball. "We need

to be more consistent to be a productive offensive team."

Howeth added that the "scrimmage is a pretty good starting point for this year and we have made some personnel moves

Categories include costume, pets and wheels. Prizes for 1st through 3rd will be given. Watermelon will be served after the parade courtesy of Travis Turner.

CED to hold hearing on proposed tax rate

In a relatively short but to the point meeting Monday night, the County Education Board approved a proposed tax rate of .9475 per \$100 valuation. This rate, based on 100% collection, would raise \$4,162,871.28 for the CED to distribute among the member schools of Loraine, Westbrook and Colorado City.

The vote was two to one with Larry Blassingame and Mike Gage voting for and Warren Zant voting against.

This tax rate is only a proposal, however and is probably short-lived and cannot be used for the final tax collection figures until a public hearing is held and the CED votes again after the hearing. This meeting is scheduled for Sept. 3.

An earlier motion to set the proposed rate at .87 by Zant died for lack of a second.

Zant stated, in speaking for a lower rate, "the State of Texas can't mandate us to do something like this (raise the rate to at least .9425). I think .87 cents is high enough."

"I agree it is high but we have a mandate from the State of Texas telling us to collect this amount. This is the problem we've got, the taxes we have to set according to the TEA is too high. It's above the roll-back rate," said Gage.

Zant said "if we raise it that

much, all our heads will roll."

Superintendent of the Westbrook schools, Sonny Hollis, speaking from the audience, stated "the TEA has no teeth to force this CED to do anything. They can't take our accreditation away. If there is no money then they can't take that away. There is nothing the TEA can do to force the Mitchell County CED to do anything."

Board chairman Gage read from a letter from Thomas Anderson, Jr., Executive Deputy Commissioner of the Texas Education Agency which stated "the amount a CED is required to raise for the '92-'93 school year is not arbitrary." It went on to read "the CED must set a tax rate that will generate the required amount taking into consideration an estimated collection rate. If a CED sets a tax rate that will not generate the required amount, it is in violation of the cited statute (section 16.252.D, of the Texas Education Code) and the commissioner of education may take punitive action."

Zant said "the figures the state gives us is only a suggestion and to this Gage replied "the TEA says must and that doesn't sound like a suggestion to me. I don't like these figures either but their mandate is to spend this amount of money but

they don't send a check with it."

Blassingame then made a motion to set the proposed tax rate at .9475 with a tax collection rate of 100%.

After the vote was two to one for this rate, Zant directed his statement to Blassingame and Gage and said "the state can't tell us what to do. You did it. I'm not going to be a part of something like this."

After the motion was approved, Gage said after looking at additional figures, "we could have lowered the rates somewhat but it is too late to change it now?"

Superintendent of schools, Don Nimmo of Colorado City, the CED administrator, said "this is for the proposed tax rate-we have to have a public hearing and it can be changed then if necessary. You took a record vote, the figures will be published in the newspaper and you will vote again."

Gage explained that "94 cents would not quite do it and 94 1/2 to 95 is to much. We said .9475 and it should have been .9425. We raised too much money."

Zant countered by saying "we've already done it Mike and there is nothing we can do about it."

Hollis added "it sounded like Mr. Blassingame made a motion to set the tax rate and we have to live

Prison construction could begin as early as March

Ron Howell, contracts manager with the TDCJ in Huntsville, said Tuesday morning that preliminary plans call for the bids on the prison facility here in Colorado City to be opened in mid-December. If this is the case, Howell, added, then construction could start as early as the middle of March in '93.

"This is not etched in stone yet," Howell stated "and this is our draft copy. The time frame could slide either way depending on the architect's drawings."

He went on to say that more often than not, it was usually just a little bit later.

The 1,000 bed facility will be very similar to the one in Snyder and the one nearing completion in Lamesa. "They'll look pretty much the same on the outside," said Howell.

There is a firm in town this week representing the TDCJ doing core sampling and surveying at the prison site.

C-Court purchases new dump truck

The Mitchell County commissioners approved the purchase of a new dump truck for precinct 3 Tuesday morning and awarded the bid to Barrett-White GMC of Tyler.

The low bid was \$51,990. Others submitting bids were R. L. Anderson, San Angelo, \$55,257.35 and Corley Whetsell, Abilene, \$61,817. Dallas Fenterlin, Inc., also submitted a bid of \$62,420.

After a demonstration by Richard Snyder of Lanier Office Products of Midland, the court approved the purchase of a Lanier "Advocate IV" Logging System (recording system). It will be used during commissioners meetings and other county court action as well.

The cost of the system and one microphone came to \$2600.

The court also voted to seek bids for a motor grader for precinct one and these bids will be opened on Sept. 14.

In other action, bills were approved in the amount of

Martinez sentenced to 20 years

Larry Rodriguez Martinez, 26, of 141 Houston in Colorado City, was sentenced to 20 years in the Texas Department of Corrections in a trial that concluded Tuesday around 3:30 p.m.

Martinez was also assessed a \$4,000 fine.

He was eligible for probation and went to the jury asking for such but was turned down.

The offense, delivery of cocaine, occurred October 19, 1990.

David Hoover, local manager of Higginbotham-Bartlett, is shown getting ready for the Colorado City Chamber of Commerce sponsored pre-dove season Sporting Clay Shoot scheduled for Sunday, Aug. 30 from 1 to 5 pm. Top prizes in each flight will be an over-under shotgun. For more information call 728-3403. Kenny Wadsworth is the shoot director.

CONVERSATION CORNER

...BY BARBIE LELEK

Anyone that knows me even a little bit knows that I am a very emotional person (bawl bag!!!). You'll find that I cry at the "basics", sad, mad and glad, but I'll tell you that I also tend to tear up at movies, parades, the singing of the school song and some commercials. You will certainly never find me watching a rerun of "Little House on the Prairie" or any of those drama in real life shows such as Rescue 911. Knowing this about me, why would anyone think the first year of school for my BABY would be any different! As I stood in the school yard with all the other "First" Mom's and Dad's, I noticed I wasn't the only one who may have shed a tear or two. I've even heard tales of some Mom's going home and crying all day!! NOT ME!

follow suit!

We noticed that Bim, Patsy and Sherry Ritchey have a little armoured friend that likes to hang around their yard at night. The armadillo seemed to have found a good home, I wondered what they named it or if they even know about it?

The mini cheerleaders that performed at the pig skin preview were soooooo cute! Brooke Smith, Nicole Neff and Shari and Kari Lentz were just a few of the little girls that showed what they had learned at the cheerleading clinic that the High School cheerleaders held a couple of weeks ago.

I'd like to remind all the football players Mom's that the picture buttons will be available again this year. Cheerleaders, coaches and managers are available as well. They can be purchased at the Wolves Booster Club meetings on Mondays at 6:30 at the field house. Tim and I will also be selling them at the south gate during home games. If you go to the out of town games we usually bring them

with us then too! The cost is \$3.00 per button.

The Band Boosters are having band picture buttons for sale also. They will be \$3.00 and you may call Brenda Kelly at 8-2285 or Judy Chapman at 8-5366 if you wish to order. The Band Boosters meet the first Wednesday of every month at the band hall at high school at 5:30. Anyone with a student in band is welcome to attend.

Thank you Roxie Strain for all the dedication you show toward our football boys. Even though she is more busy than any one person should be, she made time to make six freezers of ice cream for the pig

skin preview

We have been enjoying our "Free" Disney Channel lately. Watching the late movie has been fun. Let me recommend "Gas Light" a 1940's thriller. If you watch it check out Angela Lansbury who plays the promiscuous maid! The Poseidon Adventure was nice to watch but I bit my nails all off! But don't waste your time on Charro, the Elvis western. He isn't even nice to look at with his scraggly beard!

Ruben Arispe must be a very busy man because the only time he has to plant trees is at 10:00 at night!

MONEY TALK

Kay Bailey Hutchison
Texas State Treasurer

Editor's Note: Texas State Treasurer Kay Bailey Hutchison addresses various issues related to personal finance and state government. However, these views are not intended to replace the advice of reputable financial advisers or other professional counselors.

Q. I read that some of the major credit card companies are lowering the interest rates they charge certain customers. How can I apply for these better rates?

A. When a credit card company lowers the interest rate it charges certain customers it has analyzed a number of factors in reaching that decision. Usually, it is required that you have been an account holder of the company's credit card for a minimum of one year. Then, the company will look at your payment history and average outstanding balance over a period of time.

In most cases your account is examined on a quarterly basis and if you meet the company's qualifications they will notify you that you will be charged a lower interest rate. You may also call the credit card company and request a review of your account.

Another option is to research those banks offering credit cards with interest rates lower than the rate you are being charged. They often will provide this informa-

tion over the telephone. In addition, some local newspapers publish the lowest credit card rates offered by Texas banks.

Q. Our 19 year old daughter, who is a full-time student, is working this summer and putting the money she earns into a savings account for her college tuition. Does she have to file a tax return with the Internal Revenue Service and if so can we still claim her as a dependent?

A. In order to claim your daughter as a dependent in 1992 you must have paid more than 50 percent of her total support for the year. For example, if your daughter earns \$5,000 in income and has a student loan in her name for \$5,000, her total income is considered to be \$10,000. Therefore, you must have paid more than \$10,000 towards your daughter's support in order to claim her as a dependent.

Assuming your daughter is eligible to be declared as a dependent on your tax return, she is still obligated to file a return with the IRS. IRS rules for 1991 state that if you are a single dependent under the age of 65 and not blind, you must file a tax return if unearned income is \$1 or more and earned income exceeds \$600. Unearned income includes interest earned from savings accounts and certificates of deposits.

COOK'S CORNER

This week we will profile Ruby Moore. Ruby was raised on a farm in Mt. Vernon Texas. Her parents, Virgil and Ruby Eaton ran a small dairy farm. She recalls having to stand on an apple crate to cook breakfast on a wood stove while her parents milked the cows. They moved to Colorado City when Ruby was twelve years old. Some of the old timers may remember her father Virgil Eaton who worked for the city and served as Fire Marshall during the late 50's and 60's. Ruby worked for Sears for eight years and also did child care for working moms.

Ruby is married to Buddie

Moore who worked for Cosden for many years and is now enjoying his retirement. Ruby has two children: Danny Jackson of San Angelo, who is a Sr. Claims adjuster for All State Insurance. Mitzi Davis of Brady is a mom and housewife. She also has two wonderful step children: Carolyn Graves, who is a teacher in Seminole. Mike Moore of Richardson who works as an architect. Her grandchildren are Stephanie Jackson 11 1/2, Bradley Ray Jackson 7 1/2, Zachery Davis 3 1/2, Amy Graves 17, Matthew Graves 11, Jeff Moore 19, Andy Moore 14 and Elizabeth Moore 9.

Ruby Moore

Ruby enjoys handwork and painting T-shirts. She has several decorated shirts at The Hair Affair for sale if you'd like to see her beautiful handiwork. She also enjoys cooking, more so if not for the calories involved. Ruby enjoys baking for the holidays.

Her mother was known as the Queen of Pecan Pie, so for years Ruby didn't even attempt to bake one. When she finally did try years later when her kids were grown, it flopped. Ruby placed all the ingredients in the blender to mix then baked the pies. When she took them out of the oven all the pecans fell off! She had one bowl of crystallized pecans and one syrup pie! She has since mastered Pecan Pie.

Ruby's helpful hint: To eliminate freezer odor - Cut 2 apples into 4th's and 2 large onions into 4th's. Place inside freezer for 2 days. Remove and replace with fresh apples every 2 days until odor is gone.

Texas Lottery picks first retailers to sell "lotto" tickets

"About 5,000 of the Texas Lottery's most-successful retailers will get the first chance to sell tickets when our computerized 'on-line' games begin this fall," Lottery Director Nora Linares has announced.

"As soon as possible after on-line games begin, we will start adding about 1,000 new retailers per month," Linares said.

Approximately 5,000 retailers will be licensed to sell tickets when the computerized games, sometimes referred to as "Lotto," start this fall. Retailers' sales of the Lottery's instant tickets from June 13 to July 25 was the primary criterion for selection. As of Monday, Sav M convenience store was the only outlet to have been selected in Colorado City.

"Retailers added later still will be able to be part of the on-line games' peak sales periods because those peaks will come along regularly as the Lotto jackpots grow," Linares stressed to retailers who were not among this first group of Lotto retailers. "The record-breaking start-up frenzy Texas experienced with the scratch-off games will not occur again because on-line sales tend to grow over time as the size of the jackpots grow."

On-line games will require a special computer terminal in each retail location. Players will pick a series of numbers and pay \$1 for a ticket on which those numbers are printed.

The Lottery will then hold regular, televised drawings to pick the winning numbers. Players' winnings will be determined by how many of the numbers they match and by the size of the jackpot.

"As necessary before start-up, we will add up to 150 more retailers to ensure geographic access for all Texans," Linares said.

Southwestern Bell will contact the retailers soon to install the

phone lines for the Lotto terminals. The terminals will replace the current GTECH Validation Terminals (GVTs) and will service both the instant and on-line games.

To receive a Lotto license, each selected retailer must:

Agree to pay a \$20 weekly service charge;

Undergo training on the use of the terminal;

Comply with the Americans with Disabilities Act (ADA);

Submit to a criminal background check;

Continue to sell instant tickets;

Be in good financial standing with the Texas Lottery; and

Provide the necessary electrical outlets and space for the terminal.

The Lottery will provide the terminals and dedicated phone lines, necessary supplies and promotional materials and will pay a 5-percent commission on all ticket sales.

Can Your Child See Well Enough To Learn??

When your children enter school this fall, about 80% of what they learn will come through sight. Yet 4 out of 10 children have vision problems that can inhibit school achievement. Most vision problems cannot be detected by the familiar eye chart test for 20/20 vision. Help make your child's future crystal clear.

Does Your Child.....

- Avoid close work?
- Hold reading material too close?
- Show excessive head movement while reading?
- Lose his place while reading?
- Rub eyes frequently?
- Make reversals while reading?
- Often have headaches?
- Uses a finger to maintain his place while reading?

If so, we recommend having your child's vision tested.

U.S. Small Business Institute now selecting client businesses

The U.S. Small Business Administration (SBA) announced today that the Small Business Institute (SBI) is in operation at Abilene Christian University (ACU) for the Fall semester and is now selecting client businesses for the program.

Area businesses interested in the program should call Stuart Hall at ACU, (915) 674-2776. Participation can also be secured through the Abilene office of Service Corps of Retired Executives (SCORE) at (915) 677-1857 or by contacting the Lubbock SBA office, (806) 743-7462.

The Small Business Institute assigns teams of senior or graduate students to provide research, case analysis, counseling and consulting services to area businesses at no cost to the business. In past years, ACU student teams have performed

such efforts as market research projects, advertising studies, recordkeeping and paperwork analyses, and many other similar projects.

Business owners interested in

the SBI program at ACU are encouraged to contact Mr. Hall, SCORE, or the SBA as soon as possible to ensure acceptance into the program.

Registration underway at Cisco Junior College

Cisco Junior College's Dean of Admissions, Olin O. Odom, III, reminds area residents that registration is underway and will continue through September 10 at the Cisco campus and all off-campus centers. Though there will be no problem in registering as late as September 10, Mr. Odom urges

those who wish to take college credit courses to register now in order to begin attending classes. Classes will begin on August 31 and a minimum amount of missed time is beneficial to the student.

Mr. Odom said, "Cisco Junior College offers a wide range of opportunities for expanding knowledge. We're anticipating a large enrollment this year, and we invite anyone, college age or older to enroll in one of the many programs we offer."

Students may register at the main campus in Cisco or at the Abilene Educational Center at 841 North Judge Ely Blvd. during regular office hours, 8:00 am to 4:00 pm, Monday through Friday. For more information call the appropriate campus at one of the following numbers: Cisco (817) 442-2567 or Abilene (915) 673-4567.

with it."

Blossingame fired back "my motion said proposed tax rate!"

"Your motion was .9475 " said Zant.

Blossingame replied "I said proposed."

"You are a lying mister," Zant said and in response to having Geneva Findley read the minutes, Zant said "I don't care what she wrote down because she'll tell you falsely."

At this time, Gage asked to replay a tape recording being made by the Colorado City Record to see if Blossingame had said "proposed tax rate."

The replay indicated plainly that "proposed" was in the motion.

In other business, the CED approved Joe Moran to serve as the auditor as two other CPA's in the County did not submit offers and set Sept. 3 as the public hearing on the proposed tax rate.

Winters will be here Friday evening for a scrimmage with the freshmen starting at 6 p.m. and the varsity following immediately afterwards.

Everyone is urged to come out for this final tune-up before the season starts on Sept. 4 against Hawley. Howeth stated "there will be lots of football played because we're going to be there for awhile!"

maintaining the demands of the prison.

In another split vote, the council voted to set the proposed tax rate at .3341 per \$100 valuation and this is above the roll-back rate of .1812 but well below the rate of last year of .5892. The reduction came as a result of the city paying off its bonded indebtedness.

If the council votes to maintain this rate at a public meeting scheduled for Sept. 3, it will mean the city will have a lower tax rate than last year but still be able to set aside money for needed city improvements.

Bassham, Thackerson, Redwine and Contreras voted for this rate while Baum and Reilly voted against.

Kenneth Rich was appointed as health inspector by the council with his main concern being grease traps in restaurants according to city manager, Buddy

Foster. The council also voted to advertise for bids to repair two water wells at an estimated cost of \$5700 each and then asked all interested in the vacant place 6 council spot to apply before the Sept. 8 meeting. Approval was also given to the financial statement.

Each additional family member:						
	+\$ 3,094	+\$ 4,403	+\$ 258	+\$ 367	+\$ 60	+\$ 85

Children from families whose income falls within the level shown on the above scale are eligible for either free or reduced price meals. The reduced price for lunch is 40¢ and for breakfast is 30¢.

Every household will be furnished with an application which must be completed to apply for free or reduced price meals. To complete, please answer all questions on the form. An application which does not contain the following information is not complete and cannot be processed by the school:

1) Names of all household members; 2) Amount of income received by each household member such as wages, welfare, alimony, etc., or your Food Stamp or AFDC number if you receive these benefits; 3) Signature of an adult household member; 4) Social Security number of the adult who signs the form or the word "none" if that person has none.

Within 10 days of the receipt of the application, the school will notify you whether or not your child/children is eligible.

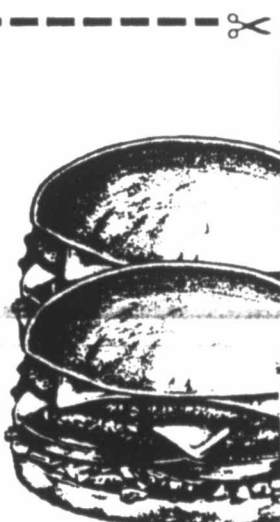

The information on the application may be checked by the school or other officials at any time during the school year.

If your child is approved for meal benefits, you must notify the school when your income increases by \$50 per month or when your household size decreases.

In certain cases, foster children are eligible for these benefits. If you have foster children living with you and wish to apply for free or reduced price benefits, please tell the school and they will help you in getting an application completed.

You may apply for benefits at any time during the school year. If you are not eligible now, but have a decrease in household income, become unemployed, or have an increase in family size, fill out an application at that time.

In the process of serving the children, there will be no physical segregation of or other discrimination against any child because of race, sex, color, age, handicap, national origin, political belief, or religion.

WESTBROOK WANDERINGS

The Westbrook Volunteer Fire Department met recently for their regular monthly meeting. Recent fire calls were discussed and plans for department improvement were brought into the minutes of the meeting. The department answered six fire calls last month ranging from pasture fires to grass fires in the Westbrook City limits. Those attending were John Manning, Ronnie Miller, Lee Roy Miller, Steve Rollins, Travis Conaway, Ernest Costillo, Scott Morton, David Petty and Debra Miller.

The Golden Age club held a fund raising Bar-b-que recently to help raise money to use in making repairs to the Golden Age Club building. Darlene Hines reports that approximately 100 people were served.

The building is in need of extensive repairs and club members are hoping to raise enough money to take care of all necessary repairs. Anyone who is interested in donating may do so by contacting Darlene Hines or Mrs. Helen Oglesby. Anyone wanting to join the Golden Age Club may do so. The fee for club membership is one dollar.

Mary and Jane Miller returned recently from Houston.

Sherry Fite and Michael Anderson

Engagement announced

Sherry Lynn Fite, daughter of Mrs. Kay Fite of Colorado City is engaged to wed Michael Shayne Anderson, son of Mr. and Mrs. Raymond Anderson of San Angelo, Texas on October 10, 1992, at 7:00 p.m. First Baptist Church, San Angelo, Texas.

Sherry Lynn Fite graduated from California College for Health Sciences with an Associates Degree in Applied Sciences for Respiratory Care. Michael Shayne Anderson graduated from Angelo State University with an Associates Degree in Nursing specializing in Intensive Care.

Group study applicant sought

Rotary district 5730 and the Rotary Club of Colorado City is seeking a local business man or woman who would like to take part in a team group study exchange to South Africa. This would involve a 5 to 6 week trip beginning in May 1993 and ending in June, in which the team would live in local Rotarian's homes and be able to participate in the host country's way of life, and culture.

The teams will be made up of 5 non-Rotarians and 1 Rotarian

leader. The district will be accepting nominations for team members to represent district 5730 until October 30, 1992. A candidate for the exchange team must be a business or professional person, between the ages of 25 and 35 inclusive at the time of applying. Currently employed in any recognized business or profession, on a full time basis, for at least two years. They must be a United States citizen and a non-Rotarian. District interviews to

nominate the five team members will be during the early part of December or during the first few weeks of January 1993.

Anyone interested may phone Tim Lelek at 728-8051 or 728-5221 for an application and further details. This is an excellent opportunity for a non-Rotarian to explore new cultures, sights and values and should be considered by anyone with the time and ability to participate in such a trip.

Transamerican Diagnostic Services

CALL 728-3431 FOR APPOINTMENT

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Guidelines For
Screening Mammography
Established by the
American Cancer Society.

I. 35-40 years of age -
One baseline mammogram.

II. 40-50 years of age -
A mammogram every 1-2 years depending on breast type and risk factor.

III. 50 years of age and over -
An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$70.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

LORAIN PERSONALS

Lots of bad things seem to be happening around our country. The hurricane is one terrible thing. So many people have lost everything they own and have no idea what they will do or can do as far as that is concerned. It makes us all want to put those people on our prayer list and keep them there.

Visiting Annie Bell Jones last week were her cousins Mattie Ewell Hodges of San Antonio, Fran Mayse of Pleasanton and Dora Robinson of San Angelo. They are daughters of the late Pauline and Floyd Griffin.

I saw Bobbie and Roy Rankin last week. Bobbie told me she would have to go to Dallas and have surgery on her arms that she broke. I don't know when she will go.

Aurthur and Jennifer Zuniga have been to San Antonio to visit his mother who has been real sick. sure hope they found her better.

Inez Webb came home last Friday night and seems to be doing quite well. We sure hope she keeps improving and will be well again soon. Her daughter, Mavis Nix of Waco is visiting her for a few days.

Saw Ann Hallmark and Sue Linam at the lunch counter last week. Was good to see them.

Hello! I hear you are back at work at least part time. Sure hope you are doing better. Hope this note finds you feeling fit again. We always hate to hear of long time friends not feeling well.

Our football boys met Ropesville in Gale for a trial run Saturday night. I hope you guys did good and I am sure you did. Sure hope we have a good year this time around.

I hear good reports from school these days. Seems everything is going good and everyone seems to be enjoying it so far. Lets all strive to make it a good year in Loraine.

I have just been told that Ira Beights died this morning but I do not know about any of the arrangements. I am sorry about this. Ira was a nice guy and so is his wife Audrey. May God Bless You all.

The Donnie Phillips along with Chris and Michael Moore spend the week-end in New Braunfels playing in the water.

Iris Preston and Chrystene Hall were in Abilene yesterday at the eye doctor. They had lunch with Harold Preston and while visiting they

happened to see Bob Tremoine and his wife. They live in California but were in Abilene enrolling their kids in Hardin Simmons University, small world isn't it.

The First Methodist Church in our town is having a revival this week. I believe their pastor is doing the preaching. He is a real nice fellow.

A lot of people are getting new cars and pick-ups, which is nice. My young friend Sharon Green has a real cute car. She said she told the Lord to please arrange it so she could get a car that would get there and back with out blowing

up and she got it. Sharon, that's all I ever ask for out of my car.

Dorothy Green is doing better and we are happy about that. She is a real nice person.

We are getting some new water lines in our town. It will probably be quite a while before it is finished. We will be pleased about this project. Some of our lines were worn out. I am sure we all like to get a good supply of water when we turn on the faucet. Thanks City people for this project. It always takes lots of work on someone's part to make things better.

Are you one of the 7 out of 8 who have not prepared a will?

When you die you must leave behind everything for which you have worked and saved. The question is, "TO WHOM?" If you have a will, you have already instructed the State, attorneys and judges to act according to YOUR wishes. But if you don't have a will, the State will simply distribute your estate according to law.

Without a Will you let the State determine the disposition of your assets, the welfare of your spouse and the guardianship of your children. Probate costs, taxes and fees increase. What's worse, you rob yourself of the privilege of continuing stewardship through designated gifts.

DON'T MAKE THE MISTAKE OF THINKING:

- only wealthy people need a will
- that drawing a will is too complicated
- or that it is too expensive.

Please send, without cost or obligation, your booklet on wills. Tom Reynolds, The Salvation Army P.O. Box 2785, Lubbock, Texas 79408

"My heat pump's so efficient it saves money. And it's a clean system. I like what it means for the environment."

—Elta Chandler
Park Board Member

Elta Chandler cools and heats her home with a heat pump because it saves money and energy. And since it's electric, it's "wonderfully clean."

A heat pump uses the energy in the air to keep her home comfortable all year. Even on cold winter days there's heat in the air. A heat pump captures that heat and uses it.

And it costs less to operate than a gas furnace. It's so efficient that for each unit of energy it uses, it creates two to three units of heat.

In the summer a heat pump becomes a high-efficiency air conditioner, capturing the heat inside the home and removing it.

For more information, call a heat pump dealer or TU Electric. It's your chance to save more than money.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Mitchell County Education District will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1991 by 18.7335%. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on September 3, 1992 at 7:30 p.m. at 1132 Hickory Street, Colorado City, Texas.

FOR the proposal:	Mike Gage and Larry Blessingame
AGAINST the proposal:	Warren Zant
PRESENT and not voting:	None
ABSENT:	None

The statement above shows the percentage increase the proposed rate represents over the \$.85153 tax rate that the unit published on 8-23-92. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	LAST YEAR	THIS YEAR
Average home value	\$17,817.00	\$16,926.00
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	\$10,000.00	\$10,000.00
Average taxable value	\$7,817.00	\$6,926.00 (proposed)
Tax rate	.77/\$100	.9475/\$100 (proposed)
Tax	\$60.19	\$65.62

Under this proposal taxes on the average home would increase by \$5.43 or 9.021% compared with last year's taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would increase by \$13.88 per \$100 of taxable value or 23.060% compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

CHIEF LONE WOLF

....BY JIM BAUM

Put on your thinking cap....what do Snyder, Sweetwater, Big Spring, Abilene, Post, Garden City and Stanton have, that Colorado City doesn't? If you said a town square, you're right!

So, why is Colorado City about the only county seat you've ever heard of that doesn't have its courthouse on a square? Well, once upon a time, we did have one.

You see, the man who owned most of the townsite in 1881, Senator Joseph Brown of Georgia, gave blocks 23 and 24 on Oak Street, to Mitchell County to build a courthouse. (Block 24 is where our courthouse, jail and annex now are, while block 23 has the library, city hall, post office, playhouse and etc.).

Work soon started on the stone structure, with materials coming from quarries along the banks of the Colorado River in south Colorado City. It's safe to assume businesses started building on the square and when the courthouse was completed (in April of 1883), everyone was very proud. Little Colorado had a stone courthouse and businesses were locating all around it on the square. Just like a real town!

We know there was a square because the day after the courthouse was accepted by the county, April 24, 1883, the city council decided to ask the county "if they won't give us a lot on the square to erect a mayor's office, calaboose, etc." Alderman W.H. Martin was appointed a "committee of one" to confer with the county commissioners....and about a month later, he reported the county boys had said, "Shucks, we're all hogs eatin' out of the same trough, so help yourself," or words to that effect.

Specifically, a lot was given "on the square" and the city could erect a mayor's office and use it for "as long a time as they wanted but only for that purpose."

Things are going so smoothly in this story you know something bad must be about to happen. You're right.

The courthouse was built in the wrong place. Of all places, it was built right in the middle of the Oak Street! We have several versions of what happened, or how the goof was corrected.

Lila M. Glover has written a nice history (in 1971) on the three courthouses we've had in Mitchell County. She states, "In November, 1883, it came to the attention of the commissioners court that the first courthouse was built in the center of Oak Street and would have to be moved." Unfortunately, we don't know how "it" was discovered.

Anyway, can you believe, a courthouse, less than two years old, and it was about to be dismantled?

Mrs. Glover says a committee was appointed to talk over this little problem with Senator Brown and he was apparently "a very understanding and generous person for he made a new deed to Mitchell County for the two blocks of land."

"In this deed he gave permission to sell part of the lots in order for the county to be able to remove the first courthouse and to build another. Some of the lots were sold but most were not," Ms. Glover wrote.

Another account of the courthouse fiasco is noted in a history written by Giles E. Bradford, Jr.

"The commissioners were apparently conscious that they or some of their subordinates had failed to exercise proper discretion in determining the location of the first courthouse, since they specified that the new building should be sixteen feet from Oak Street and ten feet from the south line of Fourth Street and that the site should be determined by surveyors instruments," Bradford stated.

But now, consider a third (and much more colorful) version of what happened.

In the J. Evetts Haley collection, Midland, an interview with J. Wright Mooar tells what Senator Brown did when he learned the courthouse had been built smack dab in the middle of Oak Street. Mooar came to

Colorado City in 1881 and he had even brought some of the first lots from Brown.

His narrative, then, is a first hand account. Listen.

"When they came to build that courthouse," Mooar told Haley, "they built it right in the middle of them two blocks and that put it right in the middle of the street."

"They built a nice little courthouse there out of rock, and Brown came up there, and he raised all kinds of time about it. They had to compromise with him by taking that courthouse down and building another one on one of the blocks."

"He made another compromise with them when he did that. He had given the two blocks for courthouse purposes. He gave this one block for courthouse purposes and allowed them to use the other block for business purposes, to sell lots to make up for this, and them lots never amounted to a hill of beans," Mooar concluded.

Who knows who messed up and allowed the courthouse to be built in the middle of Oak. Chances are, if the original courthouse had been left where it was, we would probably still have a town square.

And what happened to the stone taken from our first courthouse? It was used to build the Renderbrook Hotel, between First and Second Streets on Walnut.

Today that same building houses Ratliff Insurance Agency and the former C.C. Printing Company.

The square is gone, but the courthouse (in the middle of the street) lives on!

Dunn is hostess to Womens Group

The Susan Everman group of Baptist Women of The First Baptist Church met Monday, August 9, in the home of Mrs. Mae Dunn.

Mrs. Margaret Bodine, president, conducted the business meeting. Mrs. Earline Sellier, prayer support chairman, lead in the calendar of prayer for missionaries.

Mrs. Jessie Mae Merket was program director and presented the study: "Laugh, Cry with the Braves." The Brave being missionaries' wives. The role of home missionary wives Barbara Barkley from Waldorf, Maryland and Eileen Ohler, from Ridgely, West Virginia and foreign missionary wife Bert Yates from Kenya were assumed by Virginia Dearen. Doris Carter and Betsy Aycock. Mrs. Merket acted as an interviewer of the three giving them the opportunity to tell about their work and their areas of service and to reveal their special problems.

Area ranchers join hands to help Rehabilitation Center

Bill Ellis, Waddell Strain and Charlie Henderson are among 250 area ranchers and community leaders who are joining hands to help West Texas Rehabilitation Center by participating in the 1992 Cattleman's Round-Up for Crippled Children.

These Mitchell County supporters, who will serve as Colorado City area chairmen, will be asking neighbors to join them in donating livestock to be sold at special auctions during September and October.

Sale proceeds are converted into "treatment dollars" which help

provide out-patient services for handicapped children and adults at WTRC facilities in Abilene and San Angelo.

Scheduled sale dates for the 1992 Round-Up are as follows:

September 24 - Producer's Livestock Auction, San Angelo, September 28 - Cattle Sale, Abilene Auction, October 7 - Special Sale, Stephenville Cattle Company, October 9 - Special Sale, Central Texas Auction, Lometa, October 10 - Horse Sale, Abilene Auction.

October 14 - Special Sale, Coleman Auction, October 15 - Special Sale, Jordan Auction, San

Saba, October 20 - Special Sale, Eastland Auction, October 24 - Special Sale, Colorado City Auction, October 26 - Sheep and Goat Sale, Junction Stockyards, October 17 - Special Sale, Brownwood Auction.

"If ranchers sell stock at other times of the year, we're hopeful they will make a commitment now and then later ask their local auctions to send the Center a check when the stock does sell," said James (Jim) Alexander, CRCC general chairman. "Every day WTRC treats people who are our friends and neighbors. Donating one or more animals is a good way for us to help Rehab help others."

Since 1953, West Texas Rehabilitation Center has provided out-patient treatment services to individuals without regard for age, race, origin or financial circumstances. More than 175 trained professionals deliver quality care in physical therapy, occupational therapy, speech pathology, audiology, orthotics, work evaluation/work hardening and support services to more than 13,500 patients annually.
