Price 10 Cents

CINDERS

By John T. King

The annual Sonora football guessing contest opens this week. For the past four seasons Sonorans have pitted their wits against the brawn of high school, college and pro athletes. And it's not always the most informed football fan that wins the money. One little girl not yet old enough to read or write has won more money than the other four family members put together.

If we've left off any sponsors who want to be included in the contest, please call it to our attention.

John Tedford, who has been playing the organ for Dallas musicals all summer, says that Ginger Rogers is one of the most disciplined persons he has met. Miss Rogers was in the musical "The Unsinkable Molly Brown" which played in Dallas recently.

While she would come as early as the earliest and work as late as the latest actor, she ate only health food. Tedford said that for her youthful trim appearance she pays the price by sacrificing what I consider the good things of life: hamburgers, Cokes, coffee, etc. I don't disagree with either her choice or mine, although they are different.

A frog cannot breathe when its mouth is open. It's a good thing humans aren't constructed that way.

Conscience is a small, inner spirit that sometimes doesn't have a ghost of a chance.

The reason most people don't recognize opportunity is that it's usually going around disguised as work.

CITY COMMISSIONERS HOLD MONDAY MEETING

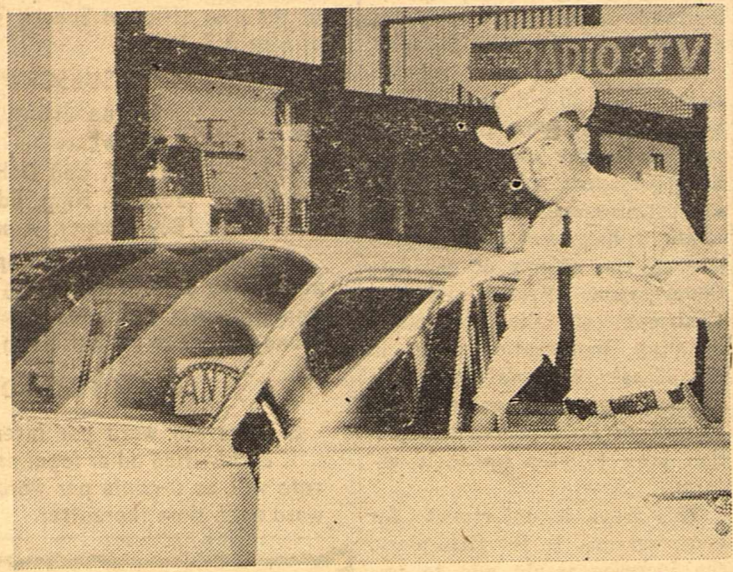

The city commissioners approved the tax roll but took no other official action at their regular monthly meeting Tuesday. Around 50 pickups were made during clean-up week, according to Mrs. Davie H. Taylor, city secretary.

Present at the meeting were A. E. Prugel, mayor; Fred T. Earwood and W. B. McMillan, commissioners; and Omer L. Grelle, new city marshal. R. M. McCarver, manager of utilities, was not present. He is recovering from surgery.

Mrs. Duncan At Shannon

Mrs. Earl Duncan, who has been in Hudspeth Memorial Hospital for the past two weeks, has been transferred to Shannon Hospital in San Angelo for skin grafting. She is expected to be there about ten days.

Mrs. Duncan was severely burned recently on the left leg and foot by hot paraffin.

SONORA'S NEW CITY MARSHAL is now on duty in the car which was recently purchased for him. Omer Grelle assumed the duties of City Marshal September 1. He comes from Crystal City, where he served as City Marshal for 3 years. With him in Sonora are his wife Georgia and children Bryan, a high school student, Kathy, a junior high student, and Carol Ann, seven months old. Another son, Mike, is in the Air Force at Columbus Air Force Base, Miss. The family is living at 905 Prospect. They attend the Lutheran and Baptist Churches.

Free Enterprise System To Be Seen By Mexican Farmers Touring Texas

Sonora is to be one of the first stops on a "pilot project" tour of the West Texas area for 50 peasant farming leaders. The tour has been arranged in response to a request from the U.S. Embassy in Mexico and the Mexican government. It is an outgrowth of the Mexico Good Neighbor Project Good-Will tour this summer.

The tour was requested by Mexican officials as a means of combating communist propaganda degrading the U. S. and the American way of life.

"This is not just another group of Mexican visitors," said Frank Gonzales, co-ordinator for the Mexico Good Neighbor Project. "Final stop on the tour will be Alpine for observation of range management, water spreading, grasses and reseeding."

The Mexico Good Neighbor Project is an outgrowth of a program first undertaken by the South Plains Lions Club of Lubbock. It is now set up on a permanent basis under the direction of Dr. Walter O. Parr, and is financed by free-will contributions. Offices are at 1920-18th Street, Lubbock.

Because of their "communist-type" arrangement, it is easier for the Russians to introduce their ideas to the poor farmers, he added.

The tour, beginning at Eagle Pass September 12, has been planned to give the visitors an over-all look at the progress in farming possible under the system of democracy and free enterprise.

First stop on the itinerary will be the Texas A and M agricultural experiment station, where they group will observe range management, goat, sheep, cattle and livestock management, and brush control. A barbecue lunch is planned.

They will then come to Sonora.

H. V. (Buzzie) Stokes, manager of the Chamber of Commerce, met with leaders of the Mexico Good Neighbor Project last Thursday to plan for the visit. He says that a tour of the Sonora Wool and Mohair Company has been scheduled, and refreshments will be served to the group there.

In San Angelo, the tourists will study the wool industry; while in Big Spring, they will visit Webb Air Force Base. At Lamesa, the visitors will observe cotton and grain sorghum co-operatives.

The tour will extend to Amarillo and then to New Mexico. Final stop on the tour will be Alpine for observation of range management, water spreading, grasses and reseeding.

The Mexico Good Neighbor Project is an outgrowth of a program first undertaken by the South Plains Lions Club of Lubbock. It is now set up on a permanent basis under the direction of Dr. Walter O. Parr, and is financed by free-will contributions. Offices are at 1920-18th Street, Lubbock.

Westside Lions

The Westside Lions met Tuesday night at the St. John's Parish House. Ernest Castro presided and sixteen members were present.

Guests present included Lon Carouthers of Big Spring district governor; A. E. Prugel, zone chairman; and three Ozona West Side members, Felipe Castro, Al Ramirez, and Ignacio Perez.

Carouthers spoke on "Public Relations" and stressed unity in our district and also in the sharing of knowledge among the different clubs.

Also present were Rev. Jake Billingsley and Rev. Arno Melz.

Broncos-Eagles To Clash After Successful Openers

Services For Miss McIlwaine Held Tuesday

Funeral services for Miss Edith McIlwaine were held Tuesday afternoon, September 10, at 3 o'clock at St. John's Episcopal Church. The Rev. James C. Billingsley officiated. Miss McIlwaine died Monday morning in an Austin hospital where she had been during an extended illness.

She was born July 8, 1903, in Phoenix, Arizona. She was reared in San Antonio and came to live on a ranch near Sonora in 1936. In 1960 she moved to Sonora and made her home here. Mrs. Frances Gibson lived with her.

Survivors include a sister, Mrs. Bill Peacock, and two nieces, Patricia and Ann Peacock, all of Austin.

Interment was in Sonora Cemetery under direction of Rattiff-Kerbow Funeral Home.

Pallbearers were W. B. McMillan, Armer Earwood, George Barrow, Sam Kames, C. W. Taylor, and Felix Smith.

Teacher Appointed At Board Meeting

The Sonora School Board met at 1 p.m. Monday in the school Central Administration office for the regular September meeting.

Rex Lowe, superintendent of schools, reported that enrollment in the Sonora school system stands at 882.

The Board elected Miss Marbeth Stubblefield to teach second grade at L. W. Elliott School.

In other business, the Board discussed insurance for the school buildings for the next five years and studied the survey made of the buildings. Also discussed were needed improvements at the football stadium.

MRS. ELLIS DELEGATE AT HEART ASSOCIATION MEET IN SAN ANTONIO

Mrs. Marie Ellis will represent Sutton County as a delegate at the Texas Heart Association's 28th Annual Meeting and Scientific Session. She will be a delegate of the San Angelo Heart Association at the meeting to be held in San Antonio September 13-15.

Leading medical authorities will lecture on various Heart and Circulatory problems.

Holiday Host Restaurant Sets Open House Sat.

The new Holiday Host Restaurant will have open house from 8 to 10 a.m. Saturday, September 14. Mr. and Mrs. Joe Cooner will operate the business.

Built in 1957, the 20-room Holiday Host Motel has not formerly had eating facilities.

The new restaurant will feature home-baked pies and charcoal-broiled steaks. Cooner said that a private dining room would be available for overflow crowds or for special parties. He said that hours would be from 6 a.m. to 9 p.m. each day.

Mr. and Mrs. Gene Shurley will continue to operate the motel.

The Sonora Broncos will play their first home game Friday when they meet the Eldorado Eagles at 8 p.m. in Bronco Stadium. Both teams will be confident after winning their season openers. Eldorado rolled over Rooksprings last Friday 34 to 6. Sonora also won its bout with Iraan 14 to 0.

Last year Eldorado polished off the Broncos with a 19 to 0 shellacking that still make Broncos and boosters wince. Many of the same players will be playing here Friday. Eldorado, expected to romp home with the 8-A title, will have Lynn Meador as quarterback. Last year Meador averaged 8 yards per carry.

In last Friday's game with Iraan, the Broncos' Jim Brown took a handoff from Bill Elliott in the first quarter and ran left end for the final 6 yards of a

touchdown drive. Elliott kicked the extra point. In the second quarter Tino Noriega broke loose for 15 yards and a touchdown after taking a handoff from Elliott. Again Elliott kicked good.

Outstanding defensive play was shown by Johnnie Merck, Maxie Delrie, Larry Bob Moore, Pat Castro and Johnnie Glasscock.

Sonora's defensive team held the Braves to 75 yards rushing and 12 yards in the air.

GAME AT A GLANCE

Sonora	Iraan
14	6

Rain Douses Blaze For Fire Fighters

Rain came to the aid of the Sonora Volunteer Fire Department last week.

Sonora firemen were called by the Eldorado Fire Department to assist in putting out a grass fire in the direction of Fort McKavett.

John A. Martin, Jr., city fire marshal, reports that his truck was about five miles from the blaze when the rain extinguished it.

Busy Program Set For Ladies At TSGRA Convention

A full schedule of activities has been planned for the ladies at the quarterly directors' meeting of the Texas Sheep and Goat Raisers Association in Kerrville September 13-14.

Mrs. Russell Thomas, chairman of local arrangements for the ladies, has many activities interwoven with the business schedule of Mrs. Alvie Cole of Sterling City, TSGRA Auxiliary president.

Friday afternoon, the local group will have a reception room open for the ladies who are not attending committee meetings.

Saturday morning, a coffee and business session will be sponsored by Ranchman's Wool and Mohair of Ingram.

The ladies also will attend the social hour, buffet dinner and dance Friday evening and the barbecue lunch Saturday noon.

A record crowd is expected. Registration starts at 10 a.m. Friday, September 13.

The two host organizations are the Ranchers Association and the Kerr County Chamber of Commerce.

Holman Mare Wins Two Ruidoso Races

Akquest, owned by Mrs. Nell Holman, has won two races recently at Ruidoso Downs.

The first race, on August 24, was run in rainy weather on a sloppy track. Akquest ran the 5 1/2 furlongs for a \$637 purse.

On September 8 the mare again won the first race for \$300 and 5%.

Mrs. Holman raised the mare.

BOOSTERS SEE FILM

Bronco Boosters heard Bob Painter's report on Eldorado at the second Booster Club meeting Monday night. Painter, who scouted the Eldorado-Rooksprings bout last week, said that the 34-6 game reflected only part of Eldorado's strength. He said that Eldorado played its second string much of the second half.

Fans who watch Friday night's game will see Eldorado play with a wing T formation. Although the line will be a little weaker than last years, Painter said that the backfield would be stronger and faster.

Dennie Hays moderated the film of last week's Bronco-Iraan game.

The Booster Club will bring the football players onto the field Friday night.

NEW LIBRARY HOURS

Wednesday afternoon from 3 to 5 and Saturday afternoon from 2 to 5 are the new hours for Sonora Library.

Antique Autos To Parade, Compete

A parade and driving contests are the featured activities at the Antique Auto meet to be held at Sonora Municipal Airport this Saturday.

The autos will meet at the airport at 3 p.m. They will parade through town and return to the airport for the driving contests.

The public is invited to see the cars and the contests.

Hunt Sells Four Horses At Ruidoso Auction

Four horses belonging to James Hunt were sold recently at Ruidoso for a total of \$5,750. Mr. Raffles Bar was bought by Dr. W. E. White of Albuquerque for \$1,100. Tuberosa was bought by Ben Schermerhorn of Tuscon for \$2,600 and Salty Leonita was bought by Carl Mercer of Canoga Park, California, for \$1,000.

The fourth horse, Patriotic Win, brought \$1,050 from H. O. Rutherford of Norman, Oklahoma.

Eighty horses were sold during the auction.

Screwworm Case Reported In Crockett County

While Sutton County remains free of reports of screwworm cases this week, one case has been reported recently in nearby Crockett County, according to the Texas Agricultural Extension Service.

An increase in the screwworm population this fall must be prevented if early eradication of this livestock pest is to be realized, officials of the Southwest Screwworm Eradication Program emphasize.

Favorable weather conditions and shearing and other ranch operations usually result in a marked increase in screwworm infestations in both livestock and wildlife from early September through November.

Eradication machinery is poised to move quickly onto farms and ranches where screwworms are reported. Officials stress livestockmen should watch closely for infested animal wounds; they should save samples of the larvae and immediately report the discovery to D. C. Langford, County Agent.

The 19-month-old program has already reduced the annual incidence of screwworm infestations by more than 95 percent. As fall operations approach, screwworm cases are at an all-time low for the season. For example, less than 75 cases were reported during August as compared to over 5,000 for the same month last year.

Football Contest Begins This Week

Sonora's fifth annual football contest begins this week. Sponsored by many of the merchants of Sonora, the contest rewards three lucky winners with prizes of \$7.50, \$5.00 and \$2.50.

All that is required is that the contestant guess most correctly the winner of 20 football games to be played each week and place his entry in one of the containers located at participating merchants.

A tie breaker has been added this year so that there will be only one winner in each class. Entrants guess the total score of the game Sonora is playing that week. This week it will be the total score of the game between

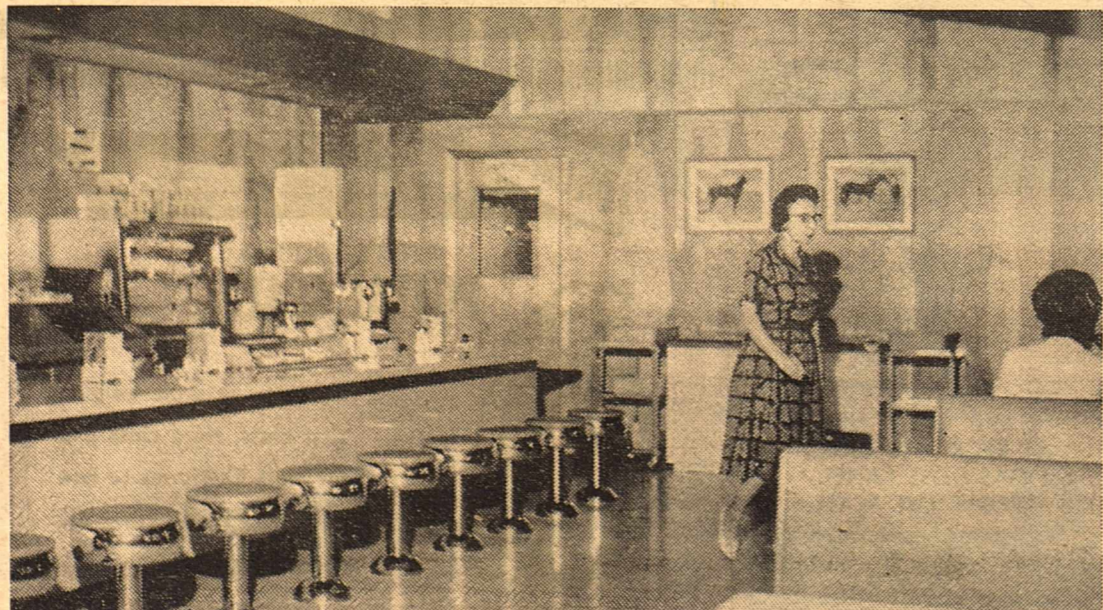

Sonora and Eldorado. Deadline for entries is 4 p.m. each Friday, but contestants may enter as many times as they wish.

Rain for the month .00; for the year 10.62.

THE HOLIDAY HOST RESTAURANT is the newest addition to Sonora. Mr. and Mrs. Joe Cooner will operate the restaurant located just east of town on the San Antonio highway.

Besides the dining area pictured, the new business will have a dining room available for private parties.

Editorials... Features... Columns... A Precious Commodity

In the firm belief that all of us should—occasionally, at least—pause and take stock of the way we spend our time we invite your attention to following editorial which appeared in the Weirton Steel Employees Bulletin. In view of opening of a new school term and the fact that students have a particularly fine opportunity to use their time productively, this article should be doubly appropriate. Here it is:

"What would we do if we had a bank that credited \$86,400 to our account each morning; carried over no balance from day to day; allowed us to keep no cash in our account and every evening cancelled whatever amount we failed to

use during the day?"

"What would we do? Well, most of us would draw out every cent!"

"We have such a bank, you know. We call it 'Time'. Every morning it credits us with 86,400 seconds, and every night it writes off whatever of this we have failed to invest to good purpose. It carries over no balances."

"Each day it opens a new account with us. If we fail to use the day's deposits, the loss is ours. There is no going back. There is no drawing against 'tomorrow'."

The Robert Lee Observer

The Better Way

Certain services are regarded as absolute necessity in the complicated modern society in which we live. Among them are adequate medical care for citizens generally and our older groups in particular. This has led to the belief held in some circles that federal government should provide such care for all American senior citizens, whether they want it or not.

We are not among those who held that the federal government can do things for people better than they can provide for themselves, or in more acceptable form than private concerns, nor necessarily in a more efficient manner than local governmental units.

It is encouraging indeed to learn more about a health care plan for Texas' senior citizens permitted under recently effective state legislation, but provided by the privately operated insurance companies.

Under the program now available in Texas, senior citizens have the choice of two types of insurance coverage. The basic plan will pay a minimum of \$14 a day for a hospital room up to 31 days, part of the costs of doctor's hospital visits, surgical fees up to \$200 and a miscellaneous hospital charge up to \$125. Premiums

for this basic plan will be \$9 per month. Plan No. 2, or major medical, will pay hospital expenses up to \$5,000 during any calendar year, or about 80 percent of all hospital, surgical and nursing home expenses after the first \$75.

Such care available to all Texans who wish to enroll, and administered by companies experienced in the field of hospitalization insurance, is a major step toward solving the biggest hazard facing many people—but most important is the fact that the plan has been worked out by private enterprise, approved by state government, and eliminates the need for a federal program in this field in Texas.

If American people, generally, will accept the full responsibility for their own well-being, and work together to find sensible plans such as the new insurance program, there will be no need for federal intervention and control in so many phases of our lives. All too often the federal aid and interference which we decry comes about when people default in accepting individual responsibility. It will save money, red tape, and eventual enslavement by spreading bureaucratic controls if citizens will accept their full responsibilities in this and other fields.

Fort Stockton Pioneer

Letter To The Editor

Dear Sir:

Thanks for your news note in The Devil concerning our antique Auto meet to be held in Sonora next Saturday Sept. 14.

At this time I do not know how many Antiques there will be, but

we will meet at the Airport at 3 p.m. and will parade thru town then back to the Airport where we will have our driving contests.

The public is invited to attend and view the old cars and watch the driving contests.

The Sonora Chamber of Commerce in the person of Buzzy Stokes promised us a barbecue

(Antique Auto Club) after our contests; then on Sunday morning we will tour out to the Cavern and make the tour through it, then scatter out to our homes.

If I get any more information on the event I will pass it on to you.

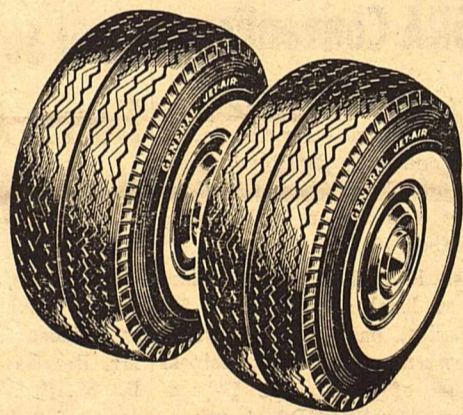

Thanks
E. H. Topliffe

Owning a home is fine, but it does have its financial hazards, like fire, liability, etc. Fortunately, well-planned insurance coverage can eliminate them!

Fisher Discusses Proposals To Liberalize Our Immigration Laws

By Congressman O. C. Fisher

Pressures to increase immigration to this country have been shaping up in recent weeks. President Kennedy sent a special message to Congress which, if enacted, would enable more than a half-million more to be admitted annually from southern and eastern European and Afro-Asian countries. The President's request calls for abolition of the National Origin System, which for forty years has been the basis for our quota limitation laws. After five years, under the President's proposal, the total in-

crease per year could approximate one million.

Last June the President promised the American Committee on Italian Migration that he planned to ask Congress to liberalize our immigration laws, and his special message followed.

Despite our present restrictions, which do not apply to the Western Hemisphere, total immigration runs about one million per year now. The line against pressures to liberalize admissions has been held, largely due to the efforts of the late Congressman Francis Walter, Chairman of the Committee handling immigration laws in the House. Walter's death two months ago has caused proponents of more liberal immigration laws to step up their efforts.

This move is unfortunate for many reasons. In the first place, the increase would add to unemployment and housing problems. And, it is believed by many observers that with the scrapping of our National Origins System on the average a more undesirable class of people would be admitted.

Pressures for abolishing present restrictions stems from many foreign-born organizations in this country. These groups are often referred to as blocs, and their votes are often sought by politicians.

In any event, the Congress may have to come to grips with this proposal soon.

It's The Law In Texas

ORIGIN OF THE LAW

The law is a system of rules and regulations governing the whole field of human relations. Just to name some of the fields of law, there are criminal law, tax law, the law of contracts, business associations, torts, bills and notes, property, mortgages, sales, domestic relations, labor relations, wills and the administration of estates, and many others.

Where did this law come from? At the risk of over-simplification, the law comes from two sources. One source is from the legislature of our state and from the federal Congress. This is referred to as statutory law. The second source of our law is frequently referred to as the common law. This common law started its growth in 1066 A.D. when William the Conqueror set up his judicial system in England.

Under William's system, when a person became aggrieved because of the act of another, he presented his grievance to a court duly constituted by the king. The court, after affording both parties an opportunity to be heard, then decided who was right. The judge's opinion was based upon former decisions of other judges, if any, and upon the justice of the situation and upon the customs of the people. If the king had made a law a statute, then it controlled the situation and the other factors could be given no consideration.

The opinions or decisions of the court were then written down and referred to as precedent when a similar situation arose at a later time, thereby giving a consistent pattern to the law.

As time went on the common law developed to meet the changing times. The change in the common law was somewhat slower than the progress of society with the result that occasionally the judge-made common law was (and is) sometimes out of date and worked unjust hardships. Into this gap, the king, parliament, or the legislature stepped and by the enactment of a statute, changed the common law.

When the colonies were settled by the British, they brought with them their system of common and statutory law, both of which continued to grow to meet the ever-changing times. After the revolution the states of our nation continued to follow this system of jurisprudence.

(This newsfeature, prepared by the State Bar of Texas is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

PERSONALS

Mrs. Howard Espy took Mary John to Boulder, Colorado, where she will be a freshman at the University of Colorado.

Mrs. Robert Kelley visited her mother, Mrs. Harry Pearson of Beaumont, over the Labor-Day weekend.

Mrs. Muriel Hamilton had as her guests over the weekend, her son and his family, Mr. and Mrs. George Hamilton, Patricia and Tyra Lea of Austin.

IN THE YEAR OF

September 28, 1912
S. H. Stokes of Sonora bought from R. F. Halbert of Eldorado 400 mixed sheep at \$3.00 and \$3.50 per head. This stock had the wool on. Mr. Stokes also sold to Harry Sharp 400 nannies at \$3.00 per head.

-1912-
Mr. and Mrs. Joe Wallace have moved up from Barksdale and have taken charge of the Curt Allison ranch 4 miles south of Sonora.

-1912-
Will Harrison had his foot broken while riding a horse at the Holman ranch this week. "Big" brought him to town and he is now around on three legs.

-1912-
Miss Hoy who was visiting Miss Stella Stokes last week left on Monday for Austin where she will resume her studies at the Texas University. Miss Hoy is a very pleasant young lady from Arizona and any of the West Texas crowd who meet her will find her with the Sonora and West Texas bunch.

-1912-
W. A. Glasscock, C. B. Wardlaw, Joe Trainer and Sam Hull made a trip to the Wardlaw ranch on the Pecos last Saturday. They say the Judge has some very fine improvements on the ranch.

-1912-
Louie Stuart is attending school this year at Groesbeck and is at home with his aunt.

-1912-
Miss Estelle McDonald and brother Arthur left Monday for Austin to resume their studies. Miss Estelle will again attend St. Mary's but Arthur will enter the University, having graduated last year from St. Edwards.

DPS Will Enforce Minimum Speed

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, said today the new speed law effective August 23 specifically makes it a violation to drive a vehicle so slow as to impede traffic.

He said that before enactment of the new law it was necessary for a police officer to warn a driver impeding traffic to speed up or get off the road before filing a charge.

"Under the new statute, as we interpret it, whenever a driver is driving slower than the normal and reasonable movement of traffic and thereby impeding that traffic, he will be committing a violation for which he may be charged in court," Garrison said.

The DPS Director also pointed out that under the new law official bodies having jurisdiction

over various kinds of highways are authorized to zone roads for minimum speeds whenever they determine that slower speeds consistently impede traffic. Failure to comply with such minimum speed limits will be regarded as a violation, he added.

"It will be the policy of the Texas Department of Public Safety to stop and take enforcement action against any driver observed to be committing clear-cut and substantial violations of these two provisions of the law," he said.

"Substantial compliance with these provisions should relieve congestion on highways and reduce considerably the differential between top speeds and lower speeds, thus reducing potential conflicts and increasing traffic safety."

Garrison reminded again in connection with the new maximum speed limits of 70 MPH in daytime and 65 MPH at night for passenger cars that these are dependent upon conditions existing on the roadway at the time. The Texas law requires a driver

Exchanging News

UVALDE—The Uvalde Police Department answered an unusual call about 2 a.m. Saturday when the night clerk at a hotel reported an 18-inch alligator wandering about the lobby.

The police apprehended the unwanted guest, and an officer took the long-tailed amphibian home with him.

The night clerk noted that the front door opened and closed, and all of a sudden the reptile was "hissing" at her, apparently trying to get her attention for "room service."

According to an informed source, the hotel workers are hoping that in the future the only alligators that come into the hotel lobby are carried in suitcase form.

—The Uvalde Leader-News

EDEN—A homecoming was held for the class of 1954 of Eden High School last weekend. Members of the '54 football squad had grid-side seats at the Junction-Eden football game. A reception, coffee, luncheon, and barbecue supper were included on the weekend program.

—The Eden Echo

JUNCTION—A paving project was completed recently in Junction. In three days a paving contractor primed and double-coated the surface of 16,545 square yards and seal coated 19,705 linear feet of Junction streets.

—The Junction Eagle

OZONA—The Ozona Chamber of Commerce is sponsoring a steer roping contest Saturday, September 21. A 4-steer average team tying, with entry fee set at \$68 per team, will be kicked off at 1 p.m. A barbecue supper and dance are planned.

—The Ozona Stockman

Mrs. Maude Glover, Mr. and Mrs. T. H. Bankston, and Tom and Joyce Bankston visited the John T. Kings Sunday.

Hospital Notes

Patients receiving treatment at Hudspeth Memorial Hospital during the period from Tuesday, September 3 through Monday, September 9:

- Wayne Laverne Black, Eldorado
- Dantes Reiley
- Jane Roe
- M. D. Melton, Christoval
- Sara Estaado Vargas, Ozona
- Margaret Schwiening
- Carrol Douglas, San Angelo
- Pedro Samaniego
- Preciliana Gomez
- Bob Vicars
- Glyn Rose Turney
- Lois Duncan
- Ada Doran Logan
- Teresa Isaiz
- Gladys Persinger
- Reyes Garcia, Jr.
- Santos Lopez
- S. A. Stubblefield
- Gloria Kerbow
- Carol Adamson
- Jym Adamson
- Maggie Kiser, Eden
- Mamie Stubblefield
- Mrs. Pruge, Eldorado

Patients dismissed during the same period:

- Dantes Reiley
- Wayne Laverne Black, Eldorado
- Sara Estrado Vargas, Ozona
- Carrol Douglas, San Angelo
- Glyn Rose Turney
- Teresa Isaiz
- Gladys Persinger

SUTTON COUNTY SALES OF E AND H BONDS TOTAL \$7,143 FOR JULY

July E and H Savings Bonds sales in Sutton County totaled \$7,143 according to George H. Neill, chairman of the Sutton County Savings Bonds Committee. This figure represents 79.6% of the 1963 sales goal. Savings Bonds sales in Texas for the first 7 months of 1963 totaled \$87,895,038 which represents 58.4% of the state goal of \$150,600,000.

Mrs. Robert Gilbert and son, John T., visited last week with Mr. and Mrs. Curt Schwiening.

YOUR MINISTER SAYS

By Rev. Arno H. Melz, Pastor, Hope Lutheran Church

Proverbs 3:11-12, "My Son, despite not the chastening of the Lord, neither be weary of his correction: For whom the Lord loveth He correcteth; even as a father the son in whom he delights."

Complaining and griping seem to be the favorite pastime of many people. It has become so wide spread that even the God-fearing people are voicing their discontentment. Usually these complaints are directed against a political party, an idea, a school, a neighbor, or anything else imaginable, but at times they are also directed against God. The people complain because God is not providing for them in the manner they expected.

If you are guilty of such complaints against God, heed the word of Solomon. He tells of not to despise the chastening of

the Lord, and be willing to accept His correction. It is hard to accept sickness and hardship in our busy lives, but God uses such methods to draw us closer to Him.

We become so active in our social life we tend to forget God until He brings us to our knees in prayer with a hardship. Another form of correction and chastisement can be a lack of rain. When we have enough rain we forget the source of this blessing and seldom thank God for His gift. Only the lack of rain will remind us of the source and turn our eyes to our Heavenly Father. We need to be corrected, and made aware that we can not always do things our way.

This correction is really a sign of love, just as the parents will correct a child if they love it. If you really love your child, you will correct it when it becomes selfish or rebellious. Your Heavenly Father is concerned about your well being. Don't complain when God corrects you and keeps you from straying away from His loving care, but rather give thanks. Be thankful that God loves you enough to correct you.

STOCKER-FEEDER LAMBS FEATURED AT SALE

The first special Stocker-Feeder Lamb Sale ever to be held at Union Stock Yards, San Antonio, is scheduled for Tuesday, September 17 at 10 a.m. This sale will offer a maximum opportunity for selling stocker-feeder lambs. This event will be in addition to the regular Tuesday sheep and goat auction.

ATTEND CHURCH SUNDAY

-GREEN NEWS-

By Monica Davis

Our men golfers were pretty well represented at the Big Lake tournament. W. J. Thompson, Clayton Hamilton, Ed Grobe, Milton Cavaness, Carol Cochran, and J. W. Neville went. Carol and J. W. made the championship flight, and came in fifth with 103 for twenty-seven holes. Four other teams in that flight tied with 101 for twenty-seven holes, and had to have a play-off for first, second, third, and fourth places.

Speaking of tournaments, I've heard some of the lady golfers wishing the men would have a tournament once a month. Since the tournament, they've had a ball (any kind) playing 'cause the weeds have been chopped.

The shed-moving committee has finally decided upon the location for the shed—it will be moved to the northeast corner of the club house. Number one tee box, and number nine green will be in clear view, and it will be a nice, shady, breezy spot for the Bar-B-Q'ers to sit and kibitz, while tending to business. El Paso Natural Gas has volunteered to do the moving.

The twenty-fifth and twenty-eighth of this month are big days for the lady golfers. Many of us are looking forward to the Brady and Ozona tournaments on these days.

The putting green has been cut back to five holes in order to save some wear and tear on it. It will be nice when we get our eighteen-hole putting green—bigger green, not so much wear

EVEN ELEVEN MEMBERS MEET AT GRANGER HOME

Mrs. Bobby Joe Granger entertained the 7-11 Bridge Club at her home Monday. She served chocolate cake, and used cut flowers for decoration.

Mrs. Doyle Morgan and Mrs. Dub Black binged. Winning high score were Mrs. Al Everett for club members and Mrs. Denmie Hays for guests. Mrs. Tommy Smith won the slam prize.

Mrs. Jim Holley was elected to be a member of the club.

Others members present were Mmes. Ralph Mayer, John Tedford, Bill Morriss, Lacy Steed, Albert Ward, Jimmy Hugh Harris, Ralph Finklea, and Jerry Hopkins.

Also present as guests were Mrs. Bill Tittle and Mrs. Bill Gosney.

and tear.

Say, have you seen the latest at the golf course? There are carts for rent—Yes sir! Carts rent at three dollars for nine holes. Some of these real hot days, and if you have an extra three dollars, that would be ideal!

It seems our golfers ran into a little weather while in Big Lake. In the afternoon while the finals were being played, a dust storm, the likes of which you've never seen, came up and lasted for about twenty minutes, and temperatures were well over a hundred degrees—and then came the rains from out of the south to get clubs all sticky and gooey. Things finally cleared up—that is for a time, they did. In about thirty minutes, the bloomin' rain came back again (wish we had some of the bloomin' stuff), but from the north this time, and dropped that sizzling temperature to seventy-eight degrees in just a matter of minutes.

Now, I mean they had just about any kind of weather you could ask for—but for all that, I understand J. W. Neville had lots worse troubles. I think he ended up the tournament swinging one handed—but I'll let his little, wee wife tell you the story. She does it so well!

Mrs. Milford D. (Mickey) Powers

Miss Alice Claire Jones Bride Of Milford D. Powers In Garden Wedding

Miss Alice Claire Jones and Milford D. (Mickey) Powers were married Saturday evening at 8 o'clock in a garden ceremony at the Jones home by the Rev. Doyle W. Morton of Beeville. She was given in marriage by her brother, Cleve T. Jones III.

The bride is the daughter of Mrs. Cleveland T. Jones, Jr. and the late Mr. Jones. The bridegroom is the son of Mr. and Mrs. Louis Powers.

Mrs. Birl V. Davis of Canyon was the matron of honor. Miss Maryadele Wilson served as maid of honor. Bridesmaids were Miss Sarah Sawyer and Miss Betty Jack Cooper, cousins of the bride, and Miss Jayne Seale of Beaumont.

Attendants carried cascade bouquets of feathered fugium.

Flower girls were Miss Pam Powers, sister of the bridegroom, and Miss Sherrie Altizer of Del Rio.

Jim Bob Altizer of Del Rio was best man. Serving as groomsmen were the bridegroom's brothers, Jimmy and Zane Powers, and Bud Smith of Del Rio and Buddy Kiser.

Ringbearers were Mack Altizer and Olin Smith, both of Del Rio. Serving as ushers were Dan Carter Cauthorn, Luther Chalk, Hadley Wardlaw of Del Rio, and Eddie Sawyer and Don Cooper, both cousins of the bride.

The bride chose a pure silk organza gown re-embroidered with Alencon lace. The Sabrina neckline was outlined with lace. The dress was accented by three-quarter length sleeves banded in satin and a small satin bow in the back. A tapering satin band and lace applique adorned the skirt. The dress was of princess design with a full chapel train.

Her tiered veil of crystal tulle was held by a crown of pearls. She carried a white Bible with phalaenopsis orchids with a stephanotis shower.

Nuptial music was presented by the soloist, Mrs. Preston Bryant of Oklahoma City, cousin of the bride, and the organist, Mrs. S. M. Loeffler.

After the reception held in the Jones garden, the couple left for a short trip.

The bride attended the University of Texas, where she was a member of Spooks, honorary freshman and sophomore service organization. She was an upper-class advisor at Scottish Rite Dormitory.

The bridegroom attended Sul Ross State College, where he was a member of the Sul Ross Roping Team and was calf roping director.

The couple will live in Lubbock, where they will be senior students at Texas Technological College.

Parties prior to the wedding honored the couple. Mrs. Jess Koy, a cousin of

the bride, complimented her recently with a soft-drink party at her ranch home near Eldorado. A variety of fruits and muffins were served to 14 girls from Sonora and Eldorado. The centerpiece was composed of yellow roses.

Don Cooper, Luther Chalk, and Alfred Sykes hosted a barbecue for Powers at Camp Allison last week. About 30 boys attended the party. Out-of-town guests included Jim Bob Altizer and Bud Smith of Del Rio.

WEDNESDAY NIGHT CLUB MEETS AT CUSENBARYS

The Wednesday Night Club met recently at the ranch home of Mr. and Mrs. B. H. Cusenbary. A supper was served and fall flowers were used for decorations.

Dr. W. T. Hardy won high score for the men, and Mrs. J. F. Howell won high score for the

HOSPITAL AUXILIARY MEETS AT HOME OF MRS. A. M. EVERETT

The Hospital Auxiliary met at the home of Mrs. A. M. Everett Monday for their regular monthly meeting.

Mrs. J. E. Eldridge presided and Mrs. W. L. (Tom) Davis presented the meditation. The treasurer reported that there was \$655 in the memorial fund and \$234 in the general fund.

Mrs. Paul Boland reported that magazines had been taken to the hospital by her committee. Others reported visits to shutins.

Mrs. O. G. Babcock said that renewal of three subscriptions to children's magazines have been made.

Plans to entertain the Texas Association of Hospital Auxiliaries of this area on October 23 were discussed.

Mrs. Elizabeth Goodwin of Hobbs, New Mexico, was a guest at the meeting.

Committees named for the year are as follows: Program: A. M. Everett, Mrs. Alvis Johnson, Mrs. A. W. Awalt and Mrs. W. L. (Tom) Davis.

Planning Committee: Mrs. A. M. Everett, Mrs. Bailey Renfroe, Mrs. Cashes Taylor.

Registration: Mrs. L. E. Johnson, Sr., Mrs. O. G. Babcock, Mrs. A. W. Awalt.

Telephone Committee: Mrs. Dock Rape and Mrs. Eula Regeon.

The next meeting will be at Mrs. Bailey Renfroe's home October 14.

ladies. Miss Sarah Lu Hardy won the guest prize.

Members present were Mr. and Mrs. Tom Ratliff, Mr. and Mrs. Joe B. Ross, Dr. and Mrs. W. T. Hardy, Dr. and Mrs. J. F. Howell and Mr. and Mrs. Bryan Hunt.

ADVANCEMENTS COME THE HARD WAY IN PHARMACY

"Shatterproof" glass was discovered accidentally when a bottle of collodion fell into a sink without shattering. Some of our most used inventions and discoveries have been developed from simple observations. But not our new medicines.

New pharmaceuticals are the result of years of research and hard work. Each drug accepted into general use by the medical profession in recent years has had a background of medical research, laboratory development and clinical proof—all difficult and costly procedures. Yet all these drugs are available at our Pharmacy on your physician's prescription, at a very moderate cost.

Bring your prescriptions to our Pharmacy. You may have confidence in our professional service.

Westerman Drug

Cecil Westerman would like to be your Pharmacist

THE TEEN SCENE

By Mary Davis

Congratulations to the football boys for winning their first game and a little reminder that this week we have some getting even to do. There is a little grudge that needs fulfilling.

Quite a few kids are getting off to college now. Sarah Sawyer, Kay Shurley, Elaine Mears, Cissy Young, Bob Nevill, Primo Gonzales, Betty Jack Cooper, Francine Fields, and quite a few others have already left. Preston Neely, Nancy Prugel, Jo Addah and Jessie Lem Johnson, and many more are planning to leave within the next few days.

Monday was election day in high school. All of the classes met during the activity period to choose their class officers. Gil Allison will be president of the senior class with Jim Brown as vice-president, Alma Sanchez as secretary, and Tommy Dock Raye as treasurer, and the representatives to the Student Council will be Jan McClelland and Johnny Merck.

The junior class re-elected John David Fields as their president. He has been the class president since he was a freshman. Another re-elected officer was Bill Elliott to the office of vice-president. Peggy Grobe will be their secretary and Karen Davis, treasurer, and Carla Whitworth and Dick Hardgrave are representatives to the Student Council.

In the sophomore class, Bill Glasscock was re-elected president. Jerry Shurley was named vice-president with Susan Allison as secretary, Janie Letsinger as treasurer, and Ismael Gonzales and Billy Sam Chadwick as representatives to the Student Council.

Laney Cook will be the freshman class president. Jim Fish is their vice-president, Bonnie McKinney is secretary, Brenda McCutchen, treasurer, and Linda McCutchen and Jim Billingsley are representatives to the Student Council.

The cheerleaders are planning a snake dance from the Dairy Mart to the Bronco Drive in to the Victory Torch. Everyone be sure and come join in the fun.

Several of the teenagers have met and been really impressed with the new city marshal. Every day we see him at school during the noon hour checking on us teenagers and making sure that none of us run over someone who happens to be carelessly crossing the street just as the bell rings for dinner. We do enjoy having him around, though, and hope that he likes Sonora.

One last word to the Bronco football team. TAKE THE FEATHERS OFF THOSE TOO PROUD EAGLES!!

The Devil's Workshop

An Idle Mind Column

By Della King

Not too long ago I would look into my mailbox with happy anticipation, and usually I would be disappointed to find an empty slot or maybe a lonesome bill.

Nowadays the situation is entirely different. This desk is blessed with an avalanche of mail. Letters, cards, advertisements, promotion pieces, and news releases of all description wait for attention.

After it is read, all this information is classified and filed. Some items appear in the newspaper; others, of course, must be filed in the round container under the desk. And some nuggets of pure factual information defy classification.

Here are some things I would never have known if I hadn't opened that bulging mailbox.

In Sutton County, it is unlawful to sell any perch or catfish taken from county waters. It is unlawful to transport more than 200 minnows out of the county.

The story is told in "Texas Parade" that Pete Cawthorn, legendary Texas Tech football coach, had an unusual technique for separating the burly line candidates into future guards and tackles. He explained, "I take 'em out to a wooded park, and I start 'em all running at the same time. Those that run AROUND the trees are guards and those who run INTO the trees are tackles."

Texas A and M is planning to build a \$6 million cyclotron by 1966, the fourth "atom smasher" of its kind to be located on a university campus and the largest in the South.

Dial Watchem, columnist in the Houston Chronicle, writes this about the size of Texas:

It has enough land to give every man, woman and child in the world a tract 20 by 200 feet and leave room around the edges for all the world's armies to march five abreast. It's bigger by 144,000 square miles than the United Kingdom. It's farther from El Paso to Texarkana than from Chicago to New York. If all the people in the United States moved into Texas, it would be no more densely populated than Massachusetts.

Aged rice is less sticky than freshly harvested rice.

Recent statistics show that the Houston Colt .45s lead the National League in extra inning victories with an 11-4 record.

Last year Texas produced 463 million pounds of fed beef and consumed 329 million pounds, making the state a surplus beef producer.

Wheels have been used for about 30 centuries in some parts of the world, but in America, as far as anyone knows, no wheels existed prior to 1492.

Interested in snakes? Texas' 16 species and subspecies of poisonous snakes, with full color illustrations of each, are described in the Parks and Wildlife Department's revised Bulletin No. 31, "The Poisonous Snakes of Texas and the First Aid Treatment of Their Bites." This bulletin is now available for free distribution from Parks and Wildlife Department, John H. Reagan Building, Austin, Texas, 78701.

Spanish Language Driver's Handbook Being Distributed

The director of the Texas Department of Public Safety has announced that the first officially-approved editions of the Texas Drivers Handbook printed in the Spanish language are now ready for distribution.

Col. Homer Garrison, Jr. said they were produced as a public service by an oil company in cooperation with the DPS and the Texas Good Neighbor Commission.

He pointed out that due to the limited supply, only those persons who are unable to use the English version of the Drivers Handbook should request the new Spanish edition. It will be available to them upon proper request at Drivers License Testing Stations throughout the state.

Glenn Garrett, director of the Good Neighbor Commission, said the handbook will help fill a need among the Spanish-speaking people of Texas and should make a significant contribution toward safer operation of motor vehicles in the state.

Translated by the staff of the Good Neighbor Commission, the booklet is 100 pages in length and includes a glossary of terms for quick translation from English to Spanish.

NAVY AND YOU

The unerring "Asroc" Missile has been built to prevent any submarine threat on our coastline or to our shipping. The front half of the missile is a homing torpedo which is boosted by a solid propellant rocket to the target area. The rocket booster separates in flight and a parachute lowers the deadly torpedo into the water. The missile is then free to seek out its target.

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Hay fever is neither caused by hay nor is it associated with fever, but the 10,000,000 Americans who suffer from it know the misery of stuffed running noses, watery inflamed eyes, sneezing, wheezing and general discomfort.

Hay fever can be caused by trees, grasses, molds, weeds and even disintegrated insects' bodies. But the greatest sinner—nation-wide—is the ragweed. In only five hours one ragweed plant can produce 8 million pollen grains that can be airborne over a distance of 75 miles.

In Texas some varieties of cedar trees are the principle offenders and in some areas of the state, there is no escaping drifting clouds of pollen sweeping across a city from rural areas nearby.

Of the four species of ragweed, three grow knee high, but the fourth—the giant ragweed—reaches head high. For some unknown reason, the giant ragweed's scientific name is *Ambrosia trifida*. *Ambrosia*, of course, means "pleasing to taste or smell." No hay fever sufferer would agree with that definition.

It may seem strange, but the ragweed pollination season begins earlier in the north than in the south. In parts of Canada ragweed starts pollinating in the latter part of July, whereas in south Texas it begins about the middle of September.

Reason for this phenomenon is that pollination occurs as the amount of sunlight becomes less. Thus the farther south the plants are, the later their pollination starts.

Why some of us become allergic to cedar pollen; others to ragweed, peanuts, molds or insects remains a mystery. But it is known that the allergic tendency is inherited.

Mild seasonal attacks can usually be treated effectively with simple medications prescribed by your doctor. More severe or persistent cases may require skin tests and desensitization against the offending substances, which differ from person to person.

If asthma or other complications occur, still other methods of treatment will be required. Your doctor can determine which treatment is best for the individual case.

There are also a number of personal measures one can take to avoid or ease the distressing symptoms. Try to keep doors and windows closed as much as possible during the susceptible period. Central air conditioning with filtration, although expensive, can provide gratifying relief.

Mrs. T. R. Driskell visited Mrs. John Treadwell at Menard and Clay Holland at Junction over the Labor Day weekend.

Devil's River Philosopher Discovers Why The United Nations Is In Debt

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River tries to shed some light on international finance this week, his letter indicates.

Dear editor: Sometimes the difference between a big man and a little man is that the big man just owes more money.

I don't know why I mention this, unless it was because of an article I read last night while I was going over some bills I was supposed to pay before the 10th of the month.

According to it, the United Nations is 100 million dollars in debt and its financial situation is getting worse instead of better. This has shocked a lot of people.

Now I'm not going into the philosophical purposes of the United Nations, that's out of my field, although if the world ever eliminates war it'll probably be through a single police force, but don't ask me how we can swing it.

What I was interested in is the financial aspects of the organization. I mean, what's so surprising about the fact the UN is head over heels in debt?

You take 75 or 100 countries, each one of which is head over heels in debt, and let them form a super-organization like the UN, and what can you expect?

If 75 or 100 ranchers who can't make ends meet organized a bank, how long you reckon it'd be before the bank was out of money?

Idealists who are shocked that the United Nations is financially embarrassed just don't understand how the world operates. I'll explain it to them. It goes this way:

The first unit of government a man comes in contact with is the precinct or town or city government, 90 per cent of which are in debt. The next is the county, 90 per cent of which are in debt. The next is the state, 90 per cent of which are in debt. The next is Washington, 100 per cent of which is in debt, the same as London, Paris, Moscow, etc. Under this system, where else would the United Nations be except in debt?

The only debt-free place I know of is the moon, and we're fixing to remedy that just as soon as we can get there.

You know where I can borrow some money on a second lien on a 1946 tractor?

Yours faithfully,
J. A.

PERSONALS

Over the Labor Day weekend, guests in the home of Mr. and Mrs. Lewis Spraggins were Mr. and Mrs. Herbert Martin of Del Rio, Mr. and Mrs. R. W. Spraggins of Garland, Mr. and Mrs. Marion Lee Spraggins of Jal, New Mexico, Mr. and Mrs. Bill Spraggins of San Angelo and Mr. and Mrs. Sam Simmons of Sterling City. The Lewis Spraggins' daughter and her husband, Mr. and Mrs. David Kingston of Tylers, were also visiting. The Kingstons are moving to South Carolina.

Norman Roe has been visiting his family, Rev. and Mrs. Alan Roe and Grady Norman, who has been in El Campo this summer, will be completing his training at SMU school of theology this fall.

INTRODUCING
Sonora Teachers

TEACHING SPANISH and social studies at Sonora High School this year is Mrs. James Wilson. She grew up in Round Rock, and she received her Bachelor of Arts degree with a major in Spanish and a minor in English from the University of Texas. In 1942 she moved to Sonora. The Wilson family consists of her husband James, who is employed at the Post Office, and sons Jimmy, a high school student, and John K. and Joe Ray, students at Central Elementary. The family attends the First Methodist Church.

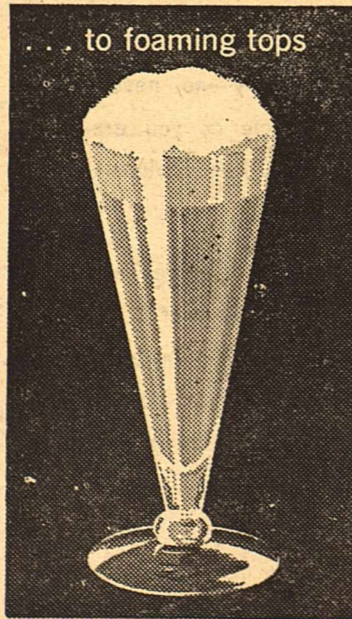

Next Week
In Sonora

Friday, September 13
8:00 p.m. Sonora versus El-dorado football game at Bronco Stadium.
Saturday, September 14
3 p.m. - Antique Auto Club meet following by parade through town and contests at the airport.
Sunday, September 15,
Services at the church of your

choice.
Monday, September 16
7:30 p.m. - Booster Club Meeting at Central Elementary School.
Tuesday, September 17
12 noon - Downtown Lions Club, First Methodist Church.
Mr. and Mrs. Joseph Vander Stucken and Jan visited his brother and family, Mr. and Mrs. E. F. VanderStucken, Jr., in Princeton, New Jersey, last week. They spent several days in New York City before returning to Sonora this week.

From tangy hops

to foaming tops

IN TEXAS

BEER IS A NATURAL

As natural as the wholesome grains and tangy hops from which it is brewed, beer is Texas' traditional beverage of moderation — light, sparkling, delicious.
And naturally, the Brewing Industry is proud of the good living it provides for so many folks in Texas. Not only for employees of the Brewing Industry itself, but also for the farmers and other suppliers of beer's natural ingredients. In Texas, beer belongs — enjoy it.

Bronco
Band News

By Mickey Hardegree
The Sonora Bronco Band will highlight the half-time show this Friday night at the Sonora-El-dorado game by marching on the field playing "Burst of the Trumpets." The Sonora Band will be wearing their new western hats purchased for them by the Band Booster Club this year.
The Band will be under the field direction of Caria Whitworth and band director Lacy Steed.
The half-time show will feature the twirlers doing a cha-cha to the tune "Never on Sunday."
We hope you will enjoy the half-time show.

DO IT YOURSELF
CAVE PROMOTER
COMPLETES 28 TOURS

A one-woman publicity committee and press agent for the Caverns of Sonora is Mrs. O. J. Buntyn.
She has toured the Caverns 28 times, and she has brought a different group with her each time. Her guests have come from throughout the state.
Mrs. Buntyn started touring the Caverns when they first opened. She says that she has worn out a pair of shoes walking through the Caverns.

In 1960, firearms accidents killed more than 1,200 Americans. Nearly one-fourth of these were in the age group from five to 14 years old.

a set of fire-fighting equipment, manned by a first-class fire department and the other, the screwworm eradication program. Both have proven of inestimable worth to our ranch folks and both are in danger now. This is grass fire time, be on the alert, have your spray tank full and ready and cross your fingers. The other, September is screwworm time. Double your vigilance this fall and next year might be screwwormless.

C of C Notes

By H. V. (Buzzie) Stokes
HOT—This is getting to be a right tolerable hot spell and more of the same is promised. Speaking of weather, it never seems to rain until after this writer has given up. As of this minute, we have tossed in the towel. Now let it rain.

WORTHY—Do you people of Sutton County think the Boy Scout program is worthwhile? The Girl Scout program? A summer recreation program including Little League? Well, your chance to help finance these programs in Sutton County is to participate in the Lions Auction, either as a buyer or donor and better yet both.

Just think, for \$50 or \$60 you can buy a jar of preserves, a beautiful cake a cold Coke or one of many useful articles and every penny goes for these worthwhile projects. A free meal too, a real show and a visit with your neighbors awaits you at the 4-H Club Building October 1. Plan now, be there and pitch in and help. This is the most unique, interesting and entertaining project of this kind in captivity.

HUNTING—This office gives free assistance in any manner possible in bringing to this county and town a cash crop of over one half million, hunting. We need to hear from many ranchmen as to their plans. All we want to do is be helpful.

GOOD NEWS—A contract has been let to knock down the hill south of Rocksprings. This is great news, for this hill is a bottle neck in the flow of traffic from all South Texas, the Winter Garden and the Corpus port to points north and west. Sonora stands to gain much in the completion of this project. The road will be closed eight months to the traveling public.

OLD—This Saturday the Antique Car Club of West Texas will convene in Sonora. They will arrive soon after noon, will visit the town and then adjourn to the Airport for contests, etc. Your OC will host them at a barbecue this evening, then Sunday morning they will visit the Caverns and back home. About eighty are expected. The public is invited to view these old vehicles and their contests.

REAL NICE—The restaurant at the Holiday Host. Real snazzy, inside and outside. We hope it stops a gillion cars that might otherwise not stop in Sonora. Mr. and Mrs. Joe Cooner of Brady are managers of this, Sonora's newest business venture.

BEWARE—Sutton County ranchmen have received two blessings the past few years, one

GET OFF THE BENCH ...
and into the game on
the winning side!

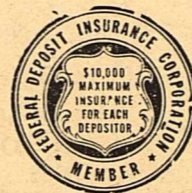

Why "sit it out" on the sidelines, wishfully waiting for the "break" that will put you on the winning side in the "game of life?"

You can make your own "break" by lining up with the team of purposeful people who know that the difference between wishing and having, between dreaming and doing . . . is systematic saving!

Money-in-the-bank is basic to the achievement of most of the worthwhile goals in life . . . including YOURS!

The way to GET it there is to PUT it there on an every-payday schedule!

OPEN AN ACCOUNT HERE NOW . . . AND GET ON THE WINNING SIDE OF LIFE!
