Forty-Five Planes Arrive On Tour

Some 45 privately-owned planes arrived at Aransas County Airport Saturday morning for a one-hour stop on the 19th annual All Texas Air Tour.

The 115 arriving flying enthusiasts were welcomed by the Rockport-Futon High Band led by band director Robert E. Massey and featuring attractive, high-stepping drum majorettes.

Also on hand to greet the fliers and their passengers were a group of local residents and representatives of the Chamber of Commerce. In addition to being treated to peppy music, the visitors were served coffee and many varieties of doughnuts.

E. M. Anderson, Jr., president of the Air Tour, thanked the local people for their hospitality and said he would try to schedule an overnight stop here next year.

Ed Harper, president of the Chamber of Commerce, welcomed the flying guests.

The planes, some valued at $100,000, covered 3,300 miles during their flight to numerous Texas cities.

United Fund Drive Underway

With the United Fund Campaign now in progress, drive chairman Joe Bush reports that contributions thus far are satisfactory.

"If the present ratio of giving continues throughout the campaign which ends Oct. 31," Bush said, "we will reach our goal of $12,000." He pointed out that with reports coming in daily, "we will be in a better position next week to give up-to-date report on collections."

Bush stated that "if everyone gives his Fair Share, our community through the United Fund will be able to work many wonders by assisting the worthwhile agencies and their work."

Participating agencies which will receive financial assistance from the United Fund are Aransas County Emergency Corps, American Red Cross, Salvation Army, Aransas County Youth Council, Aransas County Recreation, Boy Scout Council, Girl Scouts, Gonzales Warm Springs and the USO.

Typhoid Booster Shot Every 3 Yrs.

The Pilot reporter inadvertently misquoted Dr. H. F. Elliot, city health officer, in an article last week about the typhoid shots.

The story should have stated that those persons who recently received the three shots should get a booster shot THREE years from now, and additional booster shots every three years thereafter.

SBA Offers New Disaster Loan

An Economic Injury Disaster Loan, available to small business firms that have suffered substantial economic problems indirectly caused by hurricane Beulah, has been made available in a 27 county area in Texas, it was announced by the Small Business Administration offices.

The loans may be used for working capital, to stock normal inventories and to pay financial obligations, except bank loans, which the small business firm would have been able to meet, had income not been lost because of the disaster, according to Rodney W. Martin, manager of the SBA Disaster Branch office in the Jones Building in Corpus Christi.

The Southwest Area Administrator of the SBA, Robert E. West, notified the local officials that the counties in which the loan was now authorized, include Aransas.

Construction Now Underway On Copano Causeway Piers

Modifications and additions to the two ends of the old Copano Causeway near Rockport by the Texas Parks and Wildlife Department have begun, according to Tom D. Moore, regional director.

Upon completion, the old causeway will be well-equipped and lighted fishing piers reaching out into prime fishing waters of Copano Bay. The northern end will extend 6,190 feet and southern end will be 2,504 feet.

Even during this construction work, the piers will remain open to fishermen. Good catches of speckled trout, redfish, large drum, and gafftop catfish are being reported.

Since much of the construction work is being done by the Departmental personnel, completion dates are dependent on the amount of other work encountered during construction.

Moore said the lights for night fishing, concession stands, bait stands and rest rooms should be completed before summer fishing season begins next year.

Pirates Play Calallen Friday

By Robert Oliver

The Pirates of Rockport-Fulton High School will travel to Calallen on Oct. 20 to meet the Wildcats in a District 28-2A football game.

The game will be played in Wildcat Stadium with kick-off at 8 p.m.

The Pirates enjoyed a district win last Friday as they defeated the Aransas Pass Panthers 13-0 while the Wildcats suffered a district loss by 33-7 to the Taft Greyhounds.

Rockport and Taft have previously battled to a 0-0 ball game with the Pirates favored in first downs and penetrations. The game between Rockport and Calallen will be a hard one but one that the Pirates are capable of winning if they play the type of football they did last week.

Fans are urged to leave early Friday for Calallen in order to avoid the highway congestion and also to back the Pirates all the way to victory.

Mosquito Spraying Planes Arrive Here

The Aransas county area was part of the three million acre South Texas area included in the aerial spraying program. The four planes cover about 100,000 acres with each takeoff.

A continuing analysis of the existing problem continues to be made by officials of the State Health Department and the U.S. Public Health Service, and takes into account actual mosquito citing counts and the physical inability of residents to get away from the mosquitoes.

Air Force crews used in these Malathion spraying flights are veteran fliers who have chalked up thousands of hours in such projects both in the United States and in Vietnam.

They boarded the boat Friday, Oct. 13 and arrived here Sunday, but they had rugged sailing most of the way. "We bucked squalls up to 50 miles an hour most of the way in 10 to 12-foot seas, but we made it and all we lost was an antenna which, of course, caused us to lose touch with shore."

Gillespie has named his sloop Trafalger.

$400,000 Bond Election Called For By City Council

Now that Beulah and her torrential rains have demonstrated the urgent need for improved drainage in Rockport, the City Council has decided to give the voters another opportunity to pass a $400,000 bond issue to accomplish this.

At a special meeting Wednesday afternoon Alderman N. C. Vandagriff, Mrs. J. W. "Tony" Harden, Charley Garrett and N. F. Jackson voted unanmiously to call the election for Nov. 14.

Before the election day arrives, the Council will hold a public meeting to give all voters a chance to ask questions and receive accurate answers about all phases of the proposed project.

The election will be to vote for the issuance of $400,000 in general obligation bonds to mature over a period of 20 years. Laddie Janacek of First Southwest Company, San Antonio, the city's financial advisor, said the bonds probably will be sold at approximately 4½ per cent interest.

It is the hope and expectation of the Council that not only will the $400,000 bond issue election pass but that in addition the city will receive a $200,000 grant from the Housing and Urban Development Agency (HUD) for storm sewers, making the project a $600,000 undertaking.

Mayor Delmar R. Hiller said, "We are encouraged about our grant prospects because we have been visited by HUD teams following the hurricane and they indicated they thought we'd have no difficulty in obtaining the grant.

"Because of the real possibility of obtaining the grant, our storm sewer program has been enlarged to more effectively cover the entire city."

Hiller said that if the HUD grant is obtained and if the bond issue election passes, $400,000 will be spent on storm sewers and $200,000 on street improvement including paving, curbs and gutters.

Absentee voting will begin Tuesday, Oct. 24 at the City Hall from 8 a.m. to 5 p.m.

MORE SENSIBLE DRESS ON THE WAY

There's encouraging word from the National Shoe Retailers Association to the effect that our gals are coming back down to earth style-wise. The association, which naturally keeps an eye on trends, says the brash, synthetic hard, exaggerated methods of dress are on the way out.

The girls are looking to a "more wholesome, fresh unaffected way of dress, of hair and make-up," the association says.

To which we say, we're hopping anxious to see the transformation. May their hemlines be a little lower, their styles more feminine and their hair-dos more natural.

Its going to be wonderful, it is, and we'll be looking—now that the gals are going to be gals again.

However, for the boys there's gloomy news to report. It is said stores are selling them wigs at $29.99. These are human hair jobs to make the lads look long-haired because they are not allowed to let their own hair grow out.

Now that the girls are reportedly getting common sense, perhaps they can use their strong influence with their boy friends to also get them to come down to earth—and to look like boys again.

A FASTER GIVE-AWAY

It is to be hoped that the Washington people didn't see that news story out of Sao Paulo, Brazil. A rainstorm hit the city. But there was also a shower of money, along with the rain. People rushed into the street with umbrellas upturned to catch the currency, ranging from 100 to 5,000 cruzeins. No one seemed to know where the money came from. It just came.

If the Washington give-away chaps hear about this it may give them some ideas. In order to speed up the passing out of dollars to everyone they may start a project to seed rain clouds with good American dollar bills. They've tried just about every other way to give away money.

BRITISH MYSTERY SOLVED DEPT.

"Why do the British like warm beer?" The Associated Press asked an American who had lived in Britain a long time.

Its a schnapp. "They like tepid beer," explains William Schalackman, "because they regard beer as a food and not a thirst quencher."

"To the British beer drinker," he goes on, "beer subconsciously bears an image very close to that of soup."

So a mystery which has long haunted the visiting Yank is solved. To him it seems no more ridiculous to float ice in everything you drink—an American habit which is in turn a mystery to the Briton—than to take your suds warmed over.

We can now get back to the fate of the pound sterling. Wilson's majority, what to do about Rhodesia and the ruckus in the commonwealth. Come, everybody, beer's on!—Miami Herald.

BANANA FLOUR FOR HUNGRY

At a time when the attention of most nations of the world is held by a critical shortage of food that is worsening, the Ambassador to the United Nations from Ecuador in South America presents a novel idea.

In his country, 40 million stems of bananas rot on the plantations, for lack of marketing. He says these could be converted to banana flour to avoid spoiling. That flour could then be enriched by mixing it with wheat or protein-rich flours and shipped to areas of food shortage.

Ecuador has pledged efforts to cooperate with the director of the United Nations food program. Something may come of the idea. But no matter what happens, the offer points up the fact that there must be a number of ways in which wasted food can be diverted to the needy through international cooperation.—Fort Williams (Ont.) Times Journal.

MAN OVER MACHINE

A man in Commack, L. I., has given hope to the dwindling band of humans who are not resigned to the eventual takeover of the world by machines. Arthur W. Hoffman won acquittal from a jury on a charge of drunken driving despite police testimony that a "Breathalyzer" test showed he had been drinking.

The machine, however, did not suffer outright defeat. The jury which acquitted Hoffman did not give its reasons for so doing and court observers were uncertain whether a precedent had been set. The best advice for drivers is still to steer clear of drink, police and machines.—Boston Globe.

NAME GAME

Some of the 90 families of Earthquake Valley, Calif., think the name of their town is an unsettling one. They ask:

Who in his right mind wants to live in a place that boasts of the frequency of earthquakes? Real estate values in Earthquake Valley have collapsed because of the bad publicity, they contend, so let's change the name.

The complainers have a point, but we agree with the majority that doesn't want the name changed. Calling the town "Lower San Felipe Valley" doesn't move us at all, but "Earthquake Valley" has a rather swinging sound to it.—Charlotte Observer.

Draft Will Call 1,159 In November

Austin—State draft boards will be called upon to furnish 1,159 men for the armed forces in November, Col. Morris S. Schwartz, state Selective Service director, said Thursday.

This compares with quotas of 977 for July, and 975 for June.

The Texas quota of 1,159 for induction in November is the state's share of a national call for 22,000, all for the army.

The Selective Service boards will forward 4,650 men in November for pre-induction examination. Colonel Schwartz said, and they have scheduled 4,000 for this examinatian in October.

Local board quotas for induction and pre-induction examination in November are scheduled to be mailed from state Selective Service headquarters on or about Oct. 6. October calls for the local boards already have been assigned.

Assembly President Visits Local Lodge

On Oct. 13 the Rockport Rebekah Lodge held a special called meeting for all the lodges in District 59, the occasion being the official visit of Mrs. Nettie Morris, president of the Rebekah Assembly of Texas, and her husband, Claude Morris, grand warden of the Grand Lodge of Texas.

Mrs. Morris gave an interesting and instructive talk on the purposes of the lodges, stressing friendship and love for everyone in all branches of the Order. She also told of important changes in the by-laws pertaining to the officers of local lodges.

Mr. Morris told about the junior work in both lodges and encouraged the members to send more young people to the United Nations this year. The IOOF lodge is the only one that has the privilege of sending youths to this meeting.

The lodge hall was decorated for the "Golden Harvest," Mrs. Morris' theme for the year. The wall on each side was adorned with a lodge quilt made with the emblems and colors of the lodge.

The Holy Bible was in the center of the hall on a white satin altar with a lace flounce trimmed with orchids. A lace cloth over pink satin covered the tea table. The silver coffee service was on one end and the center piece consisted of mums and ivy in full colors.

Out-of-town guests were Mrs. Nettie Morris, Claude Morris, Mrs. Penny Kizer, Ingleside; Mrs. Ruth Dickens, Aransas Pass; Mrs. Anne Dobbs, Aransas Pass; Mrs. Bonnie Yarbrough, Aransas Pass; Mrs. Katherine Ercanbrock, Aransas Pass, and the following ladies from Sinton: Miss Bertha Merrill, Mrs. Laura George, Mrs. Nellie Phillips and Mrs. Georgia Latham.

SBA Loans Are Now Available

As a result of President Johnson's declaration of 24 counties in South Texas as major disaster areas, Small Business Administration has been authorized to make Economic Injury Disaster Loans in these counties. An SBA loan may be used for working capital, to stock normal inventories, and to pay financial obligations (except bank loans) which the borrower would have been able to meet had he not lost income because of the disaster. A bank loan may be repaid out of the SBA loan only if the bank is participating with SBA in the new loan, and if the bank's share of the new loan is at least equal to the amount being repaid to it.

Small Business Administration has disaster offices located at 1017 W. W. Jones Building, 317 Peoples Street, Corpus Christi, Texas; 455 East Levee, Brownsville, Texas! 723 East State Highway, Weslaco, Texas; and 109 East Jackson, Harlingen, Texas. Application blanks will be available at any of these offices or at the San Antonio Regional Office located at 301 Broadway for this type of loan. Authority to accept application will expire March 31, 1968.

Receiving treatment at Lyman-Roberts Hospital this week are Harley Walters, Jimmy Hayden and Mrs. Goldie Edmiston.

Beulah Changes Tree's 'Habits'

Mr. and Mrs. Walter Hatley are of the opinion that Hurricane Beulah upset the growth cycle of a tree in their yard.

"We have a beautiful Anacua tree which for years has had white blooms in clusters each spring, giving the tree the appearance of snow on top," Mrs. Hatley explained, adding:

"Although we were not in the path of the tornado, our home and the trees were whipped by strong winds which I undersand were 70 miles an hour or faster.

"Virtually every leaf was stripped from our Anacua tree, and now—only about a month after Beulah—the pretty white blooms have come forth. This is the first time it ever happened at this time of the year."

Mrs. Brymer Attends Library Conference

Mrs. O. W. Brymer, librarian of Aransas County Library, attended the Texas Library Association Conference held in Alice, Texas at the Americana Motel Restaurant on Oct. 14.

The general meeting followed registration, with Mrs. Opal Harvey, District IV chairman in charge. Mrs. Edna Miller spoke on "People and Books." She mentioned children prefer adventure stories, animal stories, and fairy tales such as Swiss Family Robison, Johnny Texas, Mary Poppins, Cinderella, Hundred Dresses, House of 60 Fathers and many other classics.

Adults fare better with a broader view. Best Sellers very often became a problem because of language trends. Historical novels and biographies are most popular.

"Everything but Money" by Levinson was reviewed by Mrs. Miller by popular request. This book portrays how love of book reading can be stimulated by parents and love of learning is almost inherited by such influence.

TV viewing has more or less become a thorn in the side of good book lovers. Quoting her: "You can't read, talk with, nor participate in TV programs. All you can do is eat." However, we find that TV introduces new books, new characters to our our children such as David Crockett, Jesse James, Gentle Ben and that does help. The question should be does this film do any harm, but rather does it do any good?

Miss Carol Hoff, who has recently moved to Seguin from Key Allegro, spoke at the afternoon session and gave the highlights of Johnny Texas and Johnny Texas on the San Antonio Trail. Both books, along with others, were written by her.

Johnny Texas was a C. W. Follett award winner and fares well to become a classic for children. It is equally interesting for adults because of its historical background, taken from the family experiences of Early Texas settlers.

In closing Miss Hoff said "Never despair of the mission of a book. How powerful and personal a book can be was brought to her attention by many letters from people telling of their various experiences after having read Johnny Texas.

New officers for Texas Library Association were Mrs. Edith Cosgrove, chairman; Mrs. Ethed Swafford, vice chairman; and Mrs. Norna Churchill, secretary-treasurer.

The next place of meeting will be at Del Mar College in 1968.

Re: M. W. Cochran request to close Fulton Beach Road beyond Sandollar.
Dear Sir:

After careful consideration of the above it is my opinion that the far-thinking Mr. Cochran deserves a rising vote of thanks from everyone who is a permanent resident of Live Oak Peninsula. Too long have tourists been allowed the privilege of wandering at will over beaches, ogling the scenery, catching fish (?), in short, making a nuisance of themselves by even being on the scene! By all means close that beach and the sooner the better!

Of course in these days of equal rights it will naturally follow that the south beach and Shell Ridge must be closed also. These owners of summer homes are entitled to privacy and beach facilities that do not have to be shared with tourists just as are the property owners on Fulton Beach! And then there's the Copano area—and back bay also! These people have rights!

There will be some short-sighted individuals who will try to point out to the Commissioners that such action will be costly to the permanent residents. Please do not heed, gentlemen! So what if tourism is one of the area's few industries. There's always the shrimp fleet! Of course a business establishment or two (or more) will no doubt remove themselves when the tourist (ugh) takes his dollars elsewhere. And the colorful Rockport turning basin will become drab and uninteresting when the bait stands close due to lack of customers. One must always pay for privacy in one form or another — that is, SOMEONE pays. In this instance it will not be inhabitants of the closed areas—most of them are summertime people.

Think postively! Once the peninsula will return to it's old glory. Few cars polluting the air with carbon monoxide, no outsiders scattering their unwanted dollars around, more fish for the ones who live here, no tourists daring to admire the view of oaks and sea—I could enumerate countless other advantages had I the time.

I have a better suggestion than Mr. Cochran's (who is he, anyway) ie., "Let's have all Highways leading into the area closed at the county line!"

UNITED FUND AIDS U.S.O.

A contribution to the United Fund is a help to the USO and very likely a morale booster for some GI in Vietnam.

The following letter from a satisfied USO "customer" explains better than an article why the USO is important:

This is a reproduction of a letter received by Mrs. Jules Bisno, program coordinator and Vietnam chairman for the Armed Forces and Veterans Service Committee of the Jewish Centers Association, Los Angeles, Calif.:

Saigon, Vietnam
13 April, 1967

Dear Mrs. Bisno:

This is being written as I lie flat on my back, so please excuse any illegibility. I'm in the 7th Field Hospital in Saigon, and was operated on 8 April.

Yesterday, a gentleman from the USO in Saigon came to our ward. He gave each of us a plastic bag filled with various "goodies," as we call them. In mine was a card with your name on it.

I was very surprised to receive such gifts, yet I was so grateful to be the recipient. There were items in the bag which I certainly can use. Kool Aid is cherished here. Razor blades (they run out sometimes at the PX). Candy (only kind the PX has usually is licorice. They are all sold out of any other kind by the time I get there). White socks (excellent choice because most men have athlete's foot here due to the heat and perspiration. It is 97° today. Doctors suggest white socks which aren't sold at the PX.)

Your generosity makes me proud I am from California (Alameda.)

It is a tribute to your great organization that you can do such things. Sometimes we who are over here wonder how much "people back home" care. To receive a gift such as you sent, resolves any doubts—loud and clear.

Sincerely,
Blair H. Dewey

Prison Rodeo Huge Success

Huntsville—Although showtime for the Texas Prison Rodeo held here each Sunday in October is 2 p.m., many rodeo fans come early to enjoy the numerous free convict activities on the Midway in front of the Huntsville Unit, Texas Department of Corrections.

Beginning at 9 a.m., the Prison Rodeo's Midway comes alive as convicts Dunk a Convict, Dart Mart, Wanted Posters, Parole Certificates, Art Sales, a Medicine Show and many other side shows, plus the best convict musical aggregations.

At 1 p.m., inside the prison Stadium, convicts go through their paces in a one-hour show featuring The Rustlers, Jug Band, The Vagabonds, The Goree Girls, and the prison's own military band.

On Sunday, Oct. 22, the featured attraction will be Buck Owens and his Buckaroos, plus Floyd Tillman, popular country song writer and singer.

Also on the bill will be Candy Barr, a former inmate, who will sing and dance accompanied by inmate musicians. Candy is currently doing a stint as a night club entertainer on the Las Vegas scene.

To round out the fast-moving, two-hour show, 47 of the prison's toughest cowboys will match their talents with tougher broncs and charging Brahman bulls in a host of thrilling crowd-pleasing rodeo events.

Net proceeds from ticket sales are earmarked for rehabilitative services not furnished by state funds.

Mrs. Pohlman Hosts Ruth Circle

The Ruth Circle met in the home of Mrs. Marilyn Pohlman on Oct. 17, with ten members present.

Refreshments were served. The opening prayer was given by Mrs. Pohlman. Mrs. Bea Stafford was in charge of the program entitled "Being with People who Hunt." A discussion followed the lesson.

The business meeting was called to order by the chairman, Mrs. Marjorie Hulett. Pledge cards were given to those who did not receive them.

She called attention to the study that is being presented by Mrs. Riser—Man and Community, on Oct. 19, Nov. 2 and Nov. 9. October 26 from 9:30 to 11 a.m. is the day of Call to Prayer and Self Denial.

The love offering was $1.60 and all the visits that were made since May, were reported.

Since there was no further business the meeting adjourned with the WSCS benediction.

American Ballet Theater Oct. 25

The American Ballet Theatre will present the first Corpus Christi Civic Music program of the 1967-68 membership year. It will be Wednesday, Oct. 25 at 8:30 p.m. at Del Mar Auditorium in Corpus Christi.

Walter Terry in the New York Herald Tribune says, "The American Ballet Theatre . . . has been making it abundantly clear that not only does it have the most diversified repretory of any ballet company in the world, but also that it is the best ballet company in America today."

This ballet company from Lincoln Center in New York City has just recently returned from a second triumphant tour of the Soviet Union under the U. S. State Department sponsorship.

Season memberships may still be purchased for $8.00 at the Del Mar Auditorium Box Office before the performance Oct. 25.

JOHN KINSEY

The value of a planned, escourted tour for visitors to our area really can't be realized unless you participate in one.

The Chamber of Commerce set up a tour for members of the Business and Professional Clubs who held their district meeting here last weekend. It was my privilege to drive one of the 10 or so cars taking the ladies on the tour.

We started at the Sandollar Motel, proceeded to Fulton Road and then traveled north so the guests could enjoy the beauty of the bay and the fine homes.

Next we crossed the new causeway, passed Sea Gun Sports Inn and turned east to proceed to the Chapel of the Schoenstatt Sisters of Mary in Lamar. We paused long enough to let the ladies enter the Chapel and also enjoy the view of the grounds and the bay.

Next we entered Goose Island State Park and proudly pointed to The Big Tree which has become nationally known because of its size. On the return trip we drove through the grounds at the Sea Gun and showed the ladies the Whooping Crane motor vessel which takes visitors to the winter nesting place of the famous whooping crane.

At the request of some of our guests, we drove through part of Fulton to show some of the "wounds" inflicted by the Beulah-spawned tornado. Next we drove through Key Allegro and stopped for coffee and doughnuts at the restaurant.

Because of limited time, we concluded our tour with a stop at Simon Michael's Rockport School of Fine Arts and Art Gallery and gave the ladies an opportunity to view the beautiful paintings and sculpture.

The thing that impressed me most about the value of the tour was the type of comment made by several out-of-town ladies after the tour was over.

"I never dreamed there were so many beautiful and interesting places in the Rockport area," one lady from Victoria said.

Another guest, this one from Alice, said, "You know, my family and I have been going to Port Aransas for years for vacations, but after taking this tour I'm going to see to it that we come here instead."

Philip Baldwin was admitted to room 221 at Doctors' Hospital on Monday. He will undergo surgery today (Thursday.)

Thursday Bridge Club Meets

Mrs. Harold Picton entertained the Thursday Bridge Club at her home last week with two tables of players.

Members playing were Mrs. Benny Bloomer, Mrs. James Bracht, Mrs. T. J. Johnson, Mrs. Bob Mosier, Mrs. Tom Rogers, Mrs. Lynn Wendell and one guest, Mrs. John Beasley.

Mrs. James Bracht won high score, Mrs. Tom Rogers second high and Mrs. Benny Bloomer low.

RESOLUTIONS OF RESPECT

In memory of Louis M. Brown, who passed away Sept. 29, 1967.

The Death Angel has visited our Chapter and taken from our number one of our beloved members. This one, who once met with us here and shared our joys and sorrows, is now awaiting us in the Grand Chapter above. We shall join them when we, too, have completed life's labrinth.

Whereas, the Heavenly Father has called our respected and beloved brother home, and he having been a true and faithful member of our beautiful Order, therefore be it

Resolved, that Rockport Chapter No. 479, Order of the Eastern Star, drape its Charter in memory of this departed member, and that we tender to the family of our deceased brother our sincere condolence in their sorrow and bereavement, and that a copy of these Resolutions be sent to the family.

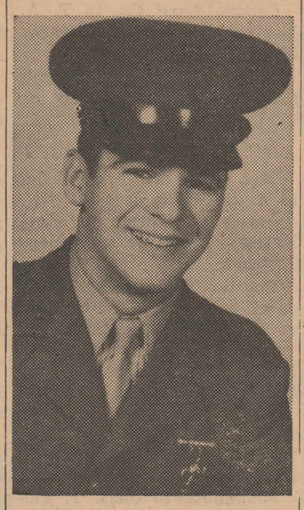

"Blessed are the dead which die in the Lord . . .
They rest from their labors . . .
And their work do follow them."

Rockport Beats Panthers 13-0

By Robert Oliver

The Fighting Pirates of Rockport-Fulton High School defeated the Aransas Pass Panthers 13-0 last Friday night in Pirate Stadium. The game was the first district win for the Pirates.

The Pirates and the Panthers battled to a scoreless first half which saw one Aransas Pass touchdown called back on a penalty.

As the third quarter got underway, the Rockport fans came to their feet as Ruford Huff galloped 80 yards around right end for a Rockport score. The extra point was stopped and the third quarter ended with Rockport leading 6-0.

The fourth quarter found the Panthers equally as hard to score on. Finally, Rockport punted the ball on fourth down to the Panther one-yard line. Then, Pirate tackle, James Baugh, sighted a Panther fumble in the end zone and fell on the pigskin for a second Rockport score. Frank St. Clair kicked the extra point and the Pirates led 13-0. The Pirates threatened once more but didn't score.

Rockport led in first downs and penetrations 9-6 and 4-0. Rockport is now 3-1-1 in season play and 1-1-1 in district play.

Weather Observer Sorenson Honored

Paul C. Sorenson, local weather observer, was honored Wednesday for 15 years of outstanding public service.

Russell P. Mozeney, meterologist in charge of the Weather Bureau Airport Station at Corpus Christi, presented a special citation to Sorenson at the weekly luncheon meeting of the Rotary Club.

Issued by the U. S. Department of Commerce, Environment Science Services Administration, the citation declared "the results of your efforts are used every day in many organizations and individuals in governmental activities as well as private enterprise."

The "emblem of his esteeem" also expressed "recognition and appreciation of significant public services rendered for the Weather Bureau.

"During Hurricane Beulah, Mr. Sorenson remained at his post relaying warnings and reporting weather and tide observations for more than 36 hours, having at times to wade waist deep in sea water to obtain readings."

In making the presentation Mozeney said

"All of us in the Corpus Christi office of ESSA Weather Bureau also wish to join with others in congratulating you on your completion of 15 years of service. Since we have been working closely with you, we consider you a part of us.

"Your interest in seeing that the people of Rockport and vicinity have the best in the way of weather service, including protection from two of nature's severe weather phenomena, the tornado and the hurricane, is greatly appreciated. Without such dedicated service by volunteer weathermen, we would not be able to carry on an effective weather service."

Nebraskans Aid Beulah Victims

Stories are still coming to light about wonderful things people did to help those in need following Hurricane Beulah. Here's one:

Shortly after a devastating tornado smashed through Fulton, Mr. and Mrs. Frank Topliff of Platsmouth, Neb., phoned Mr. and Mrs. John Lester, operators of Beacon Courts in Fulton, to find out if the Lesters were safe.

The Lesters said they had escaped uninjured and their motel was not damaged. The Topliffs are not relatives but they had become good friends of the Lesters while staying at Beacon Courts the past two winters.

Mrs. Lester then explained the needs of the people who had lost everything — their homes, furniture, food, clothing, bedding in the tornado.

Mr. and Mrs. Topliff said they would immediately mail some supplies to help out. They got busy and went through their own things, boxing various items they knew would be useful.

Also, they told their neighbors about the needs in the Rockport area.

In almost a matter of hours, they had collected 12 boxes of clothes, shoes, sheets, bedspreads, blankets, pillows and other things.

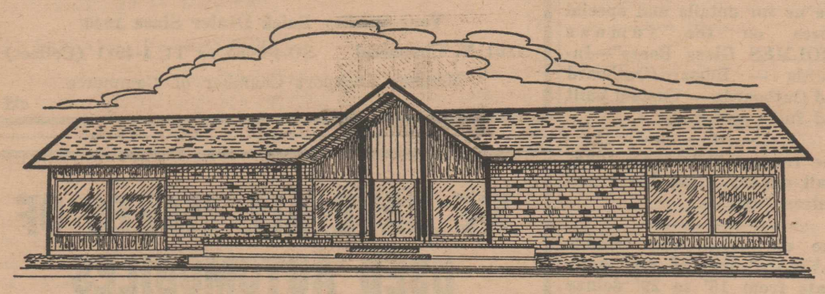

Next, instead of shipping the supplies, Mr. and Mrs. Topliff decided to pile the boxes in their car and drive to Fulton. By the time they got here, Mrs. Lester had located 13 families who needed assistance, and supplies were given to them.

With some things remaining Mrs. Lester game to Elva Mrs. McLester gave them to Elva Mullinax for distribution Emergency Corps.

The meeting closed with all present reciting the Mizpah benediction.

IMPRISONMENT of former Greek premier George Papandreou put the 79-year-old political figure in the news at the time of the April 21 coup in that nation. His recent release along with other political figures again drew attention to that nation, as the ruling military junta made a show of relaxing its strangle hold on Greek life. Papandreou is the leader of the Center Union, the main party in Greece.

Letters to the Editor

October 16, 1967

Editor,
Rockport Pilot,
Rockport, Texas.

Dear Sir:

I would like to enter my objection to the asinine suggestion written to your paper, and submitted to the Commissioners Court by Mr. Cochran that the scenic road along Fulton Beach be abandoned. If this was done, then it might be possible that this road right-of-way would revert to these same property owners.

It seems that some of those folks down there would like that portion of the bayfront be reserved for their own selves, and all wade fishing along that part of the bay be prohibited. I say this because of posts set up right against the road, "No Parking" signs posted along, and in some instances chains stretched across little side roads to the bay so that cars cannot get to the water.

In regards to their claim that their property is being devalued because of that road. I believe that road was there when most of them bought property along it and built homes. If you think it is devalued, then price some of it.

I wonder if they also would suggest that the beach roads along the south part of town also be abandoned, these have been pretty well torn up.

It is with pleasure that I see the Chamber of Commerce enter their objection to this suggestion to try and get the State Highway Department take over this Fulton Beach Road as a State Road. They build and maintain a good deal of mileage in farm to market roads that do not carry any more traffic from all over the state than uses this road, which in my opinion is an asset to our community.

While I am on the subject of selfishness, it makes my blood boil when you drive around, and also hear other people talk about "No Fishing" signs placed on vacant lots in "so-so" addition. They want help from the taxpayers of Rockport, but they do not want any of them fishing there unless you are residents of that place.

Thanks for the use of the space in your good paper, and I wish that other folks would let your paper know how they feel about some of these things.

Yours truly,
I. Baker

Double - Four Bridge Club

Mrs. J. V. Ferguson won high score and Mrs. Denny second high.

REBEKAH NEWS

The Rockport Rebekah Lodge met in regular session Oct. 12, with the Noble Grand, Miss Lawson, presiding. There were 17 members and one guest, Mrs. Velma Elder from Mary Lodge 117 in Austin, present.

Mrs. Maggie Weichard and Mrs. Virginia McKinney were reported ill. It was good to have Mrs. Martha Mundine and Mrs. Annie Rosallis back at lodge.

Mrs. Oro May and Mrs. Zoe Heath served a salad course after lodge.

CARD OF THANKS

May we take this method of thanking our neighbors and friends for the many kindnesses extended to us in the loss of our home. Your thoughtfulness will always be remembered.

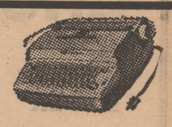

Mr. and Mrs.
Buddy McLester and family.
