

Emperor's Fate May Be Decided By Japs

WASHINGTON, Oct. 18 (AP)—President Truman said today it would be a good idea if the Japanese people had an opportunity to decide the fate of their emperor in a free election.

He also told his news conference in reply to questions that this government is in correspondence with all interested governments in an effort to break the stalemate resulting from the London conference of foreign ministers.

These formal consultations, he added, also involve efforts to get a full attendance at next Tuesday's meeting here on an American plan to set up an Allied advisory body on Japanese occupation.

Of the ten governments invited, Russia has not yet accepted. The president said he believed the situation would be worked out. He emphasized that not only were the big five powers represented at London involved in the correspondence, but all the others interested in Far Eastern questions.

No additional "big three" meeting is now contemplated, he stated.

He said that he did not know why Russian Ambassador Andrei A. Gromyko made a hurried flight to Washington from London this week and then flew back after an overnight stay, but he assumed it was on personal business.

Mr. Truman gave his comment on Emperor Hirohito in response to a question whether he knew of a proposal by the late President Roosevelt that the fate of the emperor be decided by a Japanese free election. The president said he knew of no such plan but he thought it was a good one.

President Faces Probable Defeat On USES Change

Showdown Vote To Return Agency To States Due Soon

WASHINGTON, Oct. 18 (AP)—President Truman today faced a major fight and a probable defeat in the house over his insistence that United States Employment Service offices be kept under federal control.

Even Mr. Truman's most ardent supporters conceded privately that they could not defeat an appropriations committee proposal to turn the USES over to the states as quickly as possible.

But they planned to make an issue over the proposal nonetheless. Prospects are for a showdown vote tomorrow.

A number of southern democrats who often in the past have joined with republicans in overriding White House wishes disclosed that they would support the appropriations committee amendment.

And Republican Leader Joseph W. Martin of Massachusetts said he believes his forces will back it almost to a man.

The USES now is under jurisdiction of the labor department. It formerly was operated by the states in conjunction with the unemployment compensation program but was placed under federal control early in the war in an effort to route more manpower into war plants.

In recommending that the employment offices be returned to state control, the appropriations committee called for a \$30,000,000 grant to the states to handle the job.

The senate already has voted to return the USES to the states, but the house sidetracked the proposal because it was part of a jobless aid bill objectionable to many house members.

Peron Supporters Strike

Strong Man Hails Work Halt As Day Of Glory

BUENOS AIRES, Oct. 18 (AP)—A nation-wide strike by 500,000 members of the general confederation of workers who supported Col. Juan Peron, former vice president, today brought nearly to a stop Argentina's industrial and commercial activity.

At the same time a high source said the Argentine high seas fleet had moved out of its base at Puerto Belgrano, 500 miles south of Buenos Aires.

Destination of the fleet was unknown, but Adm. Hector Vernengo to Lima, a leader of the movement which ousted Peron on Oct. 9, was in turn thrown out of office yesterday in the political upheaval which saw Peron returned to a position of dominance.

Peron himself, after forcing the formation of a cabinet of his friends, hailed the strike as celebrating "a day of glory for the workers."

Thousands of idle workers took to the streets in Buenos Aires today and conducted demonstrations on Peron's behalf.

The railroad union said train traffic was completely stopped throughout the nation. Buenos Aires transportation facilities were described as "completely paralyzed."

Street cars, subways and buses and taxis were stopped in the capital. Only the smallest commercial shops were open.

Demonstrators last night attempted to storm the house of Socialist Leader Alfredo Palacios, he reported. They were turned back by his friends.

A police blockade extended two square blocks around the building of the pro-democratic newspaper Critica.

President Edelmiro Farrell issued a "cabinet of notables" submitted by Juan Alvarez as attorney general, threw out Alvarez himself, reinstated several members of his deposed cabinet, ousted Adm. Hector Vernengo Lima, a leader of the Oct. 9 movement against Peron, as navy minister, and before a vast crowd hailed Peron as "a man who knows how to win your hearts."

The newspaper La Prensa said that shortly before midnight the gunboats Independencia and Rosario and the minesweeper Drummond of the Argentine navy left the capital's port. It printed an unconfirmed report that Vernengo Lima and other high navy chiefs were aboard the Drummond.

School Bible Fund Goes Over Top By Fifty Dollar Gift

The high school Bible fund was over the top Thursday with deposit of \$50.

Last contributors were the Susannah Wesley class of the First Methodist church, \$45, and Bell's Curio Shop, \$5.

This ran the total receipts to \$2,015.86, slightly in excess of the minimum goal of \$2,000. This did not include \$230 contributed by churches toward a sustaining fund which has as its objective extension of the fund to make it cover a two-year period.

During course of the fund campaign, 174 individuals, businesses and clubs contributed toward financing the Bible course. Service clubs assisted through announcements to members or by payments from the club treasury. Several Sunday school classes gave liberally to the cause and one lodge put in a big contribution. Gifts came from out-of-state as well as locally, and several people in service contributed.

Rufus Lee Holt Fined

Rufus Lee Holt, picked up two weeks ago on a charge of driving an automobile while under the influence of intoxicants, pleaded guilty in county court Wednesday. He was fined \$50 and costs and had his driver's license lifted for six months.

US Talks Tougher Than Acts Abroad

By JOHN M. HIGHTOWER

WASHINGTON, Oct. 18 (AP)—The United States consistently has talked tougher than it has acted in the control of defeated Germany, a newly-published policy directive disclosed today.

The directive was the first which Gen. Dwight D. Eisenhower received last April in preparation for establishment of a military government in the part of Germany his forces occupied.

It also was intended to guide the general in working with British, Russian and French members of the Allied control council at Berlin.

Later at their Berlin meeting in July, President Truman, Prime Minister Attlee and Generalissimo Stalin laid down an Allied policy for Germany which for all practical purposes superseded the earlier directive sent to Eisenhower as an expression of American policy alone.

It is true, however, that on any points not covered by the Potsdam declaration, Eisenhower still may draw his authority from the original Truman order.

In most respects this original order and the Potsdam declaration coincide in spirit if not in actual words. Both state for example that the fact of their defeat must be brought home to the German people.

Both order in effect that Germany should not have a standard of living higher than that of the surrounding countries in Europe, that the development of farming as a major German occupation should be stressed and that the industrial disarmament of Germany should reach far down into the realm of its industrial life.

Fraternization was sternly

frowned upon in the original order.

By contrast, reports from Germany invariably say that practically no industrial equipment has been removed from the American zone. The ban on fraternization has long since gone by the boards and most informed persons agree that the German people by and large are very popular with individual members of the occupation forces.

Railroad Officials Will Accompany TP Head To Dinner Here

Four high officials will accompany W. G. Vollmer, president of the Texas & Pacific Railway company, to Big Spring on Oct. 23 when a dinner will be given in honor of the New T. & P. chief.

In his party will be L. C. Porter, assistant to the president, S. L. (Buck) Wright, executive agent, J. B. Shores, director of public relations, and J. G. Brannon, division superintendent.

Reservations for the men's affair are being taken at the chamber of commerce. Several railroad officials said that a still larger number of persons could be accommodated.

HUGE JAP FORTUNES UNCOVERED BY YANKS

TOKYO, Oct. 18 (AP)—Huge, hidden Japanese fortunes in diamonds and precious metals were scooped up today by American occupation forces, who moved at the same time to stamp out one of Japan's great sources of wealth—the illicit narcotics industry.

Allied headquarters froze narcotics stocks in Japan and Korea and banned production of narcotics-yielding plants, estimating by that one move to have cut off more than 90 per cent of the world's illicit narcotics traffic.

As a precautionary measure—possibly in view of the winter of cold and hunger facing the Japanese—American troops in a four-day house to house search confiscated more than 20 truck loads of hidden Japanese arms and ammunitions.

Another occupation force check,

made by Brig. Gen. Elliot R. Thorpe, chief counter intelligence agency, disclosed that Emperor Hirohito's palace had been practically destroyed during the war, but not by fire-bombing Superfortresses as was reported. Thorpe said the palace was razed by fire blown in from buildings burning outside the imperial compound.

More than \$30,000,000 worth of dazzling diamonds—largely government owned and many obtained through deceit of the Japanese people—were discovered today in cheap, quart thermos bottles in a safety deposit box.

While investigators uncovered the rich find, millions of dollars worth of gold and silver bullion began moving in two and one-half ton U. S. Army trucks under armed escort from the bomb-battered

Japanese Warn Dutch Not To Try To Rule Empire

By RALPH MORTON

BATAVIA, Java, Oct. 18 (AP)—The Indonesian national council rejected the Dutch proposal for partnership in this Netherlands empire today and its vice president, Dr. Mohamed Hatta, warned that many years of bloodshed and bitter fighting would ensue if the Dutch attempt to rule the colony by armed force.

Hatta held a press conference in the residence of the Indonesian nationalist president Soekarno a few hours after a fresh series of outbreaks in scattered localities had resulted in the death of 15 Dutch soldiers and 100 Indonesian natives.

"The Dutch should not remain under the illusion that they can thwart the Indonesian desire to remain independent," Hatta said. "The reported 40,000 Dutch troops to be used in Indonesia to spread love for the Dutch with sword and fire will definitely not succeed in their efforts."

"Not for a moment will Indonesia countenance any form of colonial status, whatever new garb it assumes or whatever fancy name is given it. War and revolution raging fiercely for years will be the only result."

Dinner Will Honor B. Reagan for 34 Years Of Scouting

For his 34 years service in connection with Boy Scout work in Big Spring, B. Reagan will be honored at a dinner today at 7 p. m. at the Settles.

The occasion falls on his 78th birthday. Mr. Reagan has served for the past 15 years on the executive board of the Buffalo Trail council and has represented this area on the national board. He holds the Silver Beaver, highest award given by the council.

Judge James T. Brooks, Shire Phillips, G. W. Dabney and Charles Paxton will speak of his contributions as a citizen, businessman, churchman, and scout.

The Buffalo Trails council executive committee, which meets at 6 p. m., will be guests at the dinner and members and former members of troop No. 1, with which he has been closely associated, are being urged to attend along with others associated with scouting.

Thomas To Represent Area In Stanton Meet

L. H. Thomas of the Knott route was named delegate to the state convention of the Texas Association of Soil Conservation District Supervisors at a call meeting of the Martin-Howard SCS supervisors held Tuesday night in Stanton.

Chosen as alternate delegate was E. T. O'Daniel of Coahoma. The state convention will be held at Hillsboro on November 5-6.

Truman Glad Lewis Called Off Strikes

WASHINGTON, Oct. 18 (AP)—President Truman said today that he was very happy that John L. Lewis had called off the soft coal strikes.

Asked his reaction, the president told a news conference that the United Mine Workers leader had said he called off the strikes in the public interest.

In any event Mr. Truman said, it made him very happy. If everybody would work in the public interest, he said, we would have very little trouble.

Motive For Ending Strike Speculated

By HAROLD W. WARD

WASHINGTON, Oct. 18 (AP)—The government evidenced frank relief today at John L. Lewis' sudden move to end the critical soft coal strikes, leaving speculation over his motives to others.

Labor, reconversion and solid fuels officials hopefully assumed

that the 216,000 striking bituminous coal miners would return to work next Monday as directed by the United Mine Workers' president.

The strikes, which started September 21 and spread to six states, had threatened to bring reconversion to a grinding halt.

The threat to steel—and thence to autos and a score of basic industries—had been multiplying daily with the loss of more than a million tons with each complete work stoppage.

There was little inclination on the part of the government to look behind Lewis' surprise halt order. A UMW spokesman said the action "obviously" was taken "in the public interest."

Considerable speculation existed elsewhere, however.

Most labor sources expected that Lewis would renew his demand on the operators for unionization of the supervisory, clerical and technical employees—the issue in the strikes—when he reopened the contract next March 31.

Some of the discussions over the back-to-work order took this task:

1. Lewis may have been convinced that the alternative to ending the strikes—calling out all 400,000 soft coal miners—would not be a smashing success.

2. The mine leader has been showing increasing concern over public opinion.

The immediate effect of Lewis' action on the agencies and departments most involved was:

1. The Solid Fuels Administration lifted all its shipping restrictions in the seven mining districts where 1,010 mines had been closed down.

2. Secretary of Labor Schwelb, twice repulsed in his conciliation efforts in major stoppages in the oil and coal industries, named a committee to determine what's wrong with the U. S. Conciliation Service and find a way to build it up.

3. Agencies searching for a wage-price policy capable of reducing the number of strikes over pay looked carefully at three speeches of Reconversion Director John W. Snyder for a key.

Sealcoating Expected To End By Saturday

Sealcoating on paved streets is expected to be completed by Saturday, city officials said Thursday. Work has been in progress all this week on streets with curbs, under the direction of W. L. Johnson of San Angelo.

Numerous complaints have been made to the city asking that the streets also be sprinkled to keep down the dust caused from the topping. Sprinkling is impossible since it would ruin the sealcoating, Johnson said.

The sealcoating was estimated to cost the city around \$12,000.

Indictment Filed Against 24 For Planning War

BERLIN, Oct. 18 (AP)—The most sweeping indictment in history, charging a criminal conspiracy to war against the world, was filed today against 24 of Hitler's Nazi hierarchy and leaders of his army staff.

The 35,000-word indictment was presented to the first international war crimes court, as the initial step in the trial by which Allied prosecutors expect to send Goering, Hess, Jodl and their cohorts to their death.

The document charged mass murder and pillage, multiple crimes and atrocities against millions of persons and dozens of nations.

It was even more important in its broad aspects. It sought to establish in the pages of history a clear warning—that conspiracy to make war is a crime against humanity.

The German general staff and the high command of German armed forces were among six German organizations which the presiding judge of the austere opening session, Maj. Gen. I. T. Nikitchenko of Soviet Russia, said the prosecution would seek to convict next month when the accused war criminals go on trial in Nuremberg.

The indictment was filed by prosecutors of the United States, Russia, Great Britain and France with judges of those nations. The defendants will have 30 days to prepare defenses.

Of the politicians, militarists, industrialists, diplomats and other functionaries who participated in Hitler's supreme bid for world domination, all but Martin Bormann are in the Nuremberg prison.

Hitler himself was not indicted. There is inconclusive evidence that the master war criminal died in his capital last spring when the Russians conquered Berlin while American and British armies were massed in triumph on the Elbe 40 odd miles to the west. Bormann is believed at large.

Gen. Nikitchenko stated for the court that prosecutors of the four nations, including Justice Robert H. Jackson of the United States, would seek to convict besides the German general staff and high command, the German cabinet, the SS or Schutzstaffel, the SD or secret service Sicherheitsdienst, the SA or Sturm Abteilung (storm troopers) and the leadership corps of the Nazi party.

British Lord Justice Lawrence will preside at the Nuremberg trials. Former Attorney General Francis Biddle will sit on the bench as United States judge.

All the 24 Germans named were indicted collectively for participating in a common plan of conspiracy and individually for the parts they played in plunging the world into its bloodiest and costliest war.

The charges were made in four categories: conspiracy, crime against peace, war crime and crime against humanity.

Specifically the four nations listed such crimes as "murder, ill treatment, deportation for slave labor, murder and ill treatment of prisoners of war and of persons, piracy on the high seas, taking and killing hostages, plunder of public and private property, wanton destruction of cities, towns and villages and devastation not justified by military necessity."

The first public session of the tribunal proceeded smoothly and in the atmosphere of any well-organized court. It sat in the Allied control authority building where the Germans condemned some of those who plotted against Hitler's life in July of 1944.

PIN-WORMS At Last—A Real Treatment!

Anyone who has ever had Pin-Worms knows how tormenting and embarrassing this infection can be, and how hard it may be to deal with the creatures, once they get a foothold inside the body.
 Today, thanks to a special, medically recognized drug (Vick's Vapo-Rub), a highly effective treatment has been made possible. This drug is the vital ingredient in P-W, the Pin-Worm tablet developed in the laboratories of Dr. D. J. Jones & Son. P-W tablets are small and easy to take, and they act in a special way to remove Pin-Worms.
 So watch out for the warning signs that may mean Pin-Worms in your child or yourself—especially the irritating rectal itch. And don't delay. Ask your druggist for JAYNE'S P-W right away, and follow the directions. Satisfaction guaranteed, or your money back.
 It's easy to remember: P-W for Pin-Worms!

Otto Peters Discusses Safety Measures At P-TA

Otto Peters Sr. discussed "Safety at School and in the Home", at the meeting of the Central Ward Parent Teachers association Wednesday.

Peters reminded his audience that not all the accidents occur on highways and streets, but that 23 per cent of all school accidents occur inside the buildings and 18 per cent on the playgrounds. He continued that 88 per cent of all kinds of accidents are caused by persons, and 10 per cent by mechanical difficulties. That means that 98 per cent of all accidents are avoidable.

The safety specialist stressed education in safety as a means of reducing preventable mishaps. He declared that if education is started in youth it will go far in reducing tolls in life and money.

Police Chief A. G. Mitchell discussed the newly formed Boy Patrol and asked the cooperation of all adults driving by the schools.

Music and readings were given by fifth grade pupils, and those participating were Dixie Byrd, Mary Jane Rowe and Ray Lewis Dabney. Miss Martha Fay Malloy's fourth grade won the room count.

At the business meeting conducted by Mrs. E. O. Hicks, president, it was announced that the Central Ward P-TA would have charge of a bond booth every Friday during the Victory bond drive. Plans were discussed for the carnival to be held Thursday evening at 7 p. m. in the high school gym.

Those attending the session were Mrs. J. C. Lane, Mrs. C. V. Hewitt, Mrs. J. Leslie Roberts, Mrs. T. J. Clark, Mrs. Dewey Willis, Mrs. Harold Parks, Mrs. G. W. Dabney,

AP Newsfeatures
BERLIN—Young Belgian and French girls, under 25 years old, have been travelling deep into Russian-occupied Germany to bring back their own nationals but repatriation. Not only do they bring back their own nationals but American and British subjects too, and they have gleaned much information on missing displaced persons for authorities.

Members of Team Number One, of the combined French and Belgian Red Cross in Germany, have begun where no other voluntary workers and few non-Russian allies have been permitted to travel since the capitulation.

In their mess in Berlin (which had the gay atmosphere of a smart Parisian finishing school more than headquarters of team workers who have done tremendous work in the Belsen horror camp), Commandant Wenceslas Coppee, peace-time engineer from Brussels, described some of the girls' work.

"It is these young girls who do everything," he declared and looked around benignly at the chattering group, two of whom were dancing a mad fandango in a corner.

"But we have to thank these women for getting us this privilege of going into the Russian zone," Coppee went on. "It was Madame Helene Wittluck who arranged everything and who by her wonderful spirit keeps the morale of these overworked girls as high as this."

Madame Wittluck is a slim, dark, chic Russian-born woman married to a Belgian from Brussels. Energetic and full of charm, she has been a dress designer in New York and Paris as well as a journalist. Coppee said the realizations of the teams with Russians were most cordial and the latter are always helpful in providing each convoy with a Russian officer as guide when they enter the Russian zone.

The Belgian team has four drivers and three nurses, the French seven drivers. The girls, who were brought up in pampered circumstances, drive convoys of heavy ambulances and trucks which they use to bring the sick back from camps in eastern Germany. They all know first aid, and all have had to turn their hands to anything from changing heavy spare wheels to tending the desperately sick displaced persons.

They usually sleep inside the trucks and ambulances on the road. They hold the heavy vehicles on the blasted corrugated roads, although the captain of the French team, Janine Ivey, of Paris, looks as though she could not turn a steering wheel. She is 5 ft. tall, with close cropped blonde curls and is a veteran French Red Cross and underground worker who has been evacuating displaced persons from Belgium and Germany since France's liberation.

Dr. Bill Rhode Out Of Army

COLORADO CITY, Oct. 18 — One of Colorado City's doctor brothers, "Dr. Bill" Rhode, will return this week to reopen the Rhode clinic which was closed for the duration when the two were commissioned second lieutenants in the army medical corps, in 1942. The elder Dr. Rhode was until his point discharge last week Major William S. Rhode and served 18 months in the European theater. His longest term of duty was with a general hospital in Liege, Belgium.

His brother, Major Oscar E. Rhode, is still on duty in the South Pacific theater where during the liberation of the Philippines he was a surgeon with the 36th evacuation hospital on Luzon, and where he was previously serving on a hospital plane based on New Guinea.

"Dr. Bill" began his practice here in 1936, "Dr. Oscar," a year later. The two built their modern colonial-style clinic together as practicing partners before the war. They are sons of Mrs. W. W. Rhode and nephews of Mrs. George Mahon.

Colorado City has gone through the war period with only two doctors to serve 5,500 citizens and a rural area of that many more persons. With the return of Major Rhode from Europe local organizations, the American Legion and the Lions club began a movement to back the two hometown doctors left here, Dr. Harry A. Logsdon and Dr. Melvin Crimes, in their efforts to secure for Dr. Rhode a discharge.

Last week he was given a point discharge and will resume his practice upon arrival home. He will be accompanied from Kerrville, where he has been on brief vacation, by his wife and his daughter, Susan.

Can He Transplant Broken Hearts Too?

MOSCOW, Oct. 18 (AP)—Success in transplanting hearts from one animal to another has been reported by Prof. N. P. Sinit of the Gorki medical institute, who was quoted by the Soviet press today as saying his experiments gave hope that some time it might be possible to replace defective hearts in higher animals with sound ones.

(Johnny) Childress, upper left and Leo Childress have been visiting in the homes of their sisters and brother, Mrs. Gordon Hickman, Mrs. Herman L. Haney and Arbia Childress. Johnny received his discharge on Aug. 20, after serving with the Seventh Infantry through North Africa, Sicily, Italy, Anzio, France, Germany and Austria. He served 34 months overseas and has eight battle stars. He entered the army in Jan. 1929. Leo was discharged on Sept. 28, after serving with a tank battalion in North Africa, Italy, Sicily, France, Germany and Austria. He was overseas for 29 months after entering the service Dec. 1, 1942. He has six battle stars. Another brother, Roy L. Childress, lower picture, is still serving in the South Pacific.

Weslaco Youth Carries On For Soldier Brother

LUBBOCK, Oct. 18 (AP)—Dalton Clecker, star lineman for Weslaco high schools football team, dreamed of going to Texas Tech. When he left in 1942 for the army he told his dad brother: "James, carry on for me at Tech if I don't come back."

Dalton Clecker was killed a year ago in Germany. James Clecker enrolled at Tech this fall. He has developed so fast he is playing nearly half of each game as relief for Co-Captain Otis Turner at center.

"My brother made me promise and I'm doing the best I can to do what I know he would have done for Tech," says James.

Boom In Cage Game Looms

By HUGH FULLERTON, JR.

NEW YORK, Oct. 18 (AP)—Basketball seems to be on its way toward becoming our national game—at least in winter—if the southern colleges only move into the big time. . . . New England, mostly a blank on the basketball map up to last winter, is looking for a big season with Boston College returning to action after a 20-year lapse. Holy Cross definitely on the big time and Rhode Island State moving into the Boston Garden doubleheaders—Bill Mokray,

Boston basketball boss, hopes to make up for last season's \$11,000 loss by putting at least one New England team in every game. . . . Harvard and Yale won't be on those bills, of course, but the Crimson ought to do well since Wyndol Gray, who starred for Bowling Green (Ohio) last year, has turned up there as a Navy trainee and Yale won't be any worse for having Art Dakos, rated the best schoolboy cager in Massachusetts last season.

Bob Nose Best—After Bob Deubber, U. of Penn back, busted his nose running into teammate Bob Evans in last week's North Carolina game, the coaches fearfully asked Deubber how he felt. . . . "Oh, I'm fine," Bob replied. "This has fixed me up just right. I can breathe as well as before I broke my nose the first time."

Sports Before Your Eyes—Dewey Fragetta, who used to book fighters in wholesale lots, is circularizing sportswriters for information about boxers and promoters, preparatory to returning to the book bashing business. . . . Herman Wedemeyer turned down a \$7,000 a year pro offer, with a three-year guarantee, from the Oakland club to return to college football at St. Mary's. . . . Eleven of the players in the late unannounced world series are graduates of American Legion junior baseball. Yes, the word is graduates.

Mail Held Up

NEW DELHI, Oct. 18 (AP)—Lt. Col. A. E. Adamson, postal officer for the India-Burma theater, estimated today that approximately 12 tons of mail dispatched to the United States by troops in this area is now being held up at Casablanca by a transportation bottleneck.

Sons Of L. W. Thomas Reunited Here

Twin sons of Mr. and Mrs. L. W. Thomas have been reunited after three years in service. They are R. V. Thompson and R. C. Thomas, both Seamen 1-C in the US Coast Guard reserve. Entering service Sept. 1, 1942, they trained at Algers, New Orleans, and were sent to North Carolina. R. V. was stationed at Kill Devil Hills for several months before going overseas July 1, 1944. He holds the Asiatic-Pacific ribbon with stars for the New Guinea, Philippine liberation, and Aleutians campaigns. He also saw service in Alaska. Currently on leave, he is to report for duty soon at New Orleans. R. C. has been stationed at Elizabeth City coast guard air base as an athletic instructor. He was discharged Sept. 26.

One Dish Dinners Popular For Sunday

CHICKEN PIE PALMER HO USE... One-dish meal...

By CHARLOTTE ADAMS
Associated Press Food Editor
Most of us have got away from the custom of our forebears which said everybody must have a large, hearty dinner in the middle of the day on Sunday. This made life very difficult for the cook, and made absolutely certain that the whole family would sleep during most of its only afternoon off! The newer custom of serving on Sunday just a good, hearty breakfast, and then one other meal at whatever hour of the day seems most convenient is a far better one. You can always have sandwich - makings available for members of the family who can't possibly get along on two meals. The heavier of your two Sunday meals needn't, in fact, shouldn't, be one that's a nuisance to prepare and requires that the cook (be she you, your daughter or some one paid for the purpose) spend most of the Day of Rest in the kitchen. Left-overs can be turned into delightful Sunday meals with a minimum of effort. Try the following, for instance:
Chicken Pie Palmer House
3 cups cooked chicken
1 cup carrots, cooked
12 small onions, cooked
12 potato balls, cooked
1-2 cup cooked or canned mushrooms, sliced
4 tablespoons shortening or

chicken fat
4 tablespoons flour
1-2 teaspoon salt
Dash pepper
1 1-2 cups chicken stock
1 cup thin cream or milk
2 tablespoons melted butter or margarine
2 cups corn flakes
Cut chicken meat into good-sized pieces. Combine with carrots, onions, potato balls and mushrooms and arrange in six individual casseroles.
Melt shortening. Blend in flour. Add chicken stock and cream slowly, stirring constantly. Cook over low heat, stirring frequently until mixture thickens and boils. Pour over chicken and vegetables. Sprinkle melted butter or margarine over corn flakes, and stir until each flake is buttered. Cover tops of casseroles with corn flakes. Bake in very hot (500 degree) oven 10 to 15 minutes.
Good, hot, freshly-made muffins add just the right touch to this meal.
Bran Molasses Muffins
2 cups whole bran
1-2 cup light molasses
1 1-2 cups milk
1 egg
1 cup flour
1-2 teaspoon salt
1 teaspoon soda
Add whole bran to molasses and milk and allow to soak for 15 minutes. Beat egg and add to first mixture. Sift flour, salt and soda together and combine with whole bran mixture. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400 degrees) about 20 minutes. This makes about a dozen muffins 2 1-2 inches in diameter.
One of the best possible ways to top off this meal is with a green salad, tossed with a good French dressing. If you are of the garlic-in-salad mind (which I hope you are), try frying a minced clove of garlic in the salad oil first. Watch it carefully or it will burn. When the garlic is lightly browned, remove from flame, strain, cool, and use the oil as usual in your dressing. This is particularly good on a spinach salad.

Hundreds Of Japs Still Fighting

GUAM, Oct. 18 (AP)—Marine Brig. Gen. Lee B. Hermle, island commander here, estimated today there were 300 or more die-hard Japanese soldiers still at liberty on Guam and playing a deadly game of hide and seek with American forces.
"We captured more than 300 in September and still are getting a few every day," said Hermle. "We killed several last week."

Frankfurters, Potato Salad Made Tasty, Easy Informal Meal

By CHARLOTTE ADAMS

Green Pea Soup
Stuffed Frankfurters
Hot Potato Salad
Buttered Dandelion Greens
Whole Wheat Croutons
Fresh Plum Cake

Stuffed Frankfurters
8 frankfurters
1 package cream cheese
Cream
12 stuffed olives
8 slices bacon
Mix the cheese with enough cream to make it smooth. Chop olives coarsely and mix with cheese. Split frankfurters lengthwise and spread one side of split with cheese and olive mixture. Place other half of frankfurter on this, wind a strip of bacon around it and secure with toothpicks. Broil under flame until bacon is crisp and frankfurter heated through.

Hot Potato Salad
6 medium-sized potatoes
1-2 cup minced celery
1 small onion minced
1 green pepper minced
1 cup hot cooked sour cream dressing
Salt and pepper
Boil potatoes in their skins. Peel and dice into salad bowl rubbed with garlic. Add celery, onion, green pepper and hot cooked sour cream dressing. Mix thoroughly. Season to taste. Serve with stuffed frankfurters.

Chinchillas are monogamous animals.

Short Cuts In Planning Rush Meals

Meat loaf and potatoes are readied in advance. Glassed vegetables, creamed and seasoned, add color variation to the plate, require little preparation.

When it comes to planning hurry-up meals for busy days, all possible short cuts in preparation time are in order.

At the same time, the well-planned menu must have interesting contrast in color, texture and flavor and, of course, it must be balanced nutritionally. Here is just such a main-course menu, ideal for busy days and particularly appropriate for the growing child:

Meat Loaf - Baked Potatoes

Buttered Sliced Beets

Creamed Cut Green Beans

Milk

The meat loaf is made early in the day and placed in the refrigerator ready to bake. Potatoes are scrubbed in advance and the skins rubbed with salad oil to keep them soft. To serve four or five, one pounds jar each of sliced beets and cut green beans are used, with a minimum of preparation time required. Designed for the busy homemaker are the sparkling duraglas jars in which ready-to-serve vegetables are packed. Remember these points

Part Of Victory Chest Fund Raised

COLORADO CITY, Oct. 18 — Approximately \$1,800 of Mitchell county's \$8,000 victory chest assignment has been collected, according to Roy Davis Coles, chairman of the drive for the county.

With the return of fair weather, the chairman said, work in the rural areas is expected to bring in quotas of outlying communities.

Members of the Texas Epsilon chapter of the Beta Sigma Phi sorority for business girls, are staffing the downtown booth for collections on the streets of Colorado City each Saturday. Those collections, too, have been somewhat under the town's usual contributions during the spell of bad weather.

"We expect, of course, to raise the quota," Coles said. In 1944 Mitchell countians gave \$7,570 to their war chest to top their \$7,500 assignment.

Good Ship Pickaway—Technically At War

By JACK RUTLEDGE
Associated Press Staff

The good ship Pickaway and her crew, technically, are still at war.

Clarence Morris of Sherman is serving on the Pickaway. He wrote his parents, Mr. and Mrs. Luther Morris, that the Pickaway has observed neither V-E Day nor V-J Day.

Last May when the Germans surrendered, the westward bound Pickaway was in mid-Pacific and crossed the International Dateline on May 8th, skipping V-E Day.

When the Japs surrendered, the Pickaway was again crossing the dateline and missed V-J Day.

Reconversion was pretty simple for W. C. Knight of Perrin Field. Knight got out of the army while serving at Perrin Field, and promptly got his civilian job back. His old job was in the army post at Perrin Field.

But the end of the war has

brought a unique reconversion to border cities.

The \$2 bill has disappeared.

That was about the only kind of folding money found on the border during the war, because no one was allowed to cross any other type of bill into Mexico.

Came peace, and the ban on ones, fives, tens and bills of other denominations was lifted. Somehow the two vanished.

James A. Ward of Corpus Christi, a sailor man, writes home that money really isn't important in Japan. All the boys need are cigarettes.

Ward says the American cigarettes are worth \$1 each for barter purposes.

Ward, four and a half points away from discharge, writes that he's stocking up on souvenirs.

Federal Works To Aid College Improvements

WASHINGTON, Oct. 18 (AP)—The Federal Works Agency has announced the following loan to finance planning of needed improvements to Texas State College for Women. The first figure is the estimated cost of the project, the second the amount repayable on the loan.

Central dining unit, \$788,500 and \$22,500; dormitory building, \$288,500 and \$7,500; addition to dormitory, \$164,000 and \$4,500; dormitory addition, \$109,500 and \$3,000.

The Japanese have always built their homes of wood.

Search On For Four Convicts Escaping Huntsville Prison

HUNTSVILLE, Oct. 18 (AP)—Officers today were seeking four convicts who crashed a meat truck through the gates of Huntsville state prison and escaped in a hail of gunfire.

Highway blockades and patrols were set up immediately after the escape late yesterday. The blockades extended as far north as Corsicana, west to Austin and east to the Louisiana line.

Warden H. E. Moore said the convict driving the truck was wearing a metal shield and the three other men rode in the refrigerator compartment of the truck to protect themselves from bullets.

A guard shot the gasoline tank of the truck full of holes and the truck, empty of gasoline, was abandoned in the Huntsville city limits. The men then forced A. J. Beckham of Huntsville out of his sedan and headed for the Dallas-Huntsville highway.

The escapees were listed as Jack Hudspeeth, 24, of Ardmore, Okla., serving five years for burglary from Anderson county; Roy Wilford, 33, serving 15 years for robbery from Grayson county; Webster Mitchell of Matador, Tex., serving a life sentence for rape from Donley county; and Walter Vincent Valley, 25, of Ardmore, serving five years for burglary from Anderson and Cherokee counties.

LCRA Misdemeanor Cases Dismissed

AUSTIN, Oct. 18 (AP)—Misdemeanor cases against three men charging they injured property of the Lower Colorado River Authority have been dismissed by Justice of the Peace Mace Thurman.

A similar charge against another man is scheduled to be heard today before Justice of the Peace Frank McBee.

Thurman dismissed the complaints yesterday on a motion to quash by Polk Shelton, attorney for the men charged. He pleaded the charges were vague and indefinite, and the state offered no contest.

No witness for the state appeared. The men were arrested originally on complaints filed by Ranger Captain Fred Olsen. They grew out of investigations of power stoppage following the strike of LCRA workers Oct. 1.

To Kill Filing System

WASHINGTON, Oct. 18 (AP)—Sen. Tom Connally (D-Tex.) predicted here that the pending tax reduction bill will not kill the community property system of reporting incomes.

Connally, a member of the senate finance committee which is studying the tax measure, said last night:

"There is no danger that the present tax bill will eliminate community property income filing procedure."

Hester's Defeats Hartley Quint To Assume Lead In Fem's Loop

Schlitz' quintet whitewashed the Cosden Oilers in three games of the Women's Bowling league play Wednesday evening at West Texas Alleys but still remained buried in fifth place in the standings.

Hester's edged Hartley's in two of three tests to gain the top spot while Hiway's contingent shaded Seven-Up by the same count.

Lois Eason of the Hester entry had a 189 for a single game high and used that to excellent advantage for a top series score of 535.

Hartley's combination ran off a score of 649 for a single-tilt lead. An 1818 supplied them with enough points for the best series score of the night, too.

Next week's matches will pit Hiway against Hester's, Schlitz against Hartley's and Cosden against Seven-Up.

Standings:

The Face Is Familiar

MIAMI BEACH, FLA.—New diners at the Roney Plaza hotel always take a sharp second look at a quiet-mannered waiter and exclaim:

"Why, waiter—you look just like Will Rogers!"

"Yes sir, that's what Will always told me himself," is the reply from Jake Dietsch, 55, who says he has been mistaken for the late Oklahoma humorist at least 10,000 times in the last 32 years.

"I first met Will Rogers way back in 1913 when I was a waiter at the old Hermitage in New York," said Dietsch.

"Will came up to me one day and said, 'I hear you look like me.'"

"That's what they say," Dietsch replied.

"Well," Rogers chuckled, puckering up his face and scratching his head in characteristic gesture, "I wouldn't know which of us that leaves the worst off!"

Dietsch, who also worked at Rogers', the Peking and the Tokyo in New York in the old days, said Rogers was then a newcomer to Broadway.

"I saw him for years and he never changed a bit," Dietsch recalled. "He always threw me a big wink when he saw me. Sometimes he'd step aside quickly, as though

he was just about to bump into a mirror."

Unlike Rogers, Dietsch, a native of Idaho Springs, Colo., has never worked as a cowboy.

"I just be rounding up dishes most of my life," he says.

J. A. Krug, WPB Chairman, Gets Flicker Offer

HOLLYWOOD, Oct. 1 (AP)—J. A. Krug, chairman of the War Production Board, has been offered a \$75,000-a-year job as vice president of the Motion Picture Producers and Distributors Association of America. The assignment would include formulation of a long-range labor program for the industry which has been hampered by strike trouble for more than seven months.

The offer to Krug was made by Eric Johnston, new president of the association, who is currently struggling to work out a solution to the involved work stoppage problem.

Johnston said Krug's job also would include inauguration of research into technological film improvements and formation of an overall counsel of unions, crafts and producers. "We've got to bring democracy to the movie industry and this is part of the evolutionary movement I have planned for it," Johnston said.

Krug, whose tenure with the War Production Board ends Nov. 3, said he would give an answer to Johnston's offer within a few days.

Johnston said the strike, which has continued with sitdown picketing and occasional clashes between strikers and police, is an "extremely complicated affair x x x; it will be very hard to unravel all the skeins."

One of the issues was solved when the AFL conference of studio unions was elected bargaining agent for the set decorators but Herbert Sorrell, head of the conference, says there still exists the issue of returning workers to their jobs without discrimination. The controversy began as an AFL jurisdictional fight between the CSU and the International ALV.

REDS LEAVING MANCHURIA

CHUNGKING, Oct. 17 (AP)—Foreign Minister Wang Shih-chieh said today the Chinese central government has been informed by Moscow that Soviet forces have begun a withdrawal from Manchuria which will be completed by the end of November. Wang also announced that Chinese forces in northern Indo-China would be withdrawn "in the near future."

The Chinese annual population growth sometimes is estimated as high as 5,000,000 a year.

Japanese Torture Chamber Viewed By Local Man

LT (J.G.) CECIL REID

A blood-stained torture chamber used by the Japanese in obtaining information was viewed recently by Lt. (J.G.) Cecil W. Reid at Jin-sen, Korea.

Lt. Reid, son of Mrs. Mayme Reid, 411 Johnson, is engineering officer aboard an LST in the Pacific. When he put in at Korea, he went ashore and saw the torture chamber, described as being a small room, which was in reality part of a furnace. Here, he was told, that Japanese, after beating natives, poured salt on the floor so that it would get into wounds. Then the furnace was fired and it was talk or die.

Lt. Reid entered the navy in November 1942 and received training at the University of Arizona, and special training at General Motors Tech school in Flint, Mich. and at Norfolk, Va. At Flint he served seven months as an instructor in Diesel engines. He has been on Guam, Saipan, Okinawa, Korea and at various other points in the Pacific.

Prior to entering the service, he was an instructor at Texas A&M college. His wife, the former Lillian Crawford, now resides at Corpus Christi.

CENTRALIA, ILL.—Glen Page, an oil field worker who got tired of waiting for that postwar "dream" automobile, has blossomed forth with a snappy new streamlined car.

The 31-year-old Page never had formal mechanical training, but he found enough odds and ends in the scrap pile to construct a three-wheel triangular-shaped car with the engine behind the passengers' seat.

The two-tone blue vehicle, which resembles a boat on wheels, was built in three months of night work. Its only new parts are two regular passenger tires

forward and one truck tire aft. The four-cylinder engine averages up to 30 miles to a gallon of gasoline.

Page, who came to Centralia's oil fields from Eldorado, Kas., six years ago, claims he doesn't know how fast the car will go. "I've had 'er up to 60," he says, "but my wife won't let me drive it any faster. Says it's too light."

All Eyes On Dallas And Odessa High School Battles This Week

Fifteen Districts Have Conference Imbrolios

By HAROLD V. RATLIFF
Associated Press Sports Editor

The Texas schoolboy football field rolls into the stretch this week with important conference games dotting the schedule from the west to the east and to the coast.

Fifteen of the sixteen districts have conference tests while there will be great sectional interest in battles at Odessa and Dallas when four of the state's undefeated, untied teams meet each other.

District 2 will watch a contest between Electra and Wichita Falls—the game expected to be the campaign's deciding point.

At Fort Worth unbeaten North Side clashes with Amon Carter-Riverside in one of the top battles of the championship race.

Down in District 15 Brackenridge (San Antonio) plays at Austin and Jefferson (San Antonio) at Corpus Christi. From these two games will come the teams expected to scrap it out for the title.

High-flying Marshall journeys to Dallas to tackle Highland Park in the Cotton Bowl and Amarillo tangles with Odessa at Odessa as the feature games of the weekend. They are inter-district affairs that will project state favorites.

In all there are 51 games, 35 of them conference tilts, with only six inter-district games and five of inter-sectional nature.

Twelve of the 14 undefeated, untied teams have games. In addition to the Amarillo-Odessa and Highland Park-Marshall struggles, the other teams with perfect records face these opponents:

Plainview vs. Sweetwater, Wichita Falls vs. Electra, North Side vs. Amon Carter-Riverside, Brownwood vs. Ranger, Cleburne vs. Masonic Home (Fort Worth), Lufkin vs. Athens, Milby (Houston) vs. Jeff Davis (Houston) and Brownsville vs. Corpus Christi College Academy.

This week's schedule by districts:

Texas Grid Stars Depart Academy

ANNAPOLIS, Md., Oct. 18 (AP)—Unofficial sources disclosed here that Ralph Ellsworth of San Antonio, Texas, star halfback for Navy last year, has resigned from the Naval Academy to return to the University of Texas. At the university he made all-Southwest conference backfield in 1943.

George Walmsley, from Baytown, Texas, has been informed that an old ear injury would prevent him from receiving a commission if he were to graduate from the academy and he also has resigned. Walmsley left several weeks ago. He was an all-Southwest conference back in 1944 and was reported due to return to Rice Institute.

Camacho Might Let People Decide How To Dispose Of Land

MEXICO CITY, Oct. 18 (AP)—President Avila Camacho is said to be considering a plebiscite to decide Mexico's attitude on disposition of the Chamizal area comprising land in the area of El Paso, Texas.

The land formerly was south of the Texas-Mexico river boundary and the dispute followed a shift of the river bed. The case was referred a number of years ago to an international boundary commission which decided the strip of land was a part of Mexico. The United States claimed the decision was void and the dispute is still pending.

Louis-Conn Mix A Sure Thing For New York And The Stadium, Say "Thinkers"

By SID FEDER

NEW YORK, Oct. 18 (AP)—Mike Jacobs is a New Jersey tulip grower with an ambidextrous ability as a fight promoter.

And today he was busy with both hands.

With one, he was shoving a pen into Billy Conn's dainty "duke," trying to get the Pittsburgh pretty boy to forget his "beefs" and sign on the dotted line for a return go with Joe Louis. With the other, Mike was holding an "auction" over the site of the Louis-Conn nose-mashing.

With this left-handed job, Uncle Mike was trying to tell you how the \$5,000,000 taffy-pull next June would go to the place "we'll get the most money." He carefully explained how Philadelphia and its huge municipal auditorium and

Chicago and its wide stretches of Soldier Field were running neck and neck for the big pot, and he was open to all offers.

But around Jacobs' Beach, the wild waves were saying that the Windy City would have to put up the Loop and the City of Brotherly Love would have to give up Billy Penn from off the top of city hall to get this tussle out of Yankee

Stadium, N. Y., when post-time rolls round.

The only thing standing in the way, according to the beachcombers, was the 5 per cent "bite" New York state puts on fight movies.

FEATHER CHAMP WINS

EL PASO, Oct. 18 (AP)—Sgt. Manny Ortega, Texas feather-weight champion from Deming, N. M., air base, won a split decision here last night in a 10-round fight with Juan Leanos of Torreon, Mexico.

Faurot In Civies

COLUMBIA, Mo., Oct. 18 (AP)—Lt. Comdr. Don Faurot, the University of Missouri's favorite football son, was reported today on his way out of the Navy to resume head coaching duties at his alma mater.

Faurot, who picked up Missouri's football reins in 1935 after three dismal seasons and turned out three Big Six champions and two post-season teams, went into the Navy early in 1943.

Official Wordiness

WASHINGTON, Oct. 18 (AP)—Congressional Pearl Harbor probers will have to pore through more than 200 official volumes written about the Japanese attack before settling down to the regular inquiry, Senator Brewster (R-Me), said today.

Lions Converge On Angelo For Fourth Game Tonight

West Ward Cowhands Take Early Lead In Junior Grid Circuit

Pushing a touchdown across in the third period when Danny Scott ran some 30 yards across the double-strips, the West Ward Cowboys decided North Ward, 7-0, Wednesday afternoon at Steer stadium to take an early lead in Junior football league standings.

After two starts, the Waddies are the only unbeaten, untied eleven in the six-team district.

In other Wednesday clashes, Central edged a fighting East Ward club when Bill Warren caught a payoff pass. The final count was 6-0. College Heights turned on a flashy display of power to roll over South Ward, 27-0.

Chubby Cloud crashed over for three touchdowns for the College

Heights club while Ray Adams added another six-pointer.

Robert Cobb broke into the scoring column by adding three extra points.

The North Ward team displayed a potent offense late in the game and the final gun caught them on the move inside the West Ward 25-yard stripe.

Standings:

Team	W.	L.	T.	Pts.	Op.
West Ward	2	0	0	21	0
Coll. Hts.	1	0	1	28	7
Central Ward	1	0	1	13	7
North Ward	1	1	0	7	7
East Ward	0	2	0	0	13
South Ward	0	2	0	0	41

Mancuso, Double X Released By Phils

PHILADELPHIA, Oct. 18 (AP)—The Philadelphia Phillies have sent four players, including Pitcher Dick Barrett, to Portland of the Pacific Coast league in payment of Shortstop Johnny O'Neill purchased in 1945.

The other players are Pitcher Mitchell Chetkovich, Outfielder Nick Goulsh and Shortstop Wally Flage.

In addition, the Phils announced the unconditional release of First Baseman Jimmy Fox and Catcher Gus Mancuso.

Wharves Negotiate With Longshoremen

GALVESTON, Oct. 18 (AP)—Negotiations continued today in wage differences between Galveston wharves and International Longshoremen association car loaders and unloaders.

The ILA has set tomorrow as the day for a strike at Galveston, Houston, Texas City and Lake Charles, La., unless the differences in Galveston are ironed out.

Approximately 1,000 men would be affected by such a strike, ILA officials estimated.

The Galveston longshoremen are asking a pay hike to 85 cents an hour.

Return Of Tucker Boosts Locals' Hopes

The Big Spring Lakeview (colored) football Lions embark upon their second road expedition of the 1945 campaign, their hopes for victory buoyed by the return to uniform of mammoth Claude Tucker.

Tucker is the bell-weather of the Lion troop. True enough, they won without him. But Frank Miller, the local coach, figures the big fellow will be indispensable when his lads run afoul of some genuine competition.

Tonight they meet the kind of opposition Miller respects. That would be the San Angelo Black Sheep Herders, victors in recent weeks over the same Abilene eleven that fell prey to the Big Springers last weekend. Angelo trimmed the Black Eagles, 15-7.

Big Spring, even without Tucker, subdued the Abileneans, 24-12, but it took a scintillating last-half uprising to do it, and that after a blistering tongue lashing administered by the coach at half time.

But tonight, they've got Tucker and it will be the Herders' unenviable task to try to stop him.

The big boy goes 190 or thereabouts on the scales. He can boot a football out of sight. He can pass. And, best of all, he can go chop-chop once he cradles the inflated piece of leather in his arms.

In four outings, the Big Springers have scored 125 points as against 12 for the opposition. Edward J. Wright has accounted for an even 30 points. Harry Dooley has accounted for 33 of the total. Junior Crockett has pushed his total to five touches and three extra points.

All are due to give Tucker ample assistance tonight.

The Lions will probably meet Lubbock here next week.

Seven Fight Czars Form Organization

NEW YORK, Oct. 18 (AP)—Boxing promoters in seven cities stretching from Boston to St. Louis have joined up in an outfit to "give financial and publicity aid" for fight shows throughout the country, and to foster what the organization announces will be "class A boxing in America."

Larry Atkins, Cleveland promoter and president of the new "Boxing Promoters of America, Inc." said the purpose of the new organization will be to give financial assistance to "promoters so that they may present the finest fistic talent available," and to "create major boxing centers."

Atkins said promoters in Boston, Baltimore, Philadelphia, Pittsburgh, Buffalo (N.Y.), Cleveland and St. Louis have joined the organization.

Herd Seeks New Punch

Hard at work on a defense designed to stop Midland's "model T," the Big Spring high school football Steers began to shape up Tuesday and Wednesday in their drills at Steer stadium.

Coaches John Dibrell and Conn Isaacs had their second string firing Midland plays at the varsity squad Tuesday afternoon and the reserves banged across a couple of touchdowns before the Longhorns had time to dig in. It looked for a moment as if Hughie Cochran, Gerald Harris et al were rocking on their heels.

However, the forward wall at long last braced and began to stop George Worrell, who was serving as a potential Midland threat, one Wilbur Yeager. Worrell accounted for one of the six-pointers in the early scoring spurt. Donald Webb had the other.

Wednesday Dibrell had his first stringers on the offense. They're going all out this week to break the scoring drought that has descended upon them. Not since the opening game of the season have the Longhorns been able to push across a touchdown.

The Big Springers might absorb another shellacking when the Midland come to town for the Friday night setto but there threatens to be scoring outbreaks on both sides.

Comparing records, the Bulldogs have fared worse than the Longhorns, as far as victories and losses go. The charges of B. E. McCollum dropped their opening bout of the campaign to Pampa, 2-6; got plastered by a good Austin (El Paso) eleven, 24-6; were mowed down by Plainview, 20-0; and then proceeded to lose their opening District Three engagement of the year to Sweetwater, 19-6.

They didn't play a team the caliber of Tahoka, however—the only eleven the Steers have been able to subdue.

The Dogs will bring an aggregation to town that will stack up even-Stephen with the locals on weight. They range all the way from Halfback Bobby Drake, 135 pounds, to Howard Mickey, who totes 173 pounds.

Gotham Giants Cold On Cards' Mr. Shortstop

NEW YORK, Oct. 18 (AP)—Unlike most major league club owners who would like to have the services of Marty Marion, termed the "Mr. Shortstop" of baseball, President Horace Stoneham of the New York Giants is not interested in the St. Louis Cardinals' star.

"We're ready to pay any reasonable sum for any player that would help our club," said the Giants boss yesterday, as he escorted a group of writers around the Polo Grounds which is being revamped for next year, "but I believe we are going to come up with a shortstop in a few years will be every bit as good as Marion."

"His name is John Rigney," continued Stoneham, and we obtained him from Oakland of the Pacific Coast league in the deal that sent Dolf Camilli to manage the Oaks in 1944. Rigney, at the time, was in the navy, and still is. Next to the return of Johnny Mize, the biggest boost our club could get would be Rigney's release." Mize was recently released.

"Reports from Hawaii and the Pacific Isles where Rigney has participated in the Army-Navy exhibitions," Stoneham went on, "All agree that Rigney can step into the lineup of almost any big league team right now. Why, Jack Zeller (general manager of the Detroit Tigers) is so high on the kid, he's ready to give me half a dozen players for him."

Rigney, 22 year old and bespectacled, spent the last two of his four years in organized baseball, with Oakland. Although not rated an exceptionally strong hitter, he amassed a .288 batting percentage via 184 base hits in his last year before enlisting in the navy in Dec. of 1942. The figure was 80 points over his 1941 mark of .208.

Supporters of the Steers will do well to keep their optics on Ike Robb and George Worrell in future years. Both have two seasons of eligibility left to them.

In two years' time, Ike should weigh in the neighborhood of 165 or 190 pounds. He might be moved from guard to tackle next fall. He's going to feel right at home anywhere Dibrell puts him.

Looking Em Over

With ANGUS LECSTER
If Big Spring's football Steers have an all-district selection this season, it most probably will be Hugh Cochran, who is playing his fourth season and earning his fourth letter with the Black and Gold.

Little Hugh's value to the Long-

horn team is generally overlooked due to the exceptionally poor record of the crew but, and take Mentor John Dibrell's word for it, the youngster is most capable. John says Cochran would shape up with any back in the district if he were playing behind the Odessa forward wall.

The 150-pound halfback, who can't see his hand in front of his face without those goggles, is a nephew of a Georgia fisticuff who used to scrap with the celebrated Bill Stribling in club fights down Atlanta way every week or so. When afield, he seems to have inherited a lot of that belligerence.

Nazi Postwar Program

Stories by reputable correspondents have been drifting back from Germany to the effect that not a few of our officers and men are being inclined to sympathy with the people of that nation.

What is particularly perplexing about it is that these are not neophytes who are succumbing to clever German psychology, but the veterans who helped beat them into submission.

It is so easy for Americans to forget and to forgive; they have been brought up in an atmosphere of tolerance and the ancient doctrine of hate are not, in the main, a part of the American makeup. We are the kind of a people who fight one moment and go off the next with out adversary, arm in arm.

Never have we proposed hate as a means of dealing with or of controlling the enemy, and perhaps forgiveness, in time, is logical. But none of these should give us the license to forget.

The men who gave so much and even now are sacrificing to carry out the occupation of Germany are not to be condemned for the pattern of things. They are only following natural impulses. In a sense, the brass hats have fallen down in their responsibilities of counteracting postwar German propaganda.

At first the higher ups imposed the non-fraternization program. It was silly and it failed. Artificial prohibitions will not work.

There might well be a constant refreshing of how these seemingly docile people fought like demons until they were crushed; how they raped helpless countries and minority groups; how they cursed the world with its most terrible war.

In addition, it might be well to recognize this ally line of reasoning which the Germans are putting out so effectively. Then let it be known what the line of reasoning will be so that it will be taken with many, many grains of salt. Let the German cry, but know that his are crocodile tears.

Otherwise, the course of least resistance and natural consequence will be followed. For, in the words of a young man back from Germany, "in Germany we saw for the first time people who looked like us, who were clean and industrious and who laughed at the same things as us. They weren't such bad fellows. Talk about robbing the Nazis out of governments—well, you wouldn't have anybody left who could do anything."

There's the problem. It won't do much good to suggest that men who sweated time in German prisons could administer the right kind of justice without being roped in—for these men don't want anything more to do with Germany even if their background qualifies them, and certainly they are entitled to stay on this side. It seems to us the best approach is to constantly keep in mind that dealings

As it becomes increasingly evident that the "secret" of the atomic bomb lies principally in the ability to construct plants for its production, talk of what to do about it turns more and more on some method to prevent man from poisoning himself with the fruit of his own labors.

The Dublin, N. H., pronouncement by a group interested in world peace, that a federation of the world is the only answer, is a natural reaction. It is as though they said that man, driven by this new fear, must now decide to do at once what he has known for ages that he must do in the end. Alfred Tennyson, who predicted almost 100 years ago that, after the world's "airy navies" had "rain'd a ghastly dew," there would be accomplished a federation of the world, was not the first to express this dream. It has been repeated so often as to become almost a truism. But it usually is considered something for the ultimate rather than the present.

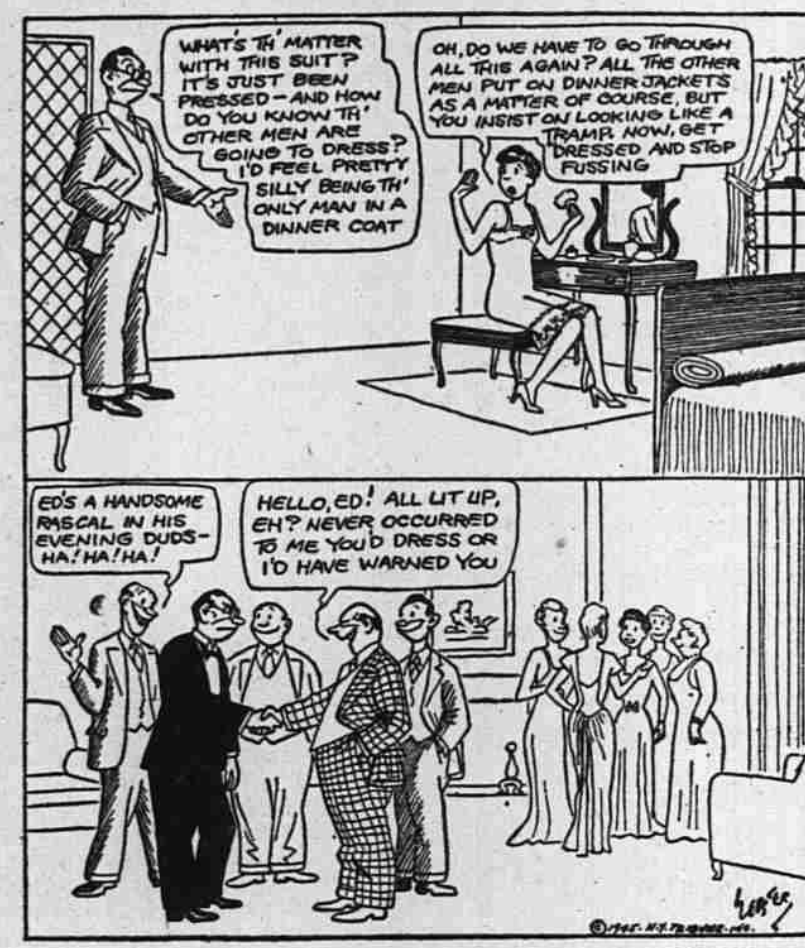

The Dublin meeting presented an example itself, in a way, when Justice Owen Roberts and some of its other leaders felt unable to agree with the majority in its willingness to scrap the United Nations organization. The minority preferred to take the thing step by step, with an initial union of the United States with other nations which already have adopted liberty for individuals.

That apparently would mean, so far as major powers are concerned, Britain and the United States, and would be mere formalization of a union which already exists in practice.

The inevitable result of such a step now would be a return to prewar attitudes by Russia, who felt herself forced into a pact with Germany when she decided, rightly or wrongly, that France and England were encouraging Hitler to move east instead of west. Russia's ideological war with capitalism is still a very real internal issue, regardless of how fuzzy the lines between her own system and capitalism have become. She has long felt herself surrounded, and her almost certain reaction to any greater formalization of the present Anglo-American alignment would be to back up, drop co-operation, perhaps hoping for the best but preparing herself for any possible unfriendly manifestation.

with the German should be the same with any other known crook or desperado—amiable, perhaps, but plenty wary.

With The AEF: Proof Of The Pudding—Mail In The Pacific Dwindling

By VERN HAUGLAND
(Substituting for Hal Boyle)

GUAM, (AP)—From Melbourne to Guam it stretches—that vine of bases on which military strategists were leaving the Japanese to die. But even now the vine is fast withering.

"It's disgraceful," says Sgt. Frank Massara. "I can remember when we handled 10,000 or 12,000 bags of mail a week out of here. It used to keep a dozen of us busy. Now there's only Sgt. Gaudin and me. We are lucky if we handle 20 bags a week."

Massara, of Albany, N. Y., and Sgt. Matthew Gaudin, Chicago, handle mail at the U. S. Army post-office at Melbourne, Australia. Massara's comments about the decline in activity are typical of the situation throughout the once busy Southwest Pacific. Americans are getting ready to get out of the area altogether.

In Sydney, Brisbane and Townsville, American forces likewise de-

clined to a handful, most of whom are planning to be home by Christmas.

Up the line in New Guinea, military installations are folding up right and left. Only at Rabaul, New Britain, are things on the upgrade. There, Australians are leveling bomb damaged airstrips and putting up camps. Nothing remains of Rabaul City, which is scheduled to be rebuilt, even though sulphurous fumes from the volcano in the harbor make some areas uninhabitable.

At once crowded Manus, things really are quiet. Guam still has thousands of military personnel and Sunday afternoon traffic jams the beach roads. But more and more tents are vacant. Fleet headquarters has become headquarters for the Marines. Press relations, which used to occupy a large two-story building, now is housed in one little corner at the top floor.

Hollywood—And Was Carradine's Face Green?

By BOB THOMAS

HOLLYWOOD—How would you like to have lunch while looking at the green face of John Carradine?

I know nothing about the actor's propensity for envy or nausea, but neither element was the reason for his verdant hue.

His face was made up in the ghastly green for his role as Dracula in "The House of Dracula," Universal's latest excursion into the horror world. To show you how blasé Hollywood is, hardly anyone in the studio dining room noticed his frightful visage when he entered the place. The lunchers, who included Lou Costello, Maria Montez, Franchot Tone and Sabu, scarcely looked up from their soup.

Once I had become used to Carradine's chartrous kisser, I began a discussion about, ham, and not the kind on the menu.

"Do you object to being called a ham?" I inquired, somewhat irreverently.

"No, I do not," he announced, but added with a sly wink, "not by another actor. You see, the average person thinks of a ham as overbearing, obnoxious, vain, conceited—rather, over-conceited; because all actors have to be conceited to some degree—and a bad actor."

"But to actors, and others connected with the theater, a ham is an actor with an unusual ability to create character. It is someone with dash, with imagination, with a grand way of doing things."

"You hear the accusation that a ham is not normal. Well, of course not. I know of some actors who are normal and they are not very good actors. Perhaps a ham does not create a character as it would be in real life, but that is not his function. The actor should create an illusion. The audience should walk out of the theater and say, 'Good lord! Is this reality?' when they see the actual world."

I inquired if the actor could name some good hams. He could. "Jack Barrymore was a very good ham—so is Lionel. Freddie March is one of the best. And he is good because he remembers the day when he wasn't good. Katherine Cornell is a ham; you can tell that every time she goes

through a door. Hams often have devices—unreal but fascinating. Ellen Terry used to strike a pose which she knew was good. Then she would hold it until you would almost say, 'My God, why doesn't she move?' That's good hamming."

Carradine named other hams—the Lunts, Charles Laughton, Basil Rathbone, Nigel Bruce, Charles Boyer.

But mind you, folks, he uses it as an endearing term.

Local Tire Dealers Say Situation More Critical Than Ever

Even with the war over Big Spring's tire situation is more critical than it has ever been before, tire dealers said here Wednesday.

Labor trouble in the East caused the tire shortage and even persons with the proper certificates are unable to obtain tires without waiting their turn, the business men agreed. One dealer said, "Persons with certificates aren't much better off than those without."

The tire problem will remain dark for at least the next 60 days, a company owner said. Calls have been received here from Fort Worth, Dallas and other towns requesting the scarce commodity.

Truman Loves Trips On River

By DREW PEARSON

WASHINGTON—The next two months of President Truman's life are filled with junkets similar to that which he has just taken through the heart of the Mark Twain country. At first, newsmen covering the White House figured that he took these trips for political reasons, but they have now changed their minds.

The president takes these junkets because he loves them. Never since that fateful April day when he took the oath of office has he had more fun than at Caruthersville, Mo., where he swapped yarns with the local postmaster, got up at 6:15 to "spit" in the Mississippi River, and ran out in the street to ring the bell of a small-scale locomotive.

The locomotive was being conducted through the streets of Caruthersville by the "Forty and Eight" club of the American Legion (commemorating the "40 men—8 horses" capacity of French freight cars in the last war). Suddenly the president of the United States spied it. Perhaps it reminded him of 1918 when he unloaded artillery horses from those same French freight cars in the Meuse sector. Or perhaps he just felt very much at home in Caruthersville.

Anyway, with a shout to War Mobilizer John Snyder, who once worked behind the cashier's cage of small-town Missouri-Arkansas banks, Harry went over to the locomotive. Right then and there the war mobilizer and the president of the United States had the time of their lives staging a locomotive-bell-pulling contest.

Of course, the secret service men didn't like it, but regardless of them, Harry Truman certainly enjoyed being Harry Truman. Another incident the secret service men didn't like was when the president arose shortly after 6 a. m., left the austere frame 42-room Majestic hotel which had been cleared of guests in his honor, and walked down to the Mississippi river. It seems that there is an old custom in those parts which makes it incumbent upon a visitor to spit in the Father of Waters.

The secret service men, not being in the know regarding this spitting custom, were taken by surprise. One of them, however, spotted the truant president of the United States ambling off in the direction of the river, sounded the alarm, and a few minutes later, four bodyguards in the Mississippi After Harry got through spitting, he skinned a few stones out over the river, found that his technique as a stone-skimmer hadn't changed since boyhood days, and was then content to go back to town.

On the way, he met two old Caruthersville cronies, Neel Helm, county wholesale liquor dealer, and James Reeves, former commander of the American Legion. They swapped stories as they walked down to the post-office, where they dropped in to see Postmaster Bailey S. Brooks. There they swapped some more. Back in Washington, Secretary of State James Byrnes was just back from the most disastrous diplomatic conference in recent history with a lot of pressing problems to straighten out. In New York, Detroit and the coal mining areas, strikes were sending creeping paralysis up the industrial spine of the nation.

But the man who never really wanted to be president was en-

joying himself back home.

"Harry has a strong cabinet," maintained one of his friends, "and he feels they are quite qualified to handle things without him."

Whether right or wrong, there is no question but that Harry Truman got a great kick out of forgetting he was president.

Note—Finally, after several phone calls from Washington, War Mobilizer Snyder took a special plane back to the humdrum life of strikes, inflation and reconversion.

Presidential Chaff

Cigar-chewing George Drescher, the secret service chief, came in for some criticism for letting the president take off from Washington airport in a misty rain when commercial planes were grounded; also for letting the Truman party drive along winding rain-slicked Virginia roads at 60 miles an hour.

Also at Paducah, Ky., the "Sacred Cow" came down on a landing strip with just a few inches to spare. . . . Some don't blame Drescher entirely, on the ground that he has become a close pal of Truman's and is overruled by him. . . . Truman demands that all those around him be chummy. Patient Charlie Ross, alleged press relations chief, got pushed all over the place by aggressive "friends around Truman." George Allen, John Snyder and Drescher all handed out news about the trip.

Ross chiefly gave the names of minor local personalities who chewed the fat with Truman. . . . At one time press relations got so low that a rum session of newsmen seriously proposed asking for Charlie Ross's resignation.

Both John Snyder and George Allen tried to pooh-pooh the importance of Truman's statement on our keeping the "know-how" on the atomic bomb. They said the story wasn't newsworthy. . . . Truman dropped the story to newsmen at one end of the Widow Morris's porch at Reelfoot Lake, Tenn. After watching correspondents scurry off into the night looking for telephones, he remarked: "Sometimes I forget that I'm president."

All sorts of people chinned with Truman. Once the docile president of the United States stood for ten minutes while a local character monopolized his time wanting to know how he should go about getting a birth certificate. . . . County Tax Assessor Okey Coker, the county "strong man," was also much in evidence, together with Roy Harper, who has always managed Truman's senatorial campaigns in southeast Missouri.

On the last leg of his trip, at Gilbertville, Ky., Truman wound up his speech with the impromptu remark: "Let's all cut the foolishness, go home and get to work."

UNRRA Scandals

UNRRA officials in London are worried lest congress learn of the extent to which the goods they have been shipping for European relief are being sold for private profit by UNRRA workers. Several reports on corruption within UNRRA personnel in Europe have been held up in London for weeks and not yet sent to Washington.

What the British especially worried is the voluminous report made by the U. S. army's criminal identification division—which has been read in London but not yet officially turned over to UNRRA.

The situation became so bad that the U. S. army sent troops into French homes around the huge UNRRA center in Granville to seize huge stores of fruits, fresh vegetables and other foods allocated to feed UNRRA workers themselves but sold off before reaching UNRRA tables. Once last summer, a convoy of 120 trucks left Cherbourg for Granville—a four hour trip. Because it was short of drivers, UNRRA borrowed 120 French drivers for this trip. Ninety-eight trucks of the original 120 arrived in Granville. No one has ever demanded to know where the other 22 are.

Note—Unfortunate fact is that there is always a lot of pilfering and scandal connected with war-time relief. In the last war, even Herbert Hoover's relief administration and the Red Cross were victims of it.

The Saga Of Martin

And The Rattler

An intrepid man is Morgan Martin.

Martin was horseback riding on his ranch near Signal Mountain Wednesday afternoon when his steed shied. And with reason.

Contesting the right of way was a huge, obese rattlesnake, emitting warning signals with nature's own rattle equipment.

Weaponless, Morgan dismounted and hunted high and low for a stick while the reptile calmly awaited a fight.

Finally settling for a rotting fence post, the rancher moved to the kill and the duel began. A full stomach apparently made the snake lethargic, for several well placed blows with the pole enabled Martin to merge the survivor.

The serpent measured 5 feet, four inches in length, was in parts nine inches in circumference. Its hyacinth head measured 2 3/4 inches around.

Warm weather had probably lured the reptile from its hole. Apparently he was on the prowl for game when he met his nemesis.

Morgan reports that the snakes are prolific in that part of the country.

The brute, one of the largest seen in this locality in some time, has been placed on display in the Court House yard.

Fire Hunting

EVANSTON, Ill., Oct. 18 (AP)—Evanston firemen had to haul 15 tons of coal from a basement of an apartment building to the street before they could extinguish a small fire.

The blaze was in the middle and at the bottom of a bin filled with more than 60 tons of coal and before the firemen could reach it, they had to move 15 tons. Only a few squirts of water were necessary to douse the fire.

BAIRD RETURNS

Ligon Baird has returned to the police department as radio operator. He left the department in 1941 to serve in the Navy.

SAY YOU SAW IT IN THE HERALD

From where I sit... by Joe Marsh

"We have only just begun to fight"

We were sitting around Bill Webster's fire the other night, enjoying a mellow glass of beer, and talking—now that the war is over—about what Peace really means.

"I can tell you one thing it doesn't mean," says Bill. "It doesn't mean that we can all relax—and take things easy—and figure we're living in Utopia."

"You're right," Judge Cunningham agrees. "Peace means, among other things, eternal vigilance. Free men are still at war with hatred, prejudice, intolerance—whether it's intolerance of a man's political beliefs, or of his right to choose between a glass of beer or buttermilk."

From where I sit, the Judge is absolutely right. Peace means continued vigilance—continued struggle against all the forces of intolerance that caused the last war, and can sow the seeds of future conflict. Maybe we should paraphrase the slogan of a Revolutionary hero: "We have only just begun to fight."

Mrs. M. C. Ratliff Dies Of Pneumonia

COLORADO CITY, Oct. 18 — Mrs. M. C. Ratliff, 79, pioneer Mitchell county woman, died of pneumonia here at 7 p. m. Wednesday.

Rites were to be held from the Baptist church at 4 p. m. today with Dr. John Simons, pastor, assisted by the Rev. James Sharpe, Methodist minister, in charge.

Surviving are her husband; a son, Harry Ratliff, city attorney; a daughter, Mrs. Edgar Majors; and four grandchildren and two great-grandchildren.

Born Bertie Bradley, daughter of a Confederate army saddlemaker, in Chester, S. C., May 7, 1886, she moved to Paris, Texas when 13. After her marriage to Mr. Ratliff in 1891, they lived in Charleston, Texas and came to Colorado City in January of 1896. He worked for stores and operated several of his own and in 1903 she opened one of the first women's shops in West Texas. In 1910 she retired.

Mrs. Ratliff was prominent in Baptist church activities and was a member of the OES.

Big Springers and Howard Countians need to hustle according to officials of the Howard County Victory chest campaign who would like to get the collection job done in the least possible time.

The drive has been on almost two weeks and only \$5,448.50 of the goal of \$29,780 has been turned in, G. H. Hayward, chairman of the special gifts committee, said today. Only 15.1 per cent of the county's goal for this year has been reached compared to 43.5 per cent which was reached at the same time last year.

R. R. McEwen, general chairman, believed that the main trouble is with the workers instead of the collections. He said, however, that it is not necessary for good citizens to be contacted. Voluntary contributions should be mailed to the Community War Chest as soon as possible.

McEwen stated that every service club is being contacted in hopes that each member will not only donate money but also time.

Since the Victory chest includes the USO in its National War Fund, as well as Boy Scouts, Girl Scouts and Salvation Army, any of these warrant the splendid support of the citizens of Big Spring, McEwen said.

Cpl. and Mrs. Eugene Clemmens left Wednesday evening for Lincoln, Neb., after a brief visit here. They were accompanied by her grandmother, Mrs. Lela A. Morrison, who will make her home with Mrs. Clemmens when her husband leaves for overseas. They visited here with her parents, Mr. and Mrs. R. E. McMillan.

TO MEASURE RED BED
City officials expect the U. S. Geological Survey to come here to do some geophysical work to determine the depth of the red bed and which way it is sloping. The survey will be made in the B' Barr, Edmundson and Douthitt fields.

Knott 4-H Club Elects Officers

Members of the Knott 4-H club convened yesterday to elect new officers and submit their pig and cotton projects for inspection to Durward Lewter, county agent.

Darrell Shortes was renamed president of the group. He will be assisted in directing club business during the coming term by C. H. Riddle, new vice-president, and Lloyd Robinson, secretary-treasurer.

Riddle succeeds Odell Roman in office while predecessor to Robinson was Howard Smith.

Lewter inspected a total of 27 pigs, some of which are entered in the pig show to be held in Big Spring Nov. 1-3. Later the county agent led a discussion on the proper display of food crop exhibits.

Four new members were added to the roll, bringing the total to 37.

RICHARD CROOKS

brings you ten heart-warming melodies in his

Stephen Foster Album

Richard Crooks sings ten beloved songs by Stephen Foster... sings them as you love them, with all the warmth and sincerity that have made Crooks a favorite of millions.

He captures all the sweet nostalgia of *My Old Kentucky Home*... the haunting beauty of *Old Black Joe*... the rollicking fun of *Oh! Susanna*... and the deeply human appeal of the other grand melodies, which include—

I Dream of Jeanie; *Ah! May the Red Rose Live Alway*; *Old Folks at Home*; *Come Where My Love Lies Dreaming*; *Massa's in the Cold*; *Cold Ground*; *Beautiful Dreamer* and *De Campdown Races*.

Album M-354, \$0.00.

"Yes—I am still saving waste paper and so should every patriotic American!"

"HERE'S WHY—Waste paper is needed to produce packaging containers for many peacetime products. Without containers, these products cannot be delivered to our neighborhood stores. By saving waste paper, we help end shortages!"

"Turn on the sun with a turn of your wrist!"
