Few Surprises Polled In Local Elections

Findley Leads Colorado City Council Balloting

Voter turnout was good in most local elections across Mitchell County Saturday with the exception of the Colorado City Council election where only 386 ballots were cast, with 19 of those absentee, as compared to the 1979 turnout of 596 voters.

Four seats were available with only two incumbents running.

Incumbent Macca Findley led the polling with a total of 277 votes. Incumbent Elmer Martin received 260 votes.

From the field of seven candidates, Dr. Don Bennett pulled 242 votes and Ray Mason 209. Donald Webb received 197 votes; J. O. Dockrey, 162 and A. G. Anderson, 98.

Mitchell County Hospital District Board of Directors election resulted in the reelection

of all four incumbent candidates. A total of 439 votes were cast, with 19 of that number cast absentee.

Uniform Late Planting Date Slated For Cotton Producers

James C. Williams, Rt. 3, Box 274, Colorado City, won the annual bale count guessing contest held during the Farm Tour.

Williams' guess of 18,200 was the nearest to the actual 18,106 bales produced in Mitchell County.

Tommy Fuller was second closest with a guess of 18,000 bales and Linden Solomon was third nearest with a guess of 17,998 bales.

Cotton producers had what County Extension Agent Bob Benson

Bobby Lemons received 321 votes; Preston Morris, 307; Herbert Mearse, 294; Willie Landau, 292 and Jane Mc-

Carley received 269.

Loraine City Council election will result in a run off election because of a tie between incum-

bent Evert Henderson and Jack Brewer each of whom received 55 votes.

Calvin Forbus led the

balloting, drawing 84 of the total 106 votes cast, six of which were absentee.

Tommy Green received 79 votes and incumbent Mike Stutts received 32 votes. Mayor Vance Dickenson was reelected with a total of 67 votes.

There was one write-in vote cast.

In the Loraine Independent School District Board of Trustees' election, which was uncontested, a total of 55 votes were cast, none of which were absentee.

Royce Beights received

53 votes; Ronald Bruce, 55 and Dean Oliver, 50. All three men were incumbent candidates.

The Westbrook Independent School District Board of Trustees election unseated one incumbent candidate.

Incumbent Warren Zant led the polling with 88 votes, while incumbent Don Burnett received 75 votes.

Kenneth Beasley drew 56 votes to unseat incumbent Floyd Ritchey who pulled 53 votes.

Wayne Pierce received

33 votes; Eldoro Reyes, 25 and Bill Sweek, 12.

Three write-in votes were cast.

A total of 139 votes were cast with 11 of those absentee.

Colorado City Independent School District Board of Trustees election had three candidates for three positions.

Monte Jones received 232 votes; S. L. (Mac) Morris, 214 and Dickie White, 209.

A total of 247 votes were cast with 9 of those absentee.

TESCO Recommends Efficient Equipment

April 15 marks the date that Texas Electric Service Company is to begin a program to provide financial incentives to encourage customers to replace worn or obsolete air conditioning and water heating equipment with more energy-efficient equipment.

"The goal of our Residential Load Management Program will be to hold down electricity price increases by holding down the number of new power plants we have to build," TESCO Local Manager B. B. Hardee said.

Equipment with a higher energy efficiency ratio rating costs more than lower-rated equipment, he noted.

Therefore, to encourage customers to buy energy-saving equipment, TESCO will pay part of the difference in cost, Hardee stated.

"We will be actively encouraging our customers to install this equipment because this is an effective way to slow the rate of growth

in the need for electricity during the summer 'peak load' season," TESCO President Bill Marquardt stated.

Benefits to all customers will start coming about as soon as new equipment is installed, Marquardt said.

Each piece of equipment helps reduce the

company's need to use high-priced natural gas fuel to meet summer peak loads, which in turn will mean smaller increases in fuel costs to customers, he emphasized.

Also, he said, each piece of new equipment will do its part to help

Charges Are Filed For Vandalism

After extensive investigation, Colorado City Police Investigator Billy Ray Williamson requested a warrant be issued for Rene Rivera, 17, of Plainview Community, Thursday on charges of felony criminal mischief.

Mitchell County Deputy Bobby Calloway contacted Rivera, then Rivera was arraigned before Justice of the Peace Henry Doss and bond was set at \$7,500.

Charges stemmed from an incident which occurred at Colorado High School when \$289 in damages was done to trees by a person driving a pickup.

First Lady Project Underway

A special meeting, the second of its kind, was held by the Mitchell County Centennial First Lady Nominating Committee Wednesday in the home of Mrs. Curtis Latimer, chairwoman of the committee.

The purpose and main objective of the committee is to place in nomination, candidates for "First Lady."

Nominations will end June 18 and at that time, a gala reception for all nominees is planned.

Candidates must be 17 years-of-age or older to qualify for nomination.

The "First Lady" and her court of six runners-up will each receive a grand prize, Mrs. Latimer said.

Each nominee will be issued coupons for the purchase of tickets to the Centennial Pageant. The sale of these coupons will be held at the

Probation Given In Two Pleas

District Judge Weldon Kirk heard two guilty pleas Friday in 32nd District Court.

Raynaldo Guerrero Silvera, 319 Elm, Colorado City pled guilty to driving while intoxicated, subsequent offense.

He was sentenced to one year in county jail, probation for two years and fined \$250.

Michael Osborne, of Brunswick, Ga., pled guilty to unauthorized use of a motor vehicle and was sentenced to three years in jail, probation for two years, and fined \$500.

JAMES C. WILLIAMS (center), Rt. 3, Colorado City accepts a plaque from Colorado City Area Chamber of Commerce President Joe Kirschbaum (left) and Extension Agent Bob Benson. Williams guessed 18,200 bales of cotton would be produced in Mitchell County, when he participated in the Annual Farm Tour. The actual bale count was 18,106.

"Raging Bull" Reviewed

By CARL BEERY MOORE

"Raging Bull" is Just That...

The film is aptly titled. There's a lot of raging and a lot of bull. The movie is a biography of Jake La Motta, a middleweight boxer of the forties and early fifties. It is the story of how this man's obsession with his own life destroys him because he makes no room for the people who love him. If that sounds familiar to you, it should. That plot-line was original to the Ancient Greeks, maybe.

Frankly, I've had it with Martin Scorsese's directing. He seems to be stepping beyond the scope of the art. Art should be a creative interpretation and presentation of an aspect of life. Scorsese tries to make it so much like real life that the art and entertainment qualities take a back seat, and that's a shame. He does use some fresh, creative and innovative filming and editing techniques, but these alone do not tell a tired story any better. At times, it doesn't tell the story at all. During intimate conversation scenes, Scorsese held the audio level so low that the audience was cocking their ears to where they hoped the speakers were. (Well, like, uh, ya know, he was making it, ya know, man, so real.) Ahem!

In spite of all this, I didn't hate the film. I'm one of those viewers who can sit through a lot of bull, raging or not, so long as it's well acted. This is.

Robert De Niro plays the fighter to perfection. He does all of his own boxing and does it well. To play Jake La Motta in his later years, De Niro put on sixty-three pounds of fat. And then he lost it all immediately after the filming was over. That takes a very special discipline and dedication. These qualities are evident in all aspects of his performance. De Niro is a master actor.

Playing the part of the fighter's brother, Joey, is a relatively unknown actor, Joe Pesci. Pesci is brilliant. I have never seen him before, but I look forward to seeing him again. Joey La Motta was not an easy role to play. It dealt with too many subtleties, however, Pesci found all of them and gave them to us.

The writers kept the role of Jake's wife, Vickie, on the screen a lot but failed to put much substance in her character. Cathy Moriarty did a fine job in spite of that. She was believable throughout.

All three actors were nominated for Oscars and deservedly so. The nominations the film had for best picture and best direction are a shame.

If you like to watch acting at its best, see "Raging Bull;" if you are expecting very much more, don't.

Government Cuts School Funding

"All government fundings will be reduced in the 1981-1982 school year," stated Colorado City Independent School District Superintendent Charlie Uselton.

Already \$600 to \$700 has been cut since December in the schools' lunchroom programs, he said.

Normally a 75 per cent reimbursement was given for the kitchen equipment bought by the school district but now that too has been cut.

Also a certain percentage was reimbursed for every student eating in the lunchroom. That will be cut down to a reimbursement of only those who are on reduced

lunches or those on free lunches, Uselton stated, this will evidently raise the price of the school lunches.

The Title I program, fundings for students with reading and math difficulties in grades K-8 has been cut. This takes \$35,000 out of next year's budget, he said.

"We are now looking at the program to see where we can make changes," stated Uselton.

Uselton did stress the

Golf Bag Ruse Used By Thief

C. C. Athletics store was the scene of a theft of about \$200 in small bills Friday about 5 p.m., according to proprietor Carol Sue Daken.

She reported that a well dressed man, about 40 years-of-age, entered the store at 5 p.m., and inquired about a golf bag for his wife.

Mrs. Daken said she went into the rear of the store to get a box in which to wrap the bag.

She stated that when she returned to the front of the store, the man requested a larger box so his wife would not

pounds in a good year, Benson indicated.

Prospects for the 1981 cotton crop are much brighter, according to Benson. He indicated moisture and growing conditions look good at present and show an excellent start for the cotton producer.

One blight on an other wise bright cotton production prediction is the boll weevil.

Very favorable conditions exist for insect infestation and reproduction, County Entomologist Bill Jany explained.

Boll weevils have good conditions for overwintering survival because of the mild weather, he said.

Even though the population was low this year, it looks like the population could develop into a damaging number later this season, Jany commented.

"Use of the uniform late planning date with a high participation by county producers will go a long way toward keeping the boll weevil population below a damaging number, he said.

The uniform late planting date is set as May 18 this year, he stated.

"Boll worms are also to be considered this

cotton season, depending on how boll worms' alternate host plants in range lands fare. If the host plants burn up in June, as they did last

year, the boll worms will move onto the cotton fields as they did last year. If they do not dry up, I anticipate a normal boll worm population this season," Jany stated.

Flea Hoppers are another form of insect

which may plague cotton producers this season, Jany noted.

Because of good moisture conditions during the overwintering months, we have a lot of weeds (alternate hosts for flea hoppers). The flea hoppers may move

off the weeds in June when cotton begins to square and could cause damage to production early in the season when the plants are fruiting, he said.

"We definitely want to watch for the flea hopper," Jany said.

CISD Board To Canvass Votes And Seat Members

Votes will be canvassed and newly elected Colorado Independent School Board of Trustees will take office Monday night at a special called meeting which will begin at 7 p.m. in the Colorado City School Administration Building.

Election of officers

will then take place.

An executive session will be called to discuss teachers contract renewals. The board will then reconvene to renew the desired teachers' contracts.

Trustees will discuss what type of media coverage will be allowed in the board meetings.

An adoption of the 1981-1982 school year calendar will take place.

Trustees will decide if a volleyball group can have access to the Wallace Gym. Also discussion will be held to decide if the Centennial Celebration activities will have access to school facilities.

Trustees will elect members of the Board of Directors from Region 14.

Resignations will be discussed.

Bob Ratliff will be present at the board meeting to discuss the renewal of the insurance policy on the school buildings and contents.

A contract will be considered by trustees for Pritchard and Abbott to print tax rolls and statements for school tax purposes.

Renewal of the rental policies at the Wallace Center with the State Department of Health will also be established.

The board will also discuss the purchasing of lots for the building trades class.

delay the need to borrow money to design and build new power plants.

Customers who install high EER air conditioners or heat pumps and solar-assisted or energy-recovery water heaters will make a direct contribution toward this goal, Marquardt said.

He noted the cost of a new power plant would be more than three times the average cost of the plants now used by TESCO.

"The cost of electricity to our customers will be less if we spend it at the present time to reduce demand," Hardee stated.

"Otherwise, we'll have to spend this money, and a great deal more, to build a larger amount of new generating capacity in the future.

Complete information on types of eligible equipment and amounts of financial assistance will be available when the program goes into effect April 15, Hardee said.

New Board To Be Sworn At Hospital

Mitchell County Hospital District Board of Directors will meet in special called session Monday at 7 p.m. in the hospital to canvass votes in the hospital district election and to swear in newly elected board members.

Officers will be elected after the new board has taken the oath of office.

FREEDOM

Rev. David W. McNary
Pastor
First Baptist Church
Loraine

There are many people today who seek freedom. There are many today who say they have freedom, yet without knowing Jesus Christ in the forgiveness of sin, no man can be free. A person without Christ says that he is free to do whatever he wants, but in reality, he is bound in sin and the fulfilling of the lusts of the flesh. The Bible says, "If the Son therefore shall make you free, ye shall be free indeed." (John 8:36) There is no real freedom outside Jesus Christ, but in Christ, a person can have freedom from the penalty of sin and the power of sin in his life. With this comes freedom from guilt, knowing that Jesus Christ has paid the price for my sins on the Cross, and because of that payment my sins are forgiven.

This freedom is a free gift to all who will simply accept it by faith in Jesus Christ. Romans 8:2 says, "For the law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death." That is real freedom. Paul writes, "But now being made free from sin, and become servants to God, ye have your fruit unto holiness, and the end everlasting life. For the wages of sin is death; but the gift of God is eternal life, through Jesus Christ our Lord." (Romans 6:22, 23)

Real freedom is available to all, for Jesus died for the sins of the whole world, but He has left the freedom of choice in your hands. Will you receive Christ, or will you "go away sorrowing?"

Q. I have to add water to the battery in my car just about every week, even in the winter months - and I often have to replace burned out light bulbs. Is something wrong with my electrical system?

A. Probably it is the charging system instead of the electrical system. The symptoms you describe suggest that too much current is being put out, resulting in battery overcharge. Test the voltage regulator. Be sure the regulator ground is not loose or dirty. If the ground is clean and tight, there may be an open circuit in the regulator voltage winding or the contacts may be stuck. One type of regulator is mounted on the firewall or fender. Another type is a solid state unit inside the alternator. Some built-in regulators can be replaced and some cannot. In the latter case, replace the entire unit.

INDIVIDUAL RETIREMENT ACCOUNT

If You're Not Covered Under Any Other Retirement Plans, Start Your Own.

It is an account called an Individual Retirement Account (IRA) approved by the Internal Revenue Service. It is now possible for wage earners to add to their financial security by establishing their own personal retirement plans. Federal Legislation now permits employees and self-employed persons receiving compensation and not covered under any other retirement plan to establish their own INDIVIDUAL RETIREMENT ACCOUNT. And you can save immediately on taxes while planning a secure future for you and your family.

What is an Individual Retirement Account?

An Individual Retirement Account (IRA) is a personal tax sheltered retirement plan. It was developed to bring every American worker the opportunity to build a more secure future for themselves and for their family.

Who can establish an IRA?

IRA's are available to any wage-earner. The only requirement is that you not currently be a participant in an employer-sponsored plan.

Can my spouse establish one?

Your working spouse may establish a separate IRA, too, provided he or she is not currently a participant in an employer-sponsored plan.

How much can I contribute to my IRA?

Federal law allows a maximum annual contribution of \$1,500 or 15% of wages, whichever is less. Of course, smaller amounts can be contributed each year.

Are my contributions tax deductible?

For Federal income tax purpose, contributions to an IRA are fully deductible for gross income up to the maximum allowed by law. You can deduct your contribution even though you don't itemize deductions.

Do I pay taxes on the income earned by my account?

The earnings of your account are not currently taxable. Each dollar of earnings produced additional dollars which are also not currently taxable. This tax-free compounding continues until retirement.

When do I pay taxes on my account?

Your account, including principal and earnings, is not taxed until you receive payment from it.

When can I begin to receive payments?

No payments can be made to you before you reach age 59½ unless you become permanently disabled. If your death should occur sooner, funds in your account will be paid to your named beneficiary. You must begin to receive payments from your account by the time you reach age 70½.

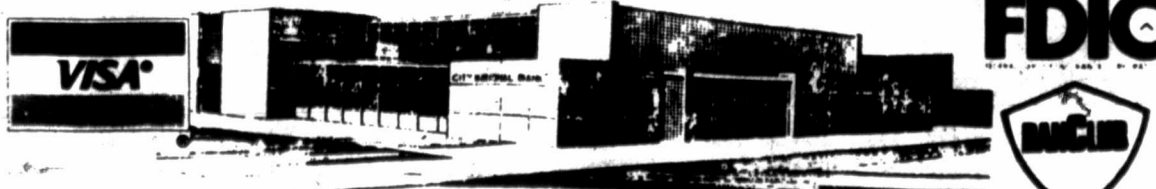

How do I start an account?

Opening an Individual Retirement Account is as easy as opening a savings account. Stop in and one of our officers will gladly assist you.

SKIING: A "Fun-In-The-Sun" Sport

Warm water and sunny skies will be enough to kick off the annual ski season which will soon begin at Lake Colorado City.

Slalom, trick skiing, barefoot and speed-skiing are a few of the many methods used by experienced skiers. Slalom, is the method

of skiing on one ski. Trick skiing or "trick-ing" is gymnastics on water skis. This type of skiing is supposedly one of the most body build-

ing, and weight trimming methods of all water sports.

Barefoot skiing is just what it sounds like, skiing on bare feet. The only problem with this particular method of skiing is learning how to do it.

All materials used in skiing are essential.

A 35 minimal horse power outboard motor boat or a 100 horse power inboard motor boat is a must for skiing.

Also essential is a ski or pair of skis.

Skiing is not considered safe unless a life jacket is worn and the skier is a good swimmer.

The person driving the boat should be a qualified boat driver. He or she should know if there are any underwater obstacles, shallow areas, strong currents, and should also be familiar with the boat.

A communication system should be established between the skier and boat driver.

One should never ski in shallow water which is less than five feet in depth.

Don't ski in unfamiliar waters or at night.

Do have an extra person in the boat to watch the skier or have the driver use a wide angle rearview mirror.

Skiing can be a fun-in-the-sun sport if done correctly. Basically skiing is a safe sport but accidents can happen so drivers and skiers should use the utmost caution and be courteous to other people trying to enjoy this sport.

Information obtained for this story can be found in the Mitchell County Library in "Instant Water Skiing" and "The Complete Beginner's Guide To Water Skiing" books.

SARAH MUNOZ (left) and Sylvia Barrera, were chosen as team members for the 1980-81 All-District Basketball team for the 12-A Basketball District. The girls played basketball on the Lorraine Bulldogs Varsity Girl's team.

Library Week Slated

This coming week of April 5-11 is National Library Week. During this week as well as all through the year, residents of the county are encouraged to visit the library.

The activities taking place at the Mitchell County Public Library during this week are a "Book Review" which will be given by Bobbie Steakley. This review will take place on Thursday, at 7 p.m. in the Hesperian Room in the

Mitchell County Public Library.

Then on Saturday, at 2 p.m., there will be a "Film Showing" at the library. The films to be shown are: "Noises In The Night," "P. J. & The President's Son" and "Woof, Woof." Refreshments will be served at each of these events.

During the "National Library Week," the Brush & Palette Club will sponsor an art show in the Hesperian Room at the library.

Children Need To Register Monday

Kindergarten Spring round-up will be held at Kelley Elementary School Monday from 9 a.m. through 3 p.m. according to Bobby Lemons, principal.

He said for a student to be able to attend kindergarten during the 1981-82 school year, they must be five-years-old on or before Sept. 1.

Students must present a birth certificate to be enrolled along with a shot record, he added. He noted that DPT, polio, measles and mumps and rubella shots must be started before the

'81-'82 term begins.

In conclusion, Lemons stated that only a parent or guardian could register and sign for a student enrolling.

Style Show Slated

The Colorado City Business & Professional Women's Club are sponsoring a style show in conjunction with the Colorado High School Wolverines in the High School Auditorium on Monday, April 13 at 7 p.m.

The theme of the style show will be, "Spring, A Rainbow Of Styles."

The "Entertainers" of San Angelo, directed by Bill Davis, will provide the entertainment for the evening.

Local merchants will be supplying wardrobes for the show. They are Little Critters, Landau's, C. C. Athletics and Kirschbaum's Clothiers, to name a few.

There will not be a charge for pre-schoolers and school age children is \$1 and adults \$2.

Everyone is invited to attend the Spring style show.

Everyone is invited to come into the library for these activities and also to make use of the services which are offered. Residents of the county are welcome to come into the library to see which best seller books are available.

Easter Musical Is Planned In April

The First Presbyterian Church will present Trina Taylor in a special worship service of Easter music on Sunday, April 12 at 5 p.m. She will be assisted by Bob Newman, band director at Colorado Middle School, and Addie V. Payne.

She presently teaches third, fourth and fifth grade music at Hutchinson Elementary and holds a bachelor of music from Southern Methodist University.

She has appeared in several Colorado City Playhouse productions such as Oklahoma, Show Boat, Crown Matrimonial, to name a few. One of her best performances was as Mother Abess in the "Sound of Music."

She appeared in the "Matchmaker," a Western Texas College presentation in Snyder as Mrs. Van Huysen.

The mother of two children, Alex and Arceyanne, she is presently the choir director for the Loraine United Methodist Church.

Everyone is invited to attend this Easter musical free of charge.

TRINA TAYLOR, ADDIE V. PAYNE AND BOB NEWMAN rehearse for the Easter musical they will be presenting in the First Presbyterian Church on April 12.

UPS isn't allowed to pick up a package in Texas and deliver it in Texas. We don't have what's known as intrastate authority here. How do the people most affected—the manufacturers, wholesalers, small business

owners and consumers of Texas—feel about this? Just ask them. There's a bill before the Texas Legislature which would help to overcome this problem. We think it's important that it pass, and we'd

like your support. If you agree with us, a note to your Senator and Representative in the Texas Legislature could be very helpful. For information, please get in touch with us.

Roads To Be Improved

Bids to resurface 65.8 miles of highways in Mitchell, Borden, Haskell, Nolan, Shackelford and Taylor Counties are expected to be received by the State Department of Highways and Public Transportation in Austin.

Abilene District Engineer Roger Welsh said the proposed work provides for a seal coat

application to ensure a smoother and more skid-resistant driving surface. The seal coat will also prolong the surface life of the roadways.

The following highway in Mitchell County will receive a seal coat application: SH 350, from Howard County line to the Scurry County line 6.6 miles.

Penny Presides At Meeting

The Mitchell County Extension Homemakers met in the Lone Wolf Medallion Room March 19 at 2:30 p.m. for scheduled monthly meeting with Mrs. R. D. Penny, chairman, presiding.

Mrs. Sidney Compton led the reading of the club's creed and Mrs. Hubert Feaster, of the Buford Club, led the recreation.

Mrs. Compton, 4-H representative, reported on planned activities of the 4-H's. Among them are the Money Management Demonstration and the Gun Demonstration.

The T.E.H.A. Scholarship applications have been placed in Colorado City, Westbrook and Lorraine Schools and must be returned to the council by May 1.

The Mitchell County T.E.H.A. Council will give a \$200 scholarship as they do every year to a graduating senior in the county.

Plans for an upcoming tea and book review were completed and will be announced at a later date.

Clubs were urged to participate in the Mitchell County Centennial

in July and each club was also urged to plant a tree in their community by May 1 as part of a national project.

Mrs. Penny, E. E. Cummings, R. E. McMillan, Don Blassingame and W. C. Harlow will be representing the county in Brady during the district meeting on April 21.

Myrtle Andrews Is Honored Saturday

Mrs. Frank (Myrtle) Andrews was honored by her family and friends Saturday on her 90th birthday in the C. C. Thompson Room from 2:30 p.m. until 4 p.m.

She has been a resident of Mitchell County since 1924 and is a member of the First United Methodist Church.

She is the mother of eight children, Hoyt Andrews of Lovington, N.M.; Lorene Jackson of Azle, TX.; Helen Crenshaw of Naselle, Wash.; Florice Matthews of San Angelo, Ruth Walker of Abilene, Mary Robertson of Loving, M. L. Andrews of Andrews and Fred Andrews of Midland.

She is the grandmother of 21 grandchildren and 28 great-grandchildren.

Harlow Hosts Meeting

Bea Harlow hosted the Colorado City Lake Club when they met in her home recently.

Following a short business meeting, there was a presentation on crafts. Everyone learned how to make an owl memo pad holder out of carpet and felt. Mrs. Belle Compton brought the program.

Roll call was answered by "An Easy Way I Have Learned To Do A Household Chore," by Mrs. Harlow, Frankie Cummings, Esther Driver, Lucille White, Doris Penny, Marie Harlow, Lucille Driver, Marilyn Zimmerman, Bobbie Norman and guests, Mrs. Compton and Ina Prescott, member of the Looney E.H. Club.

The next meeting will be April 14 in the Westbrook Tax Office.

Former Resident Dies

Cummins Wood, 51, of Midland, formerly of Colorado City, died at 7:25 a.m. April 1 in Root Memorial Hospital.

Funeral services were April 2 in Kiker-Seale Funeral Home Chapel with Rev. Roy Byrd, Presbyterian minister, officiating. Burial was in the Colorado City Cemetery under the direction of Kiker-Seale Funeral Home.

Born Sept. 11, 1929 in Sterling County, he had lived in Colorado City most of his life.

He married Frances Lou Ezell June 5, 1949 in Colorado City and was a member of the First Presbyterian Church.

He is survived by his wife; his mother, Clemona Wood of Colorado City; two daughters, Debra Denise Wood of Austin and Janet Lanell Lewis of Fort Worth and three grandchildren.

Letter To The Editor

Dear Editor:

To the People of Colorado City:

This letter is a great big heart-felt Thank You to all the people of Colorado City and anywhere else who sent cards, letters, presents, phone calls and also inquiries on how I was doing. I guess I just never realized how much people really care.

I would also like to thank all the teachers of Colorado High School for all their concern. The students also sent several letters and cards, some even came to see me. This is very deeply appreciated.

Without all the support I received, I am very sure that I wouldn't have recovered as fast as I did. It would have hurt me more than any injury to have been forgotten.

My special thanks also go out to T. C. Love without his help I doubt

very much if I would be here to thank all you special people.

I would also like to thank the Ambulance service, especially Janet Free who stuck by me and worried for me the whole time, and also Ray Dillard for caring for me as he did.

My thanks also to Dr. Lindsey and Dr. Aguilon for the decisions they made which were so important.

Thank you also to Dairy Queen, Sonic and Eddie Pharmacy for the welcome home signs which they put up. I guess no one will ever realize how much those signs meant to me.

I would also like to say that life never meant so much to me until I came so close to losing it.

My very special thanks go out to my closest friends and their families, Kelley Brown and Jodi Bolin. Thank you so much for being hopeful all the way through. Without you my life would not be

worth half as much as it is right now. Thank you also for the welcome home and all the presents you sent not just with sympathy but with love.

Once again thank you All so very much. I guess you will never know how much those helped me and how much better those enabled me to feel.

Love Always

Women Are Needed To Form "Celebration Belles" Chapters

Nell Holman turned in the following information for women's booster groups for the centennial festivities.

She said they wanted all the women of the county involved and active in the coming events of the centennial.

Ten or more women from each organization, club, church, school and businesses are needed to charter a chapter of "Celebration Belles."

There will be an organizational meeting Thursday at 7 p.m. in the board room of the Chamber of Commerce. Club presidents or representatives are urged to attend the meeting, as details of how to charter a chapter of the 'Belles' will be discussed.

Mrs. Holman said that after "Celebration Belles" are organized, then women of the county will need a permit to wear make-up, jewelry, perfume, or be in danger of being thrown in jail or paying a fine. Membership badge of "Belle" chapters will allow them to wear above blandishments.

Westbrook Board To Be Sworn

Westbrook School Board of Trustees Election votes will be canvassed and then declared Monday night at 7:30 p.m. at the Westbrook School Board meeting in Westbrook School.

Following the installation of new or returning board members will be the election of officers.

Trustees will then discuss and renew contracts for the teachers. The possibility of new furniture for the tax office will be considered by board members.

The board will also meet with an architect to discuss the feasibility of redoing the gym floor.

THEFT, From Page 1

know a golf bag was wrapped in the box. Mrs. Daken said she went to the back of the store to locate a larger box and began to gift wrap the bag.

At that time, Mrs. Daken said, two girls entered the store to buy shoes.

She said the man volunteered to put the tape on the box while she waited on the girls.

She said she went to the back of the store to get the correct size shoes for the girls and the man said he was going to the car to get a card to go with the gift.

Mrs. Daken said she then went to the cash register to make change

when the girls paid for the shoes and found the money missing. She said the thief did not take any \$20 bills which were in the back

of the drawer, only the smaller denomination bills. Colorado City Police are investigating the theft.

We'll Be Happy To Explain Value and Economy For Your Tire Dollar

Every Michelin 'X' tire is backed by a 40,000 mile warranty for tread wear on domestic cars. That's just about twice the mileage you'd expect from a conventional tire under the same driving conditions. Also, because of its radial design the Michelin 'X' rolls with less road resistance than conventional tires, and that means you can save up to 10% on your present gas consumption (pretty good considering today's fuel crisis.) Plus, every Michelin 'X' tire gives you all the distinctive radial tire advantages over conventional bias-ply tires: smoother ride, easier handling, better traction and firmer road holding. And, they add up to a lot of comfort and safety. Invest in better driving. Stop in and have a set of Michelin 'X' radials installed today.

Woodrow Wilson. Ragtime. The Great Houdini. The year is 1913 and a new Bell telephone begins ringing throughout the land. Ah, those were the days...

Now you can relive those days with Southwestern Bell's new Country Junction* telephone — a happy blend of yesterday's spirit with today's technology.

Lovingly handcrafted in natural oak and antiqued nickel trim, the Country Junction phone is a classic that blends with period settings and makes an attractive statement with the crisp, cool lines of contemporary taste.

No matter where the telephone is placed — kitchen, den, family room, living area — this is a phone that will be seen and admired. Because it has modular components, installing it is as easy as hanging a picture.

In a busy, bustling world, the Country Junction telephone is a pleasant reminder of those times when all phone conversations began with the voice that smiled.
