New officers nominated for Lions Club

They're back! The tractors that made the historic and unprecedented trip to Washington were returned to Hansford County this week aboard several flatbed tractor-trailers. The return of the tractors marked the indomitable spirit of the farmers of the Nation and our County!

The Spearman Lion Club had a regular "business type session" at noon Tuesday with nominations for new officers coming before the Club. Nominations included Ray Ingle as new Boss Lionor President, Robert Queener, new First Vice President, Douglas Stieger as 2nd Vice President, Burl Buchanan, 3rd Vice President, Frosty Hickerson Secretary, Eugene Yarbrough, Treasurer, John Davey, Lion Tamer, Curly Hall, Tail Twister. All of these members will be voted on before they become officers of the club.

Two new directors were also nominated: Douglas Connelly, and Claude Newell.

Special thanks was given to Doug Connelly, for securing 10 new members for the club during the membership drive

this year. This is almost a 33% increase for the club, from 28 to 38 members.

In other business, it was learned that the Lion Club; Queen, and Miss Hansford will definitely enter the March 17th Shamrock Day parade in Shamrock, Texas. The two beauties will be accompanied by new Lions Club members Frosty Hickerson and Curly Hall, the outstanding Lion of the last year for the club!

A ladies night will be held Tuesday April 10, at the Methodist Church annex in Spearman. Lion Tracy brought a short program on the "Energy Problem" in the U.S. Lion Tracy explained that 40% of our crude is imported, and that probably fuel will get even higher in the future!

Rotary Meets

Lloyd McWhirter, clinical psychologist, talked to the Spearman Rotary Club on Monday noon, about drugs and drug-related problems.

Alcoholism, according to McWhirter, is still the No. 1 drug-related problem in the U.S.A. Anything is a drug-related problem which (1) produces physical tolerance, and (2) produces withdrawal symptoms. A better name for alcoholism would be sedativism.

Fifteen to twenty per cent of our population are addicted to alcohol. Fifteen years ago, the median age of people in A.A. was 53. Today the median age in A.A. is 35. People are starting to drink earlier, many of them learning to do so at home. The younger someone starts to drink, the better a chance one has to become an alcoholic.

Alcoholism is hereditary. If one has alcoholics in one's line, a person has a better chance of becoming one. It may skip several generations and reappear. Fifth generation males are most susceptible to becoming alcoholics.

No one who starts to drink expects to become an alcoholic. It is a very smooth transition from social drinking to alcoholism.

Marijuana smoking is not as dangerous as drinking alcohol.

Its effects are minimal to all the other drugs. It is in a class by itself.

All drug use drags one down and makes one a down and out loser. All drugs are addictive and impair one's ability to function normally. All drugs are hard on the Pancreas, liver and heart. Valium is one of the most dangerous of drugs.

The smarter or richer people are the harder they are to treat. Once an addict you are always an addict.

Members present Monday noon were Jim Benson, Carrie Marie Berry, Eschol Blankenship, Kim Brock, Roy Bulls, Archie Burress, John R. Colard, Jr., Robert Elliott, Ed Freeman, Ed Garner, Kerry Henton, John Hutchison, Ed Limbocker, Junior Lusby, Jim McLain, Jack McWhirter, Larry Murphy, Frank Oglesby, Coy Palmer, Lenis Simpson, Gary Sims, Michael Schnell, Gary Sims, Vance Snider, Jerry Taylor, Don Wirsdorfer, and Tim Woodington.

Rotarians absent were J.L. Brock, Pete Fisher, and Jim Shirley.

Visitors at Rotary were Edward Crall of Perryton and Lloyd McWhirter of Spearman. Orville Latham will speak next Monday on Changes in the Tax Laws.

Semi Stolen: Pair Arrested!

A semi trailer, stolen in Spearman has been recovered in El Paso, Texas and two subjects are in custody.

The semi, a 3000 series Flatbed Utility was stolen from the Frank Miller residence in Spearman. The two subjects had also reportedly stolen the truck in Dumas before coming to Spearman.

Sheriff R.L. McFarlin of Hansford County, whose office conducted an intensive state wide investigation reports that the two suspects involved were arrested in El Paso. Warrant

had been issued earlier for the apprehension of the pair.

Sheriff McFarlin released the name of one of the subjects, and he was identified as James Donald Wyrick, 24, of Perryton. The name of his accomplice is being held pending further investigation.

Bond was set at \$5000.00 each and according to Sheriff McFarlin the bond could not be met. A Sheriff's Deputy was en route to El Paso late Tuesday to return the pair to Hansford County.

TRACK MEET AT GRUVER this week.

ABFP

Dr. David McClellan, San Marcos, Texas who will begin practicing medicine here sometime this summer, has been named a diplomate of the American Board of Family Practice (ABFP) as a result of passing a certification examination offered by the ABFP. He is now certified in the medical specialty of family practice.

The intensive 2-day written examination is designed to prove the candidate's ability in the areas of internal medicine, surgery, obstetrics, gynecology, pediatrics, psychiatry and community medicine.

To qualify for the examination a physician must have completed either a 3-year family practice residency or have been in family practice a minimum of six years and successfully completed 300 hours of continuing medical education approved by the American Academy of Family Physicians.

ABFP diplomates also must continue to show proof of competence in the field of comprehensive, continuing care of the family by being recertified every six years. No other medical specialty requires diplomates to prove competence on a continuing basis.

The latest group of diplomates brings the total number to more than 19,000. Most are members of the Academy of the Academy of Family Physicians, the national association of family doctors. The Academy was the first national M.D. group to require members to take continuing medical study, and was chiefly responsible for securing specialty status for family practice. This year is the tenth anniversary of the specialty.

3 Lynxettes Named To All District Team

Tracie Keetch

Jo Nell Comegys

Christie Collier

Three Spearman Lynxettes were named to the District 1-AA Girls All District Team. They are Tracie Keetch, Christy Collier and Jo Nell Comegys. These girls are all seniors.

Others named to the All District Team were Sherry Wilson, Toni Ramirez and Kay Howell of Dalhart, Tammy Leonard of River Road, Julie Hargrove and Lisa Raper of Perryton, Alicia Hobdy of Canadian.

The honorable mention team consists of Debbie Greene and Connie Vernon of Spearman; Ruth Ogden and D'Ann Uselton of Perryton; Linda Boatman and Jeanine Kuper of Dalhart; Christy Davis, Kelly Lewis and Kim Miller of River Road; Sandra Schafer and Dee Steinfeld and Teresa Morehead of Canadian.

Connie Vernon

Debbie Greene

Tame Willie Hamilton, on the left; Cunningham Clark, and James Cunninghambird, were the referees for the big basketball game in Spearman Monday. Approximately \$500.00 was raised for the FCA!

Grand Jury Selected

A new Hansford County Grand Jury was being selected this week and will probably meet later in March to consider a number of possible indictments.

The names of the new Grand Jury members will be released as soon as District Judge Richard Countiss makes them known.

Notice of the 51st Annual Stockholders Meeting of Consumers Sales Company

51st ANNUAL STOCKHOLDERS MEETING of the Consumers Sales Company will be held at the County Ag. Barn in Spearman on March 8, 1979 at 7:30 p.m. The meal will be catered by Sutphens of Borger. Meeting will be held after the meal.

Radio station KIXZ blasts teachers in thriller 50-48

by Jeff Gresset

Radio Station KIXZ used several trick plays to upset the Spearman all-star teachers in a basketball benefit game, played at Lynx gym Monday night, before a full house. The benefit game was for the Fellowship of Christian Athletes, and approximately \$500.00 was raised from the game, which will send 5 more athletes to the summer

encampment this summer. The Lynx all star teachers (known: as the Honyocks) were headed-up by Hazy Davis, Mad Holton, who did not score any points for the local team. Too Tall Crocker hit total of 12 points for Spearman, Pistol Pete Smith hit 8 points, Toos Short Hester missed two free throws; Rocky missed several lay-ups,

with Dollar Bill Hamilton scoring 4 points. Cowboy Collingsworth did not score, but the old Sharp Shooter hit 4 points, and Freckels Friemel hit 2. Lucky Smith and Ready Newton managed a foul between them! It was rumored that the Honyocks are wanting a rematch, with different referees to try and even the score!

Refile For Council

Each of the three holdovers incumbents has refilled for the office, while no challenger apparently is planning on filing leaving the way for their reelection basically assured. The City Council will have the same make up for the next year, as Incumbents Gene Cudd, Jim Nicholson, and Frances Loftin filed before Wednesday's 5 p.m. deadline. City elections are set for Saturday April 7th.

Report Tax Loss Next Year For Current Weather Damage

TEXAS FARMERS AND RANCHERS who have suffered property damage from winter storms should take steps now to ensure they obtain the proper casualty-loss deductions on next year's income tax forms, urges Agriculture Commissioner Reagan V. Brown.

"If your operation has suffered a loss in value because of damage from winter storms, it would be wise to document the damage when it occurs," he said. "This will help you take the income tax deductions that are coming to you."

Brown added that farmers and ranchers who have suffered winter storm damage should obtain Internal Revenue Service Publication No. 225, "The Farmer's Tax Guide."

THE SERIOUS PROBLEMS which threaten crop production in West Texas and other parts of the state can be overcome only through creative leadership and bold initiative, notes Agriculture Commissioner Reagan V. Brown.

"Declining water tables and skyrocketing pumping costs pose a desperate dilemma for thousands of farmers, and it is painfully clear a solution must be found," Brown said. "Without irrigation, especially on the High Plains, food and fiber production would be drastically curtailed, and I think the consequences of that

are obvious. The producer is well aware of the problem, but it is something the public must also understand."

Brown noted that irrigation is vital to Texas agriculture. It is estimated that 75 percent of the state's wheat is produced under irrigation, and about 60 percent of the cotton acreage is irrigated.

....

IT'S TIME TO GET SERIOUS ABOUT GASOLINE. Agriculture Commissioner Reagan V. Brown said recently, noting that recent increases in OPEC oil prices have narrowed the cost gap between the agriculturally-derived product and gasoline.

"The cost of ethyl alcohol is approaching within only a few cents of gasoline prices at the service station," he commented. "And some engineering firms have reported that new technologies could reduce the estimated \$1-a-gallon price of gasoline by an additional 25 percent."

"One of the most important benefits of gasoline production is that it would provide an additional market outlet for many of our surplus agricultural products," Brown said. "It would not reduce food production or export capabilities because much of the alcohol production comes from the use of byproducts and crops not suitable for food."

TACO PLAZA

Yes Virginia There is a Santa Claus! And Virginia... Taco Plaza IS Coming to Spearman!

The building boom continues as more and more out of town investments are made by business interests who feel that the Spearhead city has some definite potential in terms of future growth.

Richard Thomason, of Dumas, confirmed to the Reporter today that a Taco Plaza will be built where the former Fina Station at "Crazy Corners" used to be. Thomason said that he purchased the property from The John Campbell Oil company in Perryton. Thomason said that he hopes to begin construction on the new Fast Food Service outlet should begin early this coming summer.

Slugline: SMOKERS MAY KICK HABIT THROUGH FIVE-DAY PLAN

Smokers who want to kick the habit will have their chance next week. A special Five-Day Plan will be conducted here by dentist-pastor team.

The Plan consists of regular group therapy sessions, films, and a daily personal control program. The Five-Day Plan has successfully helped many people quit smoking during the past 12 years.

Conducting the program in Spearman will be Dr. Bill Baker, associated with the Novak dental clinic and Pastor Franklin E. Horne. Group therapy sessions will be held at 7 each evening beginning March 11 at the Hansford Hospital cafeteria, 707 S. Roland in Spearman.

Sponsored by the Spearman Seventh-day Adventist church in cooperation with the Hansford Hospital as a community service, the Five-Day Plan aims to help improve the health of the community and to contribute to the national physical-fitness program, Horne explains. Held successfully in cities all across the United States and Canada and in most countries of the world, the Five-Day Plan to Stop smoking features such topics as the psychological and physical aspects of the habit, how craving can be lessened, how will power can be strengthened, and much more.

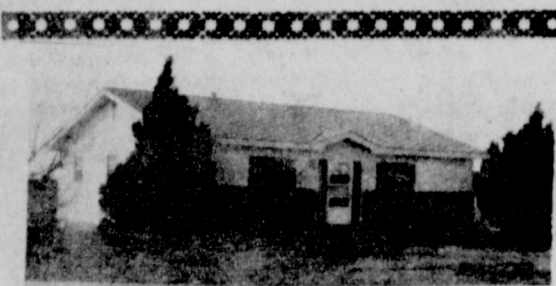

A feature will be the film "Countdown," depicting in full-color a lung cancer operation, to be shown Sunday, the first evening of the therapy session.

One of the County's newest Insurance Agents, Burl Buchanan of the Hansford Agency has been appropriately honored by one of the National Insurance Companies his Agency represents. Buchanan was honored as an "outstanding Producer" for the Great National Life Insurance Co. Art Lara, Great National Life Agency Manager made the presentation.

Now 27

Twenty-seven states have now passed resolutions calling for a constitutional convention to amend the Constitution to require a balanced federal budget, except in time of national emergency.

Only seven more state legislatures need act to give proponents the magic two-thirds (34) of the states. That will require Congress to call a convention. Amendments passed by that convention would become part of the Constitution when ratified by three-fourths of the states (38).

Now, however, comes mushrooming opposition from Senators and Congressmen. Senator Ed Muskie (D-Me) has blasted the idea, saying spending must be flexible. Senator Birch Bayh (D-Ind) attacks on a different front. He charges a number of the state resolutions are invalid. Senator Robert Byrd (D-W.V.) opposes a convention.

Many argue that a constitutional convention might run wild, and propose all kinds of amendments. Congressman Peter Rodino (D-N.J.) is finally beginning hearings in the House on the idea. This will consume time-and if it produces anything will likely produce a slightly different proposal originating in Congress.

Proponents of the convention are fighting a good but uphill battle. They might be blocked by astute, seasoned parliamentarians in Congress. But it seems those objections thus far raised against a convention reflect a lack of faith in the democratic process.

Secondly, the objection that inflexible limits on spending might cause difficulties in some years is true. But what would one call today's inflation and collapsing dollar? Are they not worse difficulties, resulting from unlimited federal spending?

Reduced Tillage Could Aid Farmers

Today's farmers are in a tough spot. Prices for many of their products are down, while costs for fuel, labor, and equipment are up. Equally upsetting is the fact that this price-cost squeeze is not likely to improve soon.

"Profits can be increased by cutting overhead. Reduced tillage trials show that one way a farmer can do this is to change the way he plows his land," said Charles Brillhart, Chairman of the board of directors of the Hansford Soil & Water Conservation District.

Conservationists with the USDA Soil Conservation Service call reduced tillage the system of the future.

"The fact is, many farmers plow too much. A lot of this has to do with tradition. But, reduced tillage methods can be the out they're looking for," said Warren Proctor, district Conservationist with the Soil Conservation Service in Spearman. In some cases, seedbed preparation trips can be cut down, Proctor continued. Many farmers are planting crops directly into the stubble of previous crops, without other preparation. Sometimes, this is the only way to successfully grow two crops in one year.

Reduced tillage can be a real money-saver when it comes to fuel and labor costs. Con-

ventional land preparation and planting may take five to seven gallons of fuel per acre. But, when tillage trips are reduced, fuel use is cut substantially. Also, fewer tractor trips mean less labor. The time and money saved by shifting to reduced tillage systems can be used for other improvements.

"Leaving the stalks of sorghum, corn, and other crops on the soil is an effective conservation measure. Reduce tillage and you reduce erosion. It's that simple," Proctor stressed. "And, residue on the soil help wildlife, too, by providing food and cover."

So, if you're looking for a way to beat the price-cost squeeze, here's a tip from the SCS. During the year, list all tractor trips across your land prior to harvest of your major crop. Estimate the cost of every operation. Decide whether each trip was made to increase production or if it was made because of tradition. By eliminating all the habits trips, you will develop a more efficient operation. And, you will find that it's better to switch than fight higher operating costs.

WTSU Chorale To Present Concert

WTSU--The West Texas State University Chorale, selected to represent Texas at the American Chorale Directors' Association National Convention in Kansas City, Mo. March 8-10 will give a pre-tour concert at 8 p.m. March 4 in Northern Hall.

The 53-member Chorale will be given international television coverage at the convention by the Second German Television Network, Zweites Deutsches Fernsehen.

This film will be shown in Germany, and many be shown on local stations, according to Dr. Hugh Sanders, dean of fine arts and director of choral activities.

One of seven collegiate choirs picked nationwide to perform at the convention, the Chorale will sing 13 pieces, including the premier performance of WTSU professor of music Dr. Joseph Nelson's "They Dance... They Sing."

They will also perform music by Goemanne, Sweetlink, Ives, Oldroyd, Distler, Brahms, Milhaud, Conti and an arrangement by Roy Ringwald.

Barry Talley, Amarillo junior, will be the soloist in "Take You Back" by Conti.

The Chorale will perform at 11 a.m. March 9 in the Imperial Ballroom of the Muehlebach Hotel.

The University Chorale was selected to perform after a tape was sent to a state audition committee, who then sent it on to another committee.

The tour for the Chorale will begin with the WTSU concert on March 4, and at noon, March

6, they will perform for Amarillo, Tascosa, Palo Duro and Caprock High Schools in Amarillo High School.

At 7:30 p.m. March 7 the Chorale will perform in the First Presbyterian Church in Lawton, Ok., and at 12:30 p.m. March 8 they will sing for the Blackwell High School in Blackwell, Ok.

Members of the Chorale include Cindy Anderson, Lovington, NM sophomore; Danny Barnard, Wichita Falls junior; Grady Basler, Perryton freshman; Brent Biles, Spearman sophomore; David Bulla, Amarillo senior; Robert Byrd, Canyon sophomore; Lisa Campbell, Phillips sophomore; Noreen Carson, Nazareth senior; Melinda Carter, Odessa sophomore; Ching Chang, Taiwan graduate student; Cindy Cole, Amarillo freshman; and Regi Fowler, Odessa freshman.

Other members are Bethann Hamann, Washington, D.C. freshman; Betsey Hampton, El Paso freshman; Elbert Hensley, Pampa freshman; Melinda Hext, Odessa freshman; Mike Holster, Borger senior; Kerry Huffer, Muskogee, Ok. freshman; Myron Ice, Ft. Artist Of The Month

Gerri Weakley is displaying her Japanese Embroidery Punch Pictures at the Hansford County Library during March.

Japanese Embroidery Punch Pictures, or Bunkyo, originated as a Japanese art form around 1857 when Commodore Perry's influence was felt. The pictures are created by using designs either drawn or stamped on linen or silk. The cloth is stretched on a frame and then color is added by punching different colors of thread into the design by using a special punch needle.

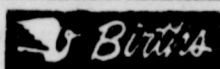

The thread used in recent years is 4-strand woven rayon. When one strand is pulled from the thread, it unravels into a curled strand, which is used to

create the picture. The thread is available in over 400 colors and can be purchased only from Japanese yarn and craft shops. These shops also handle the punch needles and various frames.

Fluffy punch pictures of animals can be created by using the thread and punching the wrong side of the picture. Glue is then applied to the thread, and after it dries the threads on the right side of the picture are brushed out and trimmed to create the fluffy effect.

Gerri has created numerous landscapes, human and animal portraits in this art form. She learned to make punch pictures while living in Japan and continues to enjoy this unique craft.

The lilac, a native of the Orient, was not introduced into Europe until the 16th century.

Alison Hightower To Represent Texas In Cherry Blossom Festival

(Washington, D.C.) Alison Hightower, 19-year-old daughter of Congressman and Mrs. Jack Hightower, of Vernon, Texas, has been selected by the Texas State Society to represent the State of Texas in this year's Cherry Blossom Festival which will be held in Washington, D.C. the week of April 2.

The announcement of Miss Hightower's selection came from Texas State Society president, Congressman Sam B. Hall.

Miss Hightower, currently a freshman at Baylor University, at Waco, graduated from Vernon High School in May, 1978. While at Vernon High School she served as cheerleader for three years, and was named head cheerleader her senior year. Her freshman year she was elected Freshman Class Treasurer and Freshman Class Favorite.

The former Vernon Lions Club Sweetheart and Vernon

High School "All School Favorite", was also a member of the Thespian Society and a cast member of the Senior Play.

Excelling in sports, Miss Hightower played on the varsity tennis team for four years and competed in district and regional tournaments. She was on the volleyball team three years and was team captain her senior year.

Texas' new Cherry Blossom Princess is a member of Kappa Kappa Sorority's spring pledge class at Baylor.

Some of the scheduled festivities for the fifty-one Princesses, representing each State Society including the District of Columbia, will be:

MONDAY, APRIL 2nd:

7:30 PM Opening Ceremony—Lighting of the Japanese Lantern at the Tidal Basin.

TUESDAY, APRIL 3rd

6 PM Congressional Reception, honoring Princesses, their

parents and Congressional members.

WEDNESDAY, APRIL 4th:
12 NOON Fashion Show Luncheon at the Shoreham-Americana

THURSDAY, APRIL 5th:
6 to 8 PM Texas State Society Reception

FRIDAY, APRIL 6th:
Sorority Dinner planned by the Pi Alpha Kappa Sorority, a past princess' organization sponsored by the National Conference of State Societies

SATURDAY, APRIL 7th:
9 PM National Cherry Blossom Festival Ball at the Shoreham-Americana Hotel

The Cherry Blossom Queen will be chosen at the Cherry Blossom Festival Ball on Saturday evening by rotating a "Wheel of Chance" on which each State and the District of Columbia will be listed.

Senator Price Releases Cost Figures

AUSTIN. . . Senator Bob Price, R-Pampa, released figures today showing the cost of running his Austin and two district offices for the first year of this term.

"In order to maintain open and available offices, I think it is in the best interest of my constituents to know how we spend their money," said Senator Price.

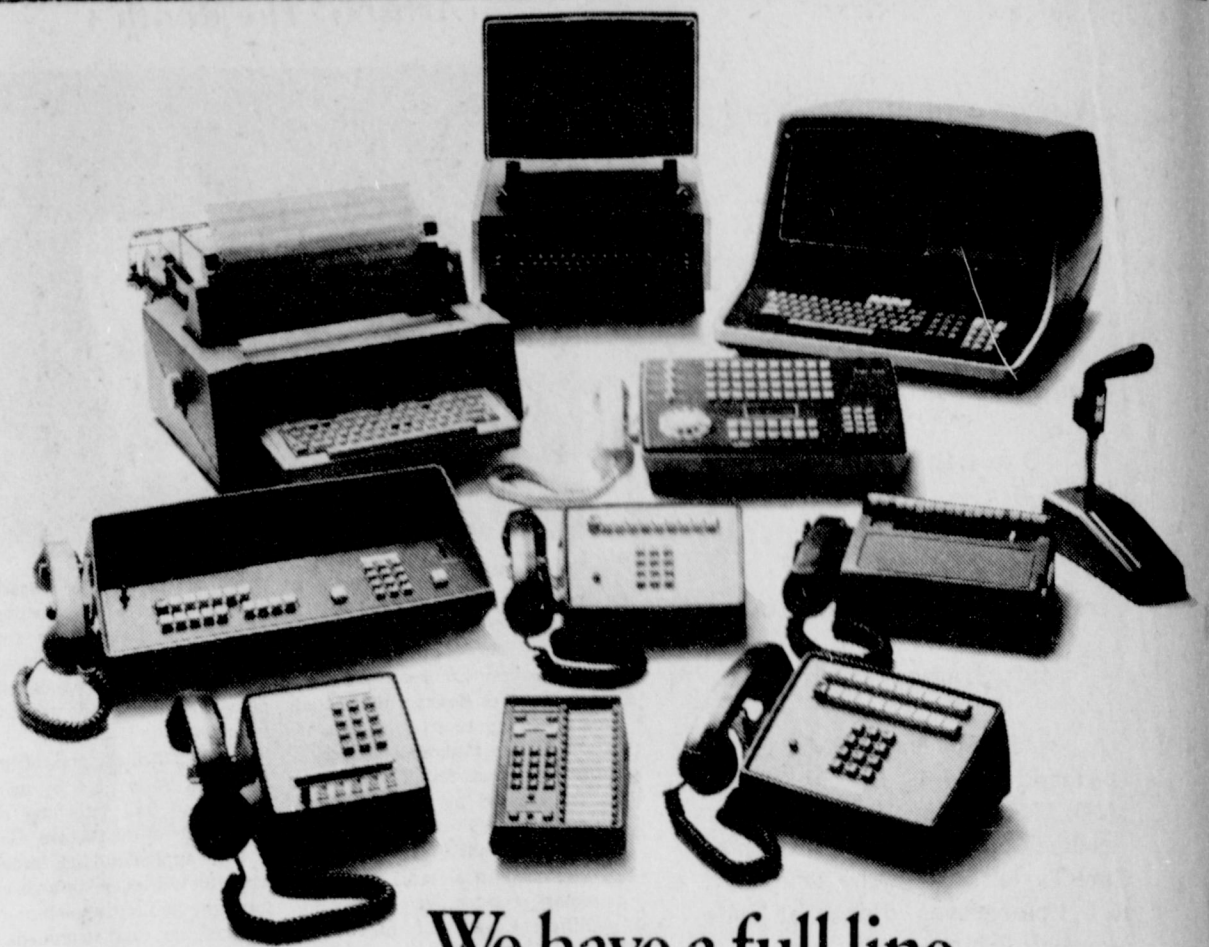

Figures from the Office of the Secretary of the Senate show that for January, 1978 through December, 1978, payroll totals were \$42,310.92; supplies and materials \$2,303.45; communications \$4,424.06; operating expenses \$10,367.09; travel \$2,523.10; services and fees \$200; and postage \$1,909.17. Total cost, \$64,037.79.

"These figures are a matter of public record. However, I feel they should be made readily available to the taxpayer without having to request them from the Secretary of the Senate. This is your money and you have the right to know," said the Pampa Senator.

According to Senator Price, the total figures reflect the actual cost of running the Austin office and district offices for the calendar year including the thirty-day special session called during the summer of 1978.

"Furthermore, to insure the integrity of my office, I will personally deposit with the Secretary of the State approximately \$300 to cover any personal telephone calls inadvertently made or accepted by myself or any members of my staff," said Senator Price.

"As always, my office will be responsive and as efficient as possible in serving the 31st Senatorial District," concluded Senator Price.

History Book Has Its Own Logo

The Hansford County Family History Book has its own logo now, and the executive committee is proud to release its publication this week.

The logo, designed by Georgia Holt, was selected from a number of her drawings and sketches by the art committee, headed by Helen Boyd. The committee appreciates Georgia's willingness for the organization to use her work.

This unique logo will appear on the cover of the leatherette bound family history book and on all correspondence from the Hansford County History Book Committee.

Letters to prospective history contributors will be mailed this week so look for this logo on the front of your envelope.

A history story workshop will be held each Friday at the library at 2 p.m. for people with probes about their story and for

people who simply do not feel creative enough to put a story together. There will be people there to answer your questions. The next meeting is March 9 at 2 p.m. at Hansford Library.

Dismissed were Oliver Spears, A.F. Cook, Carla Gay Dennis, June Sexton, Barbara Hughes, Anna McGary, Howard Hartsell, Deana May Douglas, Jesse Kell, and Dorothy Welch.

Disaster Loans Deadline Extended

(Washington, D.C.)—Congressman Jack Hightower announced that the Small Business Administration has extended the sign-up period for 1978 Disaster Loans from the March 6, 1979 deadline to April 5, 1979 for fiscal losses and July 6, 1979 for economic injury. Counties declared disaster areas for 1979 under the Small Business Administration's Disaster Loan Program are eligible.

Congressman Hightower had requested the extension because of the extremely bad

weather this winter has prevented many producers from getting crops harvested.

"While I appreciate the extension being granted, the announcement could have been made a week or so earlier because it was clear producers would not know what their losses were by the March 6 deadline. Farmers now will have extra time to evaluate their 1978 crop to see if they are eligible for the loans," commented Hightower.

CCC Credit Interest Rates Increased

WASHINGTON, Feb. 26—Effective Feb. 27 interest rates for financing sales of U.S. agricultural commodities under the Commodity Credit Corporation (CCC) export credit sales program will be increased by one percent.

Kelly M. Harrison, general sales manager for the U.S.

Department of Agriculture, said the new rates for six to 36-month credit terms will be 11-1/2 percent, respectively.

All sale registrations received by CCC on or after Feb. 27 will be charged the new interest rates.

This action amends the interest rates announced Nov. 16.

Local Man's Sister Dies

Word was received here Monday night of the death of Mrs. Evelyn (Sally) Rucido of Fort Worth, sister of Richard Kingsley of Spearman.

Mrs. Rucido died about 8 p.m. Monday night at her home. She had been in poor

health for quite sometime.

The funeral will be Thursday in Fort Worth, but details are not available at press time.

Richard Kingsley, his sons, Danny of Lubbock, and Larry of Vernon will attend the funeral.

Our Heritage of Faith...

Notes from Faith Lutheran Church

Jesus told his followers in John 15:5, "Without me you can do nothing." And the chapter before he says that his followers will do greater works than he did because he is going to the Father (14:12).

The Bible points out in many places that we are not saved by what we do, but our good works are to be a part of our life because we are saved. "For by grace you have been saved through faith; and this is the gift of God—not because of works, lest any man should boast." (Eph. 2:8-9).

We can see in the world and in the lives of others that a person does not have to be a Christian to do good works. Jesus told the disciples on the Sermon on the Mount "If you then, who are evil, know how to

give good gifts to your children, how much more will your Father who is in heaven give good things to those who ask him?" Not only Christians, but all people do good things to family and friends.

Scripture seems to point out that the good works that we do is the light of God's Holy Spirit shining through our faith in Jesus, and He is the one who gives us light and life.

The Apostle James tells us that "Faith without works is dead." I think the opposite is also true. "Works without faith is also dead." Works are a fruit that grows from our life of Faith.

During our Lenten services this Spring we are going to be looking at the life of our Father in the Faith, Abraham. All are welcome to look at the life of Abraham with us. Sunday worship services are at 9:00 and Sunday School is at 10:00.

The Church Council will meet at 8:30 this Thursday after the Lenten service. If you have no Church home or are new to the area you are invited to come worship with us at Faith Lutheran Church at 11th and Ber-

Wheat Producers Propose Changes In Wheat Grazing Program

The intent to initiate a special haying and grazing program for 1979 wheat, as provided in the 1977 Farm Bill, was announced by the U.S. Department of Agriculture in the February 26, Federal Register. According to the announcement, plans are to allow producers of wheat, feed grains and cotton to "hay or graze-out" up to 40% of their normal crop acres as wheat pastures, deduct the graze-out acres from the total normal crop acres before figuring the crop set-aside, and maintain their eligibility for payments equal to those that might be paid on "harvested acres."

Otis Human, Tulsa, President of the Texas Wheat Producers Association said, "The Association has been working with USDA even prior to the 1979 wheat set-aside program announcement last Fall to get these provisions included and are now still trying to get some modifications made during the

ten-day public comment period provided, ending March 8." Harman went on to say that, "We regret the USDA is waiting to this late date to announce the program as many cattle have already been contracted for March delivery, precluding their grazing out wheat and having a May delivery date."

Bill Nelson TWPA Executive Vice President, pointed out that the announcement at this point for the 1979 wheat graze-out program only calls for the producer to receive "any deficiency payment which might be made as if harvested as grain" (which might be none, depending on grain market prices), where as last year's program was "fifty-cents per bushel or the level of deficiency payments, whichever is higher" and one-half of the fifty-cent minimum was paid in advance at sign-up time. This advance interest-free operating capital gave added incentive to partici-

participate in the program. Nelson indicated that the organization has requested that these provisions be reinstated in the 1979 program prior to the expected March 9 final announcement. He said the Association is also requesting that "year around grazing" be permitted on set-aside acres" and that this be announced at the same time for 1979 and future crops.

A Swisher county wheat and feed grain farmer and cattleman, Herman said, "It is obvious that the current three-year farmer-held reserve of 411 million bushels, the one-year loan program of another 200 plus million bushels, and the farmer-trade held open stocks of approximately 500 million bushels, or a total of 1.1 billion bushels of wheat on hand is too much wheat as we approach another 2 billion plus bushel harvest." Accordingly, he urged, "all farmers who can, should take advantage of the

Feb. 15 through April 30 sign-up period to participate in the production adjustment set-aside and special grazing programs to reduce price-depressing supplies to strengthen the sagging markets, while making them eligible for price deficiency payments and disaster protection."

Nelson cautioned producers and cattlemen, "The Federal Register announcement is only an 'intent to implement' and may be changed in the later final announcement. Accordingly, no decision affecting wheat acres or cattle purchases or sales should be made until the final announcement is made and details reviewed with local ASCS officers as to their application, as some decisions are open to interpretation by local county committeemen and may be different in the various areas."

Individual farmers—and others wishing to comment during the public hearing period should address their views to: Acting Director, Production Adjustment Division, ASCS-USDA, Box 2415, Washington, D.C. 20013.

Richard I, the Lion-hearted, was crowned king of England in 1189.

Girl Scout Week, March 11-17, 1979

A Child, A Promise, And The Future

One day you looked up and there stood your baby girl, straight and serious, in a uniform. And suddenly you realized that she wasn't your baby girl anymore, and you couldn't remember when you had last carried her up to bed.

"I'm a Girl Scout!" she said. "See my pin? and look, this shows I belong to Troop 16. And I made a promise to love God and my country and to help other people. And we're going to take hikes, and today Miss Elby showed us how to make things with clay, and..."

When she finally ran out of breath you smiled, perhaps too indulgently, made an appropriate remark, and went back to what you were doing. But that evening a certain young lady helped carry the dishes out to the kitchen. And Saturday morning she made her bed without being told.

Girl Scouting had begun to work its own particular wonders in your home, as it has in so many others. As you watched its quiet influence through the years, your respect for the Girl Scouts grew. And more than

once you silently thanked the people who make such an organization live.

Today there are over three-and-a-half million girls in Scouting. That's a good thing to know. And it's a good thing to think about when you wonder about the future. Three-and-a-half million girls promising to love God and their country and to help other people and a quarter of a million adult volunteers who care. They can make a big difference in where we're going.

Georgia Gaither.

The next meeting will be Friday, March 9 at the Girl Scout Hut with Mary Ann Evans serving refreshments.

The neighborhood Meeting of the Girl Scouts met Friday, March 2 in regular session.

The Girl Scout Family Supper was discussed. It was decided that each family is to bring any two dishes of either salad, vegetables, or dessert. The leaders are to bring meat. The leaders will be contacting the girls concerning the supper.

The Girl Scouts will have a window display in Cummings Refrigeration March 12-17.

It was announced that Day Camp Training will be April 15 and 18.

Vicky Bullard and Hester Crawford will be responsible for decoration and cleaning up of the Hut for the month March.

The Girl Scouts will join the Boy Scouts for the "Scout A Rama" April 6. More details will be announced later.

Those present were Vicky Bullard, Lynda Hendricks, Georgia Gaither, Carolyn Ring, Sandra Eaton, Joy Hansen, Neighbor Chairman Margarette Evans and Yucca Council Representative Jo Biddle, from Guymon.

The next meeting will be Friday April 6 at the Hut.

Brownie Troop #129 met Thursday, March 1. The girls made yarn pictures on construction paper. Those attending were Trica Shedeck, Pam Ring, Pam Dean, Joy Kizziar, Cindy Elliot and leader Carolyn Ring.

Pam Ring furnished refreshments. The next meeting will be Thursday, March 8 at the Girl Scout Hut.

Bride-Elect Is Honored

Jeannie Thompson, bride-elect of Max Gun, was feted with a bridal shower at the Church of Christ Fellowship Hall Saturday, March 3 from 2 to 3 p.m.

The table was decorated with a shefflera plant and a cake made by Marsha Pipkin, which carried out the bride's colors of yellow rosebuds and green leaves. The cake was served with lime punch, nuts, mints and coffee.

The registry table was covered with a green tablecloth, and held the bride's book and a green and yellow artificial floral arrangement. Donna Gilley, cousin of the bride, registered guests and gifts.

The honoree was presented a yellow pom pom corsage and a set of Farberware cooking ware by the hostesses.

A special guest was the honoree's mother, Mrs. Celestine Thompson of Perryton.

Golden Spread Club Meets

Golden Spread Center board met at the Center on Monday, March 5 at 5:00 p.m. The meeting was called to order by president Orvil Brummett and led in prayer by the Rev. Edward D. Freeman.

The minutes of three meetings in February were read and approved.

The treasurer's report was accepted and all bills were ordered paid.

It was reported that the swere was in and paid for.

It was voted to allow the building to be open anytime the senior citizens want it open for Sheriff Buford T. Justice (JACKIE GLEASON, center) makes an arrest at a roadside recreation area, mistakenly thinking he's got his quarry. What he really has is an embarrassed fellow officer.

Finance chairperson, Frances Lofton reported plans for the Radiothon on April 26 to raise funds to meet this year's note at the bank and to help pay for a full-time director. A bazaar will be held on Hansford Days to pay for the daily running of the center.

It was reported that both fire extinguishers are now at the Center.

It was voted to get a memorial gift book to record all gifts to the Center of \$100 or more.

Four applicants to be director of the Golden Spread Center were discussed. It is hoped that we can soon make an announcement that a director has been hired.

Those present at the meeting were Bob Boxwell, Orvil Brummett, Rosa Lee Butt, Mildred Chamberlain, Ed Freeman, Frances Lofton, Marcia Murphy, Thelma Scott, and Len Simpson.

This past week we have handled a total of 20 loads of fat cattle on the Chicago mercantile exchange, plus 830 cattle at our regular Friday auction, making the total for the week, 1510 cattle and calves handled through our yards.

We are working with a real good market at the present time, so if you have cattle you need to move give us a call here at the Panhandle Livestock Comm. Co, that number is: (405) 338-3378 or my home number is: (405) 349-2254. Please call our office anytime if you would like information on our expectations for next Friday's auction. Right now we have several consignments consigned and are expecting more by next Friday. If you have cattle to consign try to call our office by noon Wednesday if possible, so I can get this information on one of our radio broadcasts and do a better job of getting the highest price for your cattle. We will be looking for all of you next Friday at 11:00 a.m. Make the Guymon cattle auction your cattle Headquarters.

March History

The nation has witnessed stirring events in March. One of the first was at Boston, on the 5th, in 1770. There sixty Americans threw stones and snowballs at a detail of seven British soldiers. The officer in command, a Captain Preston, ordered his soldiers to fire; three were killed.

The killings in Boston so enraged feeling that a war of independence became a certainty—and soon erupted. (Two of the soldiers were found guilty and sentenced but the passions of a people had been unleashed.)

Sixty-six years and a day later, Americans fighting for independence from Mexico, in Texas, found themselves besieged at the Alamo. On that day, March 6th, 1836, a hundred and eighty Americans manned the old Franciscan mission, facing several thousand Mexicans under General Santa Anna. His men attacked twice, were beaten off with heavy losses, but came back a third time and overwhelmed the defenders.

At the end, five Americans were taken prisoner. So bitterly and effectively had they resisted, they were shot. That so enraged a different generation of Americans victory over Mexico and revenge were soon achieved—at the Battle of San Jacinto six weeks later. That won for Texas its freedom from Mexico.

In World War II, March, 1945, saw the beginning of the offensive across the Rhine which finished Nazi Germany. British, Canadian, French and American soldiers crossed the Rhine en masse on the 21st (Russia was attacking in the east) and Germany was beaten, Hitler dead, within six weeks.

And, finally, March, 1865, was the last month of the Confederacy, and the last month Richmond and Petersburg were successfully defended by the Army of Northern Virginia. Confederate lines were broken April 1st and on the 2nd, great fires lighted the skies over these two cities as Confederate stores and warehouses went up in smoke (as did the new nation); General Robert E. Lee had sadly informed inhabitants his army could no longer hold off superior forces of General U.S. Grant, who had been besieging the cities since the summer of 1864.

59 More

Guerrillas, whom we in effect support, have just shot down another Rhodesian airliner, killing 59 persons. Not a word of outrage, protest—or even a whimper that this is not really the proper way to wage rights campaigns, came from official Washington.

Yet the Rhodesian regime now in power has just won a referendum which means the beginning of black rule in Rhodesia in April. The guerrillas don't accept this evolutionary change—because the new regime's black leaders are moderates (churchmen), and because power is not being turned over to blacks fast enough to meet their demands. They thus continue to wage a campaign of terrorism and murder.

Surely the democracies should speak out against such methods, whether or not they wish to tentatively support the coalition regime in Salisbury.

Silhouette Trap Shoot

March 11

What is a Silhouette Shoot? It is a place for a person that likes to shoot a Hunting-Type Rifle or Varmint Rifle, to try to knock over a series of metal animals or silhouettes without any support. By support, it is meant that the shooter must stand and shoot off hand at the football sized chicken silhouette perched on a pedestal over 200 yards away. The best support a person could ask for, is another shooter standing behind to watch where the projectile lands. This may sound bad considering that the shooter has a scope of his own, but shooters periodically take time out to study the heavens. This event is related to the recoil of the rifle, and while the best shooters claim they don't need any help, they don't turn down the free service.

The pig is generally the size of a large stuffed turkey, and its placed on a pedestal about 325 yards away. There is a scawny wild turkey about 417 yards away that some claim can duck and dodge a projectile, but the most popular opinion is that someone grabbed up ten wild turkeys and chained them to the pedestals. They don't seem to move, but then no one ever has to set them back on their pedestals. Well, hardly ever, which brings up the wind. But that is another story. The arms set majestically on their stands a comfortable 541 yards away. These silhouettes are about the size of a pickup tire sized pie, with half the pie gone.

What does it take to knock over one of these critters? Since the ram is the largest and heaviest animal the weapon that knocks it over a generally what someone wants. One reliable witness stated that a 22-250 with a 55 bram bullet will knock over a ram most of the time. The rules of the game state that any 24 caliber or larger rifle except any magnum rifle is legal. A 243 is just right.

Where is this wild animal slaughter? Lake Fryer is the place and the Perryton Shooting Club is the sponsor.

When does this challenge begin? In order to accommodate Christians and people who have

a long distance to travel, this year a new idea has been started. The shooting will begin at 1 p.m. on the second Sunday of every month. March 11, next Sunday is the First Shoot this Year.

Why would anyone want to knock over a bunch of metal targets that you can't eat or take home to skin out? Skill is necessary in this competition, and practice makes perfect for

what that philosophy is worth. After several shoots, a person learns to gauge the wind and discover the thrill of shooting over 500 yds away. There is a personal self-satisfaction created that can make a man feel great. For those that feel that killing prairie dogs is bad, or for those who can't find a place to shoot, this range is designed for you. There are plans made to include family gatherings, and some of the best shooters in the state attend regularly. There is no one in Spearman good enough with a rifle to enter a silhouette shoot and leave without learning more than he arrived with.

The cost is the price of 40 rounds of ammo & 7 dollars to enter the shoot and pay for the trophy and up keep of the range.

If you handload, and this is almost a necessity unless you are classified among the wealthy few, the cost of the whole shoot is less than 2 cases of beer (so we are told). The ammunition is less than five dollars for so rounds if you save your brass. Add to this the entry fee and the gas it takes to drive the families to the shoot, and a whole days enjoyment isn't really expensive.

The family can swim and

picnic at lake fryer under the many shade trees that are available. Late last year electric hookups became available for most trailer hookups for a very small fee. Some of the shooters camp out the night before a shoot.

ON THE ECONOMY

The nation's economy during the final three months of 1978 expanded at a faster pace than previously believed. Inflation, meanwhile, rose at an 8.1 percent annual rate during the fourth quarter, the same as initially reported, compared to 6.9 percent during the July-September quarter.

FARM TRACTORS HELP

With nearly 19 inches of new snow on the ground, members of the American Agriculture Movement seized the opportunity to mend their battered public relations image. Farmers in tractors took a pregnant woman to a hospital. They delivered a patient who needed kidney dialysis to a hospital, then found the nurse who could run the dialysis machine.
