

RESCUE WORKERS TEAM TO FREE VICTIM
...Hand of Earl Scheffe protrudes from wreckage as he helplessly awaits freedom

'Jaws' assist in rescue

Injured driver pinned half hour in crushed cab

High tension drama surrounded a two-truck mishap Tuesday afternoon south of Iowa Park where it took two sets of the hydraulic tool "Jaws of Life" and a dozen rescue workers to free a local man trapped in the wreckage of his crushed pickup truck.

Earl Scheffe of No. 17 Wichita Valley Farms was listed yesterday afternoon in fair condition at Wichita General Hospital after being trapped in his demolished vehicle more than half an hour.

The mishap was reported about 1 p.m. Tuesday at the intersection of FM 368 and FM 367 near Texoma Fertilizer and Liquid Feed.

Scheffe's vehicle, a pickup truck pulling a load of cattle in a gooseneck trailer, was traveling east on FM 367.

A semitractor-trailer rig belonging to Texoma Fertilizer and Liquid Feed, driven by Bud Patterson of Iowa Park, was southbound on FM 368. The Texoma rig appeared to be turning west on FM 367 when the two vehicles collided in the south lane of FM 367, according to Department of Public Safety investigators.

Scheffe's pickup collided head-on

with the right front corner of the truck tractor with the pickup coming to rest upright in a deep bar ditch on the south side of FM 367.

Iowa Park Police Department, Iowa Park Volunteer Fire Department and the Department of Public Safety responded initially.

Patterson apparently was unhurt, but Scheffe was pinned in the wreckage. Only his back was visible as it protruded through the driver's door. His body appeared to be turned sideways in the crushed cab, his legs, arms and head trapped.

Scheffe apparently remained conscious as he talked with officials at the scene.

Iowa Park Police Department contacted Electra for use of their "Jaws of Life" rescue tool. Minutes later Electra emergency workers arrived with the tool along with a rescue squad from the Wichita Falls Fire Department, who also responded with their "Jaws of Life."

Using the two sets of hydraulic tools and a wrench mounted on the front bumper of the Wichita Falls truck, it was only a matter of minutes before Scheffe was freed from the wreckage.

He received immediate medical care from technicians with Gold Cross Ambulance Service. His legs were injured and he suffered facial lacerations.

Five of the cattle being towed in the gooseneck trailer were killed on impact. A sixth cow was seriously injured, dying, and had to be shot at the scene. It appeared three cows survived the crash.

Several officials praised the effectiveness of the "Jaws of Life," saying the only other way Scheffe could have been removed would have been with the use of a cutting torch. And that would have been almost impossible with the presence of spilled gasoline.

Among the questions being asked at the scene was why Iowa Park hadn't responded with the "Jaws of Life" tool purchased with donations

here this summer.

"Our Jaws has been bought and paid for since June, but it hasn't got here yet," said Iowa Park volunteer fireman Danny Skinner.

Richard Logan, fire department president, said Iowa Park's Jaws was ordered in June. None of the companies that make the tool had any in stock when it was ordered.

Four weeks ago it was ready for shipment, but a final check showed it had a faulty valve, Logan said. It had to stay at the factory until the malfunction could be corrected.

Logan said the manufacturer notified Iowa Park officials that the problem had been corrected and it was ready to be shipped, but it hadn't

arrived by Tuesday afternoon.

MONDAY MISHAP

Another traffic mishap at 6:30 p.m. Monday at the intersection of N. Wall and E. Cash sent two Iowa Park men to Wichita General Hospital.

Injured were James H. "Bud" Gilmore, 47, of 701 S. Park, and Luis Albert Fernandez, 17, of 310 W. Lafayette.

Fernandez' car was headed west on East Cash, and Gilmore's pickup truck was northbound on North Wall. The impact forced the Fernandez vehicle up on the steps of the Koonce-McCullough Building.

Both men were transferred to Wichita General Hospital by Gold Cross Ambulance.

Juvenile arrested for pickup theft

Iowa Park police nabbed an alleged car thief Saturday.

The suspect was made Saturday afternoon when police here responded to a call that someone had put gasoline in a pickup truck at the Jiffy Food Store on East Highway and left without paying.

The suspect apprehended was a 14-year-old Wichita Falls male whose identity is protected because of his age. He was arrested driving a 1978 pickup truck stolen from Longhorn Chevrolet in Wichita Falls.

The case has been turned over to the Wichita County Juvenile Court, according to police here.

In other police action, officers investigated a report yesterday turned in by Glenn Castelberry of 101 Westview, who reported the theft of a deflated water bed mattress and heater.

Monday police investigated the theft of a battery from an automobile reported by Rhonda Waddell, 618 W. Louisa. On the same day police discovered a carpenter shop belonging to Richard Schroeder at 116 W.

Cash had been broken into. A panel to a garage door had been knocked out, but nothing appeared to be taken, police said.

A case of criminal mischief was reported Sunday at the Johnson Road Jiffy Food Store where someone had broken out the glass to one of the gasoline pumps.

Also on Sunday, Desley Allen, 209 W. Smith, reported the theft of a pickup truck tool box and tools valued at \$250.

Southwestern Bell Telephone reported to police here Saturday that the glass door and sides to a pay telephone booth at FM 368 and U.S. 287 had been broken out.

Last Wednesday police received a report from First Savings and Loan of Burkburnett that a three-ton air conditioning unit, washer and dryer had been removed from a mobile home at 1001 S. Wall. The items taken were valued at \$1,050, police said.

City, school slate meetings

City aldermen and school trustees will hold regular meetings next week, with the city starting at 7 p.m. Monday and school at 7:30 p.m. Tuesday.

Aldermen will probably act on acceptance of the year's audit; study an ordinance changing the amount offered for a reward against vandalism; pass a resolution on city paying council member expenses to seminars; and possibly tour the water treatment plant.

No mention was made about any action on hiring a new city administrator. Gene Britton submitted his resignation last week, effective in November.

Trustees will have on their agenda a report by the swimming pool committee; discuss employing an architect; discuss the metal building at Valley View campus; amend the budget; hear progress reports from counselors; act on a proposal to rent the high school auditorium; and hear a request for a fund raising project to send the high school band on a trip to Mexico.

Building permits exceed total for previous year

With three months yet remaining in 1978, building permits have already gone well over the total for 1977, according to a report from the city hall this week.

September's permits amounted to \$123,818, which boosted the 1978 total to \$1,422,375. The sum of 1977 permits was \$1,303,526.

Permits were issued during the past month for two new homes and an addition to a commercial office, to help pad the month's permit total.

Permits issued during September included:
D.D. Burrell, 802 Vogel, alteration, \$1,520;
Nealy Shipman, 707 E. Jefferson, addition, \$5,000;
Building Trades Class, 701 W. Texas, new residence, \$35,398;
L.S. Whisnand, 1609 Douglas, alteration, \$3,500;
Charles Hensley, 806 E. Pasadena, mobile home, \$8,000;
Kenneth Simmons, 511 E. Alameda,

mobile home, \$1,500;
Ruth Whitton, 803 E. Pasadena, storage shed, \$300;
C.D. Haswell, 406 E. Ruby, alteration, \$400;
Rollins Woodall, 503 N. Wall, add-on, \$4,500;
Crawford Painting, 1203 S. Johnson, add-on, \$15,000;
Charles Kincaid, 414 W. Jefferson, mobile home, no amount listed;
Gary Millsap, 1002 Cornelia, storage shed, \$2,000;
Bob Forsythe, 1117 Louisa, storage shed, \$700;
R.J. Butts, 205 W. Aldine, storage shed, \$500;
S.M. Bradberry, 125 James, patio, \$500;
Betty Rost, 501 S. Hawthorne, mobile home, \$10,000;
E.H. Manes, 503 W. Rebecca, add-on, \$1,000;
Richard Wheeler, 1000 Louisa, alteration, \$4,000;
W.F. Harlin, 602 Manes, new residence, \$30,000.

IOWA PARK LEADER

THURSDAY, OCTOBER 5, 1978
IOWA PARK, WICHITA COUNTY, TEXAS 76367

VOL. X NO. 5 20 CENTS

Mean Green to host Mineral Wells Friday

Sporting their best record in four years, the Iowa Park Hawks open Dist. 4-AAA play here tomorrow night against the high powered Mineral Wells Rams.

Kickoff will be 8 p.m. in Hawk Stadium.

Not since 1974 have the Hawks held a 3-1 nonconference record, and in fact, they had won only one game since 1974 when this season got underway.

But of the four teams the Mean Green has faced thus far, only one, Dallas Bishop Lynch, has been as large a school as Iowa Park. The others, Bowie, Decatur and Jacksboro are all Class AA schools.

Mineral Wells has been playing schools its own size, and comes here Friday with a perfect 4-0 record. The Rams have pretty well been having their own way, such as humiliating Granbury 53-0 last week.

From all indications, the game will feature Mineral Wells' touted ground game against the Mean Green defense. The Rams have averaged 388 yards rushing in their four games, while the Hawks have averaged giving up only 47 yards per outing.

Leading Ram runner is Jesse Kimbrough, the quarterback. Though only a junior, he has gained 416 yards in his four starts. Regarded as an outstanding athlete, 6-3, 195, and runs the 40 yard dash in 4.7. Kimbrough can be held, however. Ennis gave him only four yards in their game two weeks ago.

Kimbrough isn't much ahead of three other backs in his rushing, and he's not any faster. Rex Walker turns the 40 in 4.6 while other runningback Doug Brady has been clocked in 4.8. Fullback David Moore is a 4.9 and wingback Gabe Nickerson is a 4.6 sprinter.

All Ram offensive linemen except the center weigh around 200. Tight end Jay Powell is 200, tackles James McAllister and Mike Tinker are 210 and 205 respectively, guard Jeff Denney is 200 and the other guard, Kevin Lee, is 195. Center Don Ferland is 175. Jeff Biels alternates with Tinker, and he tips the scales at 253.

Kimbrough, Tinker, McAllister, Nickerson and Brady are starters on

defense as well.

Actually, Kimbrough doesn't get much rest, apparently, as he also handles the kickoffs and field goals, and alternates on extra point kicking.

The other two schools Mineral

Wells defeated, besides Granbury and Ennis, were Cleburne and Stephenville.

HAWKS SHORTHANDED

Coach Tommy Watkins thought he was shorthanded last Friday, when

he was able to suit out only 23 players for the Jacksboro game.

He had left home two starters, fullback Calvin Sampley with the chicken pox, and end Steve McCord with nonnucleosis.

TRAPPED - Earl Scheffe of No. 17 Wichita Valley Farms is trapped inside the cab of his pickup truck that was involved in a traffic mishap Tuesday afternoon south of

Iowa Park. Half an hour after the accident occurred, Scheffe was freed from the wreckage by rescue workers using the "Jaws of Life."

Reed-Mueller vows read in ceremony Saturday

Miss Donna Faye Reed, daughter of Mr. and Mrs. Louie Lee Reed, became the bride of Michael Louis Mueller, son of Mr. and Mrs. Gilbert Louis Mueller, in a double-ring ceremony performed Saturday afternoon at First Baptist Church. The Rev. Kenneth Flowers, pastor, was the officiating minister.

Miss Janis James directed signatures of wedding guests in the church foyer in

the bride's book accented with a framed picture of the bride in her wedding gown on the front cover. The pen used by guests to register was topped with a red silk rose. The table held a tall arrangement of white mums, carnations and stock.

Mrs. Kenneth Via, organist, and Mrs. Kenneth Flowers, vocalist, provided the wedding music. Mrs. Flowers sang "More" and "The Wedding Prayer". She was accompanied by Mrs. Via who also played "Evergreen", "We've Only Just Begun", "Make Us One, Father", and "A Time for Us" for prelude numbers. She played "You Light Up My Life" at the close of the ceremony and the marches of long established usage so often preferred by brides.

The wedding vows were exchanged at an altar center with a white wrought-iron arch topped with a full spray of white and red carnations, white mums, gypsophila, flowering huckleberry and orange blossoms accented with a swag of white silk roping. Votive candles glowed in seven-branched white wrought-iron candelabra decorated with lemon leaf plaques and white satin bows standing on either side of the arch which was the background for the white cushioned two-section kneeling bench.

In the lower altar, two white baskets supported by tall white wrought-iron stands were filled with white spider mums, large roses, festesia spikes and

spring fern. The decorative setting was completed with the unity candelabrum decked with flowering huckleberry in the lower altar.

The bride presented her mother and her grandmother, Mrs. Lige Reed Jr., with red silk roses as she approached the altar and gave the groom's mother a red silk rose as the couple left the church after they lighted the candle to seal their vows.

Escorted and presented in marriage by her father, the beautiful bride chose a formal gown of white polyester sheer and lace over peau de soie for her wedding. The Czarina-style bodice was enhanced with Venise lace appliques across the front and on the cuffs of the long full sleeves.

Venise fleurettes added an extra touch of daintiness at the neckline and in rows extending from the shoulders to the wrists of the sleeves.

The slightly raised waist was circled with the lace motifs, and the full skirt merged into an attached semi-cathedral train. The hemline of the gown and train were banded with the lace fleurettes.

The bride's fingertip illusion veil, made by her mother, fell gracefully from a tiara-shaped headpiece of applied Venise lace studded with pearls. Her bouquet was created of all silk perle flowers and consisted of large white roses, red and white carnations, white morning glories

complemented with cascading white picot ribbon and lace streamers.

Her sentimental accessories were a penny worn in her shoe for "something old"; her mother's red ruby and diamond necklace for "something borrowed" and the popular "something blue" garter.

Miss Michele Mueller, sister of the groom, participated in the wedding as maid of honor and Miss Judy Ervin of Wichita Falls was bridesmaid. They wore long red crepe de chine gowns accented with lace-trimmed red sheer floral capes. They carried red and pink silk carnations in their nosegays finished with lace streamers.

The groom met his bride at the altar wearing an all-white tuxedo with tails and three red silk roses for his boutonniere. His attendants wore black tuxedos with white shirts.

Jimmy Grant of Waco was best man and Billy Kinney of Iowa Park was groomsman. Wayne Schroeder and J.P. Boyd were ushers.

Deryl Reed and Robert Reed, brother and uncle, respectively, of the bride, lighted the candles for the service.

Miss Debi Larence of Fort Worth, cousin of the groom, the petite flower girl, wore a gown and carried a nosegay like the bride's attendants. Justin Luna of Burkburnett was attired like the male participants as he carried the rings on a white satin and lace pillow pinned with a red silk rose.

Mothers of the bride and groom wore corsages of white silk rosebuds touched with pearls and silk ribbons with their wedding gowns. Mrs. Reed was attired in a loose silk gown imprinted with beige and blue floral designs belted at the waist, and Mrs. Mueller wore a

pink floral sheer gown with long sleeves.

Red and pink governed decorations for the wedding reception hosted by the bride's parents in the Fellowship Hall of the church.

The bride's book rested on an oval table draped to the floor with pink polyester sheer. The appointments were highlighted with a bride doll from the bride's collection, a silver tray holding the white net rice bags tied with red silk ribbon, and a white spiral candle viewed through a hurricane globe in a ring of lacy wedding bells, clusters of roses and beads.

The refreshment table stood out beautifully in the setting. The pink polyester cloth fell to the floor from beneath deep swags around the top caught up with nosegays of fresh white and red carnations. The centerpiece was a red hobnail vase filled with pink and white silk poppies. The silver punch bowl, silver trays filled with mints, pink napkins with the names of the bride and groom and their wedding date lettered in red, and the cake added gracefulness and interest to the decor.

The three-tiered white cake, decorated according to the mood of the occasion, featured the use of Grecian pillars to raise the top tier and give a full view of a miniature bride and groom, both dressed in white, standing before a pearled heart centered with net on the second layer. Red and pink velvety frosting roses decorated the sides of each tier and two white love birds topped the confection.

Refreshments were served by Mmes. Jerry Whitecotton, Jerry Reed and Bill Robb.

The rehearsal dinner was

given Friday evening at Underwood's by the groom's parents.

The newlyweds departed for a short wedding trip to Oklahoma after the reception. For her traveling costume, the bride chose a maroon pantsuit and pink blouse and wore a pink silk rosebud corsage. They will live at Denton.

Both young people are graduates of Iowa Park High School. She attended high school at Fayetteville, Ark. before moving to Iowa Park during her senior year. In Arkansas, she was a member of the band, a member of the All-Region band three years and All-State band one year. At Iowa Park High School, she belonged to Home Economics Coop and was an aide at Kidwell kindergarten. She has been working at Vera's Interiors since graduation.

The groom belonged to the National Honor Society and was named to Who's Who in agriculture. He is employed by General Telephone in insulation personnel.

Out-of-town guests at the wedding were Messrs. and Mmes. Bruce Larence of Fort Worth, Kenneth Ivy of Denton, Roddie Mitchell of Albuquerque, N.M., Steve Herring, and Jerry Wayne Larence.

MRS. MICHAEL LOUIS MUELLER

Annual bazaar slated

The United Methodist Women held a business meeting Tuesday morning with Mrs. H.W. Carter presiding.

Mrs. Gerry Thurlow reported that plans had been completed for the annual

bazaar which will be held Nov. 4.

Announcement was made of the district conference in Archer City Oct. 28 and a covered-dish supper sponsored by UMW Nov. 2 preceding the charge conference when Rev. Kifer, district superintendent, will be a special guest.

Mrs. Miles Hines reminded members that Joyce Hill, former missionary to Cuba and Mexico, now serving on the UMW staff, would observe her birthday Oct. 12.

Mrs. James A. Sewell used "Friendship" for a devotional theme and used Jesus "the friend that sticketh closer than a brother" as worthy of emulation.

Others attending were Miss Ethyle Kidwell; Mmes. C.L. Lee, M.R. Jackson, James Rinehart, Larry Parks, Phil Krum, Ous Gay, Jim Hatten, S.B. Keeler, Emma Gauntt, L.A. Teal, L.C. Perry, Herman Mahler, Carl Sullivan, Travis Smith, Charles Thompson, R.E. Waters, Floyd Boyd, L.L. Lindesmith, Gene Owens, C.L. Thompson, Don Cook, Don Beals, Miles Thompson, E.L. Gallop, and James Owens.

Couple sets wedding date

Mr. and Mrs. Charles Quick are announcing the engagement and forthcoming marriage of their daughter, Teresa Louise and Donald Ray Williams, son of Mr. and Mrs. Roy Cecil Williams of Burkburnett.

Miss Quick was graduated from Iowa Park High School in 1978. Her fiancé is a

senior at Burkburnett High School and is employed by Preston Dairy.

The wedding will take place Nov. 4 at the First Baptist Church and the reception will be held in the Fellowship Hall of the church.

TERESA LOUISE QUICK

LOOK WHO'S NEW

Aaron Paul Ruske was born Aug. 14 in a Del Rio hospital to Mr. and Mrs. Paul Ruske of Del Rio. He weighed 8 pounds. Mrs. Ruske is the former Linda Blair, daughter of Mr. and Mrs. Bernie Blair of Iowa Park. Aaron has a sister, Jennifer.

CURT WHEELER and DE DE ALEXANDER

Announce engagement

Miss DeDe Alexander and Curt Wheeler are announcing their engagement, and November 25th for the date of their wedding which will take place at First United Methodist Church.

Parents of the couple are Mrs. Pat Rich of Graham and Mr. and Mrs. Ralph H. Wheeler of Iowa Park. Miss Alexander attended

Iowa Park High School and was graduated from Graham High School in May. She is employed at Wichita Falls State Hospital.

The future groom was graduated from Iowa Park High School in May. He played football three years, belonged to Building Trades and was vice president of V.I.C.A. during his senior year. He works for Cryovac.

Cook of the Week

One way homemakers can cope with the spiraling food prices today is to make liberal use of chicken and rice. Perhaps Mrs. Richard Lunney had this in mind when she submitted the Quick Chicken Casserole recipe for this week.

The recipe sounds like it might be one answer to "chicken again?" after Thanksgiving or Christmas dinners. There is no need for the family to be bored with leftovers because there are too many imaginative dishes using either fresh cooked or leftover chicken.

Like most homemakers today, Mrs. Lunney has worthy interests and activities outside the home, so her favorite recipes are those that are nutritious and good, yet easy to prepare. The six that she shares with Leader readers today will probably be attractive to both novice and experienced cooks.

Carrola Lunney was graduated from Altus, Okla. High School. She and her family have lived in Iowa Park three years. Richard Lunney, retired from the Air Force, is an ordained Baptist minister and is continuing his education through extension courses offered at Sheppard AFB by Wayland Baptist University. They are members of Faith Baptist Church.

Mrs. Lunney is mission

chairman of the Woman's Missionary Union at the church, vice president of Band Boosters and reporter for the New Pioneers Home Demonstration Club. She does volunteer work at Wood Convalescent Center where she is substitute teacher for the weekly Sunday School lesson.

The hobby dearest to her

Mrs. Moss reviews book

Mrs. Jack Moss of Wichita Falls reviewed the book, "I Came to Love You Late" by Joyce Landorf for the Christian Women's Fellowship of First Christian Church at the meeting Monday evening. The story related Martha's late realization that Jesus was the Messiah and her new joy in serving the Master.

Mrs. Dewey Conley, president, led the group in the CWF prayer to open the meeting.

Refreshments were served by Mrs. Gerald Davidson and Mrs. Conley to Mmes. Bill Andersen, Clyde Markee, Rollin Roberts, T.M. Clark, Rollins Woodall, Nell Sisk, Nancy Henderson, Pauline Steele, E.H. Maness, Faye McAllister and Moss.

heart is finding dolls that have been relegated to the discard, restoring and dressing them in garments that she crochets to give to deprived children. She is currently restoring the dolls to donate to Northside Baptist Church Day Ministry and Faith City Mission for distribution at Christmas. Decorative embroidery is another of her needlework hobbies.

BLUEBERRY CREAM PIE

1 box dessert topping mix
2 cups confectioners sugar
1-8 oz. pkg. cream cheese, softened
1 t vanilla
1 can blueberry pie filling
2 baked pie shells or 2 graham cracker crusts
(Just before baking shells press chopped pecans into crust.)

Prepare dessert topping mix according to pkg. directions. Add sugar and cream cheese; whip until smooth. Add vanilla and pour into pie shells. Top with blueberry filling. Place a piece of plastic wrap over pie and chill overnight for flavors to blend. Yield: 2 pies.

QUICK CHICKEN CASSEROLE

1 1/2 cup minute rice
1/2 t salt
1 1/2 cups boiling water
1 can condensed cream of chicken soup
1/2 cup milk
1 cup diced cooked chicken
Dash of pepper
Buttered crumbs

Add rice and salt to water in saucepan. Mix just to moisten all rice. Cover, remove from heat. Let stand 13 minutes. Combine milk and soup in saucepan; heat, stirring occasionally. Add chicken, pepper and mix carefully. Heat thoroughly.

Mix rice and creamed chicken. Spoon into 1 quart casserole. Top with crumbs. Broil to brown. Yield: 4 servings.

DATE DROP COOKIES

1 cup shortening
2 cups brown sugar
2 eggs
1 t vanilla
1/2 t salt
1/2 cup warm water
1 1/2 t soda
4 cups flour

FILLING

1 cup chopped dates
1 cup water
1/2 cup sugar
Cook dates and water until thick, then add sugar. Set aside to cool.
Heat oven to 400°. Make small ball of dough; flatten out on cookie sheet making a small dent in the middle. Add a small amount of date filling and cover with another piece of dough. (I use a very small toy cookie cutter for the top piece of dough. Bake 8-10 minutes.

QUICK CHICKEN DUMPLINGS

1 large can Campbell's chicken noodle soup
1 can milk
1 can sliced carrots, drained
1 large diced onion sautéed in oil

Place above ingredients in large soup pot with a lid and heat to a boiling stage. While mixture is heating mix dumplings, using 2 cups Bisquick baking mix and 2/3 cup milk.

When soup starts to boil drop dumplings by spoonful into boiling soup. Cook uncovered over low heat 10 minutes. Cover and cook 10 minutes longer.

MAMA'S PEANUT BRITTLE

2 cups sugar
1 cup white syrup

Mrs. Richard Lunney

1/2 cup hot water
1 t salt

Boil until you can spin a thread, then add 1 t butter. Add two cups raw peanuts, continue boiling until golden brown (300° F).

Remove from heat, add 1 t vanilla and 2 t soda. Stir until mixed and foamy. Pour in buttered pan. When cool, hit with knife handle to break into pieces.

FRUIT COCKTAIL CAKE

2 eggs, slightly beaten
1/2 t salt
2 cups flour

2 t soda

1 1/2 cups sugar
1 medium size can fruit cocktail with juice
Nuts (optional)

Mix above ingredients together. Pour into greased 9"x13" pan. Sprinkle with brown sugar. Bake at 350° for 35 minutes or until done. Just before cake is done, prepare:

1/2 cup sugar
1/2 cup canned milk
1/2 cup butter

Boil for 3 minutes, add 2 t vanilla. Pour over cake when it is still hot from oven.

Indies trip is program

"Sailing in the Indies on M/S Skyward" was the title of a program presented by Mrs. D.O. James for the Iowa Park Lioness Club Thursday evening. She described tours she took in Haiti, St. Thomas, San Juan, Puerto Rico and the Dominican Republic when she visited these and other places with a tour group during the summer.

The meeting was held in Mrs. James' home and her co-hostess was Mrs. W.E. Karstetter.

Mrs. Karstetter used "Witness of a Smile" for devotional topic. Special music was furnished by Mike Ray, vocalist, who sang three of his own compositions, "Please Don't Cry", "Prepare Me, Lord" and "I Need Someone". His

other number was "Faded Love". He accompanied himself on the electric guitar.

Mrs. Keith Aulds was program leader.

During the business directed by Mrs. Karstetter, members gave suggestions for improving the club as they answered roll call. It was reported that the cake and pie sale at the Whoop-T-Do netted a profit of \$82.07.

Miss Joanni Jennings was a guest. Other members attending were Mmes. R.A. Tanner, Sam Hunter, Faris Nowell, Sam Hill, W.F. Bohrer, L.E. Brooks and Homer Blalock.

Crafts class to be offered

Mrs. O.S. McLemore will start an arts and crafts class at Friendly Door Oct. 12. Those interested in taking the class which will be held each Thursday are asked to bring their own materials and scissors.

Bob Aulds and Dave Roberts will conduct a seminar on safety next Tuesday at 12:30 p.m. Members of the Burkburnett Senior Citizens will visit Friendly Door Oct. 13 for games of "42" and canasta.

Worth Quoting

He came through the front door Friday morning ... and we knew him.

He's Walter Plumb, retired, once a U.S. Army paratrooper, of Kankakee, Illinois and at 66, still an active member of a Sky Diving Club in his home town.

The last time we saw his face, before Friday, was through a Red Cross train window as he waved goodbye to the repatriates as our train pulled away from Stalag 11B in Northern Germany heading toward Switzerland, an exchange with German prisoners, and home.

That was January 8, 1945 ... and he walked through the front door of the newspaper here Friday morning.

His is not a pretty story. An orphan, he was drafted late, at age 28. He was in the first military engagement carried out by this nation in North Africa -- before we learned the do's and don'ts.

He was parachuted 60 miles behind German lines, alone, armed with a kit full of explosives, with instructions to blow up an enemy bridge -- and find his way home, alone, the best way he could.

He couldn't find the bridge so he blew up a railroad trestle and spent four weeks trudging around near Kasserine Pass trying to find his way to friendly hands. The Germans picked him up, shipped him through Sicily eventually to Germany.

But in a questioning session in Sicily he was severely beaten by three guards seeking information that he didn't have. In one of the beatings, his tailbone was shattered and still troubles him to this day.

We first met him at 11B when he showed up at the hospital compound for an appendectomy -- an operation that was not to heal for the full year that we knew him. Later, our Polish doctor tried to correct the painful, and shattered tailbone, with little success.

We heard from him last year and wrote a letter on his behalf to the Veterans Administration detailing both operations as we remembered them. Finally, the VA relented and the man now receives a small pension from the government.

He and his wife, a retired teacher with 44 years teaching in the 4th grade, came through simply to say thanks for our help.

And Saturday night, at a long, leisurely dinner, the conversation drifted around, as we knew it would, to the Glory Diggers.

The Glory Diggers of Stalag 11B were members of a musical band, but it was not an ordinary band. Its purpose was to play a dying soldier into heaven in style.

Once the morphine reached a quarter of a grain injection, the pain unbearable, the end in sight, and all hope gone that the blood poisoning, the cancer, the gangrene, or whatever could be arrested, the soldier, tired of it all, would call for the "Glory Diggers".

And with the Polish doctor acceding that all was hopeless and impossible, in would come the band from the lower work camp.

Slate was a six-foot man from Detroit, black as the ace of spades and with hands on the end of elongated arms that could coax more music from a trombone than anyone we ever heard.

Bill Combs was a trumpet man who quit a New Orleans jazz outfit to enlist in the Rangers -- and was blown to pieces at Kasserine Pass -- but the shrapnel never came near his lips.

Shorty was the only name we ever heard given the short, stocky Negro who served as a bombardier with the Air Force but he could make a clarinet cry real tears -- or send goosebumps rippling across the torso like reeds before an incoming tide.

Big John was a bass fiddle player from Mt. Pleasant, Texas who was as big around as the fiddle and twice as mournful. The fiddle had a big hook mid-way down so Big

John could hook it on his belt -- and use both hands to thump that instrument.

But Sarge was the heart and soul of the Glory Diggers. Regular army, he had so many stripes up both sleeves for so many years in the service, he could barely bend at the elbow. He carried a snare drum at his waist, two sticks in his hand, and a crisp, biting voice that cut like a razor, boomed like the surf, but could stroke the senses like whipped cream on strawberries.

They'd gather round the dying soldier's bed, serenade him with his favorite numbers for a long hour. Then the tension building, the mood somber, a member of his faith would pray, then the band got down to serious business.

A jazzed-up version unrecognizable in any stateside Baptist church of "What a Friend We Have in Jesus" would be accompanied by exhortations by Sarge to the soldier to forget his pain, put on his clothes, his boots, his helmet liner -- and willing hands would slip trousers over trembling legs, weakened arms would be shoved through tunic sleeves, and laces tied on boots now too big.

Sympathetic arms would carry the soldier to the end of the long barracks, swing him about, stand him up, straighten his tie, point his shoes forward. Then with the clarinet sobbing like the wounded wail of a panther, the trombone filling in pauses and the trumpet soaring over the top of the clarinet on the peaks, the Glory Diggers would swing into "When the Roll is Called Up Yonder". And their version made it sound as if they not only called the roll, but maintained it as well.

And over the thump, thump of the bass fiddle, and the double brush of the snares, came the insistent, penetrating voice of the Sarge: "Stand straight, soldier! Pull in that chin, throw those shoulders back, suck up that gut! Look alive, man, St. Peter's waiting down there by those gates!"

And down the aisle they'd come, the emaciated, trembling soldier, legs askew, flanked on either side by the slow-marching, slow prancing band ... and patients all over the barracks would ease out of their beds, stand erect as malnutrition, wounds, and empty sleeves and legs would permit, and barefeet would begin to march in cadence.

"When the roll is called up yonder, when the roll ... march soldier, march. Watch those legs, pull in that gut. You can do it. St. Peter's got those gates open, see 'em! March to glory, son, march!"

A slight pause and then from four miles deep in the rain barrel came the opening notes from Slat and that stretched-out trombone ... "Oh when the Saints go marching in, oh when the Saints go ..." and the tempo increased, the beat hammered at the brain, and the lead was followed by a controlled tempest in the trumpet, and the mountain-peak soaring of the clarinet. And the base and the snare filled in the valleys with drumming feet, pounding hooves, and swift, rushing water.

Faster went the tempo, faster marched the feet, and the image of the reaching, struggling soldier blurred before tear-clouded eyes of patients and players -- but neither music nor Sarge slowed.

"He's coming, Peter, he's walking in like a soldier, upright and ready. Keep that chin back, straighten those shoulders, lift those feet. Move smartly, soldier ... Oh when the Saints, oh when the Saints, oh when the Saints go ... He's one ours, Lord, take him to Glory, take this soldier home ..."

And he died -- upright, erect, and walking! Seven times, we watched the Glory Diggers and Sarge walk those soldiers into Glory, and seven times they died en route. At the time, it was a beautiful, moving experience.

We've never seen it before, since, or want to!

Andrews County News

As I See It....

By BOB HAMILTON

The cost of living is on everyone's mind these days. We're concerned about our weekly grocery bill, about the monthly utility bill, and if you're one of those who have purchased a home in the last three years, you are especially concerned about monthly home payments.

Where's it going to end? How high are prices going to reach?

The price of a luxury car for 1979, as announced recently, is \$6,000 more than I paid for my first home in Plainview, back in 1961. And it wasn't a cracker box, either.

Well, the Chicago Daily News recently ran an article about what prices are going to be in 1987 and 2001, if things continue as they have the past five years.

For instance, a high priced car in 1973 sold for \$6,500. Well nine years from now it will cost \$55,320, based on current trends. And in 2001, watch out -- \$471,240.

A bar of soap that was 15 cents in 1973 will be \$62.80 in 2001. A pound of

coffee, that was 70 cents, will be \$39,642. A Sunday newspaper that was 30 cents will be \$70.92.

And are you ready for this? That average house that cost \$34,500 in 1973 was \$54,000 last year, will be \$191,160 in 1987, and \$1,134,000 in the year 2001.

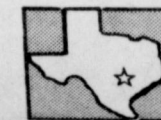

Funny thing, though. The article also reported rump roast that was selling for \$1.49 in 1973 will be only \$1.98, while ground beef will be selling for \$7.54, because its price in Chicago had risen from 89 cents in 1973 to \$1.19 last year.

Well, there's one group of workers who should be able to afford those prices in 2001, if their wages continue to increase as they have the past seven years.

According to the U.S. General Accounting office, Postal Service employees drew an average salary and benefits of \$8,826 back in 1970. The average salary and benefits in 1977 was \$20,034, reflecting a 127.3 percent increase.

HAPPY BIRTHDAY, SANTOS

Children's hospital program is reported

Mrs. Kennie Jones presented the program Tuesday evening for Epsilon Eta chapter of Epsilon Sigma Alpha in a meeting held at Texas Electric Reddy Room. Mrs. Carlton Hicks and Mrs. Tom Compton were hostesses.

The program topic was

"Circle of Life", the new name for the ESA project of St. Jude Research Hospital in Memphis, Tenn. Mrs. Jones described the hospital as the largest research center in the world, explaining that children under 16 are accepted and after they are accepted they receive

full treatment without cost to patient. She told that the hospital paid the parents' motel stay and the medicine sent to the local doctor is free. Continuing, she said that a large majority of patients were treated on an out-patient basis, but more than 2,500 active patients were still on the hospital roll.

"The entire fourth floor of St. Jude's Hospital for immunology and infectious diseases is dedicated to ESA", Mrs. Jones said. The first floor is devoted to various research departments such as the study of fungi and serums to combat viruses. "All efforts are to make the dream of Danny Thomas' when all children of

this earth will be free from catastrophic diseases' come true", she concluded.

Mrs. Bill Hrcirik directed the business preceding the program. Mrs. Paul Tigrett used a poem "Minutes of Time" for the meditation.

Mrs. Roy Johnson discussed final plans for rush activities which will have "Reflections of Golden Years" for a theme.

Jody Ann Simpson and Sissy Duke were announced as winners in the Whoop-Do Queen Contest sponsored by the sorority.

Announcement was made of the District VI meeting at Bedford Oct. 14-15.

Also present for the meeting were Mmes. Charles Dudley, Jimmy Spears, Bob Hunt, Allen Gilstrap, Bud Mercer and Dalton Bleeker.

AEO members adopt project

Members of Alpha Epsilon Omicron chapter of Beta Sigma Phi held a salad supper Monday at the home of Gayle Cleghorn. Penny Veal led the opening ritual.

Karen Fullerton was in charge of business. It was voted to support the Faith City Council service project. Sue Owens reported that caramel apples had been taken to Faith City Mission and Salvation Army Day Care Center.

Members gave attitudes that they consider important for a successful career in responding to roll call.

Gloria Bond presented the program for the evening on "Learning to Earn." She discussed services provided by the Texas Employment Commission, steps to take in entering the job market, changing jobs, and re-entering the labor force.

Mrs. Veal described the purposes of Beta Sigma Phi and also won the door prize. Marge Conklin led the closing ritual.

Others attending were Diane Attwood, Lela Garels, Florence Holman, Lavonne Stogner, Wanda Wilson and Barbara Peeler.

Mr. and Mrs. Randy Paul Black of Hurst announce the birth of their second son, Nicholas Paul, born September 25 at Harris Hospital in Fort Worth. He weighed eight pounds, eight and a half ounces.

His brother, Brandon Paul, will be two in November.

Mrs. Black is the former Bramley Balsley.

Grandparents are Mr. and Mrs. Larry Balsley of Iowa Park and Mrs. Donald Black of Hurst. Great-grandparents are Mrs. Ruth Balsley of Iowa Park, Mrs. Opal Black of Fort Worth and Mr. and Mrs. James Pulliam of Azle.

DENNIS NEUMAN was recently assigned to the Wichita County Soil and Water Conservation District as soil conservationist, moving here from Crowell. A native of Hondo, Neuman has been with the service a year and a half. He and his wife, Marva, live at 402 West Texas.

Obituaries

Marshall Lindley

Services for Marshall Lindley, 81, brother of Jeff Lindley of Iowa Park, who died Tuesday in Fort Worth, were Wednesday afternoon at First United Methodist Church in Dundee.

The Rev. Bill Stone, pastor of Janlee Baptist Church in Burkburnett, officiated. Burial was in the Dundee Cemetery under direction of Owens and Brumley Funeral Home.

He was born Sept. 14, 1897 in Archer County and had farmed in the Black Flat Community for 60 years. He was a member of the United Methodist Church.

He is survived by his wife, Zona; a daughter, Mrs. Mozell Goforth of Holliday; a son, Sealy of Fort Worth; two brothers, Jeff of Iowa Park and Forest of Dundee; three sisters, Mrs. V.C. Davey and Mrs. Irene Rodger both of Fort Worth, and Mrs.

Inez Twitty of Granbury; six grandchildren and nine great-grandchildren.

Robert Lynn Schroeder

Services for Robert Lynn Schroeder, 67, father of Ron Schroeder of Iowa Park, were Monday in Wilson Funeral Home at Chickasha, Okla.

The Rev. Pete Spradlin, pastor of College Heights Baptist Church, officiated. Burial was in El Reno, Okla.

A Chickasha resident since 1945, he was born at El Reno in 1911. He was a composing room foreman for the Chickasha Daily Express for many years.

In addition to the son here, he is survived by his wife, Ida Belle; two daughters, Mrs. O.T. Brooks of Marlow, Okla. and Mrs. Roger Waldrop of Colterville, Ill.; a brother Harry of El Reno; a sister, Mrs. Louise Snodgrass of Dallas and nine grandchildren.

Mrs. Roby is hostess

Mrs. J.C. Roby was hostess for the Monday meeting of Night Baptist Women of First Baptist Church.

Mrs. Bill Curry mentioned names of missionaries on the birthday calendar for the day and directed the prayer period for them.

Mrs. W.F. Booher conducted the business.

Mrs. Wm. Nunn led the program taken from Royal Service entitled "The Japanese Woman - at Home, in the Church, and in the World." She was assisted by Mmes. J.A. Berg, Booher and D.O. James.

Also present were Mmes. C.L. McKinnon, V.I. Woodfin, J. Louis Quick and Homer Blalock.

Municipal Court Records

Results of municipal court held here last Thursday were:

Samuel Joe Bates, failure to stop at stop sign, \$38.50; Terry Lee Wallace, public intoxication, \$28.50; Donny Eugene Freeman, public intoxication, \$28.50.

Cemetery group holds meeting

Twenty-five attended the quarterly business meeting of the Highland Cemetery Association Sunday after-

noon at the First Christian Church. Hoyt Watson, vice president, presided.

A committee composed of Rollins Woodall, Otis Gay and J.V. Morton was elected and given authority to extend the water line at the cemetery to the part in the north section. Keith Aulds, Fenton Dale and Lester Watson were elected to compose a committee to evaluate the price of the lots at Highland Cemetery and bring recommendations to the meeting in January, 1979.

Another committee elected to report at the January meeting was the nominating committee composed of W.B. Shook, Taylor George and Mrs. Homer Blalock.

PPG offers scholarship

Ralph Siebach, local plant manager and Foundation agent for PPG Industries, recently announced plans for the 1980 Foundation Community Scholarship Program.

Juniors attending Rider, Hirsch, Wichita Falls, Burkburnett, Iowa Park, or Notre Dame, as well as children of employees of the PPG Wichita Falls Plant, regardless of which secondary school they attend, are eligible to compete for the Foundation Community Scholarship. The scholarship will be granted to a student planning to attend school full time in a four-year college or university of their choice.

TRIPLE WRITTEN LIMITED WARRANTY

- LIMITED FREE REPLACEMENT WARRANTY**
Whites tires will be replaced free within 30 days, excluding repairable punctures when used under normal conditions. This free replacement limited warranty covers tire failures due to BLOW OUTS, CUTS, BRUISES, TREADWEAR, or separations resulting from usual wear and tear in road use under normal conditions providing the tire is not repairable.
- LIMITED MILEAGE SERVICE WARRANTY**
Whites tires are warranted for the number of miles (or months) indicated against BLOW OUTS, CUTS, BRUISES, TREADWEAR, RUT WEAR, and all other road hazards except running flat or use on misaligned wheels. Any tire failing from any of these causes will be replaced on the basis of service rendered or repaired free of charge if repairable, providing failure resulted from usual wear and tear in road use under normal conditions.
- LIMITED LIFETIME WARRANTY**
We further warrant all Whites tires for the life of the tire against defects in workmanship and materials during and after the above warranties have expired, without limit as to time or mileage prorated on tread wear.

Grain sorghum tests give encouragement

By DON D. DECKER
County Agent

My enthusiasm for grain sorghum production in Wichita County was renewed at the recent Chillicothe Experiment Station Field Day. There were several dryland fields at the station with prospects of making over 3,000 pounds per acre in spite of the severe summer drought and high temperatures.

All of the local grain sorghum demonstrations failed this year due to the drought. These fields had to be harvested for hay rather than grain. Our demonstrations had adequate fertilizer, the seeding rate was correct with 3-4 pounds per acre, herbicides controlled the weeds, and cultivation was provided as needed.

What was the difference in our demonstration fields and the experiments at the Chillicothe experiment station? The planting date made the difference. Their bumper sorghum crop was planted on June 15, while most of our demonstrations were planted about May 15. Sorghum planted at the station about mid-May gave poor production too.

Dr. Ed Clark who is the agronomist working with sorghum indicated he had obtained about the same results for the past three years. He said, "my experience has been for May to be the worst time to plant sorghum. Best results come from either very early planting (April 1) or late planting (June 15). The mid-season planting hits our normal weather pattern wrong."

The late planted sorghum is still in the vegetative stage during the hot, dry summer months. Sorghum plants can better withstand extreme conditions in this vegetative stage. Then late summer moisture usually hits the reproductive or heading stage which is so critical in grain development. Early planted sorghum usually makes before the summer weather hits.

Wheat planting is "in the air" as growers make preparation to put seed in the ground. Nearly every plow now has an anhydrous ammonia tank behind it as growers put out nitrogen fertilizer. For example, Fred Dwyer of Bacon Switch Road keeps two tractors plowing ahead of the fertilizer rig. This cleans the fields and leaves the land level for the applicator rig which tends to reduce any ammonia loss. He applies about 80 pounds of nitrogen before planting with about 40 pounds of phosphorus applied with the seed at planting. They are fertilizing 200-300 acres per day.

Allen Kempe of K&K Grain Company in Electra reports he has sold more certified or foundation wheat seed than any previous year. This indicates growers are doing a good job in keeping their seed wheat pure.

TAM 101 is by far the largest acreage planted in

Wichita County. However, there are several other varieties doing a good job. A review of the wheat variety test at the Chillicothe experiment station shows the top producers in 1978 were Tascosa, Improved Triumph, Danne, Rall, Sage,

Centurk, Scout 66, Palo Duro, Vona, Larned, and TAM 101.

Top producers in the 1978 result demonstration of Loys and James Barbour were Texred, Sturdy, Dekalb 589, TAM 101, and Maverick.

Kleingrass 75 is doing a good job for Ben Kirkland in the Wichita Valley. He has just harvested a bumper hay crop. Fall fertilizer is being applied at the rate of 40 pounds of nitrogen per acre. He plans to graze for a few days then pull off in time for

the grass to make a seedhead before frost.

Kirkland is especially pleased with the ability of the grass to reproduce from seed. He says, "even in spots where I go a poor stand, the grass is nearly solid now as a result of its ability to come

up from seed. The scattered plants made seed which dropped on the ground. These seed continued to come up until I now have a good stand over the entire five acre field.

"Happiness is activity."

Hawks smother Jacksboro in nonconference tilt

Iowa Park's Hawks put together an impressive ground attack Friday night to run over Jacksboro 35-6, and wind up their non-conference schedule with three wins against only one defeat.

It was the running of three underclassmen, Troy Thompson, Mike Ray and Troy Linthicum, that accounted for most of Iowa Park's 350 yards on the ground.

Thompson carried 18 times for 136 yards and three touchdowns; Ray was 12 for 112 and one TD; and Linthicum carried 11 times and picked up 70 yards. Thompson is a junior and Ray and Linthicum are both sophomores.

Meanwhile, the Mean Green defense was doing its thing. Jacksboro was held to only 74 yards rushing and 26 more passing for 100 yards on the evening.

Jacksboro had scouted the Hawks well, and knew Iowa Park would be counting heavily on its ground game. So the Tigers threw up a seven-man line to try to stop them. But the offensive line, tackles Tommy Ross and Billy Maupin, guards Larry Merrill and Ray Willingham, center Kent Fehr and end Ron Taylor opened gaping holes to allow the runners good yardage.

Thompson scored the second time Iowa Park had the ball. On the first series the Hawks had driven to Jacksboro's 10, but a penalty hurt their drive and Jeff Nolen's attempt at a 26-yard field goal was just outside the uprights.

But Iowa Park was not to be denied on the second possession, mounting a 61-yard drive that required only seven plays. Thompson spurred over right tackle the final eight yards to light up the scoreboard initially.

Already short handed, with fullback Calvin Sample back at his home under confinement with chicken pox, the Hawk backfield cut even more for most of the second period when, late in the first quarter, Thompson was shaken by a head-on tackle while returning a Tiger punt.

The talented junior didn't return to play until the final minute of the second quarter, and it was in time to score his second touchdown of the evening, a four-yarder around right end.

Ray and Linthicum handled most of the carrying assignments, along with quarterback Gary Blackerby, during the quarter.

But in between Thompson's two touchdowns, Ray scored his, a 12-yard run over right tackle to cap a 32-yard drive. Robert Hastings mishandled the snap from center on the extra point kick attempt, picked the ball up and scampered around left end for a two-point conversion.

The score was actually set up earlier when Taylor punted the ball 42 yards, rolling dead on Jacksboro's four yard line. The host Tigers were forced to punt without a first down, and could get it out only to the 37, from where Linthicum returned it to the 32.

Thompson's touchdown was set up by a blocked Tiger punt. With 45 seconds remaining in the second quarter, after Iowa Park had used two time out calls on Jacksboro plays to stop the clock, Blackerby broke through the blockers and knocked down the punt. The play started on the Tiger 25, but Robert Brown picked up the ball and returned it to the Tiger four, and Thompson scored on the next play, with 28 seconds remaining on the clock.

Jacksboro scored early in the third period, to narrow the margin to only 21-6.

Taking advantage of Thompson's fumble while returning a punt, the Tigers set up their only drive on the Hawk 36. The hosts scored on the fifth play, a 15-yard pass. Jacksboro attempted a faked extra point kick, and ran, but was a yard short on the try.

Thompson, apparently miffed with himself for fumbling, made the Tigers pay for his error. After returning the following kickoff eight yards, he

HARD-RUNNING HAWK - Sophomore runningback Mike Ray was not to be denied, no matter how many Jacksboro tacklers hit him, when he scored from 12 yards out during the second quarter Friday night. Ray finished the night with 112 yards rushing on 12 carries.

carried the ball two of the next four plays. One was a 26-yarder, and the second was for 39 yards, and his third touchdown.

Iowa Park's final touchdown of the evening capped the longest sustained drive of the evening, 78 yards. The drive started late in the third period, but the touchdown came with 8:45 remaining in the game when Blackerby broke over left tackle 10 yards to paydirt.

Each of the extra points, except Hastings' run, was kicked by Taylor.

The Tigers had one more scoring opportunity before the game ended. Unable to pick up a first down after Blackerby's TD, Jacksboro punted. Thompson was credited with his second fumble of the evening, when he attempted to receive the punt and the ball bounced off his chest and into the waiting arms of a Tiger tackler.

That gave Jacksboro possession on the Hawk 30, but the Mean Green defense turned over the ball to their offense four plays later, on the 24.

Hawk defenders turned over the ball to the offense twice on Tiger miscues, also, during the game. Curtis Martin covered a Tiger fumble in the second quarter, the same period when Hastings intercepted a Tiger pass.

Conservation District election set today

An election for a director to serve in Zone 5 on the Wichita Soil and Water Conservation District Board is scheduled today at the Wichita Valley Farms Community House announced Fred Dwyer, chairman of the board. The election will be held at 7:30 p.m.

Guest speaker for the evening will be Jimmy Banks, manager of Wichita County Water Improvement District No. 2.

State law decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the subdivision where the election is being held. The person must also live in a county all or any part of which is in the district and the voter must be 21 years old.

Legal qualifications state that a candidate for the office of a soil and water conservation district director must own land in the zone he represents, be 21 years of age and be actively

engaged in farming or ranching. He must also live in a county all or part of which is in the district.

Zone 5 of the district includes an area from a line beginning at Iowa Park on

U.S. Hwy. 287 southeast to the Wichita River until it intersects the east Wichita County line; south to the point of intersection on the south county line to Hwy. 368; north on Hwy. 368 to

the intersection on Hwy. 287.

Current members of the board of directors of the Wichita SWCD are Fred Dwyer, Wichita Falls, Donald Hill, Ray Hicks, Roy Thompson, of Iowa Park and Bill Brockriede of Electra.

The purpose of the Wichita SWCD, with headquarters in Iowa Park is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The district board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

Wheat fertilization demonstration slated

By DON D. DECKER
County Agent

A wheat fertilization demonstration is being established by Loys Barbour on the expressway between Wichita Falls and Iowa Park. The purpose of the demonstration is to evaluate major elements in wheat production. Various rates of

fertilization is being used to determine the fertilization rate which gives the greatest production.

The fertilization rates included in the study are: 40-0-0, 0-40-0, 40-40-0, 40-40-20, 80-40-0, 120-40-0, and 0-0-0. These combination rates will enable us to determine the contribution made by nitrogen or phosphorous or potassium toward grain yields.

This demonstration site is located on the expressway so it can be observed by other growers through the year. A wheat variety test will be planted in the same field which will give growers a chance to see total wheat production demonstrations at one location.

A wheat herbicide Fargo is new for this area in the control of wild oats. It will be readily available this fall. Fargo is a preplant, incorporated herbicide which has been used for years in the Dakotas' on spring wheat.

I recently attended a training meeting for agri-

cultural workers and farm chemical dealers. Estes Chemical Company of Wichita Falls will be the distributor for North Central Texas and Southern Oklahoma.

Special emphasis was placed on shallow incorporation of this material by Dale Lovelace, Extension agronomist. He said, "it should be mixed in the top 1-1/2 inches of soil. Wheat seed must be placed below the herbicide layer. If Fargo is incorporated too deep, stands can be severely damaged."

Shallow incorporation can be accomplished with spring tooth cultivators or field cultivators. A tandem disc tends to incorporate too deep. Fargo is applied at the rate of 1/4 quarts per acre with immediate incorporation.

Wichita County growers had good success last year with Carbyne, a post emerge herbicide. It was applied in the 1/2 leaf stage of the wild oats after the wheat emerged.

WHOOPT-DO QUEENS - Jodie Simpson, left, and Sissy Duke were crowned queens at the recent Whoopt-Do. The contest, sponsored by the ESA Sorority, raised \$620 which will be spent on the organization's Pace Park project. Jodie is the daughter of Mr. and Mrs. Ken Simpson, and Sissy the daughter of Mr. and Mrs. George Duke.

MAXINE HILL
...First PP&K girl winner

Sex barrier broken in PP&K contest

Another sexual barrier was broken Saturday when a 9-year-old Iowa Park girl stepped into the winner's circle during the annual punt, pass and kick contests.

Maxine Hill, 9, took second place in her age group with a total score of 71.75. First place in that division, which attracted only two entrants, went to Christ Jackson with 94.75 points.

Among 8-year-olds, Bret Barrick was first with a 128.75 point total, followed by Chris Lee with 98 points and Steven Durnan with 89.50 points. They were trailed by Brad Lewis, Casey Rains, Clarence Hill and Valerie Hedrick.

Shawn Price garnered 164.75 points to take the 10-year-old division. Bobby Whisnand was second with

150.25, and Rickey Kelley with 149.25. Wendy Trantham trailed.

It took 169 points for Paul Haschke to win the 11-year-old division. He was trailed by Phillip Davis with 162.50 and Jake Fulbright with 161. They were followed by Kendell Hill II, Brian Rainsberg, Shane Long, Cary Waters and Sherry Holmes.

Todd Garrett was first in the 12-year-old division with 217.75 points, followed by Mike Kent with 192 and Mark Copeland with 186.50. They were trailed by A.D.

Hambright, Buddy Trejo, Barin Whitman and Van Hedrick.

Among 13-year-olds, Stephen Stewart took first place with 264.25 points, followed by Wayne Nicholson with 211.25 and Clark Waters with 191. Trailing were David Hildebrand, Lee Birk, Robert Harper, Heath Bamber and Mark Henderson.

Sponsored annually by Shaw Motor Company, on hand for Saturday's trophy presentations were Mr. and Mrs. Luther Shaw, O.L. Tucker and R.B. Faulkner.

VOE officers are installed

Officers of the Vocational Office Education department were installed Tuesday evening in the high school library.

Laboratory class officers are: Lauri Long president, Celeste Glenn first vice president, Cindy Lewis second vice president, Tena Posey secretary, Judy Cook treasurer, Terri Raymond historian and Renee Williams chaplain.

Cooperative class officers are: Penny Morgan president, Cheryl Wright first vice president, Janice Harris second vice president, Vicki

Krum secretary, Rhonda Kuehler treasurer, Trish McCormack historian and Karla Friday chaplain.

Installing officer was Teena Pennington.

Band Boosters attracts 40

Approximately 40 band parents attended the monthly meeting of the Iowa Park Band Boosters Tuesday night. David Robnett conducted the meeting.

A report of the proceeds from the calendar sales, football concession stand and Whoop-Do was given. David Mooney, band director, gave suggestions concerning ways the organization could better support him and the band.

Hawk roundballers ready for season

The Hawk varsity basketball team, which will begin working out Oct. 15, will be a running and gunning club this year, according to Coach Keith Barrick.

Having lost all through graduation but one player who spent hardly any time on the floor last season, Barrick figures he'll have to put a team on the court that can out-run its opponents if Iowa Park is to be competitive this year.

Iowa Park had one of its most successful seasons last year, finishing 27-5 and runner-up to Mineral Wells in Dist. 4-AAA, with the Rams losing in the state finals.

Jim Richardson was the sixth man on the 1977 team, and he'll be the big man on this year's squad, standing about 6-4. Two players, Harry Hutchins and Randall Griffith, were brought up from the junior varsity during the season to give

them varsity seasoning, and they'll be back.

The 15th is the first day teams can start regular workouts under the University Interscholastic League rules, but candidates have been conditioning already. Barrick said the players have been running two miles and 20 stands every other

day in their pre-season conditioning.

A tougher pre-district schedule awaits the Hawks this year, with the addition of Wichita Falls High, Rider and Lawton McArthur on the schedule. Barrick said he wants the team to have tough experience before district play starts, because it won't be any easier once

conference teams start coming to town.

Three tournaments are on the varsity schedule, including two the Hawks played in last year. They are Sweetwater, Cook County and Midwestern.

First conference game will be at Mineral Wells Dec. 29. The league is not divided into zones this year, with the loss of Brownwood and Stephenville. So the district schedule is a home and home alignment.

Mineral Wells is expected to repeat as district champion, but faces tough pushing from Hirschi, Iowa Park and Graham. Weatherford is also a strong contender, as Barrick reports the Kangaroos didn't lose a player from last year's varsity.

News

Officers of Valley View 4-H Club were elected at the meeting Monday night at Valley View school.

Curtis Williams was elected president. Serving with him will be Jonathan McKenzie, vice president; Cindy Lyles, secretary; Cindy Lewis, treasurer; and Kim Williams, reporter.

During the meeting, attention was directed to this being National 4-H Club Week which will enable people to become more familiar with the different kinds of projects, including animals, cooking, sewing, photography, gardening, bicycles, tractors and many more.

The membership of the Valley View 4-H Club is presently 14, and anyone between the ages of 9-19 is invited to join. The next meeting will be Oct. 23 at 7 p.m. at Valley View school.

material that is available to the 4-H'ers.

"Freedom To Be" is the theme for National 4-H Week, Oct. 1-7. 4-H'ers throughout the country will not only be saying thanks to those who helped them but also recruiting and trying to involve more people in the 4-H program.

Some of the volunteer leaders from the Iowa Park 4-H club who have given faithful support to 4-H are: Mr. & Mrs. Eddie Witherspoon, Mr. & Mrs. Darrel Taylor, Mr. & Mrs. Ray Hicks, Mr. & Mrs. James Whitaker, Mrs. Mac Reeves, and Mrs. Thomas Johnson. To every volunteer leader that has helped 4-H'ers in Iowa Park, the County Extension Office salutes you and thanks you for your time and devotion.

The state 4-H open youth rabbit show has been scheduled for Friday and Saturday, Oct. 13 and 14, in the Crane County Exhibition Building west of Crane. This is expected to be the largest 4-H show ever.

Wendy Hicks, retiring president of the Iowa Park 4-H Club, presided during a business meeting Monday night when new officers were elected.

The slate of officers is composed of Jeff Watts, president; Tammie Robertson, vice president; Terry Taylor, secretary; Mark Griffith, treasurer; Mickie Gregg, reporter; and Wendy Hicks, parliamentarian.

The next meeting will be held Oct. 23 at the A.S.C.S. building.

You can do it!

Properly installed storm windows provide an extra layer of protection to keep your home energy efficient all year long.

And if you don't want to buy ready-made storm windows, you can make your own. It's easy with Texas Electric's free instruction booklet for energy-conscious homeowners who want to live comfortably and save money on their electric bills. Using basic tools and inexpensive materials, even unhandy people can make their windows into effective barriers against summer heat and winter cold.

Other booklets in the series cover insulation, caulking, weatherstripping, ductwork, and general maintenance. Just call us, or ask for the booklets on the comments section of your electric bill. See how easy it is to make your home energy efficient.

POSTMASTER GENEVIEVE ADAMS
...retiring Friday after 30 years in the business

Postmaster retiring

For persons accustomed to doing their postal business with Genevieve Adams, that long standing tradition is about to end.

Mrs. Adams officially will retire Friday as postmaster of the Holliday Post Office.

Mrs. Adams was appointed postmaster here in June 1971, the date which corresponded with the retirement of her husband L.C. Adams as postmaster. He served as postmaster here from 1941 until his wife took over in 1971.

But postal duties weren't anything new to Mrs. Adams when she became postmaster here.

She signed on with the United States Postal Service in 1948 as a postal clerk in the Holliday office. Ten years prior to that she was secretary for Holliday school.

When she became postmaster, Mrs. Adams was the only woman in her division with similar duties. She has been joined in the division now by a woman postmaster at Archer City, but notes women postmasters are not uncommon to smaller mail handling outlets.

A retirement reception for Mrs. Adams is scheduled from 2-5 p.m. Oct. 15 at the Ford residence at 700 Iowa Park Highway.

Hosts will include Dixie Hithcock, Jimmie Ashton, Virginia King, Lucille Moseley, Joy Morrison and Iona Ford.

"Everyone is invited," Mrs. Ford added.

As for Friday, Mrs. Adams said, "That's my last day."

What lies in store for retirement? She plans to continue her work through the Church of Christ.

"I'm going to live one day at a time. Take what comes and enjoy it. I'm not much on long range planning," she said.

HOLLIDAY NEWS

Rape prevention seminar set

A rape prevention seminar is scheduled for 7:30 p.m. Oct. 16 in the Holliday High School auditorium.

The seminar which will be free and open to the public will not be "too adult," according to Pat Holt.

Mrs. Holt said the program would be suitable for girls in the fifth grade on up as well as adults.

Holliday City Council Monday night rejected a requested electricity rate hike and by a 4-1 vote approved its proposed 1978-79 budget.

Texas Electric Service

School, city meetings set

Holliday school trustees and the Holliday City Council both are scheduled to meet Monday night.

Among items expected to be discussed at the 7:30 p.m. Monday meeting of the school board will be a

vocational education survey.

The city council is slated to wrap up its annexation procedures for property south of town being brought into the city limits.

At their 7 p.m. Monday meeting council is scheduled to pass the annexation ordinance for Tract III.

Council rejects TESCO request

Company is seeking a 25 percent rate hike. Mayor Ben Ezzell said. He said the city attorney had advised him the council could either accept the rate hike request, reject it or join Texas Municipal League in its negotiations for other cities.

Ezell said the attorney, Frank Douthitt of Henrietta, advised the Holliday City Council reject the request "in the public's interest."

"It won't make any difference in the long run what we have to pay," Ezzell said. By denying the request, it might affect future TESCO rate increase requests," Ezzell maintain-

ed. The council unanimously voted to reject the request.

BUDGET

The city's proposed 1978-79 budget calls for income totaling \$206,878 with \$197,243 in expenses.

The council will maintain the current ad valorem tax rate, \$1.50 per \$100 value assessed at 50 percent.

In the water account, income is expected to be \$107,162. With a \$22,998 carryover from last year, income from the water department is budgeted to total \$130,160. Expenses from the account are marked for \$111,741, leaving a contingency of \$18,419.

In the general account income is anticipated to reach \$99,715 and with the \$28,261 carryover from the previous year income will total \$127,977.

Expenses from the general account will be \$85,501, leaving a \$42,475 surplus.

Urging council approval of the budget, which must be filed with the state, Ezzell added, "I believe it's a realistic budget."

But at least one councilman, Mike Parker, didn't believe it was realistic. He was the lone dissenter, complaining the proposed budget was not complete because it did not reflect income or expenses from federal revenue sharing.

In other business Monday night the council adopted the annexation ordinance for Tract II of the land south of town fronting on FM 368 and FM 1954.

Action was tabled on a proposed junk vehicle ordinance.

Ernest Andrews, city engineer, said the city would need an additional \$50,000 for a new water tower to be included in its water system renovation project.

The council has secured a \$70,000 grant and a \$100,000 loan from the Farmers Home Administration to finance the project and Monday night councilmen voted to increase the amount of the loan to \$150,000 and investigate purchasing a more modern 100,000 gallon overhead water tower to accommodate Holliday's growth.

The council voted itself into executive session for about 30 minutes. Ezzell said personnel and police were discussed.

When the meeting was reopened to the public, Ezzell told Tom Hall municipal representatives from Archer County would meet Tuesday night to discuss the possibility of a county-wide sanitation facility.

All council members and six visitors attended Monday night's regular meeting.

City View, Burk next opponents

In the wake of last week's clean sweep of Olney, Holliday's younger gridiron units will take on teams from City View and Burkburnett today.

Eagle seventh and eighth grade teams will meet City View here with the first contest set for 6 p.m. today.

The Big Red ninth grade and junior varsity units will travel to Burkburnett today with the first bout scheduled for 5 p.m.

Holliday's seventh graders rolled over Olney 8-6 in a come-from-behind victory.

After taking Holliday's kickoff, Olney scored on the first play from scrimmage on a 60 yard run, but the extra point try failed.

Holliday blocked an Olney punt late in the first period to set up the lone Eagle TD, scored by Jimmy Stubblefield on a 28 yard run early in the second stanza.

Joe Chappell gave the Eagles the winning edge when he ran in the extra points.

After a scoreless third quarter, the stalemate continued throughout the contest. Jay Burks recovered a fumble on Olney's 28 yard line to highlight fourth period action.

The Eagle eighth grade totally dominated Olney

34-0.

Following a 20 yard run in the initial period, Gill Gilbert drew first blood on a one yard TD plunge. Extra point try failed.

Mike Parker capped a 50 yard drive on a four yard TD sprint for Holliday in the second period. Extra point try failed. Tony Woods recovered a fumble.

The Cubs opened second half action with an inside kick which was recovered by Olney, however, the Eagle defense snuffed out their offensive effort.

Jeff Belcher scored a Holliday touchdown, but it was nullified because of a penalty. Additional penalties pushed Holliday back to the Cub 35, but the Eagles quickly covered the distance on a pass from Parker to Keith Ferguson. Extra point try failed.

Again in the third quarter Holliday scored on a 30 yard reverse by Kevin Blankenship. Belcher supplied the two point conversion.

Holliday ended its offensive effort in the final quarter on a TD pass from Parker to Blankenship.

Holliday's junior varsity sacked up Olney 34-14.

The Eagles got on the board first on a TD sweep by Larry Boydston, who also ran in the extra points.

Boydston returned to score on another sweep in the opening period, and the conversion points were supplied on a pass from Joel Mankins to Lindal Dolberry.

Dolberry hauled in a pass from Boydston to score again in the opening period. Extra point failed.

Holliday's second quarter TD came on a pass from Mankins to Cameron Honea. PAT failed.

Boydston scored again for the Eagles.

Mr. and Mrs. Jimmy Farr of Holliday are the parents of a son, Dusty Lee, born Sept. 17 in Wichita Falls. He weighed eight pounds, three ounces.

Dusty has a brother, Bowie, 3.

Grandparents are Mr. and Mrs. A.J. Williams and Mr. and Mrs. Vernon Lewis, all of Iowa Park.

BOO! -- Holliday's Rusty McDaniel [24], Doug Stevens [50] and Kent Lemons [82] zero in on Seymour Panther fullback Willie Beamon during the final non-conference tilt of the

season. The Eagles will begin district play tomorrow night when they host Chico.

Chico district opener Friday for Holliday

The Eagles will be sporting a 3-1 non-conference record when the open district play against Chico at 8 p.m. here tomorrow.

Chico, the cellar dweller of District 13-A, is 0-4 for the season. They dropped their opener to Muenster 35-0, and were wiped out 58-8 by Valley View on their second outing.

Paradise dumped tomorrow night's visitors 26-6, and last Friday Chico lost to Alvord 38-0.

The writers for Texas Football magazine picked Chico to finish last in District 13-A with Holliday tapped to come out on top. If they are correct, Holliday football fans will be seeing the best and the worst in the district tomorrow night.

Meanwhile, some recognizable trends in Holliday's gridiron game have surfaced when the four

non-conference tilts with AA teams is reviewed. These statistics are a compilation of Holliday's performances against Olney, Electra, Henrietta and Seymour.

The Eagles thus far have garnered 57 first downs compared to 39 for their opponents.

Holliday has rushed from scrimmage for a total of 776 yards while opposing teams have picked up 257 yards on the ground--an indication of the strength of Holliday's defensive crewmen.

The leading ground gainer for Holliday is James Porter with 351 yards, giving him excellent opportunity to break that 1,000-yard rushing mark before the regular season expires.

Porter, Big Red defense too much for Panthers

Holliday drew on the talents of junior tailback James Porter and a turnover producing defense to upend Seymour 14-0 in their final non-conference contest.

Porter, who broke the century mark rushing for 114 yards, carried in both of Holliday's touchdowns. The first TD came midway into the second quarter, while the clincher came with less than 10 minutes remaining in the final stanza.

Absent lame Steve Parnell, the Eagle defense was paced by Jim Ezzell, whose fumble-forcing tackles created two big losses for the Panther offense.

However, it was the Eagles who committed the first major error when a pass from Rusty McDaniel intended for Joey Kincaide was intercepted by the Panthers early in the first period, giving Seymour possession on the Holliday 26.

Seymour drove into the end zone for a touchdown, but it was nullified on a dipping penalty. The Panthers attempted to regroup, but Ezzell forced a fumble on a pass play setting the Panthers back 16 yards. A 15-yard flag against Holliday appeared to give the hosts new hope, but a defensive effort led by McDaniel, Dennis Holt and Mike

Bryant stalled the Panthers.

Porter fumbled on a third-and-one situation, turning the ball over to the Panthers on Holliday's 25. Unable to sustain a drive, the Panthers tried an unsuccessful field goal.

Ezzell and Doug Stevens caused Panther fumbles early in the second period, giving the Eagles the edge to get on the board.

From midfield, Stanley Craddock broke loose for a 35 yard gain. Porter got the next four calls, finally crossing the goalline from one yard out.

Mark Wells split the uprights to give Holliday a 7-0 edge with 6:04 remaining in the first half.

Jody Collier caused another Panther fumble recovered by Seymour, but it was an overall Eagle defensive effort that stopped the cats 14 yards from paydirt to close out the first half.

Quarterback Gerry Graves gifted Seymour with a fumble early in the third stanza, but the Eagle defense stood tough to give the red birds possession at the 50.

It took the Eagle offense 11 plays to cover half the field. McDaniel picked up three yards and Graves garnered another four, but the rest was Porter, who punched it across from two yards out.

Wells hit his mark for the

PAT, giving Holliday the 14-0 winning edge.

On their final possession the Eagles set up for a 36-yard field goal try by Wells, but the fake proved unfruitful on an incomplete pass by Graves.

Graves capped the contest on the last play from scrimmage by intercepting a Panther aerial.
