Town Talk

By MAC McKINNON

The results of a very interesting poll were published in last Sunday's edition of the *Dallas Times-Herald*. I know that a lot of people will be interested, especially in light of the razzing I've had since I made a comment in this space that I enjoyed Howard Cosell as a sportscaster.

The poll was of Dallas area sports fans regarding sports announcers. Don Meredith was named as the best color analyst while Frank Gifford was selected the best play by play announcer.

On local Dallas TV and radio, Frank Gieber was named the best and Verne Lundquist was second. Bill Merrill was named the worst.

Cosell was named the worst color analyst and the worst anchorperson. Alex Hawkins was voted second worst as color analyst and Irv Cross was named second worst behind Cosell as an anchorperson.

Jim McKay was named the best anchorperson while Phyllis George came in only fourth, a surprise as it was thought she would rate higher. Curt Gowdy was rated the worst play by play announcer while Jack Buck came in second.

How do those ratings compare with your feelings?

Another poll in the *Fort Worth Star-Telegram* asked readers what they thought was wrong with the Texas Rangers who have started the season rather slow losing nine of the first 11 games.

It seems that the bulk of the opinion that most of the players got paid too much and had contracts, therefore they didn't have to worry about playing for more money.

Granted most of the players make a lot of money but I still believe the Rangers will snap out of it and be contenders for the pennant.

Incidentally, Joe Bell, former publisher of the *Colorado City Record*, is back working for the *Fort Worth Star-Telegram*. He left there to come to Colorado City in 1952 and is back again, once again reporting city hall, politics and also urban affairs.

He and his wife, Madge, report that their son, Craig, was recently married. He works for the city of Austin.

A very popular column in many daily papers is written by humorist Art Buckwald. He has recently compiled a book of his best columns and excerpts of the book are printed in *May's Book Digest*.

Martin L. Goss, editor of *Book Digest*, writes about Buckwald in his monthly column. The comments he makes are so true including a notation that, "Taking ourselves too seriously is an ancient danger which has become exaggerated in our era."

He goes on to point out there are so few humorists left and we need humor to help lighten the load of a serious world.

How true! Try and laugh a little today and maybe it'll become a habit.

Primaries Saturday

Saturday is the day of the Democratic and Republican primaries in Mitchell County.

Tuesday absentee voting for the primaries will end. Location of absentee voting for both primaries is the county clerk's office.

Access Road Is Problem

Probing deeper into the possibility of constructing a low-water crossing off Interstate 20 will be the main thrust of the Colorado City Chamber of Commerce meeting Monday night.

According to Chamber of Commerce President Jerry Putman, the Chamber board of directors will consider sending a letter to the state highway department district engineer in Abilene requesting investigation into the problem.

Putman explained that because the access road off I-20 turns into a dead end at the Colorado River crossing, tractors are forced to either drive on I-20 or make a path through town.

Not only is the detour an

inconvenience, it is also a hazard.

Putman noted that at least three accidents had occurred at the site, and one may have resulted in a death.

"It's a pretty dangerous situation," said Putman. "The people in town should be concerned."

And, according to Putman, people have been concerned about it for some time.

"This is something that Farm Bureau Insurance, the Chamber and other organizations and businesses have worked on in the past years and so far nothing has been done."

He added, "Farmers want to see it happen—everyone in the community

wants to see it happen."

Putman explained that the reason nothing has been done to improve the situation is because funds have not been available in the past.

But, he said, more money may be available now.

"The more we bound them (the state highway department), the better chance we'll have of getting some action," he noted.

In the Chamber's letter to the state highway department, a request will be made that an engineer visit Colorado City to review the site and offer estimates.

The idea of constructing a low-water crossing shouldn't be anything new to the state highway department, though.

"They're aware of the situation—they just haven't done anything about it," said Putman.

"The more people in the community we can get working on it, the better chance we have of getting something done," he concluded.

Besides the low-water crossing, the Chamber board will also finalize plans for the July 5-8 Junior Association Rodeo scheduled in Colorado City.

CHS Chooses Top Students

John Boyd has been named valedictorian of the 1978 Colorado High School graduating class.

Salutatorian is Dorothea Westbrook.

Sporting a nine grade average (equivalent to an A+), Boyd is the son of Mr. and Mrs. J. E. Boyd of Colorado City.

During his high school career, Boyd was a member of the Spanish Club for four years, serving as secretary two years.

A two-year member of the National Honor Society, Boyd was elected president this year.

As a senior, Boyd has been a member of the student council and from his freshman to his junior year, he participated in tennis.

Boyd has received recognition from Colorado High's "Who's Who" four times—he has received the award in physical science, geometry, typing II and elementary analysis.

In this year's UIL competition, Boyd received second place honors in the district ready-writing contest.

Upon graduation from Colorado High, Boyd plans to attend Texas Tech University in Lubbock to study architecture.

Daughter of Mr. and Mrs. Raymond Westbrook of 645 E. 18, Miss Westbrook has attained an 8.937 grade average during her high school years.

As a freshman, Miss Westbrook was a member of the Future Homemakers of America.

Last year she was active in the Spanish Club and this year she is serving as president.

A member of the National Honor Society, Miss Westbrook was elected treasurer this year.

As a senior, she also participates on the student council.

Miss Westbrook has received Who's Who honors six times. She was named Who's Who in Homemaking I, American History, English II, Spanish II, Algebra II and English IV.

Miss Westbrook also plans to attend Texas Tech University and will study either pre-medicine or pre-pharmacy.

Other students named to the top ten per cent of the class included: Susan Sheen, number three; Wayne Blackard, four; Sharon Coldewey, five; Leslie Moore, six; Kelley Roach, seven; Lynn Britton, eight; Charlotte Goodlett, nine, and Dawnetta Leonard and Luis Rios tied for the tenth place spot.

Graduation exercises will be May 30 at 7:30 p.m. in Wolf Stadium. Some 104 seniors will graduate from Colorado High.

TWO CANDIDATES are vying for the position of Mitchell County Clerk in Saturday's county election. Marie Bassham presently holds the position and Joan Beach is her opponent. The following letters were solicited from the candidates in order to present their views.

Marie Bassham

"I am Marie Bassham and I was born and raised in Mitchell County, Texas. I have one daughter and one granddaughter.

"I have worked in the County Clerk's Office for 16 years as a Deputy, then I ran for the Office and was elected and I am now serving my second term as your County Clerk. I have the authority to assign any one of my deputies to any job in the office. I like my job very much and appreciate the confidence that you have had in me in the past years, and if I am elected in the May 6th Primary Election, I will do the best that I can to run your office as you would

See BASSHAM, Page 9

Joan Beach

"I feel that I am qualified to be your County Clerk. I worked in that office 7 years. I was first deputy and was also in charge of the Criminal records for the past five years. I also took the minutes of the Commissioners Court meetings for the past three years as well as helping with the other duties in that office.

"I have attended a number of Clerks Conferences to stay abreast with current regulations. While working in the County Clerks office I studied different manuals and reports pertaining to the changes in laws concerning this office.

See BEACH, Page 10

RIBBON CUTTING ceremonies Thursday morning officially opened Tom-Tiques, an antique firm owned and operated by Tom and Neva Underwood on East Highway 80. Cutting the ribbon was Mayor Marion Bassham with the Underwoods to the left of her and well wishers looking on.

Business To Join Ranks

Another new business is about to join the Colorado City ranks.

Juanita's Sew and Go Shop will specialize in making women's, men's, children's and infant's clothing and will also offer an alteration service.

According to Juanita Thompson, owner of the shop, doors will open "within about a week" for business.

Location of the new shop is across from City National Bank on Elm Street.

Mrs. Thompson was former manager of the Kent Station in Colorado City. She previously owned a sewing shop in Colorado City, as well.

RANDY REEVES assumed the management position at Colorado City's Safeway Store this week. Originally from Abilene, Reeves has spent the last year working as assistant manager of the Brownwood Safeway Store. "I welcome any suggestion anyone might have about store operation," said Reeves. He and his wife, Chris, live at 144 E. 21st and are members of the Baptist Church. Reeves is replacing Cleada Watts as Safeway manager. She has been transferred to the store in Sweetwater.

WOODS BOOTS complex on Interstate 20 East Access Road is one of several firms expanding. Housed at the complex are Longhorn Leatherworks, Bowers Z Bar B Western Wear, Woods Family Shoe Store and Woods Boots. The new addition that will be used by Bowers and the boot and shoe stores will amount of 4,200 square feet. When Woods Boots first started moving along the Interstate, the building consisted of only 1,500 square feet. Now the total complex has about 13,000 square feet under roof.

MITCHELL COUNTY voters will be traipsing to the polls Saturday to elect someone to fill the 17th Congressional District slot to be vacated by Omar Burleson. Each of the candidates seeking election was afforded the opportunity by the *Record*

to express his views on his campaign through a letter. All but one—Jim Sharp—of the seven candidates responded and their letters appear in alphabetical order below.

Jim Baum

"The subject of deregulation will be resolved only by 'selling the truth.' As a Congressman from an energy-producing state, I will work closely with oil and gas associations to educate my colleagues from North and Northeastern states. It's obvious that Congressmen and citizens of states which are non-energy producing fail to comprehend the various ramifications of deregulation. A true energy program, not a watered-down substitute, is a must for our nation. I am encouraged by House and Senate action that representatives from North and Northeastern states are grudgingly admitting we need deregulation. We have to push

See BAUM, Page 9

Fike Godfrey

The voters of this district need a mature, broadly experienced man with a proven record of ability and achievement to step into this Congressional job...someone who can "hit the ground running" and represent the 17th District with very little "on-the-job" training. Fike Godfrey is this man.

Anyone who has followed Fike Godfrey from before daylight until after dark on his ranch, or in the Halls of Congress and the Washington Agencies, knows he believes in hard work and total commitment to the job he has to do. He not only works hard—he works smart.

His record of achievements as a public spirited

See GODFREY, Page 8

Crews McCulloch

Crews McCulloch, candidate for U.S. House of Representatives from the 17th District, at a press conference today, stated that he would fight to save the Panama Canal should he be elected to Congress.

"As I travel across this district there is one question that people repeatedly ask me, 'What do you think about the Panama Canal Treaty?' This question is asked by young and old—rich and poor. Almost everyone is concerned about the Panama Canal.

"I am holding a series of press conferences across the district to inform the voters that the Panama Canal is NOT a dead issue.

"For the past several days I have had a personal

See McCULLOCH, Page 9

A.L. Rhodes

"I appreciate this opportunity to present to you my views concerning some of the issues crucial to the 17th Congressional District and my qualifications for representing you as your Congressman.

"In reference to the farm problem, I wish to make it clear that I support the concept of 100% parity in the marketplace. Since over 1/2 of our products produced by the farmer are sold in the international markets, I believe that immediate action should be taken by the Congress by a joint session of the House and the Senate to call to account the U.S. Department of Agriculture and our foreign trade representatives. The Congress

See RHODES, Page 9

Jim Snowden

"I am deeply concerned about many things going on in our country today and realize one man can do little by himself but one can influence and inform and represent the people. High on my list of priorities are inflation, deregulation of oil and natural gas on the federal level and the farm program. These are all closely related. If we could reduce inflation financial conditions for all people would improve. I firmly believe that deregulation of oil and natural gas would greatly increase our domestic production and decrease the need to import so much oil. Our greatest increase in inflation began with the energy scare and has been continuing.

See SNOWDEN, Page 9

Charles Stenholm

Charles Stenholm, a native West Texan from Stamford, is seeking the Congressional post being vacated by retiring, veteran legislator Cong. Omar Burleson. The Democratic candidate and his wife Cindy are the parents of three children: Chris, 15; Cary, 11, and Courtney Ann, 6.

"I am asking that you give me a two year contract to serve as your Congressman representing the 17th District. If at the end of two years you feel that I have not fulfilled my obligations, then I would expect you to give the job to someone else," stated Stenholm.

Stenholm's campaign platform is based upon five

Chamber Of Commerce

By Larry Winders
Chamber Manager

How many times have you heard someone say, "Why don't they do some-

thing...or why should I belong to the Chamber of Commerce, what have they ever done for me...or I think this or that should be done." Chances are, if

you ask the person making that comment if they are involved, they will answer, "Well no, but..."

Certainly if any one is to make an educated comment about anything, they should be involved. Very little is ever changed for the best by some griping from the outside.

My whole point is that if one is grasped by apathy to the point of non-involvement, or membership then the validity of that comment is greatly diminished. Apathy has killed more, cities, more organizations and more people than most people will ever realize.

But, you know, apathy has a lot going for it. It is easy to catch and is painless. You can ignore it and nothing happens. The stronger it gets the less you feel you need to do anything about it.

It becomes most noticeable when it begins to spread over a large area. When it does the individual usually feels it belongs to someone else. Another appealing thing about apathy is the warm glow of nothingness it gives. The temptation is to leave it alone and it will go away. With this attitude it may well become permanent.

Apathy demands a special treatment, for it will not go away by its own

actions. The treatment starts with a good dose of enthusiasm, followed by long periods of involvement combined with personal action. It may be hard to get a confirmed apathetic to take the cure. And then it may not be permanent.

Action must be rewarded while apathy is to be condemned. Since most of us find it easier to condemn than to praise, it stands to reason that apathy is a continuing plague. It is needed by those who would rather condemn than act.

Yes, apathy has a lot going for it, but action is more fun. It must be. Have you ever heard anyone say, "Let's go where the apathy is?"

NEW OFFICERS—David Galvan of Lorraine, left, and Connie Jones of Colorado City have been elected to serve as officers of the Phi Theta Kappa chapter at Western Texas College for the 1978-79 school year. Galvan will be vice president and Miss Jones will be reporter. Phi Theta Kappa is a national honor fraternity for students in junior colleges.

COLORADO CITY'S Kiwanis club presented a check for \$150 to sponsor a team in the Mitchell County Girls Softball Association League. Pictured are (left to right) David Marion, Kiwanis youth activities chairman; Eddie Mitchell, Kiwanis president; David Hancock, girls softball league president, and Coleen Palmer, player representative for the league. In making the presentation, Marion noted that the Kiwanis would like to issue a challenge to the Lion's club and other organizations to sponsor a team in the girls league.

LANDAU

"An Enslaved People"

Rev. Robert Bracy

Pastor

St. James

Baptist Church

Out of the depths have I cried unto thee, O Lord...let thine ears be attentive to the voice of my supplications. (Psalm 130:1-2)

Subject: An enslaved people (Exodus 1 & 2)

Slavery ultimately harms both the enslaved and the free. Of course, it brings suffering and death to slaves as their energy and lives are used to satisfy the demands of owners, often without mercy. Besides, slavery usually creates a bad self-image, undermines the value of personal relationships, and leads to hopelessness. But it also affects the owners—the so-called free people. They cannot own another person without eventually thinking of him as something less than a real person or trying to give him freedom. The existence of slavery polarizes the values and attitudes of the two groups of people, and each side holds doggedly to its distorted ideas, certainly, all this was true of the Egyptians and the Israelites.

God often uses strange conditions to achieve his will—who would have thought that a young Hebrew reared in the palace of Pharaoh would be assigned the task of delivering from Egypt a whole nation of slaves? What a simple but imaginative thing Moses' mother did when she floated her baby basket on the Nile! That deed led to the other experience, and the star of the drama became one of the world's great ones. God changed an Orthodox Rabbi named Saul into the great christian missionary named Paul. He challenged a cheese maker, and J. L. Kraft became a worthy churchman and steward of his wealth. He kindled the imagination of a young millhand in Scotland, and David Livingstone gave his life for Africa.

No matter how oppressed a people may be, someone will risk his life for freedom—no race or nation accepts slavery willingly. Something in the human heart resents being completely subjected to the will of others. The Hebrews were forced to serve the Egyptians; the Greeks were forced to serve the Romans; the black people were forced to serve the white people in our country. In every case, someone—or several someones—risked life to be free and deliver others. Slaves in the south easily identified with the Israelites in Egypt. In the Bible they saw Moses as a hero and God promising freedom. Here and there a man or a woman would dare to believe that freedom was worth whatever it cost. That yearning must be a gift of God.

Whether in slavery or in sin, the Israelites turned to God for deliverance. They knew he would hear.

The same God will free us of our sins today.

SCS Offers Information

A new leaflet explaining the Resources Conservation Act of 1977 and the public's role in its implementation is now available at offices of the U.S. Department of Agriculture's Soil Conservation Service.

Under the new law, SCS will appraise the nation's soil, water, and related resources; develop a comprehensive 5-year strategy to guide conservation efforts; and evaluate the effectiveness of ongoing conservation programs. SCS will carry out the work in cooperation with appropriate citizen groups; conservation districts; and other federal, state, and local agencies. The appraisal and program will be completed by the end of 1979 and updated every 5 years.

Copies of the leaflet "Your Role In Conservation's Future" may be obtained by calling 728-3473 or coming by the SCS Field Office in the G-Kell building.

"The Mitchell Soil and Water Conservation District and the Soil Conservation Service will co-sponsor an open meeting about this legislation in the near future," Van Mills, SCS district conservationist, said.

Mills said that public participation in planning conservation actions is essential. Public participation is a built-in feature of the Resources Conservation Act.

SUNDAY

SUNDAY

MONDAY

Colorado City Church News

Members are urged to be present and bring a guest for the last day of the 22nd & Austin St. Church of Christ's Gospel meeting today (Sunday). After the meeting everyone is encouraged to meet at the Civic Center for a basket luncheon and fellowship at noon.

Meetings for the week at First United Methodist Church: Rose Circle will meet at 7:30 p.m. Monday

in the home of Connie Easterwood, 1207 Oak St.; Wesley Bible Class will meet in the Fellowship Hall for a covered dish luncheon. Hostesses will be Mrs. J. P. Nunn, chairman; Mrs. Arnel Smith, Mrs. A. T. Barker, Mrs. J. L. Strain and Mrs. J. S. Craddock. The Rose Circle will meet again on Thursday at 10 a.m. in the Wesley classroom. Meeting on that same day and time will be the Teachers

Workday for teachers in the fellowship hall. The confirmation class will meet at 4 p.m. in the fellowship hall Friday.

All members of the First United Methodist Church are urged to participate in Rural Life Sunday today by wearing clothing reminiscent of rural America. Women should not have a difficult time as styles have returned but men can wear coveralls,

bandanas and straw hats. After morning worship services everyone is invited to an old fashioned "Dinner On The Ground." Bring a basket lunch for your family. There will be tables for those who find it difficult to sit on the ground and others should bring a blanket to sit on. Drinks will be furnished. Everyone is invited to attend. Gail Rucker, originally from Snyder, is a mission-

ary to the Lydia Patterson Institute in El Paso and will present a mission program during the morning worship service as well as speaking in the Children's Department during the Sunday School hour.

The Institute is supported by funds given by the First United Methodist Church as well as from other churches in the Big Spring district.

Jerry B. Byrd of the World Evangelism Foundation will be presenting the morning message at the First Baptist Church this morning (Sunday) at 10:50 a.m. Byrd, a pilot and flight instructor, has done volunteer work with deaf children, conducted several Bible study and Christian Training sessions with young people and adults. He is the vice president for Partnership Prepara-

tion with the World Evangelism Foundation having joined the foundation in 1975. A native of Dalhart, he graduated from McKinney High School in 1965 and from Baylor University in Waco, with a Bachelor of Business Administration in 1969. He spent two years in the Air Force as a pilot during which he became involved in working with deaf children. Everyone is invited to hear Jerry Byrd speak.

"The Followers," an evangelistic singing group, will be singing at Calvary Baptist Church this morning during the morning worship. Everyone is invited to attend. Services begin at 10:50 a.m.

The First Baptist Church Vacation Bible School clinic will be held Monday from 7-9:30 p.m. at the church.

Mr. and Mrs. Rex McKenney were hosts to members of the J.O.Y. Sunday School Class of First Baptist Church of Westbrook. Husbands were guests of the class members for the 7 p.m. pot luck supper. During a business meeting the class voted to sponsor a girl to camp at

Permian Basin Baptist Encampment near Stanton in June.

Attending were Mr. and Mrs. Charles Ranne, Mr. and Mrs. F. F. Brown, the Rev. and Mrs. Bob Manning, Mrs. Lee Shaw, Mr. and Mrs. W. A. Bell, Mrs. Altis Clemmer, a visitor, Mrs. Ruby Sweatt and Mr. and Mrs. McKenney.

Anderson Heads May Mental Health March

Mrs. A. G. Anderson is heading this year's fund drive for Mental Health in Westbrook. Bellinger marchers will go house-to-house during the month of May asking their neighbors to contribute to this cause.

The Mental Health Association in Texas works to prevent mental health problems through education. The association also acts as citizen lobbyists for better

treatment services. The Mental Health Association receives no government funds. The association must be supported through citizen contributions in order to continue its work.

For free information about mental health topics, such as how to deal with tension and stress, write to Mental Health Association in Texas, 103 Lantern Lane, Austin, Texas 79731.

TRAVIS TURNER and Mrs. Mary Ann Fincher were recognized April 10 for their leadership and other contributions to the 4-H program in Mitchell County. The two were among guests who received certificates of merit at a banquet sponsored by 10 electric cooperatives in the Texas 4-H Center near Lake Brownwood. County Extension Agents Barbara K. Williams and Bob Benson were at the Center for the recognition activities. The co-ops serve Mitchell County and 16 other counties in District 7 of the Texas Agricultural Extension Service.

JOHN MILLER (left), representative of the Church of God of Prophecy, presents a book entitled *These Stones Speak* to Mayor Marion Bassham Friday. Representatives from the Church of God of Prophecy conducted a census in Colorado City Saturday to determine the level of interest in beginning a church locally.

Sheryl Daun Named College Who's Who

Sheryl Hamrick Daun of Loraine has been named to Who's Who Among American Junior College Students for 1977-78 from Western Texas College. Students are nominated for Who's Who recognition by campus committees. Nomination is based on academic achievement, service to the community, leadership in extracurricular activities and future potential.

Mrs. Daun, the daughter of Mr. and Mrs. Bobby Hamrick of Loraine, is a sophomore Engineering Technology major at WTC.

She has selected the Electromechanical Technology option offered Engineering Technology students.

Mrs. Daun is secretary-treasurer of Eta Mu Theta, a campus organization for Engineering Technology students, and a member of Phi Theta Kappa, a national honor fraternity for students in junior colleges. In her spare time, she enjoys reading, skiing, painting, gardening, crocheting and making macrame.

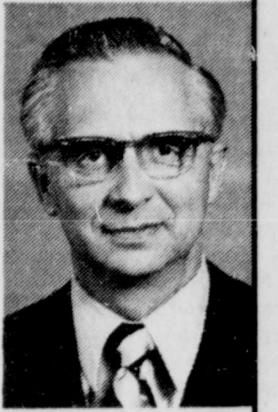

Her husband, Thomas Daun, Jr., is stationed at Dyess Air Force Base in Abilene.

GRADUATES—Paula Lee of Snyder, left, and Delos Wilson and Mrs. Kenneth Wilson of Colorado City have completed their studies in the cosmetology department at Western Texas College. They will take examinations for state licenses in Austin soon. Judy Border, cosmetology instructor, is interested in contacting persons who would like to enroll in her department and is also seeking a student instructor.

Bob Dickenson beats the dickens out of them all.

If you don't know Bob Dickenson, ask your lawyer which candidate is the best qualified.

Elect Bob Dickenson to the Court of Civil Appeals.

Political Advertising paid for by the Bob Dickenson Campaign Committee, Box 360, Abilene, Texas.

Westbrook Personal

By Mrs. Altis Clemmer

Friends surprising Faye Dorn with a birthday party at her home April 15 were Mrs. M. P. Dorn, Christine Bell, James and Lucille Jarratt, Jessie Dorn and daughters Dana and Teresa, Mrs. A. G. Anderson, Jabe and Virginia Whitley, Lee Ann, David, Sandy and Randy Anderson, Doris Downing of Big Spring and Sandra Rogers of Graham.

Mrs. G. C. Ranne of Midland is visiting her son and daughter-in-law, Mr. and Mrs. Charles Ranne.

Mr. and Mrs. Joe Gunn of Pecos were guests of her aunt, Mrs. A. C. Moody Friday.

Guests of Mrs. Altis Clemmer on Monday were Mr. and Mrs. S. W. Webster. Tuesday guests were Mr. and Mrs. Lance Reid of Cisco.

Mrs. P. E. Clawson is in Willis Point, a guest of her daughters, Mrs. Lillian Sullivan and Mrs. A. D. Sparks.

Kenneth Ellett underwent lung surgery at Methodist Hospital in Lubbock Tuesday.

D. J. Barber has returned from a visit in Monahan with his daughter and family, recuperating from a bout with pneumonia.

Word was received of the death of Mrs. Lee Brown of 4333 McKinney, Apt. 101, Dallas. She was a former longtime resident of Westbrook.

Surviving are her husband; a daughter, Violet Brown; a son Leroy Brown, all of Dallas.

"Conversations On Carpeting"

By Fred Butts

SPECIAL PROBLEMS

Last time we talked about special problems that can confront the carpet owner. Here are a few more.

PILLING is the formation of balls or "pills" of fiber on the surface of a carpet. It is caused by abrasion. If your carpet is showing signs of pilling, contact a professional carpet cleaner. He has special equipment to help correct this situation.

SPROUTING means that a tuft of carpeting has been raised above the rest of the pile by a shoe nail, pet claw or other sharp object. Never pull out these tufts. Instead, snip them with scissors so they're even with the rest of the pile.

INDENTATIONS occur when heavy furniture stands in one spot for a long time. Try moistening the area with warm water and brushing the pile back in place. Or, gently moisten the area with steam from a steam iron before brushing. Deep depressions can't always be removed so it's best to never let them happen. Always use glides or cups under heavy furniture pieces. Occasionally moving the furniture a few inches will help too.

For help in selecting carpeting that is especially suited to every room in your home, come in and see us today. Read these columns each week for more ideas on carpeting.

Gutierrez Is Caught By Local Law Officers

Cenobio Gutierrez, who escaped from Mitchell County Sheriff's Officers last Sunday while in Root Memorial Hospital is back in custody.

Gutierrez was sentenced March 25, 1977 for burglary and cattle theft and placed on probation. He was arrested and jailed again on Nov. 19, 1977 for parole violation involving a burglary in Sweetwater. He posted bail and was released. He was arrested again Feb. 18 for jumping bail.

He had been admitted to the hospital several different times during his detention due to an epileptic condition. No guard was posted and deputies checked on him periodically.

Sunday evening hospital staff members notified the department that Gutierrez disconnected the intravenous needle and walked out of the hospital. He was seen getting into a car with another man and driving away.

An alert was sent out for the escaped man covering most points in the state. Several different reports were received and followed up by the Sheriff's Department on the possible location of the prisoner.

Program Is Set For Tuesday

Family communication, it's more than talking and listening. This will be the topic of a program for teenagers and adults to be presented Tuesday at 2:30-4 p.m. and 7-9 p.m. in the C. C. Thompson Room at the City National Bank Annex.

The program will be sponsored by the Mitchell County Home Demonstration Council and Texas Agricultural Extension Service.

Benefit Concert For Woodland

Five Country Western Bands will be playing Saturday at the Lone Wolf Co-opatorium on the Robert Lee Highway at 7 p.m.

A family style show, sponsored by The Mitchell County Retarded Citizens and Woodland Activity Center, everyone is invited to attend.

Admission is free but donations for any amount will be accepted when the bucket is passed during the show.

Each band will play for an hour and will include some of the most popular country western songs.

Included in the concert will be The Country Travelers with Miss Cindy Halloway. This band is currently appearing at the Globe in Odessa and the members are from Roby. They have been playing together for four years.

The Pearson Family will offer some real get down bluegrass music played by Pearson and his four daughters. This great musical combo has been featured

Thursday afternoon Sheriff Bill McGuire received a report from a confidential informant that Gutierrez was in a farm house in northeast Martin County.

McGuire sent Deputies Jim Reynaud and Wendell Bryant to the county to assist in a search led by Martin County Sheriff's Deputy Charles Sebastian. Also assisting were Department of Public Safety officers from Big Spring and Stanton and a Texas Ranger from the Big Spring area.

Fire Reports

--April 15, 1:45 p.m. - washed down gasoline from a drive at 6th and Walnut.

--April 16, 2:20 p.m. - grass fire milemarker 200.

--April 19, 10:10 a.m. - grass fire west of Westbrook.

--April 19, 12:10 p.m. - return west of Westbrook.

--April 19, 5:30 p.m. - return west of Westbrook.

--April 19, 7:30 p.m. - return west of Westbrook.

--April 21, 8:27 a.m. - grass fire on Fuller Place.

--April 25, 1:35 p.m. - grass fire south of Cattle-men's on the railroad.

--April 27, 12:45 p.m. - car fire at the old depot.

--April 27, 7:15 p.m. - stump fire on Fairmont Street.

tip

If you use extension cords in your home be sure you do not overload them.

License Office To Be Closed

The Drivers License Division of the Department of Public Safety will be closed May 4-5, May 8-9 and May 11-12.

The office will be open all day Wednesday May 10.

Gutierrez was located with two of his brothers three miles south of Ackery in a shed behind a farm house. Officers took him into custody Thursday afternoon without a struggle and returned him to the Mitchell County Jail where he is described as in weak-but good condition.

Wolves Qualify For Finals

In the regional track meet held in Lubbock Friday and Saturday, the Wolves qualified for the finals in four different running events.

Ricky Sanchez had the third best time-14.8-in the 120 yard high hurdles, qualifying him for the final competition. He also qualified in the 300 intermediate hurdles, running in fourth with a time of 40.2.

In the 440 yard dash, Frank Sanchez had the eighth best time of 51.6, qualifying him for the finals.

The mile relay team comprised of Frank Sanchez, J. D. Lewis, Ruben Garcia and Ricky Sanchez placed third with a time of 3:24.6, offering them a stab at the finals.

Other Wolves competing in the regional contest included Lewis in the 880, Gary Hulme in the 800, and Mike Johnson and Garcia in the mile. Results of those events were not known at press time.

Tracksters taking either first or second place in the regional finals will compete in the state contest in Austin.

Gonzalez In Good Condition

A Colorado City man, apparently shot in the back with a small caliber pistol Thursday evening, is in good condition in a Sweetwater hospital.

Manuel Gonzalez, 32, of Colorado City was treated in Root Memorial Hospital about 10:47 p.m. Thursday with gunshot wounds. The hospital, which by law is required to report such incidents, contacted Colorado City Police.

Police Chief Fred McWhorter stated upon investigation it was discovered that Gonzalez was wounded at a residence on the 1800 block of Colorado Street.

Arrested and arraigned on charges of criminal intent to murder is Edward M. Orona, 38, of Colorado City. Orona appeared before Justice of the Peace Henry Doss and bond was set and posted at \$7,500.

McWhorter stated that a woman, believed to be a witness to the shooting, is being questioned as investigation into the case continues.

Gonzalez was transferred by ambulance to Rolling Plains Hospital in Sweetwater last Thursday evening.

SHIRLEY SMITH (left) and Jino Randle will be competing in the state track competition in Austin this week. Miss Smith qualified for state when she took first in the regional competition in the discus event. Miss Randle took second in the shot at regionals, qualifying her for the state contest.

★ STENHOLM, from page 1

major concerns: inflation, energy, agriculture, senior citizens and government regulations.

Stenholm announced a four point program last December in which he dealt with the problems of agriculture. He continues to back this program. "More government in agriculture is not the answer. Improved marketing is the only long term solution. Wildly fluctuating prices hurt all people and can destroy the individual producer," said Stenholm.

Point number one of his proposal is that farmers should curtail all sales of non-perishable commodities at current prices. Farmers should then agree on an orderly marketing plan and draw on the abilities of all talents available. This plan should include a pricing structure that includes a reasonable profit and be consistent with domestic and foreign competitive factors.

"A reasonable profit may or may not reflect 100 per cent of parity, depending upon the commodity and competition. The government should not be involved in subsidizing the market," noted Stenholm.

In point number two, Stenholm says that "any practical long-range solution demands reducing production to bring supply in line with demands." He advocates a 25 per cent set aside for all major crops.

Point number three calls for an expanded effort using all available resources to increase foreign sales of farm commodities at profitable prices to any country that wishes to trade.

In point number four, Stenholm calls for "full and speedy implementation of present USDA efforts to build reserves owned by farmers on the farm or stored in local independent grain warehouses to provide a cushion for drought and other natural disasters."

"The solutions must be achieved under our free enterprise system, and be for the good of every citizen of our country," stated Stenholm.

Concerning energy, Stenholm said, "The crisis in supply is that, while we purchase what we need, what we buy is more and more supplied by foreign producers at far higher prices than what our domestic producers can charge under federal regulations."

"Such a pricing policy on the part of the federal government discourages our producers from finding new supplies of natural gas, something that is necessary if we are going to reduce our dependence on foreign supplies," Stenholm said.

"We must work toward reducing consumption, while at the same time removing federal regulations on the price of oil and gas," added Stenholm. By reducing consumption and removing price controls at the same time, "we give incentive to domestic producers to produce more, find new sources of oil and gas, and allow them to supply an even larger percentage of the domestic market," he commented.

Stenholm believes that inflation is one of the

nation's biggest problems; and he is a strong advocate of the free enterprise system.

"Congress needs to pay attention to the impact of the laws it passes on private industry and business. Whenever private business has to fill out forms and use man hours and money to comply with federal laws and regulations, then businessmen must charge more for the goods and services they sell in order to make up the difference," stated Stenholm.

"People are fed up with paper work created by government bureaucracy," he said.

"The merits of any federal program can be diminished if the cost of administering it reduces the benefits to the people. Programs should not be designed to increase federal payrolls under the guise of helping the people," Stenholm said.

"We are at a turning point in America's history," he continued. "We can either continue the centralizing, inflationary, and freedom-stifling policies which have caused so many of our present problems, or we can return to the principles of limited government, sound fiscal policy, and personal responsibility that have been the source of our country's greatness from its birth. We have a crucial choice, but all hopes for our future hinges on that choice," he said.

Stenholm is also concerned about the possibility of Veterans Administration being placed under HEW. He supports the veterans' position of retaining the VA as a separate organization. He also feels that the VA hospitals should remain under the control of the VA.

"People were made promises when they entered the Armed Forces. These promises should be kept," stated Stenholm.

Regarding America's defense system, Stenholm believes that "we should work hard to make our nation number one and keep it number one."

Stenholm recognizes that senior citizens are a vital part of the US population. "We must make our social security system secure and keep down hospital costs," he said.

Other beliefs of Stenholm include: maximum control by local school boards, opposition to gun control, the recognition of youth as a vital segment of America's population, and remembering that the individual is important in today's society.

Stenholm holds a M.S. in agricultural education from Texas Tech University. An active farmer, he has taught vocational agriculture education. For nine and one half years, he was the general manager of Stamford Electric Cooperative, president of the Rolling Plains Cotton Growers and president of the Stamford Chamber of Commerce.

★ GODFREY, from page 1

citizen, as a small businessman, as a rancher and as a spokesman for West Texas is extraordinary. He sets high standards and then goes all out to achieve them.

An ethical man of strong personal convictions, Fike Godfrey believes every individual's feelings and opinions are important no matter what their position, political or personal beliefs. He has always had a deep appreciation for the rights and feelings of others.

He is no newcomer to national affairs. All of his adult life he has actively been engaged in agricultural educational, state and national affairs.

Fike Godfrey knows that inflation and constantly rising prices must be stopped. To do this wasteful government spending, foolish and unnecessary federal regulations and constant increases in federal taxes both direct and hidden must be stopped.

He knows how tough it is to provide for a home and to raise a family because he has usually held two or three jobs at a time to do it.

He will examine very carefully any proposed new federal spending measures or more federal regulations for waste, for real need, and for the full consequences to the people.

Fike Godfrey believes there are too many bureaucratic chiefs in Washington who feel they can run our lives better than we can.

These people try to solve all our problems through wasteful spending of more tax money and by issuing more and more foolish and unneeded federal regulations. They succeed only in ballooning taxes and the size of government and further harrassing the people and thus continually forcing prices higher and raising the cost of living.

The important things are given little or no consideration, such as: stopping inflation and continually rising prices and taxes.

Creating more jobs and profit opportunities in privately owned businesses.

Increasing the profit opportunities for our farmers and ranchers.

Letting the people in the private sector, who know how, get on with the solution to the nations energy problem.

Dealing firmly and effectively with crime and drugs.

Maintaining a strong national defense.

Rewarding those Americans who will work and prosecuting the welfare cheats and chiselers.

Fike Godfrey believes in the "speak softly and carry a big stick" concept of national defense and he knows that only a strong defense force will deter aggression by America's enemies.

Fike believes we have to get tough with law break-

ers instead of coddling them and turning them loose after only token punishment, to victimize others.

He believes that people who work should be rewarded and those who won't work should not be paid by the federal government not to work. Fike Godfrey believes the Welfare program should be reformed so that those who can't work and really need help can get it and the cheats and chiselers are prosecuted vigorously.

Fike Godfrey believes our Senior Citizens should be assured that they can live their remaining years in dignity and security.

He believes that if the federal government will help, instead of hindering, the people in the private sector, who know how to solve the nation's energy problem, the initiative and ingenuity of the private sector can solve this problem in the time-proven American Free Enterprise way.

Fike Godfrey is a strong believer in the principals that made America great, high moral standards, hard work, freedom from excessive federal government harrassment for the individual, more and better jobs and profit opportunities and patriotism.

The Godfreys have had a continuing interest in the 17th District ever since Fike's grandfather first settled near Truby, Jones County in the late 1890's.

Fike Godfrey has confidence in the people of the district, their communities, their abilities, their independent attitude and their common sense. He will represent those qualities in Congress.

As a life long farmer and rancher, Fike Godfrey knows their problems all too well...low prices, high cost, drought, and interference by the federal government and the vital importance of a plentiful supply of food and fiber produced by farmers and ranchers who must have the opportunity to make a decent profit from their labor and investment.

Fike Godfrey was one of those who led the way in insisting that we in this area have a superior vocational educational program for our children. He has for years been active in helping achieve better educational facilities at the local, junior college, college and university level. He is a firm believer in maintaining a strong private educational system in the nation.

Because of his broad experience, proven abilities, mature judgement and insistence on the facts, he is better equipped to enter Congress than most freshmen and better able immediately to make the decisions that are right for the people of the district.

Fike Godfrey knows the people of the district and understands the needs of every community because of his work with and for

them for the past seven years as Executive Vice President of the West Texas Chamber of Commerce.

One of the things Fike knows best is how to work with large numbers of people. Once in office he will continue to keep in contact with the people of the district. Fike Godfrey's decisions in office will be based on the facts, his moral standards and what he finds, through this close contact, is right for the people of the district.

Fike Godfrey has spent a large part of his adult life working for and with people. He already knows his way around Washington and the federal government processes.

If you want your Congressman to:

--Become concerned with the problems of the average person.

--Be honest and have integrity.

--Be effective.

--Be committed to creating an efficient, responsive Washington government.

--Be independent, speak out, and bring some common sense to Washington.

--Do the right thing for the district in difficult situations.

Then Fike Godfrey will make you, your kind of Congressman. He knows how to work for you! He will work for you!

Softball Practice Tomorrow

Mitchell County Girls Softball Association League will begin practicing tomorrow (Monday).

According to Coleen Palmer, player representative for the league, about 75 girls have registered to play on the six teams.

The league has been divided into three divisions. Division I is comprised of three teams and is for girls ages 8-10. Girls who are 11-13 will play in Division II, which has two teams. In Division III, there is one team for girls ages 14-16.

Mrs. Palmer noted that anyone who is interested in assisting with the league should contact either her or David Hancock, league president.

Games will begin May 15 and will be played at a field south of the little league field at Ruddick Park.

Teachers Compete Tuesday

The Challenge of the Teachers Track Meet will be held Tuesday from 5:30-7:30 p.m. in Wolf Stadium.

Two teams will be competing--the Senior Citizens, made up of Colorado High School teachers and the Junior Citizens, composed of a combination of teachers from Kelley Elementary, Hutchinson Elementary and Middle School.

Sponsored by the High School Quill and Scroll, tickets are \$1 for adults and high school students and 50¢ for students under eighth grade.

Fourteen events have been scheduled. Ten of the races are fun-oriented and promise to entertain. Four races will be serious running events.

According to Peggy Welch, Quill and Scroll sponsor, there has been a good response as some 60 teachers have signed up to participate.

Events scheduled include a bicycle mile relay race, frisbee throw, three-legged race, egg toss, balloon bust, dizzy lizzy, tug-of-war, jump rope contest and pie eating contest. Running events planned are the mile relay, 440 relay, 100 yard dash and 440 yard run.

"It should prove an interesting evening. Students should take this golden opportunity to see their teachers in a different role," noted Miss Welch. Tickets may be purchased in advance from any Quill and Scroll member or at the gate of Wolf Stadium Tuesday night.

Board Approves Repeat Officers

Apparently the Mitchell County hospital board is pretty well satisfied with the way things are going. At least that appeared to be the case Tuesday night when the board met in regular session to canvass elections, swear in new members, elect officers and appoint committees.

Incumbents Bob Reilly, Murrell Blassingame and T. C. Moore took the oath to serve another term. By acclamation, the board elected to repeat the slate of officers from last year: Blassingame, president; Moore, vice presi-

dent, and Reilly, secretary. By unanimous approval, the committees from last year will stand. They include:

- Executive: Blassingame, Moore and Reilly.
- Finance: Bobby Lemons, Reilly and Moore.
- Building and maintenance: Hubert Mearse, Preston Morris and Willie Landau.
- Joint conference: Blassingame and Charles Root, hospital administrator.
- Ambulance board: Reilly.

In other business, Root

reviewed his proposed ambulance service plan with the board.

In order to alleviate the stress on the police department caused by current ambulance operations, Root has proposed that the hospital assume the responsibility. The board accepted the proposal unanimously.

June 1 is the tentative date set for the proposed ambulance service to begin operations, pending acceptance by the city council and the county commissioners.

Setting the tax rate was another item of business transacted by the hospital board Tuesday night.

The board voted to keep the tax rate at 75¢ per \$100 of property value.

Root announced that the bid accepted by the board for carpeting areas of the hospital must be reopened. The board accepted a bid in February but because the type of carpeting the board approved does not meet the fire resistance requirements set by the health department, another type must be ordered.

Other legislation passed by the board was the motion to purchase a close circuit television system for the hospital.

Root explained that because the hospital lobby is not visible from the nurses station, items are sometimes stolen from the lobby.

For a cost of \$1,700, the camera will be installed in the lobby and a viewer posted at the nurses station.

In final business, the board voted to set the summer meeting time at 8 p.m., in adherence with daylight savings time.

Local Police Request Translators

Colorado City Police have recently run into several incidents where persons requiring assistance or were arrested have not been able to converse with the officers because of language differences.

Police Chief Fred McWhorter has asked that any person speaking, Iranian, French, German, Czechoslovakian or Italian and willing to assist the police in the event of an emergency situation, please contact the office at 728-5294.

McWhorter emphasized that persons would only be contacted to interpret in the event it was absolutely necessary.

★ BAUM, from page 1

forward to encourage additional exploration. Congressional indecision is stifling capital investment and today's capital investments are tomorrow's jobs.

"Our next Congressman needs to be the voice of agriculture as one of the few remaining representatives from an agricultural area. I will work closely with farmers from our District to see that they have in-put into future farm programs. One of my staff members will be a farmer with actual agricultural experience. My stand on fair agriculture prices is 100% parity through mandatory acreage controls. The day of our farmers over-producing which results in surpluses should come to an end. Taxpayers don't want subsidies for farmers. All farmers are asking for is a fair price, not a subsidy.

"The trend of deficit spending should immediately be reversed. I propose a Constitutional amendment prohibiting the Federal government from spending more than it takes in (except in a national emergency).

"We have to realize that every time another bill is passed it leads to additional regulations. Future laws should not leave great discretion to bureaucrats. When Congress passes a law it stipulates 'as may be promulgated by the Secretary.' This leads to Congress having to rescind regulations. Laws which will ultimately involve undue regulations should be vigorously opposed. Our elected representatives must remember that government doesn't solve problems; it creates the problems.

"There are definitely elements of President Carter's goal of trimming bureaucracy which will work. But, it will require the cooperation of Congress, plus a battle with the nation's biggest lobby...the bureaucrats themselves. Cabinet members should take the lead in demanding fewer regulations from their departments. A moratorium should be declared on hiring additional bureaucrats. We need less regulations, not more bureaucrats. Supervisors should have more leeway in firing incompetent employees. And a more rigid promotion system should be applied to keep merit raises from going to those who merely show up for work to collect their paychecks.

"The basic problem with our Social Security system is it now has too much welfare in it. Congress should conduct an in-depth study to determine future needs and goals. Meanwhile, such payments as disability should be funded from the general fund or HEW with Social Security taxes cut back to help middle income families. And a final suggestion: why not make Congressmen and Senators pay Social Security if they're so fond of the mess they've created?

"I feel very strongly that a stronger national defense should be one of our top priorities. I subscribe to the adage that the best defense is a good offense. We must face up to the fact the Soviet Union is building up its armaments. Post Viet Nam mentality should not force us into isolationism. Our first step should come at the Salt Talks. We should insist that any new agreement will include an increase in U.S. strategic offensive capability. As our next Congressman, I would fight any unilateral moves which weaken our military posture.

"Sound national government policies to me mean an end to deficit spending, a stronger national defense, a true energy program, a farm program that gives farmers a chance to make profits and less government involvement in our daily lives, the biggest obstacle I anticipate will be convincing liberal colleagues that this nation, with all its resources, isn't wealthy enough to take care of every citizen. We already have more govern-

ment than most of us can afford. The best way to remove obstacles is to vote them out of office.

"I am opposed to National Health Insurance. Backers of the plan claim it would be 'phased in' over a period of years. To me, that's how the Federal Government launched Social Security, which is neither social nor secure. I WOULD give some consideration to a National Health plan which includes a role for private insurance companies.

"Three areas of concern to me have not surfaced during this election. First is Foreign Policy. Second is needs of the elderly. And third, veterans' benefits.

★ SNOWDEN, from page 1

nued by deficit spending. This has brought about a crisis for farmers. Production costs continued to mount while prices received by the farmer failed to keep pace with inflationary costs and in some cases have declined.

"Agriculture is the basis of a sound economy and should be the concern of everyone. I would work toward better prices for farm products, lower production costs and access to foreign markets. I would like to see the welfare program revised and administered more effectively to eliminate those from the welfare rolls that are able but unwilling to work.

"One of our main problems today is the growing bureaucracy which is issuing more regulations every day than most people can keep up with. One of the reasons the bureaucracy continues to flood the country with regulations is that it helps to build even greater bureaucracy. The more regulations a particular agency issues means more employees the agency chief will get to help administer them and the more employees he gets means an increase in pay for him because of the added responsibility. There is a never ending chain of promotions and higher pay as the bureaucracy grows. The key issues facing the next Congress will continue to be inflation, energy, agriculture, national defense and welfare reform.

"I believe I have a better understanding of the federal government, especially the bureaucracy, than any other candidate due to 20 years service in the U.S. Army and 14 years with the U.S. Civil Service. During my military service I gained experience in the capability of military aircraft as a B-17 and B-25 pilot during WWII. I gained expertise in the guided missile field through training in missile systems and teaching electronic guided missile systems at the U.S. Army Guided Missile Center, Ft. Bliss, TX. I served with the Counter Intelligence Corps for a period of 5 years and definitely understand the long range objections of the Communists for world domination. I worked 14 years for the U.S. Civil Service, most of which was connected with publications, records and forms as the Base Documentation Manager. This gave me an in-depth under-

standing of the magnitude of problems created by over-regulation and unnecessary reports.

"One of my primary responsibilities was the inspection of all records on base on an annual basis with a view to eliminating unnecessary reports, records and regulations.

"I was elected to 5 two-year terms as Mayor of Tye and served the past two years on the City Council. This has been valuable experience in learning to deal with the problems of the city as well as working with a legislative body even though it was only a City Council.

"My character and integrity are a matter of record with the federal government since my jobs the past 25 years required a top secret clearance. I served as a courier of top secret material for several years, as an additional duty, which required the most detailed investigation by the FBI of any position since I was handling our nation's most precious secrets.

"I was a stock farmer and pork producer for 10 years and can identify with the problems of farmers and ranchers. I have had an intense interest in world events and America's role in them since the bombing of Pearl Harbor. I believe America has a definite world leadership role and must remain strong to maintain our position. To do this we must all work together to overcome our internal problems. Because of my deep concern and conviction in these matters, I believe I could give the strong leadership we desperately need at this time.

Jim Snowden

Clocks Move Up One Hour

If you didn't change your clock last night (Saturday) before going to sleep, you'll probably be a little late today--like about an hour.

Today (Sunday) marks the beginning of daylight savings time. Clocks should be moved up one hour. Thus, if your clock reads 7:30, change it to 8:30 so you'll be on time.

Fire Destroys Vacant House

A vacant house was burnt to the ground Wednesday night and Colorado City Volunteer Firemen battled the flames for more than two hours.

At 8:35 p.m. Wednesday, firemen were called to Fairmont Street where, according to Fireman Dale Mathis, "The house was totally engulfed in flames."

Firemen attempted to plug hoses into a hydrant, but the hydrant was apparently connected to a small water line.

"There wasn't enough pressure," said Fireman Ernest Castillo.

Thus, the crew moved down the block and hooked up to another fire hydrant and the water began flowing. Firemen were able to

contain the blaze and keep it from spreading to houses surrounding it.

Some 20 men were reported to have fought the fire, which was finally snuffed out at 10:46 p.m.

Jury Duty Changed

Jury duty for the District Court originally scheduled for Monday (May 3) morning has been changed to Tuesday (May 4). Persons requested to appear on Monday originally are asked to be on the third floor of the Court House Tuesday at 9 a.m.

★ RHODES, from page 1

should ascertain why more dynamic and immediate efforts have not and are not being made to sell our surplus food items in the international marketplace. This action taken by the joint session of Congress, by means of a resolution, can immediately place domestic and international political persuasion upon foreign countries to equally share the responsibility of purchasing our products that the farmer produces.

"The members of Congress representing the agricultural areas of our country should band together as one and negotiate with the Congressmen from other areas of the country to give the farmer and the producer of food and fiber an equal bargaining power with other products throughout the United States. The next solution is to obtain and provide for the farmer a fair price for his product. The greatest need of the farmer today is to have an advocate in the Halls of Congress who will listen to the needs of the farmer and be effective with other congressmen for the benefit of the farmer. We need a coherent, predictable and stable government policy relating to farming and production of food and fiber. The second greatest need is a demand in the Halls of Congress for proper coordination among our Departments of Agriculture, Commerce, Interior and Defense; and many of the countless agencies, boards and bureaus that make decisions affecting agricultural policy.

"As far as energy is concerned, in my opinion, deregulation of interstate marketing of domestic oil and natural gas would result in base rate competition with foreign supplies, with consequent conservation, expiration and development of all available resources, domestically. Realistic marketing and use of finite resources result in speedier development of cost-competitive infinite energy sources and further conservation of those which are depleting. The private sector of our national oil and gas industry through the free enterprise system, if allowed to produce free of government interference, will better find the alternative sources of energy to be used by our country. I am committed to deregulation of oil and gas for many reasons. First, it will let the free enterprise system work. Second, it will help solve the energy crisis by increasing production. Third, it will attract needed capital. Fourth, it will increase employment. Fifth, it will keep our dollars in America and strengthen our nation's economy. Sixth, it will enhance our nation's security, and seventh, it will provide private capital for research and development of alternate energy sources. These reasons do not preclude the need for an energy program. We can't sit like the ostrich with our heads in the sand. I believe we need an energy program. Our country needs it. But we do not need, or want, a program which stifles an important national industry. We must realize that once controls are exercised over the oil and gas industry, then of the automobile industry, and the next step will be greater control of small businesses.

"I feel that I am qualified to represent the 17th Congressional District in Washington. I have been an attorney in Abilene, Texas since 1960. I have been in private practice representing corporations, small businessmen and individuals. My legal experience extends to preparation of contracts, business negotiations, corporate advice, and representation of individuals and businesses in courts in the State of Texas and federal courts throughout many states in the United States. I have lectured in government at Abilene Christian University. I have been a member of other civic organizations and boards of directors. I

have served as Chairman of the Board of State National Bank at Iowa Park and currently serve as a board member of the Citizens National Bank in Abilene, Texas. I also serve as Chairman of the Board of Gibson Products, Inc. of Duncanville, Texas, and of Hale Farm Supply of Haskell, Texas. I also am President of two oil companies and am active in drilling and exploration for oil and gas in West Texas. I also have for years had interests in farming and ranching in the states of Texas and Oklahoma.

The people of the 17th Congressional District are entitled to a representative who cares about them...one who can and will work for the needs and interest of the people who elect him, who is capable and competent in the legislative arena, and not one who is so wedded to some factional political doctrine that the voices of his constituency go unheard and unheeded.

"Inflation and the strength of the economy is another principal issue. I believe that inflation is a challenge of our times and it will require aggressive and determined effort to convince not only other Congressmen but many people throughout our country that this cancer, too, can be cured. The energy problem looms as a significant issue. The farming problem cries for a solution. The problems of our older citizens are significant. All these issues demand that the people of the 17th District elect a person who cares and is willing to spend his time, energies and effort to help these problems. The Congress needs a critic and I intend to be that critic."

A. L. (Dusty) Rhodes

★ BASSHAM, from page 1

want it run.

"I would like to tell you a little about the work that we do in this office. When you bring an instrument in, we stamp a file number on it, file date with time of day, the amount paid and make out a receipt. We then place this information on a daily card. The return address is written on the instrument and it is then registered in the Register Book. The instrument is given a Volume and Page, recorded, the Clerk's Certificate placed on it, then indexed both direct and reverse. The final steps are then to check off the instrument on the register book and mail it to the party to whom it is to be returned.

Other duties are: taking Commissioners Court minutes once each month; the Criminal Minutes are taken care of by all of the Deputies in the office, not just one.

"Here are a few of the instruments that we have in this Office: Deeds, Deed of Trust, Mechanic's Liens, State Tax Liens, Power of Attorney, Federal Tax Liens, Finance Statements, Birth Certificates, Death Certificates, Maps, Probate Records, Army Discharges, Judgment Records, Bond, Field Notes, Small Claims, Assumed Names, Bill of Sale, Lis Pendens, Elections, Contract Records, Water Permits, Probation Records, Criminal Records, County Jury, Juvenile Records. We also sign all checks, draw jury list for County Court, make certified copies, issue marriage licenses, handle the election for absentee voting, and then we handle all of the November election and order all supplies for that election. We also handle Brands, Redemption Records, Small Estates, and Civil Records and quite a few more things. It takes a lot of experience to run this office.

"I will appreciate your vote and influence in the coming election of May 6, 1978.

"Thank you very much."

Marie Bassham
For County Clerk

15,000 dresses were shipped Friday from Colorado City Manufacturing to the Jerrell Press headquarters in Dallas. This ended up the summer season sewing for the local plant with workers putting in about 600 overtime hours. This was the single biggest shipment for the local plant, managed by Jo Denson. The dresses retail for an average of \$38 each, representing a shipment with a value of \$570,000. Linda Rivera, supervisor, is pictured with part of the shipment.

Self Culture Study Club Views Program On Crime Prevention

Police Chief Fred McWhorter presented a film on Crime Prevention at the Thursday meeting of the Self Culture Study Club in the home of Mrs. A. A. Herrington, 342 E. 9th St. Co-hosting the meeting with Mrs. Herrington was Mrs. Wilford Fox.

The film was instructive in relating what to do when you are about to be attacked, have your purse

snatched or receive an obscene phone call; as well as tips on how to prevent them from happening.

Suggestions included placing a whistle by your phone and blow it directly into the receiver to discourage the obscene caller (use cotton for your ears); Spill the contents of your purse on the ground immediately calling for help or to draw attention to yourself so that someone can help you if you feel that someone is trying to get your purse. Right and wrong methods of defending oneself were given with a warning note that it is in most cases not to your advantage to make the assailant angry.

The group was also told that the police spotlight check neighborhoods at night for the safety of the residents. Police Chief McWhorter also made the statement that he thought it wise to keep a dog either in the house or in the yard to warn of intruders by their bark, and to frighten a would-be intruder.

Attending this meeting were Mrs. Les Watson, Mrs. E. J. Stockton, Mrs. Wilford Fox, Mrs. John

Brown, Mrs. Charles Williams, Mrs. Leslie A. Keith, Mrs. L. B. Elliott, Mrs. E. L. Tiller, Mrs. Jess Small, Mrs. R. M. Reed, Mrs. A. A. Herrington and Fred McWhorter.

Refreshments of cheese sandwiches, cookies, cheese twists and peach punch were served to the members and guest.

Mrs. Earl Brown will tell of her experiences in Alaska at the May 5 meeting of the club. It will begin with a salad supper in the home of Mrs. R. M. Reed, 723 Locust St., at 7 p.m. Husbands and guests of the members are also invited to this special program.

Pieper Is Dealer

Gary Pieper, 29, a native of Loraine and now a farmer in the Loraine area, has been named an agent dealer for Coker Cotton Seed.

Pieper, son of Mr. and Mrs. D. M. Pieper, is in his seventh crop year as a farmer.

He was born in Loraine and attended school in Roscoe. He went on to get a degree in agronomy from Texas Tech and returned to his Mitchell County farm.

He has grown Coker varieties of cotton seed and has Coker 5110 and 312 available for sale at his farm now. His phone number is 766-3671.

★ BEACH, from page 1

"A friendly atmosphere is necessary in any public office. While working there I enjoyed showing students of different schools through the County Clerk's office. I feel that their getting acquainted with the various types of records in this office will benefit them in later years.

"From my past experience, I feel that I have proven my ability to carry out the duties of this office. The people of Mitchell County are entitled to a County Clerk who will take an active part in the duties of that office. I would be this kind of County Clerk.

"Thank you." Joan Beach

FHA Presents Final Review

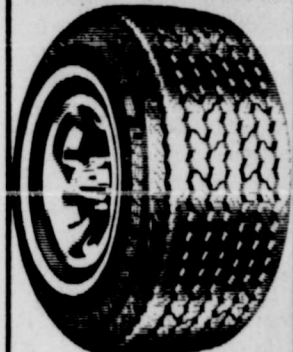

Loraine High School FHA members and home-making students will be presenting their final review Tuesday evening at 7:30 p.m. in the LHS cafeteria. The public is invited to attend.

The theme of this year's review will be the May Festival, and will include modeling, installation of officers and presentation of awards.

Loraine Squad Chosen

Next year's high school cheerleading squad for Loraine High School has been selected.

Jill Linam, Tracy Beights, Margaret Munoz and Emma Garcia were chosen by a panel of judges Wednesday.

For the junior high, Leslie Rose, Melissa Clifton, Stephanie McAdams and Christi Moreno were selected as next year's cheerleading squad.

NEXT YEAR'S Middle School cheerleaders will be (left to right) Pam Wilson, Kim Moore, Mickie Palmer, Patricia Martinez, Robyn Turner and Loretta Morris.

Auxiliary Contributes \$50 To Band

The Colorado High School band received a \$50 contribution from the Ladies Auxiliary of VFW Post #9178 during a recent business meeting of the Auxiliary Thursday.

A check for \$25 was also donated to the Woodland School. An announcement was made informing members of the District VFW Convention in Snyder next weekend. Several local VFW members plan to attend.

We are voting for

DUSTY RHODES FOR CONGRESS 17th DISTRICT OF TEXAS

Because we believe that he is the best qualified man in the race and because we believe that he can do the best job for our District in Washington, D.C.

Ginny Rivera, Freddie Rivera Exchange Wedding Vows In St. Ann's Catholic Church

Miss Ginny Rivera, daughter of Mr. and Mrs. Jose Luis Rivera of 420 West 9th St., became the bride of Freddie Rivera, son of Mr. and Mrs. Enrique Rivera of 521 Jefferson, in a

double ring ceremony set in St. Ann's Catholic Church April 22.

Father John Busch, the priest at St. Ann's, performed the 10 a.m. vows. Two baskets of yellow

and lime green flowers posed on either side of the altar pillars on which the couple knelt. The arch above them was decorated with yellow garlands and yellow silk flowers. Church pews were accented with large yellow bows.

Wedding music was provided by Ann Gregory at the organ, who performed selections including "Twelfth of Never," "Only You," "Wedding March," and "Bridal Chorus."

The bride, who was presented in marriage by her father, was attired in a formal length wedding gown of white satin batiste featuring an empire waistline. The bodice was trimmed with lace and ribbon accenting the scalloped neckline. The long sleeves were trimmed in lace.

The hemline of the gown extended into a long train edged in lace. The bride's veil was created of tulle lace. She carried a bouquet of cascading white silk flowers with a touch of yellow.

Serving the bride as maid of honor and matron of honor were Angie Rivera, sister of the bride, and Alva Franco, respec-

tively. Bridesmaids were Adela Franco of Whiteface; Juanita Franco, Bruna Franco, Diana Franco and Debbie Martinez, all of Amarillo; Ida Salazar, Amelia Franco, Dora Alvarez, Mary Gaona, Rosa Gutierrez, Mary Alvarez, Julie Rivera, Bertha Arispe, Elizabeth Godina, Irene Rivera, Vicky Franco, Elma Torrez, Lydia Mendoza, Anita Rivera, Yolanda Martinez, Anita Heredia, Leticia Martinez, Belinda Molina, all of Colorado City; and Mary Guerrero and Mary Briseno, both of Snyder.

The bridal attendants wore floor-length sundresses made of sophisticated satin with lace on the straps. They wore a shawl of the same material and carried fresh carnations mingled with baby's breath. Each used yellow flowers for hair adornments.

Flower girls Lori Heredia and Audelia Rivera carried baskets filled with yellow flower petals and bows. Trainbearers were Amy Reyes and Gloria Rivera. Ringbearers were Arthur Rivera, Jr. and Melissa Rivera. Damas

were Margie Alvarez and Delia Rivera.

Best man was Roy Franco. Groomsmen were Alfred Franco of Whiteface, Refugio Franco, Richard Franco, Luis Franco and Salvador Martinez of Amarillo; Juan Salazar, Jesse Franco, Abel Alvarez, Vicente Gaona, Juan Gutierrez, Armand Alvarez, Sabino Rivera, Tommy Martinez, Lupe Garcia, Felix Franco, Ricky Ornelas, David Godina, David Alvarez, Tommy DeLoera, Joe Rivera, Ricky Molina, Haskel Rogers, all of Colo-

rado City; Rudy Esquivel, Catarino Guerra and Oscar Ramirez, all of Snyder; and Mundo Romero of Midland.

The wedding reception was held at the Colorado City Civic Center. Two vases of fresh yellow carnations with baby's breath were at each side of the cake at the couple's table.

For their honeymoon trip to San Antonio, the bride chose a blue sundress for her going-away outfit. Upon return, the couple will reside in Colorado City where the groom is em-

Engagement Announced
Georgeann Smith, Dan Truelove

Smith, Truelove Set June Wedding Date

Mr. and Mrs. D. M. Smith of 944 East 17th Street wish to announce the engagement and approaching marriage of their daughter, Georgeann, to Daniel Truelove, son of Mr. and Mrs. Dan Truelove, also of Colorado City.

The wedding ceremony will take place June 17 in the First United Methodist Church here in Colorado

City. The couple plans to make their home in Odessa following the ceremony.

Miss Smith is a 1977 graduate of Westbrook High School and is currently attending Western Texas College in Snyder.

Truelove is a 1975 graduate of Spearman High School and attended Clarendon Jr. College. He is presently employed with the Pure Water People in Big Spring.

Don't try to install a water heater by yourself

Let us lend a hand

We're licensed professional plumbers. We have knowledge, skills and tools to put a new State Water Heater in your home... the right way. So we'll do the hard part... the actual installation.

You do the rest. Drain your old water heater before we arrive and dispose of it after we leave. You save us some labor, we save you some money and headaches.

VOTE JOAN BEACH FOR COUNTY CLERK

SATURDAY, MAY 6, 1978

Take this opportunity to acquaint yourself with Joan Beach, candidate for County Clerk. As you review her qualifications and work habits, we believe you will agree she is the more qualified candidate for the position.

An employee in the county clerk's office for seven years, Joan has served five of those years as first deputy. She has worked with criminal records and taken minutes at commissioner's court meetings.

Joan constantly familiarizes herself with current laws to keep abreast with responsibilities synonymous to her job. We need a county clerk with this enthusiasm, and this kind of dedication to her work.

Joan married Roy Lee Beach in 1954. They have two daughters, Vicki and Sue Ann.

Please unite with us and make Joan Beach your County Clerk.

Redwines Are Hosts

Andrea and Chad Redwine of Big Spring visited with relatives over the weekend. Mrs. Golda Redwine hosted a birthday party for Chad marking his 9th birthday. The party was given Sunday at the home of Mr. and Mrs. A. L. Self at the lake.

The children enjoyed swimming, croquet and softball games.

Western Texas College Offers Bible Camp

A Bible camp for students in grades 7-12 has been scheduled for July 9-15 at Western Texas College.

Gary Lowe, director of the Christian Student Center, will serve as camp director. He will be assisted by a staff of instructors and counselors. Daily Bible classes, devotionals and singing are features of the

camp, which also offers instruction in crafts and recreational activities planned around the campus facilities.

Students are housed in the air-conditioned dormitories and eat meals in the Student Center cafeteria.

This is the fourth summer the Bible camp has been scheduled at WTC.

Campers will pay fees of \$45 each for the week, with \$10 of this total required when reservations are

made. Persons wishing information about the camp may contact Lowe by writing him at Western Texas

College, Snyder, TX 79549, or by calling the Christian Student Center at AC 915 573-8242.

Annual Flower Show Held By Garden Club

"Round About Springtime" was the theme of Colorado City Garden Club's annual flower show which was held Saturday afternoon in the Charles C. Thompson meeting room of City National Bank annex.

There were 58 entries in the design division and horticulture division featured mostly roses and iris.

Major awards for arrangements went to Mrs. Ben Elliot, Mrs. Bernice Hilliard and Linda Stewart. Mrs. Elliot's entry in the "Moon Talk" class for shades of blue and green in all-fresh plant material was awarded the Tricolor Award. Mrs. Hilliard's "By The Seashore" arrangement of dried materials was winner of the Award of Distinction. Mrs. Ste-

wart won the Creativity Award with an arrangement entitled "You Are My Sunshine."

Horticulture awards are given for trees or shrubs and for flowers and both these grower's awards went to Mrs. Bruce Johnson. She won the Arboreal Award for a redleaf barberry spray and the Award of Merit for a Chicago Peace rose specimen.

First, second and third place ribbons were awarded in the nine artistic classes as well as to major classes in the horticulture division. Ribbon winners for designs were as follows:

--Distilled Memories, 1st, Dorothy Johnson; 2nd, Naomi Elliot; 3rd, Nina Garner.

--Moon Talk, 1st, Naomi Elliot (Tricolor); 2nd, Dorothy Johnson; 3rd, Ann Halbert.

--A Glimpse of Green, 1st, Dorothy Johnson; 2nd, Naomi Elliot; 3rd, Helen Chambers.

--Roots, 1st, Mrs. S. A. Palmer; 2nd, Nina Garner; 3rd, Anabel Shepherd; Honorable Mention, Jane Edge.

--By the Seashore, 1st, Bernice Hilliard (Award of Distinction); 2nd, Naomi Elliot; 3rd, Catherine Bell; Honorable Mention, Jane Edge.

--Spring Eternal, 1st, Dorothy Johnson; 2nd, Alice Coles; 3rd, Nadine Gordon.

--You Are My Sunshine, 1st, Linda Stewart (Creativity); 2nd, Ann Halbert, 3rd, Naomi Elliot.

--You Can't Fool Mother Nature, 1st, Jane Edge; 2nd, Naomi Elliot; 3rd, Dorothy Johnson.

--April Showers, 1st, Naomi Elliot; 2nd, Linda Stewart; 3rd, Nadine Gordon.

Dorothy Johnson

Linda Stewart

What is liability insurance?

It is a contract under which your insurer guarantees to provide defense in actions brought against you and to pay judgments if you are found liable. Sometimes the company settles out of court in your behalf.

Most states have a statute, often referred to as Financial Responsibility Law, requiring drivers to furnish proof of their ability to pay for damages in case of an accident. The most common proof of financial responsibility is liability insurance.

MOORMAN'S IGR MINERALS
"There's nothing else like it."
"Fly control with IGR costs about a cent-and-a-half per day for a cow. Total cost, including minerals, is about 3¢ per head daily."
"With IGR Minerals, around-the-clock horn-fly control on 100 cows costs about \$1.50 per day."
"Compare the cost of roundup, spray, weight loss and spraying time for 100 cows each 10 days to the \$15 it'll cost to control flies with IGR."
"Even if you spray every 10 days, new horn flies keep hatching out of the untreated manure. It's a never-ending cycle."
"With IGR, you don't have to worry about when to spray or that a rain will wash off the spray."
"Spraying for horn flies temporarily removes the symptom. It isn't a 'cure.' Feeding IGR relieves the symptom by providing the 'cure.'"
"It works."
"No need to worry about horn flies all season. That's peace of mind."
"IGR isn't a poison. It is a totally new concept in the control of horn flies without harming beneficial insects, wildlife or the environment."
"The active ingredient 'tricks' the horn-fly pupa into remaining a pupa until it dies without posion."

News Around Loraine

Mr. and Mrs. Charles C. Thompson of Colorado City, Mrs. K. L. Taylor, Mrs. Floyd Griffin and Mr. and Mrs. J. M. Templeton of Loraine and Mr. and Mrs. Milton Templeton of Sweetwater attended the marriage of their great nephew Stan Thomas of Weatherford, son of Mr. and Mrs. Willard Thomas, to Miss Jerri Ward, daughter of Mr. and Mrs. Jim Ward of Irving, at the Central Church of Christ in Irving Friday evening at 7 o'clock.

Mrs. Taylor was organist for the wedding. The reception was held in the home of the bride's parents.

The Loraine Methodist Women met at the home of Mrs. Pearl Bruce Wednesday morning and began a new study entitled "Steeple People."

The meeting opened with group singing "Must Jesus Bear the Cross Alone," and prayer by Mrs. J. D. Norman.

Mrs. Alva Bennett gave the introduction to the new study, a book by John Kinninger, which tells about the mission of the churches in the world.

Mrs. Martin Dobbs read scriptures from Matthew.

Mrs. Bruce led the closing prayer. Present were Mmes. Bennett, Marion Mahon, Frank Crownover, Roy Wells, Norman, Dobbs, Raymond Wheeler and Bruce.

Mrs. Willis Cornutt was hostess for the regular meeting of the Baumann Home Demonstration club of Loraine Tuesday at 2:30 p.m. Mrs. Mable Givens presided over the meeting which opened with group repeating the Club prayer.

Roll call was answered with "What I do to get rid of nervous tension."

Mrs. Harvey Leach gave each a letter of the alphabet and asked them to give the name of a wild flower beginning with the letter. Mrs. Givens showed slides of wild flowers that bloom in such profusion in Texas, especially during a rainy spring.

The next meeting of the club will be with Mrs. Lester Webb.

Present were Mmes. Pauline Smiley, Leach, Bernice Hallmark, Lynne Compton, Webb, Givens, Clara Butler and three guests, Mrs. Stanley Moore, Mrs. Leroy Cornutt and Mrs. Billy Cornutt.

A large group enjoyed the activities at the Loraine Senior Citizens Center Friday evening when

the club staged a Hawaiian Luau.

The building was decorated with Hawaiian decor throughout. Hawaiian food with punch was served and members and guests came dressed in colorful Hawaiian costumes, women with long dresses, men in bright colorful shirts and all wearing their bright-colored leis.

Hawaiian music was played and Mrs. Clifton Henderson showed slides made in Hawaii when she was there several years ago.

Willie Taylor, president, presided over a short business session and announced that the center will be sponsoring government nutritional meals three days each week after June 1. These meals will be served on Monday, Wednesday and Friday. Mrs. Taylor read minutes.

The annual Father-Son Banquet for the Loraine High School was held Tuesday evening, April 18, at the ag building in downtown Loraine.

Dennis Moore is instructor. There were 100 fathers, students and guests present.

The meal consisted of barbecue beef, chicken and hot links and was prepared by Stanton Hutchins and Smutt Swafford.

In the judging contest for parents overall winners were 1. Mike Hartman, 2. L. R. Dunn and 3. Ed Beaty.

Certificates were given to students who exhibited animals in livestock shows under FFA who were not enrolled in Vocational Agriculture Classes.

Mike Hartman received the Honorary Chapter Farmers Degree for his help to the FFA Chapter during this school year.

Claxton Resident Succumbs

Jewell Smith, 86, died at 11 p.m. Friday in Claxton Lodge.

Services will be at 2 p.m. today (Sunday) in the First Baptist Church of Westbrook with Rev. Bob Manning, pastor, officiating assisted by Rev. Fred Smith. Burial will follow in the Westbrook Cemetery.

Born April 13, 1891 in Dickens, Texas, she was a member of the Baptist Church. She was a former Westbrook resident and moved to Colorado City from Big Spring.

Survivors include a son-in-law, Clarence E. Taylor of Westbrook; a granddaughter-in-law, Bobbie Ruth Taylor of Conroe; two grandsons, Donald D. Taylor of Westbrook and Clarence O. Taylor of Conroe; six great grandchildren and two great great grandchildren.
