

OPA Settles Price Issue

By STERLING F. GREEN
WASHINGTON, Aug. 23 (AP)—The OPA says; You'll pay for the new consumer durable goods the price you would have paid before the war, or very little higher.

This was the rule laid down today by the agency to keep prices from getting out of hand. It was one of the most important statements to come from the government in the whole rush to change-over to peace.

Meanwhile industry got a big nudge to produce. The army offered 252 war plants to industry today. Those plants could make a lot of civilian goods and plenty of civilian jobs.

By declaring the government-owned plants surplus, the army thus provided a \$1,500,000 contribution toward the government's goal of full employment.

It was the biggest offering to date of potential capacity to fill the country's pent-up demand for goods.

But for the average man and woman, the reconversion spotlight was on transportation. More controls were coming off.

On Nov. 1, it was ruled, stores, laundries and other businesses may make as many deliveries as their trucks can handle with unlimited gasoline.

And the ODT told railroads they could restore regular seasonal "holiday" trains to seashore, mountains and resorts.

ODT lifted also, its ban on trains which run less than 35 per cent full. Some 50 trains may thus be put back.

Civilians will be able to buy household appliances months sooner. In most cases, that was expected a month ago.

So disclosing, WPB offered a rough time-table:

Electric ranges by December. Washing machines by January. Electric fans by Christmas. Refrigerators by mid-October.

Unofficially, production men predicted also that "mountains of clothing and textiles" would start their return to stores in perhaps two months.

Clothing manufacturers want styling controls nailed down until they can get rid of garments already produced for the heavy fall buying season.

But not everything was rosy on the domestic scene: First, farm leaders and federal officials saw signs of a possible land boom.

Second, OPA said the present skimpy sugar rations will last through 1945. But a senate group began to plug for smaller shipments overseas.

OPA said sugar stamp 38 in ration book 4, good for five pounds, will be validated September 1 and remain good through December 31.

Third, a congressional inquiry was threatened if the armed services do not release more doctors to care for civilian ill.

And a full-fledged row between agencies sprang up on this question: Should postwar homes be under price ceilings?

Fearing sky-high prices on the first new homes, OPA says yes. Hugh Potter, the new construction coordinator, says no. A flood of new home building, he holds, would quash any inflation. The deadlock may go to President Truman.

Forty Counties In Cotton Ceiling Meet

Sweetwater was the location of this year's cotton picking and pulling ceiling price meeting to make plans to set a ceiling on picking and pulling cotton in this area, which covers 40 counties. Mr. D. A. Adams, executive officer of the Texas Wage Board discussed the steps necessary for setting up a price ceiling.

The steps are:
1. 51 cotton producers must sign a petition for or against the ceiling price.
2. A hearing will be held where elected delegates from each county will cast their vote for or against.

3. The majority will decide whether there will be a ceiling price.
4. The Texas Labor Board will set the ceiling price by the recommendation of the farmers and pickers.

There will be a mass meeting of the local cotton producers at the county agent's office Saturday at 2 P. M., at which time delegates will be elected. The ceiling price program will be discussed.

The ceiling price has been set up in the Gulf Coast area at \$1.75 cwt. for clean picked cotton and \$1.00 per cwt., pulled cotton. There is ceiling price of twenty-five cents for handling, weighing, sack emptying, furnished water and transportation to the pickers.

Those attending the meeting from Howard county were: Ed Carpenter of Vincent, Ed Martin of R-Bar, C. H. Devaney and Frank Lovelace of Coahoma, J. F. Winkins of Vealmoore, E. G. Overton and county agent Darward Lutzer.

DeGaulle Arrives To Have Friendly Washington Visit

WASHINGTON, Aug. 23 (AP)—A crowd of spectators ignored a mild summer shower today to applaud Gen. Charles De Gaulle as he moved his headquarters from the White House to nearby official guest quarters in Blair House.

The president of the provisional French government who arrived yesterday, waved to the crowd as he mounted the steps to his new headquarters. He was expected to return to the executive mansion during the day to resume talks with President Truman.

The statement yesterday of a British foreign office commentator that British and Chinese troops would administer French Indo-China immediately after its liberation because France currently was not "in a physical position" to do so was believed to have boosted Indo-China to a major discussion topic on the Truman-De Gaulle agenda.

French officials in Washington, like those in Paris, were deeply disturbed by the statement, attributed to a British foreign office commentator.

The French leader flew into Washington yesterday afternoon and immediately stepped to a microphone in front of a large crowd of dignitaries, soldiers and civilians.

He praised the United States war effort; said he was bringing "a friendly salute of my country," and concluded, "long live the United States of America."

China Prepares To Accept Surrender Of Hong Kong Japs

By SPENCER MOOSA
CHUNGKING, Aug. 23 (AP)—Lt. Gen. Wedemeyer declared today the Chinese and British Governments are negotiating on the subject of whose forces shall occupy Hong Kong and accept the surrender of the Japanese garrison there.

The statement by the commander of U. S. forces in China, made at a press conference, followed a Chinese announcement including the former British Crown Colony among the areas to be occupied by Chinese troops.

British authorities in Chungking had declined comment, but a Chinese Army spokesman said that since Hong Kong was in the China theater the high command "naturally had assumed responsibility to accept the Japanese surrender there."

The surrender situation was further complicated today with the official Chinese announcement that Generals Chang Chi-Chung and Hsiung Shih-hui, both high in the councils of Generalissimo Chiang Kai-Shek, had been appointed "to accept the Japanese surrender in Manchuria."

No explanation was given as to how this would be effected considering the fact the Japanese armies in Manchuria are surrendering piecemeal to the Russians.

Leonard Gonzales was arrested by the sheriff's department Wednesday and charged with keeping a disorderly or assisting in keeping a disorderly house in the northwest district of Big Spring. Gonzales was set free at a fixed bond of \$500.

The department issued a statement in which it said "an article in a Washington paper this morning indicated that the protests of some 3000 men in the 20th division in the European theater had resulted in their being given an earlier date for return to the United States."

The department quoted from a telegram sent by Gen. George C. Marshall, chief of staff, to General Eisenhower and his aides in Europe on August 10 which told them that when Japan capitulated they were "immediately to reverse the priorities for movement of organizations and men to the United States. In general terms, first priority must go to men for demobilization, second priority to low score men required as replacements for zone of interior installations in U.S."

The ETO headquarters was advised that "in the interest of prompt return of the greatest number of people you should return all with the score of 85 or over, and make plans to return those with a score of 75 or over, if necessary to fill available shipping."

The people should "refrain from individually approaching the occupation troops. However, when approached by a member of the occupation troops the people should display courtesy and the proper attitude."

To prevent misunderstanding through difference of language, it was suggested that all neighborhood associations and villages be equipped with English speaking persons.

KELLY DIES
WICHITA FALLS, Tex., Aug. 23, (AP)—Albert E. Kelly, 62, district manager of the Texas Electric Service company here since 1927, died at his home early today after a heart attack.

SAN ANTONIO, Aug. 23 (AP)—Prime beef, discontinued for the war period, is coming back. L. P. Stream, of Kansas City, U. S. department of agriculture supervisor of meat grading for six southwestern states, told more than 50 vocational agriculture teachers from 40 counties here yesterday.

Present top grade is "choice," he said, and the classification of "prime" was discontinued because of the extra time and feed needed to attain its standard.

WASHINGTON, Aug. 23 (AP)—The war department said today that the end of the Pacific war "and not pressure brought by, individuals" had made possible the early return of soldiers in Europe with high point scores.

The department issued a statement in which it said "an article in a Washington paper this morning indicated that the protests of some 3000 men in the 20th division in the European theater had resulted in their being given an earlier date for return to the United States."

The department quoted from a telegram sent by Gen. George C. Marshall, chief of staff, to General Eisenhower and his aides in Europe on August 10 which told them that when Japan capitulated they were "immediately to reverse the priorities for movement of organizations and men to the United States. In general terms, first priority must go to men for demobilization, second priority to low score men required as replacements for zone of interior installations in U.S."

The ETO headquarters was advised that "in the interest of prompt return of the greatest number of people you should return all with the score of 85 or over, and make plans to return those with a score of 75 or over, if necessary to fill available shipping."

SENDS PICTURE TO LIBERATED HUSBAND—Mrs. Jonathan M. Wainwright of Syracuse, N. Y., wrote this message of herself for the Syracuse Herald-Journal so the picture could be sent by OWI radiophoto facilities to Chungking for delivery to her liberated husband. (AP Wirephoto).

Plans To Govern Honk Kong Ready

LONDON, Aug. 23, (AP)—Prime Minister Attlee, under the prompting of Winston Churchill, told Commons today that plans for reestablishing British Administration in the Crown Colony of Hong Kong "are fully prepared."

"As stated by the Foreign Secretary on Monday," said Attlee, "arrangements are being made for the Japanese surrender in Hong Kong to be accepted by a British force commander."

The House cheered. Churchill had inquired whether the government was taking action "to restore the British Administration in Hong Kong as soon as they receive the Japanese surrender in the Colony."

Chinese envoys to Japanese surrender in China Tuesday stipulated that the surrender at Hong Kong would be to a Chinese commander.

Earlier, a foreign office commentator declared occupation of Hong Kong "will be our responsibility in that it is British territory."

The British Foreign Office commentator said no agreement had been reached for the Chinese to occupy Hong Kong.

PARIS, Aug. 23, (AP)—France is planning to take over French Indo-China when it is liberated from the Japanese despite reports from Chungking that the surrender plans call for Chinese and British occupation.

"We are definitely taking over," an attaché at Gen. De Gaulle's office said last night.

A Chungking dispatch yesterday said Chinese surrender terms specified that the Chinese would occupy northern Indo-China, which includes its capital of Hanou.

In London, a British foreign office commentator said yesterday the southern half would be taken over by British troops.

End Of War Makes Possible Return Of High Point Men

WASHINGTON, Aug. 23 (AP)—The war department said today that the end of the Pacific war "and not pressure brought by, individuals" had made possible the early return of soldiers in Europe with high point scores.

The department issued a statement in which it said "an article in a Washington paper this morning indicated that the protests of some 3000 men in the 20th division in the European theater had resulted in their being given an earlier date for return to the United States."

The department quoted from a telegram sent by Gen. George C. Marshall, chief of staff, to General Eisenhower and his aides in Europe on August 10 which told them that when Japan capitulated they were "immediately to reverse the priorities for movement of organizations and men to the United States. In general terms, first priority must go to men for demobilization, second priority to low score men required as replacements for zone of interior installations in U.S."

The ETO headquarters was advised that "in the interest of prompt return of the greatest number of people you should return all with the score of 85 or over, and make plans to return those with a score of 75 or over, if necessary to fill available shipping."

The people should "refrain from individually approaching the occupation troops. However, when approached by a member of the occupation troops the people should display courtesy and the proper attitude."

To prevent misunderstanding through difference of language, it was suggested that all neighborhood associations and villages be equipped with English speaking persons.

Present top grade is "choice," he said, and the classification of "prime" was discontinued because of the extra time and feed needed to attain its standard.

WASHINGTON, Aug. 23 (AP)—President Truman bestowed the Congressional Medal of Honor on 28 army heroes today in the largest mass ceremony of its kind.

Before a large audience of high ranking military and civilians and members of the families of those honored, the president tied the highest award of the nation on each of the officers and men after citations for the individual deeds of heroism were read by Maj. Gen. Edward Witsell, acting adjutant general.

An orchestra from the army band played before the ceremony in a lobby outside the historic East room, which is reserved for memorial occasions.

Two of the heroes were in wheel chairs. Another was totally blind. Applause followed each medal bestowed.

The awards brought to 196 the number of Medals of Honor given to army personnel in World War Two. The heroes came from 19 states, with one from Canada. In the group were one lieutenant colonel, three captains, four lieutenants, 18 sergeants and four privates.

Surrender To Take Place On Missouri

Luzon Troops Give Up, Leader Still "Adamant"

By-Passed Japs Arranging Truce

GUAM, Aug. 23 (AP)—Surrender of the estimated 120,000 Japanese in the bypassed islands of the central Pacific is under way.

Representatives of probably 2,500 troops, 1,000 naval personnel and 1,000 civilians on Mill in the eastern Marshalls signed papers of capitulation aboard the destroyer escort Levy Wednesday.

As the first such action of a by-passed garrison, it was regarded by the navy here as the trickle which will become a flood.

The estimated 120,000 occupy bases in the Marshalls and Carolines extending east-west more than 2,000 miles with fortress Truk the outstanding one. Another estimated 70,000 are in the Solomons, New Ireland and New Britain.

Japan's defense plan was to make the American advance a costly, time-consuming island-by-island fight.

American invasion forces, spearheaded by carrier task forces, smashed that plan by long distance bypassing methods.

For more than a year Japanese garrisons have held on grimly in the bypassed islands although short of food and ammunition.

Mill, an atoll of 18 by 30 miles, had been bypassed for 18 months. (Melbourne radio said the Australian commander in Bougainville was due to arrive in Canberra shortly from a conference with the Japanese with detailed arrangements for the enemy's surrender on that main island of the Solomons. Melbourne also reported Japanese activity which may be the prelude to surrender of the big garrison at Rabaul.)

The awards brought to 196 the number of Medals of Honor given to army personnel in World War Two. The heroes came from 19 states, with one from Canada. In the group were one lieutenant colonel, three captains, four lieutenants, 18 sergeants and four privates.

The ceremony was to have been held in the rose garden, but rain forced it inside.

The medals were bestowed on the men in alphabetical order.

The large number decorated in a single ceremony was said by the war department to have been due to the fact that many of the men were badly wounded and it was impossible to have earlier presentations.

Such men as Pfc. Silvestre S. Herrera of Phoenix, Ariz., who kept on fighting after his feet were blown off by a mine, were in the group. He is a native of El Paso, Tex.

Home Ministry Lays Down Conduct Laws

By The Associated Press
Rules by which the Japanese people will remain "unperturbed" and calm when for the first time in their history occupation forces land on the home islands next week, and under which they will greet their conquerors, were laid down today by the Japanese home ministry's police bureau.

The Japanese Domei news agency in a broadcast recorded by the FCC said the rules of conduct included:

(1) Occupation will be carried out peacefully with no violence, hence the people must refrain from causing "unnecessary confusion."

(2) The people must remain calm and not move about while Japanese forces are being withdrawn so as not to hamper the movement.

Rules of conduct after occupation included:
The people should "refrain from individually approaching the occupation troops. However, when approached by a member of the occupation troops the people should display courtesy and the proper attitude."

To prevent misunderstanding through difference of language, it was suggested that all neighborhood associations and villages be equipped with English speaking persons.

Worn Copy Of AP Story Convinces Japs Story True

By JAMES HUTCHESON
WITH 38TH DIVISION, LUZON, P. I., Aug. 23 (AP)—Surrender of several thousand Japanese in the northern Luzon mountains was arranged yesterday—over the "adamant" opposition of their commander.

Allied headquarters in Manila today reported similar negotiations proceeding on the important islands of Mindanao and Cebu.

Display of an Associated Press story in a worn American Army news sheet pulled from the pocket of a G. I. convinced Japanese attending one of the war's oddest peace parleys in the northern Luzon mountains that the war was over. Their lieutenant colonel promised to notify his highest-ranking commander—who still opposed the move—that they were yielding.

Twenty-five unarmed Americans negotiated the northern Luzon capitulation under the muzzles of enemy guns.

A group of five 38th Division officers and 20 enlisted men hiked deep into the Madre Mountains to confer with the enemy at a previously-designated spot. Under a Japanese battle flag on a hillside, officers sat around the edge of a specially dug pit, legs dangling, discussing the capitulation while American and Japanese enlisted men traded pistols, sabers, watches and personal items for souvenirs.

Maj. Richard F. Jeffers, Terre Haute, Ind., leader of the American party, said Lt. Col. Shizume Sushimi, who had served officers with him, promised that the sizable force of Lt. Gen. Takashi Kobayashi would be surrendered August 28.

Sushimi said that Kobayashi's superior, Lt. Gen. Shizubo Yoak-yama, still was "adamant" against surrendering until notified to do so through Imperial channels—but he added that runners would be sent speedily to inform Yokoyama that Kobayashi's forces would capitulate anyhow.

Credit for arranging the odd conference goes to Lt. Bernice (correct) Wachtel, Wellington, Kas., the American officers said. He had switched from small bombs to cigars, candy and leaflets in his flights over the mountain nest of Japanese.

He dropped instructions to the Japanese to meet him, then went alone three days ago to meet a captain from Kobayashi's staff and arrange for yesterday's surrender conference.

The party picked up numerous Japanese prisoners along the trail as they drove home from the surrender conference. One hitchhiking Japanese said he had 20 compatriots and wanted to surrender.

"We're full up now, you'll have to wait for the next time," the Yanks shouted.

POPULATION INCREASE
WASHINGTON, Aug. 23 (AP)—The census bureau reported today that in the last five years the United States population has increased to about 139,682,000—a rise of more than eight million. This was nearly twice the increase of the preceding ten years.

Imperial headquarters again today radioed to MacArthur that Japanese were encountering serious difficulties in China due to "the activities of irregular forces, bandits and disturbances of mobs."

The message asked MacArthur to reconsider his order disarming the Japanese army in China.

One of the occupation forces' first acts in Japan will be the release of an officially estimated 32,000 prisoners of war, detained in Nippon.

Japan's Domei agency—which has broadcast most of the occupation news hours or days ahead of MacArthur's announcements—said the initial occupation force would be 50,000 to 60,000.

All occupation troops will be fully equipped for combat, as a precaution, whereas Japanese gendarmes who will police the occupation area must be stripped to side arms, MacArthur told Nippon.

M'Arthur Gives Final Details Of War's End

MANILA, Aug. 23 (AP)—Conquered Japan and the conquering Allies will formally end the war Aug. 31 by signing the surrender document on Tokyo Bay aboard the superbattleship Missouri, which only a month ago was hurling 16-inch shells into the Japanese homeland.

General MacArthur announced these final details today, while his headquarters disclosed actual capitulation in the field is proceeding in advance of the official ceremony.

Surrender of several thousand Japanese in northern Luzon was arranged yesterday despite "adamant" opposition of their commander, and similar negotiations were moving ahead on Mindanao and Cebu.

Japan meanwhile appealed for permission to send ships to ill and starving garrisons on Marcus Island and "various isolated islands in the south," adding that food on Marcus, 1,200 miles southeast of Tokyo, would be exhausted in two more days.

Tokyo also messaged MacArthur's headquarters that Japanese Red Cross workers aided by Swiss and Swedish legations are preparing to visit Japan's seven major prisoner-of-war camps Friday to assist in evacuating prisoners and civil internees to embarkation points.

MacArthur himself will land at Tokyo's Atsugi airport Tuesday, weather permitting, along with thousands of airborne occupation troops. On the same day, marines

WITH THE 38TH DIVISION, NORTHERN LUZON, P. I., Aug. 23, (AP)—"Have you heard about the atomic bombs being used in the war?" American officers asked Japanese Lt. Col. Shizume at a mountain surrender conference.

"Where did we use it against you?" the enemy asked eagerly. You must have your signals crossed," one American told him. "We were the ones who used it."

The Japanese colonel seemed dumfounded. Maj. Richard Jeffers, Terre Haute, Ind., related, and told the Americans he understood Japan had such a weapon when he left the homeland.

And sailors will occupy the great Yokosuka naval base in Tokyo Bay. Later—the date was not designated—thousands of troops will land in the Sagami Bay occupation zone.

The Japanese have been ordered, meantime, to evacuate all key occupation areas; to disarm their ships, all coastal guns and other defenses in the initial occupation zone, and to surrender all ships and submarines at sea to Allied ports.

Admirals Nimitz and Sir Bruce Fraser, whose combined U. S. and British Pacific fleets helped shorten the war with their repeated unrelenting bombing and bombardment of the Japanese homeland from July 10 until the Aug. 14 truce, will sign the surrender document for the United States and for the United Kingdom.

Imperial headquarters again today radioed to MacArthur that Japanese were encountering serious difficulties in China due to "the activities of irregular forces, bandits and disturbances of mobs."

The message asked MacArthur to reconsider his order disarming the Japanese army in China.

One of the occupation forces' first acts in Japan will be the release of an officially estimated 32,000 prisoners of war, detained in Nippon.

Japan's Domei agency—which has broadcast most of the occupation news hours or days ahead of MacArthur's announcements—said the initial occupation force would be 50,000 to 60,000.

Diet To Convene To Acquaint Japs With Stark Realities Of Defeat

SAN FRANCISCO, Aug. 23 (AP)—An extraordinary session of the Japanese diet will be convened Sept. 2 and 3 to "drive home to the nation" the "stark reality" of Japan's defeat and to clarify the circumstances leading to the end of the war, the Japanese Domei news agency said today. The Federal Communications Commission recorded the English-language broadcast, beamed to America.

Domei said Premier Prince Naruhiko Higashi-Kuni had obtained "imperial sanction" for the two-day extraordinary session.

Japanese newspapers and political leaders have been calling for an emergency session of the parliament to "meet the new situation," establish controls for reconstruction and to set up a new political system.

General tenor of the demands has been to break down Nippon's wartime totalitarian party and replace it with the pre-war multiple-party system.

The Japanese government also has formed a conference on termination of the war, replacing the supreme council for direction of the war, Domei announced in another English-language broadcast.

Polio Precautions: 3 Parents Advised To Avoid Tonsil Removal During Polio Epidemics

By ROLAND H. BERG Written Exclusively for AP News-features Although the summer months are generally considered the most favorable time to remove children's tonsils and adenoids, the National Foundation for Infantile Paralysis, in its list of precautions against polio advises, "If possible, avoid tonsil and adenoid operations during epidemics."

by the National Foundation for Infantile Paralysis to investigate the "why" of this tragedy. The medical G-men, headed by Dr. Thomas Francis, Jr., of the University of Michigan, and Dr. John A. Toomey of Western Reserve University spent months tracking down the numerous clues and finally were able to reconstruct the strange tragedy at Akron. A few weeks previous to the polio attacks the children had visited a young cousin who, at that time, suffered a mild illness. Tests revealed that this cousin had the virus of infantile paralysis in his body.

Social Calendar Of Events For Week

THURSDAY BLUEBONNET SUNDAY SCHOOL CLASS will have a party at 8 p. m. in the home of Mrs. Tom Rossan at 108 Lincoln avenue. Mrs. Rossan and Mrs. Brown Rogers will be hostesses. FRIDAY WOODMAN'S CIRCLE meets at 8 p. m. at the WOW hall. DORCAS CLASS will have a covered dish luncheon at the First Baptist church at noon. SATURDAY CADET DANCE will be held from 8:30 to 12:30 on the open air pavilion at the post. Transportation will be furnished, leaving the USO at 8:20 p. m.

Mr. and Mrs. James Pritchett and Mary Helen of Austin are visiting in the home of his brother and family, Mr. and Mrs. R. L. Pritchett.

Mrs. Horn Surprised With Party, Shower

Mrs. O. H. Horn was honored at a surprise birthday party and shower Wednesday evening in the home of Mrs. Albert Hohertz. A decorated birthday cake centered the lace laid table, and lighted white candles were arranged about the table. Games and contests were entertainment for the evening. Guests attending were Mrs. R. A. Pachall, Mrs. D. Rueckart, Mrs. Herman Pachall, Mrs. H. S. Gores, Mrs. W. C. Heckler, Mrs. John Foster, Mrs. F. Aringer, Mrs. W. S. Pachall, Mrs. Henry Fehler, Mrs. W. F. Newman, Mrs. A. J. Koersa, Mrs. Fred Lowke, Mrs. A. A. Weinkauff, Miss Hannah Weinkauff and the honoree and hostess. Gifts were sent by Mrs. LaFern Gross, Mrs. Arthur Pachall and Mrs. John Marino.

Visits And Visitors

Mr. and Mrs. C. E. Wood left Thursday morning for Fort Worth where they plan to make their home. Wood will assume management of the Margo store in Fort Worth. He was formerly manager of Margo's in Big Spring. Wilrena Richbourg left this week for Akron, Ohio, where she will make her home. Sylvia Mamie Billings left Wednesday morning for Oklahoma City after a three weeks visit with her grandparents, Mr. and Mrs. J. J. Hair. She will stay there for a week before returning to her home in Detroit, Mich. Mr. and Mrs. V. Van Gieson have had at their house guests, Mrs. Whitey McMurray of Colorado City and Mrs. W. J. McMurray and Eugenia and Ann of Kermit.

Francis Drake claimed California for England in 1579.

Pattern 9115 in junior-miss sizes: 10, 11, 12, 13, 14, 15, 16, 17, 18. Size 13, 2-7-8 yds. 35-in. nap; 3-8 yd. contrast. Alphabet transfer included. Send twenty cents in coins for this pattern to Big Spring Herald, Inc., Pattern Dept., 232 West 18th St., New York 11, N. Y. Print plainly size, name, address, style number. Fifteen cents more brings you the Marian Martin Summer Pattern Book; a collection of all that's new and smart in wearing apparel for the family. Free Nightgown Pattern printed in the book!

Verdict Of Suicide Returned In Death

HOUSTON, Aug. 23 (AP) — A verdict of suicide was returned last night by Justice of the Peace Tom Maes in the death of Jim B. Handley, 39, acting county chairman of the republican party and prominent contractor, who died at a local hospital at 9:30 p. m., of gun shot wounds. Handley was found lying on a bed at his home, shortly after 4:30 p. m., yesterday, by his sons, Mike, 15, and Pat, 16. They found their father suffering from a deep wound in the left side, inflicted by a .410-gauge shotgun. The blast had penetrated just below his heart.

Sew, Chatter Honors Mrs. Murdock, Mrs. Wood On Birthdays

Mrs. Louis Murdock and Mrs. C. E. Wood were honored on their birthdays with a gift party at the meeting of the Sew and Chatter club Wednesday night when it met for a covered dish dinner on the lawn of Mr. and Mrs. Ted Phillips. The table was laid with a lace cloth and the birthday cake with lighted candles served as centerpiece. Zinnias were used in the decorations. Members and guests attending were Mr. and Mrs. Murdock, Mr. and Mrs. Clayton McCarty, Mr. and Mrs. Herbert Johnson, Mr. and Mrs. M. S. Beale, Mr. and Mrs. Ches Anderson, Mr. and Mrs. H. V. Crocker, Mr. and Mrs. Garner McAdams, Mr. and Mrs. C. Y. Clinkscales, Mr. and Mrs. R. F. Blum, Mrs. R. L. Pritchett, Mrs. James Pritchett of Austin, Mr. and Mrs. G. L. James, Mr. and Mrs. C. M. Weaver and Mr. and Mrs. Phillips.

Cadet Dance Planned For Saturday Night

A cadet dance will be held Saturday night from 8:30 until 12:30. Mrs. Lynette McElhannon said Thursday. The dance will be held on the new pavilion at the post with a cadet orchestra furnishing the music. Cadet wives and hostesses were urged to attend. Transportation will be provided, leaving the USO at 8:20 p. m. John Jay was the first American Secretary of State.

PROUD—Very proud indeed is Jonathan Wainwright Wright, 2, of Alexandria Bay, N. Y., in his big brother's decorated shirt.

MR. TRUMAN GOES TO POTSDAM

(Second of Three Stories)
By ERNEST B. VACCARO
WASHINGTON, Aug. 23 (AP)—President Truman and Generalissimo Stalin found they had much in common when they got together at Potsdam.

One night after dinner at Prime Minister Churchill's quarters, the president was persuaded to play a selection from Chopin. Then a professional soldier-artist played

the "Missouri Waltz." The Russian and American leaders fell to talking of folk music. Even though they talked with the aid of an interpreter, the conversation became animated. They smiled back and forth, like two old friends.

The smiles were still there in the serious business that came afterwards. But beneath them was stubborn determination to drive the shrewdest bargain possible.

Conference observers likened their bargaining to that of two Missouri "horse traders." The president later confided to intimates that the Russian leader was a tough man to trade with but that he challenged admiration.

Like the rest of the American delegation, Mr. Truman came away with the feeling that Stalin's word was hard to get but that, once obtained, it was all that was

necessary from Russia. One member of the delegation reported that Stalin let it slip more than once that he thought the gray-haired Missourian drove a shrewd bargain but that he liked his directness.

Witnesses told of the 61-year-old Truman sitting as presiding officer at the sessions, eyes twinkling behind thick-lensed spectacles. There was no evidence in his bearing of any concern at stepping into the international shoes filled for so long by Franklin D. Roosevelt.

Men coming away from the scene said that former Prime Minister Churchill, and later Prime Minister Attlee, also appeared to like the quiet, businesslike way in which Mr. Truman cut wordy disagreements short with smiling, but brisk finality.

The secrecy which surrounded the sessions was not of President Truman's making. His idea was that there should be communiques, couched in gen-

eral language, whenever progress of the meeting warranted. He felt attempts at more detailed coverage might jeopardize chances for agreement on delicate subjects.

His views on progress communiques did not win out. Associates said that, rather than imperil the success of the meeting, he did not press the point.

The odds are a hundred to one that Mr. Truman will never leave the United States again to attend a Big Three meeting, if there is one. His view is that the next one should be held in Washington.

In that case, no one who knows Mr. Truman has any doubt that there will be greater access to the news than has been the case in other Big Three meetings.

Next: Mr. Truman and the boys.)

Breathes there a man with soul so dead, who's never ever turned his head—and sed—"Hm, not be communiques, couched in gen-

COFFEE CAKE REQUIRES NO SUGAR

Here's a good idea you'll want to try... a sugarless cake and frosting. It's the flavor that does the trick. There is coffee in the cake for taste appeal and there is jelly in the frosting for sweetness and flavor, too. Serve it for dinner along with tall glasses of full-strength, flavorful iced coffee. Here are the recipes for coffee honey cake and jelly frosting.

Coffee Honey Cake

- 1-2 cup shortening
- 1-2 cup honey
- 1-2 cup dark corn syrup
- 1 egg
- 1-2 cup coffee
- 2 cups sifted flour
- 1-2 teaspoon soda
- 1 teaspoon baking powder
- 1-4 teaspoon salt
- 1-2 teaspoon ginger
- 1-2 teaspoon allspice

Cream shortening, honey and corn syrup together. Add egg and beat well. Stir in coffee. Sift flour, soda, baking powder, salt

"This Is The Army" Show Discovers Chief Trouble Replacing Costumes

Dateline: Pacific

By BONNIE WILEY

GUAM, (AP)—Chief problem of Irving Berlin's all-soldier show, "This Is the Army," in its two-year, 100,000-mile battlefront tour with a cast of 160, was replacement of worn-out scenery and costumes.

Members of the cast entertaining here recently, prior to winding up the around-the-world tour in Honolulu, recounted some of the tribulations encountered by the singers, dancers, make-up men and electricians.

The replacement of costumes and scenery produced some humorous situations, such as one recounted by the costumer, Sgt. Joe Fretwell, of Miami Beach, Fla. "You should have seen me in Rome," he grinned. "There I was out bargaining for new costume material and I couldn't speak a word of Italian. Prices were out of sight. It was quite a day."

Sgt. Carmine Capuzzo, Brooklyn, whose job it is to keep wigs in condition had his problems, too. "It," he sighed, "is sometimes quite a job, fixing up a husky soldier to look like a glamour girl.

Hereford Breeders Will Hold Meeting

The Howard County Hereford Breeders Association has announced a meeting of the association to be held at the court house Saturday.

I. B. Cauble, president of the association, will preside at the meeting. The main points to be discussed are the plans for this year's sale; the location; date and time, and who will consign cattle to the sale.

All men who are not members of the association, but who raise registered Hereford cattle, are urged to attend this meeting.

Lustwaffe--Er--Blooms

By ADA KOEFOED

AP Newsfeatures

PARIS—Six babies have been born to German Wacs being held at Cornelle Fort 12 miles from Paris.

A French official at the camp says the mothers and children will be sent back to their German homes as soon as arrangements are made with occupation forces.

"Personally I don't feel indebted to take care of our German guests," the official said. "I had my own house in the country robbed and completely emptied by German women who said they were with the Red Cross."

About 200 Nazi Wacs are being held in France, 60 at Cornelle and 140 in a castle near Lyon.

"All of the Wacs who now have babies were pregnant when they came into the camp," the official said. "We have not investigated the cases but most of the babies were probably born out of wedlock."

"Lustwaffe" was a nickname the French gave German Wacs during the occupation. Billed in the fashionable Honore quarter in Paris, the girls lived easy lives and were often seen sun-bathing in the garden.

Their present home is a stone fortress built in the side of a cliff, a damp, dark place that dates back to 1877. An old German soldier sits on a stone near the entrance and jumps up to salute whenever a French soldier passes by.

In the Wac camp the girls sit around their open windows for the most part busily knitting. Most of them wear civilian clothes now.

Besides knitting the girls are entrusted with writing out shipping labels. Failure to knit one Red Cross pullover sweater in three days or write out 100 labels in one day is punishable by three days in a cell.

Congress Will Listen To Voices Of Veterans In Coming Sessions

By ARTHUR EDSON

(Substituting for James Marlow)

WASHINGTON, Aug. 23 (AP)—Politically speaking, 15,000,000 veterans can't be wrong.

That's why congress will pay particular attention to legislation providing something for the boys, and the girls, when it reconvenes next month.

A survey completed today shows that this is what two organizations will urge congress to adopt: American Legion (1,634,000 members, 525,000 of them veterans of this war—

1. One year of military training, for every able bodied American boy.
2. Amendments to the so-called G.I. Bill of Rights. These would include easing the provisions under which loans may be made to veterans, and an increase in subsistence pay. (Example: An unmarried veteran, going to college, could collect \$60 a month instead of the \$50 he now draws).
3. Revision of national service life insurance. The Legion thinks a man who is permanently and totally disabled in service should be able to cash in his insurance.
4. A national policy that veterans should have first chance at jobs.

Veterans of Foreign Wars (1,000,000 members, 600,000 of them veterans of this war.)

1. Seniority rights for veterans. Each veteran, in applying for a job, would be given seniority equal to the time he spent in service.
2. Adjusted service compensation, or bonus. The VFW recommends a \$3 bonus for each day spent in service at home. \$4 for each day in foreign service.
3. Continuation and expansion of the present plan to provide free hospitalization for all veterans.
4. Compulsory military training, in the form of three years in the National Guard with compulsory attendance at summer camps.

Bible Fund Boosted By Contributions From Mead, Wiley

The campaign to raise \$2,000 for financing a full-time Bible course in the high school received a substantial boost Thursday with receipt of two contributions totaling \$150.

From W. L. Mead came \$100 and from Cliff Wiley \$50. The course, to be offered under state department of education regulations, will be strictly non-sectarian with the Bible serving as the text and to be taught for its historical, moral and literary values alone.

Newly Hatched Chicks Are Flying Nowadays

KANSAS CITY (AP)—Baby chicks are traveling farther and faster than ever before. Put aboard planes in the usual cardboard shipping boxes containing 100 chicks, they can reach any point in the United States within the 72 hour limit during which a newly hatched chick is self sustaining.

Air shipments are in no way an experiment. For several years chicks have been flown from the United States to South America.

He Didn't Think Of Dialing Information

Flies Carrying Diseases Must Go

AUSTIN, Aug. 23—Millions of flies help to cause the illness and death of thousands of children and adults each year in the United States. Hundreds of these casualties may be in the State of Texas this year if residents fail in their responsibility for developing the best possible sanitation measures in the area where they reside.

Dr. Geo. W. Cox, State Health Officer, speaking in this connection recently said, "Be sure that your windows and doors are tightly screened so that stray flies from a careless neighbor will not endanger your family. Be sure that flies are kept away from food, drink and utensils used in the preparation of food. Make sure, if you live in rural districts, that outside privy vaults are tightly covered so as not to permit the entrance of flies. Infections from

this source can be picked up and spread to human beings through contact with food, drink, and utensils. Keep all garbage covered until collected or buried. Eliminate all breeding places for flies and you will be helping your community in its work of controlling communicable diseases and preventing illness.

Dr. Cox said that the State Health Department would furnish upon request a pamphlet outlining safe and practical methods recommended for use in fly control.

upon request a pamphlet outlining safe and practical methods recommended for use in fly control.

China Communists Gathering For War

CHUNGKING, Aug. 23 (AP) — The New China Daily News, communist organ published in Chungking, declared today that communist forces in north central China had "gathered their strength for an all-out offensive" and were marching on a series of key cities.

One communist column already has reached the west railroad section at Tientsin and street fighting now is in progress in the city, the paper declared.

Other communist forces were reported approaching the towns of Wanning and Nanyuan, close to Peiping, and the port of Tsingtao in Shantung province was said to have been surrounded.

It was disclosed here that Lt. Gen. Albert C. Wedemeyer, U. S. commander in China, had written Generalissimo Chiang Kai-shek, telling him an investigation of parts of mortar shells recovered in an area north of Sian in Shensi province after reported clash between government and communist troops showed they were not of American manufacture.

FLYING TELEVISION STATION — Sketch of plane planned by Westinghouse Electric Corp. and Glenn L. Martin Co., almost as large as a B-29 but weighing only one-third as much, which would cruise high aloft to broadcast television and FM programs. A number of planes, scattered across the nation, would blanket the country with their broadcasts.

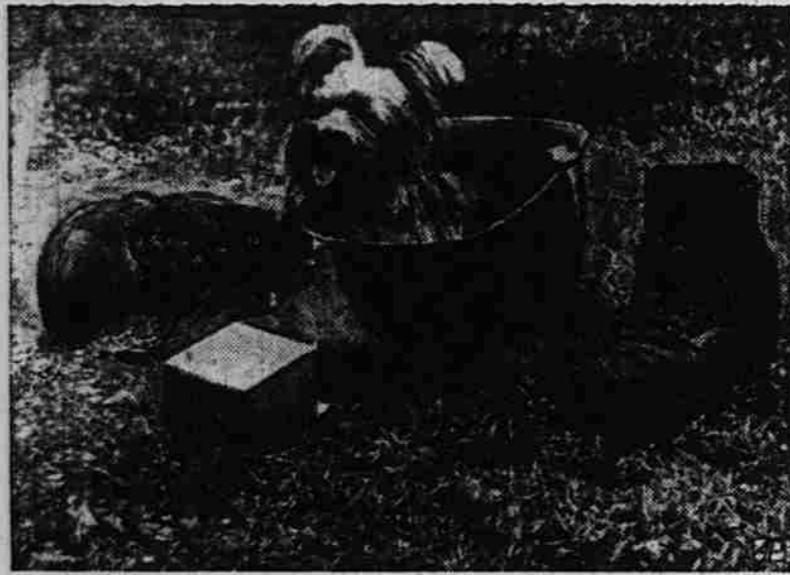

The Auks birds breed on cliff ledges, laying eggs that are pointed at one end so they tend to roll in a circle and not fall from the ledges.

CANINE ENTERTAINER — "Smoky," a miniature Yorkshire terrier discovered in a New Guinea foxhole, entertains troops in Army hospitals and American Red Cross clubs on Luzon with her master, Cpl. Bill Wynne of Cleveland.

Law Officers Ask For Release For Trained Personnel

AUSTIN, Aug. 23 (AP) — A 23 per cent increase in Texas crime thus far this year points to the immediate need of returning trained police officers from the armed forces to their home duties, says Homer Garrison, director of the department of public safety.

He was joined in a statement urging the discharge of soldiers and sailors who are also trained law enforcement officers, by E. A. Gormley, of Dallas, president of the Texas Police Association and Sheriff Jess Cariker of Waxahachie, president of the Texas Sheriffs Association.

"The army and navy can get along without these men. We can not," said Garrison.

"The average police and sheriffs departments did not have adequate personnel in peacetime," said Gormley. "It will not be enough to get back the men in military service. Local action should be taken now to reinforce police manpower, to select good men and train them properly."

This was Cariker's view: "The sudden armistice with Japan found us as a nation unprepared for peace. There will be a terrific scramble for jobs during a frenzied reconversion period. Millions of people will be out of work at least temporarily. This isn't something that's going to happen next year. It's happening now."

Nickel coins contain 75 per cent copper.

LEGAL NOTICE

CITATION BY PUBLICATION THE STATE OF TEXAS TO: WILLIE GRACE LOYD, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of September, A. D. 1945, at or before 10 o'clock A. M. before the Honorable District Court of Howard County, at the Court House in Big Spring, Texas.

Said plaintiff's petition was filed on the 25th day of July, 1945. The file number of said suit being No. 5547. The names of the parties in said suit are:

JOHN HOWARD LOYD as Plaintiff, and WILLIE GRACE LOYD as Defendant.

The nature of said suit being substantially as follows, to wit: Plaintiff alleging bona fide inhabitancy in the State of Texas for a year and a resident in Howard County for 6 months next preceding the filing of the suit, that they were married February 15, 1936, and permanently separated from her March 1, 1945, for the reason that her course of conduct was of such a cruel nature as to render his living with her insupportable and unbearable; that the plaintiff in the State of Texas has been physically and continuously overseas, and not in the United States at all for the past two years, and has not seen the defendant or been with her during that time, but she has given birth to a child now only a few months old, and he alleges that the child is not his, but begotten by some other man with his wife during his absence; praying for a divorce and praying for judgment decreeing that the said child is not a child of the plaintiff and not an heir of the plaintiff.

Issued this 8th day of August, 1945. Given under my hand and seal of said Court, at office in Big Spring, Texas, this 8th day of August, A. D. 1945.

GEORGE C. CHOATE,
Clerk, Court Howard County Texas.
(SEAL)
By Lucille Merrick, Deputy.

Gulf Of Mexico Ships' Graveyard

By The Associated Press

The Gulf of Mexico was a graveyard for many Allied ships during 1942 and 1943, with German U-boats sinking 33 vessels and taking 434 lives. They attacked 44 ships.

Hottest spot off the Texas coast was near Port Isabel. Five ships were sunk there. They were the Moira, San Blas, Gundersen, Cadmus and Tuxpan. Four were Norwegian, one Mexican. Total tonnage lost near Port Isabel was 16,263 tons.

Nine ships were sunk off the Texas and Mexican coasts. One was sunk near Corpus Christi, another near Port Arthur, one near Tampico and one near Tuxpan.

But the deadliest spot in the entire area covered by the Eighth naval district was near New Orleans. It became known as "Torpedo Junction."

A total of 299 lives were lost near New Orleans. Twenty-five ships were attacked within 150 miles of the city between May 6, 1942 and August 13, 1943. Seventeen of the ships were sunk, six escaped and made port.

A report was issued today by Eighth naval district headquarters at New Orleans. It reveals sinkings in the waters under its jurisdiction—from a straight line drawn from the mouth of the Apalachicola River in Florida to the west tip of the Yucatan channel between Cuba and Mexico.

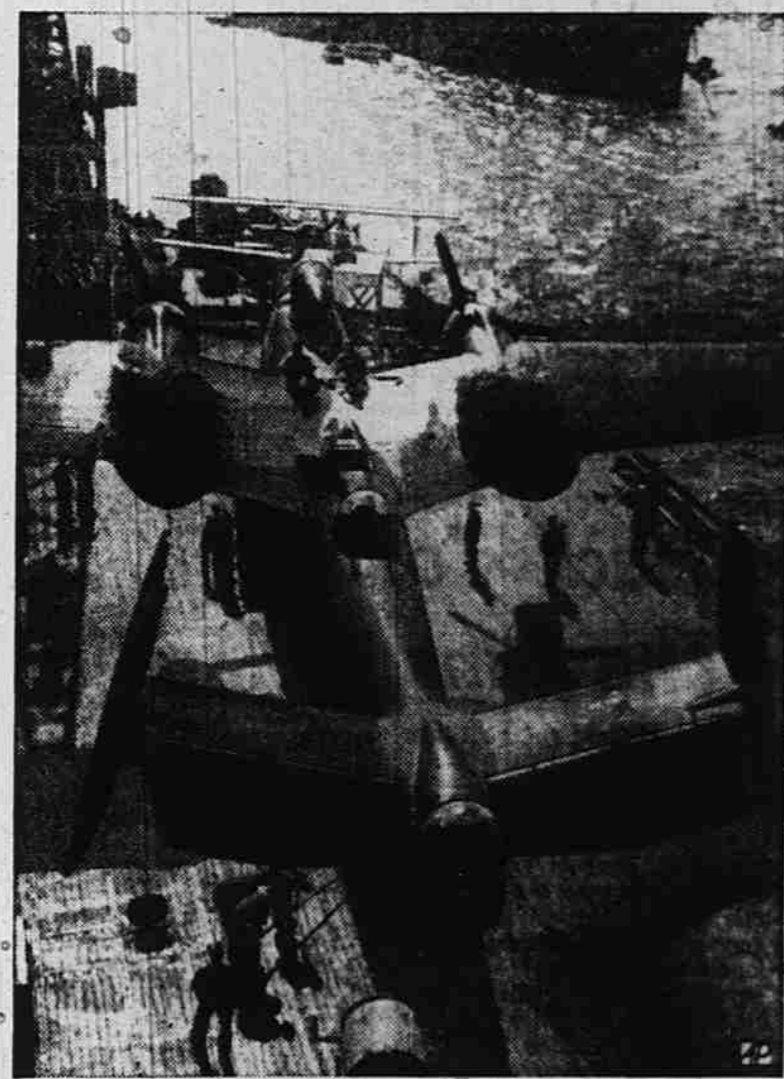

The number of enemy submarines sunk or damaged is not known. No positive sinkings were accredited to the district by the evaluation board in Washington, but it is believed at least one definitely went to the bottom.

The navy report said wolf packs were not used in the gulf. However, as many as three U-boats are known to have operated in the gulf at the same time.

The U-boats remained as long as three or four weeks. They are believed to have been of the 517 and 740-ton class.

Allied defenses were negligible in the early phases of the war. Even rescue of survivors was dependent upon fishing vessels. Shrimpers alone saved 311 lives.

Finally, in 1943, the enemy submarines were driven from the gulf by a concentration of navy and coast guard surface boats and an increase in navy, coast guard and army planes.

PAW To Terminate 100-Octane Contracts

WASHINGTON, Aug. 23 (AP)—The Petroleum Administration for War has recommended the termination of all military contracts for 100-octane gasoline with a provision for a tapering-off period of not more than 30 days.

Deputy PAW Administrator Ralph K. Davies said termination of the 100-octane gasoline program will make available adequate supplies for refiners to return to pre-war schedules for making various grades of civilian gasoline.

Fourth Amendment Most Controversial

AUSTIN, Aug. 23 (AP) — Probably the most controversial of four constitutional amendments on the Aug. 25 special election ballot is one placing a \$35,000,000 annual ceiling on state appropriations for public welfare.

It appears last in order on the ballot.

Mechanically the proposed amendment consolidates and adds to four existing sections and changes the welfare program in several respects.

One of the principal provisions is to raise from \$15 to \$20 the maximum state grant (state welfare funds are matched by federal funds) to an individual recipient of old age assistance. Some opponents of the amendment argue that this provision might be nullified by the legislature's allocation of the \$35,000,000 which could be distributed among old age assistance, aid to destitute children and aid to the blind in any proportion within the \$35,000,000 ceiling.

Other proposed changes include:

- Increases from 14 to 16 years the maximum payment to the needy blind.
- Eliminates a ceiling of \$8 a month to one dependent child in a family and a top of \$12 for more than one child.
- Removes a \$1,500,000 annual ceiling on state spending for aid to children.

The present constitution does not refer to need as the basis of eligibility for old age assistance although statutes define need as a basis.

The proposed amendment includes the phrase "needy aged persons" thus incorporating in the organic law an eligibility qualification which the legislature must need.

FBI Arrests 118 In Dining Car Racket

NEW YORK, Aug. 23 (AP) — The Federal Bureau of Investigation announced today 118 men throughout the country had been arrested in connection with a dining car racket which cost two railroads more than \$100,000 over a period of a year.

All of the men apprehended, E. E. Conroy, special agent in charge of the New York office, said, were stewards, waiters or cooks employed by the New York Central and Erie railroads.

Timothy grass was named for Timothy Hanson because he introduced it into the Carolinas.

Taking The High Road Home

By RANDOLPH FORT
AP Newsfeatures
ATKINSON FIELD, British
Guiana—for what may be the first
time in its history the American
Army knows what it is to handle
a large number of soldiers who
haven't a gripe among them.

They are veterans of the Euro-
pean and Mediterranean theaters,
some of them headed for point
discharges, who are being flown
home at a rate reaching 50,000 this
month. The first few came through

here June 15 under what the Army
calls its Green Project, and the
trickle began growing every day.

When they stop over here
they're a close-mouthed, tired,
happy bunch, only 14 hours from
home. They wouldn't risk delay
for anything. "They're scared to
even ask for an aspirin," a medi-
cal officer says. When the Army
asked for frank criticism of the
project, it only got a few timid
suggestions to the effect that
blankets would be comfortable
at chilly altitudes. Now there

GRIN AND BEAR IT

By Lichty

"We gave it the final test, Boss, and it's a success!—By Christmas we'll have a 'Tiny-Tot-Atom-Smasher' in every toy shop in the country."

The Army turned the entire
transport job over to the ATC
immediately after V-E day, and
some officers expect the move-
ment to continue for a year.

Pilots on the various runs are
the pick of ATC and former
Troop Carrier Command fliers,
selected by a screening process
and given rapid, special training
for the job. From their ranks a
group will be picked to school
others as the Green Project
grows. Crews and mechanics
were rushed to South American
and Caribbean bases by plane
and ship. Crews are changed at
each stop as a safety measure.

Men landing here are given a
crack at the medical dispensary
if they want it, fed a big meal,
issued cigarettes and ration slips,
supplied reading material and
permitted to shop for Latin sou-
venirs. But most of them just
catch up on sleep. An enthusias-
tic officer asked a Minnesotan
what he thought of putting up
tennis tables and volleyball nets
for the men. The Minnesotan
propped himself up on his cot in
the rest tent.

"I don't believe I'd waste my
time, sir," he said, and waved his
arm at the sleeping men. "Take
a look at them."

Mother Hears Son, One Of Doolittle's Boys, Is Safe Again

EARTH, Aug. 23 (AP)—Mrs.
Robert P. Hite, who lives on a
farm near this little West Texas
town, got the news yesterday that
she had been waiting three years
and four months to hear.

Her son, Lt. Robert L. Hite, one
of Doolittle's Tokyo raiders, is
safe.

The war department yesterday
announced the names of four Doo-
little raid fliers who have been
released from a Japanese prison
camp at Peiping and Lieutenant
Hite's name was on the list.

"We're all rejoicing," Mrs. Hite
said, "and there'll be plenty more
rejoicing when he gets back. It
seems we've entertained the whole
town today."

Last Of Mexican Workers Recruited

MEXICO CITY, Aug. 23 (AP)—A
trainload of 850 Mexican workers,
the last scheduled to leave for the
United States, will leave Quere-
taro Friday.

The suspension of recruiting
here, however, may be only tem-
porary. U.S. authorities in Mexico
City said officials in Washington
now are discussing policy for the
future. In the meantime, many of
the 70,000 Mexican railroad work-
ers and the 72,000 agricultural la-
borers now in the United States
on six months contracts will be
offered three months extensions.

If you keep your promises and
pay your bills as due, you're just
as good a financial risk as the
millionaire.

From where I sit... by Joe Marsh

Songs for a Better World

We were sitting around the
embers of Ed Crumplit's bar-
becue last Saturday night, fin-
ishing our beer and hot dogs
while Ed strummed the guitar
... picking out old, friendly
songs.

Soon everyone was singing.
The harmony wasn't too good
... but the spirit was—a spirit of
friendship and good humor.

And it made me think how
music—music of the people—
overcomes barriers of prejudice
and intolerance. A Yankee folk-
song or an English carol or a

Southern melody—they all speak
a common language of the heart
... bind folks together... help us
forget our grudges.

From where I sit, music can
help to make the whole world
kin. Maybe we ought to have a
lot more of it... informal sings
around the fire, and in the home.
And it's sure true that a mellow
glass of beer fits into the pic-
ture. It just naturally goes with
that kind of music.

Joe Marsh

The Turkey Gobbler Who Is Aptly Named

WORLAND, Wyo., Aug. 23 (AP)
Roland Wickliff, of Billings, Mont.,
can hardly wait for Thanksgiving
—and his impatience is not strict-
ly from hunger.

While he was helping a friend
feed some turkeys at the Pat Hol-
sey farm, Wickliff wanted to see
if his gold and emerald ring would
attract the birds.

He took it off and waved it in
front of the fowls — and one of
them stepped up and swallowed it.

Redeployment Plans

By The Associated Press
The following army units are
scheduled to arrive in the United
States today (Thursday) from
Europe:

At New York — (aboard Costa
Rica Victory) 1,923 troops includ-
ing headquarters and Third bat-
talion, 515th parachute infantry
regiment and headquarters 13th
airborne division; 713th airborne
ordnance maintenance company.
(Aboard Peter Minuit) 735 troops,
mostly for rotation or discharge.
(Aboard Sea Serpent) 15 troops, all
casual.

The perfect man doesn't drink
or smoke or swear; doesn't borrow
from his friends and doesn't steal;
doesn't make love to all the girls
and overlord the men. In fact,
the perfect man doesn't exist.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for tak-
ing off ugly weight and helping back
slurring curves and graceful slenderness.
Just get from any drugist, four ounces of
Liquid Parcel Concentrate. Add enough
grapefruit juice to make a pint. Then just
take two tablespoonsful twice a day. Won-
derful results may be obtained quickly. Now
you may slim down your figure and lose
pounds of ugly fat without back breaking
exercise or starvation diet. It's easy to make
and easy to take. Contains nothing harm-
ful. If the very first bottle doesn't show you
the simple, easy way to lose bulky weight
and help regain slender, more graceful
curves, return the empty bottle and get
your money back.

Schedules Favor Nats Sports Scrambling For Pennant Roundup

By JACK HAND (Associated Press Sports Writer) Washington has a decided schedule advantage in the American league race today as the Senators head east only a half game behind Detroit after completing their final western trip.

Only 14 of the Nats' 38 remaining contests will be played away from home while the Tigers will be on the road for 29 of their 39 games. The Senators have copped 27 of 44 starts on their three jaunts to Chicago, Cleveland, Detroit and St. Louis. The Tigers have found the road rough on the Atlantic seaboard where they have captured only 11 of 25 tilts.

Eleven more games with the New York Yankees, who are beginning to show signs of life with Red Ruffing and Charley Keller bar in harness, bar the path of Ossie Bluege's men to the flag but Steve Onell's Bengals still have 10 more meetings with Cleveland, now strengthened by the return of Bobby Feller. In fact, the Tigers get first hand information on Rapid Robert's condition when he faces them tomorrow night. The Senators ended their western wanderings yesterday by knocking over Cleveland in both ends of a doubleheader, 3-0 and 6-5 in 11 innings. Roger Wolff, who owned a 4-15 won and lost record in 1944, earned his 15th decision of the year by blanking the Tribe with five blows in the first game.

Pete Center was tagged with his second setback in the finale when singles by Mike Kreevich and Shortstop Dick Kimble and Bud Lewis' fly gave reliever Mickey MacFeter a one-run margin in the second overtime heat. Washington copped the series six out of seven and ran its latest win streak to five.

Dizzy Trout, apparently recovered from his aching back, stopped Philadelphia, 4-1, as the Tigers made it five out of seven over the A's. Connie Mack gambled and lost with a 19-year-old righthander, Bill Connelly, from Alberta, Va., who was making his first start in organized ball. The youngster yielded three runs in the first and that was more than enough although Hank Greenberg touched Luther Knerr for his seventh homer in the eighth. It was Trout's fourth successive victory and his 13th of the campaign.

New York's hopes had a relapse in Chicago where the Yankees blew a three-run lead in the last of the ninth and finally lost to the White Sox in the 11th, 6-5. Mike

Tresh's double followed by Kirby Farrell's single did the trick, dooming Milkman Jim Turner to his fourth loss. Ed Lopat went all the way to his ninth triumph despite 12 Yank hits.

The St. Louis Browns finished their stand against the eastern invaders with a fancy 14 out of 20 record but failed to gain appreciably on the leaders. After Bob Muncief had earned his eighth success in a 4-2 opener, Boston turned around and took a 5-4 evenner despite a desperate two-run St. Louis rally in the last of the ninth.

All National league clubs were idle and only two National and one American games are listed for today.

By HUGH FULLERTON, JR. NEW YORK, Aug. 23 (AP)—Harry Carlson, Colorado U. coach, has written every high school principal in his state asking them to insist that baseball be put on their schools' athletic programs. . . . That sounds like the most constructive step taken since the college coaches association was formed, though a committee has already conferred with a big league group to explore the possibilities of keeping college ball players in college.

Trainer Dwayne (Spike) Dixon of Marquette U. athletic teams still claims a tee-sitting record of 1,303 hours he established at Champaign, Ill., back in 1930. . . . When Dixon recently learned that the old pine tree in which he had spent so many happy hours was to be cut down to make room for some college buildings, he persuaded the Illinois U. alumni to save him the trunk. . . . Spike plans to use it to build himself a chair.

Shorts and Shells In the two years the football Giants have trained at Bear Mountain, N. Y., only Publicist Bill Abbott and Trainer "Doc" Sweeney have summoned the strength and courage to walk to the mountain top. . . . "And you'll notice I took my doctor along," comments Bill. . . . Ted Del Guercio, the Newark, N. J. kid who received a reported \$19,000 for signing with the Red Sox system, collected 85 bucks more recently when he belted a 400-foot homer for Durham in the Carolina league. The fans passed the hat for that feat. . . . Mexico's Hippodromo De Las Americas has boosted purses again and plans to distribute six million pesos to horsemen next winter.

Easy Explanation When Ty Cobb and Babe Ruth were sparring verbally for the benefit of reporters the other night, Ty remarked: "You remember Babe as a hitter, but he really was a great pitcher, too. I never could hit the Babe." . . . Ruth then came back: "When I was pitching, the only time I knew Ty was not going to hit was when I had him 2 and 0. Then I made sure he hit the dirt."

Service Dept. Capt. Floyd Burdette, who managed to play basketball at Oklahoma A. and M. while on duty there for the army, is looking for a coaching job when he gets out. Floyd thinks he could take a college that never has been a court big-timer and put it right there in four or five years.

Strikeout King Back In Cleveland Today CLEVELAND, Aug. 23 (AP)—Bob Feller, strikeout king of the major leagues, came back to Cleveland today—back to the scene of some of his greatest pitching triumphs. The 26-year-old fireballer, released yesterday by the navy after 44 months duty, arrived by plane from Chicago with some sad news for American league pennant contenders.

To reporters who met him at the airport Feller said: "I think I'll surprise a lot of fans who expect me to fill the bases with walks. I've been working out every day at Great Lakes and am exceptionally well pleased with my control."

TRAINING IN FLORIDA ORLANDO, Fla., Aug. 23 (AP)—Ten major league baseball teams either have completed arrangements for training camps in Florida next year or have begun negotiations with Florida cities for park facilities.

REWARD OFFERED SAN ANGELO, Aug. 23 (AP)—A \$100 reward is offered by the West Texas Game and Fish association for the arrest and conviction of persons suspected of poisoning fish in small lakes in Tom Green county.

Private Breger Abroad By Dave Breger

"Mac, I'm worried! Breger's jeep just came back without him!"

Houston U Planning Intercollegiate Play HOUSTON, Aug. 23 (AP)—Harry Fouke, newly appointed athletic head of the University of Houston, announced that the school is planning intercollegiate football for 1946.

"The first year we would like to play only a small card and work up to a 10-game schedule in a few years," he said.

Sharp Shootin' Trap Shooters Gather In Meet

By HAROLD HARRISON VANDALIA, O., Aug. 23 (AP)—There even is a "long count" in trapshooting.

The famous Grand American trapshoot today went into its second day with little or nothing decided. And particularly among those items still hanging fire were the North American amateur clay target titles and the men's "champion of champions" crown.

Even the most doubtful gave Bernie Judd of Hamilton, O., the nod for the men's North American when darkness called a halt to the proceedings. Judd broke his first 100 targets in a row and then finished the full route with 198 x 200. That meant the 99 shooters behind him had to break 100 straight today to beat him.

But They Weren't Waiting For Jobs SALISBURY, Md. (AP)—Salisbury Rotarians, about to hear a fellow member discuss the subject "60 Million Jobs" at a dinner meeting, knew where there were six immediate openings. Because of a shortage of waiters, the club's steward's committee had to serve the 75 diners and carry the dirty dishes back to the kitchen.

YOUTHFUL PROSPECT — Lee Handley, third baseman of the Pittsburgh Pirates, gives a few tips to his son, Lee, Jr., who he hopes will be his leasur lumber some day.

YACHTING IN GERMANY—At a former German yachting basin British Tommies forming part of the Allied occupation forces indulge in a little sailing. Boats and other equipment were found intact when the Nazis fled.

Athletes To Attend Conditioning Camp

Thirty-five athletes and two managers will leave at 6 a. m. Friday with their leaders for a conditioning camp on the L-7 ranch between Junction and Menard.

The encampment is being financed by the Big Spring Athletic association, an organization made possible by voluntary memberships. John Dibrell, athletic director and football coach, will direct the camp. He will be assisted by Walter Reed and Pat Murphy.

With the exception of securing the services of a cook, all details were completed Thursday. Plans call for a program of calisthenics, games and other athletic events. The camp lasts for one week and the athletes will return here in time for their first work on football training Sept. 2.

The Quality Of Justice Is Not Strained—Much CHICAGO (AP)—Judge Cecil Smith ordered a \$2 fine in a traffic case. The defendant fished in his pockets—he had left his wallet at home. His lawyer had only a couple of checks. So the judge loaned the attorney \$2 so he, in turn, could lend the money to his client to pay the penalty.

SAY YOU SAW IT IN THE HERALD

Cooper Recovering From Sore Arm

ST. LOUIS, Mo., Aug. 23 (AP)—"I'll be ready to fog 'em through again by the middle of September."

That was the threat hurled straight from a St. Louis hospital bed to National league batters yesterday by big Mort Cooper, Boston Braves hurler of sore-arm fame.

Cooper, who went to the Braves from the Cardinals last May for a reported \$60,000 plus pitcher Charlie "Red" Barrett, is recovering here, following the removal of a bone chip from his expensive—and capricious—pitching elbow.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or chronic passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Golf Meet Finalists Will Be Favorites

LAKE FOREST, Ill., Aug. 23 (AP)—Every section of the country was represented in today's quarter-final session of the 45th annual women's western amateur golf tournament, but the outcome appeared cut-and-dried.

In the lower bracket, especially, there seemed little doubt about the probable semi-finalists as defending champion Dorothy Germain of Philadelphia and Babe Didrikson Zaharias of Los Angeles tackled lesser-light foes.

In the top bracket, medalist Louise Suggs of Atlanta, Ga., encountered Sally Sessions of Muskegon, Mich., and Phyllis Otto of Atlantic, Ia., engaged Eileen Stubb of Augusta, Ga.

Southwestern U Team Hurries Up Training

GEORGETOWN, Aug. 23 (AP)—Forty candidates for the Southwestern University football team are in the midst of a hurry-up training schedule with the opening of the campaign less than a month away.

Pads were brought out this week for scrimmage sessions. Coach R. M. Medley has been converting some freshman talent into what he hopes will prove an interesting line-up from the standpoint of the fans, augmented by eight or ten lettermen from last year with the probability of reinforcements arriving with mid-semester registration on Aug. 27.

An estimated saving of more than \$3,000,000 a year through new methods of packing, baling and shipping goods has been effected by the Army Quartermaster Corps at its Philadelphia depot.

Not Morning After, It Was A Reptile!

NEW YORK, Aug. 23 (AP)—Women screamed and men jumped yesterday to see a five foot snake slithering along the pavement at Sixth avenue and 42nd street. Police—at a loss to know where the reptile came from—dispatched it. It was non-poisonous.

FROM THE RINDLAND HOLDREDGE, Neb., Aug. 23 (AP)—German prisoners of war at work here were given their first taste of watermelon. One of them ate his entire piece, rind and all.

VOTE TO ENLARGE OUR SUPREME COURT

The State Bar of Texas has endorsed the proposed amendment to our State Constitution which would enlarge the Supreme Court from three to nine justices. A committee, appointed to work for adoption of this amendment by the voters of Texas on August 25 has arranged to present some of the outstanding lawyers of Texas in two radio broadcasts. They will tell why Texas should take this progressive first step.

HEAR THESE BROADCASTS THURSDAY - - - AUGUST 23

9:15 p. m.—Texas State Network Hon. Andrew Thuss, Dallas city attorney, will moderate a round-table forum for discussion of the amendment. The panel will include Galloway Calhoun of Tyler, prominent East Texas attorney; Judge Albert S. Mauney of Sweetwater, judge of the 32nd judicial district; Chas. F. Ashcroft, Sulphur Springs businessman; and Grady Chandler of Austin, chairman of the state bar's amendment committee. 9:30 p. m.—Texas Quality Network Hon. Gordon Simpson, elected a justice of the supreme court while serving with the U.S. Army in Europe last year, will tell Texas voters why the amendment should be approved.

Vote FOR the SUPREME COURT AMENDMENTS August 25 (Political ad paid for by the State Bar of Texas Committee on constitutional amendment for enlargement of the supreme court. Gerald C. Mann, publicity chairman)

Attacking Possibilities

Our luck has stretched as far as it would go, and now the poliomyelitis plague which has gripped areas of South and Central Texas is laying its paralyzing grip on increasing numbers here.

Although the number may be small, the increase within the past week is such as to constitute the beginning of an epidemic. It may be that no more will occur regardless of what happens, but it will not be wise to count on that.

The plain truth is that no one knows how poliomyelitis is spread; if we did, definite steps could be taken to confine it. Research has indicated that fatigue and chilling may make a person more susceptible. The finger of suspicion has been pointed at flies as carriers.

New fatigue and chilling do not within themselves liable a person to infection, nor is it certain that flies spread the malady from person to person. They are possibilities, along with many others, and in the absence of any certain steps, it is well to take every possible precaution.

Most of it will develop into an individual matter, of care around the home, in avoiding possible points of contact, in trying to maintain the highest degree of individual resistance.

As a community proposition, a concerted war on flies would be striking at a possibility. More militant enforcement of the sanitary code will be of great value, although the code has its limitations. Residents and business houses ought to make every effort to see that facilities for disposal of garbage and body wastes are entirely sanitary. Any concern with refuse liable to breed and feed flies should be constantly treated against flies. Breeding and harboring places for these creatures, along with those for mosquitoes, should be attacked with vigor and along a broad front.

We do not know what we can do to mitigate against the projected epidemic, but we do know that we have not done all we can do until we have made our city clean.

Short History Of The Japanese War--

Yanks Leapfrog In Pacific

(Seventh in a Series)

Meanwhile, Yanks in the Aleutians were fighting under conditions as extreme as those of the jungle. Hammering Attu, west-ernmost of the chain which the Japanese invaded during the battle of Midway, by sea and air whenever the weather permitted, the Americans invaded that barren island on May 11, fighting through fog and 20-foot icebergs and indescribable hardship, they chased the enemy out of his holes around Massacre Bay and Chicago Harbor. Japanese resistance finally expired in a fantastic banal suicide charge and the island was reclaimed May 31, just under a year after the Japanese seized it.

After elaborate preparation, Americans and Canadians invaded Kiska on Aug. 15, but found the enemy had mysteriously fled. Agaitu already had been abandoned by the Japanese, and the Aleutians were freed. The threat to Alaska was removed.

In the central Pacific at Tarawa, the Second Marine Division made the first assault on a fortified atoll and wrote one of the most heroic pages in marine corps history. Tarawa had been pounded by a great weight of naval shells and bombs, but not enough. When the marines went ashore on Nov. 1 they found many of the concrete blockhouses intact. Landing boats

were wrecked on the coral reefs. Cut and bleeding, the men were pinned down in the surf by the enemy fire.

Tarawa was the costliest bit of ground ever won by the marines up to that time. In 76 hours 3,583 Americans were killed, wounded and missing—988 of them dead. But the Gilbert Islands were cleared as a result of the fighting.

While the marines were taking Tarawa, army troops captured Makin. Previously, marines had landed on Nanumea in the Ellice group on Sept. 29.

In Europe 1943 had set the stage for the climactic invasion of Normandy, with the Allies within striking distance of Rome.

In the Pacific the year had laid the foundation for the leapfrog operations up the New Guinea coast and the central Pacific offensive that were to lead to the Philippines and the Marianas on the doorstep of Japan. MacArthur had set the pattern of his operations—a series of hops, skips and jumps, each "hitting the enemy where he ain't," isolating the main bodies and leaving them to be weakened for the kill by stragglers.

The year 1944 opened with MacArthur's men carrying out the first of his jumps, to Saldor on Jan. 2, and with Nimitz opening his cen-

With The News

By Dewitt Mackenzie
AP Foreign News Analyst

The vast reverence which the Japanese people have for their God-emperor is being demonstrated daily as the Tokyo government proceeds cautiously with the dangerous task of implementing its capitulation to the allies—dangerous because the militarists are against it, and because the general public is undergoing a terrible shock, having been led to believe that Nippon was winning the war.

Now this reverence has nothing to do with Hirohito's capabilities. It would still be there if he were a Moron. It rests in the fact that the people believe they are ruled by a divine being—a living God. They've believed it since 680 B.C. when, according to legend, the first emperor ascended the throne. The Mikado is the last word in the life of the Jap. Actually Hirohito has been more or less of a figure-head—but even the greatest and most progressive of his subjects approach his presence with diffidence.

We see excellent example of the Mikado's power in the attitude of Field Marshal Count Jichi Terauchi, Japanese commander in Southeast Asia. Despite Tokyo's capitulation, the count refused to surrender to Admiral Lord Louis Mountbatten until the emperor himself had given the word. There have been similar cases in other fighting zones.

This is a situation which can't be brushed aside lightly—a fact that the Allied leaders recognize. It's all very well to shout "hang the Mikado"—as more than a few are doing—but it would be a perilous experiment to commit such violence on the primitive ideas of Japan.

Moreover, there are a lot of Allied folk who believe we should be outraging our own ideals if we struck down the head of a religion.

How To Torture Your Husband

With The AEF: Correspondents Guesseed Wrong In Going Home

By FRED HAMPSON

(Associated Press War Correspondent Substituting for Hal Boyle)
SAN FRANCISCO, (P)—Entry into Japan Sunday by airborne troops and the following Tuesday by amphibious forces will put us into Japan—as near as most of the war correspondents had it figured—two to four months ahead of schedule.

I left Manila about two months ago along with a lot of other correspondents who thought it was a good time to take home leave. Which proves that during war the best estimates and most careful plans aren't worth the powder in a knee mortar shell.

In mid-June you couldn't have convinced a hundred men in the Philippines that the war was almost over. We weren't even thinking about the end of the war. We were fretting about the invasion date for Japan.

The Pacific is full of correspondents who have covered for half a dozen to 20 amphibious landings and they get pretty accurate at guessing an invasion date. And D-day in Japan did not look very near.

We could see the bases being built on Luzon and Okinawa and elsewhere. Hospital sites, staging areas, airfields, infantry camps. A lot was being done in a hurry but the job was only starting. We counted and recounted the number of divisions in the Pacific and they didn't add up to enough. We knew that the Japan show would take the biggest armada in history and it wasn't ready yet.

Finally we consulted our various sources of direct and indirect information. Most of them told us we could take home leave without missing the big show, providing we got back by mid-October. So the correspondents who had leave coming, took it—and arrived home in time to watch from afar the atom bomb, the Russian entry and Japan's surrender.

Why this steady increase in republican strength? During the war republicans have demonstrated an ability for constructive leadership in the field of international affairs by taking the initiative in steps leading to the formation of the United Nations organization, and otherwise by doing everything within the power of a minority party to make sure that this time we shall win the peace as well as the war. As far back as July, 1943, "The Republican Post-War Policy Association" drew up a declaration favoring the establishment of a post-war security organization to insure the maintenance of peace.

About two months later—in September 1943—an official republican meeting at Mackinac drew up a statement of party policy favoring "responsible participation by the United States in post-war cooperative organization among sovereign nations to prevent military aggression and attain permanent peace with organized justice in a free world." Subsequently that declaration of Mackinac was embodied in the republican platform adopted by the national convention in Chicago in June 1944, and by the republican standard bearers in '44.

The final development was the drafting—with able leadership from prominent republican lead-

ers—of a United Nations charter at San Francisco, and the ratification of that charter—again with republican cooperation—by the United States senate.

Republicans Aid For Veterans On the domestic front, the republicans are also demonstrating affirmative leadership. For returning veterans, a survey at the close of 1945 legislative sessions showed the republican-controlled states are far in the lead in providing jobs and deserving benefits for veterans. Our people don't like to play partisan politics with the rights of returning veterans. Hence a kickback when Edwin McKim, then chief administrative assistant to President Truman, sought to use the promise of funds appropriated for wounded war veterans to influence the special congressional election in Montana.

Also the kickback when Governor (and Truman confidante) Walgreen of Washington said—in approval of the action of his state highway department in turning down a veteran of three years service because he was a republican—that veterans who have actively identified themselves with the republican party wouldn't be hired by his state government.

On the labor front, republican leadership has offered a plan for a nation-wide labor conference of management, labor and government to bring about a charter for industrial peace at home—just as the San Francisco charter seeks to bring international peace.

On the food front, a republican program to replace the present OPA set-up was rejected by the administration but the "planned" food shortages will still be remembered in '46.

Democratic Spending Continues Republicans favor an end to extravagant deficit financing. About the first promise made by President Truman—after his declaration that he would follow out the Roosevelt New Deal policy—was that there would be economy in government. That was in mid-April. On July 26, Senator Harry F. Byrd, democrat of Virginia, chairman of the joint committee on reduction of nonessential federal expenditures, reported that there had been a 16,000 net increase in the number of civilian federal employees in the United

States in June—as compared with May. So, it appears, "New Deal economies" haven't changed. A moment's consideration of the composition of the New Deal gives the answer why they can't change. There are three essential elements in the New Deal: 1. The Solid South, where political control is based upon racial discrimination and intolerance, and what the late President F. D. Roosevelt used to call "economic bourbonism." 2. The big city machines, controlled by such eminent exemplifiers of liberalism as Mayor Kelly of Chicago, Mayor Hague of Jersey City and Tammany in New York; 3. The racial fringe, composed of groups led by ex-convict Earl Browder and William Z. Foster, (who has now deposed Mr. Browder and endorsed Mr. Truman on probation), together with their fellow travelers in such groups as the American Labor Party in New York and the Walgreen administration in the state of Washington.

End of Guinea Pigism Obviously, these three discordant elements have no basic interests in common except the desire for political power. Once the cohesive power of federal funds, spent for political purposes, is removed, this unholy alliance will fall apart overnight. Removal of this cohesive power will take place as soon as the republicans win control of congress next year.

With republicans in control of the nation's purse strings, the federal payroll will cease to be the happy hunting ground of bureaucratic theorists bent upon using the American people as a vast collection of guinea pigs, and upon perverting the processes of government for political ends.

Another result which will follow the election of a republican congress—this also can be listed in the category of "predictions of things to come"—will be a thorough-going "audit" of the New Deal, including its performances both in peace and in war. That audit must not be made by the same people that are to be audited. It must be independent of them. Maybe if the evidence is still available, the nation will even find out what was responsible for the disaster at Pearl Harbor. (Released By The Bell Syndicate, Inc.)

Washington Merry-Go-Round--

Republicans Sure To Win Congress?

(Ed. Note—In Drew Pearson's absence, Herbert Brownell, Jr., chairman of the republican national committee, writes a guest column on GOP plans for 1946).

By HERBERT BROWNELL, JR., Chairman, Republican National Committee

WASHINGTON — The inside story from republican leaders is that the republican party will win control of congress in 1946. Put that down as one of this column's "predictions of things to come." Let's have a quick look at the national political scene as America goes forward to win the peace; and see why this prediction makes sense.

Republican governors now direct the governments of 23 states, containing 56 per cent of the total population of the United States. These same states contribute 67 per cent of the internal revenue to support the federal government. In other words, those 23 states, where republican government encourages the operation of the American system based upon individual opportunity, provide more than two-thirds of the money necessary to keep the nation's government operating.

After the 1936 election, there were 16 republican U.S. senators; after 1940, there were 28. Now there are 40 and when Baseball Czar "Happy" Chandler resigns—as he should—there will be 41. That's only 8 short of a majority.

In the house, republicans had 89 congressmen after the '36 election. These increased to 162 after the '40 election. After the '44 election, republicans had 190 seats—only 28 short of a majority. In the Montana special election in June—the first test of public opinion at the polls on national issues since the advent of the Truman administration—the republicans won another seat in a district that had been New Deal for 14 years. Right now, the New Deal governor of New Mexico refuses to call a special election to fill a congressional vacancy caused by Cabinet Member Clinton Anderson's resignation from congress. Does he fear the outcome?

Why this steady increase in republican strength? During the war republicans have demonstrated an ability for constructive leadership in the field of international affairs by taking the initiative in steps leading to the formation of the United Nations organization, and otherwise by doing everything within the power of a minority party to make sure that this time we shall win the peace as well as the war. As far back as July, 1943, "The Republican Post-War Policy Association" drew up a declaration favoring the establishment of a post-war security organization to insure the maintenance of peace.

About two months later—in September 1943—an official republican meeting at Mackinac drew up a statement of party policy favoring "responsible participation by the United States in post-war cooperative organization among sovereign nations to prevent military aggression and attain permanent peace with organized justice in a free world." Subsequently that declaration of Mackinac was embodied in the republican platform adopted by the national convention in Chicago in June 1944, and by the republican standard bearers in '44.

The final development was the drafting—with able leadership from prominent republican lead-

ers—of a United Nations charter at San Francisco, and the ratification of that charter—again with republican cooperation—by the United States senate.

Republicans Aid For Veterans On the domestic front, the republicans are also demonstrating affirmative leadership. For returning veterans, a survey at the close of 1945 legislative sessions showed the republican-controlled states are far in the lead in providing jobs and deserving benefits for veterans. Our people don't like to play partisan politics with the rights of returning veterans. Hence a kickback when Edwin McKim, then chief administrative assistant to President Truman, sought to use the promise of funds appropriated for wounded war veterans to influence the special congressional election in Montana.

Also the kickback when Governor (and Truman confidante) Walgreen of Washington said—in approval of the action of his state highway department in turning down a veteran of three years service because he was a republican—that veterans who have actively identified themselves with the republican party wouldn't be hired by his state government.

Washington--

most of his wrath. He was talking from the office of one of the brassiest Navy hats in Washington. He apologized. If he had something that took priority over putting ships back into the battle of the Pacific, it must be the biggest thing in military history, he said.

The same thing happened at the Rock Island (Ill.) arsenal. The commanding officer had to be told off through orders from General Marshall himself before he would quit fighting the pirating of some of his best machinists.

On the whole, private war industry employers were more tractable and cooperative, one WMC official said, and gave up—even if tearfully—their best tool makers, designers, millwrights, pipefitters, etc., without a struggle, once informed there was something bigger in the making than anything they were producing.

Nevertheless, WMC officials breathed a big sigh of relief when they, along with the rest of the world, were informed that the "Manhattan project" produced the atomic bomb and that these volcanoes on a parachute were the most devastating success in the whole history of wars.

If they had fudged a little on the rule against taking more than 10 per cent of the skilled workers in factories that had more

than 10 of such; if they practically Shanghai'd a few of the nation's finest shopmen artists, at last they were justified.

It was legalized, of course—by an overall executive order from President Roosevelt that gave atomic bomb production the highest labor priorities in the land. That didn't always make it easy.

"Give me an order for 10,000 unskilled laborers any day rather than an order for one man of the highest skills," said one WMC official.

In the first place, the top skilled men were those who might get a peep into Uncle Sam's topmost-drawer war secret. Not only did they have to be citizens, but their parents and grandparents had to be citizens. If they had been abroad any time in recent years before the war they were automatically barred. Being ace men in their professions, they were normally high-salaried, steady, conservative and generally disinclined to fall for offers to go to work in the blind alley which the production of some fantastic weapon of tomorrow might be.

Once convinced and cleared by the FBI, they had to be yanked from under the watchful eyes of their employers without ever telling the latter what the Army was making that was more important than their vital parts for planes, ships, guns and bombs.

This situation came to a climax once when an irate Navy captain in charge of ship repairs at the Mare Island Navy Yard in San Francisco Bay came storming into Washington. He wanted to know just what the hell was going on. WMC, he roared, had pirated 15 of his best electricians.

Later in the day, hoarse but chastened, he called the WMC official on whom he had visited

Divorces are getting so common nowadays that the men are beginning to believe that all the women want to do is borrow the names for awhile.

to the public. If interested get in touch with the regional Office of Surplus Property, Department of Commerce.

Surplus Property To Sell Airplane Tires

There's a "first" in the history of the Office of Surplus Property, department of commerce, which is arranging to sell all-new airplane tires and tubes—for ground and off the road uses.

These airplane tires and tubes which will be sold nation-wide, will be of particular interest in all farming areas because they are for use on such ground types of vehicles as farm machinery, passenger cars, trucks, farm wagons and the like. They will be sold only to tire manufacturers, wholesalers and dealers for distribution

Hollywood-- The Way Wilson Wood Was Discovered

By BOB THOMAS

HOLLYWOOD—A star is born. How? A tired producer may be judged by his wife to look at a band vocalist. The producer likes what he sees, and a national idol is created.

I was discussing the process with Joe Pasternak, the MGM producer, at lunch in the studio commissary.

"How do you discover new personalities?" I asked. "That word 'discover' is highly overrated," he said. "Usually the stars come up the hard way. But sometimes there is an element of chance involved in it. Take for example a boy I just brought down from Las Vegas.

"I had been losing a little money at roulette—not much, but enough. I was sitting at a table in the dining room with my wife and she told me to look at the boy singing on the bandstand. I said I was too tired to look, but she insisted.

"Well, this guy is a clean-cut, good looking American boy with a wholesome personality. So I asked him to come down here for some tests. He did and they turned out fine. There he is sitting over there."

I looked and did a double-take. It was Woody Tolkein, a fraternity brother and somewhat of a legend around the Beta Theta Pi house at UCLA. Adopting his first two names, Woody Wilson, he had left school to tour as vocalist with Pinky Tomlin's band. Later he had his own band, but lost the leadership of it in a managerial shuffle. Woody came over to our table, and in between talk about old times, I learned about his budding movie career.

"I've got a new name," he announced. "I'm now Wilson Wood." Woody, who has never seen movies being made "except in the movies," is packing his brain with a lot more knowledge than he did at UCLA. If the tales about him are correct. Among his many lessons is one in how to speak Bostonian for a role in "Two Sisters from Boston."

Pasternak, whose fatherly guidance has helped steer such personalities as Deanna Durbin, Esther Williams, June Allyson and Kathryn Grayson to fame, gave a little parental advice to Woody, principally about avoiding the attentions of various feminine members of the community who attempt to hook themselves to rising stars.

"Don't worry," said Woody. "I've got the best wife in the world." He also has two little children, and his main problem is finding a place for them to live in Hollywood.

After Woody left for some more lessons, the producer explained that after a year's experience, the actor will have arrived.

And all because Pasternak happened to turn his head at the right moment. Hey, Joel Look this way!

Full Employment Is Necessary To Avert Depression

WASHINGTON, Aug. 22 (AP)—Secretary of Agriculture Anderson declared today that full industrial and business employment in the postwar period is essential if another agricultural depression is to be averted.

The secretary made the statement in endorsing the proposed full employment act before the senate banking and currency committee.

"The farmers of this country," he said, "have a vital interest in the maintenance of full employment. Our agricultural industry is now geared to produce 30 to 35 per cent more than before the war.

"The maintenance of full employment will be essential if we are to guard against another period of agricultural depression and low farm income. When urban people have jobs and are making good incomes, they buy more clothes which come from wool and cotton; they eat more fruit, meat and vegetables, drink more milk and even smoke more cigarettes than when they are unemployed or working only part time."

Anderson said that under full employment—that is, if unemployment does not exceed a minimum of about two million workers, including those on vacation and in process of changing jobs—agriculture might reasonably expect a net income of about nine billion dollars in 1950.

With seven million workers unemployed, he said, the agricultural situation would become serious, with net farm income dropping to about 6.5 billion dollars and farm prices falling well below parity levels.

PULLING IN FLYING BOAT—At a Marianas Island base a tractor hauls a big Martin PBM from the water onto a ramp. Auxiliary craft are in background.

Inseparable Jones Boys United Again

WITH 32ND DIVISION, Northern Luzon, P. I., Aug. 23 (AP)—The inseparable Jones boys from Texas, who have been having reunions all over the war, are at it again.

Pfc. Harold D. Jones and his young brother, Pfc. Rex R. Jones, Hamlin, Tex., were inducted the same day at the same reception center and took basic training together at Camp Wolters, Tex. Together they went through the same four army camps in America, and went to New Guinea on the same ship.

They came ashore in the Philippines side by side.

On assignment to the 32nd division, they were sent into different companies—but both were wounded on the 19th day of combat, and of course they found themselves together in the evacuation plane—and in the hospital back home, which naturally they both left the same day.

Now they've returned to the Philippines together, have transferred to the military police together, and were last sighted on duty—together.

New Students To Register At School

High School Principal Walter Reed urged Thursday that all new students who plan to enter Big Spring high school for the first time this fall come by his office and register for the ensuing year.

Registration is being carried on now for students of the 9th, 10th, 11th and 12th grades. Students of the eighth grade who will go to high school for the first time do not have to come to the high school for registration, Reed said. He advised, however, that new students entering from a ward school should let him know that they are coming. He declared that a telephone call would be enough.

Reed explained that the eighth graders will not need to register since their course of study is already laid out for them.

Six Polio Cases In Big Spring Area

The number of local poliomyelitis cases in Big Spring stood at six Thursday, representing no increase in the total.

Four of the cases seemingly originated in Big Spring and two in the rural areas of Howard county.

Two other cases came in from out of the county.

Most of the cases have occurred among children thus far.

The board of the local infantile paralysis organization was to meet Thursday afternoon to hear reports concerning some cases.

Major Turner, PRO, On Terminal Leave

After nearly three years of service with the army as public relations officer for the Big Spring Bombardier School, Maj. W. E. Turner has been granted terminal leave and is to retire soon from the army.

Maj. and Mrs. Turner and their son, Terry, were to leave Friday morning for their home in Waterville, Kans.

Looking back over his assignment, Maj. Turner expressed "my appreciation to every individual, business firm, civic group, church and the schools for your fine cooperation during my tenure as the PRO at your bombardier school. Your West Texas friendship and hospitality tends to make one sentimental at such a time. Thanks for your help."

Maj. Turner was among the first officers to be assigned to the local post and was one of the few original officers assigned to the local post.

Mrs. Tidwell's Sister Gravely Injured

Mr. and Mrs. C. H. Tidwell, called to Claiborne, Tex., upon the death of her uncle, W. T. Johnson, learned of another tragedy in the family Wednesday.

Her father, L. K. Johnson, had received word that Mrs. C. E. Mayfield, her sister, had been in a car accident near Little Rock, Ark., and had suffered a fractured spine. Her condition was extremely grave. Mrs. Mayfield had visited here last week.

Businesses Not Yet Receiving Rat Poison Should Call C of C

Any business concerns who have paid for the rat extermination service and who have not received the poison distribution, should call the chamber of commerce. A few places may have been missed and by calling will be taken care of.

Distribution in residential section began this morning with P-TA units in charge.

Red Army Occupies All Of Manchuria

LONDON, Aug. 23 (AP)—Generalissimo Stalin announced tonight the Red army had occupied the whole of Manchuria.

Red troops have occupied a second island in the Kuriles, Paramushiro, just south of Shumushu which was taken by airborne troops yesterday, the broadcast order of the day announced, and the Japanese Kwantung army in Manchuria has ceased resistance and laid down its arms.

All of Sakhalin Island, the southern half of which was held by Japan, also has been taken over by the Red army, Stalin disclosed.

Masses Of Airplanes On Okinawa Ready To Fly Into Jap Islands

OKINAWA, Aug. 23 (AP)—Plane-covered Okinawa is ready to pour a flood of airborne occupation forces into Japan at any desired moment. The basic reason why that moment has been delayed until next Tuesday cannot be disclosed—but it can be said that safety of the occupation forces is a prime consideration with General MacArthur.

Literally hundreds of big transport planes are poised for the northward flight—and all will be fully alert as they near the surrendered empire. Fighters will escort the transports; troops making the landings will be fully armed and as heavy equipped as though making a wartime invasion.

Officers here have acknowledged the possibility that the occupation forces may encounter certain hostile elements, at least at the beginning of the occupation.

Despite the best of intentions and exercise of intelligence, a man sometimes gets mixed up in a bridge game with three women.

TELEVISION IDEAL—Dr. Lee DeForest, radio pioneer, says the red hair and green eyes of Geraldine Fitzgerald (above), Irish movie star, make her ideal for color television.

Livestock

FORT WORTH, Aug. 23 (AP)—(USDA)—Cattle: 3,000; calves 1-500; most classes cattle slow, calves fairly active. Mature steers scarce, steady, cows and bulls steady to 25 lower, calves strong to 25 higher. Medium slaughter steers and yearlings 11.50-13.50; common 9.00-11.00; medium beef cows 9.00-11.00; common 8.00-9.00; bulls 7.00-10.25; good and choice fat calves 11.75-12.75; common and medium 8.25-11.50.

Hogs: 100 steady. Good and choice barrows and gilts of all weights 14.55. Sows 13.80. Pigs up to 15.00.

Sheep: 5,500 moderately active, mostly steady. Medium and good spring lambs 11.00-12.00, choice lacking; most yearlings 8.50-9.50; load 10.50 to shippers. Medium and good aged sheep 5.00-6.25; late Wednesday, choice fat ewes topped at 6.50. Double deck goats 4.50.

Portland Company Rocked By Blasts

PORTLAND, Ore., Aug. 23 (AP)—An explosion that knocked housewives from their chairs 50 blocks away and rocked Iron Fireman Manufacturing company today, killing one and injuring an undetermined number of workers.

Police reported a workman, Keck, was killed.

A nearby hospital admitted five men shortly after the blast, and a more distant hospital was expecting 17 casualties.

Firemen were battling a fire started by the explosion.

The blast was caused by an exploding furnace.

Southwest Has More Jobs Than Jobless

DALLAS, Aug. 23 (AP)—James H. Bond, Regional War Manpower Commission director here, said today there were more jobs than jobless war workers in the southwest.

He said the number of claims filed for unemployment compensation was lower than expected in Texas, Oklahoma and New Mexico.

He said the number of applicants at the United States Employment Service office here continued to decline. He said the number had dropped to 500 today, and that 233 had been referred to jobs before noon.

He said if new and large layoffs should come, the picture might change but said "there is nothing to worry about now."

Marine Recruiters Here Until Friday

Marine recruiters will be here through Friday to contact youths interested in enlistment in the Marine Corps.

Sgt. Richard Galvan, in charge of the party, said that 17-year-olds could contact him and Sgt. Kafka at the civil service room of the postoffice basement through Friday evening.

He stressed the fact that the end of the war did not mean the end of the need for enlistments in the Marines, for they will have the task of helping to preserve the peace for the nation.

The recruiters have a special technician film of the landing on Iwo Jima and this will be projected before the American Business club in its Friday meeting.

Full information concerning service with the Marines will be available from the recruiters.

Two Huge Battleships Collide In Pacific

WASHINGTON, Aug. 23 (AP)—The navy disclosed today that two of its modern 35,000 ton battleships, the Washington and the Indiana, collided February 1, 1944, as they were withdrawing after a bombardment of Kwajalein, in the Marshalls.

Military secrecy had cloaked the accident until today.

The Indiana suffered three dead and one injured. Casualties of the Washington were three dead and three missing.

Neither ship was damaged sufficiently to force its retirement from the task group.

Do FALSE TEETH Rock, Slide or Slip?

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, soapy, putty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Last War Loan Drive To Begin October 29

WASHINGTON, Aug. 23 (AP)—Starting date of the eighth and last war loan drive is October 29.

This will be a "Victory Loan" of \$11,000,000,000, of which the government wants four billions to come from individuals, half in "E" bonds.

Secretary of the Treasury Vinson, in announcing the loan last night, said:

"The cost of contract settlements, bringing our forces home, their mustering-out pay, hospitalization, care and rehabilitation will be great and will require large sums for which we must plan now."
