Telephone service is improving. Basil Sherman rang the operator Monday and had to ring only 27 times to get an answer. In all seriousness, this is indeed a vast improvement over the 72 times Don Williams had to ring to get an answer a week ago Sunday.

We had a little sketch about Friona's paving a while back. We understand that one of our readers has taken the trouble to count the number of blocks of pavement in that city. We haven't heard the exact number of paved blocks in Friona yet but this we know, that town has a lot better network of paved streets than does ours.

We have one of the best trade areas in the Southwest. Olton can grow into a small city if we build it. But this we must remember, towns are built by people.

We'd like to see the garbage and trash collection go under management of the city with a standard fee for this service added to the water bill each month just like the sewer fee.

It will work. It does in other towns and cities. Why not in ours?

We have no quarrel with the folks who now are taking care of the trash and garbage hauling. They could continue in their work if it suits the city commission but under city supervision and on the city payroll.

We have another pet peeve. It is the waste of city water in watering lawns and gardens. Actually, there would be little need for water bans or water meters if people did not waste water. Pure waste on a number of days this year has run our gallon consumption up higher than that of Muleshoe—a city twice our size.

We realize that folks forget, but that is not a valid excuse. You don't go off and leave your car engine running unattended. Then why should you go off and leave your sprinkler or water hose running unattended?

Both acts of negligence are threats to health and property.

Aside from the outright waste involved, here's what happens as a result of negligence with water. Usually it runs off the lawn and down the street gutter.

The water stagnates and makes a breeding place for mosquitoes. This is a threat to the health and welfare of our own children. Olton

Schoolman, Civic Leader, Ginner Laus Hair Named Lion Of Year

Olton Lions Club's Lion of the year is almost a native of Olton. He is Laus Hair who moved to Olton with his parents as a small boy in 1920 and has been a community leader most of the time since.

Laus was little more than an infant when his family moved to Running Water, near here, from Bulcher, Tex., where Laus was born.

Laus' dad operated a country store at Running Water and then

in 1920 moved the family to Olton and operated a mercantile store.

"We sold almost everything," Laus reminisced, "from groceries to gasoline." The Hairs even operated the town's post office.

Laus started to school here at Olton. "In fact," he declared, "I started to grade school and graduated from high school under the same superintendent, H. P. Webb."

While in high school Laus was an athlete. He played basketball, football, tennis and track.

Olton's Lion of the year has worked with people most of his adult life. He attended Texas Tech for a time and then went to work in his dad's store. He worked for his father until 1937 and then found employment in the tax collector's office.

Laus worked at the courthouse until 1944. He was Olton's coach in 1942 and 43.

He went to work for Olton State Bank in 1944 and worked as cashier at the bank until 1952. That year he and C. S. "Shorty" Silcott bought out Jack Silcott and began operating Farmers Gin Co.

Some of Laus' finest community work has been done in the school system and in his church, Olton First Methodist Church.

Laus is a former member of the board of stewards of his church and served on the building committee during construction of building here.

He has been a member of the school board during a period of the school's greatest expansion. He has served on the board since 1953.

He served the board as secretary in 1954 and then in 1957 was named president of the board. Fellow trustees showed their esteem for Laus this year by naming him board president for the second consecutive year.

Laus is a 32nd degree Mason, a Shriner and member of Khiva Temple.

He served his lodge as worshipful master in 1952 and 1953.

He is a charter member of Olton Lions Club having served that organization twice as president. He was president of the club during the middle 1940s and was again elected president last year. He also has held the offices of Lion

Tennis Courts Discussed By OCCA Directors

Olton Chamber of Commerce and Agriculture board of directors at a Thursday luncheon discussed plans for expediting construction of a lighted tennis court.

The discussion will be pursued further at a board meeting to be held at 7 o'clock the morning of July 3 at Ideal Cafe.

The Chamber has agreed to contribute \$300.00 toward the project and has called on other civic organizations to aid in construction of the facility.

Crop Prospects Excellent; Insects Still Pose Threat

Crops were in fine shape this week. Some farmers say prospects for bumper yields are the best in history.

Cotton has almost grown out of danger of thrip now but it has entered the stage when damage can be heaviest from fleahoppers. Fleahoppers hit the young squares and cause them to be thrown off.

Some of the best cotton of the crop is in the making right now and a heavy infestation of fleahoppers unchecked could be serious, entomologists reports.

Some fleahopper buildup has been reported in the community. Windy weather has hampered spraying of the pests this week.

Olton has continued in the magic circle untouched by hail damage so far. The weatherman has brought the community light "cotton showers" for the most part.

Last Friday night John Adams reported .30 of an inch on the home place and .60 on his west place. Bob Burgess northeast of Olton reported .40 of an inch.

Bun Cooner, 14 miles northwest of Olton, said he received 2.65 inches of rain which fell during a 2½ hour period.

Vegetable harvest is slowly getting underway. J. B. Williams is about to begin digging potatoes and Cleo Smith is harvesting onions this week.

Olton Co-Op Gin Stockholders Barbecue Set For Next Saturday

Olton Co-Op Gin will hold its annual stockholders' meeting at 7:30 o'clock next Saturday evening at the gin warehouse.

Lloyd Graham, manager, said a

barbecue dinner will be served to stockholders and guests.

Dividend checks will be handed out to patrons. Following the dinner an election of officers will be held.

Two new directors are to be Tom Ross and Elmer McGill.

Nominees for the two directorships to be left vacant are Owen Jones, A. L. Miller, Jack Edwards and Willie Gene Green.

OHS Students Win Honors At Band School

A number of Olton students compiled outstanding records at the summer band school at Eastern New Mexico University, Portales.

Jerry Meyer and Mary Roper made the symphonic band which was conducted by Dr. Paul Van Bodgraven.

Three youngsters from Olton received honors in music theory which was conducted for the first time this year. It was taught by Dr. Marvin Thoresten of Iowa State University.

Honor students from Olton were Alcee Ross Bryant, Sandra Cox, and Jean Williams. Olton Band Director Fred Stockdale said 38 students from Olton attended the band school.

OLTON DOLLARS TO BE GIVEN BY MERCHANTS THIS WEEKEND

Olton merchants are sponsoring the first of a series of drawings Saturday in which Olton Dollars will be given away free.

The Olton Dollars will be given at 3 o'clock Saturday afternoon on the east side of the square.

The first prize will be \$20 in Olton dollars. If the person whose number is called for the first prize is not present, it will be held over and added to the first prize for the following week.

For example, if the first prize is not claimed next Saturday then the first prize for the following Sat-

urday will be \$40. If it is not claimed the following Saturday then the first prize will grow to \$60 and so on.

For the second, third and fourth prizes, drawing will continue until the prizes are given each week.

Second prize is \$15, third prize is \$10 and fourth prize is \$5.

Olton Dollars may be spent like cash at any of the participating firms. Some 30 firms are taking part in the promotion.

Names of the participants and a detailed explanation of the drawing may be found elsewhere in this issue.

Marvin McLarty of Lubbock, builder of the pool, will bring a group of entertainers for the occasion.

Two of the nation's top trampolines artists will perform. They are Edsel Buchanan, national AAU trampoline champion and for three years NCAA champion, and Joe Nolan, Southwestern Conference trampoline champion.

Also some 34 and 5 year old swimmers from Mr. McLarty's swimming school in Lubbock will perform. Norman Hemphill of Plainview will do a comedy diving act.

Hemphill To Perform
Mr. Hemphill, son of Mr. and Mrs. T. R. Hemphill who formerly operated City Cafe here, was a champion swimmer with the Texas Tech swimming team during his college years.

Beauty Contest
Mrs. Allen Johnston is chairman of the ORC activities committee.

She announced that entries for the July 4th bathing beauty contest are being sought. To be eligible a girl must be single and 15 years old or older. Entries are being sought from Olton, Hart, Halfway, Hart Camp, Springlake, Earth and Spade.

Contestants will be judged solely on beauty.

A "Little Miss ORC" also will be named from entries not more than 5 years old. Young ladies wishing to enter the bathing beauty contest and mothers wishing to enter their little girls in the "Little Miss" contest should contact Mrs. Johnston, Mrs. Troy Martin or Mrs. Wayne Hair not later than 6 o'clock next Tuesday evening.

Trophies For Winners
A trophy will be awarded the winner of the bathing beauty contest with prizes going to the two runners up. Trophies will be presented to the three top contestants in the "Little Miss" contest.

The bathing beauty contest will be staged at 8 o'clock at the pool. Judges will be area newspapermen. The contest will climax a scotch foursome golf tournament which will be played earlier in the day.

Glen Miller, golf pro, has announced that a driving and putting contest will be held Sunday. Golfers may drive and putt in the contest any time between 1 o'clock and 5 o'clock Sunday afternoon.

Mr. McLarty calmed some fears over a crack in the west side of the pool as he spoke to a group of Center members Tuesday night.

He pledged his firm to make good on the crack.

"My firm is a reputable one," he said. "You folks haven't paid us anything yet and will not pay us anything until the pool is accepted and approved by your board of directors. Furthermore,

mosquitoes — many of them — are encephalitis carrying pests. When you let your lawn water go streaming down the street you may be breeding the mosquito that will send your child to the hospital, or a grimmer thought—to the grave.

Also the water stands in the gutters and deteriorates the pave-

ment. This causes bad streets and huge repair bills, the cash for which comes out of your tax dollar.

If waste of city water does not decrease appreciably and now, we believe the city dads will be forced to give more serious consideration to installation of water meters.

Noticed several husband-wife color coordinates at Lions Club ladies' night last week. Don't know if they were intentional or not, but even if they weren't, they made the couples very attractive and harmonious looking.

For instance, Ruth and Laus Hair, who are both always perfectly well-dressed anyway, carried out a white theme: she, in an all-white dress, and he in a white shirt AND tie.

Wilma and Melvin Hines posed a striking ensemble in white and black or navy blue. Wilma wore a very prim, snow-white cotton, with just enough black trim to highlight her brunette hair; Melvin wore a crisp white shirt with his dark suit, which I believe was navy. Both, with their year-round suntans, were eye-catching.

Boots and Russell Grimes looked cool, (though I doubt Russell was with his suit coat on); she wore a soft pink cotton, and Russell's pink shirt matched perfectly. Of course, I love pink anyhow.

The Don Spains deviated entirely. Susie wore a printed dress with beige background and varying shades of beige and brown. Don's sport coat and trousers carried out some of the same shades of browns and tans. Of course, these tones complement Susie's hair perfectly.

And finally, Mr. and Mrs. Clifford Curry Jr. (Torchie and Clifford, of course), are such a handsome couple whatever they have on, but Clifford's red dress tie was just enough to blend sparklingly with Torchie's gorgeous red semi-formal with a big wide bow in back. I think it was chignon.

Of course, these were not the only people who looked so very lovely at the affair. Everyone seemed to have outdone himself on dressing up that night. Only noticed these couples seemed to "match" in color so nicely.

Incidentally, Mrs. G. B. Stanley looked very nice in a tailored dark chemise.

Talked afterwards to several persons—after Laus Hair had been named Lion of the Year in a surprise presentation—about the impressiveness and signifi-

cance of giving awards.

We've beaten the drums before for a CCA Man of the Year, and I think it's high time we had one, don't you? Our town couldn't buzz much busier with civic activities—at least, as far as a few who carry most of the load are concerned.

And if I were naming a Man of the Year now, I believe I'd have many to agree with me that Carroll Cox would fill the bill.

He has worked endlessly on the Municipal Recreation project. Probably nobody knows how much of his time, personal expense, and sleep have been sacrificed for the Cause. But it's sure to be a great deal.

'Twould be hard to guess just where the project might be had it not been for him. His faith in the community and its people has led him to stick his neck out with a courage not very many of us possess. He believes in the value of such a Center to a place like ours, and he never seems to waver, even in the midst of very trying and often impossible-looking circumstances.

Furthermore, he has proved his capability as a City Councilman for two or three years, now, and that, too, is no small job. In fact, most of us little realize the time and effort this non-paying office requires. Our municipal officers are all doing a fine job.

There are a number of men in Olton who could well be considered for the title of "Man of the Year," but we would nominate Carroll Cox, for his willingness to lead and bear the major responsibility for a strictly "volunteer" project Center is.

What do you think?

Get ready for the big opening of the swimming pool. It's Sunday, and a lulu of a program is planned!

We shall surely miss Mrs. Carl Macon, who is moving to Lubbock. Such a talented, capable teacher and citizen will be hard to replace, but we predict far greater glories awaiting her in her new life at Lubbock.

Nuptials Are Solemnized Friday Afternoon In Ceremonies For Elizabeth Miller, Ronnie Ball

MRS. ROLLAND GLENN BALL

(PERSONAL PHOTO)

Nuptial vows were exchanged Friday night in the First Baptist Church Sanctuary by Miss Elizabeth Ann Miller, daughter of Mr. and Mrs. W. E. Miller, and Rolland Glenn Ball of Abilene, son of Mr. and Mrs. Glenn Ball of Hobbs, NM.

Rev. John Lewis, pastor, read the impressive double-ring service before an altar flanked with an arch covered with greenery, jade green palms and candelabra.

Nuptial preludes, processional and recessional were furnished on the organ by Miss Sandie Lovelless. W. D. Holley, brother-in-law of the bride, sang "Because," "Oh Promise Me" and the ceremony prayer, "The Lord's Prayer," as the bride and bridegroom knelt on a white satin pillow. He was accompanied by Miss Lovelless.

Attending the bridegroom as best man was Jerald Follis of San Angelo. Ushers were Dub Pierce, Hobbs, NM; Morris Rhodes, Big Spring; Johnny Snyder, Lamesa; Don McNew, Snyder; Elza Miller, the bride's brother; and Joe Miller, cousin of the bride. Junior usher was Randy Holley of Ruidoso, NM.

Bridesmaids Wear Yellow
Bridesmaids, Miss Janelle Miller, cousin of the bride, Linda Pritchett, Plainview; Wanda Kirksey, Hereford; and Mrs. Don Franks, the bride's cousin, and Miss Terri Miller, junior bridesmaid, the bride's sister, wore gowns in mint green and dusty yellow with sweetheart necklines, fitted bodices, short sleeves, and bouffant bell-shaped skirts caught up with bows in the front.

They wore halos with circular veils and trimmed with seed pearls. They carried large circle-shaped bouquets of feathered carnations, showered with ribbons.

Mrs. W. D. Holley served her sister as honor attendant. She was attired identically to the bridesmaids. She also carried a bouquet of feathered carnations.

Father Gives Bride
Entering the sanctuary on the arm of her father, who presented her in marriage, the bride was a picture in an original gown of white imported Chantilly lace and Duchess satin over net and taffeta designed with folds of satin filled with appliques of lace. The fitted satin bodice was fashioned with tiny sleeves and terminated with scalloped long torso waistline. From this, stemmed a magnificent skirt, styled of satin with the lower edge draped and held with handmade roses across the front to show a lace ruffle underneath. The skirt was made with a full circular lace panel at the back sweeping into a small graceful train.

The bride wore a cap of matching satin embroidered with seed pearls with a single tear-drop pearl in front, attached to a veil of silk illusion. Her bouquet was a composition of stephanotis surrounding an orchid.

Mothers Wear Blue
For her daughter's wedding, Mrs. Miller chose a blue print silk dress with blue accessories. Mrs. Ball, the bridegroom's mother, selected a blue dress with pink accessories. Both wore cor-

No Glass Please
A resolution was passed Tuesday night to forbid the bringing of any glass articles inside the fence at the swimming pool. Concessionaire Joe Turner pointed out that broken glass would be dangerous to bathers.

The pool was set aside for use of ladies only Tuesday mornings. Dedication of the pool will be fruition of more than a year of work for officers and board members of ORC.

The pool is 75 feet long. It is 25 feet wide at the deep end and 40 feet wide at the shallow end. Ropes mark the different depths of water. The first rope marks off a play area for little children and the second rope marks the five-foot depth level.

The pool is equipped with a modern filter system, a gaseous type chlorinator and a 700,000 BTU heating unit.

Concrete Enclosure
The pool is surrounded by a 7-foot fence on all four sides. On three sides it is enclosed by concrete blocks and on the east side and a part of the north side it is enclosed by a cyclone fence.

The enclosure serves both as a fence and a windbreak. The pool has a concession stand, restrooms, showers and dressing facilities. Two separate restrooms are accessible from the golf course.

There is 3,210 square feet of concrete deck area around the pool. There will be 2,420 square feet of grass deck area.

She suffered a stroke almost two years ago and had been bed-fast since that time.

Mrs. Meadows lived at Olton for about eight years.

Burial was in Shirley Cemetery near Sulphur Springs.

Survivors, other than the son, include the husband, W. S. Meadows; five grandchildren, one great-grandchild; her mother, Mrs. Belle Stokton, Arp, Tex., four brothers and four sisters.

City Water Bans
Still In Force

City officials this week said the water ban imposed a few days ago, plus cooler, damp weather has cut down appreciably the amount of water being used here.

Residents east of Main Street are allowed to water lawns and gardens only on odd calendar days. Residents west of Main Street are allowed to water only on even calendar days.

Authorities said cooperation has been reasonably good.

Linda Franks
President Of
WT Fraternity

Linda Franks has been named president of Zeta Tau Alpha Fraternity at West Texas State College.

Miss Franks will serve as president of the fraternity during its first year of affiliation with the national organization.

Miss Franks will journey to Colorado Springs, Colo., this weekend and while there she will be initiated into the fraternity. The other members of her club will not be initiated until next fall.

Girl Scouts Plan Camp Grounds
In Downtown Olton For Five Days

In a few days, a number of Girl Scouts and their leaders will make camp downtown in Olton—just east across the street from the high school.

This will mark the second full-fledged Day Camp sponsored in Olton for Girl Scouts and Brownies.

Encampment will be held each afternoon, July 7-11, beginning at 1:30. Activities will be varied, and will include either the real thing, or a facsimile of, the routine of true out-door campers.

Mrs. Bill Langford is camp director, assisted by Mrs. Tom Carlisle and Mrs. Morris Gene Brown. Senior scouts and a number of other women will also assist with the camp. There will be a staff meeting Friday from 9:30 to 2:30 in the Scout House. Registration is only \$3.00 per girl for the entire five days. Leaders say at least ten more girls are wanted to participate in the project.

Olton Lads Make
Record At Camp

Two Olton lads have been running up nice records at Camp Stewart at Hunt, Tex.

They are Rusty Sherman and Mike Fite.

The two boys play on opposing baseball teams. Mike plays for the Cubs and Rusty plays for the Tigers. Rusty has the highest batting average on his team, which leads the league.

Mike hit a home run with the bases loaded for his team last week. Mike also won first place in junior boys swimming last week and was highpoint man in his cabin.

Baptist Rally
At Edmonson

The Staked Plains Baptist Association Brotherhood will hold a rally at 7:30 o'clock next Tuesday evening at Edmonson First Baptist Church.

Several Olton people have announced plans to attend.

Sunnyside
Homecoming
To Be July 4

Sunnyside community of Castro County has scheduled its annual homecoming for July 4 at the Sunnyside Community Building.

All residents and former residents of the community have been urged to attend.

Those attending have been requested to bring a picnic lunch. Drinks will be furnished by the community.

LCC Associates
Hold Meeting

Associates of Lubbock Christian College held their regular monthly meeting Tuesday at Broadway Church of Christ in Lubbock. The meeting was attended by several Olton people.

Speaker for the occasion was Mrs. Pat Moore, Lubbock attorney. Her subject was "Keeping These Ramparts Strong."

DINNER GUESTS

Sunday dinner guests in the Frank Farrar home were Mrs. Carl Ross, Frederick, Okla., Mr. and Mrs. E. A. Shoemaker and Davis of Vernon, Mr. and Mrs. Joe Davis and Teddy, Mr. and Mrs. Vaughn Davis, Kathy and Terri, Mr. and Mrs. Fred Hancock, Jude and Bruce and Mr. and Mrs. Joe Don Hancock of Plainview. Also visiting was Elna Phillips of Olton.

Senior Girl Scouts, Federated Clubs
Urge Flag-Flying In Olton July 4th

A flag flying from every building in the community.

That is the aim of the Senior Girl Scouts for July 4 in Olton.

In a recent campaign staged by the scouts, members of the Lions Club, Olton Study Club, P-TA, Bykota and New Century clubs pledged 100 per cent to display Old Glory on special dates.

Mrs. Paul Burrus, scout leader, points out, however, that on Memorial Day in Olton, flags were displayed only on the school grounds, the Scout House, and at the post office.

"The senior scouts and federated clubs would love to see a flag from every place of business and every home July 4," she declares.

She challenges the citizens of Olton to achieve national recognition on July 4 this year, with the reminder that this town once made Ripley's "Believe It Or Not" column years ago, when it chartered a special train to a high school football game.

Mrs. Burrus adds that if a flag were flown from every home and business in town, Olton would again attain a "believe it or not."

Girl scouts will have a variety of sizes of flags on sale in the next few days.

Fuse Blows,
Phone Goes

Telephone service to Littlefield was temporarily interrupted Monday morning.

Company officials said a fuse went out at the main office in Littlefield. Service was interrupted for about 15 minutes.

Glover Wins Lions
Club Tournament

Ralph Glover, known to some members of Olton Recreation Center as "Old Deadeye," chipped in from 25 feet last week to win the first flight of the Olton Lions Club golf tournament.

Actually, Glover came from behind to defeat Joe Turner on the nineteenth hole.

Glover is one of Olton's most able golfers. He is the only person to date to sink a hole in one.

Winner of the third flight was Bill Kelley. Bob Duncan and Eldon Franks were to play for the second flight championship.

In other Recreation Center news, Glen Miller, club pro, said entries are lagging in the city golf tournament. He said only 17 entries are in so far.

"We had expected at least 100," he said. Deadline for entry is June 30. Play is to start July 1 with playoffs to come July 18, 19 and 20.

Proceeds from entry fees will be used to pay for a new fairway mower which already is in use at the club.

Another upcoming tournament is a Scotch foursome scheduled for July 4. Women are signing up. Each man entrant will draw the name of a woman and pay an entry fee of \$1.50. The woman whose name he draws will be his partner for the match.

Miller said 82 golfers registered last Sunday. "That was our second largest day," he said.

Juanelle wasn't the only one that had company, for Michal Massey, of Amarillo, spent the past week with Judy Price. Michal (she's a

girl) is of pixie size and is cute. She wasn't bashful either. Wonder whom she went with while here? m-t

John Lynn Burrow and Sharron Dennis were together both Thursday and Saturday nights. Sunday night found him with Jean Harper, and her with Carl Nafzger. m-t

John Paul Jones was "lone-wolfing" it both Saturday and Sunday nights. Hey, girls, get with it. We can't let an eligible male be on the loose. It might give the other boys ideas. m-t

Rhonda Robertson and Winfred Hair made it a date to the show

Friday night. m-t

Randall Small and Juanelle Andrew double-dated with cousin Oletha Stewart and Bill Austin Tuesday night. (That was last week.) m-t

Bill Austin was with Koenia Schenck Monday night and Devin McAnally was with Sydney Hair at the same time. m-t

Could anybody tell me who the girl was that I saw at the Tasty Creme Sunday afternoon late? She was a cute blond and wore a shade of orange. Her dress was an embroidered sheath. Who was she? m-t

You moms will appreciate this little part about "The Dinner Hour," by Elinor Goulding Smith: The Dinner Hour (Gentle Tinkle Of Silver Dinner Bell) (Long Silence) (Loud, persistent ringing of the bell) Oh, there you are, dear. Would

you call the children? Dinner is ready. Have you washed your hands, boys? Well, let me see them. Did you wash them at all? What is all that blue sticky stuff? Well, go wash them again. Because they're still dirty.

All right now, boys, sit down. Dear, sit down and I'll serve. Everything will get cold if we don't start. Dan, your napkin is on the floor, darling. Pick it up. Joe, sweetheart, don't put your milk glass so close to the edge of the table.

Now let me see. You want it rare, dear, don't you? I know you

like it well done, Joe. Very well done. And very rare for you, Dan. Darling, you want gravy on your meat but not on your potatoes? Dan, gravy just on your potatoes? Gravy just on your carrots, Joe? Joe, dear, move the glass back from the edge of the table. Well, there now, I think we're all set. Have a roll, darling? I know they are a little burned. It took you all so long to come to dinner, honey. Well, eat the inside. Joe, push your glass back, honey. Joe, cut your meat with your knife and fork. You're ready for seconds, Dan? I haven't started my first yet. Take your plate

and help yourself from the platter. Watch out for Joe's gla—Oh! Don't just sit there and let the milk drip in your lap, Joe. Stand up! Here, I'll get a cloth. Dan, just get the milk from the ice-box and fill Joe's glass again for me, would you? Right there, dear, on the top shelf. See, right in back of the tomato jui—oh no! Danny, step back; Don't just stand there in your good shoes! Here I'll take care of it. Joe, don't hit the ketchup bottle so hard, let Daddy do it for y—Yes, I see it got in the sugar, sweetheart. Joe, it isn't necessary to butter both sides of the bread. Now let's all sit down and enjoy our dinner.

Joe, you eat string beans with a fork. I know Mommy lets you pick up asparagus, but not string beans. They're different, that's why. Why can't you eat the meat, Joe? A speck of fat? Where? Well, for heaven's sake cut it off. No it hasn't spoiled the potatoes. What is it, darling? On the butter? I hadn't noticed. There's ketchup in the sugar, too. There's some on your meat, Joe? Well, why did you use it if you don't like ketchup?

Danny, please pick up your napkin. Joe, you're kicking Mommy's leg, darling. Well, don't. Don't! No, darling, that's not the table leg. That's my leg. Yes, sweetheart, that's what I was trying to tell you. Dan, would you please pick up your napkin and also pass the gravy? Not at the same time! Sweetheart, couldn't you see that the gravy was going to spill? No, darling, the gravy boat isn't attached to the plate. Joe broke it last week when he was making plaster molds in it.

Well, There now. Everybody ready for dessert? I've made a really special dessert tonight. Something good—it's a sort of chocolate mousse. What don't you like about the way it looks? Well, you can't tell how it's going to taste by looking at it. Dan, please get up and carefully help clear the table. I know there isn't room there sweetheart. No, no, not on top of the —Dan, couldn't you see the plates would fall if you put them on top of the tomato? Leave them there, I'll clean them up later. Joe, push your milk glass back from the edge of the table. Dan, please don't put the glasses down in the mashed potatoes. Because I say not to.

Now everybody sit down and I'll serve dessert. What, darling? You'd rather have canned peaches. What don't you like about it, Joe? Well, we're not having ice cream tonight. Homemade mousse is better than ice cream. I say it is. What is it, Dan? Of course it tastes of egg. It has egg in it. I know Daddy's having peaches. Because that's different, that's why. Oh all right. You can both have ice cream.

Dan, you want half chocolate chip mocha and half pineapple? Joe, you want half vanilla and half butter pecan? Can't you get together on it? Oh, for heaven's sake. All right, Dan, pick up your napkin. Oh, Joe, this isn't vanilla, it's coffee. Well, somebody put the vanilla top on the coffee carton. The baby sitter. I know you're not babies, it's just an expression.

Dan, please pick up your napkin, darling. Joe, push your glass back, angel. Here are your peaches darling. Where is there gravy on my dress? You wish we had some cake, Dan?

Using Phillips 66 Ammonia**

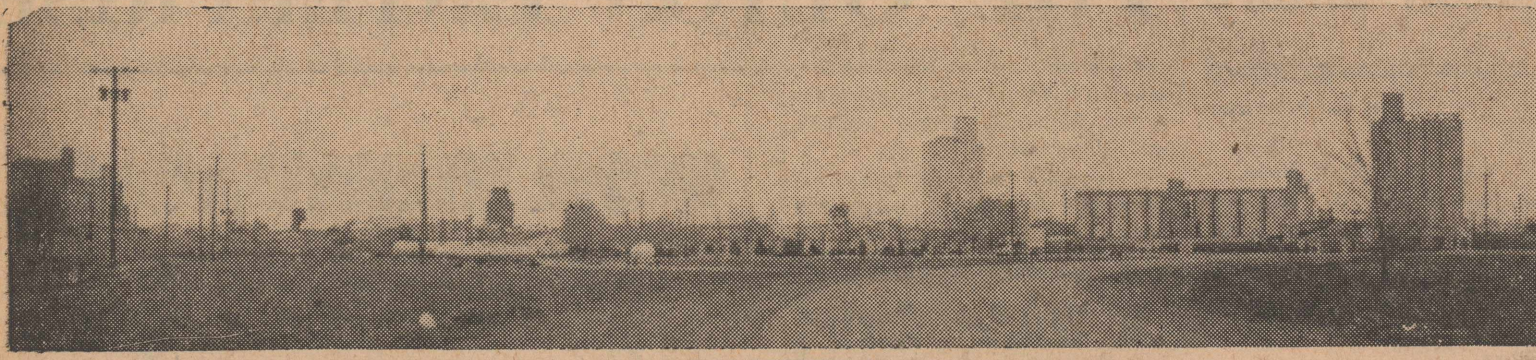

J. F. Martin, who farms 1,720 acres near Hereford, Tex., says: "I put down Phillips 66 ammonia pre-plant on my irrigated cotton and made 2 bales to the acre. I also use Phillips 66 Agricultural Ammonia on my wheat and maize land with good results."

Other Southwestern farmers have discovered that 82% nitrogen from top quality Phillips 66 Agricultural Ammonia helps them get more profit per acre through higher yields. They get more cotton that classes higher at the gin . . . yields of sorghum grain and ensilage are increased . . . more marketable vegetables are harvested . . . and profits on wheat are increased through better forage and higher yields of grain.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

This & That

BY MYRT LOMAN

Have you ever stopped to think of the many things those who work in and for the public do that is taken for granted they are paid to do?

In mailing our letters, if we don't have a stamp, we just drop the pennies in slot with letter and let postmaster stamp it for us, put our letters in mail box on route and let mail carrier do the same and sometimes mail carrier gets out of car to put mail in box for box is not close enough to road.

Clerks in store must weigh your merchandise to the ounce or cut material to the inch, to please you the customer. Wonder who made the statement "The Customer is always right"? I wonder if the writer had worked for Mr. Public? Mrs. Buster Aven is one of the nicest customers any one ever waited on.

Your town will be a delightful town to live in if you are a delightful person to live beside.

We know nothing of living in a country where one does not have the many freedoms we enjoy. We take our freedom for granted so much, but it should not be so. In America we choose our profession; we may be black or white, but if we have the desire and determination to be someone, we can be. Race, color or creed, we do have the same opportunity.

Soila Reyna, was born in Mission, Tex., daughter of Mr. and Mrs. Innocencio Reyna of Spanish descent. She worked her way through a beauty school and after hours typed for a doctor. She now has her own beauty shop and is making her own way. Just goes to prove any one with desire and stability can be SOMEBODY.

Heard this statement from pulpit recently: "What kind of a church member are you?" We might take inventory of ourselves and see, as we are the only Bible some people READ. What kind of neighbor and friend are we? Do we go out of our way sometimes to help some one or be a little kind? We never know when some time we, too, might need help of some kind.

Sunday night I called several men to sit at funeral home with the body of a stranger who passed away in our midst and not one refused. There may be, and am sure there are, just as good people elsewhere, but NONE BETTER THAN HERE.

Have you noticed how nice our ministers look on Sunday morning with the pretty white carnation boutonnieres in the lapel of their coat? The flower is compliments of Mr. and Mrs. Dennis of Dimmitt, owners of funeral home.

Work is progressing so fast on the educational building at the Baptist Church. Hear the Church of Christ is to soon have a new minister's home, and the Methodists are to go into a building program soon. Talk of more new homes and new businesses. Think paving of our streets will help our town to build.

Understand Mrs. Ray Bennett had quite a shocking experience last Friday night due to the elec-

Couple Visits Wedding Scene On Anniversary

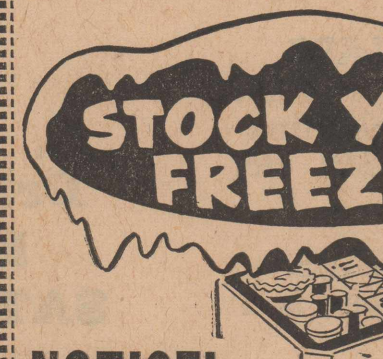

Mr. and Mrs. Roy Burrus observed their 32nd wedding anniversary Friday by returning to the site of their marriage.

The couple was married at Cave of the Winds near Colorado Springs June 20, 1926. They received tickets to tour the Falls again on their return last week.

The Burrus' have one son, Tom Neal, who manages Burrus Elevator here.

Andy Rogers Seeking Re-election As Senator

To the Citizens Of The 30th Senatorial District:

Although I announced my intention of becoming a candidate for re-election as your State Senator several weeks ago, I wish to take this opportunity to make the customary full statement in your newspaper.

Naturally, it is not possible to relate here all that I would prefer that you know about myself and my record. I will hit some of the major points, and urge you to contact me or those in a position to know about any questions you might have. It is my desire that my personal and political record be an open book to you.

I have served four years (two terms) as State Representative and six years (one and one-half terms) as your State Senator. I am 33 years of age, a farmer, cattleman and businessman. I am a native of the South Plains-Panhandle area, as are my wife, two daughters and son. I served in the uniform of the United States Army for three years during World War II, and have a college education.

At different times during the past four years, I have been threatened and warned not to seek re-election. Some of you who know me best have been threatened with embarrassment if you did not persuade me not to make this race. The story behind this is a long one, and touches on many things that have happened in Texas politics. Some of them are covered below—others I will discuss later.

I made my first race for the Texas Senate in 1952. There was a great hue and cry to "clean up the mess in Washington." I was an oddity among candidates THEN. I charged then that "Austin is as rotten as Washington" and that "moral integrity is needed most." I demanded a law requir-

ring state officials and legislators to file, for public record, a statement showing their income and its source. I was quite unpopular in some circles.

In 1954 I, and a few others, urged investigations into several state matters including the Insurance Commission, certain land transactions in which the State was involved, and State contracts. For my efforts I was slandered. A few months later the lid blew off. NOW, no candidate would dare run for high office without a pledge "that honesty and integrity must be restored to our State government."

Andy Rogers is the only candidate in this race who has supported and voted for lobbyist control, lobbyist registration, and a code of ethics for legislators; for anti-loan shark legislation and compulsory financial statements of State officials' incomes.

Andy Rogers has authored more strict laws on the sale and distribution of narcotics and filthy literature and bootleggers than any other candidate in this race. I have made many good friends among those who work for the

interests of our district. I have made good enemies of those minority blocs whose interests conflict with the interests of our district. Some of these minority blocs have done well for themselves in Austin. But their position is now threatened. They are desperate to continue feathering their nests at your expense, to protect their "darlings", and to gain new ones.

I am on their list for extermination. They will stop at nothing and stoop to anything. Their methods of political slander, deceit and Legislative control have been perfected to an art. And, as has been said, "the perfection of art is to conceal art."

It is well known in Austin and Dallas that the Top brass of the loan-sharks, electric utility monopolies, gas pipelines, the liquor lobby and others are licking their chops over the slick tricks and schemes they have cooked up to deceive you about your Senator.

Actually, theirs is an old tune with a few new verses—only a little face lifting to bring their show up to date. I have suffered economically, socially and politically at their hands. But I have not run from them in the past, and I will not do so now or in the future.

Taxes and Economy
There is no need for either a sales or income tax for Texas.

No other state has ever abused its citizens on tax matters as has Texas. A few examples: Nearly 55 per cent of present taxes collected in Texas are consumer (or "hidden") sales taxes. The consumer gasoline tax take is more than that paid on all crude oil. The consumer cigarette tax is larger than the total natural gas tax. Other states, even communists, can buy our gasoline tax free, but you pay five cents per

gallon. Other states tax OUR natural gas up to ten times as much as we do. Roughly, 70 per cent of both of these Texas products are consumed outside of Texas. Few of the really big industries in Texas pay more than a proportional TOKEN of taxes, compared with the average businessman, farmer and worker.

Last year two (2) groups had their taxes reduced—natural gas producers and part of the Texas electric utility monopoly. Two (2) groups had their taxes raised—10 percent increase on YOUR car and truck licenses and a doubling of tuition on students of State Colleges.

CONCLUSION: Stating such facts is often political suicide in Texas, but we merely need legislators who will see that these out-of-state corporations pay their share of the load while exploiting our resources. I have fought for this.

Labor

I will continue to fight to maintain a strong and workable RIGHT-TO-WORK law in Texas. This should be supplemented by a little Taft-Hartley law for Texas, as our present labor laws are a hodge-podge and leave loopholes unfair

MASONIC OFFICERS

to business, labor and the public.

Appointments And More Representation

I was one of a dedicated group that forced legislative redistricting. West Texas gained NINE new Representatives and THREE new Senators thereby.

For the first time in history, since I have been your Senator, our immediate area (District) has had a Chairman and member of the Highway Commission, Chairman of Water Engineers, The State Water Planning Board, the State Dental Board, the State Optometric Board, the Public Safety Commission, two of seven members of the others.

These appointments are made with the advice and consent of the State Senate. Such things don't "just happen", and have never happened to us before.

Schools and Colleges

Our young people are our greatest resource. In 1952 I stated that we were "destroying our future with a false economy school program". We have made some advances. In these, Andy Rogers has been in the forefront.

One law I authored, which equalized our share of the State's school financial burden, has ALREADY saved our fifteen county Senatorial District nearly TWO (2) MILLION DOLLARS (from your

pocket) in only 4 1/2 years.

Agriculture

The economy of our Senatorial District is based, first and last, on agriculture. No present member of our State Legislature has a record to surpass my efforts in this field. This record was made on such legislation as has been requested and approved by the farmers, ranchers and businessmen of our District. Andy Rogers' record included accomplishments and efforts regarding underground and surface water, rural roads, seeds, feeds, "gas for irrigation", experiment station work, animal health, the Extension Service and many others.

I STILL believe that in Austin, as elsewhere, "moral integrity is needed most". I will conduct no smear campaign; I will stick to the record and the facts.

YOU, the people of our agricultural 30th Senatorial District, elected Andy Rogers to be your State Senator in 1952 by an overwhelming majority for one-half (1/2) a term. In 1954 you gave me a full four-year term without an opponent.

It has been a privilege and an honor to be your State Senator. With humility and sincerity, I ask for the opportunity to continue to serve you.

LETTERS to the EDITOR

Dear Troy,

We enjoy the paper so very much and appreciate you sending it each week. Jim is going T.D.Y. for the summer, and I won't get out to post very often so would like for you to change our address to 9317 Roanoke Ave., so it will come to the house.

We are having real summer weather and have to keep the water going to keep the yard growing. It has been very slow in getting a start, but hope by August we can mow the grass.

Hope everything is going well at Olton.

Thanks, Troy.

Sincerely,
Hazel and Jim Coxwell
