

E.M.S. Group Given \$1,240 Past Week

Ten donations totaling \$1,240 have been reported by Shirley Emmons, coordinator for the Cross Plains Emergency Medical Service during the past week.

The E.M.S. official listed the contributions as anonymous \$1,000; Ressa Glover in memory of Chester Glover, \$10; Mr. and Mrs. Exal McMillan \$20; B. A. Moore \$25; Collis Eager \$25; Betty Jean Browning \$25; Mr. and Mrs. B. K. Eubank \$25; Jack Scott \$50; Mr. and Mrs. James Lawrence \$50, and Mrs. Sloan (Julia) Wells \$10.

Mrs. Emmons stated that each of the gifts was genuinely appreciated and will be put to good use by the service providing better emergency medical service to citizens of the area.

In addition to the cash donations, the E.M.S. official expressed appreciation to Mike McClure, Jr. for paying for the ambulance crew's lunch last Sunday. The three-member team had worked nine hours without food, and upon an order being called in to a local eating establishment, McClure paid for it.

The E.M.S. coordinator also thanked Chief of Police Robert V. Roysden for his help in radio

and telephone communications. A correction in last week's story listed a gift from Mr. and Mrs. C. D. Long in memory of their mothers. It should have read Mr. and Mrs. C. O. Long. The gift was for \$20.

Contributions may be made at Citizens State Bank or handed to any E.M.S. member.

Pioneer's Ag Office Seeks Delegate, Aid

A delegate and financial help is being sought by the American Agricultural Movement strike office at Pioneer to represent this area in the tractorcade planned in Washington, D. C.

Anyone interested in being a delegate or anyone who will help send a delegate with financial backing is asked to call J. D. Hutton, head of the Pioneer Ag Movement office, at 725-6255.

It was understood that only about a week remains before the delegate must be named and arrangements made for the tractorcade to the nation's capital begins.

It was pointed out that in addition to the delegate, other needs are a tractor and support with citizen band radio.

Hutton estimates that it will take \$1,200 for a delegate to make the trip. He will leave Fort Worth with an estimated 300 to 400 tractors on January 17. The group will take 18 days to get to Washington, arriving on February 5.

Hutton also estimated it will take 94.5 engine hours and 300 to 320 gallons of diesel for the tractor to make the trip.

ORDER TAKERS—Pictured above are some of the 54 Cross Plains area Girl Scouts who will begin taking orders for Girl Scout cookies Friday. Those shown here who will be working in the drive are, kneeling, left to right, Khristina Lewis, Christi Eoff, Lisa Morales, Sharon Bea

Walker, Alicia Kirkham, and Emily Horan. Workers standing are, left to right, Shauna Cowan, Ginny Pope, Blandye King and Julie Dye. Cross Plains Brownie and Junior Scout troops will be seeking orders for Girl Scout cookies. Details may be found in association story. Photo courtesy of Girl Scouts.

Local Girl Scouts To Take Cookie Orders Jan. 12-20

The January 12 kickoff date for the annual Girl Scout cookie sale is about a month ahead of the usual schedule for the Heart of Texas area because Girl Scouts will be taking advance orders this year.

Many Girl Scout cookie customers were disappointed last year because there were not enough cookies to go around. To solve that dilemma, Girl Scouts will take orders January 12-20 and will deliver cookies fresh from the bakery February 16-24. The pre-order period will give customers a chance to order exactly the quantity and kind of cookies they want. It is important that orders be placed in advance since very few extra cookies will be available.

The Girl Scouts want all of their customers to know that cookies should not be paid for until delivery is made. Payment is not to be made at the time cookies are ordered.

The annual cookie sale allows Girl Scouts to help earn their own way for year around troop activities, for a variety of camping programs, for membership development and program services.

Girl Scout troops earn a commission on sales which finances year around activities and defrays costs for individuals.

The big news for the 1979 sale is the "cookie currency" bonus plan for individual girls. In past years girls were able to earn credit toward their resi-

dent camp fee from their effort in the cookie sale. Since all girls who earned camperships could not always attend camp, benefits were sometimes lost. This year girls will earn cookie currency which they may apply to a variety of program opportunities, used to purchase Girl Scout handbooks and equipment, or contribute to a fund to help other girls benefit from Girl Scouting.

Cross Plains and area citizens are reminded that if they are missed by local scouts asking for orders, they may call Association Cookie Chairman Mrs. Charlou Cowan at 725-6652 or any of the following leaders: Judy Pope 725-6579, Kathy Dye 725-6221, Diana Gay 725-7319, Vanda King 725-7420, Roselyn Holmans 643-4383 or Minerva Morales 725-6544.

Girls may also take orders for cookies in the Rising Star area this year.

Gifts To Cottonwood Cemetery Reported

Cottonwood Historical Association received \$275 during the month of December, according to a report from Mrs. Norman Coffey, secretary-treasurer of the organization.

The fund supervised by the association provides perpetual care for the new and old cemeteries at Cottonwood.

Latest donors were listed as follows: Dr. and Mrs. J. O. Williams \$150, Todd Newton \$100 and J. H. Childs \$25.

Mrs. Coffey has reported that interest accrued during the past quarter on the Perpetual Care Endowment Fund amounted to \$195.61.

Persons who wish to add to the endowment fund may send donations to Mrs. Coffey at Star Route 1, Baird, Texas 79504.

Acknowledgments are made on a periodic basis through columns of the Review.

LUKE WESTERMAN RETURNS HOME FROM HOSPITAL

Luke Westerman was returned to his home in Cross Plains Monday after spending the past week in a Brownwood hospital as a medical patient. He is reported to be improved.

Ice Covers Locality Again On Week End

Ice again covered the Cross Plains sector last week end.

It was the second consecutive week end that the treacherous, slick glaze covered this part of Texas, slowing traffic and activities.

Although the ice was extremely thin, it was possibly slicker than that which hit this area on the New Year's week end. Most of the ice this time was the result of freezing rain, whereas last week's ice was a combination of freezing rain, sleet and light snow.

Classes at Cross Plains schools were again disrupted, after having lost two days Tuesday and Wednesday, to icy roads last week. Classes were dismissed at 2 p.m. Friday after light precipitation began freezing on vegetation and objects above the ground. Classes were also dismissed Monday due to hazardous road conditions.

Most of the ice covering occurred late Friday night and early Saturday morning, although some more freezing precipitation fell on Saturday and a very small amount on Sunday.

Again the moisture benefit of the ice was minimal, not of sufficient amount to be measured.

Temperatures again were frigid for most of the period from Friday through early Monday. Lowest readings were registered early Monday morning when some thermometers registered as low as 10 degrees, although most showed 12-14 degree readings. The mercury showed below freezing figures from Friday through early Monday.

Some thawing occurred on streets and highways Sunday, primarily on city streets and on highways where traffic whipped the ice from the roadway. Higher temperatures Monday returned roads to normal by night-

fall. It was mid-morning Tuesday, however, before ice was not visible on trees and in shaded areas on the northside of buildings.

Although highways were considered extremely hazardous during the week end, no report of a major traffic accident in this area was learned of by the Review. Local DPS patrolmen worked one minor mishap in the Rising Star area.

Icy roads, sidewalks and cold temperatures cancelled several activities during the week end.

Included were Sunday evening services at several local churches and basketball games here Saturday afternoon and night.

Again, as was the case last week, the slick footing caused local persons to fall. C. D. Westerman slipped on the ice at his home and suffered a broken leg. He underwent corrective surgery Tuesday, according to reports reaching here. It was originally planned that he would not be treated until Wednesday as is stated in a story elsewhere in today's Review.

Burglars Strike 2 Local Firms In Past Week

Burglars hit two Cross Plains businesses during the past week.

Cross Plains Grain & Peanut Co. office at Avenue E and West 8th Street was entered either Thursday night or Friday morning and loss was estimated at \$300 cash and an undetermined amount in checks.

JRB Supermarket was burglarized over the week end, believed to have been either Sunday night or Monday morning. No money was taken, according to Jimmielee Payne, store manager here, as entry was gained into the store safe.

Cross Plains Chief of Police Robert V. Roysden, who is investigating the burglary at Cross Plains Grain & Peanut Co. said that no sign of forced entry could be found. The theft occurred sometime between closing time Thursday, and 11 a.m. Friday. The police chief said that he is working on several leads.

He also noted that the checks taken in the break-in could not

be cashed.

Payne said that he discovered the burglary at JRB upon opening Monday morning. Entry was gained to the building in the back of the store.

The store manager stated that it was not immediately known if grocery or other items were taken in the break-in. No money or checks were lost.

Investigating the supermarket burglary are Police Chief Roysden and Callahan County Deputy Sheriff Charlie Barnett of Cross Plains.

Multi-Purpose Center Open Every Weekday

Cross Plains Multi-Purpose Center is now open each weekday, according to an announcement from Mrs. Douglas Weiss.

The new schedule of operation began Tuesday, Jan. 2.

New hours and days of operation will more completely serve the needs of the community, it was pointed out.

The center, located on East 8th Street, is now open from 8 a.m. to 12 noon and from 1 to 5 p.m. Monday through Friday. The facility will be closed an hour for lunch each day. Herebefore the center was open only three days each week, Monday, Wednesday and Friday, from 8 a.m. to 4 p.m.

REVIVAL CENTER SLATES COLONIAL OAKS SERVICE

The Pioneer Revival Center will be in charge of the regular Sunday afternoon services at Colonial Oaks Nursing Home January 14 at 3:30 p.m.

USDA Asks Public Opinion On 1979 Peanut Program

Callahan County Agricultural Stabilization & Conservation Service officers have advised that public opinion is being sought by the United States Department of Agriculture on 1979 peanut program provisions.

The Baird office passed the following release concerning comments on the program to the Review.

"The public has been invited to recommend price support levels and other provisions of the 1979 crop peanut program by February 5, Ray Fitzgerald, Administrator of the U. S. Department of Agriculture's Agricultural Stabilization and Conservation Service has said.

"Among the items for which recommendations are sought are:

- The National Support level for quota peanuts.
- The National support level for additional peanuts.
- Sales Policy for additional peanuts acquired by the government under the 1979 program and sold for export edible use.

"Legislation requires price support of not less than \$420 per ton, to be made available on 1979-crop peanuts produced within a farm's poundage quota. It also requires price support on peanuts produced within a farm's acreage allotment but in excess of the poundage quota, but leaves the support level for those peanuts up to the Secretary of Agriculture.

"In determining the price support level for those additional peanuts, the Secretary will be looking at current demand for peanut oil and meal,

expected prices of other vegetable oils and protein meals, and the demand for peanuts in foreign markets.

"In 1978 price support was available on quota peanuts at \$420 per short ton. Additional peanuts were supported at \$250 per ton. The 1978 commodity credit corporation minus sales price for edible grades of additional peanuts for export was \$400 per short ton."

A press release from the office of Congressman Charles W. Stenholm in Washington advises of the public comment being sought by the USDA.

Cong. Stenholm's information advises that comments should be directed to the Acting Director, Price Support and Loan Division, ASCS, USDA, Room 3741, South Building, P.O. Box 2615, Washington, D. C. 20013.

Savings-Loan Firm Asks For Branch Office Here

Southern Savings & Loan Association of Brownwood has announced that it has made application to open a branch office in downtown Cross Plains.

It is advised by the Brownwood financial institution that a hearing on the application is set for 9 a.m. on Monday, Feb. 5, in the offices of the Savings and Loan Department in Austin.

A public notice is published elsewhere in this issue of the Review concerning the application to open the savings and loan branch office here.

Those desiring to oppose the application may do so by writing the Savings and Loan Commissioner of Texas at Austin or by appearing at the hearing on February 5 at 9 a.m. in the office of the Savings and Loan Department.

Austin Lady Known Here Wins Honor

Mrs. Shali Kay Cowan, wife of Tommy Cowan, was chosen as an Outstanding Young Woman of America for 1978. She was chosen for her civic and professional achievements.

The couple live in Austin and have one child, Hannah Claire, age 5 months.

Tommy, a former resident of Cross Plains, is employed with Texas Education Agency in the Special Education Funding. He is the son of Mr. and Mrs. Doyle Cowan of Abilene and formerly of this city.

Book Donations Welcome Library Committee Says

Readers of the Cross Plains Review are asked to go through their books and make decisions about sharing with the local library and thereby enabling others to read books you no longer need.

According to a spokesman, there is a shortage of children's books, picture books to the early teens. People have been very generous in giving, particularly adult fiction, but some are waiting to see what progress the library will actually make.

"An all out effort needs to be made to give your books now so that processing can be completed and a library opening date can then be set," according to Mrs. Claude Lawson and Mrs. H. W. Shults, Sr. who are cataloging books.

Volunteer typists and typewriters are needed for night-

time work on the books so that supervision and consistency can be given and attained. Four cards will need to be typed for each book, numbers written on the spine of the book, pockets pasted in, and in many instances plastic placed over the dust jacket to preserve the book's attractiveness.

Anyone wanting to donate time or books are asked to call active members of the library committee: Mrs. Lawson, Mrs. Shults, Betty Browning, Mrs. Raymond DeBusk, Mrs. E. L. Garrett, Mrs. Henry Burkett, Vera Pearl Bunnell, Mrs. J. O. Williams, Mrs. Richard Purvis, Mrs. Kenneth Sowell, Mrs. O. B. Edmondson and Mrs. J. L. Bonner.

Books were received this week from James Isbell, son of Mr. and Mrs. Jim Isbell, and Robert Gibson of Fort Worth.

Garden Club Gives Pot Plant Care Tips

For successful care of houseplants, light is probably one of the most important factors—the more light, the better.

Next in importance is temperature. Plants prefer 65 degrees during the day, and a 5 to 10 degree drop at night. Do provide excellent drainage—water sparingly. Feel the surface of the soil and water only when it is dry. Give your plants a humidifier, place on trays of damp peat moss, spray foliage with mist, they prefer high humidity. Soap and water cleanliness keeps plants dust-free and repels many insects.

Cottonwood News

By Alice Champion

Hi folks. How's the world been treating you these shut-in days? It's a good time to answer all those letters we have been intending to write but haven't gotten to. Weren't the trees and fence-rows pretty all dressed in their coats of white?

Well it seems everyone stayed at home again this week end. Most folks seem to have missed having any serious flu or colds, or which we are all thankful.

Visiting the Bill Nickersens the past week were their son and family, Mr. and Mrs. Bill Nickersen, Jr. and son of Houston.

Mrs. Laura Williams braved the ice and went to Abilene with her husband this morning (Monday). Of course he is used to driving on these roads now. Doctors must go always, rain or shine, ice or snow. We always think when we call, the doctors must come even if they are just human just like we are.

Bertha Fortune went to Temple last week with some of her folks.

Mrs. Ethel Anderson took advantage of a break in the weather last Thursday to visit Mrs. Myrick and Mr. and Mrs. Broth-

Cash Flow.

In 1803, America found herself up the river. The Mississippi, that is. Valuable goods were being produced in the Midwest, and the mighty Mississippi was our only link to the sea. But the outlet in New Orleans belonged to France.

So President Jefferson sent agents to Paris to negotiate for the addition of New Orleans. Surprisingly, Napoleon offered to sell the entire Louisiana Territory for only \$15,000,000.

And that included what is today Arkansas, Missouri, Iowa, North and South Dakota, Nebraska, Louisiana, Oklahoma, most of Minnesota, and parts of Wyoming and Colorado.

Thanks to Americans taking stock in their new country by buying over \$11,000,000 in government securities,

we made the purchase. And doubled our size overnight.

Today, Americans still take stock in their country by buying U.S. Savings Bonds through the Payroll Savings Plan.

They know there's no safer way to save for an education, vacation or retirement. And they know that while they're helping themselves, they're helping America, too.

So buy U.S. Savings Bonds.

And help your cash flow into savings.

Take stock in America.

E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

In District 1-A varsity action Bangs grabbed a 62-50 victory. As in several past games, it was a frigid third quarter which doomed the Herd. Bangs outscored Cross Plains nine field goals to one in that stanza.

Rowden Sector News

By Mrs. N. V. Gibbs

So far, in 1979 January has enjoyed sharing her cold, icy weather with us. Roads had hardly cleared up from frozen ice and snow when a second storm settled in.

We were warned by the weatherman on Thursday that more winter was due in this area for the week end. Sure enough by Saturday morning this community was being transformed into a beautiful wonderland. The fog had iced the trees, and roads were ever more slippery than the week before.

Hillside hill below the Sterling Odom place became dangerous for travel up or down. On top of all that, electricity went off Saturday morning for four hours which handicapped those with electric stoves. The north part of the community experienced an electrical failure again for about twelve hours on Sunday.

Many homes had frozen water lines to add to their problems of real winter time. Others had low gas pressure and had to move closer to stoves to stay warm.

Mrs. Warren Price remarked about staying inside the house since Christmas so she is ready for warmer weather.

Children are ready to get back in school, the weather has given them an extended vacation.

Mr. and Mrs. James Reynolds and Janet made a trip or two through a pasture road to the Tommie Harris place where they enjoyed 42 games.

All the football fans enjoyed the Dallas Cowboys-Rams game on Sunday. Some feared the station wouldn't be back on while others hoped the electricity wouldn't go off again.

Some of the ladies especially enjoyed the lovely quilts displayed on the Re-Hab telethon on Saturday night.

Cross Cut Lady's Sister Is Buried

Funeral service was held at 2 p.m. Wednesday in Davis-Morris Funeral Home for Lela Woodridge of Brownwood, sister of Mrs. Lea (Opal) Byrd of Cross Cut.

Mrs. Woodridge, 81, died Tuesday afternoon of last week in a Brownwood hospital after an illness of a month.

The Rev. Leon Aduddell, pastor of the Coggin Avenue Baptist Church, officiated. Burial was in the Cross Cut Cemetery.

Born June 22, 1897 in Brown County, she lived in the Brownwood area all her life. She married Gold Woodridge Feb. 9, 1919, in Coleman. She was a member of Coggin Avenue Baptist Church. Mr. Woodridge preceded her in death.

Survivors include two daughters, Fern Butler of Brownwood and Ruth Thomson of Fort Worth; a brother, O. B. Chambers of Early; four sisters, Opal Byrd of Cross Plains, Allie Triplett of Zephyr, and Annie Keeler and Lillie Mills, both of Goldthwaite; five grandchildren, and two great-grandchildren.

County Agent Says Tax Guide Available

Publication No. 225, Farmer's Tax Guide, 1979 edition, is now available, says Greg Gerngross, Callahan County Extension Agent, of Baird.

Farmer's Tax Guide is designed to explain how the tax laws apply to farming situations. It gives examples and illustrations showing how different items should be reported on your 1978 federal income tax returns. There are also samples of records and tax forms illustrating how good records help you to prepare an accurate tax return and to pay only the correct amount of tax. New development in tax law that may affect your farming business are summarized under items of interest, Gerngross stated.

The Internal Revenue Service also provides many other free publications which are listed at the end of the last chapter.

Free copies of the 1979 Farmer's Tax Guide are available from the County Extension Office in Baird or the County ASSES office, he explained.

Another storm is headed this way according to the weather service but we hope it will be rain.

Dr. Hollowell of Abilene and pastor of the Presbyterian Church in Baird made a visit in the Russell Dye home.

Roy Toby Irwin visited briefly in the N. V. Gibbs home last Friday.

Mr. and Mrs. Charles Talbot of Lafayette, La. arrived Monday to spend a few days with her brother and family the James Reynolds.

Dale Gibbs of Abilene was out last week visiting Raymond Gibbs and Mr. and Mrs. Warren Price.

Christine Bower of Abilene visited her sister, Mrs. Ray Boen Monday and was to take her brother, Jesse Bower into Abilene to have his eyes checked.

The Tim Burns family of Potosi were visiting in the Mauldin home last week. Blain Odom also visited in the Mauldin home during the week.

Mrs. Leila Gibbs returned to her home Friday after spending a week in the Baird hospital for medical treatment. Her sister, Mrs. Elveda Sikes of Abilene visited her last Wednesday.

Exhibits Remind To Conserve Energy

The Callahan County Program Building Committee is sponsoring educational exhibits related to energy conservation. These exhibits have been set up in all three banks in the county. Six different publications will be featured on the display boards and the publications are free to the public.

Subjects covered in the various publications include insulation, storm windows and doors, weatherstripping and caulking, heat pumps, solar energy, and buying and building energy-efficient homes.

A number of programs for civic clubs and other organizations are available from the Texas Energy Extension Service including films and slide sets. Slide sets and films related to energy conservation may be ordered by calling the County Extension Office in Baird. Two weeks notice is required to obtain films and slide sets.

Midland Man Fatally Stricken On Monday

Deidra McCorkle and Miss Allen led Buffette scoring in the Bangs game with 12 points each. Kim Strahan had 8, Cheryl Merrill 6 and Melissa Payne 2. Miss Tennie paced Bangs with 12.

Troy Crocketts Back From Philippine Visit

Mr. and Mrs. Troy Crockett returned to their home here last Wednesday after being gone a month visiting their son and family, M-Sgt. and Mrs. Larry Crockett, and three sons, Joe, Scott and Daniel, at Clark Air Force Base in the Philippine Islands.

The local couple was gone a month. "It was the shortest month we've ever spent," they both said.

They emplaned from San Francisco and flew to Manila on the Island of Luzon, about 70 miles from Clark AFB.

While in the Philippines they visited several places of interest including Subic Bay, Grande Island and Baguio in the mountains. They reported that Baguio was the only cool place they visited.

They arrived home last Wednesday. Their son and family, all of whom were doing well, have been in the Philippines for two and one-half years, and will remain there for a nother 18 months before being rotated.

Sorority Donates To Funds; Sets Contest

Alpha Rho Zeta Chapter of Beta Sigma Phi held a meeting Monday night in the Home Economics Room at the school.

Members voted to donate \$25 to the International Endowment Fund which in turn contributes to many worthy causes such as St. Jude's Children's Hospital, Cystic Fibrosis Research, cancer research and many others. The club also donated to the International Loan Fund, which loans money, interest free, to any member in need. It was also voted to donate \$100 to the West Texas Rehabilitation Center because many of our Cross Plains friends benefit from their facilities.

The club has also planned a beauty contest to be held near Valentine's Day for kindergarten through eighth grade. More information will follow at a later date.

Betty Wyatt hosted a taffy pull and a good time was reported by all.

Hostesses for the meeting were Debra Childers and Peggy Dickson. President, Judy Eoff, adjourned the meeting.

WASTEBASKETS

ARE STRANGERS!

The Hometown Newspaper is seldom or never thrown into the post office wastebasket, and is seldom thrown away at home. After a thorough reading, it is frequently sent to a relative or a friend. Did you ever notice the wastebasket at the local post office?

Consequently newspaper advertising reaches more

people and stays with them longer than other forms of advertising.

Newspaper advertising is "business insurance" for the days ahead when buyers may not be as plentiful as they seem to be these days.

That's Why Newspaper Advertising PAYS!
