Senate Engrosses State Highway Bond Issue Plan House Downs Moody's Prison Plan; Votes Young Bill

Texas System To Get Improvement In New Measure

Seven-Hour Debate Precedes Vote For Engrossment; to Place System in Central Location in State

Site To Be Picked

New Bill Calls For Location Of Prison Either On The Ramsey Or Darrington Farms In State

(By Associated Press)
AUSTIN, Feb. 19.—A weary house which heard more than 25 of its members present their viewpoints in a seven-hour debate tonight rejected Governor Moody's plan for placing reorganization of the state prison system in the hands of a specially created board and cast a 10-59 ballot in favor of the Young-Turner-Loy bill centralizing the penitentiary on either the Darrington or Ramsey farms.

Action on the pending penitentiary legislation marked the second defeat within a week of an administration measure, the governor's civil service bill having been defeated Friday.

First in 8 Years
Passage of the bill to engrossment was the most direct step toward readjusting Texas' admittedly low-ranking prison system since the thirty-seventh legislature, when the situation assumed the importance of a paramount issue in state affairs.

If written on the statute books, the measure will place the task of selecting the site for a central prison, now located at Huntsville, with a commission composed of members of the state prison board. The group will be vested with authority to negotiate the sale of five other farms of the present widely-scattered system through the commissioner of the general land office. Properties comprising the main present plant will be turned over to Sam Houston State Normal school if found practical for use by the institution.

Wilson Sentences Three In Robbery

Federal Court Thrown Into Uproar As Scathing Lecture Is Delivered To Defendants

(By Associated Press)
FORT WORTH, Feb. 19.—Federal court was in an uproar today after Judge Wilson passed sentence on Travis H. Wilson, Mead E. Pruitt and Mrs. Otis Bridges and delivered a scathing lecture to the three defendants who had been found guilty in connection with the \$53,000 mail robbery of a Texas and Pacific railway train.

Mrs. Pruitt, wife of the convicted mail clerk who was on duty in the car when the robbery occurred on November 9, became hysterical upon hearing Judge Wilson pronounce sentence on her husband of five years in the penitentiary at Leavenworth, Kan.

Shrieks and Weeps
She was taken from the courtroom weeping and shrieking and her cries could be heard long after attendants had taken her to another part of the building.

Mrs. Bridges, sentenced to 18 months, cried openly when her sentence was pronounced, but Pruitt and Wilson, whose term was made two years, took their sentences with stoicism and neither lost control of his feelings.

Mid-West Suffers From Record Cold

ST. PAUL, Minn., Feb. 19.—(AP)—Weather records of more than 50 years were broken in North Dakota and numerous Minnesota cities reported the lowest marks of the season today as frigid blasts swept the northwest.

Forty three below zero at Bismarck, N. D., was the coldest ever recorded after February 15 since the federal weather bureau was established there more than 50 years ago. Mandan was close behind with 42 below.

In Minnesota temperatures ranged from six below at Mankato, in the southern part of the state, to 38 below at Brainerd in the central part.

HOUSE VOTES PENSION
WASHINGTON, Feb. 19.—(AP)—The house pension committee today approved a bill to provide Mrs. Woodrow Wilson, wife of the late President Wilson, with a pension of \$5,000 a year.

Orient Extension To Presidio Made Possible Tuesday

Contract Is Signed By Alpine Citizens For Right-of-Way; May Start Work In 1929

(By Associated Press)
SAN ANGELO, Feb. 19.—The Orient railway, thrown into the lap of luxury when acquired by the Santa Fe, will be extended to Presidio at once as part of the 1929 program, it was indicated today when agreement for right of way through Brewster county was signed by Alpine citizens.

Telephonic advices to the San Angelo Morning Times tonight said the procedure was similar to that adopted in gaining right of way agreement from San Angelo to Sonora and was taken as definite indication of Santa Fe plans, although no announcement yet has come from the road's Chicago office.

Committee Is Named
A committee was named by Alpine to meet terms of the contract. The committee is expected to confer with citizens of Presidio in conjunction with representatives of the Santa Fe, advices received here said.

Details of the proposed route between Alpine and Presidio, a distance of 84 miles, remain to be worked out.

Construction of the gap would complete a program covering 149 miles in West Texas with an estimated expenditure of \$10,000,000. It would give the Santa Fe connection to Chihuahua and Mexico City.

ADAMS TRIAL SET

Lufkin Man To Face Charge Of Murder Of McClure

(By Associated Press)
LUFKIN, Feb. 19.—(AP)—Examining trial of W. A. Adams, alleged slayer of Bunyan McClure, who died last night from a gunshot wound, today was set for Saturday. Adams was released on \$2,500 bond.

McClure, Adams said, attempted to eject the Adams family from their automobile. Three liquor charges were pending against McClure at the time of his death.

Vote Of Appreciation To B. C. D. Given By City Commission Last Night

Budget Committee Of Group Meets With Commissioners On Plans For Year; Expansion Of City And Work Of Organization Is Reviewed In Session

(By Associated Press)
A vote of appreciation for the work accomplished by the Board of City Development, and of confidence in the organization and its board of directors, was unanimously passed by the City Commission Tuesday night, following a get-together meeting between the commission and the budget committee of the B. C. D.

Purpose of the meeting was to review the work done by the Board of City Development during the year just closed and the occasion arose with the completion of the organization's financial statement covering activities for 1928.

Maximum Penalty For Violation Of Pro Law Boosted

First Offenders To Be Given Same Penalty As Hardened Violators In Action; 5 Years And Fine Named

Vote Is 65 To 18

Action Comes As Climax To Debate Between Borah And Reed Over Law; Judges To Discriminate

(By Associated Press)
WASHINGTON, Feb. 19.—First offenders along with hardened violators of the prohibition law would be liable to a maximum penalty of a fine of \$10,000 or five years in prison or both under a bill passed by the senate today and sent to the house.

By a vote of 65 to 18 the senate approved the measure introduced by Senator Jones, Republican by a clash of views between Borah of Idaho, and Reed of Missouri on the question.

Thought Too Drastic
"The proposal to increase the maximum penalty in such a way as to make it applicable to first offenders was attacked by many senators as too drastic but the majority of the senate decided such a step necessary to help enforce the prohibition laws more effectively."

In raising the penalty so as to include first offenders, the senate softened the blow by approving a provision in the bill which declares it to be the sense of the senate that judges, when imposing sentences "should discriminate between casual or slight violations, and habitual sales of intoxicating liquors or attempts to commercialize violations of the prohibition law."

Party Lines Forgotten
On the final ballot 36 republicans joined with 29 democrats in support of the measure while five republicans and 13 democrats were on the final ballot 36 republicans joined with 29 democrats in support of the measure.

See PRO LAW CHANGE, Page 10

McCloskey Trial Jury Incomplete

Ten Of Twelve Needed Selected Late Tuesday; Jury Runs Until Seven O'Clock Last Night

(By Associated Press)
AUSTIN, Feb. 19.—Ten of the twelve jurors for the criminal trial of Congressman-elect Augustus J. McCloskey of the fourteenth congressional district, of Texas, were named at a court session which ran until seven o'clock tonight.

Opposing counsel trusted to luck to provide a complete jury but frowned and selection of two jurors had to be left until tomorrow.

When the interrogation of 34 veniremen exhausted the panel there were only 28 tentatively selected as agreeable to both sides, prosecution and defense agreed to eliminate up to ten men each hoping that deletions would coincide in enough instances still to leave the necessary dozen jurors.

YOUTHS ELECTROCUTED

CHICAGO, Feb. 20.—(AP)—Anthony Grecco and Charles Walz, youths in their teens, were executed shortly after midnight today for the murder of a policeman.

T. C. U. Debators Win From Locals

(By Associated Press)
Debate representatives from Texas Christian University at Fort Worth defeated the Tech team by a two to one decision on the affirmative side of the question, "Resolved, that the Parliamentary system of Government is Superior to the Presidential Type," in their annual meeting at the Tech gymnasium last night.

Tech was represented by Hal Lary of Clovis, New Mexico, and J. W. Jackson, of Lubbock while T. C. U.'s colors were carried by Lloyd Armstrong, of Fort Worth and Hugh Buck, of Crosbyton.

Judges were Superintendent C. L. Sone, of Slaton, Superintendent W. H. Baze, of Tahoka, and Dr. W. R. White, pastor of the First Baptist church, of Lubbock.

Snowshoes To Go To Aid Of Miners

DURANGO, Colo., Feb. 19.—(AP)—preparations are being made to send men on snowshoes with sled loads of provisions into the snowbound district around Silverton, Colo., if the railroads are unable to clear their tracks within the next few days.

A dozen or more mining communities in the section have had no communication with the outside world except by telephone since February 3 when gigantic snowdrifts blocked all roads and railroads leading into the mountainous country.

Railroad crews had worked night and day to penetrate the snow which covered the track in places to a depth of 20 feet. Meanwhile inhabitants of the section are known to be on short rations, and there is a serious food shortage in prospect at the Sunnyside mine where 400 men have had no bread, butter, meat or eggs for three days, and where the supply of other foodstuffs is running low.

Road Bond Meet Is Scheduled For Friday Night

Charles F. O'Neill Calls Session In Courthouse To Decide On Program; Most Logical Plan Sought

(By Associated Press)
Everybody interested in Lubbock county's next attempt at voting road bonds to pay for paving state and federal designated highways, or who want the county divided into two or more separate and independent road districts, for the purpose of voting bonds to build paved highways in those respective districts, have been called to a meeting at the Lubbock county courthouse next Friday night by Charles F. O'Neill, chairman of the tentative organization formed in January to solve this problem.

Mr. O'Neill, in a statement made Tuesday night, said that a large number of men from every voting precinct in the county had met, on the night of January 12, to discuss since January, in discussions of the most logical and most practical plan for building improved highways in the county.

Slaton Wants Lateral Road
"I am sure," Mr. O'Neill declared, "that the people of Slaton would not support any county-wide proposition that did not include a number of lateral roads for their city."

At our last meeting with Slaton representatives it was decided that this information would be placed before a general meeting to be held in the courthouse here, at which definite decision would be reached.

At the first election, held December 1, last, an effort at voting \$2,000,000 for paving all state and federal designated highways and a number of later roads leading into and out of Slaton, in the southeast corner of the county, was defeated.

At the second attempt, January 12, a \$1,000,000 bond issue, including only the designated highways, was defeated.

TEXAS PRESBYTERIANS PLAN FOR MODEL COLLEGE IN MERGER OF 3 SCHOOLS

(By Associated Press)
AUSTIN, Feb. 19.—Texas Presbyterians are laying plans for a model college of a maximum student body of 1,000, according to resolutions adopted by the commission appointed by the Synod of Texas to make plans for merging Austin college, Sherman, Daniel Baker college, Brownwood, and Texas Presbyterian college, Milford.

The institution, which will cost from \$2,000,000 to \$5,000,000 to found, exclusive of lands, will be located in the community which makes the most attractive offer. A committee was appointed by the commission in all day session here today to consider offers for the college.

To Examine Books
Besides the commission to accept bids of communities for the college, a second committee was appointed to examine books and records of Daniel Baker, Austin college and Texas Presbyterian college and to evaluate their properties and obligations. Another committee was appointed to prepare plans for perpetual degree granted by Austin college, Daniel Baker and Texas Presbyterian college and to merge into the new institution history, traditions and spirit of the present institutions and lay plans for students of the present institutions to continue their work in the new school.

Brownwood, home of Daniel Baker college and Dallas are known to be making strong bids for the new institution.

One Man Killed And Five Injured In Plane Crashes

Fred Sorrell, Springfield, Ohio, Dies In Fall Near Irran Tuesday; 3 Others Are Hurt

Motors Stalled

KWKH Radio Announcer Is Seriously Hurt As Plane Ploughs Into House At Birmingham

(By Associated Press)
SAN ANGELO, Feb. 19.—Fred Sorrell of Springfield, Mo., died today in a McCamey hospital of injuries received when his airplane crashed at Irran, Pecos county, earlier in the day. With his brother also of Springfield, he had been barnstorming with the ship and taking up passengers.

Roy and Elmer Cox of Irran were passengers when it appeared crashed but they received minor injuries from which they are expected to recover.

The plane had reached an altitude of 75 feet when the motor stalled and the ship's nose rattled to the ground.

BIRMINGHAM, Ala., Feb. 19.—(AP)—Steadman Gunning, announcer for radio station KWKH of Shreveport, La., was perhaps fatally injured and Dan Leary, pilot, of Shreveport, escaped with minor hurts today when the plane in which they had just taken off from the flying field, here crashed into a house top.

The plane had landed to take on fuel for a non-stop flight from here to Washington, where W. K. Henderson, owner of both the plane and radio station, is to appear before the radio commission. Henderson had preceded the plane by rail.

Officials at the field said the plane had gained an altitude of about fifty feet when the motor apparently stalled, the motor plowed through the roof.

Two women in the house at the time escaped uninjured.

Tube Train Fire Injures 50 People

Accident Occurs As Train Starts Under Hudson; Six Hurt Seriously; 7-Car Train Bore 1,000 Persons

(By Associated Press)
NEW YORK, Feb. 19.—Fifty persons were injured, four men and two women seriously, and 200 passengers were affected by smoke and fumes tonight when fire broke out in the first car of a New Jersey-bound seven-car Hudson tube train, 1,000 feet west of the Christopher street station in Manhattan.

Panic-stricken passengers trampled one another in attempting to get off the stalled and smoke-filled train most of them reached the Christopher street station through another train, that was joined to the rear of the stalled train.

The train which caught fire was a local, bound for Journal Square, Jersey City, N. J., and carried about 1,000 homeward bound commuters.

A short circuit in the motor of the first car caused the fire and smoke from burning insulation mingled with air in the fumes from the storage batteries of the train.

Making Hoover's Inaugural Medal

(By Associated Press)
A gold medal less than three inches in diameter will be presented to Herbert Hoover when he is inaugurated as President on March 4. Here you see Henry K. Bush-Brown, noted Washington sculptor, at work upon a plaster model. Replicas will be struck off in bronze by the United States mint and sold as mementoes of the inauguration ceremony.

Supporters of the resolution, led by its senate sponsor, Walter Wood of Houston, held the whip hand throughout the day. Amendment after amendment was turned down and one of the unfavorable actions taken yesterday was rescinded.

Northern California Is Scene Of Kidnap Hunt

Four-Year-Old Girl Has Been Missing Since Friday

(By Associated Press)
SAN FRANCISCO, Feb. 19.—While northern California centered its attention on the search for four-year-old Doris Smith-Murphy, missing since her disappearance from a playground here last Friday, a Berkeley barber started police on a false trail that led clear to Galt, Cal.

The barber, M. S. Powers, told of cutting a small girl's hair "short" at the direction of a "hunchbacked" man.

Powers took the license number of the man's automobile and informed police, who found the man was a resident of the neighborhood and had been superintending his small daughter's hair cut.

He was driving a car owned by a prominent Galt matron.

A new mystery letter bearing on the envelope the words: "This is the last time I'll tell you she is all right," and signed "K. K." was received by Mr. and Mrs. Edward J. Murphy, the child's foster father and mother, today.

Captain of Detectives Duncan Matheson said the contents could not be divulged because the writer of the letter threatened "serious harm" to the little girl if the letter were made public. The girl is probably held prisoner here in the city by some crank who might be crazy enough to carry out his threat, and for that reason I am keeping the contents of the letter secret, Matheson said.

Report About Rail Hearing Is False

Considerable stir was had among business men of Lubbock Monday and Tuesday with the distribution of an issue of a newspaper published at Kermit, in which a story stated the hearing to come before the Interstate Commerce Commission, for the Santa Fe railway's application to extend its railroad from Seagraves to Lovington, N. M., and to run a line from that branch to Hobbs, N. M., was to be held in Midland on March 28.

A wire to A. L. Reed, traffic expert hired by the Lubbock chamber of commerce to represent this city in adding the Santa Fe to secure its permit, at his Dallas office, brought the information that the Kermit newspaper was very much in error. The Santa Fe extension application hearing has not been set, neither as to date, nor as to place. Mr. Reed advised, Lubbock has its bid in for the place of meeting.

The meeting referred to as dated for Midland has to do with freight rates on seed and grain.

Action Is Taken When Supporters Weild Whip Hand

Count Is 16 To 11 But Vote Not Strong Enough For Passage; Amendment To Be Submitted To House

Oust Love Clause

Dallas Senator's Amendment Calling For Lateral Road Provision Stricken From Bill Upon Motion

(By Associated Press)
AUSTIN, Feb. 19.—After two days of discussion the senate late today engrossed the \$175,000,000 highway bond proposal.

The vote was 16 to 11, with one pair, but Senator W. R. Cousins of Beaumont said that he voted against the resolution submitting the proposed constitutional amendment so that he might move to reconsider in case it failed of engrossment.

Supporters of the resolution, led by its senate sponsor, Walter Wood of Houston, held the whip hand throughout the day. Amendment after amendment was turned down and one of the unfavorable actions taken yesterday was rescinded.

Opposition Outnumbered
In no vote however did the bond issue proponents muster the 21 "ayes" which will be necessary for final passage. A constitutional amendment can be submitted only by two-thirds majority of both houses.

For a time it looked as if the vote would be postponed another day but the two factions suddenly agreed, the previous question was ordered without a dissenting vote and the roll was called.

The previous question had been ordered earlier in the day but the senate rescinded its action when it was pointed out that several senators had been denied an opportunity to speak.

The Love amendment adopted yesterday which would have permitted the issuance of bonds for building lateral roads was stricken out today on motion of Love.

Holy See About To Change On Rotary

I. D. Sutton, International President, Visits Rome In Connection With Rule; New Edict Expected

(By Associated Press)
VATICAN CITY, Feb. 19.—International Rotary is about to be given a clean bill of health by the authorities of the Holy See, reliably informed circles of the Vatican said this reversal of a former ruling was due largely to the favorable impression created by I. D. Sutton of Tampico, Mexico, who is president of the international organization.

Mr. Sutton came here in the face of a ruling against Rotary by the Consistorial Congregation that members of the priesthood would not be allowed to join Rotary clubs. This ruling came shortly after Governor Romano, the newspaper editor for the Vatican for its public announcements, had condemned the organization for its alleged practice of inculcating a religion "without God."

Mr. Sutton, himself a Roman Catholic, interviewed a number of the princes of the church and convinced them his organization respected all their needs.

The Weather

COME PEOPLE'S REPUTATION IS BUILT ON THINGS THEY ARE GOING TO DO.

WEST TEXAS: Partly cloudy, not so cold in north portion Wednesday; Thursday, partly cloudy. Local temperatures: maximum, 35; minimum, 17.

Two Visitors Are Honored at Party Given on Tuesday

Mrs. Rufus R. Rush Entertains Yesterday Afternoon For Mrs. J. C. Brooke and Miss Mary Moss

Mrs. J. C. Brooke of Harlingen is being feted at several parties in Lubbock and Plainview this week. Mrs. Rufus R. Rush entertained yesterday afternoon with a bridge party at her home near Lubbock naming Mrs. Brooke and Miss Mary Moss of San Augustine as honorees. Mrs. Mathis is entertaining today with a luncheon in Plainview and Mrs. B. O. Sanford of Plainview expects to entertain tomorrow. In addition to the honor guests, Mrs. Rush's bridge guests were Mesdames Harry E. Miller, John Jarrott, Tom J. Foster, Herbert Maxwell, A. T. Biggers, D. K. Bondurant, Hubert Allen, Maple Wilson, Walter Tyler, John Brooke, Byron Brown, L. E. Miller, Bass Arnett, Joe Nislar, Vernon Brown, Frank Winn, W. S. Moss, Fred Taylor and E. B. Adcock. Tea guests were Mesdames W. R. Blake, E. F. Alford and R. O. Short. The spring flower motif was used in appointments and cut favors were potted plants. A salad course was served.

STUDY CLUB MEETS

Hardy Novel Is Subject For Discussion At Meeting

Miss Frances Whitley read a paper on "The Author's Philosophy of Character Development" yesterday afternoon when the Junior Twentieth Century club met at the Tech college. The program for the afternoon was on Hardy's "A Pair of Blue Eyes" and Dr. Allan L. Carter of the Tech faculty conducted this regular review.

TRIPLE L MEETING

Mrs. J. C. Turner Hostess To Club Tuesday

Mrs. J. C. Turner was hostess to the Triple L club yesterday afternoon in the home of Mrs. C. E. Jordan at 1916 Avenue H. This was a business and social meeting and was attended by Mesdames P. B. Williams, C. G. Bell, W. E. Holder, C. B. Martin, C. E. Jordan, R. C. Keeton and C. G. Magouirk.

DINNER PARTY

Miss Helen Robertson Is Hostess To Group

Miss Helen Robertson entertained Monday evening at 7 o'clock with a dinner party in the home of her parents, Mrs. and Mrs. D. W. Robertson, 2109 Main street. Forty-two was played after the dinner, which was served by Dorothy Robertson and Lois Pitts, assisted by Mrs. Robertson and Mrs. Eva Waddill. Guests were Misses Jemie Casey, Eloise Cook, Lillian and Eleanor Nelson, Messrs. Townsen Waddill, Paul Leforge, E. B. Fincher, and Mr. and Mrs. George Payne.

AT THE THEATERS

PALACE
"Wild Orchids," starring Greta Garbo, with sound effect and a perfectly synchronized musical score. "A Confession," short all-talkie feature.
Musical feature, with Vincent Lopez, all talkie.
Fox news.

LYRIC
Jean Hersholt, Marion Nixon and George Lewis in "Jazz Mad." Also comedy.

REX
"Roaring Fires" with Roy Stewart.

Today In Society

Mesdames J. H. Siles, L. L. Thompson, Claxton Draper and Anna Belle Collins will entertain with a bridge party in the afternoon for Mrs. V. Lorenz Ellis at the home of Mr. and Mrs. J. S. Hemphill.

Mesdames James H. Kimmell and A. S. Darby will entertain the 1916 Needle club at 3 o'clock in the home of Mrs. Darby, 1713 18th street.

Mrs. Earl Moore is entertaining London club at 3 p. m. in her home at 2514 23rd street.

The Woman's Day By Aliene Sumner

A couple ladies quarrels in our day's news. A Mrs. Lottie Holman O'Neill, representative in Illinois general assembly, spoke her mind right out in meeting about Mrs. Ruth Hanna McCormick, U. S. congresswoman from the same state.

The first lady charged the latter with refusing to play ball unless she could always be captain, or something to that effect, winding up with a "what in the world is she thinking of with a state senatorial election coming on when she will need cooperation?"

Lady Says Nothing
Mrs. McCormick, to date, has said nothing, which rather looks as if she's wimpy of the fight. If any; after all a fight can't be exactly a one-sided affair. It is generally rather "noticable" too, that the person of importance to the extent of having a known name, is rarely the one who precipitates a quarrel.

Is that because, being important, they have no need to defend their "rights" so vigorously as unknowns? Or is it because they do not quarrel they are important?

Ellen and Nancy
Here's another little quarrel in the news. This one is between Miss Ellen Wilkinson, known as "Wee Ellen" of Parliament and her rather better known colleague, Lady Nancy Astor. "Wee Ellen" charged Lady Astor with being heedless of the needs of poor people because she herself had plenty to do with and didn't know the problems of the lower classes to which Lady Astor said, "Rats!" Some people think that "Rats!" labels her winner of the fray. Others are not so sure.

"Fool Women Quarrels"
One just expects the male chorus of derision with such words as "These women's quarrels!" or "Just try to see women get along in public life without quarreling!" The facts are that it is very doubtful if women in public life quarrel as much as men. The point is that the ingrained traditions of the female propensity to quarrel, which tradition very rightly developed in an era when all women stayed at home and lived such ingrown lives that they developed the quarrelsome habit, insists on handicapping all women even in a day when a broader life for women is killing the obnoxious habit. A woman's quarrels is news, because it gives the males a chance to chuckle and say "I told you so!" Men's quarrels are pretty much taken for granted and the facts are printed as interesting controversy rather than with a humorous chuckle at the idea of the two dear boys engaging in personalities!

STAG CLUB MEETS
The Stag Bridge club is meeting at 8 o'clock this evening with Winfield Watkins and John Keathley at 2019 10th street.

Circle Chairmen In Auxiliary Are Named Tuesday

Presbyterian Auxiliary In Business Session Tuesday Is Re-Divided Into Circles For Year

Women in the First Presbyterian Auxiliary were re-divided into circles yesterday afternoon and chairmen for the groups were selected when a business meeting of the society was conducted with Mrs. S. C. Wilson at 4615 10th street. The society year closes the last of March and the new chairmen will assume their places. Funds of the society were divided among the various causes supported by the women and other business transacted yesterday. After the meeting Mrs. Wilson served light refreshments.

Mrs. J. B. Jackson is the new chairman for the young women's circle in the society. Other chairmen selected yesterday are as follows: Mesdames A. F. Schofield, R. D. Moxley, C. C. Schmidt, S. E. Melton and R. V. Kimmell.

GROUP AT MEETING

Local People Speakers At Associational Meet

A delegation from the First Baptist church attended a monthly associational workers conference in Levelland yesterday. Among those who attend were W. R. Campbell, C. W. Evans, Dr. W. R. White, E. W. Provence, Rev. and Mrs. W. M. Lawrence and J. D. Carroll. Reverend White and Mrs. Lawrence appeared on the program.

BOARD IN MEETING

Women's Club Committee Has Luncheon

The executive committee of the local Business and Professional club met yesterday at noon for a luncheon at Our Cafeteria. Those who attended were Mesdames J. J. Smelser, C. L. Hale, E. B. Holland, B. T. Thomas and Miss Ruth McCormick.

CABINET MEETING

Mrs. O. W. English Hostess To Class Group

Mrs. O. W. English was hostess to the cabinet of the First Baptist Gleamers class yesterday afternoon in her home at 2209 16th street. J. D. Carroll, educational director at the church, made an inspirational talk. At the close of the meeting, Mrs. English served sandwiches and tea to Mesdames J. L. Holt, G. N. Flinnikin, W. L. Price, Fred Helm, Anni Hines, Harry Morris, T. A. Rhodes, W. A. Clark, J. A. Porter, W. L. Stangel, C. M. Ballenger, H. L. Allen, M. L. Shepherd and Miss Nell Parmley.

FRATERNITY MEETS

Meeting Tonight To Close Membership Chapter

The Fraternity Men's club is meeting at 7:30 o'clock this evening in the office of Leonard Pearson. This meeting will close the membership chapter, it was announced.

Mr. and Mrs. C. J. Norton and little daughter, Joan and Marylou, leave Thursday for a visit with relatives and friends at Seymour and Wichita Falls. While away Mr. Norton will transact business in several middle-Texas cities.

Tom McAfee, special agent of Floyd West and company, of Dallas, is a business visitor in Lubbock.

Mr. and Mrs. Terrell St. Clair have returned from Amarillo where they were the guests of relatives.

Mrs. A. F. Holt has returned from a brief visit with relatives at Haskell.

The Morning Avalanche Menu for the Day

BREAKFAST: Orange juice, cereal, cream, creamed salt codfish, corn bread, milk, coffee.

LUNCHEON: Baked oysters, brown bread and butter sandwiches, stuffed prune salad, rolled oats cookies, milk, tea.

DINNER: Braised veal with vegetables, apple and horseradish salad, peach balls, milk, coffee.

Omelets: Omelets and potato marbles are cooked with veal to make an appetizing dish for a cold winter's evening. Strained tomato juice is used in place of water and fat salt pork is drawn through the meat to furnish fat and flavor.

Baked Oysters
One pint oysters, 1 pound spinach, 2 tablespoons minced onion, 1-2 cup butter, 1 teaspoon salt, 1-4 teaspoon pepper, 2 tablespoons cream, 1 egg, bread crumbs.

Scald half the oysters in their own liquor. Chop remaining oysters without cooking. Wash spinach and drop into boiling water. Cook three minutes and drain. Chop finely and add onion and butter. Cook slowly, closely covered for 15 minutes. Add chopped oysters, salt, pepper and cream and bring to the boiling point. Cook slowly for five minutes and stir in egg. Put scalded whole oysters in a well-buttered baking dish, cover with spinach mixture and sprinkle top with crumbs. Dot with bits of butter and bake in a moderate oven, until firm. Serve from baking dish.

Miss Pauline Shelby, of the J. A. McCelvey Insurance company, has returned from a visit with her parents at Elton.

Misses Elvyn Warwick and Johyne Morgan have returned to their home at Stamford after a visit with Mrs. Lewis Winn in O'Neill Terrace.

YOUR CHILDREN

by Olive Roberts Barton
©1928 by NEA Service, Inc.

Can Mrs. Brown ever forget the look her daughter gave her the day the shoe bill came without her silver slippers charged on it, and she had cried happily, "That's rich! It will buy us a couple of theater tickets, Ed."

And there is Mrs. Smith who fairly curdled the cream at the table every day, with mean remarks about people who were supposed to be her friends. Suddenly, out of a clear sky one day, or rather out of Junior's mouth, came these words: "Don't you like anybody, Mother?"

A certain man and his wife had a habit of discussing the night-before party at the dinner table. Mrs. Adams would tease Mr. Adams about a beautiful blonde and Mr. Adams would come back with the number of dances Mrs. Adams had had with one Tom, or Dick, or Harry. Then she would refer to her husband's memory as blotto and therefore not dependable on the night preceding, as he had had so many cocktails and so many highballs to her certain knowledge.

The Lesson They Learned
They stopped this form of warmed-over dissipation for good one day when ten-year-old Betty burst into tears and ran upstairs, sobbing her heart out. Another dinner-table derby takes place at the Joneses nightly when Mr. Jones accuses his wife of ex-

travagance and she jumps all over him for being too lazy and too dumb to make a decent living for her and the children. It usually winds up with talk about divorce.

The children sit there big-eyed and silent. There are meals when they scarcely touch a bite. The family doctor is getting ready to speak a little piece to these parents, for their quarrelling obviously, is making the children unhappy and ill.

And so it goes on—there are a thousand things that parents do that distress their children very much.

If things were reversed and children could train parents they would be kept pretty busy.

Miss Elizabeth Forson, of the C. J. Norton Loan company, has returned from Amarillo where she visited her brother, Glenn Forson, the first of the week.

Mrs. Grace Glenn of Stamford, is the guest of Mr. and Mrs. Gordon Plenken on Avenue M.

Mrs. J. W. Childester, of Tatum, N. M., recently brought her son to Lubbock for medical treatment for his serious illness. They are still in the city pending his recovery.

William A. Pugh, former pre-med student in the Tech, left last night for Chicago where he will make preparations for entering the medical school of the University of Chicago. He will be joined later by Mrs. Pugh and little son.

Jones Has Praise For Terrace Work

Experiment Station Superintendent Declares Move Will Be Of Much Benefit To Section

"Unlimited results will be cashed in by the South Plains from the Lubbock county terracing campaign now going on," was the declaration of Don E. Jones, superintendent of the State Experiment farm east of here Tuesday.

Mr. Jones contends that because of the vast amount of undeveloped soil in this area, the terracing campaign will result in a great saving of this soil for future years.

"The purpose of terracing is not only to keep soil from being washed away," said Mr. Jones, "but it is to save the moisture that falls on the soil as well. The old land that has been under cultivation for many years, has lost the best part of its topsoil from erosion. With so many hundreds of thousands of acres here on the plains never put to the plow, we have a wonderful opportunity for saving this better part."

The work of County Agent D. F. Eaton and John Patterson, who are in charge of the Lubbock county terracing campaign, was highly commended by Mr. Jones.

PAVING PROGRESSES

Work Starts On 20th Street And Avenue X

With the paving of three blocks on Twentieth street, from El Camino Avenue to Avenue X, virtually completed, City Engineer Marlin R. Smith Tuesday stated that it is anticipated the paving on College Avenue, from Nineteenth street to Twentieth, will be finished this week.

Avenue M, from Nineteenth to Twenty-third streets, will probably be the next paving job to be undertaken, Smith said.

DAIRY MEET CALLED

Lubbock Exhibitors Called Together, March 6

D. F. Eaton, Lubbock county agent, announced yesterday that preparatory to the Panhandle-South Plains Dairy Show, to be held April 2 to 5, a dairy meeting will be held in Lubbock on March 6.

It is probable that the meeting here will be held at the same place and will be primarily for the purpose of fitting and feeding instruction in preparing stock for exhibition in the show. Plans for the show are progressing rapidly and in good shape, Mr. Eaton said, and every indication points to the most successful event in the association's history.

Mr. and Mrs. O. J. Foster and little son, Edward, of the Canyon community were shopping in this city Tuesday.

"I Just Can Not Tell How Grateful I Am" Says Miss Bell

Prominent Lubbock Co. Farmer's Daughter Is Now Well And Happy Since Taking Orgatone

"I suffered with liver trouble and heart trouble for two years and found no relief until I began taking Orgatone," said Miss Ruby Bell, daughter of a well known farmer residing on rural Route 1, Lubbock, Texas, in an interesting interview a few days ago.

"Everything I would eat," continued Miss Bell, "no matter how little or how much, would ferment and fill my stomach with gas and misery. I was continually belching up sour undigested food, had severe heart burns and in a general run-down condition. I felt terrible a great deal of the time and was often so nervous that I thought I would go distracted. I got so I dreaded to eat, everything bothered me so, in fact, I could hardly find anything in the way of dieting that would agree with me. I tell you I was all unwell and my condition was anything but comfortable. No treatment or medicine did me any good and I was getting worse all the time."

"One of my personal friends had found relief from troubles like mine by taking Orgatone so I decided to try it myself. Three or four weeks ago I bought a bottle and in a few days I noticed I was getting better, and from that time on I improved rapidly. A few doses relieved me of all the gas and every sign of indigestion and gave me a fine appetite. All my nervous feelings left me and I sleep like a baby every night. I have no more heart burns and I can eat anything I want now, even to the richest of food, and I never have a pain or uncomfortable feeling after my meals. I feel perfectly well all the time, and anyone who knows me can readily see the change. Orgatone has made in me, I can't understand it, neither can my family, how it is that I have gotten such complete relief from my two years of suffering in so short a time, but I have, and I just can't tell you how grateful I am for what Orgatone has done for me."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific treatment containing no alcohol or other false stimulating drugs and is sold in Lubbock exclusively by the Bowen's Drug Store, under the personal direction of the special Orgatone representative.

New Sound Film Opens At Palace

RALPH FORBES and DOLORES DEL RIO in 'THE TRAIL OF '98'

Declared by its producers to be to the north what "The Covered Wagon" was to the west, "The Trail of '98" opens a four day run at the Palace here today. The picture, with sound synchronization, stars Dolores Del Rio and Ralph Forbes, and has in the supporting cast Harry Carey, Karl Dane, Tully Marshall, George Cooper and others.

DRAMATIST PLEASES GROUP

Edward Abner Thompson, reader from Boston, who gave a recital at the college Monday evening was heard again yesterday afternoon in the dramatic room of the administration building when the Thespian club and members of the faculty and town people were privileged to listen once more to this gifted man.

"Capon Sacchi," a dramatization of "The Ring in the Book" by Browning was chosen by Mr. Thompson and an attentive audience listened spell-bound for two hours to a man who despite the handicap of blindness gives splendid character portrayal.

The reader was introduced by Miss Eunice Cox, member of the speech arts faculty who has had the privilege of studying with him at the Boston School of Expression.

Grover C. Good, state secretary for the Older Boys conference of Texas was a visitor to Tech yesterday conferring with Roy McCullough and Dean Gordon, who are members of the executive council.

It's no joke that barrel staves have been applied to freshmen, especially at the opening of school. Now the freshmen are using a barrel to put across to their class the fact that they were going to hold a meeting and decide on several beauties to eliminate to the one for the queen of the dance to be held March 8. Boys who have been able to give their girls anything but love will be called upon to give them a vote in a closely contested race.

Wilburn Edelman has announced that the second annual golf tournament sponsored by La Ventana is to take place soon. Hershel (Mac) McFarland, is to have charge and entrants are requested to see him at Bowen's drug store, or to come to the Toreador office.

Famed Harpist To Appear At College

The world's greatest harpist, Alberto Salvi, who has turned practically every civilized nation, on the face of the globe, with Edna Ver Haar, contralto soloist, will appear in a joint recital at the Texas Technological college Friday night. Music lovers of Lubbock are looking forward to this number of the Tech artists course with exceeding pleasure.

Is there a dirty ring around your dishpan?

There shouldn't be, because hard water can be softened with Melo. Soft water never leaves a dirty ring. Dishes sparkle when washed in soft water. Soften the hard water in your town with Melo.

Melo is a wonderful cleaner, with or without soap. Use it wherever you want soft water. It costs only 10 cents a can. Buy 5. Keep one in the kitchen, one in the laundry, and one in the bathroom.

Seagraves High School Is Burned

Flames Damage Structure \$25,000 Early Tuesday Morning; Water Works Are Planned For City

(Special To The Avalanche) SEAGRAVES, Feb. 19.—Seagraves was once again called upon to weld water pails and fire extinguishers today as flames were put under control after doing approximately \$25,000 worth of damage to the high school here. The fire was discovered at 3 a. m. and citizens were forced to brave the biting cold of the early morning to combat the blaze.

Due to the damaged heating facilities, classes will be suspended at the institution for several days. Loss to both buildings and furnishings was covered by insurance.

The fire came just prior to installation of a public water works here and the purchase of adequate fire fighting apparatus for this city these two projects having been previously authorized by the citizenship.

Slightly less than a year ago much of Seagraves business district was swept by fire.

Mr. and Mrs. G. W. Crone and Mr. and Mrs. G. L. Travis, of Brownfield, were shoppers Tuesday in Lubbock.

Mrs. John Poteet was an Anton visitor in Lubbock Tuesday.

It May Cost More But Its Worth It!

Lewis Home Here Is Looted Tuesday

A considerable quantity of jewelry and household articles were stolen from the home of W. V. Lewis, 2308 Main street, Monday night, local officers were informed Tuesday.

The burglars entered the house while the family was away, taking a wrist watch, mesh bag, pearl necklace and other jewelry, part of which belonged to two girl students of Tech, who roomed there.

Although no clues were reported as having been found, it is thought that because a window and back door were found open the robbery was performed by two youths, inexperienced, who knew of the family's absence.

Miss Myrtle Gibbs, 2013 Ninth street, is convalescing after a brief illness.

Miss Lucille Sanders of Stamford is the guest of relatives here.

Extreme Cruelty Is Divorce Plea

Among other grounds for divorce as stipulated in her petition filed in the Ninety-Ninth district court here Monday, one Lubbock woman contends that her husband threatened to kill her and their six children, brandishing a rifle at them at the time, and, that when she took the gun away from him and had emptied it of its nine shells he threatened to take poison "and end it all."

The wife and mother further alleges that the husband "is dangerous, and that she is living in constant dread of her life." He is said to gamble away his earnings and to spend much money for whiskey, to the neglect of his family. She and her children are in needy circumstances, the woman alleges further, and states he has failed and refused to provide for them.

Matadors Off To Canyon Today For Final Cage Series

Westerners End Cage Season With Win Over Canyon High Eagles

BASEBALL IN THE AIR

The grand old game of baseball will soon be with us. Even now the boys in the big show are "down south" limbering up the old soup bone under the sunny skies of Texas, Florida and California. Following an unprecedented hot stove league session, the baseball fans are promised the greatest season they have ever seen. Wholesale trading and buying up of stronger material in both leagues indicates that the competition will be keener than ever before. In the American, seven clubs are fortifying themselves to put an end to the New York Yankee monopoly on pennants. Miller Huggins, the mite manager of the world champions, is aware of this fact and preparing for a heated race.

Competition in the National League promises to be even keener than last season when it appeared that three teams would be tied for first place. The Chicago Cubs, strengthened by the addition of Rogers Hornsby to their lineup are ceded the inside track while the New York Giants are also figured to be up there among them when the autumn leaves begin to fall. McGraw will have his same strength of last season in addition to a number of newcomers. The St. Louis Cardinals, champions last season who blew sky high in the world series, are an unknown quantity. A wholesale shakeup will put an entirely different Red Bird outfit in the field this season with Billy Southworth at the helm. It will prove interesting to watch the progress of the St. Louis outfit under the leadership of his sunny smile. It may turn out that Southworth will get results and harmony out of the Cardinals whereas the other types of managers have failed. Winning pennants doesn't seem to be what the Cardinal owners require of their managers. Hornsby won the first flag for St. Louis in 39 years when he was the Cardinal boss in 1926. He was promptly shipped off. O'Farrell, who succeeded Hornsby, directed the Red Birds to second place in a hot race, and he was likewise disposed of. Bill McKechnie was next in line, winning the National League championship, but he stayed but that one year.

Now Southworth steps in to take over this peculiar situation. The Cards aren't counted in the class with the contenders, but who can tell but that the new combination will get unforeseen results. St. Louis has always had a bustling young ball club, and this spirit may prove a factor when the 1929 season gets under way.

Now that Francis Schmidt has signed to direct the athletic destinies of Texas Christian University, the position of Arkansas University in the Southwestern Conference is hanging in the balance. Because of their inability to schedule four conference games, the Porkers have been declared ineligible for competition in the 1929 football race. Only three games with Southwest Conference teams are on the Razorbacks' schedule, but it isn't their fault.

See REALM OF, Page 5

Crimson Basketeers May Enter The Last Games Of Season With Buffs Minus Services Of Stellar Guards

Sickness And Ineligibility May Prevent Walker And Vinzant From Playing In Canyon Series

A final practice session Tuesday afternoon put the Tech basketeers on edge for their season's last stand in Canyon tonight and Thursday night when they tangle up with the powerful West Texas Teachers in a return series. Coach Payne will leave with his crimson cagers at noon today and arrive in the Buffalo headquarters in time for a brief rest before the opening whistle.

With Dennis Vinzant on the sick list and the possibility that scholars would prevent Ransom Walker from making the trip, the Matador hopes were given a slight setback within the last few days. Coach Payne was uncertain as to the starting lineup last night but it is likely that Hunter and Hodges will get the call at forwards. Tadlock will start at center and Fisher and Wilkins at the guard posts. In case Walker is available, he will be in one of the guard positions.

In spite of handicaps, members of the squad were confident of avenging to a certain degree the brace of defeats handed them by the Buffs in the recent series played here. An even break in the two game series would be welcomed. Owing to the fact that the final game of the 1929 season with the Simmons University Cowboys here February 25 has been called off because of conflict with other entertainment in the college gymnasium the season for the Buffs will close the season for the locals. Twelve wins out of 18 starts is the record of the crimson cagers up to date.

Houston Golfer Leads Tournament

HOUSTON COUNTRY CLUB, HOUSTON, Feb. 19. (AP)—George Roian, veteran Houston tournament player and John Dawson of Chicago, most consistent amateur in the winter tournaments, proved better weather golfers than the remainder of the field today and turned in a brace of 73's to lead in the end of the first 18 holes of qualifying play in the Houston Country club invitation tournament.

Ossie Carlton of Houston, who won the meet last year, was one stroke behind the leaders with a 74, and Willie Hunt of Houston, a veteran of many major tournaments was fourth with 75.

The leaders were two strokes above par, and well satisfied with their showing, considering the cold wind and chilling mist and rain which swept the course. Rotan went out in 36, perfect figures but wasted two strokes on the return journey, while Dawson was two over going out, but came back in even par. They were the only players in the first flight to equal par over nine holes.

Frank Matthews of Brownfield was a business visitor in this city Tuesday.

District Pairings To Be Friday A.M.

Teams Must Be On Hand By 8 O'clock To Draw For Places In Meet, Chairman Of District Says

Pairings for the District Two basketball tournament which is to be held here Friday and Saturday of this week, will take place at 8:15 Friday morning. E. Y. Freeland, chairman of the district announced last night. It will be necessary for representatives from all eighteen teams to be on hand at that time for the drawing in order games may be started at 9 o'clock, Mr. Freeland explained.

According to the tentative schedule arranged by the district chairman, nine games will be played Friday and eight Saturday including the finals. Because of other entertainment to be held in the gymnasium Friday night, Friday's games will last through six o'clock and play will be resumed Saturday morning. Semi-finals and finals will be played off Saturday night.

Late tournaments in the various counties in the district have prevented entries from coming in as fast as usual, and the entire list will not likely be complete until Thursday night.

Arbiter Named For Miami Beach Bout

MIAMI BEACH, Fla., Feb. 19. (AP)—The battle of the arbiters ended tonight when Lou Magnolia, popular New York official, was named to referee the battle between Jack Sharkey and Young Stribling at Flamingo Park here a week from Wednesday night.

Announcement of the decision to switch from Johnny Brassil, Boston referee who was named for the post by Massachusetts State Athletic commission in reputed accordance with the contracts of the battlers, was made by Jack Dempsey, promoter of the fray, after a heated conference with the principals tonight.

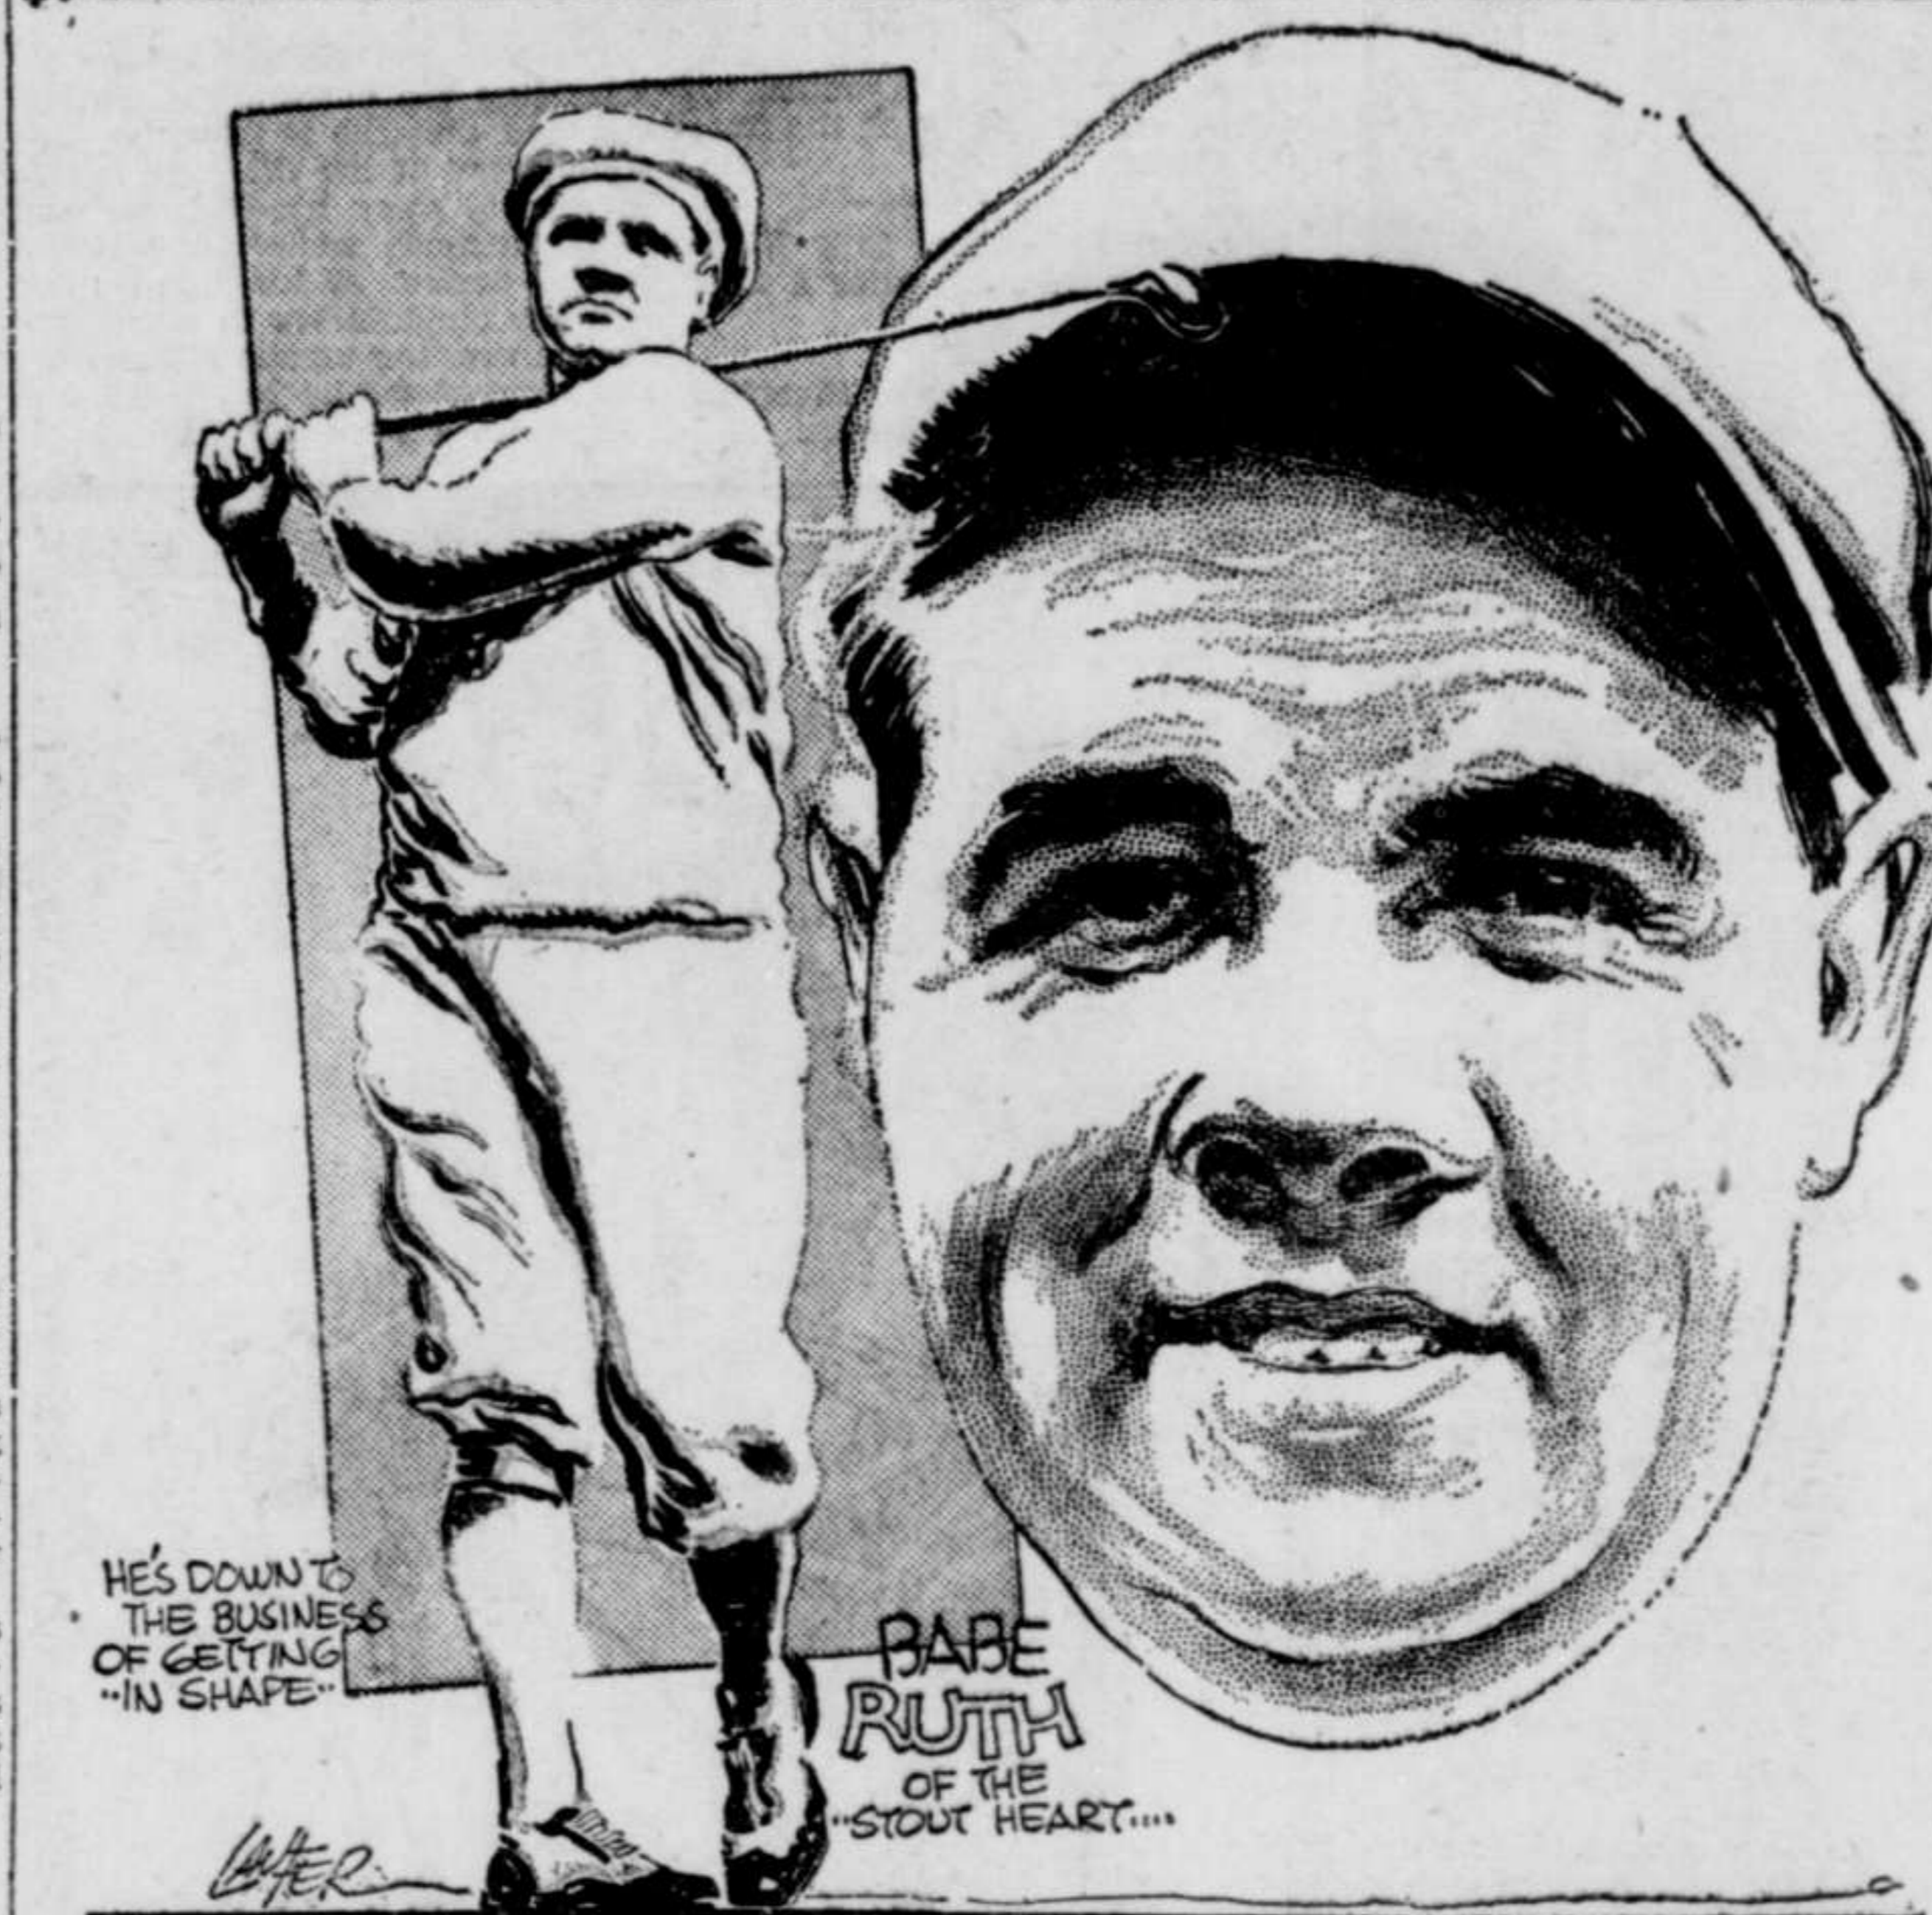

Decision to change the third man in the ring followed an earlier statement of Dempsey today that Brassil and no other would handle the fight.

FROGS NOSE OUT OWLS
FORT WORTH, Feb. 19. (AP)—A hustling Texas Christian university quilter added another conference victory to their 1929 collection by nosing out Rice Institute here tonight, 27-26, in a great game.

PLAY DESPITE AILMENT

When Marion Broadstone, tackle at Nebraska this year, quit school to have an operation performed in February, it was learned he had played the entire football season with an internal illness.

Getting Ready To Carry On As King Of Swat

No man in sports has made more successful comebacks after being downed by Dame Fortune than George Herman Ruth.

The Babe is in Florida now, trying to forget the recent tragedy in his life and getting ready to carry on as baseball's home run king. The big Bambino is exploring the sand traps of the Jungle Club, at St. Petersburg, playing as high as 30

holes of golf daily. When the New York Yankees assemble at their training base, they will find him many steps ahead in the conditioning grind for the baseball campaign.

Babe doesn't know the word quit. Since his career he has been sent back by misfortunes from which a man with less stout heart never would have rallied.

Ruth is intensely human. Suspensions and slumps, due to his own boyish carelessness, have cost him much remorse. But after each slip he rallied to the high position he holds in our national game.

Just the other day he celebrated his thirty-fifth birthday. There has been talk of the Babe being on the verge of baseball retrogression. But fandom will be with him until the day they cut the uniform off his back.

Texas Relays Are Set For March 29

Cinder Stars From All Sections Of Country To Participate In Meet; Knute Rockne To Referee

AUSTIN, Feb. 19. (AP)—First indications of the strength of mid-western track squads on outdoor cinder paths will be revealed March 29 at the fifth annual Texas university relays here and on the following day when the same athletes match their speed at Southern Methodist university relays at Dallas. The latter event replaces one sponsored in recent years by Rice Institute of Houston.

Coach Clyde Littlefield of Texas, whose team last year outscored the field, already has received information that squads from Indiana,

Turkey Day Plan Only Experiment

FORT WORTH, Feb. 19.—The announcement that the football game between Texas Christian university and Southern Methodist university next year will be played on the Saturday following Thanksgiving instead of on Thursday, as has been the case in the past, has caused a great deal of comment on the purple campus.

The plan has met with approval from many students and faculty members. It is understood, however, that the plan is merely an experiment. If it results do not justify a continuance of the practice, it will be dropped.

MADE GOAL FOR OTHER TEAM
Forward Burkes of the Louisiana State basketball team made a goal that counted two points for his opponents in a game with Mississippi A. and M. recently.

Lubbock High School Basketeers Wallop Canyon Cagers, 31 to 15, As Four Make Final Appearance

Monroe Player Is Proven Ineligible

Class B Champs Thrown Out; Canyon And Acuff Meet In Tiltar Contest Tonight; Frosh Play

Following an investigation which proved a member of the Monroe basketball team to be ineligible, county athletic officials have ruled the winners of the Lubbock county class B tournament out of the running and called for a play-off between the runner-up, Canyon and Acuff, tonight at the Tech gymnasium.

The Acuff basketeers last week carried off honors at the Petersburg invitation meet, winning their final game, 19 to 16, from Petersburg. Canyon was runner-up in this meet.

Petersburg recently won the championship of Hale county, nosing out Plainview in the finals. The Petersburg quintet will represent Hale county in the district meet here Friday and Saturday.

Following the class B contest tonight, the Petersburg aggregation will meet the Tech freshmen in an exhibition game.

Castleberry, Dowell, Powers And Tannery Play Last Games Under Westerner Colors

(Special to The Avalanche)
CANTON, Feb. 19.—Lubbock high school's basketball team came back with vengeance tonight to wallop the Canyon Eagles, 31 to 15, in the last game of the series, evening up the season's record between the two teams.

Coach Morgan's basketeers got their scoring machinery oiled to perfection in their last game of the season, outclassing the Eagles in every department of game with their superior passing attack. The Westerners were leading 15 to 9 at the half and continued their assault throughout the remainder of the contest.

Capt. H. A. Castleberry led the visitors in scoring with 13 points to his credit while Powers came next with 8.

Four members of the Lubbock starting lineup were playing their last game for the gold and black. These were: Powers, forward; Castleberry, center; Dowell and Tannery, guards. Holmes was the other starting forward.

Leslie Nunamaker, former major league catcher, now sells automobiles in Cleveland.

War Involving Chicago Promoters Of Fight Racket Is Seen As Rivals Prepare To Stage Opposition Fights

Harmon And Mullen To Engage In Showdown When Outstanding Attractions Are Staged March 12, 13

BY CHARLES W. DUNKLEY Associated Press Staff Writer
CHICAGO, Feb. 19. (AP)—The first blast in what is expected to be a war involving Chicago boxing promoters—Paddy Harmon, builder of the new \$7,000,000 Chicago Stadium and Jim Mullen, recognized as a leader in the sport—was fired today. Harmon and Mullen will engage in a showdown when each will stage outstanding attractions on successive nights, March 12 and 13. This situation was precipitated today when the Illinois State Athletic Commission, after previously granting Promoter Mullen a date for March 12, issued a permit to Harmon today allowing him to open his new West Side arena the next night. Harmon has matched Tommy Loughran, world's light heavyweight champion, and Mickey Walker, middleweight titleholder. Harmon expects this match to draw \$350,000, a record for indoor matches in America. The arena, now being rushed to completion, will seat 25,000.

Heehey To Fight
On the preceding night, Promoter Mullen will stage a battle in the coliseum between Tom Heehey, the

New Zealand heavyweight, and Otto Von Porate, elongated Norwegian.

The state athletic commission, which heretofore had refused to sanction a Loughran-Walker bout, because Walker was under a ban for not defending his middleweight crown, today agreed to the match, contingent on certain stipulations. Walker will be required to post a forfeit of \$25,000 with a Chicago bank guaranteeing to go through with a title match with Ace Hudkins in Las Vegas, Nevada, July 4, and also to present certified evidence as to the genuineness of the Las Vegas match.

Paul Frenn, chairman of the Illinois State Athletic commission and president of the National Boxing association, said that if Walker failed to go through with the Hudkins match he would lose the \$25,000 forfeit, and also surrender his title.

BEARS WHIFF SOONERS

NORMAN, Okla., Feb. 19. (AP)—The Sooners were defeated here tonight by the Missouri Valley champions, Washington university of St. Louis, in the second game that the Oklahoma five has lost since late in the 1927 season. The score was 28 to 18. The Bears beat the Sooners 29 to 24 in St. Louis recently.

Job Is To Pitch 154 Days A Year To Cubs' Batters

By NEA Service.

CHICAGO, Feb. 19. — In batting practice, major league clubs, as a rule, use pitchers not likely to pitch soon in a regular game but the Chicago Cubs don't. They use Henry Gramp Jr., 154 days a year on that job.

Ever hear of Henry Gramp Jr.? Well, he's been with the Cubs for three seasons and his name has yet to appear in a box score.

Gramp, however, is considered a valuable member of the Cubs and will have his job as long as he is able to hold it.

This young man, who in winter works as a steamfitter in Brooklyn, has unusual talent for impersonation. Each day before he goes out to pitch to the batters in practice he is told who will work against the Cubs that day. Then Henry goes out there and throws them in the style of the opposing pitcher.

Gramp is a right-hander and works only half the time when the opposing pitcher will be a southpaw. Strange to say, he is content with this work. He doesn't think his ability is being side-tracked. His smile never leaves him. Because he knows every day what he has to do—and he knows he can do it well!

Realm Of

(Continued From Page 4)

S. M. U., Rice and T. C. U. owe the Razorback contests, but have refused to go to Fayetteville for 1929 games. Undoubtedly from the financial standpoint, the little Ozark city is an undesirable spot to stage a conference game, but as members of the Conference, the Hogs have the right to demand that other teams live up to the conference agreement.

It has been pointed out since Schmidt resigned from the position as head of athletics at Arkansas, that only his perseverance and personality has kept the Porkers in the conference. It has been a continual battle for him to get Southwestern Conference teams to go to Fayetteville for games. This is one of the main reasons he was willing to leave Arkansas. After voting that a member of the conference must play four conference games before it is eligible for competition in the championship, the conference members now refuse to repay the visits of the Porkers and thereby make it impossible for them to stay in. Last season their game with L. S. U. was counted as a conference game, but it will not be allowed next season.

Coach Victor Payne will leave today with his Matador cagers for the final basketball series of the season with the Buffaloes of the West Texas State Teachers College at Canyon. Cheered by four wins in the last four starts, the crimson basketballers are facing the formidable Burton aggregation with a keen determination to wipe out the two defeats suffered at the hands of the Herd in the series played here. By winning both games from the powerful T. I. A. A. quintet, the locals can run their string of victories for the season to fourteen as compared to six defeats. Losing both to Canyon will give them 12 wins out of twenty games, which would not be half bad considering the scant material with which Payne started the season. Some of the strongest basketball teams in the state were included on the Matadors' schedule. Simmons, Canyon and A. C. C. have teams that are capable of giving the strongest in the state a stiff contest. Simmons has won the Texas Conference title with little trouble.

RABBITS TRIUMPH

Ralls Cagers Wallop Five From Robertson

(Special To The Avalanche) RALLS, Feb. 19.—Coach Froggie Lovorn sent his second stringers against Robertson here tonight, winning handily over the visiting cagers 42 to 20. The Robertson quintet was no match for the Rabbits.

Richardson and Payne led the locals in scoring with 13 points each. Brown was next in line with 11.

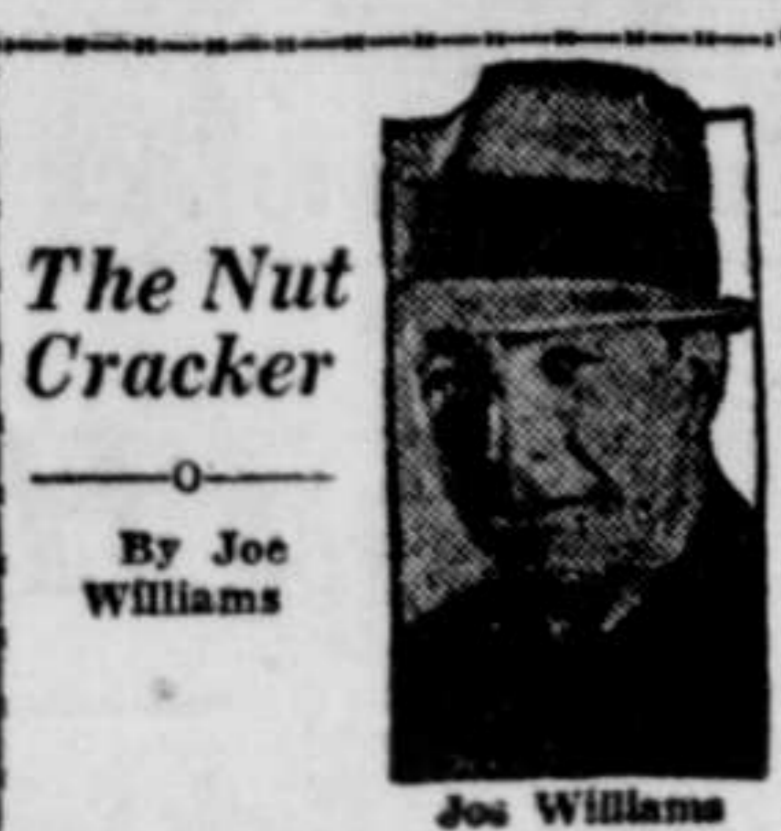

Hopes for a district championship have dwindled decidedly here within the last week because of the illness of six members of the Jackrabbit squad who were important cogs in the Jackrabbit machine. Coach Lovorn is working his reserves at a fast clip in an effort to rebuild a team to enter the meet at Lubbock Friday and Saturday.

STEERS VICTORS

Longhorns Trample Baylor Bears, 57 to 23

AUSTIN, Feb. 19. (AP)—Counting 24 points, Capt. Holly Brock of Texas university led the Longhorn basketballers to a 57-23 triumph over the Baylor Bears here tonight in a contest marked by an excessive number of fouls. Two Eilers and one Bruin athlete were banished from the game.

While the Texas leader was sinking shots from all sections of the court, Baylor marksmen had difficulty in finding their range and the team which earlier in the season had held the Orange five to a 23-19 victory was unable to match the scoring pace set by Coach Fred Water's quintet.

The Nut Cracker

By Joe Williams

Of all the news Not worth a line The least is this, "Two Red Sox Sign."

Well, we all can't go south with the teams, but we can be thankful that training games beautiful scenery, shirt sleeves and all that are not broadcast.

Two varsity ends, Roy McMun and "d Paule, will be graduated from Washington and Jefferson in June after three years of college work. It is high time the alumni did something to make the course a little harder.

Gus Sonnenberg, the new wrestling champ, says he isn't going to meet Lewis again until he has made some money out of the title. The young man seems to know how to use his head in more ways than one.

Nurmi, the phantom Finn, finally was beaten the other night in a

mile race. But the old boy certainly did keep the ghost-chasers pretty busy for years and years.

Johnny Dundee won a bout in New York the other night. Dundee is a well known early American character, having come to these shores with Christopher Columbus in 1492.

MADISON SQUARE GARDEN, NEW YORK, Feb. 19. (AP)—Percy Williams, the Olympic sprint champion, suffered the first defeat of his flying career tonight when he bowed to the speed of Jack Elder, Notre Dame football star, in the 60 yard dash featuring the New York Athletic club games. Elder beat the Canadian ace by a half yard in 6.2-3 seconds, one fifth second short of the world's record.

WILL TROUBLE HARVARD Harvard has scheduled Florida in football next fall and the southerners, with their 1928 team returning practically intact, hope to defeat the easterners when they play.

WELZER IS WITH LOUISVILLE Tony Welzer, pitcher with the Boston Red Sox in 1928 and 1927, will be with Louisville in the American Association this summer.

You don't have to cream Snowdrift

It's a lot easier to make a cake on the spur of the moment than it used to be before you had Snowdrift.

For Snowdrift is all creamed ready to blend, and it stays that way. You don't have to set it out of the ice box to soften—it takes up the sugar just the way it is. Just put Snowdrift and sugar in the bowl together—twirl your spoon around a few times, and you're ready to stir in the other ingredients.

Creamy Snowdrift is unusually easy to measure too. And it's now packed in an attractive new

NEW

blue and white can that is as easy to spoon out of as your own mixing bowl.

Cake—and indeed whatever you bake is more delicious with Snowdrift.

It's nice for frying too, because it's so slow to smoke or scorch, and because food fried in Snowdrift is always wholesome.

Your grocer has Snowdrift now in two new large sizes, three pound and six pound.

Fuel system of the new Ford has been designed for reliability and long service

THE practical value of Ford simplicity of design is especially apparent in the fuel system.

The gasoline tank is built integral with the cowl and is unusually sturdy because it is made of heavy sheet steel, tene plated to prevent rust or corrosion. An additional factor of strength is the fact that it is composed of only two pieces, instead of three or four, and is electrically welded—not soldered.

Because of the location of the tank, the entire flow of gasoline is an even, natural flow—following the natural law of gravity. This is the simplest and most direct way of supplying gasoline to the carburetor without variations in pressure. The gasoline feed pipe of the new Ford is only 18 inches long and is easily accessible all the way.

The gasoline passes from the tank to the carburetor through a filter or sediment bulb mounted on the steel dash which separates the gasoline tank from the engine.

The carburetor is specially designed and has been built to deliver many thousands of miles

of good service. Since all adjustments are fixed except the needle valve and idler, there is practically nothing to get out of order.

The choke rod on the dash acts as a primer and also as a regulator of your gasoline mixture. The new hot-spot manifold insures complete vaporization of the gasoline before it enters the combustion chamber of the engine.

As a matter of fact, the fuel system of the new Ford is so simple in design and so carefully made that it requires very little service attention.

The filter or sediment bulb should be cleaned at regular intervals and the carburetor screen removed and washed in gasoline. Occasionally the drain plug at the bottom of the carburetor should be removed and the carburetor drained for a few seconds.

Have your Ford dealer look after these little details for you when you have the car oiled and greased. A periodic checking-up costs little, but it has a great deal to do with long life and continuously good performance.

JAMMED FULL of START and PULL

The shortest road to motoring satisfaction is the road that leads to the Conoco Pump.

Careful selection of crude petroleum to which the latest manufacturing methods are applied explains Conoco's leadership—in quality and results.

NOTICE—It is not the intention of The Avalanche to cast reflection upon the character of anyone knowing, and through error we should, the management will appreciate having our attention called to same, and will gladly correct any erroneous statement made.

The Avalanche is an independent Democratic newspaper, supporting in its editorial columns the principles which it believes to be right and opposing those which it believes to be wrong.

SCRIPTURE—For God giveth to a man that is good in his sight wisdom, and knowledge and joy; but to the sinner he giveth travail, to gather and to heap up, that he may give him to him that is good before God.

JUDGE'S ROBE SHOULD BE KEPT UNSPOTTED

It is a difficult matter to nuptiate a wholesome respect for law when the finger of suspicion is pointed to those who administer it. Especially is that true with respect to the judge on the bench.

At any rate, orthodox protectionists balked at it, declaring it "uneconomic." Among others, Herbert Hoover said so emphatically. He and his platform promised farm relief but minus the McNary-Haugen stinger—the extraction of which Senator McNary agreed to, but never, so far as I ever hear, Representative Haugen.

With commendable dispatch the American Association dropped his name from its roster. This organization did not wait for an investigation to develop the circumstances surrounding the incident.

It is a source of gratification and exceeding pride to members of the legal fraternity that so few judges have had the shadow of suspicion thrown on them. And when one does offend against the proprieties and ethics which they jealously guard, the members owe it to themselves to take prompt action to have the offender removed from the high station he unworthily holds.

HAS DEMOCRACY BROKEN DOWN?

The prevailing criticism of municipal politics in the United States is impressively summed up by Will Durant in his article in the January Forum bearing the ominous title, "Has Democracy Broken Down?"

Mr. Durant does not answer his own question with an unequivocal affirmative, holding rather, that the issue is not the abandoning of democracy but the healing and preserving of it.

The remedy which Mr. Durant would apply to what he considers the waning efficiency of democracy is that of having every city require, either by custom or by law, that only citizens who have been specifically trained in the art and science of public administration be eligible for important public office.

Of the eight American mayors who replied to Mr. Durant in this same issue of the Forum, most believed that he considerably overstated the case and exposed only those faults of government which are likely to manifest themselves in varying degrees in any human system.

"Will Durant's indictment of our American democracy is correct. The dangers he points out are real. Since colonial days this country has undergone a dangerous economic revolution. Now nothing short of an orderly political revolution will save us."

An orderly political revolution, suggests the mayor of Milwaukee, a political revolution which will rid American municipal government of the irresponsible "machine" and place city government in the hands of expert city administrators.

During the last fifteen years the number of cities and towns in the United States which have adopted the city manager plan has grown from eight to nearly 400. The effect of the city manager plan has been to concentrate the responsibility and control of city administration in the hands of one executive, namely, the city manager, who is accountable directly to a commission usually of ten members, or less elected by the people.

Contrary to Mr. Durant's implication that democracy is breaking down, the city manager plan is itself serving to strengthen democracy. I am placing trained administrators in authority and eliminating corrupt politics which is no less than an orderly political revolution.

On the Firing Line at the Nation's Capital

FARMERS CLAMOR FOR INDIRECT BY CHARLES F. STEWART Washington Correspondent For Central Press And The Avalanche

ASHINGTON, Feb. 19.—"Indirect protection" is the latest wrinkle in tariff-making. There are some things we do not—can not—produce in America.

For instance, bananas are too tropical for our climate. Does it follow that we may as well let them in free?—inasmuch as they can not possibly compete with our domestic bananas—because we have none.

By no means. Our apple growers want a hum-dinger of an import tax slapped on bananas in order to make them prohibitively expensive.

The theory is that no bananas will drive us to eat more apples. The field of this principle's application is almost limitless.

We bring hardly anything into the country for which our own producers could not conjure up some substitute. We may not like the substitute as well as we liked the original article—but look what it will do for home industry!

The idea is what promises to be the basis of our new tariff for agricultural relief.

Our protectionist folk have insisted all along that the thing our farmers need is a good, high tariff wall to keep foreign crops from coming into the United States and underselling our local crops.

The farmers felt for this a long time. Finally they began to see the flaw in the argument.

Generally speaking, America does not import farm products. Our farmers raise right here at home more than this country ever has been able to consume and have to export the balance. Protection is no help to the exporter—on the contrary—it handicaps him.

That is to say, it handicaps a large exporter. It may not be true of an industry which sells the vast bulk of its output in home markets and only dumps a small surplus abroad to avoid the expense of an occasional shutdown.

It certainly has been true of America's farmers. As soon as this great light had dawned on our agricultural lawmakers they set to work and evolved the original McNary-Haugen bill. Without entering into a big volume of explanations, suffice it to say that the bill's purpose was to put the protection principle in reverse, in the hope of benefiting our farmer-exporters.

How it would have worked, heaven knows. At any rate, orthodox protectionists balked at it, declaring it "uneconomic." Among others, Herbert Hoover said so emphatically. He and his platform promised farm relief but minus the McNary-Haugen stinger—the extraction of which Senator McNary agreed to, but never, so far as I ever hear, Representative Haugen.

However the G. O. P. did pledge the farmers all the extra old-fashioned protection they wanted—including the extracted stinger.

I admit I wondered how the farmers were going to get any nourishment out of this compact—with the stinger eliminated. I can see now, after watching the house of representatives ways and means committee at work on the new tariff bill.

The farmers mean to do it through indirect protection. They intend to expand the apple-banana idea on into infinity. With the kindest feelings in the world toward agriculture, I begin to feel sick of apples already.

Your Health

BOOKS GIVE NEW FACTS TO HELP HEALTHY LIFE

EDITOR'S NOTE—The fifth article of Dr. Fishbein's interesting series of seven articles on "The Human Body and Its Care" is presented here. The series, in pamphlet form, can be obtained from the American Library Association, 86 East Randolph street, Chicago

BY DR. MORRIS FISHBEIN

Editor Journal of the American Medical Association and of Hygeia, the Health Magazine

The consideration that has been given to the human body has taken but little account of some of the newer discoveries in the field of medicine. The ultra-violet rays, sunlight, cod liver oil, the vitamins, the calories and similar words have become known to all of us because of the tremendous publicity given to them in recent discussions on health subjects.

One tempted to insert at this point the ancient proverb "Be not the first by whom the new is tried." The progress of science is rapid and it is almost impossible for anyone to keep abreast of all its innovations. The safe path is to be assured that new methods are necessary.

New techniques for prolonging life should have been thoroughly tested in the laboratories and practices of the experienced before any attempt is made to utilize them in the routine of daily life.

To Books For Health Facts The books to be mentioned in this reading course are merely the beginning of a new literature on health. They have been selected to elaborate the points made in this preliminary discussion and to afford and reader safe and stimulating guides to the care of the human body.

The progress of preventive medicine and of personal hygiene is so rapid, however, that the reader can hardly keep abreast by the reading of books alone. For this reason the American Medical Association issues a monthly periodical called Hygeia which includes not only original contributions by various authorities in the health field, but also editorial discussions of health problems, reviews of new books on health and a department of "Questions and Answers" in which the problems of readers are given special attention.

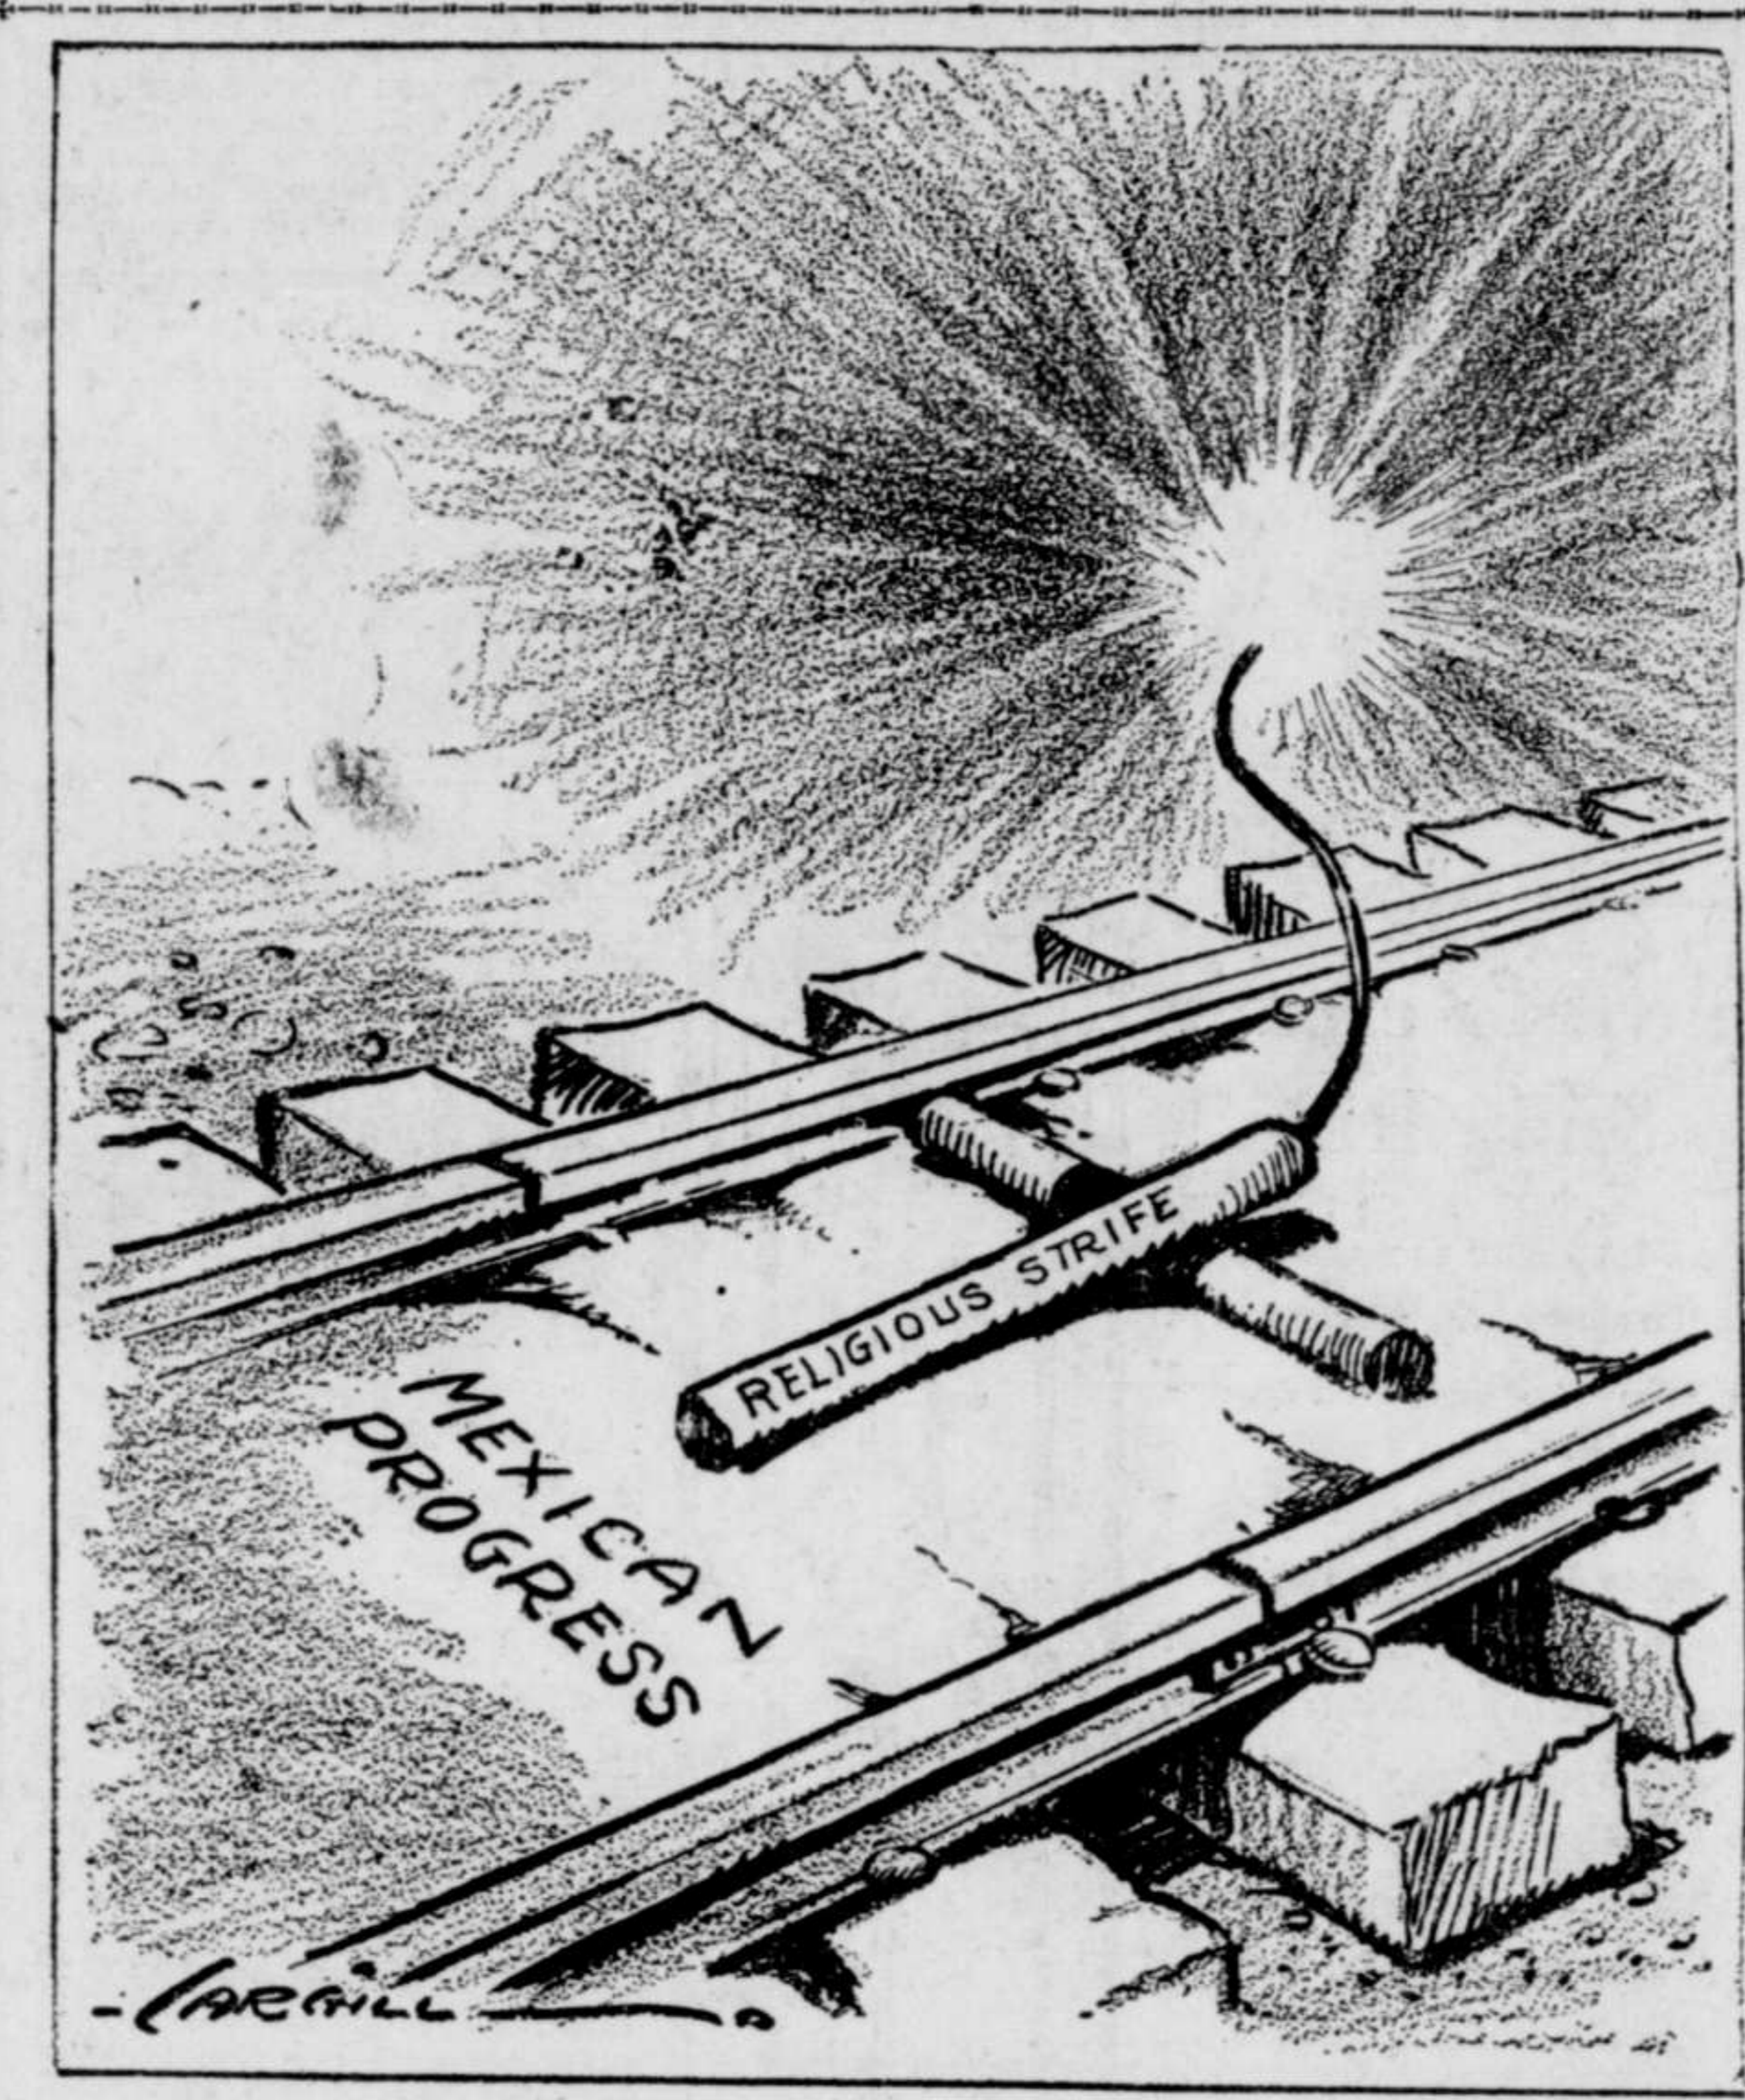

It has been argued that physicians and scientists are not capable of writing about health and hygiene in terms that people can understand and that it is going to be necessary for fiction writers and essayists to learn enough about these scientific subjects to enable them to interpret satisfactorily to the public the commoner facts about health.

All the books to be recommended have been written by physicians or scientists who have developed a literary technique which makes it possible for them to write in language that anyone can understand.

The dramatization of medicine and of science constitutes another field, including the great biographies and autobiographies of medical men, the picturesque works of DeKruif, the story of Panama and the medical corps in the great wars. The individual man may, through a study of the care of his own body, learn much of the way in which science protects man in the mass against the deadly plagues that have devastated humanity in the past.

TOMORROW—New books on Health. In passing the cruiser bill the United States says to its foreign neighbors: "This is a friendly nation all right, but we have a chip on our shoulder and we dare anybody to knock it off."

Dynamite!

SO THINK WE

The Way Of The World

BY GROVE PATTERSON

WASHINGTON Soon we shall be officially observing the birthday anniversary of George Washington. The lesson of Washington, outstanding above all others, is the story of a man who had everything to lose and little to gain and yet courageously walked to the sacrifice.

We think the Texas Technological college did not get everything she asked for in the way of appropriations, but the legislature we are sure gave her everything that was able to give. We are thankful for the favors and larger ones in proportion. The Texas Technological college with its 2025 students is a mighty big thing, and is growing all the time. It is a pretty hard matter for the Board of Control to keep her in clothes that are big enough.

We think it is pretty hard for many of the people of Texas to understand just how it is that Lubbock keeps her place away up in the front ranks of the building permits of Texas. Those who know Lubbock, and the conditions in this section are not surprised at it. They know it is just Lubbock's way of doing things. They know that Lubbock is located right. There is a rich fertile agricultural country around her. They know that some day this is going to be the greatest producing section of the State. They know that the Texas Technological college is going to continue to grow, and become more important all the time.

Most of us, if we are very honest with ourselves, must admit that the larger part of our interests are local, personal, of little importance save to ourselves—and of even less importance to ourselves than we think. Nobody can ever BE BIG who doesn't THINK BIG.

TO GROW

To grow we must break down horizons, face immeasurable distances, think of the universe, as nearly as we can, at full length.

KEEPING PEOPLE WAITING

Don't let it worry you or hurt your conscience to keep people waiting, if you are sure you are doing something more important than you would be if you were listening or talking to them. When we come to regard our time and our duties as having real value, we will be less wasteful of ten minutes here and ten minutes there. One can be pretty sure that half the people who knock at his office door are neither going to bring in nor take away anything of great value. And that's a highly conservative estimate.

Today's Poem

BEDTIME 'Tis bedtime; say your hymn, and God bless Mamma, Papa, and dear ones all. Your half-shut eyes beneath your eyelids fall. Another minute, you will shut them quite. Yes, I will carry you, put out the light. And tuck you up, although you are so tall! What will you give me, sleepy one, and call? My wages, if I settle you all right? I laid her golden curls upon my arm. I drew her little feet within my hand. Her rosy palms were joined in trustful bliss. Her heart next mine beat gently, soft and warm. She nestled to me, and, by Love's command, Paid me my precious wages — "Baby's Kiss."

HOWARD CARS TOTAL 4570

February 19.—The issuance of automobile tags for Howard county is practically over according to tax collector Tamsitt. 4570 automobiles having been registered and 643 trucks.

THIS DATE IN AMERICAN HISTORY

FEBRUARY 20 1673—Indians attacked Medfield, Mass., and virtually razed the settlement. 1862—President Lincoln's youngest son, "Tad," died. 1862—New York executed a man convicted of slave trading. 1877—Territorial government granted the District of Columbia. 1885—Washington Monument dedicated. 1891—Funeral of Gen. W. T. Sherman held in St. Louis.

Your Income Tax

No. 14

In making out their income-tax returns for the year 1928 taxpayers are advised by the Bureau of Internal Revenue carefully to present their claims with regard to deductions for losses. To be allowed such claims must conform closely to the wording of the statute. Losses are deductible if incurred in a taxpayer's trade or business, and any transaction entered into for profit, though not connected with the taxpayer's trade or business, or if arising from fires, storms, shipwrecks, or other casualty, or by theft and if not compensated for by insurance or otherwise.

Hale Farm Bureau To Meet Saturday

An all-day meeting of the Hale County Farm Bureau association will be held at Abernathy next Saturday, February 23, it was learned here Tuesday. A letter, written by L. T. Mayhugh, president of the Hale county organization, and signed by F. W. Day and Mrs. J. T. Carlisle, directors, is being sent out to all members.

The day's program will open with a free movie of the farm picture "Romance of Sleepy Valley." Following the show, lunch will be spread for all those present.

Following the lunch, a program will be held in the high school auditorium featured by the report of the delegates from the state convention and a talk by Dr. Ellsworth professor of economics in Texas Tech, on "Farm Management and Co-operation."

Terracing Starts In Howard County

(Special To The Avalanche) BIG SPRING, Feb. 19.—County Agent Bush conducted his first terrace demonstration in Howard county in the Richland community on February 18, at the Sid Oliver farm 14 miles north of Big Spring. Thorough instruction on the use of the level, running the lines and spacing the terrace was given. Similar demonstrations will be put on in different parts of the county, said Mr. Bush who pointed out that terracing holds the moisture on the land, keeps the soil from washing and is inexpensive. He urged the preservation of soil fertility as an obligation each farmer in Howard county owes to himself and to his community. Bush will also hold in the future a number of culling and pruning demonstrations in different parts of the county. Bush began his activities as county agent of this county on January 1.

SHE WAS IN FEAR OF AN OPERATION STATES MRS. FORD

"I just feel like going from house to house and telling the people about this wonderful new Sargon treatment."

MRS. AMANDA FORD

"For fifteen years I suffered with a complication of troubles. I had gradually lost weight until I was just a shadow of my former self, and was so weak I could hardly walk a block. I was told an operation was my only hope and even that might fail. My digestion was so bad that even toast would sometimes disagree with me. I was constipated and bilious, and suffered almost continually with sick headaches and dizzy spells.

"I tried all kinds of medicines and treatments, without benefit. I will always bless the day I heard of Sargon and began taking this wonderful medicine. From the very beginning I felt better. Now I eat everything I want, and my strength and energy have come back to me. I have gained seven pounds. Sargon and Sargon Soft Mass Pills have made me a well woman after fifteen years of miserable suffering, and I never have an ache or a pain of any kind now. I will never be without them."

The above statement was recently made by Mrs. Amanda Ford, a well known and highly esteemed resident of 816 Cherry Street, Fort Worth.

Sargon may be obtained in Lubbock at the City Drug Stores and in Slaton at the City Drug. Adv.

Stock Market Is Listless Tuesday As Sales Fall Off

Call Money Falls Back To 6 Per Cent; Reduction of Wall Street Seen Following Visit of Governor

By CLAUDE A. JAGGER. Associated Press Financial Writer. NEW YORK, Feb. 19. (AP)—The stock market was a quiet and listless affair today, reminiscent of last summer. Prices displayed some buoyancy, but traders hastened to take profits on advances, and a wide sprinkling of issues closed lower.

Call money fell back to the 6 per cent level, after renewing at 7, and the Canadian dollar fell to the lowest level in recent years, enhancing the prospect of further gold takings in the future. But brokers were disinclined to take liberties with credit. Governor Roy A. Young of the Federal Reserve Board called on officials of the New York institution, and while his visit was described as merely an amiable fraternal nature, Wall Street was inclined to connect it with the system's policy of reducing the amount on credit available for speculation.

Total sales fell off to 3,205,150 shares, the smallest day's business for a full season since Dec. 14. While a 3,000,000 share day was a sensation two years ago, it looks small now that 5,000,000 share days have become commonplace, and preparations are being made to handle 7,000,000 share days. Traders now are looking to 3,000,000 share days to save the market from further sharp declines, pending readjustment of the credit structure. Brokers are inclined to believe the credit requirements of the market can be met without strain if trading is curtailed.

The day's news included a \$2-a-ton increase in lead prices, and reports that higher zinc prices are imminent. The Kansas City Southern, first railway to report net operating income for January, showed a large increase over January, 1928. Motor Wheel Corp., and United Verde Extension Mining published excellent earnings statements for 1928, while Penn-Dixie Cement reported decreased profits. The commodity markets were quiet, and price movements narrow. Wheat was firmer for a time, but closed practically unchanged, as did cotton and corn.

Foreign exchanges sagged, the Danzig dollar dropping to 96.46-2-8 cents, and the Japanese yen touched a new low for the year just above 45 cents. Sterling eased slightly.

Daily Markets

LUBBOCK LIVESTOCK

The following report furnished by McDonald Packing Co., Lubbock, Texas, February 19, 1929:

Calves: choice white face 9.50 to 10.00; good medium 8.00 to 9.50; common and dogies 5.00 to 7.00. Yearlings and heavy heifers: choice 8.50 to 9.50; good medium 7.00 to 8.25; common 5.00 to 7.00. MID-WESTERN LIVESTOCK

KANSAS CITY, Feb. 19. (AP)—(U. S. D. A.)—A further curtailment of the supply prompted a general price decline on most killing classes of cattle; aggregate receipts around the 11-market circuit were estimated at 26,400 a decrease of 6,500 from last Tuesday and a shortage of 19,500 from the same day a year ago. Fat steers, yearlings, and fed heifers ruled strong to 25c higher with spots up more. The major portion of last week's decline has been recovered. Shippers however should be careful not to flood the market with short fed steers as packers would quickly erase this upturn, if the opportunity presented itself. Demand at eastern dressed beef markets continued slow. Feeders this week have shared in the advance on slaughter steers, while firm prices have been maintained on stockers. Comparatively light receipts and a broad shipping demand were the factors enforcing strong to 25c higher prices on hogs. Total offerings were around 92,000 as compared with 115,779 a week ago and 178,919 the same day last year. The day's extreme top of \$10.75 was realized in St. Louis.

Fat lambs continued to find a slow outlet at steady to 25c lower values and at some points slight concessions were made on aged stock.

Cotton Slumps On Advance Holiday Buying In Orleans

NEW ORLEANS, Feb. 19. (AP)—Liquidation of the March position and evening up in advance of the holiday Friday made up the bulk of trading in the cotton market today, although there was some buying on prospects for unfavorable weather in the belt. March contracts after gaining 1 point at the start declined to 19.27 and closed at 19.30, or 4 points net lower. The general market closed steady net 4 points down to 3 up.

The market opened steady at net gains of 1 to 2 points in response to favorable Liverpool cables. A further slight advance after the start renewed liquidation of the March position and although some buying developed on the subsequent decline due to the unfavorable weather in the belt and prospects for continuance of such conditions it was not sufficient to absorb offerings which eventually carried May to 19.45, and July 19.46, or 5 points under the high and 3 points below yesterday's close.

March which had sold up to 20.02 at the start, reacted to 19.95. The new October contract eased off from 19.58 to 19.53, making net declines of about 2 to 4 points.

Near month offerings were absorbed by continued buying against later deliveries. The decline seemed to bring in a little covering and the market steadied up somewhat in late trading. Closing prices were within a point or two either way of yesterday's final quotations.

At the close March was 6 points under May, compared with 7 points at yesterday's close. Advices from Manchester reported improved demand for cotton cloths from India. Many of them were said to be at unworkable prices. Private cables from Liverpool said that local and continental liquidation in that market had been absorbed by trade buying, but houses with Liverpool connections were reported moderate sellers of new crop months here during the early trading.

Exports today, 25,750 bales making 6,980,742 this season against 5,096,824 last year. Port receipts today, 23,898. U. S. port stocks 2,063,974.

Cows And Steers Light In Texas

FORT WORTH, Feb. 19. (AP)—With a reasonable offering of cattle on the livestock yards here today, values held about steady on all classes with a fair demand, except on steers and about one load of cows, quality was generally lacking. Mixed loads and yearlings made up the bulk of the receipts. A good portion of the steers consisted of the common kind that sold at 8.90 to 9.75, or fully steady with one load of good heavy cattle at 11.50.

Very few cows offered today, but canners and cutters as well as butcher and beef cows sold in line with yesterday's quotations. One car of beef cows sold at 8.35 while other fair kind of cows sold in the 7.00 notch. Canners and cutters sold readily at 5.00 to 6.00.

Very few stock cattle offered. Some stocker steers, coming 2 year olds and of good quality sold at 11.50 and a few light weight good quality steer calves sold at 12.00. With a very light offering of sheep on hand values were steady with a few woolled fat wethers at 10.50 and woolled feeder lambs at 14.00.

Just bring your car to us when she gets out of order. We will put it in good shape and the charge will be reasonable. We guarantee all work.

Paved Highway Is Planned To Mexico

PRESIDIO, Feb. 19. (AP)—The State of Chihuahua, Mexico, with 133,507 square miles of territory and a population of about a half a million persons, issues approximately 5,000 automobile licenses annually according to Ignacio Batiza, Mexican consul here.

The national government has proposed a tax of one centavo per litre of gasoline. Part of the money thus derived would be given various states for highway improvement.

Paving of a road from Juarez, opposite El Paso, to Chihuahua City is expected to be started early in April. When this is completed Santa Batiza said another highway to the American border would be built, connecting Chihuahua and Ojinaga opposite Presidio. The distance for the latter part would be 165 miles.

Mrs. Will Bond of Carlisle was in Lubbock Tuesday visiting her son, Craig Bond, who is ill at the Lubbock sanitarium.

Slaton Items

By MRS. L. C. ODOM
Slaton, Phone 25-J

Miss Lucile Davis of Nevada, who has been visiting her aunt, Mrs. T. A. Kirby on West Lubbock street the past month returned to her home Friday.

Mr. and Mrs. Jim Kerr left Friday for their former home at Corsicana. Mr. Kerr has been in the offices of the cotton oil mill here several months.

Mrs. Louise Rhodes returned home Friday from Wellington, where she went in response to a message that a little granddaughter was seriously ill.

Mr. and Mrs. Mack Lucas left the latter part of last week for Austin, and Dr. Shanks will visit friends and relatives at Lockhart.

Mr. and Mrs. Fred Tudor spent the week end in Tulla visiting relatives.

C. G. Hoffman and Dr. G. W. Shanks left the latter part of last week. C. C. will visit his brother, Howard, who is in the University at Austin, and Dr. Shanks will visit friends and relatives at Lockhart.

Mr. Hicks, new manager of the Panhandle Lumber company, left Saturday for College Station to be away several days.

Mr. and Mrs. Mack Lucas left the latter part of the week for Plainview. Mr. Lucas is relieving an operator at the Santa Fe station there. Mr. and Mrs. J. T. Lokey transacted business in Lubbock Saturday afternoon.

Mr. G. W. Wilhite transacted business in Lubbock Saturday afternoon.

Mrs. Red Brown of Southland was shopping in Slaton Saturday afternoon.

Mrs. O. T. Lovelady and children will leave Wednesday night for Fort Worth to visit relatives.

Eugene Smith made a business trip to Meadow Sunday.

Cotton Is Quiet And Irregular On New York Market

NEW YORK, Feb. 19. (AP)—Cotton was quiet again today, with somewhat irregular fluctuations reflecting the continued progress of near month liquidation.

Slight opening advances on relatively steady Liverpool cables were followed by reactions. May sold off from 20.09 to 20.04 and closed at 20.05 compared with 20.06 at yesterday's close. The general market closed steady, net 2 points lower to 2 points higher.

The opening was steady at an advance of 1 to 2 points. Active months sold about 3 to 4 points above yesterday's closing quotations in early trading on some trade buying and covering. There may also have been a little commission house buying on the relatively steady showing of Liverpool cables. This demand was supplied by realizing or liquidation, however, and the market soon turned easier. Prices worked off several points in the middle of the day.

March which had sold up to 20.02 at the start, reacted to 19.95. The new October contract eased off from 19.58 to 19.53, making net declines of about 2 to 4 points.

Near month offerings were absorbed by continued buying against later deliveries. The decline seemed to bring in a little covering and the market steadied up somewhat in late trading. Closing prices were within a point or two either way of yesterday's final quotations.

At the close March was 6 points under May, compared with 7 points at yesterday's close. Advices from Manchester reported improved demand for cotton cloths from India. Many of them were said to be at unworkable prices. Private cables from Liverpool said that local and continental liquidation in that market had been absorbed by trade buying, but houses with Liverpool connections were reported moderate sellers of new crop months here during the early trading.

THE RIGHT WAY TO BANISH FAT

Combat a cause which modern research has discovered. Turn food into fuel and energy rather than into fat. Supply a natural element which your system lacks. That is the method embodied in Marmola's prescription tablets.

People have used Marmola for 20 years—millions of boxes of it. They have told others the results. Now, in almost every circle, you can see the results in new beauty and new vim. Why not learn the way to attain them?

A book in each box of Marmola tells you the formula, also the reasons for results. You will know why the effects come, and why they are beneficial. Go ask your druggist—in fairness to yourself—for a \$1 box of Marmola.

RHEUMATISM

While in France with the American Army I obtained a prescription that thousands of Rheumatic sufferers have used with wonderful results. The prescription cost me nothing and I ask nothing for it. I will mail it if you will send me your address. A postal will bring it. Write today.

PAUL CASE, Dept. A-165, Brocton, Mass.—Adv.

Here Is That New Rare Coffee Flavor People are Changing to

It Comes From The West Coast of Central America

FROM the western mountain slopes of Central America comes a coffee flavor that is captivating the taste of the world. We don't want to tell you how good it is. We want you to try it yourself and see.

In the little spots shown on the map are grown coffees that leading experts the world over concede have the tangiest flavor, the fullest, mellow body of probably any coffee known today.

This coffee was first served in the famous Bohemian restaurants of San Francisco, where it was brought by Folger.

Travelers who discovered it there wrote for shipments. Because this coffee was unobtainable anywhere else. But, today, Folger has brought it to your door packed in vacuum tins.

The Truth About Coffee

There is no mystery about coffee. Nature herself puts the flavor in the coffee berry. Expert blending and roasting merely bring out the flavor that's already there.

70% of the coffee sold today in America (regardless of what is said in advertising) is of one common type, grown in the same general region. That is why you note so little difference when you change from one brand to another.

The marked difference that you will note in the flavor of Folger's Coffee is in the coffee berries themselves. Due to the coffees that are utterly different in type. When you break the vacuum seal of your first can of Folger's you'll instantly be struck by the richer fragrance. When the clear amber coffee is poured in the cup you'll find it has a rare, spicy flavor, pungent and full-bodied. It comes from the "high type" coffees grown on the high western slopes of the mountains of Central America!

The Famous Folger Test

Get a pound of Folger's Coffee from your grocer today. Drink it tomorrow morning. The next morning drink the coffee you have been using. The third morning drink Folger's again. Then decide which you like best. If, for any reason, you do not choose Folger's, your grocer will gladly refund the full purchase price. We will pay him. That's fair, isn't it? You risk nothing—so why not order Folger's now for the test? Folger Coffee Co., Kansas City, Mo.

Two Americans On Way To Aid World Problems Solution

Elihu Root and Hugh Gibson Crossing Atlantic On Missions; U. S. Naval Action Affects Status

BY MELVIN E. COLEMAN
Associated Press Cable Editor
Two eminent Americans, Elihu Root and Hugh S. Gibson, are crossing the Atlantic in opposite directions on missions connected with great world projects. In Paris the second Dawes committee is about to enter upon the vital part of its attempt to solve the German reparations puzzle and is working under the chairmanship of Owen D. Young.

Mr. Gibson, who was United States delegate to the three-power naval disarmament conference held at Geneva in 1927, is en route to Washington from his post as ambassador to Belgium. He will discuss the preparatory general disarmament conference which the league of nations has summoned for April 15.

Naval Problems Influence
Interest in this coming event has, however, been overshadowed recently by unofficial exchanges dealing strictly with naval problems and involving this country, Great Britain and Japan. The navies of these three were set at a ratio of 5-5-3 at Washington in 1921 and are due to remain there unless revised by a reassembled conference in 1931.

But the passage of the American 'J' cruisers bill has been followed by word that Great Britain is preparing to take up the whole naval question on new grounds, having found the 'ship for ship and ton for ton' basis unworkable. Japan is willing to consider early revision of the 1921 pact and Washington said this government would call a conference before 1931 if other powers requested such action.

The Japanese attitude came out in connection with discussion in the budget committee of the diet. The news indicated the financial pinch of the present arrangement was being felt in Tokyo, for the minister of naval affairs told the committee that Japan would like to see the life of warships extended, thus postponing replacement costs. Later it was revealed that Japan would also welcome a reduction in total tonnage of all classes of ships although Japanese naval men would press their previous claim for a ratio of 10-10-7 among the leading fleets of the world.

To Survey Court
Mr. Root is headed for Europe to lend his ability to a survey of the first seven years of the permanent court of international justice which he helped to found. As a result of this survey some think Europe may accept reservations under which the United States is willing to adhere to the court. This country is already represented on the bench of the tribunal by Charles Evans Hughes.

OFFICER FACES TRIAL

Railroad Man Charged With Death of 14-Year-Old

LONGVIEW, Feb. 19. (AP)—A. C. Yeager, special railroad officer, will go to trial here today for murder in the death of Wesley Harbison, 14, who was wounded fatally on February 11.

VOTE IMPEACHMENT

Committee Probing Hardy's Case Go Against Him

SACRAMENTO, Cal., Feb. 19. (AP) The committee appointed by the state legislature to investigate the acceptance by Judge Carlos S. Hardy of Los Angeles of a check for \$2,500 from Amos Semple McPherson, evangelist, tonight decided to report in favor of his impeachment, announcement of the committee's decision was made by Walter J. Little chairman.

HOOPER RETURNS TO CAPITOL

WASHINGTON, Feb. 19. (AP)—President-elect Hoover returned to Washington today from his Florida vacation with the intention of holding an early conference with President Coolidge from whom he will take over the reins of government on March 4.

BULLS SELL HIGH

Two Animals Bring Nearly \$3,000 In Annual Sale

KANSAS CITY, Feb. 19. (AP)—Two Hereford bulls sold at well above \$1,000 at the annual Hereford roundup sale sponsored by the American Hereford Breeders' association here today. The top price of \$1,500 was paid by the H. C. Cattle company, Stillwater, Alberta, Canada, for Perfect Domino II, consigned by Keyser & Kinzer, Whitten, Iowa.

SEARCH FOR DRIVER

Foul Play Feared In Del Rio Man's Disappearance

DEL RIO, Feb. 19. (AP)—Officers on both sides of the Rio Grande today were searching for Ernest Deshazo, 25, Del Rio laundry wagon driver. Del Rio officers said they suspected foul play. When Deshazo left his home Sunday, he told his wife he was going to Villa Acuna, Mexico. Nothing has been heard of him since.

APPEAL IS RECEIVED

Supreme Court Receives Sinclair's Argument

WASHINGTON, Feb. 19. (AP)—The appeal of Harry F. Sinclair, from the jail sentence of three months and fine of \$500 imposed on him by the supreme court of the District of Columbia for contempt of the senate was received today by the supreme court for its consideration. Owen J. Roberts, for the government, and George P. Hoover, for the defense concluded argument in the case with respective assertions that the questions asked Sinclair were and were not pertinent.

DISMISSAL ASKED

Norris Libel Suit Is Likely To Be Ousted

JACKSON, Miss., Feb. 15. (AP)—A motion asking dismissal of the \$100,000 libel suit several months ago against the News Publishing company and Frederick Sullens, editor by the Rev. J. Frank Norris, Fort Worth, Texas, Baptist minister, was presented to circuit court today.

measure while five republicans and 13 democrats were registered against it. Among those voting for the bill was Senator Borah, who in a speech yesterday demanded a stricter law enforcement. Senator Reed of Missouri, who had directed a scathing attack upon prohibition, voted against the measure.

The bill did not affect minimum penalties already incorporated in the Volstead act. Under the present law the maximum penalty is a fine of \$1,000 or six months imprisonment, or both, for first offenses, and \$2,000 fine with five years imprisonment for subsequent offenses. The minimum sentence a judge may at present impose is none at all for first offenders and a fine of \$300 with imprisonment of one month for second or subsequent offenders.

PLEADS NOT GUILTY

Big Spring Man's Case Is Continued Until May

BIG SPRING, Feb. 19. (AP)—W. B. Tidwell, indicted for murder in the death of George Wheeler in a highway accident December 16, pleaded not guilty today. The case was continued to May 13.

B. C. D. Meeting

(Continued from Page One)

commission is doing—to help build a city.

Expansion Is Reweaved.

The tremendous expansion of Lubbock in every avenue of growth makes it necessary for more activity throughout the city and greater energy put forth on the part of the B. C. D. to keep pace with this growth, it was brought out. With this expansion the commissioners were told the outside sections of the country are more and more looking to Lubbock.

Mr. Allen Then Explained That Two

representatives of the Old Colony Bank and Trust company of Boston, Mass., one of the oldest and strongest financial institutions of the nation, are in Lubbock at this time making an investigation which might lead to that organization's investment in this area.

MRS. CURTIS DIES

Former Lubbock Woman Dies In Dallas Monday

After a lingering illness, Mrs. H. B. Curtis, 65, formerly of Lubbock, who moved to Dallas last fall, died in that city Monday night, it was learned here yesterday.

Having resided in this city for a number of years, Mrs. Curtis had a host of friends here. Funeral arrangements were not completed yesterday, but it is thought likely burial will be held at Greenville, beside her husband. She lived with her son, Kit Curtis, employee of the Moore Brothers Hardware company, while in Lubbock.

Barfield Is Given 25-Year Sentence

TEXARKANA, Feb. 19. (AP)—Cato Barfield was found guilty and sentenced to 25 years at New Boston, Texas, today by a jury trying him on a charge of killing Ray Palmer.

Motion for a new trial was filed and Barfield remanded to jail without bond.

Palmer was wounded fatally in Texarkana on September 16, 1922, and died 87 days later.

Barfield's counsel pleaded self-defense, insanity and accidental shooting.

The state asked the death penalty.

TWO BOYS ARE HELD

Youngsters Believed To Be Missing From Orphanage

EDEN, Feb. 19. (AP)—Two boys believed to be Calvin Cunningham and Melvin Eddie, missing from an orphanage at Corsicana since February 4, are detained by officers here.

THE BOYS, ABOUT 12 AND 14, GAVE

their names as Buck and Alfred Small of Ballinger. Ballinger officials, however, said they know of no boys missing there.

GUESTS ESCAPE FIRE

Three Persons Injured In Beaumont Hotel Blaze

BEAUMONT, Feb. 19. (AP)—Three persons were injured and guests were forced to flee into the streets here today when fire was discovered in the Lewis hotel.

Jack King, 80, was overcome by smoke and burned; Curtis L. Craft, 24, was burned on the hands and face; J. D. Howard, fireman, slipped on the wet pavement and his head struck the curb.

Several guests, including a mother and her baby, were carried down ladders to safety.

CONVICTS CAPTURED

Life Term Slayers Taken After Prison Break

CLUMBUS, Ohio, Feb. 19. (AP)—Pat McDermott and Mike Jacko, life term slayers who escaped from Ohio penitentiary here early today with three other convicts, were captured by suburban police in a stone quarry near Upper Arlington, a Columbus suburb, tonight.
