The Colorado City Wolves played giant killer Friday night as the victory hungry team crushed one of the top AA teams in the state.

The final score was 27-18 with Colorado City on the big end in the game against Coahoma played at Coahoma.

The Wolves were rated a 13-point underdogs going into the game and there were those who thought the Wolves would be doing good to stay within 13 points of the fast and quick Bulldog team.

The Bulldogs have a seasoned team and they ran the wishbone with great precision.

Last week, the Bulldogs almost upset the No. 1 Class A team in the state but Sonora came from behind with only a minutes left in the game to win 21-20.

The visitors stand in Coahoma was full of Colorado City fans and during the first half they didn't have a lot to cheer about, second half was a different story.

Coahoma received the kick-off to start the game and it appeared the Wolves had broken the wishbone when the Bulldogs went to the air and completed a pass on third down and long yardage.

The Wolves held the Bulldogs on most plays during the first drive but when the Bulldogs really needed yardage, they got it.

With less than two minutes gone in the game, Fullback Eddie Padron ran through the line in a deceptive play 22-yards and a score.

The try for extra points came

Wishbone Fractured By 27-18

up short as did all Coahoma's efforts for extra points during the night.

On the Wolves first possession, one first down was picked up and then the drive stalled and Tim Stansel punted.

Several possessions later, the Wolves knocked the ball loose from the Bulldogs on the Coahoma 34.

From there, it took only six plays for the Wolves to score with Marvin Jackson making a key run of 22 yards to set up the score and then plunging three yards for the points.

Try for extra points failed.

A short time later, Coahoma mounted another drive, which was stopped deep in the Colorado City territory. The Wolves could not pick up the first down.

Stansel punted into a strong wind and the punt coverage by the Wolves overran the punt.

Quarterback Roland Beal, also playing on defense scooped up the ball and returned the punt 34 yards for the score.

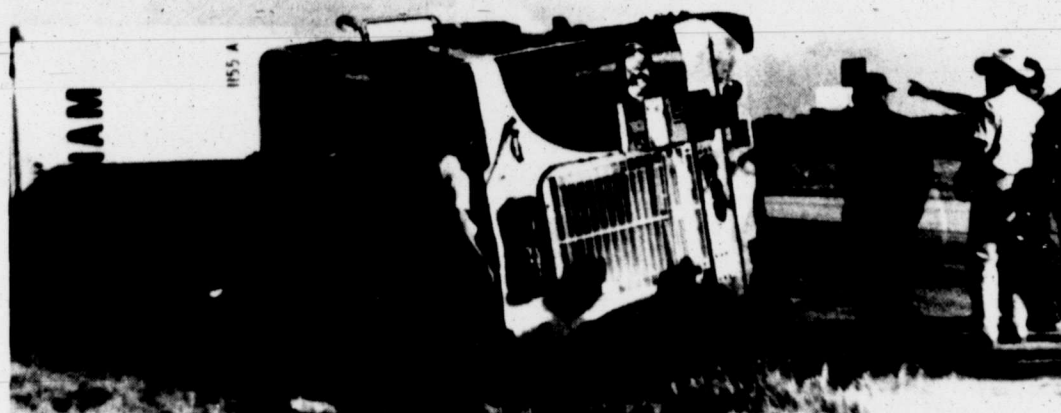

At halftime the score was

12-6.

In the third quarter, the Wolves overcame quickness of Coahoma players by sheer aggressiveness and Jerry Boyd caused

the Bulldogs to fumble again when he tackled the fullback just as he was getting the pitchout.

T.D. Wiman Jr., president of the Mitchell County Retired Teachers Association, was guest speaker Sept. 7, at the meeting of the Looney Home Demonstration Club in the Medallion Room of Lone Wolf Electric Cooperative.

Mrs. Bruce Byrne, vice-president, presided during the meeting in the absence of the president and introduced Mr. and Mrs. Wiman.

Wiman gave a report on the work of the National Retired Teachers Association and the American Association of Retired persons.

Wiman stated that the NRTA is observing its 25th anniversary Oct. 13 and AARP is 14 years old. At present they have over 4,000,000 members out of an estimated 20,000,000 persons of retirement age.

"These organizations believe that dignity, independence, and purpose enables the older person to continue meaningful activity, usefulness and service to others," Wiman said.

The organizations carry on a legislative program both at the State and National levels. The recent increase of 20% in Social Security benefits was in large measure due to work of the NRTA and AARP.

"Other programs are in the areas of improvement in private pension systems, relief in taxation of the elderly, inflation control, employment of older workers and elimination of age discrimination in hiring."

workers, improved medical facilities and medicare and medical programs and consumer affairs," he continued.

"I would urge that any retired teacher in Mitchell County and surrounding area become a member of the Mitchell County Retired Teachers Unit that meets usually on the second Tuesday of each month at the Villa Inn Restaurant in Colorado City.

"Since there is no AARP unit in Mitchell County, any person over fifty-five years of age may become a member of the National organization by sending two dollars to the following address:

AARP Membership Department, P.O. Box 729, Long Beach, Calif. 90801.

"Your membership and support of the National Retired Teachers Association and the American Association of Retired Persons will be direct benefit to you and millions of others approaching retirement," he concluded.

Richardson Featured Artist At Mental Health Clinic

Porter Richardson is featured artist this month with his painting decorating the lobby of the Mitchell County Mental Health Clinic at 136 East 3rd.

The picture is listed as "Untitled" but "actually it does

have a name but it's just an inside joke".

The picture has no meaning "not within itself. It certainly isn't beauty nor does it tell any apparent story. It's just a painting. Of course pictures that are pretty are enjoyable to most people, but art can also be emotional, shocking or provocative," Richardson said.

"In a way, this picture was sort of commissioned by a friend of mine.

"Something humorous came up a coffee session one night... something that my friend said... that you might say inspired the painting.

"I painted it for him sort of as a 'put on'. About all you can say for it is that it is colorful."

Richardson does quite a bit of painting in short periods of time for two or three weeks or a month, most of which he discards.

"I have a tendency to keep the ones that my wife says are awful... Probably just an effort to keep the Women's Lib movement from getting out of hand.

"I think most amateur artists have long dormant stages. I may go for months before I get the urge again... at least long enough for the tops of the paint tubes to get stuck. I can hardly get them off."

He minored in commercial art at Hardin - Simmons University and, after choosing electrical engineering as a major transferred to Texas Tech.

He prefers acrylics as his painting media because "they dry fast enough to keep the feeling and idea through an entire painting."

"Of course pastels and watercolor can be finished at one sitting also, but I still like the vivid colors of acrylics.

"I do some things in oils, the techniques comes out better and the blends are better,

but it's a lengthy process."

Richardson said he began painting pictures "because I liked it and wanted to. Isn't that why anyone does anything?"

"Untitled"

Porter Richardson adjusts his picture that is now hanging in the lobby of the Mitchell County Mental Health Clinic to get the best viewing angle for visitors at the Clinic. The picture is titled "Untitled" and was painted as a "put-on" for a friend of Richardson's and will hang in the Clinic lobby during the month of September.

Bridgford, Powell Present Program To Garden Club

"Growing Daylilies For Beauty" was program presented to Colorado City Garden Club Wednesday as they met in the Community Center.

Mrs. E.B. Bridgford presented picture slides of named varieties of Hemerocallis (daylilies) with a commentary by Mrs. George Powell.

"This easily grown plant was grown in the Orient before 1575 with the first hybrid grown in 1890, and English variety, which is apricot in color," Mrs. Powell began.

The first American hybrid was recorded in 1890 and in 1944 there were only 150 registered varieties. Now there are thousands.

"The color range includes about every color except blue. Slightly acid or neutral soil, medium heavy to sandy is best suited for the plants. Too much lime in the soil causes foliage to yellow likewise too deep planting.

"Divide the clump of Daylilies and replant in full sun in soil that has been deeply dug (18 inches) and enriched with a 3 inch layer of rotted manure, plus bone meal at the rate of 6 oz. per square yard and you will have many blooms.

"By selecting varieties carefully, the flower span may be spread over four to five months by choosing early, midseason and late bloomers.

Miss Garrett Appointed Chairman

Nelda Garrett, member of the Colorado City Business and Professional Women's Club has been appointed State Seminar Chairman, by Miss Jo Ann Clements, President of the Texas Federation of B & PW Clubs, Inc.

A former president of the Colorado City Club, having served two separate terms, Miss Garrett has also served as Director of District Seven of the Texas Federation, and has served three terms on the State Nominating Committee.

Locally, she has also served as treasurer for four years, Chairman of Finance Committee, Program Chairman and other committees and offices, and is now the recording secretary.

Recently Miss Garrett attended a meeting of the State Board of the Texas Federation in Fort Worth.

"Care of the plants is very easy and not difficult to establish, she continued.

"After a killing frost clear away dead foliage and cut flower stalks to the ground, cover with a light layer of soil and in the spring when the foliage begins to sprout if the clump needs to be divided, dig it up and separate it and plant in the prepared bed.

"Cut off all broken and damaged roots and place in a bucket of water for an hour or so before planting. Do not let the roots dry out.

"Dig holes deep enough when planting so that roots are not crowded and set plants with the crown just level with the soil," she concluded.

Members present were Mrs. John Brown, Mrs. Ben Elliot, Mrs. R.D. Bridgford, Mrs. E.B. Bridgford, Mrs. S.A. Palmer, Mrs. Feilding Lee, Mrs. Roy Davis Coles, Mrs. Earl Brown, Mrs. George Powell, Mrs. Don Stewart, Mrs. E.M. Owen, Mrs. Bob Newman, Mrs. W.S. Edge, Mrs. L.J. Taylor and Mrs. John Mikow.

WOLVES
From Page 1

On the next play, Melvin Jackson sped around right end for 34 yards and the score.

Mike Hallford kicked the extra point and from that point on the Wolves were in charge of the game.

Coahoma did come back to on a 53-yard drive, capped with a 25-yard pass from Beal to tight end Glenn Washburn to score. Then the threatened to score again, moving the ball to the Wolves 10-yard line. But they were stopped there.

Then on came the Wolves. They marched 90-yards down the field on good running of Jackson, Russell Hertenberger, and two key pass reception by Ronnie Lindsey, one on fourth down.

Quarterback Amador Guerrero galloped the final 12-yards for the score around the left end and then he ran around right end for the extra point.

At that point time was running out and Colorado City only lead 21-18. But there were about five minutes to go and still time for Coahoma to mount a scoring drive.

However, the kick-off hit a Coahoma lineman and bounced back into the arms of a Colorado City player.

The Wolves started another drive that seemed destined for another score but a 15-yard penalty stopped the drive. However, the drive did kill about two minutes on the clock.

Coahoma took the punt and marched to the Colorado City end of the field but the drive faltered and the Wolves took over the ball on their own 39.

On the next play, Jackson charged through the left side of the line, darted to the right and followed his blocking and outraced defenders to the end zone to put the game on ice.

The disgruntled Coahoma team was tried to put a last minute drive together but the Wolves Mitch Cooley put a stop to that as he jumped three feet into the air to intercept a pass

and then ran it back to inside the Bulldogs' 20-yard line.

The Wolves were then content to run out the clock via quarter-back sneaks.

The victory was a costly one for the Wolves as two key players, Vicente Garcia and Clayton Salmon were injured.

Garcia's injury is not considered serious and it is hoped he will be able to play next week against Ballinger.

However, Salmon is believed to have a fractured a rib and probably will miss much of the season. He is the substitute quarterback and his services will be sorely missed, Coach Weldon Brevard said.

In talking about the game, Brevard pointed out that the first half was a poor performance although, the Wolves did take advantage of the break -- a fumble -- and score.

This was one of the Wolves' problems last year as they were unable to capitalize on breaks.

The blocking on offense broke down in the first half Brevard said and the Wolves were unable to move the ball.

The second half was a totally different story, as almost everything went right with a few exceptions. The game, as the game last week against Monahans, helped season some of the younger players, Brevard said.

The coach praised the performance of Mike Everett on offense of Bill Dockrey, John Ridge and Jerry Boyd on defense and of course Lindsey, Jackson and Guerrero played good on offense, Brevard said.

Mitch Cooley, who is only a junior and has had little playing experience came on and did a good job, Brevard said. He also noted that Gene Banks, only a sophomore, played in the place of the injured Garcia and did a good job.

But there is no rest for the weary as next week, the Wolves travel to Ballinger to take on another highly rated AA team.

Scout Rally Set Monday

A Cub Scout Rally is being planned for 7:30 p.m. Monday at Kelley Elementary School and everyone wanting to join the Cub Scouts has been invited.

Those wanting to join Cub Scouts have been urged to bring their mom or dad to the rally.

Cubmaster Rodney James said that during the rally, prospective scouts will be told how much fun it is to be a Cub Scout as well as being educational.

Also any questions anyone might have will also be answered at that time, James said. He pointed out that it is necessary for all prospective Cub Scouts to have their mom or dad with them as a parent or guardian must sign the application for a boy to join.

eight through 13 and it winds up with final elimination at the NFL Pro Bowl Game in Dallas, Texas, January 21, 1973. If you can kick, pass or punt a football and meet the age requirements, you will want to compete. The local contest will be held here at 9 a.m. Saturday, Sept. 30, at Wolf Stadium.

Participants compete only against boys of their own age. Any boy eight through 13 years of age may enter to compete at a participating Ford Dealer. There is no entrance fee and no body contact during competition. No special equipment is needed and participation does not impair a boy's amateur standing.

Scoring is based on accuracy and range with one point added for every foot of punting, passing and kicking distance and a point subtracted for every foot off a center line.
