Lynn Ginnings 128,807 To Jan. 15

Lynn county had ginned 128,807 bales of cotton prior to January 16 from the 1959 crop, reports the Bureau of Census, U. S. Department of Commerce.

Local ginners report that there are still a few bales to be ginned, but not enough since that date to make much material difference in the total.

For the second time in history, Terry county has ginned more cotton than Lynn, exceeding this county by about 3,500 bales. For the third time in history, Dawson county has exceeded Lynn, the difference being nearly 10,000 bales.

In spite of disaster to a large portion of Lynn county this year, Lynn was seventh in production in the 14-county South plains area and still made the "high ten" in Texas cotton production. Lynn is ninth in the state for 1959.

Lubbock county led the state with 209,790 bales, Hidalgo county was second with 200,422, and the only other down-state county in the "high ten" was Cameron with 144,936.

Lynn county's total production was cut this year by hail and rain storms, a burning wind storm, and lack of moisture in the south point of the county.

Production this year on the Plains, compared with last year, follows.

	1959	1958
1. Lubbock	209,790	245,500
2. Hale	180,274	200,048
3. Hockley	178,398	187,422
4. Lamb	174,397	177,747
5. Dawson	138,325	135,400
6. Terry	132,313	124,453
7. Lynn	128,807	164,686
8. Floyd	123,564	107,377
9. Crosby	111,968	127,550
10. Bailey	96,744	90,743
11. Cochran	63,240	56,872
12. Gaines	48,691	38,663
13. Yoakum	32,846	30,464
14. Garza	18,037	20,062

Total production in the nation ginned prior to Jan. 16 was 14,365,522 running bales, not including linters.

Forsythe Given Scouting Award

L. A. Forsythe of Tahoka recently was presented the Silver Beaver Award, the highest possible honor for an adult to receive in Scouting "for distinguished leadership and service to boyhood."

He was presented the award Tuesday night, Feb. 2, at the annual banquet of South Plains Area Boy Scout Council in Fair Park Coliseum, Lubbock, and attended by 300 Scout leaders of this area.

This is the same award received by E. B. Gaither, also of Tahoka, three years ago.

The award can be made to no more than four men annually in the Council. Others receiving the honor this year were Tut Tarwater of Plainview, Mark Geeslin of Jayton, and Jim Harvey of Lubbock.

Forsythe has been connected with Boy Scout work in Tahoka since 1936, and has missed only one year, 1939, registering since that date. He has a son, Larry, 18, who is an Eagle Scout, and another son, Jerry, 15, who has been in Scouting but is not now active.

John Lott of Post, president of the Council this last year, revealed at the banquet that there are now 294 packs and troops in the South Plains Council with 7,834 boys and 1,958 leaders active in Scouting.

Lyntegar Mails Equity Notices

The largest single mailing ever made by one firm in the history of Lynn county went through the Tahoka postoffice this week, states Postmaster W. E. (Happy) Smith.

This was 29,633 letters mailed by Lyntegar Electric Cooperative, Inc.

The letters went out to every person now a Lyntegar member or who has ever had a connection since the cooperative was formed in 1939. Each letter contained a statement to the member addressed of the patronage capital(equity) that member has in Lyntegar.

Total equity of members is now $2,288,719.33, states Garland Pennington, manager of the cooperative.

Lyntegar has a complete record all the way back to 1939 of each connection and the patronage capital earned by each connection for each year, but this is the first time a statement has been mailed to individuals.

In the future, Pennington says, a statement will be mailed each year to those on the lines for that year.

At the January, 1960, billing there were 9,553 connections.

Actually, the statement mailed members is a copy of the ledger sheets kept by Lyntegar with the patronage capital percentage owned by the member figured for each year based on the total billing for that year.

For example, for the year 1950, John Doe's total bill was $40.70 and the percentage of margin was 23.03 percent. Therefore, John Doe's patronage capital for that year was $9.38.

New Oil Test Near Tahoka

A new deep wildcat oil test will be made on the John F. Thomas farm, about seven miles southeast of Tahoka. Dan and Jack Auld of Kerrville announced the proposed 9,500-foot Strawn test last week end. It is located 660 feet from the north and west lines of Section 459, Block 1, EL&RR survey.

The test is a little over a mile northwest of the H. B. Howell No. 1 hole drilled in 1950, which hole Mr. Howell has been seeking to make a paying producer the past few weeks. He has made considerable progress on the development of the well, and recently found oil coming from a higher structure than at first believed.

The new location is also a mile north of the R. N. Tunnell test of 1944 which drilled to 6690 feet, and a mile and a half northwest of the Harve Henderson test of 1955, which had a total depth of 6,450. It is two miles south of the Bromberg test of 1950 drilled to 9,514 feet.

Earl Wells Jr. of Odessa has announced a 4,600 foor north offset test in the Sunland field east of Wilson, the No. 2-X Bruster, 2,135 feet from the north and 1,605 feet from the west lines of Section 1274 EL&RR survey.

Car Stolen Here Found At Lamesa

A 1959 Ford belonging to Bob Barnes, minister of Tahoka Church of Christ, stolen from his residence some time during Sunday night, was found Tuesday in a storage shed near Lamesa.

Charged with felony theft are E. X. Hill, 47, operator of Hill Motor Co. of Lamesa, and his employee, Chas. White, 45, of Lamesa, according to Sheriff Norvell (Booger) Redwine of Tahoka. The two men were released on bonds of $1,500 each.

Numbers had been chiseled off of the engine block.

Barnes had left the car by his house, the doors unlocked. The thief is believed to have wired around the ignition switch.

Mrs. R. E. Bagby was dismissed from the Slaton Hospital Saturday where she had been a patient for six days with the flu. She is home now and doing fine but has to remain in bed for another week.

Bootlegger Pays Fine In Cash

James Hill, Lubbock Negro, last week was assessed a fine of $1,000 and costs by Judge W. M. Mathis on a plea of guilty in county court to illegal transportation of liquor. He paid the fine and costs, a total of $1,025.10, in cash.

County Attorney Harold Green filed suit for forfeiture of the Plymouth car involved in the transportation of the liquor.

Liquor Control Board agents arrested Hill Wednesday night, Jan. 30, northwest of New Home while the latter was en route to Lubbock with his car loaded with 20 cases of beer, 32 lugs of wine, and 22 lugs of whiskey.

Severe Sandstorm Does Damage Here

One of the worst winds and sandstorms in a long time visited the Plains Tuesday, doing damage to farm land and other property.

Soil puffed up by moisture and freezes was eroded to some extent by the winds, which are said to have reached 80 miles per hour at about noon.

Many composition roofs are said to have been damaged, some fences and small outbuildings were blown down or damaged, and electric and telephone service was disrupted in some areas.

Lyntegar reported about 20 poles blown down in its system.

Both electric and telephone service at O'Donnell was disrupted by he storm, and the town was handicapped by lack of these services into the night.

Scout Week Is Observed Here

Tahoka Boy Scouts will take over the City government for a day Saturday, as a part of Scout Week activities, and "fines" will be assessed traffic violators.

Friday night, the boys are to attend a picture show. Sunday morning, the Scouts and Explorers will attend First Methodist Church and Sunday night they will attend services of Sweet Street Baptist Church.

Court of Honor was held Tuesday night at Scout Hall, at which time Bill Wright advanced to Second Class, and Mike Curry and Darwin Dykes received the Tenderfoot award.

Eight boys also received the one-year service star, namely: Jack Jaquess, Terry Harvick, Lynn Riddle, Townes Walker, Mike Smith, Dennis Clem, Stanley Price, and Robert Medlin.

Charles Uzzle Is Mobeetie Pastor

Charles Uzzle, who graduated from South Western Theological Seminary in Fort Worth on January 15, has been called as pastor of the First Baptist Church at Mobeetie, up on the North Plains.

Rev. Uzzle was reared at Draw. He attended Wayland College at Plainview prior to entering the Seminary. He is a son of C. D. Uzzle of Tahoka and is a brother of City Secretary J. M. Uzzle. His wife is the former Miss Ann Brewer, daughter of Mrs. Tom Brewer of O'Donnell.

JUDGE GRIDER IS HOME

Judge G. C. Grider, critically ill for some time in a Lamesa hospital, was brought to his home here Tuesday. A son, Earl, says his dad is making slow but gradual improvement.

Tahoka voters approved 123 to 11 a proposed City bond issue of $50,000 to pay the city's part in a new street paving program.

Mayor H. B. McCord says the City Council estimates that 40 to 50 blocks can be laid with this amount of money under a cooperative program with lot owners.

Although no contract has been made with a paving construction company, the City believes it can get a good quality of 36-foot paving with curbs and gutters laid for $3.75 per linear front foot. Ten to 25 percent of the cost will be paid by the City to take care of street and alley intersections.

He says some plans will be worked out whereby lot owners may pay for their paving on a deferred payment plan.

Few towns in this area have as much paving already as does Tahoka. A new map the city has recently had made reveals that Tahoka now has 195 blocks of paved streets, counting the two highways through town.

Only requirement of citizens getting their streets paved is that complete blocks be signed up and that the streets to be paved connect up with existing paving.

Salvation Army Drive Is Next

The kickoff of the annual Salvation Army drive, headed this year by Rev. J. B. Thompson, will be Tuesday at 9:00 a. m. at the Club Cafe. Coffee and doughnuts will be served workers in the drive who will that day contact Tahoka and Lynn county citizens.

A balance of $4.00 is in the Tahoka treasury.

Following is an itemized report of the spendings of 1959: Camp expenses for local boys, $44.48; disaster canteen to be used in South Plains area, $50.00; two pair glasses, $20.00; furniture for fire victims in Grassland area, $80.80; groceries, $167.72 ($25.00 in Wilson); meals, $17.70; gasoline, $14.42; medicine, $26.09; medical care, $75.00 ($25.00 in New Home); clothing, $44.79; lodgings, $4.00; donation to Special School workshop, $20.00; Goodfellow Christmas Fund, $100.00.

Dean Taylor is chairman of the local Salvation Army committee, which regulates the distribution of funds here to disaster victims, emergency cases, or needy families.

One-third of the contributions are kept here for local use, while the remainder is used by the state organization for the up-keep of boy's summer camps, homes, hospitals, rehabilitation centers, etc. However, when local funds are depleted, the State organization replenishes such funds in times of disasters or emergencies.

The local committee feels that through the contributions made by Lynn County citizens, many people are helped directly and indirectly in tangible ways, and in some instances dire emergencies have been diverted because of the accessability to Salvation Army funds.

Everyday Religion

By J. B. Thompson

A speaker at the Chicago Sunday Evening Club recently told of being on a train which skirted the Lake Michigan shore line in Indiana. He said the sparkling waters of the lake could not be seen much of the time. Unsightly factory buildings, rubbish heaps, and huge gasoline storage tanks shut off the view. Yet he said, if he watched carefully, he could see between these man-made obstructions the beauty of the lake. Just on occasional glimpse.

Life's journey takes us past many rubbish heaps of crime, corruption and Communism. Also, factories of naterialism, hate, and war. And huge tanks of inflamable fear, suspicion and misery. These seem to shut off our view of the love and goodness of God.

We need the vision to look between and beyond these earthly abstacles to see the shining evidence of God's mercy and truth.

Has God forgotten us? Have we lost sight of Him amid these sordid scenes that surround our lives? Not at all! If we look for him we may find Him. He is here—in our very midst!

Winston Wharton Here 20 Years

Winston C. Wharton of Wharton Motor Co. this week is observing the 20th anniversary of business in Tahoka.

Wharton came here during the big snow storm on February 15, 1940, having just bought out the service station business and the Continental Oil Co. agency from J. Douglas Finley, then located in the rock building south of the square on the O'Donnell highway now occupied by G. H. Chestnutt.

After a couple of years, he moved to the old frame A. I. Thomas buliding across the street west from Piggly Wiggly, having just recently taken over the Oldsmobile Agency in Tahoka.

After two years in this location, he moved to his present building which he erected for his growing business. Since that time, he has added to the building twice.

n 1946, he added GMC trucks and pick-ups to his business, and in 1958 added the Rambler line of cars. He also is the local dealer for Armstrong tires.

He sold the Conoco wholesale and retail buisness in 1949 to Herman Renfro.

Recalling his start in Tahoka, Wharton says that when he opened his business here his highest paid employee drew $80 per month. Today, his employees draw from $85 to $125 per week.

Winston was reared at Albany, attneded the University of Texas, and was Humble dealer at Olney before coming to Tahoka. His wife, Louise, was reared at Post and also attended the University of Texas. However, they did not meet until later, while she was teaching school in Winston's home town, Albany. The couple has one daughter, Ann, who is also associated with the business.

Rev. Rakestraw is the only one chosen from Texas. His assignment will be the First Methodist Church in Juneau, the capitol of Alaska. Purpose of the mission to Alaska is to train laymen in visitation evangelism, as well as conduct worship services, and themselves do evangelistic visiting in homes.

The pastor's wife, the former Miss Johnnie Margaret Price, will not accompany her husband on the mission since the 21 ministers will travel together from a point on the West Coast.

MR. AND MRS. J. H. KNIGHT

House On 50th Wedding Anniversary Mr. and Mrs. Jim H. Knight Plan Open

Mr. and Mrs. Jim H. Knight will hold open house for friends at their home at 1721 North Third Sunday afternoon from 2:00 to 5:00 o'clock in observance of their fiftieth wedding anniversary.

The Knights were married February 13, 1910, at the home of their parents, the late Mr. and Mrs. T. A. Haley, in the old Grady school district, west of Rotan in Fisher county.

Mr. Knight lived at Roby at the time. He was born in Georgia, and was brought to Texas by his parents when he was 10 months old. Mrs. Knight was born in Hill county.

The couple moved out to Lynn county in January of 1925, and for ten years farmed between Newmoore and Three Lakes. They farmed at West Point three years, and then moved to the farm three miles north of Tahoka, where they lived for 18 years.

Mr. Knight retired from active farming in 1953, and in July of that year they moved into town.

Mrs. Knight says, "We are the luckiest people in the world; none of our family has ever had the polio, rheumatic fever, or any serious disease, our health is reasonable good, and we have so many nice friends."

Mr. and Mrs. Knight have two sons, three daughters, 16 grandchildren, and six great grandchildren.

The children are: Mrs. Ed (Ruby) Bayer of Santa Clara, Calif; Roy Knight of Tahoka; Mrs. Ray (Ruth) Atkins of Fresno, Calif.; Mrs. Wallace (Rosemary) Moffitt of Norwalk, Calif.; and Robert Knight of Lubbock.

They lost one son in 1942. Raymond, home from the Service and preparing to go overseas, drowned while in swimming in a dirt tank at the northwest side of Guthrie Lake.

The Knights request that any friends not bring or send gifts, but instead contribute the money to the March of Dimes or some other worthy cause.

Dealer Award Presented Bray

Bray Chevrolet, authorized new car dealership in Tahoka this week was awarded a Certificate of Merit for lending an automobile in the high school driver training program.

The Texas Automotive Dealers Association, statewide association of factory authorized new car dealers whose members have for the past eleven years loaned motor vehicles to high schools for "behind the wheel" driver education, made the award. Dealers loan vehicles without charge as a public service.

The local company loaned an automobile to Tahoka High School which has instructors qualified to teach both classroom theory and driving.

C. B. Smith, Austin, president of the Association, pointed out that safety authorities forecast 6 million drivers on Texas roads by 1970. He emphasized the need for ever increased efforts by all citizens toward the goal of highway safety. He commended dealer members for their outstanding contribution and said, "The new car dealers of Texas realize the need to participate in worth while community endeavors and are more than willing to do everything within their power to help train our youth to be safe, careful drivers."

Present-day drivers who have participated in high school driver training programs in the past have better than average safety records, according to national studies on the subject.

Over $2 million is invested by authorized new car dealers in more than 800 automobiles on loan to schools throughout the state, according to Tom J. Crooks, Manager of the dealer association. Many of these cars are equipped with dual controls, permitting the instructor to maintain maximum safety control during the training procedure.

The shortage of qualified "behind the wheel" instructors prevents many other schools and new car dealers from participating in this program, Mr. Crooks said.

First Baptist Buys New Organ

The First Baptist Church in regular business meeting Wednesday night voted to purchase a new church model Hammond organ, trading the old Wurlitzer in on the new one.

The old organ was installed twelve years ago and has required constant repairs and was difficult to play because of its slow action. All who have heard the new organ are highly pleased with the improved tone. Purchase is being made from the Rodgers Music Company of Lubbock.

The church also voted to build a fence around the back yard of the pastor's home and Mr. Edgar Roberts has already started work on this project.

Another item of importance was the approval by the church of a plan for the re-alignment of the Baptist Associations in District Nine. This will place the Baptist Churches in Lynn county in Lubbock Association, if final approval of the plan is made by the other Baptist churches and Associations.

The change will not be made until next fall.

Mrs. Minnie Crausbay of Crosbyton, recuperating from an operation, and Roy Howard of Melbourne, Ark., are here this week visiting Mr. and Mrs. Harley Henderson.

Slovers Return From Funeral

Mr. and Mrs. Rufus Slover returned home last week end from the funeral of their daughter-in-law, Mrs. Jackie Slover, bride of a short time, who was found dead from asphixiation in the couple's apartment at Borger.

While Jackie was in the Army at Fort Riley, Kansas, he met Miss Ardene Young, and the couple married on November 3. She was attending college, at nearby Manhattan, Kansas, and had just finished work for her degree and joined Jackie at Borger, where he is employed at the Phillips refinery.

Her praents now live at Steele City, Nebraska, but burial was at Washington, Kansas.

Party Benefits March of Dimes

The March of Dimes fund benefitted about $65.00 from the "42" and bridge party given at the City-Legion building Saturday night, according to Johnny Wells.

Bridge winners were: Mrs. O. C. Roberts and Mrs. R. C. Roberts, Miss Echo Milliken and Gregg Harrison, second; Mrs. D. W. Gaignat and Mrs. A. N. Norman, third; Mr. and Mrs. Eldon Carroll, fourth; and Mr. and Mrs. "Sonny" Roberts, fifth.

Joe Webb, pastor of the local church, states that the public is invited to attend the Wednesday night meeting.

HOWARD HENDERSON ILL

Douglas Henderson phoned Bert Dollins Tuesday night that his father, Howard Henderson, aged Tahoka pioneer, is critically ill in a Clovis, N. M., hospital, is under an oxygen tent, and that no hopes were being held for his recovery.

Relative of Local People Is Buried

Walter Conrad, 40, husband of the former Maxine Connolly of Tahoka, died following a brief illness in a hospital at Richmond, Calif., according to his brother-in-law, Bob Connolly.

Funeral services were held there on February 1.

Mr. Conrad, a native of Wisconsin, had lived at Richmond 15 years and was a pipefitter and welder for Bechtel Corporation. He was a mmeber of the Church of Christ and of the Masonic Lodge.

Survivors include his wife; two sons, Clark and Mark, and four sisters.

Maxine's mother, Mrs. Myrtie Connolly of Tahoka, has been visiting there since Christmas. Keith Connolly of Denver flew out for the services, but Bob and Mrs. Reid Parker were unable to go.

Miss Sylvia Edwards Makes Choir Tour

Sylvia Edwards, student at Baylor University and daughter of Mr. and Mrs. J. B. Edwards, New Home, returned Sunday night from a tour with the Baylor A Cappella Choir which is composed of about 50 members and is directed by Dr. Euel Porter.

The noted choir's tour included a performance at Longview, Texas, before leaving the state for the southern tour. The choir toured plantation homes in Natchez, Miss., and then visited Pensacola, Ocala, Silver Springs, Tampa, Ft. Myers, Miami, West Palm Beach and Jacksonville, all in the state of Florida, Albany, Ga., Meridian and Clinton, Miss., Vicksburg, Natchitoches and back to Waco.

On the tour were concerts and suppers at churches, and at Miami the group had a beach party and enjoyed a professional water show. In a number of cities the choir members were guests in homes of host church members.

FORMER TAHOKA MAN IS INJURED IN CAR WRECK

Dan Brookshire of Brownfield, formerly of Tahoka, was injured along with three other men from that city in a car wreck two miles north of Denver City Tuesday morning during the sandstorm. None was seriously injured, but all required treatment for cuts and bruises in a Denver City hospital.

The other men involved were Frank Ratliff, Herman Skain, and E. H. Wood.

The men, riding in one car, were injured when, blinded by the storm, they came to a dead-end in the road and the car brakes failed to hold. Three of the men were knocked out" and the fourth went for help.

Indian Burial Site Is Found

There were persons on the Plains who would shoot a man in the back as long as 1,000 to 3,000 years ago.

An Indian skeleton has recently been unearthed from his burial spot in the T-Bar pasture south of Tahoka with an arrow embedded in his spine between the seventh and eighth vertebrae.

The find was made by Wayne Cloe, local young man, who is a member of the South Plains Archaeological Society, and several members of the society assisted Cloe in removing the skeleton.

The archaelogical experts say that the arrowhead is an Ellis point, which dates the time in which the man died at from 1,000 to 3,000 years ago.

There were two peculiar aspects to this Indian burial, Cloe says.

In the first place, the burial site is out on the prairie, whereas in most instances the Indians buried their dead on a hill or promontory. Cloe detected the grave site by a pile of rocks. Indians usually covered graves with rocks to keep coyotes, wolves, ar other animals from digging into the fresh grave.

The other peculiar thing about this burial is that the man was buried upside down. As was the custom, this Indians legs were folded up about his body, but instead of being in a sitting position, he was turned with his head down.

Cloe was assisted in removal of the skeleton by Emmett Shedd, president of the Post chapter of the South Plains Archaeological Society; Danny Cochrum, secretary; and "Chief" Runkles of the Boy Scout Camp near Post. Other members from the Brownfield Chapter were also present as onlookers.

The remains were removed carefully so that possible scientific study may be made of the burial.

Agriculture Is Big Business

Agriculture is a $14 billion market for the American economy, according to information received at he Lynn County Agricultural Stabilization and Conservation office.

Among the specific facts compiled by the Department of Agriculture about agriculture as a market are the following:

1. Agricultude buys more petroleum than any other industry, nearly 15 billion gallons a year.
2. Farmers take 6½ million tons of finished steel a year.
3. Agriculture buys enough raw rubber to put tires on nearly 6 million cars a year.
4. Sixteen percent of the gross freight revenue is from agricultural products.
5. Farmers use 50 million tons of chemicals a year.
6. Agriculture uses more electric power than the cities of Chicago, Detroit, Baltimore, Boston and Houston combined.
7. About 20 percent of the country's total exports consist of farm products.
8. Crops produced in the fertile soil of the Panhandle of Texas were valued at $600 million and livestock sales in one auction ring amounted to more than $35 million. As a comparison, the oil and allied petrochemical industry in Texas added only $511 million in 1958.

In view of the above, there can be little doubt that conservation of our soil and water resources is a practical means of insuring our ever-increasing population of an abundance of food, fiber and shelter. Farm and city alike benefit, and should recognize and encourage efforts in this regard.

AMMO-PHOS
FERTILIZERS
ARE HIGHLY WATER SOLUBLE
Experiments prove that crops take up more phosphate from water soluble AMMO-PHOS fertilizers than from ordinary mixed fertilizers.

Let Us Demonstrate This Easy Test.

AMMO-PHOS fertilizers are highly water soluble and we can prove it by simply placing a small amount of AMMO-PHOS in water and placing the same amount of an ordinary fertilizer in another equal amount of water. You'll be able to see how water soluble AMMO-PHOS GOES INTO SOLUTION while the ordinary fertilizer collects at the bottom of the glass. You'll know then why AMMO-PHOS fertilizers give the quickest response to crops.

Senator Lyndon Baines Johnson

Boating Laws Go Into Effect

Since there are several hundred boat owners in Lynn county, H. B. McCord Jr. has suggested that The News publish the following brief digest relating the new "water safety act" passed by the last legislature.

When boat is in operation, certificate number must always be aboard and available for inspection by any police officer. Certificate must show your correct address.

Number awarder your motorboat must be painted, decaled or otherwise affixed to both sides of the bow of boat, and letter shall be not less than three inches in height. No other number may be displayed on either side of boat.

In transfer of boat ownership, seller must notify Motor Vehicle Division, State Highway Department, Austin, surrender certificate with notice, and furnish purchaser bill of sale. Purchaser must forward application Form 80 to Department with fee of $1.00 in 10 days and submit bill of sale either on back of application or other evidence of ownership.

All other states should recognize validity of your Texas Certificate of Number up to 90 days.

Abandoned or destroyed boats must be reported to Department in 10 days and you must surrender certificate with such notice.

If you are involved in a boating accident, you must stop and render such aid at practicable, and give your name, address and boat number in writing to any person injured and to owner of any property damaged.

In case of death from a boating accident, written report must be submitted within 48 hours. These reports should be filed by operator of boat involved.

Each boat must carry one life preserve of type approved by U. S. Coast Guard for each person on board.

It is unlawful for any person to operate any motorboat or manipulate water skis or aquaplane in a willfully or wantonly reckless or negligent manner so as to endanger life, limb or property of any person. No one shall operate such while under influence of intoxicants or narcotics. No boat shall tow or assist in towing a person on skis or aquaplane from one hour after sunset until one hour before sunrise. All boats towing such skies or aquaplanes shall be operated in careful and prudent manner and at a reasonable distance from other persons or property.

The law provides that boats carry certain lights depending upon the class of motorboat involved. Boat owners are advised to check to make sure proper light are in use.

Homer Parker, reared in Tahoka the son of B. L. Parker, a former sheriff here and presently a cattle inspector, and wife, is a candidate for constable of Terry county.

Homer is a former deputy sheriff at Brownfield, where he has lived several years. He has also been associated with several automobile firms here and in Brownfield.

McGlaun Services Held Here Sunday

Funeral services for T. L. McGlaun, 64, who died in Tahoka Hospital at 6:55 p. m. Wednesday of last week, were held Sunday at 3:00 p. m. in Stanley Funeral Chapel, and burial followed in Tahoka Cemetery.

Officiating at the srevices were Rev. D. W. Copeland, pastor of Redwine Baptist Church, and Bob Barnes, minister of Tahoka Church of Christ.

Srevices were delayed until Sunday so that relatives from a distance might attend.

Mr. and Mrs. C. G. "Butch" Ingle and Linna Dean went down to Temple last week for a check-up in the hospital there.

LOOK AT THE LOWER PRICES

List prices as much as $76.05 lower on popular models with popular equipment

The '60 Chevrolet models most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example—with Turboglide, push-button radio and de luxe heater—lists for a whole $76.05 less! Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet Chevy's loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!

Softer, more silent ride with coil springs at all four wheels and new butyl rubber-cushioned body mounts.

Big brakes for quicker, surer stops. Rivetless bonded linings mean they last longer, too.

More room to relax in. Chevy sedans offer roomier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.

Only full wraparound windshield among the leading low-priced cars.

Electric windshield wipers keep sweeping even when you speed up to pass.

Vent windows swank open and closed. So much simpler than fighting those tricky little catches.

Keyless locking on all doors. Quick and easy. The same key opens door, glovebox, trunk and starts the car.

Economy Turbo-Fire V8. Or how to get up to 10% more miles per gallon of regular and still have lots of "git."

Thriftiest 6 in any full-size car. It's the '60 version of the engine that got 22.38 miles per gallon in the 1959 Mobilgas Economy Run.

Widest choice of power teams. 24 engine-transmission teams in all, with output up to 335 h.p.

A trunk that's made for long trips with up to 22.5% more actual luggage space. Sill's lower for easier loading.

Fisher Body craftsmanship. Look at the finish, the fabrics, the detail work. You'll see the difference.

Printer's Ink-lings . . .

By F. P. H.

Read an interesting editorial in the evening Avelanche-Journal the other day which quoted some facts sent out by the Tax Foundation, a non-profit organization, which helps keep the public informed on tax problems. Taking their figures, we did a little figuring ourselves. We never could comprehend millions and billions, but we do know what is $51.48 interest on a debt

• • •

The Governor says we are now paying $9.1 billion dollars a year interest on the national debt. That amounts to $51.48 a year interest per person. This nation debt now amounts to $1,650.00 for every man, woman and child in America. This does not include the debt of school districts, cities, counties, and states.

• • •

If there are four members in your family, your part of the national debt is $6,600.00. Of course, we are not paying on this principal which gets bigger every time Congress meets. But, we are paying the interest through taxes, and your part this year is $51.48 for each person or $205.92 for a family of four.

• • •

Based on these figures, Tahoka is paying $165,000 a year just on the interest. Lynn county is paying $560,000 a year interest on the national debt. We could build 80 miles a year of farm-to-market roads for this money that is now going down a rat-hole. We could build a fine new school building every year, or a new court house and jail.

• • •

Yet, every man we send to Washington soon gets the "Potomoc fever" and soon comes to believe "Uncle" can do it best. Just the other day, Senator Lyndon Johnson and Ralph Yarborough voted to appropriate $900 million a year to help the public schools—which all boils down to the fact that they think we boys at the grassroots don't have enough sense to operate our own schools and want the Federal Government to take over. What else does it amount to?

• • •

Happy Smith had a card the other day from Bob Haynes, editor of the Miami Chief the past 33 years, and Bob sent greetings to all his old friends. Bob sold The Lynn County News to the Hill family in 1923, was at Seagraves a few years, and then moved to Miami.

• • •

R. C. Carroll of O'Donnell, one of Lynn county's finest citizens, was in Saturday to renew. Said he had recently had the flu, and a doctor came to see him the first time since 1932, when he had appendicitis. R. C. operated a blacksmith shop at O'Donnell until about 1942, wore out, and "retired" to the farm. R. C. pulled himself up the hard way by the "boot straps," knows where every dollar came from, and really appreciates the fact that he has been able to accumulate nearly a section of fine farm land—enough to take care of him and his good wife.

And Ed Cummings, who lives out two miles east of Gordon, has joined our family of readers. Ed is another who came out in 1916 and bought some C. W. Post land under that wonderful deferred payment plan. He has been on his present place at Gordon since 1923.

• • •

Mrs. Mary K. Woods, another Lynn county oldtimer now living at Route 2, Box 467-AA, Dallas 8 writes: "Always enjoy The News—like getting a letter from home Always have a tender spot in my heart for my old home town. Good luck and happy thoughts for every one."

• • •

Mrs. Chas. H. Schroder, Star Route, McNary, writes: "I am one of a family who has read The News just about forty years. We find your paper a great help in knowing news about our friends and the happenings of our old home town."

• • •

A. L. Findt, formerly of Tahoka, whites he and wife have moved from Hereford to Muleshoe, 112 West Seventh.

• • •

And Mrs. Bobbye Minor Ratliff of Artesia, N. M., daughter of Mrs. John Minor, was recently married to Glen Phipps, and the couple lives at Artesia.

• • •

The Lockney Beacon says Mrs. Clyde Briley has been elected president of El Progreso Study Club of that city. The Briley's own a drug store in Lockney. They formerly lived here, and he is the son of Mrs. Terry Noble.

• • •

Charles Oliver says "Dub" Fulford produced more cotton last year than the entire state of Illinois. That's nothing, The Printer had more cotton produced on his farm than was produced in all the New England states.

• • •

Bill Cathcart says Hugh Taylor's cleaning plant was among those burned out in the $300,000 fire down at Royce City last week. Taylor, the Tailor, formerly owned the Quality Cleaners here.

• • •

To combat juvenile delinquency, the grand jury up at "Little Chicago" has recommended a city curfew law to keep the kids off the streets and out of the dance halls and "beatnik palaces" after 12 midnight Sunday through Thursday and after 1:00 a. m. Friday and Saturday nights. Seems like a mighty hard (?) law that would deprive teen-age kids from roaming around town between midnight and daylight. A green willow limb wieled by our Pa or Ma cured us of this desire when we were a kid. But, that's old-fashioned now. Some parents recently got up in arms when charges were filed here against their youngsters for destroying public property. The public officials—not the kids—were the culprits. It was an insult to charge their little darlings with law violation.

• • •

Little Oscar's school teacher went to visit his parents. Oscar Answered the doorbell.

"Are your Mother and Father in?" she asked.

"They was in, but they is out."

"Where is your grammar?"

"She's upstairs taking a bath."

COINCIDENCES IN BIRTH DATES IN LEWIS FAMILY

Mrs. C. L. Estep, the former Leona Lewis of New Home, now of 706 Bethel Avenue, Muncie, Indiana, writes The News she has a new son and also reveals some unusual coincidences in birth dates in the family.

The son, Wayland Lee, was born to Mr. and Mrs. Estep on January 15 and weighed 6 pounds, 5¼ ounces at birth. He has a sister, Phyllis Ann, age four. Birth was by repeat caesarean section. Both mother and baby are doing fine.

On his father's side, he has only one other ancestor, a great grandfather of Big Stone Gap, Virginia. On his mother's side of the family, there is only the proud grandmother, Mrs. R. W. Lewis of Tahoka.

Mrs. Lewis has two sons, Newton Lewis of Woodland Hills, Calif., and Joe Lewis of New Home who were born on the same day of the month, June 15, four years apart.

She has two grandsons also born on the 15th, Steve Lewis, son of Mr. and Mrs. Joe Lewis, born on Nov. 15, and now the Estep baby, born on Jan 15.

Both granddaughters were born on the 25th of the month. They are Laura Kay Lewis, Joe's daughter, whose birthday is Nov. 25 and Phyllis Ann Estep, whose birthday is August 25.

It costs like heck to have a wreck.

CARL J. PRITCHARD IS STATIONED IN GERMANY

U. S. Forces, Germany—Army Specialist Four Carl J. Pritchard, 24, whose wife, Johnece, lives on Route 1, Tahoka, recently participated with the 46th Artillery Group in Operation Bicycle, a field training exercise in Germany.

The exercise, conducted under realistic combat conditions, was designed to determine the group's ability to discover, locate and capture aggressor patrols carrying out their missions in the group's territory of defense.

Specialist Pritchard, who arrived overseas last April, is assigned to the group's battery A. He completed basic training at Fort Sill, Okla.

A 1954 graduate of Paducah High School, Pritchard worked for a Shell Oil Co. in Midland before entering the Army in April, 1958.

His parents, Mr. and Mrs. Carl S. Pritchard, live in Meadow.

RAMBLER WINS COMPACT CAR ECONOMY TEST!

HERE ARE THE OFFICIAL PURE OIL ECONOMY TRIAL RESULTS

RAMBLER AMERICAN	51.281 Miles Per Gallon	
FALCON	44.614 MPG	*Rambler gave 14.9% more mileage*
VALIANT	41.801 MPG	*Rambler gave 22.7% more mileage*
CORVAIR	39.882 MPG	*Rambler gave 28.6% more mileage*
LARK	32.965 MPG	*Rambler gave 55.6% more mileage*

IMPORTANT—All cars in the Pure Oil Economy Trials were driven by expert drivers and operated under ideal conditions. The winning Rambler American Custom was equipped with optional overdrive which is not available on most other cars in the Compact Car Class and averaged under than 25 miles per hour. No car owner should expect to approach in every day driving the mileage achieved in this test by Rambler or any of the other cars. However, the results prove again the superior economy that Rambler owners enjoy.

Rambler American tops nearest competitor by 6.67 miles per gallon in Pure Oil Economy Trials at Daytona

Once again Rambler proves it is America's Economy King! Under official NASCAR supervision, the Rambler American won over all other U.S. economy cars to sweep the Compact Car Class in the Pure Oil Economy Trials held at the Daytona International Speedway Public Proving Grounds, February 1-3.

But gasoline mileage is only one measure of Rambler economy. Rambler owners save, too, on lowest prices, lowest upkeep, and highest resale value.
