The Church of the Nazarene is expecting a large crowd to attend its annual Homecoming services, Oct. 25. Several former pastors of the local congregation, are expected to attend the services.

Rev. S. L. Wood, of Hillsboro, also the first pastor of the church after the congregation moved from Science Hill into Abernathy, will have charge of the morning preaching service. Rev. Luther Pryor, of Borger, one of the first pastors of the church while at Science Hill, will be the speaker for the evening service. Definite announcements will be made later.

CHURCH OF CHRIST

O. O. O. Newton, Minister
There will be preaching at the church here this Thursday night, Oct. 8, at 8:30 o'clock by Carlos D. Spack, minister of the Church at Austin, Texas. We want you to come and hear his message.
There will be preaching at Monroe Church Sunday morning at 11 o'clock, also Sunday night at 8:15.

BROTHER DIES

G. H. Moore, 55, brother of Jim Moore of this city, died at Pottsboro Thursday night. The Abernathy man attended last rites at Sherman Saturday.

FIRST COTTON GINNED AT CALDWELL

Vernon Bartlett produced the first bale of 1942 cotton ginned at Caldwell gin, 13 miles southwest of Abernathy. The bale was turned out Monday. From 1,860 pounds of seed cotton there was 493 pounds of lint and about 700 pounds of seed. Hub Beavers, manager of the plant, ginned the bale free and paid a premium price of 16 1/2¢ per pound. It graded low middling 7/8.

NEWS OF Our Men In Service

Pictured here is Pvt. Melvin A. Patterson, son of Mr. and Mrs. R. C. Patterson, Sr., of this community. He entered the service early this summer and was sent from the reception center at Fort Sill, Okla., to Camp Callan, San Diego, Calif. From there he was sent to Camp McQuaide, Watsonville, Calif.

Pvt. Patterson and his wife resided on a farm northwest of town before he entered the service.

Following is a portion of a letter which he recently wrote to relatives here: "I get the Abernathy Review every Monday. I always read every bit of it.
"Parson, a buddy, and I went to Watsonville this morning to services at the First Baptist church. It was a good service and I enjoyed it a lot. They sang the song, 'Jesus Is All the World to Me—My life, my joy, my all. He is my strength from day to day, without Him I would fall. When I am sad, to Him I go, no other one can cheer me so, when I am sad, He makes me glad, He's My Friend.' It did me lots of good and I wish I was where I could go every Sunday.

"After church we started down the street and one of the ladies asked us to go home with her and her husband for dinner. We did, and surely had a nice time. These people live in the country and have a large orchard with apples, pears, lemons, figs, oranges, grapefruit, and walnut trees. After we had eaten all the walnuts we wanted from the tree, they gave us 15 lbs., to take back to camp with us. After the visit, they drove us back to town. We had a good day."
(Sponsored by H. E. Richter)

Clarence G. Schulz, 45, veteran of World War I, recently enlisted for service in the current world fracas and was sent to the reception center at Fort Douglas, Utah. He has been at Las Vegas, Nev., for the past several months. Schulz, who is the son of Mr. and Mrs. H. Schulz of this city, was wounded twice and was gassed in the first World War.

Sgt. Ragland Moved
Sgt. Merle K. Ragland has been moved from Lowry Field, Denver, to the following address: 9th Tech School Sqdn., Fort Logan, Colo.

Leaves This Week
Lester Davis, who enlisted in Naval construction as a ship fitter first class, is to report to Dallas today (Thursday). He expects to be sent to the boot camp at Davisville, R. I.

Address Wanted
We'd like to have the address of R. S. Johnson. He entered the service from here several weeks ago and was sent to Sheppard Field from the reception center.

Another Son In Service
Luther Reagan of El Paso, a former resident of this community, recently entered the service, his father, G. A. Reagan, reported. The Reagans now have four sons in service.

Faubion At Sea
Fowler Faubion of Big Spring, who enlisted in the Naval Reserve, is now on duty on a destroyer on the high seas, his sister, Mrs. Ray Pinson, reported. Faubion is a former Abernathy high school principal.

Rites Are Held For D. T. Kelly

Last rites were read Friday afternoon at First Methodist church for D. T. Kelly, 63, who passed away Wednesday morning in a Lubbock hospital following a heart attack. He had been under treatment at Lubbock for more than a week. Rev. Frank Beauchamp, Methodist pastor, officiated and was assisted by Rev. J. Frank Nix, Baptist pastor, O. O. O. Newton, Church of Christ minister and Rev. H. E. McClain, Nazarene pastor.

Burial, under the direction of Sanders Funeral home, Lubbock, was in Abernathy cemetery.
Pallbearers were Robert Garvin, Furman Shipman, Walton Smith, A. Cope, John Webb and H. H. Selke.
Flower bearers were Mmes. Frank Roberts, Buford Davenport, F. H. Paschal, Melvin Johnson, R. J. Jones, Jr., and Dennis Barker.

He is survived by four daughters, Mrs. H. E. Gilliland, Seagraves, Mrs. H. E. Lett and Mrs. Lynn Cope, Abernathy, and Mrs. Delbert Beaton, Redwood City, Calif.; one son, E. L. Kelly, San Diego, Calif.; his father, W. S. Kelly; sister, Miss Addie Kelly; brother, Tom Kelly, all of Abernathy, and six grandchildren.

Mr. Kelly was born March 6, 1879 at Lead Hill, Ark. He married Miss Mollie Ballou at Atoka, Texas in 1901. She died in May of this year.

Mr. Kelly came to this community 27 years ago. He farmed and operated a grocery store here, and until a few weeks ago he was employed at the ice house.

At Camp Wolters
Pvt. Homer Lett was sent from the reception center at Fort Sill, Okla., to Camp Wolters, Mineral Wells, Tex.

In Mississippi
Coast Guardsman Muriel Lroy has been transferred from New Orleans, La., to Biloxi, Miss.

To Be Chaplain
Rev. John S. Rankin, for the last eight years pastor of Seagraves Baptist church, is to report Oct. 14 to an Alabama camp for training of Army chaplains. A son of Rev. and Mrs. J. M. Rankin of this city, the young minister is to enter the service with the rank of a first lieutenant. He is a former pastor of Monroe Baptist church.

To Enter Service
Jack Parsons returned Saturday from California where he has been employed for the last few months. He is to enter the service this month.

Dan Brandt Dies Here Sunday

Dan S. Brandt, 74, a resident of this community for about 28 years, was buried in Abernathy cemetery, Tuesday afternoon following funeral services at the Baptist church. Rev. C. C. Griffith, Olton Baptist pastor, officiated.

Mr. Brandt, who had been in ill health, died at 11 o'clock Sunday night at his home here.
Pallbearers were Ben and Fritz Struve, Wayne Riley, R. Rieken, Bill Henson and R. Neis.

Survivors are his widow and two sons, Charles, of Abernathy, and Harvey, of Lubbock.

Mr. Brandt was born Oct. 25, 1867 in Pennsylvania. He moved from Hope, Kan., to a farm northeast of Abernathy about 25 years ago. He moved to town in 1940 after selling the farm.

ABERNATHY HOME GUARD

It is gratifying both to officers and men of the Abernathy Home Guard to have former members of the Guard and other local men, who are now in the armed forces, to meet and visit with us. The experience you have gained is always interesting to the fellows at home. Although it is old to you and regular routine, it is something new to those who haven't tried it.

As most of you know, the Home Guard is a volunteer organization, meeting for the purpose of preparing men to meet emergency conditions. As in all such organizations it takes new interest to hold the unit together and keep it active.

We are proud of our unit and feel that the men who have gone into service from Abernathy and surrounding territory definitely have proven to be among the best. — Reported.

LARGE CROWD ATTENDS F. & M. CLUB BANQUET

(Left Out Last Week)
Probably the largest crowd ever to attend an affair of its kind here was present Friday night for the Farmers' and Merchants club "Ladies' Night Banquet" at the home economics cottage. Members of the Country Garden club provided, prepared and served the meal. Money from the sale of tickets was used by the Garden club to buy War Savings Bonds. Most of the food they served was grown in members' Victory Gardens.

Money derived from the Garden club's quilt drawing is to be used to meet the club's "Stamp-A-Day" obligations.

Andy Reid, Farmers and Merchants club head, presided, and the program included the following numbers: song, invocation by Rev. Frank Beauchamp, Methodist pastor, talk by W. V. Swinburn, school superintendent, who introduced members of the faculty, vocal trio by Mrs. Douglas Chapman, Bobbie Raye Parks and Jo Dean Pharr, with Mrs. Lamar McKenzie at the piano, talk by Rev. J. Frank Nix, Baptist pastor and chairman of the local War board, vocal solo by Rev. Beauchamp, principal address by Lieut. Tom Skinner, member of the public relations staff of South Plains Army Flying school, Lubbock. At the close of the meeting, Rev. Beauchamp led the group in singing patriotic songs.

F. H. T. MEETING

(Left Out Last Week.)
Abernathy Future Homemakers of Texas met Monday, Sept. 28, with program theme being "Forecast for the Year." Ruth Jackson read the program for the year and Maxine Harp, who was leader, explained why each name was given. Several of the girls gave their ideas on the program. The problem of when the club should meet was discussed, and it was decided the group should meet only in the morning, due to rubber shortage making it inadvisable to meet after school hours. Gasoline rationing was also taken into consideration, and many expressed the opinion they would be unable to attend at any other time set. Theme for the year is "Program for Action," given because the year's work is in keeping with war time living. "Action is the thing that's needed these days," it was brought out. There were several new members present. Norma June Shipman and Alice Hix were hostesses and refreshments of punch, cookies and candy were served. — Imogene Holmes, Reporter.

School Children To Gather Scrap

"Masked Rider" Is Free Show

"Masked Rider," an action picture featuring Johnny Mack Brown, is the Merchants free show at Rita theatre Saturday afternoon.

Local merchants sponsor the free show as a trades day feature. Three programs, to which everybody is invited, will be given. The first show is at 2 p. m., the second at 3:20 and the third at about 4:40.

Farmers Urged To Pull Cotton Dry and Clean

Ginners of this area have been called upon to turn out clean cotton seed, from which linters are produced; the linters being used to produce smokeless gunpowder and cellulose, from which bomber and fighter plane windows are made. In turn, the ginners are urging the farmers to bring in their cotton with as little dirt and stems as possible.

G. S. Meloy, chairman, Board of Cotton Linters Examiners, addressed this comment to the farmers: "Pick your cotton clean and dry. Remember that dirt and trash and water in seed cotton not only lower the grade and value of your bale of cotton but increase the cost of pulling, hauling and ginning, due to excess weight. They also lower the value of the seed and reduce quantity and quality of the food products and munitions made from seed."

The War Production Board has asked farmers and ginners to cooperate, the farmers bringing cotton to the gin dry and clean, and the ginners delivering the seed to the mill clean.

See the advertisement placed in this issue by Abernathy and Monroe gins.

NEW DEAL NEWS

LIONS TO PLAY AT ABERNATHY

E. C. Caldwell's New Deal Lions are to play the Antelopes at Abernathy Friday afternoon at 2 o'clock. The Lions lost to Crosbyton, 19-0, in a grid game there last Friday.

The New Deal eleven is to play at Frenship Oct. 16, and at Cooper on Oct. 23.

IN SCRAP DRIVE

Students of the New Deal schools are participating in the Texas Schools Scrap Drive. Money derived from sale of scrap collected by the students will be used to purchase awards for the football boys. The ball club is sponsoring the drive at New Deal.

EXAMS UNDERWAY

First six-weeks examinations are underway at New Deal. Report cards are to be issued next week.

124 BALES GINNED

Monroe gins had turned out 124 bales of cotton, reported Tuesday afternoon stated.

EXAMS UNDERWAY

Examinations covering the first 6 weeks period of the new school term are underway here.

MASONS MEET TONIGHT

A stated meeting of Abernathy Masonic lodge is to be held tonight (Thursday).

Ronald Reagan & Ann Sheridan are featured in "Juke Girl," showing at the Rita Sun.-Mon.

Complete line Early American sets for both men and women. Pinson Pharmacy.

The Texas Rangers will ride again in Abernathy Monday as students of the local school make a house-to-house canvass to collect scrap of all kinds to throw into the scrap to lick the Axis. The scrap collecting students will wear Junior Texas Ranger badges.

In this drive, the following types of scrap is to be collected: iron, copper, steel, brass, bronze, aluminum, zinc, lead, rubber and old rags. Abernathy residents are urged to search their homes from top to bottom for every bit of this scrap, no matter how large or how small.

The drive opened Monday and is to close Oct. 17. Next Monday, Oct. 12, has been set for the main push—and students urge everyone to cooperate by having the scrap on their porch or in the yard on that day.

Two scrap piles will be formed on the campus, one for the grades and one for high school. Money derived from sale of scrap will be used for school needs.

Rural residents who have scrap to give in this drive may leave it on the piles to be formed on the school ground.

PROCLAMATION

Whereas, the Nation's steel mills and furnaces are running at full blast on a 24-hour schedule turning out munitions and implements of war to help arm the allied forces and specifically our boys in uniform; and

Whereas, there is an acute shortage of iron ore and scrap metal, the alleged supply not being more than sufficient to last the mills for about three weeks; and

Whereas, Gov. Coke R. Stevenson has proclaimed Oct. 12, 1942, Columbus Day, as Scrap Metal Day in Texas, urging every Texan to lay aside his regular duties and lend every effort at his command to locate and deliver on that day all the scrap metal possible:

Now, Therefore, Be It Resolved That I, Frank R. Day, County Judge of Hale County, Texas, do hereby proclaim Columbus Day, Oct. 12, 1942, as Hale County Scrap Metal Day and earnestly request every citizen of Hale county to cheerfully respond to the call with the degree of loyalty and patriotism that so characterizes the spirit of West Texas so that the scrap metal which is so urgently needed may be provided in abundance.

FRANK R. DAY, County Judge.

San Diego, Calif.

Dear Buford:

Will you please change my address on the paper from 3039 Hancock St., to 5412 32nd St. as I have moved recently. How is everyone and Abernathy by now? Six of us Abernathy boys are here together and all look forward to the paper. Thanks, Jerry Moorhead.

ROY WILLIAMS IS NAMED TO LEAD STUDENT COUNCIL

Roy Williams, Abernathy, was elected arts and sciences representative to the student council by members of the junior class at Texas Technological college this week. Class meetings and elections followed a general convocation, at which President Clifford B. Jones made his annual report to students and faculty on the school's progress.

Williams, son of Mr. and Mrs. C. F. Williams, plays end on the Red Raider football team, and was also a member of the varsity basketball last year.

Another Letter From Marine Capt. Webb

(Editor's note: Here's another interesting letter from Capt. Gorman Webb, U. S. Marine Corps, who participated in the Solomon Islands battle with the Japs. The letter was written Aug. 27 and was received here last week by his parents, Mr. and Mrs. John D. Webb.)
Dear Mother and Dad:

It's raining like the very dickens this morning. If you had all this rain you could make a cotton crop on it. We are very comfortable here, however. Our tents don't leak and the drainage is sufficient to take care of the amount that falls. It is winter here now and it never gets below 70, and it doesn't get over 90 degrees usually in the summer, so it won't bother us much regardless of how much it rains.

We are busy with ourselves with supplies right now. I am feeling fine. We have a picture show every night. We have a post exchange and officers' club set-up. We have sufficient water and food, a good river to swim and bathe in and a Maytag washer

to wash clothes with. The Red Cross and our own recreation fund keep us supplied with everything we need. We brought a long \$16,000 worth of recreational equipment, plenty of PX supplies for the time being, and all in all, it is very nice. A few plantation owners and a few natives are here but we see very little of them.

There is very little news just now that I can tell. You will get most everything of importance over the radio. I haven't received any mail since I left the States. I would like to know where J. D. is and if you have heard from Jesse yet. That's about all for now. Lots of Love, Gorman.

(Editor's note: Below are excerpts from a letter recently received by this paper from its publisher, now in the Naval Reserve Construction Battalion. Here he describes his transfer from Camp Allen, at Norfolk, Va., to another camp at Davisville, R. I.)

We pulled out of Allen Friday night—crossed Chesapeake Bay by ferry (about an hour and a half ride) and came up through Philadelphia and New York. It was about 4 o'clock when we came through Philly, so didn't get to see anything of that fog-hole, and about 6 o'clock when we got to New York.

ABERNATHY HATCHERY

We dived into a tunnel somewhere in New Jersey before daylight, and didn't come up until we were way up the northeast end of Manhattan, but did get a faint glimpse of the up-town skyline just before we crossed into the Bronx. We followed the coast line up through here—and was it lovely. Connecticut is too beautiful for words—it's like all the pictures you see of New England. After this is all over, I would like to take a trip all through here. It sounds funny, but I kept thinking I was in New Mexico. There are no mountains of course, but when you can't see the ocean, it is like being up in the Sandias. There are lots of birch trees, and pines, and the air is just like up in the mountains. Then, when you come out of the woods, there is the coast line, and the sea—just like when you come out on top of a mountain out there: all the distances and colors. Instead of the dove huts and Mexican villages, you have these real New England towns. A sort of village green, a white Colonial church, and neat, cozy little homes all scattered around. Beautiful, well kept gardens—everything neat as a pin.

We left the train at the end of spur, walked single file down a trail through the woods—and here

is this place. (It's near Providence, R. I.). Where in heck it is in relation to anywhere else, I don't know. I'll have to get hold of a map to find out. It's going to be some base when its finished—but right now it's far from it. They have just got the walls, floors and roof up of the barracks we are in. None of the buildings are finished on the inside, but there are about 5,000 men working night and day trying to put it together. There are no streets, you have to climb up and down over rocks, through sand and trees and ditches. Just one mess hall in operation. No hot water for bathing or washing. No heating plants in yet—and boy does it get cold at night. If they keep us here long, I don't think Siberia will have any terrors for me. I hate to think what it will be like if ever rains—it will be some fun trying to make it to mess hall.

Don't know what the program will be here. Looks like lots of hard work ahead. There is only one other battalion here—the 18th—Jim Golding is in it, saw him last night but all the fellows in that outfit say it beats Allen or Bradford all to heck. After they get us straightened out we get liberty every other night from 5:30 to 8 next morning; every other week-end, Saturday night to Monday morning; which will, I

guess make up for a lot of things. I got shifted out of Co. A, as you will notice from address, and am in the middle of a bunch of Yankees. Most of them live within about 150 miles from here—several 25 to 40 miles—so they are all on pins and needles waiting for liberty to start. Guess they will be all right when they get that out of their system, but right now I feel like some kind of an orphan in a strange land.

Dear Buford:

I received the Review last week and took it for granted that you sent it. Thanks a lot for you know the home town paper is always welcome.

Quantico is really a swell place. I like it better here all the time in spite of the fact that we are continually being rushed around from one class to another, then back to class again and so on.

Texas is well represented in this class, as there are more boys from Texas than any other state. (About 25)

Thanks again for the paper. P. F. C. Walter D. Houpt, Candidates Class—Co. E, Marine Barracks, Quantico, Va. P. S. Had first inspection Saturday morning. Naturally I think our platoon was the best.

Cotton

Another Cotton Season Has Rolled Around Although we are going into this season under conditions that we have never faced before, due to the war,

We Have Our Gin Plant In First Class Condition To Give You The Best of Service.

—and we assure you that we will be at your service in assisting you in any way that we possibly can in getting this crop gathered and to market under the present conditions.

Use cotton goods and cottonseed products every way you possibly can to help the market on your product.

THE ABERNATHY FARMERS CO-OP GIN

H. H. Anderson, Mgr.

The Ginning DOES Make A Difference...

When your crop is gathered and on the way to the gin there still remains one determining factor as to the amount of profit you will receive from your cotton — and that is IN THE SELECTION OF THE GIN!

During the time we have been in the gin business on the Plains, we have made a special study of ginning conditions. We have found that certain types of equipment is better for this particular area . . . we have found, also, new ways to give our customers more efficient and faster service . . . and in the end, actually receive more dollars and cents for their cotton.

If you are not among our many customers, we invite you to investigate our service . . . ask your farmer friends who have ginned with us why they have found ginning here pays dividends.

You, too, can enjoy the advantages offered by our modern plant and long experience without paying one penny more than the average gin charges.

★ THE BOYS Write Home

Dear Buford:

I am ashamed that I haven't written to you before now—Uncle Sam has been keeping me plenty busy since I started working for him. He isn't a bad fellow to work for after you get settled. The worst part of it is so far as that I have had to pack up and travel every time I have just begun to really like the fellows—and in about two more weeks I will be packing again—our class will graduate in two weeks, then where to—nobody knows.

The old smoky city isn't such a bad place—I might learn to like to live here, if I could live in one of the suburbs, about twenty miles out from the rivers. The people are very friendly here—maybe it is because we are soldiers, I don't know. If there was ever a place behind the soldiers it is Pittsburgh. The town is yours for the asking. There aren't

many fellows stationed around here, so the place isn't over run by soldiers.

I have just been reading the paper—Boy, I really get a thrill out of it. You know no matter where you go, and who you meet you never find anyone quite like the people at home.

Even the personal items seem to bring a part of those people to the old smoky city to say "Hello, Ed."—And when you think a fellow wouldn't give a lot for one of those "hello's" now and then—boy—you just don't know these soldiers.

They all live in the future, but the past is still with them—After they have been in a few months and have become accustomed to military life you will go a long way to find one who isn't a regular fellow.

They have their faults but in general they are one for all and all for one. To look out for the other fellow was one of the first lessons we learned when we came to this school—if one man got out of line, every man in our class suffered for it. Well, enough rambling on.

I enjoy the paper very much—I like to see where all the boys are and what outfits they are in.

Lots of luck, Pvt. Charles E. Crow, Signal Corp Detachment, U. S. Army, Keystone Schools Inc., 801 Brighton Road, Pittsburgh, Pa.

P. S. They are still trying to make a radio operator out of me.

Attention, Mr. Farmer! Cotton Should Be Pulled Dry & Clean

As You Probably Already Know, The War Production Board is urging that all Farmers, Ginners and Everyone Connected, Do Everything Possible to Bring Their Cotton to the Gin Clean and Dry, in Order That It Will Gin Out A Better Grade of Cotton and That the Seed Will Be Clean — As Dirty, Trashy Seed Make a Poor Grade of Linters Which Makes Poor Powder, Also Causes Explosions in Powde Factories, and Dud or Faulty Ammunition.

We all wish to save the lives of as many of our boys as we possibly can, so we again urge each of you to do everything you can to help us in this great war effort by bringing your cotton to the gin in the best possible condition you can.

Gins can be heavily fined for trying to deliver dirty, trashy cotton seed.

Dear Buford:

I received my first Review today. It is certainly fine to get news from home and know who leaves for the Army, Navy and the MARINES!

You have heard the saying that the Marines will make a man out of you or kill you one. That is a bunch of hearsay. You get worked and worked hard, but it is a good place to be. It will make a man out of you, but if you can't take it, they always have some light job like picking up cigarette butts and match stems.

I am getting plenty to eat and lots of sleep. We get to see three shows a week and some boxing matches. A boy from Texas knocked a boy from Utah out in the first round and it took about 15 minutes to bring him to his wits.

I would like to hear from some of the school kids and boys and girls in the '41 and '42 senior class.

I haven't seen a girl except the officers daughters and wives since I have been here.

My address is: Pvt. Henry H. Houpt, R. D.—M. C. B., Platoon 818, San Diego, Cal.

Dear Buford,

Thanks for the Review. I am always glad to get it and read about the old home town. We boys miss Abernathy as much as you miss us, I miss all my old friends and familiar surroundings.

It really is hot down here in Mississippi. The heat rash is one of the

pests. I will be glad to get back where we always sleep in cool comfort on the good old South Plains of Texas.

I am in a heavy weapons company. We have had several hikes—spent a lot of time on the firing range. Our division, the 85th, had two parades, one on July 4th and on Labor Day. It looked good.

I stay in a hutment. There are 12 or 15 men in each one. My hutment mates are from New York, Chicago, Houston, Pennsylvania, New Jersey and the Dakotas, so, you see, we are from all parts of the U. S. Our company commander is Capt. Brown of Kansas. He is a fine fellow and is well liked by the men.

I am glad to hear of the promotions which Abernathy men in service are receiving. Surely think the new Methodist church there is nice. Hope to be there for services sometime.

We have some nice Soldiers' clubs down here. The USO at Hattiesburg is swell. This is a city the size of Lubbock and is 12 miles from Camp Shelby, and is 67 miles from the Gulf of Mexico. I saw some Army officers from Brazil in town tonight. They wear swank uniforms.

Give my regards to the people of Abernathy, and tell them we will all be back just as soon as we can. Sincerely, Pvt. Martin Collier, Camp Shelby, Miss.

Dear Buford:

Just a line to thank you for the Review. I receive my copy each Monday morning. I always enjoy reading it because I get lots of news that I don't otherwise. I appreciate your kindness in sending it to me very much. I haven't been able to have a picture made as you requested so I made some kodak pictures and sent them to my wife. Maybe you can use one of them until I can have one made.

guess I will be assigned to a unit somewhere.

Let me say thanks again for the Review, A friend, Pvt. Melvin Patterson, Watsonville, Calif.

Dear Buford:

I am receiving the Review each Tuesday and am very glad to get it. I wait from week to week to read about what the boys I knew there are doing and where they are now located.

I am at Fort Story, Va. The camp, which is near the ocean, is very nice, and is located about 20 miles from Norfolk, Va.

I am going to get a furlough sometime in October, I hope! That is, if something doesn't happen. We are on duty constantly.

I hope you can read this letter for I am writing it in a hurry because the lights are going out pre-

ty soon. I am in the Aircraft Warning Service.

I have seen a lot of this country since I entered the service—at Uncle Sam's expense. First, I was at Camp Crowder, Mo., from there to Fort Dix, N. J., and now at Fort Story.

Guess I had better close now. Thanks a lot for the Review. My address is changed to: Pvt. Hubert S. Thomas, 609th Signal (AW) Regional, Fort Story, Va. My address changes so fast I can hardly keep up with it myself. Well, keep the good work up. Goodbye until next time, Your friend, Pvt. Hubert S. Thomas, or Private Buck.

Check Your Lighting For The Duration

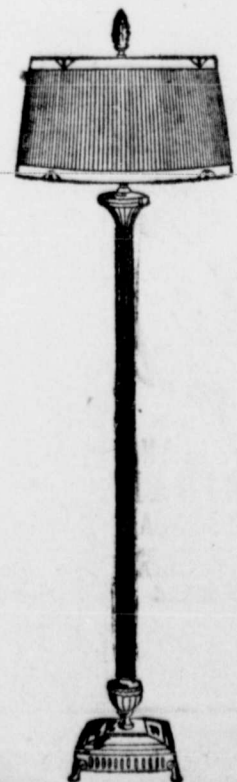

War priorities have made it necessary for floor lamp manufacturing companies to substitute materials for the metal they heretofore used in the manufacture of I.E.S. floor lamps. We were fortunate in securing a limited number of ALL METAL I.E.S. FLOOR LAMPS before war priorities took effect.

Surveys reveal that every home should have several more floor lamps for proper lighting than they now have. Check your home and see that you have plenty of I.E.S. floor lamps to give you proper light for the duration.

Take advantage of the opportunity now offered you on these 1942 model all metal I.E.S. floor lamps.
